Committee of Twenty-Jacobs' By-Elections Debate Adjourned By Unionist Majority of 19.

Canadian Press Despatch.

Ottawa, Sept. 18.—What will probably prove to be the most important parliamentary committee of the session was named today. It is the special committee which will give consideration to the bill concerning soldiers' civil re-establishment and before which returned men will make representations as to their needs.

The bill is designed to take the place of orders-in-council passed under the war measures act, and which cease to be effective with the proclamation of peace. The committee consists of Hon. J. A. Calder, who is almost certain to be its chairman, and the following nineteen members:

H. B. Morphy, North Perth; Major Brien, South Essex; Col. Hugh Clark, North Bruce; Dr. Edwards, Frontenac; E. W. Nesbitt, North Oxford; F. F. Pardee, West Lambton; W. Kennedy, North Essex; Hon. Dr. Beland, Bruce; F. H. Bostwick, Hastings; Dr. Chisholm, Antigonish; Col. Cooper, Vancouver; A. B. Copp, Northumberland; Col. Lang, Humboldt; General McLean, Royal; Major Powers, Quebec South; Col. Tremaine, Hants; Thomas Tweedie, Calgary; H. H. White, Victoria; Lieut.-Col. Arthur, Fanny Sound.

Before moving for the appointment of the committee, Hon. N. W. Rowell explained the work and record of the department of soldiers' civil re-establishment, and there was a general discussion.

At the evening session, second reading was given to Mr. Pedlow's bill to make the second Monday in November, Armistice Day, a permanent Thanksgiving Day. It will be considered in committee.

Unionist Majority of 19.

Before adjournment at 10 o'clock there was a division. Mr. Jacobs' bill to amend the house of commons act by providing for automatic by-elections within 60 days after a seat becomes vacant, making election day a public holiday, and other changes, was under consideration. The bill received the support of Mr. D. McKenna, A. L. Davidson of Annapolis, Dr. Alfred Thompson of the Yukon, and the adjournment of the debate, and the motion carried on a division of 69 to 50, a Unionist majority of 19.

Of the cross benches, Messrs. Nesbitt and Davis (Nepeawa) voted with the government and Messrs. Maharg, Crerar, Reid (Macdonald), and Johnston (East Mountain) and Halliday (Bow River) with the opposition.

Sympathy With Sir George Foster.

When the house adjourned, Mr. C. J. Doherty expressed the sympathy of the members with Sir George Foster in the death of Lady Foster. He then moved, seconded by Mr. McKenna, that the house adjourns today until it stand adjourned until 4 p.m. tomorrow to enable members to attend the funeral.

Mr. Gauvreau asked if it was the intention of the government during the present session to grant an amnesty to defaulters under the military service act.

Mr. Doherty: "Announcement of any policy decided on will be made in due course."

In reply to a question by Mr. Tobin, Mr. Doherty said that \$238,993 has been collected in fines imposed upon defaulters.

Repatriate Enemy Aliens.

Mr. Ealer: "Is it the intention of the government to make early disposition of the interned enemy aliens in Canada?"

Mr. Doherty: "Yes, 1414 have already been repatriated. The next repatriation will probably be in October if a ship be available."

Mr. Doherty gave the house some information with regard to the loan which Canada has made to Rumania. He stated that the total amount advanced to the present was \$6,553,600, and Rumanian bonds to the full value had been deposited at the Bank of Montreal.

More Aid for Soldiers.

Hon. N. W. Rowell, speaking on the second reading of the act to amend the soldiers' civil re-establishment bill, asked that the work of the department, such as a new training and the definition of classes into which the soldiers were divided, and also the matter of pay and allowances, be put in the hands of the order-in-council. The work of the department had many ramifications, and now reciprocal arrangements had been made with the United States or Imperial armies, and these countries took care of men resident in Great Britain or the United States who served in the Canadian Expeditionary Force. Similar arrangements were being made with France, Australia, and New Zealand. In order to carry on the work, legislation must be passed.

Work for Returned Men.

Mr. Rowell reviewed the work which was being carried on by the department. He said on Aug. 31 of the present year there were 11,184 soldiers.

Industrial Conference Unanimous for Labor Law Unification

Bulgarian Peace Terms Demand Disarmament and Huge Indemnity

NECESSITY OF UNIFYING LABOR LAWS CONCEDED BY INDUSTRIAL CONFERENCE

To Speed Up Work of the Meeting, Hours of Debate Will Be Limited to Forty Minutes for Each Side of the House.

Lloyd George Busy With Retrenchment

London, Sept. 18.—Premier Lloyd George, on his return to London from Paris, is reported forthwith to have plunged into problems of retrenchment. The premier presided today at a council of all the available ministers to discuss the situation, and afterwards received reports from the heads of all the spending departments.

The financial difficulties and the consequent disturbance to commerce and trade arising from the continued depreciation of European currency is beginning to cause alarm in the European capitals, the newspapers of which are discussing the urgency for some system of co-operation among the allies aiming at the stabilizing of exchange.

The conference today was unanimous on the need of unification of labor laws as between the federal government and the provinces. The first report of the convention was received with hearty applause. Matters which have been debated and on which reports are to be made, probably tomorrow, are hours of labor, minimum wage laws, employer's right to organize, recognition of unions and collective bargaining, the establishment of a bureau of industrial councils, and the further recommendations of the royal commission on joint plant and industrial councils.

The subject of joint councils in plants and industries and the establishment of a bureau to promote and stabilize these councils, gave rise to an interesting debate this afternoon. For the employers it was pointed out that while certain plants were giving satisfaction they were organized to meet local conditions, and none felt very confident that the "Whitley plan" or any other specified plan would prove the panacea for all labor's ills.

They were dubious as to whether a bureau would prove a success except in so far as it might collect data on the workings of the various plants and have those facts whipped into shape for presentation to the government when they expressed a desire to go into the matter.

Want Unions' Recognition.

Labor's attitude toward it, if at the same time there was full and free recognition of labor unions and their principle. If that recognition was not given in that way, then labor would have to keep up its fight for greater strength, so that when it had a 100 per cent. membership it could make the government give it the recognition it wanted. "We do not threaten," said Mr. Moore, but he added that fights were costly things, and if labor could secure fair treatment without being forced to fight for it, then it would be so much better for Canadian industry in general.

There is much work ahead of the (Continued on Page 7, Column 1.)

INCREASE PAYMENTS TO MARRIED MINORS

Dependents of Those Undergoing Vocational Training to Be Provided For.

Ottawa, Sept. 18.—Provision has now been made by the government for the payment of increased allowances to married minors who are undergoing retraining thru the vocational branch of the department of soldier's civil re-establishment.

Under a previous order-in-council the department of soldier's civil re-establishment was authorized at its discretion to grant training to such young men who had been enlisted in the C. E. F. under the age of 18 years and in a general way was given authority to make payments of \$60 per month to each.

After a survey of the applicants had been made it was brought to the attention of the minister, Sir James A. Loughheed, that certain of these young men were married and that unless these young men were provided with allowances sufficient to take care of these dependents during the course of their training they would be handicapped and forced into the ranks of unskilled labor, or into business without proper preparation.

Accordingly, an order-in-council was passed granting the department authority to pay allowances to these minors at similar rates to those paid to men who are granted training on account of inability to return to previous positions owing to war disabilities.

Get the Train Robbers.

The National Railway must get the gang who robbed the express car on the Intercolonial below Quebec, and carried off \$75,000. Express messengers will have to go armed. If there were any accomplices, which looks likely, they too, must be got. Hold-up men are not allowed a foothold in Canada. The Agincourt bank robbery in this locality was a great failure for the thieves, and so it should be all over.

FAIR PRICE COMMITTEES EFFECT A BIG REDUCTION IN PRICES

Reports From Twelve States in the Union Say That They Have Dropped From Ten to Fifteen Per Cent.

Washington, Sept. 18.—Reports to the department of justice from twelve states indicate that there has been a decline of ten to fifteen per cent. in food prices since the time the fair price committee began their work. From four states have come reports on wholesale prices indicating a decline of two to five per cent. Virtually no reductions in clothing prices have been noted.

The reports on retail food prices were said to have been from cities and counties well distributed throughout the country and the information is believed by officials here to be a fair indication of what is going on everywhere. They think that results now becoming evident will be cumulative as the season advances, new declines in wholesale prices being reflected in retail prices and additions' reductions coming from the campaign against hoarding and profiteering.

RETURNING SOLDIERS.

Returned officers and men for Toronto district arrived on the S. S. Metagama at Quebec yesterday. A list will be found on Page Five.

The hospital ship Araguay, which is due to reach Halifax tomorrow night with invalided troops, carries thirty thousand pounds of baggage, the property of soldiers who have already returned to Canada. The troop ship Regina reports by wireless that she will arrive at Halifax at six o'clock tonight.

TERMS OF THE COMPLETED PEACE TREATY — MUNITION FACTORY LIMITED TO ONE — INDEMNITY OF TWO AND A QUARTER BILLION FRANCES IN 37 YEARS.

Canadian Press Despatch.

Washington, Sept. 18.—The summary of the Bulgarian treaty of peace, cabled to the state department by the American mission at Paris, shows the pact to follow the same general plan as the Austrian treaty. "Many clauses are identical with the Austrian treaty," says the summary except for the substitution of names, such as the league of nations, labor, aerial navigation, penalties, prisoners of war, and graves.

"Regarding the change in the Bulgarian frontiers, the important changes are to the south, where Bulgaria cedes western Thrace to the principal allied and associated powers and agrees to accept whatever disposition of this territory the powers ultimately decide, but it is stipulated that in any event Bulgaria's western frontiers shall be modified slightly in four places to Serbia's advantage.

"The Bulgarians are required to recognize the independence of the Serb, Croat and Slovene state and provisions are made to change the nationality of the inhabitants of the territory formerly Bulgarian and transfer them to other states. Provisions are made for protection of the minorities of the race, language, nationality and religion. Within three months the Bulgarians are required to demobilize the army and substitute volunteer enlistments.

Army is Reduced to 20,000.

The Bulgarian army is reduced to 20,000 men, exclusively for the maintenance of order and frontier control. The armaments of war material is confined to one establishment, the other establishments to be closed or improved. All war ships, submarines or air forces must be surrendered. Bulgaria is required to pay reparations two and a quarter billions of francs in gold within 37 years. Provisions are made for the creation of an inter-allied commission, on which Bulgaria is represented, but to have no votes, and the sum remitted on reparations coming thru this commission to the reparations committee are to be established by the German Peace treaty.

"Bulgaria agrees to return to Greece, Rumania, and the Serb, Croat and Slovene states, the records, archives and articles of historical and artistic value which were taken from these countries during the war, and live stock shall be returned within six months. A special compensation for the destruction of the Serbian coal mines, Bulgaria shall for five years deliver 50,000 tons of coal annually to the Serb, Croat and Slovene state.

Financial Clauses.

"The financial clauses are similar to those of the Austrian treaty, and provide that priority over the charges against assets of Bulgaria for reparations shall be given to the cost of all armies of occupation of the allies, and to services of the external pre-war Ottoman public debt. Bulgaria renounces the benefits of the Bucharest and Brest-Litovsk treaties, and agrees to surrender the money which she received according to those treaties.

The frontier with Rumania remains the same as before the war, and it is understood the question of inducing Pumania to cede to Bulgaria that portion of Podrutia which is wholly Bulgarian in character will be taken up later. The frontier on the west with Serbia is modified in four places to the advantage of Serbia."

MILK FAMINE AHEAD.

That May Be Expected If the Milk Producers Sell Their Herds Out of Canada.

One of the Toronto Milk Producers' Association said last night: We may have to obey Commissioner O'Connor's order not to sell milk for the next forty days. But we want an early investigation. If we can't get enough to make the production of milk for the next forty days, our herds in the States, or for export to Europe. Many an average herd of black and white cows and yearlings in Ontario can be sold, one with the other, for \$120 each. There are orders here from Belgium and France, that will take away the Holstein grade cow and two-year-old heifer at that price. We want a chance to show what it costs to raise milk and deliver it. If the milk famine it will not be our fault. If the government will fix the price of milk for dairy cattle close to the line with the price of wheat and barley, and guarantee to surrender the money we need to sell milk, the matter of milk things might be different. The Canadian four milk are making contracts to sell all their stock and bring into the country instead of offering it to our dairymen.

under retraining and 5,955 had com-
pleted their training.

The pay and allowances to men
taking vocational training during the
month of July last amounted to \$940-
725, said Mr. Rowell. Up to the end
of August 316,589 men had been dis-
charged from the C. E. F. Of this total
number 28 per cent, or 68,000, had ap-
plied for work thru the department.
A total of 61,278 had been placed in
positions which they continued to oc-
cupy. As 50,000 men had been placed
thru the department before the armis-
tice, the total number of placements
was 111,278.

The number of men placed in the
civil service during the six months
ending August 31 was also given by
Mr. Rowell. The total number of ap-
pointments made thru the Civil Ser-
vice Commission was 5,820 and an
additional 3,000 men were given em-
ployment by the department of sol-
diers' civil re-establishment itself.

McKenzie Disagrees.
Mr. D. D. McKenzie, after stating
that Mr. Rowell had furnished the
house with a great deal of informa-
tion, remarked that one would gather
from the speaker's statement that all
was well in this department. He said
that it was unfortunate that the min-
ister in charge of the department was
not present in the commons to
answer questions and present informa-
tion. Mr. Rowell's statement was a
very rosy one, but it hardly coincided
with complaints made by soldiers from
one end of the country to the other.
As a matter of fact a government sup-
porter, the member for Colchester (Mr.
P. R. McCurdy) had resigned from the
position of parliamentary secretary of
this department because he thought
it was doing very little valuable work.

Col. Clark's Reply.
Col. Hugh Clark, parliamentary
secretary for the department of soldiers'
civil re-establishment, said that criti-
cism leveled against the department
by veterans was mostly along the line
that the department has not done
enough for returned men. He admit-
ted that the expenses of the depart-
ment have been high, but this is be-
cause Canada has been doing more,
more particularly in the way of voca-
tional training for soldiers, than any
other country in the world. He pre-
dicted that the "peak load" of expense
would be reached in February next,
after which there should be a sharp
decline.

J. H. Sinclair urged strongly that
returned men be desired to establish
themselves in the fishery or other lines
of business in a small way should be
given assistance.

Mr. Duncan Ross expressed the view
that the government, while denying
the soldiers additional gratuities was
wasting enough money to pay them
the gratuity.

No Aid to Start Business.
Mr. Rowell, answering Mr. Sinclair,
explained that the financial condition
of the country would not allow the
government to loan soldiers money to
start them in business on the same
basis as those settling on the land.
In the case of land settlement, the
government had a security for pay-
ment of the land and buildings of the
soldier.

The bill was given second reading,
and Mr. Rowell then moved that it be
referred to a special committee of the
house.

This motion, Hon. Jacques Bureau
opposed, on the ground that the bill
should be considered in committee of
the whole house. The latter proceed-
ure would give all the members a
chance to consider it, and express
their views on it.

Mr. Rowell replied that it was the
purpose to permit war veterans and
soldiers to appear before the special
committee and express their views on
the bill. This could not be done if it
was brought before a committee of the
whole house.

REFERENDUM WORKERS REPORT ON PROGRESS

A meeting of the central committee
of the referendum campaign was held
at the Ryrie building yesterday after-
noon, C. L. Burden in the chair. Re-
ports from workers in different parts
of the city were given, all of an en-
couraging nature. For the Scarborough
and eastern district an enthusiastic
account was given by Thomas B. But-
ler. Capt. McGillivray reported for
part of York township, where 1000
new names had been added to the
voters' list. W. A. Kaiting reported
progress in wards six and seven.

In his report to the central com-
mittee, the secretary, Rev. Peter Bryce,
told of between 16 and 20 new names
being added to the official list thru
the efforts of the committee, of which
he felt confident 85 per cent. would
act in favor of prohibition. Credit was
given the work of Mr. Thackaberry,
organizer for wards eight, one, two and
three, and Mrs. Barmen for wards
four, five, six and seven.

The women's auxiliary under Miss
Mona Cleaver with Miss Hilda Burns,
secretary, had visited many factories
and stores, where they had left posters,
and in the majority of instances had
been well received. S. P. Shantz and
Cyril Dyson had reports on the part
of the organization. The resignation
of Mrs. A. B. Ormsby, who is leav-
ing town, and who was a mem-
ber of the executive, was received.
Mrs. O. A. Rutherford being ap-
pointed to the vacancy. On Monday, 22nd
inst., six meetings will be held in
ward five and on Tuesday, 23rd, six
meetings in ward five, and it is ex-
pected that by Sept. 30 every ward
will have been covered by general
meetings.

INFLUENZA RAMPANT

Influenza is greatly on the increase
in the Earlscourt district, followed by
nervous prostration. It is reported
that more people are sick with this
disease than in the fall of 1918, when
so many citizens in this district were
stricken.

G.W.V.A. DANCE.

The Earlscourt G.W.V.A. gave a
dance at their headquarters, Belmont
Hall, last night, and a large number of
war veterans and their friends at-
tended. These dances will be con-
tinued thru the winter months. The
veterans' band furnished the music.

DOBBS-INGRAM WEDDING.

Rev. W. F. Roadhouse officiated at
the wedding of Miss Annie E. Dobbs
and George H. Ingram, both of Earl-
scourt, at the Boon Avenue Baptist
Church last night. The bride was at-
tended by Miss Constance Coombes
and was dressed in white crepe de
chine over silk and carried a bouquet
of white roses. Mr. W. Harner was
best man. After the ceremony a sup-
per was served at the home of the
bride's parents on Weston road. The
groom is a member of the Earlscourt
branch of the Salvation Army. The
couple will reside on McRoberts ave-
nue.

GRATUITY FINDS SUPPORTERS.

The soldiers' gratuity of \$2000 has
many supporters among the returned
of Earlscourt and district, the
majority feeling that during their war
service their families were imposed
upon by the profiteers, many of them
also losing their businesses, which
were taken over by aliens and foreign-
ers. A meeting has been called to
discuss the question by the local
branch of the G.A. of men W. F.

asked to attend and speak on this
question.

MIMICO

FARES CAUSE DISCONTENT

A joint meeting of the councils of
Earlscourt, Mimico and New Toronto
was held last night at the council
chamber, Mimico. Mayor West presid-
ing. The recent resolution presented
to the Earlscourt Council re the York
Radial from Sunnyside to Long
Branch was discussed. It was felt
that at present nothing could be done
regarding the proposed invitation to
Sir Adam Beck to expropriate the line
as a public utility, but the railway
board will be approached in the mat-
ter of fares. Much discontent has been
expressed by the residents of the mun-
icipalities along the Lake Shore road
in connection with the increased fares
on the radial line. With a view to
correcting this as far as possible at
the present, the board will be ap-
proached in an endeavor to have the
company revert to the former tariff.
It is hoped that the board will author-
ize a scale similar to that existing on
the Toronto Railway, i.e., six tickets
for 25c, with special workman's tick-
ets at eight for 25c, valid during cer-
tain hours of the day.

Countless Estates Have Been Wasted Through "Nobody's Fault"

—The personal executors in charge, though
honest and sincere, were not accustomed to deal-
ing with the kind of property they were called
upon to administer.

An executor should be fitted to deal with all
kinds of property in any estate he controls. That
is one reason why a trust company organization
containing experts in all kinds of property has
come to be accepted as the logical agent for
managing property in trust.

SCHOOL POSITIONS
FOR RETURNED MEN

Education Minister Makes Appointments to Professional Training Posts.

Hon. Dr. Cody, minister of education, announces the following appointments in connection with professional training:

H. G. Manning of the staff of Toronto University, has been appointed departmental master in the Stratford Normal School. He is a graduate of Toronto University, and has taught in both public and high schools before joining the university school. He went to the war in May, 1915, was wounded and returned to his educational duties. Mr. Manning is highly spoken of as a teacher.

T. T. Carpenter has been appointed to conduct the manual training course for returned soldiers, which the education department has established. He has had a long experience in manual training, holds a specialist's certificate, and is a returned soldier, having spent three years overseas, two of them in France. The Toronto board of education has sanctioned Mr. Carpenter's release for one year from his duties in connection with the Toronto Technical School.

Harold E. Amos, another returned soldier, who enlisted in 1915 and returned last year, after being wounded in action, has been appointed departmental master in the Hamilton Normal School. He is a graduate of Queen's University, has had long experience in teaching public schools in the province and also high schools, having been principal of Grimsby High School when he went to the front.

"TORONTO TOWNSHIPS" BRANCH ORGANIZE

A "Toronto townships" branch of the G.W.V.A. was formed at a meeting of the veterans held at Lorne Park on Wednesday night. The aims, accomplishments, and present objectives of the organization were laid before the returned men present by Comrades Dr. W. D. Sharpe of Brampton, Thomas Kennedy, Dixie, Ont., and W. E. Turley, provincial secretary. F. W. Bull of Lorne Park was elected president, H. R. Thompson of Brimley, secretary, and Comrades Hughes, Mills, McManemy, Cooper, Herridge, Lancaster and McNeil were elected members of the executive committee. Meetings will be held in Clarkson, Etobicoke, Dixie, Lorne Park, Cooksville and Streetsville in the near future, so that all qualified men in the township may be given an opportunity of joining the G.W.V.A.

ENDORSES EXECUTIVE'S ACTION

Sergt. Gustar, secretary of the West Toronto branch of the G.W.V.A., has received a letter from H. C. Hocken, M.P., acknowledging the telegram sent him on the matter of soldiers' gratuities, in which the action of the Dominion executive was endorsed. In H. C. Mowat's acknowledgment of a similar message, the writer says a bonus commensurate with the needs of returned soldiers would have the approval of all to whom he has spoken on the matter, but he asks how this need could be determined without some inquiry and investigation.

In the matter of rent profiteering, City Clerk Littlejohn writes that the communication from the branch has been forwarded by the Lord of Council to the assessment commissioner, who has been authorized to act in accordance with the suggestions therein contained.

Open Six Million Acres To Manitoba Soldiers

Winnipeg, Sept. 17.—By an order-in-council, passed yesterday, Acting Premier Hon. Edward Brown, and provincial cabinet placed 6,000,000 acres of unimproved farming lands on the market for returned soldiers. This is the greatest move made by the government up to the present time for the establishment of returned men.

The order-in-council provides for the establishment of an arbitration board to determine the price the province shall receive for its farming land. The time is known at the present time as the provincial school lands. The value placed on it in the public accounts of 1918 is \$13,000,000.

FIELD SECRETARY IS NOT G.W.V.A. OFFICIAL

In view of the "malicious statements" that have been made recently regarding G.W.V.A. field secretaries, W. C. Ridgford of London, Ont., has been appointed provisional field secretary to the G.W.V.A. advisory committee to the repatriation and employment committee of the Dominion.

The salary of the position is \$2400 per year, and the program of repatriation allows for one field secretary for each province of the Dominion.

These field secretaries are not officials of the G.W.V.A., but government employees, whose duties are defined as follows:

1. Generally report on local conditions.
2. Report on all voluntary societies working in connection with the returned soldiers.
3. Complaints in general.
4. Operation of labor bureaus and government organizations in general.
5. Submitting to local branches for decision or expression of opinion matters which are of interest to the returned soldier.
6. To keep the advisory committee in close and intimate touch with all matters of local and national importance affecting the work of reconstruction.
7. To obtain suggestions on various questions from the local branches and forward same to the advisory committee.
8. Generally to act as intelligence officers as between the government and the soldier.
9. A report should be forwarded, at least, once a week and oftener, if special problems arise. This should be addressed to the advisory committee, G.W.V.A., care repatriation and employment committee, Plaza building, Ottawa, Ont.

ST. CATHARINES' G.W.V.A. HAS CONFIDENCE IN TURLEY

St. Catharines, Sept. 18.—Complete confidence in Sergt. Turley, secretary of the G.W.V.A., was formally declared in a resolution passed by the St. Catharines branch of that organization last night without a dissenting vote. "If the country is on the verge of bankruptcy, the profiteers should be called upon to save Canada the same as the soldiers saved it with their blood" was the text of a resolution to go to the executive committee. Confidence in the commission appointed by the association to meet the gratuity question was formally expressed, and indignation was also expressed at the recent imposition of a fine of \$200 imposed on a man of 74 years for breach of the O.T.A.

G.W.V.A. of Brantford Approves Efforts for Gratuity Commission

Special to The Toronto World.

Brantford, Sept. 18.—Approval of the efforts of the G.W.V.A. to secure the appointment of a commission to consider the matter of gratuities was given by the Trades and Labor Council last evening. They also approved of the campaign of the G.W.V.A. in the matter of raising funds for the purpose of purchasing from the city of Brantford the building known as the old postoffice.

43RD BATTERY REUNION.

A general meeting of the ex-members of the 43rd Battery, C.F.A., was held last night and a regular association formed.

It was arranged to hold regular meetings on the second Wednesday of each month. A smoker will be held on the first night, Wednesday, October 8. Further notice will be given later.

Members are requested to get in touch with the secretary, J. Kingsburgh, 245 Pacific avenue, Junction 5165.

NURSING SISTERS RETURN.

Among those who returned from overseas yesterday were three nursing sisters for Toronto, one of whom, Sister E. A. Walsh, had seen five years' service in a munition works' hospital and in the train service.

EAST TORONTO MEETING.

A meeting of the East Toronto branch of the G.W.V.A. will be held in Snell's Hall this evening, when the gathering will be graced for the first time by the wives and lady friends of the members. District Secretary J. V. Conroy has been secured as speaker for the evening.

ARTICLE MAKES THIRD INDIGNANT

Members of the 3rd Battalion Association last night at a specially convened meeting, expressed keen indignation at an article that appeared in The Star of Tuesday, September 16, 1919, which, they claimed, gave to the public the impression that the association was opposed to the granting of any further gratuity to returned soldiers.

Warm discussions around this point took place, and suggestions for suitable punishment for the member responsible for the article were not lacking in variety. Numbers, Comrade W. A. Creighton read the article to the meeting and moved that a vote of censure be passed on the individual responsible. The motion was carried.

ENTERTAINED SOLDIERS.

The Women's Volunteer Corps held a very enjoyable box social at the home of the president, Mrs. Hermon, when patients from military hospitals were the guests. Cards and dancing were enjoyed and the winning numbers of the summer drawing announced. They were: 614, 430, 244 and 787.

POPULATION TWELVE HIGHER.

A party of troops and their dependents from the Scandinavian arrived at the Union Station yesterday. There were 123 veterans in the group, most of whom were married overseas to English girls. Also included in the party was a large number of war babies, twelve of whom were for Toronto. A pleasant trip over on the boat was reported by several of the returned men.

NOT TEN PER CENT. FIT FOR EXPORT

Oakville, Sept. 18.—Good weather, an excellent program and two thousand people crowded to make the opening day of Oakville Fair and Horse Show one of the most successful on record. The grounds, which are considered the finest of their kind in the province, were in first-class shape and the flower beds were a blaze of color. Judging of draught and farm horses commenced at 10 a.m., although the fair was not officially opened until 3 p.m., when Dr. Tolmie made the announcement. Poultry, produce and cattle entries are varied and numerous, but display of horses this year is unusually fine. In the evening well over two thousand people watched the grand stand performance. The directors feel that only continued fair weather is needed to make 1919 a record year in the annals of the society.

About 1 o'clock Walter Harland Smith, accompanied by others of the directors, called on Mayor Davis of Oakville to welcome Dr. Tolmie on behalf of the citizens of the town. The mayor very briefly replied. When the applause had subsided, Dr. Tolmie expressed the pleasure he felt in being able to attend the fair. He said that Toronto Exhibition had astonished him much, but added that he had never seen a fair staged as pleasantly as Oakville Horse Show was. The grounds, admirably combine beauty and usefulness.

"I am pleased to see that some of the prices have been dictated by bankers," said the minister; "if we are to meet our great obligation brought about by the war, there must be close co-operation between town and country, rural and urban occupations. I am also glad to see that the prize list encourages better live stock as there is still much to be done in Canada in this regard. In spite of the activities of both Dominion and provincial departments of agriculture it is unfortunate indeed that 47 per cent of the sires on farms are scrub sires. Not more than 10 per cent of the cattle passing through the abattoirs are fit for exportation to the old country and consequently Canada cannot now compete with the Argentine in this market. Much of the meat killed for packing is only half grown and not fattened properly. If we are to meet our obligations we must do so by building up our trade and the traffic in live stock offers an admirable opportunity."

Demand in Britain.

The speaker also stated that there is at present a great demand for bacon hogs in Britain and that the demand on the western market is heavy. Difficulty is experienced by western dealers to find sufficient hogs to supply the fresh meat market, but it is expected that this "tightness" will be overcome by the end of the year. "While the price of hogs will probably go down," continued Dr. Tolmie, "I do not think that there is any need to fear a slump." He praised the exhibit of light horses and mentioned the present big demand for such animals.

In conclusion the minister thanked the directors of the fair for the honor of the invitation and formally declared the show open.

\$5,000.00 CHALLENGE

THE CANADA PERMANENT TRUST COMPANY
TORONTO STREET
TORONTO, ONT.

No. 402

Toronto, September 16th, 1919.

Receipt is hereby acknowledged from

the ONTARIO BREWERS' ASSOCIATION of the sum of
FIVE THOUSAND DOLLARS deposited with us
under a Challenge agreement made this day to the ONTARIO
REFERENDUM COMMITTEE to prove that Beer containing 2.51%
alcohol by weight is intoxicating.

A. E. Heslin
Manager, Ontario Branch.

TO THE REFERENDUM COMMITTEE

The Ontario Brewers' Association can no longer disregard the attempts of the Ontario Referendum Committee to mislead the people of this Province in the forthcoming Referendum.

In its campaign literature the Referendum Committee has corrupted the statutory ballot as set out below, and its advertising positively asserts that the light beer to be voted on is intoxicating.

The Referendum Committee is either misinformed or is deliberately misguiding the people for a purpose.

The purpose is to make the voters believe that they are voting for against intoxicating beer.

Examine carefully the two ballots reproduced below.

GOVERNMENT STATUTORY
BALLOT PAPER

Question 2.

ARE you in favor of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol weight measure through Government Agencies and amendments to the Ontario Temperance Act to permit such sale?

Question 3.

ARE you in favor of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol weight measure in Standard Hotels in local municipalities that by a majority vote favor such sale and amendments to the Ontario Temperance Act to permit such sale?

Question 4.

ARE you in favor of the sale of spirituous and malt liquors through Government Agencies and amendments to the Ontario Temperance Act to permit such sale?

REFERENDUM
COMMITTEE'S DISTORTION

2. ARE you in favor of the SALE OF INTOXICATING BEER in Government Agencies?

3. ARE you in favor of the SALE OF INTOXICATING BEER in Standard Hotels?

4. ARE you in favor of the sale of all kinds of spirituous and malt liquor in Government agencies?

The Government Ballot clearly shows that the public is only to vote for or against the sale of beer containing not more than 2.51 per cent. alcohol by weight.

Beer Containing 2.51 per cent. Alcohol by Weight is Non-intoxicating

To establish that the 2.51 per cent. beer to be voted on is not intoxicating, the Ontario Brewers' Association have deposited \$5,000 with the Canada Permanent Trust Company, and they hereby challenge the Ontario Referendum Committee to deposit an equal amount with the same Trust Company to prove that beer containing 2.51 per cent. alcohol by weight is intoxicating, or admit that their literature is deceiving the electorate.

Upon the investigation, the losers are to forfeit their deposit to a charity or charities to be named by the Investigating Board. The investigation is to take place before a nominee of the Ontario Referendum Committee, a nominee of the Ontario Brewers' Association, and the third nominee to be agreed on by the two persons so chosen — and if they fail to agree, to be named by the Lieutenant Governor of Ontario.

This Challenge to be answered immediately by the Ontario Referendum Committee.

Ever thought of endowing your home?

It's very easy to do it.

Suppose—having purchased a house and effected a mortgage on it—you should die suddenly!

Wouldn't your wife and family have a hard time meeting the interest on the mortgage and discharging the principal sum when due? Not so, however, if you were insured under an Imperial Endowment policy for the amount of the mortgage. A small amount invested each year in such a policy will enable your heirs to pay the mortgage immediately after your death, even if it should occur next week. On the other hand, if you should live until the policy matures you can pay off the indebtedness yourself out of the amount of the Endowment.

Have you a mortgage on your home? Then let us show you how you can make sure of its repayment whether you live or die.

MAYOR ADVOCATES COMPLETE CONTROL

Would Oust Directors and Place City Commissioners Over Exhibition.

Bonuses to certain Exhibition employees came in for certain criticism at the board of control meeting yesterday. Controller McBride stated that he and the mayor objected, but the bonuses were passed by a majority of one subject to the approval of the solicitor.
City Solicitor Johnston, who was asked if he had given a written opinion on the legality of the bonuses as well as the city. The advice was asked verbally and I do not think it necessary to give a written reply. The point is very simple. The directors have power to grant the bonuses," Cont. McBride: "I will move that you give no opinions except in writing."

Mr. Johnston: "I would be pleased if you would move that I resign as solicitor for the Exhibition Association."

Cannot Serve Two Masters Mayor Church: "He can't serve two masters."

The mayor stated that the men who were given the bonuses got increases in 1917 and two increases in 1918, some of them as much as \$600, and now another was given. "There should be no bonuses," he said. "The salaries for the year should be in the estimates."

Cont. Maguire: "There is just the trouble with life directors that the control of the Exhibition passes out of the hands of the elected representatives of the city."

Mayor Church: "I think the control of the Exhibition should be taken out of the hands of the present directors and placed under a board of five commissioners to be appointed by the city council. There should be a

SIR WM. MACKENZIE SEEKS LOWER TAXES

Sir William Mackenzie, who for years has been assessed by the city on a taxable income of \$225,000, has this year made a return of municipally-taxed income and it totals \$125,750. On this figure he will be taxed by Toronto in 1920. Hitherto Sir William did not send in a return, and the department made an assessment on \$225,000, Sir William never appealing.

CITY WELCOMES LORD FINLAY

The city welcomed in the council chamber yesterday Lord Finlay of Nairn, former lord chancellor of Britain. Mayor Church spoke on behalf of the city. Justice Riddell for the Toronto bar, and Colonel Geo. T. Denison also made appropriate reference to the distinguished visitor.
Lord Finlay acknowledged the honor done him and remarked it had been a revelation to see the great dominion.

NEW SCHOOL BUILDINGS.

As the result of a suggestion from Trustee C. A. B. Brown, it is likely that a number of additions, costing between \$3,500 and \$4,000, will be built to schools at present congested and where pupils are housed under very uncomfortable conditions or where the schools are running on half-time schedule for pupils. Oakwood, which has between 700 and 850 pupils, is mentioned as one of the schools that will be accommodated.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

Major Timmis was the host of a very charming little tea at Stanley Barracks yesterday afternoon for the bride and groom of a fortnight ago. Major and Mrs. Thomas Moss, who motored in from Lake Simcoe for the event, Mrs. Moss looking very pretty in taupe embroidered satin with a small velvet hat, and carrying one of her latest presents from Major Moss, a lovely gold mesh bag set with sapphires. Major Timmis received in the ante room, those present including Lady Pellatt, Mr. and Mrs. Pepler, Major and Mrs. Nordheimer, Mrs. Gilman, the Rev. Russell MacLean and Mrs. MacLean, Miss Harrison, who is staying with Mrs. Pepler, Miss Spry, Major Bowie.

Pink, white and mauve flowers decorated the table. The marriage ceremony was performed by Rev. Russell MacLean and Mrs. MacLean, daughter of Mr. and Mrs. John Wedd, Clarendon avenue, at 10 o'clock.

Baldwin, son of Mr. and Mrs. Lawrence Baldwin, Mashquon, the Rev. James Sharp read the service, and Mr. Ernest MacMillan was at the organ. The bride looked lovely in a draped gown of white satin point lace, orange blossoms fastened her veil, and she carried a quaint bouquet of white roses, larkspur and sweet peas, with circle of sweetheart roses in centre. Miss Edith Watson, in lavender, crepe over gold, and Miss Naomi Wedd in

lavender over pink, with black velvet hats and nosegays of ophelia roses attended the sister. Captain Robert Haultain was best man, and the ushers were Col. Moorehouse, Mr. Edward Baldwin and Captain Leslie Baldwin. After the ceremony Mrs. Wedd held a reception at her house in Clarendon avenue, when she was wearing taupe tricot embroidered with navy blue and hat to match. Mr. and Mrs. Baldwin left later for Lake Placid where the honeymoon will be spent, the bride traveling in a navy blue and sand tulle gown with smart blue hat.

Mrs. William Fleury and her children have returned to town from the country. Mr. Fleury is staying on till next week.

Major and Mrs. Thomas Moss will spend two or three weeks at their country house on Lake Simcoe, afterwards going on to New York.

Col. Gilman, in the west for a short time on duty, during his absence Mrs. Gilman is with her parents, Mr. and Mrs. George F. Reid, on Rosedale.

Mrs. Douglas Bowie motored to Niagara-on-the-Lake yesterday to stay with Mrs. Sizer for a few days.

The Hon. Sir Thomas White is at the Chateau Laurier, Ottawa.

The Misses Foy returned yesterday from Niagara-on-the-Lake and will spend the winter at the Westminister, Jarvis street.

Lieut.-Col. W. F. Malone, Owen Sound, arrived in town yesterday and is with his mother, Mrs. A. E. L. Malone, Gladstone avenue.

Major and Mrs. Herman Hughes and their little daughter have returned from overseas by S.S. Adriatic and are visiting Mrs. Herbert Howe, Inglewood.

Mrs. Lillian Beardmore and two children have returned home after spending the summer at Prout's Neck, Maine.

Mrs. Dignam is giving a tea on October 8, for her daughter the Baroness Hoogendouk Tuliken, The Hague, Holland.

A very successful repetition of the third annual pageant of the Women's Art Association took place in the beautiful garden of the association in Prince Arthur avenue yesterday afternoon and evening, the promoters being favored with perfect weather and the whole performance reflecting credit on Mrs. Dignam and Mrs. A. C. MacKay, who organized the entertainment. The musical part of the program was arranged by Mrs. Hambourg.

The branch of the Red Cross which has undertaken to supply the soldiers in hospital with flowers, reports the most encouraging success. This week the response has been truly wonderful. Large consignments from the Dale confectionaries, packed with the utmost care, arrived as fresh as if just cut. Mr. Rolph, Markham, sent two lots by express. The children at the Essex street school had many more than filled the motor, and their teacher allowed them to carry the overflow to Christie Street.

In a discussion of high school fees from pupils from outside municipalities, Dr. John Noble asked: "What right have the municipalities to sponge on the city of Toronto?"

Dr. John Hunter moved for a special committee to take up the Judge Lennox investigation report.

Dr. Noble said that the board did not want a post-mortem. The heads of the building department had gone. The trustees were "right these men came out personally clean, and wished them good luck." The motion for the special meeting was negatived.

Trustee McCrae said the property committee had begun the outlay of \$1,500,000 for new buildings with \$50,000 in fees for architects. Under the circumstances Dr. Noble's motion was the most idiotic resolution he ever offered. Mrs. Groves said the double unit system is "a bad business for the timekeeper and I'm going to oppose it on that account."

The motion was sent to the management committee.

A quotation from North Riverdale asked for the immediate construction of a temporary building for a school, as the children had been waiting for the past two years for a school. Five hundred children reside in the no school district.

In the case of the public school teachers against the board's appointment of a high school teacher as principal of Ryerson public school a protest citing various bylaws was read from the Public School Teachers' Association.

Principal W. G. Morrison of Pope Avenue School wrote refusing to assent to his being relieved from the principalship. His letter said that for 21 years he had given his whole attention to public school teaching without one complaint being made against him in writing, and no charge had been pressed against him. He demanded British justice and British fair play, as his character was his life.

C. J. Dougherty was appointed acting superintendent of buildings.

Mrs. A. C. Courtice, chairman of the management committee, explained that she was in accord with the committee's report calling for Mr. Davis to be taken from Williamson road public school.

DEFER HEARING ON PAPE AVENUE LINE

The question of the Pape avenue car line still hangs fire. Some argument took place before the Ontario Railway and Municipal Board yesterday between Chairman D. M. McIntyre, G. R. Geary and R. C. Harris over the matter of having the Toronto Hydro-Electric Commission co-operate in connection with the submission of plans, as it is contemplated to widen the thoroughfare.

The further hearing was adjourned until Tuesday next. The Hydro authorities will be notified in the meantime, and if a representative is not present an order will be made on the plans submitted.

FRIDAY MORNING, SEPT. 19.

Personalities and Partisanship.

One thing about Hon. Mr. Rowell's speech of Wednesday that should receive attention was his protest against the use of personalities in political controversy in default of points of principle, and the circulation of slanders where no pains have been taken to substantiate or verify them.

Councils of perfection are not, unfortunately, popular at any time, and it is only when society has attained a very high level indeed that we can expect all political discussion to be maintained on the high level of principle and the public interest alone.

As long as human nature and politics are what they are, the spirit of personality and partisanship may be expected to exert its sinister influence. Yet at least this benefit may be derived, that those who resort to such means of attack must be justly estimated, and given their due value in the national councils.

Lawyers and Legislation.

It is not without significance that the first thing on which the employers and employed in the industrial conference could agree upon, was to bring about a unification of the labor laws throughout the Dominion.

There are more lawyers in parliament and the legislature than any other kind of people, and yet they are so little expert in their own business, or they are so regardless of the interests of the people they are elected to represent, that scarcely two of them can agree upon what they mean in any particular piece of legislation. Both employer and workman now desire that the laws be unified, the kinks and contradictions straightened out, and the intent, if possible, made plain.

Justice Riddell unblushingly declared yesterday, calling on Lord Finlay and all high legal to witness, that he was not concerned with the morality of a decision, but only with the law of it. Perhaps this is behind the evident feeling in the country that there should be more practical men and fewer lawyers representing the people.

It is no slight to a lawyer to say that he has not the same opportunity for practical business experience that a man fully trained and devoting all his time to business, enjoys. Some lawyers have the business gift, and after long experience are wide-awake in business matters. But the business advice of a man who is merely a lawyer is not necessarily sound. In legislation there should be sound morality and sound business sense or our statutory law cannot itself be expected to be sound.

The Man or the Country?

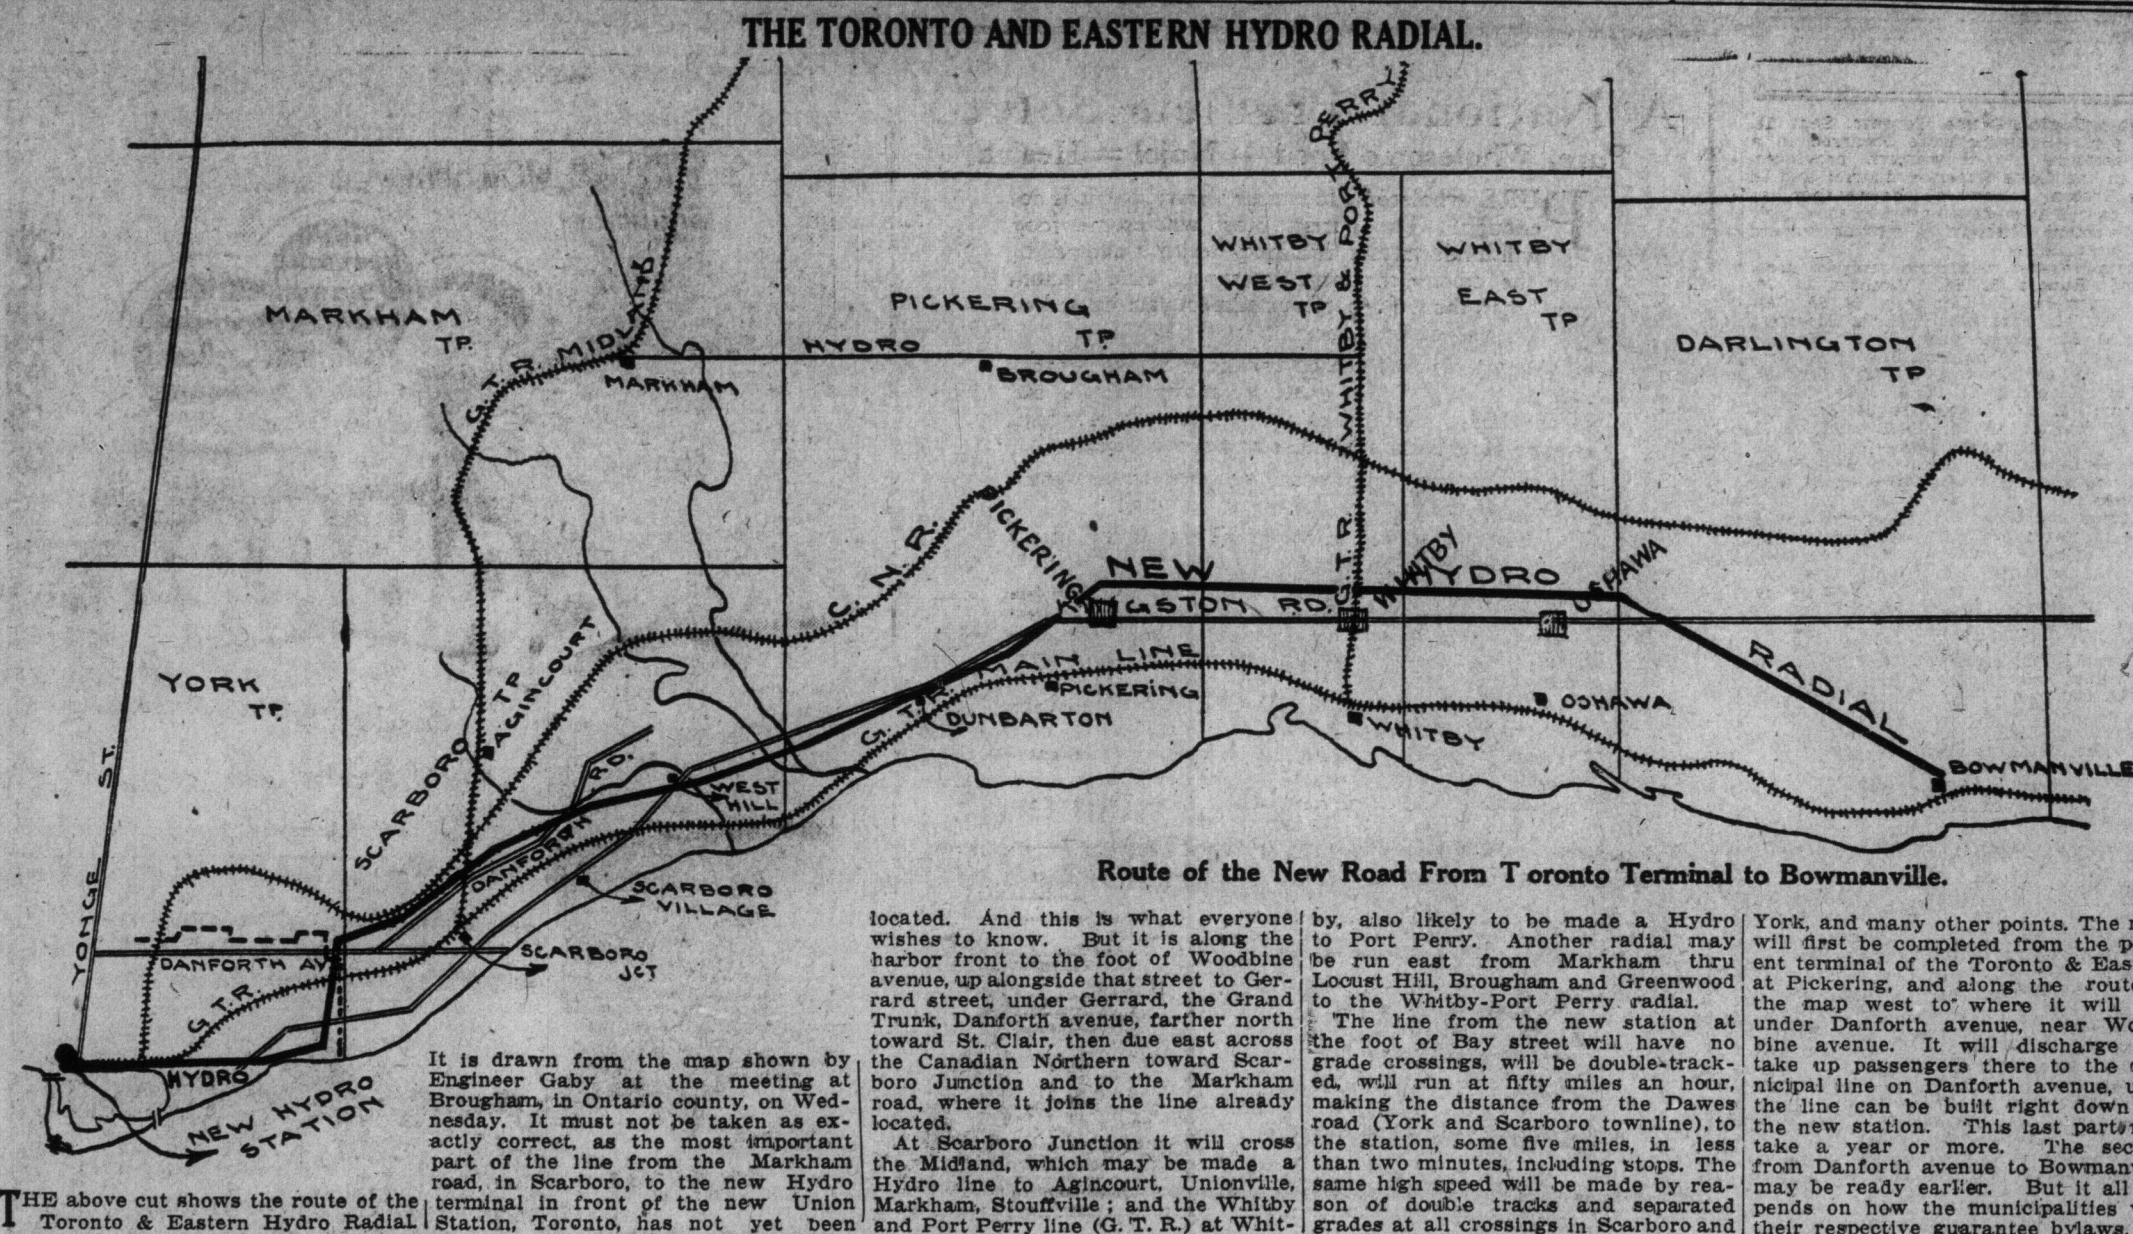

It appears that many of the young women who have married Canadian soldiers in England now object to coming over to settle down in Canada. As the privilege of free transportation is to end on December 31, some prompt decisions will have to be made.

It may be that there has been some marrying in haste and repenting at leisure, and it may be that some of the brides adopted marriage as a war measure and now desire to sign a treaty of peace and self-determination. These, no doubt, would be much better in England than in Canada. We do not wish for discontented settlers, and Solomon would, no doubt, have been ready with a new proverb had he contemplated the condition of a man who brought a wife from overseas and had to listen daily to complaints about the fine things she had left behind. But it is no ill fate after all for any girl to come to Canada. It would be worth while if some of the numerous committees that have survived the war could take up this matter and find out whether it is the country or the man that these unwilling brides object to. It is conceivable that in the hurry of military excitement there may have been some mismatching, but it is hardly fair that Canada should be loaded with the onus of this.

DR. HORACE BRITAIN RESIGNS HOSPITAL

Dr. Horace L. Britain has resigned the superintendency of the Toronto General Hospital. At the regular monthly meeting of the hospital trustees yesterday the members expressed their sincere appreciation of the services rendered by Dr. Britain during the past two years and very earnestly desired that these should be continued indefinitely. This, however, was not possible, as it was originally understood that Dr. Britain should give his services to the hospital board for purposes of reorganization only, which has now been completed.

To the World last night Dr. Britain denied absolutely that he is, has been, or will be, a candidate for the secretary-directorship of the school board.

THE DAY AT OTTAWA

By TOM KING

Ottawa, Sept. 18.—Hon. N. W. Rowell led the house this afternoon, when the bill respecting the department of soldiers' civil re-establishment was given second reading. He also moved the appointment of a special committee to which the bill will be referred and before which the veterans are likely to present their demand for an additional gratuity. The president of the privy council has been fortunate in being the member of the government especially charged with the soldiers' welfare. He has been the chairman of the pensions committee, and is an authority on pension legislation. He now represents in the house the department of soldiers' civil re-establishment.

At the evening sitting when bills introduced by private members had the right of way, Judge Doherty resumed his place as leader of the government. He is the acting premier during the illness of Sir Robert Borden, but in the showy debates this session Mr. Rowell has taken the lead. His speech in reply to the Murphy charges is still being discussed, and the impression grows that the speech was intended to be a courteous but final farewell to the Liberal party.

The department of soldiers' civil re-establishment is doing wonderful work. If Mr. Rowell's report is to be given full faith and credit, ninety per cent of the returned men who applied to the department for assistance in the matter of getting employment were satisfactorily placed in permanent positions and the remaining ten per cent are pretty well accounted for. Only about twenty per cent of the veterans have applied for such assistance, and it is therefore taken for granted that the great bulk of the returned men have found places for themselves. During the six months ending July 31, 1919, over five thousand men were appointed to places in the public service in addition to near 3,000 civil servants who returned to their places after service overseas. The department is also maintaining a number of hospitals and is supplying the men free of charge with artificial limbs and other appliances. Indeed the men are being looked after with the greatest care. On the other hand, as Judge McKenzie pointed out, we hear many complaints from soldiers and soldiers' organizations all over the country and only a few months ago Mr. F. B. McCurdy resigned his position as parliamentary secretary for the department as a protest against its inefficiency. Mr. Pedlow's bill to establish the second Monday in November as our fixed date for Thanksgiving was given second reading. Judge Doherty, who was leading the house, said the members were free to vote as they pleased, although he himself did not think a great deal of the measure. When, however, Mr. Jacobs from Montreal moved the second reading of his bill to amend the election act, party lines were suddenly drawn without any signal from the treasury benches. Mr. Davidson, one of the Unionist whips, moved the adjournment of the debate and the session was divided on party lines, although Mr. Mehar, Lord of Mackenzie and Johnston of Lost Mountain, all cross-benchers, voted with the opposition. The bill proposes making election day a legal holiday, disqualifies a member from holding two seats at the same time and also provides for the automatic by-election such as we have in Toronto.

POLITICAL NOTES

More definite statements were heard yesterday, attributed to government sources, that the provincial general election will be held on October 26, with the referendum vote.

The opposition whip, George C. Hurdman, Ottawa, who was in the city, said the Liberals have made up their minds as to the intention of the government, and are fully prepared for the election on the 26th. J. I. Morrison, secretary of the U. F. O., said: So far as any information comes to us throws light on the great mystery of the people's election, the 26th is the date.

Our politicians are dancing in jazz time. Premier Harte hears so many noises that he can't say whether to bow to the country, to hold back, or to seek a haven of repose. Modesty will be there with dancing pumps and a whiff of Hartley Dewar is going from dance hall to dance hall mixing with farmers and workers. And then there must be two hundred thousand ladies of the province who, "with rings on their fingers, bells on their toes," are all going to get into the mad whirl of their first election waits. And how they will dance! But the U. F. O., the gentle shepherds and the jolly plowboys, are to be the liveliest quick-steppers, jig-dancers, and "swing around the circle" partners in the political quadrille that the orchestra and floor manager may start about. It will be the greatest ball ever held in Ontario. But the ladies are all ready with their "Will you, won't you join me in the dance?"

Not that there is not excitement at Ottawa: N. Wesley Rowell is against dancing, but he is performing to some purpose.

He would be, according to Mr. Joseph Atkinson, successor to Borden, failing that he may go into retirement, later on to emerge as the Moses of the Liberal party. There never was so much uncertainty as there is at Ottawa.

Perhaps Mr. Rowell may come along as minister of finance, after Sir Harry Drayton gets a seat and is transferred to railway. But in any event, according to his friends, Mr. Rowell in his speech of Wednesday "bade farewell to the Liberals, defied Quebec, made a straight bid for the succession to Borden." That's going some. In the meantime Mackenzie King is hung up until he gets a seat.

SIX CANDIDATES IN BRANT RIDINGS

Three Conventions on Saturday — Mayor MacBride to Be Nominated by I. L. P.

Special to The Toronto World.

Brantford, Sept. 18.—Indications are that the provincial election fight will see three candidates in each of the two ridings in Brant. U. O. Kendrick will be Liberal candidate in North Brant, and H. Nixon the U.F.O. candidate. The Liberal-Conservatives of the riding will select their candidate on Saturday next, Franklin Smoke, K.C., of Paris, being in the running. In South Brant the candidates are in doubt. The Liberals will select their candidate on Saturday next. A call for an Independent Labor party convention is expected to be issued within ten days, but Mayor MacBride, who he goes to Peterboro tomorrow to speak at an Independent Labor party convention there, will not be the candidate here. The Liberal-Conservatives will select their candidate for the riding of South Brant on Saturday. It is unlikely that the U.F.O. will put up a candidate in this largely urban riding, but three candidates seem to be assured.

GRANGERS CONFERRING ON POLITICAL STAND

Regina, Sask., Sept. 18.—While it was decided that the mandate of the February convention of the Saskatchewan Grain Growers did not give to the grain growers' political party the power to enter the field of provincial politics, the party in session here yesterday had the subject of the province of the grain growers under consideration. The subject was conceded that the time might come when it would be necessary to enter the provincial field. Three sessions were held yesterday. One of the matters under discussion was that in connection with the proposed plan of campaign for raising funds to conduct elections. Permanent officials will also be chosen today.

I. L. P. of North Waterloo Will Hold Nominations Tonight

Special to The Toronto World.

Kitchener, Sept. 18.—The convention of the Independent Labor Party to nominate a candidate for the provincial legislature for North Waterloo will meet tomorrow night at Labor Hall, Waterloo. Among the names mentioned as possible candidates are Reeve Bohlender of Waterloo, George Hashnel of Waterloo and O. Hughes of Kitchener.

SEPTEMBER IN ALGONQUIN PARK

September is one of the most delightful months of the year in the "highlands of Ontario" and Algonquin Park offers attractions that the two found in other districts. It is situated at an altitude of 2000 feet above the level of the sea, assuring visitors of pure, bracing air that rejuvenates body and mind. The territory is easy of access via the Grand Trunk, 200 miles north of Toronto and 170 miles west of Ottawa. "The Highland Inn," a charming hotel, affords comfortable accommodation at reasonable rates. The Inn is heated by steam. The cuisine is all that can be desired. "The Highland Inn" is operated by the Grand Trunk Railway. Make your reservations early. Illustrated descriptive literature telling you all about it, from any Grand Trunk agent, or write Mr. N. T. Clarke, manager, Highland Inn, Algonquin Park, Ont.

COAL VERY SCARCE

Property Commissioner Chisholm, asked as to the coal outlook yesterday, stated that there was a great scarcity of stove coal and he advised people for the present to go in for the chestnut and egg grades.

ONTARIO LEADS IN HOUSING SCHEME

Twelve Hundred New Dwellings Nearly Ready — 4,000 Next Year.

"Ontario is the only province in Canada that has put the Dominion housing scheme into practical effect," said J. H. Ellis, of the Ontario municipal board, who has charge of the work here. He added that other provinces, except Alberta and Saskatchewan, had merely appointed committees for the purpose of investigation.

In the case of Alberta and Saskatchewan, Mr. Ellis said he had received letters from Edmonton and Regina, the capitals of those provinces, asking for particulars of what has been accomplished in Ontario and requesting details as to future possible developments.

All Houses Occupied.

Mr. Ellis further stated that Ontario would have 1,200 houses finished by the end of this month and that they would all be occupied before the end of October.

"There is no fear of any of the municipalities having houses on their hands under the Ontario scheme," remarked Mr. Ellis. "Our architects draw the plans and if they do not quite satisfy the prospective tenant or purchaser any necessary alterations are made. In that way we eliminate any cause for future complaint, and that is perhaps why we have not the slightest trouble obtaining tenants."

"Next year," said Mr. Ellis, "we are planning to build 4,000 more new houses in the province."

HAVE LEGISLATORS UPHELD LAWS?

Colonel Machin Challenges Honesty of Temperance Act Framers.

"How many members of the Ontario legislature who are responsible for the passing of the Ontario temperance act, if they were here tonight and sworn on the Bible to tell the truth, could honestly say they have not broken that act on many occasions?" was the question which Lieut.-Col. Machin, M.L.A., put last night when addressing a meeting of ward six branch of the Citizens' Liberty League, in St. Julien Hall, corner of Bloor and Lansdowne. "It simply proves," he added, "that we are not honest with ourselves."

"We feel we have our rights invaded," continued the speaker. "We feel that the extraordinary legislation known as the Ontario temperance act is striking at the root of the body politic of our national life, because it has and is making us a body of hypocrites. It is also a rotten piece of class legislation. Further, the act tells us in this province that we are so absolutely drunk and stupid and senseless that we have to be saved from ourselves. I think the stand of the present legislature on this line is an absolute libel on the great bulk of the people in this province, because in 1914 we know from statistics that only 2 per cent of the population in Ontario were addicted to over-indulgence in drink. It is an absurd proposition that 98 per cent of the population should be punished because 2 per cent cannot take care of themselves."

Col. Machin described Billy Sunday as a "serio-comic religious fanatic." He suggested that The Globe, instead of the quotation from Julius—"The subject who is truly loyal to the chief magistrate will neither advise nor submit to arbitrary measures"—should substitute "Sanctimonious hypocrites always see the rotten side of things."

CROWN ATTORNEY WILL HANDLE SUGAR CASE

All the evidence in the alleged Hamilton sugar profiteering case has been sent to the crown attorney of that city, who will take the necessary action, J. S. Lundy, the representative of the attorney-general on the board of commerce, said yesterday he would probably go to Hamilton and prosecute the case himself.

NEED LARGER QUARTERS.

At a meeting of Rosary Hall Association, held yesterday afternoon, a discussion took place on the need for more housing accommodation, and it was decided that now that the war is over and the shortage so pressing, either an extension should be built to Rosary Hall or a new site found for carrying on the work. A committee was appointed to look for suitable premises.

Simpson's Sensational 2-Day Boot Sale

Begins Today With 7,000 Pairs of Boots From 7 Factories, at One Price \$7.95

The sale comprises samples and regular stock boots, which were ordered months ago at dollars less than today's factory cost to us. This two-day carnival of boot values will draw thousands to the Simpson Store. The offerings are so excellent that to prevent dealers from snapping up the stock in quantities, we shall not sell more than two pairs to a customer. Those who shop at 8.30 a.m. today will be well repaid for being here when the doors open.

Extra salespeople, extra selling space, extra cashiers and additional service all around to ensure satisfactory shopping.

The Women's Boots

\$9, \$10, \$12, \$14 and \$18 Values
The newest fall novelty and street styles in most fashionable leathers, black and colored.

Queen Quality samples and some regular lines,
Hartt samples, Geo. A. Slater samples, Frank A. Slater samples, Classic samples, also some Com-
tess and regular stock lines.
