

TIMES-IMPERIAL CONTEST WINNERS

Children Who Were Successful in the Misspelt Word Competition of Last Thursday.

The Imperial misspelt word contest in connection with the first chapter of the new serial "White Eagle," which appeared in Thursday night's Times, resulted as follows:

The misspelt word was "buffalos" (spelt "buffalos" instead of "buffaloes"). A great many thought it was "modeller," but as an authoritative dictionary also gives the word as printed in the paper this cannot rightly be allowed. Others thought "councillors" was the word, but that, too, was rightly spelt in the circumstances. The only other word wrongly spelt in the whole chapter was the name "Stanford" for Stanton, a man's name. So the judges decided to give prizes for this, too, although it was a printer's mistake.

The prize-winners therefore are as follows: Buffalos—Gladys Logue, 142 Rockland road; Charles Campbell, 104 King street; West; Phyllis Dunlap, 75 Orange street; Marley, Marley, 43 Horsfield street; Mary Morrissey, 34 Golding street. Stanford—Stewart Noble, Stanley street; John Lawlor, 100 Pitt street; Gladys Fitzpatrick, 142 Carnarvon street. Some of the prize-winners received their money from the theatre at the Saturday matinee; the others are to receive them upon identification at the office of the theatre. There were hundreds of contestants in this merry little Times-Imperial contest and it showed that the younger generations in St. John are quite keen spellers. Some tripped up the author over a story on grammar, others picked flaws in his syntax, verbs, etc. The judges, in examining the three columns of printed "third-degree" examination to which the children subjected the fictionist and, for that matter, the printers and proof-readers.

PERSONAL

Miss Rita Brennan, who has been on the musical staff of Landor College, South Carolina, for three years, is visiting her aunt at 180 Queen street. Mrs. C. H. James, 104 Wright street, left on Saturday night for Boston to spend a month. Charles L. Burge returned this morning from Montreal. Mr. and Mrs. R. E. Story have returned home after a very pleasant trip to Boston and Providence, R. I. Bert Newcome, machinist, Canadian National Railway, Charlottetown, P. E. Island, is in the city to visit his daughter, Pearl, who is a patient in the St. John County Hospital.

PECK—At the residence of his daughter, Mrs. George Nelson, Hickey road, on June 25, 1922, James Austin Peck, leaving one son and one daughter, sister and brother. (Boston and New York papers please copy.) Funeral from Chamberlain's Undertaking Parlor, Tuesday at 3:30 p. m.

IN MEMORIAM

QUINN—In loving memory of Cornea Quinn, who fell asleep, June 25, 1921. How much we miss you, no tongue can tell. But still we know there's no pain. For there's peace in the place you dwell. FATHER, GRANDMA, SISTER AND BROTHER

CARD OF THANKS

Mrs. James Wood and family wishes to thank their many friends for their kindness in their recent sad bereavement.

\$250.00 REWARD

HENRY G. MARR.

To the person finding Mr. H.G. Marr, missing since Thursday morning, June 22nd.

J. H. MARR

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

GLORIA SWANSON IMPERIAL TONIGHT

Gloria Swanson, screen favorite, stands as a typical example of the fact that it is really only hard, conscientious work, coupled with genuine merit, which makes a star. To these attributes she is able to add that of a winsome beauty. Her meritorious screen performances are numerous, but to quote just a few of them will assure people that her latest picture, "Her Husband's Trademark" at the Imperial today, is fully and faithfully styled her greatest to date. Remember Cecil B. DeMille's "For Better, For Worse," "Male and Female," "Why Change Your Wife?" and "Something to Think About." Remember when she was elevated to stardom and gave the film world "The Great Moment," to be followed not so very many moments later by "Under the Lash," a picture which delivered its message with a snap and lastings of the whip in its title? Remember her most really enjoyable portrayal of a deserted wife in that whimsical satire on the "infernal" triangle, "Don't Tell Everything?" And, remembering all of these things one will get a very pronounced idea of what one may expect from her latest and greatest, "Her Husband's Trademark," now at the Imperial.

PLANS OF KETEPEC-MORNA OUTING ASSOCIATION

The Summer association along the lines of railway and river are now at the point of full activity. The youngest of these organizations is the Ketepec-Morna Outing Association which has as an adjutant Belmont, nearby. For some days past the president and his staff have been completing arrangements along with a large committee of ladies, for their opening affair in a few days. This will be the association's second get-together and after the 1922 celebration, work upon the new pavilion and grounds will commence. Last year the K-M. O. A. purchased the Akerley house at the bend in the road at Ketepec, foot of Clark's hill, which is being used in its original plans are to merge the large rooms into a fine dancing floor, to re-roof the structure, erect a 16-foot veranda around it and then modernize and renovate and prettily decorate the whole big house. Sporting grounds, such as tennis court, lawn for bowling, etc., will be laid out on the property and numerous other improvements made. Before fall it is expected the summering pleasure plant will be about completed.

MORE NOTED SWIMMERS

Frank White received a telegram this morning from Joe Moore, at New York, saying that Briscoe and Boker would be here to take part in the big swimming meet at Lily Lake on July 15. Briscoe is junior national diving champion and junior century national champion, and Boker is metropolitan national champion.

SATURDAY IN PARLIAMENT

Query Relative to Hon. F. B. Carvell's Position.

Civil Service Bonus Arrangements are Announced—The Senate and Private Liquor Importation Into B. C.

(Canadian Press) Ottawa, June 26—The committee on railway transportation will be discussed.

The prime minister stated that the government had reached a definite decision with regard to the demand for the removal of Hon. F. B. Carvell, chairman of the railway commission. The premier intimated that the matter was still under consideration.

Hon. Charles Stewart, minister of fisheries, said that application for direct relief for the Astinbone river food sufferers would have to come through the Manitoba government.

Mr. Stewart also said that he had been informed that no Chinese had been landed at Vancouver, but that 340 were on board ship seeking entrance to Canada. Civic Service.

Supplementary estimates were considered in committee. An item of \$5,500,000 to provide for payment of bonus to civil servants was carried. This item drew protest from the Ottawa and Carleton county members against the reduction of the bonus.

The prime minister stated that a change had been made from the original bonus proposals. Employees with dependents, drawing \$1,500 and under, last year, will receive the bonus; those between \$1,500 and \$2,400, one-third, and employees receiving \$2,400 and over who were unmarried and without dependents will receive one-half of last year's bonus.

All the supplementary estimates were discussed.

An item of \$175,000 for the purchase of a British Columbia house in London was explained from the premier that the premier of British Columbia has opened negotiations for the sale of this property to the federal government. The \$175,000, Mr. King said, would provide for the cost of the preliminary arrangement in connection with the sale.

Third reading was given a bill that delivered a treaty of peace with Hungary and Turkey.

By a vote of 37 to 31, the senate decided to discontinue the maintenance of status quo in British Columbia and permitting private individuals to import liquor into that province.

ST. JOHN'S FIRST BARGAIN BASEMENT A BIG SUCCESS

The first Bargain Basement to be opened in St. John has now been under way for about three weeks and the results have been far better than the most optimistic predictions. It was generally conceded that St. John would welcome the Bargain Basement method of merchandising which has proved so successful in the larger progressive cities of the continent, but it was hardly thought that it would be such a huge and continued opening, however, such has been the case, as those who have visited the Oak Hall Bargain Basement are fully aware.

Of course there is a big reason for this, and that is the exceptionally fine bargains that Oak Hall is able to offer at such extremely low prices, and this is accomplished, first, by sending buyers direct to Montreal, Toronto, New York and other large centres, and procuring goods at the very lowest possible price for quantity purchase and cash payments. Then these goods are marked at the very lowest margin of profit, cutting out all possible overhead expenses such as making refunds on purchases, approval sales, charge accounts, and other items. Rent, of course, is negligible in a basement, and all these savings by Oak Hall are directly reflected in lower prices.

Oak Hall has been so successful so far with this venture, although less than a month since they started, that once their buyer is away to New York and other places picking up new bargains and wires received from them, the store here is offering. One should get the bargains before they are better values. If that is possible, they have heretofore been offering. One should get the bargains whenever shopping, as new bargains are continually being put out that represent big savings to the purchasers. 6-27.

ABOUT NORMAL

It was said at C. P. R. headquarters this morning that the train service in the district affected by the floods was practically normal today, and that trains would run through on their regular schedules from now on. Excellent progress in rebuilding the damaged road beds had been made over the week end and no further difficulty was expected to be experienced.

"Daddy carried no insurance—so I must for her"

THE letter printed below was received at our Winnipeg office some time ago.

"Sir:—Will you kindly tell me about your Endowment Policy? I have one girlie, a year old to-morrow, and Daddy is amongst the missing. He carried no insurance, so I must—for her."

It tells a sad story, this letter—the story of a widow's needs and a mother's sacrifice. Widows do realize the value of life insurance. You cannot afford to be without adequate life insurance protection, if you have anyone looking to you for support.

To-day—while you are insurable—use the coupon below to ask for a free copy of our interesting booklet "Her Way Out". It explains how you can easily provide a regular monthly income to care for your loved ones after you are gone.

M. L. McPhail, Branch Manager, Royal Bank Bldg., St. John

EAST ST. JOHN S. S. CLOSING

The first closing exercises of the East St. John Sunday school took place on Sunday afternoon at 2 o'clock. Through the kindness of H. B. Peck, the Plaza was placed at the disposal of the Misses McGrath, who were the organizers and teachers of the school. A programme of music and readings was given by the following girls and boys: Dorothy Peterson, Muriel Beckwith, Dorothy Peterson, Mary Foley, Viola McCaigle, Joseph Barrett, Agnes and Mary Callaghan, Thos. Barrett, Lawrence Beckwith, Anna Foley, Ray Carton, Ralph Peterson, Muriel Beckwith and Dorothy Peterson.

Rev. C. P. Carleton had offered \$5 in gold each to the girl and boy with best attendance. The contestants were Anna Foley, Muriel Beckwith, Dorothy Peterson, Joseph Barrett, Lawrence Beckwith, Walter and Kenneth Peterson. The prizes were divided among these, and Lawrence Beckwith and little Dorothy Peterson won prizes for catechism.

A very pleasing feature of the programme was the singing under the training of Miss H. T. McGrath. The children, while training only a few months, besides several hymns, had mastered the Benediction music. After presenting the Benediction music, Father Carleton gave a very interesting instruction to the mothers and children, and also heartily thanked the Misses McGrath for starting so good and much needed work in East St. John. The children presented flowers to their teachers.

PAGING GUESTS BY RADIO TRIED IN A BOSTON HOTEL

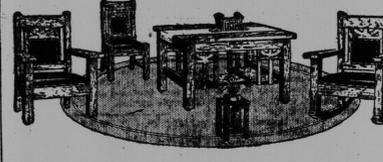

Boston, Mass., June 26—This city boasts paging by radio in one of its first class hotels. The plan is operating most successfully at the Hotel Essex, near the South station.

Manager McCarthy of the Essex declares that the radio paging system is a great help in giving more efficient service. There is no longer a "flock" of noisy boys running through the main dining room shouting names of various guests wanted at the telephone desk. Instead, the soft but distinct voice of the telephone operator is sent out to various parts of the hotel through devices from the telephone switchboard.

"Mr. Brown is wanted on the telephone—Mr. Brown on the telephone," calls the operator into a transmitter beside her switchboard, and out in the hotel her tones are carried by amplifying apparatus, causing Mr. Brown to drop his knife and fork at once and hurry to the telephone desk.

DOLLAR CLOSE TO PAR. New York, June 26—Sterling exchange irregular. Great Britain, 4.30%; Canadian dollars 1/4 per cent discount.

Chicago Grain Market. Chicago, June 26—Opening: Wheat, July 118 1/2, Sept. 114 1/2; corn, July 62 1/2, Sept. 58; oats, July 37 1/2, Sept. 33 1/2.

Last Call for Fumed Oak Sale

Not enough to go round, so come quick to feast your eyes on a suite of six separate pieces of solid mission oak, cut to clear from \$60 to \$44.

Transportation Committee of the House Reports After Stormy Sessions—Tory Members Quit.

Ottawa, June 25.—After stormy sessions lasting throughout the day and into the evening of Saturday, the special house committee on transportation costs decided, by a vote of sixteen to one on its report to the house. In brief, the committee recommends:

- (1) Suspension of the Crow's Nest Pass agreement, except in respect to grain and flour, for one year from July 1, 1922, with power to the cabinet to suspend for another year by order-in-council, if then existing conditions justify such action.
- (2) Crow's Nest rates on grain and flour to apply from July 6 (the date when suspension of the Crow's Nest agreement expires).
- (3) That the best efforts of railway

TO DAM THE JORDAN AT SEA OF GALILEE

Material Bought from German Firms at Half Cost of Other Tenderers.

Jerusalem, June 26. — (Associated Press) — Much of the material that is to be used in the work of developing the hydraulic power of the falls of the Jordan, near the Sea of Galilee, will be acquired from German firms. Their prices are said to be one-half those of British houses and considerably below those of U. S. bidders.

The plan includes the construction of a dam on the Jordan River at the point where it issues from the Sea of Galilee; a large storage reservoir; irrigation canals; and the installation of electric generating stations. American-Jewish organizations are said to be largely interested in the project.

The contract has been awarded to Pinhas Rutenberg, a Russian engineer, by the British government. Mr. Rutenberg is now in the United States, seeking financial support for the project. The work will involve an expenditure of \$10,000,000 and the employment of 8,000 men. The Russian contractor also will undertake to draw electric power from the Aaja River to light the ancient city of Jaffa and the communities of Tel Aviv, Ramleh and Petach Tikhah. He is allowed two years in which to raise the capital and start operations.

Bread-Plus-Milk

Nature's Perfect Food

Don't cheat the growing child!

That active little body uses up so much energy—

Those tissues, bones and muscles are building up so rapidly—

Good building material is your child's first need.

The real building material is food, Bread-and-Milk—nature's own perfect combination.

Give them generous slices of firm white Bread, all golden-crust-ed, with plenty of delicious creamy milk—a whole bowlful of it.

Remember your children are growing—they are playing. Watch them develop into robust citizens on a bountiful diet of Bread-and-Milk.

St. John and Fairville baked Bread is Bread at its Best—always pure, tempting and nutritious.

TO DAM THE JORDAN AT SEA OF GALILEE

Material Bought from German Firms at Half Cost of Other Tenderers.

Jerusalem, June 26. — (Associated Press) — Much of the material that is to be used in the work of developing the hydraulic power of the falls of the Jordan, near the Sea of Galilee, will be acquired from German firms. Their prices are said to be one-half those of British houses and considerably below those of U. S. bidders.

The plan includes the construction of a dam on the Jordan River at the point where it issues from the Sea of Galilee; a large storage reservoir; irrigation canals; and the installation of electric generating stations. American-Jewish organizations are said to be largely interested in the project.

The contract has been awarded to Pinhas Rutenberg, a Russian engineer, by the British government. Mr. Rutenberg is now in the United States, seeking financial support for the project. The work will involve an expenditure of \$10,000,000 and the employment of 8,000 men. The Russian contractor also will undertake to draw electric power from the Aaja River to light the ancient city of Jaffa and the communities of Tel Aviv, Ramleh and Petach Tikhah. He is allowed two years in which to raise the capital and start operations.

Better Than Hard Coal

Soft coal so free from soot that it does not make wipers on stove covers or pipes and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE MARITIME VIEWPOINT.

The Times prints today a fuller report of that portion of the speech of Hon. Dr. Roberts before the Canadian Manufacturers' Association last week which dealt specially with the maritime provinces and their claim to greater recognition as a very important portion of the Dominion, and as its eastern gateway during the winter season.

New York Times reluctantly observes—"It would appear that the new Ireland is destined for some time to live in a state of perpetual crisis. No sooner is one dangerous fork in the road got by safely than another looms up demanding a resolute choice by the traveler.

SIR GEORGE PARKIN.

Years ago, in Fredericton, the writer of this article, a student at the Normal School, had as a companion in a boarding house a youth who was attending Fredericton high school preparatory to a university course.

There is food for profitable thought in what Dr. Roberts says about the development of industries on the seaboard whose products would go to overseas markets. There would be no long rail haul from the interior. Such an advantage is obvious.

Some years later, the writer, then engaged in newspaper work, reported Dr. Parkin's speech in the old Mechanics Institute in St. John, on the eve of his departure on a tour of the Empire under the auspices of the Imperial Fredericton League.

UNHAPPY IRELAND.

De Valera has said in effect that such acts as the assassination of Field Marshal Wilson are to be expected. The spokesman of a section of the Irish Republican army have said the same thing. They appear to be more anxious to find occasion for the murder of such persons aspire to leadership and are able to get a following there will be no peace in Ireland.

Two Born Every Minute. Had not the Parisian doctors protested against a popular rush to buy six-franc bottles of Pierre Guebert's heliole, a former honored servant of the postal ministry would not now be facing trial in court for fraud at the age of 70.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis Formerly Technical Electrical Expert For U. S. Government

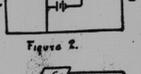

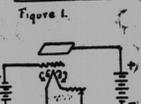

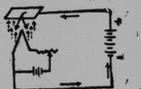

THE THERMIONIC TUBE. PART 3. THE GRID.

The most revolutionary inventions in radio in the last few years have for their foundation the complete thermionic tube of three elements. When the third element, the grid, was first introduced by Dr. Lee DeForest, he laid the cornerstone for radio development, and it is doubtful whether broadcasting by radio would today be a public service were it not for the three electrode thermionic tube.

The "grid," as it is called, is a mesh or screen, interposed between the filament and plate, and because of this strategic position, it can with a very small amount of energy control the electrons emitted from the filament and determine in what quantities they shall reach the plate.

It will be remembered that with the filament properly lighted and a positive charge on the grid allowing the electrons to flow in the plate circuit from the filament to the plate and then externally to the plate. In figure 1 is shown by means of heavy arrows the direction of plate current, the dotted arrows showing the direction of emission and travel of electrons.

By studying figures 2 and 3 it can be seen that because of the closeness of the grid to the filament, a small negative charge placed on the grid would repel the electrons and tend to prevent their reaching the plate. A positive charge on the grid would increase the quantity of electrons leaving the filament for the plate. Figure 2 shows the grid negatively charged and no plate current because the electrons are prevented from reaching the plate by the negative charge on the grid. Figure 3 shows a positive charge on the grid allowing the electrons to reach the plate, and a consequent flow of current in the plate circuit.

For sake of illustration the potential on the grid is indicated as being furnished by a battery rather than the usual receiving inductance. The energy in the plate circuit depends on the amount of filament emission and the voltage or potential of the plate. The control of the grid over this energy depends on its closeness to the filament, its charge, and its construction. By reason of the small amount of energy on the grid which can be made to control greater amounts of energy in the plate circuit, the thermionic tube possesses amplifying properties which are of great importance in radio telegraphy and telephony.

MAYBE IT'S THE OLD "LUMBER YARD GANG" GROWN UP!

—Ireland in the Columbus Dispatch.

MAYOR MARTIN IN LIBEL CASE

Court Condemns Him to Pay \$200 Damages to E. W. Villeneuve.

(Montreal Gazette.) Mederic Martin, Mayor of Montreal, was condemned by Judge of the Superior Court, as rendered by Mr. Justice Surveur, to pay to Eugene W. Villeneuve \$200 damages for a libelous statement made against Mr. Villeneuve as a member of the Board of Control, on March 5, 1917. The plaintiff had sued for \$5,000 damages.

and in the same year the Villerey Quarry Company was awarded a contract for the supply of stone to the city. "Defendant never produced any proof that the plaintiff ever had any interest in the Villerey Quarry Company," continued Mr. Justice Surveur. "It would have been easy for the defendant to produce the books of the company. Plaintiff, on his side, avers that he never held any shares in the Villerey Quarry Company, and no effort was made to contradict him. The words that defendant used on the occasion complained of were not privileged; they were not used in the exercise of his functions, but were uttered in introducing into the discussion matters which were stranger to what was on the order of the day. The words were false, and were not pronounced in the public interest. They were reproduced in the public press, and were a cause of damage to the plaintiff."

QUEBEC'S MINERAL WEALTH.

The report on mining operations in Quebec for the year 1921 has just been issued, and indicates that operations were not pushed with the same aggressiveness as in the years immediately preceding. The value of mineral production for the year amounted to \$15,222,968, as compared with \$28,292,569 in 1920, the record year of production, and \$20,813,670 in 1919. The showing for the past year, therefore, represented a decline of \$13,069,601, or 45.5 per cent, and was the lowest figure of annual production since 1915, when the output was valued at \$11,465,973.

BREAKS JAIL
THRICE; CAUGHT
AMID SHOTS

"Oily" Rockford, for Whom
Prison Bars Form Only a
Temporary Cage, is De-
fiant.

New York, June 26—"Oily" Rock-
ford, twenty-two, with a penchant for
jail-breaking, was recaptured last week
after having been missing from the Wel-
fare Island Penitentiary since May, 1921.
Rockford promises to escape again in
time to back in the sunshine of Septem-
ber.

The fugitive was caught on the roof
of a tenement after detectives had fired
a dozen shots in a chase that led past
hundreds of girl employes in the plant
of the New England Pie Baking Com-
pany, East Fifteenth street.

Rockford first was sent across the
East River to serve a term on Aug. 5,
1918. He was in the penitentiary just
about a week and then escaped in mys-
terious fashion. He was re-arrested
and returned to prison on May 14, 1920,
and five days later fled again. The police
picked him up once more on Sept.
13, 1920, and it was not until the fol-
lowing April that he tried a dash for
liberty. This attempt failed.

On Decoration Day, 1921, while a base-
ball game was in progress, Rockford and
another prisoner fled in a rowboat and
were close to the Manhattan shore be-
fore the escape was discovered. Keepers
were just getting under way from the Is-
land when the escaping rowboat was
"returned. Rockford came to the sur-
face, swam to the waterfront and es-
caped. His companion was drowned.

Detectives who knew Rockford well,
have maintained a watch on Rockford's
haunts and have trailed his friends.
Word came that Rockford had appear-
ed in the vicinity of Avenue B and Fif-
teenth street. Detectives Gilman, Don-
lin and Lambert hurried there. Midway
between Avenue B and Avenue C in
Fifteenth street they saw their quarry,
and at about the same instant Rockford
saw them. He turned and sped for the
Avenue C corner—the shouts of the de-
tectives stirring the dwellers in the
crowded houses and bringing the girl
pie-makers to the windows. Followed
by a throng the detectives reached the
corner in time to see Rockford dart into

the hallway of a tenement. As the flee-
ing man turned into the doorway, the
three detectives each fired four shots—
all missing.
Donlin and Gilman dashed upstairs,
while Lambert ran to the house next
door and went to the roof. Back of a
chimney the pursuers found Rockford,
who offered no resistance. His only re-
mark was in the station house when he
said to Detective Gilman:
"You must be sore on me to take me
in, but never mind, I'll be out again by
next September."

RECENT WEDDINGS

Burke-Murdock.
A pretty wedding was solemnized
Tuesday morning at the Cathedral of
Immaculate Conception, Portland, (Me.),
when Miss Florence Elizabeth Murdock
was united in marriage to Walter Fran-
cis Burke, of Amesbury, by Rev. George
Johnson.

Mr. Burke is a native of St. John but
removed about twelve years ago to
Amesbury, (Mass.), where his parents
still reside.

RECENT DEATHS

Mrs. Lewis W. Lingley.

Mrs. Lewis W. Lingley passed away
on Saturday, June 24, at the residence
of her son, L. V. Lingley. Mrs. Lingley,
who had been ill for almost six years,
was the widow of Lewis W. Lingley,
formerly chamberlain of the city of
Portland, and daughter of the late Henry
Maxwell, lumber merchant. She was a
lifelong member of the Methodist church
and always retained her interest in its
work. Mrs. Lingley leaves one daugh-
ter, M. Louise, and four sons, Harold N.,
of Truro; Allan W., Charles M., and
Lewis V., of this city. She leaves also
two brothers, James, of Fredericton, and
S. R. Maxwell, of this city, and four
sisters, Mrs. G. W. Burbridge, of Win-
nipeg; Mrs. W. P. Court, of this city,
and Mrs. J. S. Hale and Mrs. J. E. Nar-
raway, of Ottawa.

Herman Scribner.

The death of Herman Scribner in his
seventy-fifth year occurred on Saturday
at his home in Hampton. He is sur-
vived by his wife, four sons and three
daughters.

FUNERALS

The funeral of Jacob Knorr was held
yesterday afternoon from his late resi-
dence, Main street, Fairville, to the
Church of the Good Shepherd, where ser-
vice was conducted by Rev. Walter P.
Dunham. Interment was made in the
Church of the Good Shepherd cemetery,
Manawagonish road.
The funeral of Timothy Burke was
held yesterday afternoon from his late
residence, 24 Davis street, to the Cath-

Dominion Day Calls For
Cool Clothing

We Heartily Recommend a Palm Beach Suit

These are undoubtedly the coolest, most comfortable suits a
man could have for Mid-Summer wear.

NEGRO SHOT IN
HEAD; SKULL
NOT INJURED

Toronto, June 26.—During an argu-
ment, thought by the police to be over a
woman, George Harris, colored, forty
years of age, was shot in the back of the
head on the stairway of his home. His
assailant ran away, but Harris was able
to give the man's name, though he would
not state the cause of the quarrel. Har-
ris was taken to the Western Hospital,
where it was reported that his condition
was not serious. The bullet went through
the flesh at the back of the head, but did
not fracture any of the skull bones. It
was extracted by the doctors.

PLAN TO DEFEAT
STREET ROBBERS

New York, June 26.—A new plan to
defeat the schemes of robbers who prey
on Wall street messengers carrying great
sums in securities to and fro throughout
the financial district has been inaugu-
rated.

Abandoning the old theory that a
messenger should look as inconspicuous
as possible, several brokerage houses
have decided to test the antithesis, by
arraying their messengers in bright red
coats and latching five-pound portable
safes around their waists. The idea is to
let the whole world know a messenger
when it sees one. The brokers figure he
would be a bold highwayman who
would hold up one of these mobile safe-
deposit vaults.
The safe is a trick affair. A steel
chain encircling the messenger's waist
under the coat is padlocked inside the
safe. The messenger doesn't know the
combination of the safe, and, besides, has

to come back to get free, as the key to
the padlock is kept in the office.

FIRE ON SATURDAY.

The firemen were called out on Sat-
urday evening at 8.10 o'clock by an
alarm from box 421 to extinguish a
blaze in the wall of L. Smith's house in
Marsh road. The fire was mostly be-
tween the walls and took more than a
half an hour to subdue. The upper flat
of the house is occupied by John Conboy
and the lower flat by Roy Livingstone.
Considerable damage was done.

Merely "Plump"
seems "Slim" and "Sleek"
becomes "Slender" and "Fullest"
by wearing No. 692 La Diva
Corset—

For Every Figure
there is a "La Diva" model
giving comfort and style
at lowest possible price.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, JUNE 26, 1922

STRIKING FACTS ON PROHIBITION

Even Partially Enforced,
Better Than License

Interesting Figures — Yesterday was Great Day in Kansas City Sunday Schools—Glasgow Wants 1924 Convention.

Kansas City, June 26—Alive with the inspiration of Sunday's meetings, the delegates to the Sixteenth International Sunday School Convention, entered into the service of worship and song, led by Prof. H. Augustine Smith, this morning with great vigor. Following Prof. O. W. Warrington's devotional address, President John M. Gandy, State Normal School for Negroes, Peterburg, Va., spoke on "Redeeming a Race Through its Children." He told what has been done since slavery days for his people, and gave most of the credit to the great Christian agencies which went into the south to educate the children, and with their education, give them Christian training. "These children," he said, "now men and women, are the leaders of our race and are demonstrating in every walk of life what can be done if only provision is made to give our boys and girls of this generation adequate Christian education."

William T. Ellis, Swarthmore, Pa., traveler, writer and lecturer, spoke on "The Big Thing That Has Happened in the World."

"If congress should repeal or change the definition of liquor, we should still have 86 states with a one-half of one per cent. standard, three with a one per cent. standard, and the other nine with a variety of standards," declared Wayne B. Wheeler, Washington, General Counsel and Legislative Superintendent of the Anti-Saloon League of America.

"The cry that labor demands beer and light wines is unfounded. On May 14th in Pennsylvania, now the greatest industrial district in the United States, with its steel mills, factories and mines. Seventy-five thousand dollars was expended by the beer and wine champions of the United States to defeat the prohibition party ticket. Seventy-eight United States senators and a majority of congress come from states where the state itself has prohibited even one per cent. beer. The standard maintained by his own state for law enforcement is a disgrace to the support of law-abiding citizens. Senators like the senior senator from Missouri, who has spent more time in abusing and misrepresenting those measures enacted for the public good, have forfeited all claim on good citizens."

"Thus far we have established two facts: Prohibition is a law which is better than the license system. The following results show that prohibition has decreased more than one-half. Those opposed to prohibition admitted, after a survey made recently, that consumption of beverage liquor has fallen off 70 per cent, and that the number of drinkers is reduced over 17,000,000. Crimes related to liquor have fallen off materially, and all existing crime induced by drink proves our contention that alcohol prohibition voices crime and should be eliminated. Nineteen twenty-one was the healthiest year in the United States in history. Contributing factor in prosperity is now negligible. Over \$2,200,000,000 wasted for drink has been turned into useful channels. Bank deposits and savings have increased, and the net increased wealth of the country last year was \$4,000,000,000."

"The attempt of the liquor interests to nullify this law is a challenge to red-blooded Americans."

Afternoon sessions were devoted to group conferences.

Kansas City, June 25 — Beginning with a sunrise prayer meeting at the Grand avenue Methodist Episcopal church, led by Dr. George E. Williams, Philadelphia, General Secretary, the thousands of delegates from every part of the United States and Canada distributing themselves among the Sunday schools of Kansas City and vicinity, some teaching, others making addresses, and the majority watching how the local workers run their schools. Visiting speakers, both clergymen and laymen, men and women, occupied the pulpits of local and near-by churches, and the spirit of brotherhood and the absence of denominational fetters were both very manifest.

William H. Stockton, Birmingham, Alabama, Chairman of the Commission on Evangelism, presided at the afternoon session in Convention Hall, the general theme being "Evangelism."

"The childhood of the nation must be preserved at all cost, and not only physically and intellectually, but also morally and spiritually, even to the casting aside of some of our pet theories," was the challenge of Dr. Samuel G. Neil, Philadelphia, Secretary Bible and Field Department, American Baptist Publication Society, who spoke on "Conservation of Childhood." In speaking on "Sunday School Evangelism," Rev. Jesse M. Bader, St. Louis, Superintendent of Evangelism, United Christian Missionary Society, showed how this may be done by mak-

ST. JOHN, N. B.

ing the teaching of the Sunday School lesson an adequate background for decision for Christ. The teaching which lacks this element is wasted. Every generation of adults owes it to childhood to make perfectly clear the way to fellowship with God. It is in the Sunday School where this should be done. It should not be attempted in the ordinary revival. For childhood lays the backbone of adult life for making a decision for Christ under the stress of mass-meeting appeals."

In speaking on "Social Evangelism," Dr. Charles Stetle, New York, urged the convention delegates "to remember the saving of the individual must lead to the saving of the community. Social or association of life be consecrated to the ideals and teachings of Jesus Christ and yet in business, politics and social never come in contact with their mind."

A visit to the Sunday schools of Japan, Korea, China, the Philippine Islands, Egypt, Palestine, Brazil and Argentina was presented with the stereopticon by Frank L. Brown, of Brooklyn, N. Y., who until his death recently was General Secretary of the World's Sunday School Association, president of the Executive Committee, presided with him on the platform on furlough and distinguished guests from other lands.

A visit to the Sunday schools of the World's Association, Mr. J. W. Kinross, Chairman of the World's Sunday School Association, presided with him on the platform on furlough and distinguished guests from other lands.

The World's Sunday School Association, of which Phil Wansan, of Philadelphia, is president, was in charge of the evening meeting at Convention Hall, which was held in the afternoon.

A brief memorial service was held in honor of Frank L. Brown, of Brooklyn, N. Y., who until his death recently was General Secretary of the World's Sunday School Association, president of the Executive Committee, presided with him on the platform on furlough and distinguished guests from other lands.

Health is Beautiful

The glow of health gives radiant beauty to the homeliest face. "Good looks" come from proper food and healthful exercise—you can't smear them on with paste or cream. Eat

Shredded Wheat

every day. Cut out heavy foods and rich pastries. Shredded Wheat, easily digested, ready-cooked, with green vegetables and fresh fruit, will bring beauty of face and figure. Supplies every element the body needs and its daily use keeps the intestinal tract clean and healthy.

Shredded Wheat Biscuits is delicious with hot or cold milk, sliced bananas, prunes or canned fruits. Triscuit is the Shredded Wheat wafer and eaten with butter, cheese or marmalade.

Dr. James V. Thompson, Chicago superintendent Young People's Work, Board of Sunday Schools, Methodist Episcopal Church, who has been traveling in the Orient as a special representative of the association, described the methods used by the Korean church in specializing in Sunday school work this year.

showed their congratulations upon the happy termination of their years of study.

Both Father McGuire and Father Howard will remain in the city until Tuesday evening, when they will leave again for Zoopolis to spend another year in further study and training before undertaking active parish or missionary work.

Both young priests were ordained at Mount St. Alphonsus Seminary a short time ago.

**CATHEDRAL
SUNDAY SCHOOL
PRIZE AWARDS**

Presentation of prizes during the last year by pupils of the Cathedral Sunday school took place yesterday in the presence of a large number of parents and children. The short programme included addresses by Rev. William Duke and Bishop LeBlanc, both of whom congratulated the winners for their excellent showing. The prize winners among the boys' classes were as follows: Grade one, John Burns, Vincent Lavigne, Robert Stack, Vincent Tobin, Francis Marceau, Leo Connolly, Graham Knolly, grade two, Gerald Fitzgerald, Vincent Mudge, Patrick McHugh, Harvey Marceau, Leo Connolly, Graham Knolly, grade three, Arthur Conaghan, Donald McSherry, Ronald Bower, Francis McCluskey, Harold Connolly, grade four, Ewa Jasak, Eric Donaldson, Robichaud, Arthur McGrattan, Richard Coughlan, grade five, Gregory Walsh, Paul McGrattan, Patrick Ennis, Thomas Maynes, Charles McCluskey, Ronald Gaynes, grade six, Wilfred Harris, Bernard Stafford, Thomas McHugh, grade seven, Owen Kennedy, John Chandler, grade eight, Arthur Sheehan, John Caples.

In the girls' class the prize winners were: First communion class, Patricia McHugh, Lillian Zed, Marion McCarron, Jean Burns, the Hon. Misses, Mary Campbell, grade two, Kathleen McKinnon, Pauline Pennell, Marion Enslow, Kathleen Conaghan, grade three, Dorothy Colohan, Regina Murphy, Helen McCarthy, Ellen Enslow, grade four, Ewa Jasak, Eric Donaldson, Robichaud, Arthur McGrattan, grade five, Evelyn Crilly, Mary Turner, Germaine Marceau, Chana McGonigle, grade six, Irene Langille, Gertrude Murphy, grade seven, Irene Dillon, Florence Flood.

**NEW PRIESTS SAY
FIRST MASSES**

Rev. Edward Howard, C.S.S.
R., at St. Peter's, and Rev.
Harry McGuire, C.S.S.R.,
at the Cathedral—Many Relatives Present.

Many relatives and friends were present in the Cathedral and St. Peter's church yesterday morning when two young St. John priests, recently ordained in the Redemptorist Order, celebrated their first masses. Rev. Edward Howard, C.S.S.R., son of Mr. and Mrs. David Howard, Main street, was celebrated at high mass at 10:30 o'clock in St. Peter's, while John Henry McGuire, son of Thomas McGuire, Prince William street, sang the high mass at the Cathedral at 11:30 o'clock.

Before mass was begun in St. Peter's, the new priest, accompanied by several other members of the community, also boys and members of the uniformed rank of the Ancient Order of Hibernians, formed in procession in front of St. Peter's rectory and marched through the main aisle of the church, the procession passed under an arch of flowers constructed before the high altar and bearing the inscription in white letters: "Thou art a priest forever."

Rev. Simon Oram, of the Cathedral staff, was deacon, Rev. George Coffin, C.S.S.R., sub-deacon, and Rev. D. M. Coll, C.S.S.R., master of ceremonies. Rev. William Hogan, C.S.S.R., rector of St. Peter's, presided the occasional sermon on the dignity and duties of the priesthood.

The choir was accompanied by an orchestra in addition to the organ and during the course of the mass Michael Howard, brother of the young priest, sang a solo.

At the Cathedral, where Rev. Father McGuire celebrated mass, Rev. P. Costello, C.S.S.R., novice master at St. Peter's, was deacon, and Rev. H. A. Hanagan, sub-deacon. Austin McGuire, brother of the newly ordained priest and himself a student in the novitiate of the Redemptorist Congregation at St. Peter's, was master of ceremonies. His Lordship Bishop LeBlanc was in the episcopal throne and others present in the sanctuary were Rev. Roy McDonald and Rev. R. Nugent, of the Cathedral staff, and Leonard McGuire, another brother of Father McGuire, a student of the priesthood in the Redemptorist Congregation Seminary of Mount St. Alphonsus at Zoopolis.

Rev. W. Duke, rector of the Cathedral, preached the sermon on the priesthood. In both congregations there were many friends and relatives of the young priests who, after the services were concluded,

HON. DR. ROBERTS TO MANUFACTURERS

The Case for the Maritime Provinces Clearly Stated

Resources, Advantages and Opportunities—The Eastern Gateway—Appeal to National Sentiment.

The following is a verbatim report of that portion of the address of Hon. Dr. Roberts before the Canadian Manufacturers' Association which dealt with the relations of New Brunswick and the maritime provinces with the rest of Canada, setting forth clearly the need of a better recognition by the other provinces, in the national interest, of what should be done to make the act of confederation a real bond of union—

"New Brunswick cannot be surpassed."

Cuticura Soap—The Healthy Shaving Soap

Cuticura Soap is the healthiest, most economical shaving soap.

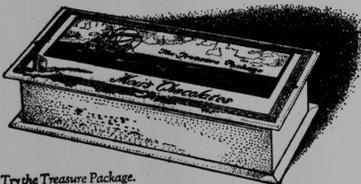

Before Cortez Reached Mexico

When Cortez landed in Mexico with his band of Spanish warriors he found that not only was chocolate used as a staple food, but that cocoa beans were the recognized form of currency in the country.

These native Mexicans were quite familiar with the nutritious value of chocolate. Yet it must have been a crude affair compared with the coating used to-day by Moir's on their chocolates.

The Cocoa beans used by Moir's are imported from the West Indies, Ceylon, Java and South America; blended by their own secret process and ground for many hours between steel rollers. They are then sweetened with pure granulated sugar and flavored with the finest quality vanilla beans. This smooth, creamy mixture forms the coating for the luscious cream, nut, fruit and nougatine centres, which you can buy in Moir's handsome boxes at your favorite store.

Dr. Schell's Zino-pads FOR CORNS, CALLUSES AND BUNIONS

Put one on--the pain is gone!

In natural beauty, or in variety of natural resources, by any province in Canada. Her principal industries are lumbering, agriculture, and fishing; and, regarding the latter, her eastern and southern boundaries being arms of the Atlantic ocean, exceptional facilities present themselves, only the other day statistics being issued from Ottawa regarding lobster fishing, that nine-tenths of the world's lobsters were found in Canadian waters, and the greater part of this was from the waters surrounding the Province of New Brunswick.

"In addition to the above resources, New Brunswick furnishes a good supply of lime, coal, gypsum, shale and oil, granite and clay, any one or all of which constitute valuable assets to the province, if developed, and a market found for them. In many instances that could be quoted, certain of these raw materials are taken to certain towns in Ontario, manufactured, and the finished product shipped back again, through this port and Halifax, to foreign as well as to various points in the maritime provinces.

"Saint John is one of the two eastern gateways to Canada, and one of the only Canadian national ports of entry, well adapted because open the entire twelve months of the year as the natural inlets and outlets through which Canadian imports and exports can be carried.

"If the Province of New Brunswick and the maritime provinces in general are ever to regain the status industrially and commercially occupied previous to the compact of 1867, then Canada and Canadians must direct her and their attention to the development of their eastern frontier. If you, as Canadians, are going to remain loyal to the country of your birth, to the country for which thousands of your fellow-citizens gave their lives in the recent war, then surely it should be a small return of appreciation of your loyalty and their sacrifice to ship your freight and travel through Canada's own national ports. If we are going to make out of the slogan, 'Canada for the Canadians' and 'Canadian goods shipped through Canadian ports,' other than sacrifice, then we must become consistent. Let me say that Saint John over thirty years ago, recognizing that wooden ship-buildings was passing or had passed, spent upwards of two millions of dollars from the pockets of her own citizens in an endeavor to build the municipality of a winter port, trusting that the central government would eventually step in and lend the necessary assistance toward completing the new enterprise. But little along this line came about. The Canadian Pacific Railway, attracted by our efforts, made their eastern terminal at Saint John, and has been a valuable ally since.

"But to make the port in question capable of coping with the naturally increased activities, resulting from the fact that all Canadian goods and out of Canada would come through these eastern ports, much further extension and development would naturally have to take place. It is not New Brunswick's interests—Saint John's interests alone, sir, but the future is bound to reveal that it is to Canada's own national interests that their eastern portals be developed. In this regard should any revival and concentration of trade in and to this port take place, there would follow the establishment of varied manufactures. As I have already recited, we have the raw materials for the manufacture of almost any commodity which has market in England, Europe, South America, the islands and various foreign countries. And the point I would like to make, when the finished product is ready for shipment, it is already on the Atlantic sea-board, and the cost of production has been lessened by the cost of railway haulage of anywhere from five hundred to twenty-five hundred miles. I think the latter a very valuable contribution to economic production.

"Now, sir, when we consider the peculiar geographical outline of Canada, very narrow (150-200 miles) north to south, extremely wide (3,000 miles) east to west, and that the country is naturally divided into three separate and distinct sections—and I was going to remark a fourth, The Maritimes, for the east of Canada is popularly known to end at Montreal, all along this three thousand miles of territory we have running parallel to it a country of 110,000,000 people, magnetic in its influence commercially, industrially and seemingly from a national viewpoint, and if the greatest care is not manifested from a national standpoint the cementing and welding of these different sections, the west, the prairies, the east, and if you please the Maritimes, we never need expect to wield the influence for progress, peace and stability that we otherwise might.

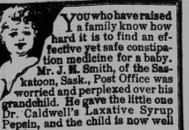

COAL OPERATORS REJECT FINDINGS OF KNOWLES BOARD

Calgary, Alta., June 25—The recommendation of the majority report of the Knowles conciliation board of a thirty per cent decrease in wages in District 18, United Mine Workers of America, was rejected at a meeting of the Western Canada Coal Operators' Association here Saturday and the department of labor at Ottawa was notified accordingly.

The operators' representative on the board submitted a minority report recommending a decrease of 37 1/2 per cent. The communication says that the association cannot see in the findings any practical basis upon which it can reopen its mines and secure business.

MORNING NEWS OVER THE WIRES

Michael Murphy, well known some years ago as a hockey player, is in the Victoria hospital, in Fredericton, as a result of injuries received when a car he was in turned turtle on the Woodstock road yesterday afternoon. The driver of the car and three ladies who were with Murphy are also in the hospital.

Elmer Morrell of this city was found guilty before Magistrate Limerick in the Fredericton police court on Saturday of having liquor in his possession and of having a concealed weapon without a permit and fine totalling \$150 or fifteen months in jail imposed.

SHOT IN MISTAKE FOR ESCAPED MAN

William Fitzpatrick of Port Elgin, twenty miles from Sackville, was shot and instantly killed on Saturday by Frank A. Dolson, a guard of Dorchester penitentiary, in mistake for an escaped convict. The dead man, who was thirty years of age, was returning from a fishing trip when he was met by the guard, who took him for the escaped man. When called upon to surrender, Fitzpatrick advanced toward the guard, who fired into the air. Since this did not have the desired effect, the guard aimed at Fitzpatrick and shot him through the heart.

600 feet of lumber belonging to the Dunfield Lumber Company and stored in the C. N. R. yards in Moncton. It is estimated that the property loss is about \$400,000.

Canada Industries, Limited, a newly-formed company of Montreal, plan to conduct a steamship service from Montreal in the summer and from St. John and Halifax in winter to the West Indies and Central America. Plans are under way to place four vessels of 6,000 to 7,000 tons each on the route and some purchases have already been made. F. C. Macneil of Montreal, formerly of this city, said yesterday while in the city that if sufficient trade offered summer sailings as well as winter would be arranged from this port.

SHOT IN MISTAKE FOR ESCAPED MAN

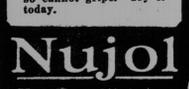

William Fitzpatrick of Port Elgin, twenty miles from Sackville, was shot and instantly killed on Saturday by Frank A. Dolson, a guard of Dorchester penitentiary, in mistake for an escaped convict. The dead man, who was thirty years of age, was returning from a fishing trip when he was met by the guard, who took him for the escaped man. When called upon to surrender, Fitzpatrick advanced toward the guard, who fired into the air. Since this did not have the desired effect, the guard aimed at Fitzpatrick and shot him through the heart.

Dizzy Spells

Are Usually Due to Constipation

When you are constipated, there is not enough lubricant produced by your system to keep the food waste soft. Doctors prescribe Nujol because its action is so close to this natural lubricant.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

SIR GEORGE PARKIN, NOTED CANADIAN, IS DEAD IN LONDON

London, June 25.—Sir George Robert Parkin, author and lecturer on imperial federation, died today at his home in Chelsea Court.

Sir George Robert Parkin, C. M. G., was famous as an author and an educationalist. He was born at Salisbury, N. B., on February 9, 1846, the son of John and Elizabeth Parkin, and was educated at the local schools and at the Provincial Normal School where he obtained his first class teaching license. He was the Douglas gold medalist and science prizeman of the University of New Brunswick in the year 1868 when he obtained his degree of Bachelor of Arts. From the U. N. B. he received the degree of M. A., in 1873 and L. L. D. in 1894.

Sir George was organizing representative of the Rhodes Scholarship Trust since 1892. He published a number of volumes including a life of Sir John A. MacDonald. Other works were: Imperial Federation, 1892; Round The Empire, 1892.

He married, in 1878, Annie Connell, daughter of Wm. Fisher of Fredericton. During the war Sir George was engaged for six or eight months on a special appointment by the British government, delivering addresses throughout United States in connection with war propaganda. In recognition of this and

GARDENS TONIGHT

A Rare Treat Promised to Those Who Attend—Regular Garden Parties.

The Black and White Serenaders, conduced by dancing critics to be one of the best dancing orchestras now touring, has been engaged to play at the Gardens this evening. Here is an opportunity to enjoy a delightful time.

THE ROTARY CLUB. At the Rotary Club luncheon today Rotarian Thornton announced that he had been authorized by the city council to conduct a search in Rockwood Park and vicinity for Henry G. Marr, and to drag Lily Lake. He and Rotarian Weyman urged all members to join in the search. A committee composed of R. A. McArthur, E. C. Weyman, Frank Lewis and Everett Hunt was appointed to co-operate with Commissioner Thornton. Feeling references to Mr. Marr were made by President Barton and others.

Allan Coolthorpe reviewed the scope of Rotary work for boys. Canon Armstrong invited the club to picnic this year at his place at Lakeside.

F. A. Dykeman urged the claims of Ononette and several members suggested two picnics. The matter was deferred.

The club decided on recommendation of the executive and boys' work committee to grant \$150 to the South End Improvement League for its boys' club, \$250 for the Boy Scouts, and also to give a boys' picnic like that of last year; also to join with the Y. M. C. A. in pulling off the N. B. championship sports in July and to have a series of boys' sports conducted by the club itself in September.

HERE AFTER CONVENTION. On their way home after attending the annual meeting at St. Andrews-by-the-Sea, several members of the Canadian Manufacturers' Association passed through the city on Saturday and Sunday. Included in the number were General Sir Alex. Bertram, Montreal; Colonel and Mrs. A. F. Hatch, Hamilton; H. R. Thompson, secretary of the maritime division, Amherst; R. W. Gould, secretary of the Quebec division; V. G. Bertram, Montreal; H. V. Andrews, Toronto; W. H. Miner, Montreal; F. L. Howard, Ottawa; R. B. Brantley, Chatham; T. Geddes Grant, Trinidad; B. Waiden, Toronto; W. T. Peters, Windsor; B. M. Robinson, Ottawa; H. H. Chisholm, Toronto; and F. J. Martin, Toronto. F. P. Rhoads, Canadian Press representative, who attended the meeting passed through the city on Saturday on his way to Halifax.

MARINE NOTES. The steamer West Selma arrived in port this morning from Boston. She has part cargo of grain and general commodities loaded at Baltimore, Norfolk and Boston, and will complete for the United Kingdom with sugar at the refinery. She is at present lying in the stream.

The schooner Marshal Foch cleared this morning for Vinyard Haven. The steamer Wagland sailed from Santiago on June 19 with a cargo of raw sugar for the refinery.

The steamer Manchester Exchange is loading at Pettigill wharf. She will sail for Manchester, via Philadelphia, on Wednesday.

The steamer Sahale arrived in port from Philadelphia yesterday and is loading sugar at the refinery for the United Kingdom.

Prizes in the various classes were to be presented this afternoon, and judging from the high standard of the work which was on the walls those who judged the pictures had some difficulty in making their awards.

CHANCE FOR EXPORTERS. The St. John Board of Trade was advised on Saturday that the steamships Sahale, West Celina and Bremerton are to arrive here for partial cargoes of refined sugar within the next few days.

The first steamship named will proceed from here to London, Leith and Hull, the second to Manchester, and the third to Melmo, Gothenburg, Stockholm and Helsingfors. If there are any exporters who would like to send shipments on any of these steamers, the Board of Trade can furnish them with the addresses of the managing operators. To further assist in the development of the export trade of the port, the Board of Trade would like to receive specific information from exporters throughout the city and province as to the character of the goods that they have for export, so that information might be passed on to enquirers from abroad.

Appointed to River Glade. Moncton Transcript—Dr. Hugh Jardina, who received his degree in Medicine at McGill this year, leaves on Monday for River Glade, where he has been appointed one of the house surgeons at the Jordan Sanatorium.

Flush Kidneys Today Feel 100% Better Tomorrow

Medical authority says Kidney Pains, Backache, etc., which have to go when you wash out the acids and impurities which form their direct and indirect cause.

Advise drinking alkaline medicinal water. Easily prepared at home.

What would you think of anyone who expected to get pure water from a filter found with impurities? That would you think if he expected a fire to burn in a stove with a chimney choked by soot and grate clogged with ashes?

Just as the chimney and grate must be cleaned out, so the kidneys must be flushed out.

Typical specimen of uric acid crystals, highly magnified.

filter cannot purify water, clogged kidneys cannot purify blood, and impure blood is the direct and primary cause of practically all organic diseases and weaknesses.

If you doubt this, just try flushing the impurities out by drinking alkaline medicinal mineral water today.

You will feel so much better tomorrow that there can be no possible chance of doubt as to what you did.

But the water must be strongly alkaline. No other kind will answer, because many of the worst impurities and body poisons are of an acidulous nature and only strong-alkaline water can dissolve, neutralize and wash them out.

The best way, and in fact the only satisfactory way, to prepare alkaline mineral water at home is to dissolve, in a tumbler of plain hot water, a level teaspoonful of a refined compound known by the registered name of Alka-Seltzer.

Drink this medicine two or three times a day. There is no need of visiting any expensive hot springs or medicinal resorts.

The essential constituents of this medicine are accurately reproduced in the Alka-Seltzer compound.

MRS. ATKINSON IS FINED \$200. Amherst, N. S., June 26—Mrs. Calvin Atkinson, who was pronounced guilty of failing to provide the necessary life for her husband, Calvin Atkinson, who died at Fort Lawrence last January in a lathouse state, was by Saturday sentenced to pay a fine of \$200, by Judge Russell of the District Court.

One Victim Had Artery in Arm Cut in Montreal Accident—Chauffeur Arrested.

Montreal, June 26.—One boy was killed and another seriously injured in a collision between a motor car and a street car on the corner of St. James and St. Louis streets.

James Ferguson, thirteen years of age, of 378 Prince Albert avenue, was killed. He suffered a fatal fracture of the skull and was taken to the Western Hospital.

Eight-year-old Joseph J. Gaudin, of 101 St. James street, was seriously injured to the left hip. He was taken to the Western Hospital for treatment and was later able to go to his home.

DECEIVED GIRL HELPS TRAP PRISON FUGITIVE

Wed to Married Man Who Deserted Family, She 'Introduces' Him to Police.

When Howard Perry, twenty-five, of 184 Prospect avenue, Brooklyn, was arraigned before Magistrate Sweetser the other day in the Tombs Court, New York, and held as a fugitive from the state penitentiary, New Jersey, the police told of the part played by Miss Mary Luther of West Hoboken, N. J., in helping capture him a few hours before.

Perry escaped from a road repair gang on June 7 near the penitentiary in Sussex. He was serving a one-year sentence for abandoning his wife and two children.

Perry married Miss Luther on Dec. 12, 1920. She did not know he had a previous wife and two children until he came to her the penitentiary about eight months ago.

Several days ago she received a letter from him, begging her to meet him at noon yesterday at Brook avenue and 151st street, the Bronx, and enjoining her to tell no one.

She hurried to Lieutenant Murray of the Hudson county, N. J., police with the letter and agreed to help capture Perry.

Miss Luther stood on the apartment corner for more than half an hour before Perry unexpectedly appeared from a near-by apartment house.

"I watched you from the time you came up the street to make sure you didn't have a policeman with you," Perry said.

"Well, you evidently didn't see policeman around," replied Miss Luther, non-committally.

"No, I know there is none," rejoined the fugitive, laughing nervously.

"Oh, yes, there are," replied Miss Luther, waving one hand toward the street and Detective Sergeant Kane, seated in a limousine which was drawing to the curb.

Grabbing Perry by the coat lapel, she said: "Permit me to introduce you to Lieutenant Murray and Detective Sergeant Kane."

"Women are causing me a lot of trouble," Perry's comment. A big angry charge may be lodged against him.

VICTIMS IN LABOR WAR ARE BURIED IN POTTER'S FIELD

Herrin, Ill., June 26.—The unknown dead of Herrin's labor war were buried yesterday. Sixteen of them were buried in the Potter's field.

The bodies of the unknown dead were stamped plates of aluminum "At Rest." No more is recorded on the plates.

Howard Hoffmann, non-union man in the massacre, died here at the hospital yesterday.

Forty years ago today Samuel L. Clifford was appointed a trustee of the county jail. Mr. Clifford is being congratulated by his friends.

GAINED OVER 20 LBS

Consumptive Condition Restored to perfect Health.

"An attack of 'flu' in the fall of 1918 left me in such a weakened condition that I could not walk across the kitchen, and for nearly two months I spit blood. My weight was as low as 120 lbs. and I was in the first stages of consumption."

Corns?

—just say Blue-jay to your druggist

Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A corn is a painful, inflamed spot on the foot.

Blue-jay is a corn looser and comes out. Made in two forms—a colorless, clear liquid (one drop forms a corn) and in extra thin plasters.

Use whichever you prefer, plasters or the liquid—the action is the same. Gentle. Made in a world-famed laboratory. Sold by all druggists.

Free: Write Blue-jay & Black, Toronto, Dept. 196 for valuable book, "Correct Cure of the Foot."

SAY LINCOLN STARTED WAR

South Veterans Adopt a Resolution Saying He Conceived and Inaugurated It.

Richmond, Va., June 26.—"The war between the states was deliberately and personally conceived and its inauguration more by Abraham Lincoln, and he was personally responsible for forcing the war upon the South," declared a report submitted today by the Historical Commission and unanimously adopted by the United Confederate Veterans.

The report recommended a history written by Colonel Huger W. Jackson of Curryville, Ga., and published by Miss Mildred Rutherford of Atlanta, Ga., be used in the schools of the South.

The text of the committee's report referring to Lincoln reads as follows: "Your committee would especially commend for use in the schools of the South a pamphlet by Colonel Huger W. Jackson of Curryville, Ga., 'The Truth in the War of 1861-65,' published by Miss Mildred Rutherford of Atlanta, Ga. This pamphlet is the official evidence gathered principally from the United States government archives, which proves the Confederate war was deliberately and personally conceived and its inauguration more by Abraham Lincoln, and he was personally responsible for forcing the war upon the South."

The report also states that Lincoln, the Carolinas and Louisiana are now using histories "fair to the South," the committee report stated, adding that it was "gratifying that this statement is sweeping over the South and the various schools of the South, and that the young men in their schools only such histories which fairly teach the manifold history of the Southern States."

The report which was submitted by C. M. Walker, chairman, concluded by saying that the young men of the South will now be taught that the South was right, eternally and everlastingly, and that the war was a necessary and glorious one.

TAKEN TO NEW YORK ON CHARGE OF MAIL BOX ROBBERIES IN CHICAGO

New York, June 26.—A request from Chicago to arrest Edward A. Aaron for postal thefts in Chicago furnished the ground for a possible explanation of many mail box robberies on Washington Heights which have puzzled them more than a month.

Aaron was found living at 807 West 191st street, and his pockets were money order, a watch which the police say admitted taking from boxes in apartment houses.

A will was found on Aaron, according to the police, which is believed to have been extracted from a letter box. It was the will of Jacob Beahr of 501 West 187th street and had been carried about for some time. Whether it had been mailed to a lawyer for probate was not learned.

Aaron said he was an automobile salesman and had been in New York since May 2. He had operated for a time in Cleveland and Detroit after leaving Chicago and before coming to this city.

Aaron was held by Magistrate Oberway in \$10,000 bail on a charge of grand larceny.

WRESTLES NEGRO. \$10,000 Bail for Prowler Overcome by Baker in Bedroom.

New York, June 26.—How Benjamin Greenwald, a baker, for twenty minutes fought a burglar in the former's room on the ground floor of the apartment house at 167 East Ninety-ninth street, was revealed in the Harlem court when Magistrate Peter A. Hastings held Frederick Simpson, twenty-eight, a negro, who said he lived in Stamford, Conn., in \$10,000 bail for examination.

Greenwald said he was awakened after midnight by a strange noise in an adjoining room. He crept out and found the negro, a powerfully built man, ransacking a bureau. Greenwald crept behind the intruder and grabbed him about the body.

The robber broke away and bolted into a bedroom occupied by the baker's wife. Greenwald again grappled with the negro and threw him to the floor as Mrs. Greenwald and two sons hurried to the baker's assistance. Simpson got to his feet again, Greenwald said, and fought the three of them in several days.

Other tenants telephoned the police, but before they arrived in automobiles Policeman Benedito Stio ran into the house and subdued the negro with a nightstick.

In the negro's pockets were several gold watches, two fountain pens and a pair of eyeglasses, which Greenwald identified.

The police yesterday were called out early Saturday morning for what was supposed to be an attack by a mob on the store of George M. Gorman, 96 Bridge street. A heavy glass in the door was broken and this led to the alarm.

It was subsequently found that the disturbance was caused by two men engaged in a drunken brawl.

GET AWAY BY THE EX-KAISER IS NOT POSSIBLE

So Says Dutch Official About Rumor Following Assassination in Germany.

London, June 26.—Apprehension exists in Holland lest former Kaiser William attempts to slip away from Doon and re-enter Germany in the event of a royalist rising following the assassination of Foreign Minister Rathenau, according to the correspondent of the Daily Mail at The Hague.

The writer, however, quotes J. B. Kan, secretary of the Dutch home office, as saying that such apprehension is groundless.

"We have no evidence that the Kaiser has any such intention," he said, "and the surveillance maintained around him is so close that it will be impossible for him to get away if he wished."

KEEPS BAN ON GOLD EXPORT

Ottawa, June 26.—(Canadian Press)—A proclamation has been issued under the prohibition of the export of gold, coin, gold bullion and fine gold bars for another year.

The present extension of the prohibition will keep it in force until July 1, 1928, unless an earlier termination is made by proclamation.

DOGS SAVED THEIR MASTER. Went for Help Through Alaskan Snows When He was Injured.

Life up in the cold Northern regions is hard, but dogs there as anywhere are good friends. Director W. T. Hornaday of the Zoological Park, New York, has personally received a letter from an old friend telling of his experiences with his dogs.

The letter was from Woodchopce, Alaska, written the early part of March with the mercury at forty-one degrees below zero and the writer, a freerunner, explained his reason for writing with a pencil. He had met with an accident which necessitated his calling for help and it is this of which he speaks. He has had an injured foot, which is getting better and he can do fairly well on snowshoes, but says he may have to go out for an operation during the summer, as a bone has been shattered.

"Was hurt ten miles out," he says. "Had to crawl over a mountain to home cabin, but had not hauled out my winter supplies, so was out of grub and medicine and fifteen miles from any one. My foot was in a very bad shape. One and a quarter inches back of the large toe. The dogs were the only messengers I had to send and it was rather hard to make them leave me, something they had never done before.

"They would go short distances, then run back and smell the bandaged foot, then stand and watch to see if I could not get up. They were so anxious to get to me that they would not go without me. When they did go they went roundabout way to my cabin. He tried to drive to a friend's cabin, but it was queer, as he knew they were short of grub which had worked under the necks and started back with them. They were as pleased as two kids when they got back with him. And some will call that instinctive!"

GIRL ROBBED IN LUNCHROOM. Hold-Up Man Escapes With \$50 Without Alarming Diners.

New York, June 26.—Twenty diners were in the Western Lunchroom at 248 Atlantic avenue, opposite the Atlantic ocean station, Brooklyn, when Miss Soblow, nineteen years old, the cashier, ran to the street and shouted that a hold-up man had taken \$50 from her. Two traffic policemen fifty feet away and four other policemen on near-by posts gathered about the young woman, but could find nobody who had been the hold-up man. Then they summoned detectives.

Miss Soblow said she was counting the day's receipts when a young man, wearing a dark suit, and carrying a raincoat on his arm, arose from a nearby table as he presented a check for fifteen cents and a threatening gesture to his hip pocket and said: "Don't make a noise, and hand over that money."

She had read so much about hold-ups, she said, that she became frightened and passed the money to the man, who hurried out of the place before she could raise an alarm.

Mob Frees Two Prisoners. Ocean City, Md., June 26.—A mob of more than 100 men stormed the jail here and released two prisoners held on charges of being drunk. The liberated men were Samuel Crapper and Earl Fosky. Fosky was later re-arrested by Deputy Sheriff Eugene Dennis, and taken to the county jail. Crapper, "Jim" Caston, said by Dennis to have been in the mob that broke into the jail, said he was smashed before the mob got to the cell in which the prisoners were held. Not content with that, the mob tore down the bars on the windows and started demolishing the concrete walls. Fosky says most of the men in the mob were drunk.

BASEBALL
Milltown Retains Lead.
On Saturday Milltown held the lead in the St. Croix League by defeating Woodland by the score of 2 to 0, on the Milltown diamond.

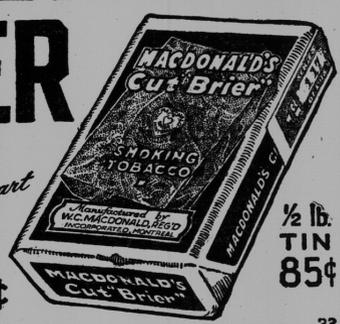

St. John Win and Lose.
The St. John's broke even with the Newburyport on Saturday, losing the afternoon game by the score of 8 to 6, after battling for eleven innings and winning the evening contest 6 to 6. Kirkpatrick pitched for the locals in the afternoon and Clancy for the visitors. Sterling's work in left field was one of the features of the game.

LOCAL NEWS

ENGAGEMENT Mrs. James Byron has announced the engagement of her daughter, Alice Blanche, to Howard C. Gallant, the marriage to take place early in July.

VISITING YACHT. The motor yacht Acayon which arrived in port yesterday from New York, via Bar Harbor, is tied up at Long wharf. She is a neat vessel of eighteen tons, and long slim type. She has two funnels. She is commanded by Captain Ford, and her owner is Mr. Cotter. She carries a pilot and two men. Her owner is on a pleasure trip to this coast.

WAS SETTLED. A property under mortgage, on the southern side of Peters street, with all buildings thereon, was scheduled to be sold at Public auction on Saturday morning, under power of sale to satisfy the mortgage, but the matter was settled to the satisfaction of all concerned before it came to sale.

PRESENTATION TO D. C. CLARK. At the close of the evening service in Charlotte street Baptist church, West End, last evening, the choir presented to D. C. Clark, chairman of the music committee, a handsome leather writing case. Mr. Clark is leaving on a trip west this week, and will be away several months. Though completely surprised at the gift, Mr. Clark made a feeling reply. The presentation was made on behalf of the choir by S. M. Stout, organist and leader.

JAMES AUSTIN PECK. The death of James Austin Peck occurred yesterday, at the residence of his daughter, Mrs. George Nelson, Hickey road, after two weeks' illness. He was in his seventy-second year and is survived by one son, Herbert, of this city; one daughter, Mrs. Nelson; one sister, Mrs. Joseph MacAfee, of St. John; one brother, Robert, also of St. John. The funeral will be held tomorrow afternoon. Many will be sorry to learn of his death.

AUTO DAMAGED. Boyce Evans, driving an automobile near Renforth station last night, had a narrow escape from serious damage when the car left the road and struck a stump left by the removal of a telegraph pole. The front bumper was bent in such a way that it had to be removed, and the windshield was broken by the shock. Mr. Evans was traveling down the hill behind the station when his brakes failed to hold and the car got out of control, running across the main road. He was able to return to the city under his own power.

SEA PLANE HERE. Persons around the waterfront on Saturday afternoon were surprised and surprised at the sight of a seaplane into the harbor. It flew up the harbor, over Reed's Point and settled into the water well up to the harbor. It is a seaplane K boat, and is commanded by Captain E. K. Jaguth, and flew here from Atlantic City. Captain Jaguth, who is accomplished by a mechanic, was one of the best known American flyers in the world, and has been engaged in the passenger carrying trade on the coast of Florida, making Miami headquarters. He is now on a pleasure trip and will probably remain here for a few days. The seaplane is tied up at No. 5, Sand Point.

MOURN DEATH OF SIR GEORGE PARKIN

Friends in New Brunswick learned with regret this morning of the death of Sir George Parkin, which occurred yesterday in London. News of his passing away was conveyed to W. Shives Fisher, a brother-in-law, in a telegram received from Sir George's daughter, Mrs. Vincent Massey, Toronto.

Sir George Parkin is survived by one son and four daughters. The son is Raleigh Parkin, who is at present attending Oxford University. The daughters are Mrs. Massey, wife of Vincent Massey, president of the Massey Harris Co.; Mrs. Macdonnell, wife of James Macdonnell, manager of the National Trust Co., Montreal; Mrs. Grant, wife of Dr. W. L. Grant, principal of Upper Canada College, and Mrs. Wimpert, wife of Harry Wimpert, an official in the British admiralty in London.

Sir George had made several visits to Canada, including one last year. On June 5, 1918, while returning home after a lecture tour of the United States, he was in St. John and delivered a speech on the relation of the British and American democracies to the world and to each other.

IN POLICE COURT

Simon Gutterer was charged this morning in the police court with being drunk in Waterloo street, and also with doing damage to the extent of \$48 to property of John O'Brien in Prince Edward street. He pleaded guilty to the first charge, but said he did not remember about the other one. Mr. O'Brien said that the accused had put his fist through a window in his pool room. The window was insured, but the insurance company had told him this morning that he would have to get it out of the man who broke it. He said he had no desire to prosecute the man, but he could not afford to lose the money. Sitting Magistrate Henderson said the breaking of windows came under a city by-law and also under the criminal code, providing the breaking was malicious. Gutterer was fined \$8 for being drunk and \$20 or two months for breaking the window. The matter of payment for the window will be settled later.

Three men charged with drunkenness were fined \$8 or two months in jail in the police court this morning. One young woman, arrested late last evening in Sydney street, on a charge of drunkenness, was remanded for inquiry.

FEAR MR. MARR HAS SUCCEumbed IN THE WOODS

That is the View Today—Search Goes on and Volunteers Will be Welcomed—City to Assist.

The family and close friends of Henry G. Marr reject the theory that he met his death in the harbor. While they fear that he is no longer living, they believe his body will be found in the region of Rockwood Park and Sandy Point road. That was a favorite walk with him, and the family and friends accept as true the statements of three persons, one of whom saw him near Reed's Point on Thursday morning, another in City road, and another near the Sandy Point road, since each of the three knew Mr. Marr and would be able to recognize him.

It is therefore felt that the whole area along Sandy Point road and the adjacent portion of the park should be gone over thoroughly, and it is hoped there will be no lack of volunteers. Those who have been conducting the search thus far feel the need of assistance, as they are fatigued with constant effort. J. H. Marr says that his father's physical health was good enough to enable him to take a long walk, as not many days before he had walked five miles to lake to fish, with apparently less fatigue than his companions. The theory is that under sudden mental stress he set vaguely out on an accustomed walk and was overcome by a stroke or weakness.

John Thornton, commissioner of public safety, was authorized at a committee meeting of the city council this morning to employ means to assist friends of Mr. Marr in an effort to locate him. The extent to which this assistance will be given will be decided at the council meeting tomorrow, but meantime Commissioner Thornton will organize men to carry out a systematic grapping of Lily Lake and to search the territory in the vicinity of the locations in which Mr. Marr was seen on last Thursday.

The mayor expressed surprise that the matter had not been previously reported at City Hall. However, he said, every effort should be made by the city to endeavor to locate the missing man, and he suggested the plan on which the commissioner was authorized to proceed.

CIRCUS DAY IN FAIRVILLE

Two Side Show Patrons Demand Their 2 Cents Back—Kiddies Help the Orphans.

On Saturday afternoon a small circus visited Fairville and occupied a garden lot in Prospect street. The fence was gaily bedecked with flags and excitement demanded their money back, and the proprietors of the show. There were some animals in cages—Bugsy, the trained dog, and a wild cat, and wonderful acrobatic stunts were also a delight to the onlookers. The necessary demands for lemon and candy were sold, and the barker at the various booths had their part to perfection.

FRESHET DAMAGE AT RENFORTH

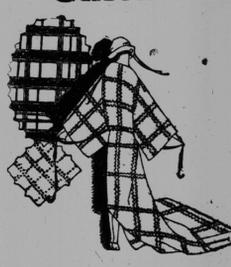

A stock of cordwood piled on the wharf at Renforth waiting transfer to the Imkekin of C. H. Peters' Sons, at Torryburn, was greatly depleted on Saturday, when the rising water lifted one section of it clear from the wharf and carried it away up river, to be spread along the shore between West End and Rothesay. The men in charge of the kiln, on hearing of this, feared that the rest of the lot would probably follow, especially as the water was apparently getting higher, and they slung a boom around the two remaining sections of the pile. Yesterday morning, however, the boom was seen to be filled with floating logs, and only one pile was still rising above the top of the water.

The tennis courts at Drury Cove are submerged now at high tide, after the members of the club had spent two weeks putting a smooth top surface on them. It is said that one part of the courts is two feet under water when the tide is highest.

MRS. JOHN H. FLOYD

The death of Mrs. Sarah D. Floyd, widow of John H. Floyd, occurred yesterday at her residence on the Black River road. Mrs. Floyd was of Loyalist descent, and had been a resident of the Black River road for sixty years. She is survived by three sons—John A. of Chelsea, Mass.; Ormond L. of Medford, Mass.; and Alonzo D. of Birmingham, Alabama; and two daughters—Mrs. A. D. McMillan of Chelsea, and Miss Martha Floyd at home. One brother, Arthur Hovibook of Middlebridge avenue, and two sisters, Mrs. J. Breen and Mrs. G. Kingston, all of this city, also survive, besides several great-grandchildren and one great, great-grandchild. Mrs. Floyd had reached the advanced age of ninety-three years. The funeral will take place from Chamberlain's undertaking parlors, with service at two o'clock, daylight time, tomorrow afternoon. Many old friends will regret to hear of Mrs. Floyd's death. She was a woman of fine character, highly esteemed by all her neighbors.

SPECIAL SALE OF "Chick" Summer Gingham

In checks and stripes—and as Gingham Dresses are the mainstay of the summer wardrobe, you will readily see the necessity of having a number of this class of dress made up ready to put on at all times.
