friends we take the following account of the second race, for which "Crown Prince" was entered, from the Herald:

THE 2.26 RACE.

The second trot was for a purse of \$2,000. for horses that had never beaten 2.26 the third. There were five entries, com prising Dan Mace's grey gelding Grey Eddie; W. H. Jarvis' gray gelding Crown Prince; Isaac Pawling's bay gelding George; J. J. Bowen's gray mare Sea George; J. J. Bowen's gray mare Sea Foam; and M. Goodin's brown mare Lady bands to fleece the unfortunate contributions. A prominent Irish writer maintains office and told the clerk that in consequence of receiving a telegram from home he would be compelled to leave that night. His bill was presented and paid, and he went to his room to tell Vandyke and get ing, notwithstanding \$1,100 to first, \$600 to second and \$300 to Foam ; and M. Goodin's brown mare Lady Maud. George was withdrawn. Crown Prince was the favorite over the field, and justified the confidence of his backers, as he won a good race. In this contest was a young mare, Maud, who exhibited a great rate of speed at times. She is but five years old, by General Knox, out of a Star mare. The following are the details of the trotting as is progressed :-

lengths in advance of Sea Foam, who had broken up, and was never afterward any where in the heat. Going down the back stretch Eddie and Maud trotted head and the heaf fur lengths in front of Crown Prince. At the half-mile pole, in 1.12, Maud was neck ahead of Gray Eddie. Going along the lower turn Crown Prince trotted very fast, and at the three-quarter pole was close up to the others. At that point Eddie had his head in front of Maud, who was 100 yards ahead of Sea Foam. As soon as it had grown dark he issued from the hotel in a guarded and quiet manner, in the uniform of a policeman, and taking Haines by the arm the two went to revisit the scenes of the latter's operations during the afternoon. The first place they visited was Simms's drug store in Broad street. Here Vandyke ascertained from which clerk Haines had made his purchase, and asked to see him. The presence of a policeman with a prisoner in charge attracted the attention of all the employees in the store.

Ayer's For restoring to Gray Hair its natural Vitality and Color. A dressing which is at RECIPES most carefully prepared. to its original INK-Dicroic, Indelible and Indian. color, with the SEEDS for sowing, for birds and for medicine gloss and freshness of youth. Thin hair is thickened, fallen hair checked,

and baldness often, though not always, Wholesale Warehouse consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so undeleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

W nual meeting of the Society of Arts held on the 23rd current, under the presidentiship of M. Th. de Sausure, and are now able to furnish some further details.

Professor Soret, in delivering a most interest ing report, passed in review the operations of the Industrial section, in reference to Commerce, laying great stress upon the competition that has taken place in the manufacture of chronometers. This competition was instituted with the object of testing the workmanship and precision of chronometers turned out by Gene vees manufacturers, and none but those adopted for pocket use were admitted. They were deposited in charge of the authorities at the Observatory, and underwent the most searching ordeal possible to be applied to pocket instruments of this class. The jury specially retained to decide the difficult question as to whom to award the palm of excellency unanimously decided in favor of Messrs. J. M. Badollet & Co. This firm having carried off the sele prize by exhibiting a chronometer which fulfilled in the highest degree every condition required, crowned their first success by gaining honorable mention for two other chronometers. The allusion to this triple honor was received with enthusiastic applause, and Professor Humbert, President of the Fine Arts Section, closed the meeting with a happy and humorous dissertation upon subjects connected with this department.
