ENDOWMENT FUND.

It is proposed, by means of a general subscription, to raise a fund which shall be adequate to meet the diminution of revenue caused by the failure of the Commercial Bank and the discontinuance of the Legislative grant, and to provide for certain improvements by which it is intended to increase the efficiency of the College. For these purposes from \$100,000 to \$150,000 will be required. This proposal was embodied in resolutions unanimously passed at a special meeting of the Synod in connection with the Church of Scotland, held at Kingston on 7th January last, and already efforts made to give effect to it have been attended with a most gratifying success. Privileges are connected with certain classes of subscriptions, and the Board of Trustees has adopted the following regulations on the subject:—

1. Each and every subscription of \$500 shall be the foundation of a SCHOLARSHIP bearing in perpetuity the subscriber's name or any other name by which the subscriber may desire it to be known: the annual value of the Scholarship shall be the privilege allowed to one student of attending College without payment of class fees (at present \$20 per session), together with any other advantages, such as an annual income for support or encouragement, which may at any time be connected with it: the Scholarship shall be awarded annually according to directions received from the subscriber in writing; and after the subscriber's death it shall be tenable by his lineal representatives in the order of seniority.
2. Subscribers of \$100, \$200, \$300, and \$400, shall have the right of NOMINATION, which may be exercised at any time during life, for one, two, three, or four students respectively, to a full course of instruction in Arts free of class fees.
3. Upon payment of one-half of a subscription for a Scholarship the subscriber may begin to exercise the right of nomination, but the continuance of the privilege shall be subject to the payment of the subscription in full, according to engagement.
4. Subscribers of amounts which do not entitle to privileges shall be allowed to acquire privileges in connection with Scholarships or Nominations upon making up their subscriptions to the amounts named in the first or second of the foregoing resolutions, provided the payment in full be not later than 1st April, 1871.

The Treasurer has authority to issue a certificate, signed by the Chairman of the Board, for every subscription he receives *in full* for either a Scholarship or a Nomination. Certificates have been issued according to the following list:—

GENERAL ANNOUNCEMENTS.

QUEEN'S COLLEGE was incorporated with the style and privileges of a University by a Royal Charter dated 16th October, 1841.

The twenty-eighth Session will be opened on the first Wednesday (6th) of October, 1869, at 3 o'clock P.M., when an address will be delivered by Professor Dupuis, M.A.

Kingston is easily accessible on account of its central situation, and is one of the healthiest localities in Western Canada.

 *Students are particularly requested to give careful attention to all intimations in the following pages affecting them, as no allowance can be made for oversight or misunderstanding with respect to matters explicitly announced.*

BOARDING.—No student will be allowed to board or lodge in any house which is not approved of by the Senate, except by permission of parents or guardians given in writing. Information as to approved houses may be obtained from the Registrar, Professor Mowat. Suitable boarding can be got at moderate expense.

REGISTRATION.—All Students are required to have their names and other particulars inserted in the College Register.

Production to the Registrar of the Treasurer's receipt for fees is absolutely necessary.

The following declaration must be signed at the time of Registration—no other subscription is exacted:—

"I, ———, being now admitted a Student of Queen's College, do hereby sincerely and solemnly declare and promise that I shall at all times render due respect and obedience to the Principal, Professors, and other authorities of the University, and strictly observe the Laws and Statutes thereof; that I shall give a regular attendance at my classes, and shall apply myself carefully and diligently to the studies in which I am engaged, and perform to the utmost of my power the exercises prescribed; that I shall conduct myself in a courteous and peaceable manner towards my fellow Students; and that I shall always maintain and defend the rights and privileges of the University, and never seek in any way or manner the hurt or prejudice thereof."

MATRICULATION.—All intending Graduates must pass annually the University Examination at the commencement of the Session. Every Student, before matriculating for the first time, must produce a certificate of character from his Minister or other competent person.

MORNING PRAYERS.—All students are required to attend prayers. In special cases absence is allowed by the Principal or Senate. The attendance is marked in the University certificates. Students are also required to attend on Sabbath the churches to which they belong, and at the close of the Session to produce certificates of regular attendance from their Clergymen.

THE LIBRARY.—Students may borrow books subject to the By-Laws, on producing their Registration Tickets to the Librarian. The Library contains over 8,300 volumes.

THE OBSERVATORY.—In 1855 subscribers, aided by the City Corporation, founded an Astronomical Observatory, which was transferred by deed to the University in 1861. It contains valuable instruments. A variety of additional apparatus, particularly a large Transit Circle, with two Sidereal Clocks, and the means of Galvanic Registration of Transits, is much required. Numerous important observations are taken and carefully recorded. Barometer and Thermometer indications are observed twice a day, and the results supplied weekly to the Press. Local time is regularly given to the city clock-keeper. A course of free lectures on Astronomy is given annually.

THE MUSEUM.—The Mineralogical and Palæontological collections are extensive and valuable. Occasional demonstrations are given to Students. Friendly services towards the furnishing and enlargement of the Museum are solicited.

FEES.—The following fees are payable strictly in advance—Class fees on University day (16th October); Graduation fees on or before 26th April.

IV. GRADUATION.

The Degree of Bachelor of Arts (B.A.) is obtained only by examination. Candidates must pass all University examinations in the Course, and reach a certain standard in Final Examinations.

The candidate must compose a satisfactory Thesis on some subject taught in the Faculty, or closely bearing upon one of the Departments of study. The subject must be intimated to the Senate for approval before the 8th day of March. The Thesis must be accompanied by proof that the candidate is twenty-one years of age.

Graduates of other Colleges are admitted *ad eundem gradum* on producing satisfactory proof of rank and character.

The Degree of Doctor of Laws (LL.D.) is honorary, and is awarded for literary, scientific, or professional distinction.

*See note on preceding page.
