MAIL ORDERS
We collect out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

COUNCIL MEETING TUESDAY EVENING

Moving Picture License Again
Before the Councillors.—Discussion on License Fees

A meeting of the town Council was held on Tuesday evening, His Worship Mayor Andrew presiding over a full board of Councillors.

The minutes of the previous meeting were read and confirmed.

Communication read from Mr. S. W. Dimock relative to the license fee for the Empress theatre. Mr. W. A. Trueman, who was present on behalf of Mr. Dimock, received permission from the Council to speak on the communication received. Mr. Trueman said as the Council had heard from the communication, that Mr. Dimock was not asking that the license fee of \$300 per year be reduced, but that as the Empress management had come into his hands, and would only be run for a few months, he asked that a reduction be allowed for the part of the year. Moving picture shows had come to be regarded as educational and beneficial, all the pictures shown in this town being of a high class nature and passed by a Board of Censors. He hoped that the Council would treat this matter reasonably as the license fee of \$300 was too much for running the Empress for three or four months.

On the motion to refer this matter to the Police and License Committee, Councillor Goss asked the committee to remember that Mr. Dimock was an old resident of the town, one of its best citizens and also one of its heaviest ratepayers, and he thought in those circumstances the town should meet Mr. Dimock's wishes and grant a reasonable rebate. He thought a tax of \$100 would be sufficient to meet the case. Councillor McLean was quite in sympathy with Councillor Goss, but the matter could be easily arranged by charging a monthly pro rata fee. This would be fair to the town and no injustice to Mr. Dimock.

Councillor Alexander pointed out that when the license fee was first fixed, it was at Mr. Dimock's own request that the fee was fixed annually instead of monthly, so that no small concerns would come in for a few months, and after taking the cream of the business, close up and go away. He was of opinion that there were other moving picture concerns willing to come in here and pay the full fee. No doubt it was to Mr. Dimock's own interest to take over the Empress, but he was of opinion it was unwise to change the method of collecting the license fee. He did not wish to do any injustice to Mr. Dimock, but he saw no reason why the by-law should be changed to suit Mr. Dimock's own case.

Councillor McLean thought the committee had better get a little further information, and the communication was then referred to the Police and License Committee.

Communication read from Peter Clinch of the Board of Fire Underwriters, St. John, asking what steps were being taken to extend the 16 inch water main as agreed upon last year.

Councillor Alexander said they might ask Mr. Clinch for a copy of the agreement. His Worship stated that the only agreement he gave at St. John was that the town would do nothing in the matter. The matter was referred to the Water and Sewerage Committee.

A deed was received from Mr. and Mrs. F. F. Matheson of a piece of land for a street running from Andrew Street to Andersonville, which was referred to the Town Engineer to check over the boundaries.

A petition was received from the barbers of the town asking that a bigger license fee be placed on the out-

Councillor Evans from Police and License Committee presented report, recommending that H. P. Doiron be granted a confectionery store license for \$10, and J. G. Sperdake a fruit and confectionery store license for \$10.00. Report received and adopted.

A report as received from the Water and Sewerage Department with estimate of cost for Water and Sewerage to the Crowley property and was laid over.

For the election in Ward I. next week, Mr. G. E. Asker was appointed Returning officer, and Alfred Reneault, Poll Clerk. The polling station will be in the Bryan Annette Building.

Councillor Patterson stated that he had a request from the young lads of the town for the use of the store in the town building for a club room, and after discussion, was left in the hands of the committee to deal with.

Councillor Patterson on a question of privilege brought to the notice of the Council the matter of Councillors talking over things with town employees, which should be done in Council

ANOTHER RAID ON THE ENGLISH COASTS

German Zeppelins Drop Bombs on North East Coast of England. Only Four Persons Injured

Newcastle, April 15th.—A Zeppelin raid was made in the Tyne district of Northumberland county last night. It appears that Zeppelins reached Blyth from across the North Sea about 8 o'clock, passed over Blyth and Cramlington and proceeded to north of Seatonburn. Bombs were dropped on several of villages passed by the airships, five at Choppington, three at Wallsend, two at Seatonburn and one at Bedlington. The airship passed near North Shields and Newcastle. While neither city was visited, both took precautions against attack by extinguishing all electric lights.

Ottawa, April 15th.—The Minister of Finance reports that the recent Canadian loan for \$25,000,000 floated in London markets has been over subscribed by ten millions.

London, April 15th.—Field Marshal Sir John French reports the British losses in three days fighting at Neuve Chapelle as follows. Killed, 190 officers, 2337 men. Wounded 359 officers, 8174 other ranks. Missing 23 officers, 1728 men. In this report he says: "Enemy left several thousand dead on field and we have positive information that upwards of 12,000 wounded were removed by train. Thirty officers and 1657 of other ranks were captured. Describing the attack on the German trenches near St. Eloi on Feb. 28th by the Princess Patricia's regiment of the Canadian contingent under Command of Lieut. C. E. Gribble, the commander in chief says "Lieut. Gribble, who showed greatest dash, took his party over everything in trench until they had gone down in about eighty yards, when they were stopped by barbed wire and sandbags and timber. This party as well as others, then pulled down the front face of German parapets. A number of Germans were killed and wounded and a few prisoners were taken. Service performed by this distinguished Corps have continued to be very valuable since I had occasion to refer to them in my last dispatch. They have been most ably organized and trained."

Rome, April 15th, via Paris 15.—Despatches to the Tribune from Salonika says: "Intervention of Rumania in the war seems imminent. Army splendidly equipped and ready for action."

London, April 15th.—Estimated that 65 bombs were dropped by Zeppelin last night. Nearly five hours it sped from town to town. Reports from the raided districts up to noon,—nine places visited and only four persons, three women and one man had been injured.

CABINET MUST BE HELD ACCOUNTABLE

Conservative Papers Join in Cry
That Punishment Must be
Meted to Grafters

Toronto, Ont., April 10.—Under the caption "War graft must go," the Toronto (Conservative) published, by W. F. MacLean, M. P., says:

"The revelations at Ottawa in the purchase of army supplies call for drastic action on the part of Sir Robert Borden and his government, and the Conservative party. They must disassociate themselves with any wrong doing, with any attempt to take advantage of the country or of our soldiers in the field. They cannot stand for graft, for unfair profit, or for worthless or inferior goods. If members of parliament did wrong, they must take the consequences; if officials were parties to fraud, or were lax in duty, they must be dismissed and punished, if within the power of the law, and wherever contractors acted unfairly or took undue profit they must make restitution. In other words, the department of justice must be put in operation in the most vigorous way, and more than anyone else the cabinet must be held to strict accountability."

"The Conservative party, as a party, must clear itself before the country. They have the occasion in front of them, and the people will await an immediate statement and the action that must follow. The system of purchases by way of the patronage list, no matter how long in use, must now be wiped out forever."

"There must be open competition, and every contractor must be compelled to put in a declaration as to his good faith in every respect in filling any and every contract. War graft of every kind must go, and the World believes the Conservatives have the opportunity and the duty of saying so now."

Under the heading "Tainted Money" the Mail and Empire (Conservative) says editorially:—

"We should expect a strict posting of the black list of those who turned the war to account for enriching or unduly profiting themselves. Any man, or firm, or corporation that has made, or is making ill-gotten gains at the expense of the state, or at risk to the health or life of the state's defenders, should be brought to punishment. If beyond the reach of ordinary processes of law, such offenders should be stamped with the brand of public infamy. No patriot will envy the man who has taken the opportunity of the war to fill his pockets, with his fellow countrymen fighting or denying themselves for their country's defence. Looters caught in the act are usually shot in their tracks."

The people who need more religion are: The man who lets his horse stand all day in the rain without a blanket; the man who grows like a beast with a sore head when his wife asks him for money; the woman who whispers it around that someone else is not just what she ought to be; the preacher who is always looking for an easier place and higher salary; the man who walks the streets with his hands in his pockets while his wife carries the baby; and the man who keeps a dog and says he can't afford the home newspaper.

IF one of your new Spring Suits is to be an all-around service suit for every-day wear, we recommend the Fit-Reform model shown above. It is a practical, conservative style—medium fitting—with natural shoulders and broad peak lapels. We have this style in all the popular fabrics—from \$15. up. — 33

SERIOUS FIRE AT MONCTON FRIDAY

Moncton Coopersage Burned to
the Ground.—Loss Covered
by Insurance

(Transcript.)

Producing a blaze of such brilliancy that the reflection was plainly seen at Harcourt, thirty-six miles away, the drying shed of the Moncton Coopersage, containing five hundred thousand barrel staves and a huge quantity of dried wood burned to the ground on Friday evening with a loss to the owners of about \$6,500. The fire was one of the most spectacular seen in Moncton for a long time. The surrounding countryside was lighted up by the flames, and the reflection on the clouds was seen at places over forty miles away.

Numerous calls were received by telephone and otherwise from outside towns and villages where people imagined, from the glare of the fire, that the whole city must be burning. Among others there was a call from the I. C. R. operator at Harcourt who said that he could plainly see the reflection and that people there thought it must be a big fire.

There were 600,000 barrel staves and a large quantity of dried wood in the drying shed. How the fire started is not known.

The fire was discovered by Mr. Frank McGowan, who saw flames shooting up from the shed as he was riding through the M. & B. yard on a suburban tram car. He at once jumped off the car and rang in the alarm.

Mr. William Dutcher, the night watchman, who went on duty at 6 o'clock, made the rounds of the premises at 9 o'clock and at that time there was absolutely not a sign of fire in the shed which was subsequently destroyed. The time clock proves the accuracy of Mr. Dutcher's statement as to the time at which he made his rounds. Assistant Manager Crousens was in the office in the evening, leaving for home at 9:15 and at that time there was no sign of fire. Of course, among such a quantity of dry wood the fire spread with lightning rapidity and the whole building was wrapped in flames by the time the firemen arrived. There is a family resident in the old M. & B. depot but they state that they did not hear or see anything of the fire until they were aroused by the alarm.

The blaze was of a most obstinate character and the firemen had a hard fight to keep the flames from spreading to other sheds nearby. At 10:40 the danger was so imminent that an emergency call was sounded from box 29 for the balance of the fire fighting equipment to be brought into action.

The "all-out" did not sound until about 6 o'clock Saturday morning and the firemen were hard at it all night. The water pressure was good. At 10 o'clock this morning water was still being poured on the ruins from a hose line connected with a hydrant. This line was depending merely on the ordinary pressure from the pumping station but it was impossible to dent the hose by standing on it. This will give some idea of the pressure supplied on the low levels since the new reservoir was turned on.

Manager Thomas Stenhouse was in St. John when the fire began and was not notified by telegram until it was too late to catch the early train. He came up on No. 2 express this morning. Mr. Stenhouse places the value of the stove-wood at about \$5,000, and the

STRONGLY CONDEMN I. C. R. MANAGEMENT Coroner's Jury at Sussex Say Town and Railway Were Negligent

(Transcript.)

At the coroner's inquest, held on Friday at Sussex, to enquire into the death of William Ashe, killed by No. 1 express on Thursday evening, the jury brought in the following verdict:

"That William Ashe was killed at Sussex railway crossing by being struck by No. 1 train in charge of Conductor Coles and Engineer Moody on Thursday, April 8. From the evidence given, we are of the opinion that no blame can in any way, be attached to the trainmen, they having taken all necessary precautions, and obeyed orders as to the running of trains over railway crossings. Another fact brought out by the evidence was that at the time of the accident, there was no light on the railway crossing, and we would strongly condemn the town authorities in not providing lights at that time of night at so dangerous a place."

"We would further condemn, in the strongest language possible, the criminal negligence of the railway authorities in not having proper protection at this dangerous crossing, situated as it is in the business part of the town, and would recommend that this matter be taken before the proper authorities and asked for immediate action." This is signed by C. H. Perry, foreman; W. J. Hunter, Mel Scott, Thos. Cogan, John J. Jackson, Wm. D. Gregory, and John F. Egan.

The crew of the express all gave evidence before the coroner. She—No, George, I am afraid I cannot marry you. I want a man who possesses a noble ambition, whose heart is set on attaining some high and worthy object.

He—Well, don't I want you?
She—Oh, George! I am yours!
Damage to the building at \$1,500, or a total of \$6,500.
The loss will be fully covered by insurance, which is in the hands of Halifax underwriters. It is learned that the shed destroyed was insured with the rest of the plant, by Messrs. Rainnie & Keator, of Halifax who are represented in Moncton by Mr. R. W. Heine. The insurance on the plant is understood to total more than \$50,000. Mr. Stenhouse is convinced that the fire was of incendiary origin.

ANOTHER JOINT CLOSED
Another disorderly house has been put out of business by the police this week when a girl named Bessie Powers was sent to jail for two months, and Mary Jane Astles, charged with being the keeper of a disorderly house, was also given two months in jail. Two men named Nelson Letourneau and Joseph Brown were charged with being inmates of the house and were each fined \$25.00 and costs. The police have been watching this place for some time, but warnings given the proprietrix for harboring the girl Powers had no effect.

LUNCH AND SALE OF HOME COOKING
On Dollar Day, Thursday, Apr. 22nd, the Campbellton Ladies' Auxiliary to the Brotherhood of Locomotive Engineers will hold a sale of Home cooking in the Subway store recently occupied by H. C. Montgomery, Jeweler. All kinds of good things to eat will be on sale during the afternoon and evening, from 2 till 10 o'clock p. m. A dainty lunch will also be served. Tired shoppers may come in and refresh the inner man or woman — any time during the hours of the sale. Leave some of your money with the Ladies' Auxiliary to the B. of L. E., on Dollar Day. The object is a worthy one. April 15-2 ins.

ELECTION CARD
Having been requested by a large number of ratepayers, we again offer ourselves as candidates for the vacancy in Ward I in the town council. Owing to the scarcity of time we will be unable to interview each ratepayer personally and would take this opportunity of thanking the electors for the confidence already reposed in us, and if elected will endeavor to discharge our duty in the council to the best of our ability. Requesting the favor of your support on Tuesday next the 20th inst., at the polling booth. We are Yours respectfully JOHN M. MACLEAN JAS. S. EVANS.

GASPE

The Ladies Association of the Red Cross, held their usual meeting at the residence of Mrs. Dumaresq, and a pleasant afternoon was passed working for the soldiers.

Skating on the Olympia Rink was abandoned Saturday night, owing to the warm change of weather which was experienced here last week. Mr. C. Lesperance is to be congratulated on the correct management, with which he has attended to the ice problem the whole season, for the Olympia. The joint owners of the rink—Messrs. P. M. Luce and C. S. LeBoutillier are perfectly satisfied with this winter's business. Mr. L. V. Beattie supplied the Olympia rink with a first class electric lighting system: it has been stated that he will use the rink this summer, as a moving picture hall. If the above statement proves correct, it will be a great addition and attraction to this town: it is sure to be well patronized by the whole Gaspé community.

The new mill belonging to the Shepherd & Morse Co., has greatly improved the district called Lanse aux Cousins, and is now represents the foundation of a small but busy country town. By all appearances relating to the Bay, the ice is not expected to hold out much longer, and early navigation is prophesied.

A large amount of freight has been handled at the Gaspé Ry. Station within the last few weeks: the bulk of it was for Messrs. Shepherd & Morse, which consisted chiefly of heavy machinery.

Messrs. Sandy Beattie and Herbert Adams left here Monday, and are enlisting in the 42nd Highland Battalion, 3rd contingent, and everybody wish them good luck in their new enterprise, in upholding their duty to their King and Country.

Mr. John Joseph was in town Friday, and it is highly probable he will establish a barber's shop in this town.

Mr. Joseph Langlois of Chandler, traveller for the St. Lawrence Furniture Co., was in town Wednesday on business.

Mr. W. J. Harquail, travelling for Greenhills Limited, arrived in town on Thursday, from a business trip along the coast: his stay will be short.

The business prospects in Gaspé, look very promising for the coming spring: at present business is rather dull.

Two very enjoyable dances were held on Tuesday and Friday, at the Oddfellows' Hall, Sandy Beach. There was a large attendance on both occasions.

Miss Amy Gavay left on Wednesday morning for New Carlisle.

Mr. M. Lemieux, who recently fractured his leg, is progressing favorably. "CALEM."

JACQUET RIVER

The Ladies of the Red Cross Society gave a social on Tuesday evening the 6th inst., which was held at the residence of Mr. W. R. McMillan. About fifty guests were present, a very enjoyable time was spent, singing and games were the amusements. Home made candy was sold by the young ladies, and a silver collection was taken up, the proceeds to go towards a bed for the Duchess of Connaught. The amount collected was twenty five dollars and fifty cents. The balance required for a bed for the Hospital, \$24.50, was taken from the reserve fund, and fifty dollars forwarded to Miss Clements, Sec'y, at St. John. The Treasurer shows a balance on hand of \$4.87.

W. C. T. U.
This department is conducted by the Local Union, and is under the charge of an editor appointed by the Executive Committee, who assumes the responsibility for the statements and articles which appear in this column.

The following are extracts from a speech of David Lloyd George, the British Chancellor of the Exchequer.

There is another aspect of the question which it is difficult and dangerous to tackle. There are all sorts of regulations for restricting output. I will say nothing about the merits of the question. There are reasons why they have been built up. The conditions of employment and payment are mostly to blame for those restrictions. Workmen had to fight for them for their own protection. But in a period of war there is a suspension of ordinary law. Output is everything in this war.

This war is not going to be fought mainly on the battlefields of Belgium and Poland. It is going to be fought in the workshops of France and Great Britain.

Our enemies realize that, and employers and workmen in Germany are straining their utmost. France fortunately also realizes it, and in the land of free institutions, with a Socialist Prime Minister, a Socialist Secretary of State for War, a Socialist Minister of Marine, the employers and workmen are subordinating everything to the protection of their beautiful land, which they love with an affectionate ardour.

I have something more to say about this, and it is unpleasant. I wish it were not I but somebody else who should say it. Most of our workmen are putting every ounce of strength into this urgent work for their country loyally and patriotically. But that is not true of all. There are some, I am sorry to say, who shirk their duty in this great emergency. I hear of workmen in armaments works who refuse to work a full week's work for the nation's need. What is the reason? They are a minority. The vast majority belong to a class we can depend upon. The others are a minority. But you must remember a small minority of workmen can throw a whole works out of gear.

THE LURE OF DRINK.
What is the reason? Let us be perfectly candid. It is mostly the lure of drink. They refuse to work full time, and when they return their strength and efficiency are impaired by the way in which they have spent their leisure.

Drink is doing us more damage in the war than all the German submarines put together. What has Russia done? (Cheers.)

Russia knowing her deficiency, knowing how unprepared she was, said, "I must pull myself together. I am not going to be trampled upon, unready as I am. I will use all my resources. The first thing she does is to stop the drink." (Cheers.)

RUSSIA'S HEROIC ACT.
I was talking to M. Bark, the Russian Minister of Finance, a singularly able man, and I asked what had been the results. He said: "The productivity of labor, the amount of work which is put out by the workmen, has gone up between 30 and 50 per cent." (Cheers.) I said, "How do they stand it without their liquor?" and he replied, "Stand it? I have lost revenue over it, up to 65 millions a year; and we certainly cannot afford it, but I proposed to put it back there would be a revolution in Russia."

That is what the Minister of Finance told me. He told me that it was entirely attributable to the act of the Tsar himself.

It was a bold and courageous step, one of the most heroic things in the war. (Cheers.)

One afternoon we had to postpone our conference in Paris, and the French Minister of Finance said, "I have to go to the Chamber of Deputies, because I am proposing a Bill to abolish absinthe." (Cheers.) Absinthe plays the same part in France that whiskey plays in this country. It is really the worst form of drink used amongst not only workmen but among our classes as well. Its ravages are terrible, and the French Deputies abolished it by a majority of something like ten to one that afternoon. (Cheers.)

ENGLAND NEXT.
That is how those great countries are facing their responsibilities. We do not propose anything so drastic as that. We are essentially moderate men. (Laughter.) But we are armed with full powers for the defence of the realm.

We have great powers to deal with drink and we mean to use them. (Cheers.) We shall use them in a spirit of moderation. We shall use them discreetly. We shall use them wisely. But we shall use them quite fearlessly—(cheers)—and I have no doubt that as the country's needs demand if the country will support our action, and will allow no indulgence if that tends to interfere with its prospects in this terrific war which has been thrust upon us.

THE LESSON OF THE ANTS.
Concluding his speech in Welsh the Chancellor said: War is a time of sacrifice and of service. Some can render one service, some another, some here, and some there. Some can render great assistance, others but little. There is no one who cannot help in some measure, even if it be only by sending cheerfully his share of the discomfort.

In the old Welsh legends there is a story of a man who was faced with a series of what appeared to be impos-

THE DAUGHTERS OF THE EMPIRE APPEAL

Urgent Call Sent out for Socks For the Canadian Contingents at the Front

The Regent Mrs. E. Atherton Smith officers and members of the Royal Standard Chapter of the Imperial Order of the Daughters of the Empire are issuing the following appeal.

A strong and urgent call comes from the Canadian War Contingent Association of London of which the Hon. Geo. Purley, Acting High Commissioner is the President, for supplies for our men now at the front.

Mr. Colmer in writing states that the great need is for SOCKS—SOCKS—SOCKS. He assures us that contributions sent through them will be forwarded at once to our men in the trenches and at the firing line. The following telegram in answer to questions about our socks, was received from Mrs. Plumtre, Superintendent of Supplies for the Canadian Red Cross Society and speaks for itself.

"Socks sent by Red Cross Society distributed to sick and wounded wherever required, but not to men in the trenches who receive them through field comforts."

Our Chapter realizing the great need for the comfort of those upon whom are now falling the great hardships of the war, and knowing well that every woman and daughter of New Brunswick will endeavor to supply that need, have organized a SOCK DAY for the 21st of April and are sending out the following invitation to the women of Saint John and the Province:

"Won't you come with your friends to a Sale and Tea By the Royal Standard Chapter I. O. D. E.

You'll miss some fun if you stay away A pair of socks is the Admission Fee.

Tied up neatly—and inside you see Your name and address should be written plain.

With a note to your soldier across the main. Kindly come and help the good work This is no time that any should shirk. We know our lads their duty will do Let's do our part to help them through."

Will every woman who reads this kindly bring or send a pair of socks. The social will be held in the Knights of Columbus Hall, but those unable to be present will please mail their socks with their full name and address to Miss Ethel Jarvis, 148 Duke St., St. John. Should they not be ready for the 21st they can still be sent the following week to the same address.

"Who will help? For KING and COUNTRY need YOU."

GOOD SUGGESTION TO CAMPBELL ON PEOPLE

It is surprising the amount of old foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves soul stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Campbellton agents for Adler-ka. A. McG. McDonald, druggist.

APPLY NOW FOR THE USE OF THE N. B. GOVT DITCHER.

The attention of those who contemplated the laying of tile drains during the present season is directed to the fact that the summer itinerary of the traction ditcher operated by the New Brunswick Department of Agriculture is now being arranged. Any desiring the use of this machine should make application immediately, otherwise no assurance can be given that their work can be carried out this season. Preference will be given to those districts from which a number of applications are received in order to overcome the expense and loss of time occasioned by frequent and long moves. Copies of the regulations and application forms may be had by writing to the Soils and Crops Division, Agricultural School, Woodstock, N. B.

Talk about courage! A Baltimore woman underwent nine major surgical operations and then unflinchingly submitted to the marriage ceremony.

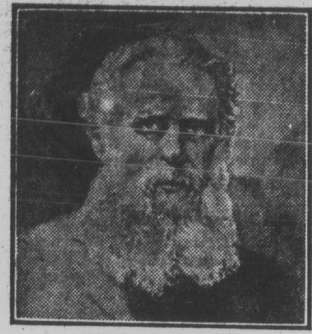

Little tasks to perform ere he could reach the desire of his heart. Amongst other things he had to do was to recover every grain of seed that had been sown in a large field, and bring it all in without one missing.

By sunset he came to an arthill and won all the hearts and enlisted the sympathies of the industrious little people. They spread over the field and before sundown the seed was all in except one, and as the sun was setting over the western skies a lame ant hobbled along with that grain also.

Some of us have youth and vigor and suppleness of limb, some of us are crippled with years or infirmities and we are at best but little ants; but we can all line up, with some share of our country's burden, and thus help her in this terrible hour to win the desire of her heart. (Loud cheers.)

Railway Co.

(Fredericton Mail).

Chandler C. Harvey of Fort Fairfield, who arraigned in the Municipal Court Monday before Judge Blanchard on complaint of James F. Valjelly Jr., special agent of the Bangor & Aroostook railroad, who alleged criminal libel as the result of an article appearing March 10th in The Fort Fairfield Review, of which publication Mr. Harvey is editor. The complaint attached to the warrant is a lengthy document, citing the usual allegations of unlawfully, wilfully and maliciously making, composing, distating, etc., a certain article. The article is quoted in the complaint. It refers to the case of a B. & R. R. station agent who committed suicide, it being found that he was \$12 short in his accounts, a mistake, his friends believed, and charges that a "special agent" of the company "worked on his nervous and sensitive personality to make him think it a terrible thing," etc. Insinuations of responsibility of the act seem to constitute the most serious part of the article.

Fred A. Morrison and George M. Houghton of Bangor, are summoned as witnesses in the warrant. Deputy Sheriff Charles R. Powell officiated as the officer serving the papers. George E. Thompson appeared for the state and the respondent was not represented by counsel. He waived examination and Judge Blanchard held him in \$500 bonds for the action of the grand jury at the September term of the Supreme Court. Charles P. Connors of Bangor, and Leonard Pierce of Houlton, furnished bonds.

William Ashe of Markhamville Instantly Killed at Sussex

by Express

About 7.40 Thursday evening, a terrible fatality occurred at Main Street crossing, Sussex, where No. 1 express, west bound from Moncton to St. John, in charge of Conductor James Coles and Engineer James Moody, ran down and instantly killed a man named William Ashe, of Markhamville, who was crossing the tracks at the time. Ashe's body was literally cut to pieces and his death must have been instantaneous.

Mr. Ashe was about 40 years of age and was employed by the Bay Shore Lumber Company at Great Salmon River. He went to St. John for the day, returning to Sussex last evening on the Sussex express. He then went to the Sussex Mercantile Company store, paid a bill, got a receipt, and this receipt was the only means of identification. After he left the store, he went into J. R. McLean's store, paid another bill, and started on the run, it is supposed for the depot. When he arrived at the crossing he stopped between the rails, apparently dazed by the close approach of the engine. He started to run back, but was cut to pieces. The only part of the body left intact was from the hips down. Only small bits of the head were found.

The danger signal at the crossing was in perfect order, the bell was ringing and a red light showing when the train passed it.

The accident was witnessed by a number of people at the crossing, who were waiting for the train to pass and were surprised at the young man taking such chances.

The train was in charge of Conductor James Coles and Engineer Jas. Moody. While Driver Moody was oiling his engine at the station he found the young man's hat on the pilot. The hat was a new one of brown felt and had evidently been bought in St. John yesterday.

Mr. Ashe is survived by his mother, one sister, Mrs. Fred Hunter, and one brother, James, who resides at Markhamville. His untimely death has cast a gloom over that community. Coroner E. W. Wallace was summoned and gathered up the remains and took them to the morgue. A coroner's jury was called, sworn in and after viewing the remains adjourned until 10 o'clock this morning.

NOTHING TO DO BUT WEAR CLOTHES.

The claim is made for one of the leaders of "society" at a popular summer colony that she has 65 outgoing dresses.

Supposedly away for recreation and rest, she is burdened with the annoyance of keeping track of an assortment of gowns that in numbers and variety would do credit to a girl's boarding school.

Poor thing. Nothing to do but wear clothes. A butterfly without the butterfly's freedom from worry about its coloring and down.

Did you once make the mistake of envying the rich? Don't repeat it. Please. Rather pity them for their emptiness, vanity and isolation of lives of most of them; for the crushing burden which their having to live up to a socially established standard puts upon their better nature; for the barriers which their dollars build round them to interrupt and hinder the natural play of human brotherhood.

Sallie Ann, the carpenter's daughter, with one gingham gown and toes peeping out, is closer to the Mother Nature, far more to be desired for her possibilities of true but fellowship, than this gilded "bud". Despite her 65 dresses, at 60 of them must be a nuisance bore.

Germany has apologized United States for the German hospital ship. This weakness. A few month Huns would apologize to Coming events cast their shadows fore.

THE SCANDALS

The Maritime Baptist, St. John, N. B.—The disclosures which have been made before the Public Accounts Committee at Ottawa have brought a sense of shame to every one who is concerned for the highest welfare of our beloved Dominion. Every day as the investigation proceeds it brings to light further evidence of the pernicious influence and activity of the political middleman. To say that this has always been the case is to admit the depths of infamy to which our public life is being sunk by a venal element which the better element has hitherto allowed to control the political machinery of each and every party. The most potent cause of the present deplorable condition of our public life is the blind partisanship, which sees only good in its own side, and is willing to adopt or condone unworthy methods in order that "our party" may win. There may seem to be no close connection between the man who rakes in \$5,000 from an army contract and the voter who received a five dollar bill for his vote while persuading himself it is but a fair equivalent for the time consumed in voting. But the carnival of graft which has attended almost every large public undertaking has been the result even more than the cause of this prostitution of the ballot-box. We are not in a position to say as yet who is directly responsible for the frauds which have been uncovered in relation to army contracts. The investigation of the Public Accounts Committee is not yet completed. As in all such investigations, so in this an effort will be made to use it merely for the manufacture of party capital. Less effort is being expended in concealing truth than in some former investigations. Some of the guilty have already been punished. Col. Hurdman has been suspended, pending an investigation. Major McQuarrie, whose name has been involved in one suspicious transaction has tendered his resignation. And even some of the ill-gotten gains are being disgorged. Only the full punishment of all the guilty parties will satisfy the country, or relieve the Government from the charge of complicity.

and Mrs. Coleman Re-
membered on Twentieth Ann-
iversary of Their Wedding

Dalhousie, April 13th.—On Friday evening, the 9th instant, a number of the members of St. Mary's Episcopal congregation and other friends gave Rev. R. J. and Mrs. Coleman a surprise, when they paid a visit to the rectory, the occasion being the twentieth anniversary of their marriage. An address was presented to the reverend gentleman and his good lady, accompanied by a gift of gold. Mrs. Simpson read the following address, while Mrs. S. O. Beckingham presented the gift of gold.

To the Rev. R. J. and Mrs. Coleman, The Rectory, Dalhousie.
Dear Mr. and Mrs. Coleman:—

On this, the twentieth anniversary of your journey through life together, we, a few of your Dalhousie friends, take this opportunity of assembling at your home for the purpose of expressing to you our best wishes for many more years of happiness and continued prosperity. We earnestly hope that you both may long be spared, and enabled to take part in every good effort which may be put forth for the advancement of our community. We fail to find words to express our united appreciation of your kindness and hospitality on every occasion. You have both been faithful in promoting every good work, which had for its aim the up-building of the spiritual life of the church. We have brought you a little gift, as a token of the esteem in which you both are held in our community. This very poorly shows what we feel, but we trust you will value it for the love and esteem which it bears with it, and as we are here met to-night to enjoy a social hour, our hearts unite as one, in again wishing both of you many years of happiness and spiritual welfare.

Written and presented on behalf of the ladies of the W. A. and congregation of St. Mary's Church, Dalhousie, N. B., April 9th, 1915.

Rev. Mr. Coleman in reply, said that he was taken completely by surprise, and on behalf of Mrs. Coleman and himself, thanked the friends for this mark of their kindness and appreciation, and delighted those present with many very appropriate remarks. Dainty refreshments were served and a pleasant evening spent in music and conversation.

ELECTION NOTICE

Public Notice is hereby given that at a court for nomination of candidates for Mayor and Councillors for the Town of Campbellton, held by and before me on the 14th day of April instant, more than the requisite number of persons for the office of Councillors for Ward One were duly nominated, namely:

JAMES S. EVANS
JOHN M. MACLEAN
WM. H. WALLACE

A poll will therefore be opened in said Ward on
TUESDAY, APRIL 20th, 1915
at Bryan Annette's Building, corner of Water and Ramsay streets, at the hour of ten o'clock in the forenoon and remain open until four o'clock in the afternoon, unless sooner closed as provided for by law.

I will be at the Town Council Chamber, Water Street, at 4.30 o'clock, p. m., on the 20th instant, to receive the return from the said Ward One and declare the candidates having the greatest number of votes to be duly elected.

Dated at Campbellton, N. B., this 14th day of April, A. D., 1915.
JOHN T. REID, Town Clerk.

NEW CARLISLE
The Rev. P. LeBel, of Point a la Poudre will meet the different sections of the Presbyterian congregation on Sabbath the 18th, beginning in Port Daniel at 10 a. m., Shigawake, 1 p. m., Hopetown, 3 p. m., Paspebiac, 5 p. m., and New Carlisle, 7.30 p. m. A full meeting is expected from every section as Rev. Mr. LeBel expects to moderate in a call to a minister.

Another of the old land marks has passed away, after a lingering illness, Mr. James Caldwell, at the advanced age of 81 years. Intention to take place on the 13th in the Presbyterian cemetery. Much sympathy is felt for the family as Mrs. Caldwell, wife of deceased is also dangerously ill.

On Saturday evening the Good Templars held a curiosity sale in their hall, which turned out to be a grand success, receipts of the evening being \$31.00. Much credit is due the sisters of the Lodge, Mrs. Geo. Duncan, Mrs. Geo. Beebe, Miss Hall, Miss F. Sherar, Miss Lizzie Sutherland, Misses Gerlie and Daisy Cooke, especially Mrs. Geo. Duncan as she proposed the sale.

Miss Theodore Christie, who has been here for the past two days from Montreal the guest of Mrs. H. Miller, returned on the 8th. Mrs. Miller accompanied her and will go as far as Ottawa, remaining about one month. Miss Christie's visit here was principally to visit her aunt, who has been very ill, but is now reported better.

A. A. Andrew is Again Mayor by Acclamation and one Contest Will be Held in Ward I

Tuesday was Nomination Day in Campbellton for the Town Council, and despite the crop of usual rumors regarding candidates, little interest was taken in the proceedings. At the town clerk's office everything was quiet and the following nominations were filed.

For Mayor, Albert A. Andrew. Councilors at Large, Chas. A. Alexander and W. H. Miller. Councilors Ward I, John M. Maclean, James S. Evans, Wm. H. Wallace. Councilors Ward II, Jas. W. Patterson, John Quinn. Councilors Ward III, Thomas Ellsworth, Charles Goss.

There will therefore be a contest in Ward I, the polling taking place next Tuesday at Bryan Annette's house, corner of Water and Ramsay Streets.

SIGNS?

ELECTION CARD.

To the Electors of Ward I. Ladies and Gentlemen.

At the earnest solicitation of a large number of Ratepayers of Ward I. I have consented to offer as a candidate for the office of Councilor for the said Ward in the Election to be held on Tuesday next. The time being so limited between now and election day I will probably be unable to call upon all of the Ratepayers in said Ward and take this means of asking you for your support in the coming contest. My earnest endeavor will be put forth in the best interests of the town. I feel that Ward I. has for years past been very much neglected. It is a regrettable fact that our town has a bonded indebtedness of \$410,000. This with the overdraft in the Bank of Nova Scotia on Dec. 31st, 1913, amounting to \$23,205.09 and which overdraft was considerably increased Dec. 31st, 1914, is a showing not creditable to the former town council, as it was largely brought about through mismanagement. I, a constant voter in the town, am administering in a just and business-like manner. I am again soliciting your support on Tuesday next and assuring you of my earnest desire to further the best interests of our town. I am, Yours respectfully,

WM. H. WALLACE.

NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. Bradley's Health—Her Own Statement.

Winnipeg, Canada.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth. The doctors said it was a tumor and could not be removed as it would cause instant death. They found that my organs were affected, and said I could not live more than six months in the condition I was in."

"After I came home I saw your advertisement in the paper, and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."

"Mrs. ORILLA BRADLEY, 224 Johnson Ave., Winnipeg, Manitoba, Can."

Why will women take chances or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ailments, and has restored the health of thousands of women who have been troubled with such ailments as displacement, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

SPELLING REFORM

A VITAL NECESSITY

Lord Bryce Sends Message to Meeting of Ontario Education Association.

Advocates of simplified spelling set forth their arguments last week at the Ontario Education Association, in the department organized for that purpose. Mr. W. F. Maclellan, M. P., spoke of the newspaper opportunities for leading in the reform. English, he declared, was the most living thing in the world, and if the baronies were removed and the worship of style stopped it would be much more effective. Put in the melting pot, it would emerge stronger. Simplifying of spelling, declared the speaker, would be an economy. It would save 15 per cent. in printing paper and press works costs, and millions would be saved in a year.

Spelling, he contended, had never made a scholar. Spain, Italy and Germany had made reforms in spelling, and Britain was practically the only country that had not. Short-hand was assisting to reform spelling, and the speaker said he took his hat off to the ad-writers and the electric sign men. They were the pioneers in spelling reform.

"Sooner or later the question of spelling reform will have to be faced," was the message from Lord Bryce, read by Mr. John Deane, who recognized its importance think out the difficulties it presents, the better. In travelling about the world, especially through such Eastern countries as China and Japan, I have been greatly struck by the immense benefits which would accrue to British trade if English were made by bringing spelling into accord with pronunciation, an easier language for foreigners to learn."

Mr. William Houston presided.

It has been publicly intimated that the widow and family of the late Senator F. F. F. of Brockville, have offered a contribution of a hundred thousand dollars to the Canadian soldiers to serve in the war in defence of the British Empire.

It is from Kansas, and all believeable on that account. The recent draught "that crows" were pulled up and used for pipes.

There Will be Hope for Chatham

When Mr. Gutelius Goes From Position

The Chatham, N. B., World says—"No redress is yet in sight for the railway outrage of which Chatham and Loggieville are the victims. The delegation that waited upon General Manager Gutelius, on Saturday, failed even to secure a promise that his promise to lay a Y at Derby Junction would be carried out. He is now reported as saying that it is not possible to put a Y there, but everybody knows that this statement is absurd. Sixty-ve were made, the Y located, and money voted to build it. Mr. Gutelius cut it out, as unnecessary to his plans, and now pretends that it can't be located. And so Chatham is to be cut off from direct railway communication with Canada Eastern points until Mr. Gutelius is translated to Heaven or back to the C. P. R., unless political changes cause responsible Ministers to see the impolicy of treating Chatham and the 10,000 people who pass through it to reach the main line of the Intercolonial in so outrageous a manner."

"Mr. Gutelius has shot his bolt, and now our only hope is a change of policy at Ottawa. There is sure to come in time, and Northumberland must be ready to take advantage of it."

"No candidate should receive a vote, from Blackville to Escuminac Point and Tabusintac, who does not pledge himself to oppose any Government that fails to restore the direct connection with the main line that has been taken away from the people who give the railway three-quarters of the business that arises in the country."

"Let a Solemn League and Covenant be signed to that effect."

"Let all party preferences and prejudices be forgotten, and all work together to secure redress."

The only concession Mr. Gutelius makes is to promise to put on a freight train between Newcastle and Loggieville, to relieve the passenger trains of part of the shunting that delays them now, and to utilize it for making connections at Derby Junction with the Whooper. This is a very small concession indeed. The General Manager talks of changing the main line route, so as to bring Nelson Junction closer to Nelson station, but this change will not be any benefit to us.

"We have failed to get our rights from the railway management, and must now see what can be done by political pressure."

"Vote for no candidate who refuses to pledge himself to oppose any Government that refuses to restore our direct railway connection."

IMPORTANT INDUSTRY

ESTABLISHED AT ST. JOHN

Large Plant of the Atlantic

Sugar Refinery Now in Operation There

An important industry has just commenced operations at St. John, N. B., which is a further evidence of the steady commercial progress which is taking place in the Maritime Provinces. The Atlantic Sugar Refineries' plant at St. John, which has been in course of construction for the past two years, commenced operations a few days ago. The plant is modern in every respect, the buildings having incorporated the very latest and best methods of factory construction. The machinery has in many cases been specially constructed for this company, while the whole plant has been built with a view to obtaining an absolutely pure and high-class product. In the construction of the building over three thousand tons of steel and seventeen thousand tons of concrete were used, while six hundred men were employed for over two years, all of which gives some idea of the immense buildings which are to be utilized by this firm.

To the Maritime Provinces, especially, the opening of this new plant will mean much in an industrial and economic sense. The plant is located in such a way as to receive raw sugar direct from ocean going steamers and to load the finished product on railways or boats for trans-shipment throughout the country. Doubtless the fact that it is a Maritime undertaking will also appeal to the well-known patriotism of the Maritime people. The plant has a daily capacity of one million tons.

The rotten shoes and the decrepit horses bought for the First Contingent, must be paid for; the excessive prices paid on the average must also be met. The loss sustained by the government for those bought at \$175 and sold for \$55 and others which were sent to the glue factory, must also be paid for, and so that a grateful people may come to the government's rescue, commencing on April 15th, the following advances will be made in the price of all railway tickets:

TAX FIVE CENTS.

The tax will be five cents for every \$5 or portion thereof on tickets costing over \$100. It applies also to steamship tickets between ports in Canada or between ports in Canada and points in Newfoundland, the West Indies, Bermuda, British Guiana, British Honduras or the United States. A tax of five cents each will be charged on parlor or sleeping car seats, ten cents for a sleeping car berth, twenty cents for a section of a sleeping car, twenty cents for a compartment and thirty cents for a drawing room.

"Neu-Tone" for the Walls

It is so easy and so economical to have a beautifully decorated home, with "NEU-TONE" Flat Finish.

The soft, restful "Neu-Tone" tints will delight the woman and man who appreciate refinement and delicacy in the home.

When you "Neu-Tone" the walls, you save all fuss and bother of washing and scraping the plaster to re-decorate. Simply apply another coat of "NEU-TONE" in any shade or tint desired.

"NEU-TONE" is cheaper than wall paper. It is truly economical—absolutely sanitary—can't fade, scale or rub off—AND IS WASHABLE. Soap and water cleans a "NEU-TONE" wall and takes away dust, stains and finger prints.

Marble-Its Floor Finish will withstand all the wear and abuse to which a floor varnish is subjected; it can be used on hard or soft wood floors; every can carries with it a money-back guarantee.

"MADE IN CANADA"

We have for you a copy of each of our two books on home decoration—"Harmony in Neu-Tone" and "Town and Country Homes". Ask for them when you come in.

BLAMES ITALY FOR

GERMAN DOWNFALL

Kaiser Says he Will get Even

With Italy if it Takes

Twenty Years

Paris, April 13.—What the Kaiser thinks about Italy is reflected in the following statement he recently made to officers attached to the Austrian Emperor's suite:

"Even if we are crushed we shall never tire of telling our children in Austria as well as in Germany that our downfall was due to Italy. If it takes us ten or even twenty years we will win back whatever we give Italy now, and also seize Venice as interest."

This disclosure was made to a neutral newspaper man by an Austrian officer who heard the Kaiser's vow.

"Tommy," said his mother at dinner on Christmas Day, "do stop eating. How can you possibly eat so much?"

"Don't know," said Tommy, between bites. "I guess it's just luck."

Two doctors met one day, and one said to the other: "I hear you operated on Smith yesterday. What did you do that for?"

"Why, for a thousand dollars."

"Yes, I know," replied the other; "but what did you operate for?"

"Why?"—with some impatience—"for a thousand dollars."

"Yes, yes, I know; but what I mean is, what did Smith have?"

"Why, I've told you twice already—a thousand dollars."

"Pirates," "Murderers," "Assassins." These are the names bestowed by the New York Press on the German sailors who sank the Falaba. Even Berlin can no longer pretend not to hear the roar of neutral indignation caused by its atrocities.

One middleman's commission on a boot transaction with the Government was over \$15,000, while the manufacturer made less than \$9,000.

GETTING BETTER
AFTER SICKNESS

Nothing has ever
equalled or compared
with the medicinal fats
in Scott's Emulsion to
arrest the decline, invigorate
the blood, strengthen the
nervous system, aid the appe-
tite and restore the courage
of better health.
Scott's Emulsion is
pure health-build-
ing food, without
harmful drugs.

ANNUAL ELECTION OF PARISH OFFICERS

St. George's Church Hears Encouraging Reports and Elects New Officers.

(From the Gloucester Northern Light) The annual meeting of the parishioners of the parish of Bathurst was held in St. George's Hall on Monday evening the 5th inst.

Reports of the different organizations connected with the church were read and showed steady progress in every department.

The books showed the year's receipts as \$2008.11, and expenditures \$1801.07, leaving a balance on hand of \$207.04.

Officers for the year were elected as follows:—

Wardens,—Henry Bishop, G. W. Ellis.

Vestrymen,—Samuel Bishop, C. H. Ellis, A. T. Hinton, Geo. Gilbert, Edward Hubert, T. Edwin Carter, Geo. Mean, J. H. B. Storer, W. F. Pepper, Wm. Smith, F. P. Gatain, E. P. Carter. Delegates to Synod,—J. H. B. Storer, Geo. Gilbert.

Substitutes,—Wm. Smith, F. P. Gatain.

Auditors,—J. H. B. Storer, W. F. Pepper.

The first act of the new corporation was a tangible expression of the general esteem in which the rector is held by the congregation, for a substantial increase was made in his salary.

BLACK CAPE

The snow is about all gone and we are having the pleasure of coming out on wheels once more.

The friends of Mr. George Brake are sorry to learn that he is not improving in health.

We are pleased to note that Mr. Addison McNair is about again after a few days illness.

Mr. Hugh Johnston has returned from a trip to Campbellton.

Mr. Leslie Campbell left on Monday for Waltham, Mass., where he will take up electrician work.

Miss Elva Howatson has returned from Dalhousie, where she has spent the winter.

Mr. J. H. West has returned from a business trip to Quebec.

Mr. Ralston McColl was in Bonaventure last week on business.

As we stated in last week's issue, the Dr. Wardrop and McCurdy Mission Band Concert was held on Friday evening, April 2nd in the Presbyterian church, and as we feel that we cannot allow the Graphic to go to press again without giving more details of this most interesting entertainment, we give below the following programme:

Hymn 58 "Blest morning whose first dawning rays"

Scripture reading and Prayer by Mr. Angus N. Campbell.

Chorus "Red, White and Blue" and "Oh, Canada"

Recitation, Dixie's pennies.

Chorus, Hosanna.

Exercise, "Christ is risen".

Exercise, "The Gates ajar".

Re-tation, The Lily's.

Sermon.

Exercise, "Easter".

Chorus, "The triumph song".

Exercise, "When Easter is on the way".

LITTLE PABOS

Last week Miss Maggie Sutton of Little Pabos left for Montreal. Miss Sutton is one of the best known young ladies in Gaspe. By her kindly manner and regard for the feelings of others, she has won for herself a host of friends who will sadly miss her. They will be pleased to learn, however, that she has entered the Royal Victoria Hospital to train as a nurse. She bears the good wishes of all for success in her chosen profession.

Miss Rubie Jones accompanied Miss Sutton to Bonaventure.

PATRIOTISM and PRODUCTION

"I would urge the farmers of Canada to do their share in preventing the people of Great Britain from suffering want or privation."
HON. MARTIN BURRELL, Minister of Agriculture.

The Empire Needs Many Foods

In the past Great Britain has imported immense quantities of these staple foods from Russia, France, Belgium, Germany and Austria-Hungary as shown by the following:

Average Imports Years 1910-1913	
Wheat.....	26,439,000 bush.
Oats.....	33,496,000 "
Barley.....	16,192,000 "
Corn.....	7,521,374 "
Peas.....	705,058 "
Beans.....	689,688 "
Potatoes.....	4,781,690 "
Onions.....	371,600 "
Meat.....	26,508,706 lbs.
Eggs.....	131,112,910 doz.
Butter and Cheese.....	91,765,338 lbs.

The above mentioned sources of supply of staple foods are now, in the main, cut off as a result of the war. Great Britain is looking to Canada to supply a large share of the shortage. Every individual farmer has a duty to perform.

Millions of bushels rather than millions of acres should be Canada's aim. That there is abundant reason to expect larger returns from the same area is conclusively shown when we compare the average production of the present time with the possible production. Note the following brief table which shows the average in 1914 and possible production per acre:

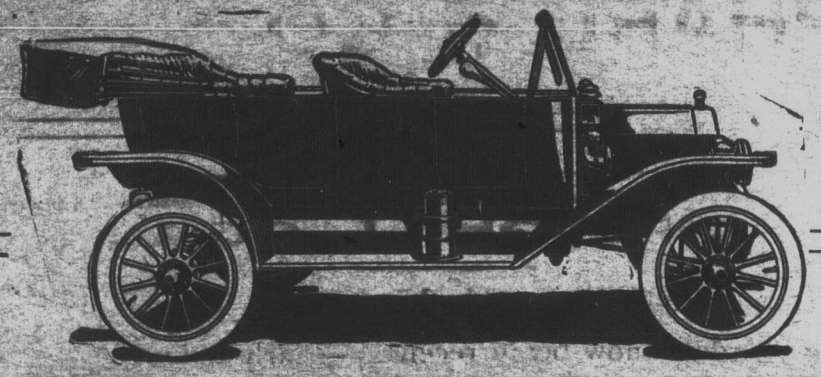

Fall Wheat.....	20.45	52
Spring Wheat.....	14.54	33
Barley.....	15.11	39
Oats.....	26.50	51
Corn.....	70	30
Corn Ensilage.....	12	19
Peas.....	15.33	37
Beans.....	15.79	39
Potatoes.....	119.40	450
Turnips.....	481.81	1000

By "possible" is meant the actual results which have been obtained by our Experimental Farms and by many farmers. These "possibles" have been obtained under intensive cultivation methods and conditions not altogether possible on the average farm, yet they suggest the great possibilities of increased production. By greater care in the selection of seed, more thorough cultivation, fertilization, better drainage, the average could be raised by at least one-third. That in itself would add at least \$100,000,000 to the annual income of Canada from the farm. It would be a great service to the Empire, and this is the year in which to do it.

Increase Your Live Stock

Breeding stock are to-day Canada's most valuable asset. The one outstanding feature of the world's farming is that there will soon be a great shortage of most supplies. Save your breeding stock. Plan to increase your live stock. Europe and the United States, as well as Canada, will pay higher prices for beef, mutton, and bacon in the very near future. Do not sacrifice now. Remember that live stock is the only basis for prosperous agriculture. You are farming, not speculating.

NOW ON DISPLAY.

The Ford Touring Car is now on display at our show rooms and is being much admired by all who have seen it.

This year's model has many improvements over previous years. They are as follows:

- Electric Headlights
- Horn under Engine Hood
- Improved Shape in Fenders
- New Speedometer
- Cowl Dash Finish

And many minor refining touches throughout.

Already some sales have been made. Be in line and place your order early.

BUSINESS AS USUAL

One of the surest signs of the dampened ardor of the Germans may be found in the drooping spirits of the many pro-Germans to whom the Ottawa authorities have allowed so much freedom in Canada since the opening of the war. One can hardly hear them these days. We guess they are now realizing that there was more truth in the Canadian newspaper accounts of the war than in those supplied to them through their secret sources of information.

If Major-General Sam Hughes had remained in his office at Ottawa as a Minister of War should have done, instead of flying all over the country generally, causing consternation and disgust among those faithful Canadians who were trying to do their duty for their King and country, Canada would have been spared the disgraceful war expose that is now going on at Ottawa.

The actual weight now carried by a British soldier, exclusive of clothes, rifle and bayonet, is thirty-five pounds, fourteen ounces. The rifle and bayonet together weigh ten pounds, eight ounces.

THE NEW STAMP TAX

GOES IN FORCE TODAY

The Provisions of the Bill With
Regard to Bank Matters
Fully Explained

The following provisions regarding the new stamp duties, especially with regard to banking matters should be carefully read by everyone. The Act goes into force on April 15th, and heavy penalties will be inflicted on any one violating the provisions of the act.

No person shall issue a cheque payable at or by a bank unless there is affixed thereto an adhesive stamp or unless there is impressed thereon by means of a die a stamp of the value of two cents, and every adhesive stamp affixed to a cheque shall be cancelled by the bank at which the cheque is payable at or before the time of payment.

No person shall transfer a bill of exchange or promissory note to a bank in such manner as to constitute the bank the holder thereof or deliver a bill of exchange or promissory note to a bank for collection unless there is affixed thereto an adhesive stamp or unless there is impressed thereon by means of a die a stamp of the value of two cents, and every adhesive stamp affixed to a bill of exchange or promissory note transferred or delivered as aforesaid shall be cancelled by the bank at the time of transfer or delivery.

No person shall sign a receipt for money paid to him by a bank chargeable against a deposit of money in the bank to his credit until he has affixed to the receipt an adhesive stamp or unless there is impressed thereon by means of a die a stamp of the value of two cents, and every adhesive stamp affixed to such receipt shall be cancelled by the bank at the time the money is paid.

No cheque or other bill of exchange shall be issued or paid by a bank unless there is affixed thereto an adhesive stamp or impressed thereon by means of a die a stamp of the value of two cents.

Every bank having possession in Canada any promissory note, cheque or other bill of exchange made or drawn out of Canada on which a stamp prepared for the purposes of this Part or authorized to be used in lieu thereof has not been affixed or impressed shall before payment or presentment for payment, if the same is payable in Canada, affix thereto an adhesive stamp of the value of two cents and the value of the stamp so affixed shall be payable to the bank by the person entitled to the proceeds of the note, cheque or bill. The bank shall, before payment or presentment for payment, if the stamp is affixed by the bank, cancel the stamp.

Every person who issues a cheque payable at or by a bank to which there is not affixed an adhesive stamp or on which there is not impressed by means of a die a stamp of the value of two cents shall be liable to a penalty not exceeding fifty dollars.

Every person who transfers a bill of exchange or promissory note to a bank in such manner as to constitute the bank the holder thereof, or delivers a bill of exchange or promissory note to a bank for collection, to which there is not affixed an adhesive stamp or on which there is not impressed by means of a die a stamp of the value of two cents shall be liable to a penalty not exceeding fifty dollars.

Every person who signs a receipt for money paid to him by a bank chargeable against a deposit of money in the bank to his credit to which there is not affixed an adhesive stamp or on which there is not impressed in accordance with the requirements of this section shall be liable to a penalty of one hundred dollars.

Every bank which issues, pays, presents for payment or accepts payment of a cheque or other bill of exchange or promissory note upon which a stamp of the value of two cents has not been affixed or impressed in accordance with the requirements of this section shall be liable to a penalty of one hundred dollars.

Every bank which omits or neglects to cancel, in accordance with the requirements of this section, the adhesive stamp affixed to a cheque, a bill of exchange or promissory note, a receipt for money, shall be liable to a penalty of one hundred dollars.

Every bank which takes or accepts a receipt for money paid by the bank chargeable against a deposit of money at the credit of the person signing the receipt on which a stamp of the value required by this section has not been affixed or impressed shall be liable to a penalty of one hundred dollars.

Minister of Finance White would find himself more in accordance with the facts if he had a "bad-boot tax" stamp printed for the extra postage rate. The legend "Patronage Committee tax" would be more inclusive.

SPEAKER LANDRY

OF SENATE RESIGNS

Clerk Announced That the Senator was Unavoidably Absent

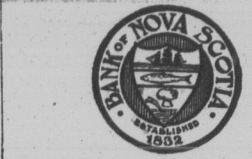

Ottawa, April 10.—Speaker Landry's absence from the Senate was the subject of comment in the Upper House yesterday. At the opening of the sitting, Senator Choquette said:

"I desire to call the attention of the Government to a rumor emanating from this House, and going out into the country, that the Honorable Speaker of the Senate has sent in his resignation. I should like to know if the rumor is correct, and I should like to have the reasons for the resignation. We have a right to inquire about matters in this Chamber, because it is a public matter, and on Thursday we were told by the Clerk of the House that Honorable Senator Landry, our Speaker, was unavoidably absent, and the leader of the Government moved that the honorable member from Laurier, Senator Bédard, take the chair."

"It appears now—and I know personally—that the Speaker is not absent, but he is in his room in the building, and he has been in negotiation with the leader of the Government, according to our information, with the Clerk of the House, and with the temporary Speaker. The House and the country have a right to know if the rumor is correct, and the reasons the Honorable Speaker has sent in his resignation. The House would like to know if the Government is going to accept the resignation and to replace His Honor permanently."

Hon. Mr. Loughheed—"I might say to my honorable friend that the Government has no information whatever as to what the intentions of the Speaker are, or as to the reasons for his absence, save and except the fact that the Clerk of the Senate announced in his place on Thursday that the Speaker was unavoidably absent, and in pursuance of that statement the Senate, according to law, appointed a Speaker during his absence."

If Germany has lost over three million men in seven months, before the allied forces have really started to fight in earnest, one can readily see how long her eight or nine millions of men will last her. At the utmost not over twelve months longer, when the allied forces start the big spring drive, Germany's losses should soon wipe out the greater part of her entire army.

Courteous Service

Customers of this bank appreciate the constant courtesy they meet in our office. There is no need for the inexperienced to fear "red tape," and women clients may feel assured of our willing attention to their banking requirements.

TWO MILLION ACRES OF AGRICULTURAL LAND FOR SETTLERS IN B. C.

The interior of Central British Columbia has a vast area of rich soil and enjoys splendid climatic conditions. It has hitherto been practically closed to settlement owing to lack of transportation facilities, but with the completion of the main line of the Grand Trunk Pacific Railway through to Prince Rupert, is now attracting attention from experienced cultivators, who realize the great possibilities of this new district.

The Grand Trunk Pacific Railway, while it has not an acre of agricultural land for sale, has just issued a comprehensive booklet of information for intending settlers, with a map showing the natural resources of the various localities. It deals with the Coast district of British Columbia, as well as the Central Interior and is called "Plateau and Valley Lands." Copies may be had free from W. H. Corcoran, Travelling passenger agent, Moncton, N. B.

King Victor Emmanuel of Italy is in a quandry. He would like to extend his domains, and to do so side with the Allies. But he has \$25,000,000 invested in the Krupp armament works, and if his nation declares war on Germany the Kaiser is likely to see that the House of Savoy is impoverished.
