BOLSHEVIK PEACE OVERTURES TO BE CONSIDERED BY THE POLES

DUTCH SOCIALISTS ADVOCATE THE INTERNMENT OF COUNT HOHENZOLLERN

FLAMES TOTALLY DESTROY EGERTON ST. BAPTIST CHURCH IN EARLY HOURS OF MORNING

Damage of Over $50,000 Done, With Insurance of Only $20,000—Cause of Blaze Remains Mystery, As Only Small Fire in Furnace—Department Is Delayed At Crossing.

Fire, which broke out shortly before 4 o'clock this morning, wrought complete destruction to the Egerton Street Baptist Church, Egerton street and the Hamilton road. The loss will be about $30,000, but according to prominent architects it will cost between $50,000 and $60,000 to replace the church, which was erected in 1912. The structure was insured for $20,000.

The cause of the fire appears to be a mystery, as according to Rev. A. C. Bingham, pastor of the church, the main electric switch leading into the church was thrown off on Friday night. A small fire was left in the furnace, and Mr. Bingham is sure that the blaze cannot be attributed to an overheated furnace. The regular weekly choir practice was held in the church on Friday evening, and according to choir members, everything appeared to be all right at 10 o'clock, when the switch was thrown off and the church locked.

Blaze Discovered.

The blaze was discovered by Mr. McDermid, an employee of the G. T. R. roundhouse, at 3:45 o'clock. He immediately turned in the alarm from Olsen's grocery store, and the two companies of the department were on the scene in a few minutes. No. 1 company and the service truck were held for nearly five minutes, according to Chief John Aitken, by passing G. T. R. freights.

When the firemen arrived on the scene the basement was a mass of flames, and smoke was pouring from the upstair windows. Several streams were immediately played into the blaze, but within a few minutes the entire upper part of the church was ablaze. The fire was exceptionally difficult to fight during the first 45 minutes, but then the roof collapsed, and was followed a few minutes later by the falling of the gable in the rear wall and part of the wall. The collapse of the roof made the blaze easier to fight, and by 6 o'clock it was completely extinguished, except for a few smoldering embers.

Cannot Find Cause.

Fire Chief John Aiken stated this morning that the fire originated in the basement, but he was unable to advance any theory as to what the cause might be. The blaze had made great headway when the department arrived, the chief stated.

Rev. A. C. Bingham stated that the fire was a severe blow to the congregation, which consists almost entirely of workingmen. By making great sacrifice, the pastor said, the congregation had just completed the payment of the first $10,000 of the church debt. He hoped that the insurance would take care of the remainder of the debt, and the congregation must now start at rock bottom again.

Window Is Lost.

Mr. Bingham regretted the loss of the Memorial Window, erected to the members of the congregation who were killed in the war. The window collapsed along with the roof, and the tablets of the church were destroyed by the flames. Two gables and two towers are left standing today, but inside the church is one mass of embers.

Through the courtesy of the Orangemen the services will be held as usual tomorrow in the old church, which is now used as a meeting place for the Orange lodges.

Rev. A. C. Bingham will preach three sermons, the keynote of which will be "Fire." In the morning he will take for his subject, "Tried by Fire," in the afternoon, "Saved in the Fire," and in the evening, "Baptized by Fire."

Mr. Bingham believes that work on the reconstruction of the church will be commenced immediately. One citizen, who is not a member of the church, telephoned the minister this morning that he would donate $300 to the reconstruction of the church.

Delegates to Western Ontario United Boards of Trade Convention Held Here This Week

IVENS INDICATES LINE OF DEFENCE TO BE FOLLOWED

Declares Socialists and Labor Party Could Not Have Conspired.

WERE ALWAYS FIGHTING

Members of Royal Northwest Mounted Police On Stand.

Winnipeg, Feb. 7.—By Canadian Press.—That the socialist party and the labor party had always been fighting each other, and that, therefore, they could not be accused of entering into a seditious conspiracy, is apparently going to be the line of defence in the trial of the seven strike leaders.

This was indicated at last night's session by Rev. Wm. Ivens, one of the accused, who read extracts from exhibits with the object of making clear the antagonism between the socialist party and the labor party.

It is probable that the night sessions will be discontinued in a short time. From questions put by the jury it was clear they thought as good progress could be made with the trial with just two sessions a day. A feature of the afternoon session was a statement by Mr. Justice Metcalfe, regarding returned soldiers and disloyalty. "If a returned soldier acts illegally," said his lordship, "he is entitled to no sympathy. The fact of his being a returned soldier makes no difference in court. When a returned soldier is disloyal he is really a worse man than if he had not been a soldier."

Among a number of Royal Northwest Mounted Police, men who were on the stand today, was Sergt. McLaughlin. He stated that when in conversation with Ald. Heaps and R. E. Bray, the latter told him the strikers were not worrying about guns; that they had three or four thousand men fully instructed to turn out and get into the citizens' cars which would take them to the barracks, where they would get the guns and turn them on the Royal soldiers when the strikers "would have the whole works."

SCRUB BULL CAMPAIGN DISCUSSED BY ONTARIO CATTLE BREEDERS' ASSN.

Toronto, Feb. 6.—The scrub bull campaign which is in progress in six counties in Ontario formed the chief topic of discussion at the annual meeting of the Ontario Cattle Breeders' Association here today. President Gardhouse said the association had been reorganized two years ago so as to be able to secure a government grant in support of its work for the benefit of the cattle breeding industry in the province.

The grant then made was $500, but a year ago when the association decided to take a hand in the scrub bull campaign the grant had been increased to $1,500.

The officers of the Ontario Cattle Breeders' Association elected for the ensuing year are: President, John Gardhouse, Weston; vice-president, W. H. Cherry, Hagersville; secretary-treasurer, R. W. Wade; directors, D. O. Bull, Brampton, and John McKee, Norwich.

Rapid Increase In Birth Rate of French Republic

France Has No Fear of Being Depopulated, Says U. S. Ambassador.

New York, Feb. 7.—France has no fear of being depopulated in view of her greatly increased birth rate, Ambassador Jusserand declared in an address last night at the annual dinner of the Alliance Francaise. He said the rapid increase in births had made it necessary to build additional maternity hospitals.

The ambassador told of the progress made in restoring the war devastated regions of France. He said that out of 4,500 schools destroyed during the war, 3,000 had been rebuilt.

RUSSIAN COUNTESS COMMITS SUICIDE IN LAKE GENEVA

Body Bedecked With Jewels When It Is Found.

Geneva, Feb. 7.—Countess de Heinrichen, a member of the Russian colony at Montreux, and formerly maid of honor to the dowager empress of Russia, has committed suicide by drowning in Lake Geneva. Her body, still decked in valuable jewels, was found floating in the lake off the town of Villeneuve, near the upper end of the lake.

Russians who have arrived here recently by way of Sweden and Germany say a former minister of justice, Spitzberg, has been installed in Petrograd as "breaker of marriages." He is said to be granting from 500 to 600 divorces a week, no investigation being necessary. All that appears to be required is the signature of the person desiring freedom from matrimony.

LONDON TIMES PLANE ARRIVES AT ASSUAN, 425 MILES UP NILE

Trip Across Africa Will Be Continued Today.

Cairo, Feb. 7.—The aeroplane owned by the London Times, which left here yesterday morning on the first stage of its trip to Cape Town, landed safely at Assuan, 425 miles up the Nile, after flying for seven hours, including a stop of 90 minutes to repair a leak. It will start from Assuan for Khartum today.

What's Doing Tonight?

THEATRES.

RUSSIANS DEPARTING FROM EAST SIBERIA ARRIVING IN JAPAN

Officers and Families Reach Japanese Harbor On Warships.

SIEGE IS PROCLAIMED

Vladivostok Believed To Be Under Control of the Bolsheviki.

Tokio, Tuesday, Feb. 3.—Russian officers who have been serving at Vladivostok under the command of Gen. Rozanoff, governor-general of the Russian maritime provinces, have arrived with their families in Tsuruga aHrbor, on the southern coast of Japan. They were on board two Russian warships which entered port early today and their arrival, which was unheralded, appears to indicate an exodus of Russians from the eastern part of Siberia.

Reports received last night reflected a bad state of affairs in Vladivostok, and it appeared the Bolsheviki had assumed control of the country up to within a short distance of the city. Nikolsk, 40 miles north, was in the hands of the Reds at that time, and American forces along the railroad between that place and Vladivostok reported encountering units of the soviet army. A state of siege had been proclaimed in the city, and further reinforcements of Japanese troops were expected. More recent advices stated revolutionary forces had occupied Vladivostok, January 31, and that the allied missions which had been in the city had left, going westward over the Trans-Siberian Railroad in the direction of Harbin. Nothing was reported as to the flight of Russian officers, which may vindicate the wholesale desertion of Russian Government troops or their disposition. If this should prove to be the case, the only considerable anti-Bolshevik forces in far eastern Siberia would be Japanese and Americans.

U. S. MARINES INTERVENE.

London, Feb. 7.—American marines at Vladivostok intervened when Japanese soldiers attempted to prevent revolutionary troops from capturing Gen. Rozanoff, Russian governor-general, when the city was captured by the Reds, according to a Vladivostok dispatch to the Mail. The message, which was dated last Sunday, stated Gen. Rozanoff finally escaped and took refuge on a Japanese cruiser in the harbor.

Describing the capture of the city, the correspondent says the first revolutionists entered by stealth, seized the street railway and used the cars to carry them up the main street to the house occupied by Gen. Rozanoff.

When they tried to surround the building, the Japanese blocked the way, but the officer of an American marine detachment announced he would not permit interference. The Japanese then withdrew, and all foreign forces observed a neutral attitude subsequently.

MONTENEGRIN INSURGENTS AND SERBIANS FIGHTING

Paris, Feb. 6.—The Monetegrin foreign affairs committee, the headquarters of which is at Neuilly, today issued a communication in which it asserted that fighting between Montenegrin insurgents, and the Serbians is incessant. The Serb occupation authorities, the statement adds, were deporting Montenegrins wholesale in Macedonia and the Montenegrin government has protested to the powers.

In recent fighting around Podgoritza the communication declared, the Serbians lost 150 men killed and 300 made prisoner, and three cannon and six machine guns. The Serbians evacuated Podgoritza and burned several villages.

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 33; lowest, 19.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 28; lowest, 25.

POLES WILL CONSIDER PEACE PROPOSALS FROM BOLSHEVIKI

Allied Governments To Enter Objections If Poland Regards Latest Bolshevik Note As a Basis For Peace Negotiations.

Warsaw, Feb. 6.—Peace overtures by the Soviet Government of Russia will be considered by the Polish Government, according to a dispatch sent to M. Tchitcherin, Bolshevik foreign minister, by Stanislaus Patek, Polish minister of foreign affairs, today. M. Petek's reply follows:

"The Polish Government acknowledges the receipt of the wireless declaration of the Government of the Russian Soviet republic, dated January 29, 1920. That declaration will be considered and the answer will be communicated to the Russian Soviet Government."

ALLIED NATIONS WILL OBJECT TO BOLSHEVIK NOTE AS A BASIS

Warsaw, Tuesday, Feb 7.—Allied nations would enter objections if Poland regarded the latest Bolshevik note as a basis for peace negotiations with the Soviet Government, according to a report submitted by Stanislaus Patek, minister of foreign affairs, to Gen. Pilsudski, chief of taft, following the minister's return from London and Paris. M. Patek says the Allies will willingly give Poland any necessary directions for possible peace negotiations and reports the allied governments seem to favorably consider the Russian policy recently announced by Premier Lloyd George. Premier Millerand of France is asserted to be thoroughly in accord with Mr. Lloyd George. Warsaw papers favor opening peace negotiations as soon as possible.

WILL SPEND CLOSE TO A MILLION TO EXTEND PLANT IN PETERBORO

Peterboro, Feb. 7.—Senator Frederick Nicholls, head of the Canadian General Electric Company, met the city council here last evening and announced that the company was prepared to expend on new buildings and equipment in Peterboro between $800,000 and $1,000,000. This will include a moulding shop. Work is to commence on the new buildings in January, and when completed will add between a million and a million and a half to the company's Peterboro payroll. In consideration for these extensions the company is seeking a ten-year extension of its preset fixed assessment of $150,000.

URGES AN INVESTIGATION.

Vancouver, B. C., Feb. 7.—British Columbia boards of trade in session here yesterday, decided unanimously to ask the federal government to appoint a committee to investigate the Oriental situation in this province.

Returned Officer Knocks Gun From Hand of Bandit

Col. Saladerry Uses Walking Stick With Good Effect.

Ottawa, Feb. 7.—Accosted by a hold-up man on Kent street, near Gladstone avenue early this morning, Col. Rene de Saladerry, formerly commander of the 230th Ottawa Battalion, frustrated the attempt by knocking the gun down with his walking stick. Col. De Saladerry completely overpowered his assailant, but the latter escaped by squirming out of the colonel's grasp.

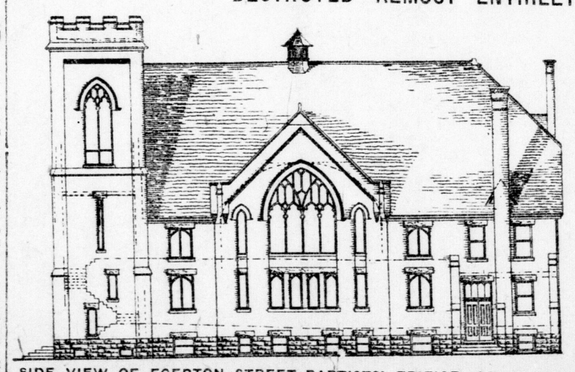

Col. De Saladerry, who went overseas first with the Second Battalion, is local officer in the department of justice.

JUDGE LANGELIER OF QUEBEC FOUND DEAD IN HIS BED TODAY

Eminent Jurist Passes Away During His Sleep.

Quebec, Feb. 7.—Hon. Judge Charles Langelier of the court of sessions, died suddenly last night. He passed away in his sleep, and his dead body was found in bed when his family went to awaken him.

CHURCH WHICH BLAZE HAS DESTROYED ALMOST ENTIRELY

SIDE VIEW OF EGERTON STREET BAPTISTS' EDIFICE AS IT WAS YESTERDAY.

BRITISH NEWSPAPERS URGE CUTTING DOWN OF U. S. PURCHASES

Exchange Situation Is Attracting Great Deal of Editorial Comment.

ADVOCATING ECONOMY

Increased Production Will Greatly Improve Exchange Crisis.

London, Feb. 7.—More editorial attention is attracted to the exchange situation than to the demand for the extradition of Germans accused of war crimes. Several newspapers discuss the situation, especially in reference to cotton, the suspension of imports of which is declared in some quarters to be "an excellent example, which it may be hoped other traders will follow."

Elsewhere it is regarded as a dangerous remedy and fear is expressed that its cost will eventually fall on British consumers. Some newspapers call upon the public to buy as few American goods as possible, remarking there are many things imported from America that could be easily dispensed with temporarily, it being pointed out that whiskey, canned fruits, vegetables, chocolates, golf balls and motor cars fall in this category. They have figured conspicuously in recent trans-Atlantic imports.

The doctrine calling for increased production and universal economy is again vehemently preached, journals reiterating the assertion that public and private expenditures continue on a scale, which, if continued, must lead to financial disaster.

PARIS NOT TO BLAME.

Paris, Feb. 7.—Assertion was made today that the Paris market has nothing, or little, to do with the fluctuations of exchange quotations and the upward trend of the dollar and sterling, by Julien la Ferrier, cashier of the Bank of France, whose name appears on every Bank of France note that goes to make up its circulation of 38,000,000 francs.

"The initiative always comes from New York or London," M. Ferrier said while discussing the present situation. "Speculation, although it may be instrumental to a certain extent in the rise, has comparatively little to do with it. It is merely the old law of supply and demand. The exchange market is very sensitive. There is no doubt that persons owning dollars will hold them until a favorable market can be obtained and then unload them upon 'change, which sometimes is responsible for spasmodic rises. Perhaps you have noticed that after a big rise, the market is generally stable. Sometimes it recedes during three or four days. This may be explained by the same speculators rebuying their dollars with a view to a future advance in prices."

THE WEATHER

TOMORROW—MOSTLY FAIR.

Toronto, Feb. 7—8 a.m.

Forecasts.

Mostly fair today and on Sunday, not much change in temperature.

Temperatures.

The following were the highest and lowest temperatures for the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	52	40	Fair
Calgary	42	26	Snow
Winnipeg	24	16	Cloudy
Port Arthur	34	22	Cloudy
S. S. Marie	32	26	Cloudy
Toronto	32	27	Cloudy
Kingston	34	29	Rain
Ottawa	32	20	Fair
Montreal	30	24	Clear
Quebec	28	20	Cloudy
Father Point	22	20	Cloudy
Halifax	42	38	Rain

Weather Notes.

The disturbance which was situated near Nantucket yesterday is now centred over the Bay of Fundy. It has given heavy snow and rain in the maritime provinces and snow in Eastern Quebec attended by strong winds and gales. Elsewhere the weather in Canada has been fair and for the most part mild.

GERMAN CABINET WILL MAKE DECISION ON EXTRADITON AT A SPECIAL MEETING ON MONDAY

Committee of Oldest Members of National Assembly Called To Advise Government As To Best Policy To Adopt — Schiedemann Confers With Bauer and Ebert.

Berlin, Feb. 7.—A committee of the oldest members of the National Assembly will meet today, to advise the Government relative to the extradition question. Philip Scheidemann, former chancellor and at present president of the Reichstag committee on foreign affairs, who has been summoned to Berlin, conferred yesterday with President Ebert, Premier Bauer and Foreign Minister Mueller preparatory to Monday's meeting of the cabinet, at which Germany's policy will be decided upon.

FRENCH REPRESENTATIVE TO DELIVER EXTRADITION NOTE TO GERMAN GOVT.

Paris, Feb. 7.—Delivery to the German government by the French charge in Berlin of the list of Germans whose extradition is demanded by the allies, is the proper course to pursue in the existing circumstances, the council of ambassadors decided this morning. Its action was made known through an official communique.

SUB COMMANDERS ADDED TO ALLIED EXTRADITION LIST

Berlin, Feb. 6.—Additional names of those included in the extradition list sent to the German Government were learned today. They follow:

Admirals von Schroeder, Koch, Hipper and Tapken; Capt. Nerger of the raider Wolff; Captains von Buelow and Leon Hardi, Captains Steiner and Zander of the Flanders torpedo fleet.

The following were commanders of submarines:

Delaperriere, Aust, Becker, von Bothmer, Dreusch, von Sischell, Fortsman, Ganzer, Georgy, von Glasenapp, Geza, Hartwig, Kiesewetter, Kolbe, Korte, Marschall, Mellenthin, Moraht, Neureuther, Naumann von Nostitz, Pastig, Rocker, von Schrader, Steinbauer, Steinbrink, Valentiner, Wassener and Berner.

Eleven of these commanders have the order pour le Merite.

Zeppelin Commander Bocker is also among those demanded.

ERZBERGER DECLARES NOT A SINGLE GERMAN WILL BE DELIVERED

London, Feb. 7.—A wireless dispatch received from Berlin says that Mathias Erzberger, German minister of finance and vice-chancellor, declares it will be impossible to deliver up a single German to "the hateful revenge of our adversaries."

The dispatch adds that Count Montgelas, a well-known pacifist, whose name is included in the list of persons demanded by the allies, has withdrawn his former declaration urging the Germans demanded to surrender voluntarily. This action was due to the length of the list.

It is asserted by the dispatch that the German government anticipates that the wording of its new note to the allies will admit of the possibility of further negotiations.

"Monda Rose" Says That If Money Is Missing Somebody Else Has It

Twenty-Five Dollar a Week Cashier Willing To Face Music.

Chicago, Feb. 7.—Rose Schwelburg, $25 a week cashier, who until recently divided her time as a member of one of Chicago's dashing, wealthy social sets, posing as "Monda Rose," came back from Winnipeg to explain a shortage of $50,000 in the accounts of the company for which she worked. She was turned over to the state's attorney for investigation.

"If there's any music," said Monda Rose, "I'm willing to face it. I have profited some, but not in any illegal manner. If there's any money missing, somebody else has it. I haven't."

"I simply adore society," she continued. "Long ago, I made up my mind that some day I would be well dressed, and that when the time came I would have read enough and observed enough to be able to maintain my place in any company."

"SLUSH FUND" RAISED TO SECURE RELEASE OF N. Y. CRIMINALS

Honest Men Stay in Jail While Crooks Go Free.

New York, Feb. 7.—A "slush fund," to secure prompt release on bail of captured thieves, has been raised by organized bands of robbers and burglars who have been terrorizing New York merchants of late, says Chief Magistrate Wm. McAdoo. Crooked bondsmen assist in working out the plan.

The magistrate says that after a successful burglary the crooks contribute a certain sum to a "pot" that is to be turned over to bondsmen in league with them, in the event of an arrest. He has been told that one agent of a casualty company cleaned up $15,000 through his connection with the underworld.

"An honest man can lie in jail while crooks go free," said the magistrate. "Cash bondsmen have virtually driven the old-time reliable real estate bondsmen from the field."

RESCUE OF PASSENGERS ABOARD STRANDED SHIP WILL BE TRIED TODAY

Dominion liner Princess Anne Still In Dangerous Position.

New York, Feb. 7.—The Old Dominion liner Princess Anne, aground on the shoals off Rockaway Point since Friday morning, successfully rode last night's gale and snowstorm, and efforts will be made during the day to remove the 32 passengers if the seas continue to subside. Rescue tugs stood by the stranded steamer all night, not daring to approach her side, owing to the tremendous waves and the shallow water.

Dawn disclosed to anxious shore observers that the vessel was in relatively the same position as yesterday, with the exception that there was more of a list to starboard. The wireless apparatus was out of commission, and nothing could be learned of the plight of the passengers and crew.

LAFORTUNE ELECTED PRESIDENT.

Ottawa, Feb. 7.—Frank Lafortune was last night elected president of the Ottawa Allied Trades and Labor Council, in succession to Patrick Green. There were three contestants, but Mr. Lafortune received a large majority. He was Labor candidate in East Ottawa at the last provincial elections.

MOVE IS UNDER WAY IN HOLLAND FOR INTERNMENT OF EX-KAISER

Socialist Members Agitating for Such a Course in Count Hohenzollern's Case.

GREATEST CRIMINAL ALIVE

Deputy Von Kol Suggests He Be Given Residence Far From German Frontier.

The Hague, Friday, Feb. 6.—Socialist members of the Dutch Parliament are agitating a movement to intern former Emperor William of Germany and restrict his liberty. This step is urged, although the party generally approves the Government's refusal to surrender Count Hohenzollern. Speaking in the First Chamber today, Deputy Van Kol suggested the former emperor be given a dwelling in some part of Holland distant from the German frontier, where he would not be dangerous to this country. "Would the Dutch Government permit Nikolai Lenine to come here and live at ease as does the wood cutter of Amerongen?" he asked.

He declared Count Hohenzollern was a great criminal and said he was responsible even for massacres of Armenians.

CANADIAN EXPRESS EMPLOYEES RECEIVE INCREASED WAGES

Sixteen Hundred Will Be Affected Under the New Agreement.

Ottawa, Feb. 7.—A new wage agreement, affecting some 1,600 employees throughout Canada, was signed by the Canadian Express Company, and goes into effect February 7, granting a general increase of from 10 to 20 per cent in wages, which in some cases amounts to an addition of $40 to $50 per month.

The agreement was signed by the express company with the Canadian Brotherhood of Railway Employees, which organization has been conducting negotiations on behalf of its members for some months past. During the last two weeks A. R. Mosher, grand president of the Canadian Brotherhood of Railway Employees, assisted by officers of the employees' committee, reached the agreement.

The new agreement affects both general and local clerks, train messengers, train porters and wagon men.

PROVINCIAL HIGHWAY POLICY IS OUTLINED BY HON. F. C. BIGGS

Tells Members of Automobile Association of Government's Intentions With Regard to o Good Roads in Ontario—$65,000,000 in Five Years.

So comprehensive, interesting and enlightening was the address of Hon. F. C. Biggs, minister of public works for Ontario, on his provincial highway policy, delivered at the annual meeting of the Automobile Association at the Tecumseh House on Friday night that he received a great ovation from the large gathering.

He believed that the people of the province as a body were in favor of good roads. Hon. Mr. Briggs and his colleagues did not look on matters from a politician's standpoint, but from that of a ratepayer's. There was not going to be class legislation of any kind. To determine the desires of the people it was necessary to mingle with them, and it was for this reason that he was speaking in various municipalities. No party in Queen's Park had the faculty of mind-reading, he thought.

The road construction policy which had been laid out by the present Government was greater than that of any other that had preceded it. It had to be well balanced between urban and rural centres.

Assurance was given that the Dominion Government would pay its share of the $20,000,000 which had been set aside for trunk lines through the province. One and one-quarter millions of dollars had been spent in the province on this work last year, but the Provincial Government had not a working agreement with Ottawa, and so Ontario had not received any grant from the Dominion powers-that-be. Now there was a working agreement whereby the Ottawa Government would pay 40 per cent of the cost of constructing 1,600 miles of highway in the province.

A Huge Program.

It had been said that within five years between sixty and seventy million dollars were to be spent on roads.

Fifteen million dollars would cover the cost of construction. Of this sum, however, six million dollars would be paid by the Federal Government.

In the five years the counties would spend approximately $25,000,000. The townships would spend about $15,000,000 in that period, thus making the total about $55,000,000. This sum would include the cost of maintenance of the roads.

During the war we had given vast sums to be sent overseas to help the soldiers; now we could help ourselves by building better roads and so help the solution of transportation problems.

Auto license revenue this year amounted to $1,500,000. To the credit of auto license taxes collected there was $100,000 in the treasury. As soon as better roads were built the tax would be increased slightly, but through the good roads the invisible saving to the motorists of the province would be $25,000,000. This would be saved in the upkeep of the car, representing a saving of 10 per cent on the upkeep.

Hon. Mr. Biggs was opposed to glaring headlights. The solving of the problem of the abolition of these was a big question, but it could be solved.

Wants to Play Fair.

"I can assure you that the provincial highway will be designated, and before many moons," he said. He wanted to play fairly with all the municipalities. What was wanted was permanently constructed roads that would serve all the counties. Sixteen hundred miles already had been approved by the Dominion authorities. These roads which gave the best efficiency, whether they be of concrete, asphalt or oil surface, were wanted. Work on them would start near the larger centres first. They would be developed as fast as labor and money would permit.

Of the five million dollars to be spent on provincial county roads the Ontario Government would pay 60 per cent and the counties 40 per cent. Provincial roads would replace provincial county roads, but the counties would be expected to take over county roads as provincial county roads when other boundaries were taken over by the Government.

Miles and miles of county roads had been built and forgotten. There had not been a proper system of maintaining them. Sectionmen should be kept on the roads ready to fill up ruts as soon as they were seen.

The trunk systems to be complete had to have feeders, so that persons in the vicinity of them could bring their produce to market. "We must have reasonably good roads in Ontario," said Mr. Biggs.

Twenty per cent of the cost of permanent bridge and similar construction work in the counties would be paid by the Government.

Road Superintendents.

In each township the most suitable man available should be appointed as township road superintendent. He hoped that men who were engaged in any other business would not be the appointees, at present the Government paid 20 per cent of such an official's wages up to the sum of $600. Forty per cent of the superintendent's salary would be paid under the new policy. This plan should be adopted in the villages as well as the townships. "There is not a township that has not one outstanding road enthusiast," he said. Under these men there could be standardization of the construction of bridges and culverts.

Referring to suburban roads, he said: "In London this seems to be somewhat of a question." He did not think it should be a question. If a committee would get together for a few hours an understanding could be reached.

Two members of the suburban roads committee should be appointed by the city by the bylaw, two by the county by bylaw, and the fifth by the lieutenant-governor. He advised the county to pay the bill, and added: "Come down to Toronto, and I will treat you 'white.' London does not want to be in the rear." The roads would be under the jurisdiction of the committee entirely. It was urged that the committee be appointed with all speed, so that it could get into the game for 1920.

Get In the Game.

At present the city did not have to spend more than one-half mill of the taxes for this city on roads. Chatham had asked that this legislation be struck off the books, so that more could be spent. London was going to be out if it did not get in the game soon.

No one man and no one department could build roads, said Mr. Biggs. The county roads committee and other organizations should co-operate, as their co-operation was needed.

Crown Attorney J. B. McKillop, who presided, was re-elected president of the club, as he had served well in that capacity during the previous twelve months.

Other officers were elected as follows: First vice-president, Mayor E. S. Little; second vice-president, J. S. Moore; third vice-president, Major Gordon Ingram; treasurer, Colin Duffield; secretary, A. H. B. Keene; solicitor, Police Magistrate A. H. M. Graydon; executive committee, R. J. Webster, B. Hookway, S. H. Rowed, J. C. Beemer, J. M. Hickey, R. Wright, W. P. Young, J. M. Moore, J. Croden, W. W. Ferguson, J. McLaughlin, B. Brick and Dr. D. H. Arnott.

Present speed laws were not a hardship, Magistrate Graydon told the meeting. Education was all that was needed to have them observed. In automobiles there were powerful engines, and the drivers of cars were expected to use extraordinary care because of this fact. Special care should be taken at the intersections of streets, because at these points about 90 per cent of the accidents occurred. The motorist should slow up instead of speeding up when approaching them.

Need Organized Effort.

G. A. Hodgson, president of the Ontario Motor League for 1920, declared that much could be accomplished by organized effort. In the province at present there were 7,000 members, and by the end of the year there should be 20,000 in the affiliated clubs. To prevent accidents every vehicle should be compelled to have lights, and the regulation of pedestrians to some degree should be considered.

Mayor E. S. Little was in favor of the enforcement of the law requiring an auto to have two lights. He said that the tax rate in London would be high this year, but that the people would get their money's worth in good roads.

W. G. Robertson, secretary of the Ontario Motor League, and Ald. W. A. Wilson also spoke.

At the meeting were four members of the Provincial Parliament. They were: Hon. F. C. Biggs; Dr. H. A. Stevenson, M.L.A., London; J. G. Freeborn, M.L.A., East Middlesex, and Mr. Sule, M.L.A., Norfolk.

According to the report of the secretary 109 road signs were erected by the club during the year, and $100 was donated toward oiling the Springbank road. The orphans of the city were picnicked by the club.

For Colds, Grip or Influenza and as a Preventive, take LAXATIVE BROMO QUININE Tablets. Look for E. W. GROVE'S signature on the box. 30c. 22tf

"WESTERN" GRADUATE GIVEN HIGH MEDICAL HONOR IN THE U. S.

Dr. L. G. Rowntree to Teach Post-Graduate Course

IN FAMOUS U. S. CLINIC

Graduated From Medical School of Western University in 1909.

Dr. L. J. Rowntree, who is numbered among the most famous graduates of Western University Medical School, has just had conferred on him what is probably the highest honor which a doctor of medicine may gain in America. He is professor of medicine at the University of Minnesota in Minneapolis, and has now been appointed professor of medicine to the post-graduate school in connection with the Mayo Clinic in Rochester, Minn.

The clinic, which is part of the University of Minnesota, was endowed by Drs. W. G. and Charles Mayo. It is one of the most famous clinics in the United States, and the post-graduate school will be attended by graduates of the university from all parts of the country. Dr. Rowntree will retain his chair in the university, and will give six months of each year to the work in the post-graduate school, which is easily the best equipped on the continent.

Dr. Rowntree will have unexcelled opportunities in his new position for research work, as well as for teaching. He is a son of George Rowntree, Stanley street, this city, and graduated from the Western in 1909.

ULSTER ASKS ONLY TO BE LEFT ALONE, CHAPLAIN DECLARES

Orange Dignitary Gives Interesting Address.

SINN FEINERS JEALOUS

Want Control of Ulster, Which Is the Richest Part of Ireland.

"Ulster asks for nothing except to be left alone," said Rev. A. Ketterson, right worshipful chaplain of Ontario West, Royal Black Knights, during an illustrated lecture on "The War for Liberty and Democracy," which he gave in the auditorium last night under the auspices of the Orangeman of the city. Rev. Mr. Ketterson, who spent two years overseas as a chaplain during the war, gave an interesting talk on his experiences, and on the part the British Empire played in the war, and touched lightly on the Irish question.

Speaking of Ulster, which he described as being intensely loyal to the British Empire, he said that it was by far the wealthiest portion of Ireland, the largest factories in the country being located there. It was this wealth which made inhabitants of the south and west, the country of the Sinn Feiner, anxious to gain control of it.

For the purpose of self-preservation, the Ulsterites drilled and prepared an army. When the war broke out, the men they had prepared immediately volunteered for overseas service, and in the first month of the war ten thousand men were sent to France. They were practically wiped out, but they gained undying fame for themselves. Ulster also supplied many of the great British leaders, among whom were Lord Beresford, Lord Roberts, Admiral Beatty and Lord Kitchener.

The speaker told of the ruins of France, the part Canada's soldiers played in the struggle, the war on the sea, the hardships under which the troops carried on, and gave a short sketch of the history of the formation of the Union Jack. Over one hundred splendid slides illustrated the lecture, including some beautiful pictures of Ireland.

E. T. Essery, K.C., acted as chairman, and in a short talk he said that it was deplorable that Canadians were so ignorant about the flag of the Empire. He urged that more should be taught about it in the schools.

Solos were sung by Miss Edith Pearson and Fred Jones.

MISFORTUNE PURSUED FAMILY — ONLY TWO LITTLE TOTS ARE LEFT

Father Left Bed to Procure Food for Family—Now Dead.

WINDSOR, Feb. 6.—When their parents were carried off by influenza within three days of each other this week, two tiny tots the children of Mr. and Mrs. Robert Foster, who came to Windsor five years ago from Sault Ste. Marie, were left orphans. With the other members of the family all confined to their beds with the dread scourge, the father, himself ill, left his bed to procure provisions for the children and his sick wife. A few days later the wife and mother passed away, and the father became steadily worse. The remains of the parents were taken to Belleville for burial, while the children are now in the care of their grandmother, who is herself confined to bed by the malady. Shortly before Christmas the family lost its home through fire.

TO CUT SERVICE ON S. W. AND A. ON MONDAY

Coal Shortage Has Become Acute In Border Cities.

WINDSOR, Feb. 6.—Announcement was made tonight by the Sandwich, Windsor and Amherstburg Company that unless further supplies of coal could be immediately obtained, the service on the street railway system in ford, Walkerville, Windsor, Sandwich and Ojibway, as well as the interurban service to Tecumseh and Amherstburg, would be reduced by 50 per cent on Monday, followed by a complete suspension of operation later in the week.

At the present time there is only enough fuel on hand to last until Sunday night, but a sufficient supply has been promised to furnish power until the following Wednesday, when, unless a miracle develops, the border will be without car service. Superintendent Hayes tonight declared the Detroit United Railways across the river were facing the same situation, so that no assistance could be expected from that quarter. Subscribers of light and power of the company have been warned to conserve to the utmost degree.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "Fruit-a-tives."

MR. GASPARD DUBORD.

"159 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia, and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

"At this time, a friend advised me to try 'Fruit-a-tives,' and I did so. After taking two boxes of 'Fruit-a-tives,' I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

"My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives.'

"GASPARD DUBORD."

Fifty cents a box, 6 for $2.50; trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

BOARD OF COMMERCE PLACES LIMITS ON QUEBEC PAPER FIRM

Illegal for Price Brothers to Charge Over $80.

OTTAWA, Feb. 6.—(By Canadian Press).—Under order No. 2 of the Board of Commerce of Canada, issued today, it becomes illegal under the combines and fair prices act for the firm of Price Bros. & Co. to sell newsprint paper from their mills in Quebec for shipment to any destination at a higher price than $80 a ton, the price fixed for the sale of newsprint in Canada. At the same time Price Bros. are ordered to ship newsprint at the rate of one carload a week to each of the following consumers: The Montreal Star Publishing Company, the Herald Publishing Company, and Polrer, Bassett & Co., all of Montreal.

The order sets forth in its preamble that Price Bros. are under obligation to ship 11,250 tons of newsprint per annum to Canadian consumers, and that they actually are only shipping 2,500 tons of that quantity. The board also finds that said firm is withholding from sale and accumulating at its plant more than a "reasonable quantity" of newsprint, which commodity having been declared a necessary of life under the combines and fair prices act, the board of commerce orders:

That "any price of sale of roll newsprint" by the Price Bros. & Co. "exceeding $80 per ton, in carlots, shall be deemed to include an unfair profit, and said company is hereby and until further order of the board, restrained from the making and taking of unfair profits for or upon the holding or disposition of said necessary of life (newsprint); that is to say, any price which is deemed as aforesaid, to include unfair profit."

LIVE STOCK UNION TO PROTEST CONTINUANCE OF WARTIME RAIL RATES

TORONTO, Feb. 6.—The Eastern Canada Livestock Union at its annual meeting here today protested against the continuance of the war-time transportation rates and a committee was appointed to confer with the Western Livestock Union, with a view to asking the Dominion Railway Commission to give some relief from the present high rates.

Two representatives of the Western Livestock Union, who are going before the railway commission on the matter of rates, G. H. Hutton and G. Hoardley, M.P.P. president and vice-president respectively, of the Western Livestock Union, addressed the convention here today.

Because of the small attendance and apparent lack of interest in the Eastern Canada Livestock Union, the convention closed without electing officers. John Gardhouse of Weston, Ont., is the president.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine, so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric-acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a plea[illegible]resent lithia-water drink, [illegible]ly relieves bladder trouble.

News of the Basement Store

Sale of Enamelware 'Seconds' Monday

"Made in Canada"

There will be a rattling of pots and pans when this sale of enamelware opens in the Basement at 9 o'clock Monday morning. We do not make use of comparative prices, which, no matter how truthful, always look exaggerations in such a sale as this, when, owing to some insignificant flaw or miss in the finish, the article is branded as a second and sold, in most cases, at less than half the original price of perfect-finished goods. WHITE AND SCOTCH GREY.

3618

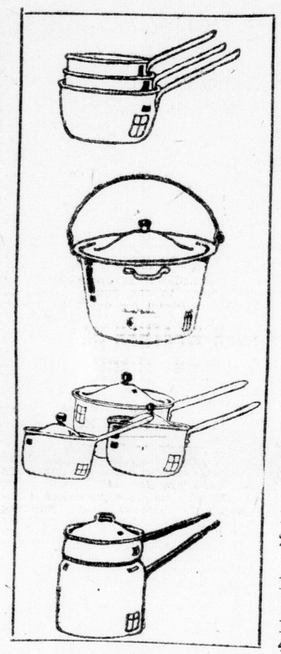

No Phone or Mail Orders

It will not be possible to take care of phone or mail orders for this sale, as the popular utensils are picked up so quickly. It will be much more satisfactory to come early and make your own selection and avoid any disappointment.

Over Five Thousand Pieces on Sale

There will be more than above quantity in this sale at 9 o'clock Monday, and the list below is only a partial summary of the many useful articles. There is scarcely anything you can think of in enamelware for kitchen or summer cottage that you won't find in this sale, and the prices, in most cases, are less than half.

'Seconds'--Enamelware Sale--'Seconds'

Grill Service, Restaurant—Planked Steaks, etc.

EUCHRE DRIVE AND DANCE.

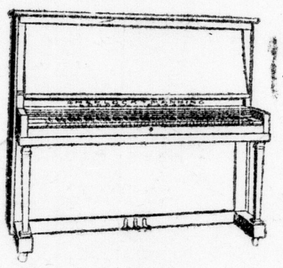

TEESWATER, Feb. 6.—A most successful progressive euchre drive and dance was held by the ladies of the Sacred Heart Church in the town hall. A large attendance helped to swell the funds which are being gathered to help to pay for the alterations to the church.

The board of agriculture held its annual meeting in the town hall, Teeswater, on Thursday, February 5. Addresses were given by A. J. Fallis and Mrs. Patterson. Both meetings were well attended, and at the evening meeting a collection was taken in aid of Canadian sailors.

Two Teeswater residents are laid low by the flu, in the persons of Lorenzo Thornton and his brother Charles.

INDIGESTION

"Pape's Diapepsin" is the quickest, surest relief for a Sour, Acid, Gassy Stomach—Distress vanishes!

Stomach acidity causes indigestion! Food souring, gas, distress! Wonder what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful!

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

WOMEN BEAT OLD "HI" COST

They use "Diamond Dyes" and Add Years of Wear to Old, Faded Garments—Really Fun!

It's easy to diamond-dye your old garments a new, rich, fadeless color, no matter if they be wool or silk, linen, cotton or mixed goods.

House-dresses, ginghams, aprons, blouses, skirts, silks, stockings, sweaters, children's coats, draperies—everything can be made new and good for years of wear with "Diamond Dyes."

The Direction Book in package gives simple directions how to diamond-dye over any color. To match material, have druggist show you "Diamond Dye" Color Card.

NEARLY 70 MEN OF CANADIAN EXPRESS CO. IN CITY BENEFIT

New Wage Scale Will Add $1,000 a Month.

Between 60 and 70 men in this city will be affected by the general increase granted by the new wage agreement drawn up between the Canadian Express Company and their employees. The new scale, which goes into effect today, will mean that over $1,000 more a month will be paid to the local employees of the company.

Negotiations for the increase have been carried on between the company and the employees all over Canada since last November. A few weeks ago the matter was put in the hands of an arbitration board, and an agreement was reached Friday in Ottawa. M. J. Dundas of this city, a former messenger, and a member of the local branch of the union, is the chairman of the general grievance committee of the union.

LIBERAL CLUB TRIMS G. WHITE AND SONS

Has a Big Lead in the Progressive Euhcre Tournament.

The ending of the progressive euchre tournament between the Liberal Club and George White & Sons, finds the club in the lead by a large majority. White's men, who were the challengers, failed to win a game, and the more they played the worse they were beaten.

The first game ended with the club leading by 67 points. The second ending found the Liberals with 118 points to the good, and the third with 243. This gave them a total of 428 points at the end of the matches.

The prizes for the highest individual scores last night were awarded to P. Cameron, who had 107 points, and I. Collins with a 106. Both are of the Liberal Club.

R. E. O. A. RESOLUTIONS

At a meeting of the Real Estate Owners' Association last night several resolutions were passed. One advocated retrenchment by all public bodies to assist the Government during the time of exchange difficulties and opposed any "tinkering with the tariff."

Another commended members of the council for criticizing the garbage collection system and urged that the collecting be put on a business basis or discontinued entirely.

The third resolution expresses the opinion that teachers in London, especially at the Technical School, are in the favored class, and hopes that members of the board are as generous to their own employees, as private citizens.

STORMY WEATHER HARD ON BABY

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated, badly-ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Company, Brockville, Ont.

LOCAL NEWS

WRIT ISSUED.—Elliott Traver, a barrister of Strathroy, has issued a writ against F. J. Bateman of Strathroy for $416.02 for legal services.

TO ATTEND CONVENTION.—City Engineer H. A. Brazier will leave Monday for Lounsville, Ky., to attend the annual meeting of the Good Roads Association being held there.

NO VISITORS ALLOWED.—On account of the prevalence of the influenza epidemic, visitors are barred from the jail. The prisoners will not be "at home" to their friends for some time.

SUNDAY CONCERT.—A Sunday concert will be held by the Army and Navy Veterans in aid of the Last Post Fund for the burial of destitute war veterans in the Patricia Theatre. A musical program will be given by an orchestra and several local artists.

VETERANS' SMOKER.—Many members of the Army and Navy Veterans crowded the rooms of the association on Dundas street last night, when a smoker and card party was held. A musical program was given by members of the association.

MINOR CASES IN COURT.—Police court was not very busy this morning. One drunk paid $10 and costs, another will come up on Monday, as he was brought up today by mistake, and Aurillia Feere and John Wright were charged with failing to send their children to school. These latter two cases were adjourned for a week.

SICKNESS HITS RAILWAYS.—Sickness continues to seriously hit the railroads operating in the London division of both C. P. R. and Grand Trunk. On the latter road more than 200 men are off sick, according to the chief dispatcher. This is making it necessary for the trainmen still at work to remain on duty much longer hours than usual. The C. P. R. is similarly affected, there being more than 150 men off duty on account of illness from la grippe in the London district.

SOME HINTS OF SPRING ON SATURDAY MARKET

There was just the slightest hint of spring in the market showing this morning. The suggestion was in huge piles of lettuce, rhubarb, a few radishes, and the fact that eggs are tumbling. Only 75 cents a dozen was the price, although one woman stubbornly asked 85 cents.

This was the biggest market of the week, but very badly attended.

B. C. METHODISTS TO TRY AND GO BEYOND $150,000 OBJECTIVE

Toronto, Feb. 7.—British Columbia Methodists are determined to do their share towards making the national campaign's thank offering $5,000,000, instead of $4,000,000, according to a telegram received here today from Brig.-Gen. Victor W. Odlum, C.B., C.M.G., D.S.O., Vancouver, which reads: "British Columbia rejoices to hear of initial success in financial campaign. Reports from districts received here indicate that this province will reach its $150,000 objective at least, and all workers are eager to accomplish suggestion for larger amount."

General Odlum's optimism is supported by the announcement that at least two Indians of Port Simpson, B. C., are giving special subscriptions of $500 each. New Westminster Japanese mission has passed its $540 objective, and is aiming for $800.

TWO DERAILMENTS

Neither One Caused Any Serious Amount of Damages.

Two derailments occurred on the Grand Trunk in the London district last night, and this morning, but in neither case was the traffic seriously interrupted. Broken trucks were responsible for both derailments, which occurred at Paris, last night, and Beachville, this morning. Both were freight cars, and were heavily loaded when they left the rails. The cars were placed back on the rails by the auxiliary from London before traffic had been interrupted.

ANGLICANS CERTAIN OF RAISING $100,000 IN LONDON DISTRICT

Enthusiasm For Forward Movement Shown At Banquet.

MEMORIAL OF GRATITUDE

Dean Tucker Points Out Mankind's Duty To God, For Victory.

The workers in the local Anglican Forward Movement, numbering about 250, attended a banquet held in Cronyn Hall last night, to make final preparations for the campaign that is to be launched next week for funds to carry on the work of the church and for the general advancement of the Kingdom of God. The financial objective for the Anglicans in the London district has been set for $100,000. Bishop Williams, who spoke immediately after the banquet, said that he was confident that this amount could be raised, and that the Anglicans might even go beyond it.

Rev. Dean L. N. Tucker appealed to the workers for co-operation, pointing out the duty of mankind to God for deliverance from the recent war. He said it was only fitting that there should be some memorial to God, and there could be no greater one than the extension of his kingdom.

Dean Tucker also pointed out the dire need for money to send missionaries to China and Japan.

Lieut.-Col. W. J. Brown and Rev. L. W. Armitage also addressed the workers on the necessity of providing the church with sufficient funds to carry on the various activities. Under the leadership of Rev. G. Q. Warner, an enjoyable half hour of sing-song was enjoyed by the workers and clergy.

LARGEST PICNIC OF WINTER SCHEDULED FOR THIS EVENING

McCormick Employees Will Gather At the "Y."

What will probably be the biggest winter picnic ever staged under the auspices of the Y. M. C. A. will be held tonight in the "Y" Building by the employees of the McCormick Manufacturing Company. It is expected that nearly a thousand will be present.

Practically the same system of activities will be carried out in this picnic as in the previous ones. Every floor will contribute to the fun of the evening. In the gymnasium several contests will be held between teams composed of girls, including a medicine ball relay race. The men will stage a tug-of-ward, push-ball and hustle-ball relay. The famous court of justice will be held on the second floor. Many novelties will be introduced, among which will be a relay race between blondes and brunnettes, and a swimming exhibition by Professor C. Butterworth.

PILES

Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto.

TRAIN RUN IN 2 SECTIONS BECAUSE OF DELAYS EAST

Owing to delay experienced by trains east of Toronto, train No. 13 on the Grand Trunk, which reaches this city at 11:40 a.m., was operated in two sections today, for the first time in many months.

The first section came through to London about 12 o'clock, with the second section following an hour later. This enabled passengers from the east and passengers going from London to points west to make connection at western points. Passengers reaching Toronto on the late trains operating east of that city were also enabled to proceed on their way west on the second section.

Mysterious Man Is at Woodland Every Night on The Car Tracks

Has Been Seen For Two Weeks and Arouses Much Curiosity.

There is a mysterious nightly visitor who stands on the Springbank car tracks shortly after 6 o'clock close to Woodland Cemetery. Old 27, the Springbank car, pokes her nose around the curve on the 6:30 o'clock trip, and there stands a tall pallid-faced man, who blinks at the car in a vacant way. Two nights ago Motorman Arthur Rockett noticed him spring behind a post close to the track.

Seen Last Night.

Passengers on the old liner look for the pale-faced man every night now. Friday night he was standing just east of the cemetery stop on the trip to the loop, and on the way back he was seen about 100 feet to the west of the stop. Visions of ghosts and grave robbers help to make the hair of the passengers rise straight from their roots as they look out the window and see the pale white face gazing vacantly out of the darkness that enshrouds the vicinity of Woodland Cemetery.

Every Night.

"I have seen the man every night for the past two weeks," said Motorman Arthur Rockett today. "I don't think that he is a grave-robber, as some people that travel on the car have suggested. I lean to the opinion that he is crazed with grief, and that he wanders down to the cemetery every night to be near the grave of someone that has been dear to his heart. I told Mr. Gilbert, who has charge of Woodland Cemetery, about the man, but he says that he has never seen him and that everything is all right around the cemetery."

Meanwhile the identity of the mysterious, ghostly-looking man remains unsolved, and it is expected that he will be posted at the cemetery tonight keeping his nightly vigil.

CHIEF HAS SOLD HOUSE; RUMOR IS RETIREMENT COMING

E. Nicholls Has Purchased the Williams Residence.

Chief of Police W. T. T. Williams has sold his home 410 St. James street to Emmerson Nicholls of 422 St. James street. The sale has given rise to a rumor that the chief after 41 years of service as head of the local police department has decided to retire and pass the burdne of safe guarding the city to a younger man.

Chief Williams was indisposed today and confined to his home and could not be reached. It is undertsood that he will move to the sunny climes of California to spend his declining years.

MILDER WEATHER HAS MADE TRADE LIVELIER

Bradstreet's Reports Difficulty From Lack of Skilled Help.

London reports to Bradstreet's that, with the milder weather, trade in the surrounding territory has become quite brisk. Retailers are doing good business, and wholesalers report their sales as eminently encouraging. Building promises to make the coming summer one of the most active in the history of this city. The greatest difficulty to be met with in local industrial circles is the scarcity of skilled labor, which is affecting many industries whose plants are in active operation on increasing orders. Much interest is being shown by manufacturers in the prospects for overseas trade, and efforts will be made to build up better connections with British firms requiring goods which are manufactured here. Collections are good.

DEATHS AND FUNERALS

DEATH OF MRS. FERGUSSON.

Mrs. M. M. Fergusson, wife of M. M. Fergusson, of the firm of McConnell & Fergusson, died this morning in Victoria Hospital, from pneumonia. She had been ill only a week.

Mrs. Fergusson is survived by her husband, one son, Leonard; her parents, Mr. and Mrs. J. W. Westervelt, sen., of Waterloo street, and one brother, J. W. Westervelt, jun. The funeral will be held on Monday from the family residence, 868 Waterloo street, to Talbot Street Baptist Church, where services will be conducted by Rev. T. S. Roy. The cortege will leave the church at 3 o'clock. Interment will be made in Woodland Cemetery.

MOTHER AND CHILD DIED.

Mrs. Clarence Deare and her infant daughter died in Pontiac, Mich., within a few days of each other from influenza. The remains of Mrs. Deare will be brought to this city for burial in Mount Pleasant Cemetery on Sunday afternoon. Rev. Canon G. B. Sage will conduct the services.

Mrs. Deare, who was a London girl, resided here until her marriage about two years ago, when she removed to Pontiac. She is survived by her parents, Mr. and Mrs. John Clugston of 14 Wyatt street; one sister, Margaret of this city, and two brothers, Hugh and John, both of Buffalo, N.Y.

FUNERAL OF MRS. SIPPLE.

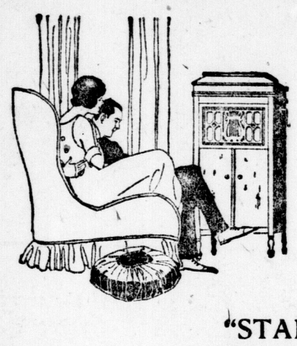

The funeral of Mrs. H. Sipple was held Friday afternoon from her residence, 453 Central avenue, to Mount Pleasant Cemetery. Rev. George McKinley conducted the services. The pallbearers were D. Smith, Dr. H. A. Reynolds, R. Bowie, W. Nash, T. Cahoun and W. Jenkins.

STORMS IMPEDE MANY RAILROADS.

WASHINGTON, Feb. 6.—Operation of railroads over practically the entire eastern half of the United States has been seriously handicapped by the recent storms, the railroad administration announced tonight. Trains were running late on nearly very division east of the Mississippi River. Coastwise shipping was also demoralized, traffic being held up in some instances.

Spread of influenza among railroad workers had added to the complications. Today the New York Central Lines alone reported more than 2,000 employees ill with the disease.

MALE VOTERS MADE RECORD FOR TEN YEARS IN TURNOUT AT THE ELECTIONS ON JAN. 1 THIS YEAR

Sixty Four Per Cent Exercised Franchise—Women Not So Eager—Many Ballots Spoiled and D. R. O.'s Made Some Mistakes.

Sixty-four per cent of London's male voters went to the polls at the last election, the largest number in ten years. This is the official percentage announced by City Clerk Baker today.

The total number of male voters was 7,475. Only 1,110 women voted, or approximately 27 per cent of those entitled to the franchise, a lower number than in 1918. This brought the total number of voters to 8,645 or 44 per cent of those eligible. This was lower than in 1918. Approximately 49 per cent of the city's freeholders exercised their franchise. They numbered 5,586.

In his statement City Clerk Baker emphatically emphasizezs the necessity of marking ballots properly. Nearly two hundred ballots were rejected because they were improperly marked.

Efficiency High.

In contrast to this carelessness on the part of the voters there was a high standard of efficiency among the deputy returning ogicers and poll clerks. Out of 98 deputy returning ogicers the city clerk has found it necessary to dismiss only two for inefficiency. One returning officer, who was regarded previously as capable, rejected 22 ballots, every one of which was later declared good. Eleven deputies made minor errors in counting.

In one subdivision of Ward 1 the deputy made a mistake of ten in the addition of his ballots. This mistake would have changed the representation in the ward but for several other minor changes which counterbalanced it.

There were thirteen freak ballots on which the voters expressed their opinion of certain candidates in no complimentary terms. Five ballots were rejected because the ratepayer had voted one more than the number of candidates to be elected. This is a remarkably low number. There were four ballots in which the voter placed a big cross, probably intending to vote against all the candidates. In these cases the ballots should have been counted for the candidate on which the lines crossed, the city clerk states.

Other Rejections.

Six ballots were rejected because the ratepayer struck out the one he did not wish to vote for, and did not make a cross. There were fewer instances of this error than in previous years. Ratepayers are warned that crossing out a name or writing "Yes" or "No" does not constitute a ballot. A cross must be placed opposite the candidate's name.

A number of deputies counted ballots for candidates where ratepayers had written the word "Yes" opposite the name, but over thirty ballots were rejected because of this, and because in some cases the voter had written yes and made a cross as well.

Ten ballots were rejected because the voter apparently had changed his mind, had marked for two or more candidates scribbling over one of the crosses he intended to cancel. Very many of the deputies counted the ballots so marked that they could unquestionably determine that the voter had made a mistake. Ratepayers are warned that there should be no mark on a ballot except a cross.

One ratepayer, a man, wrote his name on the back of his ballot, and it was rejected.

Is Canada About To Catch Mexican Earthquake Fever?

Tadousac Hatchery Reports Increasing Tremors to Ottawa.

OTTAWA, Feb. 6. — (By Canadian Press.) — Is Canada going to catch the earthquake fever from far Southern Mexico? The suggestion seems fantastic until one reads the disquieting reports from the peaceful fishing village of Ladousac, which stands at the junction of the Saguenay and St. Lawrence rivers.

J. N. Catellier, officer in charge of the Dominion Government fish hatchery at Ladousac, has advised the naval department that the grounds around the hatchery are shaken regularly by tremors similar to those of an earthquake, and that this has been going on for the past five months. Each tremor is more violent than the previous one.

The official statement, which was handed out today, declares that Mr. Catellier is afraid the fish hatchery will fall down if the old earth doesn't stop shivering. His last report, which reached the department a couple of days ago reads: "Yesterday and today very strong tremors have occurred."

It is considered within the range of possibility that these tremors have relation to the serious seismic disturbances observed during recent months by officials at Washington. The officials at Ottawa have become interested in the matter, and are making investigations.

U.S. CASUALTIES IN WAR 293,070

Final List Shows Only Three Listed As "Missing in Action."

Washington, Feb. 7.—Completion of the record of the casualties of the American expeditionary force in the war is announced by Adjutant General Harris, with the issuance of a final revised list of the "Old Casualties." Since the review of the records practically has been completed, it was said, no further additions or corrections were anticipated.

The total casualties to date are as follows:

Killed in action, including 382 at sea, 34,844.

Died of wounds, 13,960.

Died of disease, 23,738.

Died from accident and other causes, 5,102.

Wounded in action—over 85 per cent returning to duty—215,423.

Missing in action—not including prisoners released and returned, 3.

Total, 293,070.

War department officials said it was remarkable that the final completion showed only three men listed as "missing in action."

JAIL-BREAKER COMMITTED FOR TRIAL AT STRATFORD

STRATFORD, Feb. 6.—At a meeting of the Great War Veterans the delegates to the provincial and Dominion conventions were appointed as follows: President C. Clark and S. H. McPherson, with W. Essex and George Annand as alternates.

R. T. Mussen, who has retired as manager of the local branch of the Bank of Commerce, was waited on by the members of the staff and presented with a gold-headed cane. G. W. Harrison, the new manager, has taken over his duties.

The local employees of the Bell Telephone Company held their first annual "at home" at the city hall this evening. There was a large attendance.

Alfred O'Brien was committed for trial when he appeared before Police Magistrate Makins this morning, charged with breaking jail here on October 19 last. He was brought back from Goderich, where he had served a sentence for theft.

The pupils of Avon ward school scored a decided hit in a splendid concert put on in the auditorium of the school. A large programme of song, drill, etc., was presented.

PROVISIONS.

Liverpool, Feb. 7.—Hams—Short cut, 193s.

Bacon—Cumberland cut, 184s 6d; clear bellies, 191s; long clear middles, light and heavy, 202s; short clear backs, 191s; shoulders, square, 138s; New York shoulders 134s 6d.

Lard—Prime western, in tierces, 195s 6d; American refined, in pails, 198s 6d.

WALL STREET.

New York, Feb. 7.—Wall Street, 10:10 a.m.—Stocks made further rallies at the opening of today's session, advance among standard and speculative issues of all descriptions ranging from one to two and a half points.

Canadian Pacific was the only exception to the higher trend of rails.

10:30 a.m.—Further vigorous rallies from the recent acute depression were registered at the active opening of today's stock market, the short interest again covering extensively. Indications of easier money conditions and improvement in foreign exchange were the main factors of the movement.

Shippings and rails, Canadian Pacific excepted, were among the substantial stocks that gained one to five points.

Motors, oils and steels moved within narrower limits with leather, tobacco and food shares.

Management For Your Estate

To insure careful management of your estate for your heirs, give special consideration to the selection of your Executor.

Individuals may fall ill, move away, decide to travel—and they must die—possibly at a time when their services are needed most.

The Canada Trust Company is a permanent institution with long experience in its duties.

Which would make the better executor?

VANCOUVER DEFEATS VICTORIA BY SCORE OF THREE TO ONE

Victoria, B. C., Feb. 7.—Vancouver defeated Victoria three goals to one in an exciting game here last night, the score fairly representing the difference between the two teams on the night's play.

Vancouver owes its victory chiefly to superior defence work, cleaner and neater checking and a terrier-like determination which kept them after the puck all the time.

The Victoria Aristocrats undoubtedly played their hardest all through the contest, and were on the aggressive more frequently than the Millionaires.

JUDGMENT AGAINST NEWSPAPER

Montreal, Feb. 7.—For an error in reporting J. K. L. Laflamme's disappearance, La Presse, a Montreal newspaper, will pay J. K. L. Laflamme $500. While the latter was in New York, La Presse published a news item which was headed as follows:

"What has become of Mr. J. K. L. Laflamme? The mysterious disappearance of the secretary of the postmaster-general causes much inquietude."

The plaintiff alleged that there was absolutely no foundation for the report that he had "disappeared," and sued the newspaper for $25,000 damages.

THIS SOLDIER KNOWS WHAT HELPED HIM

Dodd's Kidney Pills Cleaned Out His Rheumatism.

He Found in the Old Canadian Remedy Relief That the Hospitals of Egypt Could Not Give.

Cape St. George, Nfld., Feb. 6.—(Special).—Eugene Cornect, keeper of the light and fog alarm here, a who was overseas with the Newfound and forces is a firm believer in Dodd's Kidney Pills as a help for kidney disease and rheumatism.

"For two years I suffered from kidney disease and rheumatism," Mr. Cornect states. "I was treated for them in the hospitals in Egypt But it was five boxes of Dodd's Kidney Pills that cured me."

Dodd's Kidney Pills are purely a kidney remedy. By putting the kidneys in shape to strain all the impurities out of the blood they remove the uric acid, the cause of rheumatism. With the kidneys cleansing the blood there can be no uric acid to crystallize in the muscles and cause those excruciating pains known as rheumatism. Ask your neighbors about Dodd's Kidney Pills.

ANOTHER EPIDEMIC OF THE SPANISH INFLUENZA

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after-effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are rundown, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "Flu" before and it left you with any bad after-effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Keppel, Sask., writes: "I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

SHAVE WITH

CUTICURA SOAP

The Healthy Up-to-Date Cuticura Way

One Soap for All Uses
Shaving Bathing
Shampooing

No mug, no slimy soap, no germs, no free alkali, no waste, no irritation even when shaved twice daily. Doubles safety razor efficiency, not to speak of its value in promoting skin purity, skin comfort and skin health due to its delicate fragrant Cuticura medication. After shaving touch spots of dandruff or irritation, if any, with Cuticura Ointment. Then bathe and shampoo with same cake of soap. One soap for all uses. Rinse with tepid or cold water, dry gently and dust on a few grains of Cuticura Talcum and note how soft and velvety your skin.

Absolutely nothing like the Cuticura Trio for every-day toilet uses. Soap to cleanse and purify, Ointment to soothe and heal, Talcum to powder and perfume. 25c each. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., W., Montreal.

WORST BLIZZARD IN YEARS TIES UP ALL LINES TO NEW YORK

Food Supply Running Low With All Railways Blocked by Snow.

VESSEL IN DISTRESS

Steamer Princess Anne Could Not Be Reached Owing to Storm.

FAIL TO REACH VESSEL.

New York, Feb. 6.—Baffled by a blinding snowstorm and towering waves, all attempts of rescuing vessels to reach the Old Dominion liner Princess Anne aground off Rockaway Point with 104 persons aboard had failed tonight. More than a dozen sea-going tugs, a coast guard cutter and a police boat, which put out to the aid of the stranded vessel were unable to get within hailing distance and shortly after dark temporarily abandoned their efforts.

On the shore the coast guard made a desperate effort to get a lifeboat out to the steamship, but the heavy breakers made it impossible to launch the boat. Twenty men are standing by on shore throughout the night. A wrecking steamer is being rushed from Norfolk and will arrive in the morning. If the vesse lis endangered by heavy seas tomorroy rescue of the passengers by breeches buoy is planned. A naval dirigible may be used to take the line aboard.

NEW YORK, Feb. 6.—New York still storm-bound tonight, heard with gloom the weather bureau's prediction that the snowfall would continue another twelve hours. The mighty army of commuters starting homeward tonight faced a blizzard from the northwest heaping almost impassable snow drifts.

Transit lines, except the subways, were demoralized and every subway train was mobbed at the rush hour. At the stations the crowds overflowed into the streets. Long lines of surface cars are stalled in all parts of the city, as well as innumerable trucks, drays, motor buses, automobiles and taxicabs.

Mayor Hylan has issued a proclamation calling upon all persons engaged in the transportation business, except in the delivery of foodstuffs, coal and milk to cease work until Tuesday and turn their trucks and men over to the city to meet the storm emergency.

Lack of men has caused the street-cleaning department to throw up its hands. Wages of 75 cents to $1 an hour offered for snow shovellers tempted only 3,000 men, where 14,000 are needed. A call for volunteers led to many girl students in Barnard College offering their services. They shovelled manfully.

The health department is alarmed at the prospect. Walking with dry feet is impossible, and garbage removal has been interrupted. Householders have been asked to help by clearing walks. There is no danger of a food shortage. Milk trains arrived irregularly and deliveries are hour late.

Dozens of persons were injured today by falling copings, awnings and cornices, carried down by the weight of snow upon them. Lieut.-Col Frederick Davison, stationed at Governors Island, was killed by the falling of a glass canopy.

RAILWAY RATES TO BE INCREASED SOON TO OFFSET LOSSES

Advance To Be Made On Government Operated Lines in Near Future.

OTTAWA, Feb. 6.—(By the Canadian Press.)—Faced with a loss of approximately $30,000,000 during the present financial year, it is regarded here as inevitable that rates of government railway lines will have to be increased.

The increases in rates authorized some time ago do not, it is claimed, meet the ever-increasing cost of materials and operation. Before the United States Government hands back United States lines to their owners, it is calculated that there must be a large increase in their rates—an increase estimated by some railwaymen as high as 30 or 40 per cent. If such an increase is granted to United States lines it is asserted there will need to be a similar increase in Canada.

While final figures will not be available for some weeks, it is estimated that the loss on the whole Canadian national railway system will be in the neighborhood of $19,000,000. To that has to be added an estimated loss of $9,000,000 on the Grand Trunk Pacific. On the Canadian Northern alone, the loss is estimated at roughly $10,000,000.

PREDICTS GREAT OIL ACTIVITY IN CANADIAN WEST DURING YEAR

Land Surveyor Looks For Strikes in Alberta Province.

OTTAWA, Feb. 6.—That the greatest oil activity in the history of the northwest will take place in 1920 was the opinion expressed by Mr. A. G. Stewart of Edmonton, who is attending the annual meeting of the Association of Dominion Land Surveyors. Already prospectors are gathering in Edmonton making ready for spring operations, he said, and the effect of the "oil boom" of six years ago, which did so much to harm the legitimate operations and which made sensible men look rather askance at the promotion of any oil schemes, is dying out.

The operations at the Peace River Crossing are attracting great attention where oil has already been struck. These have had to be abandoned for the time, however, owing to the wells being flooded with brine water, which will take a considerable time to clear.

Any man who has travelled the country north of Edmonton, and who knows anything about oil signs, he said, is not only convinced, but certain that oil will be struck and plenty of it.

LADY DRUMMOND TO SAIL FOR GENEVA

MONTREAL, Feb. 6.—Lady Drummond, who yesterday was elected in Toronto to represent the Canadian Red Cross, will sail for Geneva on February 14. While in France, Lady Drummond will establish a national hostel for visitors containing one hundred beds. The Red Cross is expected to largely finance this.

Four Good Reasons for a National Forward Movement

"For God so loved the world, that He gave His only begotten Son, that whosoever believeth on Him should not perish but have everlasting life."

DESPITE the four years' fury of War, and the year of uncertainty just ended, the people of Canada have prospered. Yet, spiritual glories revealed to us in the great Conflict are being clouded by drifts of class-hostility, mutual suspicion and cynical materialism.

The world is troubled. Old conceptions are giving place to new. Yet, the Kingdom of God remains, firmly grounded on the great principle of love. It has the one remedy for a world diseased:—"Believe on the Lord Jesus Christ and thou shalt be saved."

Five Christian Communions—Anglican, Baptist, Congregational, Methodist and Presbyterian—call their various constituencies and the whole nation to a livelier and more sacrificial Christianity. They are making a great financial appeal. It is fitting that the public should know the reasons.

1 The Decline of the Dollar

The sharp rise in prices the world over has affected injuriously the position of every man working for a fixed salary. Missionaries are in this category. Stipends that were ample in 1900, and nearly adequate in 1912, are utterly insufficient in 1920. There has been no general increase in these stipends. There cannot be, until the Canadian people scale-up their giving to balance the decline in purchasing-power of the Canadian dollar.

International exchange has been unstable. Money for export has been subject to heavy discounts. In view also of the increased cost of materials and of labor, any new building programme abroad has been out of the question. But the need for new buildings is imperative. Some missionaries are living in clay-floored huts.

New Standards are Necessary

The Anglican Synods, the Baptist Conventions, the Congregational Union, the Methodist Conferences, and the Presbyterian General Assembly, have set new standards for the salaries of Clergymen actively engaged in Canada. But, for the Missionaries, and for the Superannuated Ministers, no increases have been possible.

One of the aims of the Forward Movement is to show the fine-spirited, generous, Christian people of Canada that the old standards of giving for Missions must be revised. It is impossible to maintain existing stations, even on a pre-War basis, without more men and much more revenue.

2 The Call from Abroad

Coincident with this financial difficulty, new and glorious opportunities for the extension of Christian teaching have appeared. In India, literally millions of "outcastes" are pleading for Missionary preachers and doctors. In China, a new National spirit has been born. Missionary teachers are urgently required to help formulate the National system of education. Hospitals, Missionary nurses, doctors and dentists, are heartily welcomed by the people. From Japan, Africa and the Islands of the Sea, comes the same story.

3 The Home Responsibility

Here in Canada, the work of evangelizing Indians and Eskimos must now be undertaken wholly by the Canadian Church. The rapid growth of our cities, the expansion of the West, the great immigration of the last twenty years, and the depopulation of rural areas, make a fourfold problem which can be solved only by radical readjustments of policy and greatly increased resources of men and money.

4 The Pressure on the Colleges

Finally, the decline of the dollar has created difficulties in financing the Colleges and Universities established and maintained for the training of the Clergy. Last year, one College which had been able before the War barely to subsist, faced an additional charge for coal alone of $1600. All other expenditures have risen in like proportion. Christianity has been the mother of Higher Education. A thoroughly trained Ministry is the great need of the times.

The men of faith, filled with the Holy Ghost, who proclaim the Gospel story by the frozen Coppermine, beneath the cone of Fujiyama, along the banks of the Yangtse and the Ganges are the product of our Canadian Colleges. There the Vision first appeared to them. The Church must stand behind these institutions.

The Unity of Faith and Prayer

These are the facts. Faced with such conditions, the Church leaders, at first, were appalled. They went to their knees, first in separate denominational groups, then in company. Putting aside for the time being differences of religious temperament, considering only their common belief in the Everlasting Father, the Almighty Son, and the everpresent Holy Ghost, *they prayed together.* Then they arose, thrilled with a glimpse of the wonderful Missionary opportunity, *to appeal together* to the whole body of Christians in Canada.

The Greatest of All Gifts

You are a believer in the Lord Jesus Christ, and in the Gospel He proclaimed. Your country has become great through Christianity. The hope and love of the Gospel have warmed your heart and illumined your life.

Next week you will be asked by the representatives of your Church to show practical proof of your convictions. Be prepared—not to give a trifle out of your abundance, but to taste the full sweetness of Sacrifice.

SECOND ROBBERY OF BONDS IN TWO DAYS

NEW YORK, Feb. 6.—Bonds valued at $90,000 were stolen last night from the office of James R. Deering, 135 Broadway, it was announced in Wall street today. The outside door of the safe was opened by using the combination, and the inside door was forced open. This is the second robbery in two days in the heart of the financial district.

COBALT CAMP SHIPS THREE CARS OF ORE

COBALT, Feb. 6.—Three cars of ore and a small bullion consignment constitute the shipments from the Cobalt Camp this week. The bullion came from Larose, as did also one carload of ore. This is the first time in many years that this property has been in the shipping list with bullion. The ore consignments from the Cobalt Camp are now composed almost exclusively of concentrates.

The week's shipments were: Ore—McKinley-Darragh, two cars, 170,412 pounds; La Rose, one car, 6,322 pounds.

The bullion, which went to New Jersey, consisted of ten bars containing 8,893 ounces, valued at $11,100.

PARIS, Feb. 6.—Hope is entertained in peace conference circles that if the Jugo-Slavs would accept Italy's proposition for the settlement of the Adriatic question the Italians will consent to any modifications that are not considered vital.

It is understood that the British and French ministers at Belgrade, when delivering a copy of the pact of London to the Jugo-Slav Government, will make it clearly understood that the only alternative is between accepting the Italian proposition without important changes and the strict execution of the London agreement.

His Flesh Horribly Burnt

His druggist sold him a cheap acid corn cure; what he should have bought was Putnam's Corn Extractor; it's purely vegetable and acts in 24 hours. Insist on only "Putnam's Extractor," 25c at all dealers.

PARENTS, DESERTED EIGHT CHILDREN, ARE ACQUITTED IN COURT

ST. CATHARINES, Feb. 6.—Mr. and Mrs. John Giles, who deserted their eight children in their farmhouse in Gainsborough Township last November and left animals in the barn to die of starvation, were brought before the police magistrate here today. They were arrested in Toronto on Thursday on a charge of having deserted their family, the eldest of whom is 15 years of age and the youngest 14 months old. A 13-year-old girl has been mothering the family in the mother's absence.

The pair pleaded that their crops last year were a failure, and they had gone to Toronto to make money to pay their debts. Together they had been earning $50 a week, they said. Mrs. Giles promised to go home and look after the family, and the pair were acquitted.

So refreshing when fatigued

One of the surest roads to health is to have a cup of Oxo after exposure to wet or cold, or when fatigued. It quickly renews vitality and gives just that extra sustenance the system needs to make good the wear and tear of everyday life

No trouble—no waiting—just an Oxo Cube and a cupful of hot water.

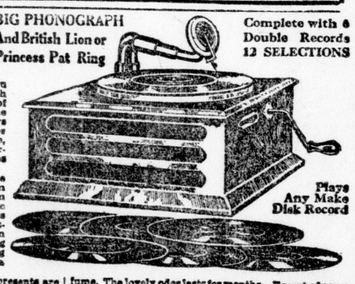

OXO CUBES

The little strength-builders

Tins of 4 Cubes - 10c. 50 Cubes - $1.25.
10 Cubes - 25c. 100 Cubes - $2.25.

Free! BIG PHONOGRAPH And British Lion or Princess Pat Ring

Complete with 6 Double Records 12 SELECTIONS

Plays Any Make Disk Record

Don't give $25.00 for a phonograph. You can get this beautiful machine complete with 12 of the newest selections absolutely free of cost. It is a magnificent machine. Its tone is powerful and as clear as a bell and it plays any make disc record—Victor, Columbia, or Edison. It has a handsome mahoganized case, tapered tone arm, nickel trimmings, powerful motor, and in fact many of the big features found in the highest grade machines.

Every loyal Canadian will also want the magnificent British Lion or Princess Pat gem ring. They are fashion's latest creations in fine jewelery. The Lion ring is a handsome massive carved Lion head with jewelled eyes and mouth—the emblem of Britain's greatness. The Princess Pat is an exquisite design set with five sparkling brilliants and having all the appearance of a $50.00 diamond ring.

These magnificent presents are given to you for introducing among your friends just 16 packages of the wonderful new "Dew-Kist Bouquet" Sachet at only 15c. a package. This is the most wonderful and exquisite perfume that has ever been invented. One 15c package will perfume more articles than a dollar bottle of perfume. The lovely odor lasts for months. Everybody you show it to will want two or three packages at once, so you will sell them all in a few minutes of your spare time.

Then return our money, only $2.40, and we'll promptly send your choice of the beautiful rings, all postage paid, and the grand phonograph and records complete you can also receive for just showing your fine prize to your friends and getting only six of them to sell our goods and earn our fine premiums as you did.

Don't delay. Write to-day. A post card will do. 12D

Address: THE FAIRY BERRY CO., Dept. R 7 Toronto, Ontario

BOYS—Don't pay $8.00 or $6.00 for a hockey outfit, when you can get, ABSOLUTELY FREE, this magnificent outfit complete, consisting of a pair of splendid, strong, polished steel hockey skates (all sizes), a good lively puck, and strong, well-made rock elm hockey stick, and in addition, as an extra present, a dandy pair of well-padded hockey gloves with fingers and wrists protected by cane splints covered with leather, or a pair of strong, heavy hockey boots, extra well stitched and reinforced. WITH THIS SPLENDID OUTFIT YOU WILL BE THE BEST EQUIPPED PLAYER ON THE TEAM.

These magnificent presents are given to you for introducing among your friends just 25 packages of the wonderful new "Dew-Kist Bouquet" Sachet only 15c. a package. This is the most wonderful and exquisite perfume that has ever been invented. One 15c. package will perfume more articles than a dollar bottle of perfume. The lovely odor lasts for months. Every body you show it to will want two or three packages at once, so you will sell them all in a few minutes of your spare time. Then send us our $3.50 and you will receive at once the complete hockey outfit of fine quality skates, rubber puck and hockey stick, and the fine hockey gloves or hockey boots you can also receive without selling any more goods, by simply showing your fine premiums to your friends and getting only four of them to sell our goods and earn our fine premiums as you did.

Hurry up boys! We arrange to stand payment of all charges on your outfit under our reimbursement system, and if you can't sell all the packages we will take them back and give you presents for what you do sell.

Address: THE REGAL MANUFACTURING CO., Dept. H. 7, Toronto, Ont.

EXPECT SPECIAL DONATIONS TO METHODIST FUNDS WILL REACH $750,000 TOTAL TODAY

Toronto Announcement Says Drive to Raise $4,000,000 Succeeding—One Londoner Contributes $15,000—Montreal and Toronto Subscriptions Are Large

TORONTO, Feb. 6.—In anticipation of the campaign of the Methodist Church to raise $4,000,000 next week in connection with the inter-church forward movement it is expected that next Sunday the Methodist ministers throughout Canada will be able to announce that at least $750,000 of this amount has been subscribed by thirty men in six of the leading cities of the Dominion. The special subscriptions in Toronto so far total over $500,000, according to an announcement made tonight by the national headquarters.

Montreal Donations.

Two Montreal Methodists are credited with having given $50,000 each; another Montreal resident has given $25,000, and there are other special subscriptions from Montreal to the amount of $125,000.

One special subscription of $50,000 has been received from J. H. Ashdown of Winnipeg. A resident of London, Ontario, has contributed $15,000, and a Vancouver man $10,000.

Special subscriptions from Hamilton so far total $26,000, and it is expected that another $26,000 will be forthcoming from Hamilton before the next Monday when the big drive throughout the Dominion begins.

Message To Newfoundland.

A message has been sent to the Methodist Churches of Canada and Newfoundland, signed by Rev. Dr. S. D. Chown, general superintendent of the Methodist Church in Canada; A. E. Ames, chairman of the Methodist national executive, and Rev. J. H. Arnup, general secretary, as follows:

"Most encouraging initial success is widely reported. We earnestly hope that every single church will exceed its objective, and that a total may be secured of over five million dollars."

MILLERAND DECLARES THAT GERMANY MUST PAY FULL PENALTY

French Premier Says Government Determined to Execute Treaty.

VOTE OF CONFIDENCE

Chamber Approves Foreign Policy—Millerand Hopes for Russian Peace.

PARIS, Feb. 6.—The Chamber of Deputies voted confidence in the cabinet today upon an interpellation with regard to its foreign policy. The vote was 518 to 68. Premier Millerand asserted that the Government was determined to execute vigorously and fully the peace treaty and served notice upon Germany that "all that she owes we will exact."

The premier said he considered that the Germans had flagrantly failed to execute the delivery of coal, which was most important to France, while burning more coal than the French to warm themselves.

M. Millerand declared that he regretted that the United States had not yet ratified the treaty, but remarked that the reparation commission was functioning and "we have no disquietude concerning the final decision of the United States."

NO CONQUEST IN SYRIA.

PARIS, Feb. 6.—(Havas.)—Premier Millerand declared that France did not intend to pursue a policy of conquest in Syria, and did not intend to menace the population's independence, but desired to establish a good administration in the country and see that justice was done.

Referring to Russia, M. Millerand said none of the Allies had adopted any definite policy toward soviet Russia. Concerning the plan for resuming commercial relations with the Russian cooperative unions, the premier asserted that the exports would be under control and if it were found they were being used to revictual the Red armies, they would be immediately stopped.

He found fault with the soviet government, but expressed gratitude to the Russian people and hoped that they would assume their place reserved for them at the peace conference. He declared that France would spare nothing to reach an accord without interfering with the internal policy of Russia. The premier insisted on Franco-Polish friendship, so that if Poland were attacked she could depend upon the complete co-operation of France.

VON BUELOW ADVISES GERMANS WANTED NOT TO SUBMIT TO REST

BERLIN, Feb. 6.—Field Marshal von Buelow told the Lokal Anzieger today that Germans whose names are on the list of those whose extradition is demanded by the allies "only did their duty to the fatherland," and that extradition was ignominy to which "no good German would voluntarily submit."

The field marshal declared he would never place himself at the disposal of the entente nations, and expressed the belief that most of the commanders named in the allied list would take the same view.

It is understood that meetings of army and navy commanders were held on January 7, and it was unanimously concluded that evasion of the extradition clauses of the Versailles treaty was entirely compatible with German honor, and that no one must voluntarily surrender. Legal objections should be lodged against orders for the arrest of any of the commanders, it was decided at these meetings.

Forced To Give Way.

Even if the present Government is forced to give way to a new cabinet, composed of Independent Socialists or other factions, the same situation will prevail, it is said. It is not improbable that the Government will promptly get into touch with the National Assembly, which is expected to reconvene next week, although it adjourned until the end of the month.

Persons well informed deny the existence of a government crisis, and the Prussian cabinet has unanimously indorsed the national cabinet's attitude which is unaltered. This may be regarded as a symptom of the spirit in which the entente demands are being met, all prominent politicians opposing the allied edict.

Obtain Modification.

It is believed that the Government will attempt to obtain a modification of the peace treaty respecting the accused Germans demanded for extradition. If it is unsuccessful it will, so to speak, fold its arms and let events take their own course, according to prevalent opinion. Already it is reported, the German airmen detailed to accompany the entente commission of control have refused to perform their duty.

A scrutiny of the extradition list shows that Belgium and France have demanded the surrender of all the German generals who commanded on the west front in 1914, except General von Heeringen. Why the Grand Duke of Hesse is listed is a mystery, says the Tageblatt, as he only once visited the front.

VACCINATION CHECKS SMALLPOX EPIDEMIC

ST. CATHARINES, Feb. 6.—The epidemics of smallpox and diphtheria here are now under control, according to Dr. Currey, medical officer of health for this city. The first 22 cases of smallpox were among children of school age, the M. O. H. stated today, but since compulsory vaccination among school children has been in effect only one child has developed smallpox.

MAKE PRISONERS FIGHT.

WASHINGTON, Feb. 6.—The Russian Bolsheviki are recruiting natives and war prisoners into new units in Turkestan, according to information received today by the state department, and, are establishing military bases there as a preliminary, it is said, to a campaign against India.

RISE AND FALL OF POUND DUE TO SPECULATORS

Exchange Rates Rally Only to Drop Again — Wide Fluctuations.

CANADIAN DOLLAR 85.50

Observers Believe "Bearish" Movement Cause—Hope for Combined Action.

NEW YORK, Feb. 6.—Today was another day of utter confusion of the international money market, the wisest financial pages refraining from an effort to explain the bewildering moves of foreign exchange. At one time during the day sterling exchange had risen 10 cents over yesterday's closing to $3.40½, and then had dropped abruptly to $3.29. All the same time the London price for gold dropped from yesterday's 127 shillings 4 pence per ounce to 123 shillings 6 pence.

The foreign exchange market moved in a confused manner from the opening, fluctuations in rates being extremely wide on a small volume of actual business. The transactions in fact were scattered and generally in small amounts.

Experienced Observers.

Experienced observers say that no such movement as occurred today in sterling exchange could have resulted from normal influences. They declared it as a practical certainty that in addition to the confusing rumors and obscure influences which surround the market, speculation on an extensive scale had been brought to the sharp turn with much the same effect on rates as are produced on prices of stock when a "bear movement" culminates. The antics of foreign exchange were reflected in the repeated changes of the stock exchange.

Canadian dollars closed at 85.50 cents today. Transactions were few and far between.

Several Plans Suggested.

Several plans for combined action have been suggested in financial circles. The one most favored, the plan believed to have been discussed at the recent governmental conference, is for the government banks of the world to form a central committee, sitting permanently in London, with representatives of each bank as members.

It is pointed out that this plan would be likely to meet with a great deal of opposition because the banks here are deriving profits from the speculative operations of exchange dealers, which have been on an enormous scale recently, and are largely responsible for the present wild fluctuations. As such dealings are not possible without financial aid, it is considered some action will have to be taken to check speculative business, similar to the restrictions imposed during the war.

The methods thus suggested, or the drastic plan of allowing the exchange markets to find their natural level, are believed in financial quarters as likely in the long run to do more permanent good than temporary relief measures, which would have serious after-affects.

Get Rid of Fat Where It Shows

Do you realize that nothing but good substantial food and plenty of it will build muscular energy and that you must eat and eat heartily in order to retain your strength?

Dieting weakens you and over-exercise tires you because the former regards the development of muscular energy and the latter consumes too much of it. That is why you find the old-fashioned method of fat reduction such a hardship. Why not get rid of your excess fat in the harmless, scientific, easy way by taking a harmless Marmola Prescription Tablet after each meal and at bed time? Marmola Prescription Tablets are prepared in exact accordance with the famous Marmola Prescription, are perfectly safe to use and have been used by hundreds of persons in this country and Europe with wonderful success. Within a short time you can be getting rid of two, three or four pounds of fat a week. No starvation diet or tiresome exercises are needed. You can be comfortable and you can enjoy the food you like and want. Even after taking off many pounds there will be no flabbiness or wrinkles remaining, and you will feel 100% better. Any good druggist can supply Marmola Prescription Tablets at $1. per case or they will be mailed direct in plain wrapper and post paid if you send the price to the Marmola Company, 864 Woodward Ave., Detroit, Mich.

BRIGHT PROSPECTS FOR HIGHWAY BUILDING

OTTAWA, Feb. 6.—(By the Canadian Press.)—While estimates of proposed highways expenditures in the various provinces will not be sent on to Ottawa for a consideration for some time yet, Highways Commissioner Campbell, who has the administration of the federal aid to highways scheme, is optimistic over the construction prospects for the coming season.

Mr. Campbell said this morning that there was every evidence that each of the provinces is seeking to work out general schemes of trunk highways which will be of benefit to the whole province, and the highways department here is not being flooded with applications for approval of a lot of local schemes.

LONG ISLAND RESORT MAROONED BY STORM

NEW YORK, Feb. 6.—Telephone reports from Long Beach, on Long Island, declared that the resort faced a food and coal shortage, the storm having marooned it. No train or vehicle of any kind has been able to reach there in 48 hours.

HELD SOCIAL EVENING.

DORCHESTER, Feb. 6.—On Tuesday last the A. Y. P. A. of St. Peter's Church held a social evening in the basement of that church. A very pleasant time was spent. The proceeds were in aid of the piano fund.

Anniversary services will be conducted in the Anglican Church on Sunday, February 15, by the Rev. (Lieut.) K. E. McGoven of Lucan, both morning and evening.

The Women's Institute has decided to hold no meeting this month, as there is so much sickness.

Dorchester public school is closed on account of so much sickness in the village.

Elgin Hayes has sold his house to Rosel Swart.

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, also double it's beauty. You can have nice, thick hair, too.

THE ALLIES' PREDICAMENT.

Through the refusal of the Germans to hand over the war criminals as demanded by the Allies, the latter have been placed in a somewhat awkward predicament. To back down would be a humiliation, and a confession of weakness that it is not well that the Entente nations should have to make at this time. But how are they going to compel the German Government to hand over the men wanted? General Noske, who commands the German forces, says that even should the Berlin Government consent to deliver the criminals for trial he would be unable to get them to the frontier because of public sentiment.

Why not send for Marshal Foch? That resourceful party, we believe, could solve this problem. On several occasions he has, by his firmness and direct action methods, convinced the Germans of the wisdom of submitting to the Allies' just demands. It is imperative that Germany be compelled or persuaded to surrender these men. If the Allies are forced by German stubbornness to abandon their much-advertised intention of trying the German war criminals, from the ex-kaiser down, the moral defeat will not be lost on the rest of Europe. Instructions which the supreme council may find necessary from time to time to send to Vienna or Budapest, for instance, would surely be considered by the recipients as coming from those the Germans had successfully defied. And the Germans themselves, if they are permitted to put over what looks like a fresh case of German bluff and bluster, would certainly try further defiance by refusing to carry out some of the conditions of the peace treaty.

WRONG VALUATIONS.

Recently ex-President William Taft remarked that the public is willing to pay "Babe" Ruth, the home-run hitter of the New York American League Club, the sum of $20,000 annually to play baseball, but does not think enough of its education to increase the salaries of its college professors. Commenting upon this statement a New York paragraphist declares that while there are any number of men who can teach, there is only one "Babe" Ruth and one Jack Dempsey.

It might be pointed out to this critic that the leading college professor of Canada or the United States is not paid anywhere near what Ruth or Dempsey earn. More than that, there are hundreds of ball players, not of the first rank, who receive more annually for their services than is given the professors or teachers. Mrs. Louis Slade, chairman of a large American women's college, takes the same view as Mr. Taft. She says:

> "The discrimination against the teacher has been marked. The public will pay 'Babe' Ruth $20,000 for a half year, and Jack Dempsey $100,000 or $300,000 for a single fight, but they will not pay their college professors enough to live on.
>
> "A professional baseball player sells for $130,000; a professor is obtained from one of the Western colleges for a few dollars more than he was receiving there—for $3,000 or $4,000 a year, at a guess. In building army camps, steam shovelers were paid $96 a week, while the college teacher, who is to prepare young men and women for pursuits of peace has to accept a quarter of that sum.
>
> "I was widely quoted last autumn as having said that I wished professors would form a union and strike to bring their needs before the public.
>
> "This remark was not intended to be wholly serious, but had I measured my words more carefully, I would have said that it would be better for the college professors to unite to demand higher wages, and even perhaps to act as a body rather than that they should strike individually by leaving the profession."

The seriousness of the situation lies in the fact that many leading educators on this continent are giving up their profession to follow the attraction of higher salaries. Unless the teachers of all grades are better paid there will be a general desertion to more remunerative callings. Then, too late we will realize that it takes years to secure an efficient army of teachers.

BRITAIN NOT SEEKING A LOAN.

A number of American newspapers, especially those of William Randolph Hearst, are loudly screaming that Great Britain is attempting to "work" the American people for every cent they can get. Nothing is further from the truth than this statement. An explicit official denial of the charge that England plans more borrowings from money markets of the United States has been issued by the British Government. It is explained that the British Government has no intention of adding to its already heavy indebtedness by securing more money from foreign lenders. The British Government recognizes that such a policy would retard the stabilizing of financial conditions in Europe.

On the question as to whether more loans shall be made the smaller continental nations, however, Great Britain takes another view. The British believe these bankrupt peoples can be placed on their feet if they receive financial assistance from the nations able to supply it. That is the reason the United States has been invited to attend the international financial conference at London, and which many Americans have unfortunately interpreted as meaning that the British are after cash for their own pockets. Carter Glass, whose position as controller of the treasury makes him a sort of minister of finance of the Washington administration, throws cold water on the conference, intimating that so far as the United States Government is concerned, there will be no more money loaned any European country.

Glass should understand that Great Britain is not thinking of herself in this case. The British people are not insolvent nor will they be come so. John Bull will in time pay back every cent. But the suffering smaller nations of Europe are in a dreadful state of economic distress that can only be relieved by large and speedy financial aid.

America may refuse to unite with the other powers in this matter. In that case she may presently find herself shut out from old world markets, for it is certain that such nations as contribute from their treasuries toward the economic rehabilitation of Europe will insist upon a return via trade and commerce.

THE NEEDS OF CHINA.

A foreign mission activity that will hold a foremost interest for the Forward Movement is concerned with the evangelization of China. Charles W. Service, a missionary in the Chengtu field points out that what China needs is character, and that this can be had only through Christianity. "Give the Chinese a chance," says Mr. Service to the churches of Canada.

The Chinese race is intelligent but not educated. There is over 90 per cent of illiteracy in China. What chance is there for rearing a strong democracy on such a foundation? As long as there remain the countless millions in the heart of Asia who are wholly out of touch with the life and progress of mankind, the future of the world is not safe. These multi-millions in China must and will be educated, among whom not the least important are her women and girls, who need equal opportunities with men for education and service.

To meet the deepening need for nationhood, China, like other nations, will turn to its schools as the rational place for developing a larger national consciousness and patriotism. But there is great danger in China, as elsewhere, of commercializing knowledge. An exaggerated and perverted interpretation of the dictum "knowledge is power" would be a baneful influence in China. We have seen its results in the prostitution of science during the recent war. From the point of view of commerce, foreign relations, world economics, racial development, world peace and the Kingdom of God, the Christian education of China is the most important question confronting Europe and America. The work of missionaries in China is not so much to bring new doctrines, as a new life, in order to leaven her social and national life. Christianity comes not to destroy education but to fulfill its hopes and ideals.

The educational situation in China is a loud call for intelligent leadership. The building up of a system of popular education which will be effective in a land of 400,000,000 living under economic stress is not an easy task. China is not equal to it. She must have stimulus, guidance and models from outside. In this respect the Christian Church is a friend and powerful ally. Mission schools are now enjoying the fullest confidence of the Chinese Government and people. These schools are doing work on which the safety of the rest of the world depends.

The most disastrous failure in the internal life of China is a moral failure. CHINA NEEDS CHARACTER. Almost universal corruption must be done away with before there can be a strong national life. To secure this there must be new standards of honesty. Again, native religions are idolatrous and degrading. The daily life of the people is such as to make much progress impossible. They live in an atmosphere of ghosts, demons and evil forces, and therefore one of terror, despair and defeat. The environment of childhood is deplorable, and the degradation of womanhood is unspeakable. Home life is absent or sadly lacking in essential elements. China is in bondage to many customs which prevent her rising, such as ancestral worship. Chinese religions are powerless to save from such conditions. The inevitable development of China economically, socially, intellectually, politically will augment the need for an additional saving factor.

What but Christianity can set up new standards of morality and spiritual experience, proclaim deliverance from a spiritual captivity which breaks the spirit of the people, and furnish the dynamic of true progress? Indigenous restraints and moral controls have served China well for centuries under conditions of isolation. But in the new age of progress a new set of adequate and vital controls must be discovered and set up, or demoralization of society and race degeneration will inevitably result. Social progress is, in the last analysis, moral progress, which, in turn, depends on religious ideals, standard and dynamic. Just because Christianity is so concerned with ultimate values—that is why China needs Christianity.

EDITORIAL NOTES.

The ex-kaiser said he will present a hospital to Holland. Holland should reciprocate with an insane asylum.

France has placed Foch amongst the immortals. The rest of the world put him there when he smashed the Germans at the Marne.

THOSE GAY CLOTHES FOR MEN.

[Brooklyn Eagle.]

When one recalls what London tailors have been able to do with "checks of bold pattern," but with the color scheme confined rigidly to blacks, browns and greys, one may well shudder at the proposal of such checks enlivened with streaks of bright orange, or purple, or grass green, or crimson. Is one to be able to tell a Londoner from a Highlander only by the length of his "breeks"? And if traveling Americans fall for the new color scheme, is one to witness at the gang plank of returning steamers a rival to Byron's scene, where

"The Assyrian came down like the wolf on the fold,
His cohorts all gleaming with purple and gold"?

We suspect that when autumn comes we shall be delivered from the gleams of purple and gold. Americans have stood for fuzzy green hats, and a few weeks ago a man in a well-tailored suit of alice blue walked down Washington street without having anything more harmful than stares thrown at him. But the suit of that daring spirit was all of one color. If it had been striped with green or yellow, we should hate to answer for the consequences. That suit has never come back, although the man may walk that pavement daily clad in normal garments. The American in Europe may take flyers in various sorts of extreme toggery, but about the time he sights Sandy Hook he begins to long for normal clothes and pumpkin pie. "Old friends, old times, old manners, old books, old wine" and old clothes are just as lovable now as when Goldsmith wrote of them.

From Here and There

GOOD COMPANY.

[Karle Wilson Baker.]

Today I have grown taller for walking with the trees,
The seven sister-poplars who go softly in a line;
And I think my heart is whiter for its parley with a star
That trembled out at nightfall and hung above the pine.
The call-note of a redbird from the cedars in the dusk
Woke his happy mate within me to an answer free and fine;
And a sudden angel beckoned from a column of blue smoke—
Lord, who am I that they should stoop—these holy folk of Thine?

TEMPTATIONS FOR MOTORISTS.

[Exchange.]

France is making systematic plans to attract the automobile tourists. Under a new order all the villages in the country are to have their names shown in eight-inch letters on postoffices, police stations and the municipal offices. National roads will have red-painted milestones, while the old-fashioned signposts are to be replaced by large blue enamel plates, with the direction of the next town and its distance displayed in big white letters, so as to be easily read from passing cars.

CHARITY BEGINS AT HOME.

[Kansas City Star.]

We must hasten to repair where we can, to save what lives may still be saved, but do not let us think our duty is done or our lesson learned until we have taken out for our own children what insurance against war and ignorance education and preparedness may offer. Let us, while extending relief, recall and act on the wise words of John Fiske, that the permanent peace of the world can be secured only through the gradual concentration of preponderant military strength in the hands of the most pacific nations.

CONSOLIDATED SCHOOLS.

[Brantford Expositor.]

The movement in rural Ontario for improved schools is an encouraging sign of the times. Instead of the small isolated school, with a few pupils and a single teacher, the demand is being made for consolidated schools which can be used as centres for the development of the intellectual and social life of the community. These schools will provide for continuation classes, where the boys and girls will receive the benefit of a high school education without being educated away from rural life. The scope for the development of these schools is almost unlimited.

CANADA FOR CANADIANS.

[Hamilton Spectator.]

In the development of the reindeer, buffalo, musk ox and caribou industries on the great uncultivated lands of Canada, it is to be hoped the government will see that any privileges or concessions in connection therewith are reserved for Canadians. Too often have enterprising and far-seeing Americans been permitted to enter Canada and avail themselves of this country's wealth of natural resources to the detriment of Canadians and their institutions. A flagrant instance of this undesirable state of affairs was brought to light in the recent newsprint difficulty. "Canada for Canadians First" is not a bad motto.

DRASTIC EXCLUSION LAWS.

[Baltimore Sun.]

We are at present considerably short of man power for all the things we have to do and want to do, and the temptation is to relieve the stringency by importations from aboard. This shortage, however, would not be so embarrassing if everybody who could work would work. The shortage is less in numbers than in willingness, and every year of peaceful development will help to reduce it through our own natural increase. Certainly it would be short-sighted to consider the subject wholly with regard to its effect upon our foreign commerce. The most important question is as to our internal political and economic strength and sanity. Two things we have to do: One is to eliminate, as far as possible, the poison already in our veins; the other is to keep out of our system more of the same kind, or of different brands. The purity and health of American institutions are more important than commerce.

BRITISH RAILWAY RATES.

[Montreal Star.]

Railway rates have just been increased in Britain from 25 to 100 per cent, in order to meet the deficit caused during the period of government control, by the general increase in employees' wages, the shorter hours of labor they now serve—which necessitates a large increase of staff—and the rise in the price of railway material and coal, which in itself is a reflex of the lessened production which in itself has followed the disturbed industrial conditions of last year. In spite of recent increases in the passenger fares and an abnormal freight load, the British treasury is still subsidizing the railways at the rate of $250,000,000 a year. Moreover, this subsidy, or rather, the low freight and passenger rates which have made it necessary, is severely handicapping British trade. Other forms of transport by inland navigation or by coast trading vessels find it difficult to compete with the low rates of the subsidized roads, and this has resulted in congestion of traffic and annoying delays which hamper business. The increases which came into force last week are an attempt made by the government to place the railroads on an economic basis and at the same time give a needed stimulus to coastwise trade, canal and road transport. The government is under pledge to give back the roads to private ownership in the same condition in which they were when the government took them over. This means that without a treasury subsidy, revenue must not only balance expenditure, but must provide a surplus for the payment of interest on private investment. Subsidizing the railways has proved unbusinesslike and economically unsound. The consumer will now have to pay more for the services rendered by the railways, but the country will be relieved of the payment of $250,000,000, and the burden of this payment will be more equitably distributed.

DEEPENING THE ST. LAWRENCE.

[Hamilton Times.]

Hamilton is greatly interested in the proposal to deepen the St. Lawrence, so that when the new Welland Canal is completed the big freighters from the upper lakes will not need to break cargo for the Atlantic seaboard. In the opinion of engineers the enormous additional horsepower that would be made available by the deepening of the St. Lawrence, 3,500,000, between Montreal and Prescott, would equal the consumption of 35,000,000 tons of coal per annum, on the basis of a requirement of ten tons per annum for one-horsepower. This enormous power would be available for distribution throughout Quebec, Ontario and New York State, and would, it is said, pay the whole cost of the improvement, besides its many other manifest advantages.

THE CITY HORSE ON WINTER STREETS.

[New York Times.]

The city horse as he struggles to keep his footing on the winter streets, and usually fails, to lie helpless on the icy surface until volunteers assist in unharnessing him, is the object of everybody's sympathy. Too often he is drawing a load that would be almost beyond his strength to move if his footing were sure, and it cannot be sure unless he is properly shod. His master is to blame if the faithful beast has been sent out with smooth-worn shoes. Frequently the horse's difficulties are increased by the ignorance and incompetence of his driver. In these days of high cost of labor the driver may be a boy who has had no experience, and probably has less humanity than experience. And it is a sad thing to say that a driver who is fond of his horse may be working for an owner who is too mean to keep the horse properly shod for hauling heavy loads on slippery streets.

At a meeting of the Horse Aid Society an amendment was proposed to the city ordinance for the care of horses providing that no horse "or any other living animal used for the purpose of driving or hauling," should be driven in the streets of New York unless "shod in such a manner as will prevent slipping." The amendment was not specific enough. Similar amendments have been rejected by the city authorities as impracticable, and there will always be a difficulty in helping the horse until a device approved by experts is named in addition to the present law. There are said to be several devices ready for trial, and as the city has agreed to lend horses of the street cleaning department for experimental purposes, the Horse Aid Society should lose no time in accepting the offer and producing one or more shoes or clamps that will prevent slipping on snow, ice or on wet wooden surfaces.

LOVE OF THE WILD

BY ARCHIE P. McKISHNIE

"Why, I don't mind promisin' that," he stammered. "I ain't carin' much to shoot—any deer without givin' it somethin' of a chance. And I will say that to shoot 'em without goes somethin' again' my grain. All right, Gloss, old Ander'll promise not to shoot that doe or any other like her. Dang me, but you and her seemed a lot, a lot alike to me somehow. I reckon I'm good enough of a shot to have got by you, girl; but somethin' kept my rifle down. I see you two lookin' at each other—her eyes, your eyes—wall, I can't say what makes me think you two are alike, but you are. No, siree, Ander won't shoot any more does—at least, not this season. Now, Gloss, I want you t' come along over to my place and see my missus. She's bound to have a loggin'-bee right soon, and she wants you to help her lay out the eatin' line. I can't say much—you know what Rachel's like. When she takes a notion to do a thing I might as well give in right on the start and save trouble. I don't know why we wanter log, but that don't matter—we're goin' to log 'cause Rachel says so. Come along over and sorter give the old woman a tip or two about what she should get together for the table. I'll see you back through th' bush, 'cause I wanter see Boy about some traps.'

They started out, the man keeping up a running conversation, his short legs taking two steps to the girl's one, and his little eyes, by force of habit, shooting here and there through the bush.

As they approached Declute's home, a house of logs close to the shore of Rond Eau, a couple of wire-haired mongrel curs came yelping out to meet them.

"There's David and Goliath," said Ander. "Rachel named them dogs. She's great on Bible names, is Rachel—too danged great," he finished in a lower key.

Gloss opened the door and stepped inside. Mrs. Declute turned slowly from the table and a smile spread across her flour-streaked face.

"Oh, you dear," she said, pounding forward and implanting a resounding smack on the girl's rosy cheek. "You little dear, to come just now of all times, when I most wanted to see you."

Mrs. Declute smile again and a bit of powder fell from her face. It was a big matronly face, with big-heartedness written clean across it, had real kindness gleaming in its large black eyes. She was a big woman, "nigh two hundred and thirty," as Ander put it.

"Where are the babies?" asked Gloss, sitting down on a stool and glancing about the small room.

"Sleepin' like angels, th' troublesome little good-fer-nuthin's," smiled the woman fondly. "Moses is just that troublesome I think sometimes I'll have to tie him up. Only this mornin' he upsot the cradle and spilt little Martha out on the floor ker-bump. Give my life if I wasn't so provoked I could have beeched him if he hadn't been just gettin' over th' jaundice."

"Ander tells me that you are thinkin' of havin' a logging'," said Gloss. "Is there anythin' I could help you to do, Mrs. Declute?"

"Just what I was wantin' to see you about," cried the beaming woman, sitting down and wiping her face with her apron. "Thought first as I'd run across to Totherside and ask widder Ross to come over. Then I thought about her havin' that teacher boardin' there, and I didn't want to put her out any. Fine cook is the widder, but somehow I can't think as anybody can cook meats and sarve 'em up quite like you, Glossie. I'm fixing up some dried-apple pies. Sent over to Bridgetown this mornin' by Jim Peeler for the dried-apples. Guess he'll come along soon."

"He's comin' right now," called Declute from the door. "I'll go and give him a hand, I guess. He's got some tobaccer for me—leastways I hope he has; I sent for some."

"Ain't that a man for you?" winked Mrs. Declute. 'Ain't that a man, though? Glossie, my dear, don't you ever marry a man; don't you ever do it. You'll be sorry all the days of your life if you do. Even I am almost sorry sometimes, and Ander's an exception of a man. There ain't no other like him. And sakes alive, he's bad enough, dear knows."

Ander and a short, heavy man entered, and the latter laid a number of parcels on the table. He had a jolly round red face with crow's feet about the corners of brown eyes, stamped there by much smiling. It was said of Jim Peeler that he had never been known to lose his temper. He stood a short rifle in the corner and sat down near the table. Mrs. Declute arose and brought a steaming teapot from the hearth, also a plate of bread and cold meat.

After disposing of a goodly portion of the victuals before him, Jim turned to Gloss with the question:

"How's the sick?"

"No better," answered Gloss, her face growing grave.

"Dear me, how thinkless I am!" exclaimed Mrs. Declute. "I knowed there was somethin' I wanted to ask you, Gloss. That's it. How's the dear little woman?"

Ander was cutting off a piece of black chewing tobacco from a big slab.

"Why don't you tell old Betsy 'bout her, Glossie?" he asked.

"Shet up, Ander," flashed his wife. "Be you a Christian, or be you a heathen as believe in the witches?"

"There, there," laughed Peeler soothingly, "I guess Ander is a good Christian. But I was talking to a real Christian today; a real pious, right-down good man."

"Smythe?" questioned Declute, the piece of tobacco poised half-way to its expectant goal.

"The same," answered Peeler. "And by the way, I met that man Watson as I was comin' home. He must have been over here, eh?"

"He was here this mornin'," said Gloss. "He was tryin' to—to buy our place."

"Oh, was he?"

Peeler's face lost its smile and his bushy eyebrows met in a scowl. How about you, Ander?"

Declute squirmed.

"Oh, I ain't thinkin' much about it, Jim. I ain't worryin' none."

His wife gazed at him contemptuously.

"You ain't brains enough to worry about anythin'," she exclaimed. "Was Watson ridin' alone, Jim?"

"Well, no, he wasn't. That teacher chap was with him. He was ridin' the bay belongin' to Hallibut's engineer."

Gloss looked up, her eyes wide.

"Then they were together?" she asked.

"Yes," replied Peeler. "I suppose the teacher was seein' him through part of the bush. I was talkin' to Blake, the sawyer, over at the mill a while ago, and he tells me Colonel Hallibut has hired Smythe and Watson to help get our timberland."

"Where'bouts on the trail did you meet 'em?" asked Declute.

"Why, they had only nicely got started, I guess. It wasn't more than two or three miles out at most."

"Where has Watson been all day, I wonder," cried Gloss. "He was at our place shortly after sun-up."

From the next room came a commotion, and three round-eyed youngsters, between the ages of three and six, protruded their heads from beneath the buckskin door curtain.

"Get back in thar, Moses and Zaccheus," commanded her mother; "you ain't had half enough sleep yet."

"Oh, let me hug them, Mrs. Declute," pleaded Gloss.

She ran across and gathered the babies up, all together, in her arms. They twined their chubby arms about her neck and rubbed their sleepy eyes against her face. They were sweet, wholesome youngsters, and the girl loved them. She kissed them all, three times around, then set them down.

"Guess we'd better be goin' Ander," she said, "that is, if you have to come. But I'm not the least timid about goin' alone."

"Course he'll go," declared Mrs. Declute, "and you, too, Jim Peeler, 'cause I've got to get on with them pies. Tell Libby the bee's next Thursday, and I'll want her to help with the table. Much 'bliged for your kindness, Jim. Good-night, Glossie."

CHAPTER IX.
And the Twilight.

"Guess I'll step through the oak ridge here and look in on Bill Paisley for a minute or so," said Jim Peeler, as the three found the path leading to the creek.

"He's singin' his old pet song," smiled Gloss. "Hark, can't you hear him?"

Upon the tree-fringe of Rond Eau a red disk of a sun was dripping gold and amethyst glory and all the wild-wood was full of life and harmony. From the thickets the hardiest of the song-birds were bidding good-by to the wood. It was their last night in the old nesting-place.

Mingled with the symphony came Paisley's voice, trilling happily:

"Massar's gone away, de darkey say,
'Ho-he!'
Mus' be now dat de kingdom's comin'
I' de year ob jubiloo."

"He's a hapy beggar," chuckled Declute. "He's a happy beggar, is Bill, and the biggest-hearted, softest-hearted baby of a man as ever lived."

"God built some big things," said Peeler; "that," waving a hand toward the mellow glory above; "this," looking about him; "an' Bill. Yes He built Bill, and nobody has ever spoiled His work."

"And nobody can spoil His work," said Gloss gently, "dear old Bill."

"Run along, children," laughed Peeler, "I've got my pockets full of things that Paisley sent to town for. Silk thread, silk cloth—three dollars a yard; look here." He tapped one of his large, bulging pockets. "Bill's gone into the dress-makin' business, it seems."

Gloss clasped her brown hands and her eyes danced.

"Oh," she begged, "won't you let me come too? I want to see all those things. I surely do."

"Tut, tut,' scolded Peeler, screwing up his face, "that wouldn't do at all. I'm tellin' too much. I'm a poor hand at keepin' secrets."

He plunged among the trees, his face frowning and his eyes laughing, and when he had put one of the wide ridges between himself and Gloss he clapped his hands and laughed like a boy.

"She don't know that Bil is gettin' all this costly finery for her. Bless her," he murmured, wiping his eyes, "she doesn't suspect a thing—not a thing. God bless her dear old heart. Ah, but all the silver-fox hides in all this big woods couldn't make a coat good enough for our girl, let alone six as Bill has. But it's Bill's little wish," he added; "it's just Bill's little wish. And Bill's one of God's big men."

Bill scarcely looked his part on this particular evening. Peeler found him sitting just outside his home, his sleeves rolled up to his elbows, and his stubby arms shining with bear oils. Across his seamed face were a number of greasy smears, left there by brushing away a troublesome mosquito. Between his teeth he gripped a short clay pipe. At his feet lay a pile of traps, tangled together and red with rust.

"Got back, eh?" he grinned as Peeler approached. "Got them things, Jim?"

"Sure, Bill," and Peeler commenced emptying his pockets.

"Jim," said Paisley, "I guess I'd best have your good wife help me out on this coat. I thought maybe she'd do the linin'. Suppose she would?"

"Do I suppose? Wall, I do better," answered Peeler, "I know she will."

(To Be Continued.)

How Present Methods of Living Sap the Iron From the Blood---

Causing Weak Nerves and Lack of Physical Strength

Alarming Increase in Iron Deficiency Among Men and Women of Today Leads Physicians Below to Explain Why They Now Prescribe Organic Iron—Nuxated Iron—to Help Build Up Weak, Nervous, Run-Down People by Giving Them More

RED BLOOD STRENGTH AND ENDURANCE

Nuxated Iron is Now Being Used by Over 3,000,000 People Annually.

That the nervous and physical strain of present day life has produced as never before an alarming deficiency of iron in the blood is the belief of Dr. T. Alphonsus Wallace, physician of many years' experience, and formerly of the British Naval Medical Service, who explains below why iron is absolutely essential to the greatest development of physical and mental power.

Dr. Wallace says: "In every age since the beginning of time people have fallen into certain modes of living harmful to their physical welfare, and it has remained in each case for Nature, Necessity or Science to provide means that would help build renewed health and strength. Among the ancients coarse foods and outdoor life helped make rich, red blood to replenish the wasted forces and preserve high standards of health. But this opportunity for building up health is not open to thousands of men and women in civil life today whose wearing tasks and iron impoverished foods sap their energy and vitality and make them weak, anaemic and all run-down and often cause their blood to literally starve for want of iron.

"Unless strength-giving iron can be obtained from the foods we eat it must be supplied in some form that is easily absorbed and assimilated; and for this purpose I always prescribe organic iron—which I have used with such successful results that I am absolutely convinced of its effectiveness for helping to build red blood, strength and endurance."

Dr. H. B. Vail, formerly physician in the Baltimore Hospital, and a Medical Examiner, says: "Throughout my experience on Hospital Staffs and as a Medical Examiner, I have been astonished at the number of patients who have doctored vainly for various diseases, when in reality their delicate, rundown state was simply the result of lack of iron in the blood, frequently brought on by modern methods of cookery and the strain of the present day high tension life. Time and again I have prescribed organic iron—Nuxated Iron—and surprised patients at the rapidity with which the weakness and general debility was replaced by a renewed feeling of strength and vitality. I took Nuxated Iron myself to build me up after a serious case of nervous exhaustion. The effects were apparent after a few days and within three weeks it had virtually revitalized my whole system and put me in a superb physical condition."

No matter what other tonics or iron remedies you have used without success—if you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, rundown people in two weeks' time in many instances.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians and which is now being used by over three million people annually, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser, or they will refund your money. It is dispensed in this city by Culmerus & Lawrence, Standard Drug Company, Taylor Drug Company, and all other druggists.

A BRIDGE OF SAFETY TO STRONG, VIGOROUS HEALTH.

Like a crashing avalanche of mighty rocks the conditions of modern living are threatening the health and strength of many a man of today. It is for such men that Nuxated Iron serves as a bridge to safety by helping to build up red blood, power and endurance.

Nature Gave Man Juniper—to Preserve His Health

THERE is one great restorative and corrective for deranged Kidneys. It is obtained from the Juniper Berry. When combined scientifically with other medicinal properties, valuable as diuretics and with antiseptics, as it is combined in Gin Pills, a sure, quick and safe remedy for Kidney and Bladder trouble is available. In fact, no other formula begins to compare with that on which Gin Pills are prepared. They stand alone as the finest aid in Kidney and Bladder trouble.

Our forefathers were wont to use Gin for treating these troubles. The help it rendered was due to the Juniper in the Gin. In Gin Pills there is not a trace of the harmful alcohol. But all the soothing, healing action of Juniper has been retained.

Since Gin Pills were placed on the market—sixteen years ago—the work they have done in relieving the pain and danger resulting from Kidney and Bladder troubles is almost beyond reckoning. Thousands and thousands of letters, sent voluntarily by grateful users, testify to the enormous benefit Gin Pills have brought to sufferers throughout the length and breadth of Canada, in the United States, and in parts of Europe, where a sale was never sought.

If you are enduring the agony of backache, gravel, rheumatic sciatica and neuralgia pains, brick dust deposits, mucus, ...estion, or inflammation of Kidneys or Bladder, or any ...e symptoms, lose no time in getting Gin Pills. Your druggist or dealer has them—at 50c. a box, with money-back guarantee. Get them *at once*. Free sample sent on request.

DAY NURSERY WILL HELP TRUANT OFFICER.

That a day nursery is needed very badly in the city is demonstrated by a late report of the public school attendance officer. In this report, he states that in some sections the attendance has been very poor, and that when the cases are investigated, the reason frequently is that the children of school age have to remain at home to care for the smaller ones while the mother goes out to work.

If the day nursery did nothing else but permit the future citizens of London to attend school regularly it would be doing a big thing for the city. But it will be doing much more than that. And one thing is the proper nourishment of these same school children, whose mothers are out at work during the day.

The scheme is that the school children, when they bring their small brothers or sisters to the nursery, will be given a nourishing breakfast before they set off for school. They will again return to the nursery for dinner and for supper. So that, not only will the very small children be cared for and nourished, but the older ones as well.

An efficient cook, working with large quantities of food along scientific lines and lines of economy will be able to give these children much better nourishment at very much less expense than if the food were improperly prepared in small quantities in their own homes.

Mrs. A. T. Edwards of the board of education is very much interested in the day nursery scheme, and immediately saw how it would help out the truant officer when the cause of non-attendance in many cases was revealed in his report.

NEW ZEALAND MANAGES TO KEEP PRICES DOWN.

New Zealand is one of the most progressive little countries in the world, and many an older and larger nation might well take example from her methods. Not only was she the first among the dominions of the British Empire to give her women the vote, but she has the best infant welfare system in the world, and consequently the lowest rate of infant mortality.

But more than this, she has been able to fight the High Cost of Living, keeping down the prices in a way which no other nation has been able to do.

In New Zealand bread is 8¼ to 10 cents a two-pound loaf, milk is 7½ to 9 cents a quart, sugar 5 cents a pound, and prime beef from 13 to 15 cents a pound. In contrast, the prices in London, Canada, are about as follows: Bread 13 cents a loaf, milk about 14 cents a quart, sugar 16½ cents a pound, and prime beef from 40 to 45 cents a pound.

How does New Zealand do it? That is what the rest of the world should learn. Perhaps she has a government which has the best interests of the country only at heart.

CONSIDER ACTING AS ONE OF FINE ARTS, SAYS CHARLESWORTH

Dramatic Critic of Saturday Night Addresses Women's Canadian Club.

"Personality and Personation" was the subject of a vastly interesting address given at the Normal School before the Women's Canadian Club yesterday afternoon by Hector Charlesworth, dramatic critic of "Saturday Night." Throughout his address he maintained that acting was one of fine arts, and his final words were: "Now that the theatres of Canada are at last free from the shackles of Broadway and London will supply the theatre-going public of Canada with British plays, we shall have a wonderful era in daramatic art if we can induce the theatre-going public to regard acting as one of the fine arts.

"The theatre is irresistible. Therefore, if we object to what is being given, we must organize the theatre. During the past in Canada the theatre has suffered from two sources—from the chilling and ungracious criticism of the puritan (but that old religious prejudice is now largely dying out) and from the gambling spirit which places the theatres in the hands of men, and corporations whose object is only to make money.

One of Fine Arts.

"At the present time it seems almost an absurdity to call the theatre one of the fine arts, but is Heifeitz any less an artist because there is the street piano?"

"Personality is the mainspring of the art of acting," continued the speaker. "The man who can move to laughter and tears is born not made. Yet it is an error to make personality the main test, for personation is of equal importance. Matthew Arnold makes intellectual power the touchstone of great acting, but this is not everything. The ability to reproduce oneself is a gift bestowed on very few human beings.

Write for Actor.

"Many playwrights have very successfully tried to weed personality and personation, writing plays which would serve as the proper vehicle for a particular actor or actress."

The speaker sketched the history of actors and critics down through the years, proving that every one had a decided personality, and that many had overcome physical defects by sheer intellect.

"It is a misfortune that great actors leave no record behind them, except vague rumors," he said. "And yet perhaps it is to the advantage of the stage that this is so, because each actor leaves it free for the next. It is untrammeled with his faults and perfections, and, therefore, constantly breeds originality."

Refers To London.

At the beginning of his talk, Mr. Charlesworth made pleasant reference to the part which London had taken in the dramatic world, mentioning the Margaret Anglin bracelet which had been won by two London women in the Earl Grey competition a few years ago. They were Miss Patty McLaren and Miss Ruby Michie at that time. He also referred to Campbell Becher and Dr. Pardee Bucke, both a distinguished loss to the community as dramatic artists.

"At that time London had a dramatic club which was really a credit to any city in Canada," he said.

Miss Grace Blackburn, president of the club, was in the chair, and introduced the speaker.

SOCIAL AND PERSONAL

The Daughters of Zion gave a dance on Tuesday evening, when about 200 of the members and their friends had a jolly time from 9 o'clock to 1 o'clock.

Miss Rhea Harris left Tuesday with a party of Toronto friends to spend three months at Pasadena, California. On the return trip they will visit friends in Texas.

Mr. and Mrs. George Lethbridge entertained the choir of the First Presbyterian Church at their home on Thursday evening. The occasion was a dinner, the outcome of an attendance contest, when the losing side assisted Mr. and Mrs. Lethbridge in entertaining the winning side. About 35 members were present. After dinner a jolly evening was spent in cards and an impromptu musical program.

King Solomon Lodge, No. 378, celebrated last night when they held their annual "At Home" in the Masonic Temple.

An excellent concert of several musical numbers was enjoyed, followed by dancing until the midnight hour to dance music played by the Masonic Orchestra under the leadership of Roselle Pococke. A buffet luncheon was served in the banquet hall, which had been prettily decorated for the occasion.

Those in charge of arrangements were Dr. B. E. Wilson and A. Wilkins.

The Freshmen's Class of the Western University held a delightfully informal dance for their fellow-students last night in the Western University Gymnasium. Purple and white, with winter foliage and shaded lights made the hall cosy, and pretty little sitting-out rooms were in plenty. A buffet luncheon was served at the midnight hour. The patrons were Professor Sherwood and Mrs. Fox, and Dr. and Mrs. Shanks. The committee in charge of arrangements included Miss Irene Wood, Miss V. Harper, Miss Helen Davey and J. Dockstader.

Mr. and Mrs. Daniel Kemp, Main street south, Forest, celebrated their golden wedding on Tuesday, February 3. They were married in Thedford on February 3, 1870, by Rev. R. Johnston, and have resided in Plympton and Forest ever since. All their living children were present, also twelve of their fifteen grandchildren. An informal reception was held in the afternoon, at which the happy couple received the congratulations of many old friends and neighbors. They were the recipients of a purse of gold from their family, and numerous other tokens from relatives and friends.

HARRISON—NUNNS.

The marriage took place at St. Paul's Church, Stratford, of Hattie Olive Nunns, daughter of Mr. and Mrs. J. Nunns, to H. J. Harrison of Windsor. Miss Pearl Seebach of Stratford, was bridesmaid, and R. J. Nunns of Windsor, groomsman.

Cynthia Grey's Mail-Box

God sends great angels in our sore dismay,
But little ones go in and out all day.
—Frederick Langbridge.

Address Wanted.

Mother of Five, send me your name and address and stamp, and I can let you have pattern asked for.

Wants Magazines.

Dear Miss Grey,—I have been a reader of The Advertiser for a number of years, and always enjoy Cynthia Grey's page, and must say the Mail-Box has done some good work also. Could I ask a favor of some of the Boxites. I have been sick most of the winter with lung trouble, and the doctor has ordered me to stay in for the rest of the winter, and I enjoy reading. I like the magazines best. As for postage I would pay that. Will some of the readers please send me some. My address is with Miss Grey.
A SHUT IN.

Ans.—If anyone wishes to send magazines to this Shut In write to Mail-Box for the address and send the magazines direct to the sick one.

Attention of Florence.

One more applicant for the stocking foot pattern, for which I inclose my contribution to the hospital fund, wishing it every success. I would also like to receive from Florence the child's apron pattern which she offers your readers.

Can any of the musical Boxites tell me the name of the author of publisher of an instrumental piece called "Pearls of Dew"?

I enjoyed the letter from the Boxite who mentioned the stories of Booth Tarkington. My husband always laughs at what he terms my strange taste in literature, so I am pleased to find another admirer. The Mail-Box has been a source of great help to me, both as to suggestions in economy and recipes. I have tried many of the latter with success. I would also like some eggless recipes from Sixty Years Young, but perhaps I am asking too much for a newcomer. I belong to the City of Strikes.
WINNIPEG.

Ans.—Many thanks for contribution. I am rather interested to know the kind of books your husband reads. Watch Our Corner of Good Things, published once in a while with a collection of recipes submitted by Boxites.

Loves Flowers.

I am inclosing 10 cents for Children's Hospital. I think it is a very worthy cause. I hope the "Money-Box" is soon overflowing with dimes.

"Little Good For Nothing," as you and I are of the same age I would like to correspond with you. Will you write first? Miss Grey can let me know when your letter arrives. Re the matter liking to play on the piano better than eating, here is another, of course, I don't want you to think I don't like eating—for I do! I take music lessons and have to practice two hours every day.

I enjoy reading Dr. Brady's talks on health, which appear daily in The Advertiser. He has a streak of humor in him apparently, by the answers given to some of the letters.

"Hopeful Hepsy" enjoyed your letter very much. Hope you come again.

I like the idea of discussing plants and flowers. I do love flowers. When I was a wee girlie I used to pluck large handfuls of my grandma's flowers and run like a bag-fox in fear of being caught. I have two hyacinths, which are just peeping their wee noses through the soil. I always set them in the sunny window in day time. I also have an easter lily which I am in hopes will bloom this coming Easter, as it didn't bloom last year.

"Spring," I love your penname. It makes one think of blooming flowers and bright sunshine. You were inquiring about "March Wind." I will have to get after her and make her write, for she is my aunt, you know.

"Summer School Girl," have you forgotten Cynthia Grey's page? I am watching for a letter from you any day.

Here is a riddle. Four animals, (a rabbit, a duck, a frog and a skunk) went to a circus. The price to get in was $1. Which of these animals got in and why? Can you guess?
PUSSY WILLOW.

Ans.—Am glad to hear about your flowers and hope your lily blooms this year. Your inclosure has been forwarded.

Wants Silk.

How delightfully cosy the Mail-Box is! I think it was such a nice idea for you to put a quotation at the top of the column each time. I am saving them for a scrapbook.

Our family has received a great deal of help from the Mail-Box and would like to return the kindness now.

Julia was very pleased with the piece of silk which Fallen Hero's Mother sent her. Thank you for mailing it to us. You see, Julia is my sister. I have been wondering if I could get some silk from the Boxites, too, as I have a short-sleeved cream wash silk waist which is nearly like new, and I would like to piece out the sleeves and make them longer. I can't get any new silk that looks like it, so won't some kind lady come to my aid. The silk is quite thick and heavy—I mean it isn't the transparent kind, like some of the waists are made of. I will return the favor by sending either print, silk or wool quilt pieces or with crochet patterns or by sending the recipe for making bread-crumb beads.

I must stop. I really didn't mean to write so much. Thank you so much for all the past favors I have received from you.
JULIA'S SISTER.

To Clean Spats—The best thing for cleaning light-colored or drab gaiters is potatoes. Peel the potatoes, then grate them in a basin and sponge the cloth thoroughly all over; in fact, make it quite wet. Hang them up to dry, then brush it all off well. It will make the cloth like new.
JULIA'S SISTER.

Ans.—Thank you for recipe, which will be used later, also method of cleaning spats. Glad you like the daily quotation.

BETTER DIGESTION STRONGER NERVES AND NEW ENERGY

COMES THROUGH RICH, RED BLOOD

Dr. Williams' Pink Pills Actually Make New Red Blood and in This Way Restore Health to Weak, Despondent Sufferers.

In the days when medical science was not as far advanced as it is today, it was the fashion to speak of a tonic for the stomach or a tonic for the nerves. This implied a remedy that went directly to these portions of the human system and supplied them with the elements that they lacked.

Today it is known that there is no such tonic. It is possible to swallow a drug that will stimulate the stomach and create a desire for food, but a stimulant is not a tonic and an appetite so stimulated is not a healthy one. It is possible to take a drug that will stimulate the nerves so that work can be done almost beyond the strength of the body. But the inevitable result of such practice is collapse. The stomach or the nerves can only be toned up through the blood.

The blood can be enriched by treatment that increases the number of red corpuscles and when this is done the whole body benefits. A tonic for the blood is therefore a tonic for every part of the body. That is the reason why building up the blood with Dr. Williams' Pink Pills increases the appetite, aids digestion, quiets and strengthens the nerves and gives new ambition to tired, bloodless men and women. Read the statements from people who have been helped and learn what this system-building tonic will do for you.

A NERVOUS WRECK.

Mrs. Peters, Florence, Ont., says: "About a year ago I was almost a nervous wreck. I suffered day and night, and the least noise would startle me and set my heart jumping. As a result of the trouble I slept poorly, my appetite was bad, and I fell off in weight; and it was only with the greatest difficulty that I could do my housework. I was doctoring almost constantly, but it did me no good. Then a friend who is a trained nurse came to see me and strongly urged me to give Dr. Williams' Pink Pills a trial. I was somewhat loath to believe that they could help me after doctor's medicine had failed, but I finally decided to try them. The result was that through their use I am a well woman today, and am free from the trouble that made my life for a time one of misery. I have every reason to be grateful for what Dr. Williams' Pink Pills did for me, and urge all weak, and nervous people to give them a fair trial.

MEALS CAUSED DISCOMFORT.

When the stomach lacks tone there is no surer way to restore it to its normal condition, than too build up the impoverished blood. Proof of the value of Dr. Williams' Pink Pills in stomach trouble is given by Mrs. S. Morrison, Varney, Ont., who says: "I shall always feel indebted to a friend who advised me to use Dr. Williams' Pink Pills. I had been a sufferer for years with stomach trouble which resulted in a general weakness of the whole system. My meals always caused me discomfort and at times I would go hungry rather than undergo the suffering which followed meals. I was constantly taking something or other recommended for the trouble, but without finding a cure, and often the trouble kept me in bed when I should have been about doing my house work. My friend, who had a similar attack, came to see me and urged me to try Dr. Williams' Pink Pills, which had cured her. I got a supply and began taking them, and soon found relief. By the time I had used eight boxes I was again enjoying the best of health with a good appetite and stomach restored to normal. Had I known of this medicine earlier it would have saved me years of suffering and I urge any who may be in similar condition to try these pills at once."

SUFFERED FROM NEURALGIA.

One of the most severe forms of nervous troubles is neuralgia; the pain at times is almost unendurable, and the sufferer is an object of pity. It is literally true that neuralgia is merely the cry of starved nerves for a better supply of pure, rich blood, and that when the blood is enriched the trouble disappears. Proof of this is offered in the case of Mrs. Wm. Harris, R. R. No. 2, Milton, Ont., who says: "I had suffered terribly from neuralgia, and sometimes the pain was so bad that I was unable to attend to my household duties. I was taking medicine from a doctor, but it did not help me, and my husband urged me to try Dr. Williams' Pink Pills. Finally I decided to do so, and by the time I had used a couple of boxes I found an improvement in my condition, and a further use of the pills restored me to my old-time health. You are at liberty to use what I have said in the hope that it may benefit some other sufferer."

ST. VITUS DANCE.

St. Vitus dance is another disease of the nerves brought on by a morbid condition of the blood, and which is cured through the blood. It is a common disease among children, but frequently attacks adults. Irritability is often one of the first signs of the trouble; the jerky movements that characterize the trouble coming later. In severe cases the limbs and sometimes the whole body jerk spasmodically, and in extreme cases the power of speech is affected. A child afflicted with this trouble should not be allowed to study; should be kept quiet, given a nutritious diet and remain out of doors as much as possible. Dr. Williams' Pink Pills should be given to build up the blood and restore the shattered nerves. The value of these pills in cases of this kind is shown by the following statement of Mr. Frank J. Scrivon, Acton, Ont., who says: "In January, 1917, my daughter Gertrude, then aged fourteen, had an attack of rheumatic fever, which left as its aftereffect a severe attack of St. Vitus dance. For weeks she was confined to her bed under doctor's care. She was entirely helpless, being unable even to hold a spoon to feed herself. For a time she lost power of speech almost entirely and only with greatest difficulty made herself understood. The twitching of her muscles was so bad that it was painful to see her. Finally in May, 1918, we decided to try Dr. Williams' Pink Pills and see what they would do for her. She took them regularly according to directions and after taking several boxes there was a decided improvement. After a further use of the pills she is now as healthy a girl as you would wish to see. Both her mother and myself are convinced that the pills have done her a world of good, as she is now far healthier than at one time we thought she would ever be."

WHAT DR. WILLIAMS' PINK PILLS WILL DO.

Dr. Williams' Pink Pills are a blood builder and nerve tonic. The rich red blood that they make not only carries color to the cheeks and lips, gives vigor to the exhausted nerves, quiets the pains of neuralgia, sciatica. Dr. Williams' Pink Pills no opiates nor harmful drugs, store health and strength, give temporary stimulation.

You can get them through any druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Puppy Stories (by Vincent G. Perry)

BUSTER IN DOGLAND.
Part Five.

The dungeon of Dogland Castle was not as dark as most dungeons. It was not damp either, so Buster did not have such a bad night of it. Of course, a dog that expects to have its head cut off the next morning could not sleep, and Buster spent the night wide awake.

At sunrise, the guard of the dungeon, a long-headed Airedale, poked his nose through the bars of Buster's prison.

"It is going to be a nice day for the execution," he said. "I hope you enjoy it."

"I am sure I shall," Buster answered stoutly, for he was not going to let this dog know he was afraid.

"It is such a nice day, the whole kingdom will turn out to see the execution, there hasn't been one for nearly a week."

"Who was executed last?" asked Buster.

"A Boston terrier, who said the King wouldn't stand much chance in a dog show back in the world now," the Airedale answered.

Sure enough, the whole kingdom did turn out to see the execution announced for that day.

When Buster was led into the execution room, he thought he had never seen so many dogs before. Of course, they were all at least ten times as large as the dogs of the world, but Buster had become accustomed to their extraordinary size, and it no longer surprised him.

At one end of the room the King and Queen were seated on another throne. The walls were lined with courtiers, and the gallery above was filled with the common dogs of the kingdom. The courtiers (collies and bulldogs mostly), were dressed in their very best for the occasion. Their servants (spaniels and many kinds of terriers), were in their smartest livery. The guards and officials had on their brightest uniforms. Even the common dogs had on their holiday clothes.

The royal party, all Boston terriers of distinction, were in the best robes of state, and wore the largest jewels of the kingdom.

Buster was so taken up with the beauty around him, he almost forgot what a serious time was before him. The executioner, a great bloodhound, in the centre of the room, with a big axe over his shoulder, reminded him, however.

"Hail to the King!" cried the Executioner, as Buster was led before him.

"The King! The King!" came from every voice except Buster. The fox-terrier did not feel like cheering the cruel ruler who had ordered his death.

"Prepare yourself for execution," said the Executioner. "Lay your head on that block."

With trembling limbs, Buster obeyed. Just as the big axe was swung in the air there came a startled shout from the entrance.

"The Wolf-Hound, The Wolf-Hound!" cried someone, and then what a scattering there was. The executioner dropped his axe, the guards and officials threw away their swords, the courtiers jumped from their seats, and the common dogs in the gallery scrambled over one another in an attempt to escape. As for the King and Queen—at the first cry of alarm they had disappeared through their secret doorway. A minute later Buster was the only one left in the execution room.

He heard a commotion at one end of the hall, and turned just in time to see a strange sight. There, standing with his great teeth showing, was an enormous Russian Wolf-Hound. He was by far the largest dog in the kingdom. On his head was a battered hat, and over one eye was a bandage. It was the Bandit Dog of the mountains, who had long been the terror of Dogland. He had arrived with his band just in time to save Buster's life.

"You are my prisoner," he cried, in the most cruel voice Buster had ever heard. Poor Buster, he was saved from one misfortune just to fall into another.

(More about Buster in Dogland tomorrow.)

(Rights reserved by the Vincent G. Perry Canadian Syndicate.)

We have already given away $5.000 FREE. $200.00 more IN CASH and numbers of Merchandise Prizes will be GIVEN AWAY at an Early date.

1st Prize, **$50.00** in Cash. 2nd Prize, **$40.00** in Cash
3rd Prize, **$35.00** in Cash. 4th Prize, **$25.00** in Cash
5th to 9th Prizes—Each **$10.00** in Cash.

TOGETHER WITH MANY MERCHANDISE PRIZES

Herewith will be found the picture of a Log Hut in the Woods. At first glance all you see is a man, a woman and a dog. If you look closely the faces of 8 other persons will be found. Can you find them? It is no easy task but by patience and endurance can be accomplished.

You may win a cash prize by doing so. Many have done this as will be shown by the names and addresses which we will send you. If you find the faces mark each one with an X, cut out the picture and send it to us, together with a slip of paper on which you have written the words "I have found all the faces and marked them." Write these nine words plainly and neatly, as in case of ties, both writing and neatness are considered factors in this contest.

This may take up a little of your time but as TWO HUNDRED DOLLARS in cash and many merchandise prizes are given away, it is worth your time to take a little trouble over this matter. Remember all you have to do is to mark the faces, cut out the picture and write on a separate piece of paper the words, "I have found all the faces and marked them."

WE DO NOT ASK YOU TO SPEND ONE CENT OF YOUR MONEY IN ORDER TO ENTER THIS CONTEST

Send your answer at once; we will reply by Return Mail telling you whether your answer is correct or not, and we will send you a complete Prize List, together with the names and addresses of persons who have recently received over Five Thousand Dollars in Cash Prizes from us, and full particulars of a simple condition that must be fulfilled. (This condition does not involve the spending of any of your money.)

Although these persons are entirely unknown to us, they are our references. An enquiry from any one of them will bring the information that our contests are carried out with the utmost fairness and integrity.

Winners of cash prizes in our late competitions will not be allowed to enter this Contest.

This Competition will be judged by two well known business men of undoubted integrity, who have no connection with this Company, whose decisions must be accepted as final.

Your opportunity to win a good round sum is equally as good as that of anyone else as all previous winners of cash prizes are debarred from entering this contest.

MRS. ELIZABETH KENT, MacDONALD COLLEGE.

TABLE SERVICE.

It cannot be denied that we derive a certain amount of genuine pleasure from our three meals a day, and the pleasure is greatly increased by good table service, whether that service is given by a maid or by a member of the family. By attention to a few details, any boy or girl can assist in this and by doing so take some of the burden from the mother.

The place set for one person is called a "cover," for which about two feet should be allowed for each person at

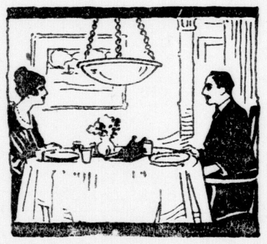

table. If a line were drawn sixteen inches from the edge of the table, all the dishes for each cover should come within that space. The knives, forks, spoons and plates are placed about one inch from the edge of the table. The glass for water is placed just at the end of the dinner knife.

In arranging the silver on the table, place knives at the right of the plate with the cutting edge turned towards it, the forks at the left with the tines turned up, and the spoons at the right of the knives with the bowls turned up. The knives are arranged in the order of use, those to be first used farthest from the plate; the same is true of the forks and spoons.

It is well to warm all dishes for hot food, and chill all in which is to be served cold, such as salads. A dish should never be heated too hot to be taken in the hand.

Food may be served at the table or passed to each person by the one who waits on the table. If the food is passed to a person at table it should be held low enough to be reached with ease, and always at the left of the person being served. The rule is "Pass the dishes from which food is to be taken, to the left; set food, such as a cup of tea, or a plate of soup, to the right."

One course and all pertaining to it should be removed before bringing on another. Just before the dessert is brought to the table, all food, soiled china, glass and silver, used or unused, pertaining to the previous course should be removed and the table freed from crumbs. If the table has a cloth the crumbs can be taken on a crumb tray with the usual silver utensil, but if not the crumbs are brushed from the polished top to a plate with a folded napkin.

TALKS ON HEALTH

BY WILLIAM BRADY, M.D.
(Noted Physician and Author.)

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is inclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

The High Cost of Living. VI.—Breaking Up a So-Called Cold.

As I have hinted from time to time, in my different way, there is no such thing as "taking cold." These various respiratory infections which people insist on calling "colds" have nothing to do with weather or temperature conditions so far as anybody has ever been able to prove. They are purely infectious diseases spread from person to person as diphtheria and meningitis are spread. In fact, diphtheria and meningitis are themselves respiratory infections quite as definitely as are ordinary coryza and pneumonia.

Now let me tell you what to take to help you overcome one of these unidentified respiratory infections miscalled "colds" or at least to help you endure the uncertainty until you have the doctor in to see if he can determine the identity of your infection.

1. Take twenty-four hours of bed rest. Anyhow go to bed if it is only for three hours of additional bed rest. Bed rest at the onset has saved a lot of lives, when the alleged "cold" happened to be influenza.

2. Take a hot mustard foot bath in bed. If you do not know how this trick is done, remain quietly in bed a few days and watch this column for the technic.

3. If feverish, fast from twelve to twenty-four hours.

If a cathartic is needed some salts is preferable and perhaps the most agreeable dose is a bottle of solution of magnesium citrate prepared by the druggist on request. This makes a large drink but not an unpleasant one.

6. As an external application for soreness or pain a mustard paste is good, as described in the second article of this series. Or the menthol-wintergreen ointment known as "analgesic balm" may be rubbed on.

7. The throat may be gargled every hour or two with a solution of a Seidlitz's tablet in water as hot as possible. Or a teaspoonful of boric acid may be dissolved in a cupful of hot water for gargling.

QUESTIONS AND ANSWERS.

The Family Thermometer.

Please tell me how to sterilize the clinical thermometer so that one may use it for different members of the family. (Mrs. L. B. M.)

ANSWER—If you are determined to worry yourself and the family about temperature, wash the thermometer well with cool water and soap, then with alcohol or 5 per cent phenol (one to twenty solution of carbolic acid in water). Nurses usually keep clinical thermometers standing in a jar of some such disinfectant. Soap and water washing carefully done is probably as effective as washing with alcohol or wiping with any other antiseptic solution.

Skin Cancer.

I have had a small mole on my right cheek all my life. It seems to be getting larger now. Is it advisable to have it removed? Does it ever cause cancer? Would there be a scar left after removal of such a mole? (C. G. L.)

ANSWER—Skin cancer (epithelioma) often develops in the site of a mole or other trifling lesion which has been present for many years. It would be wise to have the mole removed surgically now, and, if there is any suggestion of cancer, have a few X-ray treatments of the spot afterward. Probably no noticeable scar will be left.

MUTT AND JEFF—Ya—as, Indeed, It Must Have Been Quite a Yachting Night (Copyright, 1920, by H. C. Fisher. Trade mark registered in Canada.) BY BUD FISHER

Juniors Get Group By a 2 To 1 Win

In Close, Hard, Gruelling Bat tle, London Outclassed Pan-Drieds and Grabbed Off District Honors — Teams Evenly Matched—Ha rd Game to Lose.

INGERSOLL, Feb. 6.—Pring's shot in the third period of tonight's sudden-death game with Tillsonburg Pan Dreds carried with it the junior championship of Group No. 7. Tommy Munro's sextet battled bravely until the final gong, and came through triumphant with a score of 2 to 1. The hilarity which marked the game was probably the greatest of the season. Both teams were accompanied by tremendous contingents. It was estimated that upwards of 500 rooters came over from Tillsonburg, while the London crowd was in the neighborhood of 800. In addition to 500 or more who made the trip on a special train, there was a large contingent on the flyer which came in earlier in the evening. Local fans turned out well. Tonight's junior battle brought together teams which are evenly matched. London probably had the edge in speed, while Tillsonburg showed to splendid advantage in stick handling. Their stars were Pollard, Walker and Snell, while for London the work of May, Logan and Quennville stood out prominently. The splendid back-checking of Pring broke up numerous Tillsonburg rushes.

The first period was marked by plenty of exciting hockey, and although both teams shot freely there was no scoring. Tillsonburg had a fine combination in this period, but London seemed to hold the key and broke it up as they neared the net. It was generally felt by the Londoners that their team was considerably weaker than usual, owing to the unavoidable absence of both Burgess and Arscott. On the other hand there was no concealing the fact that the win was considered lucky in view of new players being on the line-up. The second period probably brought out the best hockey was in the teams. Tillsonburg opened the scoring, Snell doing the trick. But London evened up in a short time, Logan making the shot. The third period was of the nip and tuck style with London always on the aggressive. Pring's shot after about ten minutes' play put new life into London, and from that on they seemed to be satisfied that they could hold out for the balance of time. The attendance was estimated at 1,500. The teams:

London.		Tillsonburg.
Smith	Goal	Barkey
Quennville	R. D.	Snell
May	L. D.	Pollard
Logan	Centre	Russell
Pring	R.	Walker
Woods	L. W.	Conn
McKay	Sub	Barrett
Cooney	Sub	Pollard

Referee—Kinder, Preston.

quick that it looked as if he knew it all the time.

Quennville and Mays were again the great defence and both were always dangerous on the offensive. Quenny showed more stick-handling than ever before and with three years more to go in junior company, he's just beginning to learn.

Mays, in one of his rushes in the first period, gave Barkey a hard one to handle right to the corner of the twine and the post and blade high. Barkey was lucky to see it.

Tillsonburg fans fancied their team, but had more fun with their money by chucking it to the copper divers. With a team like that, almost any kind of money would talk for them.

Burgess was off, and Arscott was missing. The former is often around when there is a pass ticketed for the right wing position, and he probably would have had eight or nine shots that Pring wasn't up for. But it is doubtful if Burgess could have improved on Pring on the back-checking, unless he changed his usual style.

Cooney, the diminutive public school league product, for whom certificates were obtained yesterday, did not have a chance to show his wares, but will probably be used in some of the other games if he shows well in the next few practices.

The whole evening was well managed. The special arrangements were up to the minute, and no time was lost. The management of the rink at Ingersoll reserved all seats ordered, but the special train passengers were beaten to it by the crowd who went on the flier. Harry Hummeston, of the street railway, took no chances on not keeping in touch with the fans, and accompanied the team down, wiring for cars when the special started on its return trip.

Off the Boards

It was a tuff game to lose, and the Tillsonburg fans can truthfully say that it was anybody's game right up to the last minute. Pring's shot was a lucky dribble, and nobody knew exactly where it was bouncing next, least of all Barkey. It took about three skips, one hop over Barkley's loosely-held stick and flopped over into the twine.

The merits of the game went evenly to both teams. The Pan-Drieds had the London team looking like pond artists in the stick-handling end, but were smothered by the speed and back-checking of the locals.

For the first period, the locals checked like fiends, circled and checked back again. They never did that before their trip to watch the Hamilton-Dent mix-up. Time after time, the Tillsonburg line would break away and start on a pretty two and three-man-abreast ombination journey, and d have to start it out again because Pring, d Woods were nt of them.

GALT, BEATEN BY PRESTON, LOSES CHANCE FOR GROUP

Hard-Fought Game In Galt Goes Against Locals.

GALT, Feb. 6. — In a hard-fought game, marked by close checking, Preston Juniors tonight defeated the locals by 4 to 3 in the Northern junior game, and Galt lost a chance to win the group. The locals were minus their sensational goalkeeper, N. Himes, who is down with flu, but Erizon, the subsitute, played a good game. Preston led in the first period by 2 to 0, and had the lead in the second by 3 to 2. Galt tied it up, and with both teams trying their best Fink proved the hero, scoring the winning goal on a rush. The line-up:

Preston		Galt
Flegg	Goal	Erizon
Clarke	R. Defence	Gardiner
Fink	L. Defence	Skelly
Woodley	Centre	George
Roth	R. Wing	Evans
Kreason	L. Wing	Bell
Weir	Sub	Graham

Referee—M. Fraser, Paris.

THISTLES DEFEND MALAHIDE MEDAL AGAINST GRANITES

Three Rink Competition Results in 71-44 Defeat for St. Thomas Curlers.

The St. Thomas Granites were foiled in their attempt to wrest the Malahide medal from the London Thistles last night in a three-rink competition. The Thistles retained the coveted curling emblem by a majority of 27 shots, the three local skips winning their games. Bert Hearnan took his event from W. K. Cameron by 23 to 13, while Alf. Talbot won from Robert D. Emslie by 25 to 14, and Fred Allen defeated Robert Coffey by 23 to 17.

The ice was sticky and of a soapy nature at the beginning of the game, but tightened up as the battle progressed.

If the six sheets remain keen a bonspiel will be held this afternoon.

The summary:

St. Thomas.		London Thistles.
Neil McLachlan		R. D. McDonald
J. Bristow		E. L. Morren
F. W. Sutherland		A. J. McGuffin

London Team Believe Can Overcome Seaforth Lead

O. H. A. Playoffs Have Seen Larger Leads Beaten and Locals Are Optimistic—Game Promises Some Speed.

The London team arrived home yesterday after their defeat at the hands of the Seaforth Highlanders cognizant of the fact that they were a little lax in letting the northerners get away with an eight-goal lead, but optimistic over their chances in the return game here Tuesday night.

The story of the play gave the locals credit for a great exhibition of the pastime, for certain stanzas, and admits that the Londoners lost their judgment in the third period and departed from team work in an effort to overcome a lead that at that time might have justified defensive tactics. However, the locals staged a real exhibition of speed in bursts that dazzled the northern outfit, which was what the fans knew they would do.

The return game here Tuesday night should be just about the best game staged locally this season. An eight-goal lead isn't an impossibility to overcome and the locals have the sort of determination right now to make it seem even less impossible.

There'll be little change in either of the line-ups. Seaforth used the Reid brothers for subs Thursday and when they can do that they are a real team to beat.

STRATFORD GIRLS TOO MUCH FOR WOODSTOCK

WOODSTOCK, Feb. 6.—The Stratford Collegiate girls defeated the locals here tonight by 14 to 4 in a Whyte trophy basketball fixture. Half-time score, 6 to 2. The line-up:

Stratford — Centre, Evelyn Johnston; forwards, Audrey Hughson and Martha Wilhelm; defence, Valerie Todd and Vera Latimer; subs, Lella Blakeston and Muriel Kelso.

Woodstock — Centre, Grace Hill; forwards, Winnifred Weir and Jean Thornton; defence, Jean Murray and Winnie Harris; sub, Kay Williams, Wilda Sutherland and Winnifred Flack.

Referees—W. E. Pierce (Woodstock) and Mr. Bell (Stratford).

GAME POSTPONED.

WELLAND, Feb. 6.—The Intermediate O. H. A. game, which was to have been played here tonight between Ingersoll and Welland has been postpond until next Monday night.

DENTALS 5, AURA LEE 3.

TORONTO, Feb. 6.—Dentals, playing on their own ice, tonight defeated Aura Lees in a scheduled Senior O. H. A. game. The final score was Dentals 5, Aura Lee 3.

GAME POSTPONED.

BURLINGTON, Feb. 6.—There was no intermediate O. H. A. game here tonight between Brampton and Burlington as scheduled, the game having been postponed until after the protest entered against Burlington by Milton has been settled.

LUCKNOW WINS AGAIN.

LUCKNOW, Feb. 6.—In the Northern Hockey League match played here last night between Lucknow and Brussels, Lucknow was again victorious in a score of 11 to 5. Line-up:

Brussels		Lucknow
Lowry	Goal	Reid
Fox	Defence	Johnston
Goverlock	Defence	Johnston
Amet	R. Wing	Mallough
Harris	L. Wing	McDonald
Bell	Centre	Allen
Ross	Spare	Orr

Referee—Telfer of Blyth.

Interscholastic Meet To Be The Biggest Ever Held

Some Forty-Five Preparatory Schools and Colleges Will Be Represented at Event Billed for Next May 24.

At a meeting of the Western University Athletic Association held this week plans were discussed for the first annual interscholastic athletic meet to be held at Queen's Park on May 24. Secretary G. Mel Brock was instructed to issue the following statement:

"The city of London, having as one of its aims that of becoming the educational centre for Western Ontario, and Western University being the seat of advanced learning in the city, it was felt that in order to fulfill the self-imposed obligations something definite should be done for the collegiate institutes and high schools in this area. Consequently the Athletic Association has mapped out plans for a monster athletic meeting to be held annually in this city, in which the boys of the different preparatory schools may assemble and battle for supremacy in that best form of mind and body training, namely, competitive track and field athletics.

"In this manner not only will it be proven which schools have the best athletes, but at such a meeting new friends and associations will be formed, the ideas of the students, from such a form of close intercourse, will be broadened and the city of London and the Western University will be given an opportunity to show these embryonic citizens and prospective university students just what they have to offer.

"The exact number of events has not as yet been decided upon, but there will be enough and of sufficient variety to satisfy the most insistent athlete. It has been thought best to have two classes of competitions, namely, upper school and lower school. By this method the younger students who need the training and are keen for competition will not be forced to engage boys older and more developed than themselves.

The Prizes.

"Silver and bronze medals, cast from a special interscholastic die, will be given to the two winners in each event, and a special cup or shield will be given to the individual champion of each class. In order that the schools winning largest number of points in each class may have something tangible to exhibit, two trophies have been donated, one by the council of the city of London, and the other by the chamber of commerce of the city. These trophies of which more will be heard, are the acme of the silversmiths' art, and will be held for one year by the winning schools, in addition to having the name of the school engraved on a silver plate.

"To give the smaller schools the same advantage as the larger, only a limited number of entries will be allowed for each event. This will encourage early training among the different prospective competitors, as almost every school will have to hold a local preliminary meet in order to pick out its best athletes before sending in entries. Records will be kept of all performances for future reference.

"After some discussion it was decided to extend the area of competition beyond the nine counties at present represented on the senate of the university, and any collegiate institute or high school between Guelph and Brantford in the east, and Windsor in the west, and between Wiarton in the north, and the Great Lakes on the south, will be eligible for competition. This will give a representation from some 45 preparatory schools and colleges, and will be the largest athletic meet of its kind ever attempted in Canada.

Management of the Meet.

"The actual running of the meet will be carried out under the plans laid down by the International Olympic Council and the 'British Championship Committee.' Secretary Mel Brock of the Western University Athletic Association, who will have charge of the meet, has competed in meets held under both these bodies, and has studied their systems thoroughly. He will have assisting him on May 24, such prominent men in the athletic world as Secretary Norton Crow of the A. A. U. of Canada; Secretary Walter Trivett of the Ontario branch of the A. A. U.; Fred Smith, International Y. M. C. A. physical director for Canada; George Goulding, world's champion walker; Bobby Kerr Canadian olympic sprints champion, at present connected with the Y. M. C. A. Athletic League of Canada; Jack Tait, Canadian mile champion and olympic representative, and many others, so that both the competitors and the spectators will be certain to enjoy a well-organized and properly-conducted athletic meeting.

"Literature giving the complete details of the meet, entry blanks, etc., are now in the hands of the printers, and will be mailed to the various collegiate and high school principals shortly."

Volley Ball League for the Tired Businessman Starts Next Week

Musical Comedy Loses Its One Big Argument in London for Matinees Anyway.

Something new in sport in this city is a volleyball league. The businessmen members of the Y. M. C. A. have formed a league composed of four teams. Games are to be played each Monday and Thursday from 5 p.m. to 5:20 p.m., or immediately preceding the regular classes of drills and games.

The first game will be played on Monday by the teams captained by C. P. Finnegan and N. Mills. The four teams are composed of the following men:

N. Mills (captain), W. R. Yendall, F. G. Clarke, F. S. Wood, Dr. R. Gordon, G. R. Cooper, F. G. Poole, T. B. Cook, J. Brown, Dr. Kellor.

W. E. Saunders (captain), F. Beltz, Dr. J. T. Bowman, J. K. H. Pope, J. C. Stiles, A. McPherson, A. A. Langford, W. Squires, Col. Dr. Reason, D. D. McDonald, J. M. Hunt.

F. E. Perrin (captain), F. C. Morrow, G. F. Copeland, F. E. Harley, Ed. Reid H. Lawrie, W. G. Young, J. S. Lovell, W. B. Jackson, R. J. Webster, A. T. Byan.

G. P. Finnegan (captain), Dr. Detweiler, Rev. T. S. Roy, J. F. Mann, G. Yendall, Dr. J. S. Schram, A. C. Deacon, T. H. Yull, Mr. Christianson, E. J. Jenkins, Rev. H. T. Ferguson.

ST. THOMAS--WOODSTOCK COLLEGIATE BOYS BATTLE

Woodstock Wins Junior and Senior Fixtures.

WOODSTOCK, Feb. 6. — The St. Thomas and local collegiate teams battled here tonight in senior and junior Western Ontario Inter-Scholastic Hockey League fixtures. The junior game was an even affair, with not much to choose between the two sextets. The result was 1 to 0 in favor of the locals. The senior game was a fairly good exhibition. Woodstock won by a score of 4 to 1. Hildred scored three goals. The line-up:

Seniors.

St. Thomas		Woodstock
Lumley	Goal	McMullen
Wright	L. Defence	Maedel
Ayerst	R. Defence	Pettit

DOES IT HURT YOU TO BEND OVER?

This Is a Sign of Kidney Weakness, But Can Be Quickly Cured.

Don't give up! You can be cured and made well again.

That backache and dragging weariness can be stopped for all time.

Those sharp attacks when bending over, and that lameness in the morning can also be overcome.

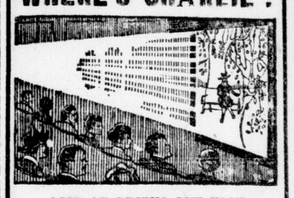

Every ache and pain due to kidney weakness will disappear quickly once you start to use Dr. Hamilton's Pills, a marvelous remedy long ago made famous by its strange healing effect upon the kidneys and liver.

Don't wait till that dragging pain in the loins grows worse. Start the cure today.

Delay will mean swelled ankles and limbs, sharp rheumatic pains in the muscles and joints, and other painful symptoms as well.

If you are always tired, have continuous headache, dizzy spells and specks before your eyes or ringing noises in the ears—these are common symptoms that warn you of the immediate need of Dr. Hamilton's Pills of Mandrake and Butternut. Sold in 25c boxes.

WHERE'S CHARLIE?

LIST OF PRIZES OFFERED

1st, Wrist Watch; 2nd, Camera; 3rd, Lady's Watch; 4th, Gent's Watch; 5th, Tea Service; 6th, Brush and Comb Set; 7th to 10th each a Self-Filling Fountain Pen.

HUNDREDS OF OTHER PRIZES.

A Picture Show would not seem complete without Charlie Chaplin, so we think he is in the picture. Can you find him? If you can and you are willing to fulfil one other simple condition for us, then mark the place with an X and send it to us with your name and address neatly written, and you may win one of these valuable prizes. It costs nothing to try, so send right away to

LADY DAINTY, Desk 10, Toronto.

BOYS! Win this Big Set Of Real Carpenter Tools

Boys, these are REAL TOOLS—not toys. You could put up a house with them. SPRING MEETING IN WINDSOR SURE—IF THE GOVT. ALLOWS

Western Racing Association May Make It Headquarters.

WINDSOR, Feb. 6.—Resumption of racing, probably in May, is planned for the Devonshire Track here, provided the report of Racing Commissioner Dr. Rutherford, to be submitted at the next session of Parliament is favorable, according to Bradley Wilson, general manager of the Western Racing Association, owners of the Devonshire Track, who was in Windsor this afternoon, coming from Lexington, Kentucky. Mr. Wilson intimated the probability of the removal of the headquarters of the association from Montreal to Windsor.

Spring Meeting.

"We will have a spring meeting here, unless unsatisfactory legislation is passed," Mr Wilson declared. "And we hope to have some of the finest horses on the continent. Just as soon as we have definite word that Canadian racing will not be unduly restricted, and some assurance of a permanence for the sport here, we purpose entirely rebuilding our plant at the Devonshire Track. As far as I am concerned, I would like to see the Canadian Government appoint a racing commission to take entire charge of the sport in this country, and see that it is kept on a high plane.

"The Western Association has been thoroughly reorganized, and our stockholders include a number of the leading breeders and horse owners of the United States and Canada."

Opposes Limitations.

The Western Racing Association is strongly opposed to the present limitation of seven days on racing meets, enbodied in the Miller bill, which the president terms as a great handicap to racing. However, he anticipates a great revival of the sport during the coming year, and promises that some of the fastest horses on the continent will be brought here for the card in May.

He declared the owners of the Devonshire Track were prepared to completely rebuild the plant immediately it became assured that race meets would again be allowed.

King Street and L.C.I. Girls Win at Basketball

Both Games Close and Fast —Many Regulars Are Off.

In the Girls' City League last night, King street Presbyterian and the L. C. I. were the winners.

In the first game there was little choice between the two teams, and the result was in doubt until the last minute. The line-ups were:

King Street.	St. Peter's
G. Laing	R. Catalano
J. Rhynd	K. Paul
M. Rhynd	Anna Pitt
H. Lindsay	T. Mohan
S. Kain	M. Smith

The second game was equally close, and both teams were on an even basis because of the necessary use of subs. The 10 to 7 score indicates the play. The line-ups:

L. C. I.	Silverettes.
R. Peever	L. McDonnell
K. Stewart	M. Wacksmith
M. Gibson	H. Graves
L. Gardener	V. Perry
M. Mitchell	G. Thompson

LINDSAY JUNIORS 5-4 DEFEAT OF BELLEVILLE, HOME

BELLEVILLE, Feb. 6.—Belleville junior team and Lindsay Midgets team crossed sticks tonight for supremacy in Section 2 of Group 1 at Lindsay. On Tuesday the team of that town defeated Belleville by one goal, and it was confidently expected that the Belleville team would on their own ice wipe out that lead, but the unexpected occurred, and Lindsay won the game by a score of 5 to 4. In the first period the score was 2 to 0 in Lindsay's favor. In the second period Lindsay scored two and Belleville a like number. Third period, Belleville two, Lindsay one. L. Marsh refereed.

The line-up of the teams was as follows:

Belleville.		Lindsay.
Hutin	Goal	McLory
Beach	Defence	Green
Canning	"	Garnett
Tilton	Centre	Bell
Cooney	R. Wing	Chambers
Holway	L. Wing	Stoddart
Swayne	Subs	Sutton
W. Holway	"	Mills

WELLAND BEATS DUNNVILLE IN GROUP PLAY-OFF BY 5--2

DUNNVILLE, Feb. 6.—In the play-off on Dunnville here tonight Welland won out by the score of 5 to 2 and advanced into the first round. The game was the fastest of the year, and was a magnificent display of hockey from gong to gong with the best team winning out. For Welland, Ellsworth and Davis played star games. Murphy, Peaslip and Gillah played hard to win, but could not beat the Welland goalie. The line-up:

Welland		Dunnville
Ellsworth	Goal	Camelford
Wick	Defence	Murphy
Davis	Defence	Gillah
Maloney	Centre	Kelley
Lambert	Wing	Fralick
Scott	Wing	Peaslip

Referee—Burns of Dunnville.

PRESTON BLANKED BY GALT ON OWN ICE

PRESTON, Feb. 6.—In a senior N. H. L. game here tonight Galt defeated Preston, 5 to 0. The game was fast but somewhat rough. The score by periods: First, 2—0; second, 5—0; final, 5—0. Line-up:

Preston.		Galt.
Johnston	Goal	Wilkinson
Bowman	Defence	Watt
Andersn	Defence	Himes
Myers	Centre	McCullough
Williams	Wing	George
Okraka	Wing	Oliver

Referee—Riller of St. Catharines.

U. S. WILL CHALLENGE FOR THE DAVIS CUP

NEW YORK, Feb. 6. — The United States will this year challenge for the Davis tennis cup, now held by Australia, and will also enter a team in the English championship, and the Olympic tennis championships. This was decided upon today at the annual meeting here of the United States National Lawn Tennis Association.

The 1920 doubles championship tournament was awarded to the Longwood Cricket Club of Boston to begin on Saturday, August 14.

DURHAM WON IN NORTHERN LEAGUE.

DURHAM, Feb. 6.—Durham won a fast senior Northern game here tonight by 8 to 2. The play was all Durham's in the first two periods, the score being 3 to 3 in each, and quite even in the last. Wetlaufer had his collarbone broken in an accidental collision with Saunders which will seriously impair Walkerton's district chances. Not a man was penalized by Referee Edmonds of Stratford. The line-up:

Durham.		Walkerton.
McDonald	Goal	Kramp
Cowan	Centre	Oberlee
Morlock	Wing	Wetlaufer
Saunders	Wing	Robb
R. Saunders	Subs	Holt

Generous Offer to Tuberculosis Sufferers of Trial of Europe's Remarkable Remedy, SANOSIN

World's noted medical scientists—Doctors Dancellus, Sommerfeld Wolff, Noel, Gauthier, Essers—declare SANOSIN the most effective treatment for Pulmonary ailments yet discovered. Felix Wolff, Court Physician, Director of the Lanitarium for Consumptives in Reinoldzgrun, says he has discarded all other remedies. SANOSIN has been officially recommended to the Berlin Medical Association. Dr. C. W. A. Essers, Amsterdam, Holland, declares it a "Moral obligation to make SANOSIN known to the whole human race." American sufferers, rich or poor, can use this remarkable home treatment, that has met with such phenomenal success in Europe. SANOSIN does its work by absorption of Germs—not an injection. Produces calm, restful sleep without Morphium or similar deadening drugs. Brings almost immediate relief from coughing, blood spitting and night sweats. SANOSIN is proving a blessing to all suffering from Tuberculosis, Bronchitis, Asthma, Bronchial Catarrh, etc. Send for FREE BOOKLET (with testimonials), explaining this treatment and how a Trial can be made in your own home at our risk. Address, SANOSIN 721C, Unity Building, Chicago.

CURED HIS PILES

Now 88 Years Old, But Works at Trade of Blacksmith and Feels Younger Since Piles Are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich.

I wish that you could hear him tell of his many experiences with ointments, salves, dilators, etc., before he tried my method. Here is a letter just received from him:

Mr. E. R. Page, Marshall, Mich.:

Dear Sir,—I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. Am now completely cured. Although I am 88 years old, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish, and I hope it will lead others to try this wonderful remedy.

Yours truly, J. L. LYON.

There are thousands of afflicted people suffering with piles who have never yet tried the one sensible way of treating them.

Don't be cut. Don't waste money on foolish salves, ointments, dilators, etc., but send today for a Free Trial of my internal method for the healing of Piles.

No matter whether your case is of long standing or recent development—whether it is occasional or permanent—you should send for this free trial treatment.

No matter where you live—no matter what your age or occupation—if you are troubled with piles, my method will relieve you promptly.

This liberal offer of free treatment is too important for you to neglect a single day. Write now. Send no money. Simply mail the coupon—but do this now—TODAY.

E. R. Page,
927 B, Page Bldg., Marshall, Mich.

Closing of a Great Oil Offer

Your Chance to Make Hundreds, or Perhaps Thousands, on a Small Investment Is Still Open

Public Subscriptions to Stop on February 19

One Well Expected Within a Few Days--After That Date Shareholders Can Buy More Stock or Participate in the Profits That Follow

READ--- Never in the History of the World Has There Occurred Such An Opportunity as Now Exists---Three Advances of Crude Oil in About 30 Days

7 Rich Properties---Wells Actually Being Drilled

One Well Expected to Strike it Rich in a Few Days---Another to Follow Shortly and a Third About to Start

Come in with us before the drill on well No. 1 hits the gusher pool—after that happens your chance may be gone forever. You'll get quick action for your money now. Experienced, practical oil men who have put their own money into this work will divide their earnings with you if you back the drilling operations now going on.

What Others Have Done---You Can Do

Your golden opportunity in the Texas Oil Fields has not flown. While thousands of investors have amassed fabulous fortunes in these wonderful fields there still remains at least this ONE OPPORTUNITY for YOU. Are you going to let this slip past you? Or will you follow people in all walks of life who only had small amounts of money, but who are today enjoying the ease and satisfaction which comes with knowing that you backed your own judgment when it was right.

All Leases Paid For

Company owes nobody any money on bonds, mortgages, etc.—is bending all its energies toward the tapping of the gigantic oil pools and bring real oil to their tanks to sell at enormous profits. Will you get your share?

SMALL CAPITALIZATION

Capital Stock, $500,000

A TYPICAL "TEXAS GUSHER."

The Safest Oil Speculation Today

All the oil enterprises that are today pouring forth such vast riches were at the start speculative. This is speculative. If it were not speculative—if oil were actually spouting from wells on this property today—you wouldn't have this opportunity—your money wouldn't be needed or accepted.

It has been proven many times, where one has lost a few dollars in one of these speculations that same person invested in another that made thousands.

Our chances for a big strike are as good as any, and better than most. We all expect to strike it rich here. While there is every reason to believe your investment will yield enormous profits, we do not make any specific promises or guarantee to that effect, except we do guarantee every stockholder a good clean run for his money.

The men back of this enterprise are perfectly frank with you—not only because of the moral consideration, but because they believe it pays. Already the wisdom of this course has been amply demonstrated.

The Small Investor's Opportunity

A WONDERFUL CHANCE TO WIN BIG OR LOSE LITTLE

So far you will admit this proposition is different from the usual stock offer. It is clean, legitimate, fair and square—where all investors are treated alike—where we all win together—or, lose together—where there is a better than usual chance of making big money.

The company's methods are open to the closest scrutiny. Its organiaztion, its directors and officers may be thoroughly investigated. You may have whatever information you desire before you part with your $15. After remitting you will be given ten days in which to make any inquiry you like. Then, if you are not fully satisfied you have invested your money wisely, you can have your money back by asking for it.

The men behind this Company have put their capital into this enterprise. They are risking thousands. You are asked to risk $15.

INVESTS $50 IN OIL AND NOW HAS SUM OF $250,000.

Wichita Falls, Sept. 19.—An interesting story comes from the Red River country of Texas, regarding Captain Anderson, an officer of the British army who hastened to America after the signing of the armistice, as soon as he could secure his release. He had been reading of oil development in Oklahoma, and Texas, and upon arrival in New York in May bought a ticket for Wichita Falls. Arriving here he had but $50 left. Part of this he used in an investment that proved profitable. The new money was turned back into other property. Captain Anderson took an inventory the other day and announced that he had made $250,000 out of the $50.

Texas, the World's Greatest Oil Pool.

Texas is today attracting the attention of oil men and investors in every part of the United States. Hundreds of wells are producing oil—hundreds more are being drilled. Every day new wells extend the proven field. Every day new production is being brought in. Undreamed fortunes are being made.

Land that was worth $1.25 an acre for grazing two years ago commands from $1,000 to $25,000 an acre.—(The Oil Derrick.)—Denver, Col.

Make Your Money Earn Money.

The man who tells you it is unwise to put money in a savings bank to earn 4 per cent is dead wrong—AND HE KNOWS IT, TOO. It is the safest place in the world to put your money, because you know where it is and can get it at any time. Nevertheless, a man should speculate with some part of his savings or earnings, and he must do this if he wants to make greater profits and more money with his money.

A man with a hundred thousand to a million dollars can afford to invest in 4 or 5 per cent interest-bearing stocks and bonds—there is scarcely any risk in that plan, although they may decline in market value. He is satisfied with the income derived, and usually doesn't have to worry very much—but he certainly didn't make his pile by saving small sums, which only earned small rates of interest.

Church Gets $200,000 a Year from Oil Wells in Its Yard—Spurns $1,000,000 for Cemetery

Fort Worth, Texas.—The Merriman Baptist Church, in the town of Ranger, which already has acquired an income of $200,000 a year, through oil wells sunk in its churchyard, has refused $1,000,000 for the right to develop wells in the graveyard, which adjoins the church.

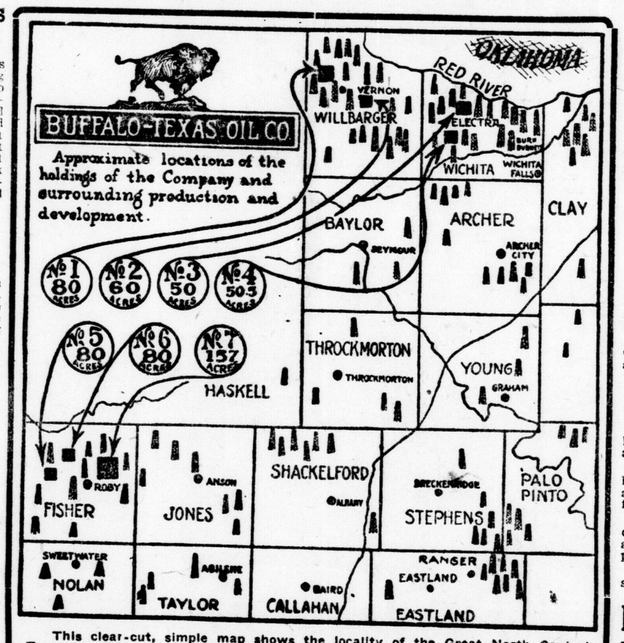

Facts—Not Fairy Tales.

Here are a few of the many fortunes reported to have been made in oil—on small investments.

$ 25 in Coline Oil, worth	$ 5,000
$ 25 in 1914 Oil Co., worth	$ 6,500
$ 50 in Marine Oil, worth	$ 8,500
$100 in Union Oil, worth	$13,000
$200 in Lucile Oil, worth	$32,000

Buffalo Texas Oil Co.

Dept. 410, 706 Brisbane Building, Buffalo, N. Y.

This clear-cut, simple map shows the locality of the Great North Central Texas oil area, and the properties of the Buffalo-Texas Oil Company, a common law company that does business through a Board of Trustees elected by the shareholders. You will note by the square black blocks that we are located in known oil-bearing centres. It's not acres you want, but "location."

SIX STARTLING OFFSET LOCATIONS—OWNED BY US

Property No. 4—50½ acres in Wichita County. This lease offsets six producing wells. It means that we are going to drill within 350 feet of producing wells, right in the proven oil area. It means that risk is eliminated, and practically assurance of a gusher for the Buffalo-Texas Oil Company. It means, according to experience, that we should bring one or two more big wells worth many thousands, and possibly millions of dollars.

Locations like this are hard to get—every oil company is looking for them—in nearly every instance the possession of offset locations, like these, has brought fortunes. And these exceptionally good offset locations of ours are but a small part of our vast holdings. Do you wonder that we believe it is but a question of a short time before those who buy stock in this company reap a fortune in return? We will not be surprised if any day brings news of a gusher from one of our wells. We expect to duplicate the records of some of those world-famous, fortune-making, million-dollar producing wells.

Property No. 3—50 acres in Wichita County, within a few hundred feet of producing wells. The world now knows of this country as being one of the largest oil-producing counties in Texas, on which is situated the famous Burkburnett original development. Everybody interested in oil knows of this district as a phenomenal producer.

Property No. 1 and No. 2—Consist of two parcels, one of 80 acres and one of 60 acres, in Wilbarger County. Many experienced oil men and eminent geologists believe that the oil sands are directly connected with the immense producing sands of the wonderful Burkburnett and North West Burkburnett Extension pool districts, and predict that this is a continuation of one or both of these pools with enormous production.

Property No. 5-6-7—In North Central part of Fisher County, aggregating 317 acres, divided into three tracts—two of 80 acres each and one of 157 acres, all in select locations, well within the area and in close proximity to drilling operations. A gusher here would mean thousands and perhaps millions to the stockholders of this Company.

NOTE—You probably know the close proximity of these properties to the various locations where other wells are now drilling and many spouting oil—where hundreds of wells have been brought in, including Gushers shooting up thousands of barrels a day. You probably are hearing of these big giants that go over the derricks frequently now.

Our Holdings in This Rich Field Offer Choice Locations for Many Wells

Our leases are fully paid for and ample funds now in Texas banks for work in hand, and our leases offer choice locations for upward of 60 wells. Our chances of striking a gusher are equal to any and better than most.

The Company's land shows all the surface indications of oil that these other fields ever had. Producing wells are being brought in nearer to our properties every day—wells are now drilling to north, east and south of us.

Many new locations are being made near our leases—drilling rigs are being rapidly moved in and constructed to begin operations at once. The activity in this section is increasing daily, and development is being rushed on a large scale. Any day word may reach us of the bringing in of these wells—a gusher would mean thousands or perhaps millions of dollars in increased values of our leases and the stock of this company.

These are some of the reasons—without going into geological or technical details—why the officers and directors of the Company have such faith in this property.

The Men Behind This Company

You are invited to "look up" this Company through any channel you may choose. The officers and directors are all men of integrity and reliability. They are putting their own money, their time and faith in this ente prise with a determination to make it a big success.

Harry C. Albro, president, vice-president Universal Oil and Products Co., Buffalo, N. Y.; G. M. Yanker, vice-president, Real Estate and Oils, Buffalo, N. Y.; M. B. Shepard, secretary and treasurer.

15 Cents a Share Now, and Money Back in Ten Days If You Want It!

To enable the Company to finance drilling and to pay necessary overhead costs, this popular subscription plan has been adopted, and this most unusual offer is made to those who will act at once. If you will remit promptly you will pay but fifteen cents per share.

$15 will buy 100 shares—now. Send your money any convenient way—money order, check, bank draft of currency by registered letter—then look up the Company or directors or property, and if you are not perfectly satisfied, ask return of your money within ten days, and it will be forwarded to you at once.

Facts concerning this proposition have been told you in brief, without elaboration. What do you think about the prospects of making your $15 in this venture grow many fold? As good as it looks, you have not been told anywhere near all the favorable things about this immense project.

If you want 100 shares at the ground floor price—fill out the Subscription Coupon (or send letter), without delay and send it with your $15—before the price goes up.

Buy Now---After Drilling Proceeds Further You'll Have to Pay More For This Stock

Please Note—The time to Act if you act at all, is At Once. We don't say this to hurry you—we simply state a Fact. The drilling is started—a short time now should strike the oil the work. Number of shares to one person not limited to 100 shares.

Courage, initiative, ability to see and grasp opportunities—that's what makes your money make money for you. Make the most of your opportunity. This is within your reach. Decide now.

The More You Invest the Greater Your Profit Possibilities.

STRATFORD O.B.A.'s READY FOR WESTERN U. FIVE

STRATFORD, Feb. 6.—The local intermediate O. B. A. team is panning to give the Western U. team a good tussle when they come here on Saturday night in a scheduled O. B. A. fixture. The game should be a good one. As a preliminary, the juvenile team from the Broadview Y. M. C. A., Toronto, will play an exhibition game with the local juveniles.

JEWTRAW AGAIN WINS.

MALONE, N. Y., Feb. 6.—Charles Jewtraw, Lake Placid N. Y., eastern amateur champion, featured in the northern New York amateur ice skating championships here this afternoon, winning the 220-yard and 440-yard dashes. Joe Moore, also of Lake Placid, captured the two-mile event and Everett McGowan of St. Paul, Minn., led the field in the half-mile.

BIBLE CLASS HELD BANQUET.

LUCAN, Feb. 6.—The Stanley Bible class of the Methodist Church, Lucan, celebrated the anniversary of the class organization with a banquet in the church basement, to which 102 guests sat down. The pastor, Rev. E. G. Powell, presided. Mr. G. O. Stanley, teacher of the class, gave an address of welcome. A number of toasts were rseponded to by members of the class in a manner that brought forth much applause. The proceedings were enlivened by songs and recitations, and the musical renderings of the Straneer, Berm and Barregon Orchestra were thoroughly enjoyed. The address of the evening was given by Rev. T. D. Cousins on "The 20th Century Young Man."

The quartely official board of the Lucan Methodist Church met Tuesday afternoon, and an unanimous invitation was extended to the pastor, Rev. Mr. Powell, to return for another year.

HELD SING-SONG.

DELAWARE, Feb. 6. — The bi-weekly sing-song, held in the basement of the Methodist Church Friday, was well attended. The new movement to encourage young singers is growing in popularity.

The Delaware Board of Trade met at the hotel Monday evening. John A. Lockwood presided, and there was a good attendance. A. Ryckman reported that he and the reeve of Westminster had interviewed the postoffice inspector at London in regard to the interrupted mail service. The inspector promised to give the matter his immediate attention. Secretary Edgar Weld was instructed to advertise in local papers for a harness-maker or repairer. Several minor matters were brought up, but were left over until the next meeting. Several new members were enrolled.

Owing to the death of a near relative of the clerk, the township council did not meet on Monday, but will do so on Monday next, February 9.

THURSDAY, FRIDAY, SATURDAY —"The Great Air Robbery." Musical Christies in singing and dancing; also film "Adam and Eve" and "Mutt and Jeff in Iceland."

RUPERT HUGHES' "CUP OF FURY" OPENS AT MAJESTIC MONDAY.

Everyone of the millions who followed Mr. Hughes' most popular novel when published, or as it appeared in book form later, were greatly enthused over this thrilling and dramatic tale of industrial America. Everyone of those who have read the story or not will be delighted to know that the special film adaptation produced with all the surety and detail of the story is to appear at the Majestic, Monday, Tuesday and Wednesday. The "Cup of Fury" is an intensely dramatic tale of today, and the succession of thrilling incidents of world history which we have just lived through. A cast of important screen stars, and excellent scenes make the production one of the most impressive of the year's film attractions.

Among the extra attractions will be a Snub Pollard comedy, a Chester Outing picture, Canadian News Films and vaudeville.

ALICE BRADY APPEARS AS AN ORIENTAL DANCER.—CHARLIE CHAPLIN IN "THE FIREMAN" AT MAJESTIC THEATRE.

"Redhead" is undoubtedly the most picturesque picture Alice Brady has yet made, and it is booked for the Majestic, Thursday, Friday and Saturday, next week.

Miss Brady in her new picture is an Oriental dancer in a great fashionable New York cabaret, and she has taken every opportunity that the picture affords to display some marvellous and startling costumes. The story is of a cabaret dancer who marries a young millionaire, while he is under the influence of drink, and of their adventurous and romantic honeymoon, when he sobers up to find himself mated for life to one of the prettiest girls of New York, and one of the most famous, whom his aristocratic family do not approve of at all.

As an extra feature, Thursday, Friday and Saturday, next week one of Charlie's greatest pictures, "The Fireman," will also be shown during every performance.

MARY PICKFORD IN "POLLYANNA" AT THE GRAND—LAST TIME TODAY.

Mary Pickford's first great "Big 4" picture, "Pollyanna," will be shown at the Grand for the last time today. Mary Pickford, as "Pollyanna," is indeed the "glad" girl, whose very appearance on the screen radiates a personality of happiness, whose cheer expels fear, whose glad some picturization puts your real or fancied troubles to flight, whose sunny philosophy of life makes you find something to be glad about.

Five vaudeville acts will be on today's bill. The feature attraction will be "Married Via Wireless," a musical comedy scenic spectacle featuring five people. Other acts on the bill will be Bud and Jessie Grey, the McMahan Sisters in songs and dances, "The Ginger Snaps" in vaudeville, and Frank Mullane in songs and stories. The added film features include, a Paramount-Briggs comedy, the Gaumont News, and a Paramount-Burton Holmes travelogue.

GRAND'S VAUDEVILLE NEXT WEEK

The management of the Grand have booked two vaudeville bills for presentation next week. On Monday, Tuesday and Wednesday's bill the feature attraction will be the Ten Liberty Girls. The offering is described as a most pretentious singing and musical offering.

Lou Hall and Ada Brown will present a little comedy by Willard Mack called "She's a Traveling Man." Mr. Mack has built a comedy of situations and dialogue, and Mr. Hall and Miss Brown squeeze all of the fun the author has provided out of it.

Arthur and Leah Bell, entertainers to the British Army overseas, will offer a ventriloquial diversity featuring Miss Leah Bell, the lady ventriloquist.

Lamberti, the wizard of the xylophone, will offer a program of popular and classical selections.

Clayton and Clayton, presenting a painting novelty, will round out an excellent bill.

Last Half of Week.

On Thursday, Friday and Saturday's program, the feature attraction will be Edwin Redding and Company, who will present a morality play entitled "Prosperity," in which the benefits of thrift are shown in the most convincing manner.

The Three Flying Wards will be another big feature of this bill. This trio will be seen in a sensational aerial novelty.

Julia Curtis is a dainty miss, who is a clever mimic, songstress and comedienne.

Ferry, "The Frog Man," and Weston and Young in "Bits of By Play," will complete the bill.

FAIRBANKS PICTURE A MOST ELABORATE PRODUCTION.

The management of the Grand Theatre has had every assurance from the United Artists Corporation that the production made by Douglas Fairbanks to be shown here during all next week is the most elaborate, costly and stupendous picture he has ever turned out from his California studio.

When "Doug" began his picture, immediately after he had finished his first United Artists release, he called a conference of all his associates at his studio in Hollywood, Cal., and told them his idea for the next story. Everyone was astonished. "Doug" was absolutely determined that he was going to do something daring, and with that he insisted that everything from beginning to end had to be of the most elaborate order.

He went so far as to insist in his story that an entire city such as may be found throughout the middle western section of the United States be destroyed in providing one of the spectacular punches in the production. And the destruction was not to be an ordinary destruction. It had to be a flood.

A star like Fairbanks knows his own qualifications best. This story was conceived by "Doug" himself, and he has put into it every conceivable thing he has ever dreamed of. With these things in mind a slight idea of the action he puts into this picture will be possible.

ARTISTS IN CONCERT.

A musical entertainment of a different kind than London has been afforded for a considerable period is that scheduled to take place at the Majestic on Friday evening, March 5, when eight artists whose names are household words in every home where music is known and loved, personally appear in joint concert. The eight entertainers, all of whom make records, and whose recordings of songs, monologs and instrumental numbers are the most popular in current record libraries are Henry Burr (tenor), Billy Murray (tenor comedian), Albert Campbell (tenor), John H. Meyers (baritone), Frank Croxton (baritone), Monroe Silver (monologist), Fred Van Eps (banjoist) and Frank Banta (pianist). The entertainers also compose the Sterling Trio and the Peerless Quartet, two of the most famous ensemble organizations in the country.

A Suggestion for Saving

CASH in the pocket encourages careless spending.

You will find it a much easier task to save if you keep your "Spending" money in a Savings Account with The Bank of Toronto. There it is safe and can be drawn upon when really needed.

A reluctance to draw from that account will grow upon you, and protect you from many needless expenditures.

Once the saving habit is acquired, the account, with its earnings of interest, will steadily grow to a substantial amount.

Many young men and women are working out this scheme with us to advantage.

It is a plan worthy of a trial.

LABOR ENTERS POLITICAL FIELD ON WIDE SCALE

American Federation Plans Active Part in Congressional Fight.

UNFRIENDLY CANDIDATES

Workers Will Oppose Those Hostile to Interests of Labor.

WASHINGTON, Feb. 6.—The American Federation of Labor is getting into politics on a wholesale scale, and will take an active part in the 1920 presidential and congressional election in the United States.

The first comprehensive political campaign undertaken by United States labor to control Congress and elect friendly national and state officials is now being prepared here. The fight will be independent of present political parties.

Details of the scheme have been worked out by a committee made up of the executive council of the American Federation of Labor and department presidents of that organization in session in Washington for several days. Samuel Gompers, president of the federation, promises a statement tomorrow. The plan was actually originated at the general labor conference held here December 13.

Believed Unfriendly.

Representatives in Congress, who are believed to be unfriendly to organized labor will be vigorously opposed for re-election, and new candidates hostile to the interests of labor will also be opposed. The federation will call to its aid all craftsmen affiliated with the central body, and every congressional district will be canvassed. An army of organizers and workers will be placed in the field.

The federation claims a membership of more than four million. The campaign will embrace state, as well as federal affairs. Efforts will be made in the various states to secure the election of governors, judges and legislatures friendly to organized labor.

Discussed Movement.

According to labor leaders who discussed the movement today, there is to be no effort to establish a "third party." There will be no attempt to reach an agreement with national farm organizations. However, the federation hopes for the co-operation of friendly state and local farm bodies, especially in such states as North Dakota, where the non-partisan league is strong.

While heads of the big four railroad brotherhoods, now in Washington for wage conferences with the director-general of railroads, refused to say today whether they were aiding in the campaign, the newspaper Labor, official organ of the railway men, will publish an editorial tomorrow supporting the political move.

Two Hundred Workers.

The editorial declares that there should be at least two hundred workers in Congress, instead of the "lawyers, the bankers, the trust barons, and the mine operators," now holding seats.

"Labor and the farmer have the votes," the editorial says. "They only need to mobilize these votes for results. They should begin to organize now. It will be too late after the primaries close. And there never was greater reason for such a union and for such an action than now."

The editorial condemns the return of the railroads to private ownership, universal training, intervention in Mexico, anti-strike legislation and a new "alien and sedition law."

Privilege, it says, wants "an attorney-general of its own choosing, so it can put men in jail for even discussing the right to strike."

"In a Republican district, a man should be nominated who can be relied upon to oppose these things," it continues. "In a democratic district, a Democrat should be nominated who will oppose these things."

HON. W. E. RANEY TO HOLD SIX MEETINGS IN EAST WELLINGTON

TORONTO, Feb. 6.—Hon. W. E. Raney, attorney-general, has arranged to hold six meetings in East Wellington before nomination day, February 23. He will open his campaign at Fergus next Tuesday night, and on Friday night will speak at Mount Forest. Premier E. C. Drury will also speak at these meetings.

Although the Legislature will not meet until March 9, there have been twenty-three notices received of applications for the passage of private bills. Among the notices from municipalities for the passage of bills are two from Toronto, one to provide for a transportation commission to manage the Toronto street railway when it is taken over by the city in 1921, and the other to validate this city's housing scheme.

STRENGTH WILL RETURN TO WEAK PEOPLE USING THIS TREATMENT

You are discouraged.
You feel old and worn.
You are sick, but not aware of the fact.
You can drag yourself around—but work is impossible.
With your stomach crying out for assistance and the nerves all on edge why not try Ferrozone? It will surely do you good.

Ferrozone is a wonderful combination of vegetable extracts, fortified by excellent tonics for the nerves and stomach.

When you feel despondent, Ferrozone cheers you up.

When languor and oppression weigh you down, Ferrozone braces you up.

When sleep is impossible Ferrozone calms the nerves and gives you rest.

For bounding health, good looks, good spirits, nothing equals Ferrozone; makes the weak strong and the sick well. Good for men, women and children; try Ferrozone, it can work wonders, as it did for Mrs. Mary Melong, of Harbor Bouche, N. S., who writes:

"Ferrozone built me up.

"Before using it I scarcely knew what good health meant.

"I was just as miserable and weak as any woman could be.

"Tired from morning to night, bothered by trifles, unceasingly nervous.

"The first box of Ferrozone improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health."

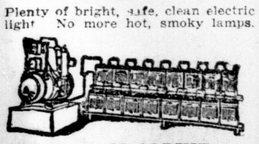

Try Ferrozone. It will make an unexpected improvement in your looks, your feeling, your health.

Whether anaemic, nervous or suffering from secret disorders—If you want cure, use Ferrozone. Price 50c per box or six boxes for $2.50, at all dealers or direct from The Catarrhozone Company, Kingston, Ont.

SHIFTED LOSS FROM BOOKS TO SUBSIDIARY COMPANY'S ACCOUNTS

Standard Reliance Manager Is Freed of Blame.

TORONTO, Feb. 6.—C. S. Dinnick, manager of the defunct Standard Reliance Mortgage Corporation, which is being investigated by J. A. C. Cameron, official referee, was today freeds from blame by Liquidator Clarkson in the matter of the Grand Valley Railway Company affairs in connection with the Standard Reliance. C. A. C. Clarkson, the liquidator, stated that it was only fair to Mr. Dinnick to say that the amount shown by Mr. Dinnick's books to have been invested in Grand Valley securities was, as a matter of fact, invested in these securities.

The Grand Valley transactions, one of the largest single loans of the Standard Reliance Mortgage Corporation, exploits under probe, involved over $600,000 of cash and securities sunk into the scheme, eventually to be written off as a complete loss.

Shifted to Subsidiary.

Mr. Dinnick admitted that the loss, instead of appearing in the balance sheet of the Standard, was shifted to its subsidiary, the Dovercourt Land Company, which gave mortgages in return for the "assets."

Mr. Dinnick described the subsequent transfer of the loss to the Dovercourt as a "washout." "The transfer was made," he said, "because the Standard could not afford to show a loss of $600,000 on their own books. It was done on the advice of counsel and with the knowledge of the board of directors.

Barrister Apologizes.

A statement was made by Mr. Dinnick yesterday that a cash bonus of $10,000 had been paid to the Royal Bank in connection with a loan by the bank of $160,000 to the British Land Company, the purchase of the old Royal Bank building on East King street at $700,000 having been made a condition of the loan and was absolutely denied by W. Lawr, a barrister, on behalf of the Royal Bank following Mr. Dinnick's statement. The denial was withdrawn today by Mr. Lawr so far as the $10,000 was concerned. Mr. Lawr admitted that the $10,000 check had been received by the bank. He apologised to Mr. Dinnick and said he had been hurriedly informed yesterday.

MAY DOUBLE OBJECTIVE.

INGERSOLL, Feb. 6.—Throughout the town very encouraging interest is being manifested in connection with the inter-church Forward Movement. A vigorous campaign is being conducted by workers of St. James' Anglican Church, and the results so far are very pleasing. It has been announced that the subscriptions to date total nearly $8,000, and that it is expected the objective of the church will be doubled before the close of the campaign.

LAST SURVIVOR OF FIRST PARLIAMENT IS DEAD AT OTTAWA

Fall Ends Fatally for Sir James Grant.

WAS 88 YEARS OF AGE

Former President of Canadian Medical Association—Fathered Pac. Railway Bill.

OTTAWA, Feb. 6.—Sir James Grant, the sole survivor of the first parliament of Canada, died this afternoon at St. Luke's Hospital. Sir James fell outside the Russell House and broke his hip on the 20th of last month, and since that time has been confined in St. Luke's Hospital. He had been rapidly losing strength during the last week.

Sir James Alexander Grant was born in Invernesshire, Scotland, on August 11, 1831, and was descended from an able and distinguished family. His grandfather was James Grant, advocate at Corrimony, among whose literary productions were "Essays on the Origin of Society" and "Thoughts on the Origin and Descent of the Gael."

Sir James' father was Dr. James Grant, who came to Canada from Edinburgh and practiced for many years in Glengarry.

Sir James Grant was educated in Queen's University and McGill University. He had practiced medicine in Ottawa since his graduation in 1854, and attended several governor-generals and distinguished visitors.

He was president of the Ontario Medical Council in 1868, and later president of the Canadian Medical Association. In 1901 he was president of the Royal Society of Canada.

In Queen's jubilee year he was awarded a K. C. M. G., the first Canadian physician to get that honor. Sir James carried many titles and honors, and at various times was president of numerous societies in Canada. His lectures on tuberculosis and the simple life, and on how to live a hundred years won him widespread recognition.

Was Conservative Member.

Sir James entered the Dominion Parliament in 1867 as Conservative member for Russell. He sat until 1874, and later was returned as member for Ottawa City, 1893 to 1896. He introduced the original Pacific Railway bill which fathered the project for a transcontinental railway in Canada. As a public speaker he was famous, but of recent years had rarely been heard in public. He wrote many valued treatises on medical matters.

In religion he was a Presbyterian.

Lady Grant is the daughter of the late Edward Mc'loch who represented Carleton in the Legislative Assembly. The Grants were married in 1856. Of their twelve children seven survive, four sons and three daughters. They are: Lieut.-Col. James A. Grant, Ottawa; Dr. H. Y. Grant, Niagara Falls; F. C. Grant, Ottawa, and W. W. Grant, Geneva, N.Y., and Mrs. George Major, Toronto; Mrs. Harry Cassells, Ste. Anne de Bellevue, Que., and Miss Harriet Grant.

PREVENTS FLU
BIONIN
GRIPPE TABLETS

For Influenza, Grippe and Colds

Influenza Is Increasing Take Precautions Now

Don't risk your health—perhaps your life—by contracting this disease. Guard yourself against it with Bionin Grippe Tablets. During the influenza epidemic last year thousands of boxes were used with great success.

Not One Person Using Bionin Grippe Tablets As a Preventive Last Year Took Influenza

A Well-Established Remedy Tested and Proven for Years

Bionin Grippe Tablets are not an experiment. They have been used for years—have proved remarkably efficient as a preventive and cure for Influenza, Grippe and Colds.

Colds Are Dangerous Don't Take Chances With Them

A slight cold today—Grippe or Influenza tomorrow. This often happens—may happen in your case. Don't let a cold take hold of you; it weakens the system—gives Influenza germs a better opportunity. At the first sign of a cold take two Bionin Grippe Tablets. Follow with one every two hours until three have been taken. Relief will be almost immediate. Pains and aches will disappear. The cold will be checked in time.

Get a Box from Your Druggist NOW---For Safety's Sake

Don't wait until Influenza or Grippe begins to take effect. Get a box of Bionin Grippe Tablets from your druggist NOW—and have them ready. Take two at the first symptom, and prevent the disease from getting a grip on you. GET YOUR BOX TODAY.

"The First Dose Gives Relief"

FOR LIVER AND BOWELS

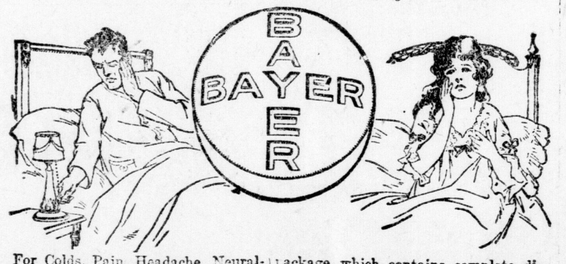

THEY WORK WHILE YOU SLEEP

All Biliousness, Headache and Constipation gone!

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

DOCTOR TELLS HOW TO STRENGTHEN EYESIGHT 50 PER CENT IN ONE WEEK'S TIME IN MANY INSTANCES

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it, "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eye two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in this city by the Standard Drug Company, W. T. Strong and others.

"ORANGE LILY SAVED MY LIFE."

These words or expressions having the same meaning are contained in hundreds of the letters I have received during the past year. Many were from women who had suffered agonies from falling of womb; others from women who had escaped dangerous surgical operations, as the tumors and ulcers had been removed by the action of Orange Lily; and others who had suffered from suppressed menstruation, leucorrhoea, painful periods, etc. For all these and the other troubles known in general as Women's Disorders, Orange Lily furnishes a positive, scientific, never-failing cure. It is applied direct to the suffering organs, and its operation is certain and beneficial. As a trial actually proves its merit, I hereby offer to send, absolutely free, a box worth 45c, sufficient for ten days' treatment, to every suffering woman who will write for it. Inclose 3 stamps. Mrs. Lydia W. Ladd, Windsor, Ont.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex (50 cents worth) from any druggist, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

IN MEMORIAM.

RAWLINGS.—In loving memory of our dear mother, Mrs. Harriet Rawlings, who died three years ago today, February 8, 1917.

Three years have passed since that sad day,
God called the one we loved away;
Forget her, no we never will,
As years roll on we love her still;
Friends may think that we forget her,
When at times they see us smile,
But they little know the sorrow
That smile hides all the while.
b —MRS. M. SAUNDERS.

RAWLINGS.—In loving memory of our dear mother, Mrs. Harriet Rawlings, who died three years ago, Feb. 8, 1917.

May the heavenly winds blow softly
O'er that sweet and hallowed spot,
'Mid the changing scenes of life, dear mother,
You will never be forgot.
b —Bertha and Dick.

CARD OF THANKS.

Samuel and Sarah Jane Court, 550 Hamilton road, wish to convey their sincere thanks to their friends and neighbors for their kindness and sympathy extended to them in their recent sad bereavement, also to the Men's Bible Class of the Egerton Street Baptist Church for the floral offering. b

We, the sisters of the late William Arthur Forsythe, wish to thank the O-Pee Chee Gum Co., and Box Dept.; also Court Orient, No. 331, C. O. F., and the many friends and neighbors for their kindness shows us in our recent sad bereavement. —His Sisters. b

Mr. and Mrs. Andrew Brownlee and family of 11 May street wish to thank their many friends for their kind sympathy shown them in their recent and sad bereavement, also for beautiful floral tokens. b

Mr. James Rowntree and family of No. 5 Stanley street wish their friends and relatives, also the ladies of the Hill Street Methodist Church, to accept their sincere thanks for the kind sympathy shown them in their recent and sad bereavement, also for the many beautiful floral tokens. b

A LARGER SALARY. YOU WANT More Money.—It's yours if you'll put that extra hour or two each day in recreation; sure it's recreation to make pleasant five or ten minute visits on a different line of merchants than the regular line you call on. You get a new viewpoint of business —you're in a different atmosphere. The handy pocket sample—the big commission getter makes your salary what you want it—no limit except the limit you set for yourself. One man's side line commissions one week over $400. Everything furnished free to work with—we even show you how to sell it—you learn that in 10 minutes. An ideal selling arrangement for Canadian salesmen. Write us—you'll at least have the satisfaction of knowing that you have not passed up a big spare time money maker without investigation. C. E. Erickson Company, Inc., 814 Erickson Building, Des Moines, Iowa, U.S.A. b

YOU WANT TO ESTABLISH PERMANENT business for yourself? You can do this by accepting agency for Dr. Bovel's home remedies and toilet articles in your locality. We start you at our expense, and grant you exclusive right over your territory. Write for $1 worth free goods and particulars. Bovel Manufacturing Company, Dept. 7, Montreal, Que. b

ONLY SATISFACTORY CANADIAN war book, written by Canadians, introduction by Gen. Currie, "Canada's Sons and Great Britain in World War," offers returned men and others, men or women, wonderful opportunity to make $50 to $75 weekly. London Is Coming Into Her Own!

SAM D. CAMPBELL

BANK OF NOVA SCOTIA CHAMBERS

I SOLD MORE HOMES LAST YEAR THAN EVER BEFORE, AND 1920 starts out at a rate that promises to eclipse that record.

I have desirable properties at all prices. North, south, east and west. I want more. If you have a house, lot, or business to sell or rent, list it with me now at a fair price and conditional early results may reasonably be looked for.

$9,000—Solid, red brick, slate roof, eight rooms, hardwood trim and floors throughout. Hot water heated, beautifully decorated, fine large garage. Get particulars.

$8,500—Solid brick, central, south, 9 rooms, every modern appointment including hardwood floors, fire place, good lot, ideal location.

$6,000—Splendid brick, nearly new, 8 rooms, all modern, hardwood trim, oak floors, fine lot and location; owner leaving city.

$5,200—Close in, south, good brick, 7 rooms, all modern, with fire-place, beautifully decorated, fine basement, attic floored, good lot, possession soon.

$3,800—Near Normal School, brick, 7 rooms, all modern, good lot, vacant March 1.

$2,500 to $5,000—All modern, good homes, east.

$3,000—Two, all modern brick homes, London West, close to car lines, in fine shape, good lots.

These are just a few of my choice homes in all parts of the city. A few good homes to rent from time to time.

Small acreages with good buildings around the city and farms adjoining London.

I will insure your life, buildings, household goods and your car. See me or telephone about it now.

Agent C. P. R. lands and western farm and city properties.

FARMS FOR SALE

FARMERS, FOR WHOM THE BEST is not too good, are requested to investigate this: We are instructed to sell one of the finest 100-acre farms in Middlesex County. Soil, drainage and buildings are first-class in every respect, and location is on a main highway within ten miles of London. The price of this property is $13,500 (half cash) and is very little more than the value of the buildings and improvements. Call or write for particulars. Canadian Bureau of Credits, Dominion Bank Chambers, London. b

140 ACRES, $12,000—12 MILES FROM London, 2 miles to station, 1 mile to school, two-story cut stone house, two barns, granary, good orchard, 30 acres first-class woods, worth about $4,000, fall plowing done, 7 acres fall wheat, running spring at barn; choice clay loam, some sand and self-draining. Faulds & Co., 59 Dundas. F. 7. 9. 11. 14

135 ACRES, $13,500—7 MILES TO LONDON market, on county road, ½ mile to cheese factory and village, good brick house, with furnace, 2 basement barns, large implement shed, silo, garage, extra good orchard, 15 acres woods, well fenced and tiled, spring well at house, spring creek at back, rich clay loam and clean, first-class farm, extra well located. Faulds & Co., 59 Dundas. F. 7.9.11.14

150 ACRES, $12,000—LONDON TOWNSHIP, 2½ miles to town and station, on county road, 2 miles to cheese factory. Two sets of buildings, one real good white brick house with slate roof, and stone foundation, two basement barns, silo, henhouse, implement shed, fall plowing done, 10 acres fall wheat, well tile drained, rich clay loam and in good condition. Faulds & Co., 59 Dundas. F. 7. 9. 11. 14

FOR SALE OR RENT—320 ACRES IN Saskatchewan, 270 acres under cultivation; 6-room house, large barn, henhouse, four granaries, workshop, splendid water, shelter belt land, first-class clay loam. 16 Alma street. 27u

Notice to Creditors

In the matter of the estate of Elzear, otherwise known as Elzard Lortie, late of the city of London, in the county of Middlesex, Gentleman, deceased. Notice is hereby given pursuant to Section 56 of the Trustee Act (R. S. O., 1914, Chapter 121), that all creditors and others having claims or demands against the estate of the said Elzear, otherwise known as Elzard Lortie, who died on or about the 25th day of November, A. D. 1919, are required on or before the 29th day of February, 1919, to send by post prepaid or deliver to the London & Western Trusts Company, Limited, London, the administrators of the estate of the said deceased, their names and addresses, the full particulars of their claims, a statement of their accounts, and the nature of the securities (if any) held by them. And take notice that after such last mentioned date the said administrator will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which it shall then have notice, and that the said administrator will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received at the time of such distribution. Murphy & Gunn, Solicitors for the said administrator. Dated the 30th day of January, 1920.

FREE TO MOTHERS OF CHILDREN WITH WEAK KIDNEYS

Good for old or young who can't control their kidneys.

Mothers—save yourself the trouble of either lifting your Weak-Kidneyed Children out of bed at night or drying their bedding the next morning by giving them Zemeto. A harmless medicine that should quickly banish this disease (for it is not a habit but a disease). Zemeto is equally as good for older people who can't control their water during the night or day. Excellent for all Kidney, Bladder and Urinary troubles.

Write us today—send no money, not even a stamp. Just your name and permanent address, and we will send you absolutely free a package of Zemeto. If it conquers your disease, you need pay us nothing—just tell your friends what it did for you.

ZEMETO CO., Dept. 50, Milwaukee, Wis.
Show this to some sufferer.

"NON-SKIDS" FOR DYSPEPTICS

If you have a skidding stomach—one that "upsets" every time you eat—you need a non-skid just as surely as your car does on an icy pavement; and the best little non-skid in the world for the prevention and relief of stomach "upsets" is Bi-nesia. Hundreds of folks right here in London, as well as many physicians and druggists, say that Bi-nesia tablets, which are now obtainable of druggists everywhere, are the finest little stomach helpers and trouble preventers they ever tried. Get a package of Bi-nesia Tablets today, and take three or four after each meal or whenever pain is felt. Money back if it fails to stop a "stomach skid" within five minutes.—Advt. 27u-t

AMATEUR BOXING CHAMPIONS WON 1908 OLYMPICS

Jack Dempsey Is Regarded in Europe As Heavyweight Champion.

Paris, Feb. 7.—Amateur boxing was discussed by the international boxing congress at its session yesterday. Representation in the international federation of amateur boxing was taken up. It was decided that Great Britain, France and the United States will have three votes each, and Belgium, Australia, Italy, Switzerland, Denmark, Holland, Norway, Sweden, Argentina and Brazil will each have one vote.

The amateur boxing champions of the world, it was decided, are the winners of the 1908 Olympics, who will hold their titles until the next Olympic games at Antwerp.

Resolutions with regard to the competitions at the Olympic games provide that the championships be limited to four days, and that each nation be permitted to have two representatives in each class. All the delegates were in favor of two rounds of three minutes and one round of four minutes.

The congress later discussed the designation of professional boxing champions of Europe. These were decided as follows:

Flyweight, Jimmy Wilde; bantamweight, Charles Ledoux; featherweight, vacant; lightweight, vacant. On account of the amputation of the left arm of Louis de Ponthieu; welterweight, Albert Badoud; middleweight vacant; and light heavyweight and heavyweight, Georges Carpentier.

The congress decided that the following boxers are recognized in Europe as professional champions of the world:

Flyweight, Jimmy Wilde; bantamweight, "Pete" Herman; featherweight, Johnny Kilbane; lightweight, Benny Leonard; welterweight, Jack Britton; middleweight, Mike O'Dowd; light heavyweight, vacant, and heavyweight, Jack Dempsey.

THOUGHT HE HAD KILLED HIS WIFE, BUT WAS NOT SURE

DETROIT, Feb. 6. — The Pontiac police are puzzled over the murder of Mrs. Azile Garman, 23 years old, who was killed with an axe as she lay asleep in her room early this morning. Charles L. Garman, the husband, insists he committed the crime while under what he says was "an uncontrollable impulse."

The young couple spent the evening out last night, and returned home about midnight. Two hours later Garman says he found himself fully dressed and out in the street, without knowing how he got there. He found a policeman and told him he thought he had killed his wife, but "was not sure."

Investigation showed Mrs. Garman's head chopped almost in two. Garman can offer no explanation for his act, except that he suffered from mental lapses at times, due to a train accident a few years ago. He wears a silver plate over a hole in his skull.

LAND SURVEYORS OF DOMINION PLANNING GET-TOGETHER MOVE

OTTAWA, Feb. 6.—At the concluding session of the annual meeting of the Association of Dominion Land Surveyors this morning the recommendation of the committee advising union of all land surveyors' associations with the view of elevating the profession in the Dominion was unanimously adopted.

Plans were formulated to take the matter up with all the provincial bodies, and the committee was instructed to proceed as quickly as possible with arrangements. A resolution was adopted to be forwarded to the civil service commission, asking for reconsideration of the reclassification of surveyors, under the new bill, and pointing out that in the opinion of the association the remuneration is not commensurate with the duties and responsibilities of the members.

Another resolution strongly recommended the resurveying of the western provinces.

CHICAGO IN DARK

CHICAGO, Feb. 6.—The darkness of night has enveloped Chicago since sunset Thursday evening. At noon today the loop district was as dark as at midnight. Barometric pressure was so heavy that the smoke did not rise, and the smoke curtain hung over the city.

Automobiles and street cars, like office buildings and homes, had to keep all lights burning.

MEMORIAL HOSPITAL MAY BE BUILT BY CITY OF ST. THOMAS

Further Effort Will Be Made to Secure Aid of County.

ST. THOMAS, Feb. 6.—At a meeting of the local board of trade, held this afternoon in conjunction with the Memorial Hospital committee of the city council, a committee consisting of members of both boards was appointed to formulate plans and report to a later meeting for the raising of funds for the purpose of erecting a memorial hospital in the city of St. Thomas, to be supported, if possible, jointly by the county and city.

An educational campaign was conducted some time ago for the purpose of bringing rural taxpayers to meet the city in the erection of such a hospital as a memorial to the Elgin men who fell in the recent war. This plan apparently failed, for at a meeting of the county council last week it was definitely stated that the rural population of Elgin would not support a joint hospital. By a small majority, however, the council decided to defer definite action until the June session of the council. In the meantime every effort will be made to change the attitude of the county residents. Should this fail the city will, it is stated, erect a memorial hospital of its own.

FLU IS HERE.

Despite a denial of the report that an epidemic of influenza existed in St. Thomas, Medical Health Officer Dr. McKillop today issued a warning to citizens in general to take every precaution. He states that this city is now in the grip of a mild attack of influenza, and every care must be taken to avoid a serious outbreak similar to that of last winter. The health officer has no less than three cases under his care, and other physicians have been handling cases since last week. So far the majority of cases that have made their appearance are mild, but a few have developed pneumonia and are serious. Every care is being taken and the board of health is not alarmed.

NEW 21-YEAR LEASE.

The Wabash Railway has, according to a report circulated here today, obtained from the Grand Trunk a new 21-year lease on the same terms as that which expired on January 1. The new lease gives the Wabash Railway running rights over the Grand Trunk from Windsor to Buffalo. The meeting at which the lease was drawn up was held in the local offices of J. C. Crombie, general superintendent. Officials of the Grand Trunk were in the city from all parts of Canada. A further meeting will in all probability be held next week, when Wabash officials will be present and the lease will then be ratified.

SUSPENDED SENTENCE.

McLean Smith was allowed his freedom on suspended sentence at the city police court today after having spent a week in jail on remand on a charge of having forged a check of his wife's to the amount of $83. Smith promised to make restitution and pay the costs of court.

DANNY MACDONOLD FREE.

Danny MacDonald was let go with a warning this morning by Magistrate Maxwell. He was charged with indecent assault on Miss Florence Yarwood, who is the alleged bigamous wife of William J. Clarke. MacDonald stated that he had been invited to Miss Yarwood's apartment, and that she had seated herself on his lap. He says she kissed him, and he returned the compliment. MacDonald was represented by Andrew Ingram, and at the request of the informant, Miss Yarwood, the magistrate dismissed the case. Clarke has confessed that Miss Yarwood is not his legitimate wife, and that he has at least one more. He will be sentenced next week.

NEIGHBORLY BRAWL.

A couple of west-end ladies appeared in court today on a charge of creating a disturbance. One woman complained of the number of visitors of the male persuasion entertained by her neighbor in the next apartment. The police will investigate the charges and in the meantime the case has been adjourned.

SUPREME ECONOMIC COUNCIL ORGANIZES

PARIS, Feb. 6.—The supreme economic council, which is to consider the exchange question and the general European situation and also hear reports on proposed trading with the Russian co-operative societies and consider the problem concerning raw materials and other commodities, met this afternoon and organized.

M. Isaac, French minister of commerce, was elected president. The council also considered revictualling and tonnage problems in connection with reports handed in by various commissions.

"AJAX" RETIRES

NEW YORK, Feb. 6. — New York lost one of its famous "strong-arm" policemen today when Patrolman Selag (Ajax) Whitman retired after a picturesque career of 26 years.

"Ajax" gave exhibitions of strength on a tour with the late John L. Sullivan before the boxing champion fought "Jake" Kilrain. Among his noted feats were pushing a loaded freight car weighing more than twelve tons and lifting by his teeth a hogshead of water upon which stood several men.

HANDLE ENEMY DEBTS THROUGH CLEARING HOUSE

Canadian Government to Collect From Germans Through It.

UNDER PEACE TREATY

Expected Ten Million Dollars in Claims Will Be Handled.

OTTAWA, Feb. 6.—(By Canadian Press).—Acting under the provision of article 296 of the treaty of peace, the Government has decided upon the establishment of a clearing house for the collection of debts from enemy nationals, and Germany will be notified of the step taken.

Article 296 of the treaty which covers the liquidation of debts payable by a national of one of the contracting powers to a national of an opposing power says:

In Article 296.

"There shall be settled through the intervention of clearing offices to be established by each of the high contracting parties within three months of the notification referred to in paragraph E of article 296, provided: The provisions of this article and of the annex hereto shall not apply as between Germany on the one hand, and any one of the allied associated powers, their colonies, or protectorates, or any one of the British Dominions, or India, on the other, unless within a period of one month from the deposit of the ratification on behalf of such Dominion or India notice to that effect is given to Germany by the Government of such allied or associated power, or of such Dominion or of India, as the case may be.'

Ratification Deposited.

The ratification was deposited on behalf of Canada on January 10, therefore it was necessary that this notice should be forwarded to Germany before February 10, and this will be carried out.

It is expected that some ten million dollars in claims will be handled through the Canadian clearing office.

URGES ELIMINATION OF USE OF ALCOHOL IN PRESCRIPTIONS

MACON, Ga., Feb. 6.—Elimination of alcohol from all physicians' prescriptions was set forth as one of the new objects of the Women's Christian Temperance Union in an address at the South Atlantic regional conference of that body by Mrs. J. R. Sheppard of Virginia.

"One of the next important steps to be taken by temperance workers," Mrs. Sheppard told the conference, "is the eradication of the ancient superstition that alcohol has any value as medicine."

Mrs. Sheppard claimed she had information that the surgeon-generals of the army and navy were only waiting for enough physicians to lend their cooperation to remove alcohol from the supplies of naval and military hospitals.

FIREMAN HAD BOTH LEGS BROKEN AND ARMS BADLY SCALDED

George Frick, Injured in G. T. R. Wreck Thursday, Taken to Galt Hospital.

GALT, Feb. 6.—With both legs broken and both arms scalded from the shoulder to wrist, Fireman George Fink of Palmerston, the most seriously injured in the Grand Trunk wreck near Hespeler Thursday night, was removed from the farm house of C. T. Groh to the local hospital in the ambulance this morning. Engineer Arkell of Palmerston, who was scalded by escaping steam, is still at Hespeler, but will be able to proceed to his home in a day or two. While the most of the wreck was cleared away this morning, the derailed 180-ton engine was not replaced on the rails until late this afternoon. Both the Hamilton and Stratford auxiliaries were employed.

PREPARE FOR EPIDEMIC.

With a number of fresh cases of influenza reported today and evidence of the spread of the disease, the board of health today commenced to prepare for an epidemic if it should occur, and an appeal was made for volunteers to man an emergency hospital. The armories is being converted into a hospital and will be ready with a day or two for use if needed.

FATHER AND SON BANQUET.

A very successful father and son banquet was held this evening at the Y. M. C. A. Mr. Hagerman of Toronto was the speaker.

The Canadian Machinery Corporation Benefit Society held a very successful entertainment in the city hall this evening, the program being provided by the Maple Leaf quartet and Fred Perrin, entertainer, of Toronto.

ASK TRADES UNIONS TO FORCE PREMIER TO NATIONALIZE MINES

LONDON, Feb. 6.—The executive of the miners' federation declared today that in view of the refusal of Premier Lloyd George to introduce legislation to give effect to the report of the commission which investigated the situation with regard to mining, recommending nationalization of the mines, it had decided to ask that a special trades union congress be convened to enforce the miners' demands.

Premier Lloyd George met the miners yesterday in private conference. The proceedings were not officially reported, but it is understood he refused to accept the proposition of nationalization.

KINGSTON YOUTH IS KILLED BY JUMPING FROM FREIGHT TRAIN

TORONTO, Feb. 6.—Frank Kennedy, a young man whose home was in Kingston and who was employed by the Canadian National Railways at Leaside, was killed this evening by jumping from a Canadian Pacific freight train as it was entering North Toronto station. He fell under the wheels of the train and was badly mangled.

MAY REDUCE H. C. OF L.

MONTREAL, Feb. 6.—Owing to the high rate of exchange no goods are being shipped to Europe, and exporters here find themselves loaded up with food products originally meant for shipment to other countries, but which now will be distributed here. This will possibly cause a decrease in the high cost of living, merchants think.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

Eggs took a big drop on the local market this morning. They were selling at 73@75c retail and 70c a dozen wholesale for strictly fresh lots. Some asked higher.

Butter was plentiful and showed a tendency toward weakening in price. Some are selling first-class dairy butter at 65c per lb, while others asked as high as 72c per lb.

Potatoes were more plentiful today than for some weeks. They found a ready sale at $4 25@4 50 a bag.

All kinds of vegetables were more or less plentiful.

Oats went up again, selling at $3 30 per cwt.

The market was a large one.

Grain, per cwt.—			
New oats, per cwt....	$3 25	to	$3 30

HAY.

TORONTO, Feb. 6.—Hay—Baled, on track, Toronto, carlots; No. 1, $27@28 per ton; No. 2 mixed, $25 per ton.

Straw—In carlots, on track, Toronto; mixed, $16@17 per ton.

FLOUR.

MONTREAL, Feb. 6.—The local flour market showed no new developments today, both spring and winter wheat flour prices remaining unchanged from yesterday.

There was no change in the situation respecting millfeed and rolled oats, but there is a scarcity of shorts.

Flour—Manitoba spring wheat, war grade, $13.25@13.55.

Rolled Oats—Per bag, 90 lbs., $5.25.

Bran—$45.25.

Shorts—$52.25.

NEW YORK, Feb. 6.—Flour—Easier; spring patents, $12.25@13.50; Kansas straights, $12@12.75.

TORONTO, Feb. 6.—Manitoba Flour—Government standard, in jute bags; Toronto, $13.25.

Ontario Flour—Government standard, in jute bags, prompt shipment: Montreal, $10.80@11; Toronto, $10.80@11.

Millfeed—In carlots, delivered Montreal freights, bags included; bran, $45 per ton; shorts, $52 per ton; good feed flour, $3.60@3.75 per bag; middlings, not quoted.

MINNEAPOLIS, Feb. 6.—Flour—Unchanged; shipments, 59,528 barrels.

Bran—$43.

"HOLD-UP" STAGED IN BRANTFORD LAST NIGHT, SAY POLICE

Two Foreigners Claim to Have Been Robbed of $150.

BRANTFORD, Feb. 6. — The local police were notified today of a hold-up on Wilkins street last night when two masked men secured $15 from two foreigners. The latter could afford little assistance in the way of identification, and the culprits are still at large.

MYSTERY SURROUNDS DEATH.

Mystery surrounds the death of Silas Millard, and the coroner's jury will meet on Tuesday next when an inquiry will be held. The motorman on the car which struck Millard stated that the deceased was lying across the track, and he could not stop in time. The slash in the neck is considered by medical evidence as hardly possible from the wheel on a radial car.

F. W. Eyerson is the new chairman of the Brantford parks board, which will ask the city for $18,000 for the erection of a boathouse and new bleachers at the Agricultural Park.

ELECTED OFFICERS.

Brantford poultrymen have elected the following officers for the year: President, Sid Saunders; vice-president, Ed Orr; secretary, David Cooper; assistant, A. E. Fredlorn; treasurer, B. Collins; directors, Messrs. Shellard and Evans. The association was reported in excellent shape.

Dr. C. C. Alexander has been appointed medical inspector of the schools of the city at an initial salary of $1,500 per year. The appointment is an innovation following on the recommendation of the local health authorities and various other organizations.

STOCKHOLM, Feb. 6.—Peace negotiations between Great Britain and Soviet Russia are now in progress, according to a statement which the Svenska Dagbladet attributes to Adolph Joffe before his departure from Dorpat, where he headed the Bolshevik peace delegation.

M. Joffee, the newspaper adds, said that Russia desired peace with all nations, and merely stipulated, as a main condition no interference in her internal affairs.

WALL STREET REVIEW.

New York, Feb. 7.—An unprecedented crash in foreign exchange, call loans as high as 25 per cent, and stiffer rates for the more necessary forms of financial accommodation, were the central features of this week's turbulent and reactionary stock market.

The collapse of international credit quotations brought export conditions to a standstill for a time, and excited the gravest misgivings respecting the foreign trade movement. This was heightened by rumors of embargoes on various exports from this country, especially cotton. Selling of stocks represented a mixture of enforced liquidation and bearish pressure, the former probably predominating. Banks withdrew funds to meet government payment, and other usual sources of supply were closed to speculative accounts.

Extreme reactions for the week ranged from 10 to 45 points in a wide variety of stocks, especially oils, motors, equipments and shippings. Many low-priced specialties were sacrificed at gross recessions of 5 to 25 points. Favorable developments were ignored or obscured by pessimism which marked the course of foreign exchange. Reports that leading steel mills have sufficient orders to run at full capacity for home consumption into the second and third quarters of the year elicited little interest.

Reactions in some of the important commodity prices, such as cotton, provisions and cereals, were in keeping with stock market losses, but opinion prevailed that much remains to be done if foreign exchange is to be even partially stabilized.

FLOUR $1.10 POUND; MEAT $2.38; SMALL TIN OF MILK $2.38

WINDSOR, Feb. 6.—High cost of living in Canada is a piker compared with present prices of practically all commodities in Germany at the present time, according to a letter received this afternoon by M. J. Hendrick, American consul here, from a friend in Plauen, Saxony, Germany, where Mr. Hendrick was stationed previous to the war and for several months folowing its commencement.

After stating she had had no anthracite coal since using the three tons left by Mr. Hendrick on his departure, the writer declares that Germans are often forced to go five days without fuel, with the temperature but 18 degrees above zero. The only white flour obtainable is a half pound every two weeks, while woolen underwear is impossible to secure. Stockings are also on the missing list, the writer having purchased the last pair she had in 1917, for $5.50 in Canadian money.

The following list of prices, based on the normal rate of exchange, was given: Shoes, $45 pair; meat, $2.38 pound; small tin of milk, $2.38; ration bacon, $2.76; flour, $1.10 pound; geese, $2.75 a pound; cotton gloves, $4.75 a pair. The only moderate prices given were sugar at 11 cents a pound and serge suits, the letter doesn't mention whether men's or women's, from $24 to $45.

START ON NEW THEATRE.

Excavation work on the new Allen Theatre to be erected adjacent to the new $1,000,000 hotel on Ouellette avenue, commenced this week, is now well under way. The building will be three stories in height, having a seating capacity of 1,300, with accommodation for six stores and office room fronting on Ouellette avenue. The architectural scheme is similar to that embodied in the new Allen Theatre recently opened in Winnipeg, which contains many new modern features. It is expected the building will be completed and ready for occupation by September 1 of this year.

NEW FACTORY BUILDING.

Work will be rushed on the $200,000 factory to be erected by the Burroughs Adding Machine Company in Windsor, for which a building permit was issued at the city hall today, official's of the company announced. The structure, which will be erected at McDougall and Ann streets, will be two stories in height, with provision made for further additions as they become necessary.

Announcement was made this afternoon of the purchase by Ald. P. J. England, realty broker, of the 2-story brick business block at 9 and 11 Pitt street east, occupied by the waiting room of the Windsor, Essex and Lake Shore Railway, the Barton Netting Company and the Howe Barber Shop. The price involved was $70,000.

APPROVE NATION-WIDE RAILROAD STRIKE IF FOUND NECESSARY

DETROIT, Feb. 6.—The general chairman of the Maintenance of Way Employees and Shop Laborers' Union in conference here today unanimously approved the proposal to call a nation-wide strike if necessary to enforce demands for wage increases, and sent word to Director-General Hines that action would be deferred seven days, pending the outcome of the Washington conference.

THE PLAGUE OF PIMPLES

Body Covered With Them.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not a dangerous trouble they are very unsightly. What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system, and will leave a clear, healthy skin.

Mr. Emerson G. Goodwin, Cambridge, N. B., writes: "For nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me and there is no sign of them returning. I can strongly recommend B. B. B. to anyone who is troubled with skin disease."

Manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

DR THOMAS' ECLECTRIC OIL

A SURE, SAFE AND SIMPLE REMEDY FOR ALL THE COMMON AILMENTS OF MAN AND BEAST. IT SHOULD ALWAYS BE KEPT ON HAND AS A MORE SERVICEABLE PREPARATION FOR SUCH USES CANNOT BE FOUND. GET A BOTTLE TO-DAY AND HAVE IT READY FOR THE TIME WHEN YOU WILL NEED IT.

How to Cure Biliousness

Doctors warn against remedies containing powerful drugs and alcohol. "The Extract of Roots, long known as **Mother Seigel's Curative Syrup**, has no dope or strong ingredients; it cures indigestion, biliousness and constipation. Can be had at any drug store." Get the genuine; 50c and $1.00 Bottles.

WANTS ASSURANCE THAT SOVIET WOULD KEEP ITS PROMISES

LONDON, Feb. 6.—Diplomatic advices from Warsaw state that Foreign Minister Patek declares that one of the most important questions to be considered in connection with the peace proposals of the Russian Bolshevki is as to what assurance there would be that the Soviet Government would keep its promises.

The minister also has raised the question of who would guarantee support to Poland in the event that she should make peace with the Bolshevki and the latter should violate the pact.

SETS £2,000,000,000 AS LIMIT INDEMNITY GERMANY CAN PAY

LONDON, Feb. 6.—In a speech at Paisley tonight former Premier Asquith, who is contending the seat in Parliament for that district, said:

"Speaking with a full sense of my responsibility, I am disposed to believe, after making proper allowances, for what is needed to start Germany's industrial life again, that £2,000,000,000 is the outside indemnity obtainable from Germany. If I were the chancellor of the exchequer I would write off anything beyond this as a bad and doubtful asset."

Mr. Asquith also asserted that it would be better to forego loans to Great Britain's allies than to cripple them.

ASSETS OF ALMOST EIGHT MILLION DOLLARS

A New Confidence In the Future

The people who are making weekly deposits in our savings department have a definite record of the family fortunes.

Cash carried loosely in purse or pockets is quite as loosely spent. At the end of the week another pay-day, and the same haphazard spending—unless you start to save with us. We pay 3½ per cent interest.

How to Convert Your Ford Into a Cozy, Closed Car

You want the comforts of a Limousine when driving against bitter-cold winter blizzards.

USTUS Limousette FOR FORDS
Pat. Appd. For

converts either a Ford Touring Car or Roadster into a machine that shuts out biting winter winds, and enables you to ride in comfort.

So perfectly was it designed and so accurately is it built that all parts fit snugly.

The practicability of this utility is evidenced by the fact that it can easily and instantly be converted into a closed or open car.

Just a light touch operates the roller windows.

The USTUS Limousette for Fords for touring car weighs only 40 pounds and for roadster only 20 pounds

It provides clear vision front and sides—is free from rattles and vibration and can be installed in an hour.

Better see the USTUS Limousette Dealer promptly for a demonstration of its advantages.

The USTUS Limousette is a necessity and is recognized as such by thousands of Ford owners throughout the country.

PUBLIC WORKS MINISTER IN DRURY GOVERNMENT URGES "KEEP BOYS ON THE FARMS"

Speaks at Banquet Tendered by United Boards of Trade to Farmers' Clubs—More Instruction in Agriculture Is Needed—Committee to Investigate Immigration

Following an excellent luncheon tendered by the United Boards of Trade in the Masonic Temple, 300 members of farmers' clubs and township and municipal councils adjourned to the Y. M. C. A. auditorium yesterday afternoon and listened with much interest to an address by Hon. F. C. Biggs, minister of public works in the Drury Government.

Mr. Biggs apologized for the absence of Premier Drury, who was billed to speak, and added that the notorious city of Toronto had sent out a spur into Halton County; in other words, there was a by-election on. Mr. Biggs was heartily in favor of any movement that would bring rural and urban centres closer and benefit both sections.

"Keep the boy born on the farm on the farm," said Mr. Biggs, amid applause. "I wouldn't give one boy brought up on the farm for half a dozen immigrants. It is a hard thing to keep the bright boy on the farm, for the farming profession is not as remunerative as other callings." What the farmers wanted, said the speaker, was better education, better roads and hydro development. Getting back to the boy on the farm, Mr. Biggs declared that he was the real asset as far as production was concerned.

"Over in England," said the speaker, "the Ontario Government is supposed to have an office representing this province. That office needs wakening up, badly and quickly. I hope the Government can get at it and make it of real value to the province of Ontario, both agriculturally and industrially."

He was glad a movement was on foot to bring farmer and citizen together. If the gap widened much further they would be forced to get together on account of financial and political conditions. Mr. Biggs then made reference to the farmers' branch of the Hamilton Board of Trade which had 400 members.

Rural Education.

Rural education must be developed. Children today passed the entrance examinations at an early age, and then went to the city to the high schools, where they were weaned away from the farm. The curriculum was one which did not tend to develop along agricultural lines.

The hydro system was good as far as it went, but it did not go far enough. There were thousands of farmers waiting patiently for electric power with which to milk the cows—(laughter)—but hydro would be a great factor in developing rural life, and the present government would do everything within its power to develop it.

In speaking of roads, Mr. Biggs declared that Ontario would get its full appropriation from the Dominion Government of $400,000,000. The scheme that the Government had in mind would take in 1,600 miles of provincial road to serve the people. This did not mean 1,600 miles of concrete highway just now. The roads that would be designated as provincial were those that linked up the large urban centres. The counties would build accordingly and attend to roads that would act as feeders to these highways, which would carry 75 per cent of the big traffic.

In travelling over the country, Mr. Biggs had seen many county roads which had been built and then forgotten. These roads must be maintained by the counties, or their grants would be cut off. They would have to do better than they had been doing as long as he remained at the head of the public works department. The county road superintendents would be told this when they met him in Toronto on the 1st of March.

Invest in Roads.

"If you want to make dollars and cents for yourselves, invest something in your roads," said Mr. Biggs, who went on to say that townships would be encouraged to go ahead with road and bridge building. He was not in favor of statute labor.

Villages had been paying taxes, and were getting little to show for it. County councils always gave them the cold shoulder. They had a right to come in under the county road system. The suburban roads were most important. He hoped that the difficulties existing between the County of Middlesex and the city of London could be adjusted. He would do what he could to arrange matters, and hoped that it would be only a short time before a working suburban area commission was on the job.

"The Government at Queen's Park has an ear to the ground and is listening to the murmurs, in the hope that conditions in the rural and urban centres can be raised to the highest standards. Whether we are there for a long or short time, we will leave with a clear conscience and a realization of a duty well done to the province," said Mr. Biggs, amid applause.

Mayor Little of London declared that the misunderstanding which had arisen between city and county would be settled in a very short time.

Joshua Johns, Exeter; G. A. Stanley, Lucan; A. M. Hall, Malahide; Miss Mary Grant, clerk of London Township, and James Peters, reeve of Caradoc, all asked Mr. Biggs questions relative to their own districts and received replies.

The following resolution, moved by Lieut.-Col. W. J. Brown and seconded by G. A. Stanley, was unanimously adopted and will be forwarded to the Government:

Labor Scarcity.

Resolved, that the United boards of trade and farmers' clubs of Eastern Ontario, in convention assembled, desire to call the attention of the Provincial Government to the seriousness of the present labor scarcity in rural Ontario; to the necessity of taking immediate steps to procure additional and desirable immigration; the importance of proper instruction and supervision for immigrants settling on Ontario farms, and the need of so modifying our school system that rural education will be properly emphasized and made accessible to boys and girls who desire to identify their lives with rural industry.

A committee of farmers was then elected to act with a committee of the united boards of trade, appointed at the morning session, to find out just what was needed in the way of changed legislation to bring both male and female immigrants to Western Ontario from Great Britain. It is certain that some move will be made to bring Britishers to Western Ontario to help alleviate the labor scarcity existing.

The farmers elected were: John A. Hale, Malahide; Robert Wilson, Charing Cross; William Lambdon, Dereham Township; W. B. Ferguson, Strathroy; E. Hudson, Clandeboye; Joshua Johns, Exeter; H. S. McDermott, Shedden; E. Fench, Belmont; G. M. Ross, Embro; Mr. Broadbend, South Buxton; Joseph Mountain, Perth; J. M. McKenzie, Lucknow, and Thomas Simpson of Glenrae. A meeting will be called very shortly to talk matters over.

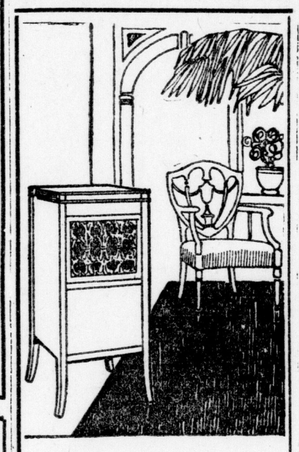

Vote of Thanks.

G. A. Stanley of Lucan moved a vote of thanks to the united boards of trade on behalf of the gathering for the genuine spirit of hospitality that the members had shown the members of the farmers' clubs and township councils. They had enjoyed themselves immensely, and he was sure that the gathering had done much to foster a better spirit between urban and rural dwellers. His motion was seconded by Alfred Wilkes of Inwood. Heavy cheers and hand-clappings were given for the united boards of trade. John Bridge, who acted as chairman of the meeting, responded briefly. Mayor Brisco of Chatham invited everyone present to attend the next annual meeting, which will be held in Chatham. The speaker hoped it would be held in the fall of the year.

Lieut.-Col. W. J. Brown was the main speaker at the luncheon. He declared that the scarcity of farm labor was caused by over-development industrially. There were several local causes: men on the farm were not employed all the year round, while lack of proper housing conditions was another big factor.

The remedies were the restoration of balance between agriculture and industry, vocational training in the rural schools, special high school courses and demonstration farms in every county where immigrants could be taught the rudiments of agriculture. The farmer, as a rule, did not have the patience to teach a green hired man even to harness a horse. However, he would like to see some businessmen go out to the farm and apply their business principles. (Laughter and cheers.)

J. H. Laughton spoke briefly, and told his hearers that some scheme for bringing good immigrants here was a great necessity. Australia and New Zealand were already at work in Great Britain lining up desirable immigrants.

Hepplewhite

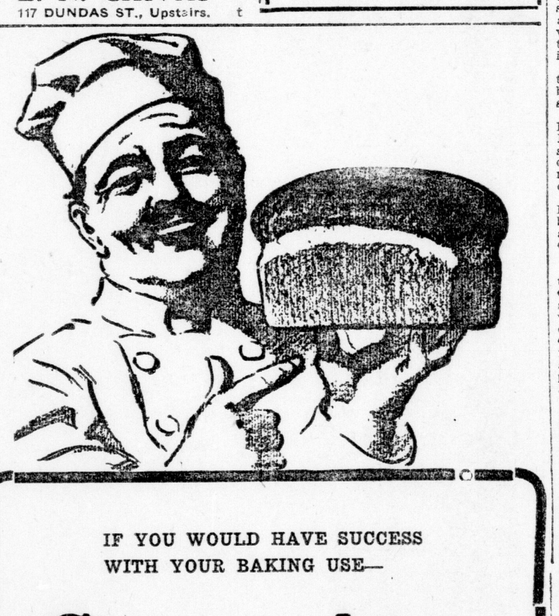

We find in the work of Hepplewhite the influence of the Adams Brothers' exquisite taste. The square tapering leg of the Hepplewhite cabinet of

The NEW EDISON "The Phonograph with a Soul"

is truly representative of the master designer. The grille also shows one of his most favorite designs; that of an emblem like the *Fleur de lis*, or the Prince of Wales' Feathers.

You must see the beautiful lines of the Hepplewhite to fully appreciate its beauty. Call and let us show you this graceful model.

Wm. McPhillips
The Music Centre.
238 Dundas Street, London.

MACHINIST BADLY HURT.

Charles Gustin, 681 Colborne street, a machinist in the employ of the McCormick Manufacturing Company, had his arm terribly mangled as a result of an accident at the factory yesterday afternoon. He was rushed to Victoria Hospital, where Dr. W. J. Stevenson performed a very delicate operation, which in all probability saved the injured man from the loss of a member. Last night the hospital authorities reported that he was suffering very severe pain and had been under the influence of anaesthetic a great part of the time. His condition, however, was considered very satisfactory.
