KING'S BIRTHDAY HONORS BRING SELECTED REWARDS TO A CANADIAN QUARTET

Sir Charles Fitzpatrick Becomes a Privy Councillor, the Highest Promotion in British Legal World—Justice Falconbridge is Knighted.

KING'S BIRTHDAY HONORS. Privy Councillor—Sir Chas. Fitzpatrick, Chief Justice of the Supreme Court of Canada.

LONDON, June 25.—(C.A.P.)—In the highest honors announced to-day Sir Charles Fitzpatrick is made a privy councillor.

Chief Justice Falconbridge of Toronto and Justice Taschereau of Montreal are made knights bachelor and W. F. King of Ottawa, Dominion astronomer, becomes a knight.

With the possible exception of the Order of Merit instituted by the present King in 1902 as a special distinction for men eminent in war, science, literature and art, no honor is more greatly valued than a call to the privy council.

Sir Charles Fitzpatrick is still comparatively a young man, born in 1852, and a native of Quebec City, and possessing a long record of legal and political achievement.

William Glenholme Falconbridge, chief justice of the King's Bench for Ontario, was born at Drummondville, 1846. His father, J. K. Falconbridge, was a native of the North of Ireland.

Henri Thomas Taschereau was born in Quebec and belongs to one of the oldest French-Canadian families. He was educated at the Quebec Seminary and Laval University.

William Frederick King was born in Stowmarket, Suffolk, England, in 1854, and came to Canada in 1882. He was educated at the Port Hope Grammar School and the University of Toronto.

SHARP BRIGHT ENDS A BARRISTER ORGANIZER

Gen. Cotton Hands Out a Sharp Reprimand to a Section of the York Rangers.

NIAGARA CAMP, June 25.—(Special.)—In a pitched battle, which started with the first peep of dawn, and made the hills of the Queenston Mountain ridge tremble with thunderous reverberations for five solid hours, Col. Cruikshank's "Red" army carried the day against the redoubtable Col. Mason and his "Blue" force to-day.

In announcing this decision Gen. Cotton delivered a sharp reprimand to the half of the 12th York Rangers of the red force, for having disobeyed orders in continuing to rush madly at the enemy after having been ordered to halt.

"Operations were stopped early because the 12th were ordered, and I cannot tolerate any such breaches of orders, and sincerely trust such a thing will not occur again," said the general.

The orders his army were working under did not call for a defeat of the enemy, but for a tactical withdrawal to the center of the Niagara Falls and the canal.

On this dispatch he directed the 39th regiment and half a squadron of the 18th Cavalry to occupy a section at the junction of the Niagara Falls and the canal.

Even the stated officers of the victorious army are making strong denunciations of the opposing forces for having resorted to "base and unfair" tactics.

The cyclist rode clear around them and then into the enemy's camp. Immediately he had disappeared, the enemy charged persistent and put the thin blue line to action.

It is also reported that somewhere between 8 and 14 ball cartridges had to be taken from the men from the move into each other's teeth at 2 a.m., and no sooner did the hour of commencement arrive at 4 a.m. than the enemy and right of Col. Cruikshank's army opened fire.

COMES TO NAVIGATE NIAGARA'S RAPIDS.

NEW YORK, June 25.—Vasily Rebkoff, an inventor of note in Russia, arrived here yesterday aboard the Oceanic, of the White Star Line, from Southampton, in advance of his new hydroplane, with which he expects to navigate the Whirlpool Rapids of the Niagara River.

The vessel with which he expects to perform a feat that has never been accomplished by a boat, is of 12 horsepower, driven by gasoline explosions, and is 12 feet long and three feet beam.

With Baron von Korwin of the Austrian army, who met him when the Oceanic docked, he will go to Albany. The boat will be taken with them and transported overland to Niagara, where the attempt will be made to navigate the swirling river from the Falls to Lake Ontario.

WINDSOR, June 25.—(Special.)—Sheriff Iler of Essex County is about to resign his position. He has made a compact with Lewis Wigle, mayor of Leamington, that if Wigle is appointed to the vacancy he is to give Iler fifty dollars a month for life and after death to give three hundred dollars a year to Mrs. Iler for her lifetime.

Mr. Beaton's appointment in no way disturbs existing organizations. One of his duties will be to find out the organization is in through the provinces and endeavor to have the same in force in Ontario.

INDEPENDENCE MUST BE DESIRED

Discussion of the Civil Service Reform Bill Hinges on New Commissioners' Liberty.

OTTAWA, June 25.—(Special.)—Beginning next week, the house will sit on Saturdays till the end of the session. It is now expected the prorogation will take place about July 30. There will be no sitting on Dominion Day.

Mr. Fisher's civil service reform bill was discussed the greater part of today. The minister himself spoke nearly three hours, giving the history of reform in England and the United States, and then dealing with the principal features of his bill, which he had also explained on its introduction.

As to outside service, every argument of Mr. Fisher for the purpose of showing that the party patronage was an evil was an argument against this bill, in so far as it did not include the outside service.

DUFF MAY SUCCEED TO VACATED PORTFOLIO

Said to Stand Best Chance of Stepping into Nelson Monteith's Shoes.

It is expected that an announcement of the acceptance of the resignation of Hon. Nelson Monteith as minister of agriculture will be made to-day.

All that stands in the way of an announcement is the ratification of the appointment of his successor. This, of course, a cabinet secret, and the best guesses from the outside set on James S. Duff, Finlay G. Macdunnachie, and J. H. Carnegie as the most eligible farmers for the vacancy.

James S. Duff has more claim to the position than any other of the candidates mentioned. He is a stock farmer, and has been in the business since 1888, and holds a safe seat on the farm in 1886 near Cookstown, of North of Ireland descent, and with considerable municipal experience, no man in the house brings a greater fund of common sense to bear on the questions before the house.

On this dispatch he directed the 39th regiment and half a squadron of the 18th Cavalry to occupy a section at the junction of the Niagara Falls and the canal.

WANTED FOR MURDER

Vito Masani Will Be Taken to Newark, New Jersey.

For killing a fellow countryman in a barroom row in Newark, N.J., November 17, 1906, Vito Antonio Masani, an Italian laborer, was arrested by Detectives Newton and Lipton yesterday afternoon.

The man, who was using the name of Luigi de Paolo, was working on the roadway in Mutual-street. When accosted by the officers he denied his identity, but later admitted that he was the man wanted, declaring that the offence was not murder, as charged, but that he had shot after the other had pulled a knife on him.

**Western Hospital Nurses.**

Fourteen nurses received their graduating diplomas yesterday at the Western Hospital, Miss Helen Baker being the lucky one to receive the stark medal for her services, and Miss Mand Cooke got books on surgery from Dr. Beatty. Dr. Fryce Brown presented the medal, Dr. Beatty the books and Dr. McCullough and Macdonald the parchments. Hon. Thomas Crawford presided, and a most enjoyable time was spent on the lawn, where refreshments were served, and in the evening, an informal dance was given to the graduating nurses in the home.

Miss Woodland, superintendent, reviewed the work of the year in a short address, and the progress of the hospital since its inception twelve years ago, when there was no home, no nurses, no patients and no money, to the present day. During that time, he said, over one hundred nurses had graduated from the hospital.

Dr. Macdonald spoke of a suitable home for the nurses.

The graduates are: Helen Baker, medal for bandaging; Mand Cooke, book on surgery by Dr. Beatty; Minnie Misener, Lena Davis, Elizabeth McArthur, Beatrice E. Wilson, Minnie Rogan, Sadie Jackson, Ella Drysdale, Kathleen McMurray, Margaret Ward, Isabel Hanna, Annie Stroud and Minnie Leach.

**Wife's Life For Husband.**

NEW YORK, June 25.—Overcome by the heat as he was sitting on the edge of the New York Central Railroad barge Edgewater in the East River to-night the captain of the barge Otto Aubert, toppled over into the water. His screams brought his wife, Hannah, to the deck. She plunged into the river in a brave attempt to rescue him, but he was drowned. The bodies were not recovered.

**Social Notes.**

The following students have passed the examinations held by the board of education for kindergarten assistants: With honors, Misses Alexander, Clarke, Blumberg, Baggs, Cassidy, Hanna, Heil, Olive, Patterson, Pardee, M. Richardson, P. Richardson, C. Simpson, A.M. Sneath, Symons, Thompson.

Dr. Douglas R. Shevan, Montreal, is visiting his sister, Mrs. E. P. Romer, Ratchallan, who is Dr. Shevan's sister early in July to study in London and Edinburgh.

Major Boyce Thompson sailed from New York for Liverpool on the 24th inst. for the purpose of joining Mrs. Thompson and family on the continent, where they have been for some time, in order to complete the education of their son and daughter in the cities of Berlin and Paris. It is Major Thompson's intention, after inspecting his London office on Victoria-street, to spend the summer vacation with his family at Ostend.

**Western Hospital Nurses.**

Fourteen nurses received their graduating diplomas yesterday at the Western Hospital, Miss Helen Baker being the lucky one to receive the stark medal for her services, and Miss Mand Cooke got books on surgery from Dr. Beatty. Dr. Fryce Brown presented the medal, Dr. Beatty the books and Dr. McCullough and Macdonald the parchments. Hon. Thomas Crawford presided, and a most enjoyable time was spent on the lawn, where refreshments were served, and in the evening, an informal dance was given to the graduating nurses in the home.

Miss Woodland, superintendent, reviewed the work of the year in a short address, and the progress of the hospital since its inception twelve years ago, when there was no home, no nurses, no patients and no money, to the present day. During that time, he said, over one hundred nurses had graduated from the hospital.

Dr. Macdonald spoke of a suitable home for the nurses.

The graduates are: Helen Baker, medal for bandaging; Mand Cooke, book on surgery by Dr. Beatty; Minnie Misener, Lena Davis, Elizabeth McArthur, Beatrice E. Wilson, Minnie Rogan, Sadie Jackson, Ella Drysdale, Kathleen McMurray, Margaret Ward, Isabel Hanna, Annie Stroud and Minnie Leach.

**LICENSE FOR PARKDALE MEETS STRONG OBJECTION**

Petition With 900 Signatures is Presented and Commission Reserves Decision.

Standing room was at a premium yesterday afternoon at the license commissioner's offices when the board was considering the application of Edward Ireland to have his shop license transferred from 380 East Front-street to 1386 West Queen-street, close to the corner of Brock-avenue and Queen.

There was some strong opposition from Parkdale, and many clergymen were present, the Rev. A. L. Gergens being the only cleric to voice an opinion.

Inspector Johnston reported that Ireland's present location was bad, and that he approved the new site.

William Douglas presented a petition against signed by 900 people, and held that the petition was a transfer of license, and that the required number of names, as eleven of those who had signed had since repudiated their signatures, alleging misrepresentation; that John Nolton and A. E. Crosswell had signed twice, and that nine more should come off. He was bringing the number of petitioners down to 63, and 78 were required. He held in this connection, too, that many of the men who signed had only registered before the provincial elections, and that they were not eligible.

Hugh MacMath quoted the agreement made between the city and Parkdale at annexation, that no more licenses be granted, but Chairman Coatsworth said that only referred to 1889-91 and didn't hold to-day.

Dr. Gergie was of the opinion that no part of the city needed protection more than did that east of O'Hara street, and that it was a "tied" house, as such a thing was impossible in Ontario now.

The commissioner reserved decision, the chairman remarking that there was nothing in the statement that Parkdale was to be particularly favored because of any agreement, and that the great question was whether it would be right to put a license in the district in face of the strong opposition.

**Scotch Plaids Stand Out in Pictures—A Few Weak Points Yet to Overcome.**

LONDON, May 31.—Mr. Urban, the inventor of the bioscope, is credited with being the pioneer of photography of movement in real color. Hitherto the so-called color-films presented to the public had been colored by hand or dipped, for example, bodily into a blue bath to produce moonlight effects, or a yellow bath to produce an impression of sunshine. But the new color-films, which are now being made by Charles Urban to place on the market films reproducing any real life scenes in the exact colors, and not requiring a special apparatus to be shown with.

The specimens shown at an exhibition in London reveal most remarkable results. Scotch plaids and different national costumes were reproduced on the screen, and the likeness was so perfect that one just felt as if the real persons and garments were before one's eyes.

A secret to the process is, it was said to be in the one or two weak points that it is based on the three pigment process, as in some of the quickest movements the color of some objects is not in the proper shades, appearing red or green. But it would be expected to much to have absolute perfection at this very early stage.

We must be content at present with the knowledge that the problem is solved as far as the theoretical side is considered, and that a few improvements will suffice for the greatest educational revolution of the century to have been achieved.

**LEMIEUX WRITES ARTICLE.** Discusses Tercentenary in British Papers.

LONDON, June 25.—The Hon. Rodolphe Lemieux has contributed an article on the Quebec tercentenary to The Standard of Empire, which will appear in Canada next week. In the course of the article Mr. Lemieux writes:

"There is in these battlefields no legacy of sadness or bitterness to this generation. The two races of Canada have long since joined hand in hand in working out the great destiny of their common country. Americans and Canadians, too, are regarding each other with ever growing goodwill and fraternal feeling. The British Empire is becoming more and more a mighty instrument for peace. Let the setting apart of the Quebec battlefields then become a seal upon a compact making peace for all time between the nations whose dead lie buried there. The compact need not be the less real because it may remain unwritten. Let us do each our share in bringing this about, and the Quebec tercentenary will not have been in vain."

**THRIFTY.** A banker of a New England town was sent for on one occasion by a prominent business man of the place, said to be "the closest man of the county," for the purpose of discussing a financial engagement of importance to both.

"It's a bright moonlight night," explained the close one, "and we don't need the gas to talk by." Whereupon he turned off the light as soon as his guest had found a seat.

"The room was pitch dark, and the conversation was long. When the ordeal was over the host lighted the gas again in order to show his visitor out.

"Well, well, sir, this is a strange sight!" the banker blurted out, for his host was sitting in the same position as when he found it lighted by one dim gaslight.

"It's a bright moonlight night," explained the close one, "and we don't need the gas to talk by." Whereupon he turned off the light as soon as his guest had found a seat.

**FERRY FRANCHISE SOLD.** RUNNING AT A LOSS

NEW YORK, June 25.—The property franchises and entire rights of the Brooklyn Ferry Co., said to be worth \$10,000,000, were sold at public auction to-day for \$25,000 to the New York Terminal Co., a corporation specially organized for the purpose. It was the sole bidder.

It is predicted that all but two of the companies seven ferry lines will be shut down because they are operating at a loss, unless the city takes them over or makes some agreement with the new owners.

**This is the Way to Keep Well without Cascarets**

Live outdoors, and let your work be exercise. Else walk ten miles a day. Eat little meat, no white bread, no pastries. Eat many green vegetables, plenty of fruit, and bread, made of whole wheat.

Do that, and you'll have little need of a laxative while you keep young.

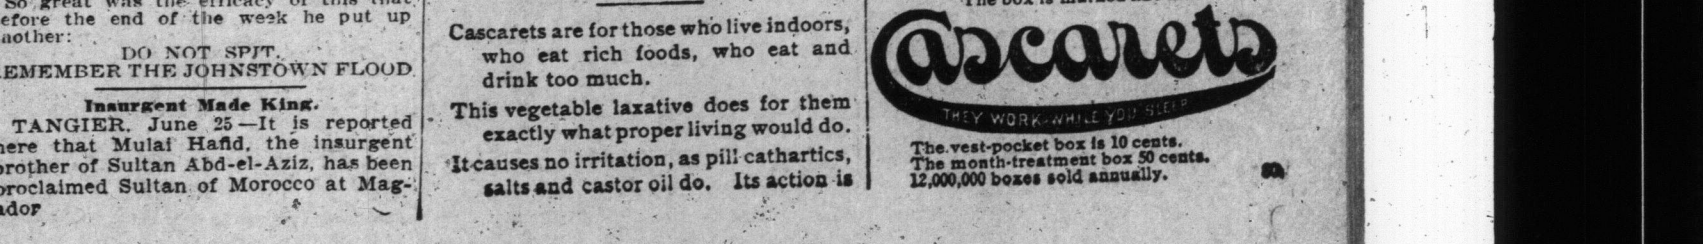

But when you grow old, and the bowels become less active, you will need this help anyway.

Cascarets are for those who live indoors, who eat rich foods, who eat and drink too much.

This vegetable laxative does for them exactly what proper living would do. It causes no irritation, as pill cathartics, salts and castor oil do. Its action is

just as natural—just as gentle—as the action of laxative foods. So choose your own way. Give Nature the aid of proper food and exercise, else the help of Cascarets. One way serves as well as the other. But some way is essential. For one cannot keep well unless the bowels move freely, once every day.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The box is marked like this.

Dead Heat At Listowel

NOTE AND COMMENT

The spring draft played havoc for sure with the hitting in the Eastern League. Take Toronto, for instance, with last year's 300 hitters, Joe Kelley, Thoney and Carrigan, gone but not forgotten, Wiedy is the leader, and he is many points below the charmed figures, 284. And looking over the list, the other clubs are little better.

Lou Scholes sculls to-day in the Olympic trials at St. Catharines, with the utmost confidence of success, the result of a trial this week, 1 1/2 miles over the island of Long Point, he gave the wash to Eddie Duran.

J. Howard Crocker and J. Edward Sullivan are vying with each other these days in their occupation of the cable. On Wednesday, Mr. Crocker advised that the Central Y.M.C.A. coach had the honor of presenting the Canadian athletic rank and file to Lord Strathcona, while to-day the Sporting Goods drummer, New York gets thru on a talk with Lord DeBorrough.

Down in Ottawa they are already talking Rugby football. King Kibbutz's men lost money last year, but expect to wipe out the deficit this fall and add a little to the treasury, for they are counting on the surplus for the year. Billy Richards, former centre half and captain of McGill, turns out with Ottawa, and Eddie McDonald, the crack quarter of the Intercollegiate two years ago, Courtelle will be the only one missing from last season's team.

According to the following cablegram, His Majesty does not intend to himself to become worried or have his method of securing pleasure diverted by alleged monetary reform society dictums or the wailing of mere ministerial associations. Under London date of yesterday, the despatch said, the rumor that King Edward intended to sell his land and still remain in the country was authoritatively denied from Buckingham Palace.

In reference to the shrinkage of profits caused by the new betting regulation in New York State, it is pointed out that in France, track owners under the law receive no interest in their investment, the government taking charge of the receipts and distributing the surplus for a myriad of objects, from the purchase of thoroughbred horses to the payment of poor taxes in poverty-stricken arrondissements.

In England, too, the dividends paid are small, the surplus going to swell the money given the winners. A similar movement is expected to follow the enforcement of the Hughes anti-betting law, always provided that some provision be made for the support of the cricket interpretation.

In fighting the law as it stands, the Jockey Club and the associations are actually in the forefront of the fight. A long struggle was waged for this and when the poolroom information was put out, the law was made open. That further restriction of betting will follow seems almost assured.

Cricket east and west is again to become re-united in a harmonious whole, next week's meeting being expected to bring the two nations into union. It is the desire of the present officers of the association to have the Ottawa and Montreal clubs well represented, says the Ottawa Citizen. They propose special terms for the annual match against Philadelphia from the Montreal, Ottawa and Toronto players, and to have the International in Ottawa or Montreal one year and at Toronto the next.

The Ottawa club contends that it has not been fairly treated in several matters in recent years, so we are prepared to arbitrate, so we are prepared to look for an early peace conference.

McEwen Wins Free-for-All After Dead Heat With Pure Gold

Irene A at 20 to 2 in the Pools Wins Second and Third Heats of Running Races — To-Day's Program.

LISTOWEL, June 25.—(Special Trot.)—A clear sky, fairly warm weather, fast track, and extra good racing, was the order of things here to-day when the circuit races were continued. The attendance was the largest of the meeting to date. All signs point to another big attendance to-morrow when the races will be concluded. Two pacing classes, the 2 1/2 pace and the free-for-all, also the five-eighths of a mile running race, were decided to-day and in each case the favorite was the winner.

The running race to-day was full of excitement and was most interesting to the spectators, as it was the best two in three and took three heats for the decision. The six-year-old mare Anyway sold favorite in the pools against the field, and won the first heat, after which the Madigan cast-off, Irene A, showed her class by winning the second and third heats handily. The winner sold for \$1 in the pools, agreeing to race for \$20,000. The six-year-old mare Anyway was sold for \$100,000, and the colt, Irene A, for \$20,000. The race was a very cleverly planned one.

The racing will finish to-morrow with the 2 1/2 pace, 2 1/2 trot, 2 1/2 mile run, and the 2 1/2 mile run. In the 2 1/2 mile run, two veterans will meet in the persons of Charley Lowell and Cops Johnson, both from Brampton. The former will drive Welby Alma's grey mare, Ella Nevada, 2:24, and Cops will be up behind his own stallion, Oro Ree. The contest will be watched with interest, as it is the first time that Cops has driven a race in many years. Ella Nevada is picked to win, but it would not be surprising if Cops's horse, who has been in this town, ran her very cleverly.

NEW YORK, June 25.—King Cobalt, running to his best form and carrying the weight to his entire field, easily defeated First One and Hessian, eight fast sprinters were in the race, but immediately was outrun by King Cobalt, who moved up to lead. King Cobalt pedaled back next to last, and dropped to the rear. He was then overtaken by First One, who moved up to lead. King Cobalt continued to lead his field by a couple of lengths, with Hessian and First One going easy behind the leaders. The straight King Cobalt drew away, while First One moved up to lead. King Cobalt dropped back, King Cobalt won, beat Hessian a head, while First One not to be surprised if Cops's horse, who has been in this town, ran her very cleverly.

The former will drive Welby Alma's grey mare, Ella Nevada, 2:24, and Cops will be up behind his own stallion, Oro Ree. The contest will be watched with interest, as it is the first time that Cops has driven a race in many years. Ella Nevada is picked to win, but it would not be surprising if Cops's horse, who has been in this town, ran her very cleverly.

The racing will finish to-morrow with the 2 1/2 pace, 2 1/2 trot, 2 1/2 mile run, and the 2 1/2 mile run. In the 2 1/2 mile run, two veterans will meet in the persons of Charley Lowell and Cops Johnson, both from Brampton. ### FEVERISH MOVEMENTS WALL STREET FEATURE

Prices Struggle up Fractionally on Small Trading—Toronto Market Inspidly Dull.

World Office.  
Thursday Evening, June 25.  
Domestic securities were thro to-day without exciting any greater interest than has latterly been the case. The small amount of business which was transacted could not be traced, but it was certain that buying orders from clients were decidedly scarce. Such sales as were made bespoke liquidation which was not any too well received. General Electric dropped three points on the presentation of a full board list and Mackay declined a point on a few sales of broken loaf. C.P.R. was dealt in at about the New York parity, at which exchange the price was firmer than yesterday, despite the heavy decrease in weekly earnings. Only three issues were included in the afternoon business, and the market closed about as dull as could possibly be imagined.

**Wall Street Pointers.**  
J. P. Morgan said just before his departure for Europe. Financial condition in United States has improved greatly since I went abroad some time ago. You may say for me that I feel that conditions will continue to improve.

Southern Railway has agreed to extend for three months the wage agreement expiring July 1.

Railroads at Chicago refuse to renew wage contract with freight handlers; threat of wage reduction on one side and strike on the other.

Pennsylvania directors vote to buy as a feeder the New York and Norfolk road, which is mostly owned by Cassel estate.

Governors deny petition of members to close stock exchange on July 3.

Norman E. Mack, after conference with Bryan at Lincoln, says there will be no declaration for government ownership in Democratic platform.

Banks gained \$3,723,000 thru sub-treasury operations since Friday.

BOMBAY.—Bank of Bombay to-day reduced its rate of discount from 7 to 5 per cent.

LONDON.—The De Beers Diamond Mining Co. declared the usual semi-annual dividend of 20 per cent.

American Cable & Foundry Co. for year ended June 30 shows net earnings of \$2,216,618; increase \$75,082.

Rumors are current that the management of the Virginia Chemical Co. is considering an issue of \$15,000,000 of bonds, out of which amount the outstanding \$5,000,000 bonds of the company will be retired.

NEW YORK.—At the Metal Exchange to-day all grades of copper were reduced 1-8 cent. Lake was down 1-8 cent in the bid at 12 3/4 to 13 cents; electrolytic and castings off 1-4 cent in both the bid and asked price at 12 1/2 to 12 3/4 and 12 3/8 to 12 1/2 respectively.

CHICAGO.—D. R. Morgan and J. M. Roach appointed receivers for Chicago Consolidated Traction Co. by Judge Grosscup on petition by the Central

point were established in the leading issues. Persistent pressure on Rock Island issues finally attracted attention, causing reactions in which most of the early gains were lost, but the demand was better than the selling and when the regular dividend on American locomotive was announced another recovery ensued under the lead of that stock.

Spader & Perkins to J. G. Beatty. Notwithstanding the apathy of traders and extreme dullness in the demand for both stocks and bonds, we are constrained to take a favorable view of the market irrespective of such influence as may precede or immediately follow the action of the Denver committee.

The economic situation as far as fundamentals can make it so is at least safe and this counts very plentiful in the hands of investors, even though the industrial earnings and business be a little less than they were a year or so ago.

Ennis & Stoppard wired to J. L. Mitchell: It was a very interesting session, despite the small volume of trading. London took six thousand shares on balance, and there was extreme steadiness in most of the leading issues, with exceptional strength in American Locomotive on declaration of the regular common stock dividend, and in Westinghouse on extension of the time for completing re-organization plans, which clearly means that receivership will be avoided and all bad features of the company removed. Car Foundry advanced on receipt of the annual report showing 20.33 per cent. earned on the common, with enough profit to pay three more quarterly common dividends.

J. R. Heintz & Co. wired to R. B. Holden: The general market, while dull, has displayed good strength, and gives good indications of doing considerably better. The short interest is still of large proportions and we firmly believe that purchases should be made on all the weak spots, as it now appears as though the bull party, who have done very little in the past two weeks, are now preparing to resume aggressive tactics.

**90TH REG. "WINNIPEG RIFLES"**  
Rifle Regiment of Western City Rehearsal Out Tower Shooting Trophy.

Organized in 1883 the Winnipeg Rifles have grown up with the city, and the citizens are justly proud of their smart regiment, which has repeatedly distinguished itself since it came into existence.

Two years after its organization the corps was called upon to assist in the suppression of the Reil rebellion, and also young at the game made a splendid showing in the field and earned the praise and admiration of the officers and men of the other corps with which it came in contact.

When volunteers were asked for to form a regiment for South Africa in 1899, the gallant 90th were eager for the fray and the whole regiment would have gone had it been permitted. As it was the contingent from Winnipeg was a splendid lot and the members again and again distinguished themselves in the field.

The citizens of the western city have not forgotten either the honor and the prestige to which he and the splendid men who fell in '99 belonged.

## EXAMINING DIRECTORS.

### Ontario Bank Defendants Don't Want to Be Discovered.

The defendant directors of the Ontario Bank yesterday, thru Frank Hodgins, K.C., asked to have the appointments for discovery which have been served, set aside until the bank files certain particulars of allegations contained in the statement of claim.

"Until these particulars are delivered," urged Mr. Hodgins, "the defendants do not really know what the issues are."

Jas. Bicknell, K.C., for the bank, argued that the matters involved had been wholly within the knowledge of the defendants and particulars should not be required till after discovery, as matters might be disclosed on discovery which it might be necessary to claim.

"The onus is upon the defendants to show that they fulfilled the duties placed upon them by statute," he added. He was agreeable, if the defendants submitted to discovery, that all possible particulars would afterwards be submitted.

"My learned friend's statement was that we have knowledge of these things," replied Mr. Hodgins. "We have no such knowledge. The plaintiffs had full access to the books. If these matters, as alleged, are known to the defendants, what would be the use of a defence?"

Mr. Bicknell said it would be an absurdity to require a list of transactions requiring millions of folios—which had been carried on during the past five years.

Judgment was reserved.

## DROPS PUBLIC OWNERSHIP.

Bryan Will Advocate Strict Regulation Instead.

LINCOLN, Neb., June 25.—The Denver platform probably will declare for strict railway regulation.

Friends of William J. Bryan predict that no government ownership platform will be inserted. Six months ago Mr. Bryan issued a statement declaring that government ownership would not be an issue in the campaign. Norman E. Mack and other close friends of Mr. Bryan do not believe that government ownership will be discussed in the Denver convention.

**Inquest on Tuesday.**  
Coroner G. W. Graham opened an inquest into the death of the boy killed by a live wire at Spadina-avenue and Bloor-street last night. The inquest was begun at E. J. Humphrey's West Queen-street undertaking rooms where the body was identified and viewed by the jury. The inquest was adjourned till Tuesday night.

It transpired that the lad's name is not Jewell, but James A. Gekkie. He had been living with Frank Jewell, 210 Robert-street.

It is not yet definitely ascertained that the wire was an electric light company wire.

**Fished Out of Season.**  
CAMPBELLFORD, June 25.—(Special.)—Truman Dunn of Seymour and R. N. Simpson of this town were each fined \$25 to-day on a charge laid by Game and Fishery Inspector C. H. Cassan of having fish in their possession out of season.

## LOVE AND MOONLIGHT ABOARD SHIP.

But by no means least amusing are the sweet young things who, under the spell of the sea, have found their affinities. It makes the old young and the young very, very old—the sea—and, unless one is girl-proof, love-proof, or married, there is no telling what may happen between port and port. There was once a benedict who was wont to fervently exclaim: "Oh, there's no place like home—and thank God there isn't!" but it is perfectly safe to say that he didn't fall in love with her on the billowy ocean, where only affinities meet. Why, the very letters, "E.L.P.A.G.," which appear on the house flags and menu cards of the Hamburg American Line, have been interpreted to mean, "Here Are Pretty American Girls." And any American girl will tell you that the man who can't be induced to propose, when the moon is shining o'er the silvery sea, is too much of a stick to be worth bothering about. If you don't believe me, ask any good-looking girl who has crossed, and then ask any man.—From "The Log of an Ocean Traveler," by Aubrey Lauston, in The Bichenham Magazine for July.

**Moulder Badly Burned.**  
BROOKVILLE, June 25.—(Special.)—Carrying a ladle of molten iron, a moulder named John Pask of the Jas. Smart foundry, tripped and fell on the floor. Pask's two hands and the right arm to the elbow were badly burned, to the bone in some places. The left hand was most seriously injured of the two, while a portion of his body also came into contact with the iron.

## This Offer Should Stir Every Man in Town!

ARE there eighty men in Toronto looking for a new suit of clothes to-day? You'll find it very easy to persuade yourself that you need a new suit when you read about this sale—you're liable to become one of the lucky eighty!

Why lucky? Because we've NEVER had any better tailored suits to sell, and yet their price is almost cut in two. Across the border they put clothing that comes from these manufacturers on a par with custom tailoring—and it is an improvement on a great deal of the custom tailoring done in Toronto.

Now the great thing about this sale is its "Good Average," as they say at the ball game. They are NOT "a few good ones but mostly ordinary suits not worth coming for"; the Average Price of All the Suits in This Sale is Over Eighteen Dollars. Well, every last one of them is going on sale to-morrow morning at Ten Dollars and Ninety-Five Cents! Come for yours early; there'll be others doing the same.

80 only Men's Three-piece Suits; the best ready-to-wear clothing that we sell is included in this lot; fine imported West of England fancy worsteds, in light and medium grey, also tan, neat stripes and broken checks, and some plain black vicunas. With these are a number of American-made suits of the highest merit; cut in the latest models and tailored in the very best manner; sizes 35 to 44; regular \$16.50 to \$22.00. To clear Saturday at .....\$10.95

Boys' 2-piece Norfolk Suits, \$2.98. REGULAR \$3.50 to \$5.00.

Saturday morning we place on sale 75 boys' Two-piece Norfolk Suits, in English and Scotch tweeds of reasonable weight, made with loose box back and front and belt, in colorings of medium and dark grey mixtures, brown mixtures and the newest fancy weaves with small over-checks and broken stripes; sizes 24 to 33. On sale Saturday .....\$2.98

## A Great Shirt Sale at 98c

It's safe to say that YOU HAVE NOT too many summer shirts. Well, it's just as certain that WE HAVE too many. We've counted them and we know. They're good ones, too, the very best that we handle, but we're just going to hand them out to you as fast as you'll take them at 98c. In most instances this is less than half what we'd get for them if we were content to sell them in the ordinary course of business.

Men's Summer Negligee Shirts, taken from our regular stock, consisting of Austrian, W., G. & R., and English makes, all new styles, including plain and pleated bosoms, cuffs attached or detached, ordinary and coat style, and made from cambrics, Oxford, zephyr and plain white silk, in a large variety of patterns and plain colors; sizes 14 to 18; regular value from \$1.50 up to \$2.25. Saturday ..... 98c

## Join the Housefurnishing Club Saturday

Have You Decided Definitely Whether to Join the Housefurnishing Club or Not? Decide Now.

IT SIMPLY means that you have the privilege of charging housefurnishing goods if you buy this month instead of paying for them in cash. We give you a liberal term over which to spread the payments. The only condition is that you own your house and choose your goods now. Carpet and Curtain Department, Furniture Department, Pictures and Wall Paper. Anything you need from the above departments yours for the joining of the Housefurnishing Club. And we will make and lay the floor covers. Make and hang the curtains and draperies. Re-cover furniture without charging anything for the workmen's time. You pay only for the materials.

Are you in doubt about the Club plan? Ask your friends; we have thousands of references in the shape of people who have belonged to our former clubs. There need be no hesitation. Everything is perfectly plain, fair and above board. We are glad to get the extra business for our June Sale. You will have the use and satisfaction of your house, properly furnished and appointed NOW, instead of after patience-trying delay. So join the Club on Saturday and make the best use of the opportunity. Members who have not yet finished choosing their goods are reminded of the fact that Tuesday next is the last day of June.
