

COL. GUTHRIE AND HIS FAMOUS KILTIES RECEIVED REMARKABLE OVATION IN BOSTON MONDAY

Boston Camp of the American Volunteers of the Canadian Expeditionary Forces Organized—Canadian Vets of States to be Independent of American Legion—To be a Strictly Patriotic Association With Cordial Relations Maintained With the Great War Veterans' Association.

Special to The Standard.
Boston, Sept. 1.—Led by Col. Percy A. Guthrie, commander of the famous Kilties, the newly organized Boston Camp of the American Volunteers of the Canadian Expeditionary Forces, paraded through this city this morning, receiving one of the most remarkable ovations ever witnessed in Boston.

In line with Boston's veterans of the Canadian army were the McLean Kilties, composed of Boston Scotchmen, in uniform. W. W. Campbell, member of the National Executive Board of the American Volunteers of the C. E. F., was grand marshal.

Major George Stewart Ryder, accompanied by Capt. H. S. Everett, Capt. E. A. Sturdee, Capt. H. A. Seely, Lt. A. C. MacKinnon, Lt. F. H. Bridger, Lt. J. E. Kerr, and Sergts. L. McKee, F. Lawney, M. Murphy and T. McKee arrived in Boston from New Brunswick last night and paraded with their old command, the McLean Kilties.

Col. Walter Scott of the New York Scottish Regiment arrived today and took the salute at Caledonia Grove, where he will inspect the battalion of veterans. On their return from the Scottish picnic a banquet was held at the Boylston cafe at 3 o'clock for the purpose of organizing a veterans' association. The feature of which was a speech by Col. Guthrie, remarkable in its every respect.

Col. Guthrie stated that the Canadian "Vets" had been invited to join the American Legion, but desired to form their own organization and "stick together."

"Nevertheless," said Col. Guthrie, "we intend to make our organization strictly patriotic organization like the American Legion, with cordial relations maintained with the Great War Veterans' Association in Canada, but no political activity whatsoever. At our national meeting, to be held in Chicago late in October, we will start a movement to cooperate with the

American.

"We are starting an independent organization, not only because we who served in the Canadian forces want to stick together for old time's sake, but also because for any government bonuses, present or future and we must look to the Canadian government and not to our own national government.

Not having served in the United States army, we are not entitled to any favors from our country.

Our purposes are benevolent, patriotic and protective. We are going to take care of the claims of widows and dependents of the machinery who died while serving in the war for Canada.

One Boston woman's husband was killed last September, but she has never received her bonus yet from Ottawa. This is supposed to receive her benefits, and while I cannot quite understand what the officials are doing in starting, and we will present all these cases with the numerical strength of our body to support the dependents.

Also there is a bill being considered in Ottawa to give every Canadian veteran of overseas service \$2,000 bonus. We are going to try to have ourselves included under that, since we have no legal right to American benefits. The Canadian government has already awarded us a good bonus according to length of service.

Figures obtained from Ottawa show that about 110,000 Americans volunteered for the Canadian service. About 85,000 are supposed to be living and will be urged to join this association of ours. Canadians, who declare intentions of American citizenship, will also be admitted.

The body was first formed last November in Whiteley, Eng., when 38,000 cards were signed. There were 728 men present representing every state in the union and various possessions. The applause rendered the colonel at the close was remarkable, he being unusually popular in this city.

Toronto Has Best Labor Parade Of Its History

Over 10,000 Men in Line—Tom Moore Urges the Labor Men to Refrain from Violence and Get Results Through Legitimate Effort.

Toronto, Sept. 1.—For the first time since 1913 a Labor Day parade was held in this city today, and it was regarded as the best ever seen here. Between 10,000 and 12,000 men took part in it and there were many attractive floats in the procession. One feature in the parade was a group of "union domestic workers" who sang "Union domestic workers" eight hours daily" and this was followed by the gloomy contrast of "non-union domestics working fourteen hours."

As in former years, the objective of the parade was to draw attention to the Canadian National Exhibition, where addresses were given by labor leaders.

Tom Moore, President of the Dominion Trade and Labor Congress, was the chief speaker. He warned the workers of Canada that returns cannot be brought about by violence, and that the only way in which anything can be accomplished in their interests is through legitimate effort and evolution. At the same time, while coming out strongly in favor of moderation in their methods of progress, Mr. Moore made in quite plain that the present aims of labor are not to be their final objective, as he believed that before their present objectives have been reached, they will have set new ones at which to aim.

He did not view the aims of labor as any mere struggle for greater financial reward for their work, but declared it was simply a battle for a higher type of civilization.

Referring to the general unrest, President Moore said he did not think this would ever become as content would mean stagnation, but the proper direction in which unrest should turn is activity was construction and not destruction. He professed to believe that the conditions in Canada were not so bad as many people thought.

John Fleet, Canadian organizer of the American Federation of Labor, said labor believed in the eight hour system. He claimed that the Dominion government could establish the eight hour system upon the federal works, but when the federal premier was approached in the matter he passed the buck on to our provincial premier and the buck was passed back again.

TWENTY THOUSAND LABOR MEN PARADE AT MONTREAL

Montreal, Sept. 1.—Twenty thousand members of labor unions waded in parade this morning here. A feature of the parade was a delegation from the news writers' union, the first, it is believed, to appear in any demonstration of organized labor on this continent.

SACKVILLE MAN DROWNS IN RIVER ABOVE FREDERICTON

Canoe Upset Throwing Him and Companion in St. John's Waters—Went Down While Attempting to Swim Ashore.

Fredericton, Sept. 1.—Frank Legere, who came here recently from Sackville, N. B., and has been employed at the lanigan factory, was drowned in the St. John River a few miles above Fredericton on Sunday afternoon.

Legere was with Leslie Burke in a canoe when it was upset. They were some distance from shore at the time, in water that was more than 12 feet deep. In the struggle that ensued, Legere almost drowned immediately, and twice pulled his companion under before the latter got him to take hold of the canoe to support himself. As soon as he had Legere in an apparently safe place Leslie Burke started to swim ashore. He had gone about half way when he became entangled in the eel grass, and looking around, found that Legere was trying to follow him. The next time he looked around Legere was not in sight and it is believed that he was seized with cramps and suddenly sank while trying to swim ashore. As soon as the alarm was given parties at once commenced searching for the remains and grappling operations were continued late into the night and again all day on Monday, but up to the time of writing the body has not been recovered.

Deceased was 24 years of age and the son of Mr. and Mrs. Jacob Legere of Sackville. Besides his parents he is survived by five sisters, Mrs. Eugene Gallant of this city, with whom he lived, Mrs. Edward Landry, of Memramook, Mrs. Fred Burke of Brockton, Mass., Mrs. Samuel Landry of Amherst, N. S., and Mrs. Clarence Melanson, of Middle Sackville, N. B., and three brothers, John Legere, of Nova Scotia, Walter Legere, of Sackville, and Campbell Legere of this city.

The remains when recovered will be sent to Sackville for burial.

POLES CAPTURE FORTIFIED TOWN OF BEBRUSH

Took Five Hundred Prisoners—Used Tanks for the First Time.

Bulletin—London, Sept. 1.—The Poles have captured the fortified town of Bebrush, eight miles southeast of Minsk, according to an announcement by the Polish authorities today. The Poles took five hundred prisoners. The Poles used tanks for the first time. The enemy retreated to the eastern bank of the Beresina River, destroying the bridges.

LEADERS IN GERMAN-MEXICAN PLOT AGAINST UNITED STATES

Kurt Zhaube was head of the German Secret Service in Mexico. Lather Witke was a German agent, who boasted to an American intelligence officer the destruction of several munition plants and as being the perpetrator of the Black Tom explosion. General Elias Fallergue Quires, Governor of the state of Sonora, who by direct order of Carranza threw open the Mexican telegraph lines to be freely used in the transmission of German code messages. All this arrangement was included in the German-Mexican plot against the United States.

PRINCE LAYS CORNER STONE OF PEACE TOWER OF NEW PARLIAMENT BUILDINGS

Most Impressive Scene as Thousands Gathered to Witness the Impressive Event—Sir Robert Borden Refers, in Eloquent Speech, to the Prominent Part Taken by Canada in the World Conflict—Prince Reviews History, Tracing the Growth and Development of the Dominion and Referring to the Part His Family Has Played in the Country's Advance.

Ottawa, Sept. 1.—Under a smiling blue sky and to the strains of "O Canada," His Royal Highness the Prince of Wales this morning laid the corner stone of the Peace Tower of the new parliament building. Following the laying of the corner stone the Prince inspected the Ottawa War Veterans' Memorial for review on Parliament Hill, and hoisted the new victory loan flag.

An immense crowd gathered on Parliament Hill to witness the laying of the corner stone and the square, surrounded by the beautiful and historic government buildings, was a scene of many colors.

In the centre of the platform, resting in a glass case, dressed in blue, lay the silver trowel, rule and wooden mallet provided for the ceremony. They were handed to His Royal Highness by the beautiful and historic government building, was a scene of many colors.

Mr. J. B. Hunter, Deputy Minister of Public Works, deposited several sealed copper tubes containing papers of record, scrolls, coins and postage stamps in the hollow base, and the Prince then placed more mortar on the stone, smoothed it over and, waiting until the mortar had set, he laid the stone in place, declared it well and truly laid.

Besides the members of the royal party, the ceremony of laying the corner stone was witnessed by members of the cabinet, high officials of the army and navy and of all the government departments, members of parliament gathered for the opening of parliament, and Ottawa celebrities. Sir Robert Borden spoke as follows:

Your Excellency, Your Royal Highness, Ladies and Gentlemen:

More than half a century ago Edward, Prince of Wales, laid the foundation of this building which has been replaced by the structure reared within the past three years. The Canada of today was then but a dream, and the building then commenced was designed as the Parliament House for the United Provinces of Upper and Lower Canada. Before that building was completed the dream had become a reality; vast territories were soon added to the four original provinces, and the people of the new born Dominion found themselves confronted with the task of welding into a nation isolated communities scattered from Atlantic to Pacific, of strengthening a national spirit, and of estimating and developing the resources of half a continent. Within the halls of that first parliament house, whose names are inseparably associated with the history of our country, debated

the policies which were to determine its destiny. The magnitude of the task demanded and found in the breadth of vision, sincerity of purpose, and conspicuous courage. Their labors and their purpose were in some measure crowned when the Dominion, in whose future they held so just and firm a confidence, took its proud place among the nations in maintaining the world's justice on the battlefield and the peace conference.

Today we are privileged in having the grandson of Edward the Peace Maker to lay the corner stone of this tower, which is to crown the builders' work.

We thank him for his presence in which we find a happy augury of our future relation to the Empire. Through this stately portal will pass those who in the wonderful years to come shall debate and mould the policies of the greater nation that it to be. Here will be shaped the destiny of a country which in the lifetime of some child within the sound of my voice may, perhaps, surpass in wealth the motherland, and in the balance unless we preserve and maintain, unimpaired, the ideals, the character and the purpose which alone can give to any nation a worthy or conspicuous place in the final judgment of mankind. It is well that we and those who come after us should, at all times, hold this solemn truth in reverent remembrance: The story of the past five years bids you believe that it will not be forgotten—either here or elsewhere—within the communities of the British Commonwealth.

The Prince, in reply, said:

I regard it as a great privilege and honor to have been invited to lay this cornerstone today.

This fine city and, in particular, its parliamentary buildings, have close associations with my family.

Ottawa was chosen sixty-one years ago by my great-grandmother, Queen Victoria, as the capital of United Canada.

The foundation stone of the original parliamentary buildings was laid in 1860 by my grandfather, King Edward. The foundation stone of the splendid new parliamentary buildings, which have risen here now to take the place of those so unhappily destroyed three years ago, was laid by my uncle, and I, today, am privileged to lay the cornerstone of the Tower of Victory, which will crown and complete the work.

BRIEF PROCEEDINGS MARKED OPENING OF PARLIAMENT IN ITS SPECIAL SESSION

The Programme of the Session is Confined to Ratification of the Peace Treaty and the Adoption of Measures Made Necessary by the Return of Peace and by the Terms of the Peace Treaty—Speech from the Throne Will be Taken Into Consideration Today—Visit of Prince, Referred to in Speech from Throne.

Ottawa, Sept. 1.—Parliament opened in special session at three o'clock this afternoon. The speech from the Throne, as delivered by the Governor-General, was brief, it opened with reference to the warm welcome which the Prince of Wales received at all points he had visited, and emphasized that the ties between the Motherland and Dominions were never closer than today.

The programme of the session, as far as outlined in the speech, is confined to ratification of the Peace Treaty, the adoption of measures rendered necessary by the return of peace and by the terms of the Peace Treaty, and the making of such financial provision as may be required "in connection with the Peace Treaty and for other purposes."

This afternoon's proceedings were brief. Following the reading of the Speech from the Throne, Sir George Foster, in the House, presented the usual pro-forma regarding oaths of office. Speaking then in French—to the loud applause of Quebec members—Sir George moved the Speech from the Throne to be taken into consideration tomorrow. And following another customary motion regarding select standing committees, the House adjourned till tomorrow afternoon.

Then Dr. Whidden, of Brandon, seconded by J. C. McIntosh, of Nanaimo, B. C., will move the address in reply and the debate will open.

It was noted that J. H. Burnham, of Peterboro, took his seat on the cross benches. W. A. Buchanan, of Lethbridge, was seated near him, also on the cross benches. Hon. W. L. Mackenzie King, leader of the opposition, watched the proceedings from the public gallery.

Speech From Throne.

The text of the speech is as follows: Honorable Gentlemen of the Senate, Gentlemen of the House:

In this, which is the first visit to our Dominion of His Royal Highness, the Prince of Wales, at once a news happy associations with his comrades of the Canadian Army, and at the same time undertakes the important duty of making himself acquainted at first hand with the resources and developments of our country.

HALIFAX ENJOYS THE FESTIVITIES OF LABOR DAY

Parades and Sports Entertain Thousands Who Gathered for the Big Event.

Halifax, N. S., Sept. 1.—Labor Day in Halifax saw the biggest procession ever witnessed. Uniform caps and badges were worn and many carried flags, while each union had its own banner. It was the first labor procession in five years in this city. The Mayor of Halifax was in a motor car with R. H. Blaney, President of the Trade and Labor Council. In the afternoon the labor unions had track sports on the Wanderers' Athletic grounds, which drew a crowd of several thousand. Business was entirely suspended all day, and the weather, which was threatening in the morning, turned out pleasant. Tonight all the theatres are crowded, and the demonstration is pronounced a success all round.

BRITISH ARMEN GET IN SOME VERY EFFECTIVE WORK

Russian Troops Capture Important Stronghold and Took Big Batch of Prisoners.

London, Sept. 1. (Reuter Despatch)—A war office communication says: "Fighting on the Archangel-Vologda railway continued all day Saturday, August 30, for the possession of the village of Emptza which changed hands several times. No British troops were engaged in this fighting. Our air men bombed Plesotska heavily. Russian troops attacked and captured M. dish, fifteen miles east of Emptza on Friday, August 29th, taking ninety prisoners and one gun."

PICKPOCKETS GET BIG HAUL AT TORONTO FAIR

Toronto, August 1.—Pickpockets are operating somewhat extensively in this city just now while the exhibition is on. One of the victims is a Pole, who has been preparing to depart to his homeland with \$1,700 in his pocket. Instead of leaving for Poland he is trying to find his \$1,700.

and with the ideas and aspirations of our people. The warm and sincere welcome which everywhere greets him is an assurance that this treaty which unites our country with the Motherland and the other Dominions with a great community of nations were never closer than they are today.

The urgency of proceeding immediately to the consideration of the Treaty of Peace between the Allied and Associated powers and Germany signed at Versailles on the 28th day of June, 1919, has compelled me to summon you to renewed labors which, I trust, will not be of long duration. My advisers are of the opinion that this treaty ought not to be ratified on behalf of Canada without the approval of parliament. Authenticated copies will be placed before you without delay for your consideration.

In addition you will be asked to direct attention to other measures, including those rendered immediately necessary by the approaching return of peace and by the terms of the Peace Treaty.

Honorable Gentlemen of the House of Commons:

Estimates will be laid before you making such financial provision as may be required in connection with the Peace Treaty, and for other purposes.

Hon. Gentlemen of the Senate: Gentlemen of the House of Commons: For more than five years the world has endured the devastation and horror of war forced upon it by an intolerable spirit and purpose of aggression. Fortunately our country has been spared the ruin, which has been inflicted upon many other nations, but our participation in the war has involved many burdens and vast sacrifices which our people have borne with an unflinching spirit. With reverent thankfulness we realize that the world emerges victorious from its struggle against the forces of barbarous militarism and savage aggression. The labors of reconstruction may be difficult and strenuous, and we must undertake them with the same united resolve and indelible purpose as sustained our efforts during the years of conflict. To you and to the great nation whose affairs are committed to your charge, I bid good speed in all your endeavors.

STMR. WAR WITCH HELD RESPONSIBLE FOR COLLISION

Steamer Was in Collision With Barkentine Gallia and Nineteen Lives Were Lost.

Sydney, N. S., Sept. 1.—Captain L. A. Demers, Dominion Trade Commissioner, holds the steamer War Witch responsible for the collision with the French barkentine Gallia in Cabot Strait on August 7th, when nineteen lives were lost, and cancels the certificate of William P. Bennett, master of the War Witch. The certificate of Christopher Carroll, second mate of the War Witch, is also suspended for one year from August 12th last. The finding is concurred in by Captain A. J. Morrison and Captain Orlando. The inquiry was held here on August 11 and 12. N. A. McMillan, K. C., of North Sydney, appeared for the survivors of the Gallia, and Hugh Ross, K. C., for the War Witch.

MONCTON LABOR DAY CELEBRATION PROVED HUMMER

Thousand Men Were in Line for Big Parade—Athletic Sports, Horse Racing and Band Music Contribute to Day's Entertainment.

Moncton, N. B., Sept. 1.—Ideal weather favored the Moncton Labor Union for their Labor Day celebration, which was a great success from every standpoint. Thousands of visitors from towns and cities and the surrounding country within a radius of one hundred miles flocked into Moncton and the day was a gala one for Organized Labor who staged the demonstration. About a thousand men, representing practically every branch of organized labor, participated in the parade which took place this morning, and fully eight thousand people this afternoon divided their patronage between the athletic sports and the horse races on the Speers track.

The St. John firemen, accompanied by a band and the Sackville mouseters, also accompanied the parade. The parade was a magnificent spectacle, embracing men on foot, on horseback, and in motor cars, and each having a gaily decorated float.

Those participating from outside the city included the St. John Fire Department, accompanied by a band and having a pretty decorated wagon representing "Peace," which won second prize for the most artistic float, and the Sackville mouseters, also accompanied by a band. The C. N. R. machinists were awarded first prize for the best float in the parade. Seven bands, including two from St. John, St. Mary's and the Pipers, Salisbury, Sackville and two Moncton bands, furnished music for the demonstration.

The demonstration, on the whole, was probably the biggest thing in the way of Labor Day celebrations held in the Eastern Canada, and local union men are greatly elated over their success.

In the evening there were fireworks and band concerts by the Moncton Citizens' Band and St. John Pipers, on the M. A. A. field.

Buffalo, N. Y., Aug. 24.—The Curtiss Aeroplane and Motor Corporation announce that plans are being worked out for three air routes for passenger service. They will be to Rochester, Syracuse, Utica and Albany; to Erie and Pitsburgh, Pa., and across the Canadian border to Hamilton and Toronto.

The state route will be opened this fall, but the other two probably will not be in operation until spring.

The company, the announcement says, is anxious to disprove the belief that flying is dangerous.

Prince Lays Corner Stone Of Peace Tower of New Parliament Buildings

(Continued from page 1) Robert, have served you well, and I congratulate both the city of Ottawa and the Dominion parliament on the noble edifice in which the parliament work of the country will soon be carried on.

Parliamentary government, Sir Robert, was challenged and severely tested by the great war, but it has emerged stronger than it ever was before. The merits of parliamentary government are almost universally acknowledged, but it is the development of the British race, I am proud to remember that was the nation which first introduced the system of representative government.

THE WEATHER

Toronto, Sept. 1.—Except for light showers in the vicinity of Toronto and Cape Breton, the weather today has been fair and cool from the Great Lakes to the Atlantic. It has been warm, with local showers in Manitoba and fair and cool farther west.

Maritime—North and northeast winds and mostly cloudy; local rains. North New England—Fair Tuesday and Wednesday, little change in temperature.

Philadelphia, Aug. 31.—Andrew Carnegie was inducted "the master manipulator of the telegraph key in his day" by Colonel Joseph Green, eighty-six years old, Philadelphia's veteran telegraph operator.

"I first met Mr. Carnegie," said Colonel Green, in 1857. I was at that time an operator for the Pennsylvania Railroad in this city and frequently held conversations over the wire with him as private operator of Colonel Thomas A. Scott, president of the road. We all knew him as "Andy" and recognized him as a master of the key.

When the present board took up the scheme they found that many applications for loans that had been made to the city council. Many of these applications were from citizens of some means, and the board, in order to be benefited by the scheme, promptly turned down the applications and prepared a list of names which would be occupied by the board. It is disclosed that the applicant has available any money or land of a value in excess of \$15 per cent of the proposed house, his application is refused. The board holds for example that if a person has a sufficient money to purchase a building lot and make a start with building he can finance the balance with regular mortgage companies.

COUNTY OFFICIAL BUILDING

Warden Golding, Councilor J. O'Brien, County Secretary J. H. Kelley, K. C., and G. G. Murdoch spent Saturday and Monday in Moncton investigating the work of Housing Commission there. They were greatly surprised at the type of houses which the board is erecting there, as well as at the progress of the railway city, Moncton is putting up four types of houses under Dominion scheme at prices of \$2, \$3,000, \$3,500 and \$4,500. They are built on a concrete foundation forming a basement nine feet high, and an air wind for electric lighting piped for gas. Warden Golding thinks that St. John ought to be able to build for twenty per cent less than Moncton.

Warden Golding formed a decided favorable opinion of the Moncton board's operations, and he hopes to have the St. John county scheme derided before the snow flies, though in order to carry out this there must be enthusiastic support from the people.

Warden Golding and his delegation Dr. M. F. Keith, George Robertson, Millidge Wetmore and Clem Cornier, members of the Moncton board, had several conferences with them and were shown about the city accompanied by Chief Tingley of government railway police. They also had conferences with Mayor Price and City Clerk J. S. Magee and A. E. Riley, solicitor for the House Board.

COUNTY OFFICIALS INSPECT BUILDING PLANS AT MONCTON

Warden Golding, Councillor O'Brien and J. King Kelley Very Favorably Impressed With Dominion Building Scheme as Carried Out in Moncton—How Plans Work in Railway Town.

Warden Golding, Councillor J. T. O'Brien, County Secretary J. King Kelley, K. C., and G. G. Murdoch spent Saturday and Monday in Moncton investigating the work of the Housing Commission there. They were greatly surprised at the type of houses which the board is erecting there, as well as at the progress of the railway city. Moncton is putting up four types of houses under the Dominion scheme at prices of \$2,500, \$3,000, \$3,500 and \$4,500. Warden Golding thinks that St. John ought to be able to build for twenty per cent. less than Moncton.

Warden Golding formed a decidedly favorable opinion of the Moncton board's operations, and he hopes to have the St. John county scheme underway before the snow flies, though in order to carry out this there must be enthusiastic support from the people. Warden Golding and his delegation met Dr. M. F. Keith, George Robertson, Milidge Wetmore and Clement Cornier, members of the Moncton board, had several conferences with them and were shown about the city, accompanied by Chief Tingley of the government railway police. They also had conferences with Mayor Price and City Clerk J. S. Magee and A. E. Riley, solicitor for the Housing Board.

Has Full Power. The Moncton Board was granted full power of attorney to carry out the housing scheme and now have an absolutely free hand in the expenditure of \$150,000 allotted to the city of Moncton. The board now has twenty-nine houses under construction. It called for competitive plans and finally adopted four standard plans designed by Mr. Pritchett. They are styled A, B, C, and D, and roughly speaking range in cost from \$2,500 to \$4,500, including in these sums the price of the land which is usually calculated at 15 per cent. of the cost of the erection. The buildings are of the cottage or bungalow type, and all are self-contained, and each must be occupied by the owner. A few duplex houses are being put up; these accommodate two families, and must be jointly owned. The Moncton Board will not construct "flat" houses, considering them unworkable and undesirable.

A New Start. When the present board took over the scheme they found eighty-seven applications for loans that had been made to the city council. Many of these applications were from citizens of some means and others from speculators, and but few from any intended to be benefited by the scheme. The board promptly turned down these applications and started with a clean sheet. They pointed out that the plan was intended for soldiers, and people who had but little means. Indeed the board prepared a questionnaire which compels a disclosure under oath of one's financial position and domestic status. It is disclosed that the applicant has available any money, or land of a value, in excess of 15 per cent. of the proposed house, his application is refused. The board holds for example that if a person has sufficient money to purchase a building lot and make a start with building, he can finance the balance with the regular mortgage companies.

The action of the board in ruling out speculators and the man of money has met with the general approval of the Moncton people. While the Moncton board has undertaken the erection of dwellings at various points throughout the city, to meet the applications of soldiers

FIRE MARSHALS GET HELPFUL HINTS AT CONFERENCE

Fire Drills in Schools Given Important Consideration, and Valuable Advice Followed from Those Who Have Given it Special Study.

Toronto, August 28.—John Kenlon, chief of the Fire Department of New York City, told the members of the fire marshals' convention here today something about the investigation of suspicious fires.

L. T. Hussey, Kansas, addressed the convention on a survey of results of fire marshals' service in North America. He stated that the abolition of the fire marshals' office in New York State has resulted very largely by pressure from owners of tenements, theatres and summer hotels, who had had their buildings condemned and ordered to spend a large sum for improvements.

John S. Horan told the gathering that an erroneous impression was abroad in the minds of school teachers regarding drills in schools. The efficiency of the drill does not depend on the rapidity in which the building is emptied, he said. "That is wrong, for it depends upon the orderly and safe manner in which the schools are emptied."

OBITUARY

Ether Helen Williams. Gagetown, N. B., Aug. 28.—Throughout the province many friends of Russia Williams, ex-Sheriff of Queens County, and Mrs. Williams will regret to hear of the death of their youngest daughter, Ether Helen, who passed away at their home in Forestville, Conn., in the early morning of August 28th. Ether, who was a sweet, bright girl of sixteen, had been ill for over a year, following a heavy cold, but it was not till several weeks ago that her condition became alarming. On August 3rd she became confined to her bed, and failed rapidly until the end came, less than a fortnight later. Ether was a general favorite in Gagetown, where the family had resided until last May, when they moved to Forestville, and her early death is a source of deep regret.

The funeral services were held on Friday morning at the Episcopal Church on Church avenue, and a number of loved ones expressed the sympathy of Forestville friends, while many messages were received from this province. In St. John's Sunday school here, which Ether had been a devoted attendant since childhood, there were special hymns and prayers on the following Sunday; also in St. John's Church.

Besides her parents, one sister, Miss Zerelda M. Williams, formerly of the Merchants' Bank staff, of St. John, and one younger brother, Everett, as well as a large circle of relatives and friends, remain to bear the loss of one greatly beloved.

Mrs. Margaret M. Archibald.

The death of Mrs. Margaret M. Archibald, widow of Eldridge Archibald, of Truro, N. S., took place yesterday at the home of her son, I. F. Archibald, 51 Mecklenburg street. The deceased was a daughter of the late Alexander Lepper, of Truro, and up to about twelve years ago resided in that city. Since that time she has made her home with her son, I. F. Archibald, of Truro. She is survived by her son, I. F. Archibald, of Truro, two sisters, Mrs. E. Cox, and Miss Susan Lepper, of Wakefield, Mass., and one brother, George M. Lepper, of Norwood, Mass.

The funeral will be held this (Tuesday) evening at the home of I. F. Archibald, 51 Mecklenburg street. Interment will be made at Truro.

The death of James A. Floyd, a prominent farmer of Bloomfield Station, took place yesterday about noon at the General Public Hospital, St. John. Mr. Floyd had been ill for several months and about three weeks ago came to the General Public Hospital where an operation was performed. It was found, however, that his condition did not improve and he passed away yesterday. He is survived by his widow, two daughters, Mrs. Elsie Fowler of Hampton and Mrs. John Wood, at home, and two sons, Leonard T. Floyd, connected with the Agricultural Department of New Brunswick, and Robert Floyd at home.

Mr. Floyd was well known throughout the province and was a member of the Baptist church, and the remains will be taken to Bloomfield this morning and the funeral will take place on Wednesday afternoon at 2 o'clock, local time.

Nathaniel Inch. Special to The Standard. Fredericton, N. B., Sept. 1.—The death occurred at his home, early this morning, of Nathaniel Inch after long illness with hardening of the arteries.

Deceased, who was aged 86 years, was a native of Queens County, but had resided in this city for some years, having been caretaker of public buildings of various kinds, including latterly the Synths street school. Besides his widow, he is survived by three daughters, Mrs. Laura Winter, Wyoming; Mrs. W. E. Saunders, of this city, and Miss Hattie Inch, who served overseas during the war as a V. A. D. and is now at home. Two brothers, G. Inch, of the Normal School staff, this city, and W. Ted Inch, of Jerusalem, Queens County, and one sister, Mrs. Beverly Pender, of Clinton, Queens County, survive. The funeral will take place from the deceased's late residence, 212 Aberdeen street, on Tuesday afternoon at 2.50 o'clock. Rev. G. M. Young will conduct the service, and interment will be made at the Rural Cemetery.

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-tives"

St. Martin's, N. B. "For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth. "I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-tives,' I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

WEDDINGS

Wright-Williams. An event of interest to a wide circle of friends took place Saturday morning, August 30th, 1919, at the home of Mr. and Mrs. G. Merritt Williams, when their second daughter, Gladys Mabel, was united in marriage to Sergt. Hajor (W. O.) Silas C. Wright, eldest son of Mr. and Mrs. W. T. Wright, of Hopewell Hill, Albert County, N. B., by Rev. E. Ramsey.

The bride who looked charming in silk tulle, carried a large bouquet of sweet peas and was given away by her father. After luncheon was served the happy couple left for St. John en route to the New England States on a honeymoon trip. The bride wore a blue serge travelling suit with hat to match.

The bride was recently employed in the office of the Returned Soldiers' Commission in St. John and has a host of friends throughout the province. The groom was employed as station master at Albert, N. B., prior to his enlistment and proceeded overseas with the 26th Battalion in the early part of the war. After returning from their honeymoon trip the happy couple will reside in St. John where the groom is employed on the staff at headquarters M. B. T.

Many useful presents were received including a handsome set of furs for the bride given by the groom and the headquarters staff presented them with a handsome clock and some cutlery.

"Father," queried little Johnny, "what's a comonomer?" "A compromise, my son, is an agreement whereby both parties get what they don't want," replied the father.

FATHER MEEHAN REMEMBERED BY HIS PARISHIONERS

Special to The Standard.

St. Stephen, Sept. 1.—At the close of the service in the Catholic church at Milltown Sunday evening, Rev. Dr. Meehan, whose very much appreciated pastorate of two years is drawing to a close, was made the recipient of tangible expressions of the kindly feelings entertained for him by the members of his parish. Albert Bahus, Mayor of Milltown, on behalf of the parishioners, and Walter McParlane, on behalf of the altar boys, presented addresses and substantial purses of money, and Mrs. Margaret Halsey, on behalf of the L. A. A. O. H., presented a valuable automobile kit. Father Meehan being an enthusiastic assist and sharing that joy very generously with the youngsters of his flock particularly. Father Meehan made feeling and appreciative reply to each of the addresses. Dr. Meehan has greatly endeared himself to his parishioners and to all classes during his incumbency of the pastorate at Milltown and his impending departure is sorely regretted, but no more popular appointment as a successor could have been made than that of Rev. Father Ryan, who is coming from Woodstock and who was a curate in Milltown during the pastorate of the late lamented Mr. Doyle.

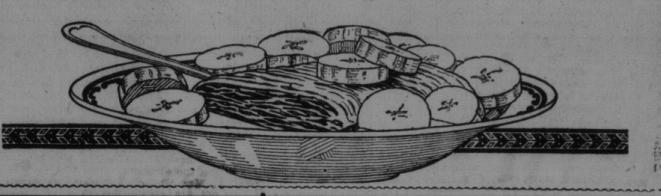

FEW ARRESTS FOR DRUNKENNESS IN MASSACHUSETTS

State Director of Prisons Makes Report Which is Very Pleasing to the "Antis." Boston, Mass., Aug. 27.—Official figures on arrests for drunkenness in six of the larger cities of the State for the first month of Prohibition, Edward C. Bagley, State Director of Prisons, said today indicated that these arrests in the future would be so low as to constitute a negligible quantity in sending persons to jail and correctional institutions. The six cities which include Worcester and Holyoke, Mr. Bagley said had a total of arrests for July of 329, as compared with 975 for June. The reports for August would show a further decrease he said.

THE CALL OF HUNGER

is answered by Nature with abundance of food, but be sure you eat the food that Nature intended for human beings. The whole wheat is kind of all foods. Shredded Wheat Biscuit is the whole wheat, nothing wasted, nothing thrown away, the most real food for the least money. Two or three of these crisp, brown little loaves of baked wheat with sliced bananas, sliced peaches, or other fruits, make a wholesome, nourishing meal at a cost of a few cents. Ready-cooked, Ready-to-eat.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind, Colic and Diarrhoea; alleviating Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. FACE DISFIGURED WITH PIMPLES

Itched and Burned. Scarcely Slept. Cuticura Heals. "Pimples affected my face. They were large and always festering, and they were scattered all over my face. They afterwards turned into scales and when they fell off they left big scars and my face was disfigured. They itched and burned so that I scarcely slept at all. "I had been bothered for nearly two months before I started using Cuticura, and after I had used three boxes of Cuticura Ointment with the Cuticura Soap I was completely healed. (Signed) Miss L. OUCH! CORNS! LIFT CORNS OFF

Doesn't hurt a bit to lift that sore, touchy corn off with fingers.

Drops of magic! Apply a little Freestone on that bothersome corn, instantly the corn stops hurting, then you lift it off with the fingers. No pain at all! Try it! Why wait? Your druggist sells a tiny bottle of Freestone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes and calluses, without soreness at all.

The St. John Standard

Published by The Standard Limited, 22 Prince William Street, St. John, N. B., Canada. E. V. MACKINNON, Manager and Editor. THE STANDARD IS REPRESENTED BY Henry de Clergue, Mellers Bldg., Chicago Louis Klabahn, 1 West 34th St., New York Freeman & Co., 9 Fleet St., London, Eng.

ST. JOHN, N. B. TUESDAY, SEPTEMBER 2, 1919.

BUILD THE HOUSES.

Members of the local housing committee modestly intimate that since it is possible to permit the erection of the class of houses which the people of St. John desire, steps may be taken at some future time to approve a number of the applications already in hand. This course will depend on whether these applicants, having been put off for months, are still inclined to go ahead with their plans. It is also suggested that Premier Foster is prepared to amend the conditions imposed by the Provincial Legislature should such be deemed necessary. This concession comes at a very late date. Surely our inflexible administration should not have to wait for a local committee to ask for changes of such a nature when the Premier himself is a resident of this city, knows the type of house favored here, and has been in touch with the work ever since the scheme was first proposed. Certainly it should not be believed that under these circumstances he would have permitted the passage of legislation which would prohibit participation in the loan by the people of his own town.

It is rather amusing to observe that some of those who by their neglect of ordinary common sense methods have become responsible for our failure to take advantage of the fund provided by Ottawa, are seeking to excuse themselves on the ground that they were misled by the advice of the City Solicitor. The fact that other communities were able to go ahead with the work evidently made no impression on the minds of our own committee. But apart from this is the fact that while the delay in applying for the loan has been of months duration—indeed lasting since last April—the excuse concerning the City Solicitor has never been brought forward until now, when that official is somewhere in Western Canada and practically beyond communication. In the absence of definite information along this line The Standard seriously doubts the value of the flimsy explanation offered and prefers to believe that those who were unable to understand a plainly worded Act may be equally incapable of appreciating a legal interpretation. This, however, is beside the mark. What is necessary now is that the local committee settle down to business. Get the houses built. That is the big problem of today in St. John. There are hundreds of families with no places to live in, hundreds of others compelled to exist in wretched shacks unfit for decent animals, and hundreds more who by force of circumstances are paying higher rents than they can afford, the only alternative being to go on the street.

Let us have no more excuses, or delays, but take advantage of that federal loan in the spirit in which it is intended. Cut out the red tape, the habit of blaming someone else for the delay, and hand over the money to such applicants as are worthy of trust in order that our town may go ahead and our people enjoy a measure of comfort.

STILL NO SERVICE.

Labor Day has come and gone and service over the Valley Railway promised for more than a month ago is still in the indefinite future. At a season of the year when farmers all along the line are desirous of transporting their produce to St. John, when the demands of business necessitate frequent trips to the city, they are deprived of the privilege which they should be permitted to enjoy—making these shipments and doing their travelling over the road for which they have paid. The immediate responsibility for the delay in securing running rights over the C. P. R. lies with the Board of Management of the Canadian National, but the Valley Railway Commission and the Foster Government are not wholly free from blame in this respect. This local board of commissioners was entrusted with the construction of the line and its responsibility to the people naturally did not end with the completion of ballasting. It is bound through the very nature of this service to continue active until trains are running to the satisfaction of the people, and the task of seeing that this commission performs its duties lies at the door of the Foster government. This commission and this government have foolishly left everything to the C. N. R. management with the result that we have already experienced a delay of more than a month, during which time the entire lower section of the line has been lying idle, the people have been deprived of the advantages to be gained by the construction of the road, and there is no immediate prospect of the inauguration of a regular service. Papers supporting the Foster Government incline to the view that service should be commenced at once and the terms of the agreement covering running rights settled later. This is a very fine suggestion indeed, but it does not appeal to the C. P. R., which after protracted negotiations has refused to grant

would be a matter of very grave difficulty. Consequently the C. P. R. will not permit the passage of Valley Line trains over its rails until these terms are agreed upon. This suggestion is, therefore, of no practical value in overcoming the present delay. At the same time it must be admitted that the terms demanded by the C. P. R. are pretty stiff. This company asks a fifty-fifty division of the interest charges at six per cent on the value of the line from Westfield Junction to Mill street, which of course includes the cantilever bridge, together with a division of the cost of maintenance of the line so used, based on the respective business carried by the two companies. While the proportion of maintenance charges may be all right, the interest assessment is a rather stiff price to be paid by a new road over which traffic will for some years at least be light indeed. This offer is, however, subject to amendment through negotiations, and if the Valley Railway Commission can induce the management of the Canadian National to use a little speed we may have a service over the new line before the snow flies.

THE AIR RACE.

Last week's air race between New York and Toronto has given to those interested in aviation, both government departments and private builders, a great deal of valuable information. Promoted by the Aero Club of Canada and the American Flying Club, the chief purpose of the trial was not to ascertain the speed at which this course could be covered, but to test the reliability of many different types of machine, to find out the weak spots, to secure accurate knowledge as to the risks from adverse weather conditions, and so to eventually embody in future planes such safeguards and such principles of construction as will tend to put aviation on the non-dangerous sciences. Thirty-seven planes participated, representing both military and civil investigators. Weather conditions during the first few days were unfavorable, distinctly so, but it has been shown that certain types of plane can make progress in gales which would be almost fatal to vessels at sea. Indeed the reliability phase of this important test has been spoken of as the most valuable feature of all. Comment is offered, too, on the fact that while many of the competitors were forced by the weather to descend, while engine trouble was of almost hourly occurrence, and while other difficulties were daily recorded, no serious accident occurred. One man had a wrist fractured, more by his own carelessness than anything else. And this is taken as an indication that air travel even under the least favorable weather conditions, is, when conducted by experts, practically as safe as transport on land or sea.

WEST SIDE DREDGING.

Last year no work in cleaning up the West Side berths was performed by the Federal Government. During the previous season very little was done as all the wharves were in use for the greater part of the time and dredging equipment was not readily available. These terminals are now in need of attention and it is gratifying to note that Mr. Wignore, who has always interested himself in affairs of importance to the port, is immediately taking up with the proper departments in Ottawa the matter of having necessary dredging done immediately. Practically every berth requires attention and it is to be hoped that the efforts of Mr. Wignore will be so successful as to provide for the early commencement of this most important undertaking, so that when the winter port traffic commences in the course of the next few months there may be no reason for complaint of dirty berths, lack of depth, or other undesirable conditions.

A NOTABLE EVENT.

It is a strange coincidence that the visit of Prince Edward to Canada in 1869, when he laid the foundation stones of the nation's Parliament Buildings at Ottawa, should be so closely duplicated this week when his grandson, the Prince of Wales, officiated in a similar manner at the laying of the corner-stone of the main tower of the reconstructed buildings. Everything connected with this trip seems to fit in with historic recollections, and the present Prince of Wales in the eastern portion of his tour, is privileged to repeat many of the incidents which marked the visit of the late King Edward. The gathering at Ottawa yesterday forenoon, followed by the opening of Parliament, will go down in history as one of the most interesting events since Confederation.

WHAT THEY SAY

A NEW GUY.
"Convincing evidence that a new day

is dawning is offered in the construction of a million-dollar Government building in Ottawa in record time.

FAST TRAVEL.

Toronto Mail and Empire, Across Lake Ontario in nine minutes is an illustration of what ordinary travellers will be doing in ten years or so. Steamship passenger traffic is likely to be only for the leisurely and the wealthy.

NOT WANTED THERE.

Toronto Globe, One George J. Bruce having telegraphed to Senator Lodge at Washington a plea for "self-determination for Scotland," Mr. Bruce, Editor of The Scottish American, wrote the Senator that Mr. Bruce is a New Zealander, and that his cause is not upheld by the Scottish Press.

IS WILHELM WELCOME?

Chicago Tribune, We are threatened with a visitation of royalties. The Prince of Wales is on the doorstep. The King and Queen of Belgium are said to be planning an American tour. There are probably others. We hope not. We do not crave their condescending inspection. This is not a nation of Princes and Kings and Queens. Its moral obligation is exactly opposite. Royalty in every form is abhorrent to our principles.

THE ONLY SOLUTION.

Moore Jew News, Lloyd George's grave statement is for the whole world, not for the little part of it we know as Great Britain. We have been fooling away too much precious time in dodging the issue, in running after new systems of government, mooning in calf love after flashy utopias, phantasmagoria with ever-dreaming and, above all, sitting down and waiting for impossible millenniums which never come and never will. And, after all, the only solution to all our troubles is the stupidly prosaic one, yet the teaching of all the ages—get to work!

A POINT OF DIFFERENCE.

Woodstock Sentinel-Review, Politics sometimes makes strange bedfellows. One of the chief plank in the platform of the Independent Labor Party is an eight-hour working day. The farmers' working day averages about twice that long; yet there is a movement on foot to bring the organized farmers and the Labor Party together for united political action. The spectacle of a farmers' party advocating an eight-hour working day would have the mark of novelty, at least.

A BIT OF FUN

Mother: "Now never let me catch you at the jam again." Willie: "I-I tried not to let you catch me this time."

X: "I say, old fellow, lend me a dollar." Y: "Sorry, I'm not making any permanent investments just now."

First Pater: "My boy's letters from college always send me to the dictionary." Second Pater: "That's nothing! My boy's always send me to the bank."

"Father," queried little Johnny, "what's a compromise?" "A compromise, my son, is an agreement whereby both parties get what they don't want," replied the father.

Stern Parent: "From my observation of him last night I came to the conclusion that that young man of yours was rather wild." Daughter: "Of course. It was you that made him wild. He wanted you to go upstairs and leave us alone."

DEAD LOSS.

She: "I can never be yours. Here are your presents." He: "All very fine, but what about those cigars I gave you father and those quarters I gave you little brother?"

FAILED TO CO-OPERATE.

"You are an hour late this morning, Sam," said a captain to his orderly. "Yes, sah, I know it, sah; I was kicked by a mule on my way, sah." "That ought not to make you into an hour, Sam."

"Well, you see, Cap'n, it wouldn't have if he'd only kicked me do other way."—Fort Ontario Post.

ACCUSTOMED TO IT.

A man took a friend to an opera. The music grand as it was, sounded a little noisy, more especially when the bang of drums and the crash of cymbals occurred at intervals. But the friend's face remained unmoved. "Doesn't this glorious volume of sound affect you?" "Oh, not in the least," was the calm reply. "You forget I am a boiler-maker."

BY LEE PAPE. Satisfying before last Mr. Smit the butcher gave me and Puds Simkins and Leroy Shooter 10 cents apiece for sticking 1000 advertisements under doors and told us to come back last Saturday and he would give us some more to stick under, and last Saturday we started to walk around and Puds Simkins said, Hay, fellows, we went to stick them under for 10 cents apiece today, 10 cents is a heck of a salary for people with experience, and look at all the experience we had last Saturday. Lets strike for more, all you have to do to make more money is just strike for it, that's all anybody does, on account of the high cost of living, said Leroy Shooter. Lets tell Mr. Smit if he don't give us at least 15 cents apiece today he can get somebody else to stick them under for him, I said. And we went to the grocery store Mr. Smit said, Well, boys, back on the job boys and erly, I see. And us 3 fellows looked at each other, and Puds Simkins said, 10 cents apiece ain't count any more, Mr. Smit, on account of the high cost of living. We went at least 15, Mr. Smit, we had a consultation and we went at least 15, said Leroy Shooter. 10 was all right while we was learning, but we got experience now, I said. Well, well, more labor troubles, said Mr. Smit, well the heck is, boys, by his having a little dispute with the high cost of living myself, and I decided I could only give you boys 8 cents apiece today, and if you don't want to do it for that I know some boys that will do it for 5, what do you say? With us 3 had another consultation and decided to do it for 8.

WHAT PAPA SAID. Herb—"I hear that you called upon old Grumper yesterday and asked his consent to your marriage with his daughter." Sid—"That's so." Herb—"What was the outcome?" Sid—"Well, he imposed rather too severe a condition, which, fond as I am of Miss Grumper I cannot see my way to accept." Herb—"Indeed! And what was that, if it is a fair question?" Sid—"Oh! I'll tell you. It's no secret. He said he'd see me hanged first!"

CHARLOTTETOWN FAIR. In another column will be seen an ad. of the Charlottetown, Prince Edward Island, Exhibition. This Exhibition is open to all Canada, and lasts four days. There are five days' horse racing in connection with it, and seventy-two horses have been named in the stake races. Prince Edward Island is easily reached by the car ferry, and the week in September beginning the 22nd can well be spent there.

COURT OF ENQUIRY. Mr. Justice Chandler presided on Friday at the opening of an inquiry for the purpose of investigating charges made against the authorities responsible for existing conditions on the S. S. Scandinavian on a voyage she made to this port in January, 1919. Cyrus F. Inches was appointed counsel.

Colonel Tremaine, the officer commanding troops on board; Captain Morra, the adjutant of the ship; Dr. Riddick, the quarantine officer at this port; Dr. Haggarty, assistant quarantine officer; and Miss Delaney, the matron of the quarantine hospital at Partridge Island, gave evidence. The evidence has not been made public.

DIAMONDS A Diamond Is Its Own Bargain Today

There are really no bargains in diamonds—in the way of price cutting, because no one cuts the price on goods that have "intrinsic value" and that are advancing in value all the time. In the last ten years Diamonds have advanced over 100 per cent, and are still going up. That is the reason why "a Diamond investment is its own bargain"—and furthermore Diamonds cannot depreciate in value, at least until new Diamond fields are discovered. "As a gift—or for a personal investment"—you cannot go wrong if you make a purchase of one of our Diamonds. Ferguson & Page Diamond Importers and Jewelers King Street St. John, N. B.

No Successor to Hon. Frank B. Carvell Yet — United Farmers' Party Want Longer Hours.

The Ottawa correspondent of the Toronto Telegram wired his paper on Friday:

"Among yesterday's arrivals were Sir Douglas Hagen, Chief Justice of New Brunswick, and Stanley Elkin, M. P. for St. John, both of whom have been spoken of as successors to Hon. F. B. Carvell in the New Brunswick representation. Sir Douglas says he is here on his way to Washington to sign the Fisheries Treaty as appointing the Fraser River. He headed a commission on international fisheries. Incidentally he comes for the state dinner. He professes to know nothing of the Premier's intentions regarding cabinet adjustments. Mr. Elkin says he is up for the session. The field selection is not wide and some very important factors enter into it. For one thing, Mr. Carvell would undoubtedly have his successor in the Cabinet be a Conservative the effect upon the Liberal-Unionist vote is conceivable. It will not be surprising if nothing is done in the matter till after the session, though sometimes these changes are torn off at very short notice."

Mr. Rowell's sacrifice.

(London Free Press.)

Remembering that the members of politics are responsible for many tragedies, the Orange Sentinel says that Hon. N. W. Rowell sacrificed his Liberal leadership and ultimately the premiership of Canada in the performance of duty at a critical hour in his country's history. Says the Sentinel: "If he had, like Mr. King, stuck to Laurier, Mr. Rowell would undoubtedly have been the leader of the Opposition instead of Mr. King. To have served the country is better than to have served a party. Mr. Rowell derives from that thought more satisfaction than he would from being the leader of a party. His reward must be of the nature of a lesser man keeps the honors that were his had he been unfaithful to himself."

The Sentinel says that Mr. Rowell's prominence in the Liberal party is the cause of the intense bitterness shown toward him today. It speaks of "the vulgar display made by W. E. Knowles, that of any other at the convention, but which was received with enthusiasm." When mentioning Mr. Rowell's name in the course of his speech, Mr. Knowles spoke three times upon the platform. The Sentinel adds:

"Not many public men earn such enmity as that. That is the price Mr. Rowell has to pay for standing behind the men in the trenches during the darkest days of the war."

There is another feature that is not readily apprehended by the man on the street, thinks the Sentinel. This is the part that the Liberal press played in Mr. Rowell's decision to join with Sir Robert Borden. Nearly every Liberal newspaper that party organ, turned him into the Union Government and applauded his action. Says the Sentinel:

"And now? They are all for King and none for Rowell. They will not assail Mr. Rowell, but they will be accomplices of the French leaders who have sworn to destroy him."

Not many public men, the Sentinel feels, have been able to point to blacker ingratitude than Mr. Rowell is receiving from the Liberal press.

The U. F. O. and Labor.

(Toronto Times.)

The U. F. O. candidate in East Wellington would reduce the cost of living by lengthening the working hours in cities to correspond with those on the farm.

That if workmen in shops and factories would labor from 14 to 16 hours a day they would greatly increase their individual production and so be able to release many hands for employment on the land.

This, contends the U. F. O. candidate, would stimulate the production of food commodities, and so reduce the cost of living.

An effort has been made to consolidate the Labor and U. F. O. movements. It will not be furthered by the proposed merger in East Wellington. The shorter working day is the result of two generations of nightly endeavor by Organized Labor. It is a hard-won prize, and it benefits the farmers. The chief effort of the East Wellington suggestion is to annihilate the inter-competitiveness of Trade Unionism and the U. F. O.

Good Appointment.

(Toronto Times.)

F. A. Acland's appointment to the Board of Commerce will increase public faith in the new court. As Deputy Minister of Labor he has been a constant student of wage conditions and living costs. The people naturally regard Mr. Justice Robson and Mr. C. Connor with confidence, as men whose past records bode well for their new and highly important tasks.

sons, aided by the full strength of the Poor pay roll.

"He's a jolly good fellow. He's a jolly good fellow. He's a jolly good fellow. Which nobody can deny!"

The Police maintain to this day that a millionaire can be a jolly good fellow; and what is more, they claim to know one who is all that, and more. Monk Lawson thinks, however, that there is such a thing as sporting a rattling good pitcher to make a millionaire. Millionaires are common, and rattling good pitchers are not.

Succeeds After Six Years' Effort

St. John Woman Spent Hundreds Trying to Find Relief — "Tanlac" is Best Medicine on Earth," She Says.

"During the past six years I have spent hundreds of dollars trying to find a treatment or medicine that would give me some relief from my suffering, but my troubles were never overcome until I commenced taking 'Tanlac,' said Mrs. W. T. Hennsberry, who lives at 124 King street, West St. John, New Brunswick, the other day.

"When I commenced taking 'Tanlac,' continued Mrs. Hennsberry, 'I was so completely run-down and worn out that I could hardly do my housework. In fact, I would just have to do a little part of the work, and then go and lie down and rest for a while before I could do any more. I would often have severe pains in my back, and just felt tired and worn out all the time. I couldn't walk any distance, at all without getting out of breath, and would have to stop and sit down and rest. I was very nervous and hardly ever got a good night's sleep. I was under the best of treatment and took many different kinds of medicine, but my condition just gradually got worse all the time."

"Then I heard about 'Tanlac' and made up my mind to give it a trial. Well, I must say that 'Tanlac' has done me more good than all the rest of the medicine and treatments combined. It is simply wonderful the way I have improved, and my entire system has been greatly built up in every way. I never had a better appetite in my life, and am so well and strong that I do all my housework without the least trouble. My general health is better in every way than it has been in many years. I consider 'Tanlac' the best medicine on earth for people who are suffering from a run-down worn out condition, and since it has done so much for me, I am more than glad to recommend it to others."

"Tanlac" is sold in St. John by Ross Drug Company and F. W. Munro, under the personal direction of a special 'Tanlac' representative.—Adv.

CARLETON TAKES A SPURT AND WINS TWO GAMES IN SUCCESSION

West Side Team Defeated Both St. Peter's and Y. M. C. I.—One Game Was Played on Saturday and Other Yesterday Afternoon—Large Crowds Saw Both Contests, Which Were Very Fast.

Carleton got the best of a nine-inning argument with the Y. M. C. I. on Saturday afternoon and beat the East Siders 7 to 4. In the game played against St. Peter's on Labor Day the Carleton bunch romped home at the tip end of a score of 8 to 4. Carleton seemed to have their winning shoes on during the weekend and played classy all at all stages of the two contests. Kirkpatrick was on the mound for the winners on Saturday, while Henderson performed for Carleton yesterday. Large crowds were in attendance at both matches and the good plays of each team were heartily applauded.

Disposed to Regard Political Conditions in Canada as Chaotic, and Thinks General Election Far Away. Ottawa, Aug. 27.—Dr. Michael Clark, member for Red Deer, has arrived in the capital for the extra session of parliament which opens on Monday next. In the course of conversations with a representative of the press, Dr. Clark said it was his intention to continue on the cross benches of parliament for the present. He was disposed to regard present political conditions in Canada as chaotic, but did not think that there is an immediate prospect of a general election.

Swimming Events Greatly Enjoyed

Large Crowd Saw Water Sports at Marble Cove on Labor Day—Medals for Winners.

The water sports at the Marble Cove swimming school, held yesterday were a big success and instructor Jack Redfern has every reason to feel proud of the event and of the showing made by his pupils. During the past season no less than 425 persons have been taught to swim at these schools and many of the boys become experts at the game. Three series of sports have been held, the first on Victoria Day, the second on August 23, and the last on that of the three, yesterday. The prizes yesterday were medals and these will be presented to the winners on Wednesday evening at the Trades and Labor Council Fair, St. Andrew's Rink. It is expected by his Worship Mayor Hayes.

The officials for the afternoon were: Starter, P. L. P. Moran, 1st; Judge, James Lettney and A. W. Covey. The events and winners were: Swimming. Boys, 8 to 10, B. Macaulay, first; D. Cody, second. Boys, 14 to 16, M. Kuhring, first; P. Roe, second. Boys, 17 to 18, H. Latham, first; S. Adams, second. Boys, over 16, K. Sullivan, first; J. Grannan, second. Girls, 11 to 13, Jean Harding, first; Doria Dawes, second. Girls, over 14, Edna Driscoll, first; Jean Harding, second. Fancy Diving. Girls, open, Miss C. Carney, first; Miss Edna Driscoll, second. Boys, under 12, Roy Bickett, first; H. Latham, second. Boys, 14 to 16, T. Kelcher, first; W. Gayton and F. Redfern, tied for second. Boys, over 16, K. Sullivan, first; Fred Barton and M. Wheelhouse, tied for second. Exhibition for time, M. Wheelhouse. The roster fight and the greasy pole furnished the comedy for the event and it is hard to say which of the contestants or the spectators.

FAIR VALE HAD SUCCESSFUL CELEBRATION ON LABOR DAY

Kings County Summer Resort Was Scene of Fine Programme of Swimming, Boating and Athletic Events—Good Entertainment in Connection With Pike and Amusements.

A perfect day though the sun did not shine brightly, yet the atmosphere was very heavy, still for all that thousands flocked to Fair Vale to enjoy a day in the country and away from the fog. Under the auspices of the Fair Vale Outing Association Kings county has been placed on record as having one of its not the greatest days in its history of aquatic and athletic sports. Everything went with a swing, single scull, four-oared racing, canoe racing, dingy and boat speed motor boat racing as well as swimming and the different athletic sports. In the aquatic sports things went along smoothly until the four-oared race, when the water began to get quite choppy. The West End Boat Club was positioned on the west end of the river and only gave about a mile or little better when their boat swamped putting them out of the race.

Then came the canoe races in which there were three crews entered. After going some little distance one of the Indian crews getting a little excited turned half way round several times and finally capsized, but was rescued in short time. The athletic sports were started immediately after finishing the water sports, but notwithstanding the heat getting the large number of automobiles and teams off the road so that the races could be held. The handicaps were handsomely decorated with flags and bunting, a number of booths being erected and gorgeously trimmed with cedar, spruce and fir boughs, as well as flags and bunting. Following are the list of events both aquatic and athletic, as well as the great Pike. Single scull, junior—Belyea 1st; Brayley 2nd; McCavour 3rd. Four oared scull—West End Improvement League 1st; North End Athletic Club 2nd; West End Athletic Club 3rd. Canoe race (ladies and gentlemen)—Dr. and Mrs. Smith, 1st; R. Gilbert 2nd; McLeod, 3rd; R. Belyea, 4th. Single scull, senior—Hilton Belyea, 1st; McLeod, 2nd; R. Belyea, 3rd. Canoe race (doubles)—Luet, J. B. 1st; McLeod, 2nd; Smith, 1st; Abraham Brothers, 2nd. Dingy race—E. Herrington, 1st; H. Heans, 2nd. Boys motor boat race—Patricia, 1st; Fiyaway, 2nd. The winners in the swimming events were: Boys under 14 years—Stimpson, 1st; Gilbert, 2nd. Men's race—George Burton, 1st; Mr. Starr, 2nd.

Imperial Crowds Were Delighted

'The Man Who Turned White' a Splendid Feature—Stirring British Victory Films Too. H. B. Warner, the famous English actor, in 'The Man Who Turned White,' his initial release now playing at Imperial theatre with great crowds attending, plays the role of an Arab in a desert raid, 'Ali Zeman,' known as the scourge of the Sahara. There are some magnificent desert scenes in the production, with wild riding, whirling dervishes, camels, caravans, and a thrilling fight between the desert bandits and British soldiers, ending in the rescue of the girl and 'The Man Who Turned White,' and fought against his own band of cut-throats. Oriental dancing-girls in striking costumes of necklaces and breast-plates, give some graphic illustrations of the life of the Sahara. 'Shiver' is done in a genuine Mohammedan style. These scenes are notable for their lavish settings and gorgeous costumes. Beautiful Barbara Castleman plays opposite Mr. Warner, and makes a splendid foil for that great actor. Others in an excellent cast are Wedge Wood, Jr., Eugene Ford, Carmen Phillis, Jay Dwiglins, Manuel Ojeda and Walter Perry. Besides this Oriental photoplay of such high order the Imperial treated its patrons to a wonderful display of victory pictures as contained in the great processions in Paris and London a few weeks ago. These electric rounds of applause. 'The Topics of the Day and Matt and Jeff,' got the usual number of wholesome laughs.

WILD WEST SCENES ENACTED BY MEN IN U.S. NAVY UNIFORM

Carried Out a Spectacular Hold-up in a Paris Barroom, Using the Wild and Woolly West Methods. Paris, Aug. 27.—(By The Associated Press)—Six men wearing United States navy uniforms carried out a spectacular hold-up last night in a bar room run by the famous French clown, Footit, on Montaigne street. The men entered the bar at eleven o'clock and five of them lined up the customers against the wall and searched their pockets. Meanwhile the other man rifled the till, taking from it in addition to ten thousand francs, Footit's watch and diamond ring. Footit endeavored to defend his place against the marauders and broke a champagne bottle over the head of one of the men, who, however, apparently was not injured. Footit became famous throughout the world as a clown on the Aeronaut stage. He is well known to the patrons of all the Paris vaudeville houses.

STRIKING ACTORS BECOME MANAGERS

Open a Week's Vaudeville Engagement in Chicago, All Stars Appearing. Chicago, Sept. 1.—Striking actors become managers today when the Actors' Equity Association opened a week engagement at the Auditorium with a vaudeville bill consisting of the services of a score or more of stars. Two hundred actors took part in the initial performance.

PAPER ROSES.

(By Dana Burnet.) 'How earnest thou by thy roses, China?' 'I tolled at them in a little room.' 'Thy window flung with the dawn?' 'Nay, master, 'twas a fearful gloom.' 'What gave thy rose its color, then?' 'My cheek's blood as I bent my head.' 'Thy cheek is cold and lifeless, child.' 'Mayhap it was my heart that bled.' 'One white rose in thy basket, child?' 'Aye, master, that's to crown the whole.' 'What is it, then, O Lotus, child?' 'Mayhap—mayhap it is my soul.'

Matinee Races At Woodstock

Interesting Events Went in Straight Heat—Large Crowds Saw Programme.

Special to The Standard. Woodstock, Sept. 1.—The matinee races this afternoon were attended by over 1,000 people and were much enjoyed. Although they were in straight heats they were closely contested. A fourteen year old, Fred Dunlop, drove Dannie Medium to victory in the colts race. The officials were: Starter, P. D. Belyea Won In Single Sculls

Youngsters Showed Great Form in Rowing Race on Carleton Mill Pond Saturday. BELYEA WON. The single scull race on Saturday between the three boys, McCavour, Brayley and Belyea, drew a large crowd of interested spectators and they were treated to a real race all the way. Belyea finally winning out, with Brayley in second place and McCavour third. McCavour led to the turn, Brayley in second place and Belyea third. About half way home Brayley had gone into first place with Belyea about half a length behind him. McCavour lapped on the latter's shoulder. Belyea was coming strong and at the finish led by about half a boat length over Brayley and McCavour a close finish.

QUIEN CHARGED WITH FRAUD BY SEVERAL WOMEN

Boasted That He Would Be Able, for a Consideration, to Secure Release of Their Husbands from Prison Camps. Paris, August 27.—The examination of Georges Gaston Quien, charged with communicating military information to the enemy, and with having collected evidence against Edith Cavell, the British nurse whom was executed in Belgium by the Germans, was continued today. During the day charges of fraud were made against the prisoner by several women who testified that Quien had boasted that he would be able, for a consideration, to save their husbands who were in prison. His ability to secure their release, the women asserted, Quien told them was due to his "connections." Quien admitted that he might be a braggart, a drunkard and a thief, but he declared that he never betrayed France nor the alleged organization headed by Miss Cavell for the release of war prisoners, as he was not aware of the existence of such an organization.

Grand Circuit At Hartford

McGregor the Great Defeated a Field of Seven Horses in Feature Event.

Hartford, Conn., Sept. 1.—McGregor the Great, Walter Cox's great trotter, defeated a field of seven horses in the feature event, the handicap, for \$10,000, in the opening card of Grand circuit racing at Charter Oak Park today. The best time was 2:07 3/4. Echo Direct, piloted by Bruce, took second place in each heat.

The 2000 ft. furnished the most thrilling finish of the day, when in the first heat Labee Riddell, Tara's Hall and Gentry tore down the stretch neck and neck, less than a head separating the three rotters at the finish. The best time was 2:10, made by Tara's Hall in the second heat.

Labee Riddell won the other two. Auto Guy was not in condition for the scheduled match race with La Princeton, and Mabel Frank was substituted. La Princeton defeated the famous mare in both heats. Best time, 2:06 1/8. The track was str, although muddy on the home stretch.

THERE IS DANGER IN TENDER GUMS

To preserve healthy teeth, the ordinary tooth-paste is futile. You must first care for the gums, on which teeth health depends.

How many people think of this? Yet four out of five people over forty suffer from gum-disease, or Pyorrhoea (Ruff's Disease).

As first the gums become tender, though actual gum-shrinkage is imperceptible. But in time receding gums will expose the roots of the teeth, and then only a dentist can save them.

The tender, bleeding gums of Pyorrhoea also act as so many doorways for disease germs to enter the system—infected joints or tonsils—or causing other ailments.

Forhan's (For the Gums) prevents Pyorrhoea, if used in time and used consistently. This means that it prevents gum-shrinkage, gum-tenderness, gum-bleeding. So, automatically, Forhan's prevents tooth loosening.

Brush your teeth with it. It scientifically cleans the teeth—keeps their white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for treatment.

CANADIAN PLAN IS URGED TO PREVENT STRIKES IN STATES

Dominion's Industrial Disputes Investigation Act Being Studied.

IS VERY EFFECTIVE.

Recommended for Adoption in U. S. to Prevent Tie-Ups on Public Utilities.

New York, Aug. 27.—Lewis Dixon, public service commissioner, and Senator James A. Foley, who drafted the public service law applying to New York city, and who drafted other public measures which were intended to put teeth into the law, but which measures were smothered in the rules committee of the 1919 Assembly, have been in conference as to recommendation for legislation to prevent strikes on public utilities.

Nixon announced that he intended to recommend such legislation to the 1920 Legislature, adding that he did not contemplate entering arbitration. No tentative recommendations have yet been agreed to, but Senator Foley said today that he was studying the Canadian Industrial Disputes Investigation Act of 1907, which, in amended form, has been invoked with considerable success to prevent strikes in Canadian mines and on public utilities.

"Thirteen years ago a long continued coal strike in Alberta caused a coal famine in western Canada comparable to the shortage of anthracite coal along the Atlantic seaboard during the 1912 trouble in the Pennsylvania mines," said Senator Foley. "Canadian statesmen, after the Alberta mine trouble was ended, began to think about preventing the recurrence of such a calamity. That was unlike the more happy-go-lucky American way. MacKenzie King, then deputy Minister of Labor of the Dominion and very lately made leader of the Canadian Liberal Party laid down as the guiding principle of such preventive measures that in highly organized communities, private rights must be secondary when their exercise inflicts public wrongs."

Investigation First. The measure Canada adopted was not compulsory arbitration, such as is in force in New Zealand and Australia. It was not a compulsory arbitration law, although that opinion may prevail rather widely. The Canadian Act forbids strikes and lockouts that directly affect public welfare until the causes of the dissatisfaction have been investigated by a board of three members, with power to summon witnesses, require the production of books and papers, and to take testimony under oath. But strikes or lockouts may ensue after the investigation.

"I want to make plain that the Canadian Act is not one providing compulsory investigation and prohibition of lockouts or strikes during such investigation."

"I am not prepared to advocate such a measure without further consideration, and particularly without hearing the objections that may be urged against the Act. Commissioner Nixon has stated publicly that the Public Service Commission desires the fullest possible advice from the press and the public on the subject of preventing strikes on public utilities."

"As to the constitutionality of such a measure for New York state, I am inclined to think that the courts would hold that the state had authority in its police power to thus safeguard the public interests, and that such authority would be superior to the right of contract between individuals."

IRRIGATION IN THE DRY BELT PURELY PROVINCIAL AFFAIR

Hon. Arthur Meighen So Informs Farmers in Alberta—Dominion Will Render Assistance However.

Lethbridge, Alberta, August 28.—Hon. Arthur Meighen and Hon. J. A. Calder addressed a mass meeting here last night which was attended by more than five hundred farmers, coming from a radius of seventy-five miles. In his speech Hon. Meighen declared that much as he believed in irrigation in the so-called dry belt, the contemplated projects in Southern Alberta were wholly local improvements and, therefore, constitutionally came within the realm of provincial administration. He declared, however, that the Dominion is anxious to see irrigation widely extended in the arid regions in order that production might be brought to its height, and intimated that the federal government would endeavor to aid the province in irrigation matters.

Hon. Mr. Calder also declared strongly for irrigation extension. In the meantime, in the dry belt seed and feed relief would have to be arranged as in former years.

DIRECTORS OF DOMINION STEEL IN CONFERENCE

Discuss the Domestic and Export Outlook in the Steel Industry and Declare Quarterly Dividends.

Montreal, Aug. 28.—Directors of the Dominion Steel met here today, but beyond declaring the quarterly dividend of 1 1/2 on iron common, and 1 3/4 per cent. on iron and steel preferred, no official statement was forthcoming as to the nature of the business transacted at the meeting.

It was stated, however, that the members of the board were presented with a detailed statement of the export and domestic outlook in the steel industry by President Workman, while the prospects of the coal export situation and its relation to labor, was also discussed at the meeting.

Roy M. Wolvin, recently elected a member of the board, was present at the meeting for the first time since his advent to the directorate. Out of town members of the board present included: Sir Henry Pellatt and Senator Frederick Nicholls, of Toronto, and Hector McInnes, K. C., of Halifax.

It was stated, however, that the members of the board were presented with a detailed statement of the export and domestic outlook in the steel industry by President Workman, while the prospects of the coal export situation and its relation to labor, was also discussed at the meeting.

Life Insurance Business Booms. An indication of the trend of affairs in Canada is given in the recent announcement that the Canada Life Assurance Company has issued more than double the amount of life insurance as compared with last year. More business has been written to date than for the total of 1918, and applications continue to be received in unprecedented volume.

It is evident from this report and that of other insurance companies that the campaign for Victory Loan entered into by the life insurance men has had its effect in motivating ideas of thrift in the minds of the people, also, people have not forgotten the lesson taught by the ravages of the Flu epidemic which left many families impoverished for money is also in circulation to a greater extent, and people appreciate the fact that life insurance has not advanced in cost like every other thing else.

Value Delivered— in Mileage

A tire is worth—
—not what you pay for it.
—but what you get out of it.

A truth as old as business, yet overlooked by motorists every day. The true cost of a tire is the price divided by the miles it serves you. On that basis thousands of motorists have bought Goodyear Cord Tires.

And have continued to buy them.

If you, too, will buy tires on this basis, you will come to Goodyear Cords.

Check up on tire mileage with your friends who use Goodyear Cord Tires.

Ask the Goodyear Service Station Dealer about Goodyear Cord mileages.

You will have the answer to the tire question.

Find out, also, about the Goodyear Heavy Tourist Tube, a better, thicker tube which gives much extra service for a small extra price.

THEATRICAL STRIKE THREATENS PARIS

Managers Must Grant De-
mands by Monday or the
Actors Will Quit Their
Jobs.

Paris, Aug. 28.—(By the Associated
Press)—Paris is threatened with a
theatrical strike similar to that in
progress in New York unless the
theatre managers grant demands of
the Federation of Theatrical Employes,
contained in an ultimatum which ex-
pires September first.
The managers say that if the fed-
eration calls a strike, they will pro-
claim a lockout and install moving
picture shows in their theatres.

CROWN CHARGES MURDER AGAINST ALBERT NOWLAN

Verdict of Coroner's Jury in
Failing to Implicate Any
Person is the Cause of Sur-
prise in Kent County.

Moncton, August 28.—Albert Now-
lan, held at Buctouche, Kent County,
in connection with the death of Do-
minion Police Officer Joseph Richards,
who was found shot near Buctouche
Friday last, has been charged by the
Crown with murder. Nowlan's prelimi-
nary examination will be started at
Richibucto before Magistrate Daigne
on Tuesday next. Great interest is
taken in the case in the counties of
Kent and Westmorland. The coroner's
jury in their verdict last night did not
implicate any person in connection
with the death of Officer Richards.
Their open verdict was considerable of
a surprise.

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

This preparation has been on the market for the past 74 years, and its reputation has become such that there have been many so-called strawberry compounds manufactured, and these have been in many cases represented to be just as good as "Dr. Fowler's." Don't experiment with these no-name no-reputation substitutes, they may be dangerous to your health. Get a remedy that has stood the test of time, one with a reputation extending from one end of Canada to the other.

Price 35-cents. Manufactured only by The T. Millburn Co. Limited, Toronto, Ont.

How Old Are You By Your Hair?

You may be thirty or more, but if you are bald-headed, gray, or your hair is dry, brittle, scraggy and ugly-looking, people will surely take you to be many years older.

When your hair becomes faded, dry, streaked and scraggy, when it falls out badly and new hair cannot grow, the roots should be immediately vitilized and properly nourished. To do this quickly, safely and at little expense, there is nothing so effective as Parianax sage (liquid form) which you can get at all good drug and toilet counters.

It's guaranteed to abolish dandruff—stop scalp itch and falling hair and promote a new growth of money refunded. It's in great demand by discriminating women because it makes the hair so soft, lustrous, easy to arrange and stays put and appears heavier than it really is.

A massage with Parianax sage is a real delight—easy to use, not sticky or greasy, and delicately perfumed—an antiseptic liquid free from dangerous ingredients and guaranteed not to color the hair or soap. If you want good looking hair and plenty of it by all means use Parianax sage—a little attention now insures beautiful hair for years to come.

Overdoing

How Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."

Labor Unions' Grand Fair Had A Good Opening

Proceeds Will be Used for the Erection of a Labor Temple in St. John - Mayor Hayes Present.

The opening of the fair to raise funds in connection with the project to build a labor temple in St. John was the principal feature of the celebration of Labor Day by the trade unionists of this city.

Speaking of the project to build a labor temple, such as most other cities of any size now boast of, he wished the labor movement success in its undertaking, and went on to speak of the unsatisfactory housing conditions in the city, and the efforts of the housing commission to provide for the building of new homes for those able to take advantage of the Dominion loan.

Although many people were out of town for the holiday the attendance at the fair both during the afternoon and evening was large, and the managing committees were much gratified at the interest shown by the citizens.

The City Cornet Band was in attendance, and carried out a large and varied programme.

The arrangements of the booths are the same as those for the Veterans' Fair, and the various features were well patronized throughout the day.

United States Farm Produce

It is Possible That Surplus Supplies from Across the Border May Come Here.

"The United States will be seeking a market for its surplus farm products in Canada this winter," said J. S. McCormick of Boston who is connected with the provision business, and settled for home on Saturday evening after a vacation in the Maritime Provinces.

"The big fellows who have been concerning the supplies are on uneasy ground at the present time," he added. "Prices have got to come down, or there will be grave danger of revolution. There is no doubt the working classes are getting ugly, and they haven't any respect for government or wealth or anything nowadays."

"A reduction in prices may enable the home market to absorb a portion of the surplus, but not all. What is worrying the big fellows now is that Europe is not likely to be as big a buyer as was expected. Last month, according to official reports there was twenty per cent. more food in the United States than there was at the same time last year, and the demand from Europe was not so strong.

Citizens Prefer Country To City

Many People Enjoy the Holiday on River and Places in the Country - The Day in the City.

Labor Day passed quietly in St. John. Many citizens took advantage of the two off days and departed for the country. Those left at home were treated to fog and rain during Saturday evening and Sunday, but yesterday the weather conditions were quite favorable, and the amusements and pastimes provided in the city and vicinity were well patronized.

The horse races at Moosepath drew a large crowd, and the baseball game on Queen Square, West St. John, was well patronized.

The rain started about 10 o'clock Saturday night and continued until Sunday morning, when the rain broke. The weather continued overcast, but little rain fell during the day, and the conditions were not from being ideal for a successful holiday.

On the river the day was ideal, and as far as the head of the Reach the waters of the St. John were covered with both large and small craft filled with people enjoying the beauties of the weather and scenery.
