## A Perfect Cure

### A. I. C. Recommended.

#### COULDN'T EAT A HALF MEAL.

Bay Roberts, Mar. 10th, 1914. I have been troubled with indigestion for a number of years. In fact, I have been so bad I couldn't eat a half meal of anything. A friend advised me to try A.I.C. and one half-pint bottle cured me. I couldn't believe I could be cured in such a short time, and now I can eat anything and food does not trouble me in the least.

I think I am perfectly cured. I haven't felt indigestion this month. I recommend this medicine to all sufferers from indigestion. You are at liberty to use my name, and anyone not believing this statement can write or consult me personally.

Mrs. MATTHEW FITZPATRICK, Cross Road, Bay Roberts.

## College Extension Lectures

### PRELIMINARY NOTICE

Courses of lectures covering the requirements of the Licentiate in Arts of the Council of Higher Education and of the second, or Sophomore year, in certain Canadian Universities, will be organized for the next Academic year, beginning October 1st, 1916, and ending April 30th, 1917. The following, and possibly other subjects will be included:—English, Mathematics, Latin, French, Physics, Chemistry, Geology and Mineralogy.

Candidates passing successfully through such of those courses of lectures as are required for the Second Year in Arts in the Universities, will be admitted as Third Year students in the Universities, provided they are otherwise qualified. Each of the lecture courses will be open to qualified students whether they have graduation in view or not.

For further information application should be made as early as possible to one of the Superintendents of Education. June 30, 1916.

## Times are Busy

### At Grand Falls

From Mr. N. W. Gillingham, of the A. N. D. Co., Ltd. staff, Grand Falls, who arrived in town from the paper city by Wednesday's express, we learn that just at present times are very busy at that place. Something over 200 men are engaged exclusively on construction work. Large additions are being made to the paper mills and when finished the output of paper and sulphite pulp will be considerably increased. A larger amount of wood will be cut this coming winter for the manufacture of paper than in former years, and beginning in October large gangs of men will be given employment at Badger and Milltown during the logging operations, and from present appearances the A. N. D. Co., Ltd. seems to be in a progressive condition. Mr. Gillingham, who has been looking after the company's interest here at St. John's and Heart's Content the past summer, leaves to-morrow morning for the latter place, where preparations will be made for winter shipments of paper and pulp from there. Additions will be made to the company's property at Heart's Content and it is expected that quite a large shipment will be sent out from there direct to England by the A.N.D. Co. Ltd. boats this coming winter.—Telegram, Sept. 15.

## The New S. A. Officers

Adj. and Mrs. Strickland, S. A. and family arrived here last week to take charge of the Salvation Army work here. They held their welcome meetings on Sunday last. Quite a large number attended all the meetings. The Guardian bids Adj. and Mrs. Strickland welcome to Bay Roberts.

## Souvenirs

W. B. Frites, the American novelist, was among the neutral war correspondents within the German lines whom a group of German officers recently entertained at dinner.

The dinner went very well. The Germans were cordial to all the correspondents—to the Dutch and Swedish and Swiss and Balkan ones—but they were especially cordial to Mr. Frites.

At the dinner's end, however, in an impressive and perhaps preconcerted silence, a German officer rose and said:

"As a souvenir of this pleasant occasion, I am going to offer the American correspondent a slight gift, namely, these few splinters from an American made shell."

Mr. Frites accepted the shell splinters, laid them on the table before him, and bowed gravely. Then he took from his wallet a flattened bullet, evidently having anticipated some such incident.

"Not to be outdone by my generous and brave hosts," he said, "I would offer them a souvenir in return. It is this flattened bullet, one of the innumerable Krupp made bullets that were used by the Spaniards against my fellow countrymen in Cuba."

## Memorial Service

A memorial service for these brave sons of Bay Roberts who recently made the supreme sacrifice will be held in St. Matthew's Church on Sunday night at 7 o'clock. The collection is to be devoted to the Bay Roberts Cot Fund. Visitors will be cordially welcomed.

## Notes of Thanks

Mr. Charles Babcock and family wish to thank all those who rendered them assistance during the illness of their late wife and mother, viz: Mrs. Isaac Babcock, Mrs. Robert Dale, Mrs. Mary Caravan, Mrs. Francis French, and Mr. The Sparks. Also the following who sent wreaths: Mrs. Wm Babcock, Mrs. Richard Babcock, Miss Gerie Sparks, Mrs. John Parson, Mrs. William Dale, Mrs. Robert Dale, Mrs. Augustus Babcock, Miss Lillie Babcock, Mrs. Wm J. French, Miss Mary E. Crane, Mrs. Abram Menchions, Miss Nellie F. Sparks, Mrs. John J. Bradbury, Mrs. William Sparks, Miss Emmie Mercer. Also Miss Fraser for presiding at the organ during the funeral service.

Mrs. James Thompson wishes to thank all the kind friends who helped her in her bereavement, and those who sent wreaths to adorn the coffin of her darling child, Emmie Jane, namely: Miss Gerie Thompson, Miss Violet Trenchard, Miss Emmie Snow, Miss Annie Snow, Miss Pearl Lamb, Miss Leta Mercer, Miss Emmie French, Mrs. Augustus Parsons, Mrs. Charles Snow, Miss Annie V. Dawe.

## Rioting At Chemnitz

London, Sept. 20.—Serious rioting in which a number of lives were lost occurred at Chemnitz Saturday, according to a despatch from the Hague. It says that rioting started when the news arrived of heavy losses of Chemnitz workmen in battle. Crowds assembled in the streets and sang the Internationale. They refused to disperse and were charged by Hussars. Five Hussars were killed and forty injured; and about forty civilians were killed, and 300 armed with revolvers were arrested.

"Not at all," said the young man. "Let's go over and watch the artillery."

### A Labor of Love

Sydney Mines, Cape Breton, N.S., Aug. 23, 1916.

Dear Brother and Friend.—We write you these lines with feelings of sorrow. We know that you have been laid aside and unable to work. But God is good and we hope you have not forgotten to trust Him, and that by His grace you will strive to enter into the Blessed Post forever from the storm.

You will be surprised when you receive the enclosed gift from brothers and friends, those who know and those who don't. We speak for them. Each was asked to help you a little, and all did, and we hope you will receive it as coming from hearts that feel sorry for you, and ask a blessing from God for them.

We have collected a few dollars when we trust will be a blessing to you in some way, and that you will accept it as a gift from God, and a token that you are not forgotten. We are sending you a Post Office Order for the amount of \$28.

We trust you will not take amiss what has been done for we considered your case, and we thought it might be the means of cheering you up. There is an old saying, "Charity is cold," but we do not desire you to look at it in that light, for it is done out of love. Our one desire is that the good God of Heaven, the Father of Love, will store you to health again. But if He rules otherwise, we trust that as you have set your face Zionward you will still cling to the cross and not forget the One who shed His blood for you. The flowers fade and die, but those that are in Christ shall never die, for all must come to the Father through the Son, and through Him we shall have everlasting life.

Remember the "cup of cold water" given in His name, and accept it as the same, for it is but our duty; and what is not done in this life cannot be done hereafter.

Accept best wishes and love from all of us brothers and friends.

### The Reason Why

The editor of a country newspaper always did his best to arouse the patriotism of his readers. One day a compositor came in from the composing room and plauted himself before him.

"Well," said he, "I have determined to enlist."

With mingled sensations of pride and responsibility the editor replied that, although sorry to part with such a good compositor, he was glad to see that he felt the call of duty.

"Oh, it isn't that," answered the compositor; "but I'd rather be shot than try to read any more of your copy."

### Cut Short

The self-made man stalked into the office of a great financier with whom he had an appointment. "You probably don't remember me," he began, "but twenty years ago, when I was a poor messenger boy, you gave me a message to carry. 'Yes, yes!' cried the financier. 'Where's the answer?'"

### A Stinging Rebuke

A young married woman at a dance at a seaside hotel went up to a pretty girl in white who had been tangoing like mad with her husband, and said: "I've got a last year's coat suit that's quite good, really. To be sure it's a hobbie skirt. Still, would you like to have it?"

The girl blushed red with mortification.

"What!" she said. "Do you think I'd wear your cast-off cloths?"

"I thought you might," hissed the young married woman. "You seem anxious enough to get my husband."

### He Kept It Up

The Belgians, even in their misery, are quicker-witted than their stodgy conquerors, and they succeeded in tormenting the Germans considerably.

A Belgian of Liege brought so much of the defence his city had put up that the German Governor arrested him, and said:

"You will either swear allegiance to the Kaiser or be shot."

The Liegeois, of course, swore allegiance. He was told then that he could go. But before going, he puffed out his cheeks and protruded his stomach like a fat German, and said with a German accent:

"Vell, goot bye, governor. Auf wiederzehm. Und, say, didn't dose Polchians give you terrible fight, ghoost?"

### Paint Looks Alike When It's New

You can't tell much about the quality of paint by looking at it when it is freshly applied. Colors are easy to produce, and the glisten of fresh oil gives even poor paint a temporary beauty.

### But look at it a Few Years Later!

The cheap paint, that started out so bravely, has faded, cracked, and peeled. It is unsightly, and—more important still—has exposed the wood below to the destructive effect of sun, rain, wind and snow. The other,

### "ENGLISH" B-H PAINT

is still a good-looking, weather-tight coating, that will give years more of reliable service.

There is no mystery about the reason. It lies in the fact that B-H "English" Paint is perfectly proportioned to meet Canadian weather conditions. It contains 70% of Brandram's B.B. Genuine White Lead, and 30% of Pure White Zinc, ground to such marvellous fineness that it penetrates deep into the fibre of the wood.

Being the best, it's cheapest in the end.

Waiting for News

A cottage deep in a little glen, Two old folks by the angle nook; And a tiny patch of garden gray With flowers, beside a little brook. The song of birds and the heather's scent— Fair, on fair, is the world today— But two old lovers see not its joy; Their youngest born is far away.

Their thoughts by day and their dreams by night, Their daily and their hourly prayer Are all for him, who has heard the call. And gone the stress and fight to share— And with him the light from heart and home, Proud? Ah, yes, they are proud of him, And checked their tears though their eyes were dim.

How long and drear is the summer moon, Till a speck appears on the dusty road; The postman comes from the little town— What joy or grief lies in his load? Oh the trembling hands that grasp the gate, Though calm the voice—What news to day? 'Nothing for you; they are fighting well! And 'posty' passes on his way.

They turn once more to their round of toil With hearts that rise in trustful prayer, For God who gave him will surely keep Their laid beneath His watchful care 'God give us grace for the waiting time;

God keep us patient they softly pray, 'And God bless all who must wait for news, And cheer their hearts,' we too would say. —Christina Ritchie, in Glasgow News.

What Temperance Act Might do Here

Winnipeg, September 1—Statistics compiled by J. N. McLean, chief of the license inspectors for Manitoba, have proved a revelation regarding the effect of the Manitoba Temperance Act on drunkenness and crime in the province.

Mr. McLean announced yesterday that there had been a reduction of eighty per cent. in drunkenness in Winnipeg since June, as compared with the three months previous, the percentage being based on the court statistics. In the province there has been a decrease of ninety per cent. in drunkenness.

It has been decided to erect a permanent monument of Kitchener on Marwick Head of the Isle of Birsay, Orkney, near the sunken reef where the Hampshire went down. The elevation of the headland will render the erection visible a long distance off, both by land and sea.

Because it is difficult for a man aiming a searchlight to see the object at which it is pointed, a French naval officer has invented an electrical device to be operated from a distance.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house." —Mrs. FRANK KNOBL, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move. Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them." —Mrs. F. E. Yoss, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up. Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day." —Mrs. CLEMENTINA DREXNER, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

BAY ROBERTS, FRIDAY, Sept. 22, 1916.

Elections

Elections! Elections! Two in St. John's within a few months. One was held some time ago to elect a Council, and another is to be held next week, this time to decide as to whether the citizens will adopt the Ward system of election or not.

Elections are pretty expensive luxuries, especially at war times. We would not mind it so much if some attention was paid to the outport citizens' appeal for, as it happened last winter, coal, and for hospital accommodation, and in the case of Bay Roberts, the present need for seating accommodation for the public building.

But these requests find the authorities with both eyes blind and both ears deaf.

Keep it Clean

The public well on the south side of Water Street, opposite Mrs. Wm. Earle's residence, should be looked after. Quite a number of people use the water from this well for drinking purposes, as it is very fine. One morning this week a resident on going thither for a pail of water found a jelly fish and a piece of wood floating on the surface.

Labrador Fishery Closed

The Labrador fishery is now, practically speaking, over. The Reid Nfld. Coy. had a message from Capt. Parsons, of the Sagone, saying she had reached her final port of call on the 18th inst. (Monday). She reports that the fishery is pretty well closed and that all the crews are now getting ready to leave the coast for home.

Will take 18,000 Qtls.

The S.S. Haraldskaug, 10 days out from Cardiff in ballast, arrived at St. John's Wednesday morning. She will take 18,000 qtls. fish in casks to Alicante and Naples and shipped by the Fish Shipping Coy. She is loading at A. J. Harvey & Co.

Goes to the Poor House

An old and worn out fisherman of Carbonear, who in his younger days was a successful fish killer but lost his life's savings some years ago through some unscrupulous investments that he was led into, was forced to seek admission to the Poor Asylum recently. The poor old man whose age is ten years beyond the allotted span, feels his position keenly. It is said that some of his immediate relatives are well to do, but refused to offer assistance.

We wish to call the attention of those in authority to the conduct of some boys who congregate nightly at the Cross Roads. Their rowdyism, coupled with their profane and indecent language, is very annoying to the residents and passers by.

Induction Service

The Induction of Rev. A. B. S. Stirling as Rector of the Parish of Bay Roberts took place on Friday, the 15th inst., at 7.30 p.m. in St. Matthew's Church.

There was first a shortened Evensong. The prayers were said by Rev. Hollands, while Revs. Hunt and Higgett read the first and second Lessons, respectively. At the conclusion of Evensong the newly-appointed Rector, accompanied by his wardens, stood at the chancel step where the impressive ritual of Induction was commenced.

After the Rural Dean had read the Bishop's License giving the Rector authority to officiate in the Parish, the usual declaration was made by the Rector. The Rural Dean then delivered into his hands—according to the prescribed and impressive form—the key of the church and a bible. The Rector was now conducted to a seat in the sanctuary.

The Rural Dean's address on Authority was listened to with rapid attention by all present. The reverend gentleman traced the institution of authority by the creator, and pointed out that with out submission to lawful authority, either in Church or State, there must inevitably ensue chaos and disorder.

The service throughout was inspiring, and must have made a deep impression on those who attended.

Canning Fruit Without Sugar

In these days of high prices, with sugar foremost on the aviation list, many housewives have taken serious thought as to the advisability of putting up less fruit than usual.

This is a pity, because home canned fruit is not only safe and sure, but most delicious. It need not be as rich as preserves, in fact, epicures regard fruit as refreshing in exact proportion to the smallness of the amount of sugar used to preserve.

Fruit for use in pie or salads or as stewed fruit can be put up or canned without the use of any sugar at all. The canning specialists of the Canadian Department of Agriculture advise the housewives who, in order to economize on sugar, have been thinking of reducing the amount of fruit they put up, to can as much of their surplus as possible by the use of boiling water when sugar syrup is beyond their means.

Any fruit, say the specialists, may be successfully sterilized and retained in the pack by simply adding boiling water instead of the hot syrup.

The use of sugar, of course, is desirable in the canning of all kinds of fruits and makes a better and ready-sweetened product. Moreover, most of the fruits when canned in water alone do not retain their natural flavor, texture and color as well as fruit put up in syrup. Fruit canned with out sugar to be used for sauces or desserts must be sweetened.

Can the product the same day it is picked. Cull, stem or seed, and clean the fruit by placing it in a strainer and pouring water over it until it is clean.

Pack closely in glass jars or tin cans until they are full, using the handle of a tablespoon, wooden ladle, or table knife for packing purposes. Pour over the fruit boiling water from a kettle; place rubbery and caps in position; partially seal if using glass jars; seal completely if using tin cans. Place the containers in a sterilizing vat, such as a wash boiler with false bottom; or other receptacle improvised for the purpose.

If using a hot water bath outfit, process for thirty minutes; count time after the water has reached the boiling point; the water must cover the highest jar in can sinner. After sterilizing remove packs, seal glass jars, wrap in paper to prevent bleaching and store in a dry, cool place.

Miss Lylie LeGrow, of Toronto, who has been visiting friends in Newfoundland since June, spent a few days in Bay Roberts this week, the guest of Mr. and Mrs. C. E. Russell. She returns to Toronto about the end of September.

War News

Germans Penetrate Russian-Roumanian Line

Berlin, Sept. 19.—The new line taken by reinforced Russian and Roumanian troops between the Danubs and the Black Sea, have been penetrated at several points by Teuton's forces, the War Office announced today.

Rumanian official

Bucharest, Sept. 20.—Rumanian official war communication issued today says:—On north and north-western front there were skirmishes of slight importance along the whole line except in the valley of the Strean River where the enemy attacked violently with superior forces and where we fell back slightly. On the southern front along the Danube there has been an exchange of gunfire. In Dobrudja region on Sunday night the enemy attacked towards Enin, southwest of Kobadin and were twice beaten back, and fighting continues.

Conscription Suggested for Ireland

London, Sept. 20.—The application of conscription in Ireland is suggested by the Daily Mail today in an article calling attention to the urgent necessity for obtaining more men for the army. Besides this problem, which, it says, has engaged the full attention of the Government, the newspaper suggests two other methods for adding to the army, namely: Raising the age limit from 41 to 45 years and calling out young men from exempted occupations. It estimates there are 1,250,000 physically fit who have not yet been drafted into the army.

Various War Reports

London, Sept. 20.—Altho there is a pause in the violent infantry fighting in the Somme region in France, due to the inclement weather, heavy battles are in progress on the eastern front in Russian Galicia, Transylvania, Rumania and on the southern front in Macedonia.

Along the Stokhod River in Russia, the Germans and Austro-Hungarians have taken the offensive against the Russians according to Berlin, and have crossed the river in pursuit of their retreating foe, capturing 31 officers, 2,511 men, and 17 machine guns. Here four lines of Russian trenches were penetrated by the Teuton's Allies, says Vienna.

In Galicia counter attacks by forces of the Central Powers along the Youks River southeast of Lemberg, brought further successes to their arms, and resulted in the capture of an additional 4,200 prisoners.

In Lidwa region in the Carpathians, the Russians have gained new positions and are fighting among the snow clad peaks.

The war chancellors at Berlin, Sofia and Vienna report victories for Teuton's Allies over the Rumanians in Transylvania and Dobrudja. In southern Transylvania near Hatabrg according to Berlin the invading Rumanians have been repulsed and are being pursued by the Austro-Germans, while in Dobrudja the new line formed by the Russians and Rumanians south of Constantza railway and running from the Black Sea to the Danube, has been penetrated at several points and villages captured.

In France and Belgium there has been violent artillery activity in Somme and Verdun sectors and around Dixmude. A local German attack against the British trenches east of Matinpuich, north of the Somme, was repulsed. Berlin admits the relinquishment to the Entente forces trenches in Ghinchy and near Combles which had been previously demolished by the Entente artillery.

Infantry fighting between the Italians and Austrians on the Carso highlands has noticeably diminished, altho the artillery of both sides continues active. A report, attributed to a reliable diplomatic source from Athens is to the effect that the Austrians are preparing to evacuate Trieste.

PURE RICH BLOOD PREVENTS DISEASE

Bad blood is responsible for more ailments than anything else. It causes catarrh, dyspepsia, rheumatism, weak, tired, languid feelings and worse troubles. Hood's Sarsaparilla has been wonderfully successful in purifying and enriching the blood, removing scrofula and other humors, and building up the whole system. Take it—give it to all the family so as to avoid illness. Get it today.

Canada's Somme Losses

Ottawa, Sept. 21.—The military department is informed that Canadian losses on the Somme number about four hundred killed, 1200 wounded, and 300 missing. There are no official details.

Anzacs Good Work

London, Sept. 21.—The Germans launched heavy counter attacks last night on British positions south of the Ancre on the Somme front, the War Office announced this afternoon. New Zealanders, defending the attacked positions, beat back the Germans with severe loss to them.

Serbs Great Feat

Athens, Sept. 21.—Greek military officers regard the recapture of the Karmakala plateau by the Russo-Serbian troops as the most important military event in the Balkan campaign up to the present. The height, which is 7,800 feet above the level of the sea, lies in Serbian territory, and constitutes the western door post to Siberian Macedonia. Local Serbs are jubilant over its capture, which they consider rivals the mountain feats of the Italians.

Generally regarded as a modern disease, appendicitis was known in Egypt 5,000 years ago, and accurately described in still existing records.

The Government has issued an appeal to the Russian subjects resident in the United Kingdom to enlist in the British army on the same conditions as Englishmen. Naturalization will be granted after three months of service.

The 'Imperial' Leads Them All

An Unsolicited Testimonial

Black Tickle, Labrador, August 15, 1916.

Mr. C. E. Russell, Dear Sir,—It pleases me very much to be able to give praise to the 5 h.p. Imperial Engine which I bought from you this spring. It has given me the best of satisfaction, and I can honestly recommend them to any fisherman wanting a reliable Engine.

There are some five or six different makes of Engines used here, but the IMPERIAL can lead them all. It can steam faster than any of the five and a half of any kind used here.

Wishing you all success. Yours truly,

MARK MORRISSEY.
