WHAT ABOUT THIS BIG POTATO COMBINE

Big Concern Offers \$5 Bushel Standing in FIELDS is Rumor—Agents in Every District

Rumors to the effect that a certain large concern in New England has gone out into the country districts of every New England State and has agents engaged in buying up the potato crop as it stands in the fields, paying \$5 a bushel on the estimated crop, have come to the attention of various officials connected with the Massachusetts State Department of Agriculture.

"We have heard the story from several sources," declared one official today to the Globe, "but our efforts thus far have failed to locate the concern. We are on the lookout for contracts of this nature and have found none to date. It is even reported in this office that the agents of this company are active in Massachusetts."

One farmer, well acquainted with the situation in Maine, declared this morning that with the exception of Aroostook County, Maine, the largest potato-growing farm territory in the country, every one of the larger potato growers has been approached and most of them have accepted the offer of the company. The Aroostook farmers are reported as refusing to sell because they believe that potatoes will bring next fall a higher price than they are offering them.

Reports, which are lacking in verification, declare that millions of dollars are behind the move, and that some of the speculators who have resorted to this move during the past several months, as a result of the manipulation of the food market, are banded together in this latest move. The Committee on Success of Life is also on the trail of this latest move and promises that if the information which it has received in the matter is borne out by the investigation which is being conducted at present, there will be public exposure of the combine.

"We have received information from a farmer that this is going on, and the matter is at present under investigation, for they amount to no more than the Gen. Sherman's is industriously engaged in this matter and if the rumors, for they amount to no more than that, at the present stage of proceedings, materialize as facts, the committee will not quickly, so far as this State is concerned."

BASE BALL BOYS GO TO FREDERICTON TODAY

They Cleaned Up Houlton But Lost at Island Falls—Games Next Week

Today the base ball team left for Fredericton and will play the city team of that town this afternoon and Maryville tomorrow.

One of the most spectacular games of the year was played on Hartland diamond on Thursday last week, when a crowd from Houlton came over in their war-paint. The score stood at zero for three innings, when the Houlton pitcher was batted by five men in succession and the whole of them reached the plate. In the same inning Houlton scored 1, Hartland scored 2 in the fifth and three in the sixth, the game ended 10 to 1.

On Tuesday at Island Falls the Hartland team was defeated in a score of 8 to 6.

Island Falls plays Hartland on Tuesday at 6 p.m., and on Wednesday Perth plays Hartland at 6 p.m. On Friday Aug. 13, Plaster Rock plays Hartland at 4.30 p.m.

BURGLARS BREAK INTO BARBER SHOP

Considerable Sum of Money Taken and Arrests Will Follow

During Sunday night thieves entered the shop of C. E. Allen and abstracted from his cash box \$115. The robbery was very daring as the burglars were so inexperienced that they failed utterly to cover their tracks. A most intimate knowledge of the lock on the door and the way to Mr. Allen's private desk in the rear of the shop was displayed. The thief was somebody who had exercised every-day observation. He knew the top of the house or the end. The matter was reported to the Sheriff and if the moment does not return the money corner there is much fun in store for the people of Hartland. A series of sensational arrests is looked for.

LIGHTNING KILLS FARMER AND SON

A double fatality occurred on July 31 at Perth, near Carleton Place. Howard Holt, a prosperous farmer, and his son, were instantly killed by lightning when it struck their barn in which they were working with a hired man. The father was severely injured but will recover. The other members of the family were in the house and were not injured.

The barn, house, four horses and five cows were burned.

SAYS HIS FAITH CAN'T BE SHAKEN

Halifax Man Believes Tanlac Will Rout
Any Case of Rheumatism

"Only those who have been racked with pain by rheumatism as I was, can fully appreciate the way I feel about Tanlac, the medicine that relieved me of all my pain and suffering, and made me a well man," said John T. Davis, who lives at 1 1/2 North Clifton St., Halifax, Nova Scotia.

"I was in a mighty bad way before I started on Tanlac," said Mr. Davis. "For three years I had suffered with rheumatism, and it seemed to be all over my body. But it troubled me most in the shoulders, they would get so sore and stiff at times, that I could not raise my hands above my head, and when I moved my arms it was just as though someone was sticking a knife into them. I also had a dull throbbing pain just like toothache, in my arms and shoulders that would keep me awake for hours, and sudden sharp pains in my legs and knees which would get so stiff that I could barely walk. I had little or no appetite fell off in weight and got so weak and run down it was just about all I could do to stay on the job and I tell you that some days I felt like life was not worth living.

"But now after taking seven bottles of Tanlac I am a well man and happy at the wonderful relief it has given me. I've got a fine appetite and can eat any thing that is placed before me. I've already gained twelve pounds in weight and just feel full of energy and go all the time. But best of all, the rheumatism has left me entirely. My shoulders and legs are as supple as ever and I haven't had an ache or a pain of any sort in my body. Nothing will ever shake my faith in Tanlac after this for I've proved it myself, and have every confidence in recommending it to others."

Tanlac is sold in Hartland by Estey & Curtis Company, and E. L. Field, Bictonfield, and by the leading druggists in every town.

WE WANT TO KNOW

For the period of the war we were content to know only one thing. Are we winning the war, or in the vernacular, "How goes it?" We were told in the beginning by the politicians of both parties that when England is at war Canada is at war. We let it go at that. Today the war is nominally over. We have returned as far as possible to a pre-war basis. Some things are not as they were. The rights of free thought, speech and action are curtailed. The press is not yet free from the taint of Federal and Imperial propaganda. Every day we see obviously inspired articles and items issued in the public press.

The effects of wartime legislation is with us yet. We must shake off the fetters and be free. Today we want to know about many things. Progress can't be made without enquiry and observation. How about the present government? Are the people generally satisfied with the conditions of today? Are we actually governed from Ottawa or from London? Just what say has Canada in questions of peace or war?

Lloyd George, without any mandate from Parliament or people says "We are bound to support Poland to the end, as against Soviet Russia." Who asked Poland to fight Russia? British troops are sent Poland, to Greece, to Ireland, to Russia. Canada bound to assist England in the event of a new war starting up in Europe, Asia or in America?

Australia wished to bar immigrants from Japan. England vetoed it. If British Columbia wished to do the same the same rule applies. We don't know, but we want to know. How about nationalization of railways, etc.? What about the various trusts springing up every day? What about the questions of free trade, fair trade, protection. Who are the real rulers of Canada today?

What about the conditions in the Province of New Brunswick? Is the Government at Fredericton of the people, by the people or for the people? Is it run by millionaire lumbermen, stockbrokers and fanatics? What about that thirty per cent waste of lumber in the woods? Why are the stumpage rates so low when the lumber costs to the consumer are so high? These and many other questions should be fired at our prospective candidates, be they known as Liberals, Conservatives or Independents. If you don't know the answer ask them what they are going to do about it. If you do not get the proper reply, refuse to support them. We need men in these times.

W. H. BRAMLEY

East Centreville, N. B.
(If Mr. Bramley has an eye on the daily press he will have noticed this complaint insofar as it relates to the stumpage rates has been corrected by the government he criticizes.—Editor.)

VOCATIONAL SCHOOL

The Summer School at Woodstock is at present in session for the training of Vocational teachers for this province. The session opened on July 5 and will continue until August 5.

Through the kindness of the Vocational Committee of Carleton county the Fisher Vocational School has been placed at the disposal of the Vocational Board of New Brunswick for the use of the student. The purpose of the summer course is to train the teachers of the province and expert tradespeople who are interested in the Vocational Educational movement to act as directors in this form of education in the night schools of New Brunswick; and also to provide expert teachers for the different vocational subjects to be taught.

The course provided at this session are those in home-making, including dress-making, millinery, and the various branches of domestic science for the women; and courses in motor mechanics and practical electricity for the men. Besides these courses lectures are given to the student on vocational methods. The Vocational Education Board have secured for this phase of the work Dr. J. C. Miller who has had a distinguished career as a leader in this work and is now employed by the Ontario Government as Director of Technical Education in that province.

It is proposed to continue this school each summer and provide advanced courses in the above subjects and others for those who wish them.

The Canadian Fairbanks-Morse Company have placed at the disposal of the school a full line of equipment for the electrical and motor mechanics course. The school has been greatly assisted by the generosity of the local firm of Stewart & Armour who have provided equipment in some of home-making courses. Through the courtesy of the Dominion Government tents have been provided for the accommodation of the men who are in attendance.

The Vocational Board has provided for the board of the students by establishing a cafeteria in the building. This has served a useful purpose in giving the household science department an opportunity to give the practical work in cooking to those taking that course. In every way this innovation has been an unqualified success.

The students have already had sev-

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Owen Sound, Ont.—"I suffered for ten years with female organic trouble, neuralgia and indigestion, and was weak and had such bad pains I could hardly walk or stand up at times. When I would sweep I would have to go and lie down. I could not sleep at night, and would wander around the house half the time. I tried everything but nothing did me any good, and the last doctor I had told me he never expected me to be on my feet again or able to do a day's work. One day one of your little books was left at my door and my husband said I should try a bottle of Lydia E. Pinkham's Vegetable Compound. I thank God I did, for it cured me, and I am now well and strong. I think there is no remedy like the Vegetable Compound for anyone who has my troubles, and have recommended it to my neighbors. You can publish my letter for the benefit of those I can't reach."

TOWN COUNCIL IN MONTHLY SESSION

A Resolution to Restrict the Town Boundaries Under Discussion

At the regular monthly meeting of the Town Council on Monday evening the principle business was the introduction of a resolution proposing to restrict the boundaries of the town by providing that the north line shall be a line running from the Cross Creek west along Frank A. Aiton's north line to a point in line with C. J. Connolly's west line, thence north along Connolly's west line to the present north line of the town.

The effect of the proposed change will be that everything north of Frank Aiton's north line and east of Connolly's west line will cease to be part of the town.

The matter was laid over to the next general meeting in order to give an opportunity to those in favor of or opposed to the change to make their views known.

East Florenceville

The week of Chautauqua entertainments commenced on Tuesday. They are being held in the tent which the company carries with them, and which holds 1000 people. The opening concert was given by Messrs MacGraith, banjists, and Miss Batting, reciter, and Miss Mohler, pianist and soprano. Chancellor Bradford of Chicago addressed a very large audience in the evening, with an able and educational address. The whole week will be a series of splendid concerts and lectures.

Miss Mabel Eddy of Bathurst left on Wednesday for Fredericton en route to her home after an enjoyable visit at the Methodist parsonage.

The ball team played against Perth team on Monday, losing the game, score being 10-4. We look for several victories during the week as there will be a ball game each night during Chautauqua.

SCOTT JONES ENDS HIS LIFE

Woodstock, N. B. Aug. 3.—The man who so tragically put an end to his life today has been identified as Scott Jones of Centreville. He had been in the hospital for several weeks, and came out this morning. During the day he made a round of the hardware stores until he found a gun that suited him which he bought with some cartridges. Coming out of the Connell street entrance of Stewart & Armour's store he stopped on the platform and arranged a string to the trigger of the

gun and arranged the other to his foot. Placing the muzzle under his chin he brought his foot down and the bullet ploughed through his head, blowing his brains out. People were passing in numbers at the time but no one apparently noticed the preparation. The unfortunate man was making to end his existence. He was probably fifty years of age and tried during the war to get overseas but was sent to Amherst where he did his duty at the Detention camp, returning about a year ago in poor health. His body was taken to Henderson's undertaking rooms and an inquest was held tonight.

IMPERIAL PRESS APPRECIATES HARTLAND'S WELCOME

A large crowd assembled at the station on Saturday evening to witness the passing of the two magnificent trains bearing the Imperial Press party. While the press party were at Woodstock Mayor Keith and Editor Stevens sent an official message of welcome. Yesterday the following reply was received from Montreal.

"Thanks heartily. Message welcome. Sorry impossible remain long Hartland town where certain characteristic hands of welcome would be extended and grasped. W. J. Taylor."

New Bank of Montreal Building

Local builders have been asked to tender for the Bank of Montreal building to be erected on their lot opposite the post office. Several examined the elaborate plans and specifications but none submitted a figure for the work. It is estimated that the job will be given out on a percentage basis.

The building will be two stories in height with a basement. The basement will contain the vault and furnace room and fuel bunkers. The ground floor will be fitted for the bank's offices, while the upper story will be finely fitted as quarters for a portion of the staff.

The building will be of brick veneer and stone finish and will finely match the splendid postoffice opposite.

BE PROGRESSIVE—ADVERTISE!

BEHIND every industry in Canada—

—from the patient truck-gardener bowed over his lettuce—

—to the young manufacturer struggling to prove the worth of Canadian skill and Canadian material in some new enterprise—

—stand the railways—the intelligence, the power and the hopes of the railways of Canada.

Not, like the Exploiter, watching to take harsh advantage of hard-times or the follies of a boom—

Not seeking by a moment's shrewdness to "clean up a million and get out!"

Not interested in the price of real estate in just ONE town, or the prosperity of just ONE province—

But, instead, employing their widely-gathered intelligence in the interests of all Canada for all time to come!

For the railways of Canada cannot be lifted up and carried away to serve any other master than Canada!

Their services cannot find any buyer but Canada!

They injure themselves if by asking too high returns To-day they damage the prosperity of the citizens of To-morrow.

The request for increased freight rates is made with these facts in view.

Canada will still have the cheapest, the fastest and the most reliable railways in the world!

Torsorial Repartee.

"Have you seen Prof. Diggs lately?"

"Met him yesterday."

"Blundering along as usual, I suppose?"

"Yes. He had just mistaken a barber shop for a meat market, which was next door. 'Dear me!' he exclaimed. 'This is no place for mutton chops.' 'Not unless you want to get 'em trimmed, sir,' replied the head barber."

An Independent Wife.

Flatbush—And your wife writes to you on postal cards?

Bensonhurst—Oh, yes.

Flatbush—I should think you'd allow her to do so.

Bensonhurst—Oh, she's very independent. She doesn't seem to care who knows what she says.

Quite a Job.

"Senator Twobuckle says he labored long and hard over that speech he delivered today."

"He means comparatively long and hard. He took the manuscript right out of his secretary's hands and insisted on writing the last two paragraphs practically without any assistance whatsoever, except in the matter of punctuation and a singular verb that should have been plural."

Serely Stricken.

"The chairman of the reception committee seems to be upset about something."

"He has cause to be."

"What's gone wrong?"

"Somebody sat on his silk hat and there's not another one to be had in town. He simply can't do himself justice in welcoming the distinguished visitor without the proper headgear."

That Explains It.

Miss Peachblow—I must confess I was quite astonished when I heard of your engagement. What business is your dance in?

Miss Leftover—He's a collector of antiques.

Miss Peachblow—Oh! I see.

ASSISTING NATURE.

"Our young rubber trees are not growing very rapidly."

"Why don't you go around and stretch 'em a little every morning?"

Must Have the Goods.

"Unless you sometimes have the stuff, it doesn't pay to try to bluff."

A Schemer.

"I must tell you, Edgar, that I can not cook."

"But those excellent meals I have had at your house?"

"Were all prepared by our cook."

"Do you think we can get her away from your folks when we are wed?"

A Cheap Triumph.

"Don't you believe me, dearest, when I tell you that you are the only girl I ever loved!"

"Oh, yes. But that's not nearly as nice as it would be to know that I'd stolen you from some other girl."

Piecework.

Mrs. Housekeeper—A dollar an hour is too much to pay for besting these rugs. I'm afraid you'll loaf on the job.

The Odd Job Man—I can do it for 20 cents a wallow, ma'am. It'll amount to the same thing.

Especially Obedient to "Give Up."

"You must give up coffee, and—"

"I never drink it, doctor."

"And stop smoking."

"I don't smoke."

"Humph! That's bad. If you haven't anything to give up, I'm afraid I can't do much for you."

Divining Lines.

It's hard, as men their efforts bend To join the crowd that stuns, To tell where statesmanship must end And politics begin.

Explaining It.

"It is hard to teach women by experience."

"Every likely it is because women object to getting wrinkles."

The Reason.

"Mrs. Glim says she does all her cooking by electricity."

"That accounts for it. I hear she is a shocking cook."

Natural Aptitude.

"I should think a woman would make a good X-ray photographer."

"Why not?"

"It takes a woman to see through things."

Presentation to Mrs. Manuel

The Women's Missionary Society of
Centreville held their monthly meeting
on July 14 at the home of Mrs. Kil-
patrick. After the usual devotional ser-
vices, reading of minutes, roll call,
etc., were over Mrs. Manuel gave a
very interesting report of the annual
meeting of the St. John Presbytery
held in Sussex last Oct. Mrs. Herbert
Kilpatrick, president of the auxiliary,
then presented Mrs. Manuel with a
purse of money and the following ad-
dress:

Dear Mrs. Manuel: It is with feel-
ings of regret that we learn of your de-
parture from among us. For more
than nine years you have been associ-
ated with us in this women's mis-
sionary society and during you have great-
ly endeared to us by your amiable
character, your earnest devotion to
duty, and the hearty interest you have
ever manifested in this society and in
our welfare in times of sorrow you
have shown words of cheer and solace.
In times of joy you have rejoiced
with us and it is with a deep sense of
your many sterling qualities that those
present here have united to pre-
sent to you this small token of
their love and esteem, and to wish
that hours, days and years, many
years of happiness may be in store for
you and yours.

Mrs. S. S. Miller, Harrold, also pre-
sented Mrs. Manuel with a cheque.

The meeting closed with all rising and
repeating together the mission benediction.
