VOTING TIME IS 8 A.M. TO 6 P.M.

Standard Time Governs in All Cases—Provision for Advance Polls.
(Canadian Press)
Ottawa, Nov. 26.—Polling day Tuesday Dec. 6.
Hours of polling 8 a.m. to 6 p.m. Standard time governs in all cases.
In all districts, whether rural or urban, the general hours of voting will be identical on election day.
In official circles here emphasis is laid on this fact so that there may be no misunderstanding and electors lose their votes in consequence.
Change in hours is permitted under the act to accommodate electors resident in Canada but whose occupation renders it necessary for them to be absent from Canada during the ordinary polling hours. Advance polls for sailors, railway employes and commercial travelers are authorized at 802 points in the Dominion. In New Brunswick there are twenty-five places; in Nova Scotia, twenty-five; in Prince Edward Island, eight.
The hours for advance polls are seven till ten in the evening of the three days exclusive of Sunday, immediately preceding election day.

CHAMBERLAIN'S

Assists Nature
A cold is the attempt of nature to rid the system of the poisons, which result either from bacteria, chill closing the pores of the skin or from germs.
The easiest way to treat this condition is to take Chamberlain's Cough Remedy which loosens the secretions and assists nature, restoring the system to a healthy condition.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

GREAT HISTORICAL PICTURE UNIQUE THEATRE MONDAY

The Heart of Maryland, a page from history re-enacted in the same locale with costumes and implements employed by the original actors, will be shown at the Unique beginning Monday. The picture is well worth seeing.
ANCIENT GLORY RESTORED
As the result of cleaning operations on some of the early tombs in Westminster Abbey, it has been discovered that the brownish black color of the monuments is not, as generally believed, due to the action of water and other causes, but that it is a result of the application of a wonderful display of Gothic heraldic design work in gold and brilliant coloring.
Work had commenced on the tomb of Edmund Crouchback, Earl of Lancaster, the north side of the sanctuary, the others being those of Avilene, Countess of Lancaster, and Agnes or Andover de Valence, Earl of Pembroke.
Professor Lethaby, surveyor for the Abbey Restoration work, has entrusted the work of renovation of the monuments to E. W. Tristram, of the Royal College of Art. Mr. Tristram, who has had considerable experience of ancient wall painting, stated that when the work was completed the public will have some idea of what the whole of the Middle Ages must have looked like in the Middle Ages in its wonderful garb of gold and brilliant colors.
The painting already brought to light on the Crouchback tomb, exhibits a color and rich of pattern, was partially described about a hundred years ago, but it will now soon be possible to realize the whole decorative scheme in all its beauty. The sculptured figures on the canopy also were highly painted. The renovation work will not only display the original decoration of the tombs, but by virtue of a new process, will preserve it for many future generations.

CONSIDER THE SITUATION.

Even the dullest mind is able to appreciate the very marked difference between the Liberal and Conservative parties in the present election contest.

Why do they not discuss the real issues. There is, for example, the national debt, which is more than seven times greater than it was in 1914.

The burden of taxation in Canada is enormous. What do the Conservatives propose to do about it?

Canada's decline in trade is shown by the following statement of imports and exports for the year ending Oct. 31, compared with the previous year.

Imports ... \$1,380,630,454
Exports ... 1,263,754,538

There is also the question of immigration. This country must have more people on the land.

What constructive policy in any direction has this government? Does anybody know? It may be regarded as a good election policy to soothe the people with assertions that all is well if we can only keep those rascally Liberals and Farmers out of Ottawa.

There is much Conservative talk about the tariff. What is Mr. Meighen's policy? Is it moderate protection? How high is moderate—and who will dictate the policy? The big interests? If so, how will the Maritime Provinces fare?

Then there is the question of transportation as it affects these provinces. Has Hon. Mr. Baxter or Dr. MacLaren given the people any real assurance that a more satisfactory policy will be pursued? What of St. John? What of Halifax? What of railway freight rates?

The more the people reflect upon the utterances of the government press and candidates the more convinced they become that the government has no satisfactory policy regarding finance, railways, immigration or transportation.

And that is why New Brunswick will rally to the Liberal standard on Dec. 6.

CHIEF DETRACTION.

The Little Willie cartoons which the government press is using to ridicule Hon. Mackenzie King do not reveal a very highly cultivated sense of humor.

Story Bits About Canadian Authors

JOHN McDOUGALL
"Knows more about frontier life and the Western Indians than any living man."

This contributed by a reviewer in the Toronto World, given after the publication of Rev. John McDougall's book, pretty well describes him. Born among the Indians in the Georgian Bay and Lake Superior districts, he learned to speak Cree before he did English, and since his father was quite a famous Indian missionary in the Northwest, it was natural that the son should enter the same self-sacrificing service.

THE TRAIL THAT IS ALWAYS NEW.

There's a whisper down the field where
The year has been shot her field,
And the ricks stand grey to the sun,
Singing: "Over then, come over, for the
See his hand on the clover,
And your English summer's done,
You have heard the beat of the off-
shooting of the deep-sea rain;
You have heard the sing—how long!
How long!
Pull out on the trail again!

Ha! done with the Tents of Shem,
Dear lass,
We've seen the seasons through,
And it's time to turn on the old trail,
Our own trail, the out trail,
Pull out, pull out, on the Long Trail,
The trail that is always new.

It's North you may run to the rime-
tinged sun,
Or South to the blind Horn's hate;
Or East all the way into Mississippi Bay,
Or West to the Golden Gate;
Where the blindest bluffs hold good,
Dear lass,
And the wildest tales are true,
And the men build the out trail,
Our own trail, the out trail,
And life runs large on the Long
Trail—the trail that is always
new.

See the shakins fennels roar, with the
Peter at the fore,
And the fenders grind and heave,
And the derricks clank and grate, as the
Tackle hooks the crate,
And the fall-rope whines through the
sheave,
It's "Gang-plank up and in," dear
lass,
It's "Hawser warp her through!"
And it's "All clear!" on the old
trail, our own trail, the out trail,
We're backing down on the Long
Trail—the trail that is always
new.

Fly forward, O my heart, from the
Foreland to the Start—
We're steaming all too slow,
And it's twenty thousand miles to our
little lay line,
Where the trumpet-orchids blow!
You have heard the call of the off-
shore wind
And the voice of the deep-sea rain;
You have heard the sing—how long,
how long!
Pull out on the trail again!

STATEMENT RE PROTESTANT ORPHANAGES

St. John, N. B., November 25, 1921.
To the Editor of The Times:

Dear Sir,—A short time ago a letter appeared in the public press, signed by Dr. James Manning, H. Usher Miller and Francis Kerr, explaining why the projected merger of the Provincial Memorial Home, Wright street, with the St. John Protestant Orphan Home, Britain street and West St. John, had not taken place. As this communication did not tell both sides of the story, we will be grateful to you for allowing us a similar opportunity to make known our case.

During the summer, officers of the St. John Protestant Orphan Home were invited by responsible members of the Memorial Home directorate to meet in the Board of Trade rooms and listen to proposals tending towards an amalgamation of the orphanages. Our president met the various parties and was informed that circumstances in the Wright street institution demanded some special measure to protect the inmates, financial conditions would not warrant continuation of the Home's activities.

The next step was taken at a meeting of the St. John Protestant Orphan Home directorate, when President Clark submitted the proposals of the Wright street friends. After a lengthy discussion in a co-operating spirit the following resolution was passed: "That the committee on amalgamation with the Provincial Memorial Home be instructed to continue negotiations and make such arrangements as are in the best interests of the work for the province and in provision for the orphan children, but under no circumstances assume any financial responsibility for the Provincial Memorial Home property."

A committee composed of President D. C. Clark, Secretary Dr. W. S. Morrison, Directors T. H. Estabrook, W. M. Campbell, W. S. Fisher and W. H. Golding met with Dr. Manning and Mr. Miller of the Wright street executive and formalized the agreement upon which the transfer of the Memorial Home children should be made. It was asked that sufficient essential furnishings from the Wright Street Home be transferred to the older institution to meet the requirements of the increased household, and it was made plain to Dr. Manning and Mr. Miller that the St. John P. O. H. was financially incapable of assuming their \$10,000 mortgage. At subsequent conferences it was agreed, however, that in event of the merger taking place the pro rata share of the approaching Orphan's Fair receipts, to which the Memorial Home would be entitled should it continue, would be utilized in liquidating that Home's current indebtedness instead of being divided in larger shares between the St. John P. O. H. and the Wiggins Male Orphan Asylum.

Dr. Manning and Mr. Miller conferred with their fellow-workers of the Wright street institution, and brought back a report which in effect was that they would possibly agree to the proposed rental of a third building, and that they would take care of their own mortgage, but they reserved the right to sell their interior furnishings to a point where the balance of the outstanding indebtedness. The Wright street people further asked that legislation be secured for the changing of the name of the merged orphanages from "St. John" to "New Brunswick Protestant Orphan Home." Finally, it was asked that two men and three women of the Wright street directorate be added to the directorate of the St. John P. O. H., and that the transfer take effect not later than November 1st, 1921.

To these various replies our committee gave sympathetic though firm replies, pointing out that the Memorial Home for Orphan children still be applied for the benefit of the little ones in keeping with the spirit of their donation by parties of the province.

However, this was not an important point. With some minor changes the joint committee came to a decision on the whole. It was decided that the Wright street children should become the wards of the British Empire and West St. John homes on or about Nov. 1st, and our executive took immediate steps to secure comfortable quarters for the thirty-six new-comers. "An extra building was to be rented at West St. John, in which the infants of both groups would be domiciled under professional nursing care. To purchase a new home was unthinkable in view of the stringent times and the ultimate scheme of a modern comprehensive orphanage plant. Furthermore, to utilize the Wright street Home would involve obligations which the St. John P. O. H. officials felt unable to assume, especially since the property was several years ago deemed unsuitable by them when offered at a price about two-thirds the figure for which it was sold to its present owners. In fact the St. John P. O. H. executive is especially careful to avoid further real estate dealings just now, so as to keep the way clear for the new orphanage scheme. The West St. John annex is costing only \$300 per year for a five year term with renewal option—obviously a great bargain.

In their letter to the press, Messrs. Manning, Kerr and Miller emphasized the refusal of our representatives to take the Wright street Home and seemed to make it the rock upon which the happy amalgamation scheme was wrecked. Frankly speaking, Mr. Editor, the directors of the St. John Protestant Orphan Home were not vitally interested in the real estate transaction and the parties concerned therein and felt that since \$5,000 had already been paid on that old structure, that the managers might well afford to re-market their property with additional profit. Our chief interest lay in the helpless children whom we were willing to home. Since our only negative reply dealt with this outside business proposition we feel the public will judge for itself who is to blame for the sudden collapse of the commendable merger negotiation.

Our representatives enjoyed most heartily the opportunity to discuss with an open heart and a liberal spirit the inner workings of our institution and with Mr. Manning and Mr. Miller assured we felt a new era for our New Brunswick orphans had dawned, that a consolidation of this grand philanthropy on an even larger scale (possibly including the Wiggins Institution) could now be proceeded with by united effort and the new modern orphanage materialized as soon as the financial cloud lifted.

However, the Wright St. fair board of directors by a two-thirds vote have decided to stay the progress of this scheme which further complicates and confuses the benefactors of a willing but disas-

RECENT DEATHS

Edgar O. Bratt.
Sherwood, 74 Germain street, received sad news yesterday of the death of her brother-in-law, Edgar O. Bratt, in Washington on Nov. 21. During the building of the Panama canal, Mr. Bratt was employed as construction engineer, and was later retained by the government as resident engineer, but the tropical climate so affected his health that last year he was forced to return with his family to the United States. Although in failing health for several years, Mr. Bratt's death came as a very severe and unexpected shock, he having been at business the day before his death. Mrs. Bratt is Miss Sherwood's only living relative, except distant connections.

Mrs. Eva Tanzman.
In the death of Mrs. Eva Tanzman, widow of Abraham Tanzman, which occurred yesterday at the home of her son, Jacob Tanzman, 23 Clarence street, the city loses a greatly respected resident and one who will be highly missed in philanthropic circles. She was a most charitable lady and of a genial disposition. She leaves three sons, Jacob and Nathan, of this city, and Allen, of Vancouver; and one daughter, Mrs. Sullivan, of Philadelphia; eleven grandchildren also survive. The funeral will be held on Sunday afternoon at 2:30 o'clock.

The Late James Buchanan.
The funeral of James Buchanan is to be held on Monday afternoon at 3:30, and not on Sunday as previously announced, in order to await the arrival of Rev. C. H. Buchanan from Indiana.

Mrs. Sydney R. Miller.
Her many friends in this city will regret to learn of the death of Mrs. Rachel Miller, wife of Sydney R. Miller, which occurred at Napanee (Ont.) on Nov. 24. Mrs. Miller was the daughter of the late James and Jane Phillips, of St. John, but removed many years ago to Ontario. She is survived by her husband, one son, Howard P. Miller, of St. John, and three brothers. The brothers are: Alexander M. Phillips, of the Victoria Hotel, St. John; Louis Phillips, of St. John; and James Phillips, of Boston.

F. E. Townshend.
A Boston despatch, dated yesterday, reported the death in that city of a man believed to be F. E. Townshend, son of Mr. and Mrs. C. H. Townshend, of St. John. The despatch was to the effect that a man who had been taken suddenly ill in the south end of the city had died while being taken to the city hospital. A note book found in his pocket said, according to the despatch, "return to F. E. Townshend, care of F. E. Townshend, piano company, St. John." Mr. Townshend had been away from the city for some time and his parents were not sure of where he was located. They are waiting for further word from Boston, but fear the man who has died is their son. C. H. Townshend is at present out of the city.

NEGRO SEAMAN FREED IN BOSTON IN SCHOONER.
LILLIAN E. KERR CASE.
Boston, Nov. 26.—Frank Howell, negro seaman on the schooner Lillian E.

Kerr, was discharged by a federal commissioner yesterday on a charge of assault with a knife on Captain G. F. Pope, while the schooner was on the high seas. He was brought into court from a hospital with a bullet wound in his back. Howell testified that he had no knife and that the captain shot him as he was obeying an order to go forward. The commissioner said whether the seaman had a knife was unimportant, as it appeared that he was badly frightened by a threat made by the captain.

SORES SPREAD ALL OVER FACES AND BODIES

Mrs. Howard Houlette, Wakeham, Sask., writes: "I wish to tell you of the benefit we have received by using your valuable medicine Burdock Blood Bitters."

"My children started to break out on their faces in small white pimples which kept getting larger each day. Pus would form under the scabs and they would come off, and each time the sores would be larger; some were as large as a twenty-five cent piece, and would spread all over their bodies."

"All blood and skin diseases are caused by bad blood, and to get it pure and keep it pure, you must remove every trace of the impure and morbid matter from the system by a blood cleansing medicine such as BURDOCK BLOOD BITTERS."

Burdock Blood Bitters is a remedy that has been on the market for the past forty-five years, and one without an equal for all diseases and disorders of the blood.

Makes a Family Supply of Cough Remedy

Health better than ready-made cough syrup, and saves about 25%.

If you combined the curative properties of every known "ready-made" cough syrup, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a 16-oz. bottle and mix with the following ingredients:

1/2 cup of molasses, honey, or corn syrup, as desired. The result is 18 ounces of really better cough syrup than you could buy ready-made and save easily 25%.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway spruce and pine, and has been used for generations to break up severe coughs.

It is the best cough remedy you can get. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

BEATEN BY COOK, LOST IN FOREST, RIPPED BY BEAR

"Cookee" in Lumber Camp Wandered About Woods for 29 Days.

Sudbury, Nov. 26.—Assaulted by the cook at Chew Brothers' lumber camp, near Collins' Inlet, and left in the woods for dead, Edward Kelly, cook in the camp, wandered about in the bush for 29 days, was attacked by a bear and staggered back into camp a living skeleton, after nearly a month had elapsed from the time he left it.

On one occasion, while lying on an improvised bed of boughs, he was awakened by a rustling in the bush beside him and, when he moved, received a blow from the paw of a bear, which ripped up his knee, and, as he rolled frantically over so as to get out of the way, he received another blow, which gashed his leg.

McCann had disappeared from the camp the third day after Kelly's disappearance. He was arrested at Sudbury. Kelly will recover, his strong constitution having stood him in good stead. He is a veteran of the Imperial army.

Mr. A. M. Steele, Cupar, Sask., writes: "I had been troubled with my stomach, Piles and Constipation for years until I had become very thin and looked 20 years older. A leading doctor in Regina told me that the main cause was badly ulcerated. I gradually became worse, until one day, when purchasing a threshing outfit from Mr. Russell of Regina, Mr. Russell noticed my condition and said: 'I can cure you. Get a J. B. L. Cascade.' Well, I did so, and the first night I used it I slept all night for the first time in weeks, and in a short time felt quite myself again. It also cured my piles, which had troubled me for years."

The J. B. L. Cascade is the only perfected appliance for Internal Bathing. It is shown and explained at E. Clinton Brown's, Druggist, Union and Waterloo streets; F. E. Murray, 357 Main street, St. John, N. B.

WOULD FILM SEA BATTLE AND SICKEN WORLD OF WAR

Great Moving Picture Producer Makes Bid for Spectacle Before "Scrapping" Begins.

Washington, Nov. 26.—The motion picture producers are already anticipating that a large part of the navy will be scrapped as a result of the present Armament Conference. David Wark Griffith wrote to Secretary of the Navy Denby: "Does not this offer a most fortunate opportunity to use the discarded fleet, before its destruction, as a vivid dramatic force to arouse the people against war? May I invite to your consideration a proposal that before this fleet is scrapped it be used for a few weeks in arranging a naval spectacle for a motion picture drama, in which the activity of the fleet serves as a powerful climax of a drama which has for its theme the closer brotherhood of all mankind, also illustrating the futility and the stupid and terrible uselessness of war?" Mr. Griffith concludes his letter: "We do not feel that this request is entirely selfish. I should be proud to do this work with as little personal reward as my obligations permit. Further, I should be most willing to stipulate that a fair percentage of all profits should be devoted to any cause which you, Mr. Secretary, or your advisers may indicate."

THREE TOTS BURN TO DEATH IN HOME IN NEWFOUNDLAND

Bishop's Falls, Nfld., Nov. 26.—Three children named Wiseman, whose ages ranged from three months to three years, were burned to death when fire destroyed the family residence here. The children were alone in the house, and the fire gained such headway when noticed by neighbors that nothing could be done.

A Message to Skin Sufferers

For years perhaps you have had to endure discomfort, disfigurement, humiliation, or even daily torture and sleepless nights, because of some skin disease. Times without number you have followed some hopeful advice and each time you have met only disappointment and despair. "Who knows?" you ask, "Whose advice may I follow?" Here is a frank and honest answer: Reputable physicians admit they can only guess at the true cause of skin disease. Some say it is a blood disease—to be treated through the blood. Others say it is a skin disease—to be treated through the skin. But they are not sure and we would be foolish to try to lead you what even science does not know. We can tell you, however, about a doctor's prescription for skin disease that has been successfully used for 25 years, and we merely ask you to read letters from those who have used it. D.D.D. is the prescription of a physician, Dr. D. D. Deane, who first prescribed it to his neighborhood patients 25 years ago. Today its sale is enormous. Even so, we do not boast from the testimonials that D.D.D. is a miracle. It is just a common sense remedy composed of well known healing and soothing ingredients such as Syrup of Marshmallows, etc. We make no extravagant claims. We say only this: That for 25 years, day after day, letters have simply poured in—without our solicitation or solicitation—telling us gratefully of restored health and happiness. D.D.D. Prescription will be found effective in cases of Eczema, Psoriasis, Ringworm, Itch, Hives, Rash, Acne, Dandruff. Fomula often used in treatment of skin disease. In all cases, D.D.D. gives relief from itching upon the first application.

GEO. M. COHAN TO PRODUCE IN LONDON

Will Not Re-enter New York Field but will Continue His Activities Abroad—Plans Ahead for Three Years.

George M. Cohan, following a six weeks' visit to Paris and London, is to return to New York on the Carmania on Sunday, but will remain only a few weeks. The announcement of his plans declares that he will make London his producing centre hereafter, and sets at rest a persistent rumor that he would again enter the producing field here. Mr. Cohan's trip to New York is being made for the purpose of preparing several productions for London. The first of these will be "The Taverner" which will be produced in London in February in association with Charles B. Cochran. Following that, Mr. Cohan will stage a revue. When "The O'Brien Girl" completes its New York engagement the entire company will be brought back for a run, and will then be brought back here to resume its American tour. Mr. Cohan, it is declared, has placed 178 American actors and actresses under three-year contracts. He has made his plans ahead in detail for three years, and it is said that these plans do not include any American productions. He will continue to make his home here, however, and will spend only such time in London as is necessary to his theatrical interests.

GERMAN FINANCE

Report That Rothschilds of London May Make Loan.

Berlin, Nov. 26.—The English banking firm of Rothschild has declared its willingness to provide German credit to the amount of £10,000,000 to £15,000,000, but only on the understanding that the loan be taken up by the British public within a year, so it was said by Dr. Kraemer, a prominent manufacturer, at a meeting of the Berlin Merchants' Guild, according to the Allegemine Zeitung today. Dr. Kraemer has taken a prominent part in the much discussed German credit negotiations. London, Nov. 26.—Officials of the Rothschild banking firm here declined to comment yesterday upon the report that the firm was considering extension of credit to the extent of £10,000,000 to £15,000,000. "Dr. Kraemer's reported utterances seem largely to be built upon hypotheses," was the only remark vouchsafed by a representative chief to a correspondent for the Associated Press.

ANNUAL RACE AGAINST WINTER

The Canadian Government Merchant Marine, Limited, are racing to the head of the lakers from the seaboard to help in a great movement of grain. The grain will be rushed to Georgian Bay points, and from there by rail to the seaboard. All the vessels are of canal size and will materially assist in the movement. American cargoes were offered these vessels, but preference was given to Canadian grain. Monday, December 12, is the last day upon which insurance will be available on the Great Lakes. November 30 is the final date for the ordinary season's business, but there is a post-season arrangement which covers vessels and cargoes until December 12 but no longer. Captain J. B. Foster said that the season is ending up well. There had not been the movement of iron ores and coal of other years, but the grain trade had exceeded things up.

MORNING NEWS OVER THE WIRES

Lloyd, fourteen year old son of Mr. and Mrs. Alva McMann, went through a thin spot in the ice at Newcastle, Thursday, when playing on the river with his sled. It was impossible to get anywhere near the spot on account of the thickness of the ice in time to rescue the boy, but his body was recovered by trawling from some time later in nine feet of water. Besides the parents two brothers and one sister survive. Cecile Bartley, aged twenty-one, Chicago, a member of a company playing in the miniature musical comedy, "Under the Apple Tree" was shot three times yesterday afternoon in Hamilton, Ont., by Jace Grubb, forty, and by the same company. Grubb then turned the gun on himself and ended his own life. Miss Bartley's condition is reported to be very serious. Word was received yesterday in Bathurst that the Launbury store and warehouse in Caraquet had been burned to the ground on Tuesday. The house of A. M. M. Dugas and Joseph Parise were also burned. The loss sustained by the Launbury of about \$15,000 was partially covered by insurance as was Dugas' house. Parise had very little insurance on his.

**WOMEN'S COUNCIL
MAKING PLANS FOR
NEXT ROSEBUD DAY**

Preparations for Rosebud Tag Day in aid of the Children's Aid Home, reports of the sums raised for the free milk fund of the need of its extension and reports of standing committees of the national council each occupied much of the time of the regular meeting of the local council of women, held yesterday afternoon in the board of trade rooms, with Mrs. W. Edmond Raymond presiding. An appeal for the women's council to use its influence to obtain the restoration of the old court house, was laid over for consideration later.

Minutes of the executive meeting held immediately before were approved and told of invitations extended to the two sub-divisions of the Catholic Women's League in the city to affiliate with the council and of appreciation of the work of the C. W. L. expressed. Milk fund reports showed a balance of \$131.31. Mrs. E. Aberton Smith's gift of \$15 for collecting cans and the milk fund was gratefully acknowledged. Mrs. R. J. Hooper had consented to give an address for the council, in her capacity of convener for public health.

While returning to the city late last evening in an automobile, the Conservative candidate, Colonel M. McLaren, and Dr. J. H. Barton were delayed for some time owing to their automobile running into the ditch. Fortunately, the Liberal candidates, Dr. Broderick and H. R. McLellan, who had held a meeting in the Ben Lomond house, were behind and, on coming alongside and seeing the plight of their opponent, immediately rendered aid and soon had the Conserv-

ative automobile back on the road again. Owing to the heavy snowfall the going for the automobiles was very heavy.

The chair was occupied by Squire Alexander Johnson, and addresses were delivered by H. R. McLellan, Dr. W. P. Broderick, A. W. Carton and E. H. McAlpine. It closed with cheers for the candidates and the singing of the National anthem.

The council of the New Brunswick Pharmaceutical Association met yesterday afternoon in the Natural History Society rooms and transacted much routine business. George O. **Will the Destruction of
Warships Destroy War?**

"The Hell of war is always paved with proposals for disarmament," remarked a cynical German admiral when asked his opinion of the Harding-Hughes plan for the reduction of navies. Through the world-wide chorus of acclaim that greets America's proposal to join with Great Britain and Japan to scrap nearly two million tons of battleships and to build no more for ten years sound occasional discordant voices that range from the cynicism of the German expert in Berlin to the reluctant skepticism of certain sincere friends of disarmament whose only fear is that our Government's revolutionary program is not drastic enough.

Naval disarmament will not insure peace, asserts Arthur Brisbane, in the New York American, because "all Europe and all civilization outside of America can be wiped out from Russia or Asia with never a man-of-gun-used afloat." The New York Call also "declines to share in the general rejoicing," because it expects from the Washington Conference "the same disillusionment that followed the 'war to end war'."

W. G. McAdoo, former Secretary of the Treasury, avers that "bold, drastic, and courageous measures are required if civilization is to be snatched from the brink of the fateful chasm upon which it now stands." The Philadelphia Record thinks that "the only means ever devised for preventing war is the League of Nations, which the United States has thus far refused to join," while the Louisville Courier-Journal asserts that "the Conference can reduce taxation, but it can not insure peace."

There is much enthusiasm in the British press over the proposed arms limitation, while in Japan the American proposal is "not far removed from a basis of common understanding," according to the Tokyo Asahi.

All phases of the arms limitation proposal are shown in the leading article in THE LITERARY DIGEST this week, November 26th, which also gives a vivid reflection of public opinion in this country, Great Britain, and Japan.

LIQUOR LABELS MADE TO ORDER

Toronto Police Seize Stamps,
Dies and 25,000 Bogus
Labels.

(Toronto Mail and Empire)
Illicit manufacture and sale of liquor
being an offence against the law, the
printing of labels for whiskey bottles
has necessarily come under the ban also.
This was made painfully evident to five
men who were arrested last night on

charges of forging labels, Inland Revenue
stamps and bottle seals. The men in
question are: John Travers, Lansdowne

avenue; William Ellis, Victoria street;
Fred Roberts, McGill street; Paul Edzell,
Elizabeth street, and Louis Shuman, Bell
woods avenue. Travers and Roberts
have printing businesses, the other two
and Shuman is partner in one. Within
the last few days the men are alleged
to have printed no fewer than 60,000
stamps, labels and seals, 25,000 of which
Serg. of Detectives Mitchell and Detec-
tive-Serg. Dawn, Carter and Levitt
seized at the homes of the prisoners.
The police say that the labels were being
sold at the rate of \$10 a thousand.

The dies, by means of which the docu-
ments were printed and lithographed,
were confiscated by the police. The
police say that in the consignment seized
there were forged labels for Seagram's,
Johnny Walker's, Canadian Club, Good-
erham and Worts and various other popu-
lar brands.

Action was taken by the police fol-
lowing numerous complaints from legiti-
mate liquor distillers, that spurious
labels, stamps and seals were being sold
by the thousands throughout Ontario.

Bottles of bootleg whiskey, bearing
labels of well-known brands of liquor,
were seized in Hamilton a few days
ago, alleged manufacturers of the illicit
liquor were arrested, and as a conse-
quence of their arrest, the forged labels
were traced to the men taken into cus-
tody last night.

This is probably the first case of its
kind in Ontario, and it is the first,
far as police records show here, in Tor-
onto.

DEATH ENDS TROTH PLIGHTED BY MAIL

English Girl's Voyage to Fin-
ance She Had Never Seen
Stopped by Sad News.

London, Nov. 26.—On the very eve of
her departure for Canada to marry a
wealthy Vancouver man whom she had
never seen, a pretty girl of Tonbridge,
Kent, received a letter telling her he
had died in a hospital after a surgical
operation. It was learned today this
tragic romance began a year ago, when
George Pingsley, Jr., of Vancouver, wrote
to Councillor Donald Clark, of Ton-
bridge, asking his assistance in finding
a wife. Pingsley wrote:

"I do not care how poor she is or if
she is an orphan. As she comes from a
long distance, no one will know her, and
my best friends will receive her and will
treat her like a queen. She will be my
soul-mate. Besides I have \$20,000 in a
paid-up insurance policy.

When Councillor Clark made this mis-
sive known he received a thousand an-
swers to it. The Tonbridge girl was fi-
nally chosen as a proper mate for Pings-
ley. They exchanged letters and photo-
graphs and he sent her many presents,
including a gold watch and a diamond
engagement ring. It was arranged she
should sail for Canada last June, but
Pingsley wrote her to go under the
alias he would have to go under the

knife. He ended this letter with the de-
claration:
"I am yours and everything I have is
yours."

This week came a letter from Mrs.
C. M. Cookson, of the Carlton Apart-
ments, Victoria, reading:
"I am very sorry to convey to you the
sad news of the death of George Pings-
ley, Jr., who died in St. Joseph's Hospi-
tal after a serious surgical operation, and
was laid to rest on August 15. His
nurse told me he was talking about 'the
English girl' all the time. Reading your
letters was his only solace."

The girl, who is twenty, declares she
will never marry. She has left Ton-
bridge to become a nurse.

HUNTER DROWNED NEAR SHEDIAC

(Canadian Press Despatch.)
Shediac, Nov. 25.—Charles Bourgeois,
son of Arthur Bourgeois, lost his life at
Grand Digue, this afternoon, as the re-
sult of a hunting accident. Bourgeois
and his companion, Louis Fougere of
Shediac Island went out on the bay in
a small boat after a wild goose that had
been shot and the boat upset. The boys
clung to the craft three-quarters of an
hour, and after being rescued young
Bourgeois died from exposure. He was
seventeen years of age.

DEFRAUDED OF \$3,000.

Niagara Falls Merchant Victim of Con-
fidence Men.
Niagara Falls, Ont., Nov. 26.—F. Man-
go, a local shoe merchant, was the victim
of a confidence trick and as a result is
poorer by \$3,000.
A man representing himself as a
former grocery traveller, who had made
a fortune by mining, called on Mango
and said he was anxious to give \$5,000
to the poor of Niagara Falls. Mango re-
membered having met the man last sum-
mer, and agreed to accompany him to the
convent to make the donation. On the
way they met another man, who, af-
ter a brief conversation, suggested that
Mango be allowed to distribute the
money to the poor. The stranger thought
Mango ought to furnish some kind of
security, so the merchant handed over
\$3,000 in Victory bonds. These were
wrapped up with the \$3,000, and a pack-
age, as Mango supposed containing the
money, was handed to him and he put
it in his pocket. The three men then
went their several ways, to meet later,
and when Mango examined the package
on reaching home he found it contained
scrap paper. The strangers had not
since been seen.

SURE HE PAID PARIS MONEY IN TRURO ON AUG. 2

Evidence This Morning by Eastern Hat & Cap Co. Employe.

Further Testimony Regarding Gasoline Sales — The Defence Continues Its Case in Murder Trial.

Evidence of an alleged transaction in which money was paid to John Paris on August 2 was given this morning by two employes of the Eastern Hat and Cap Co., Truro, at the trial of John Paris, charged with the murder of Sade McAuley here on August 2. One of the witnesses, a man named McNaught, said that he could not be mistaken that the accused was the man to whom he paid the money on August 2. He was subjected to a searching cross-examination by the attorney-general, but stuck to his story. The hearing was adjourned at one o'clock until 2:30 this afternoon.

The attorney-general, Mr. McNaught said he reached Truro last on May 12, 1920, and worked with the Eastern Hat and Cap Co. since that time except for the time between July 23 and August 4, 1920. He said the Chataqua was in Truro for six days. He had never seen Paris before August 2. He did not know of anyone else being paid money on that day.

He said Paris wore a cloth cap and dark suit. He did not have a collar on. The next time he saw Paris, he said, was the day before yesterday. He said the work for which the money was paid might have been done by John Paris of Truro not the accused.

The witness said his attention was attracted to Paris by what Paris said when he went to the office. There were two girls there, Miss McKensie and another; he was not sure who the other girl was, but he thought he had heard what was said.

The witness said a receipt was taken from Paris. He said Paris did not sign it but put a cross on it. He did not know where the receipt was at present. The witness said he gave it to Mr. Oglivie. Mr. Oglivie had told him to get the receipt. He said he asked Mr. Oglivie for the receipt before coming to St. John. He said he did not think Mr. Oglivie was here as a witness; he had not seen him.

The witness said the bill which Paris presented was thrown away by Mr. Oglivie immediately after the witness presented it to Mr. Oglivie. He said Paris told him he (Paris) could not write in the book for the payment of the ninety cents was made out to "Mr. Paris" and not "John Paris". The entry was made by Miss McKensie at his direction. The witness explained the location of the wicket through which he paid the ninety cents. Asked by the attorney-general if he wrote the receipt which was given, witness said that he did not remember. Pressed for an answer one way or another, he said he did write the receipt. The attorney-general here showed witness a picture and asked him if he ever saw the man in the picture before. The witness replied "yes". He described the dress of the man in the picture, but could not say if the man he paid the ninety cents to was dressed in the same manner.

LUMBERING.
J. E. Michaud of Edmundston, who arrived in the city last night says that the lumbering outlook in Madawaska is beginning to be favorable and during the last few days many loggers have taken out contracts. He said there were not many men in the woods as yet, but they were going steady and it was estimated that about half as many would be operating this year as last. He said the prices were expected to be better on improving and that from present indications a large quantity of burned over wood was to be cut out and used which otherwise would be lost to the province and the licensee. He attributes this largely to the action of the government in cutting down the stumpage rate.

E. J. Chambers, Gentleman Usher of the Black Rod at the Senate, Ottawa. Arrangements are being made by Brig.-General C. J. Armstrong, G. O. Swear They Saw Paris In Truro on August 2

The cross-examination of Paris was continued on the opening of the afternoon session of the circuit court yesterday.

Paris said he had given evidence in Truro at the trial for stealing gasoline and on that occasion he did not think he said how long he had been away from St. John.

He did not remember having sworn that he was away from St. John for seven days.

He got no money from the insured people to pay the premiums. Paris' housekeeper used to pay the premiums with his money but he did not know when she paid last.

On August 19, the day he was arrested at Westfield, the deskman asked him all particulars regarding his name, height, weight, hair, eyes, etc.

FLYING AUTOMOBILE.
Paris, Nov. 26.—A flying automobile is the latest development in the French auto world. A successful demonstration of an ordinary automobile with folding wings, two engines, one of ten horsepower for land going and the other of 300 horsepower for air travel, was held recently at Buc, near St. Omer. The machine performed all the usual feats of an airplane and also of an automobile.

THIS CRIME MUST STOP!

According to an agreement made in 1914, when \$5,000,000 was advanced to the Canadian Northern, now a part of the Canadian Government Railway System, all inward and outward ocean traffic originating on those lines was to be carried over Canadian Railways and through Canadian Ports.

But in spite of this agreement, Canadian grain is now being carried over the Grand Trunk Railway into Portland and shipped from that Port at the expense of People of Canada, and particularly those of the Maritime Provinces.

SEVERE BLOW TO LABOR

Not only did the line from Montreal to Portland cost the People of Canada \$1,600,000 last year, but every day it is costing the Laboring Men, who should be engaged in handling this traffic here and at Halifax, their very livelihood. Portland is building up her ocean terminals at the expense of the Laboring People of St. John and Halifax.

IS THIS A SQUARE DEAL?

In the same document referred to above it was agreed that the rate on through traffic via Canadian Ports should not be greater than via United States Ports. What excuse then has the Government in sidetracking St. John in favor of Portland? Now is the time to fight this Winter Port Issue. It is up to the electors to say

Grows Thick, Heavy Hair
35-cent Bottle Ends all Dandruff, Stops Hair Coming Out

Ten minutes after using Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. Danderine is to sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping the hair to grow long, strong and luxuriant. One application of Danderine makes thin, lifeless, colorless hair look youthfully bright, lustrous, and last twice as abundantly.

Most People Die Poor

Government statistics recently compiled show that out of 107,109 persons who died last year 100,031 left estates of less than \$10,000. The vast majority left nothing.

On account of this appalling fact—that 93% of persons at death leave practically nothing—the necessity for life insurance is clear. Life insurance is one means of guaranteeing security for the future.

The people of Canada are rapidly coming to appreciate these facts, and are insuring their lives at the rate of one thousand persons a day.

Life insurance is the greatest friend any person can have. It always stands ready for the time of need.

MILITANT LIBERALISM AND OUTLOOK

(Moncton Transcript)

Yesterday's nominations at least demonstrated one thing, namely, that Liberalism has come back. The strong array of candidates presented right across the Dominion, is in marked contrast to that which took the field in 1917. Then candidates were nominated in three-fourths of the constituencies, but a number of them were anything but serious contenders, having been placed in nomination for the mere purpose of preventing a default.

But today the Liberal party is the most aggressive in the field. It is the aggressor, not merely in one or two provinces, but all over the Dominion. In Prince Edward Island it will get a majority of the seats. In Nova Scotia, it may even make a clean sweep. In this province it is pretty sure to get seventy-five per cent. of them. In Quebec it will hold all that was left by Sir Wilfrid Laurier. In Ontario, where in 1917 it elected only seven candidates, its chances for getting three times that number are excellent. In the prairie provinces, it will get more members than the government; while in British Columbia its prospects are very good.

Today it is not a matter of Mackenzie King coming back with the largest group, but as to whether or not he will have a majority over all. Seventy-five per cent. of those who follow the campaign closely concede that the Liberals will lead the other parties home; naturally, however, there is difference of opinion over the number they will get.

Nor is this surprising. In this campaign the Liberal party has given the country the best lot of candidates any party has presented in years. As if conscious of the unusual dangers that confront the country, and recognizing the unusual need for sane guidance in these unsettled days, Liberalism has apparently risen in its might all over the Dominion. Indeed, the outstanding names of its candidates is one of the purely risen in its might all over the Dominion. Indeed, the outstanding names of its candidates is one of the purely risen in its might all over the Dominion. GRADUAL ABOLITION EXTRA-TERRITORIAL RIGHTS IN CHINA

Washington, Nov. 25—Gradual abolition of extra-territorial rights in China was agreed to "in principle" today by the arms conference, and an exhaustive examination of the Chinese judicial system was decided on to determine how rapidly the change can be accomplished.

Sitting as a committee of the whole, the delegates virtually decided in executive session to put the investigation into the hands of an international commission of jurists, who would visit China next year and report direct to the governments concerned as to the ability of the Chinese authorities to take over the full administration of justice and exercised in large part by foreign tribunals under the extra-territorial privilege.

LARGE MIGRATION OF CHRISTIAN PEOPLE PLANNED

El Paso, Texas, Nov. 22—One of the largest migrations of Christian people of modern history is that of about 200,000 Mennonites, 50,000 families, from Canada to Mexico, which will begin in December. Their trek is expected to last two years.

The Mennonites for the past year have been looking for a new home, claiming unjust treatment in Canada during the World War. Eight nations have invited them, and "sharpshooters" and "boomers" and others have tried to influence them.

After a dozen trips to Mexico, during which representatives conferred with President Alvaro Obregon and officials of the Mexican immigration service, the leaders almost decided to settle in Mexico. Then editorials from various sources, says Mexican, declared the Mennonites were "making a mistake," that religious freedom which they sought could not be guaranteed them under the Mexican constitution. Another trip was made to Mexico and state and national governments assured the Mennonites that they could hold all the tenets of their religion and could enter that country and make their permanent home.

Canadian Mennonites hold the same belief as early members of the sect who settled in the United States—that non-resistance. The Mennonites, in defending their belief, declared that they settled in the early days at the hands of the Indians than did others who waged warfare against the savages.

The Mennonites still refuse to enter any war.

Another peculiar custom of these people is the washing of feet. They say that the command of Christ to the woman to wash His feet stands on the same spiritual level as His acts of distributing food and drink to the hungry and thirsty. To the Mennonites the story related by St. Luke is comparable to the ones other Christians regard, including the Sacrament and communion.

The removal of the Mennonites to America came about when William Penn had granted land for his Quaker followers. He was told of Mennonites who had fled from Germany to Holland, and his Quakers came to their aid. The Quakers are credited with helping them establish in Ohio, Indiana, Kansas, Nebraska and South Dakota. Later, colonies were established in Saskatchewan and other parts of Canada. During the past year a few of the sect have settled in Florida.

For years there were fourteen bodies of Mennonites, but years ago the sect was reunited.

The Mennonites will settle in Chihuahua and Durango, principally in the former state. Options have been secured in both states and improvements are being made on one large tract, the Huilillas hacienda, near Bisulillo and Chihuahua City. The colonists have paid 25,000 pesos to hold this tract, the money being on deposit to the large land owner, Carlos Zuloaga. The purchase price is 600,000 pesos.

To say that with such a body of able and experienced men Liberalism will launch a policy that is likely to work injury to the country, is absurd. If these men were mere novices, there might be something in the contention; but they are not. Many of them have splendid records of service in parliament; others have even brilliant records in provincial politics. They know something about shaping public policy. Their very presence in the field is the most direct and positive contradiction of the charge that the Liberal party has not a well defined policy, or if it has, that it has not the man to carry it into effect.

But it was not necessary to wait for nomination day to discover that the Liberal party had come back. The eagerness with which it entered the contest, the willingness with which men of high standing accepted nominations, was evidence of an awakening. The eagerness for battle was the characteristic, not a defeated, but of a confident party. The very fact that some of the candidates entered the lists, was the best evidence that they believed that Liberalism's hour had come.

What a change within four years! Then the Liberal party, deprived of many of its most outstanding figures, and apparently hopelessly divided, seemed likely to wander for many years in the wilderness of opposition. Its enemies jeered, believing that having rent its ranks it had thus brought to their own ranks a wing that would remain with it permanently, and would remain one of some years, their continuance in office.

Liberalism has come back because it

has been true to itself. This, together with the disappointing record of the government, has caused the country to turn to it. It is for Liberals themselves to make the victory of December 6th a crowning one.

PHILATHEA CLASS SOCIAL.

The Philathea class of the German street Baptist church held an enjoyable social last evening, having as their guests the members of the Y. M. C. A. and S. S. Poole and Mrs. Poole, W. C. Cross and Mrs. Cross, L. W. Simms and Mrs. Simms, and Mr. and Mrs. S. H. Davis. After games and refreshments had been served, the gathering divided into groups, each group trying to outdo the other in making up songs to suit different tunes. The group led by D. Thompson finally won out. The singing of the National anthem brought the evening to a close.

The Winter Log Cut.

The prospect for lumbering during the coming winter look a little brighter than earlier in the season, but from present indications the cut in this province will be twenty-five or thirty per cent below that of last season. Of the local lumbermen a few of the smaller ones will carry on operations on a small scale. The S. H. White Co. and the Prescott Company will both do some lumbering, but on a greatly reduced basis to that of other years. The Prescott Lumber Co. is understood, will cut between five and six million feet, practically all of which will be pulpwood.

A SERVANT OR A MASTER?

How many men labor all their lives for the comfortable little fortune that shall mean liberty from care—only to find that the dollars bring their own bondage? What with collecting interest, watching the market, re-investing maturing investments, looking after real estate, the little fortune is almost as much work to take care of as it was to accumulate.

If you have a little money, let it serve you, not master you. For a fraction of what your time is worth to you THE CANADA PERMANENT TRUST COMPANY will take charge of your investments, collect your income, invest or reinvest your money, according to your instructions—or according to our best judgment, if you prefer to leave it entirely in our hands.

Because of this Company's wide experience, judgment, financial standing, and perfect trustworthiness, you are assured both leisure and peace of mind, when you place your affairs in the hands of

LEATHER MARKET HAS IMPROVED

(Boston Cor. Hide and Leather)

The stiffening of prices in the medium and lower grades of side leather has checked trading. Buyers are facing a different situation today from that of a few weeks ago. Tanners are well cleaned up of cheap grades of sides leather and asking for a cent to 3c advance. The use of mate been an improved demand for hides, with good-sized sales at advanced prices.

The cleared-up condition of the domestic hide market is evidenced by the fact that buyers have been forced to purchase in the South American market to fill their wants. Demand for upper leather still favors the lower grades. In chrome sides, considerable leather of medium and low grades has been moved. One large New York shoe manufacturer has made substantial purchases the past week. Low grade elk finished is active and more doing in the higher grades of side leathers, price having been reduced, owing to cheaper raw materials.

MARY CARR Famous mother of "Over the Hill" who has a prominent part in "Thunderclap." WILLIAM FOX SPECIAL PRODUCTION

"THUNDERCLAP" PRODUCTION HAS PERSONNEL OF MUCH DISTINCTION

Manager Selby, of the Queen Square Theatre, who has arranged with the well known motion producer, William Fox, for the showing of "Thunderclap," calls attention to the remarkable personnel of the production "off and on" for this stupendous photodrama. Mary Carr, of "Over the Hill" fame, heads the cast, with Violet Messerian, J. Burney Sherry, Paul Willis, John Daly Murphy, Walter McEwan, Maude Hill, Hal Clarendon, Joe Burke and Thomas McCann, supporting. The story was adapted by the well known scenarist, Paul H. Sloane, with Richard Stanton as the director. New York newspapers say that two of the most spectacular scenes ever registered on the screen take place in "Thunderclap." One is the hair-raising passage of the hero down a tempestuous rapids on the top of a board, and the other is the race track scene. These two scenes alone would make this picture more than worth while, and judging from the success that this super-photoplay enjoyed on Broadway at the Central Theatre New York, it may be deduced that there are elements of appeal for every class of picture-goer. Mary Carr is again given a great mother role. Without the use of her limbs or body, unable to open her mouth, playing the part of paraplytic, she again scores a great hit. Her acting had to be put over by facial expression alone, and she once more proves herself worthy of her reputation. The story deals with sporting life and the gaming tables, and "Thunderclap" takes its title from the race horse upon whose victory the fortunes of the hero and heroine rest. Flots and counterflots are set in motion to keep "Thunderclap" from winning, but with the aid of a good jockey, the crooked gambler's efforts are frustrated. The beginning of the picture discloses the suffering wife anxious to bring her child home from the convent and her husband, the child's stepfather, refusing to have the "brat" around the house. In a moment of desperation, the mother threatens to disclose the crooked methods of the gaming house keeper if he does not grant her wish. The gambler strikes her and she becomes paralyzed from the shock, losing the use of her limbs and her speech. An orphan boy drifts into the employ of the gambler, who is now running a fashionable establishment in a large city, and brings with him his horse, "Thunderclap." The mare was bequeathed to the boy by the only kind employer he ever had. The gambler, finding his business falling off ruinously, sends for his beautiful step-daughter to act as hostess of the gaming house. Complications arise, and in desperation the gambler promises his daughter, in marriage to an old reprobate with the understanding that \$40,000 is to be paid to the stepfather within a specified time. From then on the picture works up to its great climax, a climax as unusual as it is thrilling. "Thunderclap" comes to the Queen Square Theatre, commencing Monday, the 28th, for four days.

HOPPE CHALLENGES NEW CHAMPION

(Canadian Press Despatch) Chicago, Nov. 25.—Willie Hoppe, who recently lost the world's 16.2 bulk line billiard championship to "Young Jack" Schaefer, after holding it for sixteen years, today challenged the new champion to a return match and posted a \$250 guarantee for appearance. Under the conditions of the recent tournament in which Schaefer was victor, he does not have to defend his title until March 15, 1928, and it is believed that he will do nothing but exhibition work until that date. Schaefer has been quoted as saying that the next time he met Hoppe he wanted at least a 3,000-point contest, and Hoppe also is said to be in favor of the marathon route.

SAYS MISS RAPPE HAD OFTEN BEEN SIMILARLY ILL

San Francisco, Nov. 25.—Miss Virginia Rappe, motion picture actress, whose death, the state charges resulted from injuries received at the hands of Roscoe C. Arbuckle, was reported in a statement read at the Arbuckle manslaughter trial here today as having said to Dr. M. E. Runwell, San Francisco physician, that she "must have been intoxicated for she could not remember what had happened" during the course of a party in Arbuckle's hotel rooms here. Dr. Runwell was not cross-examined.

Miss Irene Morgan, trained nurse of South Pasadena, was the next witness. Miss Morgan said she was employed in Hollywood by Miss Rappe as housekeeper and trained nurse. She said she saw Miss Rappe tearing at her clothes many times. She treated her at least five times for an internal trouble. Her patient used to "double-up and cry," presumably as a result of the trouble, the witness said. After drinking intoxicating liquor, Miss Rappe would tear her clothes off, she said.

Cuts Out Credits, Doubles Business

Several of the smart women's apparel shops in Walnut street, Philadelphia, have sounded the death knell for charge accounts and announce that from now on all business will be transacted on a strictly cash basis. Louis Stone, president of the Stone Company, pioneer in the movement in this vicinity, declares that, while it required considerable determination to institute this change, especially under pres-

ent conditions, the plan has produced excellent results and has compensated him for his "business audacity." "Since the change was inaugurated two weeks ago," says Stone, "our business has increased over 200 per cent. Our women customers understood without being told that they could save money in a store where wearing apparel was sold for cash, because under such a plan they would not have to pay for bad debt losses and the costs accruing from collecting agencies." Asked why he considered the present an opportune time for placing his store on a cash basis, Stone replied, "It was not a case of opportunity, it was simply necessity. I have had the idea for years, but in the last few months relations without customers had reached a point where some sort of radical action of this kind was needed."
