GUELPH'S AT SUCCESS WITH PUBLIC OWNERSHIP DOESN'T ENTHUSE GIBSON

His Honor, Treading Delicate Ground, Says Royal City Has Had Exceptional Managers.

NEW WATERWORKS SYSTEM FORMALLY INAUGURATED

GUELPH'S PROFITS LAST YEAR. Light services . . . \$25,218.77. Guelph Junction Ry. 22,916.81. Street Railway . . . 5,064.93.

GUELPH, Sept. 23.—(Special).—The Royal City to-day celebrated the formal opening of its new waterworks system by his honor the lieutenant-governor, Col. J. M. Gibson. Apart from the local significance attached to such an event, the ceremony in the afternoon and the banquet in the evening bore splendid testimony to the results which can be achieved by municipal ownership, under the management of a competent commission, shorn of the deleterious influences of local and party politics.

Guelph first drew upon its shoulders the mantle of municipal ownership over twenty years ago, when the Guelph Junction Railway was constructed to connect the city with the C.P.R. The line is only 15 miles long, but Sir William Van Horne once said that it was the most profitable piece of municipal ownership in the world. From that time until the present the city has kept faith with the principle of municipal ownership, never to find that confidence misplaced.

To-day Guelph citizens are the only citizens in Canada who can say of their street railway, gas, electric light and waterworks systems, "These belong to us."

Hon. Mr. Gibson, attended by Capt. Douglas Young, A.D.C., arrived from Toronto about 3 o'clock. The party was met by the members of the city council and a band of trade, and was driven at once to the new main pumping station, where his honor turned the large valve letting the supply of pure spring water into the reservoir. And these gentlemen found the water impure and asked the citizens for funds to provide a new supply, the confidence of the ratepayers as to municipal ownership, and in the commissioners, at once showed itself, and \$125,000 was immediately available.

His honor, after turning the valve, admitted that it was 40 years since he had performed a similar task. It was in 1869 that he was one of the head boys of the Central School in Hamilton who were selected to open the waterworks there.

He congratulated the city on securing a full supply of pure spring water, so well protected from the source to the reservoir as to be entirely free from contamination. He was all the more gratified when he learned that it had been efficiently and economically brought about. There was nothing more important to a city's welfare than a pure and ample water supply. Next came the problem of sewage disposal and he saw this was receiving attention.

Example to Other Places. "I take pleasure in performing this function this afternoon in the name of the Province of Ontario, whose representative I am," said his honor. "In the name of the province and on behalf of the city's people, I congratulate the City of Guelph, and hope it will be pointed to by other municipalities, and I also hope that there will soon be the same public spirit in matters of municipal improvement and maintenance."

LINE OF DEFENCE OF TURNER

Will Set Up A.H.B.I., Claiming That She Traveled Over Gorge Railway From Lewiston to Niagara Falls.

For the first time since the arrest of Mrs. Maud Turner for the murder of the Authers infant, T.C. Robinson, K.C., her counsel, was induced to speak of her defence last night. According to his statement, the defence will set up an alibi so far as to try to show that while Mrs. Turner did go to Lewiston from Toronto on the Chippewa, leaving Toronto at 7:30 on the morning of Thursday, Sept. 15, she did not go from Lewiston to Niagara Falls and return on the New York Central train, which runs along the cliff from which the box containing the body of the child was thrown, but on the Gorge Route, which runs along the rocks at the river's edge, and therefore, could not possibly have thrown it as it was seen to fall.

Gave Child Away. Her story to her counsel is that she gave the child to the Mrs. Maud Wagner of Cleveland, who had written her from that city regarding the adoption of the child. She says she gave the child to Mrs. Wagner in Toronto on Wednesday and agreed to meet her at Niagara Falls, N.Y., on the Thursday, to give her some clothes for the baby. She says she did so meet Mrs. Wagner there, going over on the Chippewa, and did carry a box like the one containing the body of the child, but says that it contained only lunch and baby's clothing, and that she did not have it with her on the way across the lake, but checked it in the check-room of the boat and was reading a book on the way over and had no parcel with her until she took it out on arriving at the dock at Lewiston.

She says she went to the Falls on the Gorge Route and returned that way in the evening. Then she says she met Mrs. Wagner at the New York Central way for his line from Toronto to Lewiston, and that the child taken from the Wood-street house was the King child, despite the fact that the police are informed that it was not.

She declares that the statements of Mr. and Mrs. Goldie, who keep the house at 39 Wood-street, that they heard the cries of a strangling child coming from her room on the Tuesday night, are false and foolish, and that she does not even remember them coming to her door then or on any other occasion to enquire about that or any other noise.

Mrs. Turner has not explained either where she took the child from the hospital, or where she kept it from the Saturday till Wednesday, when she says she gave it to Mrs. Wagner.

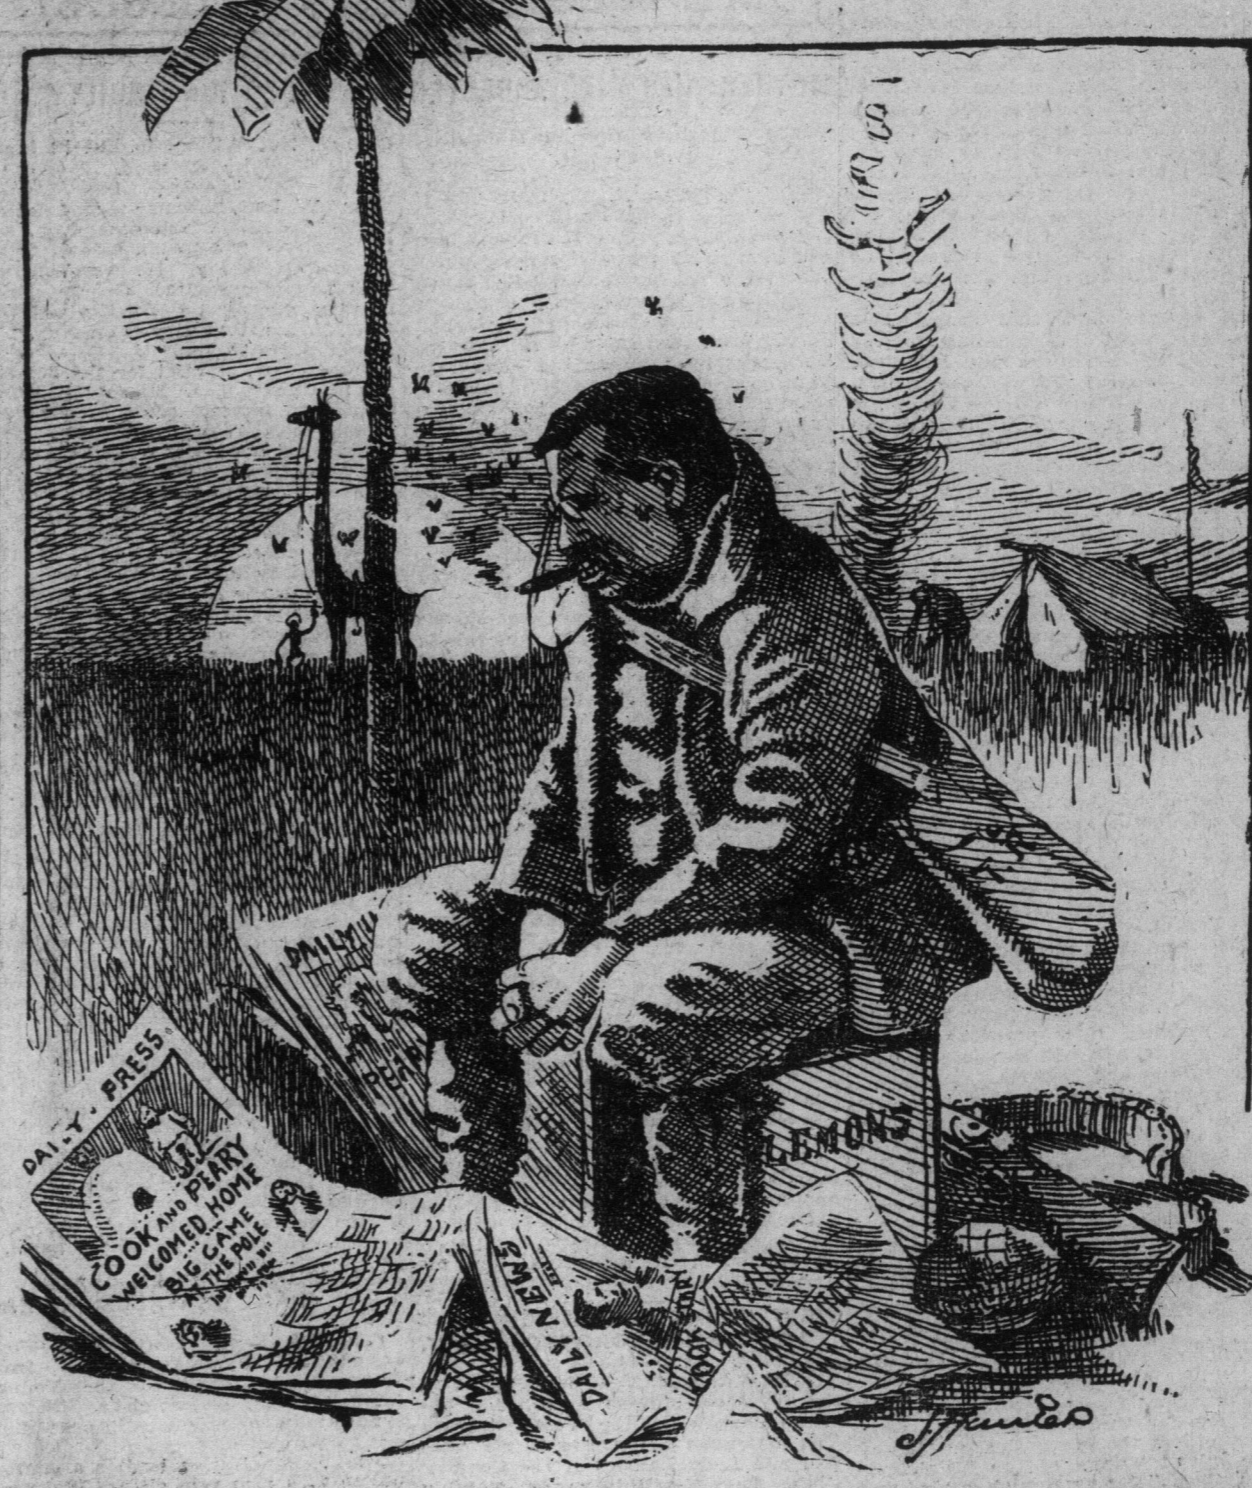

Contradictory. This story will meet with a deal of contradiction by that to be made out by the crown witnesses, even if no more is added to that already disclosed by the police.

The Goldies will swear to the episode of the subdued screams in the Turner room on Tuesday night. The police will show that the King child was not at the Wood-street house. They will show that it was taken to another place from the hospital, but that it was not seen there after Tuesday evening.

They say they will show that she did not check the parcel which she carried onto the Chippewa, but that she had it with her on the boat and was not reading, but was talking to persons who will be crown witnesses. Two of these will appear that she got

NEW LINE OF THE C.N.R. TORONTO TO OTTAWA Farms That Are Crossed in York and Scarborough Townships and Across Ontario County.

OTTAWA, Sept. 23.—(Special).—The plan of the Canadian Northern Railway, which crosses the Don-road to Ottawa, as filed with the department of railways, shows it as leaving the line now constructed up the Don Valley on the property of Mrs. Robert Davies, just west of the Don-road. It runs 1340 feet on Mrs. Davies' property, then crosses the Don-road (still in the valley) and runs thru the property of John H. Taylor for 4888 feet, then into H. Tabors' farm for 1385 feet, Wm. Henry's 4545 feet, then across the Deaves-road into Mrs. Walter Massey's property, partly in York, partly in Scarborough, for 3740 feet. All this distance from the present line is over two miles in all, and is in the valley of the Massey Creek, which runs from the Scarborough town line to the foot of the Don two miles west.

After leaving Mrs. Massey's farm in Scarborough, the registered plan shows the line to strike southeasterly toward the foot of the Grand Trunk, thru a number of small property owners and landing into the Thompson and Gooderham properties on the north side of the Kingston-road, taking up 665 feet of the Gooderham, and 963 feet of the Thompson. Keeping still north of the Kingston-road it takes 416 feet on W. M. Allan's, 563 feet on Jas. White, next into John Russell's, then across the Kingston-road into the west lot for 865 feet, and on east thru the Manning leaseholds for 3043 feet, Jonathan Ashbridge, 1422 feet, Callender 1290 feet, Bock 1030 feet, Pherrill's 885 feet, John Nelson, 745 feet, Alex. Muir 963 feet, Kingston property 1922 feet, Levi Allen 1370 feet, Cornell 1881 feet, A. Muir 1721 feet, George Annis 2093 feet, R. Humphrey 1551 feet, Jno. Lennox 542 feet, J. Richardson 1077 feet, Westlake's 806 feet, J. Miller 998 feet, Thos. Howarth 492 feet, J. Jessop 523 feet, W. Galloway, 1561 feet, crossing the Kingston-road to the north side thereof on the Galloway property, thru St. Margaret's Church property and into the Johnston farm for 320 feet, J. Lennox 1298 feet, Shearson 445 feet, Skilton 2111 feet, J. Stinson 1509 feet, next thru three small lots into the Spring farm for 1741 feet, L. Lewis 234 feet, A. Atkinson 752 feet, Drumwell 1334 feet, Robt. Dixon 1235 feet, across the Rouge into Henry Chapman 1406 feet.

PREPARING TO BUILD CANAL J. D. McArthur, G. T. P. Contractor, Allied With Sir Robert Perks.

MONTREAL, Sept. 23.—(Special).—It is stated here that J. D. McArthur, G. T. P. contractor, has about made an alliance with Sir Robert Perks, and when the government gets ready to go ahead with the Georgian Bay Canal, this combination will get a very large section of the canal to build.

Keen Interest in Dr. Cook's Story

"World" Readers Eagerly Await Each Installment—Climax in Narrative of Polar Dash Will Be Reached To-Morrow Morning.

The intense interest shown in Dr. Frederick Cook's story of his discovery of the north pole is being manifested in many ways in this vicinity. The World is the only newspaper in Toronto which gives its readers a graphic tale of the hazardous trip to the frozen north, one of the most important historical events of a century. The many readers of The World appreciate the service which it is doing them by furnishing the story of Dr. Cook's trip, the first information given out to a waiting, listening world, anxious to grasp every detail of the journey to the top of the earth. Hundreds of thousands of people are reading every word of the account as it appears in The World's columns. To-morrow's installment will bring the climax of the explorer's own story of his "conquest of the north pole." Extra copies should be ordered to-day.

PT. ARTHUR CONSIDERING GOVERNMENT BY EXPERTS

People Will Be Asked to Vote on Proposal to Have Paid Commission Instead of Council.

PORT ARTHUR, Sept. 23.—(Special).—Council will probably take definite action soon on a matter that has been under discussion among the people for a long time—that of a new system of municipal government. Talk is of a paid commission of experts to act instead of mayor and council. The members would be railway, light, power and telephone experts, and, with another as chairman, would act as board of directors, taking in charge all business created by the various franchises in which the city has practically half a million dollars invested. The committee will be appointed to prepare a report, so that a plebiscite may be submitted, and they will likely attend the convention of heads of civic governments to be held shortly at St. Louis for the purpose of getting information on the subject.

MODERN PROPHETS HAVE ADVANTAGES OVER OLD

Have Revelations of Science and Lessons of History to Assist Them

"If prophecy is the unfolding of the will of God, it can, never cease," declared Prof. A. H. Reynar, M.A., LL.D., at the Victoria theological conference last night. "Science cannot cease, art is not exhausted, still less have men learnt all about the will of God and human conduct. The revelation of an infinite God to a finite mind can never cease." "We are too prone to put God far away, while thinking He was near Ezekiel and Malachi. We can't advance beyond the apostles in the principle of prophecy; we can in its application." Men thought the poetical canon had closed and then came Tennyson and Browning. These two modern poets were prophets. They might not have told any great original truths, but they restored the emphasis where it belonged.

The professor considered that the modern prophet had many advantages over those of the old time. In knowledge of the Scriptures, in the revelations in science and in the lessons of history. Prophecy, he thought, could be cultivated. We could learn to distinguish between the word of the Lord and the wayward fancies of excited minds, whether in ourselves or in others. The Doukhobors were a good example of the latter, absolutely sincere, yet absolutely erratic.

Prof. C. E. Bland, B.A., B.D., of Western College, Montreal, continued his address on "The Prophet in the Early Church," treating of the decline of the prophet, St. Paul and Justin Martyr in later periods. The latter conceived Christianity as a way of life and system of truth. Christ, to Paul a Saviour by the indwelling Spirit, became to Justin Martyr the teacher of a new law and revealer of divine wisdom.

The prophetic mood gave the church a defence from the perilous days of Greek attempts to construe the Christian message. Some, even of the disciples, scorned philosophy, content to feed the power of the new life without trying to explain it. The pendulum swings alternately either way. We need both Catholic and Protestant in the social organism; the former for periods of disorder, the latter for periods of tyranny. We must recognize the place of both. They are equally indispensable to the security of progress of life.

At the morning session Rev. W. B. Creighton, B.A., D.D., editor of The Guardian, reviewed Dr. Denny's "Jesus and the Gospel," and Rev. Dr. Elliott spoke on "The Teaching of Jesus Concerning His Nature and Mission." The conference closes with this morning's session.

MODE OF LIVING KEY TO POLAR SUCCESS

Cook Tells Fellow Explorers That Strong Stomach and Brute Force Are Essential in Reaching Pole.

NEW YORK, Sept. 23.—Cheered by a thousand men and women as he entered the banquet hall on the arm of Rear Admiral Schley (retired), Dr. Frederick Cook told his story to-night before the most brilliant audience he has addressed since he left Denmark. The banquet was given by the Arctic Club of America, of which Dr. Cook is a member, in recognition of his last polar venture.

While there was no official representative from either state or nation, the assemblage was cosmopolitan and enthusiastic. "This is one of the highest honors I ever hope to receive," said Dr. Cook. "You represent most of the frigid explorers of Europe and nearly all of the Arctic explorers of America. Your welcome is the explorer's guarantee to the world, coming as it does from fellow-workers, from men who know and have gone thru the same experiences. It is an appreciation and a victory, the highest which could fall to the lot of any returning traveler."

The key to frigid endeavor is subsistence. There is nothing in the entire realm of the Arctic which is impossible to man. If the animal fires are supplied with adequate fuel, there is no cold too severe and no obstacle too great to surmount. In the ages of the polar quest much has been tried and much has been learned. The important lesson is that civilized man, if he will succeed, must bend to the savage simplicity necessary. Candor compels me to say that the effort of getting to the pole is not one of physical endurance, nor is it to call it bravery; but a proper understanding of the needs of the stomach and a knowledge of the limits of the brute force of the motive power, be that man or beast."

The real pathfinders of the pole were early Danish, the Dutch, the English and the Norse, Italians and American explorers, with whom must be shared the good fruits of success, tho' a similar obligation was due to the Eskimo and the Indian.

"To John H. Bradley—the man who paid the bills—belongs at least one-half of this fruit," added Dr. Cook. "No Licenses Required." "One of the most serious charges brought out is that I did not seek a geographical license to start for the pole. Now, gentlemen, to the large public that has a mystery, but you who know will appreciate that an explorer can start and say that he will reach the pole. All who understand the problem know that success is but the applied possibility of a certain circumstance is favorable. It is only necessary to make announcement that an expedition embarks for the pole to start an undesirable homing and flying of trumpets. This, those to escape.

"Now, gentlemen, I appeal to you as explorers and men. Am I bound to appeal to anybody, to any man, to any body of men—for a license to look for the pole?"

"Another criticism is the charge of our insufficient equipment. We have met this. You know that we have a possible aid to success in sledge traveling. A big ship is no advantage. An army of white men, who at best are novices, is a distinct hindrance, while a cumbersome luxury of equipment is fatal to progress. We chose to live a life as simple as that of Adam, and we forced the strands of human endurance to scientific limits. If you will reach the pole, there is no other way. The Demand for Proof.

"I have already given a tangible account of our journey. It is as complete as the preliminary reports of any previous explorer. Heretofore such evidence has been taken with faith and the complete record was not expected to appear for years, whereas we agree to deliver all within a few months.

"Now, gentlemen, about the pole. We arrived April 23, 1909. We discovered new land along the 102nd meridian, between the 84th and the 85th parallels. Beyond this there was absolutely no life and no land. The low was in large, heavy fields with few pressure lines. The drift was south of east. Clear water gave good regular observations nearly every day.

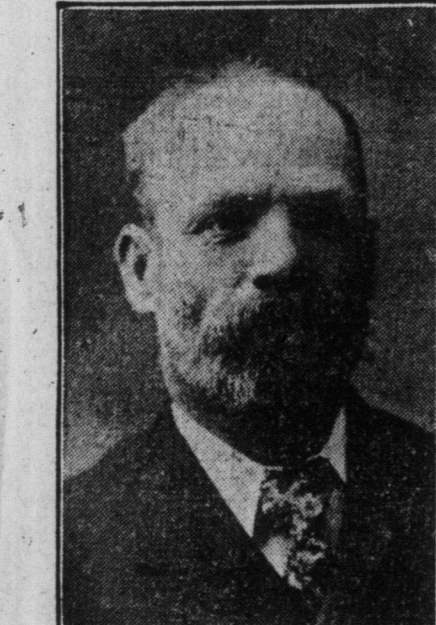

These observations combined with those at the pole on the 21st and 22nd of April, are sufficient to guarantee our claim. When taken in connection with the general record, you do not require this. I can see that, but this and all other records will come to you in due course of events."

THE GREAT DUNLAP HAT.

A Second Fall Shipment Has Arrived in Toronto.

We do not suppose there is any other make of hats in the world that has as large a vogue as Dunlaps of New York. Americans the world over wear it, and consequently Dunlap is represented by special agents everywhere. Here in Canada Dineen, at the corner of Yonge and Temperance-street, acts as sole agent for the Dominion. Yesterday Dineen received the second shipment of fall Dunlaps, both silk and stiff felt derbys. There is only one price the world over. Five dollars for the Derby and ten dollars for the Silk.

FOREIGNER IS STABBED BY JEALOUS WORKMEN

Got More Pay Than They Did—Hamilton District Methodists Pass a Strong Resolution.

HAMILTON, Sept. 23.—(Special.)—Another stabbing affray, long list that has disgraced the city. There have been weekly events recently. Most of them have been the result of the rivalry between the principals in to-night's slashing affair were all sober. Because Peter Budda, a Hungarian laborer, got \$2 more pay than his fellow countrymen at the International Harvester Works, they became jealous, and whisking out knives, they cut Budda over the heart and across the head.

It is thought that he will recover. That the wound in the region of his heart was not fatal was only a matter of luck. For his assailants evidently aimed for the vital point, the blade of the knife being stopped by one of his ribs. Budda was taken to the hospital and his assailants made their escape. The trouble occurred on Sherman-avenue. In a house opposite the company's office and only a few doors from where the Radzyck murder occurred. The authorities have their hands full in securing convictions even when they capture those implicated, owing to inability to unravel the story or secure evidence. The only punishment meted out to those arrested in the stabbing in the Harritte-street house last Saturday night was \$10 fine. At the hospital it was stated that Budda was under arrest.

Methodist Resolutions. This meeting of the Hamilton district of the Methodist Church, composed of ministers and laymen, representing 25,000 citizens within its bounds, takes this opportunity of strongly protesting against the granting of the charter by the city council, which is a violation of state to the Metropolitan Racing Association, believing that the betting and gambling generally connected with its influence is most demoralizing in its influence and injurious to the well-being of the state. This district meeting would also heartily commend to our people the action of the various churches in seeking to check this evil by petitioning the Dominion parliament at its next session to cancel the afore mentioned charter, and so amend the criminal code as to make illegal all betting and gambling in connection with the turf, and thus protect our people and especially our young men from the encroachment of the gambling vice.

Hurt in Railway Wreck. This morning Andrew Martin, 87 Smith-avenue, a real estate dealer, received a brief telegram from his wife stating that his daughter, Ethel, and Miss Emma Muddford, 36 Fullerton-avenue, nurses, were missing after a railway wreck in Ontario, in which they were traveling. It was feared that both had been killed, but a later message this afternoon said that they were both alive, tho' rather seriously injured. Both are in the hospital at Trenton.

The Hamilton Methodist Social Union held a meeting in the Central Presbyterian Church this evening to extend a welcome to the following ministers who are beginning pastorate here: Rev. Dr. Smith, Centenary; Rev. B. Lancelley, First Methodist Church; Rev. W. J. Smith, Charlton-avenue; Rev. A. H. Goings, Zion Methodist Church; Rev. J. Todd, Kensington-avenue and Rev. C. S. Applegate, Ryerson-avenue, J. J. Greene and Miss Scott, superintendent of the district, who gave addresses of welcome on behalf of the Methodists of the city.

The Lord's Day Alliance is after the city, charging that several men are worked at the sewage disposal work on Sunday unnecessarily, and it wants the council that they are liable to a heavy penalty. The alliance suggests that more men be employed, so that they will all be able to get 24 hours rest week. Chairman Jettie of the sewers committee has replied stating that he is just as anxious as the alliance to see that no unnecessary work is done on Sunday.

Physicians Who Know Recommend Algonquin Park. Many people have chosen resorts by the sea for their vacation this summer, others the mountains, and many the alpine waters of the Highlands of Ontario, for that much needed rest that one should take at least once in every ten months. In many cases the desired haven was found by others the more fashionable resorts did not give the restful quiet which in many cases is needed, and those seeking health and rest returned to the office with only half the good accomplished. There is one place, however, which offers unlimited opportunities to those whose health is run down, or those who are in need of relaxation from worry and work. This place is known as the Algonquin National Park of Ontario, situated 205 miles north of the City of Toronto, and 68 miles west of Ottawa. Here the conditions are ideal. The altitude at the park station, your objective point, is 1700 feet above the sea level, and the air is pure and invigorating. Accommodation for 100 people on a bluff overlooking Cache Lake, is a comfortable and healthful place for the recuperation of those who are in need of rest. Modern plumbing, with bathrooms with hot and cold water, large bright sleeping rooms, cosy lounging rooms with large bright open fireplaces, are a few of the special features. The "inn" is also heated by furnace. For further particulars, descriptive literature, maps, etc., apply to J. McDonald, Union Station, Toronto, Ont.

ROBINSON TRIAL POSTPONED. Special Sitting of the Assizes Arranged for October 28. SUDBURY, Ont., Sept. 23.—(Special.)—James Robinson, the Hugel Township farmer, will face the most serious of ten indictments on Oct. 28. The grand jury found sufficient evidence in the trial of Mrs. Robinson for the murder of the infant born to her daughter Ellen on March 28, 1908, to implicate James Robinson in the crime. Robinson was in court when the indictment was read, and his counsel, Mr. McKissock, stated that he was not ready to proceed with the defence. An adjourned sitting of the assizes was thereupon fixed.

Inquiry Against Police Chief. OTTAWA, Ont., Sept. 23.—(Special.)—An investigation into the competency of chief of police De La Ronde, instituted by the three city newspapers which has been in progress for a week or more, this morning adjourned indefinitely. Complaint was made that the chief was partially responsible for the lenient sentence given the McArthur jewelry store thieves, and that one of the conspirators was allowed to go free, tho' the chief was in possession of the information that would have led to his conviction. De La Ronde is also accused of using strong language towards reputable citizens and newspapermen.

Young Peterboro Girl in Difficulties at Rochester. ROCHESTER, N. Y., Sept. 23.—"I will never be home," I will commit suicide first," said pretty 17-year-old Mabel Jobe, with tears streaming down her cheeks last night, after being taken to police headquarters on a charge of vagrancy, the warrant for her arrest having been sworn out by her mother.

The girl resides with her mother in Peterboro, Ont., and came to this city some time ago to accept a position in a paper box factory. The girl's mother came to Rochester yesterday to get her daughter to return to her home in Canada, and again take up work as a domestic. This the girl refused to do, and as a result the warrant was sworn out for her arrest. The mother told the police her daughter had been frequenting places where liquor is sold, and is not keeping the best of company. The girl says this is not true, and when the North-street family, where she rooms, were interviewed, they stated that she never went out at night.

RUSSELL CASE IS ADJOURNED. Illness of Commissioner Delays Hearing Till October 5. CLEVELAND, Ohio, Sept. 23.—(Special.)—The hearing in the case of W. Lockhart Russell, the Lima man wanted by the Ontario authorities on charges of fraud in connection with the sale of Cobalt stocks, was postponed to-day until October 5, on account of the illness of United States Commissioner Fred Walthers, who is threatened with diphtheria.

CAUGHT IN ELEVATOR. Italian Dies From Injuries Received at Brick Works. Angelo Ottagalli, an Italian, was so badly injured at Port Credit late Wednesday night that he died in St. Michael's Hospital at 4.30 yesterday afternoon. He did not regain consciousness. He was caught in the elevator mechanism at the Port Credit brick works. His skull was fractured, both legs and right arm broken. The elevator is used to hoist clay. Ottagalli was employed as a screen-man and it is not known how he caught in the chains of the elevator, as he had nothing to do with it. Coroner George W. Graham will open an inquest in the morgue at 11.30 to-day.

WEST INDIAN COMMISSION WILL BE IN TORONTO TO-DAY. OTTAWA, Sept. 23.—The members of the royal commission upon trade between Canada and the West Indies are this afternoon the guests of Sir Wilfrid and Lady Laurier at the Country Club. They will leave for Toronto this evening and will spend to-morrow looking over Toronto and Saturday at the Falls. The Toronto sitting will be open on Monday at 10 a.m. in the council chamber of the board of trade. Hon. Messrs. Piddington and Patterson, along with the guests of Sir Wilfrid and Lady Laurier, will act as the Indian commissioners, and will act as their hosts.

Juryman With a Grievance. ST. JOHN, N.B., Sept. 23.—Juryman spoke out in the circuit court here this morning. J. Sydney Kaye, when called for duty, asked to be excused, declaring he had served the last ten days in different cases, and thought it time somebody else took a turn. Kendall, another merchant, declared merchants who were excused from jury duty in the recent trial of McDougall, editor Free Speech, on the ground of ill-health, sat day after day through the proceedings, listening to evidence and arguments, and thought it time somebody should enforce jury attendance by sending to jail those who failed to assume their burden.

Sheep Poisoners at Work. LONDON, Ont., Sept. 23.—(Special.)—Considerable excitement has been caused in London Township by the work of sheep poisoners. Cecil Langford, of con. 15, found five dead in his field on Saturday, five more have died since and four others are sick. Paris green had been mixed with salt and placed in the field. Quite recently he had a valuable colt docked, just as he was ready to take it to the fair for exhibition.

Costly to the Union. GLACE BAY, N.S., Sept. 23.—The U. M. W. has lost a quarter of a million dollars on the coal strike, and the funds are now here on deposit to build houses sufficient to accommodate all the miners who may be evicted from company houses.

GALT, Sept. 23.—(Special.)—The entire religious community, denominational distinctions for the time being laid to rest, is given over to the missionary propaganda, for Galt is the scene of the initial convention for Ontario in connection with the Canadian laymen's missionary movement. Proceedings opened in Knox Church this afternoon with a large attendance. W. Philip, manager of the Royal Bank, presided. Among the speakers from a distance were: Hon. A. B. Morine and W. Rowell, K.C.; H. K. Caskey, secretary of the laymen's movement for Canada; R. P. Mackay, D.D.; Rev. Canon Tucker, Rev. J. G. Brown, D.D., Rev. R. B. Shore, Rev. F. W. Anderson and M. Parkinson of Toronto, and local clergymen.

To-night a banquet was given in the skating rink and others to get Lafortune out of the field, and this evening J. A. Renaud writes that Lafortune was elected. It is stated that Sir Lomer has absolutely declined to exercise any influence whatever in order to get Lafortune out of the field, and the serious part of the story is that in future the Quebec ministry will adopt a policy of armed neutrality as far as future federal elections are concerned.

Grain Exchange at Calgary. CALGARY, Sept. 23.—(Special.)—The grain exchange will open an office and be in business next week. Officials are the figures of E. P. Vice-President Whyte, showing that grain rates per bushel to Liverpool via Vancouver are dearer than via Fort Willamette as a misleadin because based on the figures of the blue funnel only, and that quotations of from 25.85 to 26.25 cents are available.

Quebec's Premier Declines to Straighten Out Federal Mix-up. MONTREAL, Sept. 23.—(Special.)—There is a complicated situation in the County of Montreal, where the straight government candidate for the commons is being opposed by David Lafortune, crown prosecutor for the Montreal district, his immediate superior being Sir Lomer Gouin, leader of the local government.

Minister Opens New Home of Great Northern Exhibition. COLLINGWOOD, Sept. 23.—(Special.)—Hon. James Duff, minister of agriculture, was the principal guest of the Great Northern Exhibition Association to-day, when he was presented with an address by the mayor and council of the town on his opening the new building erected by the town for the purposes of the association. The address referred to the fact that this was the first visit of the minister of Collingwood since he became minister of agriculture, and congratulated Mr. Duff on being called to administer so important a department.

Baseball Rochester vs. Newark Draw For Turf Prince Ahmed Wins \$1,500 Plate

Note and Comment

Results of yesterday's baseball games in the Eastern League give the pennant to Rochester. The Hustlers won one, while Newark lost two to Montreal, thus giving the Games and there are only left four more to play, viz., today and to-morrow Rochester at Newark, Sunday and Monday Rochester at Providence and Buffalo at Newark. Hays left to the Hustlers, who stayed in front throughout the season, except a few hours one day, when Toronto broke a nose in front by virtue of winning a morning game. When the Leaves are ahead, the Hustlers look like a stump, but the leaders came again in their last trip and have since shown no signs of weakening.

The rain cannot stop the races, the it may interfere with the pleasure of the spectators. Notwithstanding the steady downpour yesterday the regulars were out in good numbers, and there were a total score of ladies in the members' enclosure.

Jim McGuire, the old Toronto backstopper, and now manager of the Cleveland Naps, is clearly the greatest pitcher that set a world's record by catching 217 consecutive games in the National League. "Far be it from a veteran like me to take any credit from my young fellows like Gibson, Kelly, etc., but reference to the National League records of 1885 will show the fact that in that year I caught 123 games for the Washington Club, which was all there were on the schedule. The games were necessarily consecutive, Gibson deserves plenty of credit for his performance, but not even disposed to try to belittle the great performance of "Chief" Zimmerman, who once caught 111 games in a row. But I must feel that so long as I am connected with the game in some way or other they ought not to try to make any new records just to obscure one that cost me considerable effort and of which I have always been pardonably proud."

Bob Higgins, the Cleveland Naps' catcher, is not in the line of play, but it is bent so that the first job profits in toward the palm of his hand to keep it from being hit. Most of the time because it is impossible for him to keep it from being hit, he is not so much that he is in constant pain when catching. "You will never be any more comfortable until you get that right joint," Manager McGuire told him Monday. "All right," he'll let Castle go, and Higgins will be in the line of play again."

Rochester Win and Newark Lose Two Deciding Eastern League Pennant

NEWARK, Sept. 23.—Montreal won two games from Newark today, whitewashing them in both games by the same score. These games practically give Rochester the pennant.

Prospects Brighten for a Successful Terpin Season—Officers Elected.

The annual meeting of the Toronto City Bowling Association, which was held last night at the Aberdeen Hotel, was attended by a large representation of bowlers, including half a dozen alley owners and enthusiasts as well as several well-known bowlers have acted in the city, the Class A series is bound to be a corker. Two new trophies were presented to the league last night, one being from Mr. A. Dickie of the Dolly Varden Club, and the other from the Markham Fair Association, this is to be known as the Markham Old Boys trophy. The different alley owners are also arranging for a big trophy for the Class A series and already \$40 has been subscribed.

Amateur Baseball.

Diamond Park will be the scene of two lively battles on Saturday when Ralph Clark & Co., winners of section A of the Ontario League, will meet the Toronto team. The Toronto team is coached by Buschell A.C., winners of section B, the doubleheader at 2 and 4 p.m. for the cup. Buschell A.C. have won 15 out of the games played this season, and Ralph Clark & Co. have a record of 10 out of 12 games. Both teams are playing a really hot game and the fans will undoubtedly be treated to two whirlwind games on Saturday. The winners will challenge the Toronto team for the Toronto Senior League trophy.

Rugby Gossip.

After practice last night the Capitals held a meeting when the Rugby situation was gone into for the third time this season. It seems that the O.R.F.U. teams consider the Caps too fast to play against so to get over the difficulty they just closed the doors of the O.R.F.U. on them without giving any other reason. It was decided to play junior inter-provincial and if there is a district in Toronto, and if not to apply for the dates that are now open to the Intermediate Provincial League.

ANNUAL BOWLING MATCH EAST PLAYS THE WEST

Draw for Saturday's Big Game on the City Lawns, With 110 Rinks i

The annual match, East v. West, will take place on Saturday next, and as expected by the committee, a strong entry will compete, there being 110 rinks playing part. The games will be played on the lawns of the Canadas, Granites, Victoria, Thistles, St. Matthews and Alexandra Clubs.

This match was inaugurated in 1885, and the games are played every year. The West has taken the odd win, the record standing East 6, West 7; therefore, it is up to the easters to show their strength this year.

The secretaries of the clubs on whose lawns the games are played, are requested to collect score cards and \$1 per rink and forward same to W. E. Orr, secretary, D.S.T. at Victoria Club, last evening after the game. Play will commence from 2:30 to 5:30 p.m. The committee met at the Victoria Club last evening and made the draw as follows:

On Queen City lawn—F. H. Pole (Can.) v. J. P. Russell (W.); G. Smith (Can.) v. Dr. Staley (B.B.); J. F. Mowat (Can.) v. G. P. Payne (S.); Thos. Reid (Can.) v. H. J. Gray (S.); B. Armstrong (Can.) v. M. Rawlinson (St. S.); A. S. Wiggins (Can.) v. R. Argles (B.B.); T. A. Hastings (Can.) v. C. E. Brown (River); J. S. Wilson (Can.) v. P. Brown (St. S.); B. L. Lake (Vic.) v. W. D. E. LABOR CONGRESS DEBATE STRIKE AND IMMIGRATION

Ask Government to Have Commission Investigate Conduct of the Military at Glace Bay

QUEBEC, Sept. 23.—(Special).—At the afternoon session of the Dominion Trades Congress, a lengthy discussion ensued upon a resolution, asking the government of the Province of Quebec to adopt the system of free school books, which recently passed unamously.

Keen interest is being manifested in the election for president of the congress, and a greater immigration of tomorrow at 2:30. It is thought that the chances are good for the election of W. Glocking, vice-president of the Toronto District Labor Council.

Congress held a session this evening, and there was a warm debate on the sending of a representative to the all-British conference to be held in Fortmouth in 1910.

It is rumored that the office of fraternal delegate is to be dispensed with this year and a greater immigration of tomorrow in 1910.

The congress adopted several resolutions, the most important of which are: That the government be requested to investigate the conduct of the military at Glace Bay, the calling out of the militia and the conduct of the same.

The resolution calling upon the government for further restriction of oriental immigration called out considerable discussion. Several of the British Columbia delegates contended that this year only a greater immigration of Japanese than has been. Others took a contrary stand. A British Columbia speaker declared that there were only two immigration stations on the Pacific coast line of 800 miles, and that considerable immigration occurred in consequence of which there was no record. Other delegates asked for figures and said it would be useless to approach government without them.

When the convention was assured that there were no delegates asked for figures and said it would be useless to approach government without them.

When the convention was assured that there were no delegates asked for figures and said it would be useless to approach government without them.

GOLF GOSSIP.

The Canadian team of golfers to meet the United States in the international match at Garden Island next month will likely consist of the following:

Lambton Golf Club—George S. Lyon and A. E. Austin.
 Toronto Golf Club—E. Legge and W. G. J. J. J.
 Hamilton Golf Club—F. R. Martin.
 St. Catharines Golf Club—J. B. Reith and Mr. Hutton.
 Montreal Golf Club—Alexander Wilson.

Ontario Golf Club—E. Legge or Gow.

The touring British lady golfers arrive in the city yesterday for a few days' rest on Saturday morning at 10:30 o'clock. They met four of Lambton's lady golfers and in the afternoon at 3:15 they played mixed foursomes with four of Lambton's gentlemen players.

British Ladies Golfers Arrive.

The visiting ladies are: Miss Dorothy Campbell (champion of Scotland), Miss Gair (ex-champion of Scotland, 1907), Miss Temple of Westward Ho, and Miss Spence of Royal Blackheath. They will play a short stay here they go to Philadelphia, where they take part in the Ladies' amateur championship of America. Mr. and Mrs. Gray of England accompany them on their tourney.

Invitations sent out to all local clubs inviting their players to witness the matches at Lambton. Members from all clubs will be made welcome.

Soccer Notes.

The British United play North Toronto a league game at Stanley Barracks on Saturday, kick off at 3 o'clock. The following players are requested to turn out: Jackson, Barratt, Attwood, Walters, Sullivan, Patterson, Flit, Ortry, McKay, Ritchie, Connors, Williams, Reeves and Gruckshank.

Racing at White River.

WHITE RIVER JUNCTION, Vt., Sept. 22.—To-day's race met at the Vermont State fair was attended by over 8,000 persons. All three races were won in straight heats. The feature event, the 2 1/4 mile race, was captured by Lady Jane, in 2:35, 2:35 1/2 and 2:44. All Bilzars took the 2:30 pace, and Roxie Ann a special race.

Final Inter-Association Game.

At Hamilton's Park Saturday afternoon at 2 o'clock Woodmen and Norway inter-association teams flit out for the championship. Both teams are out to win, and a fast exhibition of the national game is looked forward to.

RAPID LOADING
 ONE OF THE NOTABLE FEATURES OF THE
ROSS
 Sporting Rifle

One of the great features of the Ross Sporting or Military Arm is the magazine. A handful of cartridges is thrown into the magazine. By moving the platform of the magazine up and down with the left hand, these are arranged to feed easily.

You can load five into the Ross as fast as you can two into any other rifle.

If your dealer is without a supply of the Ross Rifle, write us direct. PRICE \$25.00 AND UP. Write for Catalogue.

FOUR FAVORITES IN WOODBINE SLUSH

Nasturtia and Canvas Break Their Legs and Are Destroyed—Make Books Under Umbrellas.

The rain came down with a vengeance on the fifth day of the fall races at the Woodbine Park and still four favorites finished in front in the slushy going. Joe Rose, Semele, Lucetta and Theo Cook, second choice, beat Pretty Michael the plate feature went to third choice, Eifal and Prince Ahmed. Owing to the condition of the track scratches were numerous, only five facing the starter in the Epsom Handicap out of a field of sixteen.

The minor mile, \$1500 added, that closed with 23 nominations, had nine on the card, but only five faced the barrier, Bob Co being an added starter. Handicaps was installed a hot favorite at even money and shorter, Gray Heavens, second choice, Prince Ahmed at 3 to 1 and the other two around 5's. Great Heavens driving the way to the stretch, Hanbridge and the Prince racing together second and third, Old Honey and the 3-year-old under the open umbrella and there in front rounding the turn, ran wide and stayed on the outer rail, winning at 1 to 1 and drive by 1/2 length, from the favorite, Great Heavens third alone.

Theo Cook, Davenport up, set his own pace in the 2000 Handicap, went around the field and won by a length and a half. Booger Red, three or four ahead of the field, shot, Casper and gaunt Smiley Corbett outside the money.

With Canvas down at the second jump, only two raced for the steeplechase money, Pretty Michael led to the last jump and then Booger won on the flat, going as he pleased.

Joe Rose trailed the leaders in the first and then won by an open length, Semele at odds on, annexed the second race for the president, the four strung out at the finish.

Eifal won from a big field in the third by a stretch run. General Marchmont, the favorite, did not like the going. Lucetta, at short odds, galloped in the fourth, Belle Kingston and Eulalia May driving for the place.

In order to live up to the letter of the law the books were forced to do business under the open umbrella and there in front only about a dozen all told, some cutting in after the first race.

The day was marked by two serious accidents to horses, making it necessary to despatch both. In the third race J. H. Sturkiss's 3-year-old b. Nasturtia, by Nasturtia-Lagason, fell soon after start, broke his foreleg and was shot, front end in the paddock. In the steeplechase G. P. Sherman's 3-year-old b. by Computa and a hit on the head, broke his foreleg and a friendly bullet also put the lepper out of misery.

The card today consists of two steeplechases and five flat races. On Saturday the meeting will be an open feature, the closing day being the O.J.C. Cup Handicap, 2 1/2 miles, and the three mile steeplechase.

No Disorders at Kiev. KIEV, Russia, Sept. 22.—(A.C.P.)—There has been no massacre of Jews in Kiev, tho there have been some slight disorders which apparently were the result of a sensational report sent abroad. But these encounters were so unimportant, that they were not even mentioned in the local newspapers. Induction at St. James'. Bishop Sweeney will be the preacher at the induction of Rev. H. P. BALFOUR HOISTS THE STANDARD

After his speech at Birmingham on Wednesday, there can no longer be any doubt that Mr. A. J. Balfour's education has been completed touching the merits of tariff reform as, to quote the terms of the resolution adopted by the meeting, "a necessary means of increasing employment at home and strengthening the empire at large."

Mr. Chamberlain made his famous speech initiating the campaign, to which the British opposition is now definitely committed, also at Birmingham on May 15, 1903, and the Tariff Reform League was formed in July following. This organization has maintained a persistent agitation and to its efforts are undoubtedly due the popularity of the movement and the final alignment of the Unionist party in its support under Mr. Balfour's leadership.

Mr. Balfour has accepted the challenge and his Birmingham address makes tariff reform the Unionist alternative to the taxation of urban land at its true value. Probably this momentous decision was unavoidable at this stage of the controversy, but it is probable that political considerations were the preponderant factor in reaching it.

THEY WORK WHILE YOU SLEEP

GUELPH AND PUBLIC OWNERSHIP

Guelph prides itself with reason on the progressive policy that has placed it in the van of Canadian cities. Yesterday the municipality was busily employed in celebrating the opening of the new water system, the latest of the public enterprises that have engaged the attention of the citizens and one which will no doubt be as beneficial and profitable as are the other civic undertakings.

With its public utilities freed from the conflicting influence of private profit, Guelph is not troubled by unending quarrels with franchise holding corporations. It has no agreements believed to secure its rights but liable to contrary construction by courts of law.

ONLY ONE POLICY.

On mature reflection and a perusal of The Globe and The World articles of yesterday morning, the Star has abandoned the idea of changing the agreement with the Street Railway Co. The Star is well advised. The people would not stand for it. Neither would the street railway except on terms which are quite inadmissible by the city.

ASKS MUNICIPALITIES TO JOIN WITH COMMISSION

Hon. Adam Beck Suggests a Standardization of Specifications for Power Plants.

Hon. Adam Beck, chairman of the Ontario Hydro-Electric Commission, has addressed the following letter to the mayors of the thirteen cities and towns which have signed contracts with the commission.

"Ontario's power minister evidently intends to take no chances on the failure of his pet project through local misunderstanding of the needs of the situation, or lack of effective co-operation of the communities interested."

"As the schemes of distribution of light and power in the various municipalities are now being completed, it appears to me that in the interest of the undertaking as a whole, co-operation would be very advisable, and I suggest that a meeting should take place between those engineers on Wednesday next, the 29th inst., at which a discussion might be had relating to the scheme as a whole and the needs of each municipality in particular, the whole with a view:

- 1. To promote proper co-operation and understanding between the municipal engineers and those of the commission.
2. To ensure a standardization, as far as possible, of the specifications to be used.
3. To arrive at conclusions as to the best methods of distribution for each municipality and the standardization of same, as far as possible.
4. To give to each municipality the benefit of consideration of each case by practically a board of engineers.
5. To sum up, practically to ensure standardization as far as possible and the elimination of the personal equation of individual engineers.

REAL ESTATE ADVERTISING ANALYZED.

(Reprinted from New York Commercial) This column has a distinct educational value to businessmen, because it gives them ideas on advertising that they can utilize.

By Miss M. L. Schabehorn—Miss M. L. Schabehorn, Treasurer and Advertising Manager, N. C. Reeves and Company, successful New York real estate brokers, says: "The first thing of man or woman has one object in view—to increase business. The way to do this quickest is to advertise."

"High class real estate advertisements persist in stating that the broker has to sell; where it is not always true, but the main theory among real estate operators of the world is to produce results. Another rule to follow is: Say as much in a large advertisement as you can in a small one. Small advertisements sometimes produce greater results proportionately than large ones."

EATON'S DAILY STORE NEWS New Fall Hats That Every Man in Toronto Would See

Among which are—the new fawn soft shape, the cadet blue "Trooper," the new black "derby," the very latest style with narrow roll brim and round crown.

First with the new things—the new things always first in our thoughts; that's this hat store for men. And to-day the Fall stocks contain more real interest and usefulness than any previous showing we ever knew.

In our \$2 Derby alone the new season's full range of approved styles is displayed. The hat is of genuine fur felt; in black and the new shade arctic blue, a "color" the young man will select to set off his blue serge suit. This 2.00 hat is a value that will appeal to men everywhere.

THE LATEST NOVELTY in a Soft Felt Hat for young men has a close-rolling brim, with raw edge, worn with dip in front, and medium-height flat crown. Fawn shade, with brown silk band. It's a splendid style, a decided change, a hat young men should take to with a vim. The price 2.00

Men's Turn Saturday to Buy Boots for \$2.00

Two dollars is a very low price for a fine pair of boots, especially such smart, snappy styles as this lot contains, but ready cash achieves wonders in buying, and this is an instance of what may be accomplished. They're all splendid styles. Some almost verge on the extreme—the style the dressey young man prefers. All Goodyear-welted, and it's rarely you can buy Goodyear-welted boots, made of very fine velour calfskin, on smooth, bright finish, that takes a beautiful polish. Sizes 6 to 11. While the lot lasts, Saturday, per pair 2.00

Women's Kid Boots, Per Pair, \$1.65

And it's genuine Dongola Kid—the most comfortable, durable leather for an everyday boot. Most kid in a boot at this price is merely glazed sheepskin—a spongy, peeling perishable leather. The difference in cost is considerable, but we're willing to take a very small profit owing to the greater quantity sold by giving such good value. Dull kid Blucher top, patent toe-cap, extension soles, 1.65 medium and high Cuban heels. Sizes 2 1/2 to 7. Price, pair 1.65

A Good Boot for Boys.

After perfect, the principal requirement in Boys' Boots is durability—material and workmanship to withstand the hard wear Boys' Boots receive. These are made of box kip—the most suitable leather, in Blucher style, heavy soles; sizes 1 to 12. Price \$1.50. Sizes 1 to 5, price \$1.75.

BALFOUR CAN TAKE UP CHAMBERLAIN'S WORK

Made it Plain That Unionists Would Supplant Budget by Higher Revenue Tariff.

NEW YORK, Sept. 23.—I. N. Ford's London cable to The Tribune re Balfour's speech at Birmingham says: A. J. Balfour's speech at Birmingham contained nothing so aggressive and defiant as Joseph Chamberlain's message. Approval was roared from eight thousand throats when it was known that the veteran statesman, in enforced retirement at Highbury, was eager to have the lords throw out the budget and force a general election. The enthusiasm of the vast assemblage was restrained when Mr. Chamberlain's name was mentioned, and the message was read that he hoped the lords would see their way to obtain a referendum from the people on the rival financial policies.

Mr. Balfour's own success in commanding the warmest welcome which he has ever received at Birmingham was due to his unequivocal acceptance of Mr. Chamberlain's cause. He advocated it as progressive, hopeful and consistent with the kingdom's interests and the empire, which would produce an adequate revenue for the navy and for social reforms, and contrasted it with the socialistic legislation which was creating widespread depression and bottomless confusion. While he did not undertake to work out in detail a tariff reform budget, he made it plain that the Unionist party, if returned to power, would broaden the basis of indirect taxation and would raise the requisite millions by a higher revenue tariff.

COAL BUNKERS A-FIRE DIDN'T STOP GRENFELL

For Ten Days He Continued on Regular Trip, Before He Extinguished Flames.

NEW YORK, Sept. 23.—Francis B. Sayre, of South Bethlehem, Pa., who is returning from work with Dr. Wilfred T. Grenfell's mission at Battle Harbor, brings back a story of the romance of Dr. Grenfell and Miss Anna McClanahan, of Chicago, the wreck of the memorial vessel Andrew T. McCosh, which left New York about three months ago, and a tale of a remarkable rescue.

Dr. Grenfell went to England early last spring to bring his aged mother here for a visit. On the steamship being for a visit, Dr. Grenfell, instead of going to his home, came to New York and visited her at her home. Then he went to Battle Harbor. He will return to Chicago and wed Miss McClanahan there on Nov. 17.

Dr. Grenfell's ship, the Strathcona, put out in August for a run along the coast. She was pulling out of Indian Harbor when it was discovered that her coal bunkers were afire. Dr. Grenfell, instead of putting back, crowded on more steam and pounded along on his mission as if nothing were the matter. The evidence showed that the fire burst forth; water would be thrown on them and the vessel urged ahead to the next station. Dr. Grenfell does all his work in the summer as the harbors are ice locked at other times. He thought it more important that he get to his patients than to put into harbor and make sure the fires were out. He ran for ten days with the flames burning intermittently, and covered more than 500 miles. Then he put the fire out. He had thirty tons of coal aboard.

COMPANY NEGLIGENT

Verdict of Jury on Death of William Horsnell.

"That the Connell Coal Company showed gross negligence in not having a more effective method of transporting coal to the island." This was the rider attached to the verdict of the coroner's jury which, sitting at the morgue last night, decided that William Horsnell was drowned in the bay, Sept. 21, when the snow loaded with coal upon which he was swamped and sank. The evidence showed that the snow was unevenly loaded.

Miners Find Petrified Human Head.

MAHONEY CITY, Pa., Sept. 23.—Miners excavating a tunnel in the Maple Hill Mine, near here, to-day discovered the petrified head of a human being. It lay under a rock over which water runs, and is supposed to have been the head of a miner who lost his life in the mine many years ago. The head is in excellent condition and will be sent to a Philadelphia museum.

MONTREAL WITNESS SCORCHED \$10,000 Damage Done—Fire Started in Upper Floor.

MONTREAL, Sept. 23.—(Special).—The Daily Witness office, at Craig and St. Francois-streets, was badly damaged by fire which broke out in the upper flat after the paper had been issued at four o'clock. The fire in the upper flat is about ruined, although the composing room escaped damage except by the heat. The fire, however, got down into the press room in the basement. Thirty thousand dollars will likely cover the loss. There is insurance of \$150,000. The paper had almost completed arrangements for increasing the size of the Gazette office during the next two weeks.

FARMERS APPRECIATE WORLD'S TIMELY HELP

Simpson Rennie Outlines Chief Danger—Suburban and County Happenings.

The campaign inaugurated by The World against the sow thistle, and the recent articles pointing out the rapid spread and enormous damage of this most pernicious of Canadian weeds, have aroused great interest among the farming community.

The World is in receipt of numerous communications expressing appreciation of the good services already wrought, and suggesting ways and means for coping with the evil.

Frank Webster, Elmton Dairy Farm, Cambridge, Ont., says "It is refreshing to find a big daily like The World dealing not with imaginary evils necessitating the building of Dreadnoughts, but with a real live issue, which is of infinitely more importance. The stamping out of the sow thistle is imperative."

Simpson Rennie, whose service to Canadian agriculture is well recognized, said to The World last night: "While the spread of the perennial sow thistle is alarming, I do not look upon its eradication as beyond ordinary care and perseverance. Keep the sow thistle thoroughly under cultivation for one season and you master it. That is, do not allow it to receive air, and prevent the leaves from forming. The great difficulty," continued Mr. Rennie, "is in the spread of the seed when ripe, by high winds carrying the light, downy seeds from the careless farmer to the careful. Herein lies the great difficulty."

Mr. Rennie was not prepared to say as to what steps, if any, the government would be justified in taking, dealing with the matter.

Local municipalities already have all the power required, the duty being vested in the pathmasters, but the law is practically a dead letter. In the meantime the pest is being spread far and near.

WEST TORONTO. Sept. 23.—St. Anne's Church on Gladstone-avenue was the scene of a quiet wedding on Wednesday evening when Miss Alice Whiteley, eldest daughter of W. H. Whiteley, Orinda, Alta., was united in marriage to Frank A. Noden of the firm of Noden and Health, West Toronto. The ceremony was performed by the Rev. Lawrence Skye, rector of St. Anne's. The bride, who was given away by her uncle Dr. Back, was attired in a becoming suit of tulle with hat to match, and carried a shower bouquet of white roses. Miss Elizabeth Melville, acted as bridesmaid, being prettily gowned in silk crepe-de-chene with black picture hat, and carrying a bouquet of pink roses. Austin saw acted as best man. Edwin J. Johnston, George Trimble and Frank Nichols were the ushers. The groom's gift to the bride was a ring set with whole pearls, to the bridesmaid a pearl ring, and to the groomsmen a gold fountain pen. Mr. and Mrs. Noden left for their honeymoon trip to the Georgian Bay and Sault Ste. Marie.

EAST TORONTO.

EAST TORONTO, Sept. 23.—Mr. and Mrs. Hughes of Newmarket are the guests of Mr. and Mrs. Lloyd, Danforth-avenue.

Mr. and Mrs. C. A. Calvert are spending a few days with friends in East Toronto.

While going along Main-street last night, a man by the name of Hunt, was seized with an epileptic fit, and was conveyed in an unconscious condition to his home. To-day he was greatly improved.

J. H. Wilson and son left yesterday to remove to their new home at Aurora, where Mr. Wilson has accepted a position.

NORTH TORONTO

NORTH TORONTO, Sept. 23.—A great deal of inconvenience and unnecessary delay was this morning occasioned to the business men's car through preventable delays. The car scheduled to leave Bedford Park at 8.10 was delayed in the first place by slow-down of truck of earth from the famous Newmarket canal for filling in purposes, which was accorded right of way, and later by switching at North Toronto, altogether entailing a delay of thirty-five minutes. The slow progress made was especially annoying to the business men and high school pupils, many of whom were on board.

Nobody expects perfection in a railway company, but this morning's interruption to passenger traffic could easily have been avoided.

To-day's heavy rain was doubly welcome, alkalying the dust on the side streets and reviving the lawns and flower gardens.

The Metropolitan Railway Company will on October 1 inaugurate a new timetable, in which it is said the 10.30 car for York Mills will be replaced by a thru car for Newmarket, leaving at 10 p.m. Residents living in the neighborhood of Bedford Park and York Mills would greatly appreciate the retention of the 10.30 car or even an hour later. It is probable that a strong petition will be presented asking for some concessions in the matter.

UNIONVILLE. Sept. 23.—(Special).—The rumor is again revived that the provincial government is considering the purchase of "Burnside" the property of A. G. Gormley with a strong probability of its final acquisition for Central Prison purposes. It is said that few, if any, of the other properties in question combine in a more marked degree all the attributes which are said to be essential for the purpose indicated. Easy access to the city with the Midland Railway passing thru the centre, and the survey of the contemplated extension of the Metropolitan Railway already running thru the property, the location is said to be ideal. Running water, a variety of soils, with all the land requisites available, the idea that Mr. Gormley's farm will eventually be chosen appears to be well-founded.

Gormley with a strong probability of its final acquisition for Central Prison purposes. It is said that few, if any, of the other properties in question combine in a more marked degree all the attributes which are said to be essential for the purpose indicated. Easy access to the city with the Midland Railway passing thru the centre, and the survey of the contemplated extension of the Metropolitan Railway already running thru the property, the location is said to be ideal. Running water, a variety of soils, with all the land requisites available, the idea that Mr. Gormley's farm will eventually be chosen appears to be well-founded.

UNIONVILLE. Sept. 23.—(Special).—The rumor is again revived that the provincial government is considering the purchase of "Burnside" the property of A. G. Gormley with a strong probability of its final acquisition for Central Prison purposes. OSGOODE HALL

Continued From Page 9

son, for the applicant, says the parties have agreed to an enlargement subject to approval of court. Enlarged until 27th inst.

Allan v. Hammer Mill—J. E. Jones, for plaintiff, moved to continue injunction to trial. T. D. Delamater, K.C., for defendant. Patterson, H. G. Gamble, K.C., for the company. F. E. Brown for defendants, Palmer and Place. Motion enlarged to the sittings at North Bay, and if case not then tried the motion may be renewed. Injunction continued meanwhile. Costs in the cause, unless trial judge otherwise orders.

Harris v. Saunby—W. E. Middleton, K.C., for plaintiff, on motion to continue injunction. E. C. Cattachan for defendant. Enlarged for one week. Injunction continued meanwhile.

Cameron v. Tremblay—J. M. Ferguson, for parties added in master's office, on motion for very judgment, said parties wish enlargement. Enlarged until 27th inst.

Port William v. Ross—E. C. Sprenger, for plaintiff, on motion for judgment. W. A. Dowler, K.C., for defendant, asked enlargement. Enlarged for one week. Injunction continued meanwhile.

Williams v. Moesop—W. Proudfoot, K.C., for plaintiff, moved for judgment on default. No one contra. Judgment for plaintiff for damages of \$280.00, and in default of payment the lands are to be sold to secure payment.

McLeod v. Town of Aurora—J. M. Laughlin, K.C., for McLeod, appealed from the award of the senior judge of the County of York, refusing to award damages to applicant for damage to his property by reason of deepening the ditch on the street in front of his place. J. H. Lennox, K.C., for the town. Judgment for plaintiff on the evidence and all papers connected with this appeal I do not think that the award should be disturbed, and the appeal is dismissed with costs.

In dismissing with costs I assume that the town authorities will not interfere with any reasonable steps taken by the applicant to protect his property by filling in earth and the like, involving the outlay mentioned, but the work should be done on the side of the road adjacent and not the sidewalk. Counsel should undertake on this head before costs are levied.

Saskatchewan v. Leadley—J. J. MacLennan, for plaintiff, moved to penalize Moore for non-production pursuant to order of master-in-ordinary. J. J. Smith, K.C., for the defendant, Moore, C. Kappel for defendants, the Leadsleys. Reserved. Certificate of master to be put in.

Ross v. Jones—J. E. Jones, for plaintiff, moved for an increase of payments directed to be made to him. W. M. Douglas, K.C., for tenant, contra. Enlarged die to procure further information.

The solicitors' roll having been brought into court and application being made for a writ of habeas corpus, the writ, the name of Alfred Hall was struck from the roll pursuant to order of Sept. 23, 1909.

Hilson v. H. Hilson, for plaintiff. R. S. Robertson (Stratford) for defendant. Judgment on motion argued yesterday. The action seems to be rightly in the court of the plaintiff, and the questions involved upon the land and its ownership and distribution. The fair thing to do is to regard the matter as a whole, to allow the plaintiff two-thirds of the taxed costs of the action and the defendant one-third, and declare the defendant's costs to be in full, and on making duty all future payments till the whole is paid. If default is made, leave to apply in the action may be reserved to be set aside for taxation and balance paid to the party entitled.

Warren v. Bank of Montreal—F. Arnold, K.C., and D. D. Gieseron, for plaintiff. G. F. Shepley, K.C., and R. F. Regor, for defendant. Judgment for Eric Armour for the Ottawa Mining Co. Judgment: All the questions raised at the trial are hereby disposed of. The remaining question as to the shares in the Ottawa Mining Co. which under the terms of the agreement set out in Woodcock to take account of to the defendant Currie for the payment of the unpaid purchase money of the company's mine, which was sold by him to the plaintiff, Currie. The effect of the agreement is to constitute plaintiff, pledger, and the defendant Currie, pledgee of the shares, and to entitle the latter to have them stand in his name on the books of the company and to have the certificate issued in his name, but he is not entitled to have the shares stand in his name as if the absolute owner of them.

This mode of dealing with the shares was proposed by the plaintiff, Currie, at the event of default happening in payment of the purchase money, to exercise fully every right to which he is entitled as pledgee of the shares, and will at the same time protect the plaintiffs against any improper use of or dealing with the shares by him. Judgment accordingly in costs of action or counterclaim to any of the parties.

Divisional Court. Before Meredith, C.J., MacMahon, J., Clute, J.

Stewart v. Halcroft—J. F. Boland, for plaintiff, asked that appeal stand over. G. H. Watson, K.C., for defendant, consented. Enlarged until next sitting.

Ferguson v. Hayward—G. H. Watson, K.C., for defendants, appealed from the judgment of Riddell, J., dated 11th May, 1909. W. M. Douglas, K.C., and G. F. Mahon (Woodcock), for plaintiff, contra. The action was by the executors of the will of Alfred Hayward, to recover from defendants executors of the will of William Hayward, the sum of \$3800, and interest, under a covenant to pay \$225 a year to Alfred Hayward, during the life of the settl plaintiff, declaring them entitled to a lien on the lands conveyed for the amount due, and referring to master at Woodcock to take accounts, etc. Appeal therefore dismissed with costs.

Auctioneers v. Harris—H. H. Dewar, K.C., for defendant, appealed from the judgment of Riddell, J., dated 15 April, 1909. E. V. O'Sullivan, for plaintiff, contra. The action was for damages for alleged false representations on the sale of a house, in selling it as a solid brick, instead of a veneered brick. At the trial the plaintiff was awarded a sum of \$75, and costs. Defendant's appeal therefrom to this court dismissed with costs.

Sasso v. Cleland—L. F. Heyd, K.C., for the defendant, appealed from the judgment of the county court of York dated 10th May, 1909. G. Grant for plaintiff, contra. Appeal dismissed with costs.

Drummond v. Wilson—W. Proudfoot, K.C., for plaintiff, stated that counsel

for appellant is not appearing to prosecute his appeal, and asked that appeal be dismissed with costs. Appeal dismissed with costs. Order not to issue before 27th inst.

Before Meredith, C.J., Teetzel, J., Macgill, J., Marsh v. Lloyd—T. H. Lennox, K.C
