School At Cape Cove Is Destroyed By Fire

Building Struck by Lightning During First Electrical Storm of Season on Sunday Night

Cape Cove, May 14.—The Protestant school here was destroyed by fire on Sunday about midnight when struck by lightning during a severe thunder storm which raged over the district on that date. Although many of the inhabitants of the vicinity rushed to the scene of the blaze and endeavored to extinguish the fire, it got beyond their control in a few minutes. The loss is partly covered by insurance.

The electrical storm also occasioned some damage to telephone wires along the coast at this point. Complete communication was cut off until the following day.

BODY OF MISSING MAN FOUND

Remains of Geo. Forch Found at Point in N.B.—Was Over 70 Years Old

(Special to The Graphic.)
Dulwich, N. B., May 14.—On Sunday, Mr. Paul Caldwell of Point La Min, found the body of a man near his house, and notified Doctor J. B. Doherty, who responded quickly. The body was identified by J. A. LeClerc, and Mr. David J. Carrier, proceeded to the spot where an examination was made and it was decided that no inquiry was necessary as there was no evidence of foul play. On the person of the unfortunate man was a watch, a bunch of keys, \$1.25 in cash and a railway baggage check. The body was buried in the cemetery, and placed in the grave pending identification. On Tuesday burial was made after it had been ascertained that the deceased was George Forch, a native of the province. The man's identity was established by C. M. E. Special Agent Culligan through tracing the baggage check.

The deceased who was about seventy years of age had been a town clerk here for some time. Last fall he went to Nova Scotia proposing to spend the winter there but returned about a month later. He was absent for a few days and then, so far as is known, started for Gaspé, leaving his trunk unclaimed in the baggage room at the depot. Enquiries were naturally made but nothing further was heard until the unfortunate man's body was found.

NORTH SHORE MAN DROWNED ON DRIVE

McGrath Carried into Water by Logs on Fraser's Drive on Burned Hill Brook

Nelson, N. B., May 14.—A young man named McGrath, who came from somewhere on the North Shore, but whose residence or Christian name are unknown here, has been drowned on the Fraser Companies, Limited, drive on Burned Hill brook, which empties into the Southwest Miramichi near its headwaters, according to word received at the Fraser Companies office here.

THREE MURDERERS PAY FULL PENALTY

Executed in Western Penitentiary at Sydney, Ky.

Sidney, Ky., May 13.—Three murderers were executed in the Western Penitentiary here shortly after midnight in the first triple legal execution in the state's history. They were Frank Thomas and George Walsh and Charles Miller, who were convicted of the murder of William Oney, and Miller was convicted of the murder of ten railroad workmen in Washington County, Tennessee and Miller confessed.

Made Eyelids Out of Patient's Arm

London, May 14.—(United Press)—A remarkable surgical operation has been successfully performed on a man at the Royal Infirmary, Liverpool, England. The patient, who was employed in a munition factory, lost both eyelids through the bursting of a tube of sulphuric acid seven years ago.

Seven weeks ago he entered the infirmary and the head surgeon made him new eyelids out of portions of skin taken from the patient's arm.

GOLFERS PREPARE FOR THE SEASON

Fishermen and Golfers Burnish Up Their Weapons For Favorite Summer Sports

Despite the backward weather spring must really be here for, in between the hours of duty, trout fishermen and golfers are unpacking their beloved weapons for favorite summer sports. Each is burnishing up his rod and reel or his golf club in anticipation of the delightful days to come.

Among the members of the Restigouche County Club the spirit of spring is also manifesting itself in an unmistakable way. A special meeting of the club will be held on Friday, May 16th, at 8 o'clock in Campbellton Curling Rink and at this gathering the organization for the club's activities during the coming season will be planned.

MYSTERIOUS SCL. IN THE BAY

It is Said No Such Vessel Was Seen Here—Was She a Boat Steamer?

The people all along the shores of the Bay between Robbinston and Grand Anse were surprised on Tuesday to see a large three masted schooner in the midst of great fields of drifting ice about midway across the Bay Chaleur. Word was sent to Collector of Customs Melanson of the vessel's plight, and the Robbinston Company's tug, the Betty D., steamed out of the harbor to see if any assistance could be rendered to the hapless ship which appeared to be lying signals of distress.

WORLD FLYERS WILL LAND HERE

Change of Plans for Landing Places of British Plane—Will be Here Next Month

St. John, N. B., May 5.—That St. John would not witness the Napier plane with Major Stuart McLaren, in command, land and take off from St. John next month on the famous round world trip, was learned today. Instead of St. John, the landing places, will be at Fredericton and Campbellton. This is in accordance with the air route laid down by the Canadian Air Board. The British machine is expected to arrive in New Brunswick some time next month. This plane will come to Fredericton then go to Campbellton, then to Sydney C. B. and from St. John's N.B., and then hop off for Ireland.

EXPECT RUSH OF TOURISTS IN NEW BRUNSWICK THIS YEAR

Secretary of N. B. Tourist and Resources Association so Far Has 70 Per Cent. Acceptances of 1,200 "Baby Drafts" Sent to 1,200 Provincial Business Men for \$1.

The New Brunswick Tourist and Resources Association has recently launched an extensive advertising campaign, in addition to their regular advertising, in various journals and periodicals of Canada and the United States. This campaign is meant to serve double purpose, that of increasing the membership of the association and also to advertise the beauty and the sport to be obtained in our province.

C. C. Avaril, of Sackville, president of the New Brunswick Association, has recently returned from E. I. where he has made arrangements with the Tourist Association of that province to advertise in conjunction with that of N. B.

These two tourist associations intend to advertise their attractive features in the newspapers of Montreal, Ottawa, Toronto, Boston, Detroit, Brooklyn and Chicago, and in 12 or 15 Canadian and United States magazines.

These advertisements will consist of special articles written by C. B. Allan, secretary-treasurer of the N. B. Tourist Association, and will deal with various phases of the work of the association and its object in advertising.

Special Town Campaigns
Special campaigns are being conducted in Moncton, Chatham, Newcastle, St. Stephen, Milltown, Campbellton and Edmundton. In all these towns letters, containing "baby drafts" for the sum of one dollar, payable to the St. John branch of the Bank of Nova Scotia, were mailed to the business men.

By the payment of one dollar these men became members of the N. B. Tourist Association for the year 1924. Payment of these drafts will furnish the association with money to carry on their advertising campaign, will assist the association in their effort to foster and develop the tourist business, the increase of which will mean greater prosperity for the province, the city or town, and the individual, it is argued.

It will mean that the business men have faith in their town or city and that they stand ready to do their duty in promoting the worthy and commendable work of the association, Mr. Allen says.

Approximately 1,200 of these drafts have been issued among these towns, and 70 per cent. have been honored to date. In St. John Mr. Allan issued 1,000 personal letters and is expecting the business men of the city to provide the association with more funds for their special campaign this summer.

Expects 60,000 to 70,000.
Last year 5,000 or more cars from the United States, Quebec, Ontario and the western provinces entered New Brunswick, and it is estimated that upwards of 40,000 tourist visited the province, by automobile, train and boat. This year the association has good reason to expect 9,000 or 10,000 cars and 60,000 to 70,000 north of New Brunswick, especially those around the Bay of Chaleur, tourists. The roads of the province will be in the best condition this year, and the inhabitants of the north of New Brunswick, especially those around the Bay of Chaleur, are awaiting their opportunities and building small though comfortable inns. They are beginning to realize that the tourist business is a remunerative one and they are vying with other localities in the province to attract tourists and hold them there for the season, Mr. Allan says.

During the trip, a general view of the section through which the northern transmission lines will extend was obtained. A survey of a road from St. Quentin to the Campbellton road, has been completed by the Provincial Public Works Department and should the road be constructed, it will greatly aid erection and operation of the transmission line in that district.

Along the International Railway, a large number of important settlements were noticed, with fine houses, beautiful farms and evidence of prosperity. The settlements include St. Quentin, Kedgewick and Hazen. This development has taken place in a few years.

DECLARES THAT ADVERTISING IS LIFE BLOOD OF BUSINESS

Montreal, May 8.—That advertising is the life-blood of business and that to attempt to conduct any enterprise or sell any article to the public without carrying on a campaign of advertising was synonymous with trying to travel across the continent in a train to which no engine was attached, were the smiles adopted by J. Allen Ross of Toronto to three hundred members of the confectionary, biscuit and chocolate industries of Canada, who met in their sixth annual convention here.

He stated that advertising and selling went hand in hand, and should be studied together. Once started advertising could not be stopped if the best results were to be obtained. Success in Canada must be obtained through intensive advertising and selling campaigns, Mr. Ross said.

"As a matter of fact" he said "there are very few failures in Canada where advertising is properly handled, backed by a good product, and a good selling force, and where the advertiser had the vision to maintain his drive over a sufficient period of time."

"A famous American once said, 'nothing pays as it should without advertising.' If you don't advertise you have automatically clamped the lid on your store of business. Stop the blood flowing through your veins and you know what happens. Advertising is the red blood of business."

"I could cite to you for an hour examples of concerns who thought they were right in stopping advertising when their article was a success. A famous advertiser was asked on a train going to California, why he didn't stop his advertising for a year and pocket the profit. He returned to his well meaning friend and said: 'what would happen to this train if you took the engine off?'"

HYDRO COMMISSION AT GRAND FALLS

Will Inspect Properties and Then Go to Campbellton and Bathurst

St. John May 10.—Additional survey parties for work relating to the Grand Falls power development, will be organized within the next fortnight, to inspect the properties of the Grand Falls and the northern transmission area, by Hon. Dr. E. A. Smith, chairman of the N. B. Hydro Commission, Hon. J. E. Michaud, member of that body, H. G. Acres, eminent hydraulic engineer, who is consulting engineer to the Provincial Government, in reference to the development, and S. R. Weston, acting chief engineer to the commission.

The party consisted with Premier Veniot, who is enjoying, at his home in Bathurst, his first real rest since the 1924 session of the Provincial Legislature.

Hon. Dr. Smith, Hon. Mr. Michaud, Mr. Acres and Mr. Weston arrived at Grand Falls on Wednesday afternoon last and viewed the proposed site of the development.

Mr. Acres had an excellent opportunity to inspect the falls under high water conditions, as the freshet is on a level above the average for freshets. It is not so high as last year, however.

On Thursday, by International Railway, the party traveled to Bathurst, where they met Premier Veniot, and held a conference with him. Plans were made, with the approval of Mr. Acres, for organizing the summer work, and two or three survey parties will be lined up as a result of the plans. Considerable snow in the woods and along the roadsides, to a depth of upward of three feet in sections, together with ice in some of the streams, would hamper surveying just at present. Mr. Acres left for Toronto Friday night and the other members of the party left for their homes the same night.

During the trip, a general view of the section through which the northern transmission lines will extend was obtained. A survey of a road from St. Quentin to the Campbellton road, has been completed by the Provincial Public Works Department and should the road be constructed, it will greatly aid erection and operation of the transmission line in that district.

Along the International Railway, a large number of important settlements were noticed, with fine houses, beautiful farms and evidence of prosperity. The settlements include St. Quentin, Kedgewick and Hazen. This development has taken place in a few years.

CANADA EASTERN CARS ROLLED OVER

Three Coaches in Wreck With 33 Passengers—Line Blocked for Night

Fredericton, May 10.—All three coaches attached to the Canadian National Railway passenger train en route from Newcastle to Fredericton last evening left the cars near Upper Blackville and rolled over on their sides; but despite this happening when the train was running at the usual speed nobody was injured, according to the railway's reports, which are corroborated by passengers. There were twenty-eight passengers on the train at the time, and the accident happened two miles from the nearest station with the train making its usual schedule time. The locomotive and tender were the only portion of the train to remain on the track. Frost coming out of the ground, which affected the roadbed and caused the rails to spread, is believed to have been the cause of the accident, although no official report has been made as yet because the cause had not been definitely determined.

WINNIPEG WOMAN BRUTALLY SLAIN

Body is Found by Her Boy When He Returns From School

Winnipeg, May 10.—Mrs. Kate Szuchylynski, aged 41, was murdered at her home in the north end of the city yesterday. The body was found by her young son when he returned from school. Two men, who were seen in the vicinity of the house during the afternoon, have been arrested.

The house, which is situated in the most brutal part of the city, was in great disorder; it had been ransacked from top to bottom in search for money, if a small sum was obtained, said to be only \$30.

The police declared it was one of the most brutal murders in the city's history. The woman, wife of a railway laborer, had put up a terrific struggle and was considerably bruised and battered about the head and shoulders. She had been bound, gagged and strangled and smothered to death.

The police refused to divulge the names of the suspects, but they said to be residents of the district where the crime was committed.

Cape Cove

On Sunday evening this vicinity was visited by a severe thunder and rain storm, causing damage to the telephone lines, and to the operation until some time Monday morning.

The Protestant school here was destroyed by fire, probably by lightning, about midnight. Although several willing hands endeavored to extinguish the fire it was beyond their control in a few moments. The loss was partly covered by insurance. The loss was about \$1000.

Mr. and Mrs. Le Bas and daughter left for Grand River on Thursday morning.

The first automobile out this season was Mr. S. C. Le Grand of Lamoan on Sunday.

Mr. Cecil Balleine who has been attending one of the Technical schools at Montreal, intends opening a garage here this summer. We wish him success in his new enterprise.

Tuesday afternoon's passenger train only arrived here at 8:30 A. M. Wednesday, having been delayed owing to a run off above New Port.

The S. S. Hochelaga with coal for the Bay of Fundy left on Monday morning. This is giving considerable employment to our railway.

The S. S. Gaspé Trader arrived here from Montreal Saturday morning and landed a big amount of freight.

Weather for the past week has been fine and the roads now are quite passable for our automobiles. Undoubtedly some of our young friends will now be able to visit their homes after an absence of a few weeks.

Miss Jessie Mahan returned from Montreal on Saturday evening.

Mr. W. Baker returned from Montreal on Wednesday.

Letter fishing for the past week has been fair, with herring plentiful. The S. S. Gaspé Trader is expected from Montreal on Tuesday.

MORE LETTERS OF CONGRATULATION

Hold Over From Last Week or Received Too Late for Publication in Anniversary Number

885 Alma St., Montreal, Que. May 7, 1924.

Mr. H. B. Anslow,
Dear Sir:

I always look forward to getting my Graphic on Saturday morning, to read the news of my home town. Wishing the Graphic every success.

Yours truly,
MRS. S. KOPELLA.

Campbellton, N. B. May 1st 1924

The Editor,
Graphic Limited,
Campbellton, N. B.

Dear Sir:

In view of the fact that you are about to celebrate the 20th anniversary of your connection with the "Graphic" it might not be out of place for me to congratulate you on the high standing of your paper. I have noticed a remarkable change in your paper during the past four years and I consider that you now rank with the very best country newspapers in Canada. Your encouragement to sport and boating at home is certainly worthy of praise.

Wishing you every success in the good work you are doing.

Yours very truly,
A. H. RUSSELL,
The Canadian Bank of Commerce.

Campbellton, N. B. April 29th, 1924.

Mr. H. B. Anslow,
Editor, The Graphic.

Dear Sir:

We take this opportunity, the occasion of the twentieth anniversary of your connection with the Graphic to express our congratulations and to wish you every success in the future. We can recall the days of the old "Events", the Graphic's predecessor, and have noted with interest your paper's yearly development.

We are grateful that we have such a medium in Campbellton to convey the news to those who are interested. During the time the boys were "across the water" the Graphic was the "Home Town Whiz Bang" and its arrival was looked forward to with even greater anticipation than were the packages of "smokes", etc.

As an advertising medium we have found the Graphic productive of very satisfactory results. We consider our advertising in its columns as having been very successful.

Wishing Mrs. Anslow and yourself the enjoyment of a holiday well-earned and a very pleasant trip to Europe.

Yours very truly,
FERGUSON & WALLACE.

Campbellton, N. B. April 30th, 1924

H. B. Anslow, Esq.,
Editor, The Graphic.

Dear Sir:

In reply to your request for some brief commentary on the Graphic after twenty years of service in this community I wish to convey to you my congratulations and best wishes for the future success of your paper.

As an advertising medium for my three stores in the province I have found the Graphic productive of excellent results. It is evidently a progressive weekly newspaper, and I might add that few weeklies which have come to my notice equal it in appearance, or news content.

With best wishes to Mrs. Anslow and yourself for your trip across the water, I remain,

Yours very truly,
THOS. J. DURICK.

Toronto, Ont. May 10, 1924.

H. B. Anslow, Esq.,
The Graphic,
Campbellton, N. B.

Dear Mr. Anslow:

We offer you our sincerest congratulations on your twenty years of very excellent and enterprising service to the people of Campbellton and District.

Sincerely,
Canadian Weekly Newspaper Assn.
E. BOY SAYLES,
Manager.

McNairn, N. B. May 13, 1924

The Campbellton Graphic, Gentlemen:

Enclosed is a sum of two dollars for paper from 1924 to 1928. Your paper is good and I hope your trip will be a pleasant one and to be remembered and looked back at with pleasant thoughts.

L. P. McNAIRN,

New Carlisle

Mr. J. H. Ormsby of New Carlisle has been engaged to teach school at this place next year. Mr. Ormsby holds a Quebec Province Teachers' Certificate and has had a number of years experience as a teacher. He has for some time been taking an extra course leading to a B. A. degree at the University of London, England. His friends wish him success both in his school work and in his private studies.

Douglstown

Douglstown, Que., May 10.—Through the scholarly influence of Right Rev. P. H. Ross, Bishop of the Diocese of Gaspé, it is understood that the Trappist Fathers will establish an industrial school for boys at Gaspé Basin in the near future. The Trappist Fathers whose specialty is agriculture and their monastery and beautiful farm of 1,500 acres are at Oka, P. Q., thirty miles above Montreal which is reached via Comoy by the C. P. R., whence a ferry-boat crosses the Lake of Two Mountains to Oka. Such an institute would be a great benefit to the Gaspé Coast.

Mr. Cosmos Foley has returned to Gaspé Basin to resume his summer's work with Robin Jones and Whitman, Ltd.

Mrs. Clarence Adams of Montreal is a patient in the Sanatorium at St. Agathe des Monts, Que. Mrs. Adams (nee Molly Le Quene of Gaspé Basin) has many friends in Douglstown who wish her an early recovery.

M. Boulet of Cape Ozo was in the village on Thursday enroute to Montreal.

The celebration of the Forty Hours Devotion was held at the convent chapel here during the week of April 27th. The order being low mass in the morning and benediction of the Blessed Sacrament in the evening at seven. To see the cleanliness and order that reigned about the beautiful little chapel during that time was sufficient to prove the service painstaking manner in which those good Sisters acquit themselves of their duty.

Mr. Ralph Gaul is building himself a large barn on the farm formerly owned by Postmaster Charles Veit who now makes his home with his son Mr. William Veit, manager of the John Fenderon Lumber Co. in Bayshore, P. Q.

Rev. Louis J. King, Protestant School Inspector for the counties of Gaspé and Bonaventure paid a visit to the schools of Brillant Cove, Sandy Beach and Haldimand, afterwards going on to Gaspé Basin. Rev. Mr. King was for many years Pastor of the Presbyterian Church at Point-a-Gauche, Que. He has devoted his entire time to the inspection of the schools in the two counties. He has another brother in the Ministry, the Rev. George K. King, who is stationed at Matapedia but now work in a foreign field in China.

Mr. and Mrs. Eudore J. Rooney (nee Maude Kennedy) now residing in Malcomville, formerly of Douglstown, are the proud parents of a baby girl born April 13th, this being their first child.

Spring seedling and cultivation is well advanced for this time of the year in this part of the province. However a great deal of land was ploughed in the fall and favorable weather would enable farmers to catch up with their spring work.

Mr. George Gaudin, of the Bank of Toronto staff in Gaspé Basin passed through here last week after visiting at his home in Cape Desperance.

Mr. Desjardins, Catholic School Inspector, was a visitor to Douglstown on Tuesday the 29th inst and visited the village schools.

Word has been received here announcing the birth of a son to Mr. and Mrs. Richard Keillor of Quebec some time ago. Mr. and Mrs. Keillor are well known here. Mrs. Keillor (nee Alice Sinnett) is an adopted daughter of Mr. and Mrs. John McAuley of this place and during her husband's absence to the great war (where he was promoted to the rank of Corporal and gained the coveted Military Cross) she resided here but since the termination of the war they have made their home at the Sentinel City of St. Lawrence where Mr. Keillor is still connected with the militia.

Miss Laura Walsh of Gaspé Basin is spending some time at her home here.

Rev. Mr. Robbins, Rector of the Anglican Church in Sandy Beach went to York Centre on Wednesday afternoon to conduct the funeral service of the little son of Mr. and Mrs. Abbie Patterson who died on Tuesday.

Miss Kezia Gaul arrived here on Saturday, this time in June. Rev. Father Kennedy made his studies at the Grand Sulpician Seminary in Montreal.

Mrs. Bryan Miller whose late husband was a native of these parts is at present in Goldburg, Sask., with her little son Graham where they have resided since last summer. Mrs. Miller (nee Mona Mollison) who has a fine home on Victoria St., Dalhousie, N. B., is a sister of Mr. Robert Neilson, pilot of that town.

Miss Mamie White of Montreal will spend the summer season at a guest of her parents, Mr. and Mrs. Michael White in Brillant Cove.

Mr. Ernest Baird was a visitor to Gaspé Basin on Wednesday.

Mr. Baird is a native of Douglstown and during the past season he was a guest of the Rev. Father Peter S. Le Pontaine, a former Gaspé boy, who since his ordination to the holy priesthood some four

Five Steamers Docked at Quebec the Last of the Week

Quebec, May 12.—Immigration, customs and other port officials were kept busy throughout Saturday morning handling the large number of passengers landed here by five steamers, which docked since 7:20 Friday morning, as almost 3,000 third class passengers, for the most part going to the prairie provinces, had departed on trains or were being attended to in the immigration building.

There was a party of 70 in the third class passengers of the C. P. Mont Laurier coming to this country in charge of the Salvation Army.

years ago, has been assistant at the church of the Nativity of the Virgin Ontario St. East, Montreal, is now transferred to St. Mary's Church, (corner Craig and Panet Streets) which is an English speaking parish where he will act as curate to the Rev. Father P. J. Brady, P. P.

No damage is reported from the first thunder storm of the season which passed over here on Monday morning, May 5th, between two and four o'clock. The lightning was, at times, very keen but no one minded it as much as usual on account of the more than welcome rain that accompanied it.

A large steamer the first to arrive in port since the opening of navigation is at the wharf in Sandy Beach. After discharging her cargo of coal which is for the Chouinard Pulp Co. of Chandler, she will load with sulphite pulp for the same company. The S. S. "Tremblay" also arrived on Thursday, this being their first trip of the season. The "S. S. Phillip T. Dodge" is expected at any time to load pulp for the St. Maurice Lumber Co.

DIED SUDDENLY IN LONDON

Sixth Earl of Ashburnham of Fredericton Passes Away Monday

Fredericton, N. B. May 12.—A cablegram this morning announced the death in London today of the Earl of Ashburnham (Thomas Ashburnham), who left here two weeks ago for England with the Countess of Ashburnham to visit his estates. A cablegram received on Saturday said that the Earl was seriously ill but added that his condition was improving. The deceased was the sixth Earl of Ashburnham and was in his 70th year, having been born on April 7th, 1855. He was the sixth Earl of Ashburnham, the first Baron Ashburnham being elevated to the peerage in 1689. He was married here to Miss Maria Elizabeth Anderson, daughter of the late W. H. Anderson of Fredericton, by whom he is survived. They have no children.

COURT DENOUNCES FATHER OF GIRL Laxity of Parents Cause of Girls Going Wrong, Magistrate Says

St. Catharines, Ont., May 13.—Magistrate Campbell yesterday delivered a scathing castigation to James H. Konkie of Beamsville. Clifford Reed Caldwell, aged 24, pleaded guilty of bigamously marrying Konkie's 18 year old daughter Pearl last December.

Caldwell admitted that in 1920 he had married Lillian Smith, daughter of J. R. Smith in Ottawa, and that he had informed Konkie, his prospective father-in-law of this marriage. He told him his wife had left him in 1922 and he understood she was getting a separation or divorce.

"And that's all the trouble you took in the matter?" observed His Worship to Konkie.

"Yes," he replied.

"Well, you're worse than Caldwell is, it's no wonder girls go wrong when parents are as lax as you appear to be."

OBITUARY
The late Mrs. Samuel Laughlin, the death of Mrs. Samuel Laughlin occurred at her home in Black Point, Bonaventure County, N. B., on Sunday morning, April 27th. Mrs. Laughlin had been in failing health for several weeks and her death was not unexpected. The funeral was held Tuesday, April 29th, regular high mass being celebrated by Rev. Father De la Garde in Wash Creek Church and interment taking place at Jacques River Cemetery.

From 1887 to 1923 the average annual value of Canada's mineral production was \$14,818,078. The mines did not amount to much in those days. There is an inspiring story concerning our mineral resources and the development during the years following. Here are averages for five-year periods specified:
1892-1896 \$19,918,000
1897-1901 40,270,000
1902-1906 69,624,000
1907-1911 84,589,000
1912-1916 144,771,000
1917-1921 189,547,000
In the year 1923 the value was \$184,397,000, but 1923 brought a new high level—\$214,819,888.

Who shall say what the limit may be on Canadian energy and enterprise, proceed to develop on a steadily increasing scale the mineral wealth of the country. From \$14,000,000 to \$184,000,000 in a twenty-one year jump. And Canada is but beginning to get its treasures out of the ground.

BRITAIN TO HAVE GREATEST RADIO

Will Have Most Powerful Station in the World, Near Rugby.
London, May 14—Great Britain is to have what is said will be the largest and most powerful radio station in the world. According to the Daily Mail, work is already in progress on a site of 900 acres at Hillmorton, near Rugby, where 16 masts 320 feet in height are being erected to carry the signals.
The station is designed to communicate directly with India and Australia, says the paper, although neither of these countries has any station as yet powerful enough to reply without relaying.

WEDDINGS

THEBRIHAULT-LEBLANC
A very pretty wedding and one of considerable interest was solemnized at the Church of Our Lady Of Snows yesterday morning at eight o'clock, when Miss Lucienne LeBlanc, daughter of Mr. and Mrs. John LeBlanc, was united in marriage to Mr. Dumas Thebriault formerly of the Magdalen Islands, but more recently of Campbellton.
Rev. Father Melancon performed the ceremony and the "Children of Mary" Choir rendered appropriate music.

The bride looked charming in a navy blue suit with fur and carried a bouquet of carnations and maiden hair fern. After the ceremony a dainty breakfast was served at the home of the bride's parents, to immediate relatives and friends. The bride, who was a popular Campbellton girl was the recipient of many beautiful gifts. The happy couple left on yesterday's Ocean Limited for a honeymoon trip through the Maritime provinces and on their return will reside in Campbellton.
Mr. and Mrs. Thebriault are followed by the best wishes of a host of friends.

The Man of the Hour

ROBIN HOOD means even more to the Housewives of Canada to-day than he did to the people of "Merrie England" centuries ago.

He is indeed the "Man of the Hour" when you want to bake nourishing bread.

At meal time Robin Hood makes it possible to serve those big round slices of strength producing Bread or plates of nourishing and appetizing Rolls.

Robin Hood stands forth as your guide—the quality mark on the great flour of greater Canada.

Recipes for Delicious Cakes and Cookies

Cakes that keep and cookies of various sorts, are very convenient to have in the house to use with afternoon tea, as a luncheon dessert with jam or stewed fruit, or as a dinner dessert with the fresh fruits that are now making their appearance in the spring markets at prices that make them possible even for the most careful marketer.

PINWHEELS
Into a pint of flour, put a tablespoonful of sugar, a half teaspoonful of salt and two teaspoonfuls of baking powder. Mix together, then rub in two tablespoonfuls of butter and add a half pint of milk. Flour the board and roll the dough into a large square about a half inch thick. Spread with soft butter, sift over it a cupful of sugar and a little grated nutmeg, then sprinkle it with a cupful of well washed currants. Fold over the points, pinwheel fashion, and bake the dough in a buttered, shallow pan fifteen minutes in a brisk oven.

SILVER CAKE
This is one of the old-fashioned, so called "delicate" cakes that were made, flavored with almonds, by most of our grandmothers. It is just as much of a treat today and may be flavored to suit any taste. Cream together a scant cupful of butter with a level two cupful of sugar. Grandmother used to cream the butter and sugar with her hand though it may be done with a wooden spoon. When creamed, add the stiffly beaten whites of four eggs, mix them well and add a small cupful of rich milk, then sift in two cupfuls of pastry baking powder. When these ingredients are well mixed and beaten light, sift in slowly, another small cupful of flour and add a teaspoonful of any liked flavoring. Lightly grease and flour the pan and bake the cake in a medium oven. When it is cool, frost it with a soft frosting. The yolks of the eggs may be used up in making a gold cake in the same exact proportions, only two whole eggs in addition should be used. All the yolks should be used together and the whites should be beaten separately. This makes a delicate as the silver cake.

GRANDMOTHER'S COOKIES
Cream to gether, three-quarters of a cupful of butter, a tablespoonful

of pure lard and two cupfuls of sugar. When they are creamed, work in slowly with the hand, five cupfuls of sifted flour, a saltspoonful of salt, a teaspoonful of baking powder, two well beaten eggs and a half cupful of rich milk. Knead the ingredients together, roll the dough on a floured board, sprinkle it with rose-water, unless vanilla has been added with a little grated nutmeg. Roll the dough thin, cut it in desired shapes and bake in a buttered, shallow pan in a brisk oven. Sometimes, these cookies are put together hot with a little jelly, then frosted for special occasions.

CINNAMON DELIGHTS
Cream to gether a scant cupful of butter and a cupful and a half of sugar, a tablespoonful of cream, three well-beaten eggs and a tablespoonful of baking powder in a cupful of flour. Mix these ingredients well, the add enough flour to make a soft, rolling dough. Roll the dough thin, cut in desired shapes, lay it on a buttered baking dish and dust it thickly with cinnamon and sugar. Bake the cookies as usual.

Season's Pasture Shorta About Buying Spring Lamb
Spring lamb is the only meat that rivals spring chicken as first favorite of the season, though it is also extremely popular. Before we go marketing for lamb let us learn just what pieces we want to cook and just how they should be cooked. The meat varies in different places. For instance, in the American market lamb steaks are not known sufficiently well to create a demand, but they are delicious, and we may have them if we insist. They are the large shoulder chops or large chops from the leg after the short chops are removed. These steaks, delicately broiled and served with peas, are a treat.

Lamb's sweetbreads are a Russian dainty that is unknown here. The tails are blanched, then put into a stew pan after being jointed, with one and a half pints of rich stock, a bouquet of herbs and seasonings, and cleared until tender. They are then allowed to cool in the stock and are lifted and drained. A batter is made and in it each piece is dipped, then fried in a medium oil. The bread crumbs are strained, boiled down, seasoned and thickened for gravy to use on the mashed potatoes served with the fried tails.

Lamb's sweetbreads are blanched parboiled in salted water for fifteen minutes and blanched again. They are then dipped into beaten eggs, rolled in fine, seasoned crumbs and fried to a delicate brown. The bread crumbs are smaller than calf sweetbreads and are considered by some more delicate in flavor.

Shoulder of lamb braised is an excellent spring dish. The shoulder is boned first, then larded well with larding bacon. It is placed in the large braise-pan on a bed of cut-up savory vegetables and sweet herbs and one and a half ounces of butter. Cover the meat closely and cook it in the oven for twenty minutes. Then a little stock should be added and the meat should be covered with a buttered paper. Replace the top of the dish and let the meat cook in the oven for two hours. All good gravy is made from the drippings with the addition of a little more stock, thickened with a roux made of browned flour. A few salted mushrooms are generally added to the gravy.

Breast of lamb is generally cut up for a stew. It is covered with water and has onions and one carrot sliced in with it. When the meat is done, sliced potatoes are added. When they begin to boil quick dumplings and the seasoning are added and then the stew is tightly covered for twenty minutes until the dumplings are done. The lamb is dished with a skimmer and the gravy is thickened and strained over the stew or into the gravy-boat.

Lamb salad is nice for a luncheon dish or to use for a Sunday night supper. It is made by dicing two cupfuls of the cold, cooked meat, either shoulder or breast, and adding to it a grate onion, a cupful of chopped celery, two tablespoonfuls of washed capers, half a minced pepper and a cupful of lettuce cut into ribbons. The salad should be tossed in a good mayonnaise made with mustard.

Grilled lamb chops are delicious and are not hard to cook at home. Take the meat from the bone of little rib chops, roll it and pin it with a wooden toothpick. Slip the rolls onto a buttered skewer and cook them over the broiler. Baste them once with melted butter. The slices of onion may be prepared in the skewers within a couple of slices of roll, and the onion will impart a savory flavor as the cooking goes on. This is a favorite Oriental dish, slices of tomato with the onion between the meat rolls.

(Continued from last week)

—Ten Cents a Bottle

I asked Sir William Ewen Stewart, of the Quebec Liquor Commission, why he put the second store in Valleyfield, and he answered: "The business was so large one store could not handle it. Queues of waiting buyers used to form and reach way down the walk, and that did not look well."

I talked with Mayor Dion, of Valleyfield, who keeps a big department store. He said: "It was stated officially in the Parliament of Canada last winter that five hundred and eighty thousand dollars' worth of liquors was sold from two stores in six months, and that 98 per cent. of it went to American smugglers. I believe that is true. We have four grocery stores that sell beer to families, and three bars. Our population is only three thousand; the population of the surrounding trade territory is only twelve thousand. What would we do with more than a half million dollars' worth of booze in six months? In that time our whole territory would not drink fifty thousand dollars' worth. It goes over the border by any one or all of a dozen roads from here."

Dr. S. W. LaRoche, former mayor of Valleyfield, said to me: "We do not drink whiskey in this town; we drink beer, and yet these two liquor stores sell as much as six thousand dollars' worth of whiskey a day. From nine in the morning until noon on a Saturday I have known one store to sell thirty-eight hundred dollars' worth of whiskey, nearly all to American run-runners. We have thirty or forty men who gave up their jobs in the factory to buy whiskey for smugglers, one bottle at a time, at ten cents a bottle for buying it. Winter does not stop the smugglers; they haul it in sleighs and sleighs them. A government report stated that when there was only one liquor store in Valleyfield the sales averaged seventy-eight quart bottles an hour for every hour the store was open, and there are eight towns along the border of Quebec with floods of liquor like that going out."

Since the United States went dry a big brewery has been built in Valleyfield. The machinery came from a brewery in Milwaukee that was put out of business by Prohibition. It runs at full capacity day and night, and the bulk of its product is smuggled across the border.

I went to St. John's, on the Richelieu River, a little over twenty miles from the border.

The landlord of the hotel in St. John's was telling me how the Province of Quebec had cleared four million dollars from the sale of booze in one year, and was spending three hundred and ninety dollars of it in building a fine road from St. John's to Roules Point across the border. "Well," he said, "the most of that money was brought in by American smugglers; why shouldn't we spend some of it for their benefit and give them a good road for their running?"

In Bedford, only six miles from the border, the commission was opening a new liquor store when I was there. That would make it easier for the six run-runners who lived there and had considerable invested in cars. They had been getting their booze from stores in Farnham, Granby and Waterloo, farther inland. The names of those six smugglers were given to me. Everyone knew the business they were in. One of them had a streak of bad luck last spring, when he accepted a worthless check for fifteen hundred dollars from an American bootlegger. That was a dead loss, of course, and a few weeks

later his car, with another load of booze was confiscated across the line, but the profit was so large that a man figures that if he can shoot four loads across safely he can afford to lose a car and load on the fifth trip.

A man who was formerly a runner drove me from east to west, sixty miles along the Quebec border adjoining Vermont and New York. "Do you think this run-running into the States will ever be stopped?" I asked him.

"You can't stop the water from running downhill," he answered. "As long as Quebec can make four million dollars a year selling booze to the States the river will run in that direction." (To be continued)

SEVENTY PERISH IN CAPSIZING OF BOAT
Tokio, May 13.—Seventy persons are believed to have perished as a result of the capsizing of the motor boat Kings-Mara near Keelung, Formosa, press dispatches stated today. One hundred persons, including passengers and crew, were on board.

LANDING OF UNITED EMPIRE LOYALISTS
A great celebration is to be held in Belleville, Ontario this summer, commemorating the landing of U. E. Loyalists at Adolphustown 144 years ago. This memorable event in Canadian history is to be strikingly celebrated during the week of June 14th. This picture, from an old print shows one of the boat loads of Loyalists landing in the Bay of Quinte in 1784.

Carnation Milk
"FROM CONDENSED COWS"

Twenty-five Years of Better Cooking

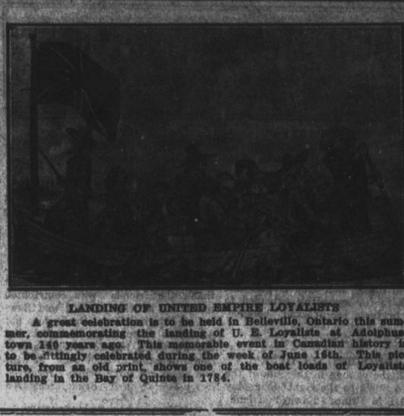

FOR twenty-five years the Carnation label has guided housewives to a pure and most convenient milk supply. Carnation is just pure fresh milk, evaporated to double richness, kept safe by sterilization.

Use Carnation in place of cream in coffee, or on cereals and fruit, etc. Use it diluted in tea, (one part Carnation, three parts water.) For milk of natural consistency for general cooking add a little more than an equal part of water. Order several tall (16 oz.) cans or a case of 48 cans from your grocer. Send for copy of our book of 100 tested recipes.

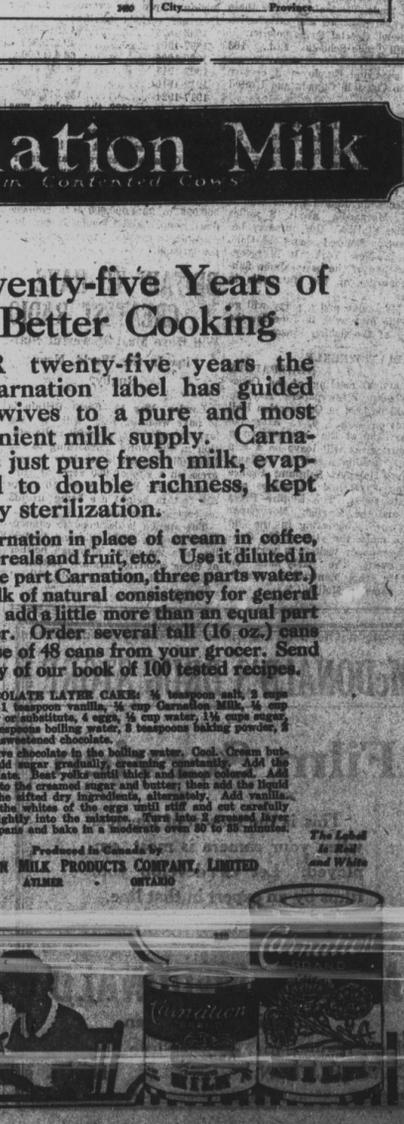

CHOCOLATE LAYER CAKE: 1/2 teaspoon salt, 2 cups flour, 1 teaspoon vanilla, 1/2 cup Carnation Milk, 1/2 cup butter or substitute, 4 eggs, 1/2 cup water, 1/4 cups sugar, 5 tablespoon boiling water, 2 teaspoon baking powder, 2 oz. unsweetened chocolate.

Discard chocolate in the boiling water. Cool. Cream butter, add sugar gradually, creaming constantly. Add the chocolate. Beat well until thick and lemon colored. Add them to the creamed sugar and butter; then add the liquid and the sifted dry ingredients alternately. Add vanilla. Beat the whites of the eggs until stiff and mix carefully and lightly into the mixture. Turn into 2 greased layer cake pans and bake in a moderate oven 20 to 25 minutes.

HEAD LEG FRACTURED

Bathurst, May 9.—Maurice, nine-
year-old son of Dr. C. J. Veniot, who
and his leg broken recently, was taken
to the Hotel-Dieu Hospital, Camp-
bellton. The lad was coasting on his
tricycle down the hill at the corner
of Douglas and St. George streets,
when another boy ran into him from
the side and upset him. An examina-
tion by the X-ray at Campbellton
disclosed that two bones were fract-
ured, but after being set the boy
was free from pain and has since
been making rapid progress toward
recovery.

treatment that has proved of such
great benefit to him.
"After all Tanlac has done for
me," said Mr. Mongeau, "I just feel
like wishing it to everybody. Eight
years of muscular rheumatism had
just about made a cripple of me. I
got to where I simply had to limp
around on a cane. My nerves be-
came affected, my sleep unquiet and
I felt completely knocked out."
"Six bottles of Tanlac, taken
eight months ago, made a new man of
me and I have no further trouble with
rheumatism, or my health, since.
My nerves are steady as a die, I
sleep fine and feel the same way.

MRS. MISENER'S AGES AND PAINS

Vanished After Using Lydia E. Pinkham's Vegetable Compound

"Branchton, Ont. - "When I wrote to you for help my ailment was mostly prompted by curiosity. I wondered if I, too, would benefit by your medicine. It was the most profitable action I have ever taken. I heartily assure you, for through its results I am relieved of most of my sufferings. I have taken six boxes of Lydia E. Pinkham's Vegetable Compound Tablets and a bottle of Lydia E. Pinkham's Blood Medicine, and I can honestly say I have never been so well before. I had suffered from pains and other troubles since I was fifteen years old, and during the "Great War" period I worked on munitions for two years, and in the heavy lifting which my work called for, I strained myself, causing pelvic inflammation from which I have suffered untold agony, and I often had to give up and go to bed. I had doctored for several years without getting permanent relief, when I started to take your medicine. - Mrs. GOLDWIN MISENER, Branchton, Ont.

ALL THE NEWS DALHOUSIE, THURSDAY, MAY 15, 1924. EVERY WEEK

PERSONAL NEWS

Mr. Edgar Shirley has moved from the Barbour Bungalow, near the Court House, to the Loggie house, formerly the home of the late Alex. Chisholm, on Brunswick St.

Ex. Alderman John Barbour, who sold his house on William St., to Mr. James Gould, has returned to his Bungalow and has added a radio, to the great pleasure of his promising family and many friends.

The numerous friends of Mrs. Alex. McKay, are glad to see her out after several days of illness. Mrs. McKay is one of the few residents of the shiretown at present, who belong to the old families of Dalhousie's past.

Mr. Charles Jones, who has been at Dalhousie College, Halifax, N. S., is at his home in Dalhousie, and will remain till the fall.

On Sunday evening a quiet but most enjoyable social gathering took place at the home of Mr. and Mrs. Frank Godin, it being the birthday of their only daughter Miss May Godin, the popular book-keeper and sales lady of the large store of Mr. Michael Rintzer.

Mrs. Albert Boudreau and her bright little daughter Rosa paid a short visit to their friends on Saturday at Bathurst.

Miss Cassie Roberts, Campbellton, returned to Dalhousie last week to again fill the position of sales lady in the Clifford Pharmacy.

Mrs. Clarence Edwards, Fleurant, P. Q., was a visitor to Dalhousie on Saturday.

Mr. R. E. Cullen, Carleton, P. Q., was a visitor to Dalhousie last week. He is one of the progressive members of Carleton's Municipal Council.

Capt. Frank Allard arrived in Port on April 21st with the S. S. Castellan, from Carleton, P. Q.

Mrs. Albert Savoys, Mrs. James Arsenault, Mrs. Vincent Harquail and Miss Annie Cimon, took charge successfully of the Tag Day Drive last week, for the Hotel Dieu Hospital of Campbellton.

The Misses Eva and Helene LaBilloy, Migusha, P. Q., were in town on Thursday, on their way to the Hotel Dieu Hospital, where Miss Helene LaBilloy is to be treated.

Miss Bernice LeBlanc, Campbellton, spent Sunday at her home in Dalhousie.

Mr. Edward Traverse and Miss Lillian Traverse of Maple Green spent the week-end in Dalhousie and were the guests of their relatives.

TWO LOCAL TEAMS CLASH

Opening Game of Baseball Season in Dalhousie on Saturday last

One of the first good base ball games of the season was played in McGregors field on Saturday evening. Yet a base ball league has to be formed.

The Windjammers, a team picked of local men defeated the counter salesmen by a score of 15 to 3.

L. Letourneau played a good game and much credit is due him. There was good support given him by the other members of the team.

The line-up were: Wind-Jammers Counter Salesmen D. Hayesall Short Stop A. Godin J. Harquail Catcher R. Roy L. Letourneau Pitcher E. Shannon A. Letourneau 1st Base F. Arsenau W. Brown 2nd Base H. Thompson M. Monzello 3rd Base H. Allain E. Allain

Herring Plentiful Here In the good old days it was often heard in the spring when the fishing began. "Good news for poor people fresh herring is coming". Lots of fresh herring were offered on the Dalhousie market last week, and it was encouraging to see a large boat loaded with lobster traps bound for Migusha, where our enterprising citizen, Mr. Donald McGregor carries on a lobster fishing. The lobsters are boiled, sold with shell, or canned in Dalhousie. Several hands get employment in the McGregor factory during the lobster season.

Alderman William and Mrs. Letourneau. Mr. Edward Traverse and Mrs. Ervine Menzies, the Misses Lillian and Vina Traverse motored to town from Maple Green on Monday evening, and spent the night in the entertainment in the Star Theatre.

Mr. E. R. Gaudet returned home on Saturday, and spent Sunday with his family.

Mr. Peter LeBlanc, Campbellton, who returned recently from England, was a visitor to Dalhousie last week, the guest of Mr. Louis J. LeBlanc. She was accompanied by her children and Miss LeBlanc, sister of Alderman Louis J. LeBlanc.

Mr. and Mrs. Albert Marley of Richardsville motored to Dalhousie on Sunday to visit their friend Miss Agnes McGovern, who had spent the winter months in St. John, N. B.

Mrs. A. G. McKenzie was a visitor to Campbellton last week.

Mrs. Walter Marquis paid a short visit to her old home in Dalhousie recently.

Mr. D. A. Stewart, M. L. A. and Mrs. Stewart were visitors to the shiretown on Sunday.

Mr. C. S. O. Crockett of "The Tribune", Campbellton, was in town on Sunday.

Mr. and Mrs. Flewelling, Hampton, N. B., arrived in Dalhousie a few weeks ago to visit their daughter Mrs. G. S. Grimmer. Many friends will regret to learn that Mrs. Flewelling has been quite ill in Dalhousie.

James McKenzie, of Shigawake, Que., arrived in town on Tuesday of last week, to resume his work with the Dalhousie Lumber Company.

In the name of Miss Nancy Mercier, of this town, appears in last week's issue of the Royal Gazette, as that of an applicant for a retail license under the Intoxicating Liquor Act.

John A. Bissett, D. A. Stewart, M. M. Mowat, Joseph Tenner and H. W. Harper, of Campbellton, were recent visitors to the shiretown.

The members of the Soldiers' Memorial Hospital Aid were entertained by Mrs. Coleman at the Rectory on Tuesday evening. There was a record attendance.

Mrs. Geo. A. Vye Word has been received here of the death of Mrs. George A. Vye which took place at Digby Thursday evening. Mrs. Vye is the mother of Mrs. A. J. Lutz, of Moncton, who was with her when death came. Mr. A. McG. McDonald of Campbellton is a nephew of deceased.

PREPARING FOR ANNUAL BAZAAR

Ladies Collecting and Doing Other Preliminary Work - To be Held in June

That preparations are being made at Upper Charlo, for the big Bazaar, to be held in June, for the fund of the pretty R. C. Church, is evident by the fact that Mrs. Herman Giroux and Mrs. Arthur Levesque, were in Dalhousie last week collecting. Both ladies are candidates, in what is generally known as a Bazaar election.

Both are former teachers. Mrs. Giroux, formerly Miss McIntyre, of Mountain Brook, was one of our good teachers, when schools were first opened in the new sections of Restigouche Co. Mrs. Levesque, formerly Miss Babineau, is a native of St. Louis, Kent Co., N. B. and taught successfully in the county also, and has become one of our own.

Both ladies are industrious and have many friends, who will generously support them in the approaching contest.

TWO MILLS OPEN AT DALHOUSIE

At Least 150 Men Began Their Summer's Work on Monday Morning

At least 150 men began their summer's work on Monday morning, when the whistles of the Dalhousie Lumber Co.'s big Running Mill, on the lower beach, and the large Shingle Mill, on the upper beach, were heard at an early hour.

It is expected that the P. Q. Lumber Co's large Mill will soon be sawing, and as soon as the additions are completed by the Sydney Lumber Co., to their mill, over 400 working men of the town, will be employed in our four mills.

There is consequently every appearance of a busy summer in the shiretown.

On Saturday evening many of our citizens watched the approach of the first large vessel to enter our safe harbor this spring, when a large full rigged ship sailed serenely into port after conquering the stormy Atlantic.

LOCAL NEWS

Heavy Ice in Bay On Friday, the bay from New Mills across to the Quebec shores, was packed with drift-ice for several miles.

Arthur E. Coleman has returned home from Halifax to spend the summer in the employ of the Dalhousie Lumber Company.

J. A. Hamilton, of Moncton, was a visitor to town last week.

W. E. Fuller, who is a student at Wycklife College, Toronto, was a guest at the rectory on Sunday and Monday. On Sunday evening he preached in St. Mary's Church.

Arbor Day The School Inspector of District No. 1 has appointed Friday next as Arbor Day in the public schools of the county.

From Friday to Monday inclusive, canvassers for the Hotel Dieu Hospital were busily engaged in tagging for that excellent institution.

Mrs. Sarah Brown, of Jacquet River was the guest of Rev. R. J. and Mrs. Coleman at the rectory for several days last week.

Mill Sewing The big mill of the Dalhousie Lumber Company began cutting for the first time this year on Monday 12th which date is several days earlier than last year.

Ice in the Bay of Chaleur: The French vessels were driven up the Restigouche near where Campbellton now stands.

On Sunday morning a large foreign vessel anchored in the Port of Dalhousie, and again fancy brought one back to the times when the shiretown teemed with life during the Summer, on account of the numerous ships which came to be loaded.

DEAD SEA COVERS TWO SINFUL CITIES

Xenia Expedition Finds Sites of Sodom and Gomorrah of Bible Days

St. Louis, May 12.—Evidence of the existence of a Canaanite civilization of the early bronze age, dating about the 20th century, B. C., has been found by the Xenia expedition in a tour of the Dead Sea Region of Palestine, Dr. Melvin G. Kyle, head of the party said in a letter received here.

Dr. Kyle, who is president of Xenia Seminary here, declared his explorations also had tended to confirm the judgment of earlier investigators that the two cities of Sodom and Gomorrah, which, according to Biblical accounts were destroyed by fire and brimstone, are buried beneath the Dead Sea beyond the power of men to discover them.

Although suggestions have been made that divers be sent down into the Dead Sea to recover something from the two cities beneath its surface, Dr. Kyle scorns the idea, declaring the rushing waters of small rivers have brought down alluvial deposits that have been filling in the bottom of the sea, making the work of divers exceedingly difficult if not impossible.

NEW PROCESS OF FREEZING FISH

Object of James Conlon's Visit to Halifax—Making Exhaustive Trials

St. John, May 10.—On his way to Halifax where he is to examine a new process of freezing fish, which if successful, will revolutionize the marketing of sea food caught in Maritime waters and shipped to Upper Canada, James Conlon, editor of the Canadian Fisherman and Secretary of the Canadian Fishermen's Association, arrived in the city this afternoon from Montreal.

Already it has been tried out successfully, a cargo of cod, hake and other fish having been brought to land and shipped from Halifax to Toronto a week ago last Tuesday, arriving in better condition than had ever been accomplished before.

PULPWOOD BOARD EXPENSES \$48,000

Report Shows Cost of Running Commission up to March 18.

Ottawa, May 13.—A return has been brought down showing that the cost of the Pulpwood Commission to March 18, has been \$48,000. During the time it has been taking evidence the Commission has examined nearly 400 witnesses, besides receiving petitions and representations from many unable to attend.

The return contains a letter from H. R. McMillan, lumber manufacturer of Vancouver, who relates a conversation with Colonel W. B. Greely, Chief Forester of the United States. When in Vancouver with President Harding's party in 1923, asked if there was any reason why the export of logs from Alaska to British Columbia was prohibited, he is quoted as saying that they wanted to keep the timber in Alaska in the same manner as Canada proposed keeping her timber at home in Eastern Canada.

Beautiful and Good

The sweeping acceptance of the Oldsmobile Six Sport Touring can be explained in one sentence—we're giving people high quality, physical beauty, six cylinders, real comfort for five, complete equipment, and low price.

This car would have to be priced much higher but for this fact—it is the joint product of Oldsmobile and General Motors. Oldsmobile's immense plants and quarter-century of experience plus General Motors' great purchasing power, big experimental laboratories, and its staff of experts establish a manufacturing advantage that is reflected in the price of the Sport Touring. No car of like quality has ever sold at a price so low. See it at our showroom. Ride in it. Drive it.

RAISING THE GERMAN FLEET

Work Will soon be Undertaken, But Will Take Eight Years to Complete Job

The work of raising the sunken German fleet at Scapa Flow is to be undertaken by Messrs. Cox and Danks of London and Sheffield, G. B.

"This is our first effort in salvage work," their Sheffield representative stated to a reporter, "and we hope within eight or nine years to bring to the surface and send to our breaking yard at Queensborough about 2,225,000 tons of sunken vessels."

He added that 30,000 pounds had been laid out as a first cost in providing machinery and plant to begin this gigantic task. The first shipload of appliances has reached Scapa Flow, but actual work will not begin until the arrival of an ex-German submarine floating dredger dock, which, it is expected will be ready for towing there immediately.

This dock, which has been altered to meet the special requirements of the undertaking, will at Scapa Flow be cut in two, and half will be placed on each side of the first vessel to be raised.

Large grappling hooks will be dropped over a parallel line pulleys. These will grip the submarine's port-holes or other convenient parts, and as the hauling machinery to be employed is capable of raising 4,000 tons the firm anticipates that the submarine will be brought to the surface in a fortnight. Following this will come the raising of the Hindenburg. This battle cruiser, weighing 27,000 tons lies in 36 feet of water. It is hoped to bring her to the surface on Christmas.

Every port-hole, hatch, and other opening is to be sealed by divers. Vertical steel tubes extending from the surface are to be fixed, and down will be lowered motors which will pump water from the sunken vessel, which will then gradually rise.

APRIL FIRE LOSSES SHOW AN INCREASE

Toronto, May 8.—Fire losses in Canada in April are estimated by the Monetary Times at \$2,614,460, compared with \$2,452,200 in March and with \$2,380, 500 in April last year. The total for the first four months is \$12,356,525 against \$13,485,900 last year.

Newcastle, May 13.—By a vote of almost two to one Newcastle today endorsed the action of the Board of School Trustees in increasing accommodation at Harkin's Academy and authorized the issuing of \$50,000 worth of debentures for school purposes. There was considerable activity on both sides and the vote stood: For issuing debentures, 211; against issuing debentures, 110.

FORTY COMMERCIAL FAILURES IN CANADA

Toronto, May 10.—Forty commercial failures were reported throughout the Dominion during the week ended yesterday compared with 37 for the same week of 1923 according to the report of R. G. Dunn and Company today. One failure in Nova Scotia was the only one east of Quebec province in which thirteen failures occurred. Ten failures occurred in Ontario, five in Manitoba, six in Saskatchewan, one in Alberta and four in British Columbia.

PLUCKY GIRL SEEKS TREASURE

Margaret Naylor, Diver, Goes After Wealth of Sunken Galleon

Scotland, May 12.—Miss Margaret Naylor, the first woman deep-sea diver, has arrived at Tobermory, on the west coast of Scotland to renew the efforts to solve the Spanish treasure ship Admiral of Florence, which was sunk there in November, 1588.

Commander Young, an experienced naval officer, is assisting Miss Naylor, and both are confident that it will be possible soon to decide what machinery will be required to raise the vessel.

Miss Naylor has been specially trained for the work by Colonel Fosse, who in 1919 succeeded in locating the wreck of the treasure ship after years of search. A subsequent injury, which he received in an accident rendered the colonel unable to continue diving work himself, so he determined to train Miss Naylor to take his place. She has already made several descents at Tobermory, and added much useful information as to the galleon's position.

"It ought to be a fairly simple job now," he said. "Miss Naylor has discovered that the vessel's poop lies under three feet of clay, and a couple of days will suffice to clear this away. It will then remain to get into the ship by sluicing the mud and sand out of her. When this has been done a better idea can be formed as to the best means of raising the ship to the surface. Miss Naylor is a plucky girl, and I wish her every success in her treasure hunt."

Reported to have 30,000,000 golden pieces of eight aboard, the sunken galleon has hitherto defied every attempt at salvage. In the early seven ties of the last century a map was found in a forgotten corner of the Argyle library at Inverary, on which was a place specially marked "Spanish wreck". Since then many attempts at salvage. In the early seventies Colonel Fosse succeeded in recovering from it powder, diars, coins, cannon balls, and other relics.

DRYLY SPEAKING

"What worth you say," began a voluble prophet of woe, "if I were to tell you that in a very short space of time all the rivers of this country would dry up?" "I would say," replied his patient friend, "go thou and do likewise."

THEIR AIRPLANE STRUCK MOUNTAIN

Details of Escape of U. S. Round-the-World Flyers Received.

Cordova, Alaska, May 14.—(The Associated Press)—Major Frederick L. Martin and his mechanic, Staff Sergeant Alva L. Harvey, who were missing since April 30 when they left Chignik in their round-the-world flight, were reported safe at Port Moller, Alaska, on Sunday, a radio message says.

Plane struck a mountain near Port Moller an hour and a half after leaving Chignik. Although the ship was completely wrecked, neither of the aviators was hurt. Port Moller is 199 miles west of Chignik.

The aviators owed their existence, the radiogram said, to "concentrated food and nerve." Exhausted, the flight commander and his mechanic finally reached a trapper's cabin at the southernmost point of Port Moller Bay, on the morning of May 7. There they found food and regained sufficient strength to walk the beach three days before they were rescued.

CONSOLIDATED SC SCHOOLS

Four Schools and 1100 Pupils Concentrated at One Success—Student in School Work a Apparent—Some

In view of the significance of the consolidation in this period of advancement in the province the consolidation of the four schools in the County of Cumberland has taken place to improve the progress made in the consolidation of the four schools, one which would undertake these last year, after much objection to the consolidation, apparently, it is clear that the progressive rural schools of better quality facilities has proved so successful that our representative made an effort to secure some information about the progress of the consolidation. After much inquiry we have the following detailed account of the progress made and the results of the consolidation. It is to many and of great interest to the inhabitants of the County who are anxious to secure of education support advanced as it should be.

Four schools in Cumberland County are now in operation. The four schools are: St. John's, St. Paul's, St. Peter's and St. James. The consolidation of these four schools into one school is a great success. The consolidation of these four schools into one school is a great success. The consolidation of these four schools into one school is a great success.

Need Was Ur

Although these are the first seven grades with very indifferent of the country was a waste people not wealthy the could not afford to be schools open every and sometimes two closed. Sometimes the would be kept open on each. Then as teach functional training of those who held no or qualified teachers were good. The children were preserved pieces of the children was wrong with the young people but they the right of training be the bright of last.
