NOTES AND NEWS OF LAWRENCETOWN

Business Change, Personal and Social Notes Around The Churches.

PINK EYE PREVALENT

Preparations for Easter Concert—Fairy Sales For Cemetery Well Entrusted.

Lawrencetown, N. S.—Sunday morning Rev. Mr. Hill, of Yarmouth, gave a fine address to the Brotherhood and congregation in the Baptist Church. Rev. H. Lockham preached one of his best sermons.

The Brotherhood had a good meeting Wednesday night. Plans for which work, uplift for the good of the town and district, new members, and more are needed. The women seem to have taken charge of the work, and wise, strong men are greatly needed.

Board of Managers of the Methodist Church met on Wednesday. Quite a good number attended. The ladies of the church treated the guests to a generous dinner.

The "Elm House" is now re-opened to the public, and is being well patronized.

Mr. H. Sanford has sold his business to Mr. F. Bishop and Mr. Roy Ritchie, two popular young men. Best wishes to the new firm.

Some comfortable places are for sale or rent in town at present time.

Mr. Burpee Bent and son, of Berwick, were the guests of Mr. John Morgan.

Mr. Gladstone Parker, Bridgetown, was in town on Wednesday.

Our well known teacher of languages, Mrs. Richardson, is very ill.

Many friends will be saddened by the deaths of Mr. and Mrs. Pearson of Paradise. Both were so well known and valued by the community at large.

Mrs. Henry Sanford is at her former home, called there by the illness of her father, Mr. Norman Longley.

Mr. M. McKewen is recovering from a severe cold.

Dr. Archibald has had some hard days attending calls over the mountains.

Mrs. Pidgeon has been called to care for a case in Middleton. It is very fortunate that Pidgeon has her home in Lawrencetown as trained nurses are not easily found.

Sun, rain, fog, are all getting a move on the snow.

A very enjoyable concert is in preparation for the Easter season.

Quite a number of people are being afflicted with a very painful disease of the eyes, commonly called "Pink Eye".

People are busy hauling apples, hay and wood into town. Times seem more bleak.

Mr. Roland Richardson, son of Mrs. Richardson, is in town, called here by the severe illness of his aged mother, Mrs. Newcomb, a niece of the Rev. Mr. Hill, also in town.

Mr. Gordon Boyd has returned home after a visit to friends in U. S. Mr. J. Young, Bridgetown, is a niece of Mr. Boyd's. Mrs. D. M. Baleson, Mrs. John Wozell is quite ill.

Mrs. W. Parsons, Middleton, is a niece of Mrs. (Dr.) Pearson, Main Street.

Funeral sale Saturday afternoon in aid of the public cemetery. The sale net Saturday gained quite a sum for this very worthy enterprise.

ANNUAL MEETING LONG LAKE SPORTING CLUB

The annual meeting of the "Long Lake Sporting Club" was held at the home of Mr. E. R. Orlando, Tuesday evening, March 20th. The meeting was opened with the President, Mr. Frank Fowler, in the chair; a large number of members were present and a lively interest taken.

The following officers were appointed for the year:— President—A. F. Hiltz, Vice-President—J. I. Foster, Secretary—A. C. Charlton, Trustees—G. O. Thies, E. R. Orlando, F. H. Fowler.

After the business of the evening had been disposed of, a motion to adjourn was unanimously carried, but this did not imply that any were about to depart, for in the room directly opposite, a number of the fair sex were assembled, seemingly happy, but particularly so when the meeting adjourned and all were able to get into what proved to be a delightful evening's entertainment.

After all had sat down to a bountiful repast the culinary department of the Orlando home was unanimously placed in front rank.

The President, Mr. A. F. Hiltz, extended to the host and hostess the thanks of all present for the kind invitation, thus was brought to a close one of the most successful and most pleasant meetings in the Club's history.

BUYS BUSINESS IN MIDDLETON

O. W. Chesley, For Twenty-Six Years With Waterbury & Rising, to Engage in Same Line in Nova Scotia Town.

O. W. Chesley, for more than twenty six years with Waterbury & Rising, Limited, in their King Street store, starting in as a boy and working up to the management of the store in recent years, has severed his connection with them to go in business for himself. He has purchased the shoe store formerly conducted by the late M. P. Marshall, in Middleton, N. S., and while his business associates and friends in St. John regret to see him leave, they wish him much success in his new endeavor. Mr. Chesley with his long experience in the shoe business, will be missed by members of the shoe trade in New Brunswick and particularly St. John, but the residents of Middleton will acquire a keen business man, in addition to being a citizen, who, in addition to being a keen business man, has taken a deep interest in public matters, among other activities being an energetic member of the South End Boys' Club. Mr. Chesley left for his new field, but as his family will be obliged to stay in St. John for a short time to allow his two sons to finish their school term here, he expects to make visits from time to time to his old home to make arrangements for moving his family to Middleton.—St. John Telegraph, March 26th.

BELLELESE

Mrs. Ralph Horton, of Upper Granville, with her two small sons, are visiting her parents, Mr. and Mrs. John H. Bent.

Mrs. Henry H. Bent and Mrs. Harold W. Bent were sunning to their old home in Upper Granville on Sunday, owing to the sudden death of their father, the late Phineas D. Phinney.

Mrs. William E. Bent visited her aunt, Mrs. (Capt.) Julia Longmire, of Bridgetown, last Friday.

Mr. and Mrs. Fred Gesner and small son have taken up their residence here, Mr. Gesner having bought the business of the late H. H. Wade. We wish for him every success in his enterprise.

Mr. F. C. Parker, foreman for Chase & Joudrey, Wolfville, with his staff of men, are busy packing the Non-pareils for the English markets. The apples are being shipped via St. John by S. S. Granville, owing to the train being out of commission.

Mr. and Mrs. Wallace Covert, of Karlsdale, were recent guests of Mr. and Mrs. A. W. D. Parker.

Mr. and Mrs. H. W. Bent drove to Round Hill to attend the funeral of Mrs. Bent's sister, the late Mrs. Wm. C. Healy.

Miss Grace Horton, of Upper Granville, spent Sunday with her friend, Miss Susie A. Bent.

The play entitled, "A Poor Married Man", which is being prepared by the members of Bellelele Division, will be given in Bellelele hall in the near future.

A straight panel frock of citron colored moire is worn over a slip of blending satin.

LAST HOCKEY OF SEASON

Middleton and Bridgetown Put Up A Good Fast Game Here.

SCORE 2-1, VISITORS' FAVOR

"Ike" Fisher Stars for Middleton—Spectators Well Pleas'd With Match.

The last hockey match and in some respects the best one of the season locally, took place when Middleton and Bridgetown teams crossed sticks. The game resulted in a win for Middleton by a score of 2 to 1, and the game was well fought throughout. The visitors were reinforced by "Ike" Fisher who has been starting in the hockey game in New York for the Winter and has recently arrived home. Von Reagh, the lightning twirler of the Middleton baseball team, also an arrival from "the land of the brave" and the home of the "free" occupied the position of goal tender. The ice was rather heavy and made fast hockey a matter of great difficulty, nevertheless the teams managed to please the spectators and furnished a number of exciting episodes. "Ike" Fisher's rushes were an outstanding feature of the game, but the stone-wall defence of the locals kept him for the most part out of the danger zone. However, he shot a goal from centre ice the latter part of the first half. Cox also scored the visitors, thus doing all the tally work in this period. In the second period Harry McKenzie made a fine end to end rush and landed the puck in the net. The fastest hockey of the game was played in the last period, but no scoring was done.

Ernie Grimshaw referred to the satisfaction of all concerned.

Line-up as follows:

Bridgetown:	Middleton:
H. Troop goal	V. Reagh
H. McKenzie defence	I. Fisher
J. Little forwards	C. Fisher
V. Hill	Dodge
R. Donaldson	Cox
J. Hoyt Subs	Landers

DEEP BIGGON

We are glad to note that Mrs. A. G. Sullis has quite recovered from her recent illness.

Mr. S. A. Spurr spent Monday and Tuesday of last week in Annapolis Royal on business.

Mr. and Mrs. Harry Vroom have rented the cottage owned by Mr. A. G. Sullis and will move there very soon.

Repairs and improvements on the Baptist parsonage will begin early in April under the direction of Mr. Augustus Purdy.

Mr. and Mrs. Thomas Flynn have been spending a few weeks in Wallace, N. S.

Capt. W. V. Spurr is very much better so that he is able to be up and around nearly all day now.

The Dorcas Society held their regular monthly meeting with the Vice-President, Mrs. J. F. McClelland. This proved to be a very large and pleasant meeting. At the close of the business session the hostess, assisted by Mrs. Howard Adams and Josephine Rice, served dainty refreshments. The next meeting, April 18th, will be held with Mrs. Bessie McBride.

Deduct the value of the buildings, fences, etc., from the selling price of some of our farms, for sale, and you will find that in many cases you are getting the land for nothing, or but a few dollars per acre at most.—Lloyd's Real Estate Agency.

A loosely knitted sports dress of soft white wool has an embroidered border in orange, green and orchid.

FUNERAL OF MRS. E. H. BEATTIE

Fine Tribute By Dr. Manning To Good Qualities Of Deceased—Interment at Wolfville.

The funeral took place on Thursday at Wolfville of Mrs. E. H. Beattie who passed away in Halifax on Tuesday evening at the age of 88 years. The funeral services were conducted by Rev. Dr. Manning, a long time friend of the deceased, and of her late husband, the Rev. Frank Beattie. Interment was made in the family lot in Willow Bank cemetery where her remains were laid to rest beside those of her husband who predeceased her eleven years ago. Dr. Manning referred feelingly to the many good qualities of the deceased and to her devotion to Christian work.

The pall bearers were Dr. A. J. McKenna, J. E. Hales, H. A. Peck, David Thompson, Harry Brown and Ernest Wickwire.

Mrs. Beattie was a native of Hammond, New Brunswick, and a daughter of the late Mr. and Mrs. Charles Howe, her father being a first cousin of the late Honorable Joseph Howe. At the age of sixteen she secured a teacher's first class license and taught for seven in various schools in New Brunswick and with signal success. In 1871 she was united in marriage to Rev. Francis Beattie and with him played a worthy part as co-laborer in a number of churches including Hopeville, N. B., Kingston, Parrsboro, Grandville, Port Maitland, and Glace Bay, N. S., and in Galt and Glamis, Ontario. In all these places she entered enthusiastically into the work of the church but with special interest in Missions and in Sunday School work.

In 1900 Mr. and Mrs. Beattie retired to Lower Wolfville and he gave up regular pastoral work. She enjoyed with her husband general esteem of a large circle of friends but nearly all of whom had at the time of her death passed to the Great Beyond. She leaves to mourn their loss, one son, Frank, editor of THE MONITOR, a number of nephews and nieces in Massachusetts, and in New Brunswick, besides Rev. E. H. Howe, of Kingston, also a nephew; five grandchildren, Harold, Tom Beattie, Bridgetown; Fred Beattie, Port Morien; Evelyn, West Paradise, and Marion, Bridgetown.

And yet, dear heart! remembering thee, Am I, not richer than of old? Safe in thine immortality, What chance can mar the pearl and gold? Thy love hath left in trust with me? And while in life's late afternoon, When cool and long the shadows grow, I walk to meet the night that soon Shall shape and shadow overflow, I cannot feel that thou art far, Since near at need the angels are; And when the sunset gates unbar, Shall I not see thee waiting stand, And, white against the evening star, The welcome of thy beckoning hand?

CENTRAL CLARENCE

A great many in the community have been sick with bad colds and a gripe.

Mrs. John Bennett has been under the doctor's care for several days. Her sister, Miss Mary MacDougall, is helping care for her.

Mrs. R. E. Williams, of Paradise, spent a few days the first of the week with Mrs. J. E. Conrad and other friends.

Blake Conrad and Lyle Davies left for Boston. After spending some time there they intend going to New York.

Sable McIntosh was a week-end guest at C. H. Jackson's.

Mr. and Mrs. Charles Nelly, of Brooklyn, visited at Everett Sprol's on Wednesday of this week.

The young people were entertained recently at the home of Mr. John Davies and Mr. Everett Sprol's.

A pie social was held at the vestry on Friday evening, March 9th. The sum of \$38.00 was realized to be used for church purposes.

TWO CHANGES IN INCOME TAX FORMS

Income tax papers for 1922 will be sent out shortly from the various centres. There are two main changes from last year. The most wide-reaching is the increase in the exemption of each child from \$200 to \$300. Thus, where there are five children the exemption on their account is raised from \$1,000 to \$1,500, bringing the total exemption for the father up from \$3,000 to \$3,500.

There is a further extension in the allowance for dependents. Formerly this was confined to a parent, or a grandparent, a daughter, or sister under 18 years of age, and a son or brother under 18 years of age. This is now changed to include an unmarried daughter, or sister regardless of age; and a son or brother under 21 years of age or incapable of self-support on account of mental or physical infirmity.

BOARD OF TRADE ANNUAL MEET

Business of Year Will Be Dealt With At An Early Date.

NO POSTPONEMENTS

Large Attendance Especially Desirable To Keep Bridgetown Up In Proportion.

The Bridgetown Board of Trade will shortly hold its annual meeting postponed from last Friday night.

There will be no further postponements and it is especially desirable that there be a large attendance several matters of the utmost importance will come up and it is also well that the Board of Trade and citizens generally keep in mind and endeavor to work actively as possible in co-operation with the other bodies involved to encourage and stimulate the tourist business which could it is generally acknowledged, be worked up as a splendid asset to the Province and a general source of satisfaction and pleasure to the people of Nova Scotia generally.

There are a number of other matters of importance to come which will make attendance worth while. Boards of Trade are a splendid institution and their co-ordinated efforts have always been of proven value and in the interests of the Province as a whole. There are many general matters of vital interest to the Maritimes and no bodies can so well look into these as the Boards of Trade. Thorough and enthusiastic support from the various individual members is what counts.

BEAR RIVER

Mrs. R. J. York spent a few days in St. John last week attending the Spring millinery openings.

Miss Lucy VanBuskirk has returned from Amherst where she has been visiting her brother.

Carey Henshaw, who has been confined to the house with a severe cold, is able to be out again.

On Monday evening, April 2nd, the members of "Royal Division" intend holding a pie sale in the Temperance Hall. Girls bring your pies—boys come prepared to buy them.

Messrs. A. B. Marshall, J. L. Warren, recently visited Oakdene school.

Mr. O. A. Eisner left for New York on Saturday where he has a position. The family intends going after the school term closes.

Glad to report Mrs. Robillard is able to be around again.

Miss Grace Cosby left for Boston on Tuesday.

On Sunday evening, the 11th, one of the large plate glass windows in the Trading Co's store was broken by accident.

Capt. Fletcher Rawling and wife, of Calais, Maine, is visiting at the home of his sister, Mrs. W. D. Chute at the "Grand Central Hotel".

Sorry to report Mrs. Derby Jack ill at time of writing.

Mr. Jesse Berry has returned to Lexington, Mass., after spending the Winter months in Bear River.

Mr. Burke, of Lawrencetown, who has recently purchased the C. W. Phinney property, has taken possession.

Mr. George Ross returned from Boston on Friday.

Mr. L. V. Harris returned from Annapolis on Saturday, where he has been visiting for a few days.

Friday last the S. S. Bear River, attempting to make her way up the river through the ice, unfortunately broke her propeller and parts of her steering gear, which has necessitated her staying in the ice half way up the river.

Mr. R. E. Feltz spent the week-end in town.

Miss Ethel Woodworth has returned from Carlton, Yarmouth Co., where she has been visiting her sister, Mrs. Roy Miller.

INMATES OF CO. INSTITUTIONS ENJOY TREAT

Illustrated Story, and Comic Slides Given By Rev. J. H. Freestone and Mr. F. E. Bath.

The inmates of the County Hospital and home received a rare treat at the Recreation Hall when on the evening of March 22nd, the Rev. J. H. Freestone and Mr. F. E. Bath gave for their benefit the well known story, "Christie's Old Organ". The slides illustrating various parts of the story were most interesting and very much appreciated by all present, as also, the story as read by Mr. Freestone. After the close of this most interesting story two sets of comic slides were shown and did not fail to amuse the audience, especially the set bearing the title of "Community Cost". The staff of the Hospital and Home are deeply indebted to Mr. Freestone and Mr. Bath for their thoughtfulness in providing the above entertainment, and can assure them that all are anxiously awaiting the date when another will be given in the Recreation Hall, and which they have so kindly offered to provide.

Learn the modern and scientific way to farm. Use up-to-date machinery, select good seed, cultivate and fertilize properly, breed the best grade of stock available, make big money in a big way.—Lloyd's Real Estate Agency.

RUSSELL WITHERS INJURED

Wareham—Russell Withers, 63, of 10 Circuit Ave., Newton Highlands, whose reputation as a carpenter has made him sought for many years for all manner of special work, had his right leg amputated and his left leg broken in two places this morning in a very unusual accident which occurred just as the 10 o'clock train from Boston was pulling out of the Parker Mills flag station, on its way to the Wareham station.

Mr. Withers was on his way to Wareham, where he was to have been met by Arthur Griffin of Marion, and driven to Galen Stone's Summer home in that town to do some special carpenter work.

Apparently Mr. Withers must have dropped asleep when the brakeman called out the name of the station as the train stopped at Parker Mills, he understood the man to say "Wareham," for he sprang to his feet, rushed to the platform and jumped off. Realizing his mistake as the train started on towards Wareham, Mr. Withers attempted to climb aboard, missed his footing and fell in such a way that the wheels of one of the passenger cars passed over his right leg, severing it.

He was carried into the Parker Mills station, where Chief of Police Smith and Clerk of Courts Harold Hurley applied an emergency tourniquet, staunching the flow of blood until the arrival of Dr. B. D. Stillman of Wareham, who prepared Withers for the journey back to Boston where he was taken to the Fenway Hospital at 298 Newbury St., where his daughter is a nurse.

At the hospital it was stated this evening that Mr. Withers is as well as could be expected under the circumstances and strong hopes are held out for his recovery, despite his advanced age and the loss of blood.

Mr. Russell Withers referred to above, is a son of the late Walter Withers, of Granville Centre, and brother of Mrs. John M. Troop, Mrs. F. W. Harris and Mrs. W. A. Piggott. Besides his relatives he has many friends here who regret to hear of the unfortunate accident.

MILFORD

Messrs. Gilbert and Carroll Brown have returned from Colchester Co., where they have been employed during the Winter.

Phyllis Wood, of Lequille, spent the past week with her grandparents, Mr. and Mrs. Edgar Gates.

Mrs. Ritchie, of Moschelle, spent the week-end with Mrs. Geo. Stalling. Sorry to report Mr. Stalling at time of writing suffering very badly from the effects of a cancer.

Word has been received at Milford of the death of J. C. Steadman, of Dorchester, Mass., brother of Mrs. Edgar Gates. The deceased was 43 years of age. Although he had been in failing health for some time, his death came as a shock to his many relatives and friends. He leaves to mourn his loss: Jessie Steadman, widow, and two children; two sisters, Mrs. R. J. Chisholm, of Dorchester, Mass. and Mrs. Edgar Gates, of South Milford; two brothers, Archie, of

LONE TRAPPER'S DEATH FIGHT

Torn Scraps of Clothing And a Gun Encircled by Carcasses of Six Wolves Tell Tragic Story.

VICTIM CARL LYNN AN OVERSEAS MAN

Member of 1st North Battleford Battalion.

Saskatoon, Sask.—Mute and ghastly evidences of a trapper's death struggle with hunger-stricken timber wolves in the Hinterland of Saskatchewan were torn scraps of clothing and a gun encircled by the carcasses of six big wolves, which two fur hunters discovered at the north end of Cree Lake, two hundred miles north of Ile a la Crosse.

The clothing and gun belonged to Carl Lynn, one of the best known trappers and mushers in the north country, his friends believe. Lynn made a business appointment to be in Ile a la Crosse, on March 10th, but did not put in an appearance. He was a man who never broke an engagement, but his acquaintances did not suspect that harm had befallen him until the fur hunters reached the post with the story of their tragic discovery.

Lynn had apparently waged a desperate battle for life and had killed six timber wolves before he was finally beaten down. Nothing remains of the trapper's body and all his clothing has disappeared, except shreds of his coat and trousers.

Lynn was a pioneer of the north country. He went overseas with the first battalion that was recruited in North Battleford, Sask., and throughout the war served as a sniper.

BEAR RIVER

Mrs. R. J. York spent a few days in St. John last week attending the Spring millinery openings.

Miss Lucy VanBuskirk has returned from Amherst where she has been visiting her brother.

KARL FREEMAN

BRIDGETOWN, N. S.

HEAVY AND SHELF HARDWARE

IS STRADIVARIUS REALLY SUPERIOR TO MODERN MAKES?

London.—A curious contest between the merits of old Italian and new-made English violins will be witnessed shortly in London.

Hidden by a screen, Mr. Albert Sammons will play alternately on a Stradivarius (18th century) and on new English instruments, and the audience will be asked to give their opinion on the quality of tone of each.

The question is often asked whether the enormous value nowadays allowed to the instruments of Stradivarius, Guarnerius and the other classic Italian makers may not be partly due to sentiment.

At a similar experiment made two years ago in Paris the declaration of the experts turned out to favor the modern instruments.

The supporters of the old masters, on the other hand, point out that many modern fiddles, brilliant-toned when brand new, fall in the staying quality of the best old ones, and may "dead" within ten years.

The experiment is due to the impulse of W. W. Cobbett, a generous patron of English music and musician, who six years ago instituted an annual prize designated to encourage the making of stringed instruments in England.

For this year's Cobbett competition 20 makers have sent in examples, and 13 of them have full sets of two violins, viola and cello.

NEW SECRETARY FOR TUBERCULOUS VETERANS

(N. S. Sanatorium)

Kentville.—At a recent meeting of the Tuberculous Veterans' Association the resignation of R. R. Murray, Secretary-Treasurer, who has been discharged as a patient was accepted and W. J. Walsh, was elected to the position. Mr. Walsh, who is a patient in No. Five Pavilion, is well qualified for the position, and the Association is fortunate in having him as one of its officers.

For Two Weeks

I still have in stock a few overcoats which I do not wish to put away, and in order to clear them out, I offer them at very low figures.

Also a few pairs Men's Heavy Work Pants, in all sizes, from 34 to 48 inch waist measure.

If you have a few dollars to invest in winter clothing it will pay you to bring it in, as I will offer some great values.

Wm. E. Gesner

Dealer in Everything That Men and Boys Wear

The Tonic that Gives Strength

Now is the Time to Invigorate Your System and Throw Off Winter's Ills.

An unusually trying Winter is almost over, but the Spring will find many whose strength has been sapped and systems undermined by Winter colds, influenza, pneumonia or close confinement indoors. Recovery from this condition is often slow, but it can be hastened by the use of a true tonic medicine. Strength and energy can be restored, the stomach toned up, headaches banished and nervousness overcome through a fair use of Dr. Williams' Pink Pills. These pills have a direct action on the blood, enriching and purifying it, thus bringing new strength to every organ and nerve in the body. In this way this medicine has brought new health to thousands of weak and despondent people. Among those who owe their present health to Dr. Williams' Pink Pills is Mrs. Clarence E. Misner, of Chippmans Brook, N. S., who says:—

"I had a very severe attack of influenza, but after the characteristic symptom of that trouble had passed, I was left in a very weak and depressed condition. I could not keep on my feet for half an hour at a time, and words can scarcely tell how badly I did feel. I had been taking the medicine my doctor gave me, but it was not helping me, and as I had used Dr. Williams' Pink Pills on a former occasion, with great benefit I decided to try them again. I got half a dozen boxes, and soon after beginning their use I could feel my strength returning. By the time I had used my supply of pills, my old-time strength had come back, I could do my household work and keep my feet all day without feeling need up as formerly. I feel that these pills have been worth their weight in gold to me, and I strongly recommend them to other weak, run down people."

You can get these pills through any dealer in medicine or by mail, postpaid, at 50c. a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

APPLE EXPORT EQUAL LAST YEAR

The export of Nova Scotia apples to the markets of the United Kingdom this season is expected to equal the total for the 1922 season. Up to the end of February a total of 1,021,812 barrels have been shipped and during the same period last season a total of 1,058,661 barrels have been exported via the port of Halifax.

During the month of February there were twenty-one steamers loaded with apples at Halifax and 180,900 barrels were shipped. During February, 1922, the shipments totalled 177,812 barrels.

LOWER GRANVILLE

Mr. H. H. Anthony, who has been harvesting ice the past week, has his ice house filled.

Mr. Prosser, of Yarmouth, is cruising timberlands in this vicinity.

Mr. J. Littlewood has recovered from his recent illness and was able to resume his duties on S. S. "Granville" this week.

The Women's Institute will meet at the home of Mrs. Albert Angers on the evening of Friday, 30th inst., instead of the 23rd, as previously reported by your correspondent, who made the error.

VICTORIA BEACH

Mr. Hartley Ellis arrived home Monday, from St. John, N. B., where he has been employed the Winter.

Mr. A. C. Hayes has returned to St. John, N. B., after spending a week with his children at the home of John McGrath, Sr.

John McGrath, Sr., went to St. John, N. B., Thursday. He is expected home Monday.

A pie social was held Thursday night in the school house. Proceeds was \$11.00 for church purposes.

PROPOSAL FOR PERMANENT STREETS WAS TURNED DOWN

Middleton.—A meeting of the rate payers was held Thursday afternoon to consider the matter of permanent streets for Middleton. A resolution was introduced authorizing the Town Council to borrow a sum not exceeding \$25,000 to make permanent improvements on portions of Main, Commercial and George Streets. After considerable discussion a vote was taken, which defeated the motion by a large majority.

LOWEST SINCE 1917

London.—The lowest figure in the cost of living which has been reached in this country since May, 1917, was that of last month, according to the Ministry of Labor. The official return for February, 1923, shows that the cost of living was 76 per cent above the cost previous to the war, compared with 77 per cent in January, 1923.

MORE ACCIDENTS DURING YEAR 1922

Ottawa.—Fatal accidents to people while at work in Canada during the year 1922 showed a considerable increase over those occurring in the previous year, amounting to 1,107, as compared with 992 in 1921. The highest number of accidents occurred in the transportation and public utilities group, and the lowest in the air service-involving 317 deaths and one death respectively. There were 141 deaths, recorded on steam railways and 88 in water transportation.

In the mining, smelting and quarrying group, 168 deaths were reported, of which 97 occurred in coal mining. Falls of rocks and cave-ins accounted for 65 deaths, 37 deaths were due to explosions and 19 to mine and quarry cars.

THE WHEAT CROP OF 1923

Regarding the report that England will take all the wheat surplus of the United States crop of 1923, a grain man stated that no dependence could be placed upon that statement. That she will take a portion of it is pretty certain, but to what extent will all depend upon what Canada will give her. It is too early to say what the United States will have to spare out of her crop of 1923.

Active reaction from Winnipeg on Monday stated that every thing pointed to a late Spring, but it was very certain there would be plenty of moisture, as there is quite a depth of snow. It is stated that whenever a good depth of snow has lain in Manitoba in the middle of March, a good wheat crop has followed as a rule. Cash prices in the Winnipeg wheat market closed easier on Tuesday and lower, No. 1 Northern being quoted at \$1.11-1-8, and No. 2 Northern at \$1.09-1-2. The export trade is disappointing according to Winnipeg advices.

ANNAPOLIS MAJOR IS PATIENT AT THE "SAX"

Kentville.—C. C. King, of Annapolis, was admitted to No. Five Pavilion last week for a short period of treatment. Mr. King, besides being one of Annapolis' leading citizens and Mayor of that town, heads and sits on many leading committees of affairs. Annapolis, less than two years ago, wiped out by one of the most disastrous fires in the Province, has been built very rapidly, thanks to men like Mayor King, who have great faith for the future of their home town.

GALE BLOWS IRISH RAILWAY CARS OFF TRACKS IN DONEGAL

London.—A train from Londonderry to Burton Port was caught in a terrific gale along the Western Donegal coast.

The force of the wind broke the couplings, and two coaches were swept off the rails and blown down an embankment at Kincaislagh. The few passengers in the coaches escaped with bruises and a severe shaking.

A similar accident occurred on the same section of the line on Christmas Day.

BRITISH PAYING \$25,000,000 TO WIDOWS OF MERCHANT SEAMEN WHO LOST LIVES BY SUBMARINES

London.—Sums amounting in the aggregate to \$25,000,000 are now being paid out by the government to widows, orphans and dependants of merchant seamen who lost their lives through the German submarine campaign, and as compensation in cases of civilians who lost their lives or were permanently disabled during air raids.

ON THE WRONG WINDOW SILL

London.—Love led Thomas Lynn, storekeeper, to the dock at the local police court.

He was charged with being on enclosed premises, and it was explained that he climbed on the window-sill of a woman's bedroom at midnight.

But the owner of the house saw him and called him with a truncheon. Lynn told the Magistrate he knew a woman living in the vicinity and he said he went to attract her attention.

Unfortunately he went to the wrong house.

NORWEST GALE BRINGS RELIEF TO ICE-BOUND ISLE

St. John's, Nfld.—A northwest gale which prevailed Saturday was expected to clear the southern coast of the colony of ice and enable the steamer Kyle, which left here Saturday, to reach various points along the coast with provisions to relieve the food shortage and to distribute the necessary papers to enable the list of voters for the general election to be completed.

Yarmouth.—The lobster fishermen at Sandford have secured a few crustaceans for which they have received \$1.00 each.

ONE 50c BOX BROUGHT HEALTH

Years of Constipation Ended By "Fruit-a-lives"

The Wonderful Fruit Medicine

Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable every way. Nothing in the way of medicine seemed to help me. I tried 'Fruit-a-lives' and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

NOT ENOUGH

Sometimes people think the newspapers devote too much space to political matters. Our opinion is that they devote too little. National and Provincial questions must be discussed, so that they may vote on them intelligently. So it is with civic affairs. If civic affairs are to be conducted on a high plane there must be publicity. It is necessary to trust the people all the time and to let them see wherein the interests of the city lies. This is the only way to get a continuously successful government.—Prince Rupert News.

LADY DUFF-GORDON, 'LUCILLE', A CANADIAN GIRL, GIVEN HEARING IN BRITISH BANKRUPTCY COURTS

London.—A sitting was held by Registrar Reginald Hope at the London Bankruptcy Court for the public examination of Lucy Christiana Duff Gordon, otherwise known as Lucille, described as a dress designer, of Hanover Square.

The debtor, against whom a receiving order was made some time ago, has filed accounts showing total liabilities over \$200,000, and assets estimated to produce about \$10,000, which, however, are absorbed by the claims of three preferential creditors.

In reply to the Deputy Official Receiver, the debtor stated that in 1883 she commenced business as a dress-maker and dress designer at her private address under her own name.

In 1894 she took premises at 24, Old Burlington Street, and traded under the style of "Lucille". She obtained \$15,000 from her mother, and agreed to give her \$3,000 a year, and she could not understand why it was included in the amended statement of affairs as an unsecured debt.

In March, 1903, in consideration of 34,933 £1 shares and \$3,500 in cash, she transferred her business to Lucille Ltd., a company then formed. Later a subsidiary company was formed in Paris, and she acted as a director and dress designer for both.

In January, 1910, she went to New York, and with \$25,000 registered in New Jersey, "Lucille, Ltd., New York and Paris," which subsequently carried on business as Court dressmakers.

Of that company and its subsidiary company in Chicago she subsequently acted as director and dress designer.

By a subsequent agreement with the Paris company she was to receive \$30,000 a year as dress designer for the four companies. That remuneration she received till February, 1921, when the Chicago company went into liquidation, and her remuneration was cut down to \$25,000, which she received till the following August.

Then the New York company went into liquidation, and her remuneration was reduced.

By a resolution of the Paris company she said, she was, in August, 1922, dismissed from the service of all the companies, because in an interview which appeared in a New York journal she had stated what was the truth, namely, that the dresses shown by the company were not designed by her.

The examination was concluded.

LIQUIDATION OF SHIPPING BOARD FLEET IN PROGRESS

Washington.—All interests identified with the United States Merchant Marine were invited by the Shipping Board to assist in the formation of a policy which will make possible the liquidation of the government fleet and the taking over by private interests of such routes as show prospects of becoming self-sustaining.

Commissioner Lissner, chairman of the Board's common policy, addressed identical letters to the American Steamship Owners' Association, the United States Ship Operators' Association, and the Council of American Ship Builders, requesting each to name a committee to meet with that of the Board in Washington next week, to present and discuss the views of their organization.

SCOTIA'S LOVELIEST CHILD
The child, a daughter of Mr. and Mrs. C. B. Carver, of Bridgeville, Nova Scotia, is the loveliest child in the province. She is named Marguerite, and is now more beautiful than her picture, which was taken in the month of August, 1922. She was born on the day the Armistice was signed.

FRUIT GROWERS ARE OUT TO CAPTURE OLD COUNTRY MARKET
Congratulations were tendered by the Board of Trade last night upon the work of the special committee which has been co-operating with Nova Scotia fruit growers to bring about a more efficient method of marketing their crop. G. F. Gyles, chairman, reported upon the progress of the work, and stated that it was up to the necessary 85 per cent. of the growers would contract to market through the central agency. The committee was instructed to continue its work.

PAINT ORE DISCOVERED IN MILES FROM HANTSPOINT
Hantsport—Paint ore has been discovered about 18 miles from Hantsport. A license to mine has been procured and a company is being formed, with two of Hantsport's energetic business men at its head. Work will commence as soon as weather permits. Specimens from the mine have been widely analyzed and the ore has been pronounced equal to any imported from foreign parts and is unique in that it is the only find of its kind in Canada.

MERCHANT MARINE ANNOUNCES CHANGE MONTREAL SERVICE.

Large Boats To Go On West India Service.
St. John—The Canadian Government Merchant Marine Limited has announced a change in the service from Montreal to the West Indies to commence with the opening of the Montreal season. Four boats of about 4,000 tons gross, all considerably larger than those now used on the route, will be put on this service and will maintain fortnightly sailings. The steamers to be used will be the Canadian Carrier, Squatter, Runner and Otter. All these ships have been in St. John during the winter. The Canadian Carrier is now waiting to sail for Cardiff and Swansea, the Canadian Runner arrived in Glasgow from this port recently, the Canadian Squatter was here recently and the Canadian Otter was here early in the season. The increase in the size and number of the boats is taken as an indication of better trade conditions by many.

PORT WADE

Mr. M. F. Prosser, of Yarmouth, R. R. Hayden and Horace Johnson, of Port Wade, and Lower Granville, respectively, while cruising some timber limits last week, were very happily entertained at Division at the home of Charles Talbot, Delap's Cove. After disappearance of the splendid menu, the company were favored with an after-dinner speech by friend Horace Johnson, which made the whole an enjoyable affair.

GAS STORAGE FOR APPLES

In storing apples there is a very interesting alternative to cold storage, known as "gas storage". The apples are placed in an airtight chamber filled with gas produced by the respiration of the apples themselves. An electric instrument is used to determine whether at any time the proportion of carbon dioxide in this gas becomes excessive, and when that condition occurs air is admitted to dilute the gas. The air is kept in slow circulation by its own temperature variations and means are taken to remove excess moisture. It is stated that this system doubles the time during which apples can be kept in good condition and that the cost of working is very much below that of any kind of cold storage. The merits of the system have been investigated by the British Investigation Board.

METEOROLOGICAL RECORD FOR WINTER SEASON

With the present unheated of strenuous winter season, it may be interesting to note the rain and snow fall comparisons for the past few months. For the month of November, 1922, there was 1.43 inches of rain fall, and 1.5 inches of snow fall; for December, 1922, there was 1.72 inches rain fall, and 31.4 inches snow fall; for January, 1923, there was 2.15 inches rain fall, and 40.4 inches snow fall; for February, 1923, there was no rain fall, and 14.1 inches snow fall, making to the end of February a winter's snow fall of 88 inches and rain fall of 5.3 inches.

REMARKABLE AGED CITIZEN

Mr. John C. Balsor celebrated his eighty-ninth birthday on Jan. 28th. He has been spending the winter at the hospitable home of Deacon E. J. Elliott, Mr. Hanley, and cannot speak too highly of their tender thoughtfulness for his comfort. With the exception of quite a severe cold in the early part of the winter his health has been good. Taking a walk every day, when weather permits, despite his age, his faculties are unimpaired; his hearing good, and his memory excellent. He can relate some very interesting incidents of years ago, remembering details of each event, which a less observant mind would never have noticed. Although he does not live in the past, but is also interested in the affairs of the present day and is exceptionally good company for people of all ages. Never using tobacco or strong drink, Mr. Balsor's present condition proves that hard work, regular habits, and temperate living are not only conducive to lengthening of life, but to a sane and enjoyable old age.

LOBSTER FISHERMEN WILL HAVE A MONTH

Shelburne.—Lobstering amounts to little or nothing in this vicinity as yet. In some districts the traps are out, but in here the fishermen have not made a move owing to ice conditions. It will be the first of April before war is declared on the crustaceans, and later than that unless the weather changes very quickly.

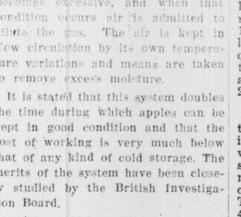

MRS. LEWIN SAYS IT'S WORTH \$1,000

Values Tanlac Highly, Declaring It Ended Indigestion, Soothed Nerves and Restored Weight

"I wouldn't take a thousand dollars for the good Tanlac has done me, for I would have given that much before I took this wonderful treatment to feel the way I do now," was the positive statement made the other day by Mrs. Matilda Lewin, 12 Strange St., Toronto, Ont. "I suffered with stomach trouble, general run-down condition, and my nerves were so excited they nearly drove me wild. I ate scarcely enough to keep going, was dreadfully thin and weak, and often had to give up my housework to avoid a breakdown. Gas on my stomach bloated me till I could hardly breathe, I had to rush to the window for air, and seldom got a good night's sleep. "If I live to be a hundred years old I will always bless the day I started the Tanlac treatment. I have gained nine pounds, am free of indigestion, nervousness and sleeplessness, and my housework is like play. Tanlac is simply grand."

REVITALIZE!

There are thousands who are ailing just a little, who need a tonic to energize and revitalize, who should utilize the nourishing benefits of **Scott's Emulsion**

Your body does not require powerful drugs or stimulants, but does need nourishment vitalized with health-building vitamins, to help restore normal resistance.

Here and There

St. John, N.B.—J. M. Woodman, general superintendent of the C. P. R., New Brunswick district, announced that the only large expenditure in his district during the year will be for ballasting and bridges. Mr. Woodman returned from Montreal, where he was on a business trip.

Edmonton.—The northern railway extensions, which under the recently announced agreement with the Union Bank will be proceeded with next spring, are to be built by the Canadian Pacific Railway Construction Department. One of the conditions of the agreement between the provincial government and the bank interests is that the C. P. R. do the construction work, and the conditions will be complied with by the government, which had originally intended building the roads under its own railway department.

Port Arthur.—Additional trackage accommodation will be constructed by the Canadian Pacific Railway in its Port Arthur yards this coming summer, especially at Current River, to take care of the increasing grain trade to be created by the elevators there. Other work will also be done locally and at Fort William considerable will be undertaken, including the replacement of the two large freight sheds destroyed recently by fire with buildings of an improved, and fireproof type.

Carleton Place, Ont.—On the occasion of the retirement of roadmaster Jelly and section foreman J. Millikin from the C. P. R. Company's service, the fellow employees and their wives gathered at the town hall, Saturday, and a social evening was spent. The tables were laden with the very best that a caterer from Ottawa could provide, and about 150 people were present from all classes of the company's service.

St. John, N.B.—C. E. McPherson, Assistant Passenger Traffic Manager of the Canadian Pacific Railway, with headquarters at Winnipeg, in St. John recently, the guest of his brother-in-law, Dr. W. W. White. Mr. McPherson is always a welcome visitor to St. John where he has for many years as the representative of the C. P. R. by 1897 when he went to Toronto, and later in 1899 to Winnipeg, his headquarters since. He has watched this Western railway grow from a town of 40,000 to a city of 200,000.

Yorkton.—Another milestone in the history of railway development in Yorkton and district was marked when the members of the clerical staff of the C. P. R. freight department took up their quarters in the offices of the new freight shed. This building is 240 feet long and 40 feet wide, and provides accommodation for eighteen cars of freight. The building and track alterations involved an expenditure of nearly \$70,000.

Winnipeg.—Great interest in the increasing facilities for the storing and handling of grain at the head of the lake was reported by Charles Murphy, general manager of the Canadian Pacific Railway, who returned from Fort William. Mr. Murphy stated there would be an enlargement of at least 4,000,000 bushels in the storage capacity during the coming summer, and it was hoped the new equipment would be in working order in time to take care of the next crop. Two privately owned elevators were to be erected and the buildings of the Saskatchewan co-operative company to be enlarged he stated. One construction outfit was already on the ground and construction would be rushed as soon as weather conditions permitted.

YOUNG PEOPLE ORGANIZE FOR ACTIVE CHURCH WORK

Middleton, N.S.—Organization of the young people of the town for church work has been undertaken by both the Baptist and Methodist Churches last week. On Tuesday the Methodist young people met at the home of J. A. Reagh and decided to organize a Bible Class to meet at the same hour as Sunday School on Sundays. A committee was appointed to endeavor to get a suitable class room in which to meet. Officers are to be appointed at the first regular meeting.

Thursday evening the young people of the Baptist congregation were invited to meet the new pastor, Rev. W. D. Wilson, to consider organization of a young people's church society. It was decided to organize a B.Y.P.U., and also continue the Tuxis Square which has been discontinued for a few months. The following officers were elected for the B.Y.P.U.:—Pres., Miss Audrey Parker; Vice-Pres., Carl Messenger; Sec'y., Miss Mary Cox; Treas., David Wilson.

Chairman of the different committees were also appointed as follows: Literary, Carl Messenger; Missionary, James Wilson; Devotional, Miss Effie Cox; Social, Miss Bernice Bentley.

Meetings will be held every Friday evening. Tuxis following immediately after B.W.P.U. is dismissed.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis

WEDNESDAY, MARCH 28th, 1923

THE TOURIST QUESTION

To the Kentville Board of Trade, ably seconded by that of Wolfville, is due much credit for their vision and well thought out plans for increasing the tourist business and for making it a constant and growing asset to the Province.

That the tourist business and methods of getting and retaining it have fallen down badly during the past few years is patent to everybody. It should also be patent that this business has never been developed to the extent that it should have been in the Province of Nova Scotia. There are, of course, reasons, and these are not far to seek. Success is renegeing and developing it must be through a business-like co-operation and co-ordination of efforts.

As leading factors entering into this may be mentioned—Transportation, Hotel Service, Good Roads, a Live and Active Public Interest. Our roads have been greatly improved so that the main highways are very fair and becoming better all the time, and a great proportion of our beauty spots may now be reached very comfortably by car or other conveyances.

There are, however, numbers of very attractive spots which could be readily reached with some little additional expenditures on roads. Now, as regards the three other factors mentioned above, Cooperation and vision both are needed. While it may be stated that transportation companies will make improvements so far as results would seem to justify them still it might as well be plainly stated that these facilities at present are not such as prove tempting to wealthy tourists with whom the question of service is more important than that of mere cost.

When the visitors are brought here they must have somewhere to go where they can get good meals well served, places that they will visit from choice, not from dire necessity. While we have a number of good hotels in the Province, we have too many which obtain patronage not from their merits, but because their victims can find no where else to go. The tourist who gets stung once will not be stung twice. He does not have to come back. He stays away and advises his friends to do the same. On the other hand good service ensures repeat orders year after year in many cases and the satisfied guests not only return but bring their friend along with them and thus the business grows and prospers and the place of their selection with it. A number of our hotels cannot cater to tourists to any extent as ordinary travelers keep them filled up. Outside some favored spots where the tourist business is already fairly well developed, it is perhaps vain to expect for some little time very much extension of hotel accommodation. Visitors want the charms of sea

shore, lakes and varied scenery. We have all these in abundance with a Summer climate as delightful as can be found in any part of the world, but there is a disinclination to venture in the way of providing suitable accommodation. A good deal can be done by private citizens in favored localities who keep the proper ratio between services and charges.

One day last Summer the editor and some friends motored out to South Milford and during the afternoon visited the Milford House kept by A. D. Thomas. Near this and around the handsome lake just at the rear were some thirty or more log cabins, all occupied. We found by enquiry that host Thomas had every year many visitors and always more wishing to come. Why? He had excellent surroundings, he gave his visitors what they wanted and along with it the genial personal touch. This is not an ad for host Thomas, whom we have not had the pleasure of meeting personally. It is merely a text of suggestion of what might be done by others. Locally and within easy reach of Bridgewater provided some little necessary road improving were done, are beauty spots in the Dalhousie district where Mr. Thomas' venture could be duplicated with success and to the general satisfaction of visitors. This town as a buying centre would derive considerable trade and the visitors would enjoy their vacation among scenes of beauty with fishing and water sports to their hearts content.

This is thrown out as a general suggestion. As time goes on we propose to refer to other phases of this question. Nova Scotia has to a marked extent been losing a great opportunity, but it is not too late to yet retrieve some of the losses of the past.

TO U. S. SUBSCRIBERS

On and after May 1st the rates to Monitor subscribers in the United States will be two dollars and fifty cents per year instead of two dollars as at present. This is in keeping with usual practice followed by newspapers. It costs us just fifty cents more per year to deliver in the U. S. than in Canada. Newsprint has gone up a substantial amount and is probably due for another boost in July. Cheques sent in for subscriptions must be payable here at par.

NEW BUSINESS FIRM

Messrs. Fred L. Bishop and Raymond G. Ritchie, two popular young men of Lawrencetown, have purchased the well selected stock of Mr. H. F. Sandford, of that town, and are opening up for business on Saturday. Attention is called to their announcement in another column. The MONITOR bespeaks for these enterprising young men the success we feel sure they will achieve by careful attention and by good business methods.

PARKER'S COVE

Preaching service in the Methodist Church on Sunday at 3 o'clock by the Rev. B. Thomas.

We have Winter weather yet. We will be very glad to meet it milder this coming season.

Mrs. Archie McGarvin visited her mother, Mrs. May H. Halliday several days this week.

Sorry to report Mrs. Richard Hardwick and Gerald Clayton quite ill. Dr. F. F. Smith in attendance.

A greater part of the school are confined to their homes with colds or la grippe.

Mr. and Mrs. Lloyd Longmire and Mrs. Harry Longmire, of Hillsburn, were recent guests of Mr. and Mrs. David Milner.

Mr. Manasseh Weir visited his daughter, Mrs. Alvin Williams, of Granville Ferry, very recently.

There is some repair work being done on the East Breakwater here which was damaged in one of the recent gales. The work is being done under the supervision of Mr. David Milner.

Mr. Frank Clayton is erecting a saw mill on the premises of David Milner. He expects to put it in operation at once. We hope that Frank will meet with success.

SLIPSHOD ENGLISH
We are slipping lazier and lazier in the matter of pronunciation, as the speed of living gets fiercer and fiercer, London Daily Express.

Obituaries

Marianna C. Pearson-Gee, L. Pearson

There passed away at Portland, Maine, on March 10th, of pneumonia, Marianna C. Pearson, followed five days later by her husband, George L. Pearson. He had been ill with la grippe, was thought to be some better, but the shock of his wife's death was too much for him, and he too passed away. The remains of both were brought to Paradise, N. S., by their son and daughter on March 21st, where after a funeral service in the church, conducted by the Rev. J. H. Balcorn, assisted by Dr. Maynard Brown, in the absence of the pastor, W. Stratton Smith, from illness. Music was furnished by the choir and a duet sung by E. G. Morse and H. W. Longley "The Home-land". They were then laid side by side in the family lot at Paradise cemetery.

George Leonard Pearson was born in Lakeville, King's County, seventy-one years ago. In early life he went to Newton, Mass., and engaged in the express business. In 1888 he married Marianna C. Starratt, daughter of the late Col. W. E. Starratt, of Paradise.

In the Spring of 1899 they sold out their business in Newton and purchased the homestead of Col. W. E. Starratt on which they lived for twelve years. In 1911 they sold the homestead and built a residence in which they lived until May, 1921, when, owing to ill-health, they disposed of their home and moved to Portland, Maine, making their home with their son, Homer E. Pearson. During their long residence in Paradise Mr. and Mrs. Pearson were actively associated in all work that had to do for the good and advancement of the community and made many warm friends, who sincerely mourn their departure.

The nearest relatives left to mourn are, one son, Homer E. Pearson, Portland, Maine, and one daughter, Helen C. Pearson of the same city. Mrs. Pearson has one brother, Robie Freeman Starratt, of New York City, at present in Cuba, therefore unable to be with them at this time.

The floral offerings were beautiful—Wreaths, son and daughter; Wreath, Harry and Florence; Cut Flowers, Harry and Florence; Anchor, Herb and Sue; Cut Flowers, Herb and Sue; Cut Flowers, Dr. and Mrs. Thompson; Pillow, Church and community; Wreath, W.M.A.S.

Mrs. A. Martell

Berwick.—The death took place Saturday at the home of her son, I. W. Baker, Main Street, of Lavinia, widow of the Rev. A. Martell. She was a daughter of the late Silas Margeson, of Kentville, and was born ninety years ago. She married early in life to Ansel Baker, of Somerset. He was for many years a deacon of the Baptist Church in this place. After his death she married Rev. A. Martell, a Baptist minister, and lived in Aylesford for some years. When Mr. Martell passed away she went to reside with her son. She leaves a family of three sons by her first husband: William I. Baker, Berwick; Lorenzo, in Alberta, and I. W. N. Baker, an eye and ear specialist in St. John, N. B.; two sisters, Mrs. Elizabeth Bowby, of this town, and Mrs. Mary Marsh, Bridgetown. Mrs. W. R. Miller, Bridgetown, and Mrs. H. I. Munro, Nictaux, are nieces of the deceased.

Mr. Loring Beardsley

The death took place recently in Keene, N. H., of Mr. Loring Beardsley formerly of Port Lorne. The end came suddenly as the result of hemorrhage of the brain. Capt. Sam Beardsley, Provincial manager of the Exultor Life Insurance Co., and a brother of the deceased proceeded to Keene and accompanied the remains to Port Lorne, where they were interred, the services being conducted by Rev. Mr. Dixon. The deceased left an aged father, Capt. Samuel Beardsley, Senior, and one brother, Silas, at Port Lorne, besides the Captain mentioned above. The late Mr. Beardsley was a very worthy citizen and news of his death was received with regret by many.

ALL WRITERS

We are all writing in that we each day write a little chapter to our life-story.—Forbes Magazine.

CORRESPONDENCE

March 22nd, 1923.

Editor of The Monitor:
Dear Sir:—I was surprised that to the letter of Mr. Robertson's in your issue of the 21st inst., there was no Editor's note explaining to him that I wrote you on March 5th (fifth) in time for the issue of the 7th (seventh) inst., a letter over my own signature containing what you put in on the (fourteenth) inst., under "Local Happenings". I do not know just why you did so, you probably had good reasons. But I do not wish the general public or Mr. Robertson to be under any false impression re my action in this matter. I shall be glad, indeed, sir, if you will publish with this the letter I wrote you on the 5th (fifth) inst., to which I have referred.

Sincerely yours,
A. W. L. SMITH.

With regard to the letter above, Mr. Smith is not responsible if the letter did not arrive in time for the issue of the 7th. No implication was made as to where the responsibility lay, for the statement printed in his letter in the issue of The MONITOR of Feb. 21st with reference to special permits to operate cars read from March 20th, instead of from April 20th. Mr. Robertson's letter of March 21st throws some light as to where the responsibility lay. Mr. Smith's letter of the 5th is not at hand. All the essentials of it were published in the locals in our columns, issue of March 14th.—(Editor Monitor.)

CORRESPONDENCE

Editor of The MONITOR:
Dear Sir:—I wish to call attention to three errors in my letter, in your issue of the 21st inst., as follows:—Where "February 21st" occurs the second time, it should read February 28th. Where "April 2nd" occurs it should read April 22nd, and the following should be included in quotation:—
"This was a gain of ten days to those who made special application."
Yours truly,
WILLIAM ROBERTSON,
Clementsport, N. S.,
March 21st, 1923.

P. S.—These errors were by my stenographer in copying.—M. D.

UPPER GRANVILLE

An error was inadvertently made in the age of our venerable friend, Mr. Edmund Clark, who is nearing his one hundred and first anniversary, not 105 as recorded.

Report says that price of apples at the late shipments was far from encouraging. Wood piles also throughout the Valley are far below average, hence the hum of engine sawing is not adding to musical variety. A few crokinole parties have been in evidence of late.

Miss Borden has secured a small music class.

March has given us Winter temperature almost throughout. At time of writing it is now Spring-like and "Like an army defeated" The snow hath retreated, And now doth fare ill on the top of the hill.

There's joy on the mountains, there's life in the fountains; Small clouds are sailing, blue sky prevailing And Winter has gone.

To all who mourn comes anew the glad message "Easter joys be thine".

ST. CROIX COVE

After an absence of nearly a year spent in South Braintree, Mass., Miss Kathleen Poole is visiting her parents.

Miss Eunice Britton, Central Clarence, spent the week-end at the home of her parents, Mrs. Wm. C. Hall, who has been confined to the house from the result of a fall on the ice, we are glad to report is improving.

Capt. Samuel Beardsley, Port Lorne, received by telegram the sad news of the sudden death of his son, Loring at Keene, N. B. Capt. S. M. Beardsley, Wolfville, a brother of the deceased, left on Tuesday for Keene to convey the remains to Port Lorne for interment. Much sympathy is felt for the bereaved family. As no particulars have been received to date, will forward next issue.

Apple Delecto

A Sound, Wholesome Fruit Product

(Government Report)

Have you formed the DELECTO habit? Our Layer Cake is just another of its delicious possibilities.

- 5 eggs
- 1 cup flour
- 1 cup sugar
- 1/2 teaspoon baking powder
- 1-3 cup melted butter

Beat the eggs and sugar until thoroughly light. Put butter in warm place to melt but not to get too hot. Sift the flour and baking powder together and stir lightly into the batter and when about half mixed pour in the melted butter and again mix lightly. Bake in layer cake pans and when cold split each cake in two with a sharp knife and sandwich together with the following filling:

DELECTO FILLING: Put half a packet of Delecto through a food chopper (fine knife). Put in saucepan with 1/2 cup water, 1/2 cup sugar, bring to boil and then add 1 teaspoon of cornstarch previously wetted up with a little water and cook for a few minutes. Let get cold. Beat up 1/2 cup butter, 1/2 cup white or brown sugar until well creamed, add this to the cooked Delecto and make into a soft paste. If too stiff add a little cold water. Add the juice of half a lemon and a pinch of nutmeg or ginger. Spread this filling between the layers and cover top and sides with the filling or use your favorite frosting and sprinkle a little chopped Delecto on top.

ELIAS RAMEY'S Old Stand. Queen St., Bridgetown

WEST ARLINGTON

Mr. Simon O'Neal, of Outram, was calling on his many friends here one day last week. As uncle Sim is a great favorite with both young and old, he is always sure of a warm welcome here.

Mr. Israel Banks was calling on his friends in this place one day last week, inviting the willing ones to a wood chopping for the Rev. A. Whitman, of Port Lorne, and on the 21st, about 34 both great and small made for the parson's woods with axes and by the smile on his face when they were done he was not in the least put out by the damage done. In the evening a large crowd gathered and spent the evening very pleasantly.

Mrs. Wallace Marshall and son, Roscoe, was visiting Mrs. Marshall's sister, Mrs. Norman Milbury, on the 23rd.

We notice that the fish warden was here around the lake on the 22nd. A word to the wise should be sufficient.

Mr. and Mrs. George Clark are at the time of writing, visiting Mrs. Clark's parents, Mr. and Mrs. Norman Healy, at Port Lorne.

Mrs. Hattie Witham and Mr. Theodore Beale, our teacher, were calling on friends in St. Croix last Sunday.

FALRLAND RIDGE

Mrs. R. Swallow spent the 19th at Middleton.

Henry Allen spent the 21st at New Albany.

To C. R. Marshall belongs the honor of seeing the first red robin of the season. Mr. Marshall left on the 23rd for Boston, where he will visit many relatives and friends.

Mr. and Mrs. Elijah Charlton spent the 23rd at E. H. Marshall's.

Mrs. Fay Hill, who arrived from Paradise on the 22nd, is visiting at the home of her sister, Mrs. A. Scoville.

Mr. C. Stoddart, of Stoddartville, spent the 22nd at J. McMullin's.

United Fruit Companies Dust Prices 1923

It has always been the policy of the United Fruit Companies to supply the highest quality of dust at the lowest price possible. When we first went into the dust business, dust was selling at \$11.50 per 100 lbs. in the Annapolis Valley. We steadily lowered this price until last year we sold Bordeaux dust at \$6.00, and 90-10 sulphur-lead arsenate dust at \$7.00, delivered to the farmer. Consistent with this policy we are again pleased to announce a further price reduction, a reduction which is only made possible because of the large state upon which we are now operating.

Prices (retail to the farmer from every local company): Bordeaux Dust \$4.75 per 100 lbs. 90-10 Sulphur-lead Arsenate Dust \$6.00 per 100 lbs. Straight Superfine Dusting Sulphur \$3.70 per 100 lbs.

Prices on other mixed dusts may be had on application, and are proportionately low. The Bordeaux dust is of the same strength as last year, being composed of 12 lbs. dehydrated copper sulphate, 8 lbs. arsenate of lime, and 80 lbs. hydrated lime, or in other words a little over 4% metallic copper and a little over 2% metallic arsenic. This dust is little more than half the retail price of the same dust of the same strength sold by any other concern in America according to all the price lists now available.

The sulphur-lead arsenate dust is about two-thirds the price at which the same material may be bought in any other district.

The above dust mixtures are all standard dusts thoroughly sifted and tested and well known in all American fruit growing areas, and it is consequently with much pride that we announce ourselves as pioneers in setting new low price standards on high quality materials.

We were early approached with regard to handling the new dusts known as "green dust" and "brown dust", which are dusts containing copper and arsenic in different forms from the regular Bordeaux, and in consequence we obtained from the Dominion Entomological Laboratory at Annapolis all the information and experimental figures relating to these new dusts. From an examination of this data we found:

- 1. That the "green dust" gave a very poor control of apple scab. 2. That the "brown dust" gave a control of apple scab on an average a little poorer than our regular Bordeaux dust. 3. That both these dusts were heavy materials and that it took nearly half as much again of these dusts, as compared with our regular Bordeaux dust, to cover the same area of orchard.

From the above we could come to the conclusion that these dusts were not only of lower quality than we desired, but also that they would be very expensive for an orchardist to use, and consequently that the handling of these dusts would not be consistent with the United Fruit Companies' policy of low cost and high quality.

We were further warned by the Provincial Entomologist in his speech before the Fruit Growers Association against the danger of changing from proven materials, to materials about which little was known. On the same occasion the officer in charge of the Dominion Entomological Laboratory stated that these new dusts were in some respects defective, were only in an experimental stage, and had not stood the test of time. These statements served to confirm us in our opinion, and in view of the low prices at which it was possible for us to supply standard dusts, the handling of these new dusts appeared to us the height of business folly.

We are informed from our Entomological advisers that it is possible that future experiments may find methods for improving and overcoming the defects of these new green and brown dusts. We are keeping ourselves informed on any development of this nature, and are ourselves participating in factory experiments with this end in view. In the event of such new methods being found we will be in a position to manufacture and supply green or brown dust at a retail price of about \$4.00 per 100 lbs.

The above is written to explain the policy of the United Fruit Companies which is to only supply the best quality dusts at the lowest price possible, to handle no materials which have not proven their value in the hands of impartial experimenters, but at the same time to keep in touch with all new developments so that when sufficient is known about them they may be utilized for the benefit of all the farmers and not for the benefit of any private exploiters.

PREPARING TO MAKE PAYMENT IN FULL Washington.—The British government is preparing to make the full payment for this year under the recently negotiated refunding arrangement, and according to information reaching the Treasury Department will not exercise its option to defer half of its first yearly installment.

Spring Weather Hard On Baby

The Canadian Spring weather—one day mild and bright; the next raw and blustery—is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much as she would like. He is confined to the house which is often over-heated and badly ventilated. He catches cold; his little stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or relieving colds, simple fevers, colic or any other of the many minor ills of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

UNIQUE LAW SUIT RESULTS FROM UNIQUE ADVERTISING STUNT OF "BARKING" CENSUS DOCUMENTS.

London.—A case that is unique in the annals of the newspaper world, has just been decided in the courts here when the Houston Advertising Agency consented to judgment for an amount of over \$50,000 for advertising on the back of the amendment slips sent out with the Census papers of 1921.

Correspondence read by the Attorney-General showed that the contract entered into was for payment at the rate of \$5,000 per million forms, less 10 per cent. commission, and that the charge made was for actual circulation on a certificate showing that 10,022,002 forms were circulated. The defendant, repudiated liability on the grounds that some of the slips did not bear the advertisement, but the Attorney-General explained there were two sets of instances in which the amendment slips were not circulated.

In a few cases there were a few people distributing the census papers who had a conscientious objection to Sunday newspapers, and the advertisement relating to Sunday newspaper.

Those people asked to be allowed to alter the census papers instead of circulating the slip, and that was done in 1,500 cases, and allowance was made for them.

The other instance was when the papers were printed in Welsh to be circulated in Wales, and it was thought that no benefit would accrue through an advertisement being in English.

As the conclusion of the Attorney-General's statement, counsel for the defendants, said that in the circumstances Mr. Houston had agreed that there must be judgment against him for the sum claimed.

It was desirable that Mr. Houston's situation should be understood. Mr. Houston was merely an agent in this matter.

His principal was Mr. Horatio Bottomley, against whom he had obtained judgment in this matter.

That judgment had been entirely unfulfilled, and it is left him in the position of having to submit to judgment for the amount claimed. He was, however, anxious that the money should be paid.

SUGGEST SENDING GLADYS ROBINSON TO OLYMPIC GAMES

Toronto.—Miss Gladys Robinson, champion lady skater of America, will probably skate in Winnipeg before retiring for the season.

At Winnipeg, P. G. Mulqueen will suggest that Miss Robinson be sent to the next Olympic as Canada's representative. If this suggestion is acted on, Miss Robinson will thus have an opportunity to compete for the world's championship, and in the experts in the fascinating winter sports believe that she will win. It is evident that the local star will have to look for other skaters to conquer, now that she has beaten the best that the United States has produced.

SILVER TAGS TRACE HISTORY OF SALMON

Ottawa.—A silver tag attached to the dorsal fin of a salmon before its release after the eggs have been removed at the Dominion government hatcheries, is one of the methods resorted to by the fisheries Dept. for tracing the life history of the fish.

Small sockeyes and Atlantic salmon, that have been retained and fed in enclosures for several months are also marked each year by removal of their adipose fin.

A reward of one dollar is paid by the department for the return of silver tags that are being attached to Atlantic salmon, together with some scales from the side of the fish and particulars regarding their length, weight and place of capture.

FIRST TRANSCONTINENTAL TRAIN

Canadian Pacific engine 374, which drew the first train into Vancouver, B.C., 35 years ago.

THIRTY-FIVE years ago the first continental passenger train steamed into Vancouver, and the steel link of 3,000 miles binding ocean to ocean in Canada was at last complete. Quaint to modern eyes looks old locomotive No. 374, which drew this first Atlantic Express. It burnt cordwood, and with its big smokestack, its generous display of polished brasswork, which shone like gold; its array of flags and floral decorations, made an imposing spectacle. Coal burning engines had drawn the train over the eastern and prairie sections of the line. President E. W. Beatty of today was a small boy at school in Toronto, when old No. 374, with old Peter Righter at the throttle and George Taylor poking logs of resinous Rocky Mountain spruce into the fire-box; Breakman J. Madigan and Baggage-master J. Kavanagh and Conductor Barnhart in charge of the train, snorted her way down the forbidding defiles of the Fraser, and along the densely wooded shores of the Burrard Inlet, pulled up at the terminus with a hissing of the old air brakes amid the blare of brass bands and shouts of acclaim from the assembled citizens of Vancouver. That day, a memorable one in the history of Canada, will always be one of Vancouver's most important anniversaries. In 1887, the journey from Montreal to Vancouver, which now takes but four days, consumed a full week.

"Queen's weather ushered in the day long looked for by the Vancouverites—the blending of the Occident and the Orient," states a dispatch sent that day from the Coast. "When the train reached Vancouver carrying the officers of the road and your special correspondents, it was greeted with ringing cheers in every direction. Streamers floated on the breeze across the track at different points, while the ships and boats in the harbor were resplendent with variegated colors. At the railway wharf it seemed as if all Vancouver had congregated, and a mighty shout went up as the train thundered into the station under a double archway of fir.

"There were many eastern travellers who proudly boasted that they were the first to come through from Montreal. The Vancouver City hand struck up 'See the conquering hero come' in good time, as Mayor McLean mounted the platform and proposed three cheers for the Canadian Pacific Railway and its popular local manager, Mr. Abbott, who made a grateful acknowledgment. The mayor then read a complimentary address to Mr. Abbott, who replied in pleasant and suitable terms and made an appropriate reference to the able assistance which he had received from William Downie, assistant superintendent; W. H. Armstrong, superintendent of construction, and C. E. Brown, general freight agent."

CO-OPERATIVE COLD STORAGE IS EXTENDED

Measure Receives Important Amendment by Agricultural Committee.

Ottawa.—"You can't get any more money for cold storage so long as there is some one slamm'g it," declared Hon. W. R. Motherwell, Minister of Agriculture, when the bill to provide bonuses for co-operative cold storage plants was under discussion.

David Spence, Conservative member for Parkdale, had been strenuously criticizing the increase of cold storage plants.

"Every cold storage plant," he said, "has caused loss to those who built it. We want to sell good honest stuff," he added, "and you cannot

for live stock. A co-operative society could not put up such a plant. He proposed to amend the bill to include municipalities.

This amendment was accepted by the Minister and passed.

During the discussion on the bill the Minister said that he thought an amendment was needed to the British North America Act to give the Dominion Government control of the marketing of food and the time it might be held in cold storage.

In the absence of such an amendment to the British North American Act, a clause was added to the bill to provide for certain control by means of a lien. This was designated to secure that the cold storage houses would be open to public use.

The bill with these amendments was then reported back to the House.

NOVA SCOTIA HAS A SURPLUS

An expenditure of \$4,767,672.02 and a revenue of \$4,791,207.94, thereby leaving a surplus of \$23,535.91, was shown by the public accounts of Nova Scotia for the year ending Sept. 30th, 1922, which were tabled in the House of Assembly last week.

LOCAL HOCKEY PLAYERS LOSE TO ANNAPOLIS

Girls Defeated 8-3.—Junior Boys Get Short End of 9 to 0 Score.

The hockey matches in Annapolis between our girls and junior hockey team: Thursday resulted in victories for Annapolis.

The score of the girls' game was 8-3. Our girls were playing without three of their regular lineup, but the subs showed up well and considering the large ice surface deserve much credit for their showing.

Our juniors were playing against several players of senior ability and although a bit out-classed, fought a hard game, and the practice and experience will do them no harm. The score was 9-0.

A WILD NIGHT ON A RUN-RUNNER ENDS IN TRAGEDY

Sensational Tale of a Free-For-All Battle, Mutily and Sudden Death Comes From Bermuda.

New York.—The story of a wild night on an outlaw run-runner off the New Jersey coast, featuring a free-for-all battle, mutily, sudden death and at the end, a "decent Christian burial," was published by the New York Evening Post from its correspondent at St. Georges, Bermuda.

The story came out at the trial of Thomas Edward Kirk, first mate of the British steamer Lutzen, on a charge of murdering one Felix, a Portuguese member of the run-runner's crew. John Joseph Fanning, a Long Islander, who shipped with the Lutzen, as the lay off Ambrose Channel, told it, describing it reservedly as "an unfortunate occurrence."

He was drawn into the swirling course of events about two o'clock on the morning of February 9th, he testified, when he was roused by battering on the door of the cabin where he slept with a man named Henshey, keeper of the Lutzen's arsenal.

Opening the door they found Barbear, the colored foreman, trembling, his face covered with blood and sweat, moaning and screaming. He told them two Portuguese members of the crew, Felix and Costa, had almost killed him and begged for protection.

Fanning stumbled forward through the darkness to the forecastle. He found Hansen and Clark members of the crew, sober.

He found Costa and Felix, drunk. The table was smashed.

"I should imagine" runs Fanning's narrative, "there had been a free fight in the forecastle."

Leaving the forecastle, Fanning went in search of Barbear to patch him up. The negro had vanished. Fanning went back to his room. The mate, Kirk, was there taking a rest from Henshey. Fanning ran forward to the fore-cabin. Kirk and Henshey entered with revolvers. Kirk produced handcuffs and said he was going to put them on Costa and Felix, to keep them quiet. Costa and Felix, according to Fanning, "did not accept the proposal to put handcuffs on them."

Three shots blazed forth in the forecastle. Fanning saw them fired, of that he was sure. But nothing particular happened. The shots apparently had their desired effect of clearing the atmosphere. Things quieted down.

Hansen and Clark set to work handcuffing Costa and Felix.

"I'm shot," Felix remarked a few minutes later. Then he crumpled up. Fanning ran aft and told Captain Amberman. He went on deck to fetch a restorative. When he came back Kirk was bending over Felix trying to bring him to life. They had got him in his bunk and were undressing him. He was dying. At about 2:30 Fanning "was convinced that he was dead."

He was buried at sea that same day about eight o'clock. "He received a Christian burial," said Fanning. "I conducted the service."

Fanning said he had shipped with the Lutzen as supercargo early in December, 1922, as the lay off the Jersey Coast. He said he had voyaged with the vessel to St. Pierre, Miquelon, where she took a cargo of whiskey, called at Yarmouth, N. S., and returned to "Run Row", laying there, depositing of her cargo, from December 21st to February 3rd. She had started for Bermuda when the battle occurred.

NOVA SCOTIA NOT IN FAVOR OF LESS REPRESENTATION

That the spirit of the bargain made by the Fathers of Confederation should govern in the matter of Nova Scotia's federal representation and that accordingly there should be no reduction in it, was put forward in the House of Assembly Tuesday by R. H. Graham, Liberal, Pictou, who moved a resolution urging co-operation of the Maritime and Federal Governments to the end that there might not be any further reduction of Maritime representation and that the British North America Act might be amended to this purpose. The resolution passed without division.

HONEST DRIVER FINDS FARMER'S LOST "ROLL"

Windsor.—Thomas DeMont, while driving to Falmouth, found lying on the road a \$45 roll of bills. He reported the find to his employer, F. W. Dimock, of Windsor, who immediately notified E. E. Armstrong, apple shipper of Falmouth, and learned that the money had been paid a short time before to a Mr. Leary, of Upper Falmouth. Mr. Leary has thankfully received his money, thanks to Mr. DeMont's honesty.

AVERAGE FARMER'S INCOME

A recent estimate places the average farmer's income in the United States at \$200 for the past year. Canadian writers in some instances point out that the farmer in this country does not even enjoy as large an income as his brother across the line. The figures quoted above include not only the return for the farmer's effort but interest on the investment and the services of the wife and children. One dollar and a half a day for the whole family, if Sundays are counted out, which they should not be, for there are duties to be performed on the farm on Sunday. What city laborer would consider that an ample wage?

Of course this statement of income is a bit misleading. It really is not encouraging. The farmer grows much that goes on the table and therefore is not saddled with all the outlay for estates that falls on the city dweller. In addition he has a home for which he pays no rent, and there is a saving there; so that to assume that \$465 is all the farmer has for the year's effort rather exaggerates the situation. Yet, with the allowances which may be made for what the farmer supplies from his own acre, \$465 would not go far in purchasing many of the things he does not produce, and which are essential to the comfort and convenience of the family. Since this is an average for those who make much more there are others who make less. It is astonishing, then, that there is a drift away from the farm? Who would want to farm for a meagre income when a trade which demands no great ability in the equipment of skill to pursue it may yield such infinitely greater returns?

However, the farmer is never without employment. Strikes do not throw him into involuntary idleness, and he is assured of enough to eat and a place to live. Yet with all this the industry which is at the base of existence should not be unprofitable. If it remains in that condition for long, the fact will be made apparent to town dwellers in an unpleasant way.

The condition wherein the farmer sells at no profit and buys on a basis of excessive cost, cannot be maintained indefinitely. If persisted in, collapse will be the ultimate result.

Mr. Norman Longley is on the sick list at time of writing. Friends wish for him a speedy recovery.

Mr. Vernon Moore met with an accident in the woods—a chip flew to his eye, hurting it quite seriously.

WEST PARADISE

Miss Bridge is visiting at the home of Mr. and Mrs. Elliott Smith, Wolkville.

Mrs. Ethel Shaw, accompanied by her mother, Mrs. Wallace Saunders, left on Saturday last for Middleton, where she intends opening a millinery department. The latter has now returned home.

Mr. Karl Saunders spent the week-end at the week past at Marshalltown.

Mr. D. H. Sarfield spent the week visiting friends in Kings County.

Mrs. Harry Bent has been quite ill with an attack of pleurisy, but, we are glad to say, on a speedy road to recovery.

Miss Irma Campbell, of Paradise, spent the week-end at the home of Mr. and Mrs. B. W. Saunders.

Miss Vera Poole left on Tuesday last for New York to resume her duties at Mount Sinai Hospital. On the evening before her departure, a host of friends gathered at her home, in the form of a surprise party, which proved most enjoyable. Many are the good wishes that go with her from the people in this community.

Messrs. Manley and Leonard Shipp, of Dalhousie, spent the week-end with friends here.

Mr. Norman Longley is on the sick list at time of writing. Friends wish for him a speedy recovery.

Mr. Vernon Moore met with an accident in the woods—a chip flew to his eye, hurting it quite seriously.

With the return of the sweater the Peter Pan collar will be in demand. Hand embroidered, flit lace and colored oramide are points of interest in these collars.

MY AIM

I live for those who love, whose hearts are kind and true, For the Heaven that smiles above me, and awaits my spirit, too. For all human ties that bind me, for the task by God assigned me, For the bright hopes yet to find me, and the good that I can do.

I live to learn their story who suffered for my sake, To emulate their glory and follow in their wake, Bards, patriots, martyrs, sages, the heroic of all ages, Whose deeds crowd History's pages, and Time's great volume make.

I live to hold communion with all that is divine, To feel there is a union 'twixt Nature's heart and mine, To profit by affliction, reap truth from fields of fiction, Grow wiser from conviction, and fulfill God's grand design.

I live to hail the season, by gifted ones foretold, When man shall live by reason, and not alone by gold, When man to man united, and every wrong thing righted, The whole world shall be lighted, as Eden was of old.

I live for those who love me, for those who know me true, For the Heaven that smiles above me, and awaits my spirit, too, For the cause that lacks assistance, for the wrong that needs resistance, For the future in the distance, and the good that I can do.

VENDORSHIP SHOULD BE CURTAILED, SAYS DELEGATION

A delegation from the Nova Scotia Social Service Council walked on the Local Government last week and among the chief speakers was Rev. Dr. Grant. Among the matters urged by the delegation was that the keeping of liquor in the province for export be forbidden as the existence of export houses is a menace of effective administration of provincial laws and thence. They advocated in connection with the Board of Veneors Commissioners a curtailment of liquor sales. In part, they say: "Unscrupulous dealers in liquor, under cover of the letter of the law, are evidently using the Board to further their nefarious purposes." Also that "there is no question that large quantities of liquor are prescribed not for bonafide medical purposes but actually for beverage use."

Rev. Dr. Grant drew attention to the fact during last year the receipts had been \$528,865, giving a profit of \$104,966.19 and he claimed that no defence could be made for such expenditure of money and a large percentage of profits resulted, Mr. Grant said, from the sale of liquor on prescriptions issued for other than bonafide medical purposes.

Dr. Grant said that the Government should take steps to have the business of the Board curtailed.

Mr. Norman Longley is on the sick list at time of writing. Friends wish for him a speedy recovery.

Mr. Vernon Moore met with an accident in the woods—a chip flew to his eye, hurting it quite seriously.

With the return of the sweater the Peter Pan collar will be in demand. Hand embroidered, flit lace and colored oramide are points of interest in these collars.

STILL COSTS \$300

For keeping an illicit still a forger named Skinsney was fined \$300 and costs or three months in the county jail by Magistrate Campbell on Saturday. The still was seized on the North Side last week and consisted of an 80 gallon boiler with all the equipment used in the distilling of liquor. Brew to the amount of 200 gallons was also seized and destroyed.—Sydney Record.

CITIZENS RAISE FUND TO ASSIST INSPECTOR THEBAULT

Sydney Mines Is Looking After The Family.

Sydney Mines—Over 2,000 people crowded the Strand Theatre and Carman Methodist Church on Sunday night and heard the various speakers give short addresses in which they pressed for a cleaning out of the liquor element and stricter enforcement of the Nova Scotia Temperance Act.

BOLD THIEVES TAKE PRICELESS GAINSBOROUGHS

London.—Two Gainsborough pictures of great value have been cut from their frames and stolen during the night in a raid by burglars on Beenhaw Park, near Newbury, the residence of Henry C. Sutton.

It is believed the robbery was the work of an international gang suspected of a series of similar thefts of art treasures during the past year with booty totalling in value one hundred thousand pounds.

Among the more notable of these robberies were that of the Earl of Jersey's country seat near Bloester in September of last year, when thousands of pounds worth of art treasures were stolen; that at Lord Berwick's seat in February, of this year, and a raid on Viscountess Hereford's residence, which took place only last week, when an extremely valuable oil painting of the Earl of Essex was taken.

A notable feature of the coups brought off the gang is that they consistently choose a country house noted for its collection of works of art.

Oil paintings of great value seem to appeal to them above all other booty.

NEW : GOODS

The services next Sunday (Easter Day) will be:
Bridgetown, 11 a.m. (Easter Communion) and 7.30 p.m.
St. Mary's, Belleisle, 8 p.m. (Easter Communion), and 3 p.m.

Week Days—Bridgetown
Wednesday and Thursday, 7.30 p.m.
Friday (Good Friday) 11 a.m.; 4 p.m. (Children's Service), and 7.30 p.m.

Belleisle
Good Friday, 1.45 p.m.
Saturday, 8 p.m.

UNITED CHURCH ANNOUNCEMENTS

Wednesday, March 28th—7.30, Prayer Service; 8.30, Choir Practice.

Friday, March 30th—3 p.m., Service of Prayer and Meditation in Commemoration of Good Friday; 7.45, The Life of Christ Illustrated by 100 Lantern Slides.

Sunday, April 1st—10 a.m., Sunday School; 11 a.m., Public Worship conducted by Rev. Cranwick Jost, M. A., D. D.; 7.30 p.m., Public Worship, the pastor. An Easter programme of special music has been arranged for this service; 8.45 p.m., Sacrament of the Lord's Supper.

Granville:
Sunday, April 1st—Public Worship at 11 a.m.

Bentville:
Sunday, April 1st—3 p.m., Public Worship.

Local Happenings

On next Monday evening the annual meeting of the Bridgetown Amateur Athletic Association will be held and it is expected that all interested in athletics will attend, most especially those who are followers of the baseball game. Plans will be made for the season which it is hoped and believed will be a most successful one.

There will be a reception of new members into the Baptist at the evening service on Sunday next, April 1st, and the hour of services changes to 7.30 for Spring and Summer months.
Sunday School will be re-organized under the direction of the Bridgetown Baptist Church in the Ingleswood Church building at three o'clock on Sunday next.

The farmer is a business man. He works for profits, not wages. He is a solid, substantial, respected man and a person of real importance and real influence in the community in which he lives.—Lloyd's Real Estate Agency.

Friday next being "Good Friday" there will be services in St. James' Church, morning, afternoon (Children's service) and evening. The morning service commences at 11 a.m. and the afternoon especially for children at 4 o'clock. As these are the only services being held in the town at these hours a cordial invitation is extended to all who would spend a little time at the foot of the Cross to be present. At the evening service an address will be given bearing on the Easter Communion. Collection morning and evening for the Promotion of Christianity among the Jews. The service in St. Mary's, Belleisle, will be at 1.45.

Commencing next Sunday and continuing until further notice, the evening service in all the churches will begin at 7.30 instead of 7.

DOMINION ATLANTIC P.Y. train No. 97 leaving Halifax at 3.30 p.m. Friday, March 30th, and Saturday, March 31st, will run through to Annapolis. Returning train No. 96 will leave Annapolis at 5.55 a.m. Saturday, March 31st, and Monday, April 2nd.
Attention is called in another column to the announcement of Miss Gladys Alma Pettis, of Halifax, coloratura soprano. For those who wish training in vocal music and expression, this is a splendid opportunity as Miss Pettis will take a number of pupils in Bridgetown.

Constipation Banished

A druggist says: "For nearly thirty years I have recommended the Extract of Roots, known as **Mother Seigel's Curative Syrup**, for arresting and permanently relieving constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops thrice daily. Get the Genuine, 50c. and \$1.00 bottles.

The Women's Institute gave a supper in the Board of Trade rooms on Saturday afternoon which was well attended and a gastronomic treat to all present for the skill of the ladies of the Institute in culinary as well as in other lines which is well known. The supper, or should we say lunch, was on the cafeteria plan and netted we believe the tidy little sum of thirty dollars despite rather disagreeable weather.

Special Easter services will be held in the Baptist Church, Lawrence town, at 11 and 7.30 p.m. on Easter Sunday. An Easter concert will take place in the evening under the auspices of the Sunday School. A special Easter offering will be taken for the benefit of the school. Parents are especially urged to attend these services with their children.

The MONITOR is in receipt of a letter from Mr. C. P. Parker of the athletic dept. of The Phillips Exeter Academy, Exeter New Hampshire, in which he expresses desire to bring through the Province this Summer baseball teams composed of the best academy stars of the big schools, Exeter, Anslow, Worcester, Deap, etc., and with them the world's champion girl baseball thrower. Arrangements are now being sought for dates during the season.

A most unusual happening reported from the machine shop of E. L. Balem, Paradise, namely the appearance there of a full grown butterfly well developed and active.

Mr. Fred A. Gesner has purchased the business and stock in trade formerly belonging to the late H. H. Wade, Belleisle, and will continue doing business at this stand. Mr. Gesner will receive a good share of patronage. Attention is called to his ad in another column.

EXPLANATION WANTED

To Editor of The MONITOR:
We note that the great Christian festival of Easter day has been fixed and appointed for Sunday, the first day of April, A. D., 1923. It appears to some of your subscribers that an error has been made in fixing this date of the first of April for the celebration of the time honored feast.
The rule for Easter-day is as follows:
"Easter-day is always the first Sunday after the full moon which happens upon or after the twenty-first day of March; and if the full moon happens upon a Sunday, Easter-day is the Sunday after."
The full moon happening to fall on Sunday next the first day of April, should not Easter-day have been dated as at April the eighth?
We are looking for more light on the subject.
