GREAT CROWDS CHEER KING AND THE QUEEN

Royal Couple Not Guarded in any Way "New York is With You" -- Tremendous Reception at Buckingham Palace.

LONDON, Aug. 4.—King George and Queen Mary have just driven past Pall Mall in an open carriage. The streets were practically empty, as it was a bank holiday, yet the quarter of the town seemed to be filled as if by magic by the Royal passage, and the King probably never before heard such hearty cheering. Crowds ran after the Royal carriage, which was unescorted, and not even followed by Court officials. The King bowed and doffed his silk hat unceasingly. As the Royal carriage passed the Carlton a group of Americans joined in the cheering, one stentorian voice crying out, "New York is with you." King George smiled to the group and again they both responded. The New Yorkers saluted.

Crowd at Buckingham King George and Queen Mary stood bareheaded on the balcony of Buckingham Palace last night to receive the homage of 10,000 subjects; meanwhile the multitude below, with waving hats and handkerchiefs, cheered and sang the National Anthem. Crowds started to come to the palace from Parliament Square as soon as the Government's policy was made known. For over an hour the throng around the Victoria Memorial grew more and more dense until their Majesties appeared, with the Prince of Wales and Princess Mary. Immediate interest was taken by the people, thought holiday-making. From early morning the London terminal were thronged with men answering calls. Most of the men arrived as the holiday-makers were leaving for the day, and the great stations echoed with cheers and patriotic songs. The sailors were the men of the hour, but they were the calmest people on the streets.

"LET THEM HAVE IT" IS THE BRITISH WATCHWORD

Entire British Press With Two Exceptions, Declares for War Will Show Germany She Misinterpreted Empire's Attitude.

LONDON, Aug. 4.—The greatest satisfaction was expressed on all sides in the press especially, of the loyalty to the Motherland shown by the dominions overseas. The Daily Telegraph says: "The dominions are with the Mother Country heart and soul. It would seem our attitude has been interpreted by the German Government as one of craven apprehension. They shall see. From this moment on, let the word be, 'Let them have it.'" The only peace-at-any-price papers that are left are the Daily News and Reynolds' Newspaper. The former even whines cravenly that the violation of the Belgium neutrality guaranteed by Britain is no casus belli. The Daily Chronicle has recounted and accepts Britain being involved as inevitable.

NO SIDE STEPPING THIS

BRITAIN GIVES GERMANY UNTIL MIDNIGHT (CANADIAN TIME, 7 P.M.) TO RESPECT NEUTRALITY OF BELGIUM. GERMANY HAS ALREADY INVADED LATTER COUNTRY.

IN FIVE MINUTES BRITISH HOUSE OF COMMONS VOTED \$525,000,000 FOR WAR PURPOSES, NOT ONE VOICE DISSENTING.

PREMIER ASQUITH CONFIRMED SENDING ULTIMATUM TO GERMANY.

KING GEORGE ISSUED PROCLAMATION FOR ARMY MOBILIZATION.

BLUFF IS CALLED BY GREAT BRITAIN TODAY

An Ultimatum Sent to Germany Which Demands Reply by Midnight---Burns and Morley Resign From British Cabinet--Over 500 Millions Voted by Commons in Five Minutes.

[By Special Wire to the Courier.] LONDON, AUG. 4.—PREMIER ASQUITH IN THE HOUSE OF COMMONS, CONFIRMED THE SENDING TO GERMANY OF A REQUEST THAT SHE SHOULD GIVE THE SAME ASSURANCE OF THE NEUTRALITY OF BELGIUM AS FRANCE HAD DONE, AND THAT HER REPLY SHOULD BE SENT TO ENGLAND BEFORE MIDNIGHT.

THIS FIRST ANNOUNCEMENT THAT A VIRTUAL BRITISH ULTIMATUM HAD BEEN SENT TO GERMANY FIXING A TIME LIMIT FOR A REPLY WAS MADE BY PREMIER ASQUITH IN THE PRESENCE OF A CROWDED HOUSE. MR. ASQUITH SAID THAT IN CONFORMITY WITH THE STATEMENT MADE BY SIR EDWARD GREY, THE FOREIGN SECRETARY, IN THE HOUSE OF COMMONS YESTERDAY, A TELEGRAM HAD BEEN SENT EARLY THIS MORNING TO SIR EDWARD GOSCHEN, BRITISH AMBASSADOR IN BERLIN, TO THE FOLLOWING EFFECT: "THE KING OF THE BELGIANS HAS APPEALED TO HIS BRITANNIC MAJESTY'S GOVERNMENT FOR DIPLOMATIC INTERVENTION ON BEHALF OF BELGIUM. THE BRITISH GOVERNMENT IS ALSO INFORMED THAT THE GERMAN GOVERNMENT HAS DELIVERED TO THE

BELGIAN GOVERNMENT A NOTE PROPOSING FRIENDLY NEUTRALITY PENDING A FREE PASSAGE OF GERMAN TROOPS THROUGH BELGIUM AND PROMISING TO MAINTAIN THE INDEPENDENCE AND INTEGRITY OF THE KINGDOM AND ITS POSSESSIONS ON THE CONCLUSION OF PEACE, THREATENING IN CASE OF REFUSAL TO TREAT BELGIUM AS AN ENEMY."

SIR EDWARD GREY IN THE DESPATCH REQUESTED AN ANSWER WITHIN 12 HOURS. PREMIER ASQUITH THEN READ A TELEGRAM FROM THE GERMAN FOREIGN MINISTER WHICH THE GERMAN AMBASSADOR IN LONDON HAD SENT TO SIR EDWARD GREY TO-DAY. IT WAS AS FOLLOWS: "PLEASE DISPEL ANY DISTRUST THAT MAY SUBSIST ON THE PART OF THE BRITISH GOVERNMENT WITH REGARD TO OUR INTENTIONS BY REPEATING MOST POSITIVELY THE FORMAL ASSURANCE THAT EVEN IN CASE OF ARMED CONFLICT WITH BELGIUM, GERMANY WILL UNDER NO PRETENSIONS WHATSOEVER ANNEX BELGIAN TERRITORY." THE READING OF THIS TELEGRAM WAS GREETED WITH DERISIVE LAUGHTER BY THE MEMBERS.

LONDON, Aug. 4.—German's reply to Sir Edward Grey's speech indicating the British attitude in regard to the violation of Belgian territory by Germany was a second ultimatum from Berlin to Brussels saying Germany was prepared to carry through her plans by force of arms if necessary.

The British Government was officially informed by Belgium to-day that German troops had invaded Belgium and that the violation of that country's neutrality which the British Foreign secretary yesterday intimated must be followed by action on the part of the British had become an accomplished fact.

Definite announcement of Great Britain's intentions under this grave affront was expected in the House of Commons this afternoon. In the meantime John Burns has resigned from the British Cabinet and Mr. Morley's absence from its meeting to-day indicated that the other strong peace advocate had also determined to leave his colleagues. Diplomatic relations had already been severed last night between Germany and France and the German ambassador in leaving Paris, informed the French Premier that Germany regarded herself as in a state of war with France, which required Germany to hand

AMERICANS IN PANIC, PARIS GATES LOCKED

Wild Rush for Trains When Mobilization Order Came, Hotels Deserted---Military Command Automobiles.

LONDON, Aug. 4.—Scenes attending the sudden departure of Americans and other foreigners from Paris when the mobilization order was issued yesterday was described by Louis Ralston, the picture dealer of New York, who arrived at Charing Cross station this morning with his family. Mr. Ralston said: "I never wish to see such a scene again as the fight to get aboard the train at the Gare du Nord at half past 9 o'clock last night. My wife, my son and his bride and myself were stopping at the Ritz and decided to leave Paris when we were informed that luncheon would be the last meal served there, as practically the entire staff of the hotel would have to reply to the mobilization call. The barber who shaved me in the morning said to me: 'I'll be with my regiment tomorrow.'"

"I had no money except useless 100 franc notes, and did not pay for our luncheon at the Ritz. The hotel management paid for the four taxicabs to take us and our baggage to the railway station. "Al Hayman and his wife had arrived at the Ritz the evening before from London on their way to Carlsbad. It seems that Hayman had not read the papers regarding the critical situation. We dashed to the Boyd-Neel Bank, in Hayman's automobile, in which he intended to make a dash to Dieppe to get back to England. The bankers gave Hayman 500 francs for a £20 note, saying: "That's the last. We're closed." Automobile Commandeered "Just then Reginald Vanderbilt

dashed in and cried: "Give me 20,000 francs." We can't give you 20 centimes," was the reply. "We went out and found that Hayman's automobile, which he had engaged in France, had been commandeered by the military authorities, as were all taxicabs and buses a short time before. We returned to the Ritz where I saw Oscar Strauts, who said he had intended to finish his stay of three weeks in Paris. He was rushing to get an automobile to take him and his wife to the coast. One of the Ritz porters said to me: "He'll never get out. The Paris gates are closed." "That's the last I saw of Mr. Strauts. We finally made our way to the railway station. We had to bribe porters and fight our way to the platform. The station was packed with hysterical clamoring men, women and children. I had reserved a first class compartment for my party. When we got to it we found ten persons in the car. "This was at 4 o'clock in the afternoon. The corridors of the train and the lavatories were packed. In our compartment was a lady-in-waiting to the Queen of Italy. She was crying in fear of being shot en route. "The train pulled out at 9.30 leaving hundreds of persons as well as our baggage behind. The baggage is registered. We had to abandon it as did scores of others. The Channel boat was crowded. Women lay on the decks, and men had to stand. Mr. Ralston had been at Aix-les-Bains before going to Paris. He was at the Casino, where many Americans were indulging in high play when the word was suddenly passed that gold would be held.

GERMAN AUTOS HEADED CAVALRY

That is How They Made First Entry into France.

[By Special Wire to the Courier.] PARIS, Aug. 4.—The Germans have penetrated French territory at two points. They first entered Longjumeau in the department of Meurthe-et-Moselle a part of old Lorraine, near Longwy and later invaded Cirey-sur-Vezouze in the same department. The German entry into the Duchy of Luxembourg was headed by thirty-five automobiles filled with officers, these being followed by cavalry in force. Several fresh violations of French territory by German troops were reported to-day. Detachments visited outlying farms at Lépoux near Belfort and requisitioned cattle.

GERMANS LEFT IN SORE PLIGHT

Sudden Departure of Their Ambassadors Made From Russia.

[By special Wire to the Courier.] LONDON, Aug. 4.—A despatch to The Morning Post from St. Petersburg represents Germans in the Russian capital as incensed at the conduct of their government which to the last pretended surprise at Russia's policy and then withdrew its ambassador suddenly leaving its nationals in the lurch as the American embassy to whose care German interests were entrusted, was quite unprepared to deal with such a complex question. As a result, the correspondent says, the Germans were unable to leave Russia and having lost their employment found themselves in a pitiful condition.

The magnificent buildings which have lately been built in Brantford will be taken care of to the best ability of the city. Referring to the Bank of Montreal and the new post office, the mayor said that smoke would soon make these buildings dirty and spoil their appearance if the smoke nuisance was not entirely eliminated.

It was felt that the buildings should be protected in some measure, and Alderman Pitcher will take the matter in hand.

Will Suspend Work

There was a pretty good attendance of the aldermanic personages at the council last night when only two of the members were absent. They were Messrs Chartrand and Wood. Those present were the Mayor, Alderman Ward, Calbeck, Ryerson, Woolams, Sutch, Broadbent, Sigman, Pitcher, English, Robinson and Hollinrake.

Good Attendance

It is the most sensible idea you ever handled, declared Ald. Ward, when he approved of the scheme of Ald. Pitcher for the removal of dead trees on the city streets. That gentleman thought the trees should be taken and stored until the winter, when they could be sawed into logs and distributed among the poor people.

Matter of Opinion

Ald. Broadbent was informed when he enquired at the city council last night, that it was purely optional whether a trader opened his shop or not on civic holidays. He was not in favor of the tradespeople having to close up two whole holidays during the old home week, and he discovered that if he is desirous of opening up on either day he is at liberty to do so.

Courtesy, however, in respect to the city holiday generally prompted all traders to close up, said the Mayor. Alderman Ryerson was in sympathy with the old home week, but he declared his shop was kept open on all holidays, and he therefore had voted for one holiday.

West Brantford and Holmedale have been neglected in the matter of band concerts, and in future they will have at least a little strain of music once in a while. This was warranted by Ald. Pitcher, who wished the matter of their neglect had been brought to his notice at an earlier date. Ald Calbeck was the good Samaritan.

The public parks may at some far distant date be lighted efficiently, neatly trimmed and trees taken out, in the more overcrowded sections. This appeared to be the context of what Ald. Ryerson told the council last night when he was asked as to the lighting of the parks. He said he had approached the authorities on the matter, but had been politely told that they would see to it in due course, but no council movements would hurry or facilitate matters. In their good time all would be attended to.

The mayor does not care a great deal for the task of being official date stamper, and he reminded the council of this fact when he was asked if he would sign enough date all motions which they handed up to him.

There was a mystery as to where the bell of the old city hall clock had gone, but Ald. Ward stepped up with a startling announcement last night which solved the mystery. He declared that the bell was away down at the Eagle Place school where it was taken a long time ago.

The bell will probably be brought back to the city hall, but whether it would strike or not was not gone into. This transpired when to H. Newman was given the contract to keep the old timepiece in order for the rest of the year. Sixty dollars was the fixed price.

Alderman Broadbent was a little behind the Mayor last night when he got up a motion that a policeman be on duty at every band concert in order to keep decorous order. "Your motion is no good," said the Mayor "for I have attended to that matter already and a policeman will in future attend all band concerts."

The City Hall looks pretty good in its new coat and so well has it impressed the council that they will have the court house buildings painted similarly. Some, one had suggested putting up a flag on the old pile in the centre of the market, but Ald. Pitcher vetoed the suggestion, saying that the edifice looked better without any red tape sticking around.

Ald. Ward suggested that the Finance committee attend to the painting of the court buildings, as the board of works had been literally drained by painting the City Hall. Ald Hollinrake said it was not up to him, to which Alderman Ward said he did not ask his worthy colleague to get up a ladder to do the job. He simply

Will Suspend Work

The Lorne bridge will not be jacked up until the Old Home Week has passed and gone. This was the decision of Engineer Willwood of the C. P. R., City Engineer Jones and Alderman Ward of the board of works, when they met and discussed the matter on Saturday last.

It was felt that the traffic of the week would be very heavy, and that it would be much safer to have the bridge resting as it is, than upon jacks. The approaches will be widened for the week in order to facilitate matters.

Smoke and New Buildings

The magnificent buildings which have lately been built in Brantford will be taken care of to the best ability of the city. Referring to the Bank of Montreal and the new post office, the mayor said that smoke would soon make these buildings dirty and spoil their appearance if the smoke nuisance was not entirely eliminated.

It was felt that the buildings should be protected in some measure, and Alderman Pitcher will take the matter in hand.

Those present were the Mayor, Alderman Ward, Calbeck, Ryerson, Woolams, Sutch, Broadbent, Sigman, Pitcher, English, Robinson and Hollinrake.

LUTHERANS ARE MAKING PROGRESS HERE

Revived interest is being taken by Members of the Brantford Church.

An important meeting of St. Matthews' Ev. Lutheran church was held in Willard Hall on Sunday afternoon. Since the departure of Rev. N. Willson, the former pastor, no regular services have been held and the congregation has been in a dormant state.

At the meeting on Sunday it took a new lease on life. Rev. J. A. Miller, B. A. of Hamilton, president of the Eastern Conference of the Lutheran Synod of Central Canada called the meeting to order and presided. Letters were read by him from officials of the Synod, the Church Extension Society and the General Council Home Mission Board, assuring the congregation of their interest in its mission and pledging it support. The church extension society has promised a loan of \$5,000 to enable it to purchase a property and erect a church building. As soon as possible the Home Mission Board promises to send an efficient pastor.

In the meantime, Sunday School will be held on Sunday mornings at 11 o'clock and service on Sunday evening at 7 o'clock. This work will be conducted by M. F. Otterbein, a member of Trinity Lutheran Church, Hamilton, and Supt. of its Sunday School. Rev. J. A. Miller will have supervision over the work. Mr. Otterbein who will come to Brantford on Saturday afternoons and stay in the city over Sunday, is an active worker in the Lutheran Laymen's Movement in Canada, being the chairman of its Literature Committee. Good results confidently expected of his labors in Brantford.

Besides Rev. Miller and Mr. Otterbein, whose encouraging words were an inspiration to the congregation, there was also present at the meeting the Secretary of the Lutheran Synod of Central Canada, the Rev. J. J. Clemons, B.D., the editor of the Canada Lutheran and pastor of St. Peter's Church, Ottawa. He also spoke a few words of encouragement, approving of the arrangements made at the meeting and extending his good wishes, good will and prayers on behalf of the work and successful future of the congregation.

Lawn Tennis. Rebyder by sets of 6-3 and 6-1. In the singles, R. Watts defeated Roberts by scores of 7-5, 6-3, and 6-3, and Gold held an advantage of 4-2 when darkness came on during his set with Rebyder.

Nevertheless, the Parisians displayed commendable pluck, although they were rather nervous at the beginning. After the games, they were entertained to a pleasant little supper by the Brantfordites, who acted as hosts.

When it is seen that Miss Howie's handicap is -1/40, it will be known that the honor was not carried off without a great effort on the part of the present holder. She was conceding three points in two games to her opponent, and then succeeded in winning.

A large concourse of friends watched the contest, which was hot throughout, and cheered the winner heartily upon her success, which is a very popular one with the club members. This is the first year that Miss Howie has achieved the ambition of every Dufferin lady.

Paris Visit "Y" Courts Paris were visitors on the Brantford Y. M. C. A. courts when they proved fairly easy to the locals, who placed a strong team on the courts.

Rev. Jeakins and R. Watts proved too good for Armstrong and Ellis by 4-6, 6-3 and 8-5. H. V. Gould and G F Whitney took it easy and defeated Hamilton and

## GERMANY BLAMES CZAR FOR OUTBREAK OF WAR

### White Book Issued Gives the Negotiations—Russia Ignored Ultimatum—And Threat From The Kaiser.

(By Special Wire to The Courier.)  
BERLIN, Aug. 4.—Responsibility for the war in which Germany, Russia and France are now engaged is placed squarely upon the shoulders of Emperor Nicholas in the White Book issued by the German Government, given prominence in the press to-day. While negotiations looking to a peaceful way out of the difficulties were pending, Russia, it is charged, invaded Germany and a few hours later France opened hostilities.  
The German Emperor, it is set forth, in response to the suggestion from London and the appeal of the Russian monarch, was using his influence at Vienna to satisfy Russia regarding the intentions of Austria in Serbia, but in that very hour—Russia was mobilizing her army.  
After a fruitless appeal to Emperor Nicholas to abandon his war-like preparations and so avert a peril to civilization, the German government on the afternoon of July 31 instructed its ambassador at St. Petersburg to give notice that Germany would mobilize Russia suspended her military measures inside of twelve hours. At the same time France was given eight hours in which to declare whether she would remain neutral in a war between Russia and Germany. The White Book continues:  
"The imperial ambassador in St. Petersburg had the communication entrusted him to M. Sazonoff, the Rus-

sian Minister of Foreign Affairs, at midnight on July 31. After the term set for Russia had expired without the receipt of an answer to our question, his majesty the Emperor at 5 p.m. on August 1 ordered the mobilization of the whole German army and the Imperial navy.  
"The Imperial ambassador in St. Petersburg had meanwhile received a commission to communicate to the Russian Government a declaration of war in the event that the Russian government should not give a satisfactory answer within the period allotted it. But before a report of the execution of this commission had arrived Russian troops crossed our frontier on the afternoon of August 1 and advanced on German territory. From this time on Russia has furthered the war against us.  
"In the meantime the Imperial ambassador in Paris had placed the inquiry with which he was commissioned before the French cabinet at 7 p.m. on July 31. On August 1 at 1 o'clock in the afternoon the French prime minister communicated an ambiguous and unsatisfactory answer which gave no clear idea regarding the attitude of France as the author confined himself to declaring that France would do what her interests bade her to do.  
"A few hours later at 5 p.m., the mobilization of the entire French army and navy was ordered. On the morning of the next day France opened hostilities."

## HE HAD TO CHANGE CARS AN EVEN DOZEN TIMES

### Trains He Was on Were Commanded by the Military, Austrians Seem to be Indifferent as to the War.

LONDON, Aug. 4.—Hugh Sutherland, director of the Canadian Northern Railway, arrived here from Bohemia yesterday. He told the correspondent that he arrived in Vienna on Monday last and went 400 miles north-west of the Austrian capital into Bohemia where mobilization was going on quietly for a few days prior to the official announcement.  
Leaving for London on Thursday he was obliged to change cars ten times on Thursday night on account of having gone aboard trains which were immediately commandeered by the military authorities for the transport of troops. As the soldiers got on the train Mr. Sutherland was told to get off. He did so, and went aboard the next train which was traveling until he was again ordered off. This happened ten times before he succeeded in getting out of Aus-

## IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys feel like lead or Bladder bothers.  
Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.  
You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.  
"Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.  
A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

AN OLD ALLY.

When in his great speech Sir Edward Grey stated with regard to Belgium that the relations of Great Britain with that country were as strong to-day as in 1870, he emphasized a fact perhaps lost sight of that the two peoples have long been on the most friendly terms.

The little State in question, owing to its situation directly across from Portsmouth, the chief naval arsenal of Great Britain, has great strategic value for the Old Land. It is by far the most densely populated country of Europe, having a population of 650 people to the square mile. Holland, the adjoining country, comes next with 407, England third with 374. Germany has 311 in the same regard. The rural population as to that of the towns is about 4 to 1. It is on the whole a level country, and in Flanders the land becomes so low that dykes have had to be constructed. The once impassable morasses which stayed the progress of Caesar's legions are now drained and converted into fertile fields, surrounded by dense plantations. The natural waterways are enhanced by a system of canals. The climate in the plains near the sea is cool and somewhat unhealthy, but in the higher districts hot summers alternate with cold winters. These varieties of climate lead to a great variety of products. It is rich in minerals, and these, next to its abundant agriculture, are the source of much national prosperity. There is a superabundance of coal, from anthracite to the richest coal gas, and iron is also in abundance. There are very large linen manufactories.

Brussels, the capital, is built partly on the side of a hill and partly on a fertile plain. French is spoken in the upper part and in the lower portion Flemish is prevalent, while English is also very common, owing to the large number of Britishers who reside there for economical reasons.

THE WAR.

The clear-cut remarks of the British Foreign Secretary with regard to the present situation are said to have electrified all Europe as well as the British Isles and well they might. The address was tolerant yet forceful, vigorous yet not defiant. It was a masterpiece of its kind, such as probably no other man at Westminster could have equalled. It demonstrated with what patience and diplomacy the British Government, through Sir Edward, has sought to avert the threatened general conflict, and even now is prepared to remain neutral if Germany will withhold her hand, or, more correctly speaking, mailed fist. At the same time he intimated most clearly and unequivocally that John Bull will stand by his allies, France and Belgium, and is quite ready to face all consequences with them and Russia. That freedom-loving Britons should thus have their fortunes linked with those of a despotic Czar is one of those anomalies which serve to show that times of need bring about strange friendships. The Mother Land, if a general war does take place, has at least the proud consciousness of knowing that she did her very best to avert the same, while on the other hand fully prepared to take her part should eventualities demand such action.

As for the Kaiser, he has placed himself between the horns of a first-class dilemma. If he backs down now he will lose in prestige and have to make reparations; if he fights he is almost sure to receive a beautiful wallop and have his country set back years, both materially and in the eyes of the world. Most people incline to the belief that something is most decidedly coming to him. He has always possessed the fanatical conviction that he is a ruler of rulers by divine right, and he has been walking around with a chip on each shoulder for quite a while. Sooner or later gentlemen of that description find somebody to accommodate them. How he expects to get away with the job of successfully fighting Great Britain, Russia and France at one and the same time is a decided mystery. The Germans are a great race, no doubt of that, and that they are splendid fighters and military tacticians was abundantly demonstrated when they thrashed France in such short order in the time of Von Moltke and Bismarck. They are just as plucky now and much better equipped, and

in addition have built up the second largest fleet in the world, but the others have been just as progressive with regard to the latest devices for fighting on sea and under sea, on land and over land. For instance, it is quite generally believed that Britain has quietly built and guarded the fact with jealous care, the greatest airship flotilla in the world. As a matter of course, if the clash comes, it won't be an easy task to teach William a lesson, but the job will have to be done, even despite the horrors attending upon it.

Meanwhile the situation has done some good things. It has brought the warring factions in Ireland together as one man in place of getting ready to fly at each other's throats. It has ended bitter and acrimonious political feelings in the Old Country arena not good for any land. It has even led Mrs. Pankhurst to call off for a while the devilish operations of the crazed militant suffragettes.

To The Editor

THE DUST NUISANCE.

To the Editor of The Courier: Sir—The dust on the Hamilton road is something terrible. How people living on that road can keep their health and breathe the atmosphere which is filled with dust, is a mystery. Something should be done to abate this nuisance. I understand that oil can be purchased and applied to the road for one cent per foot frontage for each application, and one application would be sufficient for this year.

I was just out for two hours one night last week and got covered with dust caused by the autos flying past at the rate of thirty or forty miles an hour. I think it is a disgrace to the populace to have such roads. I think that this is the most important matter for the Echo Place Improvement Association to look into, and I also think that this should be looked into immediately.

Thanking you for this valuable space in your paper, I remain, Yours truly, AN ECHOITE.

FRENCH BANKS PAY IN FULL

Americans Crowd Them and Will Sail for New York To-morrow

[By Special Wire to the Courier] PARIS, Aug. 4.—The steamship offices, with the exception of those of the French Line, were closed this morning, but the American line announced that its offices would be opened at 3 o'clock this afternoon.

The French Liner France will sail for New York to-morrow with every possible place for the accommodation of passengers taken. When the local branches of American banking houses opened to-day, long lines of Americans were waiting to withdraw their own deposits or cash checks given them by depositors. None of these banking agencies so far as can be learned is taking advantage of the moratorium decreed for the government. They are paying depositors in full.

BIG LINER WITH MILLIONS HAS MADE PORT

Came Back to United States Reaching Bar Harbor Today.

[By Special Wire to the Courier.] BAR HARBOR, Maine, Aug. 4.—The North German Lloyd Steamer Kron Prinzessin Cecilie, carrying more than \$10,000,000 in gold and whose whereabouts have been more or less of a mystery since she sailed from New York last Tuesday arrived in the harbor here to-day.

The Cecilie dropped anchor here at 6 o'clock this morning after a forced run of four days, her officers fearing capture.

With a cargo of ten millions in gold and a million in silver consigned to English and French bankers with an estimated value of over five millions in herself, the Kron Prinzessin Cecilie has constituted probably the finest sea prize ever open to capture.

As she crept along the Maine coast and into the harbor under the cover of night, each deck and every port hole was blanketed with canvas so that not a gleam of light betrayed her whereabouts. Her four stout stacks had been tipped with black paint so that she resembled an English steamship.

At one time capture seemed imminent. Captain Charles Polack reported on Sunday that he had intercepted a wireless message from one French vessel to another giving warning of the Cecilie's proximity, but under the protection of a providential fog, the North German Lloyd liner escaped.

Speculation Over Her NE WYORK, N. Y., Aug. 4.—The destination of the Steamer Kron Prinz Wilhelm of the North German Lloyd Line which left this port last night with a cargo of coal and miscellaneous stores was a subject of speculation in marine circles to-day.

The steamer, after clearing Sandy Hook had only her running lights burning and was headed in a southerly direction instead of northward, which is the usual course for steamships bound for Europe. Her agents earlier in the day said she would sail for a German port under hurry orders from the German Government to be used for military purposes. The southerly route taken by the vessel, the steamer had about 2,000 tons more coal than she would need to cross the Atlantic besides sea stores, led to reports that she was going to sea to transfer supplies and fuel to the German Cruisers Dresden, Strassburg and Karlsruhe, which have been reported as hovering in American waters.

It was said to-day that the Kron Prinz Wilhelm will return to New York in a few days after supplying the needs of the cruisers, with work probably that she had been ordered back to avoid capture.

The departure of the Wilhelm it was feared in some quarters might involve the United States in a neutrality controversy, but authorities agreed that gross negligence would have to be shown; also that the ship carried war materials.

The Kron Prinzessin Cecilie left New York early last Tuesday morning bound for Bremen via Plymouth and Cherbourg with 350 first class, 130 second class and 736 steerage passengers. About a third of the first class are Germans who sailed to anticipate the war crisis whose sudden outbreak drove them back to America.

Friday while a dance was in progress one of the passengers noticed that the position of the moon had unaccountably shifted to the port side of the ship. Before the meaning of this was realized the Captain called the men into the smoking room.

"Gentlemen," he said, "war has been declared between England, France Germany and Austria we are going back to America. We have enough coal for our return and it is my earnest hope that we shall not be intercepted by foreign war vessels."

There was nervous laughter, applause, oaths, congratulations which gave way to a grave state of apprehension as the seriousness of the situation became apparent. Electric lights were turned off and the ship was covered from prow to stern in a shroud of canvas. This smothered whatever beams of light escaped through chinks in the state room windows. According to the ship's log she was then 56°46' north latitude, 30°21' west longitude. In two days she would have docked at Plymouth.

A group of financiers on board offered to buy the ship and sail her under American colors. But to all proposals the captain replied that his duty was spelled by his orders from Berlin, which instructed him to turn back and save his ship. There was a stampede for the wireless, but the captain announced that no messages would be sent for fear of betraying the ship's location.

The port which the captain would try to make was a matter for countless speculation. It was not until the passengers awoke this morning in sight of the green Maine hills that the liner's destination became certain.

For two nights, with her head and side lights extinguished, and every other illumination blotted out with canvas, the Kron Prinzessin Cecilie

plunged through the fog with unreluctant speed and without sounding her fog horn.

Captain Polack's explanation: a delegation of passengers who protested against fast running under such conditions was that it was his motive to save his ship from capture. He added that he did not consider the danger appreciable as he was not on the usual path.

When the vessel steamed safely into Bar Harbor to-day he received a long line of passengers who congratulated him on his achievement. Captain Polack is lieutenant commander of the naval reserves in Germany.

Wil Stay Here.

NEW YORK, Aug. 4.—The Kron Prinzessin Cecilie is the finest ship of the North German Lloyd fleet. News of her safe arrival at Bar Harbor was received at the line offices here in a telegram from Capt. Polack. Until his message was received the line was apparently in the dark as to the vessel's movements since steaming out of New York harbor.

The gold aboard the vessel (more than ten million dollars), was consigned by New York bankers to London and Paris. Officers of one of the great international banks concerned to-day said that the metal would probably be landed at Bar Harbor and returned to New York by Express. Captain Polack is reported to have said he could see no possibility of

taking his ship to New York from Bar Harbor with safety.

NOT SAME SHIP.

FALMOUTH, Eng., Aug. 4.—The Kron Prinzessin Cecilie of the Hamburg-American line which left New York, July 25, for Hamburg put in here to-day.

The steamer Kron Prinzessin Cecilie of the Hamburg-American line should not be confused with the Kron Prinzessin Cecilie of the North German Lloyd, which arrived at Bar Harbor, Maine, to-day.

(Continued from Page 1) she obeyed the call. God would defend the right. Canon Mason, preaching at Canterbury Cathedral, declared that the Austrian policy towards Serbia was one of selfishness without any trace of magnanimity, generosity or even common fairness. If England were involved she would enter on the war with clean hands.

GERMANY'S THREAT.

LONDON, Aug. 4.—According to the Daily Mail, the German ultimatum to Belgium threatened to treat that country as an enemy and carried the implied intention of Germany to seize the Belgian Congo in the event of a refusal to permit the passing of the German forces through Belgium.

**Poor Honey Crop.**  
The honey crop in Western Ontario has proved this season to be a very poor one, while that in the Eastern section gives promise of being a pretty fair one, but nothing in comparison to what might have been had weather conditions favored honey gathering. This was reported at the annual meeting of the Honey Crop Committee of Ontario, held in Toronto yesterday at which W. J. Craig, of Ham and Notts, was present as a representative of Brantford.

**Walked Out.**  
Owing to some grievance between the contractor and the men, the laborers employed on clearance work at the Canada glue factory quit work to-day. It is alleged that the men had been engaged for 17 1/2 cents per hour, and a proposal to reduce it to 15 cents had caused the trouble. The contractor proposes to replace the men. Some 25 walked out to-day.

**Alerts Defeat Maples.**  
The Terrace Hill Alerts prove to be a pretty strong bunch of ball players to their roll. They defeated the Maple Leafs by 9 to 3 in a fast game giving the Leafs no quarter. Many friends of the winners watched the game. Batteries were: MacKay and Myers for the Alerts and O'Connell and Johnson for the Maples.

**Enjoyable Camp Visit.**  
A very pleasant time was spent on Saturday afternoon and evening last when the L. A. L. Club and friends numbering about 30, visited the campers at Hickory Lodge, Echo Place. Games and races were entered into with great zeal. The lucky winner of the lemon pie contest was Jas. Gibson, while J. Lloyd Tomlinson captured first prize in the watermelon contest. After music and singing by all present, around the large bon-fire, the party returned to the city on a late car, thanking their hostesses for a very enjoyable outing.

**Lusitania Not Sailing.**  
T. J. Nelson, city ticket agent, G. T. R., received official word that morning that the steamer, "Lusitania" would not sail from New York City to-day. Her sailing has been cancelled, on account of the war situation in Europe. Lieutenant Patrick Booth of Brantford, who was to have sailed on the Lusitania to report for duty in England, had to change his plans and left on the 8.19 G. T. R. express last night for Montreal where he will endeavor to secure transportation possibly on the Victoria, which according to despatches, is the only boat that will be allowed to leave Montreal during the next three days.

**Township Rate.**  
A rate of 9 mills on the dollar was passed yesterday's meeting of the Township Council, which was held in the County Court House yesterday. The by-law No. 680, authorizing the rate in the usual way and the rate declared. All taxes to be due and payable on Dec. 1st. The estimates showed that \$40,269.27 would be required, while the township was assessed for \$5,743.03.

**The engine of the road** is to take the level of the by-roads near the Mt. Pleasant road where the L. E. & N. railway crosses the highway. He is to report at once to the council. The communication of F. S. Spence J. Riley and the Canadian Inspection and Testing Laboratory were ordered filed.

A meeting will be called of the ratepayers of Echo Place, Parkdale and Grand View to address them on the cost of hydro electric, to the township and to them. The meeting will probably take place on August 7th.

**NO WORRY**

**Local Banks Were Never in Better Shape—Is No Emergency.**

Several of the local banks were besieged by their foreign depositors, excited by the news of war and demanding their deposits. The war bulletins to the effect that depositors in Germany and France had rushed the banks made the local foreigners nervous, and in some cases it took a lot of pacifying on the part of the managers to quiet them.

Several of the local managers, when seen this morning regarding the Minister of Finance's order authorizing the chartered banks to make payments in bank notes instead of in gold or Dominion notes, stated that it would have the effect of greatly increasing the circulation. All the managers seen also said that Canadian banks were never in better shape than they are at the present moment.

**BANKERS NOT REQUIRED TO PAY IN GOLD**

**Government Authorizes Payments in Dominion Notes.**

OTTAWA, Aug. 4.—The Canadian government has authorized the banks to make payment in Dominion notes instead of in gold. It announces that it will allow banks to issue notes against securities approved of by the government and deposited with the government, and to issue extra circulation to the amount of fifteen per cent of their paid-up capital and revenue.

The official announcement by the Government is as follows: "Having regard to the financial crisis which has developed upon the outbreak of hostilities in Europe, and in view of the action of the Imperial Government for conserving the financial and commercial interests of the United Kingdom, the minister of finance announces on behalf of the Dominion Government, that while it is probable that such action on its part will be required, it stands ready to issue Dominion notes to such amount as may be necessary against securities deposited by the banks and approved by the minister of finance."

**So Conserve Gold.**  
The minister of finance further announces that the Government has authorized the chartered banks of Canada to make payments in bank notes until further official announcement in that behalf. This action will tend to conserve the Canadian gold supply against demands from foreign sources, a course now being followed by all the leading nations of the world.

The minister further announces that the Government has authorized the chartered banks of Canada, to issue excess circulation to an amount not exceeding fifteen per cent of their combined unimpaired paid-up capital and reserve fund from this date until further official announcement. Any necessary special legislation will be obtained at the next session of parliament.

**AUSTRIANS HAD VERY HEAVY LOSSES**

**Servians Beat Them in Battle in Which 10,000 Took Part**

PARIS, Aug. 4.—A despatch from Nish, Serbia, to The Matin says the Austrian troops were defeated with heavy loss in a battle against the Servians on Sunday near Semendria. Three regiments of Austrian infantry comprising nearly 10,000 men, supported by heavy artillery, advanced against the Servians, but were repulsed, leaving many of their number dead and wounded on the field. A large force of Austrian troops, aided by a flotilla of monitors composed of 20 vessels, has been trying for the last six days to cross the river Save into Servian territory, but has not succeeded in landing.

**Exodus Of Men From Brantford, War Will Have Other Effects Here**

Should the worst happen, which in the present instance seems inevitable, Brantford is going to feel the pinch of hard times to a perhaps greater degree than ever before.

News of yesterday spoke of the bombardment of Liban, on the Baltic, and the employees of the local agricultural machinery concerns know just how much the winter of 1914 was relieved by the large shipments to this port.

The firms who are at present engaged in stationery and magazine line will be hard hit—their supplies from Continent and Germany in particular, being their greatest selling commodities, one little point that will show just how, is the Christmas card trade—they will be dearer this December.

The talk around the boards outside the Courier was not otherwise than is the consistent temper of the British people; a wide, untruffled, calm outlook on the main issues, and among the men, a quietly expressed desire that should the motherland need aid they would go to-morrow. There was none of the hectic jingoism, which seems for the time being to have swayed the mobs in St. Petersburg and Paris. To account for this might be easy if one realizes that throughout the crowd a very large percentage had seen service in some way or another in the forces of the Crown. Many held medals for more than one campaign and were insistent when enquired as to their plans that if the reserves went up, they would try and get back to the colors, although they had been altogether clear and discharged for some years.

Up till the time this edition went to press, there had been no papers served on army reserve men to return. Of course, should a public proclamation be made that they do so, every man is already provided for such a contingency by the passport given to him at the hour of his discharge from the colors, which entitles him to travel on British owned ships, trains and any other convenience used throughout the Empire to his mobilization depot in Britain.

Local Men Leave For Front  
Brantford felt the first drain of the war early this morning, when a detachment of first class naval reserves left the city by the one-thirty a.m. train for Montreal. The men mostly young, numbered about forty, and were notified two days ago to prepare for instant departure.

**These Events Caused Great Britain's Action**

LONDON, Aug. 4.—A second ultimatum sent by Germany to Belgium declared that Germany was prepared to carry through by force of arms if necessary any measures she considers essential.

Germany's second ultimatum was delivered by the German Minister in Brussels late last night as the reply of Germany to the refusal of Belgium to accede to Germany's first ultimatum.

HOLLAND INVADED.  
BRUSSELS, Aug. 4.—The burgomaster of Antwerp announced last night that the Germans had invaded Limburg, Holland, and that the province had been placed under martial law. Limburg has a population of nearly a quarter of a million.

IN BELGIUM AGAIN.  
LONDON, Aug. 4.—German troops to-day made a further invasion of Belgian territory near Verriers to the east of Liege, according to a despatch to the French embassy here from the French legation at Brussels.

ACTUAL DECLARATION  
BRUSSELS, Aug. 4.—Rumors were in circulation to-day that Germany had actually declared war on Belgium. German troops crossed the frontier at Gemmenne, near the junction of the Dutch, Belgian and German frontiers.

MORLEY NOT THERE.  
LONDON, Aug. 4.—Viscount Morley of Blackburn did not attend to-day's meeting of the British Cabinet council, and this was taken as an indication that he had resigned office as Lord President of the Council.

A BOMBARDMENT.  
LONDON, Aug. 4.—The German cruiser Breslau bombarded the French naval station of Pona, Algeria, at four o'clock this morning, afterwards steaming off at full speed in a westerly direction, according to a despatch received at the French embassy here.

That Son-in-Law of Pa's—By Wellington

(Copyright 1914 by Newspaper Feature Service)

Some You Coax, Some You Bully, and Some You Beat

There Are Various and Peculiar Ways of Handling Fighters Who Are About as Temperamental as Prima Donnas.

Prizefighters are as temperamental as prima donnas and almost as hard to manage in the opinion of Jimmy Dime, of Newcastle, Pa., who has been in the business of managing and training fighters almost since the time that Chris. Columbus cast anchor off Sandy Hook or wherever it was that he cast anchor.

"They're a hard bunch to handle unless you just get the knack of it," declares Lime, who at present has as big a 'stable' as any man in the country. "Some of 'em you've got to humor. Others you have to brow-beat. You have to study their temperaments and figure out just the right method of reach. When you discover the method and apply it, the rest is easy."

"Big Dan Dailey, the heavyweight in my string, used to have a fondness for pastry, with cream puffs as his particular specialty. Everybody knows that pastry isn't good for fighters. I told Dan so, but he said he guessed it wouldn't hurt him. Finally I forbid his eating pastry. But he used to slip away and eat his fill at a neighboring restaurant."

"But I fixed that finally. Took the restaurant man in my confidence. The next day when Dan called for cream puffs he got them. But he noticed a peculiar flavor about them. The delicious flavor was gone. And he kept noticing that peculiar flavor every time he ate the cream puffs. Pretty soon he decided that cream puffs did not agree with him. And he quit. The flavor that he noticed was alum, which had been injected in the cream puff."

RED SOX LOST TO THE YANKEES

Lacroix's Bad Throw was Responsible For the Winning Run.

ERIE, August 4.—Colligan's single and Lacroix's wild throw to catch him stealing gave Erie yesterday's game in the 12th, score 5 to 4. The game was replete with clever fielding and except for the errors by Colligan and Lacroix, did little material damage.

Erie got to Chase in the sixth for three runs, forging two ahead of the Brants. In the seventh Brantford tied the score. Buscher was taken out of the box and Dorbeck finished the game. He pitched air tight ball and Brantford could score no more. The score:—

Fire at a Wake. At a wake at Bootle on Tuesday, the coffin containing the body of a child which was lying in the back bedroom of a house in Campbell-street, with several lighted candles near, was burnt through the curtains being blown against the candles and becoming ignited. The fire brigade was called, and soon extinguished the flames. The body was only slightly affected.

Shag Grabs Two

OTTAWA, Aug. 3.—The Ottawas yesterday made slight gains on the leaders by taking the morning and afternoon games, which both went into extra innings of stubbornly battled fixtures by the score of 2 to 1 and 6 to 5. Roberts, late of the Toronto Beavers, kept 10 hits to the Hamilton club well scattered for only one run, while Donahoe was nicked for seven hits only, which brought two runs.

Saints There With Wallop

ST. THOMAS Aug. 4.—The Saints administered a beating to George Ori's Beavers yesterday, and it was not an ordinary cue, but was one thickly coated with kalsomine. When the last man was out in the ninth the score board showed it was a 7 to 0 victory. Incidentally it might be mentioned that St. Thomas moves into fourth place as a result of the win.

Verne Hughey was on the mound for St. Thomas and had the Beavers eating out of his hands all the time. But six scattered hits were secured off his delivery. Combined with his good twirling, the Saints got their bats to work and pounded out 14 bingles off Alex. Graham's delivery. A couple of errors by Marty Killilea aided the Saints to make it a larger score, but had really no effect on the win.

Broke Even With Kockneys

LONDON Aug. 4.—A win and a loss was chalked up against Peterboro and London yesterday as the baseball program of the Forest City's civic holiday, the visitors shutting out the Tecumseh's in the morning by the score of 4 to 0, while the locals completely swamped the Blountmen in the afternoon episode by the score of 18 to 1.

Schettler, in the box for the Petes Dudley, in the morning argument, was invincible as he was in grand form, allowing but five well scattered hits, tightening up whenever the locals threatened with men on bases, especially when his support wobbled. Hammond, Lacroix, c., 4 0 11 1 who was his opponent, pitched good ball, also, but the six bingles combed off his delivery were bunched by twos in three innings netting the visitors all their runs.

Three Hits Off Steiger

Steiger, who hurled the afternoon tussle, was as much a mystery to the Petes as Schettler was to the locals in the early battle, since he allowed but three scattered hits and should not have been scored upon, as a walk and an error gave Peterboro their run in the ninth without the sign of a hit.

Curley Blount Chased

The morning game was marred by a run-in when Manager Blount disputed a decision about ground rules, which ended up in a slap for Manager Reising by the hand of the visiting pilot and his banishment, but not before the players circled the local leader before he could retaliate.

Manager Reising Is Making Big Effort To Fill Vacancies

(London Advertiser.)

That the London Club intends to replace Mullin and Snyder as soon as possible is demonstrated by the fact that Manager Reising sent a telegram Saturday afternoon to Jay Rogers, a young catcher, who played in the Virginia League last season, on the same club with Ray Whiteriff and Frank Long. Rogers was drafted at the end of the season by the New York American League club and was carried by that club for a time in the spring. He was finally released without any strings attached, and is now a free agent. According to Whiteriff and other players who knew him, he is a promising youngster and a fine ball player. The fact that he was drafted by a big league club shows that he looks pretty good. Just whether the local club can secure him or not is not yet known.

Manager Reising left Saturday evening on a trip to secure a couple of players, a third baseman particularly. He will likely be back in the morning and may bring the men with him. Johnny Nelson, the former Brantford third sacker, will be given a chance to make good also, it is expected.

Two .300 Hitters. In losing Mullin and Snyder, the London team loses two pretty good ball players, and it is regretted that they took such drastic action. Both are hitters well over the .300 mark, and they have been making a great showing with the club breaking up

Pool Rooms Not Under Civic Control

Ald. Bragg Shows the Injustice of Things at City Council Meeting

A rather peculiar state of affairs was revealed at the City Council last night, when the members discussed the question of giving Dominion licenses to pool-room proprietors. A. Bradshaw and Joseph Davies had applied for permission to open such a place, and the Council was not in favor of it and referred the question to the Finance Committee.

Ald. Bragg, speaking on the matter, said it was a funny thing that outsiders could come into the city with a Dominion license and practically run a pool-room right under the noses of the Council, when they themselves had refused licenses to Brantford citizens.

The finance committee under took to look into the question and report to the Council.

TERRACE HILL

Has Been Neglected, Says Ald. English at Council Board.

Alderman English, termed the wide-awake representative of Terrace Hill, had a few complaints to make with regard to the way in which his little domain had been treated. He regretted the lack of water on the Hill between the hours of six and eight, the poor protection from fire, reason for the lack of a good supply of water was pointed out.

The application for the admission of Marvel Bell Kennedy into the Children's Aid Society, signed by Magistrate Livingston was passed and filed.

The O. H. W. committee wrote and asked for the proclaiming of the Fraternal Day as a Civic Holiday.

Ice Cream Vendors. R. A. Stillman and thirty-five other merchants interested in the street selling of ice cream, asked for the stoppage of all street selling from these little carts.

The deputation from the Old Home Week committee were then attended to by the council with regard to proclaiming a holiday on Fraternal Day which is Wednesday of the festive week.

Mr. Speckley spoke upon the idea of a holiday and backed it up in an enthusiastic manner. The Mayor then pointed out that according to law there could be only one civic holiday in the year.

Mr. Bragg said working men might feel the drag of so many holidays, apart from this he had nothing to say against the holiday.

Ald. Ward assumed that the mayor, backed by the council had the power to change the holiday if it was put

CITY COUNCIL WIPED OFF QUITE A LOT OF BUSINESS

Wednesday, Old Home Week Will Be Observed As A Holiday—Ice Cream Merchants Want Street Selling Stopped—Other Features.

The Brantford City Council met in solemn conclave last night at the city hall when an interesting and somewhat exciting session was held. The principal item was the reception of a delegation of Old Home Week representatives who came to ask that the Fraternal Day of the Old Home week be declared a civic holiday and that it be observed as such by all the merchants of the city.

Ald. Bragg could not see why the city should pay the accounts for the advertising in favor of the Old Home Week as his experience was against it; however, it could be put to the council and they could decide. It was moved that the Wednesday of Old Home Week be a whole holiday to celebrate Fraternal Day and was carried with three dissenting votes.

Board of Works Report. The Board of Works report was then dealt with and carried as drawn up by Ald. Ward.

Dr. F. G. E. Pearson, the medical officer and Dr. A. B. Cutcliffe recommended some by-laws to regulate the sale of milk. They found that all milk should be sold exclusively in bottles, while the milk house should be built entirely separate from the stables. The officers advocated the control of the ice cream trade.

Dr. Brier asked for permission to remove a frame house from 105 Wellington street to a lot outside the city.

Mr. S. P. Pitcher moved, seconded by Ald. Sigman that the Police Court Buildings be given a dose of paint such as the City Hall received. It will receive the paint in due course.

Fire and Light Report.

The report of the Fire and Light committee was submitted by Chairman Ryerson and adopted in its entirety.

That lights be placed on the following streets: Wilkes from three to four streets; Lyons Avenue six to seven lights; Bruce and Esther, six to seven lights.

That a permit be given to build a picket fence on Mary street, adjoining the fire hall.

That the committee with the assistance of the mayor chief of the fire department and veterinary surgeon, be given power to purchase a horse for the central station, if really necessary.

That permit for electric sign for the R. T. of T. be granted and their letter of June 13th be filed.

That the following letters be filed: Packard Electric Co. of June 14th; H. F. Gardiner May 8th; E. D. Henwood May 5th; F. A. Gaby April 20; T. J. Hannigan April 13th; Walter Packman April 30th.

Ald. Calbeck suggested that the band concerts be given in Holmedale and West Brantford occasionally and he was assured by Ald. Pitcher that the band would play in those districts before long.

The Old Clock. E. H. Newman received the contract to attend to the City Hall clock for the rest of the year at a cost of \$60.

More Fire Alarms. Ald. Sutch thought that another fire alarm box in the East Ward in the vicinity of Brock street would be a good thing for that locality where there was a scarcity of boxes.

Ald. Ryerson answered that the men were now busy wiring a circuit above the track and that Brock street would be included for he would take the matter up at his next committee meeting.

The business being concluded the council adjourned for three weeks in

AVON, ONT., MAY 14th, 1913. "I have used 'Fruit-a-tives' for indigestion and Constipation with most excellent results, and they continue to be my only medicine. When I first started about six years ago to use them, I took four at a dose but gradually reduced the dose to one tablet at night. Before taking 'Fruit-a-tives', I took salts and other pills but the treatment was too harsh. I thought I might as well suffer from the illness as from these treatments. Finally, I saw 'Fruit-a-tives' advertised with a letter in which some one recommended them very highly, so I tried them, and I have no hesitation in recommending them." ANNIE E. CORBETT.

Farmers Given Trouble.
Several farmers of the district have been caused considerable anxiety by the restlessness of the foreigners who are working for them. An incident happened yesterday which is typical of many. Mr. Geo. Thompson, a farmer at Butch's Corners, had a Ger- man working for him, and the man gave his notice and wanted to quit. Mr. Thompson was fearful that by letting the man go he was offending against the law of the land, and detained him until he made sure upon the point. The German has now gone to aid his country, as many more of his compatriots have done.

ALL IMPORTS HAVE CEASED FROM EUROPE
Situation is Serious, and War Has Caused Its Develop- ment.
[By Special Wire to the Courier]
NEW YORK, Aug. 4.—The widen- ing of the area of the conflict in Europe, with the consequent closing of all manufacturing establishments, has convinced the most optimistic impor- ters and handlers of European prod- ucts that it would be impossible to make deliveries here on goods manu- factured in the belligerent countries. The only possible exception is the British Isles.
This cancellation of the sailings of the steamers of the German lines as well as of the French companies was regarded last week as serious enough, but now that the workers of both France and Germany have been called to service in the military and naval armies of their respective govern- ments, it seems settled that deliv- eries for fall, winter and possibly spring lines of textiles will not be made.
All indications it was said to-day pointed in the direction of a general falling back on American goods of all kinds with little prospect of textile competitions from abroad unless it be from England.
BLUFF IS CALLED
(Continued from Page 1)
The French ambassador in Berlin his passports.
The open breach between France and Germany was rapidly followed by the appearance of German troops on French territory and by an incursion of bomb hur- ling German aeroplanes which at- tacked the fortified town of Luneville without doing anything more than damage a roadway.
French airmen and outposts were also reported to have made raids on German territory.
A more tangible occurrence was the bombardment of a French naval station at Bona, Algeria, by a German cruiser which, however, took to its heels before doing any damage and is cruising around the Mediterranean sea where consider- able number of French war ves- sels are looking for such maraud- ers.
What the British admiralty in- tended to do was not ascertain- able number of French war ves- sels as to the movements of British war vessels. Precautionary mea- sures in view of possible later de- velopments were being taken, however, as became known through a suggestion issued by the admiralty department to Brit- ish ships bound for continental points north of Calais. These were advised to divert their course to ports in the United Kingdom in the interests of the national welfare.
As to the fighting between Aus- tria and Serbia, the original com- batants in the war which has spread over the greater part of the European mainland, reports come to hand from Nish, Ser- via, that the Austrians had suf- fered a sharp repulse and heavy losses at the hands of the troops of the little Balkan nation.
In diplomatic quarters in Lon- don it was reported without con- firmation that the Turkish army, which is being mobilized under the command of General Lyman Von Sanders, the Prussian officer, who acts as instructor.
With the City Police
There was a large list of cases on the slate at the police court this morning.
Magistrate Livingston thought that Geo. F. Bolton, who has a livery stable on Dalhousie street, had run pretty close to the law. He was charged with a breach of the liquor license act. Indians, drunk, had been arrested by the police at the stables and as they stated that they got their liquor in the stable investigations were proceeded with in that direc- tion. Although Bolton as the prop- rietor, was liable to be convicted, the magistrate felt that a conviction was not warranted in this instance, al- though defendant had had a close call.
"A good stiff fine ought to be in- flicted to teach these fellows a les- son," remarked, Crown Prosecutor Bens, George and Fred Hewson were charged with using insulting language towards Louisa Greene. It was a case arising out of the practice of young fellows around town accosting girls and upon receiving a cold reception, turning to the use of abuse. The girl said she did not know either defend- ants, and they had annoyed her every time they saw her. She therefore ap- pealed to the police, who warned the boys before hauling them up, and when they offended again on Aug. 1st a charge was laid against them. They

both pleaded not guilty, and although they admitted saying something to the girl as they passed, they alleged they never called any foul names.
The magistrate remarked he had often seen the same thing himself, and Fred would be fined \$5 and costs, while George, who had not offended on the date complained of, would be allowed to go.
"You had better reserve your strength for you may have to use it for your country," advised the mag- istrate when Donald McKellar and Louis Schram were charged with being disorderly last night on the Mar- ket Square. It arose out of a war talk when Donald thought some one was doubting the valiance of the Scots and throwing out his chest he wanted to meet any man willing to try his strength. Not being challenged he set about the nearest man whom he seemed to think had made the re- mark. This happened to be Schram, and he got the full weight of a Scotch battery. Fortunately P. C. Blanchard proved too much for the 135 lb. cham- pion and Schram was rescued and taken to the lock-up with his aggres- sion. Drink was a responsible factor in the case. Donald was fined two dollars and Schram was allowed to go.
Stiff Borek said he had left his be- longings with Mrs. Bura when he left her owing \$45 but when it was ex- plained that his belongings were nil, the magistrate saw how things lay and he ordered Stiff to pay up or go to prison. Stiff promised and the case was remanded for week for him to start payments.
Harold Walker and A. J. Quinlan, according to each other's stories, were regular stone throwing fiends, the result of a feud started between them two years ago. On this occasion Quinlan charged Walker with throw- ing a stone at him, and the magistrate found that Walker was too old to throw stones and fined him \$5, warn- ing him not to do it again.
