BEAVER BOARD

If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.

We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.
Office Hours—8 A. M. to 6 P. M.

TOWN OFFICERS ARE APPOINTED

Delegation From Carpenters Union Address Council—Wages Adjusted.

A meeting of the Town Council was held in the Council Chamber Tuesday evening. His Worship Mayor Murray presiding. There were present Councillors: Belle Isle, Currie, Ingram, Dickie, Matthews and Jamieson.

The minutes of the previous meeting were read and confirmed.

The Florence Hotel proprietors petitioned for permission to install a gasoline tank in front of their hotel. Referred to Fire Protection Committee.

Robt. L. Duncan notified the Town that he was willing to give deed of a street through his land, to open up lots for building purposes. Referred to Public Property & Streets.

A request from the Mother Superior of the Hotel Dieu Hospital for an increase of grant to hospital was read. Referred to Finance and Audit Committee.

The Assessment under the Workmen's Compensation Act was read and referred to the Finance and Audit Committee.

Employees of the Water and Sewerage and Public Property and Streets asked for an increase to 50 cents per hour for Chas. Parker, 50 cents per hour for Thos. Doucette and laborers 45 cents per hour. Referred to Committee of the Whole.

Petitions for trucking, livery and other licenses were read and referred to the Police & License Committee. Mr. Belyea of Belyea & MacNiece.

FRIDAY, MAY 14th CLEAN UP DAY

Council Appoints Day For General Clean Up of Streets and Premises.

At Tuesday's meeting of the Town Council His Worship brought up the necessity of having a spring clean up of all premises and streets, and upon Council Currie's suggestion Friday, May 14th was appointed for this purpose.

Let us make this a real clean up day and make our streets, vacant lots and yards clean and trim.

We would suggest that His Worship Mayor Murray declare it a public holiday. That citizens generally forget business for that day, don overalls and get busy. We would suggest also that the town teams, and as many teams as can be borrowed from private citizens be supplied to haul refuse to the various dumping grounds.

wrote reporting as to work of installing the accounting system, showing what progress had been made and making certain recommendations.

The general order of business was suspended and the Council proceeded with new business.

The following Town officers were then appointed:—

Deputy Mayor—Coun. Ingram.
Ex-Officio Councilors—Coun. Dickie.

Town Clerk—John T. Reid.
Town Treasurer—S. H. Langley.
Town Auditor—A. G. Adams.
Auditors of School Accounts—D. C. Firth and J. S. Benson.

NORTH SHORE DRAGOON SQUADRON

Chatham Said to Be Stated as Squadron Headquarters—Why Not Campbellton.

Reorganization plans connected with the 28th New Brunswick Dragoons as part of the reorganization of the Canadian Militia after the war, are said to include the transfer of one of the squadrons to the North Shore a section of the province which heretofore has not raised troops for the cavalry arm of the service. Chatham is said to be the intended squadron headquarters. Fredericton and St. John will remain squadron headquarters with St. John also regimental headquarters.

Chatham is the headquarters of the 73rd Battalion, Newcastle of the 12th Field Battery, it is surely time that Campbellton should be thought of.

ASSESSORS.
Ward I.—Victor Martin.
Ward II.—Peter McLean.
Ward III.—Peter H. Blythe.

Peter H. Blythe was appointed chairman of the Board of Assessors.

Revisors—D. C. Firth, W. P. Gray, Commissioner of Public Charities—Wm. Savdant.

Town Engineer—W. J. S. Walsh.
Street Commissioner—Chas. Parker.

Coun. Currie said that their had been much complaint about the manner in which Mr. Parker had looked after the streets during the past winter. Upon enquiry he, (Coun. Currie) had found that Parker had been the general handy man for all departments and as a consequence he had not had time to attend to his own particular duties. He, (Coun. Currie) served notice on all other departments that Parker was not to be interfered with and had been given orders to take orders from no one outside the Public Property & Streets Committee.

Coun. Jamieson said that Coun. Currie's statements were correct. There had been too much for the town horses to do that the streets were neglected. Thought Parker should be given a chance to make good.

Building Inspector—John Andrew.
Inspector of Plumbing—W. J. S. Walsh.

Chief of Fire Dept.—A. E. O'Donnell.
Engineer of Fire Engine—H. G. V. Farrer.

Firemen of Fire Engine—Robt. Burns.
Caretaker of Town Horses—Percy Gagnier.

Manager of Water & Sewerage System—W. J. S. Walsh.
Manager of Electric Light System—H. G. V. Farrer.

Engineer of Electric Light Station—Jas. Robinson.
Asst. Engineer of Electric Light Station—Ben. Larsen.

Fire of Electric Light Station—Ben. Larsen, John S. Nelson, Frank Dolman.
Town Marshall—James H. Adams.

Police—Andrew J. Smith.
Housing Board—N. C. McKay, Couns. A. H. Ingram and H. C. Matthews.

Constables—August Stevens, Wm. Suvoie, Robert Gray, Chas. B. Gray, John Quinn, Duncan, Doucette, Walter W. Clarke, Louis Cormier, and Willis Sears.

Pound Keepers and Cattle Reeves—Jas. R. Hachey, August Stevens, Celestine LeBlanc.

Weighers of Hay and Grain—R. K. Shives, Jas. Alexander, Alphonse Boudreau and D. L. McLean.

Measurers of Fuel—A. F. Ferguson, D. F. Graham, Geo. Boyie, Henry Miller, H. G. V. Farrer, Bryan Annette, Donald McBeath, W. R. Millican, Geo. St. Onge, Alphonse Boudreau, Jas. Alexander, R. K. Shives, D. L. McLean, Wm. J. Comeau, W. T. Cook, Thos. McDevitt, and Wm. H. Brown.

Surveyors of Lumber, Stone and Other Building Material—R. B. McBeath, F. P. Wetmore, M. M. Mount, John Dickie, W. R. Millican, Donald McLean, W. P. Burns, Jas. E. Miller, Allen Miller, J. L. Winton, J. T. Mowat, A. C. Belle Isle, E. E. Clarke, W. H. Wallace, Havelock Sansom, Frank Woodworth, J. T. Little, Everett Gillis and Dow Vanhorn.

August Stevens was appointed caretaker of dumping ground.
School Trustees—In place of J. W. Comeau, term expired—David Champoux.

Coun. Ingram moved that Norman C. McKay be appointed a member of the Housing Scheme Board.—Carried.

Coun. Currie brought up matter of mays destroying trees. It was a pity to see these young trees destroyed and he favored police protection.

Coun. Currie moved that the Police Committee have notices posted stating that the Chief of Police has been instructed to prosecute anyone caught destroying the share trees now growing or to be planted along our streets.—Carried.

His Worship brought up the matter of having a regular spring clean up of streets and lots.

Coun. Currie suggested May 14th

CONSTRUCTION WORK AT STANDSTILL

Carpenters Went on Strike May Day—Hope to Return Soon.

It will be remembered that some weeks ago the Carpenters Union published a notice that on and after May 1st all carpenters would demand seventy-five cents per hour.

In fulfillment of this notice the carpenters employed on practically every job in town, without any further notice to their employers did not show up for work Saturday morning, May 1st, but as has been generally expressed about town "took a vacation." Many of these men had only to have consulted with their employers when the matter could have been settled and in some cases the men are back to work on some of the smaller jobs.

The carpenters say that their demands are reasonable. They ask 60 cents to 75 cents per hour according to a man's efficiency, which is only a living wage for this town. They are anxious to go back to work and are not insisting on a "closed or union shop."

The employers state that the men failed to consult with them, nor did they set forth their demands either personally or as a Union, as a consequence they did not know what their men wanted.

A meeting of the Carpenter's Union was held Monday evening, and the employers asked to be present. It was not a harmonious meeting, but the Union men set forth their demands and the employers answered them.

This was the first get together meeting and it is hoped the matter will be satisfactorily adjusted as it means much to Campbellton's progress.

The Carpenters have decided to return to work whenever the schedule is offered and some are finding employment, but the main body are yet out for this purpose.

Coun. Dickie moved that May 14th be a general clean up day for Campbellton.—Carried.

The Council went into a committee of the Whole to consider salaries of employees of the Water & Sewerage and Streets Department.

Council took recess.

The Council reassembled and the Committee reported as follows:—

That the Commissioner be paid \$125.00 per month without extras; that the position filled by Thos. Doucette be paid at 50 cents per hour; that laborers be paid from 35 to 45 cents per hour according to the efficiency of the men as decided upon by the superintendent.

This report was received and adopted.

Coun. Dickie moved that a delegation from the Carpenters Union be heard.—Carried.

Mr. C. E. Mosher stated the case of the carpenters. They were present to ask the sympathy and aid of the Council. The carpenters regretted the misunderstanding which had arisen. They had perhaps made a technical error in not appointing a committee to interview the employers, but they thought that the notice published in the public press would be sufficient.

The scale had been set at 60 to 75 cents per hour, according to efficiency. Some of the employers had accepted this. The men were anxious to get back to work and only asked for the raise to give them a living wage.

The Council then adjourned.

LARGE AMOUNT WAS RAISED

Tag Day Under Ladies' Social Hospital Success.

Saturday, May 1st, was Tag Day, and from early morning until late in the evening young ladies were busy tagging all citizens and gathering up the coin which goes to that most worthy object, the Soldiers' Memorial Hospital. The day was fine and the results exceeded all expectations.

The report of the different districts is as follows:—

Upper District—Towns limits to West Minto:—

Captains—Mrs. Chas. Smith, Mrs. McClintock, Mrs. Roy Campbell.

Miss Douglas \$25.76
Miss Baird 17.08
Miss Gibson 26.08
Miss Nita McDonald 25.34
Miss Monica White 11.43
Miss Rutilla McLaughlin 19.02
Miss Crockett 4.67
Miss McLeanna 8.18

Total \$138.18

Middle District—East Minto to West Andrew:—

Captains—Mrs. Weatherby and Miss Wilson.
Miss Jonah and Miss Scott \$17.17
Doris Weatherby 5.49
Miss Dennison, and Miss Richards 14.06

Total \$36.71

Main District, North of Railway from Subway to Harquail's factory:—

Captains—Mrs. English, Mrs. Wallace, Mrs. Barnes.
Mrs. Barnes 5.47
Miss Olive Fraser \$38.16
Miss Florence LeTemple 23.41
Miss Jean Fitzmaurice 15.52
Miss Irma Currie 17.76
Miss Mildred McKenzie 10.49

Total \$113.81

Lower District—East Andrew to Bridge:—

Captains—Mrs. Harrison and Mrs. John Farrer.
Miss Christine McBeath \$ 4.44
Miss Ida Myles 12.94
Miss Elsie McDonald 10.19
Miss Beatrice Myles 2.43
Miss Mary McNicol 4.09
Miss Esther Travis 6.98

Total \$41.97

Dalhousie—Mrs. Little, Captain \$63.21
Athol—Mrs. Fred Wetmore 21.15
Campbellton total \$381.67

Total \$416.08

Coun. Dickie thought that the carpenters demands were reasonable. A good carpenter was worth 75 cents per hour.

Other Councillors spoke on this matter.

Mr. Peter Gerrard and Mr. Mosher thanked the Council for their kindness in hearing them and the delegation then withdrew.

A somewhat informal discussion took place on streets and sidewalks.

Coun. Currie, Chairman of the Public Property and Streets Committee, said he did not favor bonding the town to do this work at this particular time.

He advocated the making of a special concrete block about 4 ft. by 5 ft. and put these down instead of deal walks. It was decided to go fully into this matter in committee.

The Council then adjourned.

Young Men Insist On "Style"—Very Well—We've Got It.

We agree with the young men that dressing well is good business. Wearing snappy looking clothes, isn't merely a fancy. It's sound judgment. The most conservative investment a young man can make is to put his money into one of these very stylish Spring Suits.

A Special Showing
of Young Men's Suits
\$50.00

You'll find clothes comfort and correctness in these new suits. They possess remarkably attractive style features. Excellent workmanship. A wide range of materials and colorings. The assortment is big; everything a young man wants.

A large Assortment of single and double breasted models—all wool goods \$45 to \$60.

Spring Coats in many New Shades \$22.00, \$25.00 \$26.50 and up.

OUR NATIONAL ECONOMIC PROBLEM.

The following interesting extract from an article by Mr. E. W. Beatty, president of the C. P. R., appeared recently in the Montreal Gazette:—
"So much for the manner in which the transportation machinery of the country is carrying out its obligations to the Canadian producer. Other aspects of the transportation problem are less satisfactory. There are many people who look upon Canadian railways as a source of magic fortunes which cannot be exhausted. That bookkeeping profits to a railway as it may be to a corner grocer, is to these people unthinkable. It apparently does not occur to them that to the public it is more important than to the Canadian public that the good reputation of its railway securities in the stock market and investment should be carefully guarded. To those, however, who understand these things clearly and who view the matter from the standpoint of broad public interest, it is at once apparent that the Canadian public pays a very low rate for the quality of service rendered, and that the railway operating costs go down. Such persons recognize that it is not because the situation of the railways is an easy one that certain companies have been able to show net earnings—very low net earnings compared to the actual cash received in the industry—but because in the past the shareholders of such companies have been as they are today, courageous persons willing to supply the means for constructive enterprises in which not only the shareholders but the public have a stake. Successful and loyal business men, assisted by staffs filled with the spirit of pride and devotion to their work. This, indeed, is the thing which has made it possible for Canadian railways to function successfully during the war without making anything like the demands that foreign roads have been able to make on their community, yet earning the same rates and profits. In some ways, they have made the general reputation of Canadian Railway securities should continue. The servant after all is not the master, and railway capital is not less worthy a servant than other forms of capital whose earnings have not been so consistently depressed. The net earnings during the war years, of those companies which showed net earnings, would have been much lower had the Canadian railways been making expenditures for maintenance which circumstances would have justified, but which conditions prevented during that period. These arrears are now to be made up. During 1919 the Canadian Pacific had 70,000 tons of steel rail. In place of say 2,000,000 tons, worth 44¢ in 1914, the Canadian Pacific had 4,000,000 tons at 85¢ per ton. The sensational advance in the rate of railway wages is well known. Further advance may be necessary within the very near future, as indicated by discussions in the United States. The price of coal for locomotives was \$3.09 in 1915. Now it is \$4.77. The cost of fuel for an average train (freight or passenger) one mile has risen from \$1.04 in 1912 to \$2.45 in 1918. It is higher today. The operating expenses of one mile of line in 1915 were \$4.12, in 1918, \$7.18, and today they are even greater. On the other hand, railway rates, taking all classes of revenue together, have advanced scarcely 25 per cent. I venture to say no other industry in the Dominion can show such moderation."

A Practical Girl.
"They say that the C.P.R. are on the piazza looking at the moon."
"Indeed?" she said.
"Yes. What do you think about it?"
"Oh, I have no opinion at all, but it seems to me if I were a young man I wouldn't be in a doubt whether they were or not."

GRANTS ANNUAL PASSES.
C. P. R. Encourages Loyalty in Service.
The C.P.R. to encourage loyalty in service, and to recognize the privilege of employees has, through the president, Mr. E. W. Beatty, announced a new departure which will doubtless be much appreciated. This is the granting of annual passes to officers and employees, and their wives under the following considerations:
Employees on a general superintendent's district, who have had continuous service for a period of not less than ten years will be entitled to an annual pass good over district or which employed.
Each employee, who has had continuous service for twenty years and over, will be allowed annual pass over any other district or over any other department of the service will enjoy the same privilege as above, stating the territory over which pass is desired. Head office employees who have had fifteen years' service will receive annual passes over eastern or western lines where employed. Women employees are to be treated the same as men in this respect.
The union expresses the policy of the C.P.R. to aim at the contentment and loyalty of the employees, of whom there is an army of 60,000 at present, including all classes of employees. The President Paul, a free gift of the company was the thought of Paul Shambaugh, a C.P.R. employee.

Every horseman and farmer should keep these standard preparations in the stable. They are specific for Cough, Diarrhoea, Colic, Glanders, Spavin, Pink Eye, Splints, Thrush, Eczema, Cracked Hoofs, Founders, Kidney Troubles, Fever, Cuts, Sores, and will remove blemishes of any kind.

Dr. J. Woodbury's Horse Liniment and Condition Powders

Prepared by Fraser, Thomson & Co. Limited, COCKSHIRE, Ont.

MY DEAR!

Are you aware that an ointment applied to the skin is absorbed into the system just as surely as medicine that is swallowed? If so, you see, there is another reason why you should use a pure ointment; and the purest you can get for yourself and your children is Zam-Buk.

Dr. Scott, the great English surgeon, says: "I have analysed Zam-Buk, and have no hesitation in certifying its purity."

There is another reason why you should use a pure ointment; and the purest you can get for yourself and your children is Zam-Buk.

It is of such a refined nature that it can penetrate to the very seat of skin diseases; whereas ordinary ointments, owing to their coarse ingredients, remain on the surface skin. Skin diseases, like psoriasis, have their roots in the blood. Zam-Buk can get down to the very root of the disease, kill the germs and thus effect lasting cures.

There is nothing like Zam-Buk for eczema, old sores, or eruptions; nothing that can so quickly draw out the poison of a cut, burn or scald. Try it!

Prof. Mrs. A. J. Cameron of Melville, Mass., writes: "My little son's head and hands were completely covered with eczema. I tried numerous ointments, and he was under doctor's treatment for some time, but nothing would cure him. Then I tried Zam-Buk. After a week's treatment I noticed a marked improvement, and, after a further week, the eczema had disappeared in a complete and permanent cure."

Send for free trial box. See it, and you will be convinced.

ZAM-BUK
WILL HEAL THAT SORE!

New Man

If you are suffering from dyspepsia or other stomach trouble, you will appreciate a medicine that will relieve and correct your condition.

WIZARDIA
DYSPEPSIA REMEDY

regulates and invigorates the digestive organs, prevents acid fermentation and souring in the stomach, and promotes digestion and assimilation of the food.

GENERAL NEWS IN BRIEF

(By C. P. R. Telegraph)
Lethbridge, Alta.—The Lethbridge Brick Company have commenced operations with a capacity of 15,000 bricks daily, which they expect to increase shortly to the full capacity of 35,000 bricks.

Sydney, N. S.—A large order for rods and bars has been secured from the Japanese government by the Dominion Steel Corporation, which will keep the rod and bar mill in operation for a long time to come.

Edmonton, Alta.—A new market for the Alberta potato crop was opened up recently when a first consignment of a carload of this vegetable was sent to San Francisco.

Winnipeg, Man.—The first paper bag manufacturing company in the west will be established here in the near future. The Western Canada Paper Bag Co. is at present being organized by A. Seabrook, and equipment costing \$50,000 being purchased for the plant.

Charlottetown, P.E.I.—With the slogan "Spend your vacation in Canada" being taken up everywhere, Prince Edward Island is looking forward to a large holiday traffic, and a great influx of visitors.

Virdee, Man.—Dairying is making rapid strides in Manitoba. In 1912, 55 cars of creamery butter were imported; in 1913 the number dropped to 25; and in 1914 to 20 cars. In 1915, 50 cars were exported; in 1916, 58 cars; in 1917, 94 cars; in 1918, 170 cars; and in 1919, 120 carloads left the province.

St. John's, Nfld.—The Minister of Marine and Fisheries, who has just returned from the United Kingdom and Europe, states that Great Britain is interested in Newfoundland affairs is being taken in England and that capitalists are more inclined than ever to embark on the exploitation of the colony's natural resources.

Halifax, N. S.—Arrangements have been made to employ a wireless equipped tug to assist in the search during the coming season for the purpose of scouting mackerel in the Gulf of St. Lawrence. The tug, which is to be named the "Mack Scout," will be under the command of the arrival of schools, their location, approximate size and direction and movement.

Montreal, P.Q.—A total sum of \$5,093.10 was raised at this bar auction sale here. Prices were proportionately higher than at the New York and St. Louis sales. Beaver brought as high as \$100 each; moosehide \$150; muskrat \$75.00; wolf \$45.25; white fox \$70.00; rich \$2.50; lynx \$25.00; silver fox \$125.00.

Victoria, B. C.—Canadian Holstein cattle are highly regarded in Australia, according to H. A. Simmons, who recently delivered a small herd of these cattle there. He claims that the Holsteins bred in the Antipodes are not as good as the Canadian bred stock and is making preparations to assemble another herd for export.

Regina, Sask.—More settlers are coming into Saskatchewan from the United States this spring than at any time since the outbreak of the war, according to figures which have been received by local C.P.R. officials. While this influx is considerable, it is said by these same railwaymen to be nothing to what may be expected later in the summer. During the first three weeks of the month twenty settlers arrived here from U. S. points on their way to land they had taken up. Five carloads of settlers' effects were received. Portals as passing through to points in this province and twenty-three cars to Alberta points. Settlers are also coming through Kingsgate and Emerson, the traffic at the latter place being particularly heavy and as many as 46 carloads of effects passing through the port of entry in a day.

PRESIDENT BEATTY ON Y. M. C. A. WORK.

In a foreword to an attractive little pamphlet issued by the Railway Y. M. C. A. of Canada, Mr. E. W. Beatty, President of the C.P.R., pays a tribute to the work of this association. "The high value of the work," he says, "is evidenced by the fact that the Christian Association in the Dominion of men and boys has come to be generally and properly recognized and particularly on account of its efforts in accomplishing on behalf of our soldiers during the recent war."

"Among the various spheres of the Association's activities not the least valuable is the work of the Railway Branches which minister to the intellectual, the social, the moral and the physical needs of railway men irrespective of race or creed."

The adoption of this work on the Canadian Pacific Railway dates back to 1905 when the building at Revelstoke, B.C., was erected and so well satisfied were the experiment tried there that 9 additional branch associations have since been established. These provide home surroundings and comforts for men in train service when away from home and to many employees located at outlying points they afford the only home facilities that are available to them.

It is not only that good meals and clean beds, and the recreation and the educational advantages, the recreational facilities and the opportunities for social intercourse and wholesome surroundings must necessarily contribute to the well being of the men and benefit the community in which they live, and the Company with which they are employed.

The entirely satisfactory results of this work on the Canadian Pacific lines in the past for which I desire to express my admiration and appreciation, have without doubt been achieved through the earnest and cordial co-operation of the Company's employees with the Association's officers and staffs, and with the continuance of their united efforts the future success of the work can, I feel sure, be confidently entrusted to them.

The Railway Y. M. C. A. provided 140,000 beds to railway men and served 328,000 meals in 1919. Its buildings are valued at \$480,000.

CHARLES ASOYUF & CO.
Dry Goods, Boots and Shoes,
Ready-to-wear Clothing.
CAMPBELLTON, N.B.

If a friend of yours asked you the above question you certainly would say show me. We will act as your friend. You will be wanting, maybe, a Coat, Suit, Caps, Hats, Pants, Shirts, Overalls, Gloves, Underwear, Rain-coat, a Waist, Skirt, Dress, Sweater, Underskirt, Night Gown, Undervest, Stockings, Boots, almost anything in Men's and Women's Ready-to-Wear. Every time you make your purchases from us you will Save Money, because our prices are very reasonable, owing to our large buying capacity. Our quick turn over allows us to work on a small margin of profit. Buying for Cash and selling for Cash give us another concession, which in turn we give to you. Our goods are of Standard Quality, backed by the reputation of good reliable makers who stood the test for years and are sure to give you satisfaction.

Next—Every time you make a purchase, the clerk will hand you our cash register receipt on which is printed the amount and date of your purchase. Keep these receipts together between now and the twenty-sixth of June until 10 o'clock P. M., then bring them to our store clerk, then with the clerk put them in an envelope, which will be provided for the occasion, seal it and leave your name and address. The largest amount of purchases between the thirtieth of April and the twenty-sixth of June, at 10 o'clock in the evening will win the first prize of twenty dollars (\$20.00); the next the second prize, fifteen dollars (\$15.00); and the third prize, ten dollars (\$10.00).

These prizes are as a remembrance of our first anniversary at Campbellton which falls on the twenty-sixth day of June.

Councillor Currie, Town Clerk J. T. Reid, and H. B. Anslow of the Graphic have kindly consented to act as judges for this contest, and will open all the envelopes containing the receipts.

The results will be announced in the following week's Graphic.

DISAPPEARANCE OF WAR VETERAN

Fearful Clarence Wright Lost His Way in the Woods When Ill.

NEWCASTLE, April 30.—Much concern is felt locally for Clarence Wright, a well known local young man who has mysteriously disappeared. Young Wright, who is a veteran of the great war, was employed on Robinson's drive on the North West, and was taken ill on Friday and left to walk to the settlement enroute to Newcastle, and since then no word has been received from him. It is feared that he has lost his way in the woods and perished. A searching party is now scouring the woods in search of the missing man.

OLD CANNON BALL

IMBEDDED IN LOG
An old-fashioned cannonball of the twenty-five-pound variety, used many years ago on the Coast by the admiralty ships when first making surveys of these waters, was the cause of stripping one of the saws at the plant of the False Creek Lumber Company's plant, Vancouver, recently. The accident cost the company \$250 and is the second of its kind that mill men in British Columbia have experienced in recent years.

The cannon ball was embedded in the centre of a great log which had been cut at Duncan Bay on Merrill King & Moore's limits, having evidently been discharged by a passing warship many years ago. The tree had grown right around the missile, concealing it so perfectly that it was not discovered until the saw struck it.

About five years ago another mill met with a similar experience, the tree having come from the same vicinity on the east coast of Vancouver Island.

DOLLAR VALUES.

The dollar buys only 54 cents worth of gold right now, but don't forget that when it is invested it draws interest on 100 cents.

\$14.00.

CARLETON (Louis Bujold)

Louis Bujold, Clovis Bujold, \$2.00; Caroline Bujold, Rev. J. A. Verreault, Pte. J. A. Bernard, G. G. Cass, H. Bernard, \$1.00; Albert Bujold, J. R. Landry, J. A. MONEY NEEDED FOR SHANTYMEN

Work Among the Men in Woods Receives Good Attention.

Rev. Thomas Joplin of the Shanty-men's Christian Association of Canada occupied the pulpit of St. Andrew's Presbyterian Church at the morning service and of the Methodist church in the evening service.

Rev. Mr. Joplin told of the organization of this work some twelve years ago in the lumber camps of Northern Ontario and of its growth throughout the entire Dominion. The work of the association is still in its infancy, but it has pushed out its activities since last year to New Brunswick, Nova Scotia, and to British Columbia. There are now 30 missionaries engaged in the work.

"In a lumber camp there are found men of every description and calling," said Mr. Joplin. "It seems that when a man is down and out he will bury himself in the woods. The reclaiming of these men part of the work of the association. But this is only one side of their work. The awakening of the Christian spirit all the members of the brotherhood of the woods, and the betterment of conditions among those who labor in the camps, some of whom very seldom come under the ordinary influences of civilization and Christianity, are the main object of the association.

Offerings to carry on this work were taken up at the above services and interested citizens have handed in contributions. Any one wishing to contribute can do so by sending amounts to Mr. A. G. Peters, P. O. Box 556, Campbellton, when all sums will be promptly acknowledged.

SPARE THE ROD.

Spare the rod and raise a bad child. There is more money in it than there is in preventing the child from being spoiled.

FERRY CONTRACT MATTER SETTLED

Department of Public Works Notifies Mr. Quinn to Continue.

The former contract for the ferry service expired the 30th day of April. During the evening Mr. John Quinn who is acceptably carried on the service last year, and who tendered for a renewal of the contract, received a telegram from the department of Public Works, Ottawa instructing him to continue the service and that the usual five year contract would be sent him for signature in due course.

"Thus ended one of the most active campaigns for the contract since the inauguration of the service. Before this reaches the public it is likely the steam ferry will be launched and on the route as preparations are being made to float her. In the meantime the small boat has been carrying passengers across."

OVERALLS IN THE DIGNIFIED COMMONS.

But M. P. in England Will Also Wear Spats to Break Shock.

London, May 4.—Overalls are about to invade parliament, but will be combined with spats to relieve the historic place of some of the shock. Major John R. P. Newman, M. P. for the Finchley division of Middlesex, will introduce them to Westminster. He has admitted his intention to wear overalls to the House and says he has become a convert to this means of smashing clothing prices. He clings, however, to spats, and has told an interviewer he will wear them in connection with his "unparliamentary garb."

CARD OF THANKS.

Mr. J. D. McCallum wishes to thank his many relatives and friends for their kind sympathy in his recent sad bereavement.

The Farmer's Financial Friend

We have large resources and the vast experience of 87 years to draw upon to serve you; but we have something even more important—we have the earnest desire to do so.

We cash your produce and personal cheques, collect your drafts—all by mail if required—and gladly give you impartial advice on any financial or business matter.

SALE

of Military and Other Government Stores

Including Bedsteads, Furniture, Hardware, Dry Goods, Blankets, Etc.

These goods were offered in lots for purchase by wholesale houses, jobbers and the trade generally. The trade only was supplied, with the exception of returned soldiers and sailors, hospitals and institutions.

SALES CEASED IN MARCH

We will have some exceptional bargains in White and Brass Beds, Springs and Mattresses, Chairs, Tables and Furniture. It is hard to secure deliveries promptly but we anticipate heavy shipments within a reasonable time.

Our announcement will appear shortly. In the meantime we have many bargains to offer you in the Bed and Furniture line. Our stock is crowded with goods purchased long before the abnormal advance and will be sold at the old prices.

We have many plums ripe and ready for picking. First come, first served.

NEW CARLISLE.

New Carlisle, Que., April 26th, 1922
The Editor, "The Graphic," Campbellton, N. B.

Sir,—The following paragraph relative to New Carlisle, appeared in your issue of the 15th inst.

"Our Academy closed for the Easter holidays on Thursday. We trust that when it reopens after the next holidays in September that we will have a teacher fully qualified to teach the Academy grades and thereby raising the school to a higher standard than that to which it has fallen during the past two years, when our Academy room was without a teacher qualified to prepare the pupils for matriculation examinations, falling in which we will have to send our students to other schools. Surely we cannot with the building, the pupils and the necessary means get a fully qualified teacher to teach them."

Herewith follows information which may serve to disillusion your correspondent.

Statistics quoted from the printed reports of the Department of Public Instruction.

High Schools (Formerly Academies). Presented for Examinations

Term Grades VIII-XI.

1917-18 24

1918-19 (First term)

with new principal 15

Passed Failed Percent Grant

1 23 300

5 10 300

These figures tell the following facts:—

The school has been progressing since September 1918, the school remains on the list of High Schools, the grant has not been diminished.

Correspondence from Dr. Farnham, Superintendent of the Department of Public Instruction, testifying to the ability of the principal to teach the Academy grades, is on file in the secretary's office.

Grade XI which has not been taught during the last two terms, will be taught when pupils who have passed the Grade X examinations present themselves.

I would point out to your correspondent, that his practice of publishing erroneous statements is dangerous from a legal viewpoint. Not the least reason that he should refrain from it is, "good-breeding" forbids it.

I am, Very truly yours,
J. H. ORMSBY,
Principal N. C. H. S.

M. R. MILLER.

NEW RICHMOND, QUE.

The many friends of Mr. Joseph Clifford Meredith were shocked to hear of his sudden death on March 13th, 1922.

He was stricken with influenza and succumbed to heart trouble. Mr. Meredith was born in Dublin, Ireland, Dec. 25th, 1853 and was for many years a resident of New Richmond. He died at the home of his son-in-law Mr. Charles Grant.

He leaves to mourn the loss of an affectionate husband and father, his wife and eight children viz: Mrs. Clarence Robertson, Chaleurs, Que.; William at home; Joseph J., of Ramsey, Alberta; Mrs. Wm. Miller, Charlottetown, N. B.; Thomas of Moncton, N. B.; Arthur, at home; Mrs. Charles Grant, at New Richmond Station; Mrs. Arthur LeBlanc at New Richmond Centre.

There are thirty-one grand-children.

In the absence of a pastor, the funeral services were conducted by Rev. J. F. McCurdy of New Carlisle, Que. Mr. Meredith will be much missed, his genial smile and cheery greeting made him many friends.

On March 27th, 1922, Herbert Roland and the little son Mr. and Mrs. Wm. Meredith of New Richmond Centre, died from whooping cough, aged three years.

The child is mourned by his parents, three brothers, one sister, and many relatives.

The sympathy of the people of New Richmond goes out to the stricken families bereft in two weeks of father and child.

Hundreds of Repeat Orders

Shows Conclusively That

"GASTINE"

Has Made Good.

Hundreds of repeat orders and scores of unsolicited letters from Motorists and Motor Boat Owners who are using GASTINE with splendid results shows positively that these little wonder tablets are doing great work in reducing Gasoline bills. The cost is so low—only

1.25 Per Box of 100 Tablets.

and the results so big that if you are desirous of reducing your auto expenses you will give GASTINE a try-out—it will give you

30% More Mileage From Your Gasoline and No Carbon!

GASTINE is a powerful harmless chemical in tablet form. Mixed with the gasoline or kerosene in your tank, it becomes a tremendous factor for economy and efficiency, and puts more pep in your motor.

GASTINE makes starting easier, enables you to throttle down much slower "on high" and gives you an instant "pickup" with plenty of power for the hills. On sale at all the best hardware stores and accessory dealers.

LABOR UNREST.

In Campbellton, to-day there is considerable labor unrest. The mills are about ready to resume operations for this season and labor is in demand.

So far as the Graphic is concerned it speaks for neither of the classes represented in this unrest, and any advice we give is given in the hope that it may bring the parties together and thus have the matter settled without trouble and the closing down of work. Every day lost by the mills and factories and by the men employed in them or upon construction work of any kind means just so much more increase in the cost of production and finally to the cost of living. To be economically sound every man must earn and produce. If we fail in this respect, then some other man has to bear an added burden.

For years the scale of wages paid for certain classes of labor, in fact all classes of labor has been figured out by the production of that particular labor. If a common laborer has worth \$2.50 per day; then skilled labor was worth more, and was paid at a higher rate. The difference was carefully figured after years of experience. The difference between the two were considered equitable and

fair. Now with the increase of living costs it is only fair that all classes of labor have substantial increases, and we feel sure that the employers are agreed upon this. In fact for the past three years they have voluntarily given substantial increases which have been figured upon a per-centage basis. This manner of increase seems reasonable. They have a man who has been earning four dollars for a nine hour day, they agree to give him say twenty-five per cent. increase or five dollars a day and so forth from the common laborer to the most skilled mechanic, an equal increase on their earning capacity. Does this seem unreasonable?

We are sure the employers would meet the men on this basis and we throw out the suggestion.

With a percentage basis of increase it would simplify the figuring on cost of production as it would be only necessary to add to the item of labor the increased per centage agreed upon to the costs of other years.

Campbellton will suffer serious if the carpenters remain out. Many are planning to build this summer but if this unrest prevails they will certainly hold back until things look more settled.

To settle this matter both sides must show a tendency to get together and be prepared to give and take until a common basis of agreement is reached. We feel sure that there are enough level headed men on both sides to know and do what is fair and equitable.

HOW FOREST FIRES START.

The rise in the price of lumber has awakened all Canadians to the fact that the forests comprise one of Canada's greatest resources. The land on which our forests stand is in the majority of cases not fit for farming, and consequently the time when no forests are growing thereon represents a dead loss. Forests cut down grow again with comparative rapidity, but are burned over by fire are slow to reproduce, and when fires come on again

MAKE HASTE SLOWLY.

Amending the Constitution of Canada is a game that should be played with great deliberation, if not with reverence. Those who want Canada to have the right to amend the B. N. A. Act without reference to the British Parliament are grasping at a right which looks suspiciously like a prelude to secession. Amendments to the Act are necessary. We should be a dead people if we failed to recognize the need, and to act accordingly. But in practice there is no amendment agreed upon by the Provinces and the Federal Government which the British Parliament would dream of refusing. Britain could not even refuse the final amendment of secession if a Canadian majority dared to secede and were willing and able to abide by the consequences. There are limitations in the B. N. A. Act of 1867 which do not fit the Canada of 1920. Let us discover what they are and get the amendments in the constitutional way. What we need is the strongest and most flexible form of Government possible to make Canada more than a heterogeneous collection of nine provinces. Any amendments to secure this should be proposed by Canada and would therefore be accepted by Great Britain. The maximum of power should be given to all the Provinces, just as in our Federal autonomy the maximum goes from the British Parliament to the Dominion. We have now almost complete autonomy. What we lack has recently been traced in this paper. What we have already included—to use the phraseology of the late Z. A. Lash, a master authority, "undoubtedly legislative authority over the subjects of nationalization and aliens, immigration navigation and shipping, copyright and trademarks, patents of invention, the regulation of trade and commerce, the postal service, imports and exports, customs and other duties." We have since gained the right to appoint a Canadian plenipotentiary at Washington and to abolish the granting of titles. We have not gained the right to make political treaties with foreign nations, to declare war, to control a Canadian navy in time of war, or to choose our own Government—Canadian Courier.

They are likely to be of inferior kinds. Thus there is every inducement to save our forests for the axe and to save them from fire. Yet in Canada eight or ten times as much timber has been burned as has been cut. Our government and lumber companies are now fighting forest fires, but they still take a terrible toll. Fires start from many causes, but camp-fires left alight by tourists and hunters, and cigarette stubs as burning matches thrown carelessly into the underbrush are among the most prolific. It is to the advantage of every citizen, young and old, to aid in keeping down the forest fire evil.

MILITARY MATTERS.

The matter of the reorganization of the various New Brunswick militia units is now under way and if Campbellton is to obtain the recognition which is hers by right of the showing made during the war, this town should be made the headquarters of some substantial unit. It has been suggested that this be the headquarters for a machine gun section, but unless some of our returned men take an interest in this matter we will be passed by.

Military training of our young men is something which has been found very beneficial in many ways and is now recognized in all countries.

SAFE RIFLED.

The safe in the law office of the Hon. A. G. Gaudet of Quebec, minister of public works of the province of Quebec and attorney at law, was looted by yegmen, who entered the office by means of a skeleton key and opened the safe by working the combination. Fifteen hundred dollars worth of victory bonds were missing in the morning.

SAVE FOOD.

Refrigeration and storage is essential during the hot summer. Refrigerators soon pay for themselves, besides giving satisfaction in added comfort for the housewife. Get our prices from \$17.00 up.

FRED G. KERR,
Furniture and Furnishings,
Queen St. East End.

NO DRIVING.

The cold weather, lack of rain and the conditions generally are against river driving. Practically no progress is being made and unless conditions change much lumber will not get out of the brooks this season. Lumbermen say that the past season has been the most unusual ever experienced as regards weather conditions.

LIVERY STABLE.

As the busy season has opened I have enlarged my livery business. I have put on a trucking team, two new automobiles, and a lot of nice saddles and carriage horses. Anyone wishing trucking done, or a pleasure rig of any kind call or phone 24 and your order will be promptly attended to.

EDITOR'S MAIL.

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.

To the Editor of the Graphic:

Dear Sir—
The question may well be asked, have we the best system of forest protection and are the lumbermen who pay \$350 for every square mile of leased land they hold, satisfied that the laws relating to the protection of our forests are the very best. Knowing as I do the value of our forests, not only as they stand to-day in value, but what they will be in the near future, I am amazed at the difference of our people. Can we say or do anything that would provoke them to take an interest in one of the most vital questions, financially, that confronts us to-day? Are we not using up our capital? Is there a man in this province, who has made himself familiar with the system of cutting lumber, and farming combined, that will come out over his signature and say all is going well, and no need of a change? I do not believe there is one, no not one. There is a large amount of money spent in the so called protection of our forests. Let me tell you that all of this cost is taxed on the man who buys lumber to build a house for himself, or for any purpose whatever, then surely it becomes every man's business to see that this money is spent to the best advantage.

Now Sir, I have observed forest fire protection, so called under every government, both in the province of New Brunswick and Quebec, and the mildest way to put it, it is a great force. Some may say, oh, oh, but does it protect? I say from personal experience it does it. Time nor space will not allow details, but let me say this in reference to the law regarding the cutting and burning of brush, or farmer's choppings. If the farmer falls his brush in rows, he can burn without a permit. If he makes a slash chopping he must get a permit from the weather man, this man may be a man who believes, or would, tell you that the farmer's fire only burns their own brush. Now Sir, suppose the farmer gets a permit and sets fire and burns mills and miles of good timber lands, so far as I know there is no punishment, and if there were, punishment, if one of the least strictness of the law, civil or divine. Let me say as regards punishment, make him stay on his farm, after all the wood is cut and burned off, and he will chop brush enough. The law should be the only way a man can handle a green farm, as he needs his land all burned over, and he cannot do it in a rain storm. No law should be unreasonable, and it should be the aim of law to give every man a chance to make his or her way in the world as long as it does not interfere with their neighbor's rights.

Now, there is just one way you can make a slash chopping not to endanger your neighbor to any great extent, and so far as I know the law does not provide that way. At the edge of every chopping the trees should be felled inward and all underbrush cleaned up to a distance of 35 or 40 feet, which would be a protection to yourself and neighbor, whether he be lumberman or farmer. April is the month that farmers make their choppings or generally is. The law should be so made that the fire-warden could compel every man to cut his chopping as I have already stated and anyone neglecting or refusing to do so, be under penalty and as the lumbermen are heavily interested and are taxed large sums of money, for fire protection, it should be their duty and to their interests to see that common sense methods were adopted and strictly carried out. In this very important matter of fire protection.

Are we aware that kind Providence has bestowed upon us a heritage of trees, that has taken from 75 to 100 years to grow? Yes and I have cut large cedar on my farm, that I believe were 500 years old. Are we using this heritage as good citizens? That is the question that must confront every thinking man today. Every raise in the price of pulpwood and lumber is a bid for the last tree not to speak of fire and other forms of waste.

I might go on to tell you of the destruction of the forest by farmer's fires along the Gaspé peninsula and up the I.C.R. in the Province of Quebec and along the Temiscouata Railway, and last but not least along the I. N. R., but space will not permit. I would have to write a book. Let me say in conclusion that in every case that I have known, forest fires could be traced to farmer's choppings.

Trusting you will give this space in your valuable paper.

Yours truly,
JOHN DICKIE.

A stupendous production is "The Auction of Souls."

ASKING 70 CENTS IN MONCTON.
The Union Carpenters in Moncton are asking 70 cents per hour on general construction work while factory carpenters are asking for 65 cents.

Do You Buy At Home?

WHEN YOU require Printed Stationery or Printing of any kind, it is not necessary to send your order to a distant city. Your local printing offices can attend to all YOUR needs.

Buying at home; trading one with another so far as is possible, is the fundamental principle underlying the growth and trade expansion of every community. A dollar spent with your own merchant, manufacturer or printer may again come into your hands, but a dollar sent to a distant mail order house or print shop or factor is gone from your community forever.

Remember Mother and her hair by wearing a rose on Rose Day, Sunday, May 9th.

CAMPBELLTON GRADUATE.
The graduation exercises of the Royal Victoria Hospital, Montreal, took place Wednesday, May 5th. Campbellton is represented among the graduates by Miss Margaret Gallagher, daughter of Mr. and Mrs. J. F. Gallagher of this town.

CHANGE OF TIME.
With time changes, effective May 3rd the only train in and out of Campbellton that will be affected are No. 31 and No. 32 between here and Lewis.

No. 31 will leave daily except Sunday at 9:40 a.m. instead of 7:40. No. 32 will arrive at 8:45 p.m. instead of 9:30 p.m.—April 27-2-wks.

The Catholic Girl's Guild will hold a Rose Day on Saturday, May 8th.

SMALLPOX AT SHIPPEGAN.
Dr. G. G. Melvin, chief health officer of New Brunswick, has received advice of an outbreak of smallpox at Shippegan Island. Word was received to effect from Dr. F. J. Desmond, medical health officer of the eastern district, but the number of cases is not yet known.

FUR PRICES DOWN.
Muskrat pelts within the last few days were sold as low as \$2.50 each. Beaver and other fur has dropped to a similar degree. Many owners of furs are refusing to sell them at current quotations preferring to store them for a possible revival in the market. Buyers say that the world is well stocked with furs and that it is doubtful if there will be any great revival in prices.

BATHURST MAN ARRESTED AT MONCTON.
Addison Ralph Morrison was placed under arrest this morning at 8:40 o'clock at the C. N. B. Depot here by Sergeant Collings, on a charge of breaking into a Bathurst store last evening. When arrested, as he alighted from the train, he had \$14.83 in his possession as well as a .32 calibre revolver and some cartridges to fit the same weapon. An officer will be forwarded to Bathurst to escort the accused North again.—Transcript.

Mother's Eczema

Will cure all forms of Eczema, Pimples, Bores, the skin not directly on the face.

An invaluable keep.

ONE CENT SALE.
The most popular event of this week will undoubtedly be Wm. A. One Cent Sale, Thursday, Friday and Saturday.

Roses for Mother's Day can be purchased from the girls of the Guild on Saturday, May 8th.

CARD OF THANKS.
Mr. and Mrs. Ambrose Brown of Jacquet River wish to thank their friends for kindness shown in their sad bereavement.

The Great NAZIMOVA is coming next week.

BRINGING UP FATHER.
Many readers of the daily papers have laughed at the comic drawings of "Bringing Up Father." These features have been running exclusively in the daily papers, but by special arrangements the Graphic will each week for a limited time present one to its readers.

L. O. L. LODGES.
It is now less than ten weeks until the 12th of July. Time to get ready for the big Orange Demonstration in Campbellton. Don't forget the County meeting Saturday night, May 8th, 1 wk.

NAZIMOVA—the great Emotional Actress—next week.

PIANO TUNING.
Mr. Arch. McEachern and son, who have a high reputation as piano and organ tuners are now in Campbellton attending to this work. They will also visit Restigouche and Bonaventure points and any one requiring their services should leave their orders with the Lounsbury Co., Campbellton, when the work will be promptly attended to, May 4-3-pd.

BEAUTIFUL CURTAINS.
We have many fine numbers in Marquise, Voiles and other nets with pretty lace and insertions. Curtains that cost today more than our retail price. We will be glad to send you samples. A telephone call is sufficient.

FRED G. KERR,
Furniture and Furnishings,
Queen St. East End.

Roses for Mother's Day can be purchased from the girls of the Guild on Saturday, May 8th.

AT NEW STATION.
The fire equipment has been moved to the new Fire Station on Roseberry Street.

AT ST. ANDREW'S CHURCH.
Dr. Leslie of Toronto, Professor of Music, composer, etc., will sing at St. Andrew's Presbyterian Church at the morning and evening services, Sunday May 9th.
Don't miss NAZIMOVA—next week.

MEETING OF LOT HOLDERS.
The Annual meeting of the lot holders in the Campbellton Rural Cemetery will be held in the Town Council Chambers on Monday evening, the 10th instant at eight o'clock.

NAZIMOVA.
NAZIMOVA makes her debut in Campbellton next week. She's coming quite often after that, but—see her first production because you're going to get the habit, sooner or later.

STRUCK BY TRAIN.
Fred Wheeler of Runnymede was seriously injured at Matapedia Saturday evening and is now an inmate of the Hotel Dieu Hospital suffering from his injuries. Just how the accident happened is not known, as he was found lying beside the track at the crossing just west of Matapedia station in an unconscious condition. He remained unconscious until Wednesday and his condition is improving.

First time in C'm—NAZIMOVA—next week.

SAVE THE SURFACE.
The "Graphic" had a visit a few days ago from Mr. Jack LeMoine, representing Brandram-Henderson Ltd., the makers of the celebrated "B-H" Paints and Brandram's Genuine B. B. White Lead. He came in to tell us that this was a year when house owners should be most liberal in their expenditures for house paint, the special reason being that with building costs at least two or three times what they used to be, no one can afford to neglect the surface of his own building. "Save the Surface and you Save All". Never had such a significance as at the present said Mr. LeMoine, and saying that the plan can do to impress the public with this fact, will be indeed a high public service. Mr. LeMoine incidentally remarked that from the Atlantic to the Pacific "B-H" Ensigns was now the popular paint with those who want the purest house paint made. The local agent for the "B-H" line is J. & D. A. Harquail Co. Ltd., who will no doubt be glad to quote prices to all enquirers.

BORN.
At Campbellton, N. B., on May 3rd, to Mr. and Mrs. J. T. Mowat, a son.

BACKWARD WEATHER.
The weather so far has been very cold and backward. Today has been warm and springlike, the first of the season.

WHIST PARTY.
The ladies of the Dalhousie Athletic Club gave a very enjoyable Whist and Dancing party in their rooms on Tuesday evening. The place was nicely decorated for the occasion. Cards were played at twenty tables and following the game dainty refreshments were served. Mr. S. L. T. Clifford presented the four prizes to the lucky winners. At about 11:30 the tables were moved away and about 110 young people enjoyed a programme of dances till about 2 o'clock a.m. Music was furnished by the Dalhousie Orchestra. The Club realized a nice little sum.

NAZIMOVA—a universal favorite.
DELEGATION TO OTTAWA.
The Board of Trade delegation to press for the building of the traffic bridge across the Restigouche at Campbellton, left for Ottawa last evening. Messrs. W. D. Duncan, W. H. Miller and D. A. Stewart composed the delegation.

CHURCH OF ENGLAND.
Morning Prayer 11 A. M.
Sunday School, 2:30 P. M.
Evening Prayer, 7 P. M.
Rev. H. Hesketh of Bay du Vin will be the preacher at both services.

STEAM FERRY FRIDAY.
Mr. Quinn has been delayed in launching the ferry by the large quantity of heavy ice which remains on the shore. A number of men have been engaged for some days cutting this away and it is expected the boat will be launched Friday morning and will go on the route at once.

Women's Oxfords

There's no style of footwear that looks so handsome on a woman's foot as oxfords, if they're right—mind the fit—for if they're not right no shoe is so ill looking and no shoe is so uncomfortable.

We've the best oxfords that the most skilled shoemaker could build.

Exclusive Spring Styles

The leathers are choice, the styles are handsome, the workmanship and the fit are perfection.

Patent Colt, Kid, Gun Metal and Mahogany, with Cuban on Louis heels, prices from \$5.00 to \$10.50. We have these in the different widths.

McRae's Shoe Store.

RESTIGOUCHE BOY DIES IN WEST

Wm. H. McBeath Passed Away
At Silverton, B. C., on
Sunday.

Word was received here on Sunday, May 2nd, of the death in Silverton, B. C., of Wm. H. McBeath, (known as "Bob"), at the age of 43. Deceased was the second son of Mr. and Mrs. W. G. McBeath, of Tide Head and went West about 21 years ago, but visited the east at two different times since. He was engaged at first in railway construction work with his uncle the late Mr. David McBeath, an extensive contractor, later followed gold mining, until forced to retire several years ago owing to failing health. Mrs. Harvey Champion, a sister from Vancouver was with him at the last. The funeral was held at Silverton on Monday afternoon.

FERTILIZERS FOR THE POTATO CROP.

Of all ordinary farm crops that of the potato is probably the most profitably responsive to liberal feeding. The acceptance of this statement does not in the least ignore the fact that there are several other factors that play a very important part toward success in potato growing—type of soil, character of season and the cultivation and spraying of the crop—but it means that with these factors favourable the crop is a very responsive one to applications of plant food and that the yield will be approximately commensurate with the available plant food supply.

It is generally conceded that there is no better preparation for the crop than a clover or alfalfa and well manured (10 to 20 tons per acre) and ploughed in the late summer or early autumn. This practice of fall ploughing ensures the decay of the sod and manure and provides a good supply of humus, which is so useful in keeping the soil moist, and at the same time allows for the preparation of plant food in forms available for the use of the crop. Spring dressings of manure are not desirable, as they tend to encourage the development of scab.

As is well recognized, soils differ greatly as to their productiveness—a quality largely dependent upon richness in available plant food, indeed there are no two soils exactly alike in this respect—and this fact makes it impossible to lay down hard and fast directions for fertilizing or to give a formula that would be equally applicable for all soils. But with a fairly good soil, from a well manured clover sod as described, we should consider 350 to 700 pounds of 3-9-8 commercial fertilizer would represent the limits that may be deemed desirable and profitable. This would mean an application of nitrogen 10½ to 21 pounds, phosphoric acid 31½ to 62 pounds and of potash 21 to 42 pounds, per acre. If the ingredients are purchased rather than ready mixed fertilizers, (generally the more economical plan) the amounts would be nitrate of soda 75 to 150 pounds, superphosphate 200 to 400 pounds and sulphate of potash 40 to 80 pounds, per acre. On light and very poor soils scantily manured the maximum amounts here given may be somewhat raised, dressing to 1000 pounds or more per acre, frequently proving profitable. For soils rich in nitrogen, as from clover and liberal manuring, the nitrogen in the above recommendations may be cut down one third. On clay soils, potash may likewise be reduced one third.

It is considered good practice by many experienced potato growers to supply a part of the nitrogen in the form of an organic nitrogenous fertilizer, as dried blood. As both fertilizers contain approximately the same percentage of nitrogen this may readily be done by replacing half the nitrate of soda in the above recommendations by an equal weight of dried blood.

Probably the best plan of application is to broadcast the fertilizer mixture on the prepared land when reworked in the spring and harrow in. If the method of putting the fertilizer in the drill or furrows is considered more direct and more economical, care should be taken that the fertilizer does not come into direct contact with the sets.

OPTIMISM

What a wonderful power it is; what a wonderful power it gives. Optimism—the hub of harmony, the life and foundation of business and social progress; the sunshine of life, the stream of the human engine, the electric current that moves the action. Optimism, the key to perpetual youth, the builder of tissue, the feeder of nerves, the creator of health, the spark that ignites the magazine of inspiration in the soul.

How develop OPTIMISM? Be glad about something; work yourself up into a state of ecstasy. Get in tune. Keep in tune. Whistle and sing. And let the melody fill your life with gladness.

MONTREAL WOMAN GAINED 20 POUNDS

Had Spent Hundreds of Dollars
Without Benefit—Like New
Woman Now.

"Tanlac has brought me health, strength and happiness, and I am glad of the opportunity to give my testimonial, which I sincerely hope will be of benefit to others," said Mrs. Philcas Coude, residing at 72 Nassau street, one of the most highly esteemed women in Quebec, in an interview, a few days ago.

Mrs. Coude in relating her experience also reported a gain of twenty pounds in weight and her statement, while indeed remarkable, is by no means unusual, as many thousands have testified to having used Tanlac. Captain Philcas Coude, Mrs. Coude's husband has been an aviator for forty years and is widely known, especially in maritime circles.

"It just seems like I am starting life all anew," explained Mrs. Coude, "for I no longer feel like the same person. My stomach has been in such a bad fix for the past forty years, that is until I took Tanlac, that I was always sick. I was troubled so with indigestion that I had ceased eating any kind of substantial food. In fact, nothing agreed with me, and I had pains all over my body. My arms and legs, especially, hurt me dreadfully. Even the white part of eggs caused me trouble and I had gotten where the only nourishment I could take was milk and very watery. Three months ago I was brought home from Montreal lying on a bed and just suffering agony. I had become so nervous that even the rumpling of a newspaper annoyed me and I have gone through many a night unable to close my eyes in sleep. All energy and strength left me and I felt many times that I had come to the end of my way. My heart would often beat so hard and fast from the gas on my stomach that I thought that I could not live."

"Many hundreds of dollars have been spent on my case, but nothing seemed to give me a particle of relief until I began taking Tanlac. I am the mother of twenty children and have much experience with medicines, having taken most every kind myself, but I owe all the praise, thanks and gratitude for my wonderful recovery to the note that Tanlac. The very first bottle of Tanlac made a decided change in me and since have finished my fourth bottle I am feeling just like a new woman. I have an appetite like I have never had before and meats no longer hurt me. I eat heartily in the least. Since I began taking Tanlac my weight has increased twenty pounds and my strength has returned so that I can now do all my housework without feeling tired except in the natural way. My pains have all disappeared. I sleep soundly all night long and get up mornings thoroughly rested and feeling fine. My nerves are again normal and I have regained all my energy. Words cannot fully express the gratitude I really feel and I want to recommend Tanlac to all others who may be suffering from stomach trouble and a run-down condition like I was before taking this grandest of all medicines." Tanlac is sold in Campbellton by THOMAS WRAN, Druggist; in Jacquet River by S. McALLISTER; in Archibald Settlement by M. SMEARER, and in Chandler by ARTHUR NADEAU.

Overland

**How Canada Smooths
Rough Roads**

THIS new Overland is built to travel smoothly over rough roads with a comfort never before possible in a light car.

Its Triplex Springs protect the car from road jolts, preserve mechanical parts for longer wear and more—

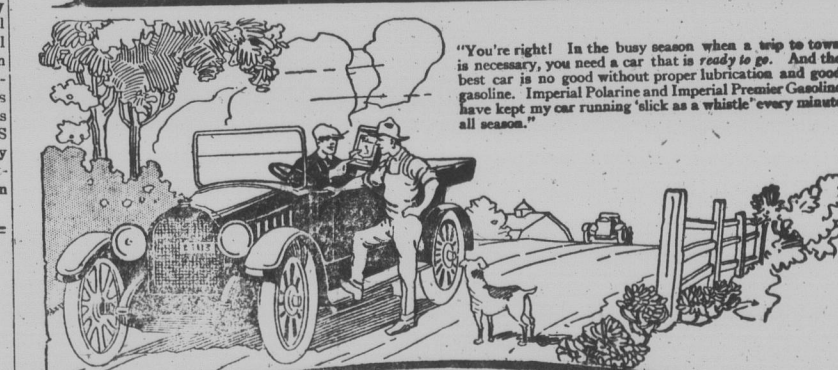

They remove the strain and nervous tension from those who drive this car and those who ride in it.

Its unusual economy which results from light weight is as remarkable as its riding qualities.

— WILLIAM A. GALLOP, Dalhousie

Head Offices and Factories: Willys Overland Limited, Toronto, Canada
Branches: Toronto, Montreal, Winnipeg and Regina

High-Grade Job Printing. The Graphic Limited.

"You're right! In the busy season when a trip to town is necessary, you need a car that is ready to go. And the best car is no good without proper lubrication and good gasoline. Imperia Polarine and Imperial Premier Gasoline have kept my car running 'click as a whistle' every minute all season."

Steady Dependable Service

IMPERIA Polarine assures a motorist steady, dependable service from his car. It gives correct lubrication to every type of motor and every moving part. It keeps your motor running smoothly and quietly.

Imperia Polarine maintains, under all operating conditions, exactly the right body to seal in compression and reduce wear—it burns clean. Imperia Polarine establishes and maintains a power tight seal between piston and cylinder walls. Its body is proof against high-heat and the grueling friction of engaging parts.

Look for the Imperia Polarine Chart of Recommendations when you buy oil. It shows which of the three grades described below is best suited to your car.

Six sizes—gallon and four-gallon sealed cans, steel kegs, half-barrels and barrels. Buy by the barrel or half-barrel and save money. Sold by good dealers everywhere in Canada.

IMPERIA Polarine
MAKES A GOOD CAR BETTER

IMPERIA POLARINE (Light medium body)
IMPERIA POLARINE HEAVY (Medium heavy body)

FAVORED INCORPORATION.
The raters of the town of St. Quentin on the I.N.R. recently held an election to decide whether or not that town should be incorporated and the majority favored incorporation.

The Catholic Girls' Guild will hold a Mass Day on Saturday, May 8th.

CARD OF THANKS.
Mr. and Mrs. Henry E. Jacobson and family wish to thank their many relatives and friends for their kind sympathy in their recent sad bereavement.

TRUCKING.
Mr. H. P. Doyle is putting on a trucking team. If you need a team phone 24.

SPECIAL MEETING OF L. O. L.
A special meeting of Restigouche County Lodge will be held in Murray Hall on May 8th at eight o'clock sharp. All Orangemen cordially invited to be present, important business. By order of the County Master. J. H. DUNCAN.

PROFESSIONAL.
Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John, will be at the St. Louis Hotel, Campbellton, Friday May 7th, where he may be consulted professionally.

CLOTHES TAKE A TUMBLE.
Due to the overall campaign the price of clothes has taken a tumble at Montreal. The ready-to-wear clothes are using up much space in the newspapers advertising substantial reductions in all lines of garments.

OFFICE CLOSED.
The local office of the Employment Service of Canada, with C. Farrar as agent was closed on Saturday. During the year a large number of men received employment through this office which was one of the most important in the province.

NEWCASTLE SEIZURE.
John O'Brien, of Newcastle, was fined \$90.00 by Magistrate Lawlor on Tuesday for having beaver, sable and mink furs in his possession contrary to law. Furs to the value of about \$2,500.00 were seized and confiscated. The seizure was made by Game Warden Skidd and Forest Ranger Daniel Cripps of Chatham. The furs were found hidden in a fancy sideboard at the home of the accused.

ICM! ICE! ICE!
Warm weather will soon be here and now is the time to ensure your ice supply for the coming season. I can meet all demands and will be pleased to receive your order at an early date, not later than May 1st. THOS. ELLS-WORTH, Ice, O'Leary and Roseberry streets. Phone 322—5-wks.

PRESENTATION.
Previous to his departure for New Glasgow, Supt. W. R. Fitzmaurice was presented with a handsome travelling bag by the staff at the railway offices here. The presentation was made by Assistant Supt. H. V. Musgrave.

HEINE L. O. L. No. 64.
A very inspiring meeting took place in the lodge rooms, Murray Hall on Friday evening, April 30th. Although the gathering, naturally did not partake of the character of a monster meeting, the absence of many was more than counterbalanced by the earnestness and enthusiasm of all present to assist in the revival of the well known lodge, No. 64 and also in regard to the building of a new hall.

A new member, Mr. Fred Warman was accepted and given a hearty welcome.

Brs. Graham, W. M., gave a splendid talk on his trip to Grand Lodge.

THE HARDEST-WORKED LETTER
The most unfortunate letter in the alphabet, some say, is the letter "Q", because it is always out of cash, forever in debt, never out of danger and in hell all the time. That's all true. Still it is never in war, always in peace, and always in something to eat. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no life, no heaven. It is the centre of honesty and is always in love. It is the beginning of encouragement and endeavor and the end of failure.

A new member, Mr. Fred Warman was accepted and given a hearty welcome.

THE HARDEST-WORKED LETTER.
The most unfortunate letter in the alphabet, some say, is the letter "G", because it is always out of cash, forever in debt, never out of danger and in hell all the time. That's all true. Still it is never in war, always in peace, and always in something to eat. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no life, no heaven. It is the centre of honesty and is always in love. It is the beginning of encouragement and endeavor and the end of failure.

MOTHER'S DAY.
Next Sunday, May 9th is Mother's Day.

ARBOR DAY.
Inspector P. G. McFarlane has appointed Friday, May 14th as Arbor Day in the Public Schools.

FISHING OFFICER.
We notice the name of Joseph E. Fournier Campbellton, as Dominion fishing officer for this district.

PROFESSIONAL.
Dr. W. H. Coffyn, diseases of the eye, ear, nose and throat, will be at the Hotel Dieu Hospital every Wednesday, Feb. 5-11.

ECLIPSE OF THE MOON.
The total eclipse of the moon was clearly visible here Sunday evening. The storm clouds had gone and the moon was clearly visible for a time, then it went beneath the shadow.

APPOINTMENTS.
The appointments of Major J. H. Hickman, of Dorchester, of the 88th Woodstock Battery; Major T. H. O'Brien, of Moncton, of the 90th New castle, and Major A. S. Donald, of Moncton, of the 8th Moncton Battery as commanding officer of those batteries have been approved, according to an announcement from headquarters.

CUSTOMS OFFICERS' BONUS.
W. M. Campbell, president of the Customs house association, received a telegram from Ottawa on Saturday notifying him that last year's bonus would be continued unchanged except that the married officers' bonus is extended to all salaries. None received less than \$240. The federation executive has worked hard during the last six months for a substantial increase to meet the increased costs of necessities. The government announced that the bonus cost \$12,500,000 and the retroactive classification, \$5,000,000 more—St. John Times.

MARKET PRICES.
The most startling event of the 1920 May Day in Fredericton has been the general reduction of prices for farm produce in the country market. Eggs dropped to 40 cents a dozen, butter sold at 60 cents a pound, 18 cents per pound was the general price for veal and there were other similar reductions, the supply being so much in excess of the demand that the market lasted much longer than usual in spite of the price cutting.

The Moncton country market was fairly supplied with produce Saturday and many buyers were on hand. The usual high prices prevailed, eggs being the only article to show a decline in price, selling at 45c and 48c per dozen.

TRUCKING AND PLOWING GARDENS.
We are at it again this year. Trucking, ploughing and doing all kinds of horse work.

Anyone having a piano or other expensive furniture to move need not have it scratched or broken if they give their work to men who know how to do it.

Work horse for hire by the day with or without teamsters. Apply to OLIVER DEWAR, Phone 194.

OBITUARY.
Mrs. J. D. McCallum. A sad event occurred at the Hotel Dieu Hospital on Wednesday evening, April 29th, when Mrs. J. D. McCallum (formerly Miss Annie Jacobsen) passed away in her twenty-third year. The deceased who underwent an operation on April 2nd, seemed to be fast improving and her death came as a shock to all.

She leaves to mourn her loss a kind and devoted husband, her parents, Mr. and Mrs. H. E. Jacobsen, three sisters Misses Beta, Florence and Ethel and two brothers Clyde and James all who are at home.

The funeral which was held from her parents home on Friday afternoon at Zion's Presbyterian Church was largely attended. Rev. J. F. McCurdy officiating.

Hall's Wine

THE SUPREME TONIC

THE spirit of the age—progress and expansion—calls for unlimited energy, health and strength. Hall's Wine supplies the cause of well-being.

THE RESTORATIVE THAT NEVER FAILS

Hall's Wine has been recommended by doctors in England for over a quarter of a century.

Buy a bottle of Hall's Wine to-day. If, after taking half of it, you feel real benefit, return to us the half-empty bottle, and we will at once refund your entire outlay.

Your Druggist sells it. Beware of cheap imitations.

Preparation: Stephen Smith & Co., 100, London, England.

TOBACCO AND CIGARETTES.

(Paper read at meeting of W.C.T.U.)

The subject, assigned to me today, is an old one, and one that has been discussed, via tobacco and cigarettes. There has been so much said about it that I feel there is nothing new "under the sun" can be added to it.

Mr. Moncrieff, honorary statistician to the British "Anti Tobacco and Anti Narcotic League" of Manchester, England, has published some rather startling facts. The British people smoked in 1917, 182,215,700 lbs. of tobacco costing the smokers \$497,215,700. Pipes and other appliances came to \$22,000,000. This was increased in the year 1918, so that the total expenditure for two years amounted to \$1,212,450,000, a figure which would cost the statistician as well as others to explain "Has the nation gone mad over tobacco?"

Probably there is no better authority than Winifred Hall, M.D., Ph.D., Professor of Physiology in the North Western Medical University and author of a text book on Physiology for Medical Students and Physicians. In a letter addressed to young men he says, "I have been associated with young men for several years in different institutions of learning and have had personal experience with tobacco, am familiar with its effects upon the system, have experienced its pleasure and many of its objectionable features. He says, "beginning in my 25th year, while a medical student, I smoked one cigar daily. I would begin my work with a cigarette and anxious and ambitious to get some nice work done. After watching the smoke curl to the ceiling, I was conscious of a falling off of mental activity and unless the work was strictly imperative, I would find myself strolling up Michigan Avenue, to be entered by the 'shirts' and 'crowds'."

was also conscious of a "don't care" attitude towards things in general, solely attributed to the effect of nicotine. I believe it is this attitude that makes it pleasing to people. I soon came to miss my after dinner cigar, and woke up to the fact that a drug habit was surely and slowly fastening itself upon me, and I also knew from my medical studies that a drug habit, whether from morphine, cocaine, alcohol, or other narcotic is harmful to the system in proportion to its use, and I know that without exception all these drugs enslave a person by gradually undermining their will power.

Circumstances are vastly different from those in the days of our grandfathers. Then vast areas of country were being pioneered, there was a death of men in all lines of activity, consequently competition was slight, and the professions are all crowded. Now the vast areas of country are being pioneered, there is a death of men in all lines of activity, consequently competition is slight, and the professions are all crowded.

To succeed, the young man must either be exceptionally endowed with natural ability, or he must use to the very best advantage his average abilities. The most loyal friends of tobacco do not for a moment contend that tobacco in any form is beneficial, the most that can be said for it is that it gratifies certain of the senses.

It may be stated as a general principle, limiting sense gratifications, that those forms which benefit the individual, benefit the race, especially posterity, while those forms which do not benefit the individual, injure the race.

Tobacco hinders success, because it is the entering wedge of two lines of dissipation, either of which may defeat success. 1st, dissipation is that of money, 2nd, dissipation is that of sense gratification. Tobacco is used partly because of its flavour and partly because of the sedative action which it exerts upon the nervous system, and is this sedative effect which steals away a young man's vigilance, his alertness and handicaps him in the struggle for success. The use of tobacco paves the way to other dissipations by requiring a compensating stimulant to overcome the sedative effect and by making common wholesome food taste flat and unspiced.

A vast majority of drunkards were smokers before they were drinkers. The mental attitude and lack of resistance which permits a man to smoke is likely also to permit other forms of dissipation more destructive in their influence.

Cigarettes.

I feel that it is worth while to add anything to what has been written, and read against this most hurtful practice that is ruining the youth of our land.

If the young cigarette smoker were to have his photo taken at different stages of his career, possibly this would do more to enlighten him on the cigarette question than the most eloquent sermon. Apart from the moral side of the question it should be denounced, because of its blasting effects upon one's success in life. It draws off the energy, saps the vitality, which ought to be made to tell in one's career, it blunts the sensibility, and deadens the thinking faculty, it kills the ambitions and finer instincts and more delicate aspirations and perceptions. It also destroys the ability to concentrate the mind, which is the secret of all achievements. The whole tendency of the cigarette nicotine poisoning in the system is to arrest development.

It blights and blasts both health and morals, and not only ruins the faculties but unbalances the mind. Most of the pitiable cases in our asylums are cigarette fiends. It creates abnormal appetites, strange undefined longings, discontent, uneasiness, nervousness, irritability. In fact the moral depravity which follows the cigarette is something frightful. Lying, cheating, impurity, loss of moral courage, manhood, a complete dropping off of life's standards, all along the lines are its general results.

Magistrate Crane of New York City says "99 out of 100 boys who come before me charged with crime, have their fingers discolored by yellow cigarette stains," he says. "I am not a crank on the subject, indeed I do not even care to pose as a reformer, but it is my opinion that cigarettes will do more than liquor to ruin boys."

There is something in the cigarette that seems to destroy all moral fabric in the boy. These boys have been known to steal money from their sisters and mothers and even to beat their mothers in order to get money to buy cigarettes.

In another instance, out of thirty-five boys brought before a magistrate thirty-three were confirmed cigarette smokers and it was learned from a reliable source that the cigarettes, the product of two of the largest factories were soaked in opium and opium like whiskey creates an increasing appetite that grows, with what it feeds upon. A young boy who lets tobacco and opium get hold of him is not long in coming under the domination of whiskey too. The nicotine from one cigarette when made into a solution and injected into frogs, has been known to kill two of them. Thus a boy using 20 cigarettes a day will inhale enough poison to kill 40 frogs. Nearly one million young men were rejected and pronounced unfit when they applied for enlistment into the U. S. Army during the late war, all because they were cigarette fiends.

An investigation of Yale University shows that the cigarette smokers were inferior, both in weight and living capacity, although they averaged fifteen months older.

Dr. Fiske of the North Western University has asked all the students who would give up cigarettes to leave the academy. In one year not one of the boys who used cigarettes stood in front of scholarship.

The principal of a business college who has had experience in teaching more than 50,000 young people says: "Cigarettes bring shattered nerves, stunted growth, and general degeneration, both mental and physical."

Cigarette smoking is no longer simply a moral question, the great business world have taken it up as a deadly enemy of advancement and achievement. Leading business men all over the world have put the cigarette on the prohibited list.

In Detroit alone, sixty-nine merchants have agreed not to employ the cigarette user.

Marshall Field & Co., have this rule: "No cigarette can be smoked by our employees." One of the questions on the application blanks at Wanamaker's reads—"Do you use tobacco or cigarettes?"

The Supt. of the Lunell St. Jail.

A Dyspepsia Cure

M.D. advises: "Persons who suffer from severe indigestion and constipation can cure themselves by taking fifteen to thirty drops of Extract of Roots after each meal."

This remedy is known as Mother's Sige's Curative Syrup in the drug trade. Get the genuine. 50c. and \$1.00 Bottles.

way, St. Louis, says, "under no circumstances will I hire a man who smokes cigarettes. He is as dangerous on the front of a motor as a man who drinks. If I find a car running badly, nine times out of ten the cause is traced to cigarettes—then that man goes."

"E. H. Harriman, head of the 'Union Pacific Railway' says, 'they might as well go to a lunatic asylum for employees, as to hire a cigarette user.' Another effect of cigarette smoking is, it kills the power of decision, impairs digestion, it also increases the heart's action very materially, in some instances from 25 to 30 beats a minute, thus the pulsations are increased and very materially weakened, so that the blood is not forced to every part of the body and hence tissues are not nourished, as they would be by means of fewer, but stronger and more vigorous pulsations."

Even in the world of sports the cigarette is prohibited, as instanced in one of our leading Canadian Universities, the professional trainer of football teams absolutely forbade the use of cigarettes for his men while under training.

Hitherto our attention has been confined to the fact that boys used cigarettes but more recently appalling discovery! lamentable fact this dreadful habit is being acquired by the girls of our country.

What can we expect of the generations "yet unborn" when the girls, the future mothers of our country are being enslaved by this notorious habit. Mr. Moncrieff says "If the women of our country become habitual smokers, as they are rapidly doing, what effect will it have on the future generations? This query is answered by the late W. B. Richardson as follows, viz:

"If a community of youths of both sexes, whose progenitors were finely formed and powerful, were to be trained to the early practice of smoking and if marrying were to be confined to the smokers an apparently new and physically inferior race of men and women would be bred. Mr. Moncrieff calls on the medical profession to face this formidable danger to the nation and to warn WOMEN especially as to the injurious effects of tobacco smoking."

The General Conference of the Methodist Church (1918) adopted the following:—"We regret the ever increasing menace of the tobacco habit, especially among our young people, because of the waste and thrift, the lowering of mental activity, the destruction of athletic skill and physical vigor, and therefore urge a carefully organized educational campaign based upon scientific data, regarding tobacco, including pledge signing against its use."

MRS. WM. CURRIE, Campbellton, Feb. 17th, 1926.

To Be Exact.

The weary traveller was trying to get to Swampton, but the going was by no means easy. Green ponds and mossy bogs met him at every turn, the roads were slithered with mud from the heavy rains, and the fields were quagmires.

"How far to Swampton?" he inquired of a whistling youth, after two hours waiting.

"One mile as the crow flies!" came the answer.

The traveller looked ahead at the unpleasant prospect.

"H'm!" he muttered. "I think you're wrong, my boy. Looks more like one mile as the duck waddles!"

TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried "FRUIT-A-LIVES"

DAME PETER LAMARRE, Pointe St. Pierre, P. Q.

"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-lives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-lives'."

"Fruit-a-lives" cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

10c. a box, 5 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

AGONIZING EFFORT OF AN ENJOYABLE EVENING.

All in one evening she suffered the following, while dancing with me:

"The hall is so hot I'm cooked."

"I'm crazy about dancing."

"I was perished when I saw him."

"That light is so glaring it makes me blind."

"Can't you shut the window? I'm frozen stiff."

"You make me sick."

"I nearly had a fit when he told me about the joke."

"That last partner I had drives me insane."

"I was perfectly dumb."

"I'm so tired, I'm near dead."

Then, when I looked at her, she seemed as alive and healthy as ever.

Shows Remarkable Curative Power of Lydia E. Pinkham's Vegetable Compound.

Chesley, Ont. "—Before using Lydia E. Pinkham's Vegetable Compound I was in a total wreck. I had terrible pains in my stomach and used two vegetable pills daily. I got so weak I could not go up stairs without stopping to rest half way up and I was unable to do any work. At last I did me no good. I saw your medicine advertised in the newspapers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children, and do all my housework, milk eight cows, and do a hired man's work and enjoy the best of health. I also found Vegetable Compound a great help for my weak back owing to my babies were born. I recommend it to all my friends who are in need of medicine, and you may print this letter if you wish." Mrs. HENRY JANKE, R. R. No. 4, Chesley, Ontario.

It is hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that it is the only medicine relieved more suffering among women than any other medicine in the world.

Your Doctor Will Tell You

that OLIVEINE EMULSION is one of the most dependable preparations that he can prescribe in treating cases of Nervousness, Sleeplessness, Deep-seated Coughs, Colds, Tonsillitis, Bronchitis, Nervous Dyspepsia and Indigestion, Paleness, Thinness, Weakness, and in all cases due to a run-down condition of the system. And he will tell you why he relies on

OLIVEINE EMULSION
The Great Health Restorer

Because it contains the ingredients needed to relieve these troubles—tasteless extract of Cod Liver Oil, Malt, Wild Cherry Bark, Syrup of Inositol, and Phosphorus—all combined in such a manner that this Emulsion is readily taken, even by children, and is readily digested even by those whose stomachs have been weakened by nervous breakdown or severe fever.

When you order OLIVEINE EMULSION, insist on having the genuine—the doctors' favorite medicine that has proved its value in thousands of cases.

Coun. A. S. Arseneau of Upper Charlo was in town to-day.

Mrs. J. F. Gallagher is in Montreal attending the graduating exercises of the Royal Victoria Hospital, her daughter Miss Margaret Gallagher being one of the graduates.

COMMENCED WORK

A large number of men with horses and carts are excavating for the new Renault block on the old A. E. Alexander homestead lot on Water Street.

Mr. W. H. Gray also has a large number of men at work on his new building. Bricklaying will be commenced the first of the week.

COMMUTATION FARES

HAVE ADVANCED Increase on All Canadian Railway Lines Dates From May 1st.

Effective May 1st Commutation Fares have advanced on all Canadian Railways, and patrons of the Canadian National Railways have been advised that ten trip tickets purchased prior to May 1st will not be honored, but should be handed in to the nearest ticket agent, so that refund of the portions may be obtained.

Patrons are also advised that this increase in Commutation Fares applies to ten trip, fifty trip and scholars forty trip tickets. Ten trip tickets are limited to three months, instead of one year as heretofore, while regular fifty trip and scholars forty trip tickets are limited to one month.

All who are holding these tickets purchased prior to May 1st should at once put them in line for redemption, either to the nearest Ticket Agent, or to the General Passenger Department, Moncton.—May 5-2-wks.

VOCATIONAL SCHOOL WAS DISCUSSED

Campbellton Board of Trade Strongly Endorses Such Schools.

A meeting of the Campbellton Board of Trade was held in the Town Clerk's office last Friday evening.

In the absence of the President Mr. Chas. Goss was appointed chairman.

Seven new members were balloted for and elected.

On motion the Secretary was instructed to procure a seal and printed stationery.

Mr. W. D. Duncan read copies of letters written to Hon. Chas. Macil and P. Michaud, M. P. and a letter from Sir Geo. E. Foster as follows:

Ottawa, April 28, 1920

Dear Mr. Duncan,

I have yours of the 24th April and will be very glad to meet your delegation, with the Acting Premier of Public Works, when you shall have arranged for the same.

Yours very truly

Geo. E. Foster

Acting Prime Minister.

Mr. Duncan said that the delegation to push the matter of the erection of a bridge across the Restigouche would go to Ottawa shortly unless something turned up to prevent them going.

Mr. P. M. Shannon, one of the committee to deal with improved service on the I. N. R. reported that the committee had several interviews with the Dist. Superintendent and had been informed that the matter of a daily express train had been turned down by the officials higher up, but as a compromise it had been assured of a four days a week service, the train leaving Campbellton in the morning and returning the same evening. The new service to commence, Monday, May 3rd.

Mr. W. H. Wallace spoke of the necessity for some improvements on the Tiquiche road. A large amount of traffic passed over this road and it should be further improved.

The matter was referred to the traffic committee for report.

Mr. W. D. Duncan read a letter from Mr. Peacock, director of Vocational Training for N. B., stating that a short course in motor mechanics was available for Campbellton.

The whole matter of vocational training was discussed and favorably commented on by those present.

The matter was referred to the School Board with the Board of Trade's strong endorsement, and Mr. Duncan was requested to write Mr. Peacock of the Board of Trade's action.

The meeting then adjourned.

OBITUARY

Michael A. Brown.

After a short illness Michael A. Brown passed away at the home of his brother Ambrose, Jacques River on April 24th.

The deceased who was 44 years of age had been employed for the past 14 years in the C.G.R. office here (Campbellton) and was on duty until three weeks previous to his death. He leaves one brother Ambrose of Jacques River and one sister Mrs. Michael Culligan of Culligan to mourn.

The funeral was held on Tuesday to St. Gabriel's Church. The pallbearers were Messrs. Patk. Salter, James Doyle, John Lawlor, John Culligan, Herman Ullman, Irvine Ullman.

NEW CARLISLE.

Mr. and Mrs. J. Mitchell are at present in Montreal where Mr. Mitchell is being treated for appendicitis.

Miss Dorothy Major is in town for a few weeks employed at the Q. O. Ry. Office.

Mrs. Isabella Hawkins has returned from visiting relatives in Campbellton.

The many friends of Mr. Joshua Beebe will be sorry to learn that he is seriously ill.

The marriage was recently solemnized at Campbellton, N. B., of S. Hall of this town and Miss M. Skene of Shigawake. Mr. and Mrs. Hall are residing in New Carlisle, where Mr. Hall is employed.

Mrs. Watson after spending a few days in Port Daniel has returned to her home in New Richmond.

The death occurred at Campbellton Hospital on April 27th of Mrs. J. MacCallum of L'Anse au Brillant. The deceased was formerly Miss Annie Jacobson, eldest daughter of Mr. and Mrs. Henry Jacobson of this place and the remains were brought down to her parents home on the 28th from whence the funeral was held the next day, interment taking place in Zion Presbyterian Church, Rev. J. F. McCurdy officiating. Out of town guests

DALHOUSIE TOWN COUNCIL

New Elected Board Holds Meeting Saturday Evening—New Committees.

Dalhousie, May 3.—A special meeting of the new Town Council of Dalhousie was held in the Council Chambers Saturday evening. There were present His Worship Mayor Barberie, who presided, Aldermen Valdon, Wallace, Giguere, Delaney, Allain, Oakleaf, McNeill and Barbour.

The minutes of the previous meeting were read and approved.

Mayor Barberie addressed the council briefly. He thanked the electors of Dalhousie for the honor that had been conferred upon him. He asked the assistance of all the aldermen to make the town of Dalhousie a better place to live in.

Resignation of James E. Stewart as clerk and treasurer read and accepted. S. Blanchard was appointed Town clerk and treasurer.

William MacNeill, Auditor; Arthur T. LeBlanc, M. P. P., Town Solicitor; W. A. Gallap, Water Superintendent at a salary of \$300 per year.

A resolution was adopted providing for the securing of a chartered accountant to audit the accounts of the Town of Dalhousie from the year 1914 to date.

The following standing committees were appointed:

Fire—Aldermen Wallace, Allain and MacNeill.

Finance—Mayor, Aldermen Giguere, Delaney.

Roads & Streets—Oakleaf, Valdon, MacNeill.

By-Laws, Licenses—MacNeill, Giguere and the Mayor.

Police and Light—Delaney, Barbour, Allain.

Poor—Giguere, Valdon, MacNeill.

Water—Mayor, Barbour, Allain, Valdon.

The Council then adjourned.

A Picture Extraordinary—"The Auction of Souls."

at the funeral included Mrs. J. L. Leggo, Mrs. E. Lenesty and Mr. J. LeGresley of Belle Anse and the Messrs. Thos., Allan and T. MacCallum of Brilliant Cove.

Miss Winnie Blois paid us a flying trip from Dimock Creek last week. Mrs. LeBoutillier is in town again after visiting in New Richmond.

The eclipse of the moon Sunday night was witnessed by many and those of the more astrologic class who had been looking out for it were very observing.

Mr. and Mrs. B. LeBlanc arrived home Monday evening from Campbellton.

This week is "Moving Week" and quantities of household articles are being benefited (?) by a jolly ride through town, while the respective owners trot along in the rear.
