PREACHING TO GREAT CHANGES CHURCHLESS AT THE FAIR MASSES

Rev. Madison Peters and His Work—New York
Lapsing Into Heathenism, He Says.

Further improvements to the grounds of Canada's National Exposition, on an elaborate scale, are foreshadowed as a result of a visit.

In the United States they have ceased to be a churchgoing people. As a matter of fact it is rather an expensive luxury to go to church in New York, as pew rents are very high and the churches are very exclusive.

REV. MADISON PETERS.
The City of New York is steeped in an atmosphere of commercialism, and is lapsing into heathenism, declares Rev. Madison S. Peters, one of the most prominent clergymen of that city, who addressed large meetings in Massey Hall yesterday afternoon and evening.

The Salvation Army appeals to the lower element in society, while I make my appeal to the intellectual element among the unchurched," he said to the World yesterday. "I am simply doing what the churches are doing in England. They have gone to the halls, the great masses of the people do not go to the churches, but they will go to the halls. New York is essentially not a church-going city, and I find that people will come to a service if it is not held in a church. Strange, too, that this is so. I am doing this work of reaching the masses with the Gospel. I also conduct a Bible-class, attended by 500 or 600 persons, every Sunday morning.

TALKED FINANCE IN NEW YORK DUPLOTS

Clearing House Certificates Will Be Issued—Review of a Memorable Week.

NEW YORK, Oct. 27.—The feeling among banking authorities to-night is that united action and wise counsels have accomplished much in preparing for a solution of the financial problem which they have been called on to deal with during the past week, and with remedial plans now further perfected the promise is strong for the uninterrupted maintenance of financial stability.

Reviewed of the Week.
The clearing house there was much evidence of activity in preparation for the issuance of loan certificates to-morrow. This, however, was confined to the subsidiaries, because the loan committee, which is to pass upon collateral offered for the certificates, did not hold formal sessions.

At the clearing house there was much evidence of activity in preparation for the issuance of loan certificates to-morrow. This, however, was confined to the subsidiaries, because the loan committee, which is to pass upon collateral offered for the certificates, did not hold formal sessions.

The chaotic financial conditions which existed at one time last week in New York had entered upon the improvement before the week end and confidence was growing that the worst had been seen. By common consent the leaders in the financial world substantiated their actions to the guidance of J. Pierpont Morgan in bringing order out of the confusion.

The situation that began to emerge was found not so hopeless as had been feared, the prevalent trepidation arising from the stage of uneasiness and hysteria amongst the depositors in the institutions which were subjected to runs. However, the fact that this was striking and ominous, was not sufficient to precipitate the various indications of forces of contraction of credit, even in the expanded condition to which they had attained, had become severe, every barometer of the fact being verified for this many months past.

Diminished Basis of Credit.
The events in New York precipitated a drawing down of deposits in banks and trust companies, which is affecting the very basis of the volume of credits. The consequence was a violent contraction of credits, which proved a blight on values which it affected. The task confronting the financial leaders in New York was to limit as far as possible the field of operation of these forces of contraction of credit. The secretary of the treasury came into co-operation with the great capitalists of the country to supply resources for meeting the crisis. The result was a heavy one, owing to the contagious nature of the financial fright.

THE WORLD'S DAILY FASHION MAGAZINE FOR WOMEN EDITED BY LAURAE MCCULLY, B. A.

Stories of Famous Women III.—JOAN OF ARC

Perhaps the most singular character of medieval times, the Maid of Orleans stands out with peculiar significance to her modern sisters, not as a possible rule for womankind, but as a noble and almost miraculous exception. When great deeds are recited and the valor of bygone days extolled, the name of Joan of Arc is second to none, and her sex is justly proud of her. Nor does her story seem remote or less dramatic by reason of the centuries which separate her from our own time, for by singular good fortune the records of both her trials are preserved intact and we have sworn evidence to every detail of her life and character.

Before attempting to sketch her life, one thing should be pointed out. It was no unusual thing in those days for women to be soldiering beside the men in the incessant wars of the period, and the incident of Joan's riding into battle or her physical courage are neither particularly remarkable. What does leave us in wonder is that at the age of 17 she should have gathered the forces of the great realm of France—and sat at the council table with the men. More remarkable than her achievements themselves is the source of her inspiration and her absolute faith in it. Born a peasant little cottage in the village of Domremy, between France and Lorraine, her "voices" came to her at a time when English armies were overrunning France, and bade her go to the rescue of the harassed Dauphin and his party. At that time she was only 13 and did not know how to read or write, but was very devout in her attendance on the church, which afterwards disowned her. Her family were of course furious at the idea of her going to the king to explain her mission. Finally she prevailed, and thru Capt. Baudricourt was finally taken to Charles at the Castle of Chinon. There she was accompanied by her across France. Arrived at Chinon she convinced the court of the serious nature of her errand with miraculous ease, and was soon in the field in a suit of men's armor, bearing the banner of France.

Joan's mission as declared by herself was to raise the siege of Orleans and crown the Dauphin at Rheims. Against her she had not only the English but the worse enemies of the French court. The Dauphin seems to have been unconvinced of the justice of her own cause, and surrounded by an indolent court. The church opposed Joan because her inspiration did not come from its own properly constituted and accredited sources. It reads like a fairy tale to learn how, step by step, the girl-general, with her marvellous insight, her ready wit and unflinching courage, drew the threads of the French campaign into her hands. Before despatching her to Orleans, Charles caused her to be cross-examined by professors and theologians at the University of Poitiers. They were unable to draw from her any but the most rational and obvious answers, and finally decided in her favor. The story of Joan's campaigns is well known. She was brilliantly successful from the first, and shows a marvelous insight into military tactics for which nothing in her education or heredity would seem to account. She convinced not only men in the field, but queens and princes, of her purity and nobility of character, and the Queen of Sicily presented her with a suit of armor inlaid with silver. Many miraculous tales are told of Joan's career—one that she sent for a sword hidden in the sanctuary of a church she had never entered; another that she continually prophesied the result of battles in which she was to engage. Many of these stories have a touch of the truly medieval love of ornament and are scarcely to be so seriously taken as when they are facts. Perhaps it is as well that Orleans was substantial, and the Cathedral of Rheims of lasting material, else some modernist would sneeringly deny the whole story. Joan has denied the personality of Joan the Maid.

WORLD'S DAILY FASHION HINT

This evening coat is rich in effect and simple in construction. The foundation is flame-colored satin, and over this is gathered black chiffon cloth. The collar, cuffs, and the band at the lower edge are of black velvet, heavily embroidered with pink flowers, with green and bronze leaves. Above the velvet are black soutache braidings, and above these are two wide tucks in the chiffon cloth. The closing is made with loops and enamel buttons.

The Chorus Girl. Prize-Winning Essay in Competition Among the University Students.

In the ancient legends of Cambodia, it is written that a princess of the realm was once captured by a warrior chieftain of the north country, and was carried, bound, to her master's palace. "Help me, O Buddha!" cried the maiden, "for I am powerless." "I cannot give you strength," answered Gautama's messenger, "but I can bless you with a greater power—the love of a chorus girl." And when the maid was brought before her captor, and her veil was lifted, she was possessed of such transcendent loveliness that the warrior, barbarian though he was, knew at her feet and begged his captive to become his queen. And since this advent of beauty into the world, men have been on their knees to it ever since.

2090—Girls' Jumper Dress. Paris Pattern No. 2090. All Seams Allowed. This smart little frock, in dark red serge, trimmed with black soutache braid, is worn over a gullepe of figured red challis. It is just the costume for chilly autumn days. The plaited skirt is attached to the waist, and the garment closes down the centre-back. A model would look very well if developed in albatross, cashmere or nun's hair, and worn over an embroidered, lattice guimpe. The pattern is in four sizes—8 to 12 years. For a girl 10 years the dress will require 2 1/2 yards of 36-inch material with 11-8 yards of braid. The guimpe will require 1-5/8 yards of 36-inch material. Price of pattern, 10 cents.

His Excellency the Governor-General has been pleased to extend his patronage to Mr. Ben Greet's tour in the season at Massey Hall to-night.

The final in the Rosedale ladies' golf championship was played off on Friday at Rosedale by Miss Evelyn Cox and Miss Bradda O'Brien, resulting in a victory for the latter. Miss O'Brien was a young player, was greatly congratulated upon this victory, which was not altogether a surprise after her recent achievements at Ottawa.

A Recital. G. Lisant Beardmore gave his first concert recital in Conservatory Music Hall on Saturday evening. Mr. Beardmore's exceptionally fine tenor voice has often been in public, but he certainly excelled himself on Saturday evening. On Saturday afternoon at 2 o'clock the marriage took place at St. Augustine's Church of Albert S. May, son of Mr. and Mrs. Samuel A. May, and Nina Louise Foster, daughter of the late Richard Foster and of Mrs. Foster. The ceremony was performed by the pastor, the Rev. F. G. Plummer, while Mr. Ben Greet officiated at the organ, and Mrs. Douglas Raymond sang "The King of Love My Shepherd." The bride, who was given away by her brother-in-law, William Hewitt, wore a semi-empire veil in white with bands of satin, a tulle veil and carried the roses and lilies of the valley. Miss Winnifred, the only bridesmaid, was dressed in a green silk cascade, with gilt trimmings and a black velvet gilet hat.

A very pretty wedding took place on Wednesday afternoon at St. Clair-avenue Presbyterian Church, North Toronto, when Miss Sadie Rogers, daughter of the late Samuel Rogers and of Mrs. Rogers, was married to Mr. Archibald McGill. The ceremony was performed by the Rev. D. C. Hosack. The bride, who was given away by her brother, Mr. Victor Rogers, wore white silk, and carried a shower bouquet of bridal roses. Miss Nellie Rouget, sister of the bride, attended as bridesmaid. She was dressed in pink silk, and carried pink roses. The groomsmen were Mr. Burton Brake, after a reception at the home of the bride's mother, Mr. and Mrs. McGill, which was first seen five years ago. This will be the play for to-morrow evening. On Wednesday there will be a special school matinee, with the merry comedy of "Tenth Night," "Julius Caesar" will be the play on Wednesday night, and on Thursday, "The Merry Wives of Windsor," "As You Like It" and "Twelfth Night" on Friday evening, "Macbeth," and on Saturday afternoon and evening "Romeo and Juliet."

Professor and Mrs. Mavor entertained on Saturday for the Ben Greet Company, when Mr. Ben Greet, the Misses and Messrs. Vivian and Mrs. Scott, Mr. Greenstreet, Mr. Warren and other leading members of the company attended. Miss Dora Mavor had invited some of her fellow students, and quite a literary coterie of Toronto people was present. Mrs. Mavor received in a brown costume, and her rooms were prettily decorated with yellow and white chrysantheums with the tea table to correspond.

The dramatic festival arranged by Ben Greet of Elizabethan plays done at Massey Hall this evening, when "The Taming of the Shrew" will be presented, with Mr. Greet in the character of Shylock. Mr. Greet has surrounded himself with a company of exceptional character, probably the best that has yet assembled. His production of "Everyman" has been praised by the critics as more appealing than that which was first seen five years ago. This will be the play for to-morrow evening. On Wednesday there will be a special school matinee, with the merry comedy of "Tenth Night," "Julius Caesar" will be the play on Wednesday night, and on Thursday, "The Merry Wives of Windsor," "As You Like It" and "Twelfth Night" on Friday evening, "Macbeth," and on Saturday afternoon and evening "Romeo and Juliet."

Oddfellows' Bowling League Open Their Season Saturday

Five Games Were Decided First Night—Beer High Man, While Rosedale Was High Team.

The Oddfellows' Bowling League, which is the largest league in Toronto to-day, was opened Saturday night at the Toronto Bowling Club before a large crowd.

Mayor Costworth and ex-controller Oliver, both fellow-oddfellows, the latter being past grand master and also president of the league, were the speakers, and after short addresses the two gentlemen tried their hand at knocking down the pins, the past grand master being awarded the verdict.

Just in passing let it be remarked that the league was only opened last year, and in one season has grown from a club to an eighteen-club league. This season it is divided into two classes—A and B.

In the rolling that followed, it is safe to say that the most exciting games of the night were on Alleys 3 and 4, which were about the hardest in the club, between Prospect and Integrity. Prospect winning two, losing the last by seven pins, while the first was won by them by three pins.

Rosedale were credited with the high score for the night, rolling 234, and the games were rolled on Alleys 3 and 4, which are about the hardest in the club, between Integrity and Prospect.

Integrity, with 232, followed by Beta, Queen City, 227, Brocks, 220, and E. Queen, 215. Rosedale, 208, Brookdale, 198, had high frame, with 216. Scores:

LONGBOATS' NEXT RACE

From Hamilton to Toronto on Wednesday—Trophies and Conditions.

The first run for the Milnequeen cups will be made on Wednesday by the longboats of the I.C.A.C. from Hamilton to Toronto.

Every runner who beats the value of the trophy will be given a silver cup for his absolute property. The trustees of the trophies will be: Laurence Shear, Charles Christopher, J. H. Porter, J. B. Hay, James Fitzgerald and J. E. Marsh.

They will decide all disputes and have free charge of all attempts upon the record.

Lake Shore-road from Hamilton via the Oakville, Port Credit to Toronto, entering the city via King-street, turning up Yonge and finishing at Queen and York-streets.

The record is open to amateur runners, registered with the Canadian Amateur Rowing Association.

The runner may be accompanied by trainers and attendants in vehicles, but such attendants or trappers, vehicles, etc., must either remain behind the runner or travel at least 20 yards in front, except at such periods as it is necessary to give the runner stimulants.

A month's notice of any attempt at the record must be given to the trustees.

The trustees reserve to themselves the right to refuse to sanction any attempt upon the record.

Two representatives of the board and trustees must accompany each runner in his attempt, in vehicles provided by those who are making the attempt upon the record.

The race is to start, if the weather conditions are satisfactory. Longboat having a pair of shoes specially made for the event.

LONDON'S DUTY.

London has a splendid opportunity tomorrow to advance the cause of right democratic government in Canada. Nominally the constituencies select and elect their representatives in parliament—actually, they do neither, and the result is that the great majority of members feel no sense of responsibility to the people for their political conduct.

BRANTFORD INDUSTRIES ARE ALL PROSPEROUS

BRANTFORD, Oct. 27.—The industries of this city are unaffected by the unsettled financial conditions, but, on the contrary, are exceptionally prosperous. Following is a list of industries in the Telephone City, and the number of men employed:

Ontario is leading the way in the policy which seeks to secure for the people the full benefit of the huge water powers which promise such vast and enduring results for the Canadian people.

PUBLIC OWNED LAND WOULD REMEDY EVILS

Socialist and Single Taxer Debate on the Problem of Wage-Earner's Conditions.

"Single Tax v. Socialism" was the subject of a debate at the Labor Temple Sunday afternoon. W. A. Douglas, B.A. (single-taxer), endeavored to show that the landowners grew rich at the expense of the people—that whether a workman lived in the heart of the big city, his condition of life was not materially different—while the landowner grew immensely wealthy with the growth of development of the towns and country, but did not contribute his fair share towards taxation.

RAILROAD REGULATION.

Last week a somewhat notable conference opened in Chicago under the auspices of the industrial department of the National Civic Federation of the United States. This is the organization which in 1906 appointed a large delegation to investigate and report upon the results of municipal ownership and operation of public franchises in the United States and Europe.

NEW TEACHING METHOD FOR SCHOOL FOR DEAF

Dr. Coughlin of Belleville Going to Detroit to Obtain Latest Information.

Dr. Coughlin, principal of the Provincial Institute for the Deaf and Dumb at Belleville, and Mr. Colquhoun, deputy minister of education, have gone to Detroit to inspect the school for the deaf, and particularly in regard to training in the vocal system of articulation, which is used with a very great degree of success in that institution, as the minister of education is contemplating the introduction of this system into the Belleville Institute.

THE RAILWAYS AND THE PEOPLE

Says the Hamilton Herald: There is justification for the Toronto World's new campaign against the railway companies. Neglect of Ontario interests by the railway companies is an old story.

A prominent farmer and live stock breeder in Ontario County applauds the action of the Toronto World in trying to arrive at better conditions as to the supply of cars and the railway accommodation in Ontario, especially of the C.P.R. This man informs him that last fall he ordered a car from the C.P.R. and was informed that the car would be ready in three days. He waited a week and the car was not coming. He visited the office of the car distributor in Toronto, who informed him that the cars would be ready in three days. He then visited a higher official in the City of Toronto, telling him of his trouble and then got the cars in two or three days.

The question that annoyed him was the fact that one of the chief officers of the road would make a positive statement and promise to have the cars there and then fall. The local agents do all they can to supply their customers, but there is a lack of organization and attention which prevents the farmers and local shippers from getting justice.

Editor World: While the complaint of car shortage in Ontario has been coming apace for some time, I would like to attract your attention to the "lobbed" passenger service meted out to the traveling public by the Grand Trunk and the main line from Stratford to Toronto. Up to 9.5 a.m. three trains leave here then follows a gap till 5.30 p.m. This is an obvious result being that a business man is tied up practically an entire day in one town traveling towards Toronto. The glaring absurdity of this schedule having been duly pointed out to the company time and again, leaving here at 2.40 p.m. in June, precisely what the public desired. To train was withdrawn some three weeks since, whilst two other trains of particular utility were left on, one leaving Toronto at 10.10 a.m., the other leaving Guelph 10.10 a.m., this latter sandwiched in between 8.00 and 8.30 a.m. and 6.00 and 10.40 a.m. The Boards of Trade of Guelph and Berlin have taken up this matter with the authorities at Toronto, the result being so far that nothing has been accomplished by putting this matter in the limelight. The restricted service now given results in the evening train being crowded, especially on Fridays, reaching the city any old time between 8 and 9 p.m., in a dining car, making this all the more intolerable. F. P. Berlin, Oct. 24.

A Luxuriant Jacket of Persian Lamb

There is a charm and look in the new "Alexandra" style of Winter Fur Coats, and particularly the Persian Lamb Coats, that only the little Parisienne's expression of "chic" can explain. True, we made them ourselves, but our designers have the utmost skill, and we bring the very best models from abroad for adaptation.

Thus you have this Coat, of the best whole skin of the Persian Lamb, with bright, glossy, even curl—as fashionable a coat for women of style as you might find in the best shops on the Continent.

It has a semi-military front, with high collar, large leg-of-mutton sleeves, with cuff, trimmed with fancy buttons and extra fine quality satin lining.

To all appearances, so perfect a Coat would cost much more, but Eaton's Economy makes this price possible. See them in the new section, each \$155.00

We're making a special Thanksgiving display of Furs, so don't leave the Festival without visiting our new Fur Salon.

Toronto World on the 22nd inst. in the column headed "How Railways Ignore Rights and Comforts of Ontario Customers," occurs the following sentence: "Not a car, not an engine, not a switch is built in Ontario."

"We are pleased to advise you that we have at Niagara Falls, Ont., a well equipped modern plant for the manufacture of switches and track equipment in Canada. We have purchased and are purchasing—so far as we can do within reason—all material within the Dominion of Canada, and are endeavoring to build up what we consider a much-needed industry in the Ontario peninsula.

"As you will note by our letter head, we are manufacturers of general railway track equipment, frogs, switches, crossings and switch stands."

What The World said was that neither the G.T.R. or C.P.R. made a car, an engine, a switch in its own shops in Ontario.

TRAIN STRUCK WAGON.

Two Boys Disappeared Mysteriously After the Smash.

WELLAND, Oct. 26.—The express at Air Line last night at 9.30 crashed into a team of horses and a wagon. The engineer plainly saw two boys on the wagon, and when the train was stopped the lads could nowhere be found. Both the horses were killed outright and the front part of the wagon was broken to pieces.

The train crew and passengers made an extended search in the vicinity, but could not find the boys. The wagon 40 feet, they escaped injury, and as soon as they realized what had been done they made off, fearing retribution for the accident. The boys are Wilford House and A. Morningstar, aged respectively 10 and 12 years. They were returning from taking a load of lumber to Bridgeburg. Each wrapped himself in a blanket and both fell asleep.

REPLY TO THE POPE. ROME, Oct. 27.—The modernists, replying to the Pope's encyclical, recently issued, argue that the church always has and should now adapt itself to the exigencies of the age. They insist upon retaining the right to discuss the Bible and other sacred writings, which they hold to be human productions.

DROWNED IN DRYDOCK. KINGSTON, Oct. 27.—Last night about 9.30 o'clock George Randall, one of the crew of the steamer Assiniboia, missed his way in the darkness, while going from the boat into the city, and fell into the drydock and was drowned. He was an English youth and 20 years of age.

Three Tiger Victories. HAMILTON, Oct. 27.—(Special.)—While the Senior Tigers were winning in Montreal on Saturday, the Tigers' inter-mediate team were piling up big scores against Dundas and Waterdown, respectively, on the local gridiron. There were about 2000 people at the games which were held in succession, and both of the spectators participated as the game was played first, the result being 16 to 0 in favor of the local team, and in the intermediate game the score was 15 to 8. The latter game was a brilliant exhibition of football, and both teams worked out like Trojans. The Tigers, however, outpointed their opponents, Niba-Hart on being especially conspicuous in this line. There was considerable rough play also, and near half-time a free fight ensued in which the spectators participated as the result of Nelson's usage of Awey. Wilson of Dundas received a kick in the head during the game, but he played to the finish, after which he collapsed and was taken to the City Hospital.

LAND OWNERS TO FIGHT EXPROPRIATION BY C.N.R. Railway Will Have Trouble in Fulfiling Its Obligations With City.

A legal battle of considerable interest is promised to follow the serving by the Canadian Northern Railway of notices of expropriation on property owners affected by a new highway, five feet wide, running from the Roseville Ravine-drive, touching St. James' Cemetery, passing thru the "Castle Frank" of A. E. Kemp M.P., and thru the Polson and other properties to Bayview-avenue. When the Mackenzie-Mann interests succeeded in getting thru the city council last spring an agreement was made on the west side of the Don, including a portion of Riverside Park, was given the railway to provide a means of access into the city. It was on the understanding that the roadway would be dedicated to the city as a public roadway. Last Tuesday the railway obtained from the city council an extension of time from Nov. 1, 1907, to Aug. 1, 1908, in which to obtain possession of the property necessary for the roadway, and apparently no time is being lost.

WRONG TIME TO CHANGE. How the City is Contributing to Future Confusion and Annoyance. John C. Gardner of the Might Directors, Limited, in a letter to the mayor and council, makes a timely and sensible protest. He writes: "We are in receipt of a letter dated the 23rd inst. from a resident of Macpherson-avenue, informing us that the houses on that avenue have all been renumbered, and upon enquiry at the city engineer's department we have learned that the numbering had been done within the last few days. We have many times spoken to different aldermen and members of the board of control with reference to this matter, and we are sure that the city is doing everything they possibly could to relieve the public of this annoyance. We think the public ought to think of this and never rest until they had absolute control of all the public streets here owned and operated by themselves. Public ownership meant better wages for the employees and better maintenance of the streets for the people. The profits of all the public utilities would go for the improvement of the service, instead of into the pockets of the few."

GOOD IMPRESSION IN WEST. Both Parties Beginning to Line Up and Candidates Are Being Nominated. WINNIPEG, Oct. 27.—(Special.)—An Ontario newspaper man who has been writing for Mr. Borden thru the west states that there is no doubt the Conservative party, with the policy he has laid down, has created a profound impression in the West. The Conservatives stand to make big gains in the west. In both Manitoba and British Columbia there is a great dissatisfaction with the present government in Manitoba on the boundary question, and in British Columbia on the Asiatic problem.

CITY'S LEGAL WINS. Six Court Cases Were Won Out of 7 Contested in Three Months. The city solicitor's department has been successful in its litigation during the three months ending with September 30, as shown by a report which has just been made to the city council. The report shows that out of seven cases which were brought before the court, six were won by the city, and one was settled out of court. The cases were: 1. The case of the city against the Ontario and Western Railway Company, which was won by the city. 2. The case of the city against the Ontario and Western Railway Company, which was won by the city. 3. The case of the city against the Ontario and Western Railway Company, which was won by the city. 4. The case of the city against the Ontario and Western Railway Company, which was won by the city. 5. THE PART THE MONEY BARONS HAVE PLAYED IN IT AND WHY. In Holy Blossom Synagogue lecture hall last night under the auspices of the Jews, W. F. Maclean, M.P., gave an address on public ownership. The hall was crowded, and the speaker was given a most hearty reception.

The main principle underlying public ownership, "said Mr. Maclean, "was the welfare of humanity and the greatest good for the greatest number." Canada was continuously being spoken of as a young country, but she was young only in the matter of development. Her illimitable resources were largely the property of the people, and it was the duty of all true citizens to see that those resources remained in the people's hands and were not given over to capitalists to make monopolies of them. The growth and development of the United States had been accompanied by evils and abuses that had robbed the people of their rights and made them the slaves of the monopolists. Great Britain had cheap postal facilities, cheap parcels post and cheap telegrams, all owned and operated by the people. In a very short time the telephone service would be added to the list, and the government has control and were operating a service in connection with the postoffice. Why could we not have the same thing here? Throughout the empire the state owned the railways, with the result that the people had cheap transportation and the people of the empire were given the people of Canada by the present financial crisis in the States. That crisis was due entirely to the monopolists. Thousands of people had been ruined, but the Rockefeller, the Harrimans and Morgans, the bloated capitalists stepped in to relieve the situation. How? By advancing to their friends money which had been wrung out of the savings of the people by selling them watered stock. These men had acquired enormous wealth which belonged to the people, they had created huge monopolies, and when the people were in a position to buy back their own pockets. The story of the past week's crisis on Wall-street could become known it would be found that avarice, greed and unscrupulousness were the prime factors in bringing it about. The people of the States were getting tired of the tyrannous rule of the monopolists. They desired a change. The monopolists knew this and consequently were doing everything they possibly could to prevent the change. They knew the pocket of the people was the most sensitive spot to attack, and they endeavored to relieve the situation. How? By advancing to their friends money which had been wrung out of the savings of the people by selling them watered stock. These men had acquired enormous wealth which belonged to the people, they had created huge monopolies, and when the people were in a position to buy back their own pockets. DOVERCOURT FIRESWEPT MILL AND 10 HOUSES GO

Exciting Scenes in Early Hours of Saturday Morning, When Village Population Toiled to Save Their Homes.

Fire of supposed incendiary origin destroyed the E. Leeder & Son planing mill and lumber yard and ruined ten houses in the suburban village of Dovercourt in the early hours of Saturday morning.

Neighbors' furniture from the danger zone of swarming like ants upon the frame structures in a valiant effort to save their homes thru the vigorous operation of the old and inadequate "bucket brigade."

These efforts would have proved of little or no avail had it not been for the prompt and efficient aid of the fire department, six sections of which, under Chief Thompson and Deputy Chief Noble, hurried to the scene as soon as the extent of the fire was ascertained.

The fire was first discovered by the fire department, six sections of which, under Chief Thompson and Deputy Chief Noble, hurried to the scene as soon as the extent of the fire was ascertained.

SAYS THIS IS BEST

A leading health journal, in answering the question, "What is the best prescription to clean and purify the blood?" prints in a recent issue, the following: Fluid Extract Dandelion, one ounce; Compound Salsolone, one ounce; Compound Syrup Sarsaparilla, four ounces.

Shake well and use in teaspoonful doses after each meal and at bedtime.

A well-known physician states that these are harmless vegetable ingredients, which can be obtained from any good prescription pharmacy.

This mixture will clean the blood of all impurities. In just a few days the skin begins to clear of pimples, boils and pimples. It puts vigor and energy into run-down, debilitated men and women.

For many years new blood and relieves rheumatism and lame back and bladder troubles.

The village is peopled mainly by those of the working classes. Many of the homes were those of workers newly arrived in the village, which was erected by the personal toil of their owners.

The fire was first seen in the centre of the lumber yard near the engine house of the mill and may have been caused by a spark from the engine, which is shared by E. Leeder, the chief sufferer, in that it was started by a fire.

The damage totals about \$20,000. The damage to the mill and yards is placed at \$10,000, while the remaining \$10,000 is placed almost wholly on the houses.

The Mackenzie & Mann Corporation offer to pay for and dedicate this to the public in return for Bayview-street, along the Don, and the land used as a road, extending beyond Bayview-avenue to Winchester-street.

This is the land the railway has been seeking to get for itself, and the new 80-foot roadway is the quid pro quo offered.

MURDER AT BUFFALO. Woman Found With Rope About Her Neck.

BUFFALO, N.Y., Oct. 28.—The body of a woman supposed to be a Mrs. Miller was found in a rooming house here this afternoon, dead in bed, with a small rope twisted about her neck.

The woman, accompanied by a man, applied for a room last night and registered as Mr. and Mrs. Miller. When they did not appear at noon the door was forced open. The man has disappeared.

"FREE INFORMATION." This is what one of the most prominent physicians of to-day says: "That one ounce of sweet spirits of nitre, one ounce of compound vinosa, and four ounces of syrup of rhubarb mixed together and taken in desert-spoonful doses after meals and at bedtime in water will effect a permanent cure for the most severe cases of kidney, liver, bladder and urinary troubles."

These drugs are of purely vegetable nature and inexpensive, and can be obtained at any drug store and mixed together at home.

J.P. FOR MAGISTRATE CALLS FORTH PROTESTS

Counsel in Police Court Object to Clogging the Machinery of Justice.

Lawyers at the police court bar were complaining on Saturday of what they say is an attempt to introduce what is only a small percentage of the criminal police court on Saturdays.

Alexander Patterson, J.P., occupied the morning court bench Saturday, and a crown officer said that this was to be the case on Saturdays hereafter.

Only a small percentage of the criminal cases which come before this court may be tried by a justice of the peace, and one attorney pointed out that while the city pays one police magistrate \$500 per annum, and a salary of \$3500 to another, who also collects a sum approximating \$1000 a year from ball fees, it is an injustice to offenders that from Friday till Monday only minor offences can be tried in police court, where the business is already excessive for a full six days of court.

J. W. Curry, K.C., said: "I have no hesitation in saying that it is an outrage to the public that the city magistrates should seek to give the city a five-day court. Delays in any court by which prisoners are deprived of their liberty are wrong and to be avoided as far as it is possible. These magistrates are the servants of the public, as are others, and so important a branch of the city's service as the police court should not be thrown into confusion to allow any individual a few additional hours of leisure."

Another prominent counsel declared that the tying up of the police court for a day, particularly when it made a two-day break in the holding of court, was an imposition on the city, and an injustice to counsel as well as to their clients.

"The magistrates should remember," said he, "that even accused persons have rights, and very urgent rights, to have the earliest possible opportunity of establishing their innocence and regaining their liberty. The privilege of the crown to deprive the citizen of his liberty is being abused when the police officers deprive prisoners of an opportunity to regain their liberty for only a single day."

W. L. KING WILL DISALLOW MANY JAPANESE CLAIMS

Asked Damages For Houses Which They Did Not Own—The Amount Dwindles.

VANCOUVER, B.C., Oct. 28.—There is an excellent chance that not more than \$1000 of the \$1500 asked by Vancouver Japanese as riot damages will be allowed by the Dominion Government.

Commissioner Mackenzie King was started yesterday to find that the Japanese were merely tenants and not owners of the damaged buildings.

The commissioner declared the landlords, and not tenants, were the people who should bear the brunt of making repairs. The landlords could not sue for the damage to their buildings, but they could, if any, sue for the damage to their property.

Japanese rights for damages, he said, are ready, and not by any rights they have in the civil courts of the land.

The commissioner added as his ruling: "The government will pay the claims of what Japanese actually suffered, but not damages to buildings owned by other landlords. Tell the landlords they must look after their own property. The owners cannot legally make the Japanese pay they did not cause the riot."

PANIC WAS CATERED TO WITH SERIOUS RESULTS

Wall St. financiers find difficulty in stemming the Avalanche--Canadians Only Sympathetic.

World Affairs. Saturday Evening, Oct. 26. The panic which was catered to by the Wall-street financiers for the last three years has duly arrived. Many of those who have been speculating about this interesting proposition did so with the ostensible purpose of getting out before the arrival of the day of reckoning.

In 1903, Morgan's \$100,000,000 pool served to change the trend of stock quotations for a short time, but when the novelty of the leading financial support had worn off, prices in the market became more recalcitrant than before.

The panicky period of 1903 was produced for the purpose of preventing any margin put up on the Wall-street proposition from leaving its supposed temporary location. Not until the market operators were most willing to exact profits from a falling market, but their own losses were not to be the gain from the public, and they are the gain of the good will, the public confidence which is the entire stock in trade of the market millionaire.

Strenuous efforts have been made and are being made to persuade investors that stocks of exceptional facilities as purchases. Providing that dividends remain steady, they are, there is no gaining the cheapness of securities are cheap.

The bank statements showed the entire wiping out of the surplus clearing house to issue certificates since to what a dangerous state the situation has reached. A dividend of \$3,500,000 of gold was announced on Monday, but as this is a mere drop in the bucket, its effect cannot be important.

The Canadian stock markets have passed thru an exceedingly trying week, weakness and demoralization being evidenced at almost every day's trading. Numerous declines, due to a large measure to the financial panic at New York, were still traceable to the domestic investment market was unduly over-sensitive.

The selling of Canada Permanent stock during the week was entirely due to the demand for money for the speculative end of the market. In that the selling did not break the price more is strong testimony to the character of the investment which were taken by investors for a favorable occasion.

Sterling Bank of Canada

Notice is hereby given that a dividend of one and one-quarter per cent. (1 1/4 per cent) for the quarter ending 31st October, instant, (being at the rate of five per cent (5 per cent) per annum, on the paid-up Capital of this Bank has been declared, and that the same will be payable November next, to shareholders of record of October 31st.

Toronto, 15th October, 1907. F. W. BROUGHAL, General Manager.

the enforcement of the time notice rule by the savings banks will affect no hard-ship on those who do not apply to small sums withdrawn from immediate necessity.

The smoke of battle is still on and the air is still too cloudy to draw ultimate lessons. But one conclusion stands out clear: This is a panic with sound conditions prevailing throughout the country, and is the result of the gradual undermining, unwarmed, and lamentable undermining of confidence.

The effect of this collapse has no doubt reached the climax in financial circles, and it now remains to be seen what the prospects will be in industrial and mercantile circles. It is not to be supposed that the process of readjustment is complete. It is likely to go on for some time to come.

There is no longer any doubt that a severe check has been administered to Canadian industrial conditions. The money stringency has allowed of no other recourse than that of retrenchment in general. Checks of this kind at any one point find an almost immediate reflection in numerous others, and the strain has been general.

NEW YORK, Oct. 26.—The Clearing House association today authorized the issuance of clearing house certificates. George P. Baker, president of the First National Bank, stated that the plan of issue regarding the plan of issue clearing house certificates will be made. He said the plan will go into effect to-day, and that no amount has been specified. The method of issuance will be the same as that followed in 1903.

NEW YORK, Oct. 26.—The Terminal Bank of Brooklyn, a small-state institution, with a capital of \$100,000, and deposits of about \$240,000, suspended payment to-day.

Imports of gold expected and this may obviate necessity for clearing house certificates. If the amount secured is large enough.

Savings banks of New York all agree to insist upon the legal 60 to 90 days notice of withdrawal of deposits.

Expected Union Pacific directors' meeting Thursday will consider plans for reorganization of the road's investments.

Big showing of net earnings for the quarter, but a sharp reduction in the order of hand expected in United States Steel quarterly report on Tuesday.

November dividend and interest disbursements total \$88,000,000.

These in themselves were bullish factors, but were offset in a large measure by the critical financial situation, which at times was strained almost to the breaking point.

NEW YORK, Oct. 27.—Andrew Carnegie, upon his return from Europe Saturday, after a long vacation abroad, expressed himself in a most optimistic way concerning the financial situation. "I was delighted to read the good news this morning," he said, "I am surprised that the fall in stocks has been so small. This proves that the situation is not as alarming as the country is all right. Investors have not lost their confidence. The financial authorities have acted boldly, and wisely, and the flurry will soon blow over. It is quite right that the banks should require notice."

NEW YORK, Oct. 27.—The Cobalt ore shipments to-night aggregate 887 tons. This week's shipments were 198 tons, four ore cars; Buffalo, one car; Treadway, one car. Week's output shipped to the smelter at Denver, Col. 1,245 tons.

FIFTY YEARS' EXPERIENCE

Fifty years' buying fur pelts and manufacturing them into garments is the record that goes with every Dineen sale. The question of quality must enter into the consideration of a wise buyer of furs, and here we claim that this experience guarantees our purchase. As for style, it is sufficient to say that we have constantly a representative in Paris and New York, who keeps us in close touch with the world of fashion.

Special lines of rare quality Persian Lamb Jackets are being shown this week—One hundred new garments were delivered us from the factory Saturday.

STEEL PLANT CLOSED FOR WANT OF PIG IRON

Rumor at Sault Ste. Marie That Giergue is Trying Again to Secure Control.

SULT STE. MARIE, Oct. 27.—(Special.)—Some apprehension was caused here by the closing down of the steel plant of the Lake Superior Corporation, which took place yesterday, officials stating that the shutdown would continue only three days, owing to the shortage of pig iron. The capacity of the plant was increased some months ago, and since that time the supply of pig iron has been short. This is the reason given by the officials, but rumor is current that F. H. Giergue was successful in having the plant closed, as he is endeavoring to wrest the presidency from C. D. Warren, and wants the plant to make a showing that is assisting in preparing the directors for a change of management at the forthcoming meeting in New York Nov. 5.

It has also been hinted that the Steel Trust has been successful in depriving the plant of pig iron, as it is desirous of securing control of the steel plant.

If the shutdown is owing to shortage of iron the outlook for the winter is not of the best, as at this time of the year a supply should be on hand for the winter months.

"THE BANK OF CANADA."

Name of New Western Monetary Institution.

WINNIPEG, Man., Oct. 27.—Shareholders in the new banking proposition, which has been under way here for several months, met yesterday, and after a very stormy session from 2 p.m. to nearly midnight, decided to proceed with the organization under the name of "The Bank of Canada," with headquarters in Winnipeg.

Provisional directors were elected, and included on the board are: Hon. H. J. Macdonald, Hon. A. Kirkhoff, Senator Watson, and others prominent in political and business circles of Western Canada.

Pumping Beer

Rudyard Kipling advises Canadians to pump immigrants from the old land into Canada, and his advice is good, but there is another kind of pumping going on that should be stopped, and that is the pumping of beer into Canada by the brewers. Brewers' beer is different from what people think it is and from what some people have been accustomed to. It can only be called slow poison, and its bad effects will be seen upon the third and fourth generation. If you consider your own welfare, and also the welfare of the unborn children, you will cut it out and support and work for LOCAL OPTION.

PEARS TO SOUTH AFRICA.

Owen Sound Firm Makes Initial Shipment.

OWEN SOUND, Oct. 27.—The Owen Sound Fruit Co. have shipped a carload of winter pears to a wholesale firm in South Africa. The shipment was the first to go from this district to South Africa. It is also worthy of note that the pears were packed in the new Keenan folding box—the first turned out at the new Owen Sound factory. The pears were grown in North Grey, and are said to have been secured from two orchards. The car was forwarded over the C.P.R. and will be transhipped to S.S. Monarch, of the Elder Dempster Line, at Montreal. If this carload of pears is satisfactory, it may result in a valuable business connection being established between the fruit growers of this district and the fruit buyers of South Africa.

CREAM SHIPPERS' MEETING.

Farmers and Dealers Confer and Have Informal Talk.

The recent action of the Toronto Milk Producers' Association in urging upon the cream shippers the organization of a movement similar to their own, is bearing fruit, and the meeting of the cream shippers, called for Saturday afternoon at the Albion Hotel, was largely attended.

Among those present were J. G. Cornell, president; L. E. Annis, and A. J. Reynolds of the T.M.P. Association; L. J. C. Bull, Brampton; Mr. Leslie, Norval; D. Duncan, Don; T. Porter, Toronto Junction; J. H. Hunter, Brampton; F. B. Lovetian, Newcastle; Mr. Frank, Bowmanville; Hugh Black, Milton; J. T. Peacock, Woodbridge; Mr. Harper, Albion, and others.

Informally a conference was held with a number of cream dealers among whom were Messrs. Dockery, secretary; Phil, Moore, Dundas, Mr. Ferguson, Osgoode Dairy, and Mr. Slack, City Dairy. No agreement was arrived at, but the shippers offered to accept cents a per cent. butter fat for eleven months, or 4 1/2 cents a per cent. butter fat for 7 months. The executive and cream shippers generally are firm in their demand to stand to the terms as outlined, and urge the farmers to stand unitedly together.

York Township Can't Be Bought

No greater insult could be offered the people of any municipality than to state plainly or inferentially that their votes are purchasable. And yet it is reported that a large sum of money is available to defeat LOCAL OPTION. The brewers' money is blood money. A curse always goes with it. Scorn it and vote LOCAL OPTION.

York County and Suburbs

PROGRESS IN JUNCTION IS NOW SATISFACTORY

Approach of Winter Serves to Expedite Work—News from Balmly Beach—Items.

TORONTO JUNCTION, Oct. 27.—The sub-concrete has now been completed as far as Keele-street, on the south side of Dundas-street. To-morrow morning the workmen will be divided into three gangs—one will commence laying the blocks over the concrete on the south side, another will tear up the old macadam on the north side, and the remaining section will clear the debris off the street to allow all divisions of the work to go ahead without any delay.

The paving work was considerably delayed on Saturday morning by someone who opened a tap on the mixer on Friday night and let the water out of the boiler. This malicious prank would have been the cause of burning the bottom out of the boiler had it not been noticed by a watchman before the fire was started. Contractor Dill will take extreme measures with anyone found tampering with the mixer in future.

Four car-loads of stone which were ordered for the concreting of the north side of the street have not yet arrived, consequently the mixer will likely be idle again to-morrow.

Tilly J., aged 20 years, wife of John A. Armes, died suddenly yesterday of pneumonia, at her home, corner of Rycey and Edwin-avenues. The body was shipped to Corborton on the 6.28 C.P.R. train Saturday evening. Interment will take place there to-morrow.

Street Foreman Peter Moon has completed the laying of cement sidewalks for the year, after having laid nearly two miles during the past season. The street department will be engaged in putting down brick sidewalks during the remainder of the year.

The contractors for the Dundas-street paving have not kept the gutters clear to allow the water to run into the catch basins. This is the cause of the street being flooded to-day after the rain.

Walker Aiton, Harry Campin and Bob Gilbert, the Junction lacrosse team, returned home on Saturday last, after an enjoyable five months' tour around the world.

Mrs. Eleanor Waters, 35 years of age, Elizabeth-street, wife of Frank Waters, died at her home, corner of Rycey and Edwin-avenues. She leaves a family of four children. The funeral will take place to-morrow at 2 p.m. in St. Andrew's church.

A number of special constables will assist the local police in preventing any mischief pranks being played next Saturday evening (Hallowe'en).

The Royal Black Preceptory of Toronto Loyal Orange Lodge has accepted the invitation of Wallace Lodge, Royal Black Preceptory of the Junction, to attend divine service here next Sunday. The ordination and induction of six new elders, a Presbyterian church took place at this morning's service. They are: Archie McGill, James Bradshaw, James Stewart, Mr. Kilpatrick, D. D. McDonnell and T. J. Sheppard.

Henry Davey, aged 62 years, died of pneumonia, this morning at the West-ern Hospital. The funeral will be held on Tuesday afternoon from the home of his daughter, Mrs. Albert Pugh, 127 Edmund-street.

BALMY BEACH.

Local Artists Provide a Splendid Concert.

BALMY BEACH, Oct. 27.—St. Aiden's Anglican Church held their anniversary services to-day, and while the attendance, owing to the disagreeable weather, was but slightly above the average, the services were one and all marked by the greatest enthusiasm and heartiness.

In the morning, at 8 o'clock, communion was celebrated by Rev. Mr. McIntyre, to the children of the Sabbath School, and which was of a most interesting nature. The evening prayer, held at 7 o'clock, was a splendid success. At 7 p.m., an address was given by Rev. W. L. M. M.A., assistant secretary of the Missionary Society of the Church of England in Canada, to the children of the Sabbath School, and which was of a most interesting nature. afternoon with some representatives of the Toronto Foundry Company respecting the unsatisfactory condition of the town pump. The result of the conference will probably be made known at to-morrow (Monday) night's meeting of the town council, when the mayor has called.

Physical training classes for boys and girls of school age will open Saturday morning, Nov. 2, at the private school, McLean-avenue. Applications should be made before Nov. 1.

MARKHAM.

Fair Directors Have Fine Surplus and Will Improve Buildings.

MARKHAM, Oct. 27.—Rev. Mr. Grant and Miss Beale Urquhart were the delegates from St. Andrew's Church to the Brampton Sunday School convention.

St. Andrew's anniversary services will this year be held on Nov. 24 and 25. It is expected that Rev. E. Leslie Edgson, a former pastor, will be in charge of the services.

A number of townspeople drove down to Washington Church, Scarborough, on Friday evening, where the Epworth League held a delightful social and entertainment.

The Markham Fair directors met at the Tremont House last week, submitted a report of the financial standing of the society and disposed of a number of other matters.

It was found that after paying all the prizes there was a balance on hand of about \$1000. There still remains a debt on the grounds of \$700, which will be at once wiped off, leaving a balance of \$300. It is proposed to enter upon systematic building program, and in time all the present live stock stables and pens will be replaced by modern, up-to-date, permanent structures.

NORTH TORONTO.

Association Adopts Bylaw—Local Football Team Trimmed.

NORTH TORONTO, Oct. 27.—The adoption of code of bylaws and the election of officers constituted the first business of the Ratepayers' Association of the Town of North Toronto on Saturday evening, in its town hall. The meeting was fairly well attended. The election of officers resulted: President, W. G. Ellis; first vice-president, Walter Aiton; second vice-president, Herb Waddington; secretary, John M. Létche; treasurer, William Parke.

The executive committee consists of the officers elected and H. H. Ball, J. S. Davis, R. Kirby, D. Reid, John Kyles, F. C. Jarvis and F. Gruncy. The regular meetings will be held in the town hall on the evening of the first Saturday of each month, consequently next Saturday evening a regular meeting will be held, at which the immediate needs of the town will be discussed, as transportation and streets, street, and house lighting, education, sanitation and building regulations.

The association committee recommended the adoption of a provision for the payment of an annual membership fee of 50 cents too high and made it 25 cents, for the purpose of defraying necessary expenses and the officers expect to have a rousing and well attended meeting next Saturday night.

The association committee will meet to-morrow (Monday) evening at the office of Waddington Grundy, corner Yonge-street and Castlefield-avenue, to discuss the program for next Saturday. It is said that the contra petition to the local option will be submitted at the next municipal election, will be the work of the committee on the circulation of the contra petition have in almost every instance given up the job. The law requires a petition to be signed by 25 per cent of the bona fide electors, according to the last revised voters' list. In the present case 277 signatures must be attached to the petition for presentation to the council to warrant them in preparing a bylaw repealing the local option bylaw.

The Young Men's Club football team was defeated by the Thornhill team on Stibbard's grounds on Saturday afternoon, by a score of 8 to 0.

The Rev. W. G. Back preached his first sermon at the Eglinton Presbyterian Church to-day to a fairly good audience, considering the weather.

Thanksgiving day will be celebrated at St. Clement's church by the celebration of holy communion, with morning-prayer at 10.30. Friday, All Saints' Day, holy communion will be celebrated at 7 a.m. and an evening service will be held at 8.

The Young Men's Club of Eglinton Methodist Church will meet on Tuesday evening at 7.30, at the home of the pastor, St. Andrew's church, where the Sacrament of the Lord's Supper will be administered in the evening, after the sermon.

YORK TOWNSHIP MATTERS.

Submission of Appeals Shows Big Task for Judge Morgan.

No less than 1459 appeals are filed with W. Clarke, the York Township clerk, for the revision of voters' list for East York and 1484 for West York, making a total of 2943. It is safe to say that these appeals, when ed at the court sittings, will reveal duplicates and triplicates, which will reduce the total by at least one-half.

PORT CREDIT.

Local Band Has Been Organized With Bright Hopes.

PORT CREDIT, Oct. 27.—Jas. Morrison has left for his home in Aberdeen, Scotland, where he intends to spend the winter.

A fowl supper and concert will be held in the Methodist Church on Monday evening.

A band has been organized with fifteen members and soon expects to be able to entertain the citizens with music. They practice Thursdays in the Orange Hall. Officers are: Hon. C. Whitchurch Man Gets Severe Sentence for Breaking Law.

RICHMOND HILL, Oct. 27.—Edward McQuillan, 34, resident in Whitchurch Township, who pleaded guilty to selling liquor without a license, was fined \$50 and costs by Magistrate Sanderson and Henderson at Richmond Hill on Saturday.

The case against Harry D. Wellman of Stouffville on a similar charge was withdrawn on account of an error in the information laid against him.

AURORA.

Budget of General News From All Over the Town.

AURORA, Oct. 27.—The public library board held a concert on Wednesday evening, Nov. 20.

L.O.L., No. 643, held their regular meeting on Friday night. There was a good attendance and some important business was put thru.

The Methodist Church held their annual harvest home services to-day, when Rev. Mr. Dobson of Markham conducted the meetings. The weather was decidedly unfavorable, but the attendance was good. Special collections were taken up to further the work of the Ladies' Aid.

It is said that no fresh cases of smallpox have developed, and the disease is thought to be stamped out. The one case found was of a mild type.

The annual meeting of the Aurora branch of the Upper Canada Bible Society will be held in the Presbyterian Church on Tuesday evening. Rev. Jesse Gibson, secretary, will address the meeting.

The court of revision re the voters' list, before Judge Morgan, held during last week showed that 221 appeals were made, with 158 to be put on. Of these 24 were duplicates, 79 were added to the list, three held over. Of the 78 appeals to strike off, 12 were duplicates, 43 were struck off and the rest dismissed.

HALF-WAY HOUSE.

Fire at Half-Way Causes Loss of Probably \$1000.

HALF WAY HOUSE, Oct. 26.—(Special.)—At a late hour last night fire broke out in the stables of the house, with the result that the driving house, stables and all the outbuildings were totally consumed. But for the fact that the wind was in the southeast, blowing the flames from the house, the building would have likewise fallen a prey to the flames. A Mr. Champlain of Toronto, who had on Friday moved

'T WAS BALD HEADED EAGLE.

Shot by Hunter on Island Opposite Brockville.

BROCKVILLE, Oct. 26.—(Special.)—A bald-headed eagle measuring six feet eleven inches from tip to tip of its wings, was shot yesterday on Smith's Island, opposite Brockville, by a duck hunter. Since early in September reports have been heard of eagles flying on the river, but this is the first shot.

ENGINE BROKE DOWN.

Service of Thousand Island Railway Interrupted.

BROCKVILLE, Oct. 26.—(Special.)—The service the Thousand Island Railway is giving Gananoque was the cause of a special meeting of the town council yesterday, when it was decided to bring the matter before the board of railway commissioners. The locomotive broke down and for 24 hours the town was without connection with the G.T.R. Junction, about five miles away.
