FRENZIED MOB SEEKS REVENGE

Negro Charged With Assault on White Woman Pursued by Angry Mob

Charlestown, W. Va., Dec. 27.—Governor Glascock has ordered a company of the state militia at Weston to be assembled to protect the life of Wm. Forbes, colored, charged with criminal assault upon a white woman there. Companies of militia at Clarksburg and Sutton have been ordered held in readiness to be rushed to Weston.

Riot Incited.

Weston, Dec. 27.—The appearance of the father of Miss Ange, an aged man with long grey whiskers, upon the platform of the station, telling the crowd that the story of his daughter was as true as steel, set the mob wild with excitement. Prosecuting Attorney Swint made continued attempts to appeal to the people from a position on the bench. The officials were wholly unable to cope with the situation at this time. At 11 o'clock the mob burst open the door of the express room where the sheriff and prisoners locked themselves in. All the window lights were broken and the mob demanded the negro's life, but the latter was pushed into the concealed vault of the express company for safe keeping.

WINNIPEG MARKET WAS VERY DULL

Has Not Yet Recovered From the Effects of the Holiday

Winnipeg, Dec. 27.—The British markets were closed for "boxing day" and many of the continental markets were closed also. World shipments were larger than last week, though slightly under those of last year. The official statement of the crop places the yield at 136,000,000, and the exportable surplus at \$2,800,000,000 which is more nearly in ratio with the production as indicated by the previous year. The report on the whole was reported as bullish. The local market was extremely dull, and options declined 1/4 to 1/2. There is a very limited demand for No. 3 Northern, 5 and 6, and seed wheat, but no inquiry for either No. 1 or 2. American markets were as dull as our own. Chicago closed 1/4 to 1/2 down and 1/4 to 1/2 lower. There was no feature to either market. Corn was dull and unchanged to 1/2 lower. Oats were unchanged.

Chicago, Dec. 27.—Predictions of rain or snow tonight where most needed in the winter wheat belt make the market heavy here today. There was also a big increase in the visible supply. Last sales were 1/2 to 1/4 under the previous close. Wheat gave way rather slowly. Scattered longs were liquidated and there was more of a short selling, neither on a very liberal scale. Support was somewhat deliberate, not to say backward. However, short sellers acted with decided caution.

Bill Lang Won A Fight

London, Dec. 27.—Billy Lang, the former heavyweight champion of Australia, severely punished Jack Burns, the Californian, in a go at the Olympia yesterday. The match was for twenty rounds, but the referee stopped the fight in the twelfth to save Burns from further punishment and declared the Australian the winner. Lang sent the American to the floor several times.

Murder Suspected

Des Moines, Ia., Dec. 27.—Two men were found dead by the police this afternoon in the rear rooms of a house in East Des Moines. Four half emptied bottles of whiskey were found beside them. The police, suspecting that the men had been drugged and robbed, arrested two men named Stevens and Smith. The victims were identified as Otto Bark and Geo. Berg, said to be coal miners.

Chicago's Bad Fire.

Chicago, Dec. 23.—After 36 hours of strenuous work the fire at the Morris & Co. plant in the Union Stock Yards was finally controlled today and a close reckoning of loss of life tonight showed that twenty-four men were killed and that one man is probably fatally hurt. It is reported that another body may be in the ruins, thus making the total dead 25. The property damage is about \$1,000,000.

Winnipeg Fire.

Winnipeg, Dec. 26.—Fire broke out this evening in the four-story brick building in the rear of the Grain Exchange. The blaze looked for a time to be a bad one, but the fire department quickly had it under control. The damage was confined to the ground floor where the firm of Donald Fraser & Co. had a stock of about \$10,000 in dry goods, and R. J. White also had goods of a similar nature. These were badly damaged by smoke and water, although the loss can not as yet be estimated, it will be quite heavy. The office fixtures were also badly damaged, but the building did not suffer to any great extent.

Wolgang Must Meet Moran.

New York, Dec. 27.—Eight fans here believe that Ad Wolgang, lightweight champion of the world, will soon be compelled to defend his title against Owen Moran in London. Hugh McIntosh has offered a purse of \$15,000 for the bout, provided it is held before the Olympic Club in London. Through his manager, Moran has accepted McIntosh's offer. Wolgang recently announced that he would fight Moran within ninety days, provided he should receive \$12,000 for his share, win, lose or draw.

Unguarded Prisoners Escape

Kansas City, Mo., Dec. 27.—Eleven prisoners on the farm near Leeds, Mo., a suburb of this city, escaped early today after they had burned a window frame in their quarters to make an opening large enough for a man to squeeze through. The place was unguarded, as the honor system prevailed on the farm. Twenty-four prisoners refused to take advantage of the opportunity to escape.

Troops to the Rescue.

State troops arrived here at one o'clock and rescued the negro Forbes from an infuriated mob of several hundred persons, which all night had waited outside the local railway station seeking to prevent his removal to Clarksburg jail. The soldiers took the prisoner from the safe in the express office at the railway station, where the sheriff had kept him under lock and took him to Clarksburg. The mob was overawed by the soldiers and gave way before they arrived. Soon after midnight the special train arrived from Clarksburg with troops. Before the train could be started a number of shots were fired into it and all the windows were broken.

Newark, N. J., Dec. 23.—The collapse today of a temporary steel structure supporting the roof of an old theatre, undergoing reconstruction, brought down a large portion of a wall on seventy laborers. One man was killed and two others were injured.

The Automobile Industry

For amazing quickness of growth in huge figures of business nothing has been seen before the match the industry of making automobiles and their fittings. It seems but yesterday that pioneers in America were jerking at their halting attempts to make a snorting, monotonous run for a few miles without stopping for extensive and harrowing repairs. This year there are being produced in the United States cars and their accessories to the value of nearly half a million dollars.

By 1905 the industry had acquired a respectable start. The tremendous strides have come within the past five years. The official figures below tell the story:

	1910.	1905.
No. of concerns manufacturing automobiles	280	29
No. of cars made	185,000	29,101
Value of cars manufactured	\$249,000,000	\$56,000,000
Amount of capital invested	\$175,000,000	\$33,000,000
Capital invested for accessories	140,000	15,000
Persons employed by auto manufacturers	7,500	800
Number of agents selling cars	38,000	2,000
Employees in trades supplying parts and accessories and deriving direct benefit from the automobile business	1,500,000	400,000

*Estimated on the basis of such statistics as are still available.

These figures are huge, but are still inadequate unless one considers the collateral industrial activities that go with making 183,000 motor cars with a cash value of \$240,000,000.

What it involves.

This does not mean merely so many machines as such a price, bought and driven over the country roads and city streets by so many car owners or their chauffeurs. It means that the making of these cars involves the importation of metal, rubber, leather, wood, hair, silk, wool and glass, and the making of many accessory articles which the luxurious automobile owner of today deems absolutely essential to his pleasure and comfort, though he knew nothing of their ten or twelve years ago.

Where Demand Comes From.

From what sections had the demand for automobiles chiefly come? This is, of course, largely a matter of money, strength and of good roads, by the way, generally run together.

New England takes 10 per cent, the Middle States 25. The Middle West takes 16 per cent, the Mississippi Valley 12. The Northwest takes 10 per cent, the Southwest 8. The Pacific coast takes 12 per cent, and the South 5. This does not account for all the cars made in the United States, but only for those sold here. There is an export trade of about 2 per cent, which promises to grow steadily.

The greatest increases have been in the Middle West and the Southwest. These sections have only recently begun to buy automobiles in considerable numbers, and the big increases in the immediate future will be there. The South has not yet played a large part as a buyer. The reason for this has been that the roads, there have been unsuited to the automobile. Late last year has begun to change. The Southern States are a widespread and enthusiastic condition. As these conditions are improved there will be thousands and thousands of motor cars bought and used in the South. From an article in Review of Roads.

MATTERS ARE QUIET IN WINNIPEG CAR STRIKE

Only a Few Minor Disturbances Occurred in the Past Few Days

Winnipeg, Dec. 26.—During the past three days matters in the street railway strike have been quiet and only a few minor disturbances are reported. The civic committee which has been acting as mediator between the parties has been asked to continue in this respect, and in some quarters it is stated that a settlement is not unlikely. A mass meeting of the men likely, Walker Theatre in order to lay their case fully before the public. When the crowd had reached the street one man threw a stone at a passing car and that is being maintained at present is up to the usual condition, though the time schedule is not being adhered to strictly.

APPEAL TO PRIVY COUNCIL

Application of Winnipeg Street Railway Granted

Winnipeg, Dec. 27.—The Manitoba Court of Appeals this morning allowed the application of the Winnipeg Electric Street Railway Company for leave to appeal directly to the Privy Council against the judgment of the Manitoba Court of Appeals' decision that the company cannot maintain electric light or power poles other than for their car service without the permission of the city.

The decision of the Manitoba Court of Appeals was that the street railway power plant in Lac du Bonnet, instead of within the city as claimed by the city, will go to the Supreme Court of Canada order that the appeal be granted this morning. The city objected to the company's appeal going to the Privy Council, pending a decision of this appeal to the Supreme Court, but the court decided that the company was entitled to appeal directly.

SOO ROAD'S BIG ENGINES

Will Have Thirty-Five New Locomotives of Largest Type.

Minneapolis, Dec. 27.—The Soo Road has placed with the American Locomotive Co., Schenectady, an order for thirty-five new locomotives, making the largest equipment order that has been placed for some time by any northwestern road. The engines will be of a large type. Fifteen of them will have an additional gross weight of 235,000 pounds, and sixteen will run 234,000 pounds each. The locomotives will be built, it is expected, in February and March, and will be used partly to replace the equipment on the older divisions and partly on the new construction the Soo completed and put into operation in Minnesota this fall.

ENGINEERS' STRIKE AVERTED

Railway Companies and Men Came to an Amicable Agreement

Chicago, Dec. 26.—The threatened strike of engineers of the 51 western railroads throughout the United States and Canada today ceased to be a menace for after a conference everything was adjusted and the announcement was made of the settlement of the trouble.

The specific increase in the wages of the engineers in money is as follows: On passenger service, 40 cents a day. On suburban service, 40 cents a day.

Forty cents a day on through freight except on engines weighing 215,000 pounds for the drivers of which an additional differential of 25 cents a day is allowed, also an additional differential of from 75 cents to \$1. On pushers, helpers, wreckers, work trains, snow ploughs and mixed trains 40 cents a day.

In all yards 50 cents a day. All transfer service to be applied to branch as to main lines.

Hostler service, where the Brotherhood of Locomotive Engineers makes the agreement 25 cents a day.

In addition the engineers are to have control of gasoline, electric and other motor cars which are taking the place of locomotives, in which the increase is 40 cents a day also.

PARIS BLACKMAIL CASE.

Sensational Affair Now Occupying Attention

Paris, Dec. 21.—Further sensational developments are promised in connection with the arrest in London of Alexander Tscherniedoff, charged with conspiring to blackmail Lucie Tate de Choiseul, of Paris, widow of Charles H. Payne, of Boston. Tscherniedoff, who posed as a count, but who, according to the counsel for the prosecution in reality was a Russian peasant, was remanded in the Marylebone Police Court.

The attorney for the Duchess de Choiseul says that other arrests, both in London and on the continent, are impending and intimates that the plot to blackmail the former Mrs. Payne, which was based upon alleged letters written to her, to the so-called Count de Galigny, who is under arrest for an attempt to extort from the count \$200,000 for sordid pictures supplied to her late husband, by many ramifications.

Mrs. Payne and the Duke de Choiseul were married Nov. 23, under the separation of property law, the marriage contract leaving each full control of his or her own property.

TOO MUCH LEVITY.

Western Man Criticizes Proceedings of the House of Commons

Ottawa, Dec. 21.—Charles Crossman, of Elkhorst, one of the prominent figures in the grain growers' deputation, is not impressed with the Canadian House of Commons. Speaking to a reporter he said: "On our visit to hear the deliberations of the members of the House of Commons we were most impressed by one thing—the waste of time and the levity in the conducting of the debates. To see a handsome chamber strewn with all kinds of paper, members with hats on and legs on their desks throwing up air balls at one another is not an edifying spectacle, or one that lends that dignity to the house that a stranger would expect. And these scenes occur even during the most important debates. We in the west have always thought there is much to be learned from the Commons, and I will undertake to say that our executive in sessions will do more real work in one hour than the House of Commons does in a whole day, and it costs the country nothing."

LOOKS LIKE FILIBUSTERS

Soldiers of Fortune Departure Collected With the Hornet

New Orleans, Dec. 25.—Coincident with the departure late yesterday of the steamer Hornet, General Manabon Bonilla, former president of Honduras, General Lee Christmas, soldier of fortune, and one of the leaders of the alleged revolutionary expedition against President Davalla of Honduras, and several Americans who have been service in Central American waters disappeared from this city. That the Hornet took on arms and ammunition after sailing from this port and that she is planning an attack upon one of the forts of Honduras will be reported to the state department by the Honduras Ministers with a request that this country intercept the alleged filibuster.

RELIEF FOR CHINA

Two or Three Million People Are Famine Stricken

Washington, Dec. 23.—For the relief of the famine stricken people of China Acting Secretary of State Huntington today called \$5,000 for the Chinese Relief Association, the initial contribution to the American National Red Cross Society. The question of further contributions will depend upon the developments of the situation which at present is serious. The people affected by the famine are the inhabitants of the Hwai River Valley. The number of sufferers continues to grow and according to advices received by the State Department today between two and three million are in distress.

Kamloops Fireman Killed.

Kamloops, B. C., Dec. 26.—J. Bradwin, a member of the fire brigade, was fatally injured last night as he leaped down a fire pole to answer a call of fire. He struck his head on the floor and died in an hour.

ANOTHER VICTIM TO SKY NAVIGATION

Belief is General that Young Cecil Grace Has Lost His Life in North Sea

London, Dec. 23.—With the approach of midnight and no tidings yet of Cecil S. Grace, an aviator who dropped Thursday afternoon, while en route to Dover, in an aeroplane, the belief that he is generally prevalent in London is that the old North Sea holds somewhere in its breast the story of a tragedy.

Every hook and cranny where it was thought young Grace might have landed, was searched today unavailingly. Grace carried with him petrol sufficient for a flight of about five hours. His bi-plane was not fitted with pontoons.

Grace wore a cork jacket but in case of a fall into the water he would have been cumbered by his heavy boots. The general belief is that it would be impossible for his machine to float for any length of time, and that unless found for some distant port there is slender hope that he escaped death in the seas.

GOOD NEWS, GIRLS

Ice Cream Getting Better and More Fit to Eat

Ottawa, Dec. 22.—An analysis of 125 samples of ice cream recently collected by the Inland Revenue Department, shows that there has been a marked improvement in the quality of the Canadian ice cream during the past two years. Of 125 samples collected in September 88 were up to the standard. Of 80 samples analysed in August 1908 only 40 were up to the standard.

HEAVIEST RAILROAD BUSINESS ON RECORD

Montreal Officials Say That This Year's Holiday Traffic is Best Ever

Montreal, Dec. 23.—Traffic today on all railroads running in and out of Montreal was remarkably heavy; in fact, railway officials say this particular holiday looks like being the heaviest in record. Grand Trunk trains for Toronto and Chicago are running two and even three sections, and incoming trains are equally heavy. The same story applies to the Canadian Pacific Railway. In fact, the Christmas traffic in sight over the Canadian Pacific lines between the east and the west is heavier by hundreds of thousands of dollars than ever before.

DIES FROM WOUNDS.

Wilfrid Falls a Victim of Bullets While on Special Duty

Winnipeg, Dec. 23.—Wilfrid Fairies, aged 27, a C. N. R. fireman, died at the General Hospital on Wednesday as the result of wounds received while doing special police duty in the town of Rainy River, Ont., during the forest fire which swept Beaudette on the American side of the map, and during which between thirty and forty people perished.

CLAIMED SEED WAS POOR.

And Semans Farmers are Seeking Damages

Saskatoon, Dec. 23.—An action involving \$10,000 and based upon the responsibility of the party selling seed for seed was heard in the Supreme Court before Judge Lamont. The plaintiffs, three brothers named Ordway, of Semans, claim that the seed sold to them by C. E. Olson did not germinate under favorable conditions and in properly prepared ground. Their bill of damages was as follows: 234 bushels of flax, \$409.50. Cost of sowing, \$337.50. Cost of scrubbing, \$225.00. Damages resulting from a total failure of crop at \$1.75 per bushel, less \$1 per acre for cutting crop, 20 cents per bushel for threshing and 4 cents per bushel for marketing, \$742.50. Total, \$10,714.50.

CAUGHT AT HALIFAX.

Young Man From Saskatoon Almost Got Away

Saskatoon, Dec. 23.—With a ticket in his possession for a passage on the Allen Line to Europe a young man named Turner was today arrested in Halifax on the charge of securing money in Saskatoon under false pretences. He left the city on Sunday night. It is estimated that the extent of his operations in the city totalled about \$1,500. Turner was employed as accountant at the department store of Currie Brothers and appropriated some \$800 belonging to the firm, it is alleged. When faced with the matter he transferred to the firm an agreement of sale for two lots valued at \$500, on which he had made a payment of \$170. Later he secured a copy of this agreement and it is alleged that he made a second sale of the same property to another party. Other amounts were raised through issuing cheques for which there was no funds at the bank.

HIGH HONORS TO DEAD FIREMEN

Chicago Pays Last Respects to Chief Horan and His Brave Associates

Chicago, Dec. 26.—With the mayor and the whole council of Chicago, delegations of firemen from all over the country and 5,000 fellow members of the Knights of Columbus in attendance on his obsequies, the body of Fire Chief Horan, who died in the stock yards fire, was buried here today.

Besides Chief Horan, eleven other victims of the disaster were interred today and in every case a great outpouring showed the heart of the city was touched by their untimely fate. Three of the victims were buried Saturday, eight yesterday and the twenty-fourth will be interred tomorrow.

Recorded by the whole mounted police squad of Chicago the body of Chief Horan was taken today from his late residence to Holy Name Cathedral where Bishop Quigley officiated. After the ceremony several hundred patrolmen, the mounted squad, the city fathers, the Knights of Columbus, visiting delegations of firemen and thousands of citizens followed the body to Calvary cemetery, where interment was made.

CHARGED WITH HORSE STEALING

Edward Morris, head of the packing company whose building was destroyed in the fire last night, announced a gift of \$25,000 to the citizens relief fund for the aid of firemen, widows and orphans.

Rome, Dec. 26.—(C.A.P.)—The pope today received in private audience Rt. Rev. E. A. Latulippe, of Tomakmoming, Ont.

LOCKED IN A BEDROOM

Babies Perish in Fire

Little Boy's Gallant Effort to Save His Sister Proves Futile

Uniontown, Pa., Dec. 22.—Locked in his fiery home with little John Seba, fought gallantly for the life of her baby sister and when all efforts failed fell dead over her blazing body early today at Herbert, nine miles from here. They had been locked in a bedroom by their mother, who had gone to a store nearby. Neighbors saw the house alight and breaking down a door they discovered Johnnie Seba in the room while evidence showed he had attempted to escape with the baby by way of a window. At that moment the mother returned, caught up her baby and disappeared. She was found after a protracted search.

A PERSISTENT LIE.

A recent issue of the Los Angeles Express revises the story of the births of former Americans in the Canadian West, who have resolved to return to their former homes because of disappointing conditions in the Dominion.

The California paper quotes a man who took his information from some one unnamed to the effect that: "Unfavorable weather conditions, which have made grain production a losing venture in Western Canada, soon will cause an influx of Canadian wheat farmers into Southern California."

NEW ORLEANS EXPLOSION.

New Orleans, Dec. 26.—Advices from Buenos Ayres today say that a bomb placed in the fire department building of that place exploded yesterday, wrecking the fire and police department headquarters and seriously injuring twenty persons. No details are given in the despatch.

EXPERT SAFE CRACKERS.

Portland, Ore., Dec. 26.—The safe of the new Heli theatre was blown last night and \$2,000 stolen. The manager of the theatre, who sleeps in a room above the office, was not disturbed. Windows within six feet of the safe were not even cracked.

FATAL WRECK ON ENGLISH ROAD

Eight Passengers Killed When Scotch Express is Derailed and Burned

Kirky Stephen, England, Dec. 26.—Eight passengers were killed, some of them being burned to death, and 25 others were injured in a wreck on the Scotch express near Hames Junction yesterday. The express carried five hundred persons bound for their homes in Scotland to spend Christmas. The train was derailed by a landslide when the engine and was derailed. Fire caught the wreckage and the whole train with the exception of the locomotive and rear baggage car were reduced to ashes.

Though at first it was thought that only two persons had been killed and that the others had time to escape before the flames swept through the coaches, a search of the debris resulted in discovering other bodies, and by the time the whole wreckage had been gone through eight bodies had been recovered. Most of the bodies were burned beyond recognition. Among the dead was a little girl who perished in the flames before the eyes of the people trying to save her. Identification of the wreck caused some delay before the physicians could reach the place.

HOKLEY BREAKS RECORD

Daring Aviator Soars More Than Two Miles High

Los Angeles, Cal., Dec. 26.—Seventy-five thousand persons saw Hoxley break the world's record for altitude here today. He soared more than two miles up into the sky, his barograph registering 11,474 feet, or about one thousand feet above the altitude of 10,499 feet, recently made by Lagarde, at Pau, France. This is the second existing record that has been broken in Los Angeles, the first being last January when Paulhan rose a little over 4,000 feet. Hoxley accomplished his feat in a forty mile gale that wrecked Latham's monoplane and kept more cautious aviators on the ground. Hoxley sailed into the sky at one o'clock. His barograph showed the greatest height at 2:45. Coming down he made a series of thrilling spiral glides while thousands of feet in the air.

MURDERS COMMON

In the Strike-Ridden Coalfields of Westmoreland

Greensburg, Pa., Dec. 26.—The strike-ridden coalfields of Westmoreland county are in the throes of rioting, the result of large quantities of liquor that have been spread into the various mining camps. The third murder in twenty-four hours was reported to the coroner today in the death of Tony Carino, a striker. Carino was living in a strikers' camp and was shot to death last night in an assault upon the camp. About twenty-five shots were fired and Carino was found later with three bullet holes in his back. There have been repeated demands for the state police all day from various districts of the coal fields in this section. Twelve were sent to Brandeville, six to Madison, two to Claridge, two to Adamsburg, and four to Somerset.

MANITOBA'S COMPENSATION ACT.

Workmen's Compensation Act, which comes into force with the new year, will, according to Solicitor Hunt's advice to the city council work considerable hardship to the aged or old infirm civic employees. The city solicitor advises the reorganization and weeding out of the employees, as the city's liabilities for the sickness of employees and aged and infirm, of whom many are employed in light positions by the city, are naturally more subject to such incapacity. It is, therefore, necessary to commence weeding out soon. The solicitor points out that this was the experience in Britain and other places. This action will naturally have similar effect on employees of private firms and corporations.

REVOLUTION IN HONDURAS LIKELY

Although Quiet Still Reigns There Is a Strong Undercurrent of Unrest

Puerto Cortes, Honduras, Dec. 26.—That a revolution is pending seems certain. Although so far Honduras continues quiet, there is an undercurrent of unrest. There is belief that the Hornet is headed for this city. The excitement, however, is confined to the native element entirely, as the Americans here are confident that the U. S. S. Tacoma will in the harbor will protect their interests.

GUMBOAT ORDERED TO START

Washington, Dec. 26.—Following the reports of serious trouble in Honduras Secretary of the Navy Meyer today ordered the Gumboat, Yorktown to start at once from Corinto, Nicaragua, for Amapala, Honduras.

QUEBEC BRIDGE CONTRACT

Ottawa, Dec. 22.—It is stated here that the recommendation of the Quebec bridge commission in favor of the St. Lawrence Bridge Company being given the contract for the construction of the Quebec bridge is not unanimous. Two commissioners are in favor of the Canadian concern, which is a combination of the Dominion Bridge Company of Lachine and the Canadian Bridge Company, Walkerville, getting the contract, while one of the commissioners is opposed. Reports will be laid before the council but it is not likely that the matter will be disposed of for some time.

RUMORED APPOINTMENT CAUSES LOUD PROTEST

French Press Objects to A. De' Cellis Being Selected as Canadian Commissioner

Paris, Dec. 26.—(C.A.P.)—It is rumored here that A. De' Cellis, librarian of the federal Parliament, and a F.R.H.S.C. is to be appointed high commissioner of Canada at Paris. The rumor has aroused a protest from the French press. De' Cellis, who received the legion of honor decoration in 1904, has it seems given great offence to France and to French-Canadians by an article he wrote in La Presse de Montreal a year ago. The Echo de Paris said that De' Cellis would be out of place in Paris and the Journal states that "it is impossible that Sir Whiffid Laurier contemplates confiding to him the precious trust of Franco-Canadian friendship."

FIREMEN LOSE LIVES.

Twelve Are Crushed by Falling Wall in Philadelphia Fire

Philadelphia, Dec. 21.—Twelve firemen are thought to have lost their lives tonight in a fire which destroyed the D. Freeland five-story factory. More than a score of others have been taken to hospitals and it is estimated that at least twelve are still in the ruins.

MANITOBA'S COMPENSATION ACT.

Workmen's Compensation Act, which comes into force with the new year, will, according to Solicitor Hunt's advice to the city council work considerable hardship to the aged or old infirm civic employees. The city solicitor advises the reorganization and weeding out of the employees, as the city's liabilities for the sickness of employees and aged and infirm, of whom many are employed in light positions by the city, are naturally more subject to such incapacity. FOUR CHILDREN BURNED TO DEATH

A Bad Fatality, Caused by Acetylene Gas Explosion, in Quebec Village

Warwick, Que., Dec. 26.—A terrible catastrophe cost the lives of four young children as they lay in bed Saturday night awaiting the gifts they expected Santa Claus to bring them. The cause was the explosion of acetylene gas at the residence of M. Baril, a leading merchant here. Accompanied by Madame Baril about half past eight he went to the cellar carrying a lantern and immediately there was a terrific explosion from escaping gas which set Madame Baril's clothes on fire. With difficulty M. Baril rescued his wife, who was badly burned.

HURLED FROM BUILDING

The force of the explosion hurled the lad out of the building, killing him outright. The three other children were engulfed in the flames and speedily burned to death, despite the heroic efforts of the father, who received severe injuries in his attempt to save them. The building was completely destroyed, and the calcined remains of the three children were discovered after the firemen had extinguished the flames. Madame Baril also suffered such injuries that her life is in danger. The quadruple funeral occurred this afternoon and was attended by practically all the people in the village.

GERMAN OPINION

Intimated that United States Seeks Annexation of Cuba

Berlin, Dec. 23.—The political situation in Cuba is discussed in this evening's Post, which says: "The object behind the biased and highly colored despatches, regarding Cuba is quite clear. The American land-hunger is not satisfied with the present dependent position of Cuba and they are striving for the annexation of Cuba by the United States as soon as possible."

SHOT DUCKS FROM MONOPLANE.

Hubert Latham Puts Aerial Machine to New Use

Los Angeles, Dec. 22.—Hubert Latham, the French aviator, went duck hunting today at the Boca Chica Club in a monoplane. He circled over the feeding ground of wild fowl, frightening the birds into the air in droves of thousands. Latham carried a shotgun and killed several brace of ducks. Carrying the weapon across his lap the aviator sat quietly in his machine as he approached the shooting grounds. Once in the vicinity of the marshes the water fowl rose, frightened by the appearance of the monoplane. Firing directly over the club house Latham chased the mout to sea, pursuing them more than three miles.

OPPOSED TO PROPOSAL.

Montreal, Dec. 23.—Hon. Mr. Brodeur had a conference of two hours at Montreal today with ocean steamship owners and the Pilots' Association respecting the proposal of the private bill of Dr. Edwards, of Frontenac, that lake boats should have the privilege of navigating the St. Lawrence and other waterways without a pilot. Ocean steamship men are opposed to the proposal.

ALLOWED OUT ON BAIL.

Montreal, Dec. 22.—Archibald DeBorne, who was charged with abducting Bernadette Dagonais, companion of Cecile Michaud, was released on bail after he had let a deposit of \$400 and secured bondsmen for an additional \$400. Judgment in the DeRome case was to have been delivered, but Judge Pain suspended judgment until tomorrow and allowed the accused his liberty in the meantime.

MANILA, DEC. 23.

The naval tug Rapido smashed into the tug Blanco in the Bay of Cebu today.

The Blanco was almost out in two and she sank so quickly that her coxswain and engineer were drowned. The Rapido, in a sinking condition, managed to make the navy yard dock.

Comptroller White, of Ottawa, has just completed the annual R.N.W.M.P. report, in recommending the increase of the force, and draws attention to the large floating population to be dealt with, and the troublesome time the policemen have in covering such a large area. He pointed out the extent of the increase in cases—there having been 3,193 more convictions during the present year than in the preceding one. He deals with the necessity of having a large well controlled force to patrol the province. The force at present consists of 600 officers, non-commissioned officers and men, and 450 horses. Saskatchewan has of these 302, Alberta 261, the Yukon 60, and the North-West Territories 26. During the year 10,489 cases were entered, and of that number 9,042 convictions were obtained, being an average of 86 per cent. Of the total number 1,255 cases were dismissed or withdrawn and 148 cases were awaiting trial when the report was compiled. The chief increases were classified as follows: Assaults, 231; under vagrancy act, 1,130; theft, 223; and under provincial laws—which are not criminal—1,112.

Ask for Minard's and take no other.

Rev. Murdoch Mackinnon has read several happy couples in the past four days. Wednesday Herbert Edward Lowe and Miss Mamie E. Allison, both of Regina, were made one, while on Tuesday there were three ceremonies, the principals being as follows: Thos. R. Davidson, of Regina, to Miss Ella Hunter, of Balgonie; George T. Brown to Miss Margaret Wallace, both of Regina; Joseph F. A. Garneth, of Grand Coulee, to Miss Jessie G. Patterson, of Lumsden.

The license commissioners considered 13 applications for licenses at their meeting in the Oddfellow's Hall Thursday, and of that number granted three. Five were refused and five adjourned until further investigations can be made. Those granted were: George Watt, Balgonie; J. C. Mann, Delmas, and F. Hoppe, Balgonie. The commissioners adjourned the following: J. Finch, Lenny, adjourned at applicant's request until January 12; J. W. Malloch, to be heard at Dundura on January 3; W. Closing Exercises. One of the most interesting events in school life in Regina is the annual closing exercises of St. Mary's school. Friday was devoted to this interesting work, and many of the prominent citizens took advantage of the occasion to spend a few hours listening to the splendid work of the pupils.

The forenoon was devoted to the work in the junior forms, while during the afternoon, Principal Kramer and the pupils of the senior form entertained the visitors. A splendid feature of the pupils' work was the singing which enthralled the visitors.

At the close of the pupils' exercises addresses were delivered by the Rev. Father Suffs, Principal Kramer, Mr. James Bois, Messrs. McDonald and Westman and Messrs. Kusch, Weber and McCarthy, of the Separate School Board, and Principal Lang and Mr. Ramsay, of the Collegiate Institute staff. Mr. Theodore Schmidt also spoke to the pupils and donated two watches to the winners of the spelling match.

CREELMAN.

The regular annual meeting of the Creelman Agricultural Society was held in Widdifield's Hall on Saturday, December 10th, the work for 1910 being reviewed and plans for 1911 outlined. The retiring President, Mr. W. M. Black, made a short address, urging the members to keep the Society's interests in mind, at all times and endeavor to make 1911 the best year in the Society's history to date. The financial report submitted by the Secretary Treasurer showed 1910 to have been the better year of the society from a financial standpoint as a result of which the New Year could be entered upon free of debt. It was decided to hold a Spring Stallion Show during the last week in March, 1911, and the usual Field Grain Competition later on in the season. The Annual Fair will be held on or about August 11th and a Seed Fair during last week in November. Messrs. W. E. Lackey, Norval Horner and W. J. Lackey were appointed a committee to get up a Plowing Match, providing sufficient support could be secured amongst those interested. Officers elected for the ensuing year were as follows:

President, S. R. Carrothers, First Vice-President, Wm. Patterson, Second Vice-President, W. M. Black.

An After-Thought

NOW that the rush and bustle of Christmas preparation is past, and, but a memory, we will have time to turn to the more sordid things of life. Many wants and needs—perhaps pressing necessities—have been shelved and almost forgotten in the cheery holiday season of "Good Will Toward Men," but with the reaction comes the ever pressing question of daily need. These few suggestions may lead to economies in these that will make their purchasing easy.

Your Children's Footwear

One of the greatest considerations of a parent's life should be the care with which the child's shoes are chosen. Young, tender feet should not be incased in heavy, ill-fitting shoes, and if proper attention is paid to this matter early in life, much suffering will be avoided in later years. We heartily recommend the "Classic" Shoe for children. Built upon right lines and in the proper shape for tender growing feet, you can make no mistake in buying these.
