ONTARIO LEGISLATURE NOT TO MEET UNTIL LATE IN MARCH; BY-ELECTIONS IN FEBRUARY

Selection of Constituencies in Which Ministers Will Run Not To Be Made Until After Secretary's Return From Agricultural Council Convention.

Toronto, Jan. 2.—The United Farmers of Ontario Legislature will not likely meet until late in March, according to rumors. Premier E. C. Drury, Hon. Manning Doherty and Hon. W. E. Ramsey are without seats in prospect. J. J. Morrison, secretary of the United Farmers of Ontario and convenor of the committee of the party, which is to secure seats for the ministers, stated today that there was nothing decided on yet. He goes to Winnipeg to attend the Canadian Council of Agriculture, and will not be back until the middle of the month. Until his return the committee will not likely announce when or where the by-election may be. The writs have to be issued three weeks before nomination, so the elections cannot be held until the middle of February. The Legislature, therefore, could not be called till about the end of February at the earliest.

FIVE MEN KILLED IN EXPLOSION IN POWDER FACTORY

Grinding Mill Blows Up Near Wilmington, Del.

Wilmington, Del., Jan. 2.—One of the grinding mills of the Dupont Powder Company blew up this morning. Five workmen were killed and one was injured. The building was of flimsy construction. The plant is on Brandy Wine Creek, three miles from here.

STEAMER CANADIAN SPINNER LIKELY TO BE RELEASED TODAY

Car Ferry Expected To Break Passage to Imprisoned Vessel.

Quebec, Jan. 2.—When the tide is at its lowest it turns, and this applies to the Canadian Spinner of the Canadian merchant marine fleet, which has been drifting for two weeks. Yesterday it was pushed a mile or four miles off the shore of Cape Magdalen, and today a shift of wind, changing the whole situation, has shoved her two miles farther out, while the ice has broken in the open gulf. Of course the Spinner is not yet out of her predicament, as she is still caught in thickly packed ice fields, but there is clear water to the north of her, and with the car ferry coming up from Prince Edward Island to break a channel through the ice for her, she is now nearing her deliverance. Last night she was so tightly stuck in the ice that she could not move, and many people at Cape Magdalen believed she was aground. This morning she was found to have moved further east and northward.

SCIENTISTS' CONVENTION NEXT YEAR WILL BE HELD IN CHICAGO

St. Louis, Mo., Jan. 2.—The convention of the American Association for the Advancement of Science will close here today. Chicago has been chosen for the 1920 convention city. Dr. L. O. Howard of Washington, D. C., was elected president, and E. L. Nichols was elected general secretary. Among secretaries elected for the coming year are J. C. McLennan of Toronto.

GREAT BRITAIN FACING YEAR OF UNPRECEDENTED TRADE

London, Jan. 2.—Great Britain faces a year of unprecedented trade, if the nation can escape further labor trouble and clear away transport congestion, says a statement issued here today by the American Chamber of Commerce, which sums up conditions at the end of the year 1919. American businessmen are urged to invest in foreign securities and enterprises in order to aid in the balancing of exchange which is now forcing Europeans out of American markets. The Chamber of Commerce says it expects an early settlement of the strike of the molders, which for fourteen weeks has been "slowly strangling the productivity of shipyards, railway workshops, motor factories and engineering establishments." This labor tie-up, which is said to be the only important one at present, is represented as causing thousands of cars cannot be repaired without castings and because new cars are not being built, private enterprises are unwilling to invest their money until the Government settles the issue of nationalization of the railroads.

Limerick, Ireland, Jan. 2.—The Limerick postoffice was raided about midnight last night by twenty masked and armed men, who seized several thousand pounds in cash money orders. The postoffice staff, numbering twelve persons, was held up until the pillage was completed.

The employees were then warned not to follow the raiders who escaped unharmed. Military forces are occupying the postoffice today.

45,000 CLOTHING WORKERS MAY GO OUT ON STRIKE

Employees of Cloak and Suit Company Demand Higher Wages.

New York, Jan. 2.—The Cloak and Suit Company of New York, employing 45,000 persons, faces strikes for higher wages, which are certain to mean exorbitant prices for the public unless checked. The Cloak, Suit and Skirt Manufacturers' Association announced today. Workers in 42 individual shops already are out on a strike. A three-year agreement made with the International Ladies' Garment Workers' Union six months ago by which the workers were granted liberal increases in pay. At the present time operators in the industry, the association says, earn upwards of \$75 a week, the finishers \$50 and women workers from \$35 to \$50 a week.

FUNDS RECEIVED TO AID IN TREATMENT OF SICK CHILDREN OF GERMANY

Berlin, Thursday, Jan. 1.—The American section of the German Red Cross is the recipient of a check for \$2,000,000 marks donated by relief committees in the United States for the benefit of children. More than 2,000 of these children will thus be able to go to sections where climatic and food conditions promise help. The present rate of exchange places Switzerland beyond reach of all, but the most urgent cases.

MEXICO PLACES EXPORT DUTY ON CRUDE OIL

Mexico City, Jan. 1.—An export duty of 10 per cent on crude oil was fixed by presidential decree today. The same decree fixed an ad valorem duty of 2 per cent on refined gasoline and duty on the unrefined product. The treasury department will fix the value per ton of crude oil every two months, and the duty on the refined product taken into consideration by the department. The decree, which became effective today, reforms the law of April 13, 1917.

LADY JELICOE LEAVES TO JOIN HER HUSBAND

Ottawa, Jan. 2.—Lady Jelicoe who was ill and unable to accompany Admiral Lord Jelicoe when he left for New York on Wednesday is now sufficiently recovered to travel. She will leave to join her husband this afternoon.

THE PRESENT AND THE PAST

E. S. LITTLE, London's mayor-elect, and Ex-mayor C. H. Somerville, who retired after two years of service.

DON'T WORRY

Election day has come and gone, we know the best and worst. Some reached their goal on fame's white crest, while others were immersed. We have picked out twelve men good and true, we've indorsed four bylaws. Our future mayor is chosen, so let's shake each others' paws. For what's the use of worrying? Rome was not built in a day. And the man wins out who plays the game and hustles, come what may. These are days of reconstruction, and there's work for all to do. If we make the year that lies ahead the best we ever knew.

PRISONERS IN CHICAGO JAIL FORCED TO WITNESS HANGING; INTENDED AS "MORAL LESSON"

Experiment in Psychology Tried At Early Hour This Morning When Murderer Goes To His Death As Fellow Prisoners Shout "When Do We Eat?"

Chicago, Jan. 2.—An experiment in psychology was tried at the county jail, in the dim hours of this morning's dawn, when two hundred prisoners were forced to witness the hanging of Raffaelo Durrage, convicted murderer. Hardened criminals—selected from among other murderers and felons—whose exaltation is not yet the gallows—were placed in cells, tier on tier, of which surrounded the square in which the scaffold had been erected.

As the noose was slipped over the murderer's head from one of the higher tiers came a strident shout: "When do we eat?"

Tier by tier, cell by cell, the cry was taken up. It became a roar above which the warden's voice could not be heard.

The trap was sprung. Durrage dropped into the space beneath the scaffold—dead.

"When do we eat?" was his requiem.

FIFTY THOUSAND EMIGRANTS REACH N.Y. IN LAST MONTH

New York, Jan. 2.—Fifty thousand immigrants from Europe have entered the United States through the port of New York within the last month, and January is expected to produce twice that number, it is learned from competent authorities here. Men predominate in numbers among the new arrivals, and practically none of the women, it is said, are prepared to enter domestic service. Most of the new arrivals are fairly well equipped with money to start their new life.

CELEBRATES 91ST BIRTHDAY TODAY

John McClary, who founded the McClary Manufacturing Company, the largest stove business in the British Empire, celebrates his 91st birthday today, and though at such an advanced age, he keeps in touch with his business daily, his memory is unimpaired, his eyesight good, and he is interested in every-day affairs. "I don't think that the citizens could have elected a better man than Mayor Little," I was very pleased indeed to hear of his election," he said, when asked by a reporter what he thought about the elections.

John McClary is a captain of industry. The McClary products are exported all over the world. Little did he think when, with his brother Oliver, he worked away in a little tinshop 72 years ago, that it would develop into the largest business of its kind on two continents. Tonight his relatives are giving him a birthday party.

Turks Trembled With Fear In Expectation of End of the World

Constantinople, Tuesday, Dec. 23.—There was widespread terror throughout Turkey on December 23 because of reports reaching this country that the end of the world was predicted for that day. Children were not sent to school, large numbers of people were afraid to leave their homes, and many Armenian and Turkish women went insane.

STREET RAILWAY CO. LIKELY TO CONTINUE WAGES AT PRESENT

Is Expected To Await Arrival of President.

MEN WON'T STAND CUT

Say They Cannot Live On Less Than Standard in Effect.

Although Manager C. B. King refused absolutely to discuss the defeat of the higher fares bylaw today, it was learned that the Street Railway Company would do its utmost to get out for President Charles Curcio of Akron, Ohio, and it is expected that he will arrive in London early next week to go over the local situation.

Until that time it is not believed that the company will notify the men of a cut in their pay, and that, therefore, the city will continue to give the same old service it has been getting for the last few months.

At the time of the street railway strike last July the company promised the men the higher wages they demanded until the new year, when the whole question would be put before the people. It was, and with disastrous results, as far as the company was concerned. Speculation was rife on the street today as to what the street railway company would do in the matter. Ex-Ald. John Colbert, president of the men's union, stated at noon today that the men certainly would not accept a cut in their bi-monthly pay envelope.

"The men will not accept a cut in wages," said Mr. Colbert, "and, therefore, they cannot live on less than they are getting. The street railway company has not served any notice on us yet as regards a cut in pay, and until this is done the cars will be manned as usual."

EXPECTS RUSSIA TO EMERGE FROM CHAOS TO GREATER NATION

James O'Grady Looks For Better Things From Bolsheviki.

London, Jan. 1.—On the eve of his return to Copenhagen to resume the prisoner exchange negotiations with Maxim Litvinoff, the Bolshevik representative, James O'Grady, told the Mirror correspondent that he believed the pourparlers would be successful and that the repatriation of British British civilian residents in Soviet Russia would be effected by the end of January. Mr. O'Grady said his consultations since his return from Copenhagen would be mainly in bringing about a settlement. He expressed it as his opinion that Russia would save herself if left alone. "Russia will regenerate herself by her own resources. I believe she will become the America of another new world. The Soviet Government today is far more humanitarian, far saner and far more statesmanlike than the Soviet Government of a year ago. The Bolsheviki, of course, are being committed by their own armies, but I know that when the perpetrators are punished they are exterminated."

PRESIDENT EBERT'S NEW YEAR'S MESSAGE TO GERMAN PEOPLE

Appeals To All To Help Restore Fatherland.

Berlin, Jan. 1.—President Ebert requested the chancellor to publish the following New Year message today: "In the year just ended chaos was averted and the unity of the empire was maintained and consolidated. Under pressure of ruthless force we were compelled to conclude a peace threatening the honor and the welfare of our nation and placing the fruits of our work of foreigners."

"The year which begins must decide whether Germany, despite all difficulties, will maintain herself as a nation and state and develop her economic and social life, or whether through internal quarrels, she will utterly collapse and bury the hopes of her future generation. With these prospects our fate before my eyes I urge all those calling themselves Germans, in view of the common danger, to close their ranks, in order that each one according to his capacity may help to the utmost in the restoration of the fatherland."

ALFRED FRANK ARRESTED ON CHARGE OF SHOOTING JOSEPH YEO ON G. T. R. IN SEPTEMBER

Long Chase Ends in Taking of Pipe Line Road Man and the Issue of Warrant For His Cousin — Frank Is Remanded For Trial.

Following an investigation which lasted more than three months, Alfred Frank of the Pipe Line road, has been arrested on a charge of shooting Joseph Yeo, a Grand Trunk track inspector, who was shot on a Sunday afternoon, after he is alleged to have ordered Frank and his cousin, Thomas McGonaghy, to get off the trucks, near the Cove bridge. A warrant is also out for McGonaghy, whom the county police expect to take into custody during the next few days.

Yeo, who is nearly 70 years old, was shot twice through the head, and for some weeks his life was endangered. Frank was taken to Yeo's home, West-Cove bridge, and when he ordered them to get off the trucks, they immediately complied. He claims, however, that they shot him later.

Frank was arrested by Constables Arthur Corbett and Alex. Shaver, who have been working on the case since the time of the shooting. The county police has investigated dozens of clues, according to Deputy Sheriff R. F. Waterworth, who stated this morning that Frank has practically admitted that he shot Yeo. The city police have also been working on the case, but despite the fact that they also followed numerous clues, no trace of the perpetrator of the crime was found.

Described Assaults. Yeo was unconscious for some days following the shooting, but when he recovered, was able to give a description of his two assailants. Mr. Waterworth went into some details given by him to the G. T. R. tracks, just west of the Cove bridge, and when he ordered them to get off the trucks, they immediately complied. He claims, however, that they shot him later.

Frank has been remanded by Squire W. H. O'Brien until next Wednesday, when he will come before the court for preliminary hearing.

REDS READY FOR PEACE WITH ALL BUT DENEKINE

Bolsheviki Willing To Make Some Concessions To Big Powers.

Desires OF PEACE. Soviet Government Declared Fight To Finish Against Denekine.

Dorpat, Thursday, Jan. 1.—Bolsheviki Russia is willing to make great concessions to the big powers in the interest of peace, but will not hold out the olive branch to Gen. Denekine, according to M. Kishine, secretary of the soviet delegates conferring with the Estonian delegates here.

"A year ago we would have considered peace with Gen. Denekine," he said, "but now it is a fight to the finish." M. Kishine added the Bolshevik army now numbers 3,000,000 men, and declared it to be "invincible."

"Soviet Russia," he declared, "would be glad to dish out a little force if peace with the world could be achieved."

Bolshevik agents have reported that France is trying to organize a huge offensive against the soviet government," he said.

U. S. CAN EXTEND CREDITS OF THREE BILLIONS TO EUROPEAN COUNTRIES

New York, Jan. 2.—In connection with Great Britain's impending application to the United States for a loan from the United States, Secretary of the Treasury, Mr. Clegg, said today that the new law it will be possible for American business interests to finance Europe for more than \$3,000,000,000 without straining their resources and with profit to themselves and the upbuilding of America.

"Europe must have credit," said Senator Lodge today, "and the American vendor must have cash to keep American industry working, and the export of goods to Europe must be maintained, and the money must be provided to it."

McGILLIVRAY—MILLIKEN.

A pretty wedding was solemnized at the home of Mr. and Mrs. A. Milliken, 197 Duchess avenue, on December 17, when their eldest daughter, Elizabeth Frances, was united in marriage to Mr. Wilbert N. McGillivray of this city, the Rev. Mr. Symington officiating.

The bride entered the drawing-room on the arm of her father, looking charming in a gown of white pique with willow satin with pearl trimmings, carrying a bouquet of bridal roses. The bridesmaid, Miss E. Goudy, was in light green crepe de chene with steel trimmings, and carried pink carnations, while the groom was assisted by his brother, Mr. Ray W. McGillivray.

After the signing of the register, about 60 guests sat down to a beautifully-decorated table, the most interesting feature of which was the cutting of the wedding cake by the bride with a German sword brought to Canada by the groom. After all the guests had drunk to the health of the bride, a further enjoyable evening was spent at Hyman Hall. The happy couple left the following day amid showers of confetti for Kitchener, Toronto and other points.

The presents were numerous and costly, showing the esteem in which the young couple are held.

Dear Miss Grey,—I have been waiting to write for such a long time, especially before Christmas, to wish you a merry Christmas, but I trust you have had one, because of the many merry Christmases and happy new year wishes of the boxes. Any way, I'll come in for a happy new year. Miss Grey, I'm coming to you like the rest for help.

would like to get Mr. Ford's address. Would it be possible for you to get it for me? I shall put your inclosure, self-addressed envelope for same.

Could you tell me what day August 1 came on in 1904, and what kind of luck goes with it?

With best wishes to all the boxes, and yourself, I remain, very truly,
DAFFYDOWNDILLY.

Ans.—August 18, 1904, was on Tuesday. As your reply must go into the Mail-Box, I shall put your inclosure to the Children's Hospital fund as suggested in the Mail-Box recently. If this is agreeable, Harry Ford, Ford Motor Company, Detroit, Mich., should be sufficient address.

Just Like Having Company.

Dear Miss Grey,—First to wish you the "very best" that earth can give for the coming year, and for all succeeding years. May you long be spared to minister to the many and varied wants of your numerous correspondents. I don't know what a great many of us women of today would do without Cynthia Grey and her Page of Interest to Women.

Now to add to your troubles, could you kindly tell me of a place in Nova Scotia that used to be called Ealse Bay Beach Cove Bay. I have endeavored to find this on the map, but cannot see it marked, and wondered if it had been changed to some other name. It is about thirty years ago since it was called Ealse Bay. I am very anxious to find this out. I believe it was near Cape Breton. I would be so grateful for your kind wishes. Cove Bay is a regular port of call in Nova Scotia, near Halifax.

PEGGY MARTIN.

Ans.—What beautiful appreciation. Peggy Martin! Cynthia Grey is very grateful for your kind wishes. If you write to the Post-Office, Ottawa, you should be able to get exact information re the above address.

Wants Descriptions.

Dear Miss Grey,—I received the two recitations, but as luck would have it they were late. I am sure you will just the same it was real kind of you to send, and I am very thankful that you took the time to write the way the Mail-Box is thriving. We will soon have to have the whole page, I am

THE MISFIT PUP.

Part V.

"So this is the winning puppy." There was something Star knew about this little fellow who stood before his stall at the dog show.

"Yes, indeed," Little Dorothy spoke up, for she was proud of her pup. Mr. Jack, for that's just who this man was, looked for a long time at Star before he spoke again. "My goodness, he is like Betty," he exclaimed at last.

Then Star recognized him, and giggled about in an attempt to tell Mr. Jack who he was.

"Why that pup isn't a Boston at all. He is a runt bulldog. I gave him to this child because I don't keep any misfits in my kennel. He is one of Big Jessie's puppies." It was Mr. Tom, and Star's back bristled up in anger for he could not forgive this man for his cruelty to Little Dorothy's father.

"Why this must be the missing pup. That's just who it is. There is the star on his neck and all. We thought he had been stolen. How did he get in Bib Jessie's box, I wonder," Mr. Jack cried excitedly.

What exciting time there was after that. Mr. Jack brought one of his kennel men, and he, too, was sure that Star was Betty's puppy. In the rush of things poor Star was almost distracted. He wished they would take him to his mother. It was Mr. Jack who thought of that.

"Let's see if Betty knows him," he said. "I have known her to not recognize one of her puppies yet."

Betty had just won the special prize for the best Boston terrier in the show. Like the little dog she was, she knew just why Mr. Jack's kennel man came for her, for while she had been waiting to be judged she had had a chance to talk to Big Jessie, and Big Jessie had told her all about Star.

What a welcome Star gave his mother, and how overjoyed she was to see him once more.

TALKS ON HEALTH

BY WILLIAM BRADY, M.D.
(Noted Physician and Author)

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is inclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

The Danger of Being Alive—What Should You Know?
A little knowledge is dangerous. A five-year old child was poisoned by a few grains of acetanilide which his mother administered in the form of a "harmless" gripe tablet recommended by a successful druggist.

Understanding brings freedom from worry and fear. When I received an anesthetic and submitted to a major operation a while ago I was rather disappointed because I couldn't work up the least bit of anxiety about it. I couldn't forget that my margin of safety under ether was as great as it is when I cross a busy street, and that the operation itself was a lot easier than the disease would be without the operation.

Ill-health is nowadays more generally recognized as the principal cause of failure in business life and in the business of life. People who looked upon hygiene as a negligible matter only a few years ago are today earnest students of the subject, for they are beginning to think that sickness is the one luxury which no one can afford.

Thrill begins with trifles and leads toward contentment. The difficulty is to begin saving just a little when you have plenty. It is so much easier to spend the whole surplus from week to week and from month to month while things are coming easy. Health may be conserved the same as wealth. But it is hard to persuade the individual whose health seems good today to pay any attention to the conservation of health. His impulse is to laugh at doctors and enjoy himself while he is to be laid up tomorrow take care of itself. This policy is based on the obsolete notion that good health is a thing that comes and goes like a passing fancy, and that medicine, if folks only knew, is great fun. There is nothing in the pursuit of hygiene and health that is not good fun. If you don't take life too seriously, the satisfaction a thrifty person derives from the conservation of his savings is small compared with that which comes to one who by simple exercises, for instance, or by intelligent selection of diet, or by the utilization

sure. For a while the Mail-Box could be put in any little corner, but now it is nearly as big as a whole page. I hope you and all of the Boxes received lots of gifts Christmas. I did, and I wish you could all see them. I have them piled up on a stand, and I tell you there is quite a few.

Sweet sixteen would write, as I haven't seen one of her letters in the Box for a long time.

Ans.—One day in the week, couldn't we have, for a little while for describing ourselves so each Boxite would have an idea of their Mail-Box friends? If I close now, may I call again.

BETTY BROWN.

Ans.—Sorry the recitations were so late, Betty Brown. I was all glad to see so many letters coming into the Mail-Box. Your idea of personal descriptions of the Boxes is quite original. We should have some fun out of it if any care to respond. Perhaps many would prefer to remain shadow friends.

Wants Several Patterns.

Dear Cynthia Grey,—Kindly send me by return mail the mitt pattern sent in by Cricket. Can you also give me the pattern of a slipper, as I want to crochet one? Hope you have one; if you have, send one kindly ask through the Mail-Box if any reader has one, and if so will she send me one, and I will return after getting the mitt pattern myself if required. Please to send also the pattern for knitting a sweater coat, sent by Poppy, and sent in in Friday's paper, December 26, 1919.

Hope you have patterns, and that I am not taking too much of your time. I wish to state that I consider the Mail-Box of great help to all of its readers. Wishing you good luck and a happy New Year to all when it arrives. HERE I AM AGAIN.

P.S.—Kindly let me know if anyone has a quilted pattern, as I have several old coats that are of no use and, therefore, I can make good quilts from these old coats. I can only get the pattern through the Mail-Box. Whoever sends me the pattern I will willingly return to you as soon as I finish. I hope you will forgive me for taking up so much of your time, and hope you will keep me in the loop at all times. HERE I AM AGAIN.

Ans.—There are none of the patterns of the thought of putting them in the present. Should they be sent in for you I shall forward same.

There's no doubt about his being my dog," Mr. Jack declared when he saw that Betty had recognized her puppy.

It was a sad day in the home of Little Dorothy, for Mr. Jack had shown her father and mother that he was the rightful owner of Star, and the time had arrived for her to part with her pet. Poor Star! How sorry he was at the thought of parting with his mistress, even though it did mean that he was going back to live with his mother. He wished he hadn't gone to the show at all.

Little Dorothy's father had recovered from his sickness, but work was hard to find, and Star was worried more and more by the sad looks on the faces of his mistress' parents. Just about the time Mr. Jack was expected, a telegram came for Little Dorothy's father.

"Open it, open it," cried Dorothy. "Perhaps it says we can keep Star." Star jumped around for joy at the thought.

Little Dorothy's father read the telegram hurriedly. "Mr. Jack has offered me a position as chauffeur, and we will move in to a house on his estate. He says we can keep Star at our home, and we will keep him with us."

How Little Dorothy did cry with delight then, and how Star did jump about. The misfit pup had come into his own, and there was nothing but happiness before him and the kind people who had been good to him.

But we can't close our story without saying something more about Miss Star. The bad tempered bulldog who had been the cause of Star's travel from his rightful home. Soon after his mean act, he lost all his teeth, and he was sure that was the punishment he had got for his bad deeds. Perhaps it was; but it was good for him at any rate, for he never meddled with other dogs' affairs after, and let Betty and her friends and relatives live in peace until the end of his days.

was forced to extend himself in order to register a victory.

The bout between Irish Patsy Cline of New York and Steve Lato of Pennsylvania was stopped in the fourth round when Cline accidentally fouled his opponent by butting him in the groin while ducking in for a body punch. Up to that time the Pennsylvania fighter had the better of the bout.

Harold Perese, Newark, N. J., featherweight, defeated Louisiana of Philadelphia in a tame bout.

Billy Affleck, a young English boxer, had the better of the six-round bout with Willie Hammon, and Frankie Jerome, New York, drew with Frankie Corway, Camden, N. J.

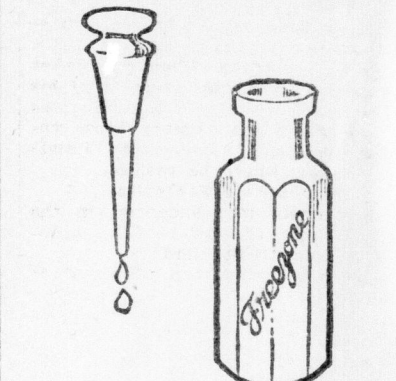

Bobby Dyson, New Bedford, won from Max Williamson, Philadelphia, in six rounds and Roy Mox, Allentown, Pa., fought a draw with Mickey Donley, Newark.

PRESIDENTS WIN TILT AT LONDON CURLING CLUB

The Presidents reversed the decision of Christmas Day yesterday by defeating the Vice-President quartet at the London Curling Club. The higher-ups were only one up at the end of the session, but the games provided some good contests, and everyone was satisfied at the finish.

The scores:

Casselton sk. 6, J. Hopper, A. Buggs, J. Gilmore, P. Rumball sk. 10, E. Sage, W. Crawford, W. Hound, H. Aked, K. Wanless sk. 7, R. Johnson sk. 20.

CURLERS ARE ACTIVE AGAIN IN NEW YORK

NEW YORK, Jan. 1.—Curlers, who were comparatively inactive in New York during the war, will resume their annual competitions under the auspices of the Grand National Curling Club of America, on Van Cortlandt Park Lake next Saturday. Efforts will be made to develop a strong team to compete with the Canadians, who are bent on recovering the championship, which they lost two years ago. The match will be held on February 1.

MADDEN WINS DECISION

Kalamazoo, Jan. 2.—Barley Madden of New York won the newspaper decision over Homer Smith, heavyweight champion of Michigan in ten hard-fought rounds here last night. Smith was badly battered and took the count of nine in the ninth round. The Michigan man was handicapped from the third round when he injured his left hand.

LEVINSKY WINS HIS FIGHT IN TORONTO IN EIGHTH ROUND

TORONTO, Jan. 1.—Battling Levinsky was the victor in the eighth round of a scheduled ten-round bout over "Wild" Bert Kennedy at the arena here this afternoon, the latter being forced to retire when he broke a small bone in his right wrist during an exchange of blows. The men weighed in at 175 pounds. Both hailed from New York.

The four preliminaries took on the aspects of an inter-city tournament, Hamilton and Toronto furnishing the performers.

In the first curtain raiser "Cowboy" Leaman of Toronto was bested by "Battling" Ray of Buffalo. The men weighed 215 pounds each. Ray replaced "Kid" Jenkins of Hamilton who failed to appear.

Eddie Gallagher of Hamilton gained the popular decision over Curly Wilshere of Toronto at 121 pounds.

The semi-wind-up of ten rounds between Scotty Linsner of Toronto and "Irish" Kennedy of Hamilton furnished the real thriller of the new year's card. The Toronto boy put up a game exhibition of the manly art, but by virtue of his longer reach Kennedy was able to deliver a terrific bombardment, and had the local boy almost out in the ninth and tenth rounds, but he gamely covered up and weathered the storm.

The bouts were held under the auspices of the United Veterans' League.

Lou Marsh, Toronto, refereed the bouts.

The bout between Levinsky and Kennedy was disappointing. It was so tame that the fans booed and heckled the fighters throughout. Levinsky just necked at his opponent with a stiff left which was sufficient to win him the decision, and he kept his right in reserve for future use in the ring. When Kennedy complained in the eighth round that he could not use his right any more, Dr. Hugh M. Cooke, a local physician, examined it and stated that a small bone had been broken. That ended the bout.

The bright spot in the afternoon's entertainment was the bout between "Scotty" Linsner and "Irish" Kennedy. It was a smashing boxing bout in a fight, and both boys showed cleverness. More ducking than boxing featured the six-round contest between "Curly" Wilshere and Eddie Gallagher. The decision to Gallagher did not meet with the approval of the crowd.

Battling Ray's victory over "Cowboy" Leaman was won with comparative ease.

SEATTLE SIX TAKE A HARD BATTLE FROM VANCOUVER

SEATTLE, Jan. 1.—By a score of 3 to 2 Seattle defeated Vancouver last night in the Pacific Coast Hockey League competition. The home team put the puck through their opponents' goal twice in the first period, and each team tallied a point in the second. The visitors made a desperate effort in the final stages of the game and managed to penetrate the Seattle net again, but were unable to draw level. The game was as interesting and close as the score indicates, though the Aets were trying hard toward the finish, their chief efforts being directed to defensive work to prevent the visitors from leveling the score.

WOODSTOCK IS GIVEN A TROUNCING BY GALT TEAM

WOODSTOCK, Jan. 1.—After getting off to a bad start in the first period, in which the Galt Intermediates tallied five goals, the local Intermediates shook their come and gave the Woodstock a merry chase. They scored three goals in the second, but on the third period being short so that the visitors could make their train connections they did not have a chance to even the lead.

The exhibition game this afternoon by a score of 5 to 3.

It was a real win for the visitors. The local team, though minus the services of Hagerman who home for the holidays, outplayed them, and would have beaten them with ease had the game been finished. It was a rough contest after the first spasm, and penalties were handed out freely.

Woodstock Goalkeepers: Galt, Hines, Sandercock, Deane, W. George, Rodden, Centre, W. George, Parker, Right, W. George, Dubrule, Subs, Tremaine, Douglas.

Referee—Cy Davison, Woodstock.

SUPPRESSION OF DUBLIN NEWSPAPER CONTINUES

DUBLIN, Jan. 1.—The suppression of the Freeman's Journal, which was ordered suspended for publication of an article adjudged contrary to police discipline, is still maintained, having lasted more than a fortnight. This is the longest period any newspaper has been penalized, even during the war.

Inquiries at Dublin Castle have failed to elicit information as to when the newspaper is likely to be allowed to resume publication.

GOLDIE, ENGLE AND THORP ARE WINNERS OF NEW YEAR BOUTS

DETROIT, Mich., Jan. 1.—Lew Goldie of Pittsburgh, champion Engle of Detroit and Harvey Thorpe were winners of New Year's bouts staged by Wolverine A. C. at the armory. The order in which they are named shows their relative merit in holding the attention of the large crowd of fans in attendance.

The best bout of the card was that in which Lew Goldie and Young Maxwell of Brooklyn fought. The lad from "the other end of the bridge" displayed a powerful wallop, and for the first four rounds fought Del Clark's protegee to a standstill. By that time Goldie had fathomed his antagonist's style, and from then on he had it on the Empire State mixer.

Maxwell showed a wicked punch, and several times shook Goldie to his toes, but his blows for the most part were wild swings.

Frankie Engle and his long reach, coupled with a left jab that was used with good effect, won the verdict from the eighth. Engle had a rough and ready style, and in the ninth was landing often, but he finally finished strong, and put on a fine rally to close the fracas, taking the last round. Engle's long reach was too much for his man, who couldn't get in close enough to do any real damage to his foe.

The final bout which was the poorest of the program saw Harvey Thorpe of Kansas City hitting Mel Stevenson of Pittsburgh whenever he was pleased, but the westerner couldn't knock him out. In the third Stevenson was on the ropes for the count of five, and appeared to be out, but recuperated and managed to last out the round and the bout.

SENATORS OF OTTAWA KEEP UP REPUTATION BY DEFEATING QUEBEC

QUEBEC, P. Q., Jan. 1.—Playing whirlwind hockey from start to finish, the Ottawa Senators continued their triumphal progress this evening, when they defeated the Quebec team by a score of 3 to 2.

The Quebec team were the first to break the Senators' clean score sheet, and had they not done so, they would have been the first to inflict a defeat on the Ottawa sextet.

A feature of the game was the net by William Steinmetz of the Northwestern American A. A. in three minutes, eighteen seconds.

EBOR EASILY OUTBOXES TRENTON, N. J., FIGHTER

HAMILTON, Jan. 1.—In a ten-round bout staged under the auspices of the Great War Veterans' Association here tonight, Bobby Ebor, Canadian bantamweight, scored an easy victory on points over Fatsy Johnson of Trenton, N. J.

MRS. M. PECK HAS GAINED 25 POUNDS

Nine Years Trouble Ends, and She Is Well and Happy Now.

"I have gained twenty-five pounds since I commenced taking Tanlac, and the troubles that have been making me miserable for nine years, have been completely overcome," said Mrs. Minnie Peck, who lives at 9574 82nd avenue, Edmonton, the other day.

"When I commenced taking Tanlac," continued Mrs. Peck, "I was so weak and rundown that I was hardly able to get about. Everything I ate disagreed with me, and I would suffer for two or three hours after every meal on account of gas forming and bloating me up. I would have severe cramping pains in the pit and my stomach. I was very nervous, so much that the slamming of a door would upset me terribly, and a good night's sleep was out of the question for me. I would actually get out of bed every morning feeling more tired and worn out than I did the night before. This condition just kept getting worse all the time until I got to where I was compelled to stay in bed most of the time."

"Then I decided to give Tanlac a trial, and, it's the honest truth, I commenced to feel better before I had finished my first bottle of this wonderful medicine, and my nervousness just kept getting better until I am now as well as I ever was in my life. I never have a sign of stomach trouble now, and I have a fine appetite and I can eat anything I want. I have gotten back all my strength and can easily do all my household work. My nerves are in perfect condition, and I sleep like a child every night. It is simply wonderful the way I have gained in weight and, in fact, I just feel fine all the time. Yes, sir, Tanlac is a wonderful medicine and as long as I live I will never lose an opportunity to say a good word for it."

Tanlac is sold in London by Standard Drug, Limited, and by an established agency in every town.

Not One Person Using BIONIN Grippe Tablets As a Preventive, Took Influenza

During the influenza epidemic last year Bionin Grippe Tablets were remarkably successful. Thousands of boxes were used. So successful were they that not one person using Bionin Grippe Tablets as a preventive took influenza.

Don't run any risks this season. At the first sign of cold take two Bionin Grippe Tablets. Follow with one every two hours until three more have been

taken. Your head will clear. Pains and aches disappear. Fever will be reduced. Go out if you want to—no danger of catching fresh cold. Call at the nearest druggist and give him 50c for a box of Bionin Grippe Tablets. Then you'll have them when you need them.

"The First Dose Gives Relief"

GEN. MEWBURN HAS RESIGNED HIS PORTFOLIO

Asks To Be Relieved As Minister of Militia As From January 15.

A CABINET SHAKE-UP

Sifton Becomes State Secretary and Burrell Minister of Customs.

OTTAWA, Jan. 1.—The new year opens with a cabinet shake-up.

The changes are:
Major-General Mewburn resigns as minister of militia and defence, his resignation dating as from January 15. Hon. Arthur Sifton retires as minister of public works, and becomes secretary of state.
Hon. Martin Burrell retires as secretary of state, and becomes minister of customs.

Pending the appointment of a successor to Major-General Mewburn, Hon. J. A. Calder, minister of immigration and colonization, will be acting minister of militia and defence.

Hon. Dr. Reid, minister of railways, will also act as minister of public works.

There are now left two cabinet vacancies to be filled—those of Hon. New Brunswick, and one from Ontario. It is not expected that these will be filled until the return of Sir Robert Borden.

This has been caused by the retirement from the Senate of Senator Choquette. Senator Choquette takes this step on account of pressure of his industrial duties. Hon. Thomas Chaplin is appointed to the vacancy thus created in the Senate, representing Grandville, Quebec, where he resides.

Four Senate Vacancies
There remain four vacancies in the Senate. These will not be filled probably for some little time.

Sir Robert Borden has addressed to Major-General Mewburn the following letter of regret at his retirement from the cabinet.

"Dear General Mewburn:
"It is with the greatest regret that I have received your letter announcing the necessity of your retirement early in January. In September last you agreed, at my earnest request, to remain until the end of the year in view of my unavoidable absence for some weeks from Ottawa; and I am grateful that you remained at your post during that period.

"Throughout the war you have given splendid and conspicuous service to Canada and to the Empire in different capacities. Especially during the period in which you have presided over the department of militia and defence your service has been notable. I am most grateful that in October, 1917, you accepted my invitation to become a member of the Union Government, upon which has been laid so heavy a burden of responsibility. During the period that has since elapsed you have given most valuable assistance in the discharge of that responsibility.

"I trust that every blessing may attend you and your family in the New Year upon which we are soon to enter. Faithfully yours,
"(Signed) R. L. BORDEN."

BORDEN LEAVES TODAY.
The prime minister expects to leave tomorrow for his holiday, and will be absent probably for some time. The two cabinet vacancies, it is learned, are not likely to be filled until his return.

It is also highly probable that when the Government is re-constituted there will be a reduction in the number of departments. The departments of militia and defence and soldiers' civil re-establishment are likely to be united under the direction of one minister. The departments of the interior and of immigration and colonization are also likely to be united. Other steps in the same direction are under consideration.

Sir George Foster, as senior member of the privy council, will act as prime minister during the absence of Sir Robert Borden.

The belief here is that when the amalgamation of the departments of the interior and immigration and colonization takes place, Hon. Mr. Calder will permanently resign over the portfolio of minister of militia and defence. It is also expected that the department of soldiers' civil re-establishment will be merged with the militia. Sir James Loughheed remains Government leader in the Senate, but perhaps dropping out of the cabinet.

**PACK IS RESHUFFLED
WITH ACES OUT AND
JOKERS RUNNING FREE**

OTTAWA, Jan. 1.—The old pack has been reshuffled with the aces all out and the jokers running free.

Major-General Mewburn, minister of militia, has informed the prime minister that he has joined the Government for the period of the war, and that on January 15 next he intends to retire to his private law practice in Hamilton. His resignation has been accepted, and Hon. J. A. Calder, minister of immigration and colonies, who also joined for the period of the war, will succeed him. Nobody knows what will happen to Mr. Calder's department, nor who will occupy the office in which that \$12 waste paper basket resides. It is anticipated, however, that the department will be merged into that of immigration under Hon. Arthur Meighen. Now that there is so much difficulty in auctioning off cabinet positions the department will not be needed and can very well be merged.

Mr. Calder has no knowledge whatever of military affairs, and isn't even an honorary colonel. But that doesn't matter apparently. In order that the country may secure the impression that a real cabinet reconstruction is afoot it is announced that Hon. Martin Burrell, secretary of state, who has been ripe for the Senate for many years, will become minister of customs. That position was vacated by Hon. A. L. Sifton, who succeeded Hon. F. B. Carvell as minister of public works. Mr. Sifton is at present a very sick man, but he has now been shifted over to public works to the position of secretary of state. No doubt if this extraordinary shuffling continues he will later get back to his old job.

In the meantime Hon. J. D. Reid, minister of railways, who has been covered from a serious illness, will take over public works in the acting capacity. The taking over of two important portfolios by Dr. Reid is evidence of the acute bankruptcy of the tottering administration.

Sir George Foster will lead this "re-constructed" administration until such time as Sir Robert Borden finally makes up his mind as to what he really intends to do. It is rumored that Sir Robert Borden would dearly love to change his mind once more and quit for good, but is afraid of the consequences.

In the meantime the sands are running out and the Government faces the prospect of meeting Parliament a month and a half hence leaderless and with a cabinet of sick men and misfits.

RESULTS OF ELECTIONS IN ONTARIO CITIES AND TOWNS

CHURCH GETS SIXTH CONSECUTIVE TERM AS TORONTO MAYOR

Had 5,000 Majority Over
Closest Competitor.

SIMPSON SNOWED UNDER

Well-Known Socialist With
Radical Views Was An
Also-Ran.

TORONTO, Jan. 1.—Mayor Thomas Langton Church was re-elected mayor of Toronto today for his sixth consecutive term. He defeated his strongest opponent, Controller Samuel McBride, by 5,000 majority, and left the labor candidate, James H. Ballantyne, trailing in the race many thousands of votes behind. There was little excitement over the municipal elections here and almost a foregone conclusion before the polls opened. All the bylaws and questions were carried with big majorities. The most interesting feature of the vote here today was the election of Mrs. L. A. Hamilton as alderman for the third ward. Mrs. Hamilton has the distinction of being the first woman elected to the Toronto City Council. She is prominent in the National Council of Women and in several kindred societies.

Controller C. Alfred Maguire headed the poll in the race for the board of control. Controller Cameron was also re-elected and the two new members were: Dr. J. H. Gibson and Alderman J. G. Ramsden. Controller Gibson was defeated, he being fifth in the score. James Simpson, the well-known socialist, with radical views, came fourth, with only one vote, being lower than the J. C. Wright.

The Aldermen.
Following are the aldermen elected:
Ward 1—Frank M. Johnston, Richard H. Jones and W. W. Hill.
Ward 2—J. R. Kirk, John W. Winnett and Dr. C. A. Risk.
Ward 3—Alfred E. Burgess, P. W. Johnston and Mrs. L. A. Hamilton.
Ward 4—Joseph Singer, A. R. Nesbitt and J. A. Cowan.
Ward 5—C. B. Blackburn, W. R. Plewman and James Phinmore.
Ward 6—George Birdsell, Donald C. McGregor and Brook Skyles.
Ward 7—Samuel Ryding, P. G. Whetter and William Maher.
Ward 8—F. M. Black, R. R. Maxwell and Wm. Miskelly.

Following were the three bylaws which carried by majorities ranging from 10,000 to 15,000:
Following was the total vote for mayor: Church, 25,000; McBride, 20,814; Ballantyne, 5,612; Church's plurality over McBride, 4,186.

Total vote for board of control: Maguire, 25,148; Gibson, 23,214; Cameron, 21,917; Ryding, 18,422; Robinson, 17,765; Hill, 16,505; Simpson, 10,815; Wright, 512.

The following were elected members of the board of education: Ward 1, Rev. F. E. Powell, F. M. Douglas; Ward 2, Dr. John Noble, Stanley J. Provai; Ward 3, M. Rawlinson, C. A. B. Brown; Ward 4, John McLeod, Miss Constance Boulton; Ward 5, Dr. Caroline Brown, Joseph Bell; Ward 6, John Hunter, J. S. Laxton; Ward 7, Miss Edith L. Groves; Ward 8, Dr. J. M. Groves; Ward 9, Mrs. John Mary Courtice and Dr. Edwin C. Beck.

The Bylaws.
1.—To authorize an agreement between the Hydro-Electric Power Commission and the city of Toronto for the construction and operation of an electric railway.
This has to do with the proposed taking over of the Toronto Street Railway next year, when its franchise expires.
2.—To affirm the expediency of taking over the Toronto Railway.
3.—To authorize the issue of debentures or \$3,000,000 to erect a livestock arena.
The questions voted upon by the taxpayers, in addition to the bylaws, received a large affirmative vote and were as follows:
1.—Relating to the partial exemption of dwelling houses occupied by owners thereof.
2.—Relating to the appointment of a commission to operate the city railway system.
3.—Relating to the borrowing of money without the assent of the electors to acquire and operate the city railway system.

NICKLE OF KINGSTON GIVEN ACCLAMATION

KINGSTON, Jan. 1.—There will be thirteen new faces around the city council board this year. The Nickle, who had been out of council some time, was elected mayor by acclamation, while at the aldermanic election today twelve new men were returned, only nine aldermen being re-elected. The veterans elected five of their seven men, and labor got four out of six. The citizens elected ten out of sixteen. Candidates they put up for the board of education were all returned.

MAYOR OF HAMILTON IN FOR FOURTH TERM

HAMILTON, Jan. 1.—Mayor Charles G. Booker was re-elected today for a fourth term as mayor by a majority of 3,335 over Controller J. H. Labor. This is the first time in the history of the city that a mayor has been elected for a fourth term.
Although the labor men failed to elect their majority candidate, they elected two members of the board of control, Aldermen Alchison and O'Hair. They will have eight members in this year's council, as compared with seven last year.

Two New Faces Appear On
City Council.

[Special to The Advertiser.]
SARNIA, Jan. 1.—In one of the most keenly contested elections ever staged in Sarnia William Nisbet was today re-elected mayor over Dr. J. S. Crawford by a majority of 649, the winner securing 1,255 votes to 606 polled by the runner-up.
The old council was returned with two exceptions, and the 1920 city fathers are: McAdams 525, Saunders 782, Kirby 1,115, Parsons 632, Leckie 882, Carson 675, Galloway 526, McArthur 561, and Crawford 619. Sarnia 1920 school board will line up: Dr. Hayes 721, I. Newton 623, Hunsworth 545, and Mrs. Harbour 439.
W. H. Kenny was elected over James Norwood by a majority of 616 for the Hydro-Electric Commission.
Bylaws for the expenditure of \$35,000 for a municipal paving plant and also for a like amount to be spent on the point Edward waterworks carried. The bylaw to spend \$75,000 on improvements for the Sarnia General Hospital failed on the two-third vote.

CHATHAM VOTES TO CHANGE GOVERNMENT TO CITY MANAGER

Ald. Fred Brisco Is Mayor—
Thames Water Favored.

[Special to The Advertiser.]
CHATHAM, Jan. 1.—Alderman Fred H. Brisco was elected mayor of Chatham over Alderman Charles E. Stevenson with a majority of 106 at the municipal elections held today. The four aldermen re-elected were: Aldermen Fitzsimmons, Harrington, McLean, Prudhomme. The remaining members of the council are: Murray, Reeve, J. R. Newkirk, M. J. Mindorf, J. G. Moore and Clayton Lamarch. The defeated candidate was A. H. Armstrong. Murray Reeve headed the polls with a majority of 246 over his closest follower.
Aldermen Brisco and Stevenson were elected to the board of education and W. G. McKeown, Joseph Morley, and J. C. A. Leckie and C. A. Leckie. Mayor Charles Stevenson and Dr. A. A. Leckie, the defeated candidates, asked the ratepayers not to vote for them after the elections and sent a circular with an overwhelming majority, the ratepayers re-elected Stevenson and Leckie, and also in favor of a bylaw adopting the drainage scheme during the summer months each year.
Ratepayers of the city voted a large majority in favor of a proposed waterworks scheme at an estimated cost of \$500,000, to be taken over July 1, 1920, with the River Thames as the source of supply.
Aldermen Brisco and Stevenson, to erect a system at an estimated cost of \$500,000, to be taken over July 1, 1920, with the River Thames as the source of supply.

GUELPH GIVES BIG SUPPORT TO TWO HYDRO-RADIAL LAWS

Daylight Saving Carries—
Park Bylaw Defeated.

[Special to The Advertiser.]
GUELPH, Jan. 1.—The outstanding feature of the municipal election here today was the splendid support given to the two hydro bylaws. The most important was the C. Nickle, the hydro commission purchases the Guelph Radial Railway outright for the sum of \$100,000, to be taken over July 1 of this year. This was carried by a vote of 1,095 to 237, or almost five to one.

The other hydro bylaw authorizes the city to issue debentures to the extent of \$855,235 as Guelph's share in the hydro radial line from Hamilton to Galt, Preston, Elmhurst and Guelph. The vote on this bylaw was 1,099 to 248, almost the same as for the other one.
A bylaw to authorize the expenditure of \$50,000 on the Royal City park was defeated by a vote of 577 to 748, but the bylaw to authorize the expenditure of \$75,000 for the construction of a new gas container was carried by a vote of 1,081 to 252. A plebiscite was also taken on the question of daylight saving between May 15 and September 15, the vote was 867 for and 781 against.
There was little interest taken in the aldermanic election, and a light having kept many people at home. There were eleven candidates in the field with six to be elected for a term of three years. The six elected were: S. Penfold, P. H. H. Barlow and W. A. Buchner, Dr. R. H. Wing, A. A. Buchner, Dr. H. Barlow and H. Tarmy; four of these occupied seats at the council last year.

LABOR AND SOLDIER SLATES SWAMPED IN ELECTION AT GALT

Strong Support Given To
Hydro-Radial Bylaw.

[Special to The Advertiser.]
GALT, Jan. 1.—As expected the electors of Galt today practically unanimously endorsed the hydro-radial bylaw, piling up a majority of 965, or about half of the vote came out, and the chance made in the day of voting to New Years at the request of the Independent Labor party, did not prove a great success.
Little interest was evidenced in the election, with Mayor A. W. Mercer and four of his aldermen returned by acclamation. There were two bylaws before the electors, and both carried by the majority—that to raise \$20,000 by debentures to install a coal plant on the hospital grounds, and that for isolation and maternity hospitals and nurses' cottages carrying by a majority of 784.

FISHER—The loving memory of Ethel May Fisher, wife of Milton F. Fisher, who passed away one year ago today. God called the one we loved away. Forget her, no, we never will. As time runs on we love her still. —Her Husband and Children.

LOGAN—In loving memory of Minnie, wife of Richard F. Logan, who died after a short illness, one year ago today, Jan. 2, 1919. A faithful wife, kind and loving mother, affectionate daughter, and very dear friend, ready to perform acts of kindness for and bring comfort to others, she forgot all about herself.

She had no fear or trembling, she felt the Almighty arms encircling her, she hopefully could die. And the loved one who was weary, saw the radiance 'round her glow. Of the heaven she was nearing, of the joys she longed to know. 'Tis hard to break the tender cord when love has bound us so tight. 'Tis hard, so hard, to speak the words, "we must forever part."

Desired to love one we have laid this in the peaceful earth embrace. But thy memory will be cherished till the day when we are reunited. —Loving Husband, Sons, Mother and Sisters.
