the Gulf Coast. London, June 7.—In the House of Commons to-day Mr. Joseph Havelock Wilson gave notice that to-morrow he would ask the Government whether their attention had been called to the overloading of the British steamer Astrion, trading between Sydney, Cape Breton, and Montreal, and also whether they were aware that English vessels trading along the Canadian coasts were frequently overladen, to the great risk of the lives of the crews, as bad weather was generally prevalent in those parts. He will also ask what steps have been or will be taken to prevent a recurrence of this violation of the law.

No Estate Duty on Colonial Property. No Estate Duty on Colonial Property.

Sir William Harcourt, replying to an enquiry by Mr. William Redmond, said that some colonial representatives had objected to the levy of an estate duty upon British holders of colonial property. The objection, he said, seemed to be based upon a misapprehension. It was not intended to impose such a tax in the colonies. The Government, he said, would in the most careful manner give attention to the views of the colonial representatives on the subject.

Right of the Road At Sea.

Right Hon. James Bryce, in reply to a question by Sir Henry S. King, said the Government was aware that it had been stated in Washington that the regulations in regard to the rule of the right of the road at sea were hampered by steam trawlers who were fishing near Down, in the Irish Sea. Passing ships were not able to evade sailing vessels, but that fact did not alter the existing rules in regard to trawlers. Right of the Road At Ses.

The Don's Races.

A spectator writes: Your report of last evening's race of the Don Amateur Rowing Club hardly does justice to Kennedy's crew. They led Shea's crew from start to thing, and finished between 3 or 4 lengths ahead, but owing to a misjudgment of the bowman unfortunately went a trifle outside the flag boat, of course losing the race.

INQUIRY, COMPLAINT, ADVICE AND PROTEST FROM MANY WRITERS.

THE papers are full of screaming advertisements of bargains, but how about qualities? There's any amount of clothing offering itself at a sacrifice, but how about materials and workmanship? The Army and Navy Stores have won a famous reputation for reliable clothing of every sort, and we never have occasion to stoop to indignities in order to win your interest. If the Globe Incendiary Stock had not been first class in every respect the Army and Navy Company would never have made an offer. But it's ours now and going fast upon its meritorious cheapness. You can depend upon paying less here than in any other clothing firm where clothing is sold in the high-priced, old-fashioned way.

THE DUKE'S WILL. nent of the Squabble Over the Duke of Sutherland's Estate.

Duke of Sutherland's Estate.

London, June 7.—The Sutherland will case was settled in the High Court of Justice this morning without trial. The action was brought by the dowager Duchess of Sutherland to have declared valid the will and codicils made by her late husband, by the terms of which she was to be benefited to the extent of about £1,000,000. The present bace of Sutherland, the plaintiff's stepson, opposed the will on the ground that the dowager duchess had prejudiced her husband's mind against his children to obtain possession of his property.

The court room was crowded, principally with women, who expected that the trial would abound with sensations. When the court was called to order the opposing lawyers announced their belief that they could, after consultation, settle the case out of court. A conference was accordingly held, and after discussing the matter about an hour the lawyers informed the court that a settlement had been arrived at. The terms of the settlement were not

CHASE'S CHAPTER 1. Dr. Chase's Kidney-Liver Pills are mbination of valuable medicines in conce combination of valuable medicines in concentrated form as prepared by the eminent Physician and Author, Dr. A. W. Chase, with a view to not only be an unfailing remedy for Kidney and Liver troubles, but also tone the Stomach and purity the Blood, at a cost that is within the reach of all. The superior merit of these pills is established beyond question by the praise of thousands who use them—one Pill a dose, one box 25 cents.

2. When there is a Pain or Ache in the Back the Kidneys are speaking of trouble that will ever increase unless relieved. We have the re-

that will ever increase unless relieved. We have the reliable statement of L. B. Johnson, Holland Landing, who says: I had a constant Back-Ache, my back felt cold all the time, appetite poor, stomach sour and belching, urine scalding, had to get up 3 or 4 times during night to urinate, commenced taking one Kidney-Liver Pill a day; Back-Ache stopped in 48 hours, appetite returned, and able to enjoy a good meal and a good nights sleep; they cured me.

3. Constipation often exists with Kidney Trouble, in such a case there is no medicine that will effect a permanent cure except Chase's combined Kidney-Liver Pill, one 25 cent box will do more good than dollars and dollars worth of any other preparation, this is endorsed by D. Thompson, Holland Landing, Ont.
