## HAMILTON HAPPENINGS

### ONE FATAL ACCIDENT TWO THAT ARE SERIOUS

Italian Navy Killed Near Cope-town—Geo. Harding, Struck by Beam, Has Back Broken.

HAMILTON, May 27.—(Special).—There was a fatal accident on the Grand Trunk Railway between Cope-town and Lynden this afternoon. The victim was Joe Marese, an Italian, employed as a laborer in one of the railway construction gangs. He was working beside the tracks and not noticing the approach of a freight train, was struck. He got a fracture of the skull and a broken arm; was taken to Dundas on the train, and from there to the General Hospital here in an ambulance. He died just as he reached the hospital. Coroner Rykert will open an inquest at 10 o'clock. He is supposed to have a wife and family in Italy, and a brother in this city.

His Back Broken.  
George Harding, 211 Mary-street, had his back broken to-day while helping to unload some steel beams at the Smart Turner Machine Works, East Barton-street. This afternoon, he was struck by one of the beams. He was taken to the City Hospital.

Wm. H. Hutchins, 45 Elgin-street, with a number of other boys, was playing around one of the north end dumps, when he fell and broke one of his arms in two places. Judgment was given this afternoon by Justice Sutcliffe in the action of Geo. v. the Eagle Knitting Co. to recover the balance due on stock and

## HAMILTON BUSINESS DIRECTORY

### Housekeeper Wanted

Hotel Royal, Hamilton  
Must be experienced, middle-aged. Mention references, salary desired.

Wages. He dismissed the action with costs to the plaintiff.  
An exceptional state of affairs existed at No. 3 police station to-night. There was not a prisoner in the cells at midnight.  
Woman Captured Thief.  
The Macassa cheered her Mrs. Charles Carver, hiding a thief by the collar, marched him off the boat and up James-street to police headquarters. The prisoner was William Bell, who stole a valuable coat from a boarder at Mrs. Carver's house. When she discovered the theft she made a flying visit to the railway station, and then reached the boat just as it was about to leave for Toronto. The captain held it a few minutes while she made her search.  
Bell got a four months' sentence to-day.

### BERNIER INVESTS IN ARCTIC

Cets 960 Acres of Unsurveyed Territory for One Dollar.  
OTTAWA, May 27.—(Special).—Commander J. E. Bernier of the government steamer Arctic, who is to proceed again to northern regions during the present year, has purchased from the government a parcel of unsurveyed land of 960 acres, at Iona Inlet, Baffin Island, which he has named Bernier.

The minister of the interior recommended that in recognition of his services in connection with Arctic expeditions the land be granted to Captain Bernier for one dollar.  
The commander of the Arctic has purchased from Robert K. Innes of Dundee, Scotland, the premises known as Pond's Bay fishing station for \$500.

Committed for Trial.  
Before Magistrate Ramsay on Friday morning George Dart, a York Township farmer, was committed for trial on the charge of stealing nine bushels of oats from Angus Sinclair of the C. N. R. construction camp in Scarborough Township. Constable Brown made the arrest, tracing the theft by means of a slight leakage in one of the bags. Dart pleaded not guilty.

## Y.W.C.A. ANNUAL MEETING

Over Three Thousand Girls Cared for During the Past Year.  
The 27th annual meeting of the Young Women's Christian Association last evening was presided over by Hon. Justice MacLaren.  
During the year \$22,000 has passed thru the hands of the treasurers of the different departments, \$2000 being received in subscriptions. This latter sum was used in paying off mortgages and in the running expenses of the industrial and general work. The balance was derived from the four boarding homes, which are self-supporting.  
During the year \$500 girls have passed thru the different homes, many remaining only until suitable boarding houses could be found. The Richmond street branch will move to 76 Pembroke-street on completion of the new wing which is at present being built to the new home.  
This was the last meeting of the Y. W. C. A. as a separate organization prior to amalgamation with the Y. W. C. Guild. Amalgamation now only awaits a vote of two-thirds of the membership to ratify the action of the board. All officers were re-elected.

## HURRY UP TRENT CANAL

Power Committee of Peterboro City Council Ask for It.  
PETERBORO, May 27.—(Special).—The power committee of the city council will petition the Dominion Government to hasten the completion of the Trent Canal. Chairman Turner estimates that, with the canal finished, the freight rate would be reduced 50 cents a ton, amounting to an annual saving of \$300,000 to the Quaker Oats Company.

D. W. Porter has transferred the lease of Chemong Park summer hotel to W. B. Rieck of Peterboro.  
W. G. Johnston has been awarded the contract for building the Isolation Hospital.  
A complimentary concert was given at the Grand Opera House to-night to Miss Lavina Hallahan, who sang the leading part in "The Gaiety" with such distinction in the Earl Grey competition. The proceeds are for the furtherance of Miss Hallahan's vocal studies.

Mrs. Annie Fox of Windsor was fatally burned while using coal oil in washing clothes. It ignited from the stove.  
Night Palpitation, Stomach Pains.  
People often wake at night with distressed pains. They are frantically cramped, and often palpitation renders them very apprehensive of danger. Generally it is an accumulation of gas in the stomach or bowels. Stomach distention pressing against the heart urges it to rapid action—this causes alarm. Ten to thirty drops of Nervine instantly relieves the pain of spasms and gas accumulation. Pain ceases and comfort and repose follow at once. A thousand dollars could not purchase you greater immunity from cramps, pains and aches than you will find in a bottle of Nervine. Its great value can only be discovered by testing it. We refund its price if it does not prove as represented. Nervine, as you see, is a guaranteed pain reliever at once. A stomach and bowel disorders. Where else can you find one? Sold and guaranteed by drug stores, large size 50c, trial size 25c.

## National League Scores

At Pittsburgh—Six errors made. Pittsburghers play a farce, while Boston fielded perfectly behind Curtis' steady hitting and very easily beating. Wagner muffed two easy ones and once threw wild while Sweeney, in the same position for Boston, made six of the twelve assists and two put-outs. Score: R.H.E. Boston.....000100000-1-8-4 Pittsburgh.....000100000-1-8-4 Batteries—Curtis and Graham; Powell, Maddox and Gibson. Umpires—O'Day and Brennan.

At Brooklyn—Brooklyn returned home Friday and was greeted by a big crowd, but met defeat, 8 to 2, at the hands of New York, in a game that was interrupted by rain. Score: R.H.E. Brooklyn.....00000000-0-0-0 New York.....10000000-1-5-2 Batteries—Raymond and Wilson; Scamman, Wilhelm, Desau and Bergen. Umpires—Johnson and Moran.

American League Scores.  
At Washington—Johnson held Detroit to two scattered hits, and Washington won, 2 to 1. A wild throw by Unguis gave Detroit its only run. Elberfeld split the ball of his forefinger in practice, and will be out of the game for several days. The score: R.H.E. Washington.....010000100-2-6-1 Detroit.....00010000-1-5-2 Batteries—Johnson and Street; Stroud and Schmidt. Umpires—Conolly and Dineen.

Philadelphia—Friday's game here went the full limit, after being stopped three times by rain. Philadelphia defeated St. Louis by 4 to 2. A betting rally in the fourth inning and Peitz's wildness gave the home team the victory. In four times at bat Stone made two slugs, a double and a triple. Score: R.H.E. Philadelphia.....010000100-2-6-1 St. Louis.....010000100-2-6-1 Batteries—Peitz and Stephens; Bender and Thomas. Umpires—Kerin and Sheridan.

Boston—The expiration of an agreed time limit set to allow the visitors to catch a train found Cleveland and Boston tied, 1 to 1, in the first half of the tenth inning. Score: R.H.E. Cleveland.....00000000-1-5-2 Boston.....10000000-1-5-2 Batteries—Falkenberg and Benick; Aradance and Carrigan. Umpires—O'Loughlin and Perrine.

New York—The New York Americans winning streak was broken by Chicago, which, with Walsh, defeated them, 12 to 1. This was the local's first defeat since May 1. Walsh struck out nine men. Both of Chicago's runs were batted in by Dougherty, a former New York player. The score: R.H.E. New York.....00100000-0-2-8 Chicago.....20000000-2-8-2 Batteries—Walsh and Block; Warpan and Sweetser. Umpires—Evans and Egan.

## The Vogue of the Trotteur

Letter From Our Paris Office.

103 Rue Reaumer, Paris, May 16, 1910.—The short dress has taken Paris by storm. One year ago it would have been thought impossible that the great couturiers of the Rue de la Paix would have sanctioned such an innovation. While for some years past the wearing of this most comfortable style of dress was accepted for morning only, to-day its reign is absolute for all afternoon functions as well, for, in fact, everything, except dinners and soirees. Instead of being plain tailored suits, these eccentric costumes are made of the daintiest and most exquisite fabrics, and put together with a harmony of colors only known to the facile French taste, the outcome of generations of fashion-makers.

We are indebted to our English cousins primarily for the trotteur. The French, having accepted it, have gone them not only one better, but a thousand better, so far as weirdness is concerned. And yet, notwithstanding all the deserved criticism of the painfully narrow skirts, that scarcely permit a natural walk, there is something unexplainably chic and pert in the much-discussed costumes. The low-cut neck lends itself more particularly to French women, who have short throats, but the high collar is equally fashionable.

In a very fetching Rue de la Paix creation 't would be hard to describe the beauty of coloring that makes a harmonious whole. The body of the dress is a soft pertwinkle blue voile Ninon, gathered with a shaped black satin band. The waist is of the usual kimono effect, draped fully over the arms. The particularly chic touch is found in the silver-embroidered flesh-colored band that squarely surrounds the rounded guimpe of silver net. The bow on front of the corsage is of black tulle, held in the centre by a tiny strasse ornament.

Glimpses of silver embroidery appear on the sleeves. An impertinent black satin belt is connected with the band on the bottom by a narrow scarf of black satin, terminating at either end by black satin chrysanthemums.

We were privileged to see the hat that went with this costume, which was really a marvel of picturesque simplicity. It was made of flesh-colored crin, lined with black satin, its only trimming being a huge bow of black net.

**Our Dressmaking Parlors will furnish complete information regarding these dresses, giving prices and showing illustrations of styles. A beautiful range of suitable materials may be seen in the Dress Goods Section, Main Floor.**

## The Eatonia Boot Ready in New Summer Lasts

We feel safe in saying that no matter for what occasion a shoe is required you will find the proper style and leather in our Summer showing of "EATONIAS." And you will find each style right up to the minute in design. All one price, \$3.00.

The "EATONIA" Boot fits well and comfortably. The Goodyear welt system does away with tacks in the soles, and with hard waxed ends of thread. The insole of the "EATONIA" boot is perfectly smooth, for when the soles are too light to be Goodyear welted they are hand turned.

The "EATONIA" Boot is made from select leathers, thoroughly tanned and seasoned, while throughout the making of the boot the workmanship is of a distinctly high order.

In Women's Oxfords, and other "low cuts," such as pumps, the new ties, etc., we are now showing the most advanced designs in patent coltskin, tan calf, vici kid, brown kid and gun metals. The pair ..... \$3.00

In Women's Boots, both button and laced, is a very large selection of favorite shapes and leathers. The pair ..... \$3.00

For Men are Boots and Oxfords in special lasts and leathers, for business-wear—for fine street wear, for evening dress wear, and for the workman at his daily toil. The variety is most extensive. The one price, per pair ..... \$3.00

—Second Floor, Queen Street.

## "Eatonia" Drop Head Sewing Machine, Low Priced at \$19.00

It doesn't pay one to do much sewing by hand when a good machine can be had for that money.

This "Eatonia" has been one of our strongest values for well nigh a score of years. It is a machine that would be hard to duplicate for the money. Has high arm sewing head, hardened steel working parts, self-threading shuttle, automatic bobbin winder, five drawers, a set of foot attachments; cabinet work is of rich golden oak.

If after 30 days' trial it should not prove satisfactory, we will take it back and refund money. We also give a written ten years' guarantee with each machine. The price ..... \$19.00

—Fourth Floor.

## Art in Carpets

An educated taste is satisfied with the high grade in design reached by these moderate-priced Carpets.

## Etiquette of Social Stationery

Paper talks. The most rigid requirement for polite society is the knowledge of formal and informal stationery etiquette. Fashion varies the style from season to season, more particularly the textures of informal letter paper. By it, to some extent, a woman's culture is judged, and those who care will be interested in a book by Jean Wildg C. Clark, one of America's authorities. This book is neatly bound and contains 86 pages of invaluable information pertaining to The Letter on the Desk, Formal Invitations, Weddings, Monograms, Special Letters, Card Etiquette, Styles and Textures of Papers, and enclosed in pocket at back of book is a complete wedding invitation, with a diagram of sizes of writing paper and envelopes. TO-NIGHT AT SCARBORO BEACH

Harry Gissing Will Meet Jack Tait in Special Race—Bike Events.

Harry Gissing, the champion middle-distance runner of the N. Y. A. C., who will run Jack Tait a special race to-night at Scarboro Beach in connection with the T. B. C. meet, arrived yesterday, accompanied by his wife. He is a tall, likely-looking athlete, and if appearances count for anything, should do as he says he will do—make Tait break the record to beat him. Gissing is entered in the A. O. H. meet, to be held Sunday in New York, and will return immediately after his race to-night.

Joe Golden was trying out the track yesterday afternoon, and says it never was so fast.

Will Anderson was taking the curves at Scarboro Beach, and says he can take them as fast as the motor can go.

Frank Carroll has never worked so hard to get Scarboro track in shape, and it is

Woodstock Beat Galt.

WOODSTOCK, May 27.—(Special.)—The scheduled Senior W.F.A. game between Woodstock and Galt, played here to-night, was won by the local boys, the score being 3 to 1. Neither team had scored at half-time. The game was witnessed by a large crowd.

Winnipeg Four Going to England.

WINNIPEG, May 27.—After practicing hard for a number of weeks on the Red River and undergoing severe tests, the Winnipeg four-oared crew, stroked by Con Riley, cabled their entry to England yesterday for the Stewart Cup. The men went over a course of a mile and a half in 9 minutes, and it was then and there decided to cross the water. The crew will leave the city on Monday night, and will sail from Quebec by the Empress of Britain on Friday, June 3.

Relay race—1 Woolworth, 2 Schwenker, 3 Beves, 4 Breen.

Champions are: Senior, Woolworth; intermediate, Strathly; junior, Hazen.

CRICKET TO-DAY.

O. T. P. Wood, secretary of the C. & M., requests players to be on the grounds sharp at 2:30 for the three league games to-day.

The St. James' Cathedral C. C. will play the Corinthians this afternoon at Trinity College campus, being the first Toronto Cricket League match of the season. St. James' will be represented by the following: T. Andrews, A. J.

Dive, J. Ellis, D. A. Howard, J. Hall, L. Jacques, E. W. Melville, D. Scott, T. Treadwell, T. Tomlinson, E. J. Tucker.

The following players will represent the Corinthian cricket club in their first league match of the season against St. James' cricket club: Felasco, Telfer, Carter, Gason, Cornwell, Whitehouse, Nichol, Macleod, Smith, Robertson, Repley.

The following team will represent St. Barnabas in their first league game of the season against St. Cyrilians, Burlington, game to be played on the ground of the latter club: J. Wood, H. Clegg, H. M. Lomas, R. Talbot, L. Sampson, J. Buckingham, A. Howe, G. Knight, E. Jameson, E. W. Bond, C. Emery; reserves: J. Harrold, J. Needham.

Grace cricket club play two games to-morrow. The Church and Mercantile team play their second league game to-morrow against Bedford Park, and the following members will meet at the C. P. R. tracks at 2:15 p.m. then take the Metropolitan cars to Rip, 25, Yelman, Hasner, Campbell, Atwood, Bramhall, Glynor, Elliott, Crowther, Minton, Brown, Muckle, Green. The following team will play against Parkdale on east lawn, Exhibition Park, game starting at 2:15 p.m.: Paris, Matthews, Collins, Gainsford, Banting, Milward, Cooper, Dr. Smith, Hopkins, Short, Nutt, Ricker.

Toronto C. C.'s team this afternoon against Variety at Variety at 2:15 p.m. will be Lowenbrough, Gibson, Wright,

Halton, Besmer, Henderson, Davidson, Rathbun, Saunders, Ferris, A. N. Otter.

Brooklyn J. C. Will Race.

NEW YORK, May 27.—The determination of the Brooklyn Jockey Club to carry out its racing calendar, despite the passage of the anti-bookmaking bills at Albany, has been expressed by Philip J. Dewey, president of the club.

"Why should the race-track officials close the gates?" he queried. "The new bills refer to bookmaking and gambling. The Jockey Club and the racing associations have not permitted any transactions of such character since the lives Pool law was wiped out. They have at all times had in their employ special police to see that the law was not violated. We are of that opinion to-day. As racing is permissible, the Brooklyn Jockey Club will hold the meeting scheduled to begin Tuesday."

Boxer Evans Scores Century.

LONDON, May 27.—The Asylum for Insane cricketers opened their season to-day, defeating Trinity University, Toronto, 169 to 58. The feature was the batting of F. C. Evans of the locals, who carried his bat for 117 not out. The play behind the wicket of Col. Frank Reid was only second to Evans' batting. The other double scores were: Duncan, London, 17; Spencer, Toronto, not out; 19; and Storm, Toronto 19.

Real Athletic Meet Eatons at Stadium On Saturday, June 4

With such men as Kerr of Hamilton, Cloughen of New York in the special sprints, Jack Tait of West End and George Bonhag in the special race for a mile, Mel Sheppard, the crack New York miler, Milton Paul, Abel Kiviat and Harry Gissing, all athletes who have a world's reputation for their ability around the mile mark, the Eaton's meet at the island stadium on Saturday afternoon, June 4, looks to have some real class to it. All of these men will be on hand all right, and each one will toe the mark ready to break the existing record for their distances.

The meet savors of an international one when the big events are considered. There is the international relay race between a picked team from Canada and a team from the New York Athletic Club, for which a special set of prizes have been put up. Then there is the big one-mile race, the like of which has never been seen here or on this continent. And in it will all. There will be three or four Buffalo men in the five-mile race, in which all the Canadian crickets have entered.

When all these flyers get going after the Canadian relay, which will be in tip-top shape, the spectators will see athletes in competition of which there are none better in the world.

Three Out of Four Bills Pass. ALBANY, May 27.—Three of the four bills introduced by Senator Agnew and Assemblyman Perkins, designed to prevent gambling at race-tracks, have passed the legislature. The Perkins bill, making more stringent the provisions of the law in relation to keeping gaming and betting establishments, went thru the assembly to-day by a vote of 83 to 27. The Agnew bill, prohibiting the publication of betting odds on horse races, failed to receive the approval of the assembly rules committee. An attempt was made in the senate to-day in the mal legislative rush to hold up one of the bills which had passed that house, but failed because the bill was beyond the jurisdiction of the senate.

THE RAILWAYS AND THE PEOPLE

Every city in the United States, half the size of Toronto, say of 200,000 people, has a suburban steam railway service with commutable tickets.

Take the case of the express rates and the treatment of the employees of the express service of the railways, as detailed in the remarks of Chairman Macbee of the commission.

The revision of the express rates in a sweeping way is being prayed for by the public now for many days and it is to be hoped that the board will be able to have something done shortly.

Then there is the sleeping car service and the telegraph rates, also controlled by our railways. These same railways have blocked the extension of the national parcel post system.

They run and rule the country—the railways commission. Perhaps it is about time that Sir James Whitney intervened. A declaration from him that if the people of Ontario were not treated as well as the people of Montreal he would have to revise the railway taxation laws of this province would prod the bosses in Montreal to do something.

Railway reform in Ontario by means of provincial action is a good policy and one that the attorney-general of the province to instruct his local representatives to enforce all the provisions of the Railway Act at all points, it would have a good effect. It is worth trying.

THE CANADIAN NORTHERN AND THE EAST SIDE OF THE DON

The World has been looking at the proposals in connection with the east side of the Don River for a new and independent entrance to be given to the Canadian Northern Railway.

The matter has now been before the city council for some time; after an inspection of the situation The World thinks it would be good policy if the city were to give the company a lease of fourteen feet for a single track on the east side of the Don, subject to fair compensation and to any other reasonable restriction.

The intention of the city authorities to keep enough land for two or more tracks on the east side of the Don is a good one and must be observed. Under no condition must the control of these city tracks be surrendered to any of the roads. It may soon be absolutely necessary that the city have a line of its own down the Don in connection with the new subway system, and the fullest protection in this regard must be observed in any lease made to the Canadian Northern of a right of way. But we believe all these things can be provided for if the city solicitor is instructed to draft the agreement.

The city's trade will be benefited by giving the Canadian Northern a good and speedy entrance to its freight and station yards on reasonable terms, and if it is to be done it must be done now as kept un-settled for any time longer.

A GOVERNMENT IN DISGRACE

The Rutherford government in Alberta has gone down in disgrace, as it deserved. It looks to have been made up of greenhorns and schemers in the hands of railway grafters.

The country may need railways, but they took the worst possible way to get them. Alberta is a fine province; all it wants is progressive policy, public ownership and honest administration.

THE DOUBLE ACT

Our good friend and neighbor The Globe, of the Reverend Doctor James A. Macdonald is managing

editor, has been summoned to the police court, along with the managers of The Mail and The World, charged with violating the betting law by publishing the form chart of the Woodbine race meeting now going on.

We know for a fact that the reverend doctor has been a lifelong worker for moral reform, and did a great deal to get the Miller bill put through parliament, and he wrote powerful denunciations of the betting end. We are justified in believing, therefore, that the reverend doctor has been brought into the police court, not so much of his own guilt as in consequence of the editorial conduct and responsibility of his wicked partner, Judge Nelson.

When we speak of Mr. Nelson as a "judge," we follow the American custom of calling all race-track arbiters "judge," and Mr. Nelson is one of the presiding judges of the Ontario Jockey Club's present meeting.

We also regret to record that the police officials, who have asked the information against the reverend doctor, appear to have been more or less influenced thereby by the Rev. Mr. Shearer of the moral reform movement.

We have, therefore, the unusual spectacle presented of a newspaper champion of moral reform, and a good man who is opposed to betting, being brought into the police court by the wicked conduct, and only by the wicked conduct, of an associate editor who has fallen so low as to be a race-track "judge," and the further unusual spectacle is presented of a coadjutor in moral reform dragging the reverend doctor into the police court to have him purged of mortal sin.

The World trusts that the colonel, while administering the law, will look up the lane with a lenient eye as far as the reverend doctor is concerned. The World also would remark that it is a hard task to be in the pulpit and in the race-track tribune at one and the same time.

WANTS PROF. GALBRAITH

Board Receives Controller Church's Request—Murray's Grievance. The proposal that Prof. Galbraith, Principal of the School of Practical Science, be appointed to act with T. Benzenberg of Milwaukee, and E. H. Keating, Toronto, in a report on the extension of the intake pipe, was made to the board of control yesterday by Controller Church. Action was deferred.

The controller said the city needed an independent report, remarking, "Mr. Keating is asked to pass upon his own work, and the other man is in the Waterworks Association."

Engineer T. Aird Murray has written Controller Ward, stating that Controller Church asked him some time ago to act with Dr. Galbraith in preparing a report on the intake, and that on May 1st he received a letter from the city engineer in which Mr. Rust said he would be glad to have Mr. Murray act with Principal Galbraith. Mr. Murray says, "It is grossly unfair to ask me to act as an engineer to act for some particular work, and then cause to be published his alleged inexperience in the particular work."

Analysis of samples of water taken on May 21, show that there is a lessening in the quantity of bacteria further out from the intake.

Memorial to King. Before deciding to hold a public meeting to consider a civil memorial to the late King Edward, Controllers Ward and Church will confer with representatives of the military bodies, board of trade and various public bodies, to ascertain their sentiments.

The board of control is favorably disposed towards Controller Church's idea of asking the Ontario government to take a subsidy towards beautifying the city.

Grant to Cavalrymen

With the request that the city grant \$5 per horse towards the needs to be used by local cavalrymen at the Niagara camp manoeuvres, Lieut.-Col. Chadwick, Lieut.-Col. Fleming and Major Brown waited on the board yesterday. They said some local liverymen were demanding \$24 per horse for the two weeks. The city solicitor was asked whether the grant, amounting to \$300, can legally be made.

Sleep Was Impossible

ALMOST DRIVEN TO DESPAIR UNTIL CURED WITH USE OF DR. CHASE'S NERVE FOOD. No symptom of nervous prostration is more to be dreaded than the inability to sleep. Man can exist for considerable time without food, but without sleep, and the restoration which it brings, he soon becomes a mental and physical wreck.

When you cannot sleep and rest look to the nervous system and remember that lasting cure can only be obtained from such treatment as Dr. Chase's Nerve Food, which naturally and gradually restores the exhausted nerves to health and vigor.

Mr. Wm. Graham, Atwood, Ont., writes: "My wife had been ill for some time with nervous prostration and we had two of the best doctors we could get, but neither of them did her any good. She gradually became worse and worse, could not sleep and lost energy and interest in life. She was almost giving up in despair when a friend advised the use of Dr. Chase's Nerve Food.

CITY TO PAY HALF COST OF WIDENING ST. CLAIR AVE.

New Assessment Scheme to Be Proposed—Works Committee Debated Long. Continued From Page 1.

spirit he desired the widening to go thru. Mr. Baldwin submitted a plan showing boulevards on both sides of the roadway and, laid in the centre, with a space for car tracks and vehicular traffic. The improvement had been blocked because the city wanted to make the residents pay too highly and because the appropriation of the assessment was not considered equitable.

Mr. Baldwin said that the city should contribute more, and the assessment distributed as he proposed, difficulties would melt away.

W. S. East, real estate firm controlling property north of St. Clair-avenue, outside the city limits, said he was willing, if it could be legally done, to have his land taxed for the improvement.

Against Widening. N. W. Rowell, K.C., asserted that the great majority of St. Clair-avenue residents between Avenue-road and Yonge-street were opposed to the widening as a local improvement, believing it was a work for the public benefit, and would not enhance the value of their holdings.

Strong hostility was expressed by R. D. Mead on behalf of residents on the south side of the street. West of Avenue-road, declaring that 90 per cent. of them were against the widening, and that, owing to the delay in making the roadway a disgraceful condition, it being either a mudhole or smothered in dust.

Dr. Bruce, always a foremost advocate of the improvement, said that people were willing to contribute, but not as a local improvement.

A Public Benefit. Hugh Blain, president of the College Heights Association, held that as St. Clair-avenue was going to be the only leading thoroughfare in the northern portion of the city, public opinion was behind the widening, the best terms possible. It was quite unreasonable to expect the property owners to pay 67 per cent.

John Blain, vice-president of the Guild of Civic Art, said it was the duty of the civic government to see that the improvement went thru, and that officials should not recommend such an appropriation of the cost that the scheme was sure to be killed by the people. The city should pay the largest share. He suggested that the west of Avenue-road, the width be 100 feet and east of it 85 feet.

J. A. Milne, speaking as a resident of the eastern section, maintained that what was wanted was a boulevard; the mud and dust nuisance being intolerable.

City to Pay All. A. Maguire said he had petitioned from 50 per cent. of the people west of Avenue-road against widening. He proposed, however, that the whole length be widened to 100 feet, and that the city should pay 100 per cent. On being informed by the city engineer that this city could not legally free the owners entirely, he suggested that the city should pay 50 per cent. He was accused by Ald. Baird of moving with the object of killing the scheme, but warmly denied this.

Ald. Baird said that the section west of Avenue-road be widened either 84 feet or 100 feet as recommended by the officials and that the city pay 50 per cent. of the cost. Mr. Rust, who declared hotly that he would decline to recommend any widening unless it went to Yonge-street, said he would not recommend it to do it if so ordered. The engineer explained that if the western section were dealt with first, the people east of Avenue-road could block the scheme.

Will End Troubles

Assessment-Commissioner Forman stated that he was favorably impressed with Mr. Rust's plan of assessment. He believed that it would strike the property owners. Originally he and Mr. Rust had proposed that the city pay 25 per cent. later 50 per cent. because of the public demand, they were willing to recommend paying 50 per cent. If the scheme were adopted, the committee would advise on the matter, and each taxpayer could fight it out at the court of revision.

I don't know who is spreading the dope

"I don't know who is spreading the dope that I never saw so many handprints in my life," commented Ald. McBride.

York Radial Tracks

On the face of Mr. Rust's plan, the York Railway will be asked to pay the city \$600 per track mileage per year for the privilege of moving its tracks to the middle of the city between C.P.R. tracks and the north city limits, the city to have the right to replace the tracks to their present position at any time. The extension of Dupont-street from Shaw-street to Ossington-avenue was recommended. The cost will be \$12,000, and the city is to pay 25 per cent.

GUROFSKY LOST \$1600 THAT HE HAD INVESTED

One of the Trip Accused of Conspiracy to Defraud Says That He, Too, Was Victim of Deception. The defence in the prosecution of Athol G. Robertson, Joseph W. Gurofsky and Milton W. Delhorbe for alleged conspiracy to defraud in the flotation of "Canadian Estates, Limited" opened late yesterday afternoon and will be continued to-day.

Gurofsky said that his first connection with the company was on Oct. 31, 1909, when Delhorbe gave him an advertising contract. He became interested and sent his father to examine the proposition, and his father reported favorably. He wanted more tangible proof, however, that the company owned the property, and Delhorbe, he said, made a declaration as to the company's holdings.

He bought \$500 worth of the stock. He also made further advances to the extent of \$1100 to help promote the company's interests, and when the alleged "Canadian Estates" failed, he lost \$1600.

After his appointment as secretary-treasurer, creditors were pressing for money, and when the alleged "Canadian Estates" failed, he found himself in bad shape.

To Mr. Baird he said he had invested \$1600 in cash. He denied the statement of the directors on Nov. 18 that he had invested \$1100 in the company, and that he had addressed a meeting of the directors on Nov. 18 protesting against his name appearing in the prospectus. Herriman, he said, had voted to elect West secretary.

Gurofsky declared positively that he had not sent any prospectuses, and that he had not given any money to the company. He said that he had written the letters to Chicago dealers stating the company had railway, coal, and cedar posts and timber for sale. Gurofsky admitted writing the letters.

Cheques and receipts produced in support of Gurofsky's statements did not account for all the money he said he had invested.

Evidence was given for the crown, of stock purchases, by Joe Kellor, Hamilton, G. P. Stephenson, E. C. Thorton, John Scott and W. W. Brown. Percy Brown sold of advancing \$150 and getting 25,000 shares of stock, and the other three got one dollar in cash and \$3500 in stock. They were to take over a \$500 mortgage also. He was to have been a manager at \$2000 a year.

"They never got control of the springs," he said, "and when they used them in their advertisements they were going to put up in West Toronto. I was to be secretary-treasurer and have charge of a cheese factory that was to be built in the city. I invested a horse and bicycle on Delhorbe's advice in the concern, and the former, he said, was to be Robertson and the latter, Gurofsky."

At the close of the crown's case the defence lawyers asked that the charges be not allowed to go to the jury, but Judge Winchester refused the request. The sessions grand jury returned a true bill against the "Eridale Power Co." charging unlawful neglect, resulting in the death by electrocution of little Violet Harlock.

Sentence day in the sessions has been postponed till Wednesday, June 2. A large number of cases are yet to be disposed of.

Big Fires in United States

NEW YORK, May 27.—New York City had only one fire in 1909 in which the loss exceeded \$500,000, according to a report made yesterday to the National Board of Fire Underwriters at its annual meeting in this city. There were only twenty-three fires in the United States in which the loss exceeded a half million dollars, and only four with a loss of \$1,000,000.

material the order was, I think, improperly granted. The rule of practice laid down by the late master in chambers, Mr. Easton, should not be departed from. He invariably held that no order for substitutional service should be made when it is said that a defendant is evading service unless the writ has been placed in the hands of the sheriff to be served. On the material as it now stands I am quite satisfied that the plaintiff could not with reasonable endeavor effect prompt personal service, and I therefore refuse the order sought, but make costs in the cause. The defendant will have two days to answer to the writ.

Proved Once Again in the Case of Mrs. Fred Krieger, Who Suffered From the Worst Forms of Kidney Disease.

FALMER RAPIDS, Ont., May 27.—(Special.)—The thousands of Canadians who live in daily terror of those terrible forms of Kidney Disease known as Backache, Gravel and Rheumatism, will be deeply interested in the story of Mrs. Fred Krieger of this place.

"I was for years a great sufferer from Kidney Disease, Gravel, Rheumatism and Backache. Mrs. Krieger states: "It all started through a cold, but I got so my head ached, I was nervous, my limbs were heavy. I had a dragging sensation across my loins, and I was totally unfit to do any thing."

"Reading about wonderful cures by Dodd's Kidney Pills led me to buy some. After using a few I found they were doing me good and this encouraged me to continue their use. Eight boxes never failed to make me well. I have been able to do my own work ever since and to-day I am completely cured. Dodd's Kidney Pills gave me health and I feel like a new woman."

**COLONIES AND DEFENCE**  
 Will Be on Firing Line if Empire is Assailed.  
 LONDON, May 27.—(C.A.P. Cable.)—Lord Kitchener, speaking at the Australian banquet, said that under his scheme of defence for Australia there would be a continuity of policy, and the Australasians would be able to solve the military problems which gave such trouble elsewhere. Sir George Reid, who presided, said that Australia had already made a beginning with the creation of a fleet and army. Whenever danger to the empire came, whatever ships and soldiers Australia, Canada and South Africa possessed, would very soon be on the firing line, our future Waterloo or Trafalgar might be anywhere, but wherever it was, the sons of Britain from across the seas would stand by the flag and keep it flying.

**NEW KING'S PREROGATIVE**  
 King George Vested With Monopoly of Printing Bibles.  
 King George, by virtue of his accession to the crown of England, has become invested, like all his predecessors on the throne since the reign of James I., with the monopoly of printing the so-called "authorized version" of the Bible and the "Book of Common Prayer"; that is to say, of the ordinary religious copyright, which he is to exercise in his own name, and which he is to publish the Bible and prayer book. But this can only be done with his permission, and were he to stop the printing of every Anglican Bible and prayer book in the United Kingdom, he would be exercising his prerogative to do so, and he would not be extending beyond forty-two years, or for the life of the author and seven years following, whichever may be the longer. But here is a copy-right which has existed for centuries, and its continuation can best be explained by the legal fiction that the crown is to be held to all the rights and penalties provided for the infringement of the copyright laws.

**ART OF LETTER OPENING.**  
 In Russia one letter in every ten passing through the post is opened by the authorities as a matter of course. Indeed the postal authorities of every country have experts who have raised letter opening to a fine art. Some kinds of paper can be stained open without leaving any traces, and this simple operation is finished by re-burnishing the flap with a bone instrument. In the case of a seal matrix is taken by means of a special device, and the envelope is placed between pieces of wood with edges projecting one-twentieth of an inch. The edge of the envelope is first distended, then roughened and finally slit open. Later a hair line of strong white gum is applied and the edges united under pressure.

**ROYAL C.B.C. NOTES.**  
 The Royal C.B.C. notes of the C. Class champions of the city last night, when Parkdale defeated them, The Bachelors won by 40 pins in the first match on their home alleys and this must have given the west team cold feet, as they failed to line up last night. This was the Royal Canadian champions in all three classes of the City Tenpin League.

**SHIRAZERS' VAUDEVILLE**  
 CREATES LOTS OF FUN  
 Minstrel Show, Olio and Chorus  
 Make up a Capital Three Hours' Entertainment.

"Make me a child again just for tonight" is what the program for the Ramesses Patrol vaudeville nights said, and the spirit was well developed in the three hours' entertainment afforded at Massey Hall last night. Having regard to the amateur character of the production, there was hardly a dull moment from start to finish. The large hall was well filled with a good representation of shirazers and their friends. The program is divided into three parts—a minstrel show, an olio, and a grand finale by the Ramesses Patrol Chorus.

The readers of the morning paper approach the news columns with more avidity. They have a clean, fresh appetite for news. Everybody wants to know what has been going on in the city and in the world whilst they were sleeping or resting.

The Man and the Woman of Action read the morning paper that they may equip themselves for their day's work. Lethargic people don't read papers. They merely glance at them. Granted, that early morning workers do not have time to read until late in the evening, neither do they have time to shop at any hour of the day. And the modern shops are closed in the evening.

Years ago the evening paper gained a vogue because it was first sold for a cent. The morning publishers clung to their penny price—for a long time held to three cents. They displayed the same fatuity which many merchants showed when they refused to see the power of the plain price mark and the one straight selling price. The retail business of some cities was controlled by a few wise men whilst their competitors slept on the idea to think it over.

Give me the morning paper, every time. Here in Montreal, I get better results from a morning newspaper of 20,000 circulation than I can get from an evening paper with four times the circulation.

**Which Do I Prefer?— Morning or Evening?**  
 Raymond N. Metcalfe, Montreal, May 21

I prefer the morning paper, certainly. To my mind it is the best advertising medium. At one time, I grant you, I thought otherwise, but that was before I had been spending \$50,000 a year on general publicity in Canada.

To-day 80 per cent. of my advertising appropriation goes into the daily newspapers. The balance of 20 per cent. is expended for advertising preparation and for necessary booklets and forms.

I never spend a dollar in "schemes," for in my 30 years' experience I have never met a man who made a dollar on sidetrack publicity.

There are less than 20 morning papers in Canada, fewer than there were 20 years ago. Yet the morning paper as a newspaper contains 80 per cent. of news not seen in the evening newspaper, whilst the evening newspaper nowadays practically goes to press at mid-day and 50 per cent. of its news has already appeared in the morning paper. This is the fault of the race to "get on the street" early.

The readers of the morning paper approach the news columns with more avidity. They have a clean, fresh appetite for news. Everybody wants to know what has been going on in the city and in the world whilst they were sleeping or resting.

The Man and the Woman of Action read the morning paper that they may equip themselves for their day's work. Lethargic people don't read papers. They merely glance at them. Granted, that early morning workers do not have time to read until late in the evening, neither do they have time to shop at any hour of the day. And the modern shops are closed in the evening.

Rev. T. Albert Moore, general secretary of the Lord's Day Alliance, writes The World:

My attention has been directed to an Associated Press despatch in the papers of Monday, 22nd May, which purports to outline an address delivered by me the previous Saturday, before the general assembly of the Presbyterian Church of the United States, at Atlantic City, N.J. The writer of that despatch could not have been present when the address was delivered, for I neither praised the stringent recommendations of the committee on Sabbath observance, nor did I declare "that the Sabbath was better observed in the United States than in any other country."

Several months ago the chairman of the general assembly's Sabbath observance committee urgently requested me to address the assembly concerning the Canadian Sabbath and our Lord's Day Act. It was made very clear to me that the assembly desired to know about conditions surrounding the Lord's Day in Canada.

Some of them are of great historical value, such as, for instance, one at Windsor, given as a present by Henry VIII to Queen Anne Boleyn on her wedding day. It is only four inches deep and ten inches high, formerly belonged to Horace Walpole, and was purchased by the late Queen Victoria when his effects were sold at Strawberry Hill, for about 300 guineas. It is now in the collection of the British Museum.

Observance Not Perfect.  
 3. In Canada we have a Sunday—the Lord's Day, the Christian Sabbath. While we rejoice in the reputation of observing that day as free from the labor and the secular business of the world, yet the observance of Sunday in Canada is not perfect.

Protection of the civil rights of rest from labor one day every week to every citizen—the Lord's Day, if possible.  
 Protection for all works which are actually necessary—being continuous in their nature—and works of mercy.

Prohibition of the business of amusements, thus eliminating the Sunday game, the Sunday excursion, the Sunday concert, and the Sunday moving picture show.  
 (d) Sunday newspapers are not permitted to be published in Canada, and the law forbids the importation of foreign publications intended to be sold or distributed on Sunday's Day.

Our provincial liquor laws prohibit the Sunday saloon in every province, so that neither shop nor saloon are open on that day in all Canada for the sale of liquor.  
 (f) Our game laws make Sunday a "close" day against hunting and shooting, while fishing on that day is forbidden in most of the provinces.

**IRON AND STEEL BOUNTIES**  
 Amounts Paid Out by Government During Last Fiscal Year.  
 OTTAWA, May 27.—The statement of iron and steel bounties paid by the federal government in the fiscal year ended March 31 shows a total of iron production of 740,244 tons, upon which the bounty amounted to \$72,995.  
 Of this total, 547,063 tons were made from Canadian ore, on which a bounty of 97 cents a ton, or \$534,765, was paid; and 193,181 tons from foreign ore, the bounty being 58c.25.  
 The production of steel was 740,260 tons and the bounty \$59,762.  
 On wire rods \$258,512 was paid for an output of 80,820 tons.  
 The total bounties paid were \$1,385,439.  
 The Dominion Steel Company got the biggest share, and the balance went to the Hamilton, Nova Scotia and the Canadian companies.  
 The steel and pig iron bounties expire on Dec. 31 of this year.

**NEW TRUST COMPANIES.**

**HAVE NOT YET RAISED THE SUNKEN SUBMARINE.**  
 Continued From Page 1.  
 speed nor to change our course, we went head on for the mast.  
 "When we drew close I saw it was not a mast; for its two stays were fastened peculiarly, apparently it was a steel pole or tube.  
 "A Horrible Sensation.  
 "The next moment we struck the pole with such a frightful jolt that I looked aft, and as the Pole-Caledon slowed down I saw the pole bobbing in the water.  
 "It got about 300 yards aft on the starboard side before we stopped. Then we backed toward it and an order was given to lower a lifeboat. All this took more than fifteen minutes.  
 "Meantime the bow of the craft we had struck gradually rose out of the water and I realized it was a submarine, for I saw the tricolor, painted on blue, fixed to her prow.  
 "Commotion on Shipboard.  
 "There was a great commotion on the Pole-Caledon. Several fashionable women grew very white and seemed about to faint. No one knew how badly our own boat was damaged.  
 "The lifeboat rowed slowly to the disabled submarine, twelve feet of whose bow was now in the air at an angle of 45 degrees. The rest of the hull remained under water.  
 "The lifeboat unshipped her rudder, and stopped while it was being shipped again.  
 "The situation was horrible," said Mr. Bowles. "I never felt such a sickening sensation. We lay to, gradually drifting toward the submarine, but nothing was done to help her. I cannot help thinking that our captain must have got out a steel hawser and at least tried to fasten it around the submarine to keep her afloat, or partly afloat.  
 "Gradually Bank.  
 "Finally, when we were about fifty yards off, the submarine's bow gradually sank out of sight. The vessel's hull, caving up, showed a large hole, like a wounded water creature shedding its life blood.  
 "This was twenty-five minutes after we struck the submarine. Nothing had been done to save it, and I heard no order given toward meeting the emergency on our boat, which carried 200 passengers.

## Every Bride Will Have to Study Refrigerators

**I**F housekeeping is to be a success the housewife must take a personal interest in it. And refrigerators come to the front almost at once in the case of June brides.

The great thing about a refrigerator is air circulation. Air passes over the ice and descends, cooling the milk and the berries and keeping the butter fresh and firm. The warmer air ascends to the ice up the sides of the refrigerator to the top, where the odors natural to an enclosed space containing food stuffs, are carried off in the drip from the ice. To insure this circulation in perfection you must not allow yourself to buy a carelessly constructed refrigerator. Come and see the reasons why good refrigerators only are for sale in this store.

Greenland Refrigerators, golden finish, galvanized steel lining, adjustable shelves. Price \$5.65.

Cold Wave Refrigerators, in solid ash case, golden finish, provision chamber, in white enamel, with movable shelves, different sizes. Prices \$16.50 to \$23.50.

Superior Refrigerators, in solid oak case, golden finish, strongly made, ice chambers opening from both top and front, with large provision compartment, in genuine white enamel. Prices \$23.75 to \$39.50.
