THANKSGIVING DAY AT BATH

Womens Institute Carried Out A Successful Programme On Monday.

Bath, N. B., Nov. 11—Thanksgiving Day being on Monday, the annual Armistice Day services were carried out under the auspices of the Women's Institute.

At eleven o'clock Monday morning, members of the Institute and school children formed a parade and marched to the Soldiers' Memorial Monument on Main street, where in keeping with the spirit of the day a most impressive program was conducted. Patriotic songs, recitations and stirring soul-inspiring speeches permeated throughout with the Thanksgiving spirit, plus one of gratitude and another of reverent respect, which one and all should bear for the soldiers who fought, bled and died for the cause of liberty and who now lie sleeping the peaceful sleep of the just in the numerous cross-bedecked, poppy-strewn cemeteries of France and Flanders. "Truly, greater love hath no man than this, that he lay down his life for his friend."

The following is the program in the order in which it was so successfully carried out:

1. Song, O Canada, school children.
2. Address, W. H. Bramley.
3. Song, "Our Flag," by children of the primary department.
4. Reading, Mrs. M. E. Commins.
5. Song, "I Love You, Canada," by child primary department.
6. Address, Mr. Rideout, Returned soldier.
7. Recitation, In Flanders Fields by Miss Florence Wilson.
8. Recitation, Victory, Claude Brooks.
9. Prayer, Rev. Mr. Wasson.
10. "God Save the King."

PARTICULARS OF DEATH.

Following are particulars concerning the death of George H. Campbell, son of A. F. Campbell of this town, who died so suddenly on Oct. 5.

Below is a statement of the death of Mr. George H. Campbell at Minaki, Ont. Station, Oct. 5th, 1924. He arrived from Winnipeg on Train No. 2 at 1.55 p. m. Walked from the Observation Car to Station. Asked Mr. Geroux if he had his boat at the Dock. Mr. Geroux replied yes. Mr. Campbell said he wanted to go to his cottage and return in time to catch No. 1 back to Winnipeg at 4.42 p. m. Mr. Geroux took his valise and went directly to the boat to get it ready. Mr. Campbell saying he would find out how the train would be. He went in the waiting room and Operator Patterson informed him the train was on time and started working on the wire. Mr. Charlton, the agent, sat down to eat lunch at 2.05 p. m. and heard an unusual noise in the waiting room, rushed out and found Mr. Campbell lying on the floor unconscious. He and Patterson turned him over on his back and put cushions un-

AUTO VICTIM PASSES AWAY

Promising Career of R. K. Jones Cut Short—Passed Away Yesterday Afternoon.

(Special to The Observer.)

Woodstock, N. B., Nov. 12—This town and the whole province was deeply shocked at the announcement Tuesday evening, that Randolph K. Jones, son of Hon. Wendell P. Jones of Woodstock, had succumbed to his injuries received in an auto accident on the Woodstock-Fredericton road on Monday.

The late Mr. Jones was about 23 years of age and was a graduate of McGill University and had also attended the University of New Brunswick. But recently he had entered into the practice of law at Woodstock and gave great evidence that a splendid future lay before him. That it was to be cut short at such an early stage of life is the occasion for general regret.

During a recent general election in Great Britain the late Mr. Jones, then a student at McGill, was sent over to the Old Country to stump for the Conservative party in lieu of Prof. Stephen Leacock, who was unable to make the trip at that time. That of all the students at McGill this Woodstock boy should be chosen by so eminent a man as Prof. Leacock, shows what great regard his college professors had for his ability.

The accident and consequent death of Mr. Jones has cast a gloom over the whole community. Much sympathy is expressed for the parents of the victim and other near relatives.

Englishman Will Recover.

Peter Griffiths, an Englishman, who has been visiting Mr. Jones, and who was also injured in the accident, is reported today to be resting easier. His injuries were less severe, a fracture of the shoulder and a general shaking up, being the most serious.

The young men were on their way to Fredericton when the accident occurred. Mr. Griffiths was driving at the time and the rate of speed at which they were travelling is unknown. About three miles below Woodstock, the car struck a rock near a culvert and rolled completely over twice, pinning the victims under the car.

The funeral of Mr. Jones will be held at Woodstock the later part of the week.

der his head and he revived but could not talk. We then secured help and carried him into the living room of the station. Took his overcoat off, loosened up his clothes and he asked for some soda and water which was given him at once. He was in great pain at times and when asked if it was his heart, nodded his head. Yes, Mr. Charlton sent and got the section men to go to Redditt for the Doctor but he died before they got there. A few minutes before he died, he raised up and said, 'I want to tell you something, but I can't. Mr. Geroux, Mr. Godfrey and Mr. Charlton were in the room when he passed away. Dr. Shubinsky arrived from Redditt on Train No. 1, at 5.10 p. m. On examination no cause of death found, heart failure most probable.

SALMON EGGS FOR GRAND FALLS

Some 2,500,000 Atlantic Salmon eggs are being transferred from the fish hatcheries in Silver Falls to those of Grand Falls by Paul Parent, superintendent of the Grand Falls hatchery. This is the first time in several years that such a transfer has been made, although the Grand Falls had been stocked each year from the Miramichi hatchery.

The eggs will be packed in dampened moss. Water will be poured over the moss every three hours during

CHILD STRUCK BY AUTO AT BATH

Seven-Year-Old Daughter of Mr. and Mrs. William Brown in Precarious Condition.

Bath, N. B., Nov. 12—A shocking accident occurred on Tuesday last, when little Bessie, the seven-year-old daughter of Mr. and Mrs. William Brown, of lower Main street, was struck by an automobile.

The little girl was just coming from school and was riding on a double wagon, which was driven by Vince Giberson. When in front of her father's home, she alighted from the wagon, running directly in front of the car, the mudguard striking her and inflicting a terrible gash in her forehead which rendered her unconscious. As soon as possible a doctor was summoned and it was found necessary to take her immediately to the Fisher Memorial Hospital where she lies in a very precarious condition.

It is understood that before jumping from the wagon, Mr. Giberson warned her to be careful as there was a car coming. Whether she heard or misunderstood him cannot be ascertained. No blame is attached to Mr. Frank Wheeler who was running the car, the occurrence being purely accidental. Mr. Wheeler was accompanied at the time by Otis Denger of Bristol and they as well as the many friends of the family, are much disturbed over the accident.

CHARLESTON

The basket social held at W. E. Nelson's on Monday evening, Nov. 11th, by the ladies of the United Baptist Church was highly successful. A good time was spent by all those present and a goodly sum was realized.

the trip to ensure freshness of the eggs. When they reach Grand Falls they will be transferred to hatching tanks and in six months will be hatched. The young fish will be kept in tanks at the hatchery for some two months after hatching and will be transferred once more to the headwaters of some stream where they will not be in danger of extermination as food for larger fish.

Mr. Parent has been in the city during the last two weeks making preparations for the transfer.—Telegraph-Journal.

Doctor Prescribes Moirs.

A druggist in Moncton noticed that one of the nurses in the hospital there was buying cream centred chocolates every day.

Inquiry revealed that these were for a patient who had been operated on for appendicitis and stomach trouble. After the operation the doctor prescribed chocolates as the best means of obtain-

ing a sufficient supply of sugar in his diet, orders being to give him a half pound daily.

When his wife noticed this she volunteered to buy the chocolates. She was instructed by the nurse to buy Moirs' Chocolates.

Though the man's diet is increased, and more varied now that he is up and around, he still takes his Moirs' Chocolates regularly.

Well-Known Figure in Pulpwood Embargo Question Planning to Withdraw From the Dominion—Sounds Warning Note.

Editor, Canada Lumberman:—

After spending the best part of the last three years, since my retirement from active participation in business, together with a very considerable fortune in trying to arouse Canadians to a sense of their duty in connection with our fast-vanishing forest resources, I have about arrived at the conclusion that the cause of forest conservation in Canada might as well be abandoned. I realize that the public is keenly interested but I find that an unmountable stumbling-block appears when it comes to the politicians and exploiters who can see nothing beyond their own petty interests and to whom the public welfare is a joke.

When I see the cold-blooded indifference displayed by the government at Ottawa, it makes me ashamed of my Canadian citizenship. I have decided, therefore, to offer every acre of land, my pulp mills, farms, houses and whatever other property I own in Nova Scotia for sale to the first buyer who comes along and to join in the exodus to another country. I am so disgusted with recent revelations that I do this notwithstanding my conviction that timberlands will double in value within two years. When the interests become fully aware as to just how small the remaining supply really is, there will be a panic in timberland prices, but nothing will compensate one for living in a country in which he has entirely lost all faith of its future.

I am convinced that the government, after paltering with this issue for many months, has no serious intentions of dealing with it in the only way possible to bring relief, and that no restrictions will be imposed upon the shipment of unmanufactured

ed wood from freehold land so long as there is a tree left in Canada.

Personally, I have no desire to live in a treeless country, a condition which Canada is fast approaching, and when I look around and see what other countries are doing for the preservation of their forests while Canada is doing nothing, there seems to be no good reason why I should. But before departing from the land of my birth I want to leave a few serious thoughts with my fellow countrymen.

The present combination of politicians, exploiters and American gold are ruining Canada today. This combination is too powerful for the people in their present apathetic state to cope with. If the people really knew what was going on behind the scenes it would lead to a revolt. The members of the government, although paid by the people are not their servants, but their autocratic masters. Even the Bible speaks of "the servant when he reigneth." The interests of the people are entirely subservient to theirs; they must retain power regardless of its consequences to the country. When a by-election is so close as is now, it is a matter of time before the great galaxy of orators who proceed to the scene of action. Between their eloquence, their cajoling, their intimidation and their campaign funds, the poor voter has little chance to exercise his intelligence. The spectacle is so humiliating to red-blooded Canadians that it is small wonder that the exodus from Canada the past year has been the greatest in the history of the country.

Criminal deception is being practiced with regard to the forest resources of Canada and I challenge the Government to reveal the true situation.

Do the public know that an aerial survey of the territory north of the St. Lawrence and east of the Saguenay has revealed the astounding fact that the whole territory is seventy-five per cent burnt?

Do the public know that in the Province of Quebec alone between six and nine million acres were burned over during the single season of 1923, instead of three million acres as announced by the Government of that province (which is, God only knows, sufficiently appalling) and that despite this perfectly colossal shrinkage in our standing supply, exports of raw wood go unchecked?

Do the people know that the very existence of the great pulp and paper industry is threatened, not only through the premature exhaustion of its raw material supply—but through ruinous competition brought about by the furnishing of cheap raw material to its competitors in the United States?

Do the people know that while Canadian mills have been reduced to operating at 80 per cent, or less of their capacity, American mills, owing their existence entirely to imported Canadian wood, are running 100 per cent, and upwards?

Do the people know that there is not a pulp company in Canada that is making any profits—many being already in the hands of a receiver—or that the paper companies, if they were charging adequate amounts for depreciation and depletion of their timber limits, through insects, fungi, fire, wind and cutting, would be running at a loss?

Do the people know that pulpwood exported to the United States cost the Americans only \$9.77 per cord while the wood used by Canadian mills cost the Canadian manufacturers \$13.33 per cord? (These figures are both taken from the report of the Department of Trade and Commerce.)

Do the people know that a cord of wood manufactured into paper enriches the country to the extent of \$50.00 to \$60.00?

Do the people know that our wood-using industries are second only to Agriculture as revenue producers and that the failure of the pulp and paper industry alone would bring this country close to bankruptcy?

Do the people know that the only measure that can possibly stabilize this industry today is an embargo on the exportation of its raw material?

Nature is proclaiming on every hand that this continent has already been over-denuded of forest cover. This is seen in the alternate floods, droughts, vast forest fires, tornadoes, late and early frosts and consequent failure and loss and damage to crops. In other words, Nature's whole equilibrium is being upset by the ruthless hand of the exploiter.

States now is, it is vastly in excess of the remaining stand in Canada, consequently this warning applies with double force to this Dominion.

I have no ambition to figure as a lone crusader. I have done what I could to call attention to conditions and to bring about an improvement. If the government is so indifferent to the country's necessities and so derelict in its own duties, there is no earthly reason why I should continue to exhaust my strength and give of my means to try to force upon them something they apparently do not want. This is why after much careful consideration and much searching of spirit, I have decided to dispose of everything I own in Canada and join the trek to another country.

DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound

Protest, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. ADAMS, Box 54, Provost, Alberta.

Pains in Left Side.
Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. ROSS, 580 Notre Dame St., Lachine, Quebec.

NEW LAMP BURNS 94 PER CENT AIR

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. M. Johnson, 249 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

RESULTS OF FIELD INSPECTION OF POTATOES FOR CERTIFIED SEED

(Experimental Farms Note.)

The outstanding feature of field inspection of potatoes for certified seed in 1924, was the almost one hundred per cent increase in the number of applications over the number received in 1923 with a corresponding increase in the acreage inspected. This is illustrated by a comparison of the figures covering the work of the two years. In 1923, applications for inspection were received from 1,297 growers, calling for the inspection of 9,631 acres, while in 1924 there were 2,450 applications for the inspection of 17,079 acres.

Another feature worthy of note is that despite this large increase, 12,046 acres, or 70.5 per cent, passed the two field inspections as compared with 7,099 acres, or 73.3 per cent, in 1923. This would seem to indicate that not only has the growing of potatoes intended for certified seed become more general, but also that commendable care has been taken in the selection and quality of the seed used.

Estimating the yield from the fields which passed inspection at 175 bushels per acre—a conservative estimate—and allowing for a grading shrinkage of 40 per cent, it will be seen that approximately 1,260,000 bushels of potatoes eligible for certification as Extra No. 1, have been produced this year. Unfortunately the market is

MADAWASKA COUNTY COURT

Before His Honor Judge Carleton
On Tuesday the case of Mag. Soucy against Denis Daigle was tried. The claim Soucy made against Daigle was for damages to a light wagon which the Plaintiff claimed was caused by Daigle running into with his automobile. After hearing the evidence, judgment was given for the defendant.
In the case of John Albert versus Clement Albert, owing to the claim being amended the case is set forward to the sitting of the next court.

SUCH IS LIFE.

J. H. Fairley of Bridgewater took a hike of 40 miles this week in quest of partridge. He returned home without having seen a single bird. The following morning he arose early and shot two partridges from his own front veranda.—Presque Isle Star-Herald.

somewhat dull at the present time and the returns to the growers may not be quite so favorable as in some previous years, but it is desired to give emphasis to the fact that much of this high class seed is available in the country, and potato growers desirous of securing improved stock would be well advised to make enquiry.

Apart from the disease known as Mosaic, which was found again to be very prevalent and the cause of rejection of a considerable acreage, the two chief causes of the failure of 29.5 per cent of the acreage inspected to pass were "foreign varieties" and "insufficient isolation." The former is controllable by the exercise of care, the latter by the exercise of judgment. Mosaic disease is communicable in the field by means of insects, particularly aphids. The importance of planting potatoes intended for certification at as great distance as possible from any other potatoes is quite as obvious as is the fact that where this is not observed, eligibility for certification cannot be considered. Increased regard for this rule has been noticeable this year.

The above figures and remarks cover the inspection work as carried on in all the provinces with the exception of British Columbia. In that province inspection and certification is being continued under the auspices of the Provincial Department of Agriculture.

LOCAL AND PERSONAL ITEMS

"Garrison's Finish," a name that might be the title of any sort of drama, proved to be a racing play of much merit, which made a decided hit with the patrons. Jack Pickford starred in the title role and was everything to be desired as a jockey. The race track scenes were all most thrilling. Madge Bellamy was most petite and winsome as leading lady. On Saturday evening Peggy Hyland was starred in one of the best of pictures, "Shifting Sands." The play was all the title might suggest and showed plainly how easily the destinies of contemporary characters are completely changed. Battles and sand storms on the bleak Sahara wastes, were only some of the many thrilling scenes enacted. Al. St. John, wrote, directed and starred in good comedy, "His First Car," also shown. Read page 7 for this week's programmes.

The series of Evangelistic Services held in the United Baptist Church during the last month by Rev. Mr. McLeod of Nova Scotia, came to a close on Sunday evening. Much instruction and good were derived from these sermons by those who attended. The ordinance of baptism was administered at the close of the evening service.

On Sunday, November 16th, Rev. E. Bridgewater will conduct the following services:

"St. Barnabas," Greenfield. Holy Communion, a. m. Rev. Mr. Waddington, celebrant.

"The Good Shepherd," East Florenceville, Evensong, 3 p. m. St. James, Centreville, Evensong, 7.30 p. m.

Mr. and Mrs. Ray Haggard of St. John are visiting Mr. and Mrs. James Crane for a few days.

Rev. A. McLeod left on Monday for his home in Nova Scotia.

Rev. E. Bridgewater returned from his honeymoon trip to Nova Scotia, and with his bride, formerly Miss Ross of the sister province, has taken up residence in the rectory. On Tuesday evening an informal reception

was tendered the happy couple by the reverend gentleman's parishioners and friends in Sherwood's Opera House. A most cordial and pleasant evening was spent together. Delicious refreshments were served by the ladies present. On Thursday evening the young couple were serenaded in the old stereotyped manner by the hammer and tongs orchestra. Mr. and Mrs. Bridgewater has the best wishes of the community for a long and happy voyage on the matrimonial sea.

Mr. and Mrs. E. R. McClintock have moved into the Hoyt house on Mill street.

WHY ADVERTISE?

It is only a foolish merchant today who does not believe in the value of advertising and who does not recognize it as necessary for the continued growth of his business.

It is no longer a question of shall I or shall I not advertise, but simply a question of to what extent and in what way shall I advertise.

Circulars, newspapers, calendars, direct mail, all have their appeal, but when all is said and done and when results are compared with the cost the merchant realizes that the local paper is the best and cheapest method of letting the buying public know what he has to sell.

It is the everlasting cry of the small town salesman, "Oh, I have been here for years and everybody knows me." Yes, everybody knows that church starts at eleven o'clock on Sunday mornings and they ring the bell at 10.15 just the same. "Everybody knows me is only half truth for new families come into town every day of the year. They must trade somewhere and the local paper is invariably their guide. Old patrons are induced to increase their purchases through the appeal of the printed page.

Trying to do business without advertising is like working at a blind in the dark. There is more truth than poetry in the following verses:

One step won't take you very far, you've got to keep on walking.
One word won't tell you who you are, you've got to keep on talking.
One inch won't make you very tall, you've got to keep on growing.
One little act won't do you all, you've got to keep them going.

WAKEFIELD

Mrs. John Swin spent the week-end in Wakefield.

Kathleen Sutherland, Gertrude May, Clara and Viola Melvin spent the afternoon and evening at Mrs. Bayes on Thursday.

Clara Melvin returned home last week from Kyles.

Rosemary Sharpe is visiting her mother and uncle at Mrs. Bayes.

Florence Thompson went just west to Portland.

Miss Kathleen Sutherland is teaching at Wakefield school.

Ernest Noddin returned last week from the harvest excursion.

Mr. Somers of Victoria was at the home of Mr. George Melvin on Wednesday.

Mr. and Mrs. James Melvin from Lowell, Mass., were visiting their friends at Wakefield.

got to keep them going

Because

A constant drop of water wears away the hardest stone.

The constant gnawing of poverty makes the toughest bone.

You've got to keep on walking.

The constant round love carries on the blushing maid.

And the constant adventure of life.

One that gets the trade. Because

One little act won't do you all, you've got to keep them going.

PROFITABLE FARMING

UNNECESSARY EXPENDITURE.

The attention of our citizens should be directed to the condition into which we are drifting and to the ultimate result, if the present course of financing and management of the town is continued. It was the object of the present council when elected to appropriate \$10,000 and keep within that amount, so far the appropriation had been made but it cannot be said that the departments have kept within their allotments and the expenditure is still being maintained and fostered by the present council. Not being content with having a jail at the county seat it is the feeling of a few that we should have another one here, so a new lot of land has been purchased costing in the neighborhood of three hundred dollars, this being done without an appropriation from the council, which is illegal and on which the citizens have had no opportunity of declaring whether they were favorable or not, as this was not at all considered when the present council was elected to power. It is thought by some of the council to begin work on the new jail this coming winter as fall is about past and it started will be done so at the most unfavorable time of the year, to say nothing of other considerations in the matter. A building such as proposed will cost nothing less than \$2,000 including the land, one favorable comment however, might be said in its favor if built of concrete blocks, that it would give employment to a few, thus benefiting the whole community to accomplish this end.

It would have been far better if the present council had taken the present property and utilized it for the above purposes by putting a basement under the present Town Hall, thus keeping down unnecessary expenditure, in the second place it is not economically sound. We must consider that we only have a population of 1,000 people who are being taxed \$12,000 for school purposes, \$10,000 for Town purposes and in the line of Churches we are giving at least \$10,000 annually, to say nothing of the calls which come to us from all quarters. We must call a halt both in our private and public expenditure. There is no reason whatever that the Town council could not affect reductions in expenditure in several other ways, attention to which will be drawn in other articles which will appear in due course. In closing this article on the question of a Town jail, it is the opinion of the writer that the Town of Hartland needs one about as much as a cat needs two tails.

AT THE HARTLAND BAPTIST CHURCH

"The River of Life." This will be the subject of the morning sermon at the Hartland United Baptist Church next Sunday. Let us hear what the prophet says in that striking parable, "The River of Life."

The Sunday School with classes for all ages will meet at 2.30 p. m.

At the evening service the pastor will again preach and will take for his subject, "The Beatitudes of Sight." What a blessing sight is! Yet, how many who have the physical power of sight, are nearly blind, having eyes that see not. Let us hear about it at the Baptist Church Sunday night.

POTATO REPORT.

The final United States report on the potato crop, received from Washington yesterday, shows the largest crop in history. Thirty million bushels over last month. Maine crop four million over September, making Maine's total 38,000,000 bushels. United States total crop this season is 454,000,000 bushels, against 412,000,000 last season. This report will have a bad effect on the United Kingdom and Cuban export market.

New Oil Burners For Pacific Coast.

At the launching of the "Princess Kathleen." Left to right—Lord Abernethy, chairman of John Brown and Co., Clyde Shipbuilders; Lady McLaren Brown; Mrs. Troup; Lady Mount Stephen, sponsor; Captain Troup, C. P. Coastal Service, and Sir George McLaren Brown, European general manager of the Canadian Pacific.

It is a long way from Alaska to the Clyde, but the recent launching of the Canadian Pacific Coastal S.S. "Princess Kathleen" from the Clydebank yards of John Brown and Company illustrates how the increasing business, traffic and industry of the one has affected the industry of the other. The launching of another vessel, the Princess Marguerite, will further illustrate this, shortly. During the past few years the thousand mile trip to the "land of the Midnight Sun" and return to Vancouver has attracted thousands of tourists from all parts of the world. Many of these, appreciating the industrial and commercial possibilities of this country of vast natural resources, as much as the scenic splendours, have established themselves there and have drawn others round them, each of whom plays a part in the further development of the land. The same thing applies to the Yukon, so that, especially in the Summer, and in the Fall when the big game and fish are fair sport, there is a constant coming and going on the Princess steamers that ply the "Inland Passage".

Next Year there will, it is expected, be a demand for a still more frequent service. In response the Canadian Pacific will recruit from its "Triangular" service, and the new steamers will take up the service thus relieved between Vancouver, Victoria and Seattle. This route is also becoming increasingly popular, the present call being for vessels which are able to transport the automobiles of those hundreds of tourists who are finding the glories of Vancouver Island well worth while.

The new vessels, twin screw and oil-burning, will be, when completed, the largest and fastest ships operating between the three ports, being capable of sustaining a speed of 22 1/2 knots. Altogether there are five decks, four of which are given over to the use of the passengers, while a large space on the main deck has been provided for the transport of motor cars and other freight. Accommodation is arranged for 325 first-class night passengers in two and three berth cabins, and for over one thousand day passengers. A special feature of the accommodation is the provision of 17 large rooms on the promenade and upper decks, having private bathrooms attached and 22 two-berth cabins, on the boat deck, having private shower baths. The accommodation throughout has been arranged with the greatest care for the safety and comfort of the passengers and is of a uniform standard throughout, while the accommodation for the officers and crew is substantially better than is required by regulations.

Both vessels will be placed in service early in 1925.

L. C. Goodge came up from St. John Saturday to spend the week-end and Thanksgiving with Mrs. Goodge who has been here two weeks at the home of her parents, Mr. and Mrs. John Murdoch. Mr. and Mrs. Goodge returned to their home in St. John on Monday.

Robert Taylor of Presque Isle, has been visiting his aunt Mrs. George Teddie at Lower Brighton. It will be remembered that this is the young man who last summer had such serious affection in one of his wrists and which trouble, being of a cancerous nature, got beyond control so quickly that the whole arm and part of the shoulder had to be amputated. He survived this terrible ordeal and is now perfectly well. He was a student at the Aroostook County Normal

School last year and is continuing his studies there this year.

A Hallowe'en carnival was held in the roller rink Friday night, Oct. 31, at which there was a good attendance and many attractive costumes displayed. Prizes were given as follows: Ladies fancy Misses Helen and Made-line Oliver, black and white costumes just alike, ivory hand mirror with rest, and a season ticket; ladies original, Mrs. Arthur McLaughlin as Barney Google, pair of field glasses; gentlemen's prize, Jim Lavine, dressed as mad man, season ticket. The judges were M. L. Hayward, W. E. Thornton and Dr. W. O. Chestnut.

A mixed quartette from East Florenceville sang in Lakeville on Thursday evening, November 6. They rendered two very beautiful selections and nothing too praise worthy can be said of the manner in which they were rendered. Those taking part were: E. R. Hunter, tenor; Mrs. R. S. Semple, soprano; Mrs. J. A. McIsaac, alto; G. F. Smith, bass.

Mrs. Alice Grant and son, Frank of Smyrna Mills, and Miss Harriet Hamilton of Danvers, Mass., arrived in Hartland on Friday and were over Sunday guests of Mr. and Mrs. G. E. McGinley. M. S. Grant is a sister of Mr. McGinley. Miss Hamilton, who is an aunt of Mrs. Grant and Mr. McGinley, will remain here for the winter.

Douglas MacLean is the star of "The Sunshine Trail," a Thomas H. Ince romantic comedy drama which comes to the Neighborhood Theatre on Saturday night. "The Sunshine Trail" is the story of a doughboy who came home from the war to find that he was officially "dead." Thrown into jail as an imposter, he has a series of amusing adventures, some of them of a most dramatic nature. MacLean in his role of "Sonny" McTavish, tries to scatter sunshine and to do good to everyone but most of the good he does is returned with evil and it's only in the last few scenes of the picture that "Sonny" really hits "The Sunshine Trail."

Claude DeGrass, of Waterville left last week for Presque Isle where he will attend the Aroostook School of Accounting for the winter.

The Philathea Class will hold a Food and Apron sale Saturday, Nov. 15, in J. Clark & Sons building from 3 to 10 p. m. Come and help a worthy cause.

On Saturday two young men were brought up before Police Magistrate Laskey on the charge of drunkenness and were fined \$20 each.

An automobile accident occurred this morning at the railroad crossing at the lower end of town in which Tom Brown of East Brighton had a narrow escape from serious injury. He, with his young son were coming to Hartland and at this crossing was struck by a special freight train. The boy saw the train in time to jump from the car, but Mr. Brown did not see it in time to stop the car. Mr. Brown was taken to Dr. McIntosh's office where his injuries were attended to, which fortunately were not of a very serious nature, but he was badly bruised and sustained several cuts. The boy was uninjured while the car was pretty badly demolished.

OLD RESIDENT OF BATH DEAD

Bath, N. B., Nov. 12—The death of Anthony Cummings an old and very highly respected gentleman, occurred early Friday morning at the home of his daughter, Miss Annie Cummings, at Killowen.

The deceased was one of the pioneers, settling there about 60 years ago, coming to this section from near Aylmer, Ontario. Mr. Cummings was 90 years of age and was in comparatively good health until a few weeks ago. Since then he had been failing steadily with very little hopes being held out for his recovery. His wife predeceased him about 47 years ago. He is survived by one daughter, Miss Annie and one son, James, both of Killowen.

The funeral was largely attended at 9 o'clock to St. John the Evangelist Church, Johnville, where High Mass of Requiem was celebrated by the Pastor, Rev. Father Donohoe, interment taking place in the Johnville Cemetery.

Miss Annie Peters spent the Thanksgiving holidays at home.

BAIRD-GRANT.

The home of Mr. and Mrs. John W. Grant of Kilburn, N. B., was the scene of an interesting event on Wednesday afternoon, October 29, when their eldest daughter, Phoebe Augusta, was united in marriage to LeRoy Merritt Baird of Bairdsville, N. B.

The bridal couple, who were unattended, entered the parlor to the strains of Lohengrin's bridal chorus, played by Mrs. Fred Dinsmore of Easton, Maine, sister of the bride. They took their place, beneath an arch of evergreen and flowers and a very impressive ceremony was performed by Rev. George Wasson of Bath, pastor of the Baptists Church, the single ring being used. Only the immediate relatives were present.

The bride was becomingly attired in a tailored suit of navy poret twill with fur collar, fawn crepe blouse with oriental trimming, fawn hat and gloves. She carried a shower bouquet of white carnations and maiden hair fern.

After the ceremony the guests enjoyed a bountiful dinner. The Misses Amanda and Freda MacDonald and Zeta Grant assisted in serving.

Mr. and Mrs. Baird who will reside at Bairdsville, have the best wishes of many friends, for a long and happy wedded life.

Lakeville

The concert held in the Orange Hall on Thursday evening in aid of the Acadia Fund proved a success in every way. It would be difficult to decide what part was the best. Dr. Wright gave a short address of welcome after which choruses, recitations, music and drills following in quick succession. The address given by Rev. G. F. Bolster was listened to with rapt attention, especially by the boys, who seemed to drink in every word and no one could go away without resolving to make their lives worth while. The solos given by Rev. W. P. Haigh added the necessary spice and was a rare treat. The Florenceville quartette came in for a large share of the success of the evening, while our own Mrs. Gee, Miss Moore, Misses Armstrong, Jones and Wilson received a hearty applause. Recitations by Mrs. Wright, also those given by Miss Jones were well received. The sum of \$54.50 was realized including a donation of \$5.00 given by B. F. Smith of Florenceville.

METHODIST W. M. S. CONVENTION

The annual meeting of the Woodstock District W. M. S., of the Methodist Church met in convention at Lindsay, Carleton Co., on Nov. 6th. Mrs. W. S. Corbett, District Superintendent, presided with her usual grace and cheer, completing her 24th year of service in that capacity.

Three sessions filled the day's program. Reports from local societies indicated that interest has been well sustained. A summary of the year's work proves that Methodist women are prepared to enter Church Union with whole-hearted enthusiasm.

Mrs. Sanford, Branch President, by her services so willingly rendered, added greatly to the success of the day.

The people of Lindsay desire special mention for their warm welcome and abundant entertainment.

An invitation from Hartland was accepted for the next annual meeting.

TAKE \$3,000 LIQUOR

AT ST. LEONARDS

Fredericton, Nov. 3.—A seizure of a part carload of liquor of good quality a part carload of liquor consisting of 132 cases of liquor of good quality was made recently at St. Leonards by the preventive service. The shipment was en route to Edmundston from New Carlisle, Que., consigned to a fictitious address. Another seizure made at New Carlisle some time ago is believed to have been part of the same lot. The practice is to land the liquor on the Quebec coast of the Baies des Chaleurs and forward it by C. N. R. The authorities were on the watch for this lot and the value was about \$3,000.

WINTER PROTECTION OF ROSES.

Without ample protection, many rose plants are lost every winter. At the Charlottetown, P. E. I., Experimental Station, hybrid-tea roses that were banked with earth and later covered with dry leaves and rough boards, came through the winter in fine condition. The plants that were only banked with earth, were, as a rule, severely injured and some were killed outright, according to the Report of the Superintendent of the Station for 1923, issued by the Department of Agriculture at Ottawa.

Stevens, Miss Phyllis Hall, Miss Helen Stevens, Miss Marion O'Dell, Miss Audrey Rideout, Mr. Stevenson, Mr. Grady, Mr. C. S. Henderson, Mr. Donald Fraser, Mr. G. G. Giles and Dr. Fred Hebert.

Next Sunday evening at Fraser Hall there will be held the fifth Annual Thanksgiving and Armistice Day Service. Every year this service has increased in popularity, until last year the Hall was full. It seems fitting that we should remember once a year the sacrifice of those who laid down their lives in the great war, and there is no more fitting way than by attending a Church Service and in worship show our gratitude to Almighty God. There will be a special order of service with an exceptionally good musical program. Wear a Poppy and attend the Armistice Day Service next Sunday evening.

On Wednesday afternoon, Mrs. Ralph B. Murchie, nee Miss Roberta Hammond, held her post-nuptial reception at her home. The spacious drawing room was decorated with red and white carnations. Mrs. R. W. Hammond, mother of the bride and Mrs. F. S. Murchie assisted in receiving the guests. The bride looked charming in a gown of powder blue georgette, heavily beaded with coral beads. Mrs. Hammond wore a gown of log cabin brown Canton crepe. Miss Grace Stevens ushered the guests to the dining room where Mrs. S. E. Burpee and Mrs. R. Lawson presided over the prettily arranged table. Yellow and white chrysanthemums added to the attraction of the room. Miss Helen Stevens and Miss Phyllis Hall served the guests, while Mrs. J. M. Stevens and Mrs. F. E. Fournier replenished.

"Eczema on My Face Completely Relieved"

Miss Winifred Ernest, Box 46, Blockhouse, N. S., writes:

"Ever since I was a little child, I suffered with eczema on my face. At times my face was completely covered with large sores, and I tried nearly every kind of medicine that I heard of with no results. This lasted for over twenty years, until one day I asked the advice of my druggist, who bade me give Dr. Chase's Ointment a trial. After using the Ointment for a few days, the sores began to heal, and soon I was completely relieved of the disease."

Celebrated 70th Birthday.
Congratulations are extended to Mr. Roderick Lee of Kenneth, who recently celebrated his 70th birthday. Mr. Lee arrived in this country when only a boy from Yorkshire, England, and has resided in Glassville and Kenneth ever since. That he may be spared to enjoy many more such happy occasions, even to the attainment of the century mark, is the sincere wish of his many friends for verily Mr. Lee is a gentleman and a citizen of the very highest calibre.

Price of Essences Goes Up.
Samuel Miller of Hartland, president of the well-known drug firm of Estey & Curtis, Ltd., was in town Friday in company with Harry Barter, the company's regular representative. Mr. Miller stated that a \$2.00 raise per gallon in the price of essences, particularly lemon and vanilla, is soon to take place. In the case of the latter a great shortage of vanilla beans at the source of supply is stated to be the immediate cause.

Poachers Are Busy.
A report of a nifty action on the part of a poacher or party of poachers, is that one night last week, a deer was shot and that the head and intestines having been removed, were used to drape the door-step of David Filliniker's camp. Mr. Filliniker is the game warden who is the chief game guardian for the Parish of Kent. Mr. Johnston and other officers, it is understood, have been investigating, but up to the present no word of the apprehension of the guilty party or parties has been received.

To Hunt Big Game.
Mr. and Mrs. Charles Harrington Sunday for the headwaters of the and family, Church street, left on Miramichi, where Mr. Harrington has high expectations of bringing home a moose or deer, as a trophy of the hunt.

Train Killed Cow.
Last week, Samuel Squires had the misfortune to have a cow killed by a freight train at the Musquash crossing. What was left of the animal carried home in a bushel basket, had the owner desired to do so.

Miss Eileen and Mathew Bohan motored to Fort Fairfield, Me., on Friday last.

Potato Situation Better.
The potato situation shows a slight improvement over last week. On Monday of the present week, Green Mountains were 75c and Spalding Rose and red varieties were 60c a barrel.

Rain Needed Badly.
The country, this immediate section at least, is greatly in need of rain. Wells and springs are drying up. On Sunday, the correspondent in company with a couple of friends took a

HUNTERS LOST THEIR GUIDES

Party From U. S. Indignant When Police Arrest Guides on Old Charge.

Bath, N. B., Nov. 12.—The four big-game sportsmen who last week, terminated their hunting expedition at O'Dell Lake and left for their homes, somewhat sooner than they had expected to, were, it is understood, in quite an indignant mood on account of the arrest of their cook and one of their guides, Ezra Taylor and Albert Broad, on the charge that they had participated in illegal moonshunting last winter. It is to be greatly regretted that these sportsmen were in this manner inconvenienced and it is doubtful whether it was a wise policy on the part of the officials to make the arrests at such a time, when, without doubt, they could have been made just as easy if not more so, after the party had on their own accord left for their homes. Truly, it is not a very enticing inducement for them to return, and this particular section and province may be the losers. Licenses, wages and other expenses, cost these sportsmen, it is understood between \$1,200 and \$1,800, and which was freely spent in this particular town and section. The party was composed of, Charles Gehret, S. K. Duckworth, Harvard Longacre, all of Morristown, Pa., and William Hampton of Cattstown, Pa.

hike to the fountain head of the town's water supply. After scaling the cliff and arriving at the head of the falls, where the dam is constructed. They were surprised when they realized the small amount of water that supplied the town's needs. The entire bed of the pond was exposed, and one small streamlet about two feet wide and a few inches in depth wound its way toward the strainer, which encased the head of the main. In ordinary wet seasons, a good sized pond is in evidence, now however, the presence of the dam, placed between two high well-wooded cliffs, with gates set and its yawning extended sluice, would remind one of a huge animal, lying between two giant sand dunes of the Sahara Desert, eyes closed and tongue extended, slowly dying for want of water. A pleasant thought, however, is the fact that the "Budro Hill Reserve Reservoir," containing 10,000 gallons or more, is always ready for fire fighting purposes.

A trial was held on Monday morning. Verdict for Plaintiff.
In Magistrate L. A. Noble's court at Bristol. Two local men, Carleton Bailey, suing Arthur Drost for the sum of \$25, claiming that that amount was due him. Evidence showed however that Mr. Bailey had given a check and a note after the date specified in full settlement of an account with the defendant. The magistrate upon hearing the evidence gave his decision in favor of the plaintiff with costs against the defendant.

This trial was the sequel to one held last week in the same court, when Mr. Drost, proprietor of the Riverside Garage, was the plaintiff and Mr. Bailey was the defendant. The plaintiff suing for the sum of \$48.00 for labor and repairs on the defendants car, judgement being rendered in this case also for Mr. Drost, in this instance the plaintiff.

A meeting which is expected to greatly increase the membership of "The Johnville Agricultural Society" which recently received its charter from the Provincial government and which from time to time will receive grants for the promotion of scientific and up-to-date methods of farming, was held on Wednesday evening in Tara Hall, Johnsville.

The Bridge Club recently formed by the ladies of Bath, held its initial bridge at the home of Mrs. MacDonald, Church street, on Thursday afternoon last.

Raymond, "Flaxy" Estabrooks who for the past two seasons showed up so well as catcher for the Bath baseball team, left Friday on an extended trip to Montreal, Toronto and Detroit.

A silver-grey fox is the latest addition to a catch of nine red foxes taken so far this season by Wellington Giberson.

On Saturday evening a certain amount of excitement and anxiety was caused when a fire in the residence of John Fulton, Mechanic st., burnt out. There was a high wind blowing from the north at the time. Luckily, however, none of the flying sparks caused any damage.

A fairly large contingent of local Knights of Columbus are expected to attend the special ceremonies which are to take place in Woodstock, on Sunday afternoon and evening, Nov. 16.

An antiquarium, fancy costume dance and card party was held in Tara Hall, Johnville on Monday evening. The costumes portrayed chiefly the past some of the present, whereas a certain number, could not be really classified, and imaginative minded stated that they must belong to the future. The whole entertainment was

of a highly interesting nature and no less enjoyable.

On Thursday evening, members of the local branch of the Women's Institute, met in the millinery department of Messrs. Bohan & Co.'s store to make artificial poppies, some to be placed on sale in aid of the returned soldiers in hospitals, others for decorative purposes in connection with the annual armistice exercises.

Mrs. M. E. Commins, Mr. and Mrs. John T. Commins and Misses Marion and Irene Commins, motored to Houlton on Monday last.

Though lumbering operations this year show a curtailment, a large number of men have already left from this section for the woods and more are leaving daily. The number going to the State of Maine this year is fewer on account of the added restrictions placed on Canadians who are entering the United States, thus forcing many to seek employment on the Tobique and Miramichi. It is understood that Hatfield & Kyle Ltd. of Juniper are paying in some cases at least \$18c a piece for cutting and are charging 75c a day for board.

Miss James, Wright street, St. John N. B. spent several days of last week in town in the interests of the Delinquent Magazine, leaving for Grand Falls on Tuesday.

Thomas Caldwell, M. P. Florenceville, was a visitor in town during the week.

Miss Rose Lenehan of Woodstock but formerly of the clerical staff of Messrs. C. E. Gallagher Co. left on Monday last for Toronto Ont.

Mrs. Carvell, the well-known Canada Life representative, Fredericton, N. B., was in town on professional business on Wednesday last.

The many friends of Eber Kearney, the well-known ferryman will regret to hear that he is still confined to his home by illness. Mr. Kearney has been sick for the past couple of months and during that time the transportation of vehicles and passengers has, uninterruptedly been taken care of by his two daughters, The Misses Ada and Bertha Kearney.

Miss Mary Lister, R. N., was a visitor to Woodstock during the week.

Mrs. S. MacDonald and son Malcolm left on Saturday on a visit to her sister, Mrs. J. Addy.

Dr. Joseph McGrath of Indiana, is the guest of his mother, Mrs. McGrath Killowen. Dr. McGrath is being warmly welcomed by his many old friends who have not seen him for several years.

Captain Stanley MacDonald attended the Thanksgiving ball, which was held under G. W. V. A. auspices at Woodstock.

Mrs. M. G. Keenan has as guests, her mother, Mrs. McBride and sister and niece, Mrs. McGuire and Mary McGuire also her brother, Philip McGuire, all of whom arrived Saturday. Miss Mary Murphy, St. Thomas, spent the week-end and holiday at

the home of her parents, Mr. and Mrs. John Murphy, Mechanic street.

James P. Burke is rapidly completing the erection of a blacksmith shop on the corner of his own lot on Church street. A good deal of the lumber used, originally composed the building situated on the corner of Geo. Nixon's lot, on Main street, and which Mr. Burke, a few years ago, occupied as a blacksmith shop. Thus an old landmark has disappeared only to appear as a new one, on the other side.

Mr. and Mrs. Carpenter, Perth, were the guests of Mr. and Mrs. William Giberson on Sunday.

Born: To Mr. and Mrs. Arthur J. Drost, on Monday, November 10, a daughter.

On Monday afternoon, Nov. 17, the ladies of St. Joseph's Catholic Church are going to hold an afternoon tea and fancy sale at the Elite Theatre from 3 to 6 p. m. to be followed by a dance in the evening.

On Sunday, Theodore Gallagher narrowly escaped injury, while driving from Johnsville while driving quite fast, he jammed on the brakes, where a bump in the road appeared ahead, with the result that the car skidded and turned over. Luckily Mr. Gallagher escaped injury though the car was considerably damaged.

Last Thursday several from here attended the Liberal convention which was held at Woodstock for organization purposes. Among those present were Hadden Crain, Chas. F. Gallagher and Dr. M. E. Commins.

Mr. Renault, representing James Carstine and Co., Montreal, spent Sunday in town.

Miss Florence Wilson, Perth, spent the week-end and holiday at the home of her mother, Mrs. William Martin, lower Main St.

Mr. Phillips, insurance adjuster, St. John, was in town on Monday in connection with the adjustment of the Robert Dyer fire loss, which occurred at Beechwood a few weeks ago.

Mr. and Mrs. Charles T. Bohan removed on Saturday last from "Belle Arch View Farm," to their town residence on Mechanic street.

Mrs. F. M. Giberson and son Tracy, left on Wednesday last for Presque Isle, Me., where Tracy underwent an operation for the removal of tonsils and adenoids. They returned home on Saturday.

Mr. and Mrs. Gage Montgomery spent Sunday and Thanksgiving in Hartland.
