

TO CALL FOR TENDERS FOR HUDSON BAY LINE

Department of Railways Will Probably Invite Tenders From Contractors Within the Next Few Weeks—Further Supplementary Vote May Be Passed at This Session.

Ottawa, Ont., May 25.—It is understood that within the next three or four weeks the Department of Railways will issue calls for tenders for the construction of the Hudson Bay railway.

PROVINCE REPLIES TO DEFENCE OF ROYAL BANK AND A. & G. W. CO.

(From Monday's Daily.) Replies to the statements of defence in the A. & G. W. suit were filed in the Supreme court office Saturday afternoon by L. R. Clary, deputy attorney general.

MANY VILLAGES BURNED IN JAPAN.

Tokio, May 20.—Forest fires in Hokkaido, the northernmost part of the island of Japan, are devastating vast territories of land.

WESTERN MEN FOR THE CORONATION

Police Detachment and Representatives of Western Militia Regiments Pass Through Winnipeg En Route to London.

Winnipeg, Man., May 21.—The coronation contingent from Winnipeg left for the east Saturday evening, including representatives of the 9th, 79th Cameron Highlanders, the 10th Grenadiers, the Canadian Army Service Corps (Company No. 11), Medical Corps, and signallers.

DEPARTMENT OF LABOR WILL OPPOSE APPEAL

Government Will Resist Appeal From Decision Entitling Inquiry Into Alleged Combine.

Ottawa, May 22.—The Department of Labor, acting through the Department of Justice, is taking steps to resist the appeal of the United Shoe Machinery Company from the decision of the Court of King's Bench at Quebec, under which the board appointed under the Anti-Combines Act was authorized to proceed with an inquiry into the alleged combination of operating shoe machinery.

CAMORRA TRIAL

Two Men Accused of Murder Deny Charge—Believe They Have Been an Accomplice.

Viterbo, Italy, May 19.—The two men denounced by Giacomo Acciariatore as the assassins of Genaro Cuccolo and his wife were given a chance to defend themselves at the trial of the Camorrista today.

DAKOTA FARMERS OPPOSE TREATY

Fear Competition of Canadian Farm Products in Home Markets.

Aberdeen, S.D., May 19.—Several hundred South Dakota farmers and business men met at the Brown County Court House this afternoon and ordered an address to the President of the Senate, protesting against the pending reciprocity pact with Canada on the ground that it would drive injurious to the farming industry.

AN EDMONTON FIRM GETS BIG CONTRACT

Contract For Excavations For the Strategic Water and Sewerage Construction Work This Year Is Given to the Manley Construction Co.

(From Tuesday's Daily.) The contract for the excavation for the proposed sewer and water extensions in Strathcona this year has been awarded to the Manley Construction Company of Edmonton.

PARIS TAXICAB DRIVERS STRIKE

Brilliant Crowd in London of the Paris Taxicab Drivers.

London, May 22.—The third of the series of brilliant crowds, which is to mark the London season was held at Buckingham Palace tonight. Colonial delegates to the imperial conference were well represented, while most of the diplomatic corps, and a host of officials were represented.

LEITHBRIDGE

Warden of Provincial Jail Appointed—Sentenced For Theft.

Leithbridge, May 19.—Dr. Rivers, Leithbridge, formerly mayor of Raymond, and candidate in the last provincial election, has been appointed warden of the provincial jail here by Mr. McLean who is now provincial secretary.

SULTAN ALARMED AT DEMONSTRATION

Constantinople, May 20.—The sultan was very excited yesterday while driving out at Selkian. Fifteen Kurds rushed out of the crowd, shouting wildly, while one of them made a dash for the royal carriage.

POLICE WAITING FOR AN ELOPING COUPLE

Are En Route to Canada on the Lake Manitoba, Due to Reach Quebec on Monday.

Montreal, May 18.—The St. Lawrence route is to have another romance of international importance, although possibly not so famous as that of the Crippen-LeNove affair of last year.

THE FINANCIAL AND COMMERCIAL MARKETS

EDMONTON CITY MARKET.

Edmonton, May 23.—The continued high price of hay is the only feature of the market here. The price of hay is asked without a blush for ordinary brand while timothy is going for \$12 to \$13.

WINNIEP EG FLOATS A BIG LOAN IN LONDON

No Surprise That Large Amount Remains in Hands of the Underwriters—The Remainder Must Be Castigated.

London, May 20.—The public response to the Winnipeg issue of \$500,000 was quite up to expectations, but presents further proof of the congested condition of the Canadian municipal market here.

PROVINCIAL TAX CASE IS BEGUN IN COURT OF APPEAL

Calgary and Edmonton Land Co. Appeal From Decision of Supreme Court of Alberta That Province Is Entitled to Collect Taxes on Land Grant of Calgary and Edmonton Railway Company.

Ottawa, May 19.—In the Court of Appeal the Calgary and Edmonton Land Company vs. The Attorney-General of Alberta, was taken up. The question raised is in respect of the right of the Province of Alberta to tax the ungranted lands forming part of the subsidy to the Calgary and Edmonton railway.

RECENT SHOWERS HAVE GIVEN IMPETUS TO WESTERN BUSINESS

Winnipeg, May 19.—The Commercial in its review of the business situation for the week, will say tomorrow that the recent showers have given impetus to the general trade.

RUSHING CONSTRUCTION ON ATHABASCA LANDING LINE

(From Monday's Daily.) In addition to the men employed on the Athabasca Landing line, the material for the building of the road is ready, and at hand.

CANADA'S SHIPS WILL BE OF BRITISH BUILD

Building Will Be Done in Canada and Materials Secured Here So Far as Possible—The Remainder Must Be Procured Within the Empire.

Toronto, May 20.—The Canadian navy is to be so far as possible, Canadian manufacture. The announcement has been made to the executive council of the Canadian Manufacturers' association by the tariff committee of the association that advice has been received stating that the conditions of the contract provide for this.

WILL BE ACCORDED NATIONAL HONORS

Paris, May 21.—The funeral of M. Berteaux, which is expected to take place on Friday, will be conducted with full national honors.

Chicago Grain Market. Chicago, May 21.—May wheat rose within a cent of the dollar mark. Nervous covering of about 400,000 bushels on orders said to have come largely from St. Louis shorts put up the price to nearly two cents a bushel.

TOWNSHIPS ON PEACE RIVER

Leaves Landing to Survey Townships Between Peace River and Grande Prairie.

University of Regina

Dr. J. E. Hodgkinson of Regina, Ont., is the appointment of Dr. J. E. Hodgkinson of Regina, Ont., is the appointment of Dr. J. E. Hodgkinson of Regina, Ont.

Rose Flour

THE ORIGINAL AND ONLY GENUINE BEWARE OF IMITATIONS SOLD ON THE MERITS OF MINARD'S LINIMENT

OUR BIRDS

If their Stork Bags are empty, you can buy one of these BIRDS for 5c up to 75c.

H. GRAYDON

Edmonton, Alberta, Canada.

MADE SYRUP

For one-half the cost, is made by dissolving white sugar in water and adding lemon and vanilla.

LEINE

Popular flavor. It also has Peppermint, Cinnamon, and other flavors.

# OFFER FREE SITE FOR STOCK YARDS

## Instead of Expending \$119,000 City May Get Land for Nothing.

(From Tuesday's Daily.)

A gift of sixty acres for a site for a union stock yard was offered to the city yesterday by the owner through the Great West Land Company, Limited. The property is situated in the west end of the city, and like that for which the council proposes to pay \$500 per acre, or a total of \$119,000, affords easy communication with both the C.N.R. and the G.T.P. The land extends across the north west quarter section 15, township 53, range 25. The only condition imposed is that of the extension of sewer and sewage systems to the property. This, however, will be necessary whatever the position of the site chosen. It is generally admitted that sixty acres would be ample for the purpose, and the only argument urged for the purchase of 225 acres near the packing plant at \$600 per acre was that this amount could be purchased at a lower price per acre than any smaller site in the same location, and that the city would be able to dispose of it at an advance within a very short time.

**Water Mains From First Street.**

In the case of the site near the packing plant it would be necessary to extend the water mains from a point near the corner of First street and Norwood boulevard, which is further from this site than from that which is offered. An additional consideration is the proposal to move the waterworks from the present site to a position near Laurier Park in the west end. It is very generally conceded that this will be necessary within a very short time, and in the event of this change the new site would be more readily accessible than that which the council have selected.

The matter will come before the council for consideration at the meeting to be held this evening.

The communication from the Great West Land Co. was as follows: "We are instructed by the owner to make the following offer in relation to a site for the city extending the waterworks and sewerage to the property and it being used for stock yards we offer you sixty acres extending across the northwest quarter of section 15, township 53, range 25, from south to north on the easterly side of said quarter, free of all costs other than the above conditions being fulfilled. This property lies between the G.T.P. and C.N.R. property, the C.N.R. just touching it to the northeast or being very close to it, and the C.P.R. is very close to it closer."

**James Bower Endorses.**

A communication from Jas. Bower, president of the United Farmers of Alberta, has been received by A.D. Lundy, chairman of the industrial committee of the council in which Mr. Bower expresses his hearty approval to establish municipal stock yards, which he says, will greatly assist the livestock raisers of the live stock city of the province.

**Red Deer, Alta., May 19, 1914.**

Ald. Lundy, chairman of the Stock Yards Committee, Edmonton.

Dear Sir,—I see by the Edmonton papers that the residents of your city are awaiting to see the results of curing for the city their rightful share of the meat trade of the province. For years our association has been endeavoring to call the sympathy and support of our towns and cities in this matter, which is of such vital importance to both town and country. Although nature has so lavishly endowed this province with all things requisite for the raising of a good stock, it is most humiliating to know that the business is dwindling down to such insignificant proportions, all because of the neglect of the city in securing for the producer and the consumer a better condition can hardly be hoped for.

**Association of which I have the honor of being president have each year appointed a committee to look into this matter, and of which I have also the honor to be chairman, we have made in so far as it has been possible, an exhaustive research of the reasons why stock producing is not more extensively carried on. We feel sure that the chief reason is a lack of confidence in the producer, in the markets available to him, good markets he sees at a distance and even near at home; but except in a few isolated cases or under abnormal conditions, such as at present, these markets are out of his reach. The town or city that takes steps to make possible a stable market for the stock producer, will be doing a good work for itself, not only in the indirect way of making a more prosperous country around it, but also in the direct advantage it will gain by building up within itself a paying industry and drawing additional trade from a large district.**

**Investigations have led us to believe that by continuing a system of live stock shipping for export our stock industry can hardly hope to prosper. For years we have been asking the Dominion government to install a chilled meat export system, and the objections they have raised have been the enormous cost and fear of a lack of sufficient business.**

**Investigations into the conditions of the home market of this province and British Columbia, have convinced us that a municipal system of stock yards and abattoirs, with cold storage, is the only thing that can successfully bring the producer and the consumer on friendly and profitable terms, and at the same time provide the consumers with the best and the producer and the export market.**

# FRASER CANNOT BE COMMISSIONER

## Discovered That His Firm Holds Year's Contract With City.

(From Tuesday's Daily.)

Another aspect in the controversy of errors at the city hall was enacted yesterday afternoon, when it was discovered that one of the newly appointed commissioners, D. R. Fraser, is a stockholder in the firm of D. R. Fraser & Co., who hold a contract for the supply of spruce lumber to the city, and is therefore excluded from holding office as commissioner under the provisions of the city charter.

The oath which a commissioner is required to take upon his appointment to office, and which the newly appointed commissioners took yesterday night, is as follows:

"I, A.B., do solemnly promise and declare that I will truly, faithfully and impartially, to the best of my knowledge and ability, execute the office of commissioner to which I have been appointed in this city, and will not receive any payment or reward or promise therefor for the exercise of any authority or the execution of any duty or the making of any contract, or the doing of any act, in or out of the city, as commissioner."

The secretary said that he welcomed the evidence the bill afforded that the Conservatives were convinced of the need of the reforming of the House of Lords, but the government held that the passing of the veto bill was essential before steps were taken in that direction.

**LANSOW'S BILL IS BROUGHT DOWN**

Haldane Says That Government Will Not Divide Against It—Welcoming Evidence Given By Bill That Conservatives Realize Need of Reform of House of Lords.

London, May 22.—Lord Lansdown's bill for the constitution of the House of Lords passed its second reading in the house today without division after War Secretary Haldane announced that the government would not divide against it.

The secretary said that he welcomed the evidence the bill afforded that the Conservatives were convinced of the need of the reforming of the House of Lords, but the government held that the passing of the veto bill was essential before steps were taken in that direction.

Haldane complained that the debate had not elicited any statement relative to the government's plans for reforming the house. The fact that there was no division prevented a disclosure of the extent of the revolt among the Unionist peers.

The Duke of Marlborough, the Duke of Somerset and Lord Killanin, showed it to be considerable and it is not expected that the committee stage will be proceeded with.

The second reading of the veto bill took place on Saturday night.

# TWO MONTREAL MEN KILLED BY THE HEAT

## Extremely Hot Weather Has Fatal Results in the Eastern Metropolis on Saturday and Sunday.

Montreal, May 22.—Two deaths have resulted here as the result of Saturday's and Sunday's intensely hot weather.

Francis Xavier Ledoux, a farmer, dropped dead as he was attending to some masonry work on St. James street. John Lavee, aged 71, night watchman at the Canadian Rubber Company, also succumbed to exhaustion from the heat. He is extremely hot today, the thermometer registering 76 at 8 o'clock.

At the other end of the city, a 90-in.-shade mark, with much humidity in the air.

# ELOPING PAIR CAUGHT

**Immigration Officials Detain Couple From Paris at the Quebec Office.**

Quebec, May 22.—On the arrival of the Lane Manitoba here at two-thirty this morning an immigration official and newspaper men located a couple registered as Mr. and Mrs. William F. Wyre, who proved to be the eloping couple, Alphonse Haras of Brest, France, and Miss Helena Benoit, former governess in his family.

# PRESS COMMENT ON CONFERENCE

## One Foreign Policy for All Dominions is Idea of London Times.

(From Tuesday's Daily.)

The Imperial conference, which is to be held this afternoon, asks if the governments of the Motherland and the Dominions are to have five foreign policies, for which each one would make itself responsible to the foreign powers or are they jointly responsible for the much-heralded imperial conference, which is to consider every topic in which a world-wide empire is interested, from national defense to the design of penny postage stamps.

This will be the first official meeting of the new sovereign and his foreign ministers, and it is expected that England's attitude toward the Empire will be materially changed as a result of the reforms advocated by the different dominions and their premiers.

Chief among many interesting questions raised by the delegates from England's colonies in their despatches to the home government, when the imperial conference was first proposed is resolution No. 4 from the union of South Africa relative to England's position on trade preference.

**CENSUS ENUMERATORS GET READY FOR WORK**

Men Who Will Number the People in the Edmonton District Being Selected in Their Duties.

(From Tuesday's Daily.)

Mr. H. B. G. B. Phibbs, a census commissioner for the Edmonton district, which comprises the whole of the province lying north of the Saskatchewan river, began the instruction of the census enumerators this morning at the headquarters in the city. The enumerators will be taken up in their districts today, Thursday and Friday of this week, and on Monday and Tuesday next week the enumerators of the Peace River and the Athabasca districts will be acting as census commissioners in the Peace River district and will give out the instructions to the enumerators at ground.

**STAGE LINE EDSON TO GRAND PRAIRIE**

Weekly trips are now being made between these two points. For all information as to Homesteads in Grand Prairie and Peace River Districts address Head Office:

Edson and Grand Prairie Transportation Co. 324 Jasper Avenue E., Edmonton.

**AD DRUGS AXATIVES**

# "I COULD NOT LIVE" WITHOUT "FRUIT-A-TIVES"

## Writes The Treasurer Of Caledonia Township

PENASQUITE, Ont., Jan. 29th, 1910.

For thirty-five years (and I am now over seventy) I have been a terrible sufferer from Constipation.

No matter what remedy or physician I employed, the result was a "S" the same—impossible to get a cure.

About two years ago, I read the testimonial of Hon. John Costigan regarding "Fruit-a-tives" and I decided to give "Fruit-a-tives" a trial.

I have used "Fruit-a-tives" ever since. They are the first and only medicine to cure constipation, is to make the liver active and healthy and thus store up sufficient bile to move the bowels.

"Fruit-a-tives" acts directly on the liver—ensures an abundance of bile—and causes the bowels to move regularly and naturally. Get a box, 6 for \$2.50, trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

**STAGE LINE EDSON TO GRAND PRAIRIE**

**Water Mains From First Street.**

In the case of the site near the packing plant it would be necessary to extend the water mains from a point near the corner of First street and Norwood boulevard, which is further from this site than from that which is offered. An additional consideration is the proposal to move the waterworks from the present site to a position near Laurier Park in the west end. It is very generally conceded that this will be necessary within a very short time, and in the event of this change the new site would be more readily accessible than that which the council have selected.

The matter will come before the council for consideration at the meeting to be held this evening.

The communication from the Great West Land Co. was as follows: "We are instructed by the owner to make the following offer in relation to a site for the city extending the waterworks and sewerage to the property and it being used for stock yards we offer you sixty acres extending across the northwest quarter of section 15, township 53, range 25, from south to north on the easterly side of said quarter, free of all costs other than the above conditions being fulfilled. This property lies between the G.T.P. and C.N.R. property, the C.N.R. just touching it to the northeast or being very close to it, and the C.P.R. is very close to it closer."

**James Bower Endorses.**

A communication from Jas. Bower, president of the United Farmers of Alberta, has been received by A.D. Lundy, chairman of the industrial committee of the council in which Mr. Bower expresses his hearty approval to establish municipal stock yards, which he says, will greatly assist the livestock raisers of the live stock city of the province.

**Red Deer, Alta., May 19, 1914.**

Ald. Lundy, chairman of the Stock Yards Committee, Edmonton.

Dear Sir,—I see by the Edmonton papers that the residents of your city are awaiting to see the results of curing for the city their rightful share of the meat trade of the province. For years our association has been endeavoring to call the sympathy and support of our towns and cities in this matter, which is of such vital importance to both town and country. Although nature has so lavishly endowed this province with all things requisite for the raising of a good stock, it is most humiliating to know that the business is dwindling down to such insignificant proportions, all because of the neglect of the city in securing for the producer and the consumer a better condition can hardly be hoped for.

**Association of which I have the honor of being president have each year appointed a committee to look into this matter, and of which I have also the honor to be chairman, we have made in so far as it has been possible, an exhaustive research of the reasons why stock producing is not more extensively carried on. We feel sure that the chief reason is a lack of confidence in the producer, in the markets available to him, good markets he sees at a distance and even near at home; but except in a few isolated cases or under abnormal conditions, such as at present, these markets are out of his reach. The town or city that takes steps to make possible a stable market for the stock producer, will be doing a good work for itself, not only in the indirect way of making a more prosperous country around it, but also in the direct advantage it will gain by building up within itself a paying industry and drawing additional trade from a large district.**

**Investigations have led us to believe that by continuing a system of live stock shipping for export our stock industry can hardly hope to prosper. For years we have been asking the Dominion government to install a chilled meat export system, and the objections they have raised have been the enormous cost and fear of a lack of sufficient business.**

**Investigations into the conditions of the home market of this province and British Columbia, have convinced us that a municipal system of stock yards and abattoirs, with cold storage, is the only thing that can successfully bring the producer and the consumer on friendly and profitable terms, and at the same time provide the consumers with the best and the producer and the export market.**

This is just half way between Edmonton and Athabasca Landing. The Canadian Northern Railway has purchased out of this same quarter section a strip of land for station grounds and yards, so that there will be an opportunity of buying

## AT FIRST PRICES

Lots facing the railway. It is those who buy at first prices that make the big profits. Arrangements already made, or under way, for English Church, Stores, Assembly Hall—and the sale has not commenced.

# CLYDE

The Central Point of A Well Settled Area of Fine Country

That many a good dollar is made by investors in the early days of a new town or city is too old established a truth to be gainsaid. Lots fronting on the chief streets are always eagerly sought and easily turned over at a good profit in nearly every instance. There are, however, too many cases of the unwise being induced to part with their money for lots in some "addition" or "annex" which is frequently from one to two miles from the actual centre of activity. The first purchaser of even these have frequently turned over their holdings at a profit, but it was inevitable from the commencement that some one would eventually be "landed" without any possibility of a profit.

But when you have a genuine proposition with the depot and yards on the edge of the property itself, and when the surrounding country is well settled with progressive farmers, when there is already the nucleus of a town with church, store and post office, then one would be very unwise to pass unheeded the opportunity of securing choice locations at prices about one-third or one-quarter of their value inside the year.

### CLYDE DISTRICT.

Clyde district is settled principally by English speaking people. It is by no means a new settlement and many of the farmers are now well fixed; the district has, in fact, passed through the pioneer stages.

### GOOD FARMING COUNTRY.

That the country is good from the farming point of view is evident from the fact that farmers have made money there and the truth is further borne out by the fact that the Duke of Sutherland contemplates establishing some "ready-made" farms in this locality for his English farmers. Grains all do well and there are particularly valuable stretches of upland hay which have been used for several years and which have brought many a dollar to the pockets of the fortunate possessors.

### ADVENT OF THE RAILROAD.

For some years past this district has patiently awaited the advent of the railway. The C.N.R. authorities have long intended building their line to Athabasca Landing, but have, until this year, been good their promises. Now the orders have been issued to have the trains running before winter and the grade is well beyond Clyde on its way north. There is another survey of the same company which runs east and west past Clyde, and it is thought that this will be their main line from the great Peace River and Grande Prairie countries to Eastern points. This would indicate that Clyde will become a town of the same importance as Wetaskiwin or Red Deer before very long.

## GENERAL ASSEMBLY OF PRESBYTERIAN CHURCH

Ottawa, Ont., May 19.—On Wednesday, June 7, the Rev. Dr. John Forrest, former president of Dalhousie University, will open in Knox church in this city the thirty-seventh annual general assembly of the Presbyterian Church in Canada.

During the year the question has been voted on by the 68 presbyteries of the Presbyterian Church, from the Atlantic to the Pacific, and the result shows a decided sympathy on the part of the ministers and the representative elders in favor of the movement for union. The vote was 14 presbyteries in favor of union and 54 presbyteries in favor of no union.

What Ask Opinion of People.

It is the purpose of the church that the question should be brought before the people, and to the extent possible to Dr. Forrest, especially at the meeting held in the city of which he had been a life-long resident, and Dr. Mackay gracefully withdrew. It was admitted at that time that Dr. Mackay must be elected this year, and it is extremely probable that any other name will be mentioned. One or two other names of the church have been nominated during the year, among them a western missionary held in very high esteem in the church—the Rev. H. J. Mackay—who, for the past quarter of a century, has been at work at Round Lake, Sask., in a mission to the Indians. It is considered improbable, however, that the name of the latter will be brought before the assembly. Rev. Dr. R. P. Mackay, whose election is expected, has always been closely identified with Toronto. Many years ago he was minister of a country church near the city and later he was for a considerable period, the minister of the Presbyterian church in Parkdale. From this church he was transferred to the position of secretary of the church. In this capacity he has travelled extensively in foreign lands, visiting the missions, and his management of the work has been regarded as highly successful.

When all these suggestions have come in they will be considered by the union committee of the three churches and such changes as may be considered desirable will be made.

Subsequent Procedure.

Prominent men who are favorable to the union cause, on being asked what steps would be taken to consummate the union subsequent to the Ottawa assembly, replied that nothing could be said on that matter until the sovereign voice of the people had been heard. If the people are in favor of union, the church is in favor of union and the method of procedure will be determined. There are matters in connection with the funds and properties of the churches which must be attended to, and bills must be passed through various parliaments of Canada validating the movement. While this is being done the balance of the work on the basis will be completed.

Another important matter which will be taken up at the Ottawa meeting of the assembly will be the long-continued question of the relation of Queen's university to the church, and it seems likely that this year the question will be finally settled. For more than a decade this has been one of the problems upon which the members of the body have been divided. Principal Grant, during the latter years of his life, urged that the institutions should be nationalized, and Principal Gordon, now in charge, has taken its own course. A small group of Presbyterians, however, has strongly resisted the idea of separation and has sought to have the present relationship continued. Large sums of money have been raised for the college by Presbyterians, but the demands of a modern university are so great that even these gifts have been insufficient.

Ten years ago the general assembly at its annual meeting expressed its readiness to take any action that the immediate friends of the institution desired. This has practically been the attitude of the church ever since. The trouble has been that there has been an irreconcilable difference of opinion in the circle of the closest friends of the institution. There were members on the board of trustees and of the senate on both sides and the graduates have also always been divided on the subject.

Vote of Alumni.

During the present winter, however, a vote has been taken which will almost inevitably settle the matter at this year's meeting of the assembly. By correspondence the views of the graduates of the university were ascertained, each alumnus recording his vote. The report of this vote shows that the alumni 1,425 voted for the separation of the university from the church and 221 in favor of the maintenance of the present relationship. The vote of the board of trustees and the vote in the senate was quite as decided. Queen's men having thus indicated their wishes, it appears inevitable that the meeting of the assembly will be marked by the final adjustment of this long-pending issue.

Year of Growth.

All the general reports to be made to the assembly will be of a highly satisfactory character. The year has been one of expansion, development, and growth both east and west. The receipts of the general fund of the denomination have been larger than in any previous year. During the year there was given to the general missionary work of the denomination from congregational contributions considerably over half a million dollars. This, of course, does not include the gifts of churches for their own local work. Almost half of this amount, approximately a quarter of a million, was given to the cause of home missions, and much of this money was expended in the West. Over \$150,000 was given for the work in foreign fields. The foreign mission fund will be in debt when the assembly meets, but this is owing not to the fact that the congregations have been lacking in liberality, but owing to the fact that the church has been more courageous and has undertaken much work abroad.

Over Half Million Given.

The following statement shows the sums contributed to the various schemes of the church for which the year

Knox College	\$10,952
Queen's College	4,234
Montreal College	790
Manitoba College	3,485
Westminster College	2,080
Alberca College	854
Home Missions	212,752
Augmentation	33,818
Foreign Missions	156,522
Widows and Orphans	15,206
Aged Infirm	18,914
Assembly	7,628
French evangelism	17,795
Pointe-aux-Trembles	29,795
Moral and social reform	15,068
Evangelism	8,518
Jewish fund	4,920
	\$336,238

closed the end of February: Queen's College ... \$10,952; Montreal College ... 4,234; Manitoba College ... 790; Westminster College ... 3,485; Alberca College ... 854; Home Missions ... 212,752; Augmentation ... 33,818; Foreign Missions ... 156,522; Widows and Orphans ... 15,206; Aged Infirm ... 18,914; Assembly ... 7,628; French evangelism ... 17,795; Pointe-aux-Trembles ... 29,795; Moral and social reform ... 15,068; Evangelism ... 8,518; Jewish fund ... 4,920.

## NEGROES LYNCHED BY FLORIDA MOB

Taken From County Jail by Men Pretending to be Officers.

Lake City, Florida, May 21.—Six negroes were lynched here early this morning after a party of more than a dozen men, masquerading as officers, appeared at the county jail and secured possession of the men by presenting a forged telegram to the sixteen-year-old son of the sheriff, ordering the release of the blacks to the alleged posse of officers.

## MONUMENT TO LATE INSP. FITZGERALD

This is Proposal of Winnipeg Canadian Club—C. W. Rowley, Calgary, Vice-President of Organization for Alberta Has Taken Matter up and Written Various Organizations.

Calgary, May 21.—That the Canadian Club of Canada will erect a fitting monument to perpetuate the memory of Inspector Fitzgerald and his party of R.N.W.M.P., who perished near Fort McPherson in the far north recently, seems to be assured by the fact that the former organization has taken the matter up. The matter was first suggested by E. H. Smith, of the Winnipeg Canadian Club and it is generally felt that the Canadian Club is a Dominion-wide organization is best fitted to carry out such a work.

## Child Killed by Log.

Vancouver, May 22.—The seven-year-old son of A. E. Loer, a pioneer merchant, was killed at the bathing beach by a log rolling over him. The child was in his father's care. The little one had pushed a log, which began to roll and caught his clothing, carrying him under before the father could catch "in."

## Big Price for Winnipeg Property.

Winnipeg, May 22.—The Granite Rink property, with a frontage of 250 feet on Harborage and 120 on Ellice avenue has been sold by the club to a syndicate headed by Edward Brown for \$200,000. When it was offered by tender three weeks ago the highest bidder was \$180,000.

## To Cure a Cold in One Day

Take LAXATIVE BROMO-Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

## CONTRACTORS STARTED WORK ON CAMROSE-STRATHCONA LINE

(From Monday's Daily.) The Camrose Canadian town tells of the start made by the contractors on the construction of the C.N.R. line from that town to Strathcona.

On Saturday last the first sod in the construction of the Camrose to Strathcona line was turned by MacDonald and Leava, who were the first sub-contractors to get their outfits in working order. The camp, looking like a tented village, was pitched seven miles or so north-west of Camrose, where it will remain until a stretch of six to eight miles is completed. This firm also has the contract for the first four miles out of town, but will not be able to do anything until the right-of-way agent has had an opportunity to interview the property owners.

On Monday there was a general trek of outfits to the north of Camrose, Thompson and Edwards stationed their camp about nine miles and have their gang at work on miles four to six. The largest outfit of all, Swan, Owen, who have taken the contract for the whole line, and are allowing the various portions to the sub-contractors to work in as far as mile sixteen, from which point they will have their men throw up the grade in both directions. It is no new thing to see a railway outfit working out of Camrose, but a feature of this season's work is the speed at which everything is being done. The engineers, contractors and right-of-way purchasing agent all appeared on the scene at the same time and all seem to be crowding one another in their eagerness to throw up the grade. The contractors report that with a reasonable amount of good weather they will have the entire line of forty-four miles shape for the laying of the rails long before the cold weather sets in in the fall.

There are no engineering difficulties along the line," said Contractor Swan to the Canadian, "so you can depend on it we will make the dirt by until the work is completed." With many of the young sub-contractors this is the first year that they have broken away from the larger contractors and are working for themselves. They have all made a good beginning and have shown a keenly contested rivalry in the purchase of their outfits. The teams look more like a parade at a large agricultural fair than work horses on a railway grade. All are in excellent condition and in some registered Shire and Clydesdale breeding can be shown. Particularly attractive are a team of dappled greys, for which it is reported \$1,000 was paid by the bonds of common interest.

Should Make an Offer to Canada

The Present a Critical Time in History of Pre-emptive Trade, Writes Sir Joseph Chamberlain—Advantage Should be Taken of Imperial Conference.

Canadian Associated Press.

London, May 20.—At Manchester on Saturday at a pronounced demonstration, a letter was read from Joe Chamberlain, in which he wrote, "This is the critical time for our preferential policy and in view of the proposed reciprocity between Canada and the United States advantage ought to be taken of the Imperial conference to make some offer to Canada and the other overseas dominions. I still believe that it is the only way that the Empire can be strengthened and kept together. The English people have an opportunity perhaps for the last time of untangling the Empire. Let it not be lost."

Austin Chamberlain, speaking at the meeting said he believed reciprocity would mark the first step in the great reversal of the national policy of Canada, which for generations had been the common policy of both its great parties and to which it owed its extraordinary and magnificent development.

"What will be the effect on our trade," said Mr. Chamberlain, "if these new competitors, the most powerful and highly organized, were introduced into markets where we had the first invitation."

Bonar Law said it was not too late to stifle the idea which has been pursued throughout these years by all the colonies the ideal of making common cause with the men of our own race who had peopled other lands by other nations, united and allied, not only by the sentiment but by the bonds of common interest.

Used in Canada for over half a century—used in every corner of the world where people suffer from Constipation and resulting troubles.

Dr. Morse's Indian Root Pills stand higher in estimation than any others, and their increasing sales prove their merit. Physicians prescribe them.

FALKLAND ISLANDS

A Southern Outpost of the British Empire.

This group of islands, situated in the South Atlantic, at a distance of about 200 miles nearly due east of the Magellan Straits, forms an archipelago, consisting of two larger islands and about 50 smaller ones.

The community is fairly prosperous. The total population is some 2,300, of whom about 1,000 are concentrated in Port Stanley, the capital.

The sole industry of the colony is that of rearing sheep. Grass grows but scantily upon the past; but sheep do well, although an allowance has to be made for the loss of one or two per sheep for grazing.

Wool, tallow and sheepskins are therefore, the principal exports of the colony and are the main source of revenue.

As regards climate the average winter temperature ranges between 40 degrees and 50 degrees Fahr., and that of summer between 45 degrees and 55 degrees.

Argentina's Claim. The pretensions of the government of the Argentine Republic to sovereignty over the Falkland Islands, though based upon a misconception of the facts, are taken so seriously by the average citizen of that country that Argentine statesmen would scarcely venture to risk their independence and authority by withdrawing the claim of sovereignty.

Argentina's Claim. The pretensions of the government of the Argentine Republic to sovereignty over the Falkland Islands, though based upon a misconception of the facts, are taken so seriously by the average citizen of that country that Argentine statesmen would scarcely venture to risk their independence and authority by withdrawing the claim of sovereignty.

RECIPROCITY CAMPAIGN WILL PROCEED DURING THE RECESS

Ottawa, May 19.—The parliamentary recess will give opportunity for thoughtful and vigorous educational campaigning before the reciprocity agreement comes up for final dealing when the House of Commons resumes in July.

United States farmers and high-protectionist manufacturers. The Grangers, the American organization of farmers are opposing the pact on the ground that the Canadian farmers will reap all the benefit.

The fact that the Conservative opposition in the House is fractional and sixes and sevens was publicly exhibited in a couple of unseemly spectacles which occurred during the trade proposals.

Mr. Foster heated objection to the comments of Mr. Perley, the chief Conservative whip, and declared his intention publicly to place his resignation in the hands of the leader.

There is growing evidence that a faction of the Conservatives are chafing under corporate boss rule. Following the incident just related a lively and heated interchange occurred between Messrs. Lancaster and Staples from their seats near the aisle.

Imported Purebred Percheron Stallion "IGAME" Imp. [1645] (80302) Will make Season 1911 as follows

Monday Noon—Henry Fraser's Farm, Winterburn. Tuesday Noon—John Stewart's Farm, Winterburn, 2 miles north base line.

Monday Noon—Henry Fraser's Farm, Winterburn. Tuesday Noon—John Stewart's Farm, Winterburn, 2 miles north base line. Wednesday & Thursday—J.K. Sales Stable, 18th St., Edmonton.

RELIGIOUS WAR IN LIVERPOOL

After Orange Procession Men From Protestant Section Were Attacked While Passing Through Catholic District.

London, May 21.—What is believed to be a further outbreak of the religious war in Liverpool occurred recently. There had been an Orange procession, and a little after midnight workmen from the Protestant district of Everton were passing through the Catholic quarters on their way to their employment, when they were attacked by men ambushed on both sides of the road.

THE ANNUAL MEETING OF THE CLOVER BRAND CEMENT CO. will be held Saturday, June 3, at 2 p.m., at the League Room, Clover Bar.

NOTICE
