

## HENRI BOURASSA, HEAD OF NATIONALISTS, AIRS VIEWS ON CONTRIBUTION

Asks if Borden Has Faith in Naval Bill He Should Not Permit Some Fifty Old Gentlemen to Destroy It, But Should Appeal to Seven Million or More People of Canada

EDMONTON, June 10.—Henri Bourassa, the Montreal Nationalist, today said that apart from the question of breaking a pledge, he did not blame Mr. Borden for not declaring for a general election, for he did not consider that such a course was best. He added that he had always favored a plebiscite; as in the case of the Naval bill, there were three distinct views, some favoring the Laurier policy of a Canadian navy, some supporting the Borden scheme of contributing to the Imperial navy, while others were opposed to both schemes. In these circumstances Mr. Bourassa thought a plebiscite offered the only satisfactory method of arriving at a solution. "If Mr. Borden really has faith in his naval bill," said Mr. Bourassa, "why does he allow it to be destroyed by some fifty old gentlemen in the senate instead of appealing to the seven million or more people of Canada?"

It was not the actual sum of money which was the point at issue, but the principle of the contribution. Mr. Bourassa stated that there was an emergency fund of \$1,000,000, first founded in 1811, and reconstituted in 1912 was regarded by Mr. Bourassa as a childish argument. He would not deal with Mr. Borden's scheme, but with the principle of the contribution. He stated that the Dominion was not to be used as an emergency fund, or as a source of revenue.

No Voice in Imperial Affairs. Mr. Bourassa added, in view of the definite statement of Mr. Borden and the Imperial Government, that Canada would not be given a declaration of independence, and that the value on the committee was not to be used as a source of revenue.

What Will Europe Think of It. Mr. Bourassa stated that the Imperial Government was not to be used as a source of revenue, and that the value on the committee was not to be used as a source of revenue.

Head of Horses. Mr. Bourassa stated that the Imperial Government was not to be used as a source of revenue, and that the value on the committee was not to be used as a source of revenue.

SOME STRIKING FIGURES AT THE PRESBYTERIAN GENERAL ASSEMBLY IN TORONTO. —Toronto Star Cartoon.

## HOME RULE FOR IRELAND PASSED SECOND READING WITHOUT DIVISION; SIR EDWARD CARSON SAYS HE WILL TAKE FULL RESPONSIBILITY FOR RESISTANCE

LONDON, June 10.—The House of Commons tonight passed the Home Rule bill, without division, an amendment moved by Mr. Balfour for the rejection of the bill having previously been defeated 368 to 270. The announcement of the figures was received with an outburst of cheering by the Liberals and Nationalists.

The debate was marked by fiery denunciations by the opposition speakers, who predicted that the imposition of home rule would result in civil war in Ireland. Sir Edward Carson, the Irish Unionist leader, said:

"For my part, I will continue to support the Ulstermen, and will take full responsibility for their resistance. You may seize their arms or send troops, but you will not settle the Irish question. You know that you are crowing about peace when there is no peace, and you will fail in your object."

Lord Charles Bessford declared: "If the government sends troops to Ireland, I shall offer my services, poor as they may be, and help my fellow-countrymen."

The opposition leaders assert that, even if the country was appealed to and a general election favored home rule, Ulster would not submit.

## FORMER GOVERNMENT EMPLOYEE IS TO FACE CHARGE OF SMUGGLING

Dr. W. T. Patton, Former Government Veterinarian, Said to Be Central Figure of Smuggling Exposure; Papers and Property Seized

ETHBRIDGE, June 10.—Smuggling operations extending over a period of several years, in which the central figure is Dr. W. T. Patton, formerly government veterinarian at Coutts, and Liberal candidate for Warner riding at the recent election, have been unearthed by Special Customs Officer Harris.

All Patton's books and papers, together with a quantity of live stock and horses in his possession, have been seized. Also a number of horses at High River, Alberta, once owned by Patton.

It is understood Patton is making a clean breast of the affair. The full extent of his operations is not yet known. Patton gave up his government position at Coutts shortly after the election of the Conservatives to power at Coutts.

## EVANS RE-ELECTED HEAD OF PEG STOCK EXCHANGE

Winnipeg, June 10.—W. Sanford Evans was re-elected chairman of the Winnipeg Stock Exchange at the annual meeting today. W. T. Kirby was elected vice-president, and T. R. Billett secretary-treasurer. The transactions of the exchange for the past year showed a big increase over those of the previous year.

Railway Commission Problems. Ottawa, June 10.—At a meeting of the railway commission to be held in Ottawa on June 16, to consider transportation cases, the question whether the height of freight-cars should be limited will be considered. The board will also consider a revision of the rules relating to the "bulking" of cars as well as the matter of average and reciprocal demurrage.

CADET CAMP WILL OPEN ON JUNE 30. Arrangements have now been completed for holding the cadet camp, and it will be open from June 30 till July 5, thus following just a week after the militia camp. It is expected that there will be about 1,200 cadets in attendance for the week, and the number will be considerably in advance of what it was last year, and all the large centers in the province will be represented.

Mr. and Mrs. Alex. Martin left this morning for Vancouver and other coast cities. They will be gone for about two weeks.

## PRESBYTERIANS FAVOR UNION ON FIRST VOTE; ASSEMBLY VOTES TODAY

Minority Report Opposing Union of Denominations is Defeated By a Vote of 25 to 75; Amendment Making Majority Report Stronger Carries

Toronto, June 10.—In a despatch from Edmonton in 1912, the Western Associated Press correspondent stated that the Presbyterian church had for ever committed itself to the cause of church union and would go back on the solemn service of that occasion. At the close of a protracted meeting today the same spirit developed and it was made evident that any motion which the friends of union thought it wise to submit could be carried by an overwhelming majority. There is not the slightest reason to think that the struggle against union, which has been maintained in the church for some years can succeed, and it is believed that the Rev. Dr. Gordon of Winnipeg, introduces his motion tomorrow, it will state definitely when the union is to be consummated, and that it will be carried by a large majority.

Sanction the Union. By a vote of 251 to 76 the general assembly of the Presbyterian church in Canada for the eighth time put its imprimatur on the movement in Canada for organic union with the Methodists and the Congregationalists. The vote was taken in the matter of the consideration of the report of the majority on the union committee was submitted. Rev. David Christie of Winnipeg, presented an amendment to this majority report of which he gave notice yesterday. Mr. Christie was disqualified with the majority report because it was not decisive enough in favor of union. His amendment was submitted to a vote and was carried by 181 to 65. Rev. Dr. Gordon of Winnipeg, was still disqualified and his amendment was not taken into consideration when the hour of adjournment arrived. It is considered certain that the amendment of Dr. Gordon will be carried and that the statement came from the union committee will be made considerable in tone in favor of the proposed change.

How the Members Stand. The vote in the assembly is regarded very favorably by the friends of union. In these despatches a few days ago it was said that from an actual canvass of members of the body it appeared that about three members in 10 were opposed to union. The vote today indicates that the opposition was somewhat weaker than had been anticipated, the showing being less than one-fourth of the vote. The final vote on the main matter will be taken tomorrow and it will probably not differ materially from the vote today.

Need of Union. The speeches of the afternoon were of an interesting character and were chiefly in favor of the change. Frominent Toronto men told of the gradual alteration in the manner in which the matter was regarded in the east and western ministers spoke of the demand for church union in Manitoba and other provinces for union conferences. Rev. D. D. Miller, of Springfield, Manitoba, stated that his presbytery of Glenora there were 12 self-sustaining churches, and that in five of these the congregations were practically united with the Methodists. Many of the churches in rural Manitoba were suffering from a serious decline in membership, and union was essential in order to continue existence. In most of the congregations where practical union was being considered, the people were proceeding slowly. In one of the congregations where the presbytery had taken the bit in their teeth and had proceeded without reference to presbytery or conference this was the case in the town of Wawanesa.

In that place the two congregations had got together and had advertised in the church papers for a parlor, other places in the same presbytery in which practical union was under consideration were Glenora, Cypress River, Elgin and Birch Creek. There were, he said, seven or eight congregations in that single presbytery which were considering union, and in all the prairie provinces the same spirit obtained. Scores of churches were simply waiting for the sanction of the supreme court. Mr. Beckett also suggested that if the

## BAPTISTS OF ALBERTA IN ANNUAL MEETING IN RED DEER

President of Women's Missionary Society Talks of the Millions Spent for Motors and the Mites for Missions; Encouraging Reports

MRS. SYCAMORE RE-ELECTED HEAD OF SOCIETY

Mrs. Bagnell Makes Interesting Report on Conditions in the Peace River; Two Able Addresses; Reform League Endorsed

Red Deer, June 10.—The annual convention of the Alberta Baptists opened at 1 o'clock on Tuesday afternoon in the Baptist church, Red Deer. Tuesday afternoon was taken up by the Women's Missionary convention. Encouraging reports were read by the secretary, the corresponding secretary, the superintendent of bands and the superintendent of the bureau of literature, the treasurer's report showed collections amounting to \$1,780.50. The president, Mrs. Sycamore, gave an inspiring address on Stewardship, illustrating it by holding up a piece of blank paper cut in size to represent the proportion of money spent on soda water, candy, chewing gum and foreign missions. One of the chief utterances of her address was: "We have got into the habit of thinking it common to spend millions for motors, but mites for missions."

The convention made several changes in the constitution and then proceeded to elect officers for the ensuing year, the result being as follows: Hon. president, Mrs. Sycamore; president, Mrs. J. C. Sycamore; vice-president, Mrs. E. W. Hill, M.A.; Mrs. Curtis and Mrs. McArthur; recording secretary, Mrs. Budd; corresponding secretary, Mrs. W. J. Craig, M.A.; treasurer, Mrs. W. E. Toney; superintendent of bureau of literature, Mrs. D. McTaggart; and superintendent, Miss Agnes Dawson; circle organizers, Mrs. Stevens, Vermilion; Mrs. McLaughlin, Calgary; and Mrs. Allen, Edmonton.

The evening session was opened at 7:30 by Mrs. Sycamore, who was again in the chair. After a hymn and scripture reading a long and very interesting letter was read by Mrs. Bagnell of the Peace River district. After the reading of the minutes Mrs. D. McTaggart delivered a fascinating map talk on "Our Field." Resolutions were adopted endorsing the work of the Temperance and Moral Reform league, regretting the loss of the late Mrs. Stillwell and suggesting an annual offering for the work of the convention from the mission circles.

After a solo by Madame Quigg of Red Deer, Mrs. J. J. Baker delivered an address on "Barriers to the development of women under eastern religions." The address revealed deep study and an intimate knowledge of the subject. The other side of the question was presented by Mrs. E. L. Hill, M.A., in an address on "Present day opportunities of Christian womanhood for service."

SOCIAL SECRETARY GOES TO CONVENTION. Rev. Dr. Spencer, of Vancouver, superintendent of the Baptist Social Service for Western Canada, is in Calgary on his way to Red Deer convention. Dr. Spencer has spent the last three months in the prairie provinces, and has spoken to large gatherings at various points in the west. He will in all probability speak of his work in Calgary next Sunday in one of the city churches.

The L. E. T. Club will meet tomorrow afternoon at the home of Mrs. Wear, 1612 Eleventh avenue west, at 3 o'clock.

## HAT STATISTICS KEEP PAGE WITH TOWN'S DEVELOPMENT

Building Permits and Collections in Customs Show Increase Over 1912. Medicine Hat, June 10.—Statistics of Medicine Hat for the month of May show an increase over the corresponding month of last year, being an index of the growth of the place. For the month of May 1912, the permits issued by the building inspector amounted to \$217,123, while for May of 1913, they totalled \$257,771, being an increase of about 18 per cent. The permits issued for May 1913, were many of them started during May, something that is greatly needed in this city, owing to the shortness of housing accommodations, many people living in tents.

Collector Ware, of the local customs house, also gives out a report that exhibits a large increase over last year. For May, 1912, the collections in Medicine Hat amounted to \$15,932, while for the same month of this year they reached \$24,918, an increase of this year over last of more than 55 per cent.

**LOMBARD STREET HAS PLENTY MONEY**

London, June 10.—The city passed through a very agitated and anxious week, the situation being practically without precedent, judged by ordinary standards. Little seems to have changed. There was no pressure for money in Lombard street, where discount business proceeded on the usual terms. The event of the week has been the failure of a firm of dealers in foreign railways and some \$5,000,000 worth of stocks became homeless. The event proved a blessing in disguise as a syndicate was promptly formed, and took over the stocks and so great proved the absorbing power of the public at the reduced quotations that within 48 hours a large portion of the syndicate's holdings were successfully marketed. This provision of care is not in the least overladen and is prepared to buy stocks at bargain prices. Appearance of the investor gave a flip to the market, and the week-end saw a recovery in prices after a prolonged slump. The outlook is regarded as favorable, for underlying conditions in the markets sound and free from inflation.

**R. G. METCALF, FARMER, IS KILLED BY MANIAC; SLAYER IS CAPTURED**

Sacrificed His Life in Defense, of Elderly Couple In Whose Shack the Murder is Committed; Alfred Main, Who Did the Shooting, Had Threatened to Kill Victim

**CORONATION**, Alta., June 10.—R. G. Metcalf, a farmer, who was killed by Alfred Main, a homesteader, sacrificed his life in saving Mr. and Mrs. Smith, an elderly couple, in whose shack the murder was perpetrated.

Metcalf was over at the Smith house when Main came over to the shack, leaving his team standing attached to the plow in the middle of the field. Picking up the gun belonging to Mr. Smith, a No. 10 shotgun, Main put a shell into it and looked at Mrs. Smith in a queer way.

Main has been subject to periodic fits of insanity, and during these spells he has often threatened Metcalf. When Main picked up the gun Mr. Smith remarked that it was foolish to load it, as the children might get hold of it.

Smith thought at first that Main would shoot at his wife, and he signalled to her to leave the house, which she did, going over to a neighbor. Smith, an elderly man, troubled with rheumatism, was afraid of Main, and told Metcalf that he was afraid to stay with him alone. He then left the shack, saying that he would look after Main's team.

Shots Metcalf; Drags Body Out. When he was some distance from the hut Smith heard the sound of a shot, and went back to see what had happened. He met Main dragging the lifeless body of Metcalf to the trail about 70 yards away. Main opened the granary door suddenly with the intention of putting the body in there, but closed it again and took the body around to the back of the granary and left it there.

Main remarked to Smith: "I don't want anything to do with this, and went away to McNeill's shack about three-quarters of a mile away, where he shut himself in the shack, it being empty.

An examination of Metcalf's body showed that the shot which caused his death was fired at close quarters. The top of the head was almost blown away. No motive can be assigned for the crime other than the frenzy of a crazy man.

An Ontario Homesteader. "Homestead insanity" is the name applied to Main. He is a brother who is a married man 47 years of age, who came from Ontario. He stands five feet eight inches, and is described as good looking. He is said to be considerably more intelligent than the average homesteader. He has a brother who only left the farm yesterday, and a sister at Fleet, named Mrs. Brissette.

Main is Captured. The man who was captured this afternoon, Major Cuthbert, of the mounted police, said that Sergeant McBride had notified the barracks that Main had been captured and taken to the headquarters at Stettler.

**JUDGMENT RESERVED IN CLEARWATER APPEAL CASE**

Argument Was Concluded Yesterday Afternoon in Appeal Against Order of Judge Beck to Returning Officer to Count Certain Ballots.

**ELECTION ACT IS VAGUE ON SUBJECT**  
Counsel for Appeal Argues Court Had No Power to Issue Order, Whereas the Contrary Opinion is That Officer Neglected His Duty.

ARGUMENT was concluded yesterday afternoon in the Clearwater election appeal case, and their lordships reserved judgment. The argument of the three counsel throughout the day, the others being Frank Ford, K. C., for McKenney, the Liberal candidate, and C. C. McCaul, K. C., for Williamson, the Conservative, was to the effect that the Alberta election act as it stood contained no provision for the returning officer counting the disputed ballots. That the law was deficient in this matter was acknowledged, but Mr. Ford contended that there were ample other remedies for any who felt aggrieved in the matter, and it was for that reason that the act did not call on the returning officer to do so. It could be done at a recount, for instance.

Mr. Ford, in concluding, said that the willful neglect could not be proved against the returning officer, for he could not be charged under that section of the act which dealt with willful neglect that he could be submitted to the penalty.

Charges Willful Neglect. C. C. McCaul, in opening, said the returning officer was guilty of willful neglect, and was liable to a penalty fine of \$400. He had willfully refused to do what was his duty under the terms of the act. Mr. Justice Simmonds was of the opinion that that was hardly true.

Mr. McCaul then contended that if there was no express instruction to the returning officer to count the ballots that was contained by implication in a number of the other clauses of the act. Certain parts of the act were obscure, but those who drew it up did not realize all the cases which might arise, and the various instructions contained had to be interpreted in their widest significance.

Power to Change Act. Mr. Stuart contended that their lordships had the power to read into the act something which was not there if it did not meet with certain circumstances. He wished to have a clause inserted which would enjoin the returning officer to count the disputed ballots when the right of the persons to vote was decided in the court of inquiry.

This concluded the appeal, and their lordships reserved judgment.

School Board Meeting Postponed. The regular meeting of the school board which should have been held last evening was postponed as there was no quorum. It will be held next

**UNITED FARMERS WILL GET FRUIT DIRECT FROM GROWERS**

Scheme to Be Put in Vogue to Abolish Profits of Middle Men in Supplying Fruit.

The United Farmers of Alberta have made arrangements to secure fresh fruit direct from the growers in British Columbia in such a way that the farmers will be supplied at cost without the intervention of the middleman. This was the announcement made by P. P. Woodbridge yesterday, the secretary having made the arrangements and sent out circulars to the various local unions who will handle the fruit at their several points.

The firm in question will ship the fruit direct from B. C. to Calgary where an agent will be kept to look after the distribution. The fruit will be supplied in boxes, each specially packed and marked as grown specially for the United Farmers of Alberta. It will be sent through in carloads to Calgary and will be distributed to the various points where it is required.

There will be no fixed price for the various fruits and these will vary with the market prices, but the farmers will constantly get the fruit at the cost at which it is quoted on the market, with of course the addition of the cost of shipping and handling.

Begin This Month. The first fruit will be strawberries and will be shipped about the end of June or the beginning of July, as the season is this year considerably later than last year.

The cash transactions and the orders will be placed through the central office in Calgary and the various local unions will have to send through their orders and their money in payment to the agent at the headquarters in Calgary. This agent will be under the control of the secretary of the United Farmers.

As the firm which is supplying the fruit will this year erect a canning plant there will in all likelihood be arrangements made at an early date to have canned fruits supplied on the

**SUGGESTED NO MORE LAUREATES TO SING**

London, June 10.—The death of Alfred Austin has opened the question again whether the post of poet laureate should be retained. Most papers agree it ought to be abolished, and many seize the opportunity to ridicule it. Writers in general agree on abolition. W. H. Davies says: "Certainly the post should be abolished," while Edward Garnett says: "It might as well remain for some time in abeyance, with the object of recuperating. It has suffered from many chilling years of anaemic depression."

Joseph Conrad says it depends on the holder. On the other hand, Maurice Hewlett says it should not be abolished, as it is a state recognition of art, and Sir A. Quiller-Couch says it is always a pity to abolish old institutions in haste. There are only a few months' suggestions for an appointment, with a general agreement that there are outstanding figures worthy of recognition.

Though the name of Kipling appears on every list, while at the same time it is considered unlikely that he will be chosen if the post is continued, Thomas Hardy, who is 73 years old, and Austin Dobson, who is a few months Hardy's senior, are both thought too old to accept, and Wm. Watson, as everybody knows, is indisposed.

The Daily Citizen, the principal Labor journal, suggests a woman, Mrs. Alice Meynell.

The list of names so far discussed is as follows: Rudyard Kipling, Robert Bridges, Henry Newbolt, Wm. Watson, W. H. Davies, Maurice Hewlett, Austin Dobson, Alfred Noyes, Thos. Hardy, Alice Meynell, Stephen Phillips, and Richard Le Gallienne.

Judging from the newspapers, the choice seems to lie between Henry Newbolt and Robert Bridges. John Massfield is considered too outspoken, and it is not believed that W. E. Yeats would be accepted.

**FAMOUS CARDINAL IS NEAR TO DEATH**

Rome, June 10.—Cardinal Giuseppe Vives Y Tuto, prefect of the congregation for religious affairs, has received the last rites of the church. His physicians say he cannot possibly recover. The Pope was deeply affected by the news. He has ordered a special mass said for the recovery of the grand inquisitorial officer, who was one of his first supporters in the conclave which elected Cardinal Sarzo to succeed Leo XIII.

According to certain reports Cardinal Vives Y Tuto has become insane, but, according to others, is suffering only from neurasthenia, and by the advice of the attending physicians has retired to a monastery at Frascati, a short distance out of Rome.

The Cardinal is 83 years of age. He was elevated to the sacred college in 1899.

**SNOW IN NEW BRUNSWICK SUNSHINE IN ALBERTA**

Fredericton, N. B., June 10.—Residents of Little Lake, Sunbury County, on the north branch of the Oromocto river, report a heavy snow squall there yesterday, and a man who arrived on a late train last night from Bangor said that east of that city in the state of Maine there was a fairly heavy snow-

**QUEEN-MOTHER IS FOND OF OPERA**

London, June 10.—Queen Alexandra does not go to the opera, often, but is so very fond of music that she has had an electrophone installed at Marlborough House, and the other night she and the Crown Princess of Russia spent the whole evening hearing the Grand Opera production of "The Barber of Seville" at long distance.

The matter of the Prince of Wales' marriage even though it would be three years off, as he is only 19 years of age, is now engaging the attention of the circles and the royal press, as the question means the choice of a future queen of England. There is a list of names of possible brides, only two, the czar's eldest daughter, and Elizabeth, daughter of the Crown Prince of Roumania, both 17 years old, being considered. Queen Alexandra is said to favor the Russian alliance, but Queen Mary while very recent, thinks the Coburg alliance with Roumania the more desirable.

SUPT. CUDDIE ASKS CITIZENS' AID IN STREET WORK

In Report to Commissioners, Head of Street Cleaning Department Gives Recommendations for Keeping City Clean During Hot Weather.

VACANT LOTS, FENCED, WOULD KEEP IN WASTE

Coal, in Business Section, Should Not Be Unloaded After 9 o'Clock; Proper Cans or Baskets Should be Placed on Streets for Refuse.

SEVERAL important recommendations are embodied in the report which Supt. W. H. Cuddie, of the street cleaning department, has submitted to the commissioners regarding his department. A resume of the equipment used by the department is submitted, and advice is given, not only to the commissioners, but to the average citizen as well.

The full report follows: 1. That proper cans or baskets be placed on streets, fastened to street railway or other poles at convenient distances from one another, so that all paper and fruit peelings can be placed in them. A good can with a sack placed inside would be a convenient way of taking the refuse away. In the lanes old packing cases are used, and in some cases paper is just dumped in the lanes in piles and in consequence this paper blows out on the streets. It is suggested that large cans or boxes with sacks inserted be used to handle this paper.

2. Sidewalks have too smooth a finish, so that in a street they are worn and become very slippery; also areas in sidewalks get very slippery in cold weather when there is ice in the basement.

3. All sidewalks should be swept or cleaned of snow before 9 a.m. The coal chutes in sidewalks should be a uniform distance from the curb.

4. Coal should not be unloaded on the streets after 9 a.m. in the business section. Coal haulers should have proper iron chutes, not to scatter coal when unloading.

5. Water leaks through the covering of the C. P. Railway in the sidewalks at Second street east and First street west, keeping the sidewalks wet and causing them to be covered with ice. Tenth avenue not being paved also adds to the difficulty of keeping these sidewalks clean, as a great deal of material gets into the subways from the avenue.

6. More catch basins should be put in on some of the paved streets, and catch basins not connected to manholes be connected this way so as to be more easily cleaned.

7. That sub-drains be put in connecting up with catch basins on low portions of streets where water is between the rails of municipal street railway.

8. That owners of all large buildings be requested to install incinerators to consume all their paper and rubbish, and a certain amount of heat could be obtained from this source.

9. Asks Fencing for Vacant Lots. 8. That owners of vacant lots in the business section or in fire areas, should have the same fenced. This would help to keep down the dust, and also to keep a lot of paper and refuse from getting on the streets.

10. When pavement is taken up or broken for any purpose the same should be repaired within three days from the time the job is finished.

11. All water spouts leading from roofs should be connected with sewer. There are a great many of these emptying on to the sidewalks and lanes at the present time.

12. Teams hauling gravel, sand, etc., should have their wheels kept clean. This should be remedied at a great deal of material is deposited on the paved streets through leaky boxes and carelessness.

It is stated that this department has under its control 45 miles of streets, avenues and two lanes, and that the equipment used to keep the streets clean is sanitary condition includes four Studebaker rollers, horse sweepers which are mostly used after rain and on extensions of pavement which have gravel or mud streets leading to them. All paved streets and avenues are thoroughly swept before washing, sprinklers being used to keep the dust down. There are also four Connelly high pressure fire hose, mostly used at night to wash off the pavements.

Vacuum Cleaner is Recommended. For washing the residential streets two kindling washing machines are used. These machines clean and sprinkle the streets at a rate of 100 feet per used day as well as at night time, as they do not take up as much space as a sprayer on the streets while working. For washing subways this department uses a hand reel and 300 feet of fire hose coupled to a hydrant which does the work in a very efficient manner, washing the sidewalks and also the roadway, and the department is also equipping one of the Connelly flushers with a hose and nozzle so as to wash the sidewalks in the business section of the city. By the purchasing of the two motor sprinklers and flushers all streets can be washed at night while the city is sleeping, and it is intended to keep them working night as well as in the day time.

During the fall and spring when streets and sidewalks get slippery with ice, sand is used on the pavements, this having been done by hand, but the superintendent suggests that the city purchase a proper sanding machine to do this work. Several cities in America and Europe are trying them and it may be possible to acquire a good machine at an early date.

CANADIAN NORTHERN PUSHING CONSTRUCTION. Winnipeg, June 10.—The construction department of the Canadian Northern Railway will hand over to the operation department another 200 miles of new line, which will be put under operation this month. It is also stated that 400 miles of grade is ready for the steel, and that track-laying is being pushed with all possible expedition. Under the increased train service announced in the summer time the company now has a grand total of 4,681 miles of line in operation in Western Canada.

BLIND STUDENT IS PHI BETA KAPPA

Among the names of those to be elected to the high honors of Phi Beta Kappa at Columbia appears that of Calvin S. Glover, a blind student. The students are elected to this honorary fraternity only for the highest attainments in studies, and it is only twenty men out of a class of more than one hundred and fifty who can achieve to this pinnacle. It is therefore a remarkable feat when a student who has had to fight his way against the handicap of total blindness is elected to the ranks of honor students.

INDIA'S RELATIONS WITH THE EMPIRE

Indian Writer Points Out How Discrimination Against the Hindus Exasperates All Educated Natives.

London, June 10.—An Indian writer, Saini Nihal Singh, contributes to The Fortnightly Review an interesting article upon India's relation to the British Empire. He admits that there are still some Indians who continue to remain unconvinced to the British administration, but declares that their number is not large, the "obstreperous group" being only a fraction of the educated Indian community, while the strength of those in it who would report to the British administration to achieve their end is still less. The majority of intelligent Indians accept British rule as the best that India could have in the present circumstances, and wish to strengthen India's connection with the British Empire. We are told that practically all Indians are united in the belief that self-government is the empire would satisfy their political ambitions.

Treatment of Hindus. At the same time this writer points out that there are anomalies in India's relation to the empire that give considerable umbrage to educated Indians. Of these he declares the "most exasperating" to be the ill-treatment meted out to Indian immigrants to the British colonies. "This grievance," he proceeds, "shared alike by Hindus, Mohammedans, and Sikhs, and the passions aroused by it not only burn in the breasts of the educated classes, but also smoulder in the hearts of the illiterate masses. Indeed at present the feeling of indignation is so keen that all other Indian questions have become subordinated to this one." Saini Nihal Singh claims to be fully sensible of the economic and racial issues involved, and the consequent difficulties of the Indian with the consideration, confronted, but he adds, "the problem remains, embittering India against the British Empire. It is to be noted that Great Britain is unable to persuade the Overseas Dominions to treat the Indian with the consideration which they deserve as British subjects."

An Outcast. He further remarks that India would not object nearly so much to the restriction of immigration as it does to the treatment of its immigrants as helots. It is, he urges, for Great Britain and the colonies to decide whether on account of their color prejudice Hinduism is to be considered an outcast, or whether its cultured classes are to be treated on the basis of intellectual affinity. If she is to be considered an outcast, he says, "the genius of the moment with the empire will cease the sword of Great Britain is in hand to keep the people cowed down," whereas if prejudices do not carry the day, and anomalies are removed, "the country will prove a source of strength, and the federation, of which its inhabitants at present form the great bulk, will continue to be a bulwark in times of stress."

CABINET MINISTERS LEAVE THE CAPITAL. Ottawa, June 10.—The cabinet ministers are arranging in most instances for a prompt exit from the capital and will combine business with pleasure in various trips throughout the Dominion. Hon. Robert Rogers will leave for Winnipeg in a day or so and after some time there will go through to the Pacific coast looking after public works requirements including arrangements for constructing the proposed new government transfer for grain and terminal elevators at Moose Jaw, Sask., Calgary and Vancouver. Hon. W. T. White will also shortly leave for a trip through the west. Hon. Col. Hughes will spend the next month accompanying Gen. Ian Hamilton on an inspection trip to militia training camps. The minister of militia will visit the camps in eastern Canada during the next two weeks and will then proceed to western Canada going as far as the coast. Hon. Frank Cochrane will leave in a few days for an inspection trip over the inter-colonial. Premier Borden will remain in Ottawa until the end of the month. It is altogether probable that he, in company with Hon. John D. Hazen, will again go to London this summer to resume negotiations with the admiralty.

Stole From a Pastor. Saskatoon, June 10.—The home of Rev. Hugh Cairns was entered and burglarized at an early hour this morning. A gold watch, two valuable rings and \$40 in cash were taken.

GERMANS WANT OWN LANGUAGE TAUGHT TO CHILDREN

Ask School Board to Allow One Hour for Mother Tongue to Young Germans While They Will Supply and Pay the Teachers.

BOARD WILL ASK FOR DEPARTMENT'S LEAVE

Will Mean Erection of Large New School at Riverside as Attendance at the School Will Be Increased; Arrangements to Be Made.

German training in the public schools for German children is the proposal put forward to the school board. The members of the Evangelical Lutheran church in Riverside have made a proposition to the board that if the permission is granted to teach German children one hour a day a lesson in German they will furnish and pay for the teachers.

The school in Riverside is not nearly able to accommodate the children attending school at the present time, and with larger numbers coming to school the need of a new school is still further accentuated. It is more than likely in the circumstances that a large four-story or sixteen-roomed school will be built in Riverside to be ready for the New Year to accommodate the German and other children of the district. In the meantime the assembly hall and the basement of the present school will be used for the purpose of giving the lessons for the present if the scheme can be worked out.

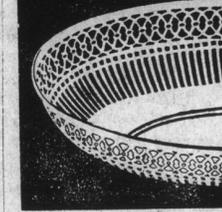

The proposal was made last evening to the two members of the board who showed up for the regular meeting. There was a delegation of the Germans and the spokesman was George Gehrike, of Winnipeg, president of the Canadian district of the Evangelical Lutheran Synod of Ohio. He explained that

the Germans wanted to have their children taught a little in their mother tongue, and they would ask the board to arrange for one hour a day of German training. They would provide the teachers and pay them for the work. In that way the German children would be got to the school and trained not only in their own tongue, but the English language as well.

Ask Leave of Department. The members present favored the system, and said that it would mean more quarters at Riverside, and this also was included in the request of the Germans. Temporary quarters would not be the most suitable, and it was felt that a large school would be the best thing, and the erection of one will be taken up at the meeting of the board which will be held on Monday afternoon at 3 o'clock. In the meantime, Secretary Jewett will write to Edmonton to get permission from the department for the German teaching and the employment of the church teachers.

BRIDEGROOM HAS TO BRING HEALTH BILL. Montclair, N.J., June 10.—Miss Ethel Daniels Phillips, daughter of Mr. and Mrs. Charles Gorham Phillips of 173 Cooper avenue, and Aubrey Luther Whittemore, son of Mr. and Mrs. Luther A. Whittemore of Rogers Park, Chicago, were married in the Christian Union Congregational church tonight. The Rev. Henry E. Jackson, pastor of the church, who performed the ceremony, recently announced that he would require the bridegroom at all marriages to furnish a medical certificate guaranteeing freedom from all contagious diseases, and the wedding was the first that he has officiated at under the new rule. Mr. Whittemore furnished the required medical certificate a few weeks ago.

BETTER THAN SPANKING. Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. 251, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid Absolutely Free to any reader of The Albertan. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House; write to them today for the free medicine. Cure the afflicted members of your family then tell your neighbors and friends about this remedy.

An Appropriate Gift

Pierced Silverware

Pierced Silverware is something that appeals to every woman as an adjunct to her table. This design is growing more in favor each day. Among the many new patterns, are those which appeal to the most artistic eye. The above illustration shows a fruit basket which can be used for fruit, nuts, raisins, candied fruits, cookies, cakes, etc., in Sterling Silver and Plated Ware. One of the newest designs and most appropriate for a wedding gift.

Two Special Trains Run From North From South

Four special trains during exhibition from north, starting from Macleod, and the other two from south, starting from Calgary, will arrive July 1 and 2.

These two special trains will run for the year for the first time from Macleod. The Red Deer train will arrive at 11 a.m. and the Calgary train will arrive at 11:30 a.m. on July 1.

The three trains have jointly agreed to run for the year for the first time from Macleod. The fare is \$4, plus 10c for each direction from Calgary, and the rate is 15c where the rate is 10c.

SMITH, OF PROBABLE U. M. W. Has Lead of 50 It Is Not That gents Have

Lethbridge, June 10. Smith, of Probable U. M. W. has a lead of 50. It is not that gents have

LARGE ATTENDANCE AT THE EXHIBITION IS EXPECTED

Two Special Trains Will Be Run From North and Two From South of Province

Four special trains will run into Calgary during exhibition week, two being from north, starting at Red Deer and the other two from Macleod. The trains will arrive here on the same days, July 1 and July 4, being the national birthday and the big day of the year for our friends from south of the line who are now in Alberta. The fare from Macleod is \$3.25 and from Red Deer \$2.85, with correspondingly cheap rates from all intervening points.

It has been arranged to have the trains leave the starting points at very early hours, the crowd starting at Macleod at 6 in the morning and making the run to Calgary by 10:40. The Red Deer train will start at 7:30 and arrive at 11. There will be special trains north and south the same evening as the specials come in, but those who come down on the excursion will be able to return at any time up to July 4.

The three transcontinental railways have jointly agreed on special rates to Calgary for the exhibition, which will be single fare from stations where the fare is \$4, plus one cent per mile in each direction from stations beyond, except west of Calgary and Macleod, where the rate is one and one-half cents.

SMITH, OF FERNIE, IS PROBABLE HEAD OF U. M. W. OF A.

Has Lead of 500 Over Stubbs It Is Not Thought Insurgents Have a Chance

Lethbridge, June 10.—The election of Paul Smith, of Fernie, as president of the U. M. W. of A. is practically assured. The following are the figures so far received: Smith 483, Stubbs 148, 43, 140, 54. There are still to hear from: Diamond, Taber, Barkhill, and Camrose, every one of them termed insurgent camps. These will more than offset the majority Stubbs may get; the vote favorable to him, such as Kipp, Carbon, Carmichael, Carbon, Carbon, Frank, Maple Leaf, Burnis, and Deer Creek, which are all small towns. Some of the vote expected to go to Smith is from the south, but not enough to cut down a 500 lead.

DUCHESS PEACEFUL WORE NO PEARLS

Berlin, June 10.—At a recent royal wedding the Duchess of Cumberland did not wear the famous crown of pearls, as the duke desired she should—and thereby hangs a tale. The duchess is all for peace, and these pearls have been a thorn in the side of the British sovereigns since the death of the salacious William IV. Victoria claimed the pearls, so it is named, old King Ernest of Hannover, the uncle—Lord Melbourne, then the British prime minister, supported the duchess. A commission of judges was appointed to investigate the matter, and it was not until 1857 that the decision was given against the queen's claim. There was a large basket of gems which had been taken from Hannover during the reign of George III, but the pearls were the great prize of the collection. The lot was valued in 1847 at \$1,000,000. Queen Victoria and Prince Albert were very much put out at being obliged to give up the jewels to the king of Hannover. The queen is said to have cried with vexation.

FAMOUS THEOLOGIAN DIES AT NEW YORK

New York, June 10.—The Rev. Dr. Charles Augustus Briggs, one of the most widely known theologians of this country, died yesterday at his home in this city, aged 72. Death followed pneumonia with which he was stricken a month ago. Dr. Briggs' home was in the Union Theological seminary, where he had just completed his forty-fourth year as a teacher. The greater part of his life had been devoted to the ministry. Dr. Briggs was a professor at Union Seminary when it was a Presbyterian institute. He was appointed to the New York Presbyterian Theological Seminary in 1862, but in 1868 he reversed the decision and withdrew from the ministry. He then withdrew from the church, in 1868 Dr. Briggs was ordained in the Episcopal church. He was the recipient of degrees from Oxford, which made him LL.D. in 1870. He was the author of many works on theology.

SAVED BY HIS PIPE

Paris, June 10.—At Corbeil, yesterday a man was saved from drowning by his pipe. His name is Bistet, and he was fishing from a punt with a net when the boat was overturned. Bistet, M. Bistet was unable to swim, but his companion was more fortunate. Calling M. Bistet had been taking his pipe, which he retained in his mouth when the punt capsized. The friend seized the pipe, which the man gripped with the energy of M. Despair, and the pipe holding out under the strain, M. Bistet was safely towed to the bank.

DR. PRICE'S Cream Baking Powder

Dr. Price's Cream Baking Powder is free from alum and lime phosphates. Made from grape Cream of tartar and absolutely pure. Its use is a safeguard to health, for it actually aids digestion, and relieves from all anxiety as to the wholesomeness of the food.

On the other hand each attempted imposition of an alum baking powder upon the consumer is a covert attack upon the health of the family. Of course, no grocer would knowingly sell injurious food to his customers; but he has himself been deceived as to the true character of the cheap powders by their manufacturers.

Forewarned, and solicitous for the health of her family, the housewife will be influenced to a constant watchfulness and a stubborn resistance against the danger.

Baking Powders sold at a lower price than Dr. Price's are almost invariably made from alum, and therefore inferior, and prejudicial to health.

ACCUSED ANOTHER TO WREAK VENGEANCE ON GUILTY MAN

Brothers Take Strange Course for Revenge for Murdered Brother

Cairo, June 10.—A remarkable instance of an innocent man being condemned to death for murder and having his innocence proved almost at the foot of the gallows, is reported from Upper Egypt. A rich landowner was found dead on his doorstep. An inquiry was opened, Omran Mahmoud and his son were the accused, which they swore they saw them commit. The accused men declared their innocence, but, despite the desperate and eloquent efforts of their advocate, Omran Mahmoud was sentenced to death and his son to imprisonment for life, and the date of the execution was fixed. The advocate sent in a petition for the commutation of the death sentence to the Khedive. Time passed, and he heard nothing as to the fate of his petition. The day before that fixed for the execution the advocate determined to approach higher quarters. Just as he was about to proceed on this errand two men were shown into his office. They were the brothers of the murdered man. They had come to confess to him that their evidence had been false, and that Omran Mahmoud and his son were innocent. They had merely accused them of the crime because they wanted to keep the authorities from suspecting the true murderer, on whom they intended themselves to take vengeance. The real criminal was at once arrested, and on the eve of the execution Omran Mahmoud and his son were advised of what had happened. This incident is illustrative of the lengths to which the native desire for revenge will go. It is, of course, not unusual for one man to accuse another of crime to avenge some long-grudged, but it is unique for innocent men to be accused of a murder because the family of the murdered person wish to avenge their loss themselves on the murderer.

PAUL SMITH KILLED BY CONTACT WITH LIVE WIRE

Believed That He Attempted to Turn On the Lights and Got Fatal Shock

Lethbridge, June 10.—Paul Smith, for seven months a constable here, was struck down and killed early this morning by coming into contact with an electric light wire on the corner of Third avenue and Ninth street. Every indication points to electrocution. Smith had touched the chain which is used on arc lights for raising and lowering the globes to the street. This chain had worn the insulation of the connecting wires by being blown against it in the wind. It is understood that the light was out this morning and it is supposed that Smith attempted to turn it on again by shaking the chain, which is within reach from the ground. The chain had come in contact with the bare portion of the wire, and the circuit was instantly completed, as Smith was on the ground, which was wet, making it a more ready conductor. The explanation of his presence in the dust bin is that on the previous evening he had been one of a merry party of friends. On the way home this particular reveler dropped asleep, and some of his companions conceived the idea of putting him in a dust bin to pass the night. This they did, but the victim did not wake up as they expected he would, and was nearly shot into the furnace in consequence.

SLEPT IN DUST BIN BUT ESCAPED FURNACE

Rouen, France, June 10.—A Rouen resident has just had a narrow escape from being burned alive in the city dust destructor. In this city the disposal of house refuse is carried out under the most modern conditions. After having been collected, the dust bins are taken in the early morning to the destructor outside the city, and placed on a "conveyor" which lifts them to the top of a furnace and tips the contents in. A workman is stationed at the top end of the conveyor, and watches each dust bin as it is tipped up. A day or two ago he noticed a remarkably good pair of trousers protruding from one dust bin, and thinking they would be better on his legs than the ones he was wearing, he stopped the conveyor and went to retrieve the trousers. His surprise he found them already occupied by a man fast asleep. The workman at once aroused him, and took him out, half-suffocated. The explanation of his presence in the dust bin is that on the previous evening he had been one of a merry party of friends. On the way home this particular reveler dropped asleep, and some of his companions conceived the idea of putting him in a dust bin to pass the night. This they did, but the victim did not wake up as they expected he would, and was nearly shot into the furnace in consequence.

WOMAN WILL ACCOMPANY STEFANSSON PARTY ON FAR NORTH JOURNEY

But She Will Only Go As Far As Nome; Stefansson Will Sail Early Next Week, He Says

Victoria, B.C., June 10.—When the Stefansson exploration party sails north next week, one woman will be on board, the wife of Dr. Anderson, zoologist of the expedition. Mrs. Anderson will accompany the party to Nome, where she will say good-bye to her husband for three years. She and her husband were schoolmates at the state university of Iowa, she being a freshman in the year he was a junior. The romance sprang then, and ended in marriage in 1911. Stefansson said this morning that the Knipik would be ready to sail Saturday, but he did not expect to sail until the following week. An actor, Perrion, with a woman passenger, ascended in a monoplane to a height of 18,822 feet, establishing a new world's record for altitude with his passenger, says a despatch from Versailles. It seems to be the old story, even in the air, "Whither thou goest, I will go."

BIRTHS ARE FEWER; MARRIAGES MORE

London, June 10.—The returns for the first quarter of 1913 show that the births in England number 218,226, which is at the rate of 23.8 a thousand, a decrease of 31 below the average of the last ten years, and the lowest on record. The deaths number 148,596, which is at the rate of 16.1 a thousand, a decrease of 1.1. The marriages are at the rate of 17.5 a thousand, which is an increase of 0.8.

It was among the loveliest customs of the ancients to bury the young at morning twilight, for as they strove to give the softest interpretation to death, so they imagined that Aurora, who loved the young, had stolen them to her embrace—Richter.

Full, Bounding, Joyous Health by the side of the Mighty Pacific

500 happy mortals are spending this summer where they can taste the salt of the world's greatest ocean

Tent after tent, cool, healthful, cleanly, enjoyable, extending along the upper edge of a silver-sanded beach; behind, the spicy, conifer forest redolent of pine-smell mingling with the delicious odor of Indian Sweet Grass and Briar Roses; before, the restless, endless expanse of the glorious Pacific set with great steamers and white-winged sailing vessels; to right and left the rush of ocean-bound rivers, the tinkle of wood brooks where the trout lie—there, in a flash, you have an imperfect picture of the 1912 Tent City at Canada's Greatest Pleasure Resort where more than 800 people who have bought lots at starting prices of from only \$100 to \$250 each on easy terms, are now cashing in AHEAD OF THEIR GUARANTEE.

They bought Lots -- as YOU should do -- in

Canada's Greatest Pleasure Resort WEST COAST OF VANCOUVER ISLAND British Columbia

We said that these fortunate people were "cashing ahead of THEIR GUARANTEE." That is the solid fact. Lots in this resort were sold on the understanding that purchasers could not expect improvements sufficient for residence for from two to three years. But, after a few dozen buyers of lots—largely Doubting Thomases, too—had been taken to see the property, the story of its magic charm spread until we were inundated this spring with requests for permission to camp there this summer. Well, we got a hustle on and fixed things, WITH THE RESULT THAT THE 1913 TENT SETTLEMENT WILL NUMBER MORE THAN 500. Last year a wilderness, this year a tent city full of life, next year a permanent settlement—a few years hence one of the greatest pleasure resorts on the North American Continent.

Now, reader, get busy; don't lose YOUR opportunity through unreasonable doubt or procrastination. Most men fail because they are over-cautious. That's a fact—figures prove it. You can test our offer in a hundred ways, but YOU MUST ACT QUICKLY IF YOU WANT TO TAKE ADVANTAGE OF PRESENT LOW PRICES AND TERMS. Talk it over with your wife and family and then read the last paragraph in this advertisement. We don't promise that you'll make a fortune on your lot, as many first purchasers have done in large American resorts. WE DO PROMISE that you'll make a profit if you want to, and we'll wager that when you see the property YOU WON'T WANT TO SELL.

Approximate quarter acres in this resort are selling now at \$100, \$150, \$250 each; 10 per cent. cash; \$15 on issuance of contract and \$15 a month thereafter. The easiest, safest buy you could make.

We are having printed a neat, brief, new folder describing the Tent City of 1913 and illustrated with photographs. This folder will contain the voluntary statement of a number of purchasers who visited the property this spring, and it's worth reading. The folder will be illustrated with photographs taken on the property. There is a copy of this folder for you. Send the coupon attached TODAY and your copy will go forward next mail, together with other literature of interest.

## Chris Von Der Ahe, Baseball's Strangest Character, Is Dead

Something About the Life of German Saloon Keeper Who Became a Baseball Magnate and Was Then Mulched By National League Moguls.

(By John R. Robinson.)

A FEW lines flashed over the telegraph wires Sunday, brought the news that Chris Von Der Ahe, baseball's strangest character, was dead. Chris passed away 22 years ago, but his death would have been featured in the same manner which might mark the passing of a world famous banker. Chris belonged to the forgotten age of baseball, the age now spoken of as the creative stages of the game. He dominated and spent his halcyon days when it became a commercial proposition, and his fortunes were swept up by the heartless magnates who finally made baseball the game of the century. His life was a story of the ceaseless warfare ever waged between men with sport as the background, and men with money as the goal. Chris Van Der Ahe was a little beer saloon keeper in St. Louis. His life would have been unremarkable had he never entered the game.

Chris prospered. Sportsman park, the home of his club, was no longer a small baseball park. It was a modern amusement enterprise, the first of the great parks which later became a fad all over the world. A horse racing track was built out around the field, a chute-the-chutes, beer gardens, for St. Louis is the American home of beer, merry-go-rounds and scores of other devices. Chris was the most solid man in St. Louis. The Brotherhood came in 1890, and the players revolted against the magnates. Chris, ambitious and shrewd, branched out for himself, and took the cream of the players. Chris' team, without its brilliant manager, which cost him thousands. The Celas started. He was looked upon by his fellow magnates as "easy" and more than one shrewd deal was put over which cost him thousands. The Celas coveted his race track, and the Western Jockey club took away his franchise, faster than it had ever flown away. In soon the National league, the most heartless organization on earth, planned and schemed to get some of its inside members cutting into the St. Louis melon, and finally Chris woke up to the fact that banks were calling his loans and when he defaulted, were selling his stock, put up as collateral. One day Frank De Hase Robison, of Cleveland, walked into the ownership and Chris walked out.

Chris rushed to Pittsburgh to interview his friend, Col. Kerr, owner of the

Pirates. With Kerr was Dreyfus, then of Louisville, and later owner of the Pittsburgh club. From Cincinnati came John T. Brush, shrewdest and most unscrupulous of the baseball leaders. A final stroke was planned, a charge trumped against Chris, and the good-natured, genial, unassuming German saloon keeper thrown into jail. His friends refused to bail him, and his heart and spirit were broken, never to be healed.

When freed he went back to St. Louis, took up the little beer saloon at the edge of Sportsman's Park, and spent the last years of his life as a beer, living modestly, and dying in comparative peace, the victim of a conspiracy and his own good, lovable nature.

Hundreds of stories are told to illustrate Chris' absolute lack of knowledge of baseball. He was known as "dear boss president" and loved to call himself by that name. One of the best stories is told by Comiskey himself, an in the time when Chris Comiskey took charge of the playing end of the club.

Many Jokes With Chris the Laugh. Chris insisted upon sitting on the bench and listening to Comiskey's instructions to the men. The team had struck a losing streak, and the manager was striving and trying every means to get the team out of its losing ways. At last Chris approached the manager with a confident smile.

"Charley," he said, grinning with excitement and confidence from ear to ear, "I had a new scheme to win all der ball games. I can't lose, my boy."

"For God's sake, spring it, boss," implored Comiskey. "What is it?" "Well, Charley," was the reply, "there is no way you must do. Effortime dot you gets two or three men der passes on, shust instruct der man not to der bat gone to hit der pall over der fence fer a home run!"

## FOOTBALL NEWS, NOTES AND GOSSIP

President Robertson of the Calgary City and District Football League, leaves for the old country on holidays soon and resigned his position at the league meeting last night. The resignation was accepted with regret, and Vice-President Gow was unanimously appointed president. There was a large amount of business. Hillhurst was represented for the first time in weeks, and Doc Dawson of the Y.M.C.A. made a clear statement on the question of the appropriation of Hillhurst grounds by the city. The secretary also gave a statement to the league as a result of his meeting with Mr. Crichton, the chairman of the playgrounds committee.

Vice-President Gow bringing a long discussion to a close, moved that the league re-adopt Victoria park and also have games in Hillhurst park if possible, with idea of accommodating the intermediate league at either of the grounds. Mr. Melville moved an amendment that all senior games be played at Hillhurst, and that Victoria park be given up. The amendment was lost, the motion carried; the members desperate move to agree to a home and as barely off as they were before the beginning of the season. Mr. Melville objected to the secretary, Mr. Matheson voting, but the chairman overruled the objection.

Then Mr. Melville made a motion to allow each club to name its home ground, and this seemed to find favor, but it was pointed out that if more clubs than others desired to play at Hillhurst that would upset the league position again. Mr. Matheson's amendment that an equal number of games be played in each park, with the further proviso that the committee in charge be approached with a view of being accommodated during any time the grounds at Victoria park might be in other use, was carried. The schedule committee will arrange the games to be played at Hillhurst and those at Victoria park, and will have them submitted to the committee.

There was some dispute when the Tynesiders applied, at the last minute, for a postponement of their game to be played tonight at Victoria park against Post Office, on the ground that several of their players were injured in the inter-city game against Edmonton. They could not put a team on the field. Mr. Aiken strenuously objected to the postponement, but on the casting vote of the chairman, the postponement was agreed to. Mr. B. Dawson was appointed Vice-President of the league to fill the vacancy caused by the appointment of the former vice-president as president.

Arrangements are being made for the inter-city game against Edmonton, and it was also agreed that Hillhurst, being now in the position of any other club, so far as Hillhurst grounds are concerned, will not have the privilege of allowing any of their members in free to their home game.

Soccer Field—Tynesiders vs. P. O.

## SASKATOON RACES

Saskatoon, June 10.—The three-day meet of the Saskatoon Turf club came to a close today. The most exciting features was the Bankers' stake, which was won by Henry Walbank, a horse which was practically left at the post. Dottie, the favorite, was nosed out of first place just as the wire was reaching. The King Edward Hotel stake was won in straight heats by Grand Opera in easy style. Foxy Haywood, the favorite, won the consolation race. Features of the day—were the laying of 300 to 1 and 100 to 1 by the bookies on certain horses, but none of them had a look in. Summary.

The King Edward Hotel Stake, 230 Paces, 2:25 Trot, \$1,000.  
Grand Opera, won; Barroon Todd, second; King John, third. Time—2:22, 2:21, 2:22 3-4.  
2:20 Pace, 2:15 Trot.  
Lady Arrod, won; Alpha Delta, second; Joe McGregor, third. Time—2:15, 2:17 1-2, 2:17 1-4.

Bankers Stake, Six Furlongs, \$1,000.  
Henry Walbank, won; Dottie, second; Athabasca, third. Time—1:17 1-2.  
One Mile and 70 Yards.  
Slicker, won; Marcus, second; Buri, third. Time—1:52.  
Consolation Specially, 5/2 Furlongs.  
Foxy Haywood, won; Lady Renssaler, second; Warfare, third. Time—1:45.

## CENTRAL PRACTICE

The Central lacrosse team will practice tonight at seven o'clock. All players are urged to be out in uniform.

## Junior Cup Final at Hillhurst Tonight

The two colleges, Western Canada and Bishop Pinkham, will be out in strength when the soccer teams meet in the final of the Junior Cup competition. Tickets are being sold freely and there will be a large attendance. Mr. H. E. Sheldon will have charge of the game, and both teams will be absolutely at full strength. The time for the kick-off is 7 o'clock.

## THUMB INJURY KEEPS WOLGAST FROM RING

Los Angeles, June 10.—The Ad. Wolgast-Johnny Dundee 20-round fight scheduled for Tuesday night at Vernon arena was declared off last night because of the injury sustained by the former lightweight champion Saturday during a training bout.

Wolgast may not appear in the ring again for six months because of a dislocated thumb, according to physicians' opinion to be for only seen.

## Game at Victoria Park Tonight

Although the Post Office and Tynesiders scheduled game for tonight will not take place, the Callies and Post Office will meet in a friendly game on the soccer grounds, and it is expected that full teams will be on view. The Callie players expected to turn out are: Gilbooley, Cooper, Grimlay, Haigh, Stang, Petrie, Ketchen, Nesbitt, Skinner, Wilson, McLean, Williams, Matheson, Feeny, Stewart and Towill and Bennett. Post Office will have out the team that was to play Tynesiders and they are asked to be on the field as early as possible.

## Cowley's Polo Tournament

Macleod, Alta., June 10.—Mr. Powlett, of Cowley, was in town this morning for the purpose of arousing interest in the big polo tournament that is to be pulled off in Cowley on September 3, and in which eleven teams will take part. The Macleod polo players are putting in a team, and the chances are that the Oler cup will this year be transferred from North Fork to Macleod.

## Rangers Continue Lead

Rangers tightened their hold on the top position of the Intermediate Soccer league by defeating the Church of the Redeemer last night by two goals to nothing. J. H. Haig was referee and the game was fairly fast throughout.

## Chicago Boxer Won

Moose Jaw, June 10.—Eddie Wells, of Chicago, the Del Bruno of Moose Jaw, fought 12 fierce rounds here tonight. It was to have gone 15, but in the twelfth Wells went after the local boy and by driving in vicious uppercuts he knocked Bruno through the ropes into the press stand. The blow was sent in like a pile driver and when Bruno was picked up he was unable to continue. Referee Al Fisher then awarded the fight to Wells. It was a popular verdict.

Navy Blue Quality Clothes

Must be QUALITY FIRST in a blue suit to assure satisfaction.

FASHION-CRAFT clothes are QUALITY made, so are the materials they use.

All Blue suits sold bearing our brand are absolutely fast colors and shape retaining, regardless of prices which range from \$18.00 to \$35.00.

The Markets

SETTLEMENT DAY COMES IN LONDON; FIRM FAILS

Englehart & Schlosser, Brokers With German Connections, Go the Way of All Flesh; American Securities Decline; Money Scarce.

LONDON, June 10.—The much-dreaded settlement on the stock exchange commenced today with the announcement of Englehart and Schlosser's failure, brokers with German connections, and the recent slump in American, Canadian Pacific and Rio Tinto is now attributed to the liquidation of their holdings.

DAY IS ONE OF GRIEF ON THE NEW YORK MARKET

Supreme Court's Decision Shoots Values All to Pieces; Railroads Are Hard Hit

New York, June 10.—The stock market passed through a troubled day, as a result of the rendition of the supreme court, after the close yesterday, of its decision in the Minnesota rate case.

DRY WEATHER HELPS TO HOLD WHEAT STEADY

Fluctuations In October Narrow; July Makes Slight Decline; Cables Higher

Winnipeg, June 10.—The local wheat market held fairly steady on talk of dry weather and fluctuations in October narrow, while July declined one cent, recovering slightly, showing tightness in this month was off for the present.

WINNIPEG TO FORT WILLIAM

Effective June 6th, 1913. New Service --- New Route --- New Equipment. "First Train" at 10.30 p. m.

Toronto, June 10.—Union stockyards receipts for today were 393 loads with 2,878 cattle, 195 calves, 185 hogs and 943 sheep and lambs.

WINNIPEG'S CLOSE

Table with columns: Bid, Asked, Item, Price. Includes items like American Loan, Canadian Loan, etc.

TORONTO MARKET DULL. Toronto, June 10.—The panicky condition of outside markets did not help to strengthen local stocks, which were pretty weak throughout the day.

Put Your Name on the Dotted Line

One of the best and truest commands that ever went down the ranks of business men of today is that one: First, be sure you're right, then go ahead.

PARKDALE ADDITION

The home-building division de luxe of Calgary today. The place for homes of distinction at a moderate cost. Located just right for Calgary's tomorrow.

Form for Messrs. Scott & Hartroft, Owners of Parkdale Addition, Calgary, Alta. Includes fields for Name, Address, Telephone No.

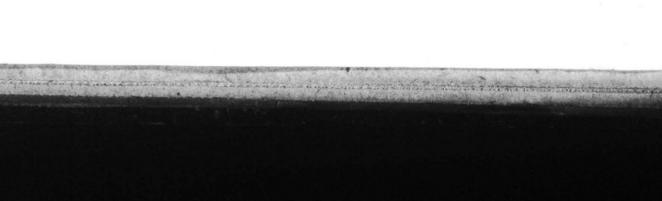

Special Announcement

Effective June 6th, 1913. New Service --- New Route --- New Equipment. "First Train" at 10.30 p. m.

WINNIPEG TO FORT WILLIAM

Thereafter on TUESDAYS, THURSDAYS and SATURDAYS. Connecting with steamers "HAMONIC", "SARONIC", "HURONIC" of the Northern Navigation Company.

The Advantages of the New Route: 1—Patrons will be given their stateroom keys by the train agent of the Grand Trunk Pacific before arriving in Fort William...

### FORT FRASER

has outlived its first struggle for existence. Today Fort Fraser is a trade centre, with substantial business houses. Today Fort Fraser is the seat of government jurisdiction for the Fort Fraser district and the Nechaco Valley. Today the Nechaco Valley, of which Fort Fraser is the centre, is known to have the largest and most productive area of agricultural land in the entire province. For these reasons, and many others, an investment in Fort Fraser at the present low prices can be no other than profitable.

## THE THEATRES

### EMMA CARUS THE BEST COMEDIENNE EVER SEEN HERE

Broadway Musical Comedy Star Keeps Audience in Uproar From Start to Finish

All Emma Carus has to do is to walk upon the stage, smile and wink. The audience is with her from the smile. With any kind of stage material she would be successful, her personality alone being sufficient to win her headline position on any vaudeville bill or in any theatre on the continent.

Miss Carus opened a week's engagement at the Empire Theatre Monday, and the personality worked overtime. She did not depend upon the personality, because her songs, character and comedy kept the audience in an uproar from start to finish, and it was with difficulty that she finally was able to leave the stage. This comedienne, for the next two years the biggest favorite on Broadway, showed her wonderful versatility by leaving the audience in a roar of laughter, then responding to the encore by singing a serious ballad, and instantly turning the minds of the spectators into a thinking vein. Then she returned to the comedy, and left the stage exulting as the biggest star in the history of local theatricals.

The difficult art of "putting over" a song was illustrated by the fact that at all her performances since she opened Monday afternoon, the theatre has been packed, and the "standing room only" sign hangs out. In the face of the hardest opposition of the season, Miss Carus has been able to establish a new house record for the Empire in the matter of gross receipts. An orchestra which evidently did not understand her music has hurt her performance, but she has been able to carry the show complete.

### AT THE ORPHEUM

The bill that opens with a matinee tomorrow at the Orpheum promises to supply an exceptionally strong line of entertainment, the headline being one that will appeal both to the younger members of the family as well as the older. The headline being one that will appeal both to the younger members of the family as well as the older. The headline being one that will appeal both to the younger members of the family as well as the older.

### "TIME, PLACE AND GIRL" DELIGHTS AT LYRIC

Newest Musical Comedy Gives Ample Scope for the Clever Company and is Pleasing

"The Time, Place and the Girl" proved a real Lyric yesterday, and good houses enjoyed the piece throughout. The play, which was given in a very smart and stylish manner, was a real Lyric yesterday, and good houses enjoyed the piece throughout. The play, which was given in a very smart and stylish manner, was a real Lyric yesterday, and good houses enjoyed the piece throughout.

### MUSICAL ELEPHANTS

Elephants Play Horse and Do Other Funny Stunts

Yankee Robinson's Musical Elephants which have been playing the big vaudeville houses during the past winter, are making a tremendous hit. The elephants are of a variety of colors, and in fact, the largest performing elephants in the country, and they go through their stunts amazingly.

EDDIE FOY in "Over the River."

### WHEN EDDIE FOY, THE FUNMAKER, COMES TO CALGARY

Opens At Grand Monday With the Seven Little Foy's, in "Over the River."

There will be new jokes and laughing catch-phrases entering into everyday conversation after next Monday evening, when irrepressible Eddie Foy and the Seven Little Foy's, in the new musical funmaker, "Over the River," which Werba and Luescher have produced on a big scale, comes to the Grand for three days, starting Monday, June 15.

The spirit of maddest frolic permeates every scene of this production, which comes here direct from its long run on Broadway. Its unconventional appeal is said to be the strong note in its appeal to an audience. "Over the River" is described as not only a great play, but it is a great musical piece filled with tuneful songs that start everyone to humming or whistling the "catchy" melodies. Mr. Foy has been surrounded with a large company well chosen to fill the various amusing roles, and also has a great madcap chorus chosen quite as much for its musical superiority as for its dancing ability.

### BAND CONCERT AT ST. GEORGE'S ISLAND TONIGHT
