RAIL LEADERSHIP PLANNED FOR RAIL RILLS

SUPT. OF BESCO MILES IN N.S. TAKES STAND

Accuses Present Union Heads of Being Extremists

SCORES U. M. W.

Declares Goodwill Prevailed Before International Body Extended to Province

Canadian Press. SYDNEY, N. S., Nov. 28.—Alex. S. MacNeil, general superintendent of coal mines of the British Empire Steel Corporation, took the stand at this morning's session of the Royal Commission investigating the coal industry of Nova Scotia, and related the difficulties under which mining operations were carried on in the province, the improvements that had taken place in the condition of the mine works, and the outstanding incidents in his own career from pit boy to superintendent.

IMPROVEMENTS TOLD He detailed the improvements that had been effected in the mining machinery, how these had increased production while conducting to the betterment of the conditions under which the miner worked. Continuing, he told of the methods adopted to make the mines safer for the workers, and of the interest of the Corporation in the recreation of the men.

FLAYS LEADERS While paying tribute to the character of the Cape Breton miner, he expressed the opinion that bad leadership had been responsible for his present ill. And referring to the "strike on the job" policy favored one time, said it had decreased earnings while tending to the demoralization of the coal mining organization. He accused present leaders of being extremists and instancing their alleged participation in the May Day parade of this year, as evidence of his contention.

U. M. W. SCORED. Concluding his direct testimony, Mr. MacNeil made the statement that before the United Mine Workers came into being, goodwill prevailed between the men and the company officials. When the United Mine Workers came, he said, there was established a class consciousness—a class hatred. He said it was his opinion that the United Mine Workers had absolutely failed to bring peace and contentment to this district.

He declared that through the strike of 1923, brought on by the United Mine Workers, the company received the severest blow it ever sustained because at that time the corporation was just getting back the St. Lawrence market. The strike cost the St. Lawrence market to the company, he said.

ANSWERS McLURG. His examination by Mr. McLurg followed, and in answer to questions he went into the matter of dirty coal, claiming that it was a practice of some miners to put stone in their coal. He said that he had never heard of J. W. Macleod speaking before a local to urge the miners to refrain from this practice.

Questioned by the chairman, he said that insofar as the coal got through, the consumer paid for the stone in it, but that eventually the company pays the price because the consumer becomes disgruntled. It would be to the advantage of the miners and the company, to co-operate to turn out the very best coal, he declared, to lay off or discharge men who persisted in putting stone in the coal. He admitted that there is a certain amount of small stone which gets into the coal and cannot be prevented, but he had reference to large pieces.

DENIES SPY SYSTEM. He was next questioned by Mr. McLurg as to the alleged spy system connected by the company, and declared that he knew of no such system as referred to by the men in their evidence. He said that even if the company offered him spies, he would not have them. He admitted that he had listened to information given by the men.

The company's policy of laying off old employees was next gone into, and the witness said that in past years a great many men not able to do a day's work were carried on. He said they became a great burden and eventually the company was forced to discontinue with their services.

The foregoing has been designated by the commission as an official report.

Extremists Get No Place In Briand's New Cabinet; French Crisis Ended

QUEEN'S BODY IS REMOVED TO WINDSOR TODAY

Manchester Handicap Is Abandoned For Sixth Time In Fifty Years; Weather Bad

United Press. MANCHESTER, Nov. 28.—For the sixth time in 50 years, the Manchester November handicap, one of the turf's greatest autumn handicaps, has had to be abandoned because of the unfavorable weather. With the track frozen today, it was decided not to proceed with the program, the closing day of the Manchester meeting and the last day's racing of the season, on the flat. The race was abandoned last in 1923. The Derby Cup, another important autumn handicap, had to be abandoned at Derby on November 30, on account of the dense fog. These irregularities lend support to the arguments of those who perennially urge that the flat racing season should be curtailed, perhaps, if necessary, by holding meetings in the south and north of England simultaneously. As it is now, the racing opens with the spring handicaps in March and continues until the last of the autumn handicaps has been run, at the end of November—nine months.

Trade Through Home Ports Favored by Oshawa People

OSHAWA, Ont., Nov. 27.—This city, with a population of over fifteen thousand, and a little over an hour's run by C. P. R. or C. N. R. from Toronto, is the location of the great Canadian plant of General Motors Limited. When the plant is running at normal capacity it employs about three thousand people. Other large industries together employ nearly or quite as many more; so that Oshawa, like most Ontario towns and cities, has an important industrial life such as is not paralleled in urban centres in the Maritimes.

General Motors Limited have a large export trade. Some of it goes through Canadian ports, but a good deal is routed from headquarters in New York, and it was not that to affect any change in the position of the New York manager, whose address was given me. The local management favors Canadian ports.

CHARLES ROBSON of the Robson Leather Co., Ltd., informed me that they utilize Canadian ports, and he conversed for some time in a most sympathetic way regarding the Maritimes and their problems. He recognized their disabilities and favored remedial measures. They people, he said, were of the same stock as those of Ontario, and there should be close sympathy between the two.

The Oriental Textile Co. Ltd. and the Schofield Woolen Mills, Ltd., also use Canadian ports, as do W. E. Phillips Co., Ltd., and Pedlar People Limited, who have large plants in Oshawa. There are other large plants, but they have no import or export business.

Everywhere, however, I received a most cordial reception, and the assurance that the principle of Canadian trade through Canadian ports has the sympathy of Oshawa people.

It is worthy of note that in the sixth of a series of articles in the Toronto Star, on the Canadian grain trade, very strong emphasis is again placed on the importance of using Maritime ports in winter, and utilizing the National Transcontinental to Quebec and our ports for the purpose for which it was built. Ontario is growing more and more concerned over the challenge of Buffalo as the coming grain and milling centre of America, the more so because we have the railways and the ports to transport our own business. The Oshawa Daily Reformer printed an interview with me on the Maritime situation for the benefit of its readers.

STOCKING FUND DOUBLE OVER NIGHT; REACHES TOTAL OF \$82

Collection at Court House Nets \$16.50 — Suggestion for Business Houses — More Pathetic Appeals From Kiddies.

THE Times-Star Empty Stocking Fund was more than doubled over night. That is encouraging and shows that the appeal of the little ones of the poor is not falling on deaf ears. The fund now stands at \$82.50. Yesterday it was \$35. There came in \$47.50 this morning. Part of this, \$16.50, was made up by a group of employees at the Court House and men working on the old Cantlewell Bridge at the Falls.

From this there comes a suggestion that groups of employees in many factories and business houses might like to assist, and, even if the contributions were individually small, in the aggregate there would be quite a sum from each place. This plan also would serve to make the giving to the fund more general, and therefore the satisfaction in the good it does will be shared by the larger number.

STANDING OF FUND. The fund now stands as follows: Previously acknowledged.....\$35.00 A few friends.....30.00 Boys in Court House and some men who were working on bridge, per deputy sheriff.....16.50 A friend.....1.00 \$82.50

LABOR LOSES IN WINNIPEG VOTING

Majorities Reduced in Many Sections—Col. Webb Returned as Mayor

WINNIPEG, Man., Nov. 28.—Col. H. Webb was re-elected Mayor of Winnipeg yesterday by an overwhelming majority over his only opponent, T. F. Tipping, Labor. The complete vote was, Webb 23,781; Tipping, 12,927.

By the vote the city decided for the second time in two years against a candidate of the Independent Labor party. Last year F. J. Farmer, running for election for a second time as Mayor, under the party standard, was defeated by Colonel Webb, who gained a majority of over 4,000. The total vote was under that of last year, when 40,000 voters cast their ballots at the close of a heated campaign. A feature of yesterday's voting was the small majorities recorded for the Labor candidate in sections of the city which previously have given candidates of the party large votes.

SOCIALISTS AND COMMUNISTS ARE EXCLUDED

Louis Loucheur Accepts Post As Minister of Finance

PARIS, Nov. 28.—France's ministerial crisis is ended. Leaving the Elysee Palace after a conference with President Doumergue today, Aristide Briand, the Premier-designate, continued the following as the cabinet which he would present to the President in the course of the afternoon: Premier and Minister of Foreign Affairs—Aristide Briand.

Minister of Justice—René Rostaux. Interior—Camille Chautemps. Finance—Louis Loucheur. War—Paul Painlevé. Navy—Georges Leygues. Public Instruction—Edouard Daladier.

Commerce—Daniel Vixant. Public Works—Anatole De Monzie. Hygiene—Antoine Durrain. Agriculture—Jean Durand. Colonies—Léon Perrier.

PARIS, Nov. 28.—M. Briand qualified the list only by saying that M. Jourdain had not yet accepted the portfolio of pensions and that he might be switched to the ministry of hygiene, M. Durrain taking the pensions post.

ALSAZES REPRESENTED At any rate M. Jourdain is certain to be in the cabinet. This will be the first time that Alsace-Lorraine has been so represented in the ministry since the premiership of Poincaré.

Briand's new cabinet, while falling short of the great concentration of all parties hoped for in many quarters, is composed of the safest elements in Parliament, and is the most moderate body of ministers assembled since the elections of May, 1924.

INTEREST IN LOUCHEUR The complete elimination of extremists, both of the Communists and Socialists of the left and the Nationalists of the right, is one of the features.

Acceptance of the finance portfolio by Louis Loucheur has aroused intense interest in financial circles. Loucheur is known to be a man of daring financial and economic conceptions, and his activities as France's cashier will be watched with great attention.

The groups represented in the cabinet by the various ministerial commands 269 votes in the chamber of deputies. It is expected that the more moderate elements of the right and centre will vote with the government on the ministerial declaration of policy next Thursday.

The new cabinet is composed of four senators and nine deputies.

FORMER M. L. A. JAILED

MONTREAL, Nov. 28.—Lorenzo Robitaille, former M. L. A. for Quebec county, yesterday pleaded guilty to illegally selling liquor and was sentenced to serve a month in jail and costs or three additional months.

FRENCH JUMPERS WIN

NEW YORK, Nov. 28.—France triumphed over entries from Canada, Belgium and the United States in the International military jumping competition, during 1925. Each of these is estimated to have spent at least \$20. Quebec therefore benefited to the extent of \$20,000,000, and of this amount it is estimated nearly \$4,000,000 came to the city of Quebec.

MEMORIAL HELD IN CENTENARY

Second Service in City in Memory of Queen Alexandra

Various Ministers Take Part and Address is Given by Rev. Hugh Miller

The pall that hung over the city today seemed in keeping with the reverent spirit of mourning that marked the second public memorial service held here in respect for King George and grandmother of the Prince of Wales. The service was held in Centenary Church beginning at 11 o'clock.

ORDER OF SERVICE

Organ Prelude.....Miss Alice Hea Sentences Rev. W. McN. Matthews, B.D. National Anthem. Rev. W. M. Townsend, M.A. Hymn 47—"O God Our Help in Ages Past." Psalm 90 (responsive) led by Rev. W. J. Johnston Solo—"Going Home" (Optional) Mrs. L. M. Curran Scripture Lesson 1. Rev. Chas. Freeman, D.D. Hymn 58—"For All the Saints" Scripture Lesson 2. Rev. G. B. Macdonald Prayer. Rev. B. G. Fullon Hymn 57—"Perfect Peace" Address and Prayer Rev. Hugh Miller, B.D. Hymn 57—"Now the Laborer's Task Is O'er."

ADDRESS GIVEN

Rev. Hugh Miller in his address to the assembled congregation spoke as follows: "We have met under the shadow of death, a death that has caused untold sorrow in the hearts of the people of the civilized world. There are many signs of the people's poignant grief. Above public buildings and business houses on land and sea, a nation's flag indicates a nation's grief. The commerce of an empire, the functions of government, and the social life of the people feel the death's temporary arrest, as loyal subjects pay a last tribute to one so eminent and so beloved. In the hearts of a people who were loved, there is sorrow real and deep. In places of worship, with bowed heads, solemn music and comforting truths, a nation gives a fitting tribute to the memory and worth of the late Queen Mother, Alexandra. There is mourning throughout the United Kingdom, in the colonies and the many islands and continents that constitute the great empire over which she extended the sovereignty of our King. There is mourning, deep and sincere, in the homes of the eminent and rich, class and the cottages of the poor and lowly. All subjects, irrespective of station and attainment render sincere tribute to one, whose place was beyond reproach and whose memory will be revered for many years to come. Beyond the frontiers of the Empire there is grief, not only in the land of her birth but in the other European countries as well, her passing is marked with genuine feelings and touching tokens of sympathy. In the nation to the south, one hundred and ten million people, bearing homage to a different flag but sharing our ideals, there is sympathy for a neighbor sorely stricken. The words of an eminent American written on an occasion when the relations of the two countries were strained almost to the breaking point, express their sympathy today: "We love her heart, if not the knee to England's Queen, God bless her."

WELCOME TO ENGLAND

"Sixty-two years ago, Princess Alexandra, daughter of the King of Denmark, set foot on English soil. She came as the betrothed of the Prince of Wales. Warm and sincere was the welcome extended to her by members of the royal household and all classes of subjects, fittingly expressed at the time in the words: "O joy to the people and joy to the throne, Come to us, love us and make us your own; For Saxons or Danes or Normans we Teuton or Celt, or whatever we be, We are each all Dane in our welcome of thee, Alexandra."

IN TIME OF WAR

"On two occasions since she became a member of the royal household, has the Empire engaged in major wars, the South African and the great World War. During the first she was Princess of Wales and the second, Queen Mother. On both occasions, free from

Body Sought in Harbor Waters

Fearred Samuel Earle Went Over Maritime Nail Works Wharf

Men in three boats, with grappling, spent morning seeking body. Men in three boats were engaged all morning grappling in search of the body of Samuel Earle, aged 37 years, of 151 Acadia street, who was temporarily abandoned at 12 o'clock but were to be resumed this afternoon. Grappling was carried on by Charles Carlin, brother-in-law of Samuel Earle, and George Wilson in one boat, Edward Dunham and Niles Ring in another, and William Day and Frank Tuttle in a third. At 9 o'clock last evening the tide was running up river and just a short distance above the wharf is a strong current when the tide runs out commonly known as the "slack water rips." So strong was the current at half tide today along the front of the wharf that one man said it was almost impossible to row a boat against it.

PROPERTY SALE

Auctioneer W. A. Steiner announces the sale of the entire sub-division block of land known as Sea View Place, situated on the Sand Point road, Lancaster, to Chas. Robinson, Wright street. This land comprises some 3 1/2 acres, was formerly part of the Murphy estate, purchased by a syndicate about six years ago. It was offered by auction on last Saturday but withdrawn by Mr. Steiner as the highest bid was considered too low. Mr. Robinson now becomes the sole owner of the entire block and it is said developments are contemplated at an early date.

We Thank You All

Every one who wrote the slogan, "Gard is My Jeweller," in the space set in our advertisement of November 6 is to be congratulated. Hundreds of answers were received from many places, even as far west as Regina, Sask. The slogan, having been written 68,623 times by all who tried, shows the interest that was taken in the contest. Some very fine pen and pencil work is among the answers, and the winners are to be highly commended on their work. We have endeavored to give a true and fair decision, and we are glad to announce the following persons; winners. 1ST PRIZE, a gold filled Wahl Fountain Pen and Ever-sharp pencil in case. Won by N. L. Kennedy, 164 Sydney Street, City, who wrote the slogan 771 times. 2ND PRIZE, Lillian M. Mailman, 20 Pleasant St., West Saint John, with 732. 3RD PRIZE—Florence E. Trentowsky, 130 St. James St., City, 666 times. 4TH PRIZE, Mrs. Walter E. Clark, 117 Elliott Row, City, 662 times. A special prize, awarded for a wood carving of the slogan "Gard is my jeweller" accompanying answer of L. M. Mowbray, Greenwich Hill, Kings County, will be forwarded. We cordially invite everyone who took part in the contest to visit our store and see the work done by the winners and others. If the winners will call at any time we shall gladly meet them and give them their prizes.

**Provincial Secretary Will Visit Woodstock Next in Membership Campaign**

The membership drive of the Retail Merchants' Association in St. Stephen has been most successful. Miss Frances Alward, secretary of the provincial branch of the association, said last night when she returned from that town. In St. Stephen several new members have been enrolled and an official credit reporting bureau has been established for the merchants of the town. Charles Mills had been placed in charge of the bureau and its establishment was gratifying to the local retailers, she said.

Miss Alward attended two meetings in connection with the establishment of the credit reporting bureau and also assisted in the membership campaign.

The next town which she will visit in the interests of the R. M. A. campaign for members will be Woodstock.

**New Cellulose Industry For Saint John**

In the last year or so we have heard a lot of talk and read a lot of advertising material concerning automobile finishes. These finishes go under different trade names such as lacquer, duro, duco, etc. The English Duro Nitro Cellulose process is the highest development of this art in which the colored cellulose enamel is sprayed on under high pressure. After going through several interesting processes the automobile emerges with either a dull velvet finish or a high gloss. Unlike a paint and varnish job, the Duro Nitro Cellulose finish is non-scratchable in the ordinary sense of the word, and its gloss improves with rubbing and cleaning.

The Hamm building at 463 Main street, where there was recently a Duco Painting Station, has been taken over by Royden Foley. The old plant is being taken out and replaced with the new Duro Nitro Cellulose equipment which is so complete in its thoroughness that even the air used in the compression is thoroughly scrubbed and cleaned of all foreign matter before coming in contact with the body of the car. English thoroughness prevails throughout this process and, under the capable management of Mr. Foley, cannot but be successful.

ON NATIONAL LINES.

It is recognized in the West, as a result of the Winnipeg conference, that the Maritime Provinces are not merely sectional in their demands for a larger share of the benefits which should result from Confederation.

These provinces have suffered severely from loss of population and it was due to their energetic action that the Winnipeg conference was assembled.

INEFFECTUAL ARROWS.

A GREAT business man whose name is a symbol for success was talking to a reporter, but in this instance not for publication.

"What, Mr. —, really is the secret of success?" the reporter asked. "Luck, really," was the immediate answer, but after the man whose name is known to millions had reflected a moment, he changed his mind.

"I mean to be a success a man must not find success. A paradox, but true. No man is so unhappy as the one who has had his dreams come true."

REMEMBRANCE.

Fragrant and soft the summer wind doth blow. Weary I lie, with heavy half-shut eyes, And watch, while wistful thoughts within me rise, The curtain idly swaying to and fro.

There comes a sound of household toll from far, A woken murmur; voices shrill and sweet, Clapping of doors, and restless moving feet, And tokens faint of fret, and noise, and jar.

Without, the broad earth shimmers in the glare, Through the clear noon high rides the blazing sun, The birds are hushed; the cricket's chirp dies, With tremulous music leaves the drowsy air.

I think—"Past the gray rocks the wavelets run; The gold-brown seaweed sways the ragged ledge, And brooding, silent, at the water's edge, The white gull sitteth, shining in the sun."

SIR HORACE RUMBOLD.

NOW that the Greeks and Bulgars have stopped fighting, temporarily at least, because of the restraining order issued by the League of Nations, the League has appointed Sir Horace Rumbold, British Ambassador to Madrid, as head of a commission to make full inquiry and report on the origin, fact and reasons of the recent fighting.

SIR HORACE RUMBOLD.

Sir Horace was born Feb. 5, 1869, and educated at Eton. His first diplomatic appointment was that of honorable attaché at The Hague in 1888. Passing a competitive examination three years later he was appointed to the British diplomatic corps at Teheran, Vienna, Madrid, Munich, Berlin, Switzerland, Poland and Constantinople.

In 1922 he was granted an allowance for knowledge of Arabic, for knowledge in Persian in 1920, and for knowledge in Japanese in 1920. He was the British Plenipotentiary at the Lausanne Conference in 1922 and chief Delegate at the resumed conference in 1923. In the same year he signed the Lausanne Treaty on behalf of the British Empire.

WOMEN'S COUNCIL PLANS FOR TAG DAY

Removal of Mrs. A. C. D. Wilson as Censor Brings Resolution of Regret

A resolution from the Loyalist Temple of Pythian Sisters was received at the meeting of the Women's Council yesterday afternoon...

REFERENCE TO LATE QUEEN. Mrs. A. W. Estey, president, was in the chair and after she had made feeling reference to the death of Queen Alexandra...

On the motion of Miss Grace W. Leavitt a resolution of regret in the death of Mrs. David McLellan was passed and sympathy extended to the bereaved.

The need of educational propaganda and definite action with regard to the care of the feeble-minded was before the meeting and plans were made for holding the annual Rescued Day appeal on behalf of the Children's Aid Home.

The University Women's Club was welcomed in an address by Mrs. H. H. Pickett from the convocation committee...

Miss Ethel A. Preston, demonstrator and lecturer for the Federal Department of Agriculture, wrote offering to give a series of lectures to further the use of Canadian fruits and vegetables.

Mrs. Estey reported receiving \$3 for the free milk fund from Mrs. Lloyd Kay in China and a resolution of thanks was unanimously passed.

Mrs. T. H. Carter, treasurer, reported a balance of \$30.13 in the general fund and a resolution of thanks was passed for the National Council were fed to be due.

It was decided to hold the annual meeting in the Admiral Beatty in January in afternoon and evening sessions.

A strong plea was made for a whole-hearted co-operation in the annual Rescued Day for the Children's Aid Home to be held Dec. 12.

Those named to head taggers in the various wards were as follows: West Saint John, Mrs. E. J. Wignmore; Dukes, Mrs. Richard Hooper; Sydney, Miss Mary Gunn; Queens, Mrs. Edward Rooney; Duke of St. Lawrence, Mrs. A. J. Mulcahy.

Mrs. A. W. Estey is general convener and heads the general committee. Other conveners were appointed as follows: Refreshments, Mrs. W. B. Tennant; tags, Daughters of Israel; banks, Mrs. A. Nicholse.

Miss H. Dykeman, convener of the committee on the feeble-minded, read a letter from the convener of the national committee, Mrs. Adam Shortt, urging the council to agitate and educate along lines of care of the feeble-minded...

Dr. Shortt recommended the purchase of the book, "The Revolt Against Civilization." Mrs. Estey undertook to buy the book.

Dr. Mabel Haughton told of what had been done in New Brunswick in urging upon the government the establishment of an institution for the care of the feeble-minded.

The resolution was moved by Mrs. E. A. Young, seconded by Mrs. L. Isaacs, and carried unanimously.

Mrs. Wilson, in thanking the members, said she had done her duty conscientiously and she believed only party politics had been responsible for her removal.

The wording of the motion was in part as follows: "The Saint John Council of Women wishes to express its deep regret at the removal of Mrs. A. C. D. Wilson, its nominee, from the censor board of motion pictures for the Province of New Brunswick."

ARCHIVES DIVULGE TALES OF INTEREST OF EARLY SAINT JOHN

James Quinton First Child Born of English Parents Here—First House, First Vessel, First Wharf and Warehouse Recalled.

IN THE DAYS of the pioneer in Saint John, when bands of marauding Indians terrorized the inhabitants, and life had many hardships and struggles, the early settlers strove steadily to their tasks, accomplished that time, and made Fortland Point a prosperous village.

Prior to 1762 but few white people had set foot on the shores of the Harbor of Saint John. Now it was destined to become a trading post, the headquarters for Simonds and White, who were supplied with goods by their partners, Hazen and Jarvis, a firm in Newburyport, Mass.

FIRST CHILD BORN. In the summer of 1762, Captain Peabody, with his wife and children, including his daughter, Hannah, a pretty girl of 12 years of age, arrived from Massachusetts. There were other passengers on the ship, including Hugh Quinton and his wife, Elizabeth. There was no shelter for the women and children other than the old barracks at Fort Frederick on the west side of the harbor.

The life was not easy at Portland Point; there were houses to be built and crops to be planted, and the delicately nurtured women, some of whom had been used to luxury and ease had to rough it in true pioneer fashion.

FIRST HOUSE BUILT. The first framed dwelling to be erected by an English speaking family was raised in the fall of 1762 by Captain Peabody, who soon became a member of the company of Simonds and White.

In 1765, Hazen and Jarvis, the partners in Newburyport, sent some furniture and household goods to Simonds and White in the fall of 1762 by Captain Peabody, who soon became a member of the company of Simonds and White.

Stricken with paralysis while leaving the Highfield street Baptist church, Moncton, after prayer meeting, Mrs. Frances Hovey passed away at the home of her daughter, Mrs. Miles Moore. She was 54 years of age and the widow of George Hovey of Marysville.

Harold K. Sears. The death of Harold Kinnear Sears occurred yesterday at the home of his parents, Mr. and Mrs. G. Bliss Sears, Moncton, after an illness of nine months. He was a veteran of the Great War, having enlisted in 1914 in the Canadian Field Artillery. Since his return he had been in the employ of the C. N. R. at Moncton as a telegraph operator.

Mrs. Frances Hovey. Stricken with paralysis while leaving the Highfield street Baptist church, Moncton, after prayer meeting, Mrs. Frances Hovey passed away at the home of her daughter, Mrs. Miles Moore. She was 54 years of age and the widow of George Hovey of Marysville.

Salisbury, Nov. 27.—The death occurred at her home yesterday of Mrs. Riley R. Herrington after a long illness. She is survived by her husband, one son, LeRoy, of Moncton, and two daughters, Miss Lizzie, at home, and Mrs. Bradley, residing in the Canadian West, also near her home at her native place at Cole's Island. During her long residence at Salisbury, Mrs. Herrington made many friends. She was a woman of winning personality and for many years up to the time of her illness an earnest and energetic worker in the Salisbury Baptist church and Sunday school.

Mrs. Jacob Oulton. SACKVILLE, Nov. 27.—Mrs. Jacob Oulton died yesterday at the home of her daughter, Mrs. Charles Oulton, Jolicoeur. She was 81 years of age and was well known and highly esteemed. She leaves three children, Mrs. Charles Oulton and Wesley Oulton, Jolicoeur, and Mrs. Edgar Smith, Fort Lawrence, N. S., also four sisters, Mrs. Seward Oulton, Upper St. John's, Chatham, Dorchester; Mrs. Martin Oulton and Mrs. Brownell, Amherst, N. S. The funeral will be held Saturday afternoon from the United church, Point DuBout.

Byron McKell. In the death on Tuesday last of Byron McKell, of McDonald's Point, that section of Queens county, lost one of its best known residents. He had been engaged in the general store business along with his farm and market gardening for a long time which made him well known to the falls, and yet another on the road to the "Indian House."

During the first ten years, 2,500 hogsheads of lime were used in the construction of the wharf. Four hundred tons of stone were used in the construction of the wharf. The wharf was not a very imposing building either, but both served their purposes, and lime was shipped away in even greater quantities.

So, accordingly, James Simonds ordered a wharf to be built. Four hundred tons of stone were used in the construction of the wharf. The wharf was not a very imposing building either, but both served their purposes, and lime was shipped away in even greater quantities.

DEATHS

Edward Fitzpatrick. Relatives in the city received word yesterday of the death in Brockton, Mass., of Edward Fitzpatrick, which occurred on Nov. 26, after an illness of about one year.

He was well known in Saint John and throughout the province and his death will be heard of with much regret. His home had been in Brockton for the last twenty-three years and he was engaged in the shoe business there. Besides his wife and one son, Harold, in Brockton, he is survived by his parents, three sisters, Mrs. Emma Rensette, of Brockton; Mrs. William Shortt, of Saint John; and Mrs. Charles Michael, of Portland, Me., and one brother, William, in Saint John.

The funeral will take place on Sunday in Brockton, Mass.

Mrs. Eliza Bunker. The death of Mrs. Eliza Bunker occurred Thursday night at the home of her son, George Bunker, at Tracy. She was aged 87 years. Besides her son, with whom she lived, she is survived by two daughters, Mrs. Alexander Forbes of St. Stephen and Mrs. Harry Wood of French Lake, and two brothers, George and Morrison Meserac of French Lake.

Mrs. Frances Hovey. Stricken with paralysis while leaving the Highfield street Baptist church, Moncton, after prayer meeting, Mrs. Frances Hovey passed away at the home of her daughter, Mrs. Miles Moore. She was 54 years of age and the widow of George Hovey of Marysville.

Harold K. Sears. The death of Harold Kinnear Sears occurred yesterday at the home of his parents, Mr. and Mrs. G. Bliss Sears, Moncton, after an illness of nine months. He was a veteran of the Great War, having enlisted in 1914 in the Canadian Field Artillery. Since his return he had been in the employ of the C. N. R. at Moncton as a telegraph operator.

Salisbury, Nov. 27.—The death occurred at her home yesterday of Mrs. Riley R. Herrington after a long illness. She is survived by her husband, one son, LeRoy, of Moncton, and two daughters, Miss Lizzie, at home, and Mrs. Bradley, residing in the Canadian West, also near her home at her native place at Cole's Island. During her long residence at Salisbury, Mrs. Herrington made many friends. She was a woman of winning personality and for many years up to the time of her illness an earnest and energetic worker in the Salisbury Baptist church and Sunday school.

Mrs. Jacob Oulton. SACKVILLE, Nov. 27.—Mrs. Jacob Oulton died yesterday at the home of her daughter, Mrs. Charles Oulton, Jolicoeur. She was 81 years of age and was well known and highly esteemed. She leaves three children, Mrs. Charles Oulton and Wesley Oulton, Jolicoeur, and Mrs. Edgar Smith, Fort Lawrence, N. S., also four sisters, Mrs. Seward Oulton, Upper St. John's, Chatham, Dorchester; Mrs. Martin Oulton and Mrs. Brownell, Amherst, N. S. The funeral will be held Saturday afternoon from the United church, Point DuBout.

Byron McKell. In the death on Tuesday last of Byron McKell, of McDonald's Point, that section of Queens county, lost one of its best known residents. He had been engaged in the general store business along with his farm and market gardening for a long time which made him well known to the falls, and yet another on the road to the "Indian House."

During the first ten years, 2,500 hogsheads of lime were used in the construction of the wharf. Four hundred tons of stone were used in the construction of the wharf. The wharf was not a very imposing building either, but both served their purposes, and lime was shipped away in even greater quantities.

So, accordingly, James Simonds ordered a wharf to be built. Four hundred tons of stone were used in the construction of the wharf. The wharf was not a very imposing building either, but both served their purposes, and lime was shipped away in even greater quantities.

WEDDINGS

O'Shaughnessy-Kingston. NEWCASTLE, Nov. 27.—A very pretty and interesting wedding was solemnized in St. Thomas church, Red Bank, at 5 o'clock, Tuesday morning, when Rev. F. C. Ryan united in marriage Margaret A. Kingston, daughter of Mr. and Mrs. Paul Kingston, of Wayerton, and Patrick O'Shaughnessy, only son of the late Michael and Mrs. O'Shaughnessy, of Chaplin Island Road. The ceremony was followed by Nuptial Mass.

The bride looked very pretty in a suit of navy blue polka-dot tulle and hat to match and was given in marriage by her father. She was attended by Miss Masie Murdoch, of Loggieville, who wore navy blue suit with hat to match. The groom was supported by John Ryan, Chaplin Island Road.

Following the ceremony the bridal party motored to Newcastle where a dainty wedding breakfast was served in the Miramichi Hotel. The young couple left on the southbound Limited Express for a honeymoon to be spent in American cities.

The bride is a graduate of the Boston City Hospital and the groom has his degree of B.C.S. in Civil Engineering from McGill University. On their return they will reside in Chaplin Island Road. Their many friends will extend best wishes for future happiness.

COUNCIL TO ASSESS FOR 1925 DEFICITS

At a special meeting of the finance committee, held yesterday afternoon in the Court House, it was decided to pay the various institutions the face of their warrants and assess for the deficit in 1925.

The warden, chairman of the finance committee and county secretary were appointed a committee to deal with the tenders for county bonds and it was decided to pay John H. Adams \$800, which has been kept back on his contract on the Court House restoration.

The meeting was presided over by Hon. R. W. Wignmore, warden, and there was present, Councillors Frank Bullock, Harding, O'Donnell, O'Brien, Golding and Smith, with the county secretary and county accountant.

The institutions which will receive the face of their warrants are: General Public Hospital, Board of Health, Municipal Home and Saint John County Hospital.

Arrangements were also made to finance the short collections on certain sinking fund accounts for the Parish of Lancaster and Nurses' Home, these to be assessed for in 1926.

What Can a Stenographer-Mother Do With Her Small Children During the Day?—How Can a Girl Attract Boys?—Why Children Become Selfish and Ungrateful Towards Parents Who Spoil Them.

DEAR DOROTHY DIX—My husband is in a sanatorium, and there is no likelihood of his ever being out again. I have two small children, aged 4 and 5 years. I am employed as a stenographer and make a fairly good salary. As far as money is concerned, I can pay my own way, but my trouble is in getting some one to care for the children. I have tried boarding with them, but it is unsuccessful. The children are sweet and lovable and well-mannered, but, of course, they are noisy and restless, and every night when I come home from work the woman we board with is full of complaints about how they have annoyed her. My husband's people are willing to take the children, but only on condition that I give them up altogether, and I cannot bear to do this. Can you suggest any way out of the dilemma? YOUNG MOTHER.

ANSWER: If you have sufficient income to afford it, the thing to do would be for you to establish a home of your own, and employ a competent governess to take care of the children. But this would require a good deal of money; more, I fear, than you earn.

DOROTHY DIX

To leave your children in charge of just an ordinary, uneducated, ignorant servant is to run a great danger of their being neglected, and of their being taught things that you would not wish them to know. Your plight suggests a crying need for the establishment of some sort of supercharge, where children who are past the baby stage can be left by their mothers who are employed during the day. Here is a tip for some of the intelligent, educated women who want to earn money in their own homes. They might, with profit to themselves, establish day homes for children in which mothers could leave their youngsters when they went to work, or went shopping, or to the matinee, certain that their little ones would be well taken care of and amused and made happy.

I certainly should not advise you to give your children to your in-laws, unless you can absolutely find no other way of taking care of them. Your mother heart would cry for them unceasingly, and you would be utterly miserable without them. And to deprive your children of a mother's love and care and tenderness is to rob them of the most precious thing that life can ever give them.

But what cold and callous creatures your husband's people must be that they ask this sacrifice of you! Surely you have had sorrow enough in your husband's misfortune to make them pity you, and try to lighten your life, instead of taking from you the last ray of sunshine in it! And the brave way in which you have gone to work to support yourself and the children should rouse their admiration, and make them glad to lend you a helping hand over this rough spot in your life. For in a little while your children will be old enough to put in school, and that will automatically solve the problem of what to do with them.

DOROTHY DIX

DEAR MISS DIX—Will you please answer the following questions for a club of five 16-year-old girls:

- First. What is it about a girl that attracts boys to her?
Second. If a boy likes a girl, will he find means of getting acquainted with her?
Third. How does a girl become attractive?
Fourth. If a girl likes a boy, how can she make him like her?
A CLUB OF FIVE GIRLS.

ANSWER: First. The chief thing that boys like about girls is their just being girls. The attraction of the sexes is the primal law of nature.

Beyond this general attraction is the specific attraction of the individual. There is an instinctive bond between certain individuals. No man knows why he falls in love with the particular woman he does. No woman can tell why she is sure that a certain man is just the one man for her.

Broadly speaking, the things that boys like in girls are for the girls to be pretty, dress tastefully, to be good dancers, and to have a good line of jolly. Boys like girls who are easy to talk to, and pleasant to get along with, and who are sweet and amiable.

They don't like a girl to run after them, neither do they like a girl to be too difficult.

Second. Certainly any boy who likes a girl will find some way of getting acquainted with her. And if he likes her, he will tell her so. No man is too shy to ask for what he wants.

Third. A girl can make herself attractive by dressing in good taste, and learning how to walk and stand properly. She can add to her attractions by learning to play a good game of bridge and golf and tennis, and especially by becoming a nice dancer. The girl who can play on the piano and sing has a headliner attraction.

But good nature and a jolly disposition are the greatest attractions of all.

Fourth. There is no "follow-this-rule-and-you-cannot-fail" recipe for winning the heart of a man.

All that a girl can do is just to make herself as agreeable to him as she can, and trust to luck that she will win him. DOROTHY DIX.

DEAR DOROTHY DIX—I worked hard, and made a fortune, which I lavished on my children, who are now all grown. Through no fault of my own I have now lost my money, and my children abuse me for not having a fortune for them to spend. Why should they be so ungrateful when they had all that I made in thirty years? FATHER.

ANSWER: I suspect that the reason why your children are selfish and ungrateful is because you spoiled them, because you raised them up to think of nothing but themselves and their own pleasure. I am strongly of the opinion that parents reap just what they sow in their children, and that when their children mistreat them it is their own fault. You cannot cultivate selfishness and greediness, and lack of consideration for others in anybody for twenty or thirty years and then expect them to be unselfish and considerate and altruistic.

Every father writes his own price tag for his children. If he lets them speak impudently to him and defy his opinion when they are little, they will come him when they are grown, and treat him with contempt, but if he forces them to treat him with respect, they grow up honoring and reverencing him. If a father makes of himself nothing but a cash register for his family, he should not be surprised that they kick him around when the register is empty.

If you had taught your children to think of you, and to do things for you, and to appreciate what you did for them when they were little, you would not now have cause to complain of their ill treatment of you. DOROTHY DIX. Copyright by Public Ledger Company.

The Old Order Passeth

With The Women of Today

ance that fits over your head and comes down on your chest. It weighs about 60 pounds and air is pumped into it constantly while you are roaming about on the bottom of the ocean. Miss Rose says the first time she went down wearing one, as she stepped from the boat to the ladder down, which she was to descend to the floor of the sea, someone remarked, "This is the place we saw that big shark yesterday." "So nice of you to speak of it," said she, but she did not climb back into the boat for Mr. Beebe had frequently remarked that it was his wish that no self-respecting shark would attack a human under ordinary circumstances and Miss Rose had faith in his theory. And the intrepid young woman says her faith was justified. She saw a number of sharks during her observations and the only sign they gave of seeing her was to cock a curious eye in her direction.

ADVENTURES OF THE TWINS

ROBINSON CRUSOE'S STORY. The Twins certainly were surprised in a tree at night, so I would be safe, when the man in the picture came to life and said that he was Robinson Crusoe, and invited them in to make him a visit. They were still more surprised when he whistled and his man Friday came running. Also his dog, two cats, and a goat appeared—and a large green parrot, which flew up on Robinson Crusoe's shoulder and sat there. "Won't you sit down and listen to my story?" said Robinson Crusoe. "I have a lot to tell as I was on this desert island for a good many years after I was shipwrecked, and a lot of things happened to me here. I just came back the other day to visit. For, you know, I was rescued." "I can't stay," said Mister Blue Cap. "I shall have to step out of the picture frame and go back to the picture gallery and pretend that I am a guard again—instead of a fairy. But the Twins may stay for a while." "But where shall we go when our visit here is over?" asked Nancy. "Oh, I'll come back and get you both," said Mister Blue Cap. "You can't stay very long, either, as there are other pictures to visit. All the picture people know you are here, and they will be looking for you." He left them, and Robinson Crusoe and his black man, Friday, and the Twins, sat down in a circle—their legs crossed Chinese fashion. The animals sat down, too, and listened to the story—as if they didn't know it all before hand! Even the goat stood by as if he wanted to hear it all over again, too! "Now, I'll tell you why I like to rest in a tree," said Robinson Crusoe. "When I was first shipwrecked on this island, I had no place to go, no place to sleep, no place to eat—nothing! I didn't know anything about the country, or what wild beasts might be prowling around. So I took to sleeping in a tree at night, so I would be safe, and made a bed of leaves and branches and fixed it so I could not fall out, and got to like it very much. "Afterwards I built a hut of saplings, and covered them with goat-skins, and around this I built a high-pointed fence. I felt safer than, of course, and stopped sleeping in a tree, but I often came back to my island. Then I got up into my tree and live over the old times. "Come and I'll show you my hut, where I lived for so long," he said. So they all got up, and followed Robinson Crusoe to a place in the woods where a number of trees had been cleared away. There stood an old tumble-down shanty of the oldest sort. Then they went inside and saw the queer, crude furniture and dishes Robinson Crusoe had made years ago. He also showed them his old goat-skin clothes and cap and even his old goat-skin umbrella and his churn for churning the goat's milk into butter. "I was very lonely until Friday came to keep me company," he said. "Friday and my dog and cats were faithful friends. Also my parrot." Just then Mister Blue Cap came back. "Say 'good-bye' to Mister Crusoe and Friday, children," said he. The people in the next picture wanted you to visit them." "Good-bye," said the Twins. "Good-bye," said Robinson Crusoe. "I think I'll crawl up into my tree again and watch for ships." When the Twins stepped down the magic steps out of the picture, Mister Blue Cap closed the glass and turned the look in the golden frame. By this time Robinson Crusoe was up in the tree again. Gone were Friday and the animals. Everything was exactly as before. To Be Continued.

CANADA'S BALANCE OF TRADE IMPROVES MUCH IN 12 MONTHS

Exports Increase \$121,914,186; Imports Gain \$46,530,420 For Period

BUSINESS WITH U. S. FURTHER GROWS

More Goods Shipped British East and West Indies, Australia, Etc.

OTTAWA, Nov. 27.—With an unparalleled increase in exports of \$121,914,186, the net improvement in Canada's favorable balance of trade for the 12 months ended Oct. 31, last, as compared with the preceding 12 months, was \$77,283,766, the increase in imports being only \$46,530,420.

MORE TRADE WITH U. S.

While there was a much larger volume of trade between Canada and the United States than with the United Kingdom and the British Empire as a whole, the Dominion's favorable balance against the United Kingdom was improved to a greater degree than the adverse balance held by the United States against Canada.

INCREASES TO INDIES.

Exports to the British East Indies increased by over \$2,000,000, to the British West Indies they increased by over \$1,000,000; to New Zealand they jumped nearly \$2,000,000; to Argentina they increased by over \$2,000,000; to Belgium they increased by over \$2,000,000; to Brazil they nearly doubled; to China they dropped heavily; to France they decreased by over \$500,000.

U. S. Treasury Revokes All Home Wine Making Permits

WASHINGTON, Nov. 27.—While the Treasury was taking another step toward tightening prohibition restrictions, the Department of Justice made public a report of its last year's work, declaring prosecutions for liquor law violations had been more successful. The Treasury action came in an announcement by Assistant Secretary Andrews of a ruling revoking all permits for the manufacture of wine by householders, one of the last pre-prohibition exemptions to be wiped out, and instructed Internal Revenue Collectors to issue no more permits. More than 200,000 such permits, which allowed the holders to make 200 gallons of wine a year without license or tax are said to be outstanding.

Later in the day Mrs. Mabel Walker 000,000; to Germany they increased by over \$9,000,000 or nearly 40 per cent.; to Greece they dropped by over \$5,000,000; to Italy they decreased by about \$5,000,000; to the Netherlands they nearly doubled to \$21,468,454, and to Sweden they increased by about \$800,000.

GAINS IN COMMODITIES.

In commodities exported from Canada there are large increases in wheat flour, meats, metals (gold increased nearly \$7,000,000 to \$32,440,294), automobiles, lead, which nearly doubled, to \$13,732,791; nickel, newspaper, which increased over \$6,000,000 to high level of \$96,167,146, and sugar, which more than doubled to \$19,339,655. Canada's whiskey exports increased by over \$2,000,000 to a total of \$12,400,961, while Canada's whiskey imports increased by over \$500,000 to a total of \$14,315,493.

**Coroner's Jury Say No Blame

Death**

**Workmen Says Must Have  
Been Flaw in Cable Carrying  
Beam**

A VERDICT of accidental death with no blame attaching to anyone was found at the inquest in the court house last night before Coroner F. L. Kenney into the death of James Baldwin, who was killed by the boom of a steam crane working on the old Cantlebridge last Wednesday. Several witnesses were heard and those associates of Mr. Baldwin, who told of the accident, all declared that some fault or flaw in the cable which snapped must have been responsible for the breakage.

Dr. John A. Stewart, interne at the General Public Hospital, told of seeing the deceased when he was taken to the institution. The diagnosis made after death, which occurred within ten minutes of the time the unfortunate man reached the hospital, showed a fractured skull as the cause, he said.

Arthur McLeod, the engineer in charge of the crane, said he had been rolling up sleepers along the bridge. He had about 25 sleepers in the bundle and had just about completed rolling them up when he saw the cable holding the boom of the crane break. It was a five-eighths inch cable, he said, and he thought it should have stood a strain of ten tons. He thought there must have been a flaw in the cable.

Edward Anderson, acetylene burner, who was near the victim of the accident when he was struck, and Jeremiah Hansen, laborer, who was also near, told of the accident. They agreed that there must have been a flaw in the cable.

Samuel E. Miller, superintendent with the H. T. Gilman Company which is wrecking the bridge, said the cable was a new one. He was not present at the time of the accident. He thought there must have been a flaw in the cable.

W. V. Brennan, assistant superintendent, told of buying the cable in a local hardware store on Sept. 29. He had not seen the accident. Mr. Miller, in his evidence, said that the crane was not working at anything near its capacity weight as it was supposed to be good for 12 1/2 tons. The cable had been looked over on the Monday previous to the accident and there had been no visible flaw.

Coroner Kenney reviewed the evidence and the jury, after a short deliberation, brought in a verdict of accidental death.

The jury was composed as follows: Charles Farrand, foreman; William Crabbe, A. Judson Dryden, James Laidlaw, Hugh Milley, William J. Swanton and John Henneberry.

NEW YORK, Nov. 27.—S. Parker Bremer, of Boston, head of the dry-goods and cotton firm of Parker Wilder and Company, and member of an old Massachusetts family, was missed from the Furness Bermuda liner Fort Victoria, as that vessel, delayed by heavy seas, steamed toward New York from Bermuda yesterday.

The room toward early this morning found Bremer's stateroom deserted and a note on the table, which read:

"Please notify Parker Wilder and Company, No. 215 Fourth Avenue, New York, and No. 99 Chauncey street, Boston."

Mr. Bremer's clothing was hanging on a chair. Apparently he had left his stateroom in pajamas.

Mrs. Bremer, who had expected to spend Thanksgiving Day with her husband and was awaiting him here, said that her husband had been depressed over financial reverses.

"It was the head," she said, "of the largest cotton concern in Boston and

**Chief Warden Objects, But  
Judge Issues Order With  
Frigid Remark**

LONDON, Nov. 27.—An application for permission for the wives of the Communists who were sentenced to prison on Wednesday to see their husbands was made today before Mr. Justice Swift, who presided at the trial.

The chief warden at Brixton prison, where the Communists are confined, remarked that "it would be very inconvenient" if this application were granted.

"Then let the inconvenience be overcome," frigidly said the judge, who made an order permitting the visit.

Accordingly, the prisoners' wives went in a body to the Brixton Prison, where every latitude was extended to them that is ordinarily extended to prison visitors.

**SHAW PAINTS LIFE  
IN SOCIALIST STATE**

**Sees 4-Hour Work-Day, Same  
Income For All; Urges New  
Religion**

LONDON, Nov. 27.—Picturing life in an idealistic socialist state, George Bernard Shaw wound up the Fabian Society's annual popular lecture course last night by declaring the standard day would be four hours work, eight hours sleep and four hours for drinking, dressing, undressing and a little resting. That would leave eight hours for leisure.

The first postulate of the socialist, said Shaw, is that everybody must have the same income; for a persons to

get a penny more or less than his fellows would be a crime.  
He declared every child should be given communistic education and defended birth control and divorce, asserting that marriages were happy only by the method of trial and error. He advocated a new western religion, and in fact, said everything provocative he could think of, seemingly enjoying himself thoroughly before a crowded house.

**NEW LAMP BURNS  
94% AIR**

**Beats Electric or Gas**

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been introduced by the U. S. Government and 38 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, O. K. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

M'ADAM, Nov. 27.—A Baptist church was organized here yesterday. The following churches sent delegates to the advisory council: Brunswick street, Fredericton; George street, Fredericton; Germain street, Saint John; Charlotte street, Saint John; South Side, Woodstock; Tracey, Fredericton Junction and Union Church, St. Stephen.

Among the ministers from various parts of the province, were Rev. W. C. Goucher, D. D., of St. Stephen, who was appointed chairman of the council; and Rev. S. S. Poole, D. D., Saint John, who was appointed secretary. Other clergymen present were the Rev. W. B. Crowell, of Grand Harbor, Grand Manan; Rev. G. C. Warren, Fredericton; Rev. R. S. Gregg, Woodstock; Rev. E. S. Mason, superintendent, Home Missions; Rev. H. R. Boyer, general secretary, and Rev. L. W. Wallace, acting pastor and pastor-at-large under the Home Mission Board.

Among the laymen present were Mayor DeWolfe, of St. Stephen; Whitman Brewer, R. B. Wallace and Arthur Porter, of Fredericton; Ernest Tracy and C. Tracy of Tracy, C. J. Peterson, of Fredericton Junction. The council unanimously recommended that the Baptists at M'Adam organize at once into a Baptist church. The organization took place during the afternoon, a large number of Baptists being present. At the close of the organization a supper

was served, and in the evening a public service was held, which was largely attended. The charge to the church was given by Rev. H. R. Boyer and the welcome into the denomination by the Rev. E. S. Mason. Rev. L. W. Wallace acted as chairman.

There were almost a hundred at the Sunday school last Sunday, while the Sunday services have had large congregations. It is expected that the new Baptist

church will in the near future build on a centrally located lot which they have already procured. Rev. L. W. Wallace will remain as pastor for several months, after which a permanent pastor will take charge.

make possible this Sedan of fine quality — at the lowest price ever placed on a Sedan by Studebaker.

THERE was a time when the automobile buyer seeking greatest value for his dollar was justified in considering a car of second grade quality, which was reasonably satisfactory from the standpoint of transportation alone.

But with the advent of Studebaker's One-Profit manufacturing policy, cars of the finest quality, such as the Standard Six Sedan illustrated above, are now only slightly higher in price than those of second grade.

This small difference in price is practically nothing in comparison to the vast difference in materials and workmanship—plus increased pride of ownership, the extra service and longer life—that a Studebaker gives.

Under this One-Profit system we build in our own plants all bodies, engines, clutches,

steering gears, differentials, springs, gear axles, gray iron castings and drop forgings. Thus we eliminate extra profits and overhead that other manufacturers (except Ford) must pay to outside parts and body makers—and what we save goes to the buyers of Studebaker cars.

And because we have facilities for manufacturing all vital parts on this One-Profit basis, we are able to design, engineer and build every Studebaker car as a complete, harmonious unit. Being Unit-Built, the Studebaker functions as a unit—with all the advantages of unit over assembled construction.

The result is years longer life—scores of thousands of miles of excess transportation—greater riding comfort—minimum repair costs—and, finally, higher resale value.

**A Unit-Built Car—A One-Profit Value  
Value stabilized by "No-Yearly-Models"**

THIS fine 5-passenger Sedan is upholstered in genuine wool cloth. Carpets are wool. Windows are real plate glass. Four wide doors.

Equipment includes a clock, gasoline gauge, coincident lock, automatic windshield cleaner, ash receiver, stop light, rear vision mirror, lighting control on steering wheel, and full-size balloon tires.

The body is Studebaker built—framework of fine white ash and hard maple.

The engine is the most powerful in any car of its size and

weight, according to rating of the Society of Automotive Engineers.

Slam the door and the sound says "quality." Swing on the door. Run one wheel up on the curb and note how the doors still open and close—how the motor still runs smoothly. Sit on the firm, heavy fenders. Try the steering gear. See how easily it handles the full-size balloon tires. Test the comfort of the deep rear seat.

This is Studebaker's lowest priced Sedan—and it is all quality. Come in and find out for yourself the extra value offered.

**The Greatest Electric Range  
Improvement ever made—the  
New Element—SPEEDIRON**

HERE is an achievement which gives the McClary's Electric Range undisputed leadership over all Electric Ranges.

The Speediron Element overcomes all the weaknesses common to open elements and combines the advantages of protected elements.

Can Be Removed Instantly

McClary's new Element—Speediron—can be removed in a second or two—no bolts, screws or wire connections to loosen. Just lift it up—that's all.

—has a smooth top cooking surface without open grooves or exposed wires that water or grease might harm or "muck up."

You can use the smooth top of a McClary's Electric Range with Speediron Elements just as you would an old-fashioned cook stove—it cannot be damaged by pots or pans or knocks or spills.

**Lifetime Service Coils—  
Easily Renewed**

As durable as iron protection can make it, with coils that last much longer than coils in open elements, because they are not exposed to accidents and can be easily and inexpensively replaced should they burn out.

In a moment, by removing one bolt in the unit, the burnt out coil is exposed and may be replaced—almost as easily as a burnt out bulb in a lamp socket.

**Come and See It**

If you have an Electric Range you will want to see this new, splendid improvement, because you know all about Electric Range troubles now. If you are going to buy an Electric Range you should see the Speediron Element in McClary's Electric Range—the trouble-proof Element. The Speediron Element is now on view at all leading dealers. Come and see it—today.

SAINT JOHN CITIZEN RECALLS BIG DAYS AS ONE OF THE MOUNTIES

Forty Years Ago This Week William Armstrong and Others from Here Went to Northwest Famous Police Force.

FORTY years ago this week—on Nov. 25, 1885—a squad of 22 stalwart young men from various parts of New Brunswick, many of them from Saint John, in a little steamer in Dock street, were sworn in as members of the Royal Northwest Mounted Police.

The Saint John band was recruited by Major Joseph Howe as reinforcements for the Mounties; they were based upon as to physical fitness by Dr. Z. O. Earle in his office in Union street, and left here on a special train from the railway station at the foot of Dorchester street—the site of the present Union Station was then nothing but a pond.

GET BUFFALO COATS.

On the way west, Montreal was circumvented on account of the fact that an epidemic of smallpox was raging there, but the party stopped at Ottawa and received their first issue of field equipment—a buffalo skin coat, which for many years was a distinguishing mark of the Mounties' winter dress.

Regina was the first objective of the recruits, but it was a much different place from the Regina of today. Set in the middle of a wide stretch of practically unsettled country, it was hardly more than a relay station for travelers making their way across the great Dominion. The Mounties-in-the-making went into barracks at Regina—log wooden structures lined with bunks on either wall, with small stoves against an almost impotent battle against the rigors of the prairie winter.

SAYS FOX INDUSTRY HAS OUSTED FISHING FROM SECOND PLACE

Summerside Rancher States Turnover This Year Will Be Around \$2,000,000

REPORTS CHANGE IN THE LOBSTER TRADE

Being Shipped Live to Boston Instead of Canned, Rogers Explains

MONTREAL, Nov. 27—Silver foxes have now ousted fishing as the second industry of Prince Edward Island, according to B. Graham Rogers, prominent fox rancher of Summerside, P. E. I., who is a visitor in the city.

"This year the silver fox industry turnover will be in the neighborhood of two million dollars in Prince Edward Island," said Mr. Rogers. Agriculture remains the leading industry of the province.

LOBSTER BUSINESS CHANGED.

The lobster business had taken a change from the canning specialty to shipment alive direct to Boston in tank steamers, the result being that canned lobster was as scarce in Prince Edward Island as in Montreal.

THIS BLOOD BUILDER AIDS APPETITE AND PROMOTES DIGESTION

Many People Who Have Been Helped Strongly Recommend Dr. Williams' Pink Pills to Those Who Suffer.

There are thousands of people who do not get the proper nourishment from the food they eat, because their digestion is defective. Food that lies undigested in the stomach is not merely wasted, but will ferment and poison your system. Flatulence and sour risings in the throat follow and unless you are careful, you will become a chronic dyspeptic.

By toning up the stomach to do the work nature intended, you will remove the cause of the trouble. Nothing will more promptly restore the digestive organs than good new blood. Stomach, nerves and glands all depend on the blood, and when it gets thin and watery they are at once weakened. It is because of their action in building up and enriching the blood that Dr. Williams' Pink Pills have proved successful in so many cases of indigestion where ordinary medicines have failed.

The new rich blood quickly tones up the digestive organs; the appetite improves and you are able to eat with comfort and get full nourishment from your food.

Nervous Indigestion. There can be no perfect digestion unless you have rich, red blood. This is scientifically true. The way, then, to tone up the stomach is to enrich the blood.

Most stomach remedies try to digest your food for you. How much better it is to tone up the stomach so that it will do its own work as nature intended. There is no pleasure in eating predigested food. Tone up your stomach, then your appetite and digestion will soon be normal.

If your digestion is weak and your blood thin, you need Dr. Williams' Pink Pills to restore the strength to your blood; in addition use care in the selection of your diet and your stomach will soon pass away. Mrs. Charles La Rose, Fruitland, Ont., suffered severely, and tells what Dr. Williams' Pink Pills did for her. She says: "I was a terrible sufferer from stomach trouble. The doctor called it nervous indigestion. Everything I ate distressed me, and I became so weak and run-

down I could hardly walk. I had a pain around my heart most of the time, and I slept very poorly. I was afraid I would not get well, as the doctor's medicine was not helping me. In this serious condition Dr. Williams' Pink Pills were recommended and I decided to try them, and I can truthfully say that they made me feel like a new person. I will always give this medicine a word of praise when I get a chance for I think there is nothing to be compared with it for dyspeptics, or any one weak, nervous or run-down."

Stomach Rejected Food. Miss Mollie Averill, Clamville, Mass., has proved the great value of Dr. Williams' Pink Pills as a remedy for stomach trouble. She says: "Some years ago I had a terrible attack of stomach trouble. My stomach rejected all food and I could not even keep down a light custard. I tried some tablets recommended for dyspeptics, but they did not do me a particle of good. Then I got medicine from a doctor, but with no better results. By this time I had changed from a robust, healthy girl to a complete skeleton, losing flesh daily. Then my parents asked me to try Dr. Williams' Pink Pills and I began their use. After taking them for a short time I began to feel better and continued the treatment until I was completely restored to health. Since on rare occasions when I have felt the need of a tonic, I turn to Dr. Williams' Pink Pills and they never disappoint me. Most members of our family have at some time taken the pills with good results, so I now always recommend them to all in need of a reliable tonic."

Feeling Tired Out. The man or woman who is tired out, who aches all over when arising in the morning, who feels depressed most of the time, needs just the help that Dr. Williams' Pink Pills can give—new blood and strong nerves. The number of disorders that are caused by thin blood is amazing and most people are careless about it. They do not refresh by rest. There may be stomach trouble and headache. This is a condition that calls for Dr. Williams' Pink Pills. Give Dr. Williams' Pink Pills a fair trial and the first sign of new life will be noticed in your appetite. You will be hungry by five o'clock. As the blood becomes enriched it feeds and soothes the irritated nerves, sleep becomes sounder and more refreshing, your worries become less, your weight lighter. These are some of the things that these tonic pills do. Try them for any trouble caused by thin blood.

Was a Great Sufferer. Another who has been relieved from the pangs of indigestion, and does not hesitate to say so, is Mrs. Adolphus Villeneuve, R. R. No. 2, Apple Hill, Ontario. If you cannot obtain Dr. Williams' Pink Pills from your druggist, send to the above address and they will be mailed you postpaid at 50 cents a great sufferer. I doctored for four

Pastor and Wife Receive Gifts

WESTFIELD, Nov. 27—The Rectory at Woodman's Point was the scene of a very enjoyable event on Thursday evening when the twentieth anniversary of Rev. and Mrs. A. J. Pastone was celebrated and there was a large gathering of friends from all parts of the parish. A short Bible on behalf of the congregation presented a beautiful set of dinner and tea dishes to Mr. Pastone and was surrounded by Mr. Pastone the high esteem and affectionate regard of his parishioners. A lovely bouquet of flowers was presented to Mrs. Pastone. Mr. and Mrs. Pastone had been completely surprised by the presentations but both responded feelingly. The evening was spent in merriment and dainty refreshments were served. The bride cake was cut by Mrs. Pastone. It was beautifully decorated with flowers and presented by a miniature bride and groom with a miniature officiating minister. The guests, before they left for their homes, were entertained with good wishes to Mr. and Mrs. Pastone for very many happy anniversaries.

Whatever You Do Don't Neglect Your Eyes, Says Dr. Lewis, Who Tells How to Strengthen Eyesight 50% in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home. PHILADELPHIA, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. He says neglect causes more eye troubles and poor sight than any other one thing. Many whose eyes were failing say they had their eyes restored through the principle of this wonderful free prescription. One man says he had been almost blind; could not see to read at all. Now I can read not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they rest fine all the time. It was like a miracle to me. A lady who used it with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bun-Opto tablets. Drop one Bun-Opto tablet into a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

NOTE: Another prominent Physician to whom the above article was submitted said: "Bun-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them." The manufacturer's guarantee is to strengthen eyesight 50% per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family. It is sold in this city by all leading druggists.

Activities of Troops and  
Packs in Week Are  
Detailed

Each week shows increased activities among the Scouts and Cubs of this city. The biggest feature of scouting here for some time will take place on Tuesday evening when a display of scouting will be given in St. Vincent's auditorium in honor of Dr. James W. Robertson, Chief Commissioner for Canada. It will take place at 8 p.m. and will include an address from Dr. Robertson, who will present the silver cross for gallantry to Scout Harry Jones of No. 6 Edith Ave. Troop, who was instrumental in saving two girls from drowning in Little River on July 8.

The display will be attended by the Scouts and Cubs of the city and they have been instructed to invite their parents and friends. No admission fee will be charged, and it is hoped that all those interested in the movement will make an effort to attend.

The programme will include such features as fire by friction, rope spinning, signalling towers, council fire songs, first aid demonstrations.

On Monday evening the Wolf Cubs from No. 5, St. Jude's Pack, and No. 23, Assumption Pack, will attend a lecture in the Natural History Museum, while on Wednesday Cubs from No. 9, the Kirk Pack, and No. 21, St. George's Pack, will have their turn at the museum. Dr. McIntosh will be the lecturer on both occasions and will give an interesting talk on birds, conduct a tour of the museum, and tell some delightful Indian legends. The Cub lectures are proving very popular with the city Cubs.

**FAIRVILLE UNITED TROOP.**  
Our meeting of last Friday evening had 18 fellows present, which made the attendance 100 per cent. A. S. M. Gordon Pinkerton is in charge, and a very interesting programme was carried out. The inter-patrol competition is keenly contested, with No. 2 patrol in the lead and the others close on their heels. Our fellows expect to complete their Tenderfoot tests at the next meeting. Scout work and games were greatly enjoyed at Friday's meeting, while the council circle with an artificial fire was a huge success, with its program of songs, stories and jokes, in which every fellow took an active part.

**ST. JUDE'S TROOP, NO. 5.**  
On Monday evening our meeting opened at 7 o'clock with Scoutmaster F. A. Linton in charge. An excellent program was carried out with plenty of enthusiasm. It included games, patrol corners with P. I.'s in charge. Distance judging for those Scouts who are working for their first class badge and an election of leaders took place at the meeting of the court of honor. The sing song was a complete success. Sixteen Scouts were present, as well as visitors from St. George's and city troops. The meeting closed at 9:20.

**ST. JAMES' PACK, NO. 19.**  
The entire pack was present at a supper held on last Tuesday evening to celebrate last season's inter-six competition, which was won by the Silver Six, each of the members of which received a Cub diary as a prize. The members of the Silver Six were Ralph Bonnell, Harry Cantor, Leslie Ivany, Hedley Ivany and Simeon Cramme. Rev. H. A. Cody was a guest of honor, and expressed himself well pleased with the progress of the pack. District Sec. L. L. Johnson presented badges to the following boys: Tenderpad to George Besley, Hazen and Norman Stanhope, and Gilbert Cromwell; First Stars to James Brown, Leslie Ivany, George Lake, John and Eddie Collins, and Raymond Peatman. Six Scouts, who have just recently gone into the troop from the pack, were present. An enjoyable program of games and moving pictures followed the supper. We are very grateful to the ladies of the W. A. who did so much to make the supper such a splendid success. Assistant Cubmaster A. N. Peatman was congratulated on the progress the pack is showing under his leadership.

**SUNRISE TROOP NO. 4.**  
The regular meeting of Sunrise Troop took place in their hall last Wednesday evening with the A. S. M. in charge. The following program was carried out: Flag inspection, signalling by P. L. Roy Hughes; compass tests, Akela says; and the opening talk of a series on the Healthy Man's Badge by the A. S. M. Games and flag lowering completed the evening's activities. Our soccer team met the team from No. 6 Edith Avenue Troop last Saturday afternoon on the East End ball grounds, the score was 4-0 in our favor. H. Thompson refereed the game to the satisfaction of all. Troop No. 6 only played ten fellows. We expect to play Knox Troop today also in competition for the Brindle Cup. Here's to the winners.

**YOUNG JUDAean TROOP NO. 13.**  
Our regular Wednesday night meeting was full of pep with a good attendance of fellows. A. S. M. Ellman was in charge and after the opening of the meeting Miss L. E. Barber gave the second week's instruction in ambulance work. Our boys are showing a real aptitude in this work and we expect to turn out a fine team. We spent some time in review work on knots. Owing to pressure of instruction the owl program at the council circle was postponed until next week.

**STONE TROOP NO. 7.**  
Our meeting of Thursday was well attended, 20 boys being present as well as the S. M. and A. S. M. Patrol instruction corners were well conducted. We were glad to welcome Scoutmaster E. Boyaner of the Young Judaean Troop and District Secretary L. L. Johnson. A very enjoyable council circle program was carried out,

with such features as ukulele selections by the A. S. M., short addresses from the visitors, a vocal selection from P. L. Fred Hamilton, and other delightful numbers. The visitors recalled the pleasant experiences we had all enjoyed at our camp at Hunter's Beach, and some of their remarks caused much merriment. We are looking forward to Tuesday's meeting at St. Vincent's Auditorium.

**MISSION TROOP NO. 8.**  
On Thursday evening our troop gave a short display of first aid, signalling and scout law parades for the laymen's Association of our church. Owing to a business meeting of the Association our program was necessarily very short, nevertheless it was well appreciated. Our troop has been somewhat disorganized owing to various other meetings, etc., but we are hoping soon to get settled down for the season's activities.

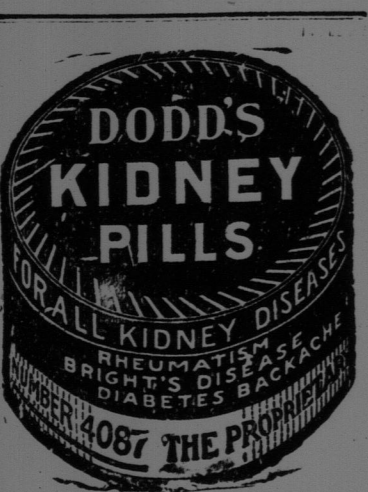

**ST. JUDE'S PACK, NO. 5.**  
Our pack meeting of Wednesday evening was well attended and full of interest. At the council circle Akela gave us a fine explanation of the grand howls. Cub Kenneth Edwards gave a very interesting recitation. Other features of the programme included inspection, games and instruction periods. Next week the inter-six competition will come to a close with each six making a sport as the conclusion draws near. Every member of the pack was present, making a total of 22 boys. Our games were Akela Says, Crosses and Cranes, and Pass the Hat. These were all very contested. Cubmaster J. H. A. Holmes paid us a short visit. We are looking forward to Monday evening when we will attend a lecture in the Natural History Museum with the Cubs from the Assumption Pack.

**KIRK PACK, NO. 9.**  
Our pack had a very good meeting on Thursday evening with 22 boys present. We now have three sixes, and think it will be necessary to organize a fourth. We are glad to report that Joseph Stone and Frederick Haslam passed their Tenderpad tests, while Cubs Ernest Campbell and William Tippets completed their First Star tests. The evening was completely taken up with games and other Cub features, and our meeting presented a very busy appearance. We were very glad to welcome Assistant Cubmaster D. A. MacLennan of St. Jude's Pack. We now feel that our pack is making real progress. We are also looking forward to a visit to the Natural History Museum on Wednesday evening in company with St. George's Pack.

CHILDREN LIKE  
BABY'S OWN TABLETS

Because They Are Tasteful and Are Easy to Take.  
One of the strongest points in favor of any medicine for children is that it is so agreeable that the mother does not have to force it down the little one's throat.  
Baby's Own Tablets have no drug taste, may be crushed to a powder, desired, and babies like them. They are perfectly safe for they contain no opiate or narcotic. They sweeten the stomach and remove the cause of fretfulness.  
Mrs. Arthur Charlebois, Pawtucket, R. I., says: "I have found Baby's Own Tablets to be a gentle laxative and a safe remedy for stomach disorders in children. Our little boy had been given harsh cathartics but these tablets worked more effectively without the severe griping. I can recommend them to all mothers of little children."  
Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hollowed out for use as a water main, a section of an oak tree recently dug up from beneath a London street is estimated to be 200 years old.

QUEEN MOTHER BURIED TODAY

LONDON, Nov. 28.—Thousands of persons until an early hour this morning, rendered homage to the Dowager Queen Alexandra, in Westminster Abbey. In an endless line from soon after the funeral yesterday, they passed by the casket in the dimly lighted cathedral, until one o'clock this morning.

When the casket was lowered into the tomb beneath St. George's Chapel, at Windsor.

Three tragic deaths have occurred in connection with the passing of Alexandra. Yesterday evening the Lady Mayores, wife of Sir William Pryke, Lord Mayor of London, died suddenly from heart disease, after she had attended a memorial service in St. Paul's Cathedral.

In the afternoon, Canon Westlake, custodian of Westminster Abbey, the warden of the church was killed as he was muffled the bells for tolling during yesterday's service in Westminster. A large bell which had been tilted, fell over and struck him in the floor of the belfry, crushing his head and body.

Sunderland and Arsenal Lock Horns in Important Match

LONDON, Nov. 28.—The season's test in the first division of the English football league will come on Saturday, when Sunderland, present leaders of the senior league, lock horns with Arsenal, the runners up, and Sunderland's most dangerous opponents.

Aston Villa have an opportunity to acquire points when they play host to Manchester City, at Villa Park. The City are in a bad way at the moment bracketed as they are with Burnley in the humbler of positions, while the Villa are making stout efforts in the direction of the championship.

Manchester United are hitting up a great pace, at present, and have not lost a game since October 3, when they went down before Leeds. Tomorrow they play Blackburn Rovers, and their fans believe they will emerge at the end of a good score.

Other scheduled games are: Birmingham at Burnley; West Bromwich at Leeds; Everton at Leicester; Bury at Liverpool; Sheffield United at Newcastle; Tottenham at Nottingham (County).

Along The Sport Trail

THERE is one angle to this "Red" Grange controversy that has not been mentioned by all the self-constituted critics and that is his courage in signing to play professional football. In the pro arena, one of the main ideas is to win for the very simple reason the loser soon loses his bread and butter ticket and is told to shift to other fields of endeavor.

TEMPLE LANE TRANSFERRED TO LOCAL OFFICE

Report That Sussex, Moncton and Saint John in Group

TEMPLE LANE, well-known Halifax Wanderers athlete, has been transferred by his company to the Saint John office and in all probability will be seen in action here this winter on the local hockey team. Lane is a centre for play, fast and tricky, and should prove a valuable addition to the Saint John squad which is now in training daily for the coming season.

Judging by the enthusiasm shown at the practices, Saint John should have a team that they will be able to point to with pride. The players are all working hard to get into the best condition and are not discouraged by the mild weather. Floor practice with a rubber ball shooting at the nets with a puck and hard grinding on a bicycle training machine all goes into the program for conditioning.

Senators and Montreal Maroons Open N. H. L. Schedule There Tonight

OTTAWA, Nov. 27—Ottawa Senators and Montreal Maroons open the local National Hockey League schedule here tomorrow night when they meet in the auditorium. It will be the first league game for each team, although both have participated in exhibition contests against the Victoria Cougars. The Maroons met the Cougars once, going down to defeat by 3 to 1, while the Senators scored a double triumph over Patrick's world's champion by scores of 6 to 2 and 2 to 0.

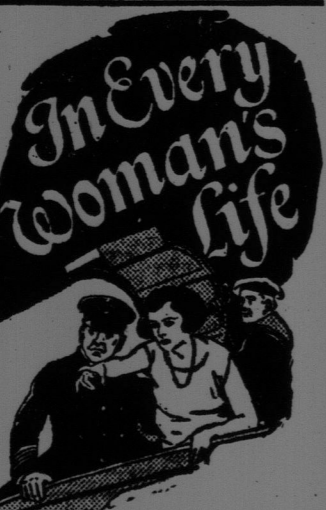

Dempsey-Wills Fracas On Again

LOS ANGELES, Calif., Nov. 27—Jack Dempsey, world's champion heavyweight boxer, will not fight Harry Wills, in their proposed 1926 bout at Michigan City, informants at Dempsey camp made it known here today. The reason, unverified here, is due to a reported breach between promoter Floyd Fitzsimmons and his South Bend, Ind., colleagues engaged in staging the affair. That Chicago would eventually be chosen for the bout is the opinion here, in the event that city provides for bouts, under a recently enacted state law. Dempsey confined himself to the statement that he was bound by agreement to fight under the banner of Floyd Fitzsimmons, and that he intended to fight for Fitzsimmons wherever the latter chose to stage the battle, except in the State of New York. The champion reiterated previous statements that he positively would not fight in any territory controlled by the New York Boxing Commission.

FIRE FOOLS MOTORIST.

ATCHISON, Kas., Nov. 28—Alfred Ostergard, a painter who lives here, smelled smoke while driving in his automobile. Believing the car on fire, he called for help and someone called the fire department. Just as the fire department arrived, Ostergard discovered that it was his necktie which was ablaze.

SANDWICH IS A MEAL. LONDON, Nov. 28—A hotel here was freed of a charge of serving liquor after legal hours by a ruling that a sandwich constitutes a meal. An order of three double whiskies and one ginger ale was served with the sandwich. The judge's decision was that a sandwich is a sufficient meal to justify the serving of liquor.

EARS TELL FISH'S AGE. LONDON, Nov. 28—In order to determine the age of a fish, one may roll into its ear. In the internal ear there is a little bony pocket. In this pocket is a tiny stone called an otolith, which rolls about from one side to the other. As the fish grows older, the otolith grows larger and the age of the fish may be determined from its size.

## IS OPTIMISTIC OVER ENGLAND

### Sir Keith Price, Visiting Lumberman, Speaks of Conditions

### Greatly Pleased at Progress He Sees in Canada Since Last Visit

Sir Keith Price, of London, Eng., one of Great Britain's prominent lumber dealers, and identified largely with similar interests in Canada, left for Halifax and Quebec today after a stay of several days in the city on business. He was at the Admiral Beatty Hotel.

### ENGLAND O. K.

To a Times-Star reporter the English baronet said after his visit to the Motherland was not in such a fix commercially as some pessimistic press reports would lead one to assume. Russia was a disturbing factor in the minds of many captains of industry over there, he said, and until that vast country became stabilized there was sure to be more or less apprehension economically.

### RUSSIA A MENACE

For instance, in Russia the Bolshevik rulers could confiscate right and left and appropriate to government uses the unlimited natural resources of the land. In his trade, lumber, they were grabbing private forests, heaving them down with servile and underpaid labor. These conditions would certainly affect trade in other countries. This Russian condition was amounting to a menace.

### OTHER INFLUENCES

Sir Keith, despite this overseas complexity of trade matters, felt bound not to join with the croakers over England's temporary hesitancy in exports. The old land was still all right and would soon secure her former footing. Another influence on British affairs just now was the slump in French money, the shrinkage of the franc; doubtless temporary as well.

The anti-war agreement of Locarno would make for greater hope and confidence in the thought that another devastating and disjuncting strife would not again arise.

### CANADA COMES BACK

The visiting lumber knight was delighted to find Canada is presently engaged in a resumption of consistently steady trade and plentiful money. Since his last visit he found a very definite change for the better; in fact, he would say this country was practically re-established on a pre-war footing.

## GORMAN SPEEDY AS ICE SEASON OPENS

### Observers Agree That Local Ace Was Never Better at This Stage

It is all gone now for a spell but the ice on Hilton Belyea's rink in West Saint John was thick enough and keen enough yesterday and the day before for the speeders of the city to jump at the opportunity for practice. It was the first time they had a chance to stretch their limbs when the world's greatest is to be held here, and they certainly did go to it.

The speedy group included Charlie Gorman, Frank Garnett, Willie Logan, Murray Bell and Sparks, the Waterworks flier. Percy Belyea, musician who used to wear the Moncton colors while employed with the T. Eaton Co. there, also had the tubes on and sped around with his oldtime deadly stroke. News of the good training ice had only fairly gotten about when the rain came and has temporarily stalled this early training.

The boys report that the outstanding feature of this first ice get-together was the remarkable condition of Charlie Gorman, upon whom Saint John ice and took part in a number of his state certificate; and the name and address of the consignee.

The feature of this evening will be drawing for the \$10 door prize, a chance on which is given on each admission ticket. The attendance last night was of the usual encouraging standard, and it is hoped that tonight will be the record breaker in all points. The date for the drawing of the big Around the World prizes will be announced the first of the week.

### NEW REGULATION

A new regulation governing the importation of oysters in bulk and oysters in the shell became effective on Nov. 1. It is announced at the Customs House. The new order does not apply to canned oysters. It is signed by William A. Found, director of fisheries, and is as follows: "Each importation of oysters shall have attached to it a tag showing the state from which the oysters originated; the name and address of the shipper; the number of his state certificate; and the name and address of the consignee."

### HAD HAPPY TIME

Forty happy members of the Junior Mission band of Central Baptist church thoroughly enjoyed an entertainment provided for their pleasure on Thursday afternoon in the church rooms by their leader, Mrs. W. H. Downie, who was assisted by Miss Emma Smith, Miss Rita Dunlop, Miss Laura Kelly and Miss Vera Gibbs. The children's mite boxes were opened and were found to contain \$124. After a delicious supper the children played games and took part in a short program. Recitations were given by Pearl Chittick, Norma Powers, Ruth Alward and Ruth Rose and songs by Eleanor Collins and Mary DeWolf.

## As Hiram Sees It

SOMEWHERE.—Well, sir, I had a great time last night in a town I aint a-gonto name. When I got to the station I ast a taxi feller which was the best hotel. He said they was oay one. "Well," says I, "that's where I'm goin'!"

When we got there an' sailed in the clerk said he hedn't an empty room. After lim an' the shofer held an inquest on me. The shofer took me to another place where they was a tavern, a cafe an' some rooms. I hed to take the settin' room an' sleep on a davenport that hed its springs stickin' up to welcome strangers. Well, sir, I went down stairs. I hed no office, so I set down in the tavern. I got desprit after a while an' called for a bottle o' 44. After I drunk it I faggred about ten bottles 'ud give a feller an appetite for a real drink. My feelin's went out to them Yankees that swarmed over into Ontario when 44 was interdicad—'n' went home agin—an' achin' void. The barkeep he says to me, says he, "We don't sell much Home brew is a heap stronger. Four fellers sot here yesterday an' every one of 'em said he hed better stuff home. They kin make five gallons fer two-fifty. But we're a gonto hev the real thing next year in Ontario," says he, "fer the government is gonto hev it fixed." When I went upstairs I says to myself: "Hiram, you old fool, you spent twenty cents fer tainted water." An' thinkin' about it an' tryin' to calm down then hed springs kep' me awake most all night—yes, sir.

## WILL LAND 445 AT SAND POINT

### Montrose in Tomorrow, First of Season's Passenger Ships

### Captain E. Landy is in Command—Expects to Dock About 8 a. m.

The steamer Montrose will arrive off Partridge Island about 2.30 tomorrow morning and dock at Nos. 2 and 3, Sand Point, about 8 o'clock from Liverpool, Belfast and Greenwich, inaugurating the 1925-26 passenger service to this port. The liner is bringing 445 passengers, 93 cabin and 352 third class. The vessel is in charge of Captain E. Landy, an officer who is well known here.

The passengers from Liverpool and Belfast total 304, there being 245 adults, 22 children and seven infants, while those from Greenwich total 141, comprising 103 adults, 35 children and three infants. The passengers will leave on two special trains, one taking cabin passengers to their destinations and the other handling the third class passengers.

Among the passengers are members of the British badminton team; also Sir G. A. Thomas and J. W. Hobbs, of Toronto.

The Montrose will be followed by the steamer Metagama from Glasgow and the Melita from Southampton and Antwerp, both arriving here on Dec. 6.

## MAJESTIC ENDS HER SEASON ON RIVER

### Made Hundred Round Trips to Capital—In From Fredericton This Afternoon

The arrival of the steamer Majestic this afternoon from Fredericton will wind up this service for the season. Today's run will conclude the 100th round trip that this steamer has made on the Saint John river this season. She made her initial run to Fredericton this year on April 5 and her first to Cole's Island on the Washademoak on April 14. She returned to the capital route on Nov. 10. The severe storm in October caused the cancellation of one round trip.

The Majestic took a large cargo up river yesterday, and practically cleared up all the freight offering. She reached Fredericton last evening about 7 o'clock after encountering considerable ice in the river, it was reported at the local office this morning. She left there at 7 o'clock this morning, and is expected here late this afternoon. The Majestic will then go into winter quarters for the season.

## RHODES SCHOLAR NOT YET SELECTED

### New Brunswick Student to go to England May be Chosen This Afternoon

The Rhodes Scholarship trustees for New Brunswick have not yet made their selection of the 1926 scholar. Eight candidates are being examined by the trustees and it was expected a decision would be arrived at this afternoon. Today at noon the trustees and candidates were the guests of Sir Douglas Hazen at lunch at the Union Club. The trustees are Chief Justice Sir Douglas Hazen, J. B. McNair, Fredrick, Prof. Donald Munro, Sackville; R. St. John Freeze, Sussex and Judge H. O. McInerney.
