

NEWS FROM NORFOLK COUNTY

ELEVEN YEAR OLD SOLDIER OF THE SOIL

Drove Three Horse Team and Ploughed on Farm for Two Days

NEWS FROM SIMCOE

(From our own Correspondent) Simcoe, May 30.—Arvill Post, an eleven-year-old youngster of Lynn Valley, was not at school last Friday. He sent a message to the teacher stating that he was urgently needed at home, and on that and the following day, while his father was busy planting corn, the farm horses were not idle. The young lad, whose shoulders were hardly as high as the hands of the gang plow, drove a three-horse team and ploughed throughout both days. Geo. Cornack of Robinson street, is a grandfather of the boy.

Is This Conservation?

Advice is to hand that the milk can of Albert Redhead, a Teesdale farmer, was left on the stand by the teamster Lamont Smith, who has a contract to draw the milk from the district to Kelvin, from which sub-centre it is taken to one of the Oxford condensers. The reason given is because Redhead was a supporter of the Union Government, and refused to sign a petition asking W. A. Charlton to resign, or both. We hope that the matter is idle rumor, but with it comes news that at a recent meeting of the Bookers' farmers' club, a motion was passed suspending all conscientious from membership. We understand that in due time the net will be drawn in, and if the public learns that some citizens have to appear on a charge of wasting food stuffs or conspiracy, there may be no surprise.

Our informants did not blame young Smith personally, but thought that he was acting on the advice of others.

In "Blighty" in England Lt. J. H. McKnight has been in "Blighty," in England for more than a month now. Apparently his first letter home since he was incapacitated for service has evidently been carried, for Mrs. McKnight has as yet received only indefinite advice that he has trouble in an ear. The name has not appeared in the casualty list, or, if so, has not attracted the attention of relatives here.

Noted for Longevity The maiden name of the late Mrs. Jacob Mifflin, whose funeral at Forestville, took place from here to-day, was Mary Jane Secord. Mrs. Joseph Simmons, of Forestville, a sister, is now 75 years of age, and in the same district is a brother, James Secord, aged 86, still active and in good health.

Historic Hunter's Trap Mr. Secord cherishes a trap by which a great uncle, when at the age of 103 years, and resident in the Niagara district, caught a wolf. The successful trapper then carried the animal 20 miles to claim the Government bounty—a comparatively small pittance for the trip. Early records show however, that the survivors who ran the lines over the frontiers, received but a few pennies, and found their own sustenance.

Executive of Patriotic Meets The executive committee of the Patriotic Association met yesterday afternoon and arranged with Warden Buck for a meeting of the association next Wednesday at 4.30 p. m. We understand that the representatives of the Y. M. C. A. have been assigned to appear before council an hour earlier on the same day.

The executive declined to make any representation to the council, pro or con, regarding the continuance of the \$5000 monthly contribution to the patriotic fund.

Fish at Lower Cost Vendor Robert Rawling retailed yesterday the first consignment of Government fish to reach Simcoe. The lot was all lake trout, and was picked up at 15 cents a pound, killed and dressed with head on. Mr. Rawling did some delivering from door to door, but had no difficulty in getting rid of the lot at his stall, corner Robinson and Talbot, when it became known the shipment was in.

THEATRES FOR MEN AT FRONT

American Managers Evolving Schemes—French Theatre is Very Popular

(By Olga Racster, in New York Sun) How to entertain the soldiers in camp is a question occupying the minds of busy theatrical managers in the United States and such men as Marc Klaw, Sam Harris, Geo. Cohan and Irving Berlin are giving their time and energy to a wonderful scheme of Liberty theatres, to which the soldier in camp will be admitted for the maximum price of 25 cents

In England Miss Lena Aswell, the well-known actress, and J. T. Grein, the dramatic critic of the Sunday Times, of London, have organized an active scheme for providing concert parties and theatrical entertainments at the front, and most of the leading singers, actors and actresses of England have been over to France and rejoiced the hearts of the men in the trenches. Wason Russia was fighting the bioscope was the great attraction; in France the Theatre du Front has been carried out on an elaborate and effective plan.

The Theatre du Front of the French army may rank as a tradition of war. It is in reality a revival for it has its ancestors in the celebrated Theatre la Guerre, which existed in the days when the famous Marshal Saxe fought in Flanders over a century and a half ago the great general was there with a finely organized expeditionary force, which included a theatre.

Mme. Favart was at that time the special star of the Opera Comique and her husband, who was an actor, directed the marshal's views on the subject of providing amusement for the army.

"I appoint you the superintendent of my comedie," the marshal wrote, in 1747. "I am persuaded that you will make every effort to see it flourish; but do not think I look upon it simply as an amusement; it takes a place in my political outlook and in the goal of my military operations.

Saxe, knowing the temperament of those under his command, understood that the verse of a song produced more effect than his finest speeches, and before battle it was his custom to treat his men to a performance at the theatre.

War now means something very different from what it did in the days of the marshal. There would be no time for Cyrano de Bergerac to declaim his verses with a smile on his lips and the point of the sword at his heart. Still, the man in the trenches has the capacity to enjoy and every chance which he may have of returning to normal conditions is said to put new strength into him.

His opportunities are not lacking from the Somme to the Vosges the hero can now and again imagine himself back in his beloved Paris as he stands amid the crowd which presses forward to see some performance at the Theatre du Front. Perhaps he has come twenty miles or more on foot after a day in the trenches. Perhaps he has come even further from a hard day's digging; perhaps he has actually been fighting!

No matter from where he comes, he is keen for his theatre. He shares in the intense excitement which permeates his comrades. Among the men who have come from the four corners of France he waits to pass through the little door which will only permit the audience to enter one at a time. Some of the younger soldiers, finding the delay tedious, organize a combined push against the older men on whom the extra pressure has no effect. More boots are heard along the village street and more soldiers add to the concourse of men in blue. Some pretend to be lame. Others they read that a famous play with famous artists is to be performed for their benefit they shrug their shoulders: "It is in Paris that one should see it. In this little district what can one expect?" A professor from one of the French colleges waits patiently for his turn to enter. "It is the first time I have been to the Comedie Francaise on foot," he remarks, "and gone in with the gallery."

Inside the theatre, which is lighted with electricity, everything is perfect. Cards denote the places for each unit. There is a line of stalls reserved for the staff officers and the Red Cross nurses. The orchestra is in its place; all is ready. Outside the pushing and huddling

grows more persistent. Some soldiers resort to the trick of crawling in on hands and knees between the legs of their comrades; others manage to climb up six feet or so and enter by the ventilators. Some bring their dogs; others offer mutual hospitality with doughnuts which can be bought at three sous each in one corner of the theatre, where they are being fried. Presently, but after a slow process, calm settles on the assembly, and then occurs one of those strange events in the history of the theatre of to-day—the performance of a noted play, by noted artists, witnessed by the men in the blue uniform of France; men with tanned faces, who in a few hours will be back in the trenches risking their lives!

"They are magnificent!" said Mme. Strahl Bernhardt after one of her performances at the Theatre du Front. "They are charming! Never before have I felt more vividly the sanctity of art; I was proud to speak verses with noble thoughts before such men!"

The name of George Scott, the artist, will be indelibly associated with the Theatre du Front, for it was he who designated and brought it into use. It had its origin in a visit which he made to Saint-Amarin in Alsace, where he had been asked to exercise his taste in organizing and decorating a recreation room for the soldiers. He went there for two days. He remained two months and paid strict attention to every demand and need that he even erected a small stage where amateur theatrical performance could be given. The example was quickly followed in places where other regiments were stationed, and at length the interest of the minister of war was enlisted to such good purpose that Emile Fabre, acting administrator of the Comedie Francaise, arranged with the aid of M. Dahmier, under secretary of the arts, for regular tours of artists from the Paris opera, the Opera Comique, and the Comedie Francaise. All the great artists of the day were by this arrangement enabled to perform before the soldiers at the front.

It was Paris brought to the trenches. But the plan was not entirely satisfactory. A little experience showed that a permanent but moveable theatre which could be taken from place to place would cost less money and entail less difficulty. The idea was approved by the military authorities, with the result that a charming enclosed stage, with a handsome proscenium, decorated by well-known artists, a curtain and everything in the manner of a big theatre, has been taken to the various cantonments, as desired.

The whole appearance of the theatre is elegant and worthy of those great artists and singers who have gone to cheer the soldier with their best and brightest. One and all they have been proud of the honor, and spoken with emotion of those marvelous hours spent with their brave audiences in the Theatre du Front.

Battleplane "Ontario" presented by the Government of Ontario through the Canadian Aviation Fund, to His Majesty's Government, and now operating in France. The machine is known as the Bristol Fighter, 1917, and has a Rolls-Royce engine. It is built by the British and Colonial Aeroplane Company of Bristol and designed by Captain Barnwell a pioneer of flying in Scotland. This is one of the most largely used and successful fighting machines at present in operation.

War Garden Bulletin

Practical Daily Guide for Vacant Lot and Backyard Gardeners Enlisted in Great War Production Campaign.

Issued by the Canada Food Board in collaboration with experts on the staff of the Dominion Experimental Farm.

CONTROL FLEA BEETLES.

The small dark coloured "flea beetles," one-twentieth to one-quarter of an inch in length, so-called from their habit of leaping or jumping, eat holes into the leaves of turnips, radishes, potatoes, and quickly destroyed. The potato flea beetle feeds upon the foliage of the potato, potato, cabbage, cucumber, bean, tobacco, squash, etc. The Turnip Flea Beetle, also, occurs regularly in the vegetable garden. The red-headed flea beetle is destructive to potatoes and beans. Infested plants should be promptly sprayed with an arsenical mixture containing either Paris green or arsenate of lead, or with Bordeaux mixture alone. The latter acts as a deterrent.

Miss Jean Jackson returned yesterday from a week spent in Buffalo.

NEW RIVETING RECORD

By Courier Leased Wire Belfast, May 30.—A new riveting record was made at Queen's Island Tuesday by John Lowry, who drove 7,841 rivets in nine hours. He also established a record for an hour with 322 rivets.

INCREASED HUN INFLUENCE

By Courier Leased Wire Stockholm, May 30.—The new Finnish cabinet formed by Senator Paasikivi indicates increased German influence in the Finnish Government and has resulted in a further request by General Mannerheim, commander of the Finnish troops, demanding that his resignation be accepted. The General is opposed to German intervention and the Germanization of the Finnish army. Col. Volsteleff, the new war minister, is working in close connection with German headquarters. It is believed that a number of Swedish officers now serving in the Finnish army, will follow General Mannerheim into retirement.

TO IMPROVE CONDITIONS.

By Courier Leased Wire Ottawa, May 29.—In response to a complaint from the Ontario Associated Boards of Trade with regard to the careless delivery of freight at flag stations, Commissioner Goodeve of the Dominion Railway Commission, has ordered the railways to improve existing conditions. Damage to goods set off at such stations must be accounted for by railway employees; conductors must keep a better check on goods, and in addition to the present practice of the conductors delivering the way bills at the nearest station where there is an agent that agent must in future notify the consignee by postcard.

LOCAL PASTOR IS A SPEAKER AT CONVENTION

Rev. J. D. Fitzpatrick, of Brant Ave. Church Addressed Hamilton Conference

MEETING IN GUELPH

THE SITUATION

London newspapers, and apparently the general public also, are taking the news from the Western front in a very philosophical manner. That it is not good news all are very well aware, but the confidence seems to prevail that the last Hun offensive, like the previous one, will finally be brought to a halt...

By Courier Leased Wire. Guelph, Ont., May 30.—The Hamilton Methodist Conference was officially opened this afternoon with 400 delegates in attendance...

Rev. H. B. Christie, B.A., presided at the opening meeting this morning of the Theological Union in the Dublin Street Church. The feature of the meeting was a lecture by Rev. J. D. Fitzpatrick of Brantford, a former pastor of Norfolk Street Church...

In dealing with the millennium at the beginning of his address, Mr. Fitzpatrick pointed out that Christ during his ministry knew nothing significantly about it...

The British Admiralty announces the sinking in the Mediterranean, by an enemy submarine, of the Troopship Leasow Castle. The drowned total one hundred and one, including thirteen officers.

THE WINNIPEG STRIKE

It is not too much to say that the eyes of the entire Dominion were upon the result of the recent strike in above city with regard to the walk out of the fire brigade, and later other civic employes. The Manitoba Free Press thus summarizes the outcome: "Human nature being what it is, there will doubtless be claims and counter-claims as to how far this adjustment is a victory for the council or for the strikers. This is a matter of no real consequence. The important thing is that this is a victory of the most substantial kind for the public."

The prediction can be made with some measure of confidence that this city has seen the end of serious labor troubles in connection with the operation of its public utilities. The business of the peremptory ultimatum followed by the walk out has been permanently outlawed. One of the most significant features of the discussion which has been going on for the past ten days was the total absence, on the part of the leaders of labor of any attempt to justify or exalt the resort to the strike in advance of arbitration. By universal consent this was dropped overboard as a practice too anti-social to be longer tolerated.

The settlement, with regard to firemen, having been made along the lines suggested by the citizens' committee, its acceptance by all, in good part is, desirable. The general provision for arbitration, buttressed by a special engagement with respect to strikers, doubtless reduces the probability of any recurrence of this trouble to a degree which should remove apprehensions. This is, after all, a matter more of spirit than of words; and there ought to grow up in the firehalls, a convention, in time to become a tradition, that firemen stay at their posts whatever may betide."

N. AND C.

Just make those letters W. H. A. read "Will Help Along," and do your duty by the Hospital Nurses on "Rose Day."

John Bull is still full of hopeful determination, and the French are not lagging one bit behind.

A man in the States has been fined \$1,000 for drinking a glass of beer to the health of the Kaiser. He must realize now that it was biters.

Those huge Miller Profits do not sound like the flour of a blameless life. It is said that Hon. Dr. Cody proposes to retain the rectorship of St. Paul's church, Toronto, as well as filling the duties of Minister of Education. This should not be.

NEW COAL ALLOTMENT

Washington, May 30.—Under the new allotment of anthracite coal for the year ending next April, announced last night by the fuel administration, the supply to the Trans-Mississippi territory and the twenty-four southern and western states has been entirely discontinued. The allotments to the central and northwestern states and Canada have been decreased, and those to New England and Atlantic states increased. The allotment to Canada in tons was not announced.

MAKING PROGRESS

By Courier Leased Wire Vancouver, B.C., May 30.—Senator Robertson peacemaker between striking shipyard workers and operators last night expressed the view that he was making satisfactory progress in the settlement of wage disputes which have tied up the Columbia shipbuilding. A decision is expected to-day.

ACTION ENDORSED

By Courier Leased Wire Victoria, B. C., May 30.—The executive of the Army and Navy Veterans, Victoria branch, passed a resolution endorsing the action of the returned soldiers in volunteering to carry on work in the shipyards pending settlement of the strike.

AGGRESSIVE JAPAN

The possibility of the Japanese Government securing oil in Mexico came before the committee on the Industrial Mobilization of the Japanese Diet just before adjournment of that body. Admiral Kato, the Minister of Marine, said that the Government was making investigations with regard to the oil fields in Mexico but that for diplomatic reasons he could not go into details. The Government was also considering the advisability of prospecting for oil in Formosa. Dr. Takahashi, of the House of Peers, suggested that Japan should make endeavors to dig wells in Mexico without bothering about the views of the United States, and Viscount Koshiro Inouye added that as long as the United States does not scruple about extending her influence in Siberia, Japan had no reason for refraining from activity in Mexico. Admiral Kato said he could not discuss the matter. The oil question arises from the fact that the Japanese navy has insufficient quantities of heavy oil for use in war time and that it will be necessary to construct storage tanks as well as to purchase supplies abroad.

No Opera In Japanese.

After nearly three years of effort to successfully adapt the French and Italian operas to the Japanese stage, the curtain has been pulled down at his theatre in Tokio. His net loss on the experiment is \$17,000. On the final night, Feb. 23rd, "Cavalletta" was given with native singers and was well received. After the close of the performance, creditors attached the scenery and wardrobes. Signor Rossi has been in Japan for six years and is personally popular. His misfortune is expressed by the public at his misfortunes, because he has generously loaned his theatre gratuitously for many charitable performances. Signor Rossi is now at home in his apartment in the city.

Was Too Busy.

Teacher—Have you ever seen bananas growing? Archibald—No, ma'am; I never had time to stand and watch them.

For burglarizing a number of stores in his home town, Donald, John Wallace, an 18 year old colored youth, was sentenced to serve two years in the Ontario Reformatory.

Herbert Taylor, for two years town constable, of Listowel, was electrocuted when switching off the current from a motor on a 550-volt line at the spinning plant of the Perfect Knits Limited.

A cargo of some 6,500 tons of Hawaiian sugar, the first shipment of a total of 25,000 tons being devoted to Canadian refineries under an international agreement, has reached British Columbia.

GREAT LAKES STEAMSHIP SERVICE Canadian Pacific Steamship "Manitoba" now leaves Owen Sound 10 30 p.m. each Thursday for Sault Ste. Marie, Port Arthur and Fort William. Steamships "Kewatin" and "Assiniboia" will sail from Port Maitland Wednesdays and Saturdays.

BOARD OF CONCILIATION

By Courier Leased Wire Ottawa, May 30.—A board of conciliation to inquire into the dispute between the dining car employes on the Canadian Pacific Railway, western lines, and the company, has been established by the Minister of Labour. The employes have selected Victor R. Midgeley as their representative, but the company's representative has not yet been appointed. The dispute between the company and the employes has arisen because of the former's decision to employ colored men on dining car work in the west. The men claim that already a large number of white dining car employees have been discharged. The company, it is said, says that the employment of colored men will release white men for more necessary war work.

OPERATIONS IN MACEDONIA

By Courier Leased Wire Paris, May 30.—Reporting on operations in Macedonia, an official statement from the war office last night says: "Army of the East, May 27. There were reciprocal artillery actions west of Lake Doiran on the right bank of the Vardar and in the region of Vetrenik. A French despatch carried out a successful surprise attack against an enemy post southwest of Givgheli. An enemy attempt to attack Serbian trenches southeast of Gradestina was repulsed."

Women Everywhere Use Lemon Juice To Beautify Skin The beauty lotion which is becoming so popular throughout the country is easily prepared by anyone, and a whole quart jar of it doesn't cost any more than a small jar of the common, ordinary cold cream.

Add the juice of two fresh lemons to three ounces of orchard white and shake well in a bottle. Strain the lemon juice two or three times through a fine cloth so no pulp gets into the lotion, then it will keep fresh for months. Regardless of what price you pay or how highly advertised, there is nothing else really more meritorious in beauty, softening and clearing the skin. As a tan and blemish remover, also to remove oiliness and sallowness, lemon juice has no rival.

Lemons have always been used to bleach the skin, but pure lemon juice is too highly acid, therefore should never be used except in this manner. If properly prepared, this sweetly fragrant lotion will speak for itself. Any drug store will supply the three ounces of orchard white at very little cost, and the grocer will pre-destroyed a barn owned by Ed. Barber, near Kingston, together with "Assiniboia" will sail from Port Maitland Wednesdays and Saturdays.

Margaret Garrett's Husband By Jane Phelps

CHAPTER LXVII A Slight Awakening The Saturday before we were to move into our new home at Crotona, New Jersey, Bob and I motored down to see that the workmen had done as they had promised regarding the changes we had had. Everything was most satisfactory, and as Bob and I stood at a window on the second floor which overlooked the lake, and through which we caught a glimpse of distant hills, I remarked: "This must be our room, Bob. The children can have the rear room and this one adjoining I will fix up as a sewing room," the latter, a small room opening out of the large one I had chosen as our sleeping room. "This shall be your room, Margaret, I will take the small room, and fit it up for myself. I selected the furniture yesterday," Bob replied and it seemed to me that he made an effort to speak casually. "Oh, Bob, you aren't going to commence to bring your business into your room? I am afraid you wouldn't have time to do anything aside from your real estate. If you have an office fitted up in the house I am so afraid you'll spend too much time in it—time that belongs to me."

SAFETY DEPOSIT BOXES! You will need one in which to put your War Loan Bonds. In order to meet the demand, Royal Loan & Savings Co. has recently installed another hundred Steel Safety Boxes, in their deposit vault, and will be pleased to have the public call and inspect the same.

HOME ON LEAVE

Flight Lieut. J. A. Baker, R.A.F. who was so seriously injured while in service in France November last, returned to the city this morning on leave of absence. He landed at New York on Saturday afternoon.

MUST GET LICENSE

The Canada Food Board has issued a warning to public eating places that it will be illegal for them to continue in business after June 1 unless they have received a license from the Food Board.

DIED IN WOODSTOCK

A dispatch from Woodstock says: The death occurred last evening of one of Woodstock's highly respected citizens in the person of John Blackwood, aged 68 years. He was born in Paris, but lived most of his life in this city.

HYPNOTIST ARRANGED

At Chateau, Quebec, on Monday of this week, "Doctor" Zell Hunt was arraigned at the Assizes, charged with conducting public exhibitions of hypnotism and mind reading. Doctor Hunt has appeared in local theatres on several occasions.

MORE AUTO RECIPROCIITY

Ontario motorists may now drive in 26 states of the American Union without paying an extra tax. The Orders-in-Council have been passed by the Government providing for reciprocity in auto licenses with Colorado and Nebraska. Under the reciprocity arrangement motorists from those states are permitted to stay in Ontario for 30 days without a license in return for a similar privilege to Ontario motorists.

A READY RESPONSE

"We are more than pleased with the response to the canvass for the nurses' home, which is being made throughout the city this week," stated an official of the Women's Hospital Aid to the Courier this morning. "The response has been very good in fact the collectors have hardly met with a refusal. There have been many large subscriptions, as well as smaller ones, and quite a number of like memberships have been taken out." Mrs. J. Henley and a band of collectors visited Paris today, in the interests of the fund. Rose Day will be observed in the city on Saturday.

GARDEN FETE

Owing to the showers which took place yesterday, it was impossible to play tennis at the garden fete yesterday at the home of Mr. Arthur Kohl, 36 Dufferin Avenue. Many, however, attended the sale of garden utilities and refreshments, a patriotic cause. Mrs. Rodinska, one of Detroit's best Polish soloists, gave several pleasing solos, accompanied by Mr. Thomas. Mrs. Rodinska has a very beautiful voice, and her singing was well received by all. The affair will be continued to-day, and with fair weather prevalent, a greater success is expected. Already \$400 has been realized for aid to French refugees and wounded soldiers.

To-day is the feast of Corpus Christi in the Anglican and Roman Catholic churches. The feast will be held in St. Basil's on Sunday next, when the customary procession of the Blessed Sacrament will take place.

BAPTIST CONVENTION

The Baptist Conference of Brant and Oxford counties will meet in the City Baptist church here next week. The session will be a three-day one.

PLAY-OFF POSTPONED

Bad weather spoiled the plans of the B. I. R. League to hold the inter-factory championship events at Agricultural Park last night, and the event was postponed. A general meeting will be held in the Y. M. C. A. to-night to make arrangements for the events and discuss other matters.

MUST WRITE TO TORONTO

The city clerk's office has been crowded every day during the past week with men in the 19 year old class. It is not clearly understood that the city clerk has nothing whatever to do with the registration proceedings, and it is useless to go to the city hall to register. All registrars should be handed in at the registered letter department of the post office, and will be sent free of charge to the registrar, Toronto.

BUILDING PERMITS

Dr. F. W. Landymore has been issued a permit for the erection of a brick dwelling at 63 Lorrie Crescent, estimated to cost \$5,500. Permits have also been issued to Richard Jones, 42 Welling street, \$40, for a frame verandah, and Henry Jones, 61 Mohawk street, \$95 frame verandah.

MEET AT DOVER

The committee to make arrangements for a get together day in connection with the Port Dover harbor, is holding a conference at Port Dover this afternoon, and the local representatives left on the 1.45 car. The committee is made up of members of the Boards of Trade in Brantford, Preston, Galt, Hespeler, Waterloo, Kitchener, Paris, Simcoe, Elmira, Woodstock and Waterford. The Port Dover board of trade has arranged the program. About thirty are expected to attend.

ATTENDING CONFERENCE

Members of the Boards of Trade from Brantford district are attending the Hamilton Methodist conference in Guelph this week. Wellington street, Geo. W. Henderson; Brant Avenue, John D. Fitzpatrick; Colborne St., Clark F. Logan; Wesley Church, St. E. Marshall; Sydenham Street, William Smythe; Oxford St., Wray R. Smith; Marlborough Street, John E. Peters; Paris, Joseph H. Wells; St. George, William J. Brandon; Copetown, Wm. K. Allen; Lynden, Geo. A. Croy; Trenton, J. Aquila Evans; Jerseyville, Howard F. Deller; Cainsville, Geo. W. Down; Mount Pleasant, E. S. Moyer; Six Nations, Thos. Whitebeams; New Credit, John Neilson. Mr. A. Scruton, of this city, is secretary of the laymen's association, and Mr. C. P. McGregor president.

Large advertisement for Neill Shoe Co. featuring "Life Buoy" and "Admiral" brand shoes. Text: "Ask For The LIFE BUOY and ADMIRAL Outing SHOES. THEY ARE THE BEST. We Sell Them. Neill Shoe Co. 158 Colborne Street, Brantford."

SETTLED

The Street Railway Commission have reached a settlement with the employees. They are getting 23c, 26c and 28c per hour for first, second and third year men respectively and 32c, 34c and 36c. The agreement has been reached at 29c, 31c and 32c.

MECHANICS WANTED

More mechanics are wanted for the Royal Air Force in Canada through the creation of new units. This branch of the service is only open to men outside the ages and requirements of the Military Service Act—that is, men over 35 years of age or married men.

REPORTED ILL

This afternoon's official casualty list contains the name of W. S. Gains of this city, 311, Pte. Ginn, whose home is at 38 Pearl street, went overseas with the first Brant county battalion. He is unmarried, of English birth and was formerly employed as a painter.

INSPECTED CLASS

Dr. Helen MacMurchy of Toronto, Provincial Nurse of the Ontario Department of Education, paid a visit to the city yesterday, to inspect the auxiliary class—composed of defective or backward children—at Central School. A report will be submitted to the Board of Education next week.

IS WITH Y.M.C.A.

Word has been received by his father here, Mr. George Sage, that Corporal Harold Sage, late of the 43rd Battery, Canadian Field Artillery, whose mother died last week, is now in Southern France in charge of a Y.M.C.A. tent. Corporal Sage, after two years' service, has been incapacitated for further service in the firing line.

MEN RAISED UNDER M.S.A.

Upward of fifty per cent. of the first 100,000 men who were to be raised through the Military Service Act have been placed in the army. Although no official figures have been issued, it is understood that fifty per cent is not a high figure. Returns are now fairly satisfactory, and Quebec is coming along fairly well.

POLICE COURT

Steve Masluk and John Muriaka, two Russians, appeared in the police court this morning. Masluk was charged with the assault on Muriaka who was fined \$5 and costs. Fred Macdonald, a taxi driver, charged with speeding was fined \$10 and costs. Wm. Williams appeared on a charge of allowing his horse to trespass on the property of Josephine Sears. Williams was warned and allowed to go after paying costs.

MORE FISH EATEN

Reports received by the Canada Food Board regarding fish sales in all parts of Canada, show increased sales in the amount of fish which is being eaten as a substitute for meat and other foods overseas. In one Ontario city, the sales from January to April inclusive exceeded the sales for the corresponding period last year by 67,000 pounds, an increase of more than 75 per cent. Reports from other places show large increases. One of the most satisfactory features about the increase in fish consumption is that the sales are almost evenly divided over the six business days of the week. Until last year, in most parts of Canada, fish sales were concentrated largely on Friday.

UTILIZE ALIEN LABOR

By Courier Service, May 29.—That alien enemy labor should be utilized and that naturalization should be confined on all alien enemies in the country was the idea expressed last night at a meeting of the Imperial Order Sons of the Empire, held in the Windsor Hotel. It was contended that they should be treated as subjects under the old law and that either by conscription or otherwise their labor should be employed for the good of the country. It was decided by resolution to carry on a campaign, in co-operation with other societies throughout the Dominion, for the employment of alien labor on the farms in Canada in the same manner as in Great Britain.

NATIONAL COUNCIL

An urgent war work, and the stupendous task of registration has necessitated curtailing the usual length of the annual conference of the Women's National Council from June 11th to 14th, ending in an executive meeting the morning of the 15th. Convenors and committees in charge of local arrangements—Hospitality committee: Mrs. O'Brien, convener; Mrs. D. J. Waters, Mrs. J. Spence, Mrs. T. H. Jones, Mrs. Brewster, Mrs. McFarland, Mrs. J. Adams, Mrs. H. K. Jordan. Entertainment committee: Mrs. G. P. Buck, convener; Mrs. G. Smith, Mrs. D. Reville, Mrs. Marquis, Mrs. H. Cockshutt, Miss Gibson. Reception committee: Mrs. Malcolm, convener. Local arrangement: Mrs. C. T. Raymond, convener; Mrs. W. T. Tilley, Miss E. Buck, Mrs. Ryerson.

AT NIAGARA

A dispatch from Niagara Camp says: "The first detachment of the 2nd Depot Battalion, 2nd C. O. R., due in camp to-day, came from Brantford at noon about 450 strong, commanded by Lieut.-Colonel A. J. McCausland, formerly of the 74th battalion, and 310 men the same Depot Battalion from Oshawa arrived by boat this afternoon, Major Baxter in command. With the arrival of the Railway Construction Depot from Hamilton to-day of education Canadian Camp units will be completed. The Polish camp had an addition to-day of 75 men, 57 of whom came from Chicago.

Fighting Disease in the Armies

THE most successful warfare ever waged by man has been carried on continuously for the last thirty years against disease germs.

Take tetanus (commonly called "lockjaw") for example. The bacillus that causes it is one of the most virulent known. It requires 1,000,000,000 ordinary gas-producing germs to kill a man, but 1,000 tetanus bacilli will destroy him.

During the American Civil War "lockjaw" caused a frightful mortality. It killed ninety men out of every 100 attacked. But in 1884 the bacillus was discovered, and then it was not a very difficult matter to make a "serum" that would furnish protection against it.

The germs of tetanus are shaped like small arrows. They make their home in the intestines of animals, particularly horses. The soil of France and Belgium is full of germs, ready to get into the fresh wounds of fighting men.

If it were not for the anti-tetanus serum whole armies in this war would be literally swept away. As it is, the complete cure would not be obtained unless every wounded soldier, the moment he reached a surgeon, gets a dose of the remedy (by injection), and is thereby protected. "Lockjaw" has been almost eliminated.

In discussing this subject, Dr. W. Keen calls attention to the fact that in Uncle Sam's little bickering with Spain, in 1898, no fewer than 26,738 of the American soldiers were taken with typhoid, the deaths from this cause numbering 1,580. The United States army at that time numbered 107,973 men. Hence it appears that every fifth soldier fell ill of typhoid!

The British armies in various European fields now number at least 5,000,000. If they had suffered as the Americans suffered during the war with Spain something like 1,000,000 cases of typhoid would have developed. As a matter of fact, there have been only about 5,000 cases of typhoid in the British armies since the war began.

The anti-typhoid vaccine (more properly called a "bacterin") is made in a very simple way, by breeding typhoid germs in gelatin and killing them with heat. They are thus made harmless, but their peculiar poison (in a preparation of the gelatin for hypodermic use) causes the cells of the human body to manufacture a counter-poison that defeats any attempt of the typhoid bacilli to invade the system.

The effectiveness of the anti-typhoid bacterin may be judged from the fact that in five years, from 1911 to 1915 (exclusive) over 200,000 men made compulsory, there were only fifteen deaths from typhoid in the United States army. On the Mexican front typhoid was rife near the camps, only one man among 20,000 troops fell ill with typhoid; and he was a civilian who had accidentally escaped vaccination!

In all the wars of history typhoid fever has been one of the great destroyers of armies. But, as it would appear, science has almost wholly wiped it off the slate.

Japan in Siberia.

The interests of all the allies and particularly of Japan, China and America are best safeguarded and assured by the establishment of a stable, orderly and democratic government in Russia. Under these circumstances, what practical results may be expected from the intervention in Siberia on the part of the Japanese alone? Such a step might result in an antagonism against the allies; and any Japanese action, however laudable, under conditions of operations which lies nearly five thousand miles away from the present centers of German activity, would be of little avail, unless the military supplies which we have apparently remained secure and the Chinese Government has already taken over control of the railroad section point at Harbin, which in turn is a necessary condition of the portion of the Trans-Siberian railroad running to Vladivostok. If, as might easily result, Japanese action should cause a more active antagonism of the Russian people, it would require months before Japan could get in touch with German operations in Russia. Russia must not be alienated from the allies to be saved by Germany.—Asia Magazine.

LEAGUE NOT WORRYING

Confident That Orcutt and Lee Will Receive Amateur Status

A special session of the executive of the city baseball league was held last night, at which the charges made by Hamilton, in regard to the playing of Orcutt and Lee as amateurs, were discussed. As a result, W. Scruton will represent the league at the O.A.B.A. executive meeting at Hamilton tonight. No trouble is anticipated as a result of the meeting, for prior to the opening of the season, permission was obtained to play both the men in question until their cases were finally settled. The Hamilton Spectator, taking a far more reasonable attitude in the matter than the Herald, said last night:

"A meeting of the Ontario Amateur Baseball association will be held here tomorrow night, when the cases of Bradley and Orcutt, former Canadian league players, who have been figuring in the Brantford league games, will be dealt with. There is only one thing for the commission to do, and just why a meeting should be called to do it is hard to understand. The Brantford officials were notified before the season opened that the men were not eligible, but in the face of that the men figured on the team. It is claimed by Brantford that Harvey Muir was reinstated, and that he was either Orcutt or Bradley, and the very Brantford people could see no particular reason why any partiality should be shown. Muir is on the amateur blacklist at present, for the simple reason that after being whitewashed once he erred again, and the very people who reinstated Muir are the ones who are making the strongest kick about Orcutt and Bradley. It's funny what a difference just a few short years will make."

The Spectator pointed out at the time that Muir was reinstated that a bad precedent had been set, and the Brantford case shows that the Spectator's view was right. Brantford was just as much right to expect Orcutt and Bradley to be whitewashed as Hamilton had to expect favors for Muir and Howard. But if the baseball association intends to remain amateur there is no possible chance of giving the Brantford men a clean sheet."

Bradley, it may be noted, who is referred to above, has not played in the city league this year.

ATTENDING CONVENTION. Mrs. Henry E. White, Dalhousie Street, is in London this week attending the annual convention of the Women's Missionary Society of the Anglican Church.

GREAT LAKES STEAMSHIP SERVICE. Canadian Pacific Steamship "Manitoba" now leaves Owen Sound 10.30 p.m. each Monday for Sault Ste. Marie, Port Arthur and Port William. ADDITION TO COLLEGIATE CONTEMPLATED

Separate Building for Technical Classes is Likely to be Erected

Yesterday afternoon the Board of Education held a special meeting in order that the members might consider the probability of the erection of a technical department in conjunction with the Collegiate Institute. The grounds were looked over and the question discussed, decision being left until the regular meeting of the Board.

To make a two-story addition to the north wing of the building was not thought feasible as it would entail considerable expense and in a few years' time would not be adequate. A separate building was favored, situated preferably on the north end of the block on the property now occupied mainly by a brick building, the Brant Avenue Methodist Church and used as a coal and bicycle shed by the school. This property was of little use to the present proprietors and could be purchased at a low price. The property would need to be properly valuated and boundaries resurveyed and made definite. The boundary marks as they are now fixed are a series of jogs.

The necessity of a permanent building erected on a preparedness scale so as to cope with the needs of the next decade is most certain. Technical training is very essential and the department in the Collegiate at present is overcrowded. The introduction of continuation schools in the county may, however, tend to lower the attendance of the manual training and domestic science classes in the Collegiate, although there is uncertainty how the county will act in the matter. The growth of the city is marked and should the county attempt to look after its own pupils desiring a higher education the influx of more families into Brantford may balance the decrease from the technical classes. The question will come before the Board for full discussion next Thursday night at the regular session, though it has been intimated that a temporary building be erected on the north end of the property is likely to be the course adopted. Should a permanent building eventually be built it will take no doubt the technical classes of Victoria, Dufferin and Ryerson Public Schools besides those from the Collegiate.

TUBERCULOSIS DAY HELD AT HAMILTON

White Plague Under Discussion by the Canadian Medical Congress

Hamilton, Ont., May 29.—This was tuberculosis day in connection with the big Canadian medical congress and the reports presented some interesting statistics showing the great headway made in recent years in war on the great white plague.

J. A. Machado, Ottawa, presided over the gathering. Mayor Booker, and J. J. Evel, of the Hamilton Health Association, welcoming the visitors. Dr. George D. Porter, secretary of the Canadian association executive made a comparison of the work as it stands to-day as compared with nine years ago when the association last met here. Then there were only six institutions in Canada as compared with forty now, besides those opened by the Soldiers Commission. Then the accommodation was about 350 beds now it is over 3,000. Nine years ago it cost less than \$150,000 for maintenance, exclusive of the money spent on invalid soldiers, \$300,000 a year is being spent by local institutions, while \$2,000,000 was invested in plants.

The sanatorium here was the first local or county institution in the Dominion and Dr. Porter said a splendid example of voluntary organization and civic spirit.

It was pointed out that cases of infection from the army could be obtained and followed in an educational way as was being done in the United States. Increased food production was urged to keep up the vitality of the people and lessen the danger of tuberculosis.

More airy and commodious dwellings and improved hygienic conditions were advocated for the industrial and poor classes.

Captain H. W. Hill of London spoke on the role of health officers in control of tuberculosis. The disease was one which should be handled along the same line as other infectious diseases, finding and blocking the sources of infection, educating the public and aiding in the search for any system of protective operations which would induce the human body to resist the disease. The local courts said Dr. Hill strongly supported his compulsory treatment of tuberculosis. Why then could not syphilis be treated in the same way.

Mr. Machado, president of the association, urged the federation of all agencies co-operating in this great work. The vital importance of educating school children in all matters of health was emphasized. Dr. J. H. Pryor of Buffalo, gave a technical address of much interest to the profession.

WANT WOMEN PATROLMEN

By Courier Leased Wire Ottawa, Ont., May 30.—A delegation of prominent social workers, headed by Mrs. Adam Shortt, waited on the board of police commissioners yesterday afternoon and asked that the city police force be augmented by the addition of at least two female patrol officers for the protection and welfare of the young women and children of the city. Judge Gunn and other members of the commission promised to give the request their very earnest consideration, and viewed it in a very favorable light.

DESTRUCTION OF GERMAN TRAWLERS IN THE CATTEGUT These pictures are from photos taken when British warships sank a fleet of the enemy's armed trawlers in the Cattegut. The upper picture shows one of the German vessels on fire from British shells; below are two groups of Germans picked up from their destroyed craft, and fed on board British torpedo boats; and the insert shows the finish of a trawler sinking.

AIR MAIL SERVICE PARIS TO LONDON

Aviators Go There and Back by Hydro-Airplane in Three Hours

Paris, May 29.—Aviators De Vienne and Lorgnat flew from Paris to London and back in a hydro airplane yesterday in three hours and ten minutes, carrying mail. It was the first trip in connection with the aerial postal service between England and France which is being organized.

RETIREMENT GIVES RISE TO NO ALARM

By Courier Leased Wire London, May 30.—Several of the morning newspapers withhold comment on the battle on the Alsace sector. Others, while admitting the Germans have gained a substantial initial success, depreciate any idea of treating the enemy's advance too seriously. It is recalled that similar thrusts have not been followed by continuous success.

The Daily Chronicle fears that the advance has involved a big loss in guns, but thinks that in other respects it need not cause undue alarm. "The country is so difficult that General Foch's reserves should have time to intervene before the strategic situation is altered seriously to the detriment of the Allies. The Germans probably have done rather better than they expected, although their achievement thus far does not go much beyond undoing the effects of last year's French victories."

"If the German successes had been won two months ago," says the Daily Graphic, "they would have created a widespread feeling of alarm. Experience, however, has shown that initial successes frequently are followed by long pauses of impotence. Consequently we are able, without making light of the new German advance, to regard it calmly."

The Times sees indications that the advance to the Vosges is being assaulted, was manned rather lightly, and thinks it clear that the retirement was a deliberate outcome of holding their ground. The Times in view of the formidable character of the onslaught, it adds: "The significance of the German advance cannot be minimized, and the advance to the Vosges converts the attack into an operation of great importance and some menace. The loss of the positions which the allies are holding in the Vosges, if it is a regrettable development, and we fear that many heavy guns may have fallen into the hands of the enemy."

The fact that the French still hold the Vregny plateau, and presumably the Sermeuse spur, while the British on the other wing are holding their ground, the Times infers there is a prospect that the enemy's main rush in the centre may be checked.

"If the enemy's achievement," declared the Daily News, "is formidable, and brings them further south than they have been in this sector since trench war began in 1914. But

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to darken and beautify faded, streaked hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two or three Sage and Sulphur washes restores its appearance a hundredfold. Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease, mitigation or prevention of disease. Take Tablets of Salts if Back Hurts or Bladder bothers

German War Cigarettes. For some time past, the cigarette in Germany has been growing thinner and thinner until at present the weight of tobacco is little greater than of paper. The pre-war cigarette in Germany, when sold by the ounce, ran about sixteen to the ounce. Since the early part of this year the cigarette has "faded" until it takes more than 23 of them to make an ounce. Not Almond-Eyed. Of recent years a curious fad has taken root in Japan. This is the alteration, by the surgeon's knife, of the shape of the eye, so that in future the Japanese will not be distinguished as one of the "almond-eyed" races. The operation is said to be simple and painless.

President Wilson has agreed to hold up the new revenue bill until December pending the autumn elections.

FIGURES TELL ABSOLUTE NEED

OF MORE ACCOMODATION IN THE NURSES' HOME

In Connection With the Rapidly Growing Work of the Hospital

Very few citizens have any idea of the tremendous growth of the Brantford Hospital during the last few years. The following figures prove very illuminating in this regard:

Table with columns for Patients, Revenue, and Expenditure for years 1910, 1911, 1912, 1913, 1915, 1916, and 1917.

Baseball fans of the former years will be interested in the following sporting gleanings, which tell the whereabouts of many ex-Canadian league players:

Fitcher Peterson, one of Frank Shagnassy's best heavies in the days of the Canadian league, is going to serve 'em up for Toronto.

Not only is he still in the game; he's playing better ball than ever before in his career, according to the Queen City critics.

Merlin Kopp is another graduate of the Buffalo club, and is known as a speedster. Boston bought him on the strength of his base-stealing in the international last season.

Bill Haefner, formerly a backstopper with the Hamilton Canadian league club, caught for the Fourth Naval District in an exhibition game against the Philadelphia Americans.

President "Ab" Waite, of the Hamilton Amateur Baseball association, has looked over the line-ups of all of the clubs entered in the east end section of the Manufacturers' Softball league, and he finds that Harvey Muir, former Canadian league pitcher, is the only player who is in the line-up.

THE NURSES' HOME, NOW OVERCROWDED, AND FOR WHICH THE W. H. A. IS ENDEAVORING ON SATURDAY "ROSE DAY" TO RAISE ENOUGH FUNDS TO ADD A NEEDED THIRD STOREY

Leafs Stopped by the Bison's

Bailey's Single and Triple by Bowman Only Hits Off Cooper

Buffalo, May 29.—Toronto, after winning nine games, was stopped by Buffalo's sixth victory, the Bisons winning here to-day by 4 to 0. Cooper proved the stumbling block for the Leafs, while Peterson was found in pinches by the locals.

Peterson did not twirl a bad game, but the Bisons were able to knock him at the right time and drew in scores singly until four were registered. Meyers had a lot to do with Buffalo's victory. He was the king bee in the batting line, with his pair of two-baggers and a single, besides being hit by a pitched ball.

Hunters Best Stars. Rochester, May 29.—Rochester defeated Syracuse here to-day 13 to 7 in a weird game. In the second inning 11 Rochester players went to bat, and an equal number of Syracuse men faced the pitcher in the seventh.

AIRMAN KILLED. Deseronto, Ont., May 29.—In a flying accident which occurred half a mile southeast of Rathbun Aerodrome at 11.30 a.m. to-day, second Lieut. T. H. Heintzman was killed, and Cadet S. Rosenthal was seriously injured.

U. S. DOCTORS TAKEN. By Courier Leased Wire. Amsterdam, May 29.—A Wolf Bureau telegram filed in Berlin on Tuesday in giving an account of the fighting along the Chemnitz line, Dames briefly mentions that among the prisoners taken from the British were a number of American doctors.

Tesreau Bowed Before Phillies

Had Them Beaten Till Their Rally in Seventh, but He Wavered

Philadelphia, May 30.—Bunching hits in the seventh inning yesterday, Philadelphia defeated New York 5 to 2, after the Giants had held the lead from the start. Prendergast kept the hits scattered after the second inning and had great control.

Two Casualties When Indians Won. Cleveland, O., May 29.—Cleveland won a postponed game, 7 to 1, to-day, the game being called on account of rain. Third Baseman Evans rejoined the locals and his batting with men on bases was a feature.

ALUMINUM PRICE FIXED. By Courier Leased Wire. Washington, May 29.—A maximum base price of 33 cents a pound for aluminum in lots of 50 tons or more, of the ingot 98 to 99 per cent grade, under an agreement between producers and the war industries board, was fixed by President Wilson to-day.

FIGURES TELL ABSOLUTE NEED

OF MORE ACCOMODATION IN THE NURSES' HOME

In Connection With the Rapidly Growing Work of the Hospital

Very few citizens have any idea of the tremendous growth of the Brantford Hospital during the last few years. The following figures prove very illuminating in this regard:

Table with columns for Patients, Revenue, and Expenditure for years 1910, 1911, 1912, 1913, 1915, 1916, 1917.

It will thus be seen that last year there were 1517 more patients under treatment than in 1910 and the growth still continues—a growth in connection with which the Women's Hospital Aid has had a very great deal to do indeed. They have a membership of over one thousand from the City and County combined and it is largely owing to their influence and work that the hospital is now in such general favor.

With the development of the institution the members of the W.H.A. realized that more suitable accommodation for the nursing staff was an absolute necessity. At that period they were most inefficiently housed in the main building and the decision was reached to establish for them a separate nursing home where they could have adequate sleeping quarters and spend their leisure time away from the exacting and onerous surroundings of their calling.

The appeal of the W. H. A. on "Rose Day" Saturday next is for citizens to contribute enough money to add a third storey to the Home. The need is urgent and the cause most worthy as everyone can very well realize. As an auxiliary to the efforts of the medical men a prime essential of hospital treatment is the work of the nurses and everyone will agree that they should pursue that strenuous calling under right conditions.

The Woman's Hospital Aid only make an appeal every twelve months and their work throughout the year is most assiduous and valuable. All of their time and energy in this respect are given gratuitously—there is not a salaried official in connection with the organization—and out of their revenue by fees and otherwise they make many purchases for the Hospital besides maintaining a system of weekly visits to patients to whom delicacies and flowers are taken. Citizens have many calls made upon them at this period but which all must feel is worthy of earnest and ungrudging support and especially so on this occasion when the proper housing of the nurses is the specific object.

THE NURSES' HOME, NOW OVERCROWDED, AND FOR WHICH THE W. H. A. IS ENDEAVORING ON SATURDAY "ROSE DAY" TO RAISE ENOUGH FUNDS TO ADD A NEEDED THIRD STOREY

Sporting Comment

REMEMBER THESE FELLOWS.

Baseball fans of former years will be interested in the following sporting gleanings, which tell the whereabouts of many ex-Canadian league players.

Pitcher Peterson, one of Frank Shaughnessy's best leavers in the days of the Canadian league, is going to serve 'em up for Toronto.

Not only is he still in the game; he's playing better ball than ever before. In fact, according to the Queen City critics.

Leafs Stopped by the Bison's

Bailey's Single and Triple by Bowman Only Hits Off Cooper

Buffalo, May 29.—Toronto, after winning nine games, was stopped by Buffalo's sixth victory, the Bisons winning here to-day by 4 to 0. Cooper pitched the stumbling block for the Leafs, while Peterson was found in pinches by the locals.

Peterson did not twirl a bad game, but the Bisons were able to knock him at the right time and drew in scores singly until four were registered. Meyers had a lot to do with Buffalo's victory. ## Why Potatoes are \$1.90 a Bag in Ontario while they are Rotting in Prince Edward Island

(An Actual Conversation Between Neighbors)

Said a citizen recently, "I don't see why potatoes are \$1.90 a bag in Ontario while they are rotting in Prince Edward Island."

His neighbor replied: "The reason is simple. There are no freight cars available to bring potatoes from that market to this. The only way to beat the price, is to grow your own, the same as my wife and I did."

"I don't want to rub it in," he continued, "or say I told you so, but you and I could have equal sized gardens (50 ft. deep by 40 ft. wide). They are right next to each other, so it is fair to assume the soil is equally workable."

"We both have a fair amount of spare time, yet I will recall that last spring you had a lot of quiet fun with me when I was plugging away in the garden getting the ground ready to put in vegetables."

"What has been the result?"

"By a little study, and a little work, and a disposition to laugh at our mistakes and forget our disappointments, the wife and I took off that patch all the salad vegetables we needed during the summer, and we were able to put into the cellar enough potatoes, carrots, beets, onions and parsnips to last us until the end of March. Besides which, the wife made pickles and canned tomatoes and corn to last us even longer."

"We made mistakes of course, and we didn't get all we expected out of the ground, but we learned a whole lot, and we feel certain that this year we shall get better results."

Write now for a free copy of the booklet entitled "A Vegetable Garden for Every Home," prepared by the Ontario Department of Agriculture. It is full of helpful practical suggestions, including plans for various sized gardens. You can get a copy by filling out and mailing the coupon below.

**Eat less Bread**

**AT BAY IN MOUNTAINS.**  
By Courier Leased Wire.  
Waverford, Q. May 29.—High up in the Laurentian Mountains, well provisioned, well clothed and armed to the teeth twenty young men of the Gatineau district are setting a defiance to the military service law.  
The men are mostly shantymen, all familiar with the rough mountainous district and they are said to be encamped in the most remote and roadless region of the entire country. So bold have they become however, owing to the remarkable immunity from the law that they have thus far enjoyed, that recently a number of them came out to nearby villages to obtain provisions and even went so far as to openly state that they were heavily armed and prepared to cope with any force the government might send to apprehend them.

**DECREASE IN EARNINGS.**  
By Courier Leased Wire.  
Toronto, May 29.—A decrease of \$216,600 in the net earnings of the C. N. R. System for April 1918 as compared with the same month last year is indicated in a statement given out to-day.

**STEEL VESSELS COMPLETED.**  
By Courier Leased Wire.  
Washington, May 28.—Ten steel vessels, totaling 63,486 tons, were completed for the Shipping Board in the week ending May 25. There were eighteen launches during the week, of a total tonnage of 108,700.

A bomb laid by a German plotter injured two men when it exploded outside the city hall armory, Hoboken.

### Huns Boast of Atrocities

GERMAN propagandists in Spain are circulating a document dealing with what has been "accomplished" by the German armies and which would seem to convict the Germans out of their own mouths of many of the charges of violation of international law, cruel treatment of prisoners, looting of civilians and reprisals against the civilian population in occupied France and Belgium, of which the Germans have been accused. It is evidently intended to overawe neutral countries.

The document claims that 50,000 British have been made prisoners, and admits that 124,806 German prisoners had been taken by the British. The document was circulated before the recent German offensive in Flanders and Picardy began, and these figures, including British prisoners refer to the total prior to the recent offensive. Extracts from the document were made public by the Department at Washington in this form:

"The Department of State has received a copy of a circular which is being distributed by German propagandists in Spain, setting forth claims as to what has been accomplished by the German armies. The authenticity of the document as being of German origin has been established.

"The circular, which is in Spanish, states:  
"Besides an untold amount of material captured on the battlefield the Germans have taken possession of incalculable booty in France and Belgium, including: High-grade watches, 147; average watches, 5,016; underwear, 18,073; embroideries and wools, 15,312; umbrellas and parasols, 3,705; silver spoons, 1,876; bottles of champagne, 523,000.  
"These figures show a large increase over those of the campaign against France in 1870-71.

"In Belgium, besides many art treasures, they have confiscated old paintings valued at 3,000,000 pesetas.

"Due to the treachery of Cardinal Mercier and other priests, who did their utmost to stir the priests against the good-hearted German soldiers, they were forced to teach a severe lesson to the Belgian and French Catholics.

"Cathedrals destroyed, 4.  
"Rendered unserviceable, 8.  
"Churches destroyed, 27.  
"Rendered unserviceable, 34.  
"Total, 73.

"In Poland also a large number of churches have been destroyed for military reasons. The figures concerning these have not yet been published."

"As a result of the stupid stubbornness of the Belgian people in continuing the struggle after their bloody and final defeat on the battlefield, the German officers were forced, against their will, to impose punishments on many rich individuals and wealthy cities. This has contributed the following amounts to the German treasury:  
"Punishments, 87,000,000 pesetas; security, 18,000,500 pesetas; prizes, 15,750,000 pesetas; forced contributions, 4,320,850 pesetas; total, 125,070,350 pesetas.

"This amount includes a fine of 15,000 pesetas imposed on the Alsatian children who insisted on speaking the French language and refused to study the beautiful German language. These statistics are a most useful warning to the neutral countries.

"If there are any still thinking of siding with the allies, let them take warning from the fate of the others." It is claimed in this document that more than 50,000 British have been made prisoners, and in this connection the following statement is made:

"Although to these figures the British oppose 124,806 German prisoners taken by them on the Western front, it must be remembered that the British treat their prisoners with notable kindness (blandura notoria), while the regime imposed on the British prisoners by the Germans is one of extreme rigor, so that the one of extreme rigor, so that the Germans, with a small number of prisoners, have secured a much superior moral effect. Besides, to the 2,264 officers and 51,225 soldiers must be added the several thousand British prisoners that have died in consequence of disease, scanty food and other accidents, in German concentration camps.

The figures regarding British prisoners, it is explained, refer to the total prior to the recent drive in Picardy and Flanders.

**Siamese Superstitions.**  
All babies in Siam receive the same name at birth. The name of Dang, which means red, and it is the only designation vouchsafed the newborn for some months. For several years they wear no clothing, though perhaps a string of beads or bracelets or anklets as ornament. At a child's birth a cord has been blessed by the priests is tied around the outside of the house, and three balls of rice are thrown in "lucky directions" by three old women, who are always present at such a time, and whose business it is to solicit for the little one the patronage and protection of sundry guardian angels. The cord and the scattering about the premises of a certain kind of native fruit are supposed to be efficacious in preventing the entrance of evil spirits.—E. Suffolk Gazette.

**Too Risky.**  
Pte. Slim—Why don't you wear your helmet and keep your ears warm?  
Pte. Plump—Had an accident the first time I wore it.  
Pte. Slim—What happened?  
Pte. Plump—Oh, mess call sounded and I didn't hear it.

Corporation income taxes are a source of \$19,318,000 revenue to New York State.

### Music and Drama

**FILMLETS**  
Carlyle Blackwell's secretly cherished ambition is to play "heavy" roles—otherwise villains. More particularly Mr. Blackwell, the beau ideal of dress clothes heroes would be perfectly happy if he could be cast for a series of tramp parts. He once played such a character for two years in vaudeville; when he quit, the "big time" powers refused to continue booking the playlet.  
Warner Oland, the Pathe villain who has thrilled millions by his persecutions of fair screen stars, proves not to be such a villain after all. At a recent "triotic dinner held at the City Club, New York City, Mr. Oland adopted ten French orphans.

Charles Ray, has been limping about the studio, due to a very rough ride he experienced on the back of a bucking bronco in his latest feature. Charlie refused a "double," knowing that he could ride the animal himself but he forgot to figure on the after-effects.  
Combining two distinct and peerless brands of comedy for the purpose of raising a million dollars for more, Charlie Chaplin and Harry Lauder, the world's greatest laugh producers, have been filmed together in a 500-foot subject, which will shortly be exploited throughout this country and the other Allied nations, and the net proceeds will be added to Lauder's \$5,000,000 War Relief Fund.  
Edith Storey, the versatile star of "The Legion of Death," reproduced the picturesque service uniforms as worn by Madame Vera Butchkaroff, the girl chief of the real militant women of awakened Russia and her dauntless followers.

### ITALIANS ARE VICTORS AGAIN

Smart Attack on the Piave River is Attended With Success

### TAKE 450 PRISONERS

Rome, May 28.—Italian troops on Monday night broke into the Austro-German defences at Capo Sile on the lower Piave front, to a depth of 750 yards. The Italians captured 450 prisoners.  
The text of the official statement reads:

"On the night of May 26-27 our assault parties broke into successive enemy defences at Capo Sile to a depth of more than 750 yards. In spite of the enemy's violent reaction the positions reached were maintained. There were considerable enemy losses, 450 prisoners being taken and four trench mortars, ten machine guns, several hundred rifles, and ammunition and material being captured.  
"The artillery of the Italian navy contributed to the success of the operation, which cost us very slight losses. Hostile detachments were repulsed in the Orme Valley and on the banks of the Piave.  
"A Cortellazzo sailor patrol penetrated an enemy trench and took four prisoners.

### LIBRARY STAFF REDUCED.

By Courier Leased Wire.  
Montreal, May 23.—If the City Library can do without books, it can get along with a smaller staff. It is the substance of the decision reached by the administrative commission, which has decided to give a month's notice to thirteen library employees that their services will not be required after July. As a result the payrolls will be reduced by \$8,000. It is further intimated that when the commission has completed its examination other employees will likely be dispensed with.

Prof. McElroy, of Princeton, has enlisted as a private.  
Scarcity of steel is hindering the baby buggy business across the border.

## Rippling Rhymes

By Walt Mason.  
TALKING TOO MUCH.  
I often wish my hands and mouth, and oftentimes I get in dutch, and all the troubles I have borne have come because I talked too much. I can't restrain my eager ways when there's a chance to spring hot air; I argue every human case, and every subject, everywhere. The less I know about a theme, the more warm platitudes I shed. I talk when my hearers scream, and bounce a brickbat on my head. I used to have good friends in town, with high class new I was in touch, but now they have turned me down; it is because I talk too much. I see our leading business men conceal themselves when I draw near; they will not show themselves again until they find the distance clear. When I arise to hand out slush, to make a little timely speech, the auditors get up and rush for all the fire escapes in reach. I know it's my besetting sin, this thing of talking all the day; but when at splitting me begin, it's mighty hard to break away. I'm always trying to avoid what when I see a chance to talk, I paw around and rant and storm, and push pink language round the block. Then people bat me on the dome with wooden leg and club and crutch, and tell me I should toddle home, and stay there for I talk too much.

## SOME RARE STAMPS.

First Issue of Hawaiian Islands Known as "Missionaries."  
The first postage stamps of the Hawaiian Islands were set up from ordinary printing type, at the printing office in Honolulu, and, from the fact that the principal correspondents in the Islands at that time were the American missionaries, have been the subject of posterity under the sobriquet of "Missionaries."  
Of the two-cent value of this issue, printed on this bluish paper only about a dozen copies are in existence, as practically the whole stock of this value was destroyed shortly after their issue. Its value is between \$3,500 and \$4,000.

The somewhat bizarre circular stamps issued in the Danubian principality of Moldavia in July, 1858, prior to its incorporation in Rumania, with the device of a star, but heads and posthorn, are held in high esteem by stamp collectors and are all highly priced.  
The rarest of the set is, however, the 81 para, hand-stamped on blue wove paper, which, in unused condition, is valued at \$1,500. Out of a total printing of 2,000 copies of this stamp, only 1,173 were sold.  
Prior to the appearance of the general issue for Switzerland under the Federal Administration in 1850, principal postage stamps were issued by several of the principal cantons, commencing with Zurich in March, 1843, whose 4-rappen black on red with vertical background is valued at \$250.

Rarest among these local cantonal stamps is, however, the celebrated "Double Geneva," of the value of 10 cents, printed in black and green and composed of two divisible portions, each valid for 5 centimes postage. An undivided "Double Geneva," in unused condition is priced by a leading catalogue at \$375, and used at \$140. The half stamp, used for 5 centimes, is worth only \$25.

Similarly, in the United States, a number of local postmasters issued stamps on their own initiative to facilitate the keeping of postal accounts during the two or three years immediately preceding the first Government issue.

Almost all of these "Postmaster Stamps," with the exception of those of New York and Providence, R. I., are much of considerable rarity, and are sought after by specialists in United States postage stamps.

## SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

The whole head of a family or any male over 18 years old, who was at the commencement of the present war, and has since continued to reside in Canada, or a subject of an allied or neutral country, may homestead a quarter-section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duplicate 60 months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter-section as pre-emption. Price \$300 per acre. Duties include six months in each of three years on 50 acres and erect a house worth \$300.00.

Holders of entries may count time of employment as farm labourers in Canada during each of the three years. They may also count time of employment as farm labourers in Canada during each of the three years. They may also count time of employment as farm labourers in Canada during each of the three years. They may also count time of employment as farm labourers in Canada during each of the three years.

Deputy Minister, W. W. GORBY, N. B. - Unauthorised publication of this advertisement will not be held valid.
