SECOND ANNUAL CONCERT GREAT SUCCESS

Newcastle Choral Society Delight a Large Audience on Tuesday Evening

While its first annual concert last year was a most decided success, Director Henderson and the members have still more cause to feel elated over their second annual performance, which was held in the Opera House on the 23rd instant. It was one of the most successful musical affairs Newcastle people have ever witnessed. Mr. F. S. Henderson has shown himself a most capable director and Miss Annie Quinn as accompanist won high praise.

The members of the Society taking part in the concert were the following:

Mesdames O. Nicholson, P. Russell, J. Ferguson, Allingham, A. E. Shaw, S. J. Demers and Charles Sargeant; Misses H. Sweezy, M. Hubbard, H. Morris, Olive Williamson, L. Williamson, Mae Morrison, L. Harley, M. McGregor, N. Lingley, Molly Hennessey, A. Morris, E. McLean, M. Stothart, E. Payne, J. Lyon, M. Lawlor, Trixie McAuley, J. Calder, J. Gremley and Messrs. John S. Johnson, H. M. Gough, Rev. W. J. Dean, D. Ray Morrison, McG. Fitzpatrick, Jas. Calder, W. J. Jardine, Dr. Jos. Hayes, James McMurray, J. M. Douglas, J. E. Andrews, A. E. Shaw, G. P. Burchill.

The Hall was most appropriately decorated, and was pretty well filled with listeners.

All the principals in the different parts did their work admirably

and were well sustained by the rest of the members.

The results of the Choral Society's efforts, like those of the St. Patrick's concerts, go to show that Newcastle people have in their vicinity as first class musical and dramatic talent as can be found in any town of the size and in many larger places. The principals in the last five numbers were dressed in national costume.

The program was as follows:

God Save the King.
The Gypsies, by Julius Becher.

A Rhapsody in seven numbers for soli and chorus. Principals, Miss McLean and Miss Lyon soprano, Mr. Calder Baritone, and Mr. Gough, Tenor.

Little Boy Blue, Miss McLean, Miss Calder, Mrs. P. Russell.

Song of the Vikings.

The Veteran's Song, Mr. Burchill.

The Gypsy Countess, Miss Calder, Mr. Calder.

The Song of the Triton.

Last Night, Miss Morrison.

Whilst Youthful Sports.

The Battle Eve, Mr. Calder, Mr. Gough.

O Canada, Mr. Burchill.

Men of Harlech, Mr. Gough.

The Bluebells of Scotland, Mr. Calder.

The Harp that once thro' Tara's Halls, Mr. Fitzpatrick.

Ruie Britannia, Miss Miss McLean.

PATRICK CARROLL ACQUITTED

Other Court Cases Held Over, Court Adjourning Friday.

Supreme court opened Tuesday morning last week, Judge Landry presiding. A. A. Davidson represented the Solicitor General R. A. Lawlor defended Patrick Carroll.

The Grand Jury brought in true bill against Carroll for assault and for assault with attempt at rape. He pleaded not guilty.

The civil cases were: The Miramichi Lumber Co. vs. John Sullivan, plaintiffs claiming that defendant enticed away eight of their workmen who were under contract.

Thos. Weaver of Doaktown vs. T. A. Hurley of Blissfield, dispute over logs claimed to be inferior in quality.

These two cases were postponed till June 20th.

John Ferguson vs. The Swedish Canadian Lumber Co., Mr. H. A. Powell, K. C., St. Joh., contra. This is an action brought by the plaintiff to remunerate him for the sale of lumber lands. The sale was made to a company, which the Swedish Canadian Lumber Co. took over and it is claimed no settlement was secured by the plaintiff. This was postponed till December.

Court adjourned at Tuesday noon, and reopened Thursday morning.

On Thursday morning, court resumed at 10 o'clock and the following petit jury was empanelled for the case of the King vs. Patrick Carroll:—

Matthew Carroll, James Lynch, F. H. Gough, John Fitzpatrick, Robert M. Chaplin, James Power, William Buckley, John Morrison, Jr., Henry Carter, Allan Russell, George Hubbard and Samuel Blakely.

Mr. Davidson opened the case for the crown and the following witnesses were called by him for direct examination:—Mrs. Annie Phinney, T. W. Crocker, Dr. F. L. Pedolin, Miss Gifford, Miss Jean Allen, Miss Ethel Allison, Mrs. Annie McLean, John Jardine, Thomas C. Hill, O. W. Fiedler, William Keating and Harvey Young.

Four witnesses were called by Mr. Lawlor for the defence. These were the accused, Mr. Carroll, Mrs. Carroll and James Hubbard, Mr. Lawlor and Mr. Davidson made eloquent addresses, followed by His Honors charges. The jury retired shortly after 6 o'clock and returned about 7 o'clock announcing a verdict of not guilty. Mr. Justice Landry gave young Carroll some good advice and discharged him.

MORE SMALLPOX

Eleven cases of smallpox were quarantined at Doaktown last week, and there are several cases between Doaktown, Millerton and Redbank. It appears that two Frenchmen and another man who have been working on the Wm. Richards Co. drive on the Little Southwest Miramichi were taken ill with smallpox and are at the head waters of the Miramichi in a very serious condition. Another man named Welsh, who lives at Millerton, is down with the disease. All the men who were on that part of the Richards drive made for their homes and the health officers have had a lively time following them and placing them under quarantine.

KILLED BY LIGHTNING

In Tracadie Sunday night Miss Ellen McLaughlin, aged 19, was struck and instantly killed by lightning, while walking home from a friend's house.

ANOTHER SAD RESULT OF ALCOHOLISM

Richard Tabert Of Barryville Drowned at Ferryville Thursday Night.

Richard Tabert of Barryville, came to Chatham Thursday, hired a horse from Mr. Druet and drove to Millerton. He returned through Newcastle and Douglstown late that night, and his horse and carriage and later his own body were found in the ferry slip at Ferryville next morning. Deceased was about thirty-five years old and unmarried. He leaves two brothers and a sister. Deceased was known as a heavy drinker. He is supposed to have driven off the wharf, thinking the boat was moored to it.

HOW TO TREAT SKIN TROUBLES

Greasy Ointments of No Use—The Trouble Must be Cured Through the Blood.

It is not a good thing for people with a tendency to have pimples and a blotchy complexion to smear themselves with greasy ointments and such things. In fact they could do anything worse, because the grease clogs the pores of the skin making the complaint worse. When there is an irritating rash a soothing boracic wash may help to allay the pain or itching, but of course it doesn't cure. Skin complaints arise from an impure condition of the blood and will persist until the blood is purified. Dr. Williams' Pink Pills have cured many cases of eczema and skin disorders because they make new, rich blood that drives out the impurities, clears the skin and imparts a glow of health. Mrs. S. L. Peterson, Brandon, Man., says: "I suffered for years from eczema, which brought with it other troubles, such as a poor appetite, headaches and weakness. The portions of my body affected by the eczema gave me constant torture from the itching and heat. I tried several doctors and all sorts of lotions and ointments, but did not get the least relief. Finally I was advised to try Dr. Williams' Pink Pills, and decided to do so. After using the Pills for some time the irritation and heat began to grow less and I seemed in better health otherwise. I continued taking the Pills for several months and every vestige of the trouble disappeared, and my skin is again as free from blemish as in youth. Given a fair trial Dr. Williams' Pink Pills will not disappoint those suffering from skin eruptions or weakness of any sort."

Dr. Williams' Pink Pills cure all those troubles due to poor blood, rich, red blood. That is why these pills cure common diseases like anaemia, rheumatism, lumbago, sciatica, neuralgia, headaches, indigestion, St. Vitus dance, and the general weakness and special ailments that only women folk know. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CHATHAM SCHOOLS

The school trustees of Chatham, have appointed Miss Vera Wilson principal of the Domestic Science department and Mr. Starrac principal of the Manual Training department.

SONS OF TEMPERANCE SEMI-ANNUAL MEETING

Demand Juvenile Courts, Public Playgrounds, Inspection of Liquor and Better Enforcement of Law

The Sons of Temperance Grand Division of N. B., met in St. John Wednesday night and Thursday, May 24—25, G. W. P. Edward S. Hennigar in the chair, Rev. W. R. Robinson, Grand Scribe.

The North Shore was represented by Grand officers Rev. R. H. Stavert of Harcourt and H. M. Ferguson of Rexton.

Reports showed three new divisions organized and a net gain of 91 members in last six months. Membership is now about 3000, of which more than 600 are in Kent and Northumberland counties.

In its semi-annual report the Kent and Northumberland District Division asked and strongly urged the Grand Division to cooperate with it in demanding from the Dominion and Provincial governments the following amendments to the Canada Temperance Act and Provincial License Law (sections 1 and 2 of which were moved by H. H. Stuart and Harold C. Stothart and unanimously adopted at its quarterly meeting at Harcourt, January 20th, 1911, and unanimously re-adopted, with section 3, recommended by Rev. W. J. Dean, H. M. Ferguson, A. L. Babrick, H. C. Stothart and H. H. Stuart, committee on the state of the order, added at the last quarterly meeting, held in Newcastle, April 7th ultimo):

1—From the Dominion Government:

(a) That no liquor shall be imported into a District under the Canada Temperance Act by private individuals, all liquors required for legal purposes to be purchased from Vendors appointed by the said Government and residing within such district;

(b) That all persons arrested for drunkenness be compelled to tell where and from whom they obtained their liquor, imprisonment to be the penalty for those refusing to tell;

(c) That each government Vendor of alcoholic liquors be required to annually publish a complete statement of business done by him during the year;

(d) That the privilege of obtaining prescriptions for liquor from Medical men residing outside of district under Canada Temperance Act be done away with, the only exception to be the case in which the medical man nearest to the patient resides in an adjoining municipality.

2—From the Government of New Brunswick:

(a) To prohibit the importation of alcoholic liquors by any person or persons into any non-license district in said province;

(b) That all persons arrested for drunkenness, whether in license or non-license districts, be compelled to tell where and from whom they obtained their liquor, imprisonment to be the penalty for those refusing to tell.

3—From both governments such improvements in the method of enforcing liquor laws as will bring the Canada Temperance Act and New Brunswick License Law to as effective a standard as the Prohibiting Law of Nova Scotia, viz.:

"The finding of liquor on any premises to be, until contrary is proved, deemed evidence of intent to sell, although no bar room appliances may be present; law officers to have power to search for and seize liquor without warrant; the finding of liquor con-

cealed or falsely labelled to be prima facie evidence of intent to violate the law; prosecutions for second offence to immediately follow first conviction, and no appeal from decisions of Stipendiary Magistrates."

The above drastic and radical propositions not appealing to the majority of the delegates, the Grand Division on Thursday adopted the alternative recommendations of the Grand Scribe, which were made the policy of the Grand Division, as follows:

(1) Consider the great need of supervised public playgrounds. They should be in every organized community.

(2) The establishment of Juvenile Courts and an industrial university for the protection and salvation of young offenders and would be offenders against society.

(3) The proper classification and segregation of offenders.

(4) The establishment of a farm where drunkards may have a chance to redeem themselves. This has been tried in other provinces and in many of the states to the south of us, with good effect and is now past the experimental stage.

(5) The more rigid enforcement of our laws governing the sale of cigarettes to minors. In many communities officials make no attempt to enforce this law. In St. John it is openly violated.

(6) While prohibition is the goal, let us make the most of our present liquor license act and have it properly enforced, and seek, with the aid of the Moral and Social Reform Council, Temperance Federation and other kindred societies, such amendments as will make it easier for a man to do right and harder to do wrong.

(a) That all liquor should be thoroughly inspected.

(b) Treating should be prohibited by law.

(c) Saloons should close at 12 a. m. Saturday and 7 p. m. every other day.

(d) That all liquor should be consumed in the barroom of the licensed premises.

(e) The penalty for selling to minors and interdicts should be increased.

(f) All saloons should be open to public inspection.

(g) Those who suffer through the traffic should be able to collect damages from the saloon keeper for injury and loss sustained. This would safeguard the rights of the suffering mother, wife and innocent children.

(h) The placing of an agent in the field to organize and fight for prohibition and moral and social reform.

Rev. C. Flemington, Rev. R. H. Stavert, Rev. W. R. Robinson, W. L. Kirby, and J. R. Woodburn were appointed a committee to carry out this policy in New Brunswick.

LADIES AID ELECT OFFICERS

The Ladies' Aid Society of the Methodist church elected officers last night as follows:

Pres. Mrs. T. W. Crocker.
Vice-Pres. Mrs. John R. Allison.
Secretary, Mrs. W. J. Dean.

REV. W. R. ROBINSON CLEARED OF CHARGES

Council Met Thursday and Completely Exonerated St. John Pastor—Capt. Crossley Not Present to Prosecute.

The council called to deal with the charges made against Rev. W. R. Robinson, met Thursday afternoon and evening and the following conclusion was reached exonerating Rev. Mr. Robinson:

"Whereas, Capt. S. H. Crossley has failed to appear against Rev. Mr. Robinson to prosecute the charges which he preferred against him, and

"Whereas, The Council has made the fullest investigation into the formal charges, and also into the rumors which it was possible to make under the circumstances, by examining all available witnesses and documents, and canvassing the situation from every end possible; and whereas, by unanimous ballot, the charges are declared unproven:

"Therefore resolved, that the council unanimously feels Mr. Robinson is completely exonerated from the charges and rumors, and takes pleasure in commending him to the Ludlow street church, St. John West, of which is pastor, and also to the denomination."

HAVE A SOUP TALK WITH YOUR GROCER.

Just ask your grocer what soup Clark makes and take home a 10 cent tin of your favorite kind. You will find that you can get more food value and enjoyment at less cost than if you made your own soups, however good they may be. Wm. Clark, Mr., Montreal.

THIN HAIR A Liberal Offer

When the hair thins out on the top of the head and the bald spot is getting ready to appear in public, don't get discouraged or irritable. Just go to your Druggist and ask for Parisian Sage Hair Tonic. He will charge you 50c. for a large bottle but if it does not cause hair to grow where the hair is thinning out nothing on this earth will.

And we want to say to everybody, man, woman and child, that you can have your money back if Parisian Sage isn't the best hair grower, hair saver, hair beautifier and dandruff cure on the market to-day.

It stops itching scalp and falling hair and makes hair grow thick and abundantly. All druggists everywhere sell Parisian Sage or postpaid from The Giroux Mfg. Co., Fort Erie, Ont. See that the girl with the Auburn hair is on every bottle. Sold and guaranteed by T. J. Durick.

Six minutes is all the time required for brewing Red Rose Tea; and the result is a beverage of matchless flavor and satisfying strength. The verdict of your family will be that

CURIOUS CELEBRATIONS

How Do You Propose to Celebrate on June 22nd?

A Lancashire lady has already announced her intention of presenting a bright new sovereign to every child born in her parish on Coronation Day.

This is going one better than the clerk of the parish council of Moulton, near Northwich, on the occasion of the Coronation of King Edward. His present to every infant ushered into the world in his parish on that day was a beautiful cashmere frock.

At Marshfield, in Gloucestershire, the babies had a field day, the great feature of which was a procession in perambulators. At Walworth a Coronation baby show was arranged, with a purchase of a public house as judge and prizes for the best fed and best clothed.

There was no doubt a rush of Coronation weddings at Rye, Sussex, where the vicar issued a notice that during the Coronation month the marriage ceremony would be performed without payment of the usual fees. A queer-minded individual at Kingham, Norfolk, had the temerity to suggest that a portion of the Coronation celebration fund should be used for the purchase of a public house for the parish!

Two Tons of Pie. In accordance with long-established custom, the loyal inhabitants of Den by Dale will doubtless prepare a monster pie in celebration of King George's Coronation. That made on the occasion of Queen Victoria's Jubilee was 8 ft. in diameter, 2 ft. in depth, and upwards of two tons in weight. It was baked in a dish weighing 15 cwt., was drawn by ten horses, and cost \$250.

The little town of Wye, near Ashford, in Kent, decided to commemorate our late King's Coronation in an original and permanent way. In the chalk on Wye Downs it was resolved to dig a huge design of a crown, on lines similar to the famous "white horses" of Berkshire and the North Riding of Yorkshire, which would be visible for many miles.

On the same occasion from 15,000 to 20,000 bonfires were arranged for, one of the highest being on the Richmond Beacon, in Yorkshire. At each bonfire fifty rockets were to be set off simultaneously, and the total cost was \$100,000.

St. Paul's. The coronation ceremonies at King Edward's coronation were marred by an accident. He descended to the gate of the Dean's house, and was nearly killed by the rope which he was to cut. "certain mystery" in the said rope, to the great wonder of the assembled multitude and the no less delight of the youthful Sovereign.

SAVED HER FINGER.

Mrs. L. E. Bellwell, of 337 Provencher Ave., St. Boniface, Winnipeg, says: "Some time ago my children took diphtheria, and while attending them the poison entered a small scratch on the second finger of my left hand. This became very sore and blood-poisoning soon set in. For months after the children were quite well I was suffering from a shockingly bad finger. The scratch was caused originally by a pin, and in itself, was not at all serious. The consequences, however, of neglecting this scratch, were very serious to me. When the blood-poisoning set in, I took politics and a nerve I had in the house. These, however, did not give the desired relief. Quite on the contrary the finger became more and more swollen and discolored. It then began to fester, and I had to call in a doctor. He lanced the finger to let out the pus, and you can imagine how painful the finger was. Despite his care, however, it again festered and the ointments, liniments, and other preparations which the doctor gave me seemed absolutely unable to bring about any relief. The doctor thereupon advised me to go into the St. Boniface Hospital. I feared that if I went to the Hospital the finger would be amputated. We were told of a case similar to my own in which Zam-Buk had effected a cure when everything else had failed, and the doctor had said that only amputation could save the person's hand. We, therefore, decided to give Zam-Buk a trial. A supply was procured, and we commenced the Zam-Buk treatment. It only needed a few days to show the wisdom of this step. The blood-poisoning and inflammation were reduced, the pain became less acute, and it was very shortly that the trouble was being relieved by the Zam-Buk and in the end the festering sore was thoroughly cleaned. In under three weeks from first commencing with Zam-Buk, the finger was entirely well, and was supplied with blood. Instead of trying ordinary preparations, no doubt I should have saved myself hours and hours of acute agony. All mothers should note this case. Zam-Buk cures cure for blood-poisoning, festering, eczema, scabies from barbed wire, bruises, eczema, rashes, bites, cuts, sores, sore throats, ulcers, piles, bad leg, radium, skin eruptions and diseases. POP GO 100,000 WEASELS

That Number Will be Wanted for Coronation Robes.

"No end of trappers," said a London fur store manager, "are on the war-path after ermine fur for the robes of royalty and nobility. The stout, or ermine weasel's skin, only measures a foot long by three inches wide, so about 100,000 weasels will be wanted for Coronation robes.

The more biting the cold where the animal is trapped, the whiter is the fur. And it is 'parks' in Siberia! During the last Coronation there was a weasel famine, and fine skins popped up to half-a-sovereign apiece.

"Ermine fur is used either plain or 'powdered' on the cape of the robe. There the rows of little black dots indicate the degree of the wearer.

"These dots, very carefully inserted at measured intervals, are made from the fur of the blue-black seal, dyed black.

"But, black or white, the seals are not having such a time of it just now as the weasels."

CORONATION CLAIMS

An Interesting Dispute as to Who Shall Bear the Great Spurs.

It is expected that two millions of visitors will be attracted to London by the magnificent proceedings in connection with the coronation of King George and Queen Mary. To many the appeal made by those proceedings will be merely the appeal of the spectacular; they will be drawn to the coronation as they were to a Durbar in India, or to the enthronement of a Czar and Czarina, which for gorgeousness and lavish splendor outrivals the greatest spectacles East and West. For many the coronation ceremonies in London will have a high patriotic and religious significance. To others they will appeal strongly on the historical and heraldic side, and these latter will be interested in the hundreds of cases which are being considered by the Court of Claims—cases of hereditary claims to do certain things, or occupy certain places at the coronation proceedings. The case which is attracting the greatest amount of attention, as it is giving the Court of Claims the greatest amount of trouble, is the three-cornered one between Lord Grey de Ruthyn, the Earl of London, and Lord Hastings, to bear the Great Spurs at the ceremony. Each of the three can claim descent from the baron who carried the Great Spurs at the coronation of Richard II. The suggestion that the matter might be settled by the Court of Claims ordering a three-handled silver dish to be made, in which the Great Spurs should be carried, each of the three claimants holding a handle of the dish, would be regarded, of course, as little short of sacrilege by the upholders of the sacredness of all these fine points of ancient quaintness and historic ceremonial, which are reminders of the acts of personal service to the sovereign, upon which estates and titles used to be held. Viewed in the right historical perspective, they have their import, and play their part in making the coronation the coronation a pageant of historical interest and value.

A GEORGIAN ROBE.

The King Will Wear Imperial Mantle Worn by George IV.

The Imperial mantle or pall worn by King George IV, will be worn by King George V, at his Coronation. After the coronation of King George IV, the robe became the property of the Lord Great Chamberlain, and thus passed into private hands. It has been offered, as an act of homage, by its owner, to the King, who has signified his acceptance of the gift. The robe is in a perfect state of preservation, having apparently been laid in a cedar box, from which it has recently been taken. It is of the finest cloth of gold, and as fresh in appearance as if it had but just left the loom. It is an admirable example of the handloom industry of the Spitalfields weavers, and has woven into its surface the badges of the three kingdoms of England, Scotland and Ireland, in this respect it presents a much more harmonious appearance than the robe woven for King Edward, on which the badges were embroidered by hand. The robe is surrounded by a deep fringe of pure gold threads.

Demand for Opera Boxes.

The opera season opened at Covent Garden, and the Coronation gala performance will take place about a week after the Coronation, when a notable feature will be the appearance of the Imperial Russian ballet from St. Petersburg. The demand for boxes and stalls for this season's opera is unprecedented, and the King has already subscribed for the royal box, which has been unoccupied for so many months, and a depressing feature of the house. Between May 7 and June 22 four Courts will be held at Buckingham Palace, and for these the number of applications has already

RAGING HEADACHE STOPPED AT ONCE

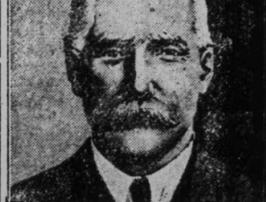

When He Took "Fruit-a-tives"

SEANLY, ONT., Sept. 23rd, 1910.

"You certainly have the Greatest discovered Headache Cure in the world. Before 'Fruit-a-tives' came before the public, I suffered tortures from Headaches caused by Stomach Disorders.

"One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications.

"I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying 'Fruit-a-tives'."

"I did so, with what I would call amazing results. They completely cured me and since then (nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years'."

W. M. PITT
As Mr. Pitt says "Fruit-a-tives" is the greatest headache cure in the world. Dealers everywhere have "Fruit-a-tives" at 50c. a box, 6 for \$2.50 or trial size, 25c. or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

PEACE AGAIN AT SPRINGHILL

The strike of the Springhill miners—practically civil war—which had been going on for nearly two years, terminated by mutual agreement on the 27th instant, each side making concessions. The Coal Company fails to break up the Springhill organization of the United Mine Workers of America and provinces to take back as many of its former employees as possible. The wages of day hands shall not be less than allowed by the scale of August 10th, 1909, and the wages of coal producers shall be cut only 10 per cent—not 15 per cent—from standard of above date. Each miner shall have the right to address his superior on business matters and so forth.

THE RESULT IN MEXICO

The middle-class revolution, started in Mexico by Francisco I. Madero, Jr., about November 20, 1910, and terminated by the treaty of Juarez, on May 21st, instant, whereby President Diaz agreed to resign and hand the government over to Francisco Leon de Barra until a new election can be held, is apparently a complete success. President Diaz, since 1884, resigned office on the 25th, and on the next day left Mexico city with his family enroute for Spain. Mexico has never had a free government, and to establish freedom of elections, abolish slavery and restore to the masses the land stolen from them by Mexican and foreign capitalists during the regime of Diaz and his predecessors is a herculean task. The Madero policy of moderation is not accepted by the whole of the revolutionists. There is a party who desire to amend the political system of Mexico as to give all men an equal opportunity but the genuine revolutionists will probably be silenced for the present, the new government granting sufficient reforms to keep the most powerful section of the nation quiet. The real struggle for Mexican freedom is yet to be decided.

HIGH FINANCE

Of recent years the inflation of capitalization in merger after merger has been nothing short of scandalous. When one considers that it is a means of making wealth out of other men's enterprise and other labor, with no service rendered, it is comparable to robbery. Exploiters, of the Whitaker Wright type, who never did a hand's turn of productive work in their lives; who never made one blade of grass grow—let alone making two blades grow where where only one grew before—have by audacious manipulation made themselves millionaires and multimillionaires, and all that to the ultimate loss of the body of consumers, who will have to pay undue prices for all that they use for many years to come. These manipulators are of the order of the man who never owned a cow or kept a cow, but had learned to milk, which knowledge he turned to account by milking his neighbors' cows dry. The milk thief when caught can be sent to jail, but the milk of our industries can rise to a mountain villa and to all sorts of public and social honors.—Montreal Daily Witness.

THOUGHTLESSNESS.

Says the Fredericton Daily Mail: A discussion arose recently in regard to the practice of some ladies going to the larger cities to do their shopping or patronizing the mail order houses. One of the members of the group, while defending the ladies against any wrongful intent, stated that women did more harm through thoughtfulness than men did from deliberate malice. There seems to be considerable foundation for this contention, and certainly if our fair friends gave as much thought to the matter as they should they would appreciate the far-reaching effects of their actions.

"It is strange that women will give largely of their time, energy and money towards educational and charitable institutions, with a public spirit and disinterestedness that is highly commendable, and yet will thoughtlessly do their community sufficient harm to more than offset their good work in other directions. Yet it is true that many of the evils which these ladies work so assiduously to overcome, are directly traceable to this pernicious habit of dealing with mail order houses.

"If there is poverty or distress, the ladies will bestir themselves. For the sake of sweet charity they will do wonders. They will organize bazaars and patronize them, paying ridiculous prices for things they do not want, or at least do not need. They will waste sufficient money in this way to buy many useful articles from our local merchants. If the same amount of vital force that was expended in these charitable schemes was directed in other channels, our whole community would be benefited, morally, physically and spiritually. We emphatically state that much of this charity is necessitated by the worst than foolish habit of discriminating against our own town and our own neighbors. Our friends can surely see that if the benefit of their purchases remained with the local merchants, these merchants would be in a better position to contribute to local institutions, and would also be able to offer employment to many of the young people who have at present to seek other fields.

"Putting the matter into plain language, the women who do not patronize the merchants of the town where their living is made, are blind to their own best interests. The fathers, brothers or husbands of these women are making their livelihood here for themselves and those dependent on them, and if some of these men are forced out of employment on account of lack of business, hard times, etc., the respective wives, daughters and sisters are apt to complain of things in general and in this town in particular. How many of them will look into the matter sufficiently to realize that they themselves are partially responsible for the lack of business?

"If each reader of this article will give the matter careful thought we believe there would be a very great improvement in local business conditions. Do not wait for some person else to act. Do your duty as you see it. Deal at home."

There is a good deal of food for thought in the above, not only for ladies who shop abroad, but for merchants who buy foreign goods in preference to home manufactures and who fail to advertise persistently in the local papers and thus let the department stores (who know how to advertise their wares) get ahead of them.

MRS. MARY T. GRAHAM

The death of Mrs. Mary Thompson Graham, widow of late Vernon Graham who pre-deceased her by eleven years, occurred at her home here Friday morning at 1.15. Mrs. Graham was 64 years old and had been a great sufferer for some time. Before marriage she was a Miss Fowler of Blissfield. She was a member of the church of England, and the funeral took place to St. Andrew's cemetery here on Sunday afternoon at 4.30. Rev. W. J. Bate conducting services. There was a very large attendance. The pall-bearers were: Messrs. D. McQuarrie, Andrew McCabe, Henry Bell, Aid. J. G. Kethro, John McCormick and John McAllister.

Deceased leaves following children, all living in Newcastle, Harry and Terence, of the I. R. C. service and Miss Florence. Her surviving brother and sisters are: David Fowler, Burleigh, Maine; Mrs. J. J. Baum, San Bernardino, Calif.; Mrs. Fred Fuller and Mrs. Wm. Price of Lowell, Mass.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all dealers.

EDWARD TOZER

The death of Edward Tozer, son of Mr. George Tozer of Lytleton, occurred on May 24th, after a lingering illness of consumption at the age of 17 years. THE LOVE OF OATS

Why Normal, Active People Always Crave Oatmeal

Oats contain more body-building food than any other grain that grows. They contain more energy-giving food. You know their effect on horses. Oats contain more organic phosphorus than any other grain, and phosphorus is the brain's main constituent. They contain more lecithin, and lecithin is the chief component of the entire nervous system. That's why workers love oatmeal. That's why growing children crave it. It's simply the call of nature for what bodies, brains and nerves require.

But some oatmeal fails to meet these requirements. Only the richest, plumpest oats supply a food worth while. The choicest oats are sifted 62 times to get the grains for Quaker Oats. Only ten pounds are secured from a bushel. But these fine oats, when prepared by the Quaker process, supply the utmost in oatmeal. Oatmeal is the most important food you serve. And the best costs only one-half cent per dish. Don't supply your table with inferior oats. Made in Canada.

A SOLDIER-DRAMATIST

LATE CAPTAIN ROBT. MARSHALL WAS GENTLEMAN RANKER.

He Tried to Be a Lawyer, But It Proved Irksome and He Enlisted—Dramatic Writing Took Most of His Attention, and In 1898 He Produced "His Excellency the Governor," Which Made Him Famous.

A notable career is brought to an untimely close by the death, at the early age of 47, of Captain Robert Marshall, which occurred at a London West end nursing home. For some years Captain Marshall's health has been the subject of considerable anxiety to his friends. By the advice of his physician, Captain Marshall spent most of the winter months abroad, but even this step was powerless to arrest the progress of a malady which, before it had developed very far, was recognized to be incurable. Slowly but surely it has run its course, and now, despite the most patient care and nursing, the end has come. It has fallen to the lot of few authors to make such a sudden leap into fame as was the case with Captain Marshall, or so consistently to maintain a high level of excellence with his work. He owed no small measure of his success to his faculty for writing bright and witty dialogue, and to a ready gift of imagination which bordered closely on the fantastic. Robert Marshall was born in Edinburgh in 1863. His natural bent for the stage speedily made itself manifest by the eagerness with which he devoted himself, whenever opportunity occurred, to amateur theatricals. Various professions were suggested, none, as it happened, to his liking, and after a brief experience of the law, he suddenly took his fate into his own hands.

CAPTAIN ROBERT MARSHALL.

He was first engaged as a private in the Highland Infantry. Thence he was promoted to the Duke of Wellington's Regiment, with which he served five years in the West Indies. This time he had fallen a victim to the passion of dramatic writing, and a little piece from his pen, entitled, "The Subaltern," had the honor of being presented by a company of amateurs before the elite of Bermuda, to be received with signal enthusiasm. His military duties took him subsequently to Cape Town, where he held a staff appointment in 1893, and later to Natal, where he acted as aide-de-camp to the Governor, Sir Walter Hely-Hutchinson. It was during his stay there that he wrote his first important play, "His Excellency the Governor," which, when completed, he forwarded to a lady in England, charging her to submit it to the notice of the librettist manager. That manager was Mr. Arthur Chappell, and his acceptance of the piece was duly announced to the grateful author, who there and then decided to throw up his position in the army in order to devote himself to writing for the stage. It should be stated, however, that this was not Marshall's first experience of the kind. When, in July, 1888, "His Excellency the Governor" was produced at the Court, everybody recognized that a playwright destined to be seriously reckoned with in the future had leaped to prominence. The author's sparkling wit, the quaintness of his pleasantly fantastic story, the clever characterization, just sufficiently exaggerated to provoke laughter, caught the fancy of the public, and drew crowds to the Court for many months. He enhanced his reputation by the production, in rapid succession, of "A Royal Family," "The Noble Lord," and, in particular, by what will probably be regarded as his best, as it was his most popular, work "The Second in Command," performed at the Haymarket in 1890. Afterwards came "The Duke of Killbuck," "The Lady of Leeds," "The Alabaster Staircase," and "The Outsider," the last of which was only tried in the provinces, and never succeeded in making its way to London.

Captain Marshall was unmarried, but his mother still lives to mourn, together with other members of the family, the loss of her brilliant and talented son.

Fresno Masonry in India. Lord Amherst, speaking at the banquet following the consecration of the Star of India Lodge at Freemason's Hall, London, said he was profoundly impressed with the importance of Freemasonry in India. It was absolutely the only effective means that existed in India for promoting social feeling among all classes in India, whether English, Hindu, Mahomedan, or Parsi.

The Unknown. A Frenchman attended a Burns celebration. At the end of the jollification a friend asked him if he had enjoyed himself. "Why," said he, "with the characteristic French shrug and upturned hands. "It was magnificent. The music was good, the whiskey was very good, the singing was good, but who was Mr. Aud Langynae? Was he a Scottish chief?"

What's your height? May we suppose it to be 5 feet 8 1/2 inches, and you weigh 160 pounds? You belong to the Type B division of physique types, and a suit made to these measurements could be fitted, and finished for you in an hour—and delivered, too, no matter what form and figure you may be through occupation or environment.

There are seven types, five subdivisions of each type, and 14 sizes of each subdivision. Surely we can fit you. We are certain we can. Height, 5 ft. 8 1/2 in. Weight, 160 lbs. Breast, 41. Waist, 37 1/2. Leg, 32. If you weighed 200 pounds and belonged to Type F, you would measure 43 inches chest and 43 inches waist. If you were the same height and only weighed 125 pounds, a 36 or 37 breast coat would fit you.

DEATH OF FATHER FITZ-HENRY
Rev. R. H. Fitz-Henry, C. S. C., one of Quebec's most accomplished sons, was accidentally drowned at Kingston, Ont., and was buried at Quebec on Wednesday. Deceased, after a brilliant course of studies in St. Patrick's school, Quebec, entered St. Laurent College and followed a classical course, obtaining the degree of B. A., and winning first prize. He then entered the Congregation of the Holy Cross and followed the course in theology at the Quebec Seminary where he also took first prize out of a class of more than a hundred ecclesiastics. After his ordination he was for several years one of the foremost teachers at St. Laurent College. He was subsequently appointed Prefect of English Studies at St. Joseph's College, Memramcook, N. B., but owing to ill health he was compelled to abandon teaching. He was stationed on the North Shore for a time, and had been at Kingston for a year. Father Fitz-Henry was an eloquent preacher in English and in French. He was a contributor to the Montreal True Witness, the St. John New Freeman, and the Quebec Daily Telegraph, and his writings attracted much attention.

BEARING DOWN PAINS

What woman at sometime or other does not experience these dreadful bearing down pains. Mrs. E. Griffith, of Main street, Hepworth, Ont., says:—"A heavy bearing down pain had settled across my back and sides. I was often unable to stoop or straighten myself up. Many times each night I would have to leave my bed with the irregular and frequent secretions of the kidneys and just as done out in the morning as on retiring. I was languid and would have to let my household stand. Nothing I had tried would benefit me. I learned of Booth's Kidney Pills and concluded I would try them, which I did, and soon found the long sought relief. My back strengthened and I began to feel better and stronger. I now enjoy my sleep without being disturbed and I am grateful to Booth's Kidney Pills for what they did for me."

Booth's Kidney Pills are a boon to women. She would know less of backaches if she took more of these wonderful pills. They are nature's greatest specific for all diseases of the kidneys and bladder. All druggists, 50c. box, or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by T. J. Durick.

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Belleville, Ont.—"I was so weak and worn out from a female weakness that I concluded to try Lydia E. Pinkham's Vegetable Compound. I took several bottles of it, and I gained strength so rapidly that it seemed to make a new woman of me. I can do as good a day's work as I ever did. I sincerely bless the day that I made up my mind to take your medicine for female weakness, and I am exceedingly grateful to you for your kind letters, as I certainly profited by them. I give you permission to publish this any time you wish."—Mrs. ALBERT WICKERT, Belleville, Ontario, Canada.

Women everywhere should remember that there is no other remedy known to medicine that will cure female weakness and so successfully carry women through the Change of Life as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

TOWN COUNCIL MET LAST THURSDAY

Council in Committee Discuss Change of By-Laws Re to Building of Churches

A meeting of the council was held on Thursday evening His Worship Mayor McDonald presiding.

Councillors present, Alexander, Mowat, Miller and Pinault. Minutes of previous meetings read and confirmed. Communication received from the Shives Lumber Co., Ltd., accepting the offer of the town for the new power station. Communication placed on file.

Communication received from F. M. Anderson regarding the rent of the houses on Matheson's flats, now called Andersonville which was referred to Public Charities committee.

Communication received from the Building Inspector enclosing application of the Presbyterian church for a building, which was laid on the table.

Petitions received from S. McNaughton and George Main for trucking licenses were referred to Police and License committee.

Councillor Pinault reported that arrangements had been made for the clearing out of the old Minto basement. Councillor Miller from the finance committee submitted a report recommending the McLennan Foundry and Machine Co. Ltd., be granted a flat rate of taxation of \$100 per annum for a period of 15 years. Report received and adopted.

Messrs. J. P. Jardine and D. J. Bruce were heard before the council relative to the application for a building permit after which the council resolved itself into a committee to discuss the question.

Councillor Lunan then entered the meeting and Councillors McKenzie, White and Moores.

In the discussion which was taken part by all the councillors the matter was dealt with fully and a copy of the plans was laid on the table. As the change was felt to be rather drastic it was resolved to ask the Board of Fire Underwriters whether insurance rates would be affected by the such buildings going up in wood. The clerk was instructed to wire Mr. Clinch and to report when his reply was received.

Councillor Lunan moved the appointment of J. S. Benson as auditor of School accounts (which was seconded by Councillor Miller) and carried.

Communication from Joseph Duncan re the storing of oil, etc., at his premises, and from Currie that he was arranging to have his oil stored outside the town limits.

Regarding Mr. Duncan's communication it was referred to the Fire Protection Committee with power to act.

Communication received from Bates & Flood offering \$1.10 per yard for the stone at Gerard Street for the new I. C. R. Station buildings.

Communication from Mr. J. W. Morton regarding the putting up of the new Power House suggesting placing the building further east. Referred to Electric Light committee.

Councillor Pinault asked regarding the report published in the GRAPHIC as to the lack of the Fire Protection in Ward III. This brought out quite a discussion on the merits of our system and Councillor White in reply stated that all the matters brought up were receiving attention; Councillor White spoke in favor of the article in question, and also recommended that the salary of Wm. Noble be raised to \$55 per month. Carried. It was also agreed to instal a telephone in the engine room of the Shives Lumber Co., for fire purposes. Councillor Pinault asked regarding the pipes lying in the Tobique Road and Councillor Alexander said that arrangements had been made for gathering them together.

Councillor White brought in a report regarding the planing mill for George Sansom. After discuss-

ion in which the rent of the planing mill was heard before the council it was arranged to ask Mr. Clinch what effect this mill would have on the insurance rates. Council then adjourned.

HARQUAIL-DOYLE

The marriage of Miss Mary Eliza Doyle Harquail to Mr. Mathew W. Doyle was solemnized at the R. C. Church on Monday morning April 17th, Rev. Carl Leidgens officiating. The bride who is the daughter of Mr. and Mrs. James Harquail of Dalhousie, New Brunswick, is a very prepossessing young lady, while the groom is a prosperous young farmer in this township, who has been located here for many years, practically growing up with the country, Mr. and Mrs. Doyle have the best wishes of the community, Mrs. Doyle being a valuable addition to the population of the township and will be an earnest worker in the parish.—Stephenson Globe.

BUYING IRISH LACE

Queen Mary Shows Her Interest in Home Industries.

Buckingham Palace is now the headquarters of the Court, and the King and Queen will not visit Windsor again for any length of time till they go there for the Ascot races shortly before the Coronation. Queen Mary, since her return to Buckingham Palace, has been living very quietly, entertaining her more intimate friends and those about her Court by herself.

Queen Mary is now showing her interest in home industries in a practical fashion and particularly her desire to promote the welfare of the Irish people by directing the attention of the women of England to the work done by their sisters in the Emerald Isle. Her Majesty has given a large order for some of the choicest Irish lace, principally rose point, Carrickmacross and Limerick, including a beautiful Court train in Carrickmacross, applique and gypure. The Queen has also bought a quantity of lace and work done by the St. Helena Government lace school, with which she is highly pleased, and thinks very pretty. The St. Helena lace industry was started as recently as 1907, in accordance with a scheme of the League of Empire.

DEATH OF MR. NEIL SHAW

Well-Known Resident of Dalhousie Junction Passes Away.

By the death of Mr. Neil Shaw of Dalhousie Junction, last Friday, the County has lost one of its well-known and highly esteemed inhabitants. Respected and loved by all for his many acts of kindness and sympathy, his demise is mourned by a large circle of sorrowing friends. Mr. Shaw was born in Dalhousie Junction on November 1st, 1834, and is survived by one brother, Alexander H. Shaw, living on the homestead. As a loving father he is mourned by his family of five daughters and two sons. Mr. Shaw was ever an active helper in church work and was for many years an elder in St. John's Presbyterian Church, Dalhousie.

Rev. Mr. Kirk conducted the funeral service at the homestead on Monday and the remains were followed to the church yard at Dalhousie by a large number of mourners. The sympathy and kindly feeling of the whole community is extended to the sorrowing family and friends, in the loss of one who did ever prove himself a man of humble spirit and upright integrity.

DIED

Mrs. Cormier, aged 69, a native of Maria, P. Q., died in the hospital last Friday. The remains were removed to Maria for interment.

Mr. James Glover, a native of Kemp Road, was buried there last Saturday. Deceased was over 89 years of age and had been ailing for two or three months. Mr. Glover was well known here and respected by all who knew him.

Mr. Joseph Damboise returned last week from a trip to the Canadian West. He visited Edmonton and other cities and liked the country very much.

Tom Longboat, speaking of the race at New York Sunday week, after giving credit to Queal, said that he was glad to beat Hans Holmer. "He's a Canadian," said Tom, "but just to gain the favor of the spectators, he wore the stars and stripes for a belt. Any man who is ashamed of his country and his flag deserves a sound trouncing, and I am glad he got it."

NATIVE OF CROSS POINT DIED AT OCONTO, WIS.

Mrs. Wm. Johnston of 501 McDonald street, died at 2.45 o'clock Wednesday morning following an operation for cancer. The funeral will be held from St. Mark's church tomorrow forenoon at 10 o'clock. Rev. J. Campbell will conduct the services. Deceased was 59 years of age and was born at Cross Point, Ca., and came to Oconto about thirty years ago. Her husband has been in the employ of the Oconto Company for many years. She is survived by nine daughters and one son, Stanley. The daughters are the Misses Henrietta, Robina, Bessie, Shirley, Edith and Dorothy and Mrs. J. McDowell of Marinette, Mrs. Chas. Johnston of Menominee and Mrs. Walter Nelson of Republic, but recently married. The first named, Miss Henrietta, is in charge of the Oconto hospital. Mrs. Johnston was an estimable and highly respected and much esteemed by all who knew her, and her death has occasioned genuine regret throughout the community.—Oconto Enterprise.

Messrs. Rhodes Curry Co., are getting ready to remove from town. We understand they have booked a large contract in Moncton.

Concrete Sidewalks are Safe, Sightly and Everlasting

LUMBER used in damp places and on wet ground—as, for instance, in walks—has a very short life. It requires almost constant repairing and, in a few years, needs replacing.

Concrete, on the other hand, improves with age, and the very dampness which destroys lumber calls out the best qualities of the cement by making it harder and harder—until neither time nor traffic can affect it.

The best of wooden walks keep getting out of repair, and are a continual menace to life and limb. They are also a frequent source of expensive doctor bills and lost time. Then again, they are likely to cut up the original cost in repairs before they are replaced.

Concrete walks are slightly, everlasting and safe. They cost less to build and need no repairing nor painting.

Write for our free book, "What the Farmer Can Do With Concrete." It tells in plain, simple language, how you can save money on farm construction by using cement for Barns, Dairies, Foundations, Fence Posts, Troughs, Feeding Floors, Hitching Posts, Stalls, Silos, Stairs, and so forth. The Book is well illustrated with photographs, plans and diagrams. Fill out the coupon or send a postal to-day.

AFFAIRS

(Graphic.)

You may fool some of the people all the time, you may fool all the people part of the time, but you can't fool all the people all the time. Our city fathers are showing a lamentable amount of lethargy and apathy at the present time towards the many openings there are for strong action, that would tend to the best interests of a community which we trust will rise to a high plane in the provinces and be looked up to with pride by all the inhabitants of New Brunswick. We have shown an example of determination and perseverance in the rebuilding of our town, an example which might well be copied by other cities in Canada, and because of this and owing to the fact that the eyes of many are upon us, we say, "Awake! awake!"

Many and varied are the problems which engross the attention of our civic rulers, for which we are all willing to make allowances, but the conditions which now obtain in Campbellton are most pernicious in their influence against the best interests of our growing town, and the ratepayers now desire these conditions rectified by a little more action and less talk, deeds and not resolutions only, enforcement of By-Laws and less reference to them. We seem to have looked in vain for the council to make a move towards the upholding of its own laws, and although it is perfectly true that any ratepayer can take action against any person infringing the By-Laws, we can only ask where does the Council stand in this matter? If we as ratepayers are to see to the enforcing of these legal enactments which govern the town, there is no necessity for us to place the reins of government in the hands of the Council for those who pay the piper are entitled to the tune. And we are paying for it. What answer can the Council give us regarding the promised legislation affecting the taxation of real estate? Before beginning our buildings we were promised that this exemption was going through the House at Fredericton, and only the land would be taxed. Under this promise many of us have built and are building large and costly places and if these are to be assessed for taxation purposes it means that the assessable value of the town is being raised by dishonest methods. What the public want to know is, was this legislation dropped? If so, why has there been no report given regarding it? Why are we kept in the dark regarding this and many other things? It is only right that the public should have the entire confidence of its rulers, and no good ever comes of trying to play hide-and-seek with promises given to the people.

Another point is that with great acclamation the Council greeted an injunction clause to be tacked on to the By-Laws giving power to restrain any person from building in defiance of the By-Laws. This has also proved a fizzle for before any injunctions can be granted, the town will require to go to St. John to get the necessary papers, and all the shacks in Campbellton could be built before a writ of restraint could be issued. Still another point: Some time ago petitions were presented from two Churches asking permission to build in wood. The By-Laws make no allowance for exempting any building and the Council have no power to grant exemption, yet nothing has been done with these petitions and in the meantime the churches are going on with preparations for building without permit or authority of any kind.

These things may be embarrassing in a slight degree but we have every confidence that the Council is quite able to remedy these matters once they are brought to their notice. Many more points could be raised but we believe everything will yet be cleared up, and we can only say to the Council, Gentlemen you have all the backing you want. Go ahead.

CAMPBELLTON NOTES

The invitation of Rev. Dr. Shearer of Toronto, the Rev. T. P. Drumm will take part early in June, in large evangelical services to be held in St. John.

TO ARRIVE

One bbl. Columbus batteries particularly adapted to motor boat and automobiles, Lellen Foundry Machine Works.

Dr. Pinault nearly lost his auto the other day by fire, but Bill Noble was on the job, as per the lines in "The Fire at Campbellton," consequently there was just a little paint and a tire burned.

Campbellton is hard to beat at anything. Shortly before the storm broke on Sunday the thermometer at a spot in Vin—I mean Ward III, registered 90 in the shade. Gee! it was warm.

Victoria Day saw a large crowd taking advantage of the trip to St. Leonard's, per the International Railway. We don't know half the beauties of our county and of the beauties to be seen from an I. N. R. train.

The Merchants and Clerks Association has been asleep for sometime, but we hear whispers that it is likely to awaken soon. Perhaps it was only a yawn we heard, but it was certainly something like "early closing."

Rev. Mr. Schurman preached in St. Andrew's Church on Sunday. A large audience listened to the Rev. gentleman, who gave a stirring discourse. Mr. Schurman, as before stated will leave shortly to take up his duties at Bear River, N. S.

In getting out the plans for the new Power Station, would it not be well to look into the matter of placing the buildings at the Eastern side, leaving us the only strip of beach we have in this end of the town. We can't always go away to Tite Head to get down to the river.

The sailing vessel "Woodburn" is in port. It might interest our readers to know that the first ship "Woodburn" was dismantled in a gale in the Indian Ocean and towed to Bombay. The new masts were made and ready to be shipped when word was received that the hull had been condemned. The masts were therefore placed in the hull of a vessel then building on the Clyde and the ship named the Woodburn.

Have you heard any fish since the 24th? We trust the future reading has had the desired effect.

The Military Contingent for the Coronation will sail from Quebec on the 2nd of June and return from our festivities on the 7th July. They will be well looked after by the...

Sergt. Ch... was given Bean Sup... members of the Intern... ball Club. The boys had... and wished Charlie all sorts his first trip to the old country

While we in the East are enjoying summer weather, press reports tell of a heavy fall of snow in Southern Alberta. This is the same spot which is called "Sunny Alberta." The Restigouche is good enough for us.

As a matter of public safety, is it right that so much inflammable material should be exposed in Ward III? A number of barrels of oil and gasoline are lying in the open up there and constitute an enormous source of danger.

We understand the prisoners sent down to Dalhousie would not change places with anyone. They have all the liberty and privilege to go about in the streets as they please, and look on the prison as a dandy boarding house. Seriously there is something wrong in our penal system.

Ward III certainly gets all that is coming to it. In the height of the storm on Sunday a building was struck by lightning, doing considerable damage to the chimney and walls and destroying an iron bedstead. One of the children in the house had been removed from the bed very shortly before it was struck.

Dr. McNichol wishes to announce to his patient's, that he is now ready for business in his new suite of offices upstairs in the McRae block. May 26-27ins.

Mr. John Riddell, formerly of Campbellton, is taking a course in Science at Toronto. His friends are pleased to hear that he has passed his second year examination with honors. This is the second time he has taken honors. Mr Riddell is now out with a surveying party in Sault Ste. Marie.

SPORTS

RICHIBUCTO WINS FROM NEWCASTLE

Newcastle opened her Baseball season on Wednesday last when a fast Richibucto team put it all over the locals, in a double header, to the tune of 15 to 7 and 6 to 1. The games were poor exhibitions and showed the lack of practice of both teams. The pitching of the local men, Graham and Lindon, was exceptionally good, the former fanning eight men, while the latter did the same trick to ten men in five innings. Miller's batting was also a noticeable feature, while the home run and circus stunt of Long are not to be forgotten.

THE TEAMS

RICHIBUCTO	NEWCASTLE	
Murray	catcher	Murphy
Shaddick	pitcher	Graham
Long	1st base	Lindon
Woods	2nd base	Durick
Hannah	3rd base	Maloney
Adair	short stop	Ingram
Haines, E.	centre field	Miller
Gill	right field	Hennessy
Haines, J.	left field	Morrissy

AFTERNOON GAME

FIRST INNING
Murray was safe on Lindon's error and took second. E. Haines hit an infield fly, but was safe when Maloney and Graham both tried to get it and collided. Long drove to centre for a home run, scoring Murray and Haines. Hannah fanned. Woods popped to Graham and was safe or Graham's error. Adair hit safely to centre. J. Haines fanned. Shaddick popped to Ingram. **THREE RUNS**
Maloney fanned. Ingram fanned. Lindon hit to short and was safe on Long's error and took second. Durick popped to Adair. **No RUNS**

SECOND INNING

Gill died with a hole in the bat. Murray was safe on Durick's error. Haines walked and stole second while Murray scored. Long's fly was swallowed by Ingram. Hannah was safe on Maloney's error and Haines scored. Hannah was caught trying to purloin the second sack. Woods was left at bat. **TWO RUNS**
Murphy got two bases on Adair's error. Graham out first, Long unassisted. Miller drove to right for two bases and Murphy scored. Hennessy fanned. Morrissy popped to Long. **ONE RUN**

THIRD INNING

Adair walked and stole second. Haines fell a victim of Graham's curves. Shaddick hit to short and Adair beat out the throw to the plate. Gill and Murray fanned. **ONE RUN**
Maloney walked and took third on Long's error. Ingram and Lindon fanned. Durick popped to Long. **No RUNS**

FOURTH INNING

Haines drove a hot grounder for three bases but tried to make it a homer and "Kelly" caught him at the plate. Long and Hannah fanned. **No RUNS**
Murphy walked and stole second. Graham fell before Shaddick's fast ones. Miller was on deck again with a drive to left for one base, scoring Murphy. Hennessy popped to second. Morrissy did the same way. **ONE RUN**

FIFTH INNING

Woods fanned. Adair hit to right and stole second and third and crossed the plate on Murphy's error. Haines fanned. Shaddick drove a pretty fly to Morrissy but Jack wasn't on to his job and Shaddick got to second. Gill was hit by pitcher and went to first. Murray popped to Durick. **ONE RUN**
Murray out first, Adair to Long. Ingram popped to Long. Lindon fanned. **No RUNS**

SIXTH INNING

Haines hit safely to right. Long popped to Ingram who fumbled and Long was safe. Hannah hit to Morrissy and got three bases on Morrissy's error, while Long and Haines scored. Woods hit to left and Hannah scored. Adair hit Graham and Woods scored on the throw to first. Haines fanned. **FOUR RUNS**
Durick walked and stole second. Murphy was safe on short's error and took second. Murphy out second. Graham out first, Long unassisted. Miller hit to centre and stole second. Hennessy fanned. **ONE RUN**

SEVENTH INNING

Shaddick drove to centre for three bases. Gill and Murray fanned. Haines popped to Durick. **No RUNS**
Morrissy fanned. Maloney drove to right for two bases. Ingram sac-

rificed to second. Lindon out first. **No RUNS**

EIGHTH INNING

Long fanned. Hannah hit to left for two bases. Woods followed hit for one. Adair drove to centre for two. Hannah and Woods scored. Haines hit to Graham who caught Adair at third. Shaddick out first, Durick to Linden. **TWO RUNS**

BALLS AND STRIKES

There was some classy to Miller's batting.
Lindon is some classy pitcher.
Nothing gets by "Kelly". He's right there with the goods.
When Long gets his lunch-hooks on the ball it don't go any farther.
When are the boys going to organize and get ready for the summer's work?
Errors seemed to be the order of the day Wednesday, but a little practise will soon strengthen the weak spots.

Harry, Graham can put them over alright and he did fool them some.

THE OTHER SPORTS

At the Intercollegiate Track meet held in Halifax on Friday, Acadia won the championship cup with U. N. B. second and Mt. A. third.

Boston, May the 25th.—William Queal, of New York, defeated Alfred Shrubbs, the English Champion runner in a 12 mile race run at the American League Baseball grounds last night. Queal had the race easily all the way, winning out by 50 yards at the finish in a sprint. The time was 1 hour 7 minutes, 33 seconds. This is the 3rd time Queal has won from Shrubbs.

Cy Young veteran member of the Cleveland American pitching staff, and dean of major league pitchers, has rejoined the team after an absence which began four weeks ago, when he was taken ill in Detroit with pneumonia. He has been recuperating on his farm at Peoli, and says he expects to be able to play within two weeks.

"MADAME SHERRY"

George W. Lederer's name as a producer of musical pieces usually spells something near the last word in approximate perfection of production. Playgoers familiar with the manager's successes while he held forth at the New York Casino, at a time when he controlled the fortunes of Lillian Russell, Jefferson L'Angelis, Walter Jones, David Warfield, Louis Mann, Edna May, Maybelle Gilman, Paula Edwards and other stars had opportunity during that period to observe the finished quality of the manager's theatrical equipments. In "Madame Sherry", a musical production that has scored a success this season in New York of greater popular magnitude than any musical piece offered in the metropolis in a score of years, the Lederer touch and the Lederer manner are said to be vitally contributing elements counting of the production's furor's acclaim. Aside from the notes of mirth struck by the story—and past performance has demonstrated that no one better than Lederer knows how to effect stage fun—"Madame Sherry" is said to fascinate not alone by its score with its ravishing "Ev'ry Little Movement Has A Meaning All Its Own" theme, but to enthral as well by the general beauty shimmering throughout the production's three acts. The scenic opportunities for this Lederer artistry are a New York gilded youth's studio, with bevy of dancing feminine guests devoted to Grecian terpsichore, the salon of a millionaire's yacht at anchor in New York Bay, and the after-deck of the same yacht under moonlight, under full sail in the waters off Coney Island, with the yacht's feminine guests as models for the Lederer ingenuity and taste in costuming. The conduct of every member of the cast, which term takes in the feminine chorus, is said, too, to reflect this general sense of beauty, a quality that one unconsciously appreciates, who listens to many of the airs of the published score of the production. "Madame Sherry" is to be presented at Chatham Opera House on June 5th by the New Amsterdam Company.

TO WHOM IT MAY CONCERN

I received a postal card through the mail stating "you or your wife or stable man have been selling liquor to A. K. Alford of Tide Head," and refuses to sign any name.
I never sold any liquor, neither has my wife, nor have I ever had any person to sell it for me. This I can prove.
The person or persons who wrote this card is a coward and a dirty contemptible liar and is not fit to live in this community, should be at Dorchester and not at large. When you write again sign your name so wetcan deal with you as the law provides.
