THROUGH CLOUDS OF YELLOW DUST —RIGHT UP TO HEIGHTS OF KRITHIA— WEIT SWEEPING FRENCH CHARGES

French Official Report From the Dardanelles Describes Glorious Battle.

By Special Wire to the Courier.
Paris, July 23.—Exploits of the French expeditionary force on the Gallipoli peninsula, June 21 and 30th in the region of Kereves Dere, are recounted in an official statement issued to-day regarding the operations in the Dardanelles.

BRILLIANT BAYONET WORK

"Four trenches, forming steps on a slope between the sea and a ravine opening from the village, were chosen as the objective for an attack on June 21. A west wind covered the field of battle with clouds of dust swept up by the artillery preparations.

"Suddenly about 11 o'clock, metallic flashes streaked the throug of yellow dust, and the clash of bayonets was heard as the infantry leaped to the assault. One after another the trenches fell before the impetuou charge of the French troops, which carried them almost to the heights of Krithia, beyond the farthest point at which the assault was aimed. An entire Turkish company, surprised in the first trench, surrendered without resistance.

COUNTER ATTACKS FAIL

"Counter attacks the following nights," says the official report, "failed to bring the victorious forces. The French left completed on June 30th the advantage gained on the 21st by capturing a group of communicating trenches called the 'Quadrilateral' at the head of the Kereves Dere ravine. Seven lines were taken by assault, certain colonial troops, carried away by their enthusiasm, pursuing the enemy beyond the objective fixed. These colonial were almost surrounded, but were able to regain the 'Quadrilateral.' We remained in undisputed possession of these trenches after the enemy had made one unsuccessful and disastrous counter attack. It was here that Gen. Gouraud was wounded.

"On the night of July 4th, and 5th, the Turks, heavily reinforced, aided by aeroplanes and five cruisers of the Barbarossa type, undertook a general attack. They sought to break the spirit, however. Their hesitating advance was met by the allies with a murderous fire, which was held until the last possible moment, and which inflicted terrible losses without a foot of gain for the enemy.

AVIATORS DROP BOMBS

"Seventeen allied aviators attacked the enemy aerodrome at Chanak on the afternoon of the fourth. Explosive bombs were dropped on the principal hangar, which was set on fire.

GENERAL WOUNDED

General H. J. E. Gouraud, who was commander of the French forces in the Dardanelles, was wounded by a shell which fell near an ambulance while he was visiting the wounded. His wound was not considered dangerous, but it was deemed advisable for him to return to France.

The latest naval records show only two vessels owned by Turkey of the type of Kheyred-Din-Barbarossa, which is classified as a battleship. The other is the 'Torgu Reis,' each is of 9,000 tons displacement, and both were purchased from Germany.

NO CHANGE

Constantinople, via London, July 23.—There has been no change in the situation on the Gallipoli front in the past week. Both the allies and the Turks have confined their efforts to desultory small arms fire and sapping operations. The weather has been excessively warm.

The Turks are concentrating many new troops near the Gallipoli theatre. After surmounting many difficulties, they now have placed in successful operation several plants for the manufacture of ammunition for heavy artillery. The output of these factories is asserted, is several thousand shells a day. There is but slight foundation for reports of famine and epidemic of disease in Constantinople. The city is well provided with moderately cheap food, there have been no disturbances in the streets, and no cases of cholera have been reported.

EMBEZZLER CAUGHT.

By Special Wire to the Courier.
New York, July 23.—W. T. Ott, who is charged with embezzlement of funds of the Edison Phonograph Agency in Montreal, arrived here today in custody of a canal zone policeman and will be taken to Canada. His alleged stealings, it is said, aggregate \$50,000.

Ott attracted attention in sporting circles about Panama by his spending of money and United States consul in making inquiries about him learned that he was wanted by the Canadian authorities. Ott, however, heard of the matter and escaped to Guayaquil, but was tracked there and brought back after extradition proceedings.

To convert Chicago, Voliva, of Zion City, put out a barrel in the tabernacle and got it full of money.

BORDEN VISITS THE CANADIANS AT THE FRONT

Paid a Visit to all the Hospitals and Talked With Wounded Boys.

London, July 23.—Sir Robert Borden, accompanied by Sir Max Aitken, R. D. Bennett and two Imperial staff officers, has reached France in safety on board a British destroyer. Upon arrival the party was met by Lieut.-Colonel Shillington, commanding No. 2 Canadian Stationary Hospital at Le Touquet. The whole first day was occupied with visiting the Canadian hospitals at the base, including those at Etaples, Camiers, Wiernereux and McGill University hospital. The whole journey was covered by motor, and the party returned to the base in the early evening.

CHEERS THE WOUNDED.

Sir Robert seemed visibly impressed with the sadder aspect of the war as brought home to him during his tour. He spoke to every officer and man amongst the wounded Canadians, and each one received a hearty handshake from the Prime Minister, many of them both officers and men being Sir Robert's personal acquaintances. A number of French-Canadians were among the wounded, and to those the Premier spoke in their own tongue.

In not a few instances Sir Robert accepted personal messages to convey to relatives at home. The Canadian nursing sisters doing duty at these hospitals were severally introduced to Sir Robert.

A BRIGHTER INCIDENT.

One little incident is worthy of recording. "Sir Robert, I represent Mr. Blank of Blank constituency here." (The member in question is on the Opposition side of the Ottawa House of Commons.)

"Indeed," replied the Premier. "Then all I can say is that the constituency is better represented here than at home."

Sir Robert by now will be right in the firing line, and in the course of the next couple of days will see practically the whole Canadian contingent and spend considerable time at Canadian Headquarters.

Lord Northcliffe has also visited the Canadian hospitals during the last few days. General Sam Hughes is expected at the front very shortly.

HONOR FOR PREMIER.

The whole British cabinet has signified their intention of attending the ceremony for the presentation of the freedom of the Corporation of the City of London to Sir Robert Borden next week. Sir Robert, following the ancient custom, will be introduced by the Mayor and War-dens of the Leatherellers' Company to the membership of which he was admitted some years ago.

BRITISH SUBS PARALYZE TRAFFIC IN DARDANELLES

Aeroplanes Threaten the Turkish Ammunition Works at Constantinople.

Athens, July 22.—London Daily Telegraph despatch—Renewed activity of British submarines has paralyzed, for the time being, all traffic in the Turkish inner seas. Anxiety is felt in Constantinople for the safety of the Turkish ammunition works, which are stated to be much exposed to aerial attacks. From the interior of Asia Minor there have arrived at Constantinople by rail 5,000 cases of small arms ammunition and four carloads of gunpowder.

BARQUE IS SEIZED

By Special Wire to the Courier.
Berlin, via London, July 23.—The American Bark Dunsyre, New York for Stockholm, has been seized by the Germans and taken into Swinemunde. The only Dunsyre mentioned in available shipping records is a three-masted clipper, owned by the Victoria Shipping Company, Limited, of Victoria, B.C. This vessel sailed from San Francisco April 17 for Balboa, where she arrived May 5, and sailed for Helsingborg, Sweden, arriving July 11.

NORWAY GETS REGRETS FOR VIOLATION

British Note is a Full Apology and the Press is Quite Pleased.

By Special Wire to the Courier.
Christiania, via London, July 23.—The British government through Sir Edward Grey, secretary for foreign affairs, has expressed regret to the Norwegian government at the violation by British warships of Norwegian territorial waters, especially by the seizure by an auxiliary cruiser of a German steamer inside the three-mile limit. The note, couched in cordial terms, was in reply to a formal protest lodged by Norway. It announced that the British admiralty has been requested in future to respect the Norwegian territorial line. The press expresses satisfaction with the terms of the note, although pointing out that it was considerably delayed. The papers call upon the government to demand satisfaction from Germany for the torpedoing of Norwegian ships with the loss of several sailors' lives.

Nordica Left a Million Dollars

By Special Wire to the Courier.
New York, July 23.—The surrogate yesterday admitted to probate the will of Madame Lillian Nordica Young, the singer, who died in May 1914, in the Far East, following an illness brought by exposure due to ship wreck.

Depositions were read from government authorities of Thursday Island, where Mme. Nordica made the will, that she was in her right mind at the time, contrary to the statements of her husband, George W. Young, who was cut off by the terms of the will and contested it. The value of the estate is estimated at \$1,000,000.

GREAT NUMBER

It may seem a huge number, but the provisional muster roll for Quebec and Montreal shows just how many could be expected from each city: Toronto, 8 battalions—8000 men. Brantford, 1 company—150 men. Hamilton, half battalion—500 men. London—double company—200 men.

(Continued on Page 5)

HUGE FORCE IS OFFERED TO THE MILITIA DEPT.

Mr. Louis Stander, Local Interpreter, Offers an Army Division of Ex-Russian Soldiers.

Brantford, in the days to come, will be famous for the work she has been associated with in the great war now raging to decide whether Britain is to be one with the storied empires of the past or to survive this sacrament of civilization. Public spirited gentlemen, whose names will shine on the page of this cities history, have gone on duty bent as soldiers and taken with them hundreds of men, but it has remained for one man to create a division and as a miniature Kitchener offer upwards of 15,000 to 20,000 men, all trained soldiers to the government for active service.

Mr. Louis Stander, the local interpreter of the Slav people, after many weeks of organization, finally sends on to General Otter his offer that if the Canadian Government accept, he will see to their mobilization and to their essential fitness, and be ready inside three months to place an army division for service in Flanders at their disposal.

Stander, who hails from Riga, has served six years in the Russian Army and retired with the rank of sergeant. He has a vast number of ex-con coms, at his disposal from every branch of that huge army and it is also known that in the States there are several ex-officers who would cheerfully go out to fight for the Allies in the West, but whose sympathies far removed from Czardom, preclude their return to the Russian soil, even with patriotic motives.

NO AFTER EXPENSE

The men would be unmarried and are nearly all strong fellows, whose lives have been led in the out of doors amid roughest employments since they landed here.

In Russia, a sergeant in the army is mostly of the intelligencia or middle classes and up till the Jap-Russo war, that was the highest rank permitted them to attain, it carrying with it the right of wearing a sword and being saluted by all soldiers of the rank and file.

The balance of our new Summer Dresses at greatly reduced prices. W. L. Hughes.

COTTON AS CONTRABAND IS STILL STORM CENTRE IN TO-DAY'S NEWS

YANKEES HAVE NOTE READY FOR BRITAIN

Should Germany Accept Latest Note From Uncle Sam.

By Special Wire to the Courier.
Washington, July 23.—With the delivery to-day by Ambassador Gerard to the foreign office in Berlin of the new American note warning Germany that the loss of American lives through further violations of neutral rights would be regarded as unfriendly, the United States rears its case for the present at least. The note will be given out here late to-day for publication to-morrow morning. Officials of the Washington Government turned expectantly toward Berlin for some indication from official quarters there as to the reception of the communication. Until such information is at hand, the next diplomatic move of the United States will not be decided upon.

The note is declared to be the final word of the United States government with regard to further transgressions of its rights. Should a similar disaster as that to the Lusitania occur, it is believed President Wilson would call Congress together to consider a course of action.

If the note meets with a friendly reception, and there appears no intention on the part of Germany further to violate neutral rights on the high seas, the president shortly will take up the situation that has arisen with Great Britain over interference with American commerce by the allies. A note virtually is ready now to be despatched to Great Britain again protesting against deviations from international law in the operations of the order in council against commerce with Germany.

The lack of good roads in Poland presents an especially unfavorable aspect from the standpoint of the invaders. Deep sand makes the movements even of infantry slow, while from ten to twelve teams of horses must be utilized to draw heavy guns.

Bitter rear guard conflicts mark the slow retirement of the Russians in South Poland. They give way only one step at a time, thus delaying although not preventing the Austro-German advance.

The correspondent says that the achievements of the Russians in view of their lack of ammunition are remarkable.

FINAL ATTEMPT TO STOP RUSH HAS FAILED

On Warsaw from the South of Lublin, Says Report From Berlin.

By Special Wire to the Courier.
Berlin, July 23 via London 12.15 p. m.—A despatch from Vienna to the National Zeitung says the final attempt of the Russians to stop the advance of their opponents in the critical battle on the new line south of the Lublin, Chemel railroad, south of the Warsaw has ended in failure. The decisive action in this campaign is to come in the territory between the Vistula and the Bug Rivers.

The Russian southwestern front is seriously menaced, the despatch adds. The railway line running through Ivangorod, Lublin and Chemel is now only a few miles northward of the Teutonic lines and the capture of Lublin and Chemel is said to be a question of only a brief time.

The correspondent of the National Zeitung at Tarnow, Galicia, while reporting that the Austro-German forces are advancing steadily, points out that there are difficulties to be met. He says the Russians have to contend with a lack of ammunition, but the statement that their morale is shattered is untrue. On the contrary they are displaying the greatest bravery, and endurance, and only in the case of contingents without higher officers do they surrender readily.

At Krasnostav, 34 miles south of Lublin, there occurred an engagement at close quarters which was unusually desperate and deadly. The Russians awaited their attacking opponents and resisted with the bayonet. They had assembled strong reserves and the Germans and Austrians had to expend the greatest effort to overcome them. It was necessary literally to throw the Russians from the trenches.

The lack of good roads in Poland presents an especially unfavorable aspect from the standpoint of the invaders. Deep sand makes the movements even of infantry slow, while from ten to twelve teams of horses must be utilized to draw heavy guns.

Bitter rear guard conflicts mark the slow retirement of the Russians in South Poland. They give way only one step at a time, thus delaying although not preventing the Austro-German advance.

The correspondent says that the achievements of the Russians in view of their lack of ammunition are remarkable.

RIDICULES STORY THAT GERMAN SUBS ARE OFF MAINE

Bangor, Maine, July 23.—Those German submarines that have been sighted from a New York newspaper office, cruising about Penobscot Bay off Castine and close in shore, are not visible from the old town itself, which circumstances rather puzzles the natives.

The idea of a German submarine base on the coast of Maine excites ridicule and sarcasm. In the first place, Castine is the head of Penobscot Bay, two or three hundred miles from the Atlantic steamer lanes. In the second place, there is not a spot in that neighborhood fit for such a purpose and even if there were ample facilities it would be impossible to maintain anything like secrecy, every foot of the coast on mainland and islands being occupied either by settlers or at this time of year by cottagers.

CANADIAN CASUALTIES

By Special Wire to the Courier.
Ottawa, July 23.—Casualties: FIRST CANADIAN FIELD ARTILLERY BRIGADE.

Wounded—Driver J. Beecham, Brockville, Ont.

TENTH BATTALION.
Died of wounds whilst prisoner—Lance-Corp. Herbert B. Bradford, Eastbourne, Eng.

FIFTEENTH BATTALION.
Admitted to hospital, Cambridge—Lance-Corp. George Muir, Victoria, B.C.

Previously reported missing, now at duty—Pte. Edward Simpson Botterell, Ottawa.

SIXTEENTH BATTALION.
Wounded—Sergt. Alfred Frederick Chambers, Cork, Ireland.

Sir William Ramsay States His Opinion in Evening News.

By Special Wire to the Courier.
London, July 23.—If cotton had been declared contraband at the outset, says Sir William Ramsay in an article in The Evening News, the war would have been over by last April. A similar statement is made by Hilaire Belloc, in Land and Water.

Paul Coudurier, London correspondent of the Paris Figaro, asserts that early in the war the French Government requested the British Government to put cotton on the list of contraband and that Great Britain refused to do so for two reasons:

First, because the cotton dealers of England were opposed to such a step because German cruisers were then chasing British ships and might sink all the cargoes of cotton sent to this country; and, second, because the allies took every precaution not to offend neutral opinion.

It is pointed out that neither of these reasons now has force. In regard to the first, there are no German raiders, and with regard to the second, Mr. Coudurier says: "We are standing for public rights, when to be more than fair to the rest of the world is danger to ourselves in this struggle for life and death."

According to Sir William Ramsay, assurances have been given to the French Government that the import of cotton by Germany has been stopped, although Mr. Asquith admitted on Tuesday that the situation in this respect has not been wholly satisfactory.

FRENCH PRESS COMMENT

Paris, July 23.—The press here is beginning to realize the importance of the cotton question. The Echo de Paris prints a strong editorial concluding as follows: "Public opinion in France, as in England, must demand the placing of cotton on the list of contraband."

The Echo dismisses the American note to England on cotton somewhat cavalierly, with the comment: "Its purpose evidently is the establishment of a claim for damages later. Furthermore, Great Britain cannot settle this matter until the American-German dispute, from which it arises, the blockade being Great Britain's reprisal against submarine warfare, is settled."

The Echo says the French government was favorable to the project of making cotton contraband, but was defeated by Lord Haldane, who said Germany could do without it. Events show the contrary, says The Echo, hence it is the allies duty to arrest the traffic at all costs.

The Temps comments on the American note in similar terms: "German submarines draw Americans as punishment for selling arms to the allies, which they have a right to do. British and French cruisers arrest ships carrying merchandise to and from Germany, but indemnify shippers. The cases are not parallel, but characteristic of the methods of the different belligerents. America will take that into consideration."

One Year Since the Ultimatum

By Special Wire to the Courier.
Paris, July 23.—One year ago to-day the Austrian ultimatum to Serbia which led up to the war, was delivered. The French press commemorates the anniversary with articles voicing the resolution of France and her allies to carry on the war unwaveringly.

The Matin says: "Germany had reached the point of wishing to crush by diplomacy, if not by force, nations unwilling to accept her yoke. She was completely carried away by the desire of domination, as well as the mania which led her to believe she could not exist without uncontested superiority in Europe."

Alfred Capus, the dramatist writes in The Figaro: "France did not show the least hesitation, the least doubt about the danger which manaced her, not in regard to the enemy's design. Rarely has a nation had more prompt or clear vision of her destiny. In a few hours she took stock of herself, accepted the German challenge and swore to conquer."

BOTH RELEASED

By Special Wire to the Courier.
London, July 19.—The Danish Steamer Florida from Baltimore and the Norwegian Steamer Skogland from New York, have been released by the British authorities. The Danish Steamer Louisiana, from Boston has been detained at Kirkwall.

The Florida sailed from Baltimore June 27 for Kirkwall, where it arrived July 15. Its cargo was destined for Gothenburg. The Skogland left New York, June 28, for Aarhus. She arrived at Kirkwall July 15. The Louisiana sailed for Copenhagen, July 3, arriving at Kirkwall, July 17.

BRITAINS AT WORK ON MUNITIONS FOR WAR

HOW THEY "NOSE" A SHELL AFTER HEATING IN A FURNACE
The above picture, drawn especially for this newspaper, the New York Herald and the London Sphere, was made in one of the big shell factories of Vickers, Ltd. One of the most interesting processes is the "nosing" of the shell. The metal cylinder is being heated in a furnace by the man seen in the foreground, who passes it on to his mate, who puts the glowing end beneath a press which gives the cylinder the conical head on which the percussion or fuse cap is eventually fixed. Walls of shells are banked up behind the long lines of workers.

Nature Makes The Flavour of "SALADA"

The cool, tempered breezes of the hill-top gardens in Ceylon, produce a tea of delicate, yet rich and flavoury quality. A careful selection of the finest growths is blended to make "SALADA".

B 78

Soft Ball

The undefeated Beavers won another game in the city softball league, the Clerks going down to defeat by 3-1 at Recreation Park last night. Woolmans pitched for the Clerks and allowed the Beavers three hits and having five strike-outs. Simmons for the Beavers, struck out 14 men and held the Clerks hitless until the last innings, when with two out, Elsersey beat out a bunt. Campbell, the next man walked, but the game ended when Graham made a great catch from a line drive off Martin's bat. The game was 7 innings. Score: Clerks.....1000000-1 R.H.E. Beavers.....102000X-3 3 2 Batteries: Clerks, Woolmans and Ritchie; Beavers, Simmons and Stuart Umpires, Blakney and McMann.

APPEAL HEARD.

The appeal for the equalization of the Township road taxes was heard by Judge Hardy this morning in the Court House. Brewster and Heyd appeared for the Township of Burford and W. A. Hollinrake for the Township of Brantford. The case was adjourned until September.

HELD POW-POW.

Chief Slemm, P. A. Shultis, representing the Moose lodge, accompanied by Mr. McEwen and a representative from the Pierson Shows, held a consultation with Mr. Bunnell at the City Hall this morning over the matter of using the street cars for parking and advertising purposes. The point was raised that the show people had chartered the special car and could not be stopped from using it by the police. But Chief Slemm thought otherwise, and demonstrated his authority later by stopping the car and sending the band back to the show grounds.

Ontario Exam Results Are Given Below

The Ontario Department of Education has announced the results of the following departmental examinations: Entrance into the Model schools; senior High school entrance diploma; lower school examination for entrance into the Normal schools and Faculties of Education.

The certificates of successful candidates and the statements of marks of those who failed that have not already been mailed to principal or inspectors will be sent in the course of a few days. The appeal examiners have already re-read the answer papers of each candidate whose marks appear to justify an appeal. Where such candidate has still failed, his statement of marks will be stamped as re-read and no further appeal will be allowed. In all other cases of failure, appeals will not be refused if made before September 1st and accompanied by the fee of \$2. In view of all the precautions taken, however, it is most unlikely that such appeals would succeed. Candidates are recommended to consult their principals as to the advisability of entering appeals.

LOWER SCHOOL RESULTS.

The following candidates named below from Brant county have passed the lower school examination for entrance into the Normal schools and Faculties of Education. In addition to the above they require to pass the middle school examination before they can be admitted to the Faculties of Education. Those who have already passed either of these examinations are reminded that the Normal schools open on September first. A Candidate after whose name a subject is indicated in brackets is required to re-write said subject with another departmental examination for which he is eligible and which he requires to take.

Making Progress Daily Over Turks

London, July 23.—The latest report received from Gen. Sir Ian Hamilton, commander-in-chief of the British expeditionary forces at the Dardanelles, recounting the operations up to Wednesday night, was given by the official press bureau. It follows: "Gen. Sir Ian Hamilton reports that in the northern section of operations a raiding party rushed a trench on the front of our line during the night of July 18. All the enemy fled except one who was killed.

"In July 19 an anti-air craft gun was located, and hit with the second round from one of our guns. The fifth round blew it into the air.

REPULSED WITH EASE.

"In the southern area the Turks on July 18 made an attack on some newly captured trenches in the French sector, but were repulsed with ease.

"In the British section there has been steady progress daily, consolidating and in some cases extending the trenches won on the twelfth and thirteenth.

"Yesterday, the twenty-first, a small redoubt was captured with insignificant loss, and a successful attack was made on part of a communication trench held by the enemy. A Turkish machine gun opposite our left was knocked out by the French artillery.

"In both sections the enemy's artillery has been active.

The London County Council Education Committee is recommended to sanction a six weeks' experimental course of instruction at the London County Council Trade School for Girls, Hammersmith, for the purpose of training women for employment as grocery assistants. The Board of Trade have asked for the training of 100 women, who are needed at once, but it is considered by the London County Council authority that in the first instance a class should be conducted for thirty, with a repetition on two occasions of the experiment 't that should prove successful. The details of the scheme proposed are: Six weeks' instruction in practical shop and counter work of the grocery trade, arithmetic—rapid calculations, bills, etc. It is generally admitted, reports a sub-committee, that the war has only hastened a condition of shortage of men assistants which was already causing difficulty, and it is generally stated that it is anticipated that the employment of a great proportion of the women introduced will be permanent.

Old World Notes

The advocates of the unrestricted importation of Canadian cattle into Scotland are availing themselves of the opportunity presented by the existing shortage of press space to question more on the attention of the government. Of course there is no limit to the number of carcasses or of live cattle which may be brought in even now, only that the latter cannot leave the land alive, but must be slaughtered within a certain number of hours of their arrival. What is desired is that the farmers should once more be permitted to obtain these animals for grazing and feeding purposes for ultimate sale in the market as homefaced stock. The other day the Town Council of Glasgow, unanimously passed a resolution in support of the proposal to allow the barge and copies of the resolution have since been circulated among the leading municipalities of the United Kingdom. It is not improbable that a conference of the principle public bodies will be called later to strengthen the movement; which in the present circumstances is regarded with a measure of hopefulness.

Twelve Skippers of fishing boats recently placed guilty in the Sheriff's Court at Haddington, to a contravention of the regulations made under the Defence of the Realm Act in that they had fished beyond the limit of the Firth of Forth. The Sheriff said that as he understood the fishermen's case there was a strong temptation to fish beyond the limit, because most of the good fish were on the wrong side of it and only a small fish, not worth taking, on the right side. Therefore, in order to help the men to keep the right side there would have to be a substantial penalty, so that, when they sat down to calculate how much they would make by breaking the law, they would have to set against it how much they would also lose, the court always trying to make the balance fall on the side that tended towards obedience of the law.

Nobel's Explosive Company recently asked for the services of students willing to assist in the manufacture of munitions during the ensuing summer vacation. Over two hundred and fifty students and younger graduates of Edinburgh University volunteered their services, but unfortunately the company were afterwards unable to accept the offer. The university authorities have the matter of war services during the ensuing vacation under consideration, and it is quite probable that a register of those willing to serve will be drawn up. In the meantime a suitable statement can be made to students anxious to offer their services in this way.

The home defence corps of Ireland, which was several months ago established in Belfast for the purpose of training men for possible eventualities, has been recognized by the government and will in future act under military guidance under the name of the Belfast Volunteer Corps, which is, of course, non-sectarian and non-political, is open to all males who are debarrred by some honorable cause from joining His Majesty's forces.

The hardship involved by the holding up of large stocks of cured herrings in Scotland, was stated recently by the Scottish Secretary to be not nearly so great as reported. Since the war 97,000 barrels have been sent to the Russian and Scandinavian countries, leaving about 47,000 barrels on hand. Now the herrings are being sent to our Allies to feed their German prisoners of war.

The Scotch Strawberry crop is in grave danger of being wasted, while the supply from England will come to a premature close, unless rain comes in the very near future. The long continued drought has played havoc both in Scotland and in England, the hot sun and the cold winds drying up the fruit in a manner which threatens to completely spoil the crops.

The secretary of Scotland has appointed a committee to consider and report what steps should be taken by legislation or otherwise for the sole purpose of maintaining, and, if possible increasing, the present production of food in Scotland, on the assumption that the war may be prolonged beyond the harvest of 1916.

The king and queen paid a surprise visit to the Lord Roberts Memorial Workshops for disabled soldiers and sailors in Britannia road, Fulham a few days ago. Their Majesties inspected all the workshops and spoke to everyone of the men now employed there. They appeared to be deeply interested in the way men had been found work which resembled as nearly as possible their former occupations and was possible to them in their present disablement. Their Majesties were attracted by the making of toys. The King drew the Queen's attention to a model of herself dressed in Coronation robes. The King then caught sight of a squadron with himself on horseback—next little models laid out on a table. When their Majesties left the King told Major Tudor Craig that he had not seen a more practical scheme for assisting disabled soldiers and sailors.

A mysterious decoy ship was mentioned by the crew of the French schooner Diamant on their arrival at Plymouth a few days ago after their vessel had been sunk by a German submarine. They were picked up by the Clyde Shipping Company's steamer, Duness, the crew declared that while thirty miles northwest of Pendeen (Cornwall), they encountered a ship painted black and flying no colors. From behind this vessel the submarine glided, and sank the Diamant after giving the men two minutes in which to get into their boats. The submarine afterwards withdrew into the shelter of the steamship, which had passively watched the destruction of the schooner.

Social and Personal

The Courier is always pleased to use items of personal interest. Phone 276.

Miss L. Ballachee has returned from a visit to Port Dover.

Miss Helen Burrows is spending her vacation with friends in Mt. Pleasant.

Mr. H. Cockshutt has left for Hotel Wa Wa, Muskoka, where his family are staying for the summer.

Miss Tait and Miss R. Martin returned on Monday from a delightful trip down the St. Lawrence.

Miss Tait left yesterday for Toronto where she has accepted a position at the Toronto General Hospital.

Miss Helen Muir of Gaywood will visit friends at Centre Island, Toronto and Port Credit for three weeks.

Mr. Reid will leave to-morrow for Moffat, where he will spend the week end with Mrs. Reid and Margaret.

Miss Fisher of Toronto, and Mrs. Lanning of Brantford, are addressing Mrs. T. L. Fawcett of River Road.

Miss Minnie M. Sauder returned to her home in Preston yesterday after spending a day with her brother, Dr. C. H. Sauder at 20 Abigail Avenue.

Miss Dorothy Wilkes has left to be a guest of Mrs. W. F. Cockshutt at Lake of Bays, and later will visit in Cobalt.

Miss Mattie Harpre of Kingston, Ont., is spending the summer with her sister, Mrs. Charles Sylvester, Edward street.

Miss Nellie Hunt has been engaged as a teacher for the Tavistock public school, taking up her duties in September.

Mr. Elmore Kirkpatrick and party of friends left the city last Saturday for a two weeks' holiday and hunting trip at Temagami. They expect to bag some big game.

Late Wires

ENOUGH FUNDS FOR 1,000 MACHINE GUNS.
Ottawa, July 23.—Funds for the purchase of 1,000 machine guns have been received by the Government, the largest being the half-million contribution from the Government. Next in order are those of James Carruthers and Huntley Drummond of Montreal, \$100,000 each.

FURTHER PROBE WORK

St. John, N.B., July 23.—E. S. Carter, Liberal organizer, has addressed a letter to W. B. Chandler, royal commissioner investigating charges of irregularities in provincial public works matters, asking him if he would investigate a report that many liquor dealers in St. John were said to have paid large sums of money to a man whom they understood represented the local government party. This was in the spring of this year, while provincial prohibition was under government consideration. Mr. Carter says if Mr. Chandler will investigate he will make definite charges. The commissioner has promised to consider the matter and reply later.

GAVE MACHINE GUN

Halifax, N.S., July 23.—The directors of the Nova Scotia Machine Gun Company have offered to personally contribute a machine gun to the 40th Nova Scotia battalion.

DIED SUDDENLY

Quebec, July 23.—J. Farmer, 28, single, son of Dennis Farmer, of Centuria, Ont. died suddenly in his hotel at St. Anne de Beauport, following an acute attack of indigestion. The body was sent to-day to Centuria.

BREWERS PROFIT.

Toronto, Ont., July 23.—The late E. Chandler Walker, president of the Hiram Walker Brewing Company, Falkerville, who died on March 11, last, in Washington, D.C. left an estate of \$4,160,000. To his widow, \$200,000 and an annuity of \$75,000 a year is left along with the homestead, the furniture and pictures in it which are valued at \$150,000. The manager, Stephen Griggs of the Walker Company is left \$140,000 in bonds of the company. Nephews and nieces and two brothers share the residue of the estate.

TWO NEW CORPS

Toronto, July 23.—Two more battalions are to be raised in division No. 2 which takes in Toronto. One of these will be a Highland regiment and Col. J. A. Currie will probably command. The other will be a depot regiment from which drafts will be sent to the battalions at the front as they are required.

AUSTRIANS TRANSFERRED.

Kingston, Ont., July 23.—Twenty four Austrians were transferred from Fort Henry this morning to Petawawa under a military escort, under command of Lieut. D. H. Wigman.

GERMAN TACTICS

Montreal, July 23.—Co-incidental with the appearance of what is believed to have been an aeroplane over Chateaugay on Saturday, when a German officer, who resided there was said to have been carried away, came the discovery that a German had installed a concrete tennis court in his garden. There a gun placed upon this court, which has several feet of concrete under it, would command the Soulanges canal and an important railway bridge.

J. M. YOUNG & CO.

Famous Men In To-days View

Mr. D. C. Grant, formerly assistant manager of the main office of the Bank of Toronto, in the Queen City was recently made one of the inspectors of the bank. Mr. Grant, who is an old Toronto boy, was formerly assistant manager at the Bank of Toronto branch, at the corner of St. James and McGill Streets, Montreal, Quebec. He is regarded as one of the brightest young men connected with that bank, possessing the usual Scotch fondness for, and ability in, financial matters.

Mr. George T. Holloway, chairman of the commission appointed by the Ontario Government to investigate the nickel industry of that province, is a well known British scientist. He is connected with the Royal College of Science at London, and has an international reputation as a metallurgist and chemist. He is an examiner in these subjects at the University of Birmingham, and is also vice-president of the Institute of Mining and Metallurgy, London. Mr. Holloway is also adviser to the Egyptian government, and is a member of the Mining Societies of South Africa, France and other countries. In brief, he is recognized as a world wide authority on mining matters. The Commission will not only see that no nickel finds its way into the hands of the enemy but will also take steps to have the ore refined in this country.

E. Morel, who is carrying on a pro-German campaign in the United States, is an intimate friend of Sir Roger Casement, a former English Consul-General who is now living in Berlin, after having tried to stir up the Irish in Ireland and the United States and Canada to aid the Germans. Morel was originally a shipping clerk in Liverpool, engaged in the West African trade, but quarrelled with his employers and was discharged. His old employers had been charged by exposing the methods of business carried on in the Congo. In his writings he developed a pro-German sentiment as it was known that Germany had a special desire to get possession of the Congo. Later he took the German side in the Agadir crisis and wrote lengthy articles in the papers urging Great Britain to take the side of Germany and oppose France in the negotiations. In the present war Morel has been acting as

treasurer of a pro-German organization. He is now trying to get President Wilson to intervene on the side of the Teutons. But he can rest assured that if Wilson does any intervening that it will be against Morel's friends, the Huns.

Mr. Malone's report included affidavits and statements by officers, crew and passengers of the liner which carried a score of Americans, detailing the attack which they say came without warning, first by a torpedo which missed the ship by ten feet and then by shells from a deck gun on the submarine, none of which hit the Orduña.

The investigation was made on a statement to the State Department by William O. Thompson of Chicago, counsel for the Industrial Relations committee, one of the Americans on the liner. Officials of the treasury and state departments will decide later if the reports shall be made public.

BEAUTIFUL FLOWERS.

A bouquet of beautiful double Dutch has been brought into the Courthouse yesterday afternoon by Mr. J. Poulton of 258 Darling street. He raised them in his own garden.

A National Policy

N.P.SOAP was named after the national policy which has built up Canada and is now expressed in the Made in Canada idea. N.P.SOAP is also expressive of the present national policy of economy. One bar of N.P.SOAP at 15¢ gives you more and better soap than 25¢ worth of cake soaps

THE SITUATION.

In the language of the Russian official report, the fighting in the Eastern theatre still continues to be of a "desperate nature." The Russians are still holding their lines along the Narw River, but the fate of Warsaw may be regarded as certain sooner or later. Mackensen's army are said to have gone ahead of their big guns, so that there will be a delay for them—a striking illustration of the fact that it is up-to-date munitions, and plenty of them, which count for so much on behalf of the Kaiserite successes.

There is still comparative inactivity on the Western front for a reason those at a distance are quite unable to judge, for with so many Germans engaged in Poland the time would seem to be opportune for very aggressive action there on the part of the Allies. However, there is much of the inexplicable with regard to this war which will not be known until the entire catastrophe is over.

The Italians continue to battle bravely along the Isonzo River. They are triumphing over tremendous obstacles.

The following letter received yesterday by a well-known Brantford firm will throw light on one phase of feeling in the States:

A PETITION.

Hon. Woodrow Wilson, President of the United States, Executive Mansion, Washington, D.C.

Mr. President—I, the undersigned, a citizen of the United States of America, respectfully petition you, in the cause of humanity and justice, to call an extra session of Congress at once, to invest you with the power to place an embargo on all arms and ammunition and in this way to help to bring to an end the present European war which is rapidly demoralizing our industries and commerce in non-contraband merchandise.

Inasmuch as England is discriminating against the United States in preventing the commerce in non-contraband products between the United States and Germany and Austria going through neutral ports, she is causing enormous losses to the American merchants, while on the other hand, other neutral countries, as Italy, Holland, Sweden, Norway, Denmark and Switzerland, in spite of the proclaimed blockade of Germany, are not hindered in their commercial dealings with Germany and Austria.

A Swedish merchant, for instance, is in a position the same as before the war, to send merchandise to Germany and to import German merchandise into Sweden, and England cannot prevent these shipments, while an American merchant cannot sell his merchandise to Germany, nor can he import German merchandise into the United States, owing to the English order in council.

I believe that the merchants of the United States are entitled to protection by their government against this unjust discrimination, and I am of the opinion in view of the fact that the protests of the American government are ignored by England, that the most efficient way of obtaining redress would be the placing of an embargo on all arms and ammunition.

THE FIRST HYDRO RADIAL.

The formal opening yesterday of the line between London and Port Stanley possessed more than local interest, for it chronicled the first operation of a road in Ontario by Hydro power. The event was also made the occasion of many hearty and sincere tributes to Sir Adam Beck, and these he has most decidedly earned. He has from the very commencement been the animating spirit of this enterprise. In the early days of the system he had to overcome obstacles and opposition which would have appalled any other man of less bulldog determination, and the final and the proud triumph of the great project in a very special sense belongs to him. During a speech he said that he had hoped for a Government subsidy for Hydro radials, but the war had come along and interfered. He considered that the Government of the day should declare a policy in the matter. Still further, Hydro development was of vital importance to industrial life and development.

"When we destroy Germany industrially Germany will collapse like a house of cards. Germany's very life is in her industries. Destroy them and her life is gone. It will be a long fight, but right will win. We must not die industrially in the meantime. We are not poverty-stricken. With our enormous crops we can keep our industries going to full capacity."

Sir Adam gave a history of the Hydro movement, showing the progress being made. In spite of sub-

stantial reductions, all the municipalities were showing large surpluses. He spoke of the necessity of developing more power, and stated that he would submit a proposition to the Government in a few weeks which would ultimately furnish 600,000 horsepower in the Niagara district. The other portions of the province would be cared for, and there would be plenty of power for all.

The residents of Brantford, and of all the other places which know what Hydro-Electric has meant to them, will heartily wish Sir Adam every continued success in his scheme of Province-owned electricity for the municipalities, the farms and transportation.

FATHER OF THE C.P.R.

The death of Sir Sandford Fleming removes a notable figure from the Dominion. He was the man who first surveyed the line for the Canadian Pacific Railway and proved the practicability of a road from coast to coast, and, like the late Lord Strathcona, also a big factor in that huge undertaking, he was a native of Scotland. All those who have travelled over the Canadian Pacific road are aware of the seemingly insuperable physical difficulties which had to be overcome in the construction of that line. The undertaking seemed too colossal in the first place for even the genius of man to overcome, and even if completed, many agreed with the late Edward Blake when he declared that as a business enterprise the road would not even "pay for the grease on the wheels."

There is no need to dwell upon the manner in which all of the prognostications of the pessimists have been utterly confuted. The C.P.R. is today one of the biggest institutions of modern times, and Fleming was a triumph for the enterprise almost beyond compare.

SWISS ARE READY. Berlin, July 23.—A despatch from Berne, Switzerland, given out by the Overseas News Agency here to-day says that General Ulrich Wille, commander of the Swiss army, addressing a meeting held to celebrate the anniversary of the Battle of Sempach, said that while Switzerland hoped that the worst would be spared her, the future was still uncertain. It would be unmerited luck, General Wille declared, according to the despatch, if Switzerland should escape in the midst of the storms raging around her.

The heroic assistance which women are rendering the British armies is recognized in a despatch from Gen. French recently published. In the despatch, Gen. French includes among the names of those "so recommended for gallantry and distinguished service in the field," 58 women connected with various branches of military nursing service and the Red Cross.

DECLARATION OF WAR IS PROBABLE

Refusal of Turks to Allow Italian Citizens to Leave Country Causes Ill-feeling.

REGISTRATION CLOSES.

London, July 23.—Registration of voters for the next general election in Great Britain—whenever that may occur—closes this month. Britons, who are at home, may consult the registry lists which are posted on doors of chapels, churches and public buildings throughout the country and may petition their town clerks for the correction of any omission or mistake. But the thousands of men who are fighting abroad or in training at home, and who, therefore, cannot safeguard their interests, are protected by a special war time act of parliament, which provides that no man may lose his civic privileges through serving his country as a volunteer. Any other person may appeal in his behalf for the correction of errors in the lists, and no soldier may be disqualified during his absence on the ground that his wife or family has received assistance from the local poor relief fund.

TENDERED RESIGNATION.

Washington, July 23.—James M. Sullivan, United States minister to the Dominican Republic, has tendered his resignation to President Wilson and it has been accepted. Mr. Sullivan's resignation is the consequence of an investigation, conducted for the state department by Senator Phelan of California, into the minister's fitness for his office.

The Indian population of New York State has decreased 609 in ten years, it is now 4,451.

NATIONALISTS INTERFERE.

Montreal, July 23.—Efforts were made by some Nationalists and others, who oppose the sending of Canadian troops to support the war overseas, to interfere with the recruiting meeting held by the officers of the 57th French-Canadians at Sohier Park last night. They were not very successful, however, as after the difficulty at Lafontaine Park on the previous night no chances were taken. Chief Carpenter had sent down a number of men to look after the trouble-makers, and the moment they tried to interfere the officers choked them off. The disturbers seemed to be keen on getting speakers to declare against conscription.

Billiousness

is Cured by HOOD'S PILLS 25c.

CORNER IN GRAIN

San Antonio, Tex., July 23.—Hunger stricken people in the vicinity of Monclova, Mexico, who discovered a military granary where Villa leaders were hiding 50,000 bushels of corn for use of their troops marched on the place last Saturday and took 5,000 bushels before they were stopped by soldiers. It was reported in despatches received here from Piedras Negras. Women in tears appealed to the small guard for food and the soldiers deserted their posts until hundreds had been supplied.

THE BUSINESS MAN ON HIS WESTERN TRIP.

Cannot afford to leave out the cities that handle the crop, Fort William and Port Arthur. Take the Canadian Pacific route to Winnipeg, the way the business travels. Daily service, observation and dining cars, electric lighted equipment. Double track more than half the distance. Comfort, scenery and one management all the way. Dietetic blended meals, the scientific combination of food for travellers. Particulars from Canadian Pacific Ticket Agents.

THE TEMPERATURE. Record for the last 24 est 49; highest 78. Saturday: Lowest 63; highest 78.

DUFFERINS VS. DRAGONS. Ficked teams from the and Dragon recruits football game to-morrow at 3 o'clock on Tutela. A section will be made, and devoted to the soldiers' team.

TWO FOR DRAGS. Two men joined the 25 yesterday. Their names are Leonard Taylor, 28; aged 20, single.

Robert Kyle, Paris, aged 20, single. Yesterday the men had good, stiff razor march miles beyond Cainsville.

STILL THEY COME. Those razors for the front are still being left at office in great style. One brought in two from a soldier's mother had his 21st birthday. "I need to part with them," he said, "it is everything now for the front."

UNKNOWN SOLDIER. Word was received to-day in the city that a Brantford Soldier's name had just been discovered. The name is Leicestershire Soldiers' Hospital. The name of the soldier and the Courier would be glad to know such a name. Anyone knowing such a name, please write to this city, word supply information.

AN EXPLANATION. By an inexplicable incident of the late John J. L. appeared in Wednesday's edition of the item of these columns some months ago. The copy had, by some strange means, been destroyed, and got on a current item. The Courier regrets the inexplicable incident, unique, perhaps, in experience.

BRANT THEATRE. A good show concludes the Brant. The photo interesting, especially the scene of the late John J. L. This reel is in three parts. One of the best ever seen. The vaudeville is of a high class. Frank Estelle, black-face comedy and song. Knox and La Belle, are the tile entertainers. The U. equilibrist, do some sense-acting feats and their act moving and snappy through.

MUCH APPRECIATED. Mrs. Bruce Gordon, Treas. of the Brant Chapter I.O.O.F. is the recipient of the following letter: "Dear Madam—We have enclosed cheque for \$100.00 for the purpose of establishing a Hospital here, for the amount and on the Canadian Red Cross Society to thank your members splendid gift.

Yours Truly, Noah M. Chairman Executive C.

PATRIOTIC RESOLUTION. At the annual general of the Institute of Chartered Accountants held in Toronto on the 21st, the following resolution was introduced: "That this Institute, in view of the serious need of a service, and the value of voluntary over-duty, approved, suggests upon its members as well as clerks and students that a physically fit should at all times be prevented domestic ties, and that have to stay at home, he ways; that duty to the Empire and everyone should resolve to devote to the service of the country a copy of this resolution to be read to every member of the Institute, and that the members of the Institute should be devoted to the service of the country as they might desire."

LOCAL NEWS ITEMS

THE TEMPERATURE.

Record for the last 24 hours: Low: 49; highest 78. Same date last year: Lowest 63; highest 91.

DUFFERINS VS. DRAGOONS

Picked teams from the Dufferins and Dragoon recruits will play a football game to-morrow afternoon at 3 o'clock on the Stella Park. A collection will be made, and the proceeds devoted to the soldiers' tobacco fund.

TWO FOR DRAGS.

Two men joined the 25th Dragoons yesterday. Their names are: Leonard Taylor, 28; West street, Brantford, single. Robert Kyle, Paris, aged 18, single.

Yesterday the men had their first good, stiff route march, going two miles beyond Gainsville.

STILL THEY COME.

Those razors for the boys at the front are still being left at the Courier office in great style. One citizen brought in two from a set which he stated his mother had given him on his 21st birthday. "I never thought to part with them," he remarked, "but it is everything now for the boys at the front."

UNKNOWN SOLDIER.

Word was received to-day by mail in the city that a Brantford soldier, Saywell by name had just died in the Leicester Soldiers' Hospital. No record of such a soldier is obtainable and the Courier would feel obliged if anyone knowing such a man from this city would supply some information about him.

AN EXPLANATION

By an inexplicable incident, the funeral of the late Joseph Quinn appeared in Wednesday's issue—a duplicate of the item published in these columns some months ago. The copy had, by some strange chance, not been destroyed, and got on the file as a current item. The Courier exceedingly regrets the inexplicable happening, unique, perhaps, in newspaper experience.

BRANT THEATRE

A good show concludes the week at the Brant Theatre. The photo plays are interesting, especially the stirring Edison drama, "On the Stroke of 12." This reel is in three parts and is one of the best ever seen here. Some good comedy reels are also run off. The vaudeville is of a high standard, as usual. Frank Estelle's Winning black-face comedy and singing, and Knox and La Belle, are both versatile entertainers. The Cuban Trio, equilibrists, do some sensational balancing feats and their act is quick-moving and snappy throughout.

MUCH APPRECIATED.

Mrs. Bruce Gordon, Treasurer of the Brant Chapter I.O.D.E. is in receipt of the following: "Dear Madam: We have your favoring cheque for \$100, being a donation from Brant Chapter I.O.D.E. for the purpose of establishing two cots at Clivedon Hospital. Enclosed herewith, please find official receipt for the amount. On behalf of the Canadian Red Cross Society, I desire to thank your members for their splendid gift. Yours Truly, Noah Marshall, Chairman Executive Committee."

PATRIOTIC RESOLUTION.

At the annual general meeting of the Institute of Chartered Accountants held in Toronto on the 17th inst., the following resolution was introduced: "That this Institute, realizing the serious need of men for overseas service, and appreciating the value of voluntary over compulsory duty, approved, suggests and urges upon its members as well as their clerks and students that all who are physically fit should at once enlist, unless they are prevented by serious domestic ties, and that those who have to stay at home, help in other ways; that duty to the Empire calls, and everyone should respond, not at some future time, but now. And that a copy of this resolution be forwarded to every member of the Institute, every Registered Student and the members of the Chartered Accountants' Students' Association." This resolution was unanimously adopted at the annual meeting, and further the sum of \$1,000, from the funds of the Institute placed in the hands of the council to be devoted to such patriotic use as they might deem wise.

NEW YORK STATE POPULATION HAS INCREASED 1,135,000 SINCE 1910.

New York state population has increased 1,135,000 since 1910.

TAKE COURSE AT O.A.C.

Inspector E. E. C. Kilmer and County Inspector Standing leave to-morrow for Guelph, where they will take up a two weeks' summer course at the Ontario Agricultural College.

IS A NEPHEW

Major Smith of the Indian Department, is a nephew of Sir Sandford Fleming, whose death notice appeared in Thursday's edition.

2ND DRAGOONS

Two recruits were added to the Second Dragoons yesterday. As this unit has a quota of men, no special effort is being made to obtain more, although applicants will be sworn in at any time.

PASS ENTRANCE

Inspector Kilmer has been informed by the Department of Education that the names of Lyla Johnson and Vera Muradjan are to be added to the list of successful candidates at the recent entrance examination.

TO-NIGHTS BOUTS.

To-night at the carnival Bill Bolton will meet Alf. Gouding in a six round contest, and Jack Forbes will meet Frank Betts. Both turns will be worth watching and are guaranteed simon pure in the matter of clean, no-foul sport.

THANKS AGAIN

The officers and men of the Dufferin Rifles desire to express their thanks to Mr. P. H. Wggin, livery man, 188 Dalhousie street, for the gift of a dozen blankets to the men of the overseas force. The gift is greatly appreciated, as blankets are a useful article for the men to have.

VISIT PARIS.

The aldermen have been invited by the street railway commissioners to go up to Paris this afternoon and inspect the diamond concerned in the railway deal between the municipal line and L. E. & N. company. At the next council meeting the members will be able to vote on the matter with intelligence. The car leaves at 3 o'clock.

MAKE IT A BOOSTER DAY.

Brantfordites are in good luck to have a double-header baseball game here on Saturday. The boys are now making their way towards the top in great style, and with St. Thomas as their opponents there will certainly be something doing. Make it a booster day and go along with the crowd. The team deserves, and will get, a bumper audience.

SPECTACULAR HYSTERICS.

Last night about ten o'clock when two gentlemen were standing in a doorway, west of the Kerby House, one of them suddenly became violently hysterical. His friend, with the assistance of a citizen going home from work, managed to restrain him sufficiently to half carry and half drag the sufferer to Dr. Fissette's on Darling street. The pilgrimage was not an easy one, as the man was big and powerful, and quite a crowd gathered to watch the course of the struggle. Arriving at the doctor's office, under medical attention, the man was quieted down. The attack was due to excessive worry, although nothing is known yet as to the cause. It is believed that the man has relatives in the city and was on his way to visit them.

EMBEZZLER WANTED

Sheriff Westbrook received notice this morning to watch for John Hornung, wanted for embezzlement. There is \$500 reward for information leading to his arrest. J. M. Evans, sheriff of Muskingum County, Ohio, holds the warrant for his arrest. The following is a full description: John Hornung, bank cashier. Description: Age 61, height, about 5ft. 6in., weight, about 150 lbs.; hair, white; smooth face, blue eyes; wore mixed grey suit and soft hat. Dressed by occupation, and has good business appearance. Genial disposition and temperate. Left Dresden, Ohio, on Monday, July 12th at 5:30 p.m. and was last seen at Zanesville, Ohio, at 6:10 p.m. on the same evening, where he boarded an Ohio electric car going to Newark or Columbus, O. \$500 reward for his arrest and detention.

NEW YORK STATE POPULATION HAS INCREASED 1,135,000 SINCE 1910.

New York state population has increased 1,135,000 since 1910.

FREE TO SOLDIERS.

The management of the Brant Theatre have extended an invitation to all the active service men to attend the theatre to-night. All the soldiers will be admitted free, and will likely proceed to the theatre in a body.

WALKER AND COOPER.

Walker will pitch to-day in St. Thomas, and the Saints, under their new leader, Bierbauer, will have to go some to win the game. "Dad" Stewart sent in his resignation last night and it was accepted.

STOPPED CAR.

There was a good deal of fun to-day in connection with the Pierson show band. In lieu of parading they have been using a street car, and the authorities decided to stop this. A rope was used and the police prohibited travel in this way. The car, minus its musical "innards," went back to the barns empty, and the musicians took another car from Market street back to the grounds.

CITY LEAGUE BASEBALL.

There will be two games in the city league to-morrow and both will be played on the Alerts' diamond, Terrace Hill. This is caused by the other attractions in the city using the grounds. Holmedale will meet Alerts and MacBrides bump up against Paris. The first game will be called at 2:30 sharp. These games count materially in the championship race. Should Paris beat MacBrides and Holmedale trim the Alerts the race will be anybody's. Good sport is sure to result.

BANTAM REGIMENT

The suggestion made yesterday by officers of the 13th Regiment that a bantam battalion should be organized, is meeting with favor around the city. Many men have volunteered for service who are under the regulation height of 5 feet 3 inches, but who are every bit as good as and they will maintain that they are just as fit for service as the bigger chaps. They only ask for a chance to show their worth. It is quite possible that they will be given every consideration shortly.—Hamilton Spectator.

FORMER BRANTFORDITES MAKE GENEROUS CONTRIBUTION TO MILITIA DEPARTMENT.

Woodstock, July 23.—Lieut.-Col. W. T. McMullen has received letters from John D. Patterson and his mother, Mrs. Patterson, enclosing cheques to be forwarded to the department of militia for the purchase of machine guns for service with the Canadians at the front. The cheques total \$2,250, which will provide three guns, one from Mrs. Patterson, and one from each of her two sons, J. D. Patterson of Woodstock, and A. S. Patterson of Melbourne, Australia.

Mr. J. D. Patterson is a former resident of Brantford, having at one time been connected with the Massey-Harris branch of the works in this city.

FUNERAL ARRANGEMENTS

Archdeacon and Mrs. Mackenzie arrived in the city last evening from Lakefield, and also Mr. Hugh Mackenzie. On the afternoon T. H. and B. train the remains of the late Mrs. Hedley will reach here, accompanied by her husband, Rev. Canon Hedley, Prof. Mackenzie of Toronto, Rev. Alec. Mackenzie of Lakefield and George of Ottawa. A short service will take place in Grace Church at 8:15 Saturday morning, and the cortege will proceed to Galt and interment take place in Trinity Church cemetery where there is a family burial plot. Rev. Patterson-Smythe will be in charge of the services at the church and also the grave. At the close of the Grace Church service the body will be conveyed to the cars of the Brantford Municipal Railway which will be in waiting at the corner of Church street and Brant avenue, leaving there at 8:50 for Galt. This arrangement, it is hoped, will meet the convenience of many Brantford friends who may desire to attend. The return will be made on the regular trips of the street railway, leaving Galt at 12:55 and every two hours thereafter.

DOUBLE-HEADER HERE WITH SAINTS TO-MORROW

The Brants will return to Brantford for a double header on Saturday, bringing the Saints along with them. The first game will start at 2:30 o'clock.

THESE GAMES WILL BE GOOD ONES, ESPECIALLY IF THE WARRIORS WIN TODAY'S GAME, AS THE SAINTS WILL PUT UP A STRONG FIGHT TO REGAIN THEIR OLD POSITION IN THE STANDING.

Tied up tighter than a bridal knot, Ottawa and Hamilton head the league, with a percentage of .554. Close behind comes Guelph looking for the first opportunity to hop in the first place pool. Then comes Brantford,

INQUEST ON DEATH OF MRS. HEDLEY

Jury Recommend Notices to be Placed on Railway.

(Special to the Courier)

Port Arthur, July 23.—The coroner's jury here last night found that Mrs. (Canon) Hedley was accidentally killed on the C. P. R. track at Current River bridge on Tuesday, July 20, and no blame could be attached to train crew. Little Helen Hedley who was injured in the same accident, is recovering slowly at the Railway, General and Marine Hospital.

The story told by Engineer Arnold, the chief witness, was corroborated by other witnesses, and was that he first saw two children on the track. He whistled and they passed off the track. He saw a lady on the other track, walking in an opposite direction to that in which the train was travelling, and who paid no attention when he whistled. She suddenly looked at two children who were with her and darted in front of his engine towards the other two children on the far side of the track.

"I struck her that instant and applied all the brakes and stopped the train."

Mrs. Hedley died from fracture of the skull on her way to the hospital. The jury recommended that notices be placed by the Parks board of the city at the spot where the accident happened, warning the public against taking risks, and urging them to use a subway which is provided to cross the tracks.

(Fort William Times-Journal)

Mrs. C. W. Hedley, wife of Canon Hedley, rector of St. John's Church, Port Arthur, was yesterday instantly killed at 12:30 o'clock to-day, when struck by a Canadian Pacific freight train on the west approach of the steel bridge crossing the Current river, at Current River park, Port Arthur. Her eldest daughter, Helen, a child of thirteen years, was badly shaken up, and three toes on her left foot were severed.

CHILDREN RAN ON BRIDGE

According to the engineer of the west bound train, which caused the fatality, several children were playing on the west approach to the bridge. It is feared that the engine of the train as it neared the crossing and was approaching. They ran to the bridge and climbed upon one of the big steel girders, where, if they had remained, they would have been perfectly safe.

Mrs. Hedley, when the children climbed upon the bridge was upon the east approach of the bridge, and evidently became excited at the nearness of the train and to the fact that her children were in a seemingly dangerous position, ran across the bridge upon the west approach, and was picked up one of the children only to be caught by one of the speeding cars and hurled beneath the wheels.

ENGINEER'S VERSION.

In his report of the accident the engineer of the train, which was known as extra Number 508, stated that when he saw the children climb upon the bridge he thought every thing was safe and made no effort to stop his engine. It was not until he saw Mrs. Hedley rush across from the east to the west approach of the bridge that he knew that a serious accident was imminent. It was then too late to bring the heavy train to a standstill.

CHILD ALSO INJURED

When picked up Mrs. Hedley was still alive and she, with her injured child, was rushed with all possible haste to the R.M. and G. hospital, but she died in the ambulance before her arrival there. Medical attention was immediately summoned and every thing possible is being done to save the life of the deceased child. It is not known just how badly she is injured, but the latest reports from the hospital were to the effect that she could recover.

CANON HEDLEY IN AMETHYST

Canon Hedley, husband of the deceased, is visiting to-day at Amethyst harbor. A fast motorboat is rapidly approaching him to acquaint him with the sad news and he will arrive in Port Arthur some time to-night, it is expected.

The late Mrs. Hedley was the daughter of Archdeacon Mackenzie of Brantford, and was thirty-five years old. She is survived by her husband and five small children, the youngest of whom is a son but two years old and the eldest, Helen, the little injured child.

The news of the fatal accident came as a great shock to the friends of the family in both cities.

DOUBLE-HEADER HERE WITH SAINTS TO-MORROW

The Brants will return to Brantford for a double header on Saturday, bringing the Saints along with them. The first game will start at 2:30 o'clock.

These games will be good ones, especially if the Warriors win today's game, as the Saints will put up a strong fight to regain their old position in the standing.

Tied up tighter than a bridal knot, Ottawa and Hamilton head the league, with a percentage of .554. Close behind comes Guelph looking for the first opportunity to hop in the first place pool. Then comes Brantford,

MOBILIZATION HERE.

Should the offer be accepted, a mobilization of part of this new unit will take place here, and Toronto and London will be district headquarters for Eastern and Western Ontario. Official sanction is awaited for this.

OFFICERS

Mr. Stander has also filed an application that one English speaking officer be loaned for each company and a commanding officer for each battalion. The men are keen to go and he will have no difficulty in securing his soldiers whenever he gives out the call.

WORD IS EXPECTED.

to-day or to-morrow from Ottawa and considerable impatience is manifested in awaiting this reply by the local Slav citizens.

WILL THEY BE ACCEPTED.

Is it possible that it is the intention

Gala Night With Duffs on To-night

To-night will be a gala night for the Dufferin Rifles recruiting campaign. A monster band concert and meeting is to be held to-night on the triangle opposite the armories. A platform will be erected, and the meeting will be presided over by Mayor Spence, His Honor Judge Hardy, Mr. W. G. Raymond and other noted local speakers will give addresses. A large crowd is looked for, and it is hoped that after to-night the few remaining men necessary to be obtained will have enlisted.

Several men presented themselves last night, but owing to one cause or another, such as gaining their parents' consent, etc., none of these have as yet been sworn in. They all likely will pass the obstacles and these, coupled with the men expected to join to-night, ought to more than supply the number asked for.

The recruits will leave for Niagara on Wednesday, although the time of leaving has not yet been settled. Arrangements regarding that will likely be concluded to-day.

Two Rowdies Got Deserts Last Night

The determination to have no rowdiness at the Pierson shows was well exemplified last night. The management are very rightly determined upon this course. Two local men who had apparently imbibed too freely in the early part of the evening appeared in front of the "Hoop La" tent as an exhibition was being given. One of the toughs passed an insulting remark to a girl performer and the manager very rightly struck him telling him to go away. This he refused to do, but High Constable Kerr, who just then reached the scene, sent the pair about their business.

The drunk was not satisfied, however, and wanted more trouble, so at eleven, he returned with some friends, just as the show people were preparing to give a large free exhibition.

"This man struck me in the mouth and I am going to get him," were the words shouted by the man.

The circus policeman and Constable Kerr were attracted and scenting trouble sent a call up to the local police station for aid. Constable Taylor and P. C. Borthwick went down post haste in an auto, and arrived in time to aid very materially.

One of the combatants, presumably one of the drunks drew a revolver, just which one, could not be ascertained in the mix-up, but at any rate Constable Kerr knocked it out of his hand.

The belligerents were finally brought to time.

The estate of Archbishop Quigley at Chicago, was valued at \$20,000. Paterson, N.J., will not allow the "Appeal to Reason" in its public library.

TO CORRECT A WRONG IMPRESSION

The title DOCTOR is the right form of address for men of different sciences, but it often results in confusion.

Many address me as Doctor without discriminating as to whether I am a Doctor of the science of medicine, or some other science. I am a Doctor of the science of Optometry—not a doctor of medicine. There is a wide difference between the science of Optometry and the science of medicine. As a Doctor of Optometry, I examine eyes to determine if glasses are needed, and if needed, what kind. In rare cases my examination shows that eyes are diseased—that glasses are NOT needed. In such cases I, as a Doctor of Optometry, refer the case to a physician, the Doctor of Medicine. When eyes are not diseased, but need glasses to improve the vision, I design, make, and fit glasses. In cases where both glasses and medical treatment are needed, I co-operate with the physician, each of us doing the work that comes within the province of our respective sciences.

I have a sincere appreciation of the title of Doctor. It is a recognition of my studies in the Optical College from which I was graduated, and the practice of Optometry—but I am a Doctor of Optometry, NOT OF MEDICINE.

With the City Police

A long session of the police court was presided over by Magistrate Livingston this morning.

The youngster who broke into the Brant Theatre a short time ago, was accused of burglary and shopbreaking. He pleaded guilty and the case was remanded until Monday.

H. D. Leuty, charged for breach of the bicycle by-law, did not appear so a warrant was served.

Maria Moore was fined \$1.00 and costs for assault and for being disorderly.

Two charges were made against Peter Hill, one being theft of wheat and the other that of shopbreaking. Both were adjourned until Tuesday.

The case against William J. Hill for theft of wheat will also be tried on Tuesday.

Two drunks were allowed to go with a warning.

Scranton, Pa., refused admission to Mormon women to preach in the streets.

THE PROBS

Toronto, July 23.—The barometer is comparatively high over the larger part of the Dominion, but a shallow trough of low pressure extends from the northern states, except for thun-derstorms in a few localities, the weather there has been fine throughout Can-ada.

MILITARY MEN PUZZLED OVER THE INVESTMENT

Of Ivangorod as Reported From Berlin To day.

By Special Wire to the Courier. London, July 23.—Over the Russian front, from the Baltic as far as the Bug, the only district in which the Austrians and Germans are not at-tempting a serious offensive lies op-posite the region of east Prussia, which is well defended by the Mazur-ian lakes. North and south of Kovno, German attacks are reported, but the chief fighting is in progress south of Ivangorod, Lublin, and Sheim, con-nected by the railroad line, which is of such value to the Russians and south of Sokol, on the Bug in Galicia near the Russian border. The report of the investment of Ivangorod in yes-terday's communication from the German war office, puzzles military experts who declare it is impossible that the great fortress could have been surrounded in a matter of days. From Warsaw, to the west of the Wis-tula, the Germans report a victory for the Russian positions and threw back their defenders into the fortress of Ivangorod. At the scene of the Siles-ian success is fifteen miles from the fortress, it is believed here the Ger-man official report must have been translated erroneously as claiming the investment of the fortress itself, when the cutting protecting forts were attacked.

ADMIT LOSSES.

The battle line north and south of Goritz has a tortuous front of about twenty-five miles. Swiss reports state that the Austrians already ad-vance the loss of 8,000 men within the last six days.

The battle of the Isonzo is now in its fifth day, and each day the Italian army has marked some progress. Goritz is now being closed in as within a vice from three sides, and important new points have been occupied on the Caras Plateau, where a number of violent engage-ments have taken place and several lines of Austrian trenches have been captured.

Refugees of Macedonia in Terrible State

By Special Wire to the Courier. London, July 23.—Despatches re-ceived from British Consul-General Greig at Monastir, Macedonia, indi-cate that the situation of the refugees in the town and district is very seri-ous. "So many people have succumb-ed to the effects of exposure and star-vation," says Mr. Greig, "and the crop prospects are so bad, that the outlook has become almost hopeless. Everywhere the distress is increas-ing in intensity.

DELIVERED TO-DAY.

Berlin, via London, July 23.—The new American note to Germany reached here during the night and was delivered to the foreign office by Ambassador Gerard at 1.12 o'clock this afternoon.

FURTHER GAINS MAKE ITALIANS DRIVE AHEAD

They are Enveloping Gorizia and Making Coup in Huge Move.

Milan, July 23.—The further pro-gress made by the Italians in the bat-tle on the Carso Hills is shown by the capture of 1,000 more prisoners, making the total number taken with-in the last three days 3,476, including 76 officers. A quantity of rifles and ammunition and several machine guns also fell into the hands of the Italians. The progress of this battle so near Trieste is being watched with intense interest all over Italy, and when Goritz falls there will be great rejoicing.

OTTAWA GIRLS RUSH TO SOLDIER'S BEDSIDE

Miss Jefferys, With Miss Buch-anan, Crosses the Atlantic on the Orduana.

New York, July 23.—With seven American citizens among the 195 pas-sengers, the Cunard Liner Orduana sailed for Liverpool yesterday. Her holds were well stocked with con-ra-bands, but her commander, Captain Thomas McComb Taylor, smiled grimly when he declared he had com-ing the German submarines coming but and felt confident he could do it again.

Refugees of Macedonia in Terrible State

By Special Wire to the Courier. London, July 23.—Despatches re-ceived from British Consul-General Greig at Monastir, Macedonia, indi-cate that the situation of the refugees in the town and district is very seri-ous. "So many people have succumb-ed to the effects of exposure and star-vation," says Mr. Greig, "and the crop prospects are so bad, that the outlook has become almost hopeless. Everywhere the distress is increas-ing in intensity.

NO DIVIDEND.

Winnipeg, Man., July 23.—The Free Press says to-day that owing to the continued dislocation of all branches of the Hudson's Bay Com-pany's business through the war, the governor and committee have decided not to recommend payment of a divi-dend this year on the ordinary shares.

Violent Tirade Against the British View

London, July 23.—The Hague cor-respondent of the Evening News says: "The Taeglich Rundschau publishes a violent tirade by Admiral Kirchhoff denouncing the English official verdict on the Lusitania case and declaring that submarine attacks on merchantmen will be continued regardless of the fate of neutrals."

BIG GRAFT GRAB.

Morden, Man., July 23.—Addressing the convention which nominated Hon. Valentine Winkler for the Legislature Hon. A. B. Hudson, attorney-general, declared that two million dollars was the amount of the graft that the par-liament buildings frauds were expect-ed to yield. He declared that three steel contracts totalled an extra of \$1,250,000, while he said, two hundred thousand dollars would probably have been paid for all the extra steel required. This, he said, left about one million dollars graft from steel alone, while another million was to come out of caissons and other extras.

Wilson Has Mexico on His Mind

Despatch of German Note Leaves Way Clear to Consider Situation.

By Special Wire to the Courier. Washington, July 23.—The Mexican situation again came to the forefront to-day with a conference between President Wilson and officials of the American Red Cross who have virtu-ally abandoned their campaign for the relief of non-combatants in the chaotic conditions there. The despatch too, of the note to Germany caused officials to turn their attention to Mexican affairs, although no decisive move in that direction is contemplat-ed at present.

Refugees of Macedonia in Terrible State

By Special Wire to the Courier. London, July 23.—Despatches re-ceived from British Consul-General Greig at Monastir, Macedonia, indi-cate that the situation of the refugees in the town and district is very seri-ous. "So many people have succumb-ed to the effects of exposure and star-vation," says Mr. Greig, "and the crop prospects are so bad, that the outlook has become almost hopeless.
