# GREETINGS!

**The Young  
Men's x x  
Christian x  
Association**

**E**XTENDS to you its  
most sincere and  
hearty greetings!

For you, new men, our purpose is to be the best friend of your College course. x To the old student our welcome is as hearty as ever. The ties that bind us together have been made stronger by the memories of united and successful service in the past.

We hope that all will take a personal interest in the Association and the Christian Work of the University, and that this year may be marked as one of great spiritual power and prosperity.

## Young Men's Christian x x Association x

**D**URING the last fifty years the need has been felt throughout the Christian Church for definite work for young men. This need is being filled by the Young Men's Christian Association. The first Association for the world was organized at London in 1844; in America, at Montreal in 1850. Eight years after, the first College Association was formed in the University of Michigan. The work has so extended that now in America every city and town of importance and every College has its Y. M. C. A. as a centre for organized Christian work for young men, by young men. And it has extended beyond us until this year there are reported 1,448 Associations among 40 nations speaking 17 languages, the total amount of their property being \$18,189,300. In North America 520 Colleges have Associations. There are 108 Associations among railroad men, 11 for Germans, 61 among Negroes, 33 for Indians, one for French and one for Japanese. The Lord is using this instrument to advance His Kingdom all over the world.

## Acadia x University Y.M.C.A.

THE Acadia Association was organized in 1888. x Its

object has been to promote growth in grace and Christian fellowship among its members.

The members are of two classes, Active and Associate. The former is composed of members of Evangelical Churches. Students may be nominated for membership at any regular meeting of the Association. The annual fee is \$1.00 for both classes of members.

## Our Work.

As in the past, we, as an Association, have this year endeavored in every possible way to keep ourselves in intimate contact with the work of the other Colleges and International Committee.

Every Sunday afternoon, meetings have been held by members of the Association at White Rock Mills, Roger Mountain, Walbrook and the Poor Farm.

A thorough course of Bible study with the Christian Student Body has been carried on throughout the year by a staff of competent teachers. The Volunteer Band have pursued the course in their studies with much enthusiasm.

We have made our usual contribution to the Missionary work and the International Committee this year.

The Maritime Convention met with us in November last. The sister Societies were well represented. Twenty-two delegates were present. It was a feast of good things for us all. We will meet this year with our friends of U. N. B., Fredericton.

We are looking forward with pleasure in anticipation of Evangelist Sayford's coming with us this fall. In this movement our sister Institutions are united. We trust that a rich blessing is in store for us.

The various Committees desire the help of all the Students during the coming year in sympathy, work and money.

THOSE who sing while they work, work best, but don't sing while your neighbor is busy.

STUDENTS are expected to appear in class with gowns, and when on the street, if wearing gowns, caps must accompany them.

A MONITOR appointed by the Faculty will mark your attendance at morning prayers and at church. His report affects your general standing.

MARKS are very nice things to have in abundance, but don't make them the end of College life.

NEW students will be met at the depot by members of the Y. M. C. A. whose business it is to look after them

## For Faculty of Instructors of Acadia University,

See page 11.

The Undergraduate Course of four years, provided by the University, includes two years of prescribed work; followed by two years embodying a generous range of electives.

The aim of the University is not only to reach a high standard of intellectual attainment, but to emphasize the worth of right character. It is avowedly Christian in its aims, spirit and method.

The number of students is steadily increasing. The prospects for the year 1898-1899 are excellent.

**The Term opens October 5th.**

**T**O ATTAIN THE NEEDFUL for Defraying the Expenses of an Education is often a matter of some concern to the self-dependent student. Each year a number of General Agents visit Acadia. They hold out strong inducements to the Students of the Institution. Many of these men never return. They are, however, reputable firms, whom the students have come to know.

*One Line of Goods deserving  
Special Mention is the*

### Kilburn Stereoscopic Views

*Sold in connection  
with the*

### Saturn Stereoscope.

These Goods have been represented by Acadia men for the past four years, and invariably with the best success.

If interested in anything of this kind, see

**MR. G. W. ELLIOTT,**

Who has had quite a little experience with various lines, and who will be able to assist you in this matter.
