NINTH YEAR—No. 31

CITY CLERK RESIGNS  
COUNCIL ACCEPTS IT

City Health Officer Also Resigns  
and the Council  
Accepts.

MAYOR WANTS ENQUIRY  
COUNCIL GRANTS IT

Very Chilly Meeting of the City  
Council Held Last  
Night.

Owing to the somewhat severe  
criticisms levelled at me for the  
last few days in the press, and  
the consequent loss of my  
opinion, I beg leave to tender  
my resignation as city clerk, to  
take effect on June 30 next. In  
conclusion, I beg to give specific  
denial to all the charges published  
against me. I am, gentlemen,  
yours respectfully,  
H. E. GILLIS,  
City Clerk.

Resolved, That the resignation  
of City Clerk Gillis be accepted  
and that the commission  
be requested to advertise  
for a successor, and to  
nominate a successor to this council  
in due course. Carried.

Resolved, That an investigation  
before a judge of the  
supreme court be held into all  
incidents in connection with the  
recent city hall entertainment,  
and also the receipt of the railway  
plan submitted by the G.  
T. P. Carried.

I hereby file my resignation to  
take effect May 1.  
GEORGE M. DONALD, M.D.,  
City Health Officer.

Moved by Ald. Reilly, seconded  
by Ald. Egbert, that Dr. Macdonald's  
resignation be accepted. Carried.

A glance at the foregoing resolutions  
passed and letters filed, shows that  
there was something doing at the  
meeting of the council last night. Mr.  
Gillis, for six years city clerk, resigned,  
and his resignation was unanimously  
accepted; Dr. Macdonald, for nine years  
medical health officer, resigned, and  
his resignation was unanimously  
accepted, and a resolution was adopted  
to hold an investigation into the  
receipt of the railway plan submitted  
by the G. T. P. Carried.

The request for the supreme court  
investigation came from the mayor  
himself. There was a general  
sentiment in the council as to the  
conduct of the plan, but the motion  
was not carried.

The map that has caused all the  
trouble was referred to the committee  
on railways. A communication was  
received from L. E. Jones, secretary of  
the department of railways and canals,  
stating that the railway commission  
would meet at Ottawa on April 10 to  
listen to any objections that might be  
raised against the plans as indicated  
by the map that has been filed with  
the city. While the mayor said he did  
not think it might be well that the  
city should be present at that meeting,  
it was suggested that Mr. McCarthy,  
M.P., might represent the city in the  
matter to save sending a representative  
from this city.

The Mayor Explains.  
Before the matter was disposed of  
Mayor Jamieson arose and made a  
detailed explanation of the affair that  
was not much commented upon. He  
stated that the map was a plan that  
had been circulated as mere rumor,  
and that he was glad to feel that  
even his family had been involved in  
it. He said:

"I think it is due to the council to  
have an explanation, so far as I can  
give it, in reference to the unfortunate  
incident concerning the blanket plan. I  
would call it, respecting the approach  
of the Grand Trunk into the city. I  
might say that I happened into the  
clerk's office, I believe on evening, on  
his desk was an envelope and a letter

KING'S HEALTH NOT  
VERY SATISFACTORY

London, April 4.—London newspapers  
ordinarily print only brief news  
bulletins about the condition of the  
king's health. The king is at Biarritz  
and has not been well for a fortnight.  
Newspapers say he is suffering from a  
cold, but the report is that he has  
had more than a cold to cause his  
physicians worry. He has not been  
operated on since his recovery from the  
bulletin about the condition of the  
king's health. His throat  
is weak and any cold causes inflammation  
in the throat that frequently pro-  
duces almost suffocation. The king's  
physicians always have a tank of oxy-  
gen handy to relieve choking attacks  
that afflict the king often nowadays.  
His general health is fairly good for a  
man of his age, but his physicians  
never take chances, and when he de-  
velops the slightest cold, they gener-  
ally keep him indoors as they did for  
a week at Biarritz.

ROOSEVELT MEETS  
THE ITALIAN KING

Victor Emmanuel Was Very Friendly,  
Kind and Courteous to the  
American Citizen

Rome, April 4.—King Victor Emmanuel received Mr. Roosevelt at the  
Quirinal today. The hour of his recep-  
tion being known, a considerable num-  
ber of persons gathered to greet him  
on his way from the hotel to the royal  
palace.

King Victor Emmanuel wore the uniform  
of a general of the Italian army. His  
words of welcome spoken in excel-  
lent English were most cordial. His  
majesty and Mr. Roosevelt shook  
hands heartily, the monarch inviting the  
former president to sit at his side. The  
door of the king's apartment was  
then closed, and the two remained in  
private conversation for about three  
quarters of an hour. Expressions of  
friendship on behalf of their respective  
countries were exchanged.

Following the audience Mr. Roosevelt  
said that the king had been so  
gracious and flattering both to him  
personally and to his country, that he  
felt that he should not make public  
anything concerning their conversa-  
tion. The formalities of the reception  
concluded, King Victor personally con-  
ducted Mr. Roosevelt to the hall of the  
palace where the American inspected  
the hunting trophies of the king, his  
father and grand-father. From the  
Quirinal Mr. Roosevelt drove to the  
Pantheon and placed a wreath upon  
the tombs of Victor Emmanuel II and  
King Humbert. A pleasing incident  
at the Pantheon was a chance meeting  
between Mr. Roosevelt and the Queen  
Dowager Margherita who detained the  
former president in conversation for  
some moments.

Calgary and the citizens of Calgary  
are all ready for the annual Alberta  
Provincial Horse show, which opens  
here this morning.

It is a great show in the matter  
of entries and the class of horse flesh  
on exhibition.

Entries have been made from points  
as far away as New York, several from  
the west coast, and a number of  
centres of Alberta will not be represented  
in the ring.

Ranchers and stock men from all  
over the country are in the city for  
the big event. The hotels are filled and  
have been for some days, and horse  
flesh and goods on barges and their  
breeds fills all hotel parlours.

The scene at Victoria park yester-  
day afternoon of scores of riders exer-  
cising their mounts, drivers having one  
last spin before entering the ring and  
grooms dodging in and out of the box  
stalls, could only tell one tale, that the  
horse is king and will reign until the  
show concludes on Friday evening  
next.

Besides the splendid horses brought  
in from New York for the show by Mr.  
F. C. Lowe, Mr. J. P. Mould has many  
fine horses of his own. He has  
many of the finest class of Standard Breds  
that have entered the province, and in this  
latter breed the competition will be  
very keen.

The first event on the program  
is the indoor portion of the show,  
which is to be held in Sherman's rink,  
will surpass all expectations of the  
lovers of horse racing, but this year  
has particular pains this year to  
have the floor in good shape for the  
riding and driving classes, and will  
succeed. The floor consists of one  
inch boards with five inches of dirt on  
top and then a layer of sawdust, and  
it makes an impossible floor for the  
hoof to slip. Last year the jumping  
events were handicapped owing to the  
poor condition of the floor for a con-  
siderable part of the day, but this year  
the horse will be able to take off for a  
hurdle in a similar manner as though  
jumping over a fence.

The arrangements on the boxes and  
the addition of a long gallery running  
lengthwise of the rink has brought the  
question of the show to the fore.  
The rink will be able to take off for a  
hurdle in a similar manner as though  
jumping over a fence.

The evening performance.  
The evening performance at Sher-  
man's rink will open with the heavy teams  
and heavy four-horse teams, various  
classes of saddle horses, light saddle  
horses, roadsters and hackney stallions  
in harness.

This part of the program will com-  
mence with the official opening of the  
show by the lieutenant-governor Buyle,  
tonight at 8 o'clock sharp, and will be  
the premier social event of the pro-  
vince for the year. There will be  
classes of military creations gal-  
lery, while the baggy breeches and  
tops will be very much in evidence.

Mr. J. G. Turill also explained why  
he was suspicious of the bill as origi-  
nally introduced, and he was not sure  
that there was not a nigger in the  
fence. The discussion had aroused  
the people of Canada and he was quite  
sure that very few members knew  
what this bill or the other bill of 1910  
meant.

Mr. R. L. Borden moved the following  
amendment: "The governor in council  
shall not give his approval to the con-  
struction of any further canals, water  
courses, race ways, dams, wing dams,  
sluices, conduits or other works of the  
river St. Lawrence by the St. Lawrence  
Power company, limited, under the pro-  
vision of chapter 111 of the act of  
1901, or otherwise, unless and until the  
plans shall have been first submitted  
to and approved by parliament."

There was much discussion of the  
amendment, and it was not until  
stood over until the opposition had  
a chance to discuss the amendments.  
It was then that Sir Wilfrid paid his  
respects to the hydro-electric commis-  
sion and moved that progress be re-  
ported on the bill.

John Redmond declared that  
today that as a result of the reduction  
in tariff on cream from eleven cents  
to five cents a gallon, there will short-  
ly be a large quantity of cheaper butter  
offered to consumers in New York,  
Chicago and other cities within reach-  
able distance of the Canadian border.  
A chain of creameries, it is said,  
is to be built along the Canadian fron-  
tier which will make butter from Can-  
adian cream and will be able to market  
their product at a reduction of 25  
per cent. from the current price.

ton, Borden moved the following

ASQUITH IGNORES  
REDMOND'S BLUFF

Everything Will Go Along  
Quietly as Adverti-  
sed.

The question of asking the govern-  
ment to give the owners of pure bred  
and registered stallions and the horse  
breeders throughout the province  
greater protection against dealers who  
travel grade stallions and flourish cer-  
tificates with them, occupied the  
attention of the Alberta Horse Breeders  
association at their annual meeting last  
night held in the Drill hall.

There was a large turnout of stock-  
men from all over the province, and  
the discussion, though heated at times,  
was of great benefit to those present.  
It placed the various questions be-  
fore them in every light possible.

George Hoadley, M.P.P., president,  
occupied the chair, while the Hon. Dun-  
can Marshall, minister of agriculture,  
addressed the meeting during the  
course of the evening.

The president in his opening address  
commented on the progress of the in-  
dustry of horse breeding in the pro-  
vince of Alberta and the rapid strides  
made in the past few years. He spoke  
of the blood that had been imported into  
the country and the work that the as-  
sociation was doing as an organization  
of that kind.

He concluded by thanking the officers  
of the past year for the able man-  
ner in which they had supported him  
in his work.

The reports and financial statement  
for the past year were read and  
adopted, all being of a satisfactory na-  
ture.

Mr. Marshall's address.  
The Hon. Mr. Marshall, who stated that he  
was not there to deliver a speech, but  
rather to be on the ground and gather  
information for his department from  
the discussions that were to follow. He  
stated that he had increased the grant  
to the association by \$400 in the set-  
tlement of the same before the house.  
He concluded by congratulating the  
president and his associates for the  
work they were doing in the province.

Mr. Hoadley urged that Mr. Rich-  
ardson, the secretary, receive a hand-  
some salary at his hands.

Mr. Richardson, in replying, stated  
that he appreciated very much their  
kindness in making the offer, but he  
had great interest in the association  
and would continue to do so, but while  
they were in the province of Ontario  
they could not afford to increase his  
salary, and he would prefer to let the  
matter stand until the financial con-  
dition of the association improved.

A letter was read from Mr. Jacques,  
president of the Suffolk Breeders' so-  
ciety, advocating that the association  
be made a branch of the Ontario  
association, but as the same ques-  
tion had not passed a vet's examination  
before entering the ring to be judged.

This led to a long discussion, and was  
finally left to the directors to deal with,  
as it is a very complicated question,  
mainly as to what constitutes heredi-  
tary disease of horses, who should ap-  
point the vets; also who should pay  
them. However, this same question  
led to the question of availing of  
certificates which they claimed were  
registration papers. Several resolu-  
tions were discussed, but as the same  
questions branched out into many by-  
paths of discussion, this was also  
passed to the directors to deal with.

The election of officers then took  
place, with the following results, after  
Mr. Hoadley had presided over the  
meeting: Patrons, Lieut-Governor Buyle, Hon.  
W. H. Cushing, M. S. McCarthy, R.  
B. Bennett, Mayor Lee, Edmondson,  
Mayor Adams, Leithbridge, Mayor  
Montgomery, Wetaskiwin; Mayor  
Milne, Medicine Hat; Mayor Jamieson,  
Calgary; A. E. Cross, Sheriff Van  
Wart.

Hon. president, A. C. Rutherford.  
President, George Lane, High River.  
First vice-president, E. C. Halligan,  
Airdrie.  
Second vice-president, J. Thorburn,

THE HORSE BREEDERS  
HAVE LONG DEBATE

Everything Will Go Along  
Quietly as Adverti-  
sed.

The question of asking the govern-  
ment to give the owners of pure bred  
and registered stallions and the horse  
breeders throughout the province  
greater protection against dealers who  
travel grade stallions and flourish cer-  
tificates with them, occupied the  
attention of the Alberta Horse Breeders  
association at their annual meeting last  
night held in the Drill hall.

There was a large turnout of stock-  
men from all over the province, and  
the discussion, though heated at times,  
was of great benefit to those present.  
It placed the various questions be-  
fore them in every light possible.

George Hoadley, M.P.P., president,  
occupied the chair, while the Hon. Dun-  
can Marshall, minister of agriculture,  
addressed the meeting during the  
course of the evening.

The president in his opening address  
commented on the progress of the in-  
dustry of horse breeding in the pro-  
vince of Alberta and the rapid strides  
made in the past few years. He spoke  
of the blood that had been imported into  
the country and the work that the as-  
sociation was doing as an organization  
of that kind.

He concluded by thanking the officers  
of the past year for the able man-  
ner in which they had supported him  
in his work.

The reports and financial statement  
for the past year were read and  
adopted, all being of a satisfactory na-  
ture.

Mr. Marshall's address.  
The Hon. Mr. Marshall, who stated that he  
was not there to deliver a speech, but  
rather to be on the ground and gather  
information for his department from  
the discussions that were to follow. He  
stated that he had increased the grant  
to the association by \$400 in the set-  
tlement of the same before the house.  
He concluded by congratulating the  
president and his associates for the  
work they were doing in the province.

Mr. Hoadley urged that Mr. Rich-  
ardson, the secretary, receive a hand-  
some salary at his hands.

Mr. Richardson, in replying, stated  
that he appreciated very much their  
kindness in making the offer, but he  
had great interest in the association  
and would continue to do so, but while  
they were in the province of Ontario  
they could not afford to increase his  
salary, and he would prefer to let the  
matter stand until the financial con-  
dition of the association improved.

A letter was read from Mr. Jacques,  
president of the Suffolk Breeders' so-  
ciety, advocating that the association  
be made a branch of the Ontario  
association, but as the same ques-  
tion had not passed a vet's examination  
before entering the ring to be judged.

This led to a long discussion, and was  
finally left to the directors to deal with,  
as it is a very complicated question,  
mainly as to what constitutes heredi-  
tary disease of horses, who should ap-  
point the vets; also who should pay  
them. However, this same question  
led to the question of availing of  
certificates which they claimed were  
registration papers. Several resolu-  
tions were discussed, but as the same  
questions branched out into many by-  
paths of discussion, this was also  
passed to the directors to deal with.

The election of officers then took  
place, with the following results, after  
Mr. Hoadley had presided over the  
meeting: Patrons, Lieut-Governor Buyle, Hon.  
W. H. Cushing, M. S. McCarthy, R.  
B. Bennett, Mayor Lee, Edmondson,  
Mayor Adams, Leithbridge, Mayor  
Montgomery, Wetaskiwin; Mayor  
Milne, Medicine Hat; Mayor Jamieson,  
Calgary; A. E. Cross, Sheriff Van  
Wart.

### Could Not Sleep. DOCTOR SAID HEART AND NERVES WERE RESPONSIBLE.

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted and causes nightmares, bad dreams, starting in the sleep, twitching of the muscles, restlessness, etc. Milburn's Heart and Nerve Pills are a specific for all people troubled in this way. They have a soothing and calming effect on the nervous system. Mrs. Calvin Stark, Rosemont, Ont., writes: "About two years ago I began to be troubled with a smothering sensation at night when I would lie down. I got so bad I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb. My doctor said my heart and nerves were responsible. I saw Milburn's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now lie down and sleep without the least burning and can rest well. I can recommend them highly to all nervous and run-down women." Price, 50 cents per box or 3 boxes for \$1.25, at all dealers or mailed direct to The T. Milburn Co. Limited, Toronto, Ont.

And the copies of the letters that are sent out? A. They are attached to the letters that they are in answer to. Q. And who is it decides upon which file these documents go on? A. Well, I file the letters myself according to the subject. Q. You make the file, do you, and then build it up as it grows? A. Yes sir. Q. How did you see the files of the treasury department that were brought down to the house? A. Yes sir, I saw the file relating to the Alberta & Great Waterways railway. Q. Yes, that is the one I refer to. A. Yes. Q. When did you last see that before it was brought down to the house? A. Mr. Macleod, the deputy treasurer, asked me for all the papers I had in connection with the Alberta & Great Waterways railway, and he brought it directly to the house. Q. WHAT THE EAST WOULD HAVE.

A few days ago the fruit dealers of Winnipeg suggested that the tariff be altered to such an extent that the duty upon fruit and green vegetables be removed during that portion of the year that fruit and vegetables are not produced in this country.

How was it decided? The fruit men of Ontario have received not only to oppose such a suggestion, but to send a man to Ottawa to lobby the members against such an atrocious suggestion.

The eastern fruit dealers would not be injured by the suggested alteration of such a tariff, for it would apply only when they were out of business, and the people of the west would have the privilege of getting cheap fruit.

There is a possibility that the people of Western Canada would get into the habit of liking cheap fruit, and of course, that would never do.

And there you see the selfishness of the protection system. It is not patriotic. On the contrary, it is without any sentiment other than gross selfishness.

Mr. Bennett also drew attention to the demands which the people make upon candidates, and the promises which they exact.

There are not many illustrations of strong men being defeated because they withstood the self-interested promise-seeker and not many instances of the election of the weak man who promised everything to him who asked.

Democracy has not had quite a fair trial yet. We are far from having government by the people.

The trend of legislation is moving towards a purer democracy. Students of government institutions recognize that the cure for the evils of the present time must be along the line of giving the people a more direct voice in the administration of affairs.

Democracy is the ideal and the only form of government for mankind. It may have its defects, but they are trifling and can be remedied.

barriers are brushed away when the will of the entire people has an opportunity of directly attacking the evils which trouble the public.

Mr. Bennett complained because the ignorant foreigners, frequently illiterate and often unable to read the names of the candidates are permitted to vote.

In the United States the franchise in most parts is limited to those who can read the United States constitution, which is not an unreasonable restriction.

However, it does not take long for even these foreigners, whom Mr. Bennett rather despises, or at least dreads, to become alive to our standard of political morality and to get interested in our political questions.

The Albertan differs from Mr. Bennett, in his belief that the right is always with the minority.

And that is generally the case. The big, honest, unprejudiced and comparatively thoughtful people, will give a right decision, but the narrow, prejudiced, selfish minority is forced into giving dishonest and selfish decisions.

Looking to my mind as something owing nothing except that the line running into the city from the south, I passed the remark to Mr. Gillis that the plan was very indefinite.

Mr. Gillis explained that the matter passed out of my mind because it was a mere routine plan so far as Calgary is concerned.

## PARKES AND GEEHAN TO BE WITH CALGARY

The Two Fingers Are Too Good to Lose and Will be on Firing Line This Year

The local baseball fans will be glad to hear that Parkes and Ed. Geehan, Calgary's star pitchers of last year's team, will again be seen in a local uniform.

This was a statement made by President Sam Savage last evening, who received a letter from Carney to that effect. The Calgary manager said he took a trip to Tacoma, and while there saw Geehan work out. He said Ed. was going faster and better than ever. He is in line shape and has speed and control to burn. If Edward keeps it up he will be a fixture with Calgary. Parkes will also be along, as the reports to Parkes credit show him in good shape also.

Yesterday the deal between Calgary and Regina was completed, whereby the Saskatchewan capital purchased the right Bill Donovan. Bill should make a valuable addition to Roy's Walter's bunch. He is a right-handed pitcher and one of the best hitters in the league last year, and will fill in on the Regina team, a place where Roxy was weak.

"Pop" Gouchee will be in line. He has already sent in a signed contract and states he expects to play better ball than ever. Everything on the farm is going splendid with "Pop" and he is making arrangements so that he can get away for the season.

## DEACON CAN SEE BUT ONE TEAM IN THE BIG LEAGUE

And That Team Wears the Uniform of the Edmonton Team.

In a letter to Barney Barnstead, Deacon White, manager of the Edmonton Baseball club, is very enthusiastic over his team. Barney will travel north to report about the end of this week. Deacon also states that he is signing up a crackjack of an outfielder named Lee Wolfe, who hails from Los Angeles, and last season played in the Pacific Coast league.

Deacon has about given up hopes of landing Lee Morrell, Brandon's hard-hitting outfielder of last season's Western Canada team. Morrell announced early in the season that he would be out of the game this year, but everybody thought it was a very much in earnest bluff, if he does not change his mind very shortly Deacon will be under the painful necessity of looking for another sander. But there is one thing that Deacon and that is that if Morrell does not play with Edmonton he will not be seen with any other team in the W. C. L.

## Donovan Praises Smith

Vancouver, April 4.—Practically all the players who will try out for places on the Vancouver ball team this spring, have reported now, and when squad reports for meals at the Winters hotel the waiters in the dining room stampede for cover. Manager Bob Brown has enough playing stock to field several teams and those twilight league clubs will be able to secure ready-made teams complete when Bob starts to weed the garbage out next week. Bill Donovan, the old Vancouver outfielder, who started with the Calgary team in the Western Canada league last year, was busy yesterday making dates with some of the players to go prairie-chicken shooting when they meet again east of the Rockies. Donovan is wanted by several clubs in the Twilight circuit, and is going back, though it is not likely to Calgary.

Wally Smith has just arrived looking better than ever. Smith had an sensational year in the Twilight league and Donovan says he was the most likely youngster in the whole organization. Donovan played behind Smith all season, and he says the Philadelphia kid showed more promise and ability than a whole lot of the youngsters who have played in the Northwestern. Smith did splendid work after he rejoined the Beavers last fall, and he will come mighty close to getting on steady with the Brown boys this year.

## Big Baseball Trade

New York, April 4.—Manager McGraw of the New York Giants has traded Outfielders Herros and Collins to the Boston of the National league for Outfielder Becker. News of the trade came today from Norfolk, where the Giants are playing.

## BASEBALL BRIEFS.

The first baseman signed by Calgary played sixty-six games in the Northwestern last season. He had 604 put outs, 39 assists, 17 errors with a fielding percentage of .974. In batting his average was A.B. 418. Runs 41, hits 94, average 236. He hit 17 two-base hits, 4 three-base hits and 3 home runs.

When "Chuck" Connors reports to Manager Carney, "Chuck" will bring along a friend who is a first class pitcher. Chuck is not handing out any not air about this pitcher but just says "to wait and see him." This pitcher is coming west because he is a great friend of Connors, and wants to play ball with the same team as Chuck. Besides he wants to see this western country.

The Calgary Baseball club received another letter from Carney yesterday in which he states he has signed a pitcher named Chapin, whom he expects to do great things this summer. Bill also asked for some cash to keep the pot going, making a touch for \$700. This money was wired Carney right away.

McCutcheon, signed by Deacon White is a college pitcher from Missouri. He is willing to pay his own expenses for a trial with the Eskimos, and claims to have all kinds of speed and curves. He is confident that he has control and can make good, so Deacon signed him up.

Deacon White has the following scout for Roy Mills, the Calgary ball player who is going to get a tryout with Edmonton:

"Roy Mills, Third, has the earmarks of a big leaguer. He is a sandy fielder, and has a good arm. Expectance is all he wants, and he should show good. Last summer he was tried out by Calgary, but was nervous. Get this knocked out of him and he will make good."

Frank Lohr, manager of the Winnipeg Maroons is receiving more mail these days than the other guests of the Winnipeg hotel put together. Frank has had letters pouring in to him from

all parts of Canada and the States from would-be members of the local team, and from others who have their jobs already checked.

Jerry Edmonds was first to send in his contract to Manager Lohr, and now Seattle, Spieser, Anderson and Krueger have all followed suit. Beattie wrote from Toronto saying that he was in the very best of trim and just longed to report. He has been training with the eastern ball tossers Jack will again figure at the initial sack. Spieser, wrote from Minneapolis, Anderson, and Krueger from Two Rivers, Wisconsin. They all say they are ready any old time and are in "A 1" condition.

The Winnipeg pitching staff will be strengthened with a southpaw who made a name for himself on the Pacific coast last season. Frank does not wish his name mentioned until he has finally landed him.

The recruits who now have their home in the city had another practice with his name mentioned until he has finally landed him. The recruits who now have their home in the city had another practice with his name mentioned until he has finally landed him.

Pitcher Mattern has signed with Boston, leaving Cooned Ferguson and Curtis as the only remaining hold-outs.

Outfielder Paskert of the Reds kept himself in good condition by working out at the gymnasium in Cleveland.

Frank Pfaffer of the Chicago Cubs recently bought a residence in Boston and will in future call the Hub his home.

Pitcher Reulbach of the Cubs is quoted as saying: "The only way for a pitcher to handle Hans Wagner is to outguess him." If this is the case the poor guessers in view of the fact that Wagner has clouted his way to the top as regular as a clock for thirteen years.

Pitcher Letfield of the Pirates has ended his wedding tour and has joined the Pirates for another season's work.

The veteran catcher, Wilbert Robinson, is infusing a lot of ginger into the Giants' pitchers. He predicts a great future for young Parsons.

Manager Dahlen of Brooklyn can't last all the infielders who broke into fast company with him in 1891.

Shortstop Coffey, with the Boston Nationals last season has been appointed coach of the Fordham College baseball squad for this season.

Manager Jennings intimated the other day that he had practically decided to make Beckendorf the regular Tiger catcher this year.

Outfielder Harry Gessler has just joined the Senators at Norfolk after putting in a month sinking an oil well at Vincennes, Ind.

The lightning work of the Newark recruit, Shortstop Eddie Foster, has caught the fancy of Manager Stallings of the Highlanders.

Jack Atz, recently released to the Providence club by the White Sox, has sent back the contract tendered him. The salary does not suit Atz.

The veteran "Cy" Young is training for his twenty-first season as a major leaguer. He says he means to stick an even twenty-five years in the big show.

Manager Jennings of the Tigers realizes and admits that he made a great mistake in the training programme of the Tigers this spring.

The veterans reported too late for one thing. They are a long way from being in condition, and there is little hope that they will get in form by the time the season opens. Consequently the veterans are not hitting, fielding nor showing any speed or cleverness in any other way. The plan of dividing the veterans among two teams also is acknowledged to be a failure. It utterly precludes the development of team work.

Eastern

Manager McGinnity of Newark is dicker for Outfielder Bob Ganley, the former Washington and Philadelphia player, who was turned over by

the latter to Kansas City, but refused to agree on terms.

Newark thinks that either Baltimore or Toronto would pay a good price for hold out Outfielder Kelly's release, but McGinnity says no Eastern club will get him.

Pat Hagon, the best pitcher Rochester has, will report to the Bronchos tomorrow.

Eddie Sabine is to be the regular first-baseman of the Bisons this year.

First-baseman Calhoun and Billy Kolster, former Jersey City players, have refused to sign with the Wilmington team of the Tri-State League at the salary offered, \$175 a month.

Billy Clymer, manager of the Wilkesbarre team, says that he has been promised two players by major league teams and that he will not be seriously hampered because of Kid Mahling's failure to sign a contract.

Arthur Brown, former Newark player, has a rival for the position of first base of the Albany team in S. McDonald, a Georgetown heavyweight.

GENERAL SPORT NEWS

Arnet Held The Championship Christchurch, N.Z. April 4.—The world's sculling championship was retained by Richard Arnet who defeated George Welch, New Zealand champion, by six lengths. The race was for a stake of £2,500, and was over a course of the three miles and a fraction.

Wolgaist Will Meet Baldwin Waukegan, Wis., April 4.—Batting Nelson will not get the first chance at Ad. Wolgaist, the new lightweight champion, as he had expected. A letter from Wolgaist says that he has signed up for a battle for forty-five rounds with Mitty Baldwin on June 25th. Baldwin's share of the proceeds is not stated, but Wolgaist says he will receive \$5,000 and training expenses as a guarantee.

Ten Rounds Says Jeffries Oakland, Calif., April 4.—Expressing entire confidence in his ability to get into condition, for a long fight with Jack Johnson, James J. Jeffries arrived from Los Angeles today, enroute to his training quarters in the Santa Cruz mountains, he will go to his camp tomorrow, accompanied by his manager, Sam Berger, and the usual retinue of rubbers and trainers. Berger said today in Jeffries' hearing, that they expected to win from Johnson in ten rounds or less. The fighter smiled approval, but said nothing.

Smoke Satisfied With Jack Johnson. Chicago, April 4.—Champion Jack Johnson put on the gloves yesterday in the gymnasium in the rear of his Wabash Avenue home, for the first real boxing bout of his advance preparation for the fight with Jeffries on July 4th. Kid Cotton was the champion's opponent and the bout went six rounds.

"I was surprised at my own condition," said Johnson, "as I expected to be winded and tired after six fast rounds, but the fact that I did not, shows that I am in pretty good shape already."

Good Order at the Bout New York, April 4.—There is going to be absolute order at the Jeffries-Johnson championship fight July 4 and Glesson, who is here perfecting some of the arrangements, is going to employ Pinkerton detectives as ushers. Glesson says they will wear uniforms and besides seating the spectators will take care of any noisy ones. Glesson has formulated some interesting rules for spectators. No one will be allowed

to enter with a weapon of any kind though Glesson did not say today whether each spectator would be "frisked" to see if he carried a gun. A plan is being considered to float a captive balloon over the ring and have the number of each round shown by a big placard that drops down.

#### Memorial Service at Army

The Salvation Army auditorium was filled Sunday evening for the memorial service of the late Miss Mary Barker. The service was held in the hall "The Dead March to Saul" which was very impressive, and a selection inside entitled "Songs of Comfort" Short addresses were given by Mr. and Mrs. T. Watson, Mrs. C. Jackson, Adjutant McEae, Mrs. Staff-Capt. Combs and Mrs. Major Creighton, who had known the departed, and visited her during her illness, each one giving expression to the bright, unselfish Christian life she lived, from the time of her conversion, to the age of 33.

#### Miss Mary Barker had been a very earnest, faithful worker in the Army for 8 years, devoting all her strength and spare moments in trying to do good.

And then could say at the finish of this life: "Jesus can make a dying bed soft as a downy pillow and whilst on his breast I lean my head and breathe my life out sweetly there."

#### CONDITIONS ARE VERY FAVORABLE IN THE NORTH

Mr. Day Tells of the Favorable Outlook at Daysland

E. W. Day, mayor of Daysland, is spending a few days in the city on his way south to spend a few weeks in Iowa. Mr. Day reports that the town which he founded and which bears his name, and the surrounding district are progressing very rapidly.

Seeding operations are being pushed ahead and most of the fall plowed land is seeded. As it is early in the season the farmers will continue to plow and seed additional land as long as they consider that the crop will have time to mature, after which they will devote their attention to breaking for next season's crop.

Fall wheat is in excellent condition but the majority of the districts along the Watkinson branch is spring wheat, for which this district is adapted.

"One of the great things I have noticed has been that the original homesteader is selling out to the men from Ontario and from Iowa who have the money to start right in and farm the land. We are getting into the Daysland district the finest class of men that there is in the province of Alberta."

### AT THE THEATRES.

#### "The Royal Chef."

The presentation of Ben. M. Jerome's comic opera, "The Royal Chef," at the Lyric theatre last evening, attracted a packed house. There was not an empty seat from the front row of the orchestra to the "gods."

"The Royal Chef" is unmistakably a comic opera, because there are three long acts and all about nothing. Comic opera is meant to be amusing and a fun-maker, and in this department it was a high success, very large audience was most enthusiastic in its appreciation.

Bright, catchy music, good lyrics and brilliant humor, coupled with good singing and dancing by well-dressed chorus girls, was the feature which makes "The Royal Chef" interesting from start to finish.

There is absolutely nothing to the story and the fun is centred around the Royal Chef who is a cook's son-in-law, and happens to come along when the Rajah of Olong is in sore need of a cook on account of his late cook having been beheaded for putting poison in the Rajah's tea. The cook is pressed into the Rajah's service, during which he has many exciting experiences.

There are in the play some bold, bad bandits, who come along and take the cook and the Rajah's daughter, and carry them away into the mountains. An American naval officer, however, checks the bandits and rescues the cook and his daughter, for which he receives the hand of the princess for his services.

William Conley in the Royal Chef made a great hit. His song "Let Me Go Back to My Dear Old Chicago Home" was the hit of the evening. This song is as old as Adam, and has been sung many times at the Lyric, but not in the way Conley did it. He was accorded a standing ovation.

Len Chaney as Lord Mito, the Rajah's prime minister, was also funny. With Conley, the two main characters, a pair of comedians, Miss Florence Sinnott made an excellent leading lady, while Miss Helmsman, the comedienne, sang and did her dances very attractively. These received excellent support from the other members of the company.

The famous Broilers are good chorus dancers. They are pretty, dressed well, and their dances are a feature of the show.

"The Royal Chef" will be repeated tonight, and lovers of comic opera should not fail to see this play.

The Ragdolls, in their ring act, now playing at the Orpheum, are certainly fine. Joe Rolfe is very clever. Knott and Lawrence missed train com. Items yesterday and were unable to appear, but will positively appear tomorrow afternoon, and from then on, and with this addition the Orpheum will be packing them in all the way.

Bert Ransom sang the Star of Light in Burning to several encores. The Orpheum scope is extra good, and with up-to-date music furnished by the orchestra.

#### Festivities at Starland

The Horse Show commences today, so Starland commences to show its feature attractions for the week, the dining being the great biograph, a grand French comedy masterpiece and a bunch of roaring comic which together with a catchy song "Molly and the Ragdolls" will be presented in all the way.

Mr. Ernest Willis, the well known comedian, is the principal comedy role. Mr. Willis requires little introduction to local theatre-goers, as many recall with pleasure his several untroubled characterizations in the past.

Mr. Willis will have the support of the National Stock company, which has been considerably augmented, especially for this play. A beautiful wardrobe and an exceptionally elaborate scenic equipment is being prepared for this celebrated comedy. Seats may be reserved any time at the Lyric box office.

#### WHY MR. ROOSEVELT DID NOT SEE THE POPE

(Continued from page 1.)

de facto, Mr. Roosevelt will not go to the Methodists, and the audience will occur.

Mr. O'Loughlin refused to give his assurance.

The Cardinal then added: "Mr. Roosevelt is free to go to the Methodists and do whatever he chooses, but the Pontiff is certainly free not to receive a man who would claim the right to insult him on the day after having been received by him, or perhaps on the same day, as according to your statement, he may leave Rome on the same day of the papal audience, thus leaving only between noon and evening, Tuesday, in which to see the Methodists."

"It is of little consequence, whether he is a Catholic, Protestant, Jesuit or Buddhist. All religious persons merit the same esteem. The important thing is to be honest and sincere. So far as the form of belief is concerned, I believe that all honest people will be always on good terms with God."

# CALGARY'S REAL ESTATE OPPORTUNITIES

## NOW IS THE TIME TO BUY FARM LANDS

### Medium Sized Tract Cheap Land

300 acres of land in the famous Heatherbrae District near the town of Camrose, which is fast becoming a railway center.

1700 acres of this land is within two miles of Chattan, a small town which has two elevators, churches, school, and a number of hardware and general stores. The land is generally level and free from potholes and sloughs; some small scrub and patches, but is mostly clear land. The soil is a rich black loam with clay subsoil. There is plenty of coal in the District which can be had at the mines at \$1.50 per ton. Will set all or subdivided.

PRICE: \$13.50 PER ACRE; ONE-FIFTH CASH. Balance four equal annual payments at seven per cent. interest. Can be sold in quarter, half or whole sections.

This is a splendid farming proposition as the Heatherbrae country is justly celebrated for its abundant crop of oats and No. 1 Northern wheat. The district is well settled and good roads have been made throughout the country. Some of the most satisfied and prosperous farmers in the whole of Alberta are to be found in this district.

807 First St. E., Opposite Post Office, McDougall Block, Ground Floor, Phone 1760.

### Ranch 1760 Acres, 8 Miles from Parkland

### HIGHLY IMPROVED FARM

NO. 220—Section, 24-28, W. 4th, 540 acres. This property all fenced and cross fenced into half and quarter sections; 320 acres broken, 180 acres of which is ready for seeding in the spring and has been exceptionally well worked, and should produce the best possible crop. The crop in 1909 yielded about 100 bushels to the acre. As soon as the crop was removed, the ground was plowed and disced last fall, and is now ready for the seed. 140 acres is in stubble. The buildings consist of one large dwelling house, frame, of 10 rooms, over 48,000 feet of lumber in the house, and could not be built now for less than \$2,000; one permanent barn; holding 6,000 bushels; 3 movable granaries each holding 1,500 bushels, and two good drilled wells, in both of which there is exceptionally good water. Rural mail delivery and telephone close to this property. Property farmed, this farm will produce this season about \$2,000.00 worth of crops, estimating that the wheat yield will be 20 bushels, and the oat crop \$0 bushels to the acre, which is a very conservative estimate, considering the crop that has been grown on this farm in former years. PRICE: \$10,000 CASH; balance to be arranged to suit purchaser, with interest at 7 per cent.

### Quarter Section---Splendid Value

### THE LAST OF THE EVIDENCE

(Continued from page 2.)

Q. You are in sole charge of that are you?

A. Practically so.

Q. Have you any file of documents or any documents whatever or correspondence relating to the Alberta & Great Waterways railway?

A. Not now.

Q. Have you ever had?

A. Yes.

Q. When did you have it last?

A. I don't remember the date. They were asked to be brought down to the house and I presume they are here, as far as I know.

Q. To whom did you give them?

A. I gave them to Mr. Stocks, likely.

Q. The deputy minister?

A. Yes.

Q. About the time the debate over the Great Waterways railway was going on in the house, is that correct?

A. Yes.

Q. Did that file contain all the correspondence that you had knowledge of relating to the railway?

A. It did.

Q. Is there any other correspondence or any other documents that you have any knowledge of or ever had any knowledge of relating to the railway company which do not appear on that file?

A. Not that I am aware of.

Q. None that ever existed to your knowledge?

A. Not to my knowledge.

Cross Examination by Mr. Biggar

Q. Have you looked over the file recently, Mr. Chapman?

A. Not since it left my care.

Q. And that was how long before it came down to the house?

A. It came directly to the house from my office.

Q. From you?

A. Yes.

Q. I see it did not go to the minister?

A. I don't know whose hands it went to after I handed it to the deputy minister, but I presume it came directly to the house.

Q. You handed it to the deputy minister, but you don't know to whom he handed it?

A. No.

Q. That was Mr. Stocks who was examined here this morning?

A. Yes.

Q. And have you examined it lately?

A. I haven't seen it since.

Q. Would you be good enough to look at it. I think the top file there is the Edmonton Radial railway?

A. Well, all the railway files were sent out of my care together.

Q. If you turn to the first book about I think you will find the first file is the Edmonton Radial railway, No. 34-901. There is nothing on that that is connected with the Alberta & Great Waterways railway that is exclusively Edmonton Radial railway, isn't it?

A. Yes.

Q. Then the next one is the general railway file?

A. Yes.

Q. That has something on, has it not?

A. Well, I don't think pertaining to the Alberta & Great Waterways railway as far as I remember, I may say that I formulated those files myself from their inception, and I tried to keep the correspondence as near to where it belonged as possible.

Q. Nothing on that?

A. No.

Q. Then the next one is the Grand Trunk Pacific, general 31,000, there is nothing on that, I think?

A. Nothing on that.

Q. Then the next one is the Canadian Northern, general. That is number 30,000.

A. The next one is Canadian Pacific, Crow's Nest Pass, 32,101.

Q. There is nothing on that?

A. The next one is Canadian Northern, 30.

Q. There is nothing on that, so that the only file that we have to do with—well, is there anything on the next one, No. 29?

A. I don't remember just what 29 is.

Q. Correspondence regarding railways?

A. Not that I know of. This is evidently not a file that I have had anything to do with; it is the first time I have seen 29 to my knowledge.

Q. What is that document?

A. It is addressed, W. R. Clarke Kansas City.

Q. Then there is something on that with regard to the Alberta & Great Waterways railway?

A. Yes, but I will say this is the first time I have seen this file.

Q. You have never seen that at all?

A. No.

Q. This is the first time you have seen that file, No. 29?

A. Yes.

Q. Or any of the papers on it?

A. No. I find some memos here from myself.

Q. Why would you have nothing to do with that file, No. 29?

A. Well, this file has evidently been kept in some of the other departments, possibly in Mr. McKinnon's office or by Mr. Stocks in some of the other correspondence offices.

Q. Can you tell by the number of it or the nature of the documents on it or anything else that you see on the file where it would be likely to be kept?

A. No.

Q. Whose file is it?

A. I can't tell who would be the direct custodian of it.

Q. Which of the files are you directly in charge of?

A. Mr. Justice Book; there is nothing to indicate the department?

A. Yes. The department is quite clearly indicated.

Q. That is the Public Works?

A. Yes.

Mr. Biggar: What files of the public works department, I mean the railway matters, have you not anything to do with, speaking generally?

A. Well, the public works department have nothing to do with the railway matters now at all.

Q. Yes, I understand that. Then how is there a railway file of which you have no knowledge? How is it that there are papers on railway matters on the file that department with regard to which you have no information?

A. Well, I suppose these matters on the file did not come within my province.

Q. Well now, there is on that file, is there not, a letter from Dr. Weddell to Mr. Stocks and covering a letter from Mr. Clarke and a report from Mr. Phillips and Mr. Goddard and some other papers, estimates of the cost of the Alberta & Great Waterways railway and other matters of that kind. You observe those things?

A. Yes.

Q. How was it that these did not come to you?

A. I was not directly connected with the matters. The matters that those letters refer to are not strictly engineering matters.

Q. Well, is an estimate of the cost of the road not strictly an engineering matter?

A. It would be in a certain sense.

Q. How would it be that you would have no information about that?

A. Because I wasn't at all interested in the same.

Q. Well, perhaps you had better explain to me then the mode in which these files were kept, because perhaps there are more files than somebody else in the department does not know anything about. They may be there yet?

A. Yes.

## Nervous Headache

AND MUSCULAR RHEUMATISM DISAPPEARED WHEN THE NERVES WERE RESTORED BY

### DR. CHASE'S NERVE FOOD

Fatigue, wasted, started nerves often make their condition known by nervous headaches. This is one of the first and most marked symptoms. If you are at all subject to rheumatism you have noticed how much worse it gets when the system gets run down. Both nervous headache and muscular rheumatism disappear when Dr. Chase's Nerve Food is used to rebuild and revitalize the wasted and weakened body.

Mr. James Riley, moulder for the Waterloo Engine Co., 46 Jarvis St., Brantford, Ont., writes: "I suffered for years with muscular rheumatism and as I also had frequent and severe attacks of nervous headache I concluded that the trouble came from the nerves and began using Dr. Chase's Nerve Food. As I continued this treatment the rheumatism was gradually driven out of the system, my nerves got stronger and steadier and my headaches disappeared. I consider Dr. Chase's Nerve Food a splendid nerve regulator and health-giver."

You cannot possibly make a mistake in using Dr. Chase's Nerve Food when the nervous system gets run down, for by forming new, rich blood this great food builds up the nerve cells as nothing else can. When you have made up your mind to test this treatment, go at it in earnest and keep at it regularly until you feel again the joy of health and vigor. 50 cts. a box, \$ for 12 boxes, all dealers, or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

## THE LAST OF THE EVIDENCE

(Continued from page 6.)  
A. Well, the only files in connection with railroad matters that I know of are the files that had in my possession, which I presume are all here.  
Q. Well, as far as the departmental files are concerned, with regard to the matters which you were under control of, are there any other files that you have?  
A. I cannot tell you what other files there might be.  
Q. Did you know until you saw that file that there were any railway files in the department of public works that you were not familiar with?  
A. That might possibly be.  
Q. You did not know it until you saw this file here today?  
A. Would you put that question again?  
Q. Until you came here this afternoon and looked at this file No. 30, you understood that you had charge or under your control all the files of the department with regard to railway matters?  
A. No.  
Q. Now which of them would you not have charge of?  
A. Files dealing with matters of policy, etc. The only railway files I had in connection with matters involving dealings with the railway companies direct, as to railway crossings and such as that.  
Q. I see, and general files with regard to railway policies you had nothing to do with?  
A. No.  
Q. Well now, there were specifications prepared, were there not?  
A. For whom?  
Q. By you or the department in connection with the Alberta & Great Waterways railway?  
A. I prepared specifications, yes.  
Q. Did you find any of those on those files?  
A. I haven't seen them on here, they might be I haven't got to the end of it yet.  
Q. Just glance through the rest. It is a bulky document, is it not?  
A. Yes.  
Q. Now you are at file 30,999, are you not, with which you are familiar?  
A. No. This is Great Waterways, yes. I don't see any file numbers on many of those documents. That is the end of 30.  
Q. Now glancing through the others, there are no specifications so far?  
A. Not that I have seen, no.  
Q. When were these prepared?  
A. I don't remember the exact date. It was some time the latter end of October, the fore part of November of last year.  
Q. And do you know what happened to those?  
A. No, not directly. One copy I handed to Mr. Stocks or to Mr. Cushing, copy I am not sure which. The other copy I received instructions to forward to Dr. Waddell.  
Q. And did you ever borrow that copy that you sent to Dr. Waddell subsequently?  
A. I never saw it after it got out of my hands.  
Q. You asked for it?  
A. I asked for it, but was not successful in getting it.  
Q. At the time you asked for it, did you have any information as to what had happened to the office copy, the one you handed to Mr. Cushing or Mr. Stocks?  
A. No, further than I understood it was not in Mr. Cushing's possession at that time.  
Q. Well, had you any information as to why it was not in Mr. Cushing's possession?  
A. I had not.  
Q. And did not give any explanation to Mr. Goddard of why it was not in the office?  
A. Mr. Goddard never asked.  
Q. I mean altogether apart from any inquiry. You did not give any away?  
A. No.  
Q. And now you find you prepared some reports in connection with the Alberta & Great Waterways project, did you not?  
A. Well, more in the nature of memoranda.  
Q. Did you find all those on those files?  
A. As far as my recollection goes.  
Q. Do you remember when you prepared the first of those reports or memoranda?  
A. I couldn't give the exact date; the first memorandum I prepared was, I think, about a year ago last September or October.  
Q. Do you find that on these files?  
A. I think it is.  
Q. Just turn it up, will you?  
A. But I am not positive whether it is or not, as far as I recollect, this is the document.  
Q. Is it dated?  
A. No, there is no date on it; it was simply a disconnected memorandum.  
Q. Mr. Justice Harvey, is it numbered?  
A. Yes, C-24 is on here.  
Q. Mr. Justice Beck, is file C the file you have personal charge of?  
A. These numbers have been put on the file since.

## INDEED THEY ARE WONDERFUL

What Thos. McDonald Says of Dodd's Kidney Pills.

He Had Lame Back, Kidney Disease and Heart Fluttering, and One Box Cured Him.

Shippesicade, Hants Co., N.S., April 4. (Special).—I suffered from Lame Back, Kidney Disease and Heart Fluttering, caused by cold and a strain, for three years. I was looking over some papers and saw Dodd's Kidney Pills advertised and I bought one box which completely cured me. Dodd's Kidney Pills are wonderful.

That is the simple, straightforward statement of Mr. Thomas McDonald, a well known resident of this place. It shows how quickly Dodd's Kidney Pills cure Kidney Disease when taken in its earliest stages. Lame Back is one of the first symptoms of sick Kidneys. Heart Fluttering is another symptom. It is caused by blood, from which the sick Kidneys have failed to strain the impurities, increasing the work of the heart. Dodd's Kidney Pills make the sick Kidneys well, the lame back disappears, the blood is purified, the heart is relieved and the fluttering stops.

If the case is of long standing, it may take longer to cure it, but Dodd's Kidney Pills never fail to do it.

proceeds of the bonds.  
Q. Well, my question is whether you know of any other account in any bank whatever in which any of the Great Waterways company's money has been kept or through which dealings have been had by that company and also the construction company?  
A. I have no personal knowledge.  
Mr. Clarke told me.  
Mr. Robson: Keep to your personal knowledge, please.  
Witness: I have no personal knowledge.  
Mr. Johnston: Of any other account whatever than that account kept in the name of Dr. Waddell?  
A. No.  
Q. You are the auditor, you said?  
A. Yes.  
By Mr. Robson  
Q. Were you here before the date in February you mentioned?  
A. I arrived the evening of February 24th.  
Q. You don't know anything personally about the state of things in the office before that?  
A. Nothing personally, no sir.  
Mr. Johnston: That is all the evidence we have.  
Mr. Justice Scott: Then, it is understood that we adjourn until the 14th of April.

Mr. Blygar: Would your lordships allow me just before we adjourn, Mr. Walsh told me yesterday in regard to Mr. Cornwall's papers in reading the evidence I gave yesterday I found that Mr. Bennett went a little further and asked me if I had any other papers in connection with the Alberta & Great Waterways in my office, I believe there to be some and I shall give them to Mr. Walsh during the recess. I did not understand yesterday that the question had been put in that way.  
The commission now adjourned to the 14th of April, 1910.

Re-examination  
Mr. Johnston: For how long has the account been kept in that manner to your knowledge?  
A. Since the beginning.  
Q. Since when?  
A. Well, my knowledge goes back to Feb. 24th.  
Q. Of this year?  
A. Yes, sir.  
Q. And that is all that you can speak to now?  
A. I believe it was kept that way since the beginning.  
Q. Do you know of any other accounts in any of the other banks in which any of the monies of the Alberta & Great Waterways company have been kept or are kept?  
A. Do you refer to the proceeds of the bonds?  
Q. That money there or any accounts of any kind whatever?  
A. The railway company has had no

Had a Bad Cough For a Number of Years.  
Mrs. A. E. Brown, Ottawa, Ont., writes: "I have had a very bad cough every winter for a number of years which I was afraid would turn into consumption. I tried a great many remedies but only received temporary relief until I got a bottle of Dr. Wood's Norway Pine Syrup, and after taking two bottles my cough was cured. I am now without a bottle of Norway Pine Syrup. Too much stress cannot be laid on the fact that when a person catches cold it must be attended to immediately or serious results may follow. Dr. Wood's Norway Pine Syrup is the medicine you need. It strikes at the foundation of all throat and lung complaints, relieving or curing all Coughs, Colds, Bronchitis, Croup, Asthma, Sore Throat, etc., and preventing Pneumonia and Consumption. So great has been the success of this wonderful remedy it is only natural that numerous persons have tried to imitate it. Don't be imposed upon but insist on getting "Dr. Wood's." Put up in a yellow wrapper; three times the strength of the market price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont."
