RECEIVED

Sir.

I have to acknowledge the receipt of your letter of the 18th ultimo, enclosing a Statement showing the religious statistics of the Indians in the North West Territories as per Agents returns, and making a comparison with a similar Statement recently submitted to the Department by the Archbishop of St Boniface, and in reply have to inform you that both Statements have been examined, and it is found that in Treaty 4, the Agents

Agents show that there are 702 Indians of the Roman Catholic faith, whereas the Archbishop claims 811, or 109 more than is shown by the Agents.

In Treaty 6 the Agents show that there are 2205 Indians of the Roman Catholic faith, and the Archbishop claims 2350, or 145 more than is shown by the Agents.

In Treaty 7, the Agents show that there are 1432 Indians of the Roman Catholic faith, and the Archbishop claims 1800, or 368 more than is given by the Agents.

It will thus be seen that in Treaties 4 6 & 7, the Agents show 4939 Indians as belonging to the Roman Catholic Church, and the Archbishop claims by his statement

statement that there are 4961
Roman Catholic Indians in the
said Treaties, or 622 more than is
shown by the Agents. In connection
with the Agents returns you state
that while every effort has been
made to secure reliable informatn
and while there is no reason to
doubt the general accuracy of the
returns submitted by the Indian
Agents, it is in some instances
very difficult to define the position
of certain Indians and state by
way of example that in Treaty 7
the returns did not show any
adherents of the Roman Catholic
Church, as the Agents stated
that these Indians were all
Pagans, the Agent in the Pagan
Reserve stating that he had
seen

been informed by the local Roman Catholic Missionary that he could not claim any converts.

I do not see that the Department can do otherwise than accept the returns submitted by it & ought to bring the most reliable that can be obtained.

The Department has given the population of the Athabasca and McKenzie Districts as 15,000. Archbishop Taché gives it as 6548, of which he claims 3589 are Roman Catholic. The Department has given the population of the Peace River District as 2038. The Archbishop gives it as 1999 of which he claims 1725 as belonging to his youth. I think it would be advisable

[redacted] REGISTERED

Ottawa, 14th July, 1892.

Sir:-

A question has arisen in connection with the surrender of the Dundee land on which it is necessary that this Department should have your advice at the earliest possible moment.

Section 39 (b) of the Indian Act provides that the fact of a surrender having been assented to by an Indian ~~Council~~ Band shall be certified on oath before some judge of a Superior, County or District Court or Stipendiary Magistrate; but the surrender made by the St. Regis Indians on the 16th Feb. 1888 of land in the Township of Dundee was certified to on oath before Mr. Geo. Long, Indian Agent at St. Regis, by the late Hon. Thos. White, then Supt. General of Indian Affairs, who was present at the taking of the surrender, and by Alex. Thompson on behalf of the Indians; and the surrender was duly accepted by His Excellency in Council and has been acted on by the Department. The document amending the said surrender, which was executed by the Indians on the 5th instant, has been likewise certified to on oath before Indian Agent Long by Mr. Inspector Dingman, who represented the Supt. General of Indian Affairs and by Mitchel Jacob for the Indians.

The question now arises whether these attestations are sufficient in face of the specific provision of said Section 39 (b); and in this connection I would call your attention to the general provisions of Section 129 of The Indian Act in regard to the making of affidavits required under that Act. When, however, it was considered desirable to provide that

Answer required

Sir:-

The Department has recently received an intimation from the Secretary Treasurer of the Township of Mann that the road through the Indian Reserve at Restigouche is in a very bad state of repair, and requesting the Department to take the necessary steps to make it fit for travelling.

As the Restigouche Indians have no funds of their own, it will be necessary for them to put the road in repair themselves; and in this connection I would refer you to Sections 33 and 34 of the Indian Act, which are applicable to the case. It will be competent for you, therefore, to lay the matter of the repairing of the road before the Indian Council and induce them to take measures at once to have it put in a proper state of repair. It would be well also for you, with one or two of the Councillors to pass over the road and ascertain what repairs would be considered necessary. The various individuals interested in the proper maintenance of the road, or, if necessary the whole Band, should assess the number of days work to be performed by each individual, and inform them when they must perform the labour required, and as to also what implements must be provided for the doing of the work.

Old or infirm persons should not be required to perform this labour, nor to find any substitute to perform the work

Indian Affairs, Letterbook,

for them. It would be competent for the Council also to exempt such individuals, if there are any, who have more convenient access to any other road on the Reserve and who make little or no use of the one on which the repairs are required.

The Indian Council should also decide as to the value of the days labour, in order that any Indians may commute by paying into the Council the value at which he is assessed; and these sums should be expended on the road, either in hiring other labour or purchasing any necessary material required.

The Indian Council would probably be benefitted by your assisting them to allot the work equitably, and it would be well for you to give them such assistance in that respect as you can. You should insist upon the performance of the work at the earliest possible date; and, should any individual refuse to perform the portion for which he is assessed, or to commute at the rate decided upon, you should inform him of the provisions of Section 33 of the Indian Act and report to the Department.

I shall be glad to receive a report on the present state of the road and to have the benefit of your views in the matter; and, if on examination you find that the part of the road passing through Reserve is not in immediate need of repair, you may delay carrying out the instructions contained in the preceding part of the letter until such time as you receive an answer from the Department to the report which you make after looking into the matter.

I should be glad also to learn whether this is the same road respecting which I wrote you on the 4th instant, to which letter you replied on the 11th. Mr. Fauvel speaks of

Ottawa,14th July,1892

Sir:-

I beg to acknowledge the receipt of your letter of the 8th instant,respecting the operations of Detective McGahey, who is at present in your district,with a view to the suppression of the liquor traffic with the Indians.

In reply thereto I wired you as follows yesterday:-

"Letter 8th received. Communication also received from McGahey. Appears to be conflict of authority between you and Burden. This should not be . Consult with and act in concert with him for best interests of Department."

With reference to the concluding part of your letter,in which you state you told Constable McGahey to attend to Capt. Burden,but that you expected him to attend to your instructions when they differed,I have to remind you that Constable McGahey was despatched to your district in consequence of representations made by Mr.Burden to the Department,and he was instructed to confer with Mr.Burden as to the plans to be followed by him for the attainment of the object of his mission.

In my letter of the 5th instant I asked you to present Mr.McGahey to Mr.Burden,and I took it for granted that you would understand that you were to avoid anything that might seem like a conflict of authority in respect to directing the

detective in his work. Of course the Department expects you in fulfilment of your duty to do all that in you lies to aid both Mr.Burden and the detective in their efforts to suppress the liquor evil;and I have no doubt that both the Magistrate and the detective will be glad to receive any suggestions from you,but you should,when a difference of opinion may arise between you and Mr.Burden,defer to him as the understanding is that he is to direct the detective when direction is necessary.

In my letter to you of the 30th ultimo I impressed upon you the necessity of absolute silence in regard to the arrival of the detective,and I would again call your attention to the absolute necessity of everything in regard to his movements being kept secret,for,if they become known in any way,his mission will be sure to be abortive. His object is not only to bring to justice these who supply liquor and sell it on the Reserve,but to bring also to justice hotel-keepers who violate the liquor clauses of the Indian Act.

Your obedient servant

Acting Deputy Supt.General of
Indian Affairs.

Dear Mr.Sedgewick:-

Referring to my letter to you of the 10th March last, in which reference was made to my letter of the 6th July 1891, enclosing a statement of claims which this Department has against, (a), the old Province of Canada, and, (b), the Province of Ontario, I have the honour to enclose to you herewith a statement of a further claim, amounting to $26,723.06, $5,898.35 of which accrued prior to 1868, and $2,669.40 between February 1869 and October 1878, the interest on these two last named sums amounting to $18,155.31. The claim is for the price realized for islands sold and patented by the Crown Lands Department which are held in trust for the Indians by the Department of Indian Affairs.

None of the items in this statement have formed any part of previous claims submitted by this Department; and I have

Answer required

Ottawa,15th July,1892.

Sir:-

I beg to refer you to my letter to you of the 7th Nov. 1890,in reference to the repairing of the road between the Sarnia Indian Reserve and the Township of Moore,and to inform you that representations have been made to this Department as to the necessity of some action being taken by it for the repairing of the said road.

You will remember that an agreement was come to on the 12th Oct.1889 for the keeping of this road in repair;and for this purpose the road was divided into two divisions,known as the Eastern and Western halves;and this Department undertook to keep the eastern half in repair,the Township of Moore to keep the western portion.

I have to request that you will make an examination of the road and report as to the exact condition of the eastern half,and state what amount you consider it would be necessary to expend in order to put it in a fair state of repair. In reporting you should give your views on the question of straighteningthe road so that it might occupy its true position. There would be no objection to having so much of the road straightened as would not incur a heavy expenditure and would not render the Department liable to be led into litigation with the adjacent proprietors;but if the work of straightening

the road would be of an expensive nature and would be liable to lead to any trouble with the owners of bordering land, it would be better to adhere to the lines which it at present follows.

I should like to have your opinion as to whether the work which you may consider necessary should be done by day labour or by contract.

Of course it is not the intention of the Department to improve the condition of the eastern half of the road unless the western half is, or is to be put, in a fair state of repair; and I have therefore to request that you will advise me of the condition of the western half and as to what has been done, or is likely to be done, by the Township of Moore towards carrying out it part of the aforesaid agreement.

I have to request that you will give this matter your earliest attention, so that the Department may be able to communicate with as little delay as possible with the Municipal authorities of the Township of Moore.

Your obedient servant

Acting Deputy Supt. General of
Indian Affairs.

I am aware, the only error of the kind which has arisen, and this might perhaps have been prevented if care had been exercised in the audit: I am quite willing to assume a share of the responsibility for the error in question, but I am truly unwilling to bear the large share of which now rests upon me.

I am aware that the Rev. Mr. Wheelock who put me to much trouble in the adjustment of the Band Fund knew the amount of the advance, but he did not advise me of having the amount at Hobbema when I appeared to the Department. Had I been made by writing the account in the books would have been corrected at any time

time, but the mistake of giving the amount of the advance at $2500 upon a mere exploration, and without any foundation whatever, committed upon upon it a misstatement which will be very difficult to correct satisfactorily.

I must point out that what is really of very material importance in the matter you have undertaken to attribute to the incapacity of the Department or advances, but I can hardly accept the explanation as sufficient by the Department in pursuing what appears to me a most unbusinesslike course. I shew in your account of 1892-93, the sum of $300.00 as advanced to the St Maurice Natural Gas Co. and I submit

that when you have become by this entry responsible as if were for the amount it should not have been entirely to right of as it were to have been.

The description of the returns of living accounts received with Estimate does not prove that a proper audit not be had, and when such a course is pursued it would be impossible that responsibility should be equally divided between the auditor and accountant, unless the latter discovers the error and the document immediately.

I must hardly again ask how answers soon I have that Estimate and expenditure entirely satisfactory.

Your obedient servant

July 16th,

338

Dear Sir,

I have the honour to acknowledge the receipt of your letter of the 14th instant, stating that the Manager of the Union Bank at Wiarton is desirous that the pay cheques of the Cape Croker Indians should be cashed at his Bank.

In reply I may inform you that this Department does not control such a matter; the credit for the purpose of paying the Indians is placed with the Bank of Montreal here, and the Department pays the Indians by cheques on that credit. If any change is made it would have to be effected through the Finance Department.

I have the honour to be,

Sir,

Your obedient servant,

D. Sinclair

Acting Deputy of the

Superintendent General of

Indian Affairs.

D. M. Jermyn, Esq.,

Rev.d Sir.

I have the honour to inform you that a petition has been received by the Department from Chief Dominick and a number of Indians belonging to the Livingan Mission asking that assistance in provisions may be given them before the 15th Aug. next, on account of their unsuccessful hunt last winter and the prevalence of sickness. They are in a very bad position for next winter. I have therefore to request that you will be good

enough to forward the necessary supplies to Rev.d Chas Arnaud, Missionary, Betsiamits, P.Q.

Ottawa, 16th July, 1892.

Sir:-

I am in receipt of your letters of the 7th and 8th instant respecting the small-pox epidemic.

In reply I beg to inform you that immediate steps should be taken to vaccinate such Indians and young children as have not yet been vaccinated, or on whom previous operations were not successful. Whenever the disease appears, the stricken ones should be isolated and strict quarantine should be established. Such care and assistance as it may be possible to extend should be given to infected Indians; and on recovery, or in case of death, steps should be taken to disinfect the houses, and all clothing and bedding used by the patients should be burnt. Due attention to economy should be observed, and vouchers submitted for payment of outlays incurred on account of small-pox should not contain any other items of expenditure but that which are strictly in connection with the epidemic.

With respect to your letter of the 8th and that part of your letter of the 7th which refers to the taken possession by the Municipal authorities of a building on the Songhees Reserve to be used as a pest house, I beg to inform you that, as stated in my telegram to you of the 9th, the Dept. approves of your action in this matter.
