

BRANTFORD AND THE HYDRO-ELECTRIC.

Investigation Into Engineer's Department.

Charges Against One of County Constables.

Vestry Meeting--Hospital Charges.

(Special Despatch to the Times.) Brantford, April 28.—At the City Council meeting last night a special committee, consisting of all the chairmen of the standing committees and the Board of Works, was appointed to investigate the efficiency of City Engineer Jones' department. Certain irregularities were alleged, in which insubordination is charged against the department. The irregularities alleged were the repair of the street roller without authorization and the employment of an assistant engineer in the department without the sanction of the committee. Some fifty men who were also reported by Ald. Rastell to have quit work on Saturday morning at 11 o'clock in order to proceed to the City Hall to collect their pay at 12, to which hour they received their time. Ald. Andrews was the prime mover for the investigation.

After Hydro-Electric Power. At the close of the Council meeting the Power Committee held a session. Unfortunately through an error the city was not represented at the recent power conference in Toronto, when the contract was drawn up. Brantford is still in the power union, however, and an application will be made to the commission for the latest forms, and action will be immediately taken. The matter is a very important one at the present time, as the city's street lighting contract expires in September with the Western Counties Co.

Hospital Charges. The Council decided last night to look into the hospital charges. It is believed the city has been paying for patients in the indigent class, well able to pay for themselves, and as a result the city treasury has been depleted of several hundreds of dollars per annum.

Charges Against Constable. The alleged incompetence of County Constable James Mounce will form the charge to be laid by Crown Attorney Wilkes and W. N. Andrews, J. P., before Judge Hardy, who will hold an investigation. The trouble arose on Saturday, when nine men were summoned to appear, charged with attending a cock fight on the Cockshutt road on Good Friday eve. The defendants appeared, but the constable did not. Moreover, it is said that the informations were not sworn to. The basis of the charge against the constable, however, is found in a charge in a summons which he is alleged to have made. The authorities, including the Crown Attorney and Justices of Peace Howell and Andrews, waxed indignant when the constable did not appear in court to press the charge. The alleged irregularities were discovered later when Crown Attorney Wilkes moved to take the matter before the Judge. Mounce is an appointee of the Whitney Government, and a mix-up of the above nature has been prophesied for some time.

Vestry Meeting. The annual vestry meeting of St. Jude's Church was held last evening, when the most successful reports in the history of the church were submitted by the wardens. The splendid service of Rural Dean Wright, rector of the church, received fitting praise, and the congregation are considering the appointment of a curate to meet the increasing and ever increasing demands on the rector's time.

Church Anniversary. The anniversary tea meeting of Wellington Street Church last night proved a big drawing card, and as a result of the special endeavor made on Sunday and last evening the sum of \$500 was realized in aid of the debt on the church.

Notes. The case against Roxy Farrell, a (Continued on page 10.)

COUNCIL HAD HOT DEBATE OVER A WINONA PETITION.

Beverly People Want Return of \$3,000, Good Road Money Spent Elsewhere.

At the afternoon session of the County Council yesterday there were more lively doings, as the result of the visit of a deputation from Salfleet, in regard to the school question. Mr. E. D. Smith presented a petition signed by five people, asking the County Council to appoint a board of arbitration to consider the advisability of making a new school section out of school sections No. 1 and No. 2, in Salfleet township. Mr. Smith pointed out that at present a large number of people had to send their children quite a distance in order that they might attend either of the schools in the sections. What he wanted was another school, that it might make it easier for the children. He stated that he had approached the School Boards of each section, and they were against the building of the proposed school, because it

Heart on Right.

Chicago, April 28.—Coroner's physician H. G. N. Reinhardt discovered yesterday that the heart of Paul Gregzgwiski, who was killed on Sunday night by Tony Fiak, was on the right side of his body. Gregzgwiski was stabbed on the left side, the knife cutting the pulmonary artery, causing him to bleed to death. The verdict of the coroner's jury was that Fiak, although he killed Gregzgwiski in self-defence, was insane at the time, and is now of sound mind. The jury held him to the detention hospital.

QUEEN'S DEGREES.

Hamilton Students Successful In Recent Examinations.

Queen's University degrees and prizes in the faculties of arts, science and education are announced, several Hamilton names being on the list, as follows: Degree of B. A.—Annie S. Hendry, T. A. Malloch, G. D. Ralston. Theology—A. T. Barnard, M. A. Mr. Barnard also wins the St. Andrew's Church (Toronto) scholarship of \$45 in theology. J. L. Mehal, of Jarvis, won the Spence scholarship in theology, and H. T. Wallace, B. D., of Oakville, the Lewis scholarship in theology and the Lewis prize in arts.

WOMAN'S AUXILIARY

Annual Convention Opens This Afternoon at Cathedral.

In connection with the annual meeting of the Niagara Diocesan Branch of the Woman's Auxiliary, a general meeting of the junior branches will be held at 4.15 this afternoon in the Cathedral school-room and a reception takes place in All Saints' Sunday school to-night. The Auxiliary meetings will be held in the Cathedral school-room to-morrow and Thursday, morning and afternoon. On Wednesday evening the Church of England Laymen's Missionary Society will hold a mass meeting in Alexandra Rink and on Thursday evening a mass meeting for girls will be held in the Church of the Ascension school-room.

THE CIGARETTE.

Sale to Minors May be Prohibited In Criminal Code.

(Special Despatch to the Times.) Ottawa, Ont., April 28.—It is not the present intention of the Government to bring in this session any legislation to prohibit the sale and importation of cigarettes as urged in the resolution presented to the House by Mr. Blain. The question of federal legislative action in regard to cigarettes has not been decided as yet by the Government, but it has been suggested that an amendment to the criminal code might be passed providing the sale of cigarettes to minors. At present several of the Provinces have statutes along this line, but if the restriction were incorporated in the criminal code it is believed that it could be made much more effective than it is at present under the provincial laws. If any action is taken by the Government this session it will probably be along this line.

91st Regiment, Attention!

Every member of the regiment should have a swagger stick for next parade. Swagger canes of all kinds are sold at peace's cigar store. Make a selection at the headquarters, 107, King street east.

CLEVELAND BETTER.

Lakewood, N. J., April 28.—Grover Cleveland, who is ill at a hotel here, was reported to-day to have passed a very good night, and to be improving daily.

100 YEARS OF CATHOLICISM.

Imposing Thanksgiving Service at New York To-day.

Immense Procession and Sermon by Cardinal Gibbons.

New York, April 28.—As early as 8 o'clock this morning, hundreds of priests and dignitaries, thousands of men, women and children, were on the way to St. Patrick's Cathedral to join the imposing thanksgiving services in honor of the completion of a hundred years of Catholic progress in New York. While the services did not begin until 11 o'clock, the cathedral was filled to overflowing long before 10, there being fully 6,000 persons gathered in the beautiful edifice and as many more on the outside.

Headed by a deacon bearing aloft a processional cross, the clergy and prelates who participated in the ceremony marched in solemn procession from the Cathedral College in Madison avenue to the main entrance to the Cathedral in Fifth avenue, and thence up the long aisle into the spacious sanctuary. First in line were the leaders of the church in America, followed by their head and America's solitary representative in the Sacred College, Cardinal Gibbons. The last personage in the procession, the celebrant of the mass, was Cardinal Michael Logue, from Armagh, Ireland. The mass began promptly at 11 o'clock. Cardinal Gibbons preached a long sermon, in which he reviewed the history of the faith in New York. A message was received from Pope Pius X., congratulating Archbishop Farley and the Catholics of New York.

WAGES REDUCED.

Ten Per Cent. Cut in Cotton Mills Next Monday.

The general reduction in the wages which has been brought into effect in the cotton mills of the United States and Canada has reached Hamilton. In the mills in the Eastern States a reduction of 10 per cent. and in some cases a little more, went into effect some weeks ago, and it is understood that it will cover the two countries. Notice has been posted up in the mills of this city that, beginning on Monday next, May 4th, the reduction will go into effect here. It will be nominally a 10 per cent. cut, but really figures out only 9 per cent. on the average. It means that the wages are reduced to the figures they were at one year ago, before the last increase went into effect. It is not expected that there will be any objections. The local companies have been keeping their mills running throughout the winter, with the exception of three weeks in the case of the Canadian Colored Cotton Company.

SENTENCED TO HANG

Rochette, Who Poisoned His Wife, to Die June 27th.

Quebec, Que., April 28.—The verdict of the jury in the case of Omer Rochette was rendered at 10.30 o'clock this morning. Rochette was found guilty of having poisoned his wife on the 17th of November last, and was immediately condemned to be hanged on Saturday, June 27, at 8 o'clock a. m., at the common jail of the district. Mr. Green-shield, who had objected to certain parts of the charge made to the jury yesterday, by Judge Cross, made a motion for a suspension of the sentence, but did not succeed. Asked if he had anything to say against the verdict before the sentence, Omer Rochette, who did not seem to be the least moved, replied that he had nothing to say. The court was crowded and the verdict was a surprise, because the general opinion was that the jury would disagree. The case may go to appeal.

KILL ARMENIANS.

Brief Bloodcurdling Story of the Deeds of the Cruel Kurds.

Tiflis, April 28.—Reports of an alarming nature have just been brought in here. The Kurdish population of the Armenian provinces bordering on Russia have become aggressively active and are indulging in disorder and massacre. The Armenian population is fleeing into Russian territory.

WIDOW WON.

Fraternal Insurance Cannot be Willied Away From Her.

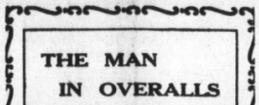

Ottawa, April 28.—Regis Cardinal took out \$1,000 insurance with Union St. Joseph in Canada in 1870 and designated that it should go to his widow, then his children, and in default to those heirs designated by him. He died in December last and had willed this insurance to his sister. The widow sued for the amount under the original certificate. Local Master Scott decided in her favor. He holds that the Ontario Insurance Act provides that when a man designates his widow or children as his beneficiary he creates a trust in their favor, the benefit of which a member cannot take away. The widow and children belong to a preferred class as well as the father or mother.

Dog Fanciers

Will be pleased to learn that there is one place in Hamilton where they can procure a full line of dog remedies. Messrs. Parke & Parke, druggists, carry a full line of Glover's dog remedies, Spratt's dog remedies and a line of Kopp's dog capsules. They have a little booklet on dogs, free. If you are interested in dogs, call and get one.

Great Gale

Detroit, April 28.—A Detroit News' special from Houghton, Mich., says: Lake Superior was swept yesterday by a gale which attained a velocity of sixty miles an hour, and was accompanied by a foot of snow all along the southern shore. The freighter S. C. Reynolds, of the Mutual Transit Co., is several hours overdue from Duluth, while the Gratiwick should have reached here from Chicago. Both steamers are undoubtedly sheltering.

THE MAN IN OVERALLS

If the county overdraft is anything like the city overdraft it will soon eat its head off.

The Laborers' Union has no use for a trenching machine.

We should all be thankful that we are not living in a country of frost and snow like the old country.

I agree with Ald. Farrar. There is too much waste paper and other rubbish around the streets, and look at the alleys.

Mr. Turritt says Mr. Barker's slander factory is a hot air concern.

I hope the Liberals of North West are looking carefully after Mr. Thompson's interests. They should not be neglected.

To get an accurate and clear view of the political situation, read the Times. No other paper suits you just as well.

Most everybody is pleased with our two candidates. Able, clean men, and a credit to the city.

If Cyrus Birge is "it" he will be able to tell us how he and his association lured the mechanics over from Great Britain.

Chairman Sweeney is hereby informed that a portion of the retaining wall in the Jolly Cut has given way, and the whole thing is in danger of tumbling down the hill. Has the City Engineer seen it?

I don't think that Col. Hendrie's money will save him this time.

If there is to be a procession at the unveiling of the Queen's statue, the Sausucker could be used as one of the floats.

I don't hear much about the unemployed now. Has they all got jobs?

Evidently Mr. Zimmerman made out such a good case for himself that the Spec. had to let it go at that.

See if you can't do something to help Mr. Wardrope and Mr. McLemont. Every little helps.

The fact is the Mayor does not want Cataract power at any price.

The Spec. didn't give Dr. Carr a look in last night. Is the doc. out of the running before even the race starts?

If the county is to run up overdrafts like that it will be over the hill to the poorhouse with it.

Fifteen years or so ago John Hoodless' name would have been one to conjure with.

My friend, Mr. Thompson, ought to come out right side up in the North Wentworth battle.

I told you the Mayor would be mad at Mr. Hawkins for making that offer. He is a real hydro-phobist.

How is it that the Herald butts in and makes trouble for first one church and then another? No one can tell the harm it has done by its last night's gab.

If you want to know how to take care of your home plants, hear Mr. Hunt at Board of Trade rooms to-morrow afternoon.

DEATH OF DR. WILLOUGHBY.

Died This Morning at His Residence In Colborne.

Was Minister Without Portfolio In Whitney Cabinet.

HON. DR. WILLOUGHBY. Brighton, Ont., April 28.—Hon. Dr. W. A. Willoughby, M. P., of Colborne, passed quietly away at his residence in Colborne at 5 a. m. to-day. The doctor had been ill for some time, but hopes for his recovery had been very slim. The doctor had presented East Northumberland in the Local Legislature for many years, and for the last four years had had a position in Mr. Whitney's Cabinet. Dr. Willoughby was a staunch Conservative, but had hosts of friends on both sides of the House, who will keenly feel the loss of a genial friend.

The Hon. William Armon Willoughby, M. D., was born in the Township of West Gwillburg, County of Simcoe, on Feb. 2nd, 1844, of Irish-English parents. He was a member for eight years of Colborne Municipal Council, seven years reeve and for twelve years member of School Board. He was Warden of the United Counties of Northumberland and Durham, 1884. Surgeon Lt.-Col. of the 40th Bat. He was unseated at the general election of 1888, and was an unsuccessful candidate in 1888. But upon the death of the then sitting member he was successful at the polls. He was re-elected in 1890 and 1894, was unseated in 1898, but again elected in 1902 and 1905. He was appointed Minister without portfolio in the Whitney Cabinet on Feb. 8, 1905. He was unmarried.

TWENTY-THREE LOST

In the Collision of the St. Paul and the Gladiator.

London, April 28.—Two more bodies have been recovered from the wrecked Gladiator, and the admiralty announces that the names of 23, already given, completes the list of missing. The St. Paul's cargo is being transferred to the White Star Liner Teutonic, preparatory to placing her in dry dock. American nine officers are preparing a statement of the disaster. The chief steward of the St. Paul has sent a magnificent wreath, on behalf of the stewards, to Portsmouth, as a token of sympathy for the lost bluejackets. A rumor was circulated last night that the St. Paul had been arrested at the instance of the Admiralty court, but this proved untrue. The Admiralty is competent to order the arrest of a vessel in a suit for damages sustained in a collision, but it is doubtful if this will be done, as the Admiralty has always been chary of submitting itself to the jurisdiction of courts. Many knotty legal points would arise in the event of either party to the collision suing for damages, but the matter is still in abeyance.

M'DONALD HANGED.

Cut Wife's Throat For Corresponding With Another Man.

Pittsburg, April 28.—William McLeod McDonald, alias Smith, of Gosport, Eng., was hanged here to-day for the murder of his common law wife, Mrs. Bessie Hyslop, whose throat he cut with a razor on Sept. 15th, 1907, upon discovering that she had been receiving letters from a man in England.

WRIT ISSUED.

Kerr & Thomson, acting for E. Riger, have issued a writ in the High Court against James Morrison, for \$1,000 damages for misrepresentation, whereby the plaintiff was induced to enter into a contract with the defendant. Mr. Riger also asks for damages for breach of contract made by the defendant to supply him with work.

DUKE BURIED.

Dampierre, France, April 28.—The body of the Duke de Chaulnes, the young French nobleman who was married a few months ago to Miss Theodora Shonts, of New York, and who died suddenly in Paris last week, was interred at the Chateau de la de Chaulnes family here to-day.

SILVERSTEIN DEAD.

New York, April 28.—Selig Silverstein, the anarchist who attempted to throw a bomb into a group of policemen in Union Square several weeks ago, and was injured by the premature explosion of the bomb, died in the Bellevue Hospital to-day. He had been a prisoner in the hospital.

Percy McDonald passed successfully in the recent McGill University examinations, taking first class honors in several subjects.

TAKING NO CHANCES AS TO ROAD WORK.

Destroyer Sunk.

Harwich, Eng., April 28.—The British torpedo boat destroyer Gala was cut in two and sunk early this morning off Kentish Knock in the North Sea by the scout Attentive. The torpedo boat destroyer Ribble was also involved in the collision, and returned to Sheerness with two compartments full of water. The flotilla was engaged in night manoeuvres when the accident occurred. Engineer Lieut. Frank A. Fletcher, of the Gala, who was in his bunk at the point where the destroyer was struck, went down with the vessel. There was no other loss of life.

WANT A CANADIAN

To Instruct Natives of St. Helena in Fruit Growing.

Mr. Alfred Moseley, who is in Canada arranging for a trip of Canadian teachers to England, has interviewed Mr. E. D. Smith, Winona, with reference to an instructor to be sent by the British Government to St. Helena to instruct the natives in fruit growing. It is the intention of the British Government to build up a new enterprise by encouraging fruit growing and the establishment of canning factories, to can fruit and vegetables for the South African trade, and a Canadian is desired as an instructor.

OPERATED ON.

Lieut. W. H. Seymour in Hospital With Appendicitis.

Mr. W. H. Seymour, 98 Victoria avenue south, district agent of the Imperial Life Assurance Co., President of the Tiger Football Club, and lieutenant in the Ninety-first Highland Regiment, was taken to the City Hospital this morning from his home, suffering with appendicitis, and he was put on the operating table at noon. He attended a meeting of the 91st Athletic Association last night, and was rather late in getting home. He was seized during the night with pains, and this morning his removal to the City Hospital was ordered by Dr. Rennie, who was called in. This afternoon the doctor stated that Mr. Seymour is in an improved condition, and would likely recover.

VALUABLE LECTURES

In Connection With the Hamilton Horticultural Society.

The two-day horticultural institute under the direction of the Provincial Department of Agriculture and the auspices of the Hamilton Horticultural Society opened in the Board of Trade rooms this afternoon. In connection with the institute an illustrated lecture will be given in Association Hall this evening by J. Horace McFarland, President of the American Society of Civic Improvement, one of the most noted civic reformers on the continent. The lecture will be well worth hearing, but no admission fee will be charged.

BAIL OF \$1,000

For John Swallow, Accused of Criminal Assault.

Judge Monck this morning fixed the bail of William O'Connor, charged with purse snatching, at \$500, with two sureties of \$250 each. In the case of John Swallow, charged with criminal assault on Hazel Winn, Mr. Washington, Crown attorney, said the bail would have to be high. His honor fixed it at \$1,000, with two sureties of \$500 each. Mr. M. J. O'Reilly appeared for both the accused.

CUT THROAT WITH RAZOR WHILE IN BARBER SHOP.

Charles Kelly, a Collector, Apparently Tried to End His Life This Morning.

Charles Kelly, an American, who for some years has been collector for the Kuntz Brewery Co., cut his throat this morning with a razor in the Commercial Hotel barber shop, for no apparent reason, giving himself two gashes, one on each side of the neck. The police are of the opinion that there was nothing accidental about the affair, and that Kelly did it with the intention of killing himself. He boarded at the Commercial Hotel, and this morning he went to the barber shop and was shaved. He left then, but returned shortly. He had his hair cut, and after the job was finished sat in the chair a while, waiting. The two barbers had turned away, and when one of them happened to look around a few minutes later he saw a bloody razor lying on the stand in front of the chair and a stream of blood running from Kelly's neck. "What have you done?"

City Taking Photographs Along Car Line

In Preparation For Appeal to Board.

Dr. Roberts Justifies Smallpox Expenditure.

Although it is hoped something may be accomplished when the conference committee meets President Gibson and General Manager Hawkins to-night the city is proceeding with the asphalt repair work as if the settlement of the street railway question was as far off as ever. The company was notified some time ago that it would be held responsible for all repairs to the roadway along the tracks as a result of the bad condition of the roadbed. Pending the outcome of the negotiations now in progress the repairs close to the roadbed will not be made. Anticipating another appeal to the Railway Board in the event of a settlement not being reached the Board of Works department is gathering evidence. Openings were made at a number of places along the rails to examine the condition of the roadbed and photographs were taken. There is very little repair work to be done aside from the holes along the track. The general repair work was begun yesterday afternoon and it is expected that it will be completed by to-morrow night.

The Building Committee of the Board of Education decided last night not to employ George Hughey, the Boston expert, to install the new heating and ventilating system in the Sophia street school, but to have the architects, Stewart & Witter, who prepared the plans for the new \$30,000 addition, superintend the work. The direct heating and indirect ventilating system will be used. The heating plan will be included in a fire proof plan, the exits being guarded with fire doors. It will be a similar system to the one installed in the Normal school and it is expected will cost about \$7,500.

Building permits were issued to-day to H. D. Hildreth for a brick house on Ontario avenue, near Stinson street, to cost \$2,000, and to C. H. Rieft for three frame houses at the corner of Madison avenue and Cannon street, to cost \$4,000.

City Engineer Barrow says that the rain gauge at the high level pumping station, which keeps a record of the rainfall throughout the year will prove very useful to the city in damage actions. The stone wall supporting the walk leading from Ferguson avenue to the head of the Jolly Cut is bulging out, and Mr. Barrow thinks there is danger of a serious accident unless repairs are made at once. His plan is to cut the walk into the solid rock.

The Building Committee last night opened tenders for the sale of the Mountain avenue school property, but decided to take no action until the next meeting.

Government Inspector Leake arrived in the city to-day in connection with the meeting of the Technical Committee to-night.

Dr. Roberts, Medical Health Officer, said this morning that he had been present at the meeting of the Board of Health last night he might have saved the members a lot of worry over the smallpox accounts. It was the first meeting he has missed in three years. The doctor hinted that he had a few cards up his sleeve for Charles Poble, if he had any further criticism to make about the accounts. "It is easy enough to criticise," said the doctor, "when I am not there. I will be on hand at the next meeting, prepared to answer any of their criticisms. They cannot blame me for spending the money. Every cent of the \$8,000 was authorized."

WHILE IN BARBER SHOP.

Charles Kelly, a Collector, Apparently Tried to End His Life This Morning.

He asked him. "I am just curling my moustache," smiled Kelly. The barbers saw what was the matter and quickly summoned Dr. McEdward and the police. The injured man did not lose a great deal of blood, and his neck was soon sewed up, and the flow of blood stopped. He had not lost consciousness at all, and after he gashed himself he sat quietly in the chair, waiting for death. At the City Hospital it was announced that Kelly was not seriously injured and would recover. Mr. Kelly is a widower of between 40 and 45 years and has two children who live with relatives at his old home in Pittsburg. Friends hint that words with a young woman with whom he has recently been keeping company may have been the cause of his rash act. Mr. Kelly has always had the reputation of being steady and reliable, and his accounts are said to be all right.

THE HAMILTON TIMES TUESDAY, APRIL 28, 1908.

GUARD THE CITY'S INTERESTS.

Mayor Stewart somewhat condescendingly says that he cannot take any notice of the statement made in the newspapers by Mr. Hawkins offering the city power at 10 per cent. less than the Hydro Commission, and expressing a willingness to leave to the Ontario Railway and Municipal Board any matters of difficulty as to the estimates of cost of transmission, but, if Mr. Hawkins will put the offer in writing, he might consider it. The Mayor's tone, judging by his remarks as given in his organ, indicates that he is not a little offended at having such an "unbusinesslike" offer, meaning a saving of more than \$100,000 on every \$1,000 to the city, made when he had hoped to have committed the city very soon to this 30-year monopoly at a price so much higher. But it is very kind of the Mayor to give way to the extent of allowing the Council even to consider a matter of so much importance to the city. Now, if the Mayor wishes to show that he has the city's interest, and not that of those who are behind the Hydro-Electric scheme, at heart, he will openly demand that before it receives further consideration, the 30-year term and the monopoly clauses be stricken out of the Hydro-Electric contract, and the municipalities joining in it be given a preponderating voice in the management of the entire matter. That much Mayor Stewart owes as a duty to the city which he is supposed to represent; and we submit that he owes a greater duty to it than to Hon. Adam Beck or his scheme. No selling out the city to a 30-year monopoly. And, by the way, if the Mayor gets that offer from Mr. Hawkins in writing, he or the aldermen should see that it is not kept from the Council and the public for months, or perchance, left to the Hydro-Electric Commission's engineer to construe as he will. If the Mayor will not put the city's interests first, the aldermen should act.

SOME RAILWAY FIGURES.

The Grand Trunk Railway is adding largely to its motive power and rolling stock, in addition to the large order placed some time ago, and which has now been delivered. Fifty more locomotives have now been ordered, and will be turned out at the rate of about four a week. Twenty-four new passenger coaches, and a lot of baggage and express cars, are also being built. The opening of the Grand Trunk Pacific between Winnipeg and Saskatoon is looked for in June next. It may be interesting to note that in the last half year 45 freight engines were built, besides 6 ten-wheeled passenger engines, and 10 switch engines. No fewer than 921 cars of various kinds were added to the company's equipment of rolling stock. The traffic statistics show that in the half year 6,291,296 passengers were carried, an increase of 245,325 over the same half year in 1906. There was a great increase in freight and live stock carried, the tonnage being 8,881,341 as against 8,318,075 for the corresponding half year of 1906. The mile tonnage carried was 1,710,193,134, and the average rate per ton per mile received by the railway on the entire freight business was 67-100 of a cent, exactly the same as in the corresponding half year. The working expenses, including taxes, amount to 70.32 per cent. of the gross receipts. There was an increase of train mileage of 581,682, making a total of 10,525,322.

WHY THE FUNK?

The Tory organs are seeking to keep alive the embers of their timber limit "scandal" by alleging that the Liberals encouraged a certain bank manager in his refusal to produce a record showing the dates of the cheques issued by Mr. Burrows in connection with his tenders for timber limits. The facts are quite simple. The bank manager informed the Public Accounts Committee that the cheques drawn by Mr. Burrows were then in that gentleman's possession and would give the information desired with more certainty than any bank record. He very naturally objected to place before the Committee the books of the bank, thus revealing many other persons' business affairs. Mr. Burrows was at that time in the committee room waiting to be sworn, desirous to give evidence, and ready to produce the documents. But did Ames, Bristol and the other members of the slanderband, who professed such a burning desire to get at the facts, call Mr. Burrows and examine him? Not a bit of it. They had heard Mr. Turriff and his secretary testify, and they had no desire to admit any further evidence of the facts. They wished to save at least a remnant of their toilsomely worked up "scandal" for purposes of insinuation and suspicion, and to allow Mr. Burrows to tell his story and to put the documents in evidence would be fatal to that object. And so they moved that the inquiry be closed, and the evidence reported to the House! This little game did not succeed, thanks to Liberal opposition, and Ames and his crew will not be allowed to get off so easily. What thinking people will ask is, why, with Mr. Burrows in the room, having the documents on his person, and being willing to produce them, the scandal hunters should seek to avoid hearing his evidence.

WHITNEY'S INCONSISTENCY.

Mr. Cocksbutt, M. P., of Brantford, is one of the jack-in-the-box critics who occasionally inflict their pointless wit and reasonless argument upon the long-suffering members. There is a suspicion that feeling the inadequacy of some of his qualifications as a public man, he itches to be known for his much speaking. On Thursday he indulged in an attack on a statement made by the Minister of the Interior, Hon. Mr. Oliver had asserted, buttressing his statement with an overpowering array of facts, that for every man out of work now, there were 10 out in 1896. Mr. Cocksbutt asserted quite the contrary, and proceeded to contend that this was largely the result of the Government's immigration policy, and the system under which selected farm immigrants bring a bonus to the booking agent. When Mr. Cocksbutt sat down he had the air of one who enjoys the virtuous satisfaction of having performed a great and meritorious act. Perhaps it so seemed to Mr. Cocksbutt; but, alas, there was a marplot, as there so frequently is, to disturb his self-satisfaction. Mr. Smith, of Nainaimo, heartlessly accused the Brantford statesman of gross inconsistency. He drew the attention of the House to the fact that his records showed that Mr. Cocksbutt had, only two years ago, backed up an application for the assistance of the Government's immigration department in securing an influx of mechanics and workmen into the city of Brantford. Only a year ago, Mr. Cocksbutt had strongly pleaded for greater activity on the part of the immigration department, complaining that too many of the newcomers were passing through Ontario, and making for the west. Today Mr. Cocksbutt had made a complete volte face, and from contending that the Government was not sufficiently active in bringing in immigrants—including mechanics and artisans—and keeping more of them in Ontario, was denouncing it for encouraging immigration, and blaming it for the temporary labor congestion experienced in some quarters, consequent on the monetary stringency. Mr. Smith's exposure of Mr. Cocksbutt's inconsistency and unreasonableness left the Brantford man in a condition of speechlessness. The House well remembered this Mr. Cocksbutt was a prominent member of the Canadian Manufacturers' Association, which has never ceased to charge the Government with unfairness in refusing to encourage the immigration of mechanics and artisans, and which has on occasions even presented statements showing that a host of mechanics was actually needed to man its staffs. Now let Mr. Cocksbutt square himself.

EDITORIAL NOTES.

The City Council has decided to confer with the Cataract Power Company re power. The Mayor is not any too pleased. Rev. D. C. Hossack's letter on the in-gratitude, shortcomings and perfidy of Whitney makes good reading. He tells how the Premier sought and obtained the assistance of the Liberals to place him in power and then returned evil for good. Whitney is described as a bad actor. Since 1903 the increase in the expenditure of Ontario, under Whitney, has been about 60 per cent., while in the same period the Dominion expenditures have increased only 38 per cent. And it will not be pretended for a moment that the expansion in Ontario has been anything like that in the Dominion at large. Whitney is out with a long statement in excuse for his violation of his boastfully announced "principle" of refusing aid to railways, as illustrated in the C. N. R. guarantee of \$2,500,000 bonds, and a huge railway grant of land. Summed up in a few words, his excuse is that MacKay and the Opposition should be visited with the entire blame because they failed to prevent this Government measure becoming law. Perhaps this may satisfy the Province—perhaps. The Ontario Educational Association declared against Whitney's partial matriculation, opposed the "approved schools" plan, condemned the proposal to do away with the entrance examination, and resolved that arithmetic and grammar should be restored to the list of examination subjects for matriculation. Now how much of Whitney's blatantly announced "educational reforming" has the association left uncondemned? The Toronto News is shedding much ink in the effort to prove that A. G. MacKay, and not Premier Whitney, should be blamed for that much-lauded but short-lived measure to penalize rural trustees not conforming to a minimum standard of teachers' salaries. It cites the fact that Mr. MacKay suggested "that a special premium be paid to experienced teachers as an inducement for them to remain in the profession." It seems to take that as conclusive evidence that MacKay is to blame for Whitney's entire coercion bill! Why did he so delude the poor man? Think He is Here. (Brookville Times.) Moir, the soldier, who shot his sergeant at London, has completely disappeared. He is doubtless in Hamilton. Who is Thaw? (Toronto Star.) Thaw is tired of being insane. He doesn't care for the cooking, the hours, or the entertainment provided. President Roosevelt's programme for the construction of four new battleships was voted down in the Senate at Washington.

RENEWED THE OFFER TO CITY COUNCIL.

Cataract Company Willing to Let Hydro-Electric People be Judge on Its Latest Proposition.

City Council Declines to Furnish Water in Barton Township--Coal Business Again.

Without comment the City Council last night endorsed the Fire and Water Committee's recommendation for a conference with the Dominion Power & Transmission Company, similar to the one held with the Hydro-Electric Commission to consider any offer it may have to make in reference to a supply of electric power. Although power was not discussed the aldermen were in a talkative mood and indulged in flights of rhetoric on other matters until 10 o'clock, when Chairman Bailey was about to move the third reading of the by-law authorizing the Board of Education to issue debentures for \$100,000 and Mayor Stewart discovered there was not a quorum. Alderman Farrar came in out of a side room and the by-law was put through, but a minute later two of the aldermen bolted and the council was obliged to adjourn.

Confirms the Offer.

The letter sent to the council by General Manager Hawkins explaining the Cataract's latest offer and a whole batch of correspondence on the power question was referred by the mayor to the various committees. Mr. Hawkins' letter was as follows: "With reference to what appeared in Saturday's issue of the Spectator and Times in the shape of an interview, a clipping of which is enclosed, I think it is right to say to you that I confirm same and it may be treated as if I had been making the offer to the city direct, but, I may say this much further, that we would be willing to leave to the Hydro-Electric the fixing of the difference between Hamilton and other cities, which should be allowed."

Fought for Barton.

Some gingery dialogue followed an amendment moved by Ald. Farrar and seconded by Ald. Farmer, asking to have referred back this clause in the Fire and Water Committee's report. "That on the advice of the City Solicitor no further requests for a supply of city water in the County of Wentworth be granted at present. The City Engineer and chief engineer of the Beach pump house having reported that we are now pumping to the full capacity of our pumps and that they consider we are on the danger line as far as our water supply is concerned. Ald. Farrar said the question had been up for many years. "And now," he said in amazement, "they positively refuse to give the township people water." Hamilton, he declared, derived a revenue of \$2,500 a year from the sale of water, and had invested about \$40,000 and paid fifty per cent. more than the city people for water. "It seems a most peculiar thing," said Ald. Dickson, "when we have in this council two aldermen who live outside of the city, one of them comes in with a motion which the other seconds to give water to the township. Are they representing the city of Hamilton or Barton township?" inquired Ald. Dickson. "Both," chirped Ald. Farrar. "I doubt very much if they are representing the city of Hamilton," said Ald. Dickson. "They are here pleading for Barton against the Solicitor. If we are here looking after the township's interests I say we should give it water. If we are here in Hamilton's interests I say we should not be in the business of giving to outsiders who move outside the city and into the township to escape paying city taxes."

Those Police Cells.

The question of the cells at No. 3 station, which has been agitating the Commissioners and Markets, Police and Jail Committee, as a result of the statements made by T. H. Pratt, was brought up by Ald. Anderson. He wanted to know if anything had been done yet to improve them. "The cells are as good as they have been in the last fifteen years, no better and no worse," said Ald. Nicholson, who announced that the dungeon was to have its annual spring clean-up shortly. Speaking as one of the Commissioners, the Mayor said he thought that as soon as the city felt able it would build a new police station. "It is a disgrace to the city of Hamilton to have a dungeon down there like that," he said. "I never had any idea that they put people in there." Chairman Nicholson retorted that the committee had taken this view of it for years, and had been turned down with the greatest regularity every time it asked for the money. "It does not cost anything to keep a place clean, and I think the Commissioners should be called to account for not having the cells clean and respectable," said Ald. H. G. Wright. "It is a disgrace to the city of Hamilton to have a dungeon down there like that," he said. "I never had any idea that they put people in there." Chairman Nicholson retorted that the committee had taken this view of it for years, and had been turned down with the greatest regularity every time it asked for the money.

Will Buy Trenching Machine.

The Sewer Committee's recommendation that a trenching machine be purchased, at a cost of \$4,800, was endorsed on a division of 12-8, after a spirited discussion. The Council had authorized the expenditure of \$4,800 for this purpose. Ald. Sweeney took exception to the extra \$800 and buying the machine at all in view of the number of men out of work. From fifty to sixty called on him every day for work. Ald. Sweeney also asserted that the machine would be no use after it completed the sewer annex alone. This remarkably close figuring caused the aldermen to smile. Ald. Jutten said if the committee saved only half the amount it would have the machine to the good. If Ald. Sweeney was so anxious to provide men with work, he might have given them employment scraping the streets, instead of using saws and flushers. Ald. McLaren said the money saved could be spent on road work, giving men employment, and spending the money to better advantage. If Chairman Sweeney was logical in his argument he might as well have three or four men with wheelbarrows as a team to cart earth. The amendment was lost on this vote: For (5)—A. J. Wright, Clark, Sweeney, Gardner, Evans. Against (12)—Allan, Farrar, Farmer, Jutten, H. G. Wright, Anderson, Bailey, Peregrine, McLaren, Lewis, Dickson, Nicholson.

The Coal Business.

The Fuel Committee's report was criticized by Ald. Peregrine, who objected to the clause which recommended doing away with the audit of the tonnage in and out. "Last year," said Ald. Peregrine, "a statement was presented showing a surplus of thirty-one tons of hard coal. The report this year shows a loss of thirty-eight tons, a discrepancy of seventy tons between last year and the present time. I told the Council a year ago that the statement could not be correct, but the Council affirmed the truth of it and only seven aldermen stood up and demanded an audit. I am not saying whether it is right or wrong." He pointed out that coal was frequently stolen from the Cannon street yards, and that the committee, with its manager, Mr. Morgan, had no way of

SCOURS Sinks, Bath Tubs, Enamelware, Porcelain, Kettles, Pots and Pans. CLEANS Painted Walls and Woodwork, Marble Tiling, Mosaic. POLISHES Brass, Copper, Steel, and a n d Nickel. SCRUBS Wooden, Marble and Tile Floors of every kind.

Good Shoe Business

We are doing a grand Shoe business these days, but, taking into consideration the STYLE, QUALITY AND PRICE of our large stock, it is but natural that we should do the business. Our Easter business was thirteen per cent. ahead of last season, and last season was the largest on record up to that date. From all parts of the city the people came to this store for their Shoes. They know that we keep the NICEST STYLES, and that they will get a square deal in this store, where the price is marked in plain figures and only one price is asked or accepted.

About Prices Laces and Dressing It is impossible for us to describe all styles and quote all prices. We handle the leading styles in American and Canadian makes, and the prices range from \$1.50 to \$5.25 for Women's, and \$2.25 to \$7.50 for Men's. OXFORDS AND PUMPS—Our Oxfords and Pumps are made on lasts specially made for such shoes—and that's one reason why they are such perfect fitters. To save expense, some manufacturers make Oxfords on the same lasts as used for high laced shoes, which is the cause of so many ill-fitting Oxfords and Slippers. CHILDREN'S SHOES—We have a very complete stock of Children's Shoes. In fact, very much better than we have ever had in previous years. In laced shoes, buttoned Oxfords, Ankle Ties and Barefoot Sandals. Bring the children with you and have their feet properly fitted. SHOE FINDINGS—The best of everything in Findings at this store, such as Shoe Trees, Polish, Shiners, Laces, Bunion Protectors, Arch Supports, etc. Every person should have one or more pairs of Shoe Trees, our price 50 and 75c. J. D. CLIMIE, 30 and 32 King Street West

C. P. R. TROUBLE.

Western Railwaymen Will Try Lemieux Act. Winnipeg, April 27.—The mechanical unions of the C. P. R. have applied for a Conciliation Board under the Lemieux act, covering the disputes between the company and their organization, and have named Mr. James Somerville, second vice-president of the Machinists' Union, Toronto, as arbitrator. The Canadian Northern and its mechanical unions are still conferring over the working agreement, and to-morrow the Men's Committee will meet General Manager McLeod. It is anticipated that the men will follow the lead of those on the C. P. R. and apply for a Conciliation Board. MORNING COUGH, BAD BREATH, PROVE CATARRH IS ACTIVE. Act To-day—Prompt Measure May Keep the Germs From Your Lungs. We have yet to hear of a case of Catarrhal Trouble, Bronchitis, or Asthma that failed to yield to Catarrhine; its success among the people of many nations has been phenomenal. No remedy could accomplish so much without truth. Miss Counter, of Windsor, Ont., says: "I contracted a heavy cold that settled on my lungs and resisted all treatment. After I had tried several doctors here and specialists in Detroit without benefit I went to my druggist Mr. D'Avignon and asked him for the best remedy he had for cold on the lungs. He recommended Catarrhine which cured my cold in one week. It brought back my voice, and I have ever since been free from my old trouble. For coughs, colds and lung trouble I am sure that Catarrhine is the best remedy. It goes right to the sore spot, gives quick relief and makes a lasting cure." (Signed) M. Counter. Get Catarrhine to-day and you'll be cured—all dealers sell it, 25c, 50c and \$1. The latter being guaranteed. Cars Blown From Track. Chatham, April 27.—A serious wind-storm visited this vicinity last evening, causing considerable damage. Fences were blown down and other damage resulted. At St. Joachim, which is situated a few miles west of Chatham, on the C. P. R., eight freight cars were blown from the siding and fell across the main line. Traffic was delayed for some time.

A TRAGIC SUICIDE.

Woman Near Avonmore Shoots Herself to Death. Smith's Falls, April 27.—A tragic occurrence took place near Avonmore a few days ago, when Mrs. Duncan T. Cameron took her own life. She procured her husband's rifle and had evidently placed it with the butt end against the wall, discharging it with a stick while standing directly in front of the muzzle. The charge tore away the greater part of her forehead and death was instantaneous. The deceased was alone in the house at the time except for her little five-months-old baby. The unfortunate woman left a note pinned to the wall telling of her intention to kill herself and asking that her husband be good to their child. The couple had been married but two years.

Honorary Degrees at Queen's.

Kingston, April 27.—The honorary degree of LL. D. will be conferred upon Sir Sandford Fleming, C. M. G., the chancellor for 33 years; Dr. L. Barker, Johns Hopkins University, Baltimore, Md.; Milton T. Hersey, M. A., consulting chemist, Montreal, and Hon. John Charlton, ex-M. P., Lynedoch, Ont., at Queen's convocation on Wednesday. It is also understood that a bust of Andrew Carnegie will be unveiled by the chancellor. Americans are making heavy purchases of pulpwood along the line of the Temiskaming Railway. By a vote of 15 to 7, the Toronto City Council decided not to further appeal the license reduction by law. Mr. C. N. Smith was nominated by the Liberals of Sault Ste. Marie on Monday.

GOOD LECTURE ON ASTROLOGY.

IN REV. J. ROY VAN WYCK'S POPULAR SCIENCE COURSE.

The Sincere and the Fakir Have Had Same Fate in Trying to Lift Veil From the Future.

Last evening Rev. Roy VanWyck, B. A., addressed the Men's Society in the Sherman Avenue Presbyterian Church on "Astrology—the Science of the Stars; the Art of Applying Astronomy to Human Affairs." Men thought of old, and a few deluded ones still think, that by a study of the stars they could predict and calculate the course of natural phenomena.

PAN-ANGLICAN CONGRESS.

To the Editor of the Times: Sir,—The following information taken from the Living Church will be gratifying to all your readers who are members of the Church of England.

Preparations made for the Pan Anglican Congress to be held in London in June are very elaborate. The general committee asks the press to co-operate in spreading the request that in every church throughout the Anglican communion there should be special intercession for the congress on Trinity Sunday.

A single diocese in Australia, £4,000; the diocese of Fredericton, N. B., by no means the wealthiest or largest of the Canadian dioceses, £4,000; the diocese of Huron, £4,000; the diocese of Pretoria, £3,000; a rural archdiocese in England, £5,000; the diocese of Truro, £5,000; several home dioceses, £10,000 each; the borough of Portsmouth, £1,000; a country town of 3,000 people in England, £800; a working-class parish in Woolwich, £1,000; a country parish of 400 people, £100; a Yorkshire village, £50.

The diocese of Melanesia is selling native curios for its thank offering. A single mission among the poorest of the blacks in the Bahamas has raised 5 guineas. The above is a cheerful reading. It is quite gratifying to see that the spirit of the age is raising or have raised more than half a million dollars. May we not, therefore, reasonably expect that the thank offering presented by the 250 dioceses of the church will be a noble offering, and with such enthusiasm and zeal displayed may we not hope that the offering of men and women for missionary work will be proportionately great?

It is to be hoped that all the bishops of our communion will co-operate with the general committee and appoint that special intercession for the congress be made in every parish in their dioceses on Trinity Sunday.

TRUTH OF THE SABBATH DAY.

To the Editor of the Times: Sir,—I see through the columns of your valuable paper a sermon preached on Sunday observance in St. Andrew's Church. Now, I would like that minister to tell me, through your paper, why he calls "Sabbath" and "Lord's Day."

Why I say that, there is not one place in the Holy Bible that says the first day of the week is the Lord's Day. But I see he forgot, but I should not say so, because he knows that Saturday is the Sabbath, and it was never changed, until Constantine the Roman Emperor, changed it. A. D. 321. Gibbon's history of the rise and fall of Rome, in the Library, tells us so, and I say the people ought to be told so and not "receive the mark of the beast," as given in Revelation xiv. 11, and I might say the whole verse you will see these words, "These are they which keep the commandments of God and the faith of Jesus." Now the fourth commandment is broken, and if the reverend gentleman would go to any Catholic priest in the city he would find out his mistake. They rather boast a telegram was received from Louis asking that Mr. Levy had died, and asking what disposition should be made of the body. Mr. S. Frank telegraphed back to wait until he had made arrangements.

On the following day he saw Mr. Julius Levy, the President of Bas Jacob congregation, and arranged with him for the burial at the Bas Jacob cemetery on the Waterdown road, for the fee of \$30. No statement was made by Mr. Frank as to the financial affairs of the deceased, nor was that matter discussed in any way or at any time in connection with the affair.

In the presence of Mr. Levy, Mr. Frank then telephoned to his son Archie, asking him to telegraph to Louis in New York, to forward the body here for burial, as the arrangements were all made. The Cemetery Committee of Bas Jacob Church are A. Berg, H. Siderski, Myer Yeretsky and S. Frank. Mr. Yeretsky was present when the arrangement was made with Mr. Levy for the burial for the sum of \$10. Subsequently on the same day Mr. Levy complained about the charge and said that they should receive \$20. Mr. Frank said that he would be satisfied to pay the \$20, and then went with Mr. Levy at his request to Green's undertaking establishment and arranged for the funeral.

On the Thursday morning following, about 8 o'clock, Mr. Levy went to Mr. Frank's house and told him he had forgotten the key of the cemetery. Mr. Frank then went along with him to Levy's house and got the key, which he still has.

The body arrived on Thursday morning at the C. P. R. station at 9.55. Shortly after the body arrived Mr. Frank went out to the cemetery, and took out a man with him to dig the grave. When the man started to dig the grave two members of the congregation arrived and tried to prevent the digging. Mr. Frank paid no attention to these men, and went on with his work till the grave was dug.

After the grave was dug Mr. Frank came back to the city, and a friend told him that there were two policemen and some members of the congregation at the cemetery, and advised him not to take the body out. To ascertain whether this statement was true, Mr. Frank drove out to the cemetery grounds about 3 o'clock p. m. He found a couple of city policemen there, and Mr. Julius Levy, the President, and another member of the congregation. One of the po-

OBITUARY.

Death of Mrs. Orton—David Ramsay Will Dead.

The death occurred this morning at her late residence, 16 Florence street, of Mrs. Caroline Orton. For the past two and a half years a resident of this city. She was in her 79th year and was born in France. She was the widow of John Orton, who for many years was the mechanical superintendent of the old G. N. W. Railway. Two daughters and two sons survive. Mrs. G. B. Fraser, Frankfort, Ind., Mrs. C. M. Fitch, Flushing, Long Island, A. T. Orton, city, and H. L. Orton, Lynbrook, Long Island. The funeral arrangements have not been completed, but the remains will be taken to St. Thomas for interment.

The funeral of Mrs. Alice Osborne took place this afternoon from her late residence, 164 Ferris street east and was largely attended. Rev. James Bracken conducted the services.

Solomon Camp passed away on Sunday evening after a lengthy illness. He formerly resided at Crown Point, with his wife and one daughter. He was 48 years of age and a carpenter by trade. The funeral will take place on Wednesday from Green's parlors.

Mrs. Margaret Kennedy, wife of George Kennedy, of Buffalo, died at the residence of her mother, Mrs. White, 97 Cannon street west, after a brief illness. Deceased was in her 30th year. The funeral will take place on Wednesday morning at St. Mary's Cathedral thence to Holy Sepulchre Cemetery.

David Ramsay Will, for some years a resident of this city, passed away at his late residence, Garth street, this morning, in his 40th year. He was born in Scotland and was a moulder. He leaves a widow and three boys. He was a member of the I. O. F., and also belonged to the Moulders' Union. The following are sisters and brothers: James, of this city; Joseph of Buffalo; Mrs. Thomas Thomas, Mrs. John Towner, Mrs. Waddell, Mrs. Jessie Will, Mrs. Thomas Haddon. The funeral will take place on Friday afternoon.

The following were the flowers at the funeral of James Burgess: Pillow, Wife; broken column, family; wreaths, grand-son and Mr. and Mrs. Goulard and family; anchors, Mr. Norman Scott and Mr. and Mrs. Geo. C. Nicholson; sickle, Mrs. P. Warnke; horseshoe, Mr. Fred Thatch-er; sheaf, Mr. and Mrs. Mullin; sprays, Miss Eva Morris, Mr. and Mrs. Joseph Sweeney, Mr. Jos. Bala, Mr. and Mrs. R. H. Felker, Mrs. Shields, Mr. Wm. and Mrs. Fitch, Mr. A. C. Beasley, Mr. and Mrs. Ralph C. Ripley, Mr. and Mrs. T. Saunders, Mr. and Mrs. Eaid, Mr. and Mrs. Will Dore, Mr. and Mrs. L. C. Hill-debrand, Mrs. L. Peters, Mrs. T. Moran, Mrs. James Whitaker, Mr. and Mrs. C. Thuerbeck, Mrs. William Niblock, Mrs. Thos. Carey, Mr. and Mrs. Roach, Mr. and Mrs. J. Cooper, Mr. and Mrs. H. Soper, J. W. Nattenburg and family, Mr. and Mrs. Charles Martin, Mr. Ed. Dore, Mr. and Mrs. J. S. Aikens, family, and Miss Daisy Niblock.

A LADIES' MAN.

R. H. Foster Popular With Companions of Forest.

There was a large attendance of members at the regular meeting of Court Oronhyatka, I. O. F., last evening. Geo. R. Rousseaux in the chair. Two applications for membership were received and two other candidates initiated. The latter ceremony being executed in excellent style by the degree staff of the Court. A somewhat unusual, and yet interesting, event in the history of the Court took place about 9 o'clock, when a delegation of about fifteen ladies representing Companion Courts Ideal and Imperial were introduced, this being the first time in Hamilton that a subordinate Court had been invited by a contingent of the ladies to the business meeting. The visit came entirely as a surprise, and was made even more so when Comp. Mrs. Paterson stepped forward to the platform and presented to Robt. H. Foster, H. V. C. R. of Ontario, a beautiful floral tribute, the same to be transferred by him to Mrs. Foster. The accompanying address gave ample evidence of "Rob's" popularity among the ladies, and complimented him for the energy he had always shown in the work of Forestry in the city and the Companion Courts in particular. Mrs. Foster, who was extended for his elevation to the office of High Chief Ranger of the High Court of Ontario at the next meeting of this body in London, Bro. Foster, in his reply, acknowledged his surprise, and blushingly admitted that he was always ready to be complimented by the ladies. He thanked the visitors for their kindly remembrances of himself and Mrs. Foster. After the meeting a short time was spent in dancing, Bro. John Hulise being at the piano.

MR. COBURN WON.

E. R. Clarkson Directed to Pay \$5,000 Into Court.

Chief Justice Mulock gave judgment yesterday in favor of Mr. H. P. Coburn, of this city, against Mr. E. R. Clarkson, in the non-jury Assize Court. The plaintiff sued for \$5,000, representing fifty shares in the Canadian Oil Company, and \$6,000 damages. According to Mr. Coburn, he was induced to take fifty shares of the company, which was formed to take over the Sun Oil Refining Company, of which Mr. Clarkson was manager, and the Grant-Hamilton Oil Company. Plaintiff claimed that defendant concealed from him that the Sun Oil Company was not on a paying basis. In support of his claim, the plaintiff produced a letter dated Nov. 22, 1903, signed by Mr. Clarkson, undertaking to take over his stock if he should desire to get rid of it.

H. M. VETERANS

Will Take Part in Consecration of Battlefield.

H. M. Army and Navy Veterans held their regular monthly meeting last night. The following were proposed for membership: Sergeant William Kearney, late Royal Horse Artillery, and Pte. William Meek, late 2nd Battalion, Somersetshire Light Infantry. The former was also initiated. The society will take part in the consecration of the battlefield at Stoney Creek, where the British soldiers are interred, on Sunday next, May 3rd. The ceremony will take place at 3 p. m. Bishop DuMoulin will officiate. All veterans are requested to be present.

ONE OF THE BEST.

There is no end of information about newspapers in the American Newspaper Annual (published by N. W. Ayer & Son, Philadelphia, \$5.00 net), the 1908 edition of which is just out. Catalogued in simple tabulated form are the facts one needs in dealing with newspapers, with particular attention to circulations, which are all given in plain figures. There are supplementary lists of daily newspapers, magazines and class publications. A colored map of each State is bound in the book. It also contains the Advertiser's Telegraph Code, compiled especially for the use of the publishing interests and filling a long-felt want in this direction.

The following Hamilton cases came up at Osogode Hall yesterday: Re Daniel Dymont.—J. Dickson, for executors, moved for order declaring construction of will. W. E. S. Knowles, for the widow of Daniel Dymont, F. W. Harcourt, K. C., for the infant, through misapprehension, no one appeared for Grace Dymont. The court was of opinion that the revenue from the farm should be sufficient, and that no larger sum should be asked, but if on commencing this to counsel for Grace Dymont he is not satisfied, motion may be spoken to again on Thursday next.

Re Booth.—J. Dickson, for widow, moved for order for payment out of certain moneys in court. A. C. Beasley for other parties interested. Order granted. Re Curran and Brantford and Hamilton Electric R. W. Co.—J. G. Farmer, for the life tenant, vendor, moved under the Vendors' and Purchasers' Act to have it declared that the vendor can make a good title to certain lands sold to the railway company. J. Dickson for the railway company, F. W. Harcourt, K. C., for the infants. By consent of the parties the motion was turned into a motion for payment into court under the Railway Act; and order made that vendor can make a good title to the land in question; the purchase money \$325 to be paid into court; the accrued interest to be paid to the life tenant, and subsequent interest to be paid to the infant from time to time. Costs (fixed at \$75) to be paid by the railway company. Motion to be without prejudice to whatever rights life tenant may have in the balance of the lands.

There are eleven electrical weighing and packing machines in the "Salada" Tea Company's Toronto warehouse. A single one of these machines, that packs pound packages exclusively, turned out last year considerably more than one million pounds of "Salada." This single machine, therefore, packs sufficient tea to supply each family in Canada with one pound annually. The space it occupies is only six cubic feet.

Four Spring Coat Specials

Day after day this store presents exceptional opportunities for careful and particular buyers, but seldom have we been able to make such a splendid offer as we do in the following four nobby lines of Women's Spring Coats.

Special at \$6.00: Nobby Coats of check and stripe fawn cover cloth, made in a two-button cutaway style, shaped back, with vent, coat collar, one top pocket, full sleeves with fancy self cuffs. Very stylish, well tailored and perfect fitting. Splendid value at \$6.00.

Special at \$7.50: Stylish Coats of covert cloth in plain stripe or check effects, in fawn shades; loose, semi-fitting or tight-fitting models, collarless or with coat collar and lapels, self strapped; some have collar and cuffs trimmed with velvet. Beautifully tailored. Price only \$7.50.

Special at \$8.50: Swagger styles in striped and plain covert cloth, 30 inches long, semi-fitting, mannish collar and lapels, wide welt seams; some have self strappings down front and back; Gibson shoulder; fashionable sleeves. Splendid value at only \$8.50.

All That is New in Millinery

Our Millinery Section is brimful of enthusiasm these days, and the really beautiful Trimmed Hats with which it is stocked, and the decidedly good values that we are offering have greatly added to the immense popularity of this section.

Never before have our customers been so thoroughly pleased and satisfied with the store's millinery as they are this season, and our popular and up-to-date method of conducting this department has brought us scores of new customers.

This week the stock has been replenished with dozens of the very newest and noblest ideas in Trimmed Hats, and those who have yet a selection to make are almost certain of finding here something exactly suitable to their taste.

New Panama Sailors, untrimmed, very smart style and particularly light for summer wear; price only \$2.50. Plain Sailors with bands, white and black, according to style \$7.00. Children's pretty Sailors, in cunning little mushroom shapes, in rough straw, also fine Milan sailors, with rolling brim, according to style, \$0.50 to \$1.50.

Untrimmed, "Merry Widow" shapes in blue, brown, Tuscan and white, according to quality from \$0.50 to \$3. Dress Shapes, untrimmed, \$1.50 up to \$2.50. Dress Hats, trimmed in beautiful colorings, with flowers and mounts, prices from \$4.50 up to \$10. Children's Trimmed Hats, mostly flop shapes, childish styles, from \$2.40 up to \$4.

Excellent Shirt Waist Specials

The following lines will be offered at these special prices to-morrow only, and should prove an incentive to liberal buying.

AT \$1.25—One of the several styles at this price, made of white lawn, pretty front of alternate rows of embroidery and lace insertion, half inch tucks to yoke depth, extending to shoulder seams, tucked and lace trimmed Kimono extension over shoulder, tucked back, 3/4 sleeves, neat collar and cuffs edged with fine lace. Special for to-morrow at \$1.25.

AT \$1.49—Twelve different styles at this price, including fancy embroidery, white muslin with black spot, plain tucked waists and Dutch neck waists with a fancy shaped embroidery yoke, finished with lace, with gathered fluted below, tucked back, 3 sleeves, choice of this lot at the exceedingly low price of \$1.49.

STANLEY MILLS & CO., Limited

FINCH BROS. 29 AND 31 KING ST. WEST

HURLED THROUGH WINDOW. Gas Explosion Destroys a Hotel Near Atlin, B. C.

Atlin, B. C., April 27.—The Gold House, the largest hotel at Discovery, three miles from here, was burned to the ground early this morning. The loss is \$10,000, outside of \$2,500 in bank notes, which could not be saved. It is considered a miracle that no one was killed. The fire was caused by an explosion of the acetylene gas plant. Guests who had just left the breakfast room were hurried through the windows by the impact of the explosion, but all were able to pick themselves up, little the worse for their exciting experience. The fire spread with such rapidity through the frame structure that the building was wrapped in flames before any organized effort could be made to fight the blaze.

Advertisement for Horn-Kinks, featuring an illustration of a man eating. Text: 'Give your stomach a pleasant surprise by eating HORN-KINKS. The new food of malted corn flakes. It's simply the flaked kernels of hulled white corn, malted and toasted. It's delicious, digestible and different. Full of strength and energy with a flavor that pleases every palate. Ready-to-serve with cream or milk. Ask your grocer. The only Malted Corn Flakes.'

FELLED BY UNKNOWN HAND. Mysterious Assault Committed on Windsor Resident.

Windsor, Ont., April 27.—The police are puzzled over a mysterious assault committed upon Joshua Pierce here late on Saturday night. As Pierce entered his house on Bruce avenue he was struck down from behind in the dark by some unknown assailant, awakening to consciousness several hours later covered with blood. At the hospital it was found there were marks of a terrible beating on Pierce's body. Six blows had been delivered with some sharp-edged weapon, and the skull slightly fractured by a blow on the forehead. Two Yale students have been suspended for shooting needles into a horse which was being driven past their boarding house.

MUSIC AND THE DRAMA

Big audiences greeted the new bill at Bennett's Theatre yesterday afternoon and evening. The evening performance was a benefit one for the employees of the theatre, and some extra attractions were presented. Pupils of Mr. John Hackett presented the popular fantasia, "A Night in Ireland," and Mr. George Beattie, the crack rifle shot, gave an exhibition of his powers with a self-loading hand cannon.

The headliner of the regular bill was Hal Davis and company, who presented an exciting automobile sketch entitled "A Race for a Wife." The sketch was a clever one, the hackneyed subject of marriage being treated in a novel way; the climax is a most exciting one—the racing couple fleeing in a racing automobile, followed by the angry father in a touring car. The auto is on a moving platform, and appear to be going at a high rate of speed. The scenery in the background moves in the opposite direction, and the panoramic effect is fine.

Another capital musical act was given by the variety Brothers and Tenny. The play was a many act one, and was presented on the water-tight stage of a high order. Tenny is a cork musician, and comedian, and added to the pleasure of the act.

Max Art and four colleagues were given hearty applause for their songs. The voices of the quartette are rich and clear, and the popular songs were sung, including "Kilbarney," "Come back to Erin," "The Last Rose of Summer."

Barass Brothers, squibbrists, did a thrilling stunt on the trapeze, and they also did some clever hand balancing. Their work was finished and clear cut, and was one of the best acts of the kind seen at Bennett's Theatre this season.

The engagement of the Dunsmuir English Grand Opera Company in Rossini's best work, "The Barber of Seville," is announced at the Grand to-night. This famous company is headed by Mme. Baldini, who, until recently, has been the headliner of Klaw & Erlanger's advanced vaudeville, especially engaged by their European agent to give her version of "Armen." In presenting "The Barber of Seville" this opera company is making a radical departure from all that has been done in the past, believing that the public will encourage them in their venture of presenting high-class opera on the road. This opera has never been done outside of the two big opera houses in New York city. Mme. Baldini's interpretation of the role of Rosina is considered to be her best, notwithstanding her reputation of "Armen," and in her own country is regarded superior to that of Sembrich, whom the American opera lovers hold unsurpassed. John Dunsmuir, famous for his past work with "The Bostonians," "Sousa" and "The Grand Mogul" company, will be the Don Basilio.

At the Savoy Theatre.

The Savoy management has provided another good bill at that popular play house this week. In addition to the usual vaudeville attractions, the programme includes a delightful musical treat by the band of the Ninety-First Regiment, Milton and Dolly Nobles are the headliners of the regular bill in a clever sketch, said to have been founded on an episode in real life, entitled "Like a Thief in the Night." The playlet of

fers the stars plenty of opportunity for the display of their well known abilities in the dramatic line, and they made the most of many thrilling situations of the piece. Alexander Leonard furnished excellent support. Griff Williams and Vanola Melburn, recent acquisitions of the vaudeville stage from the ranks of comic opera, have an entertaining sketch, "The Minstrel and the Maid," which proved an excellent vehicle for the display of Miss Melburn's wonderful voice. Charles and Vesta Ahearn are comedy cyclists, who do some wonderful stunts on single wheels, wheelbarrows, grindstones and a variety of other articles that can be made to serve the purposes of locomotion. Beside the comedy element, so large a part of their offering, the Ahearns put on some trick riding of an exceptionally high order. The three Mitchells are colored entertainers, who contribute a good singing and dancing specialty, features of which are the singing of baby Mitchell and the wonderful agility of the baby's father, who seems full of springs.

The hit of the night was made by Ed Lang's Gotham comedy, four, in a mixture of music and buffoonery that earned them numerous curtain calls. The vocal efforts of the quartette were especially appreciated. They have lots of new funniness that should add to their popularity here. Miss Lucy Doolan, in songs and dances, and R. A. Wilson with some clever novelty music, furnished the amateur element of the evening.

Irish night at the Savoy to-morrow should draw a capacity house. The entertainment will be of a character calculated to tickle the fancy of the natives of Erin. Bandmaster Stares having arranged a pleasing programme of popular Irish selections. A special big feature will be the act by fifty of John Hackett's pupils from "A Night in Ireland." It is a combination of Irish melodies and graceful dancing sure to delight. St. George's Society is giving an evening on Thursday, which will be English night. The music to be supplied by the band will be especially appropriate. The officers of the society have already secured all the boxes and a large section of the house has been reserved by members of the society. Friday night will be set apart for Scotland. Stirring Highland music will be supplied by the band.

One of the features of the performance to-night will be the presentation by Fred Maddigan, Thomas Naught & Company of the southern drama, "The Kentucky Derby." Hiram Berry, another clever amateur, will sing negro songs.

There has been a big advance sale for the matinee to-morrow. A big feature on Friday and Saturday evenings will be Burkholder's "Daughters of the Empire Minstrels," which was a prominent feature of the Feast of Blossoms entertainment. The Saturday night performance will mark the close of the season at the Savoy and a bumper house is assured.

Royal Alexandra Players. William Sauter, who is manager, and leading man of Royal Alexandra English players, is no stranger here. When he stepped upon the stage of the Royal Alexandra on the opening night an ambition of three years was gratified, for it is nearly three years since he first decided to bring to Canada a company of representative British actors.

At that visit he was a valued member of the company which appeared in support of E. S. Willard, and during his stay he made a host of warm friends as well as numerous personal admirers.

Young William Sauter's dominant characteristic is his young in looks, and youthful in manner, with a boy's vitality and all the inextinguishable charm of early life. But mentally he shows that he is a keen business man, the practical business instinct and the artistic temperament of the actor being happily merged into an exceedingly valuable mental equipment. To Mrs. Langtry must go the credit for starting Mr. Sauter on his professional career. As a member of her company he gained his first experience acting for a season at the St. James in London. Following this came an engagement with Annie Hughes in "Sweet Nancy," "A Bit of Old Chelsea," and other of her successes. His work here attracted the attention of the late William Terriss, and Sauter spent a year at the Adelphi where he played an important juvenile part in "The Days of the Duke." Following this he appeared in "The Pilgrim's Progress," at the

Great 10-days Reduction Sale of household linens

The Right House

"HAMILTON'S FAVORITE SHOPPING PLACE"

Great 10-days reduction sale of household linens

\$26,500.00 worth of linens produce biggest sale ever known in this city

Gigantic sale starts to-morrow with hundreds of thousands of yards and hundreds of dozens of pieces at prices absolutely reduced for ten days: Your chance to save

HOUSEHOLD linens, sheetings and pillow cottons, join in the greatest sale in the store's history. A sale so vast and so extraordinary in absolute reductions that housekeepers, boarding housekeepers, restaurant keepers and hotel men, will at once avail themselves of this unmatched opportunity to secure a full year's supplies at a saving of many, many dollars. Famous for our extraordinary values in good linens we have in recent years developed the Right House linen business into a tremendous turnover aggregating an immense amount. Foreign manufacturers have made us exceptionally low prices to

secure our greatly increased orders. Furthermore these purchases were largely made when costs of linens were much lower than to-day, so that every offering is a double bargain. This tremendous and absolute reduction sale involves weaves and makes in every desirable quality of Irish and Scotch household linens, sheetings, and pillow cottons. You may come expecting greater bargains than were ever possible before. These reductions are from prices already away below regular good values. Sale starts to-morrow and will continue for 10 days only. See window and department displays. A few details:

Table cloths, napkins: Reduced

Immense variety: Some slightly imperfect

HUNDREDS of pure All Linen Table Cloths and hundreds of many handsome patterns. Some of these have slight weaving imperfections—a dropped stitch here or a heavy thread there perhaps. In either case it is hardly noticeable, and will not impair the wear or appearance at all. The former prices were away below to-day's value. These reductions make them double bargains. Immense variety—any pattern or size you desire. We mention a few only:

The table cloths	The table napkins: Per doz.—

Thomas C. Watkins

Olympic, afterwards going to the Princesses for "A Royal Divorce," and thence to the Prince of Wales where he was seen in a piece called "Vida."

Other Shows Coming. Seats will be on sale on Thursday for "Human Hearts," the most popular melodrama that ever played at the Grand, and it is safe to say large audiences will be present on Saturday afternoon and evening.

Interesting feature of "The Red Mill," the big New York musical play from the Knickerbocker Theatre, New York, is the sextette of Dutch kiddies which proved one of the many special introductions in the Blossom and Herbert musical play. The six little girls form part and parcel of an intricate song number and are attired in the picturesque peasant dress with wooden shoes.

Incidental to the great boat race scene in "Brown of Harvard," the college play in which Henry Woodruff will appear at the Grand next week, the Harvard eight appear in regulation rowing suits which admit of a broad exposure of bare legs and arms. These eight young athletes are seen in all their muscular glory which adds realism to the most exciting pieces of stage business.

Mr. Holland's Concert. Association Hall was filled last evening to hear the splendid concert put on by Mr. W. H. Holland and his friends. Needless to say, everyone was heartily encored. Mr. Holland has a splendid bass voice, which he used to great advantage, in his two numbers. Madame Egbert, of Detroit, who is becoming a great favorite here through her excellent singing, again charmed the large audience with her splendid voice. The Maple Leaf Quartette, Hiram Berry, the Johnson family, and Mrs. Duval Rudd scored emphatic successes. Mrs. Rudd was in fine voice, and her song was received with great favor. The programme was:

- Chorus—Good Evening
- Johnson Family.
- Song—Selected
- Madame Egbert.
- Chorus—Glory in My Soul
- Johnson Family.
- Song—My Tennessee Tessa
- Hiram Berry.
- Song—Deathless Army
- W. H. Holland.
- Chorus—How Do You Do?
- Johnson Family.
- Song—Selected
- Madame Egbert.
- Chorus—Good Night
- Johnson Family.
- "The Great Divide."
- The much-talked-of western drama, by V. Moody, "The Great Divide," was presented at the Grand last night before a fair sized audience. For a western play the action was slow, but the plot is no ordinary plot and the dialogue is very clever and bright in spots. The play treats of the mutual relations of man and woman.
- The principal male character, Stephen Ghent, is a son of the mountains and plains, a fearless and care-free product of the boundless west. The woman, Ruth Jordan, is a daughter of a circumscribed community of an older civilization and culture. These contrasted natures, by that mysterious law of human attraction that cannot be explained in words, but which is as fateful as the movement of the universe, are drawn to each other and held together inexorably. But before their relations are adjusted and their lives harmonized, there is a period of stress, representing the evolution of their spirit which forms the heart of Mr. Moody's drama. The settings of the play are appropriate to its matter. The first scene is a ranch house in Arizona; the second a plateau—the roof of the world—high up in the Cordillera Mountains; and the third, the parlor of an old colonial home in Milford Corners, Mass.
- While the audience might have been divided as to the logic of the play, there was little room for argument as to the ability of the leading members of the presenting company. Mr. John E. Ince, jun., at Stephen Ghent, and Miss Kathryn Browne, as Ruth Jordan, were equal to the demands of the exacting roles. The supporting company was fair and the scenic effects were good.

- Chorus—Class Meeting
- Mrs. Duval Rudd.
- Song—That's What the Rose Said to Me
- Maple Leaf Quartette.
- Song—Get Away, Jordan
- W. H. Holland.
- Song—Toreador's Love Song
- Conchois

THE PAPER INQUIRY. Evidence of United Action Among Paper Mills. Washington, April 27.—Evidence tending to show that there has been unity of action among paper mills in the matter of fixing the price of paper as well as an understanding that none of them shall sell to the customer of another; that contracts for paper could not be obtained for a period longer than one year, and that the mill had arbitrarily shut down or restricted their output, was presented to-day by John Norris, of the American Newspaper Publishers' Association before the Select House Committee, which is investigating the price of print paper as affected by the tariff and the question of whether or not there is a combination in restraint of trade. Mr. Norris was on the stand the entire day.

Mr. James Wilson was appointed by the Toronto City Council Parks Commissioner for Toronto. Lots of girls would rather marry well than happily.

NEWS RIGHT UP TO DATE

WORLD OF SPORT

WHAT IS GOING ON NOW

SKETCHES OF PAIGE'S PETS.

Three Good Pitchers Have Been Signed by Hamilton.

Toronto Whitewashed Providence Yesterday—Excelsior Handicap Will be Run To-morrow at New York.

Manager Paige, of the Hamilton Baseball Club, has decided not to sign any more outside players until after the opening of the season, on May 7th. He has eight good men, several of them being college players, and they are due here early next week. He intends to give Jack Brennan, a Toronto boy, who played with the New England League last season, a trial, as well as Maxey, Howe, Howard, Bradley, Bradford, Muir, McLeod, Simpson, Cary, Lanning, Henney, Ross and Haddock, of last season's Hamilton City League.

Following are short sketches of the outside players, signed by Mr. Paige: Catcher—Art DeSola was born in East Pepperell, Mass., in 1880, and stands 5 feet 10 inches in height. He began his professional career with the Woven Hose Club of Cambridge, Mass., in 1900, and demonstrated his ability as a catcher for that team, and playing at 312 in 41 games. The four following seasons he was a member of various clubs in the New England League. The years 1905-6 he was a member of Fleckenmann's Independent professional club. Last year he was with Manager Paige's Bangor team, of the Maine State League, and participated with the champions in 72 games. He led the catchers of this last organization with the fielding percentage of .918, and batting average of .264. Pitcher—Bill Gleason, first saw the light of day on the afternoon of July 15, 1881, and began his baseball career with the Dartmouth College Club in 1902, and remained with the strikers three years. The season of 1906 he was a member of the Burlington, Va., team, champions of the Vermont League. Last year he was with the Bangor team closing the season with the champs batting at .258.

Pitcher—Geo. Covey, the celebrated southpaw, who, it will be remembered, shut out the hard hitting Toronto, of the Eastern League without a hit or run a few weeks ago, was born in Manchester, N. H., August 12th, 1882, is 5 feet 8 inches, and weighs 160 pounds. He has had three years professional experience. Last year Covey achieved wonderful success with the Bangor Club, and the little manager expects a repetition of his 1907 work in the box. Covey hit at .341. Pitcher—Walter Fenske, the third member of the pitching staff under contract, bats from the right. He is 23 years of age, and extends into the atmosphere a foot and a half, and weighs 180 pounds. During the seasons of 1903-4-5 he covered second base for the Villanova College team, and the following year he was with the Seneca Falls team of the Empire State League. Last year he was with the Seneca Falls team, and was with the Seneca Falls team in but seven games, winning five. His batting average was .274.

Second baseman—John J. Murray, who will take care of the keystone sock, comes from Arlington, R. I., 25 years of age, and extends into the atmosphere a foot and a half, and weighs 180 pounds. During the seasons of 1903-4-5 he covered second base for the Villanova College team, and the following year he was with the Seneca Falls team of the Empire State League. Last year he was with the Seneca Falls team, and was with the Seneca Falls team in but seven games, winning five. His batting average was .274.

Third baseman—William J. Curtiss, third baseman, was born in Forrestville, Conn., about 26 years ago. He stands 5 feet 10 inches, and weighs 160 pounds. Last year Curtiss played for the Springfield Club of the Connecticut League, and acquitted himself finely. He took part in 103 games, and at bat 381 times, made 67 runs and rapped out 95 base hits, closing his season in the Nutmeg League with a batting average of .241.

Shortstop—George Finnamore is the second Canadian so far under contract to the local International League Club. He was born in St. John, N. B., and is about 27 years of age, and is the largest player of the bunch, standing over 6 feet in height, and will weigh in the neighborhood of 200 pounds. Last year he was with the Bangor champions, batting at .273 and fielding at .938 in 94 games.

Left Fielder—William D. McMillan, the brilliant outfielder of the 1907 Bangor club, was born in Norwich, Conn., 24 years ago, is 5 feet 11 inches in height, and weighs 180 pounds. Previous to his professional engagement with the Bangor club he played three years with the Merceburg College team. Last year he played in 102 games and hit at .333, one hit to every three times up, a remarkably showing. His fielding was .983. He is credited with covering 100 yards in 10 seconds.

ABOUT THE GUELPH NINE.

Guelph, Ont., April 27.—Manager Jack Murray, of the local pro. team, announces that he has signed James Flynn, of Buffalo. Flynn is a shortstop, and was one of the fastest infielders in the Buffalo League, he having played in the Akron team last year. He is recommended very highly by Murt Whitney, of the Buffalo Eastern League club, and he will report here on May 6.

Mr. Murray states that he is inclined to think that he will have to ask the lady fans with the "Murray Widow" hats to take a rear seat in order that other people will be able to see. This will no doubt be a hard blow to the ladies, but a portion of

the stand will be reserved for them and their fortunate escorts. Hurrah for the "Murray Widow Hats." Manager Murray also has signed another good pitcher, Sam Seifert, of Erie, Pa. In 1906 Seifert pitched for Jamestown and Bradford in the Interstate League, and last year he pitched in the Pennsylvania State League. He is a spit ball artist, and has a record of having pitched one game without having a hit scored off him. His record also shows one game in which he struck out nineteen men. Mr. Murray thinks he has been fortunate in receiving the services of Seifert, as Elizabeth, N. J., and a team in the Michigan State League have been after him with plenty of the long run.

LONDON'S RUBE WADDELL. An Allentown, Pa., exchange says: "Rube" Waddell, Libensperger, star pitcher of the city leagues of several years past, and whose work in several league teams last year was promising, has received a letter and contract from Charles Bird, manager of the London, Ont., team, of the International Baseball League, with instructions to report. Libensperger is warming up for the season's start, and by the time he leaves will be in the pink of condition.

EASTERN LEAGUE SCORES. At Providence—The Torontos took the second game of the series here with Providence, the final score being 1 to 0. Appligate was on the firing line for the Torontos, and pitched great ball, only four hits being made off his delivery, and two of these came in the opening innings. Friel did the pitching for Providence. He is a youngster secured from Wheeling, W. Va., and he, too, pitched fine ball, the game, in fact, being a pitchers' battle. The Torontos got seven safe singles, and were aggressive all the time, but sharp fielding on the local's part prevented scoring. The lone tally of the game came in the sixth, when Grimshaw opened with a single and went to second on Cockman's infield grounder. Friel stung a beauty through the box, and Grimshaw scored. Score: Toronto 1, Providence 0. R. H. E. Batteries—Applegate and Brown; Friel and Peterson.

At Jersey City—Jersey City 1, 9; 2; Rochester 2, 10, 0. At Newark—Newark 0, 1, 6; Montreal 4, 6, 0.

NATIONAL LEAGUE SCORES. At Cincinnati—R. H. E. Cincinnati 2, 7, 4; St. Louis 0, 9, 14, 3. Batteries—Ewing, Spade and Scheib; Beebe and Hostetter.

At Boston—R. H. E. Boston 0, 1, 2; New York 2, 5, 1. Batteries—Young and Bowerman; Mathewson and Bresnahan.

At Brooklyn—R. H. E. Philadelphia 6, 13, 4; Brooklyn 5, 7, 2. Batteries—McQuillen and Dooin; Bell, McIntyre, Ritter and Bergen.

At Chicago—Chicago-Pittsburg game postponed; cold weather.

AMERICAN LEAGUE SCORES. Boston 0, New York 1. Washington 1, Philadelphia 2. Cleveland 3, Detroit 1. St. Louis 5, Chicago 6.

NIAGARA FALLS LINE-UP.

Manager Murray, of Niagara Falls, N. Y., has announced his line-up of Yankees for the get-away of the International League, as follows: Pitchers—"Cy" Doremus, Bill Tomkins, George Lacey, Fred Bates, Louis A. Bradley. Catchers—Billy McCabe, Gussie Spinney. First base—Charles Whitten. Second base—Manager-Captain Matty Kelly.

BERRY MAID AGAIN.

New York, April 28.—Berry Maid, well supported at 7 to 2, won the second event, a condition race for three-year-olds and upward, five furlongs, at Aqueduct yesterday, defeating a good field of sprinters, including Roseben, holder of the world's record at seven furlongs. Berry Maid went to the front early and managed to win by a head from King Cobalt, a long shot, with Red River third. Roseben does not appear to be at his best, as he was slow in breaking and was outrun all the way.

ROSEBEN WAS AN ALSO RAN AT NEW YORK YESTERDAY.

New York, April 28.—Berry Maid, well supported at 7 to 2, won the second event, a condition race for three-year-olds and upward, five furlongs, at Aqueduct yesterday, defeating a good field of sprinters, including Roseben, holder of the world's record at seven furlongs. Berry Maid went to the front early and managed to win by a head from King Cobalt, a long shot, with Red River third. Roseben does not appear to be at his best, as he was slow in breaking and was outrun all the way.

EXCELSIOR TO-MORROW.

In the \$10,000 Excelsior Handicap, one mile and a sixteenth, to be run on opening day at Jamaica, to-morrow, Jack Atkin, Barney Schreiber's great Saint colt, who won the Queen's County Handicap last Saturday in superb fashion, will go to the post. Though he won the Carter Handicap, as well as the Queen's County, the Saint colt does not pick up a penalty, so that he will be asked to shoulder 119 pounds. From all accounts there will be a dozen or more starters, the following being the ones in all probability: Dr. Gardner, 3, 123. T. D. Sullivan (Shaw's) Jack Atkin, 4, 119. B. Schreiber (Musgrave), Brookland, Nymph, 6, 118. H. P. Whitney (E. Burns); Red

River, 4 107, R. T. Wilson, jun. (McCarthy); Champlitude, 3, 105, B & O Stable (McDaniel); Don Enrique, 4, 105 (Patchogue Stable (E. Lynch); Spooner, 3, 102, Newcastle Stable (Garner); Cohort, 3, 100, Onock Stable (Sumter); Light Wool, 4, 98, R. L. Thomas (Shilling); Berkeley, 98, Beverley Stable (Bergen); Rialto 3, 95, J. R. Keene (McCabe); Zienap, 3, 93, W. F. Schulte (Flynn).

SADDELL AND SULKY.

At the dispersal sale of Karl Jungbluth's Waldeck Stud at Lexington, 37 brood mares and yearlings were sold for \$7,000. John S. Barbee, of Glen Helen Stud, took the majority of the best mares. The dam of The Picket brought \$800.

E. S. Gardner, Avondale Stud, Avondale, Tennessee, and W. O. Farmer, Edenvold Stud, Edgefield Junction, Tennessee, have arranged to sell their yearlings at Toronto this season. Mr. Gardner's youngsters are by Missetto, while Mr. Farmer's represent the get of The Commodore and Lord Esterling.

WINDSOR.

Windsor, April 27.—Open booking will prevail at the Windsor running meet, August 29 to Sept. 18. The announcement causes surprise among local turf followers, who have hitherto been forced to pay tribute to syndicate methods, instead of getting open play. Entries for the Windsor Stake will close Wednesday night at the local offices of the Highland Park Jockey Club. It is expected that the Frontier Stake, worth \$2,000, and the richest event on the card, will be well patronized, as will also the Windsor Selling Stake.

LONDON MEET.

Good Card to be Run Off Under C. A. A. U. Sanction. The London Athletic Association has secured a sanction from the C. A. A. U. for a meet to be held in Queen's Park on Saturday, May 16th. The programme for events is as follows: 100 yards dash; 220 yards dash; 440 yards dash; 1/2 mile run; 1 mile run; 2 mile run; 3 mile run; 10 mile run; 1 mile relay; 4 men to team; 1 mile relay; boys under 16, 4 to team; 1/2 mile, boys under 16.

The prizes will be: For 5 and 10 mile run, one cup and four medals, for each event. Relay race, four medals. All other events, gold, silver and bronze medals.

Entries close on May 14th and entry blanks may be secured from the sporting editor of the Times or from W. J. Amos, secretary, London V. M. C. A.

LONGBOAT STARTS TRAINING.

Tom Flanagan will spend the next month on the reserve in Caledonia with Tom Longboat, giving the Indian his preliminary work for the Olympic Marathon trial, which takes place in Toronto on May 25th.

Longboat may run in a race every Saturday with other Indians and whites, if any present themselves, as competitors.

GHECKER GAMES ARE STILL ON.

In the competitions of the Ontario Checker Association for second prize, the cup presented by President Dissette, J. H. Barrett, of Toronto, and Alex. Law-

SOME SNAPSHOTS AT SPORTS AND SPORTSMEN

The clever young boxers of the Highfield School have shown a praiseworthy spirit in consenting to give an exhibition of their ability with the mitts at the athletic entertainment to be given next Monday night in aid of the fund of the Hamilton Olympic Committee. The appearance of these students will add greatly to the pleasure of the entertainment.

London Free Press: It might be suggested to Tom C. Flanagan that he put Messrs. Longboat and Green to chasing jackrabbits as a sort of training process. It would be quite strenuous and highly diverting to the Six Nations' populace.

Tom Flanagan has departed for the Reservation, where he will stay for one month looking after Longboat and getting him in shape for his trip to England. And here's hoping that Tom's wanderings in the Indian wildwood that he'll sound like a "stirner" when he reaches dear old Limerick.

Stephen Mellon, of this city, has purchased the sloop Petrel, from R. Pike, of Toronto.

The Committee of the City League of Basketball met last evening in the parlour of the Y. M. C. A. and took up the matter of protests against some of the games. The game played between the Wanderers and the Rangers in which the Wanderers had two outside men, will have to be re-played. The game between the Alexanders and the Swastikas in which the Swastikas played Kauffman, will have to be re-played. Kauffman will play with the Wanderers the balance of the league games. The game to-night between the Rangers and Alexanders takes place at 8.30 p. m.

BIG BENEFIT FOR OLYMPIC TEAM.

One of the best athletic entertainments that was ever pulled off in this city will be given at the Alexandra rink next Monday evening under the auspices of the Hamilton Olympic Committee, who are making an effort to raise funds for the Olympic Committee, who will have to pay the expenses of the Canadian athletes going to London to compete in the games there. Hamilton has always taken a front rank in sporting matters, and it is only natural to suppose that this city will do its share on this occasion. The entertainment next Monday will take the form of a subscription affair. The subscription will be a dollar, but for those who do not wish to subscribe there will be a 50-cent admission.

JACK JOHNSON ARRIVES IN ENGLAND.

The Colored Man Makes Liberal Offer to Burns.

London, April 28.—Jack Johnson, the colored heavyweight pugilist, accompanied by his manager, Fitzpatrick, arrived here from New York last evening. They immediately visited the National Sporting Club and the sporting newspapers, and issued a challenge to Tommy Burns, the heavyweight champion, to fight anywhere, for any purse acceptable to Burns. Johnson went further than this and offers to bet Burns \$2,500 that he will stop him in twenty rounds. In addition, he will concede to Burns two-thirds of any purse that is put up for the contest.

These terms cannot be published in England, as the law of the country prohibits anything but boxing contests limited to twenty rounds. Burns has been holding out in the negotiations for the Johnson contest for a sum, win, lose or draw, larger than any syndicate has yet appeared willing to offer. Johnson appears anxious to meet Burns, but there has been so much cross-firing that it seems doubtful if the two men will come together in England. There is a possibility however, that a club that has just been organized in Paris may raise sufficient money to induce Burns to go into the ring with the colored heavyweight.

Burns also visited the National Sporting Club this evening, but did not meet Johnson. Burns forestalled the latter by depositing \$5,000 with a sporting newspaper for a meeting with the negro. Burns insists that the must have \$30,000 as his share of the purse, but Johnson can arrange the side bet to suit himself. In the opinion of Burns, as expressed to-night, a fight between him and Johnson is now bound to occur, but whether in England or in America depends on the purse.

rie, of Markham, are having a most interesting series of games. When play was concluded last night the score was one game each and six draws. The prize will be played off this afternoon.

TROUBLE IN THE ARGO. EIGHT.

Toronto, April 28.—Phil Doid announced yesterday morning that he would not run again this summer, and it is said that there is dissension of a serious nature in the ranks of the Argonaut senior eight. The trouble is supposed to have been caused by some of the members of the crew believing that Captain Wright intends giving his son George undue preference as regards a place in the eight. However, this version of the affair is positively denied by several probable members of the crew. They claim that everything is running

smoothly, and that if George Wright makes a place it will be only because he deserves one, and that they are more than satisfied with Joe Wright in every way, shape and form, and there you are.

Our Irish correspondent, says "Sporting Life," paid a visit to Squires at his training quarters at Howth, near Dublin, and expresses himself well pleased with the condition in which he found the Australian, Squires is expected to box Tom Roche on April 30, in Dublin, for a stake of \$3,875.

Of the belated inclusion of boxing in the Olympic games programme a London correspondent says: The requirement that five nations should be represented strikes one as being rather peculiar, but there should be no difficulty in getting the necessary competitors. France, Denmark, Sweden and Norway would be certainties. England can be put down, of course, as the same, while, from what I have heard, Australia, Canada and America are only too eager to be represented. Reginald Baker, the Australian champion, is still with us; indeed, he intends staying here until next spring. "Snowy" is expected to be prevented him from training for the championships of next week, but with the summer to come, and the Stadium boxing fixed for so late as October, he will, in all probability, be strong and well again by then. He intends just now to spend a couple of months in Ireland, and subsequently get fit to represent Australia in the swimming at the Stadium. If the manly art is not so popular as throwing the discus, archery and throwing the javelin, why, it is high time the ring was taken down. The competitors appealed for funds while they were omitting a sport which, if properly managed, will, I am convinced, add as much to the exchequer as anything on the programme.

Municipal bowling greens are rapidly increasing in Australia, and on opening the latest of these the Mayor of Adelaide said that such spots were very desirable. Their establishment on park lands induced the residents to take a greater interest in the proper care of such open spaces. Toronto's park "system" has always been a demonstration of the idea that a park is any piece of land owned by the city, if surrounded by a high fence.

The C. L. A. residence rule is playing havoc with the Junction Shamrocks, debarring Bert Brown, a city teacher, who has been the mainstay of the home for several years. He is prevented from playing, as is Garnett, Rowntree of Weston, also Raymore, of Weston,

FIFTY CASES COST \$8,000

And There Are Eight Smallpox Cases on Hand Now. Waterice Wafers at 40 Cents For Patients. Isolation Hospital Has Been Opened Once More.

There were only five members of the Board of Health present last night for a special meeting, but they managed to make it quite interesting for the hour and a half they sat. The bone of contention was the announcement by Chairman Quinn that expenses on smallpox cases would have to be cut down as since last September \$8,000 has been spent on the fifty odd cases the board has had charge of, \$2,000 of this money going to watchmen (sanitary policemen), who were employed to guard the infected houses for three weeks after the patients were removed to the hospital.

Mr. Quinn proposed that this be done away with altogether and that all the occupants of infected houses should be vaccinated and then that the M. H. O. should make it his business to visit these houses several times during the period when incubation of the disease was starting. It was finally decided that sanitary policemen should be employed for only one week to watch houses where the disease had broken out, the week to start from the time the patients were taken to the hospital.

Dr. Roberts started a discussion by asking to have the hospital re-opened till June 1 as eight more cases had developed in the last few days. They were all to be traced to the case of Mrs. Goodman, Sanford avenue, and the eight sick ones consisted of her self and family and her sister's family on Catharine street north. The only one in nine of the two families who did not get the disease was a small girl who was vaccinated four years ago and none of the others have been vaccinated, at least not for a good many years. "We haven't had one case out of the odd fifty who have been down with the disease so far who could show a mark of having been vaccinated," said Chairman Quinn. He went on to state that only one man had called at his shop for work and some of the men asked him what was wrong with his face. He told the men he had had an attack of smallpox and he certainly could not have denied it according to the doctor's diagnosis. He told the men that he was living at Croft Point and had had no doctor and had not been quarantined by the Health Department nor had the case been reported to the department.

"How can we control the disease under these circumstances?" said Mr. Quinn in disgust. It was decided to open the hospital and order the removal of the patients there at once. The accounts for the past month produced by Dr. Roberts, who had an engagement and retired as soon as he had placed them on the table. They were examined by the members one after the other and nothing was said till W. H. Judd broke the silence by announcing flatly that he did not intend to vote in favor of paying them. J. Dowling said that the men who had delivered the stuff had done so on orders that they would have to wait another month for their money if the accounts were not passed. Mr. Judd told Mr. Dowling to vote for them if he wanted to, but he was going to vote against them. "I vote just what I feel like, Mr. Judd," said Mr. Dowling with some heat, "and I don't want you to tell me how to vote." Mr. Peebles then got hold of the accounts and started to read out minor items for oranges and apples, which were not considered absolutely necessary. Suddenly his eyes started to bulge and he read out one item, "1 lb water ice wafers, 40c." He nearly had a convulsion before he could get all this out, and Chairman Quinn reached for the water pitcher. "It's up to this board to take a more active part in what is being done. I think we ought to define the goods that will go to that hospital," said the chairman. It was decided that Messrs. Peebles and Quinn should be appointed a committee to make out a bill of fare that was to be strictly adhered to.

The question of provisions for the people who were left in their houses after their bread-winners had been taken away with smallpox was next brought up. It was decided to leave this to the chairman to judge whether a supply was to be sent or not to the houses of patients. Some deserved it and some did not, he said, and it was left to him to judge who deserved it.

"I'm going to have a detailed statement of the expenditure of that \$8,000 made out for each member," said Chairman Quinn with determination, and we'll see where the fault lies. We'll have to cut down our expenses. The accounts were finally passed subject to the audit of the chairman, who stated he was going to examine them with the assistance of Dr. Roberts.

It was decided to drop the payments to C. Wilkins, the crematory tender to the fever ambulance man, which he made now on a piece work plan, and to pay him \$60 a month straight. "The job is worth more but this is his own figure," said Mr. Peebles with a grin as he voted for the \$60 rate. The only extras to be paid for outside of this \$60 will be in the case of smallpox work.

Many Eyes Are Ruined. By the use of cheap spectacles or those fitted for some one else, if your eyes tire easily, if the letters look blurred or misty, or if you suffer from headache or nervousness, it is almost certain you need glasses. You may rely on being accurately fitted at a moderate price by J. W. Gerrie, druggist and Doctor of Optics, 32 James north.

Set-back Only an Accident. London, April 27.—Interviewed by The Daily Mail, Sir Thomas Shaughnessy said the present set-back in Canada was a mere incident. The outlook in the United States, however, did not indicate an early recovery. Regarding the all red line, Sir Thomas said the Blackrod Bay scheme was in danger. He deprecated the desire for twenty-four knot steamers.

Laxa-Food. Should not be confounded with other foods. It is in a class by itself, nothing else will nourish the human body and clear out the poisonous waste matter as it will do and continue to do. A. W. McGuire & Co.

Hobbs—I guess Rowntree didn't like that umbrella I borrowed the other day. Slobbs—Why not? Hobbs—He returned it.

Make an early start and get your wheel into commission. Bring it out with the buds. If you want new tires ask for the new Dunlop kind—made by the Doughty Patent Process. All dealers have them. LOOK FOR THE NAME EMBOSSED ON THE SLIPLESS TREAD.

SUSPECTED OF INCENDIARISM.

Woodstock Barber Arrested, Charged With Firing Building. Woodstock, April 27.—A midnight fire, which occurred in the Woodroofs Block, and which resulted in several hundred dollars' damage to Duke's barber shop, Rosenhath's clothes repairing shop, and Twitchell's photographic gallery, developed a sensational turn this afternoon, when the police arrested John W. Duke, proprietor of the Commercial barber shop, charged with setting fire to the premises.

Duke runs the barber shop, which is located in the Woodroofs building. There is a door leading from his shop up to the photographic gallery, with a hallway in between. It was here the fire started. The police investigated the circumstances of the fire thoroughly this morning, and on the information they gleaned, they arrested Duke.

TO RUN FOR DUDES. Churchill Has Accepted the Offer of Liberal Executive. London, April 27.—Winston Churchill, President of the Board of Trade, who was defeated in his old constituency, the northwest division of Manchester, has accepted an invitation to contest Dundee, where there is a vacancy, caused by the elevation of the Rt. Hon. Edmund Robertson to the peerage.

This is one of the safest Liberal seats in the United Kingdom. Mr. Churchill's chief opponent will be Sir George Baxter, a Unionist, but it is likely that the Labor and Prohibition parties will have candidates in the field.

BIG LONDON SCHEME. Half a Million Wanted for Waterworks Extension. London, Ont., April 27.—The Water Commissioners to-day decided on a plan of extension which will be submitted to the Council in order to be embodied in a by-law. The scheme is to take in the Kivowit, White and Crown Springs, with high pressure and a filtration plant where the latter is needed. The sum asked for by the commissioners for this purpose is \$500,000. Mayor Stevely stated to-day that the scheme meets general approval, and is favored by the underwriters. It is expected that a vote of the council will be taken on the matter within three weeks.

WINNIPEG STREET RAILWAY. Union, After Long Discussion, Accepts the Company's Terms. Winnipeg, April 27.—The terms of compromise suggested by the street railway company were accepted by the union at a mass meeting which concluded its session a 4 a. m. to-day after a somewhat stormy discussion. The terms were accepted, and it is known they include seniority claims, seats for motormen, double windows on vestibules of cars in winter. No increase in pay is secured, nor is the nine-hour day conceded.

"A LUCKY DOG." Struck by Train and Trown Into the Air, But Little Hurt. Woodstock, April 27.—A dog belonging to the treasurer Eden had a remarkable experience yesterday afternoon. It was on the C. P. R. track when a fast train struck it. The dog was tossed into the air over the telegraph wires, turning several somersaults. It landed on its feet, and trotted off as if nothing had happened. It was unharmed save for slight bruises.

SCHOOL TEACHER GETS DAMAGES FOR INJURIES ON NEW YORK TRAIN. White Plains, N. Y., April 27.—A verdict for \$82,500 damages against the New York Central & Hudson River Railroad and in favor of Miss Annie Mahoney, one of the passengers injured in the wreck of the Brewster Express in February of last year, was returned by a jury in the Supreme Court here to-day. Miss Mahoney sued for \$100,000. One of her legs was amputated as a result of the injuries she sustained in the wreck.

At the trial she told of having lain in the snow for an hour after she had been taken from the wreck before she was removed to the hospital. At the time she met her injuries she was a school teacher and the sole support of her mother.

OBJECTS TO HIGH MASS. Which is to be Feature of the Quebec Celebration. Montreal, April 27.—Rev. Dr. Gordon, speaking before the Ministerial Association, to-day took objection to an item in the programme of the Quebec festivities in connection with the celebration of high mass on the Plains of Abraham. He thought such a proposal was out of place in connection with a national celebration.

HAYWOOD DOWN AND OUT. Western Federation of Miners Has Ousted Him From Membership. Denver, Col., April 28.—A notice which appears in the official organ of the Western Federation of Miners issued to-day, that William D. Haywood is no longer an official or active member of the Federation is a sign that the man who made that organization much to be feared all over the West for almost a decade is on the down grade and that the Federation has decided to change its policy and become more conservative and appeal less to physical force.

"Business and pleasure won't mix," quoted the Wise Guy. "Oh, I don't know," said the Simple Mug; "I know a brewer who drinks his own beer."

CLAIMED HE WAS ROBBED

Of Cheque He Was Accused of Having Stolen.

Man Sent Down For Six Months For Assaulting Sister.

Mrs. Maggie Smith Has Husband Up Once More.

Two years in Mimico Reformatory was the stiff sentence handed down to D. McAllister, a fourteen year old boy living with his parents on Birch avenue, at the police court this morning.

The story of the theft as told by the bookkeeper at the Lantern Company was that about two weeks ago the young lad was given some accounts and cheques to deliver. He started out and when he returned had got rid of them all.

This morning the lad was arraigned and through J. L. Scheller he pleaded not guilty and asked for a summary trial. The boy was then placed on the stand. He said that about a month or six weeks ago he was working for a men's furnishing and clothing store on Barton street.

There is every prospect of an overflowing meeting at the Alexandra rink, when the Hon. Mr. Morine, K. C., will speak on the Laymen's Movement.

TEA TABLE GOSSIP.

C. P. R. mechanics have appealed to Lemieux Act.

Wm. Mathers, unemployed, attempted suicide in Toronto to-day.

A meeting of the creditors of Behm & Wittman, of this city, will be held in Toronto to-morrow.

Mr. S. Stephenson, proprietor of the Chatham Planet, is in the city to-day, visiting the newspaper plants.

Mr. Otto Ante, who was charged with interfering with a police officer a few weeks ago, was acquitted this morning by Judge Monck.

Dr. J. J. Vermorel, the violinist, who will take part in the concert at the Grand Opera House Wednesday evening, is in the city, and is the guest of Dr. and Mrs. Wickins.

The holders of tickets numbers 63 and 35 in the cake weight guessing competition at the recent Feast of Blossoms are requested to be at the Conservatory of Music at five o'clock on Wednesday afternoon.

A deputation consisting of Ald. J. J. McLaughlin, Guy and George S. Kerr will go to Ottawa on Thursday night to interview the Government in connection with the application that is being made for an extension of the re-ventment wall work.

Mr. John Blake, of the Central Hotel, who has been laid up at the City Hospital for the past seven weeks, left that institution yesterday. Mr. Blake received the highest marks in the examination, and has nothing but praise for the treatment he received at the hospital.

Light weight natural wool underwear seventy-five cents a garment, at Waugh's, post office opposite; medium weight merino and velvet finish underwear, light blue, pink or grey, fifty cents a garment; black or tan, half dozen pairs twenty-five cents. Newest hats at Waugh's.

Court International, Independent Order of Foresters, which has for the past few years been holding meetings on Barton street east, will in future meet over Trades Building, King street west, the home chambers of the I. O. F. The court intends holding the first monthly excursion of the season early in June.

Mr. Alice Banks died rather suddenly at her late residence, 288 Charlton avenue west, this morning, after a brief illness, who was in her usual good health on Friday last, when suddenly stricken, and never recovered. Deceased was 41 years of age, and was a member of James Street Baptist Church. The funeral will take place on Thursday afternoon at 2:30.

The nominating committee of the 91st Highlanders Athletic Association met last night, and named the following as officers for the association. The report will be made at the next meeting of the association in the Board of Trade rooms on Monday, May 11th.

\$26,500 LINEN SALE.

A Sale of Tremendous Magnitude Eclipsing All Past Records Begins at Right House To-morrow.

To-day hundreds of women have been preparing lists of their linen needs for to-morrow and Thursday's buying at the Right House. The most tremendous household linen, sheeting and pillow cotton sale in the history of Hamilton starts in the morning.

See details of sale in to-night's big Thomas C. Watkins' advertisement in this paper.

Nordheimer, The Singing Piano.

The musical triumph of 1908. A tone like the human voice. They are distinctly different and superior to any other Canadian piano offered to the public. They retain their sweetness of tone and poetic touch no matter how many years used. A number of Nordheimer Pianos recently returned from rental can now be seen at the Nordheimer Piano Co.'s warehouse, 18 King street west. These we are offering at a great reduction and on easy terms. We invite inspection.

CARUSO TICKETS.

Those attending the Caruso concert next Monday night in Massey Hall, Toronto, can secure railroad tickets at reduced fare from the Nordheimer Piano Co., 18 King street west.

PEASE, THE BARBER.

Mr. Wm. Pease, the veteran barber, 73 King William street, corner of John street, is meeting with good success at his new and well appointed stand. All his old customers, as well as many new ones, are patronizing him, and the change has been a good one. Mr. Pease always gives good satisfaction.

Men's Brown Worsteds.

Newest, brightest and choicest spring suits, brought to sell at \$16 and \$18, but cut to \$12.50. Another line of suits at \$20 that you'll delight in finding even at regular prices, for they are pronounced considerably better than suits to be seen elsewhere. Fraick & Co., 13 and 15 James street north.

House Cleaning Necessities.

If you are in need of a brush, broom, tub, mop, carpet beater, etc., we have it, or will gladly get it for you. In house-cleaning soaps we have Brook's Monkey Brand, Pride of the Kitchen, Sapolin, H. H. Carpet, Skimion, Fairbank's Scouring, Old Dutch, White, Gold Dust, Silver Dust, Pearline, 1776. Liquid vapor for polishing furniture. Peeries, Hobson & Co., Limited.

St. Paul in Dry Dock. Southampton, April 28.—The steamer St. Paul was dry docked this morning. Beyond straining, she does not appear to have sustained any damage below the water line from her collision with the British cruiser Gladiator.

COUNCIL HAD HOT DEBATE

(Continued from page 1.)

The discussion pro and con lasted for nearly two hours, and at one time neither head nor tail could be made of the talk, which became personal, and very breezy. One member of the deputation had quite a tiff with Mr. Smith, and came out on top, too.

Councillor Guest brought the matter to a close by a resolution to the effect that the County Council take no action in the matter, and that if the Township Council and the School Inspector come to an agreement in the matter, and think it best to have an arbitration, the County Council will then appoint a board to go into the trouble.

After this had been disposed of, some of the members wanted to adjourn, but Warden Emery contended that the business of the Council could be concluded last evening, if the members could see it that way. Several of the Councillors could not see, however, and consequently the Council adjourned till this morning.

The County Council had a quiet discussion this morning, led by Councillor Malcolm, who asked that the county make good the grant of \$3,000 that should come to the Township of Beveridge under the good roads scheme for the upkeep of the Dundas and Waterloo road, for twelve miles throughout the township. The money that should have been spent on that road was laid out on the Lynden road.

Councillor Lawson advised the council to go slowly in the matter, and said he thought it a wise plan to appoint a committee to look carefully into it. Councillor Guest put in an amendment to the effect that the \$3,000 used on the Lynden road be put back on the Dundas and Waterloo section, to be used from time to time as required. This did not meet with the approval of the council, and it adopted Councillor Lawson's suggestion and appointed Councillors Malcolm, Gage, Binkley and Guest to enquire into the facts and report this afternoon.

The by-law concerning the erection of telephone lines by the Binbrook & Barton Telephone Company was given its second reading this morning, and will most likely pass this afternoon. The company intends building about 20 miles of cable, connecting the towns of Hamilton and Binbrook, Elfrida, Hannon and Woodburn will be on the line. The provisional directors are T. E. Tidy, E. Johnston, D. Fletcher, T. Fletcher, W. Kennedy and N. Laidman. About 40 telephones will be installed.

The West Flamborough Telephone Company by-law will be given its second reading this afternoon. A by-law was given its second reading this morning in connection with the designating of certain roads known as the Barton and Safford roads, as coming under the good roads system. The by-law asks for the proportion of the grant from the Government.

The request of Inspector Smith on behalf of the Wentworth Historical Society for a grant was refused.

ATHLETIC KILTIES.

Officers Named For the 91st Association.

The nominating committee of the 91st Highlanders Athletic Association met last night, and named the following as officers for the association. The report will be made at the next meeting of the association in the Board of Trade rooms on Monday, May 11th.

President—Capt. McCullough, Capt. Moodie. First Vice-President—Capt. McLaren. Second Vice-President—Capt. Somerville. Lieut. Moodie. Secretary—Lieut. Linton. Assistant Secretary—Staff-Serg. McKay.

Executive Board—Serg. Rollo, Lieut. Seymour, Pte. Brown, Lieut. Moodie, Q. M. Sergt. Smith, Color Sergt. Burton, Sergt. Hall, Sergt. McMaster, Sergt. G. Buckingham, Corp. Philip, Sergt. Cummings, Pte. Don McQuig, Lieut. Colquhoun, Lieut. Watkins, and M. M. Robinson.

Auditors—Capt. Hall and Capt. Turnbull.

FOUND DEAD.

Toronto, April 28.—The body of a man, thought by the police to be E. C. George, an Englishman, about 35 years of age, was found lying on the lawn in front of the Mercer Reformatory at 2:45 this morning, the head was resting on the kerb and the clothing was slightly damp.

Steamship Arrivals.

April 27. Empire of India—At Victoria, from Hong Kong. Minnesota—At London, from New York. Knappton—At Chertburg, from New York. Knappton—At Gibraltar, from New York. France—At Naples, from New York. Friedrich der Grosse—At Genoa, from New York. Carpathia—At Trieste, from New York. Kronland—At New York, from Antwerp. Liverpool—At Philadelphia, from Liverpool. Newfoundland—At Boston, from Glasgow. Maritima—At Quebec, from New York. Canada—At Liverpool, from Portland. Vancouver—At Dover, from New York. Montreal, Que., April 28.—The Allan Line steamer Siberia, from St. John, Nfld., and Halifax, arrived at 10:30 a.m. on the 27th of April, sails thence a.m. on the 28th of April. The steamer Xenodion, from Glasgow for Boston via Novia, arrived at 10:30 a.m. on the 27th of April.

Missionary Meeting

A mass meeting in connection with the Church of England Laymen's Missionary Movement will be held in ALEXANDRA RINK, James Street, south, on WEDNESDAY EVENING, 13th next at 8 o'clock. ADDRESSES will be given by W.D. Gwynne, Toronto, and the Hon. A. B. Morine, K. C. All come and hear these great speakers. Collection at the close.

THE WEATHER.

FORECASTS.—Fresh to strong south-west, shifting to northwest, winds; occasional showers and cool. Wednesday, fresh to strong northwesterly winds; cool; a few local showers, or sleet or snow flurries.

The disturbance which was over Lake Michigan yesterday morning has since remained almost stationary, slowly diminishing in energy. Pressure is highest in the North Pacific States, and in British Columbia; heavy snow falls have occurred in the Lake Superior district. Elsewhere in Ontario the weather has been showery. Heavy rain has fallen in western Quebec and snow in Alberta.

Western New York: Local rains to-night; cooler in central and east portions; Wednesday, partly cloudy. Lakes Erie and Ontario: Brisk southerly to west winds; cloudy and cooler to-night, probably rain; Wednesday, generally fair.

THIS DATE LAST YEAR. Easterly winds; higher temperature, and some showers.

BRANTFORD NEWS.

(Continued from page 1.)

strike breaker charged with drawing a revolver on George Battyne and threatening to kill him, was proceeded with this morning. The court-room was crowded and a large number of witnesses were heard on both sides, but the case was not finished. Battyne received severe injuries from Hustler Ward, a strike breaker, at the time of the row.

A. J. Small, Toronto, has announced that he will promote a scheme for the erection of a new opera house in Brantford, which will be on a large scale, and will be on the Canadian circuit.

County Constable Mounce stated this morning that he is ready for the investigation into alleged irregularities in connection with his duties. The investigation will be held on Saturday. Mounce threatens to expose others in the proceedings.

The Brantford Street Railway yesterday gave a lease of Mohawk Park to an American syndicate, for a term of five years. The park will be fixed up with the latest summer attractions, and a vaudeville theatre built.

THREE-CENT FARE.

Cleveland Makes a Deal That Cheapens Street Car Tickets.

Cleveland, Ohio, April 28.—Three cent fare on all lines operating within the city of Cleveland became a possibility last night at the regular meeting of the City Council, when a "Security grant" was passed under suspension of the rules to the Cleveland Railway Co., a new corporation, which takes over the consolidated properties of the old companies.

Riding Free To-day. Cleveland, O., April 28.—Without price, the citizens of Cleveland to-day are riding upon the street cars.

Following the settlement of the so-called war of seven years in which the municipality has been engaged, President Dupont, who took charge of the newly-organized Cleveland Railway Company at midnight, announced that free transportation would be granted the people as an evidence of the cessation of the troubles. Incidentally President Dupont reported to have stated that upon the same date each year an effort would be made to "consecrate" the day in a similar manner.
