BISHOP'S VIEW OF 'BOGUS MASS' Head of Ruthenian Church, Returned From West, Replies to Rev. Dr. MacLaren.

One of the most important church matters in the Canadian west just now is the clash between the Presbyterian Home Mission Board organization and the R. C. Church over the establishment of the Independent Ruthenian Church in the west.

The Archbishop of Lemberg, Primate of Galicia, and a member of the Austrian House of Lords, Most Rev. Andrew A. Szepczyk, was in the city yesterday, the guest of His Grace Archbishop McEvay.

Archbishop Szepczyk, when interviewed last night, made a reply to a statement issued some days ago by Rev. E. D. MacLaren of the Presbyterian Board.

"We had been told that our people were being made the prey of evangelists, but it really required a personal visit to assure ourselves of the extent of the evil," said his grace.

"I did not understand either this sort of Protestantism. I find their mission societies paying anybody that can speak their language to celebrate a bogus mass. I am the chief pastor of all this people. I could not think of the Ruthenians accepting the evangelical faith, for they are highly artistic in their tastes and glory in elaborate ritual. They have always been catholic in their sympathies, and I would not even comprehend how they, deprived of their own priests, could desert the faith which alone could make them good citizens."

TO CELEBRATE PEACE CENTURY Unlimited Arbitration Treaty Suggested, Also Abolition of Custom Houses.

BOSTON, Nov. 25.—The American Peace Society gave to the press today a collection of suggestions received by it from publicists and educators in Great Britain and Canada and the United States in regard to the methods of celebrating the anniversary of the hundred years of peace since the war of 1815.

Lord Courtney of Benbow, president of the International Peace Congress at London, 1908, advises that the historic agreement for disarmament on the lakes be followed by the removal of customs houses along the American-Canadian border to reduce the cost of living, and to away with the last pretext for guardships and causes for international conflict.

George N. Morang, publisher of Toronto, advises Canadians and Americans to study each other's history and institutions as a means of promoting a better understanding among themselves.

Prof. J. C. Carter, professor of the University of Chicago, suggests the publication of a centennial edition of Canadian authors and the selection by the heads of leading Canadian universities of orators for the celebration.

E. L. Borden, M.P., leader of the Conservative party in Canada, favors setting apart a day of thanksgiving with the ringing of bells and the observance of the Dominion and the Republic. Mr. Borden also believes in erecting a permanent memorial in each country.

Approval of the celebration, but without suggestions as to its program, is given by Major Joseph A. Chisholm of Halifax, Dr. John Forrest, president of Dalhousie University, Halifax; Chief Justice Charles T. Doherty, and United States Senator Elihu Root.

D. Russell Jack, secretary of the New Brunswick League, St. John, N.B., welcomes the celebration as a means of unifying the English-speaking race.

EXPRESS RUNS INTO A FREIGHT Caboose Wrecked—Two Passengers Injured—Collision Occurred Near West Toronto.

Two passengers were slightly injured and an engine and three cars wrecked in a rear-end collision between the C.P.R. Owen Sound express, due at the Union Station at 3.15, and a C.P.R. freight, about half a mile north of St. Clair-avenue, at 8 o'clock last night.

Those injured were: W. H. Hewson, 618 Bathurst-street, a commercial traveler, knee severely wrenched. F. B. Anderson, 128 Howland-avenue, commercial traveler, ankle sprained.

Both were attended by Dr. Clendinning of West Toronto and were able to go to their homes. Just why the collision occurred is not known, but the cause generally given on the scene last night was that the brakeman of the Muskoka way freight, consisting of over twenty cars, had misread his train at Kleinburg, Ont., fourteen miles out of West Toronto, and had ridden down on the plot of the express to catch his train.

At the point of collision, it is said, the coupling of the tender to the first car had broken and the engine had run into the yard to have this replaced, leaving the cars standing on the main line. It was also said that the freight was merely waiting for the signal to take the switch at this point.

There was a terrific crash, and a heavy passenger engine, No. 888, tore thru the light carbox, splitting it in two sections, which rolled down the declivity on either side of the track. One of these caught fire and was lowered to burn out.

REGRETS FROM HON. SPEAKER Who Tells Why Methodist Ministers Weren't Allowed to Keep Gallery Seats.

OTTAWA, Nov. 25.—(Special.)—Before the house resumed the debate on the address to-day, Col. Sam Hughes (Victoria and Hallburton), arose to call the Speaker's attention to the treatment accorded Rev. Geo. Jackson and Rev. Dr. Henderson, who were expelled from the speaker's gallery on Thursday, as exclusively announced in The World to-day.

Col. Hughes explained that these gentlemen had come to hear Sir Wilfrid speak, and he had secured for them cards of admission to the gallery. They had scarcely taken their seats in the front row, when they were brusquely ordered out, and told to take a back seat. This discourtesy was sincerely to be regretted, as on two subsequent occasions he had noticed clerical men of other denominations occupying seats from which these gentlemen had been ejected.

Mr. Speaker here interrupted by saying: "I cannot allow the hon. member to discuss the conduct of the Speaker except in accordance with the rules laid down by parliamentary authorities."

Continuing the debate, F. S. Fowke (South Ontario) expressed his appreciation of the Fielding tariff. He rejoiced in the fact that Canada was economically freed from the tariff, and that the country was prospering, and the policy of the Liberals was to keep improving the conditions, and for that reason negotiations with United States had been inaugurated. Conservatives were disposed to regard the United States as a "hostile country," which had brought much grief to Canada.

In a passing reference to the amendments to the address, Mr. Fowke said there was no difference in the Borden and Monk proposals, and that the leader of the opposition considered it necessary to make an affirmation in printer's ink of Canadian loyalty. He had fallen into line with Bourassa and was content to appear in the same plumage. Toronto people thought of themselves as the most loyal people in all the world. Still their representative said: "Let us not forget, however, even for Bourassa in him."

Col. Sam Hughes (Victoria and Hallburton), reminding the house that French blood ran in his veins, deprecated the race order. The Canadian was condemned, and looked forward to a united British Empire. The Province of Quebec, he asserted, had been subject to all the disadvantages the country had produced. The prime minister, he noticed, had never seen fit to repudiate the statements used by his followers that, as far as he could, he might be morally warped, but was in nowise so mentally deficient as to be legally insane.

It now appears she was with the asylum on a week, and was then turned over to an aunt, who promised to take her to Michigan. She gave no bond or other assurance than her bare promise. The aunt did take her to Michigan, but a few days ago returned to the city, bringing the girl back with her. Yesterday Miss Swallow was arrested by Detective Tipton, for the morality department, upon the charge of insanity, and will appear in police court this morning.

ANGLICANS IN MAJORITY ACCORDING TO CENSUS Results of Recent Canvass In Six of the Wards Announced—Most People Willing to Tell Their Preferences.

There are more Anglicans in Toronto than any other denomination, according to the recent church census. Returns for six wards out of the seven were handed out by Executive Secretary George P. Bryce last evening. He says they are not quite complete, except ward two, but nearly so. The total adherents to the Church of England in wards 2, 3, 4, 5, 6 and 7 was recorded at 53,396. Methodists are second with 46,892, with Presbyterians at close third at 40,570. Roman Catholics are fourth with 21,537, and Baptists next at 11,804.

Information was refused by 824, and this is a rather larger number than was expected, but it is believed that many of these were Russian Jews who have not yet overcome their fears of disclosing their religion. In ward 2 less than two people in a thousand refused, and there were less than thirteen per thousand willing to be put down as non-churchgoers, showing that the churches have a pretty good hold in Toronto.

In regard to the large number of converts to the large number of immigrants in the past five years, who have not yet come in touch with the church workers. These figures have proved to the church authorities, some of whom are realizing the missionary opportunity afforded in Toronto. A special synod will be held in the Episcopate on the evening of Dec. 5 to consider establishing the Toronto Home Visitation as a permanent organization.

Following are the results by wards: Ward 1, which includes all east of the Don, will be forthcoming next week.

Table with 6 columns: Ward, Two, Three, Four, Five, Six. Rows list various denominations and their counts.

THE SUNDAY WORLD

Toronto is crazy to-day, sure enough. More than five thousand "bugs" are going over to Hamilton to see the final struggle for the Rugby championship of Canada, and 10,000 people in Hamilton, clean daffy on the subject of Rugby, will be there as well, trying to get a peep into the cricket grounds.

You can't blame these fanatics much when you think it over. It's a great game, is this Rugby, and the rivalry between the two cities that hold the two greatest Rugby teams in all Canada is not to be deplored.

And the fact that the people of these two towns, and thousands of others thruout the Dominion, are intensely interested in this great battle, is enough for The Sunday World, which will have six of its best sporting writers on the gridiron, besides two staff photographers. The game will be covered from every angle, the progress of the battle coming direct into this office over our own special wires.

PALE FACED FANATICS' Expression Used at Lively Session of License Commissioners.

MONTREAL, Nov. 25.—(Special.)—There was a wild scene at the license commissioners court this afternoon when Secretary Roberts of the Dominion Alliance took the place of Mr. St. Julien, a K. P., and being asked to go to their homes.

Mr. Roberts says he will take action against the lawyer for assault. During the day Mr. Perlin, M.L.A. for Gaspe, made a violent attack upon what he called "pale-faced fanatics" who want to curtail the liberty of the people. The majority, he added, would rule in this city.

Porcupine Weather

KELSO, Ont., Nov. 25.—Weather mild and cloudy; roads very good; new road to Porcupine will be completed to-morrow night. Freight will start day. Passenger traffic very heavy at present. Hotels have got all they can handle.

The Sunday World will consist of 48 pages of six separate sections, the biggest five cents' worth ever offered the people of Toronto. See that you get it all. The sections are: 1. Sporting..... 4 pages. 2. News..... 14 pages. 3. Comic..... 4 pages. 4. Illustrated..... 8 pages. 5. Magazine..... 5 pages. 6. Editorial..... 10 pages.

The Auto Coat Has Come to Stay

Every fad has its fancy, and, if automobiling can be called a fad, the Auto Coat is the fancy of the sensible man who drives a car. There are various styles, but the one best is shown in the cut of this ad. We are showing a magnificent range of Auto Coats, and the best part about them is that you don't have to be an auto owner in order to wear one.

The styles are strictly correct for any purpose that an overcoat is used for. The Presto and Convertible collars are very smart in connection with these very handsome garments. Priced from \$12.00 to \$35.00, we have a splendid showing.

MAY EXTEND QUEEN ST. TO HIGH PARK ENTRANCE

Works Committee Will Look Over Sunnyside Situation—Bloor Viaduct Misunderstanding Cleared.

Should the city be content with a bridge over the Grand Trunk tracks at Sunnyside, or adopt the plan, which City Engineer Rust says will be much more costly, of extending Queen-street from its present terminus at Sunnyside westerly to High Park gates, north of the G.T.R. tracks?

This was the question before the civic works committee yesterday, and it was recognized as of sufficient importance to justify an inspection before rushing into action. Hence, the members were met at Sunnyside at 2:30 p.m. Monday. The board of control looked over the ground yesterday morning, but until the assessment commissioner reports on the land damages involved, as requested to do by the works committee, no decision will be reached.

The Queen-street extension plan, which has been revived by Ald. McBride, contemplates that the street should be extended, at a width of 80 feet, thru to Indian Road and Keele-street, and taken under tracks at that point thru an 80-foot subway in place of the 60-foot subway at Sunnyside ordered by the railway commissioners. While estimating the construction cost of the former scheme at \$110,000, as compared with \$145,018 for the latter, Rust says the former proposition will be "very costly from a land damage point of view."

Alternative Scheme Better.

Mr. Rust, while favoring the subway scheme, proposed by the Dominion Railway Commission, as against the extension, thinks that an alternative plan is better. This provides for the construction of an overpass bridge, 100 feet east of the present crossing, the bridge to be 66 feet wide and heavy enough for carrying double track street railway. He estimates the cost at \$95,400, exclusive of land damages, which he says, will be much less than in the case of either of the other plans.

The engineer points out that there is another way out of the difficulty, namely, by constructing a subway 24 feet wide at a point 240 feet west of the existing crossing. He figures the cost, without land damages, at \$119,070.

In opposing Queen-street extension, Mr. Rust said it was highly doubtful whether the railway commission would call upon the Grand Trunk to pay any of the extra expense above that which would be incurred by the building of a subway which would answer the primary object of eliminating a dangerous level crossing.

The west end aldermen are strongly for the more costly plan, and declare that when their colleagues view the situation they will be almost unanimously impressed with the advantages it offers.

Viaduct Bylaw Goes On.

There are no obstacles in the way of the Bloor-street viaduct bylaw. City Solicitor Johnston reported to the board of control yesterday that he did not think the cost of acquiring the land necessary for extension had been taken into account in estimating the cost of the viaduct, and the report before the committee. It provided that there had been a misunderstanding on Mr. Johnston's part, he having been under the impression that the \$180,000 fixed as the cost was for construction work alone, whereas \$18,000 is the cost of the viaduct as estimated by the city engineer and \$160,000, the estimate of land damages by Assessment Commissioner Foyman.

The mistake arose from Mr. Foyman's remark to Mr. Johnston that he had not figured out the land damages, meaning that he had not received his instructions to meet any changes that may have taken place in the past year. He told the committee yesterday that he did not think there would be much difference. He gave \$180,000 last year as the extreme limit.

NERVE AGONIES

All Nervous Diseases Cured by Dr. Williams' Pink Pills.

Nerves that are over-worked or weak quickly indicate their distress by pain. That pain may be neuralgia or inflamed nerves, usually affecting the head, but often the spine and limbs. It may be nervous dyspepsia, easily started by worry, excitement or weakness, or may be St. Vitus' dance, a common affliction among children, or neurasthenia, a condition of general nervous exhaustion accompanied by acute melancholy. Worst of all the pain may signal the early stages of paralysis or nervous decay. All these disorders signify that the hungry nerves are clamoring for nourishment in the form of good, rich blood. The numerous cures of the above named nervous diseases and weakness in both sexes by Dr. Williams' Pink Pills are accounted for by the fact that these Pills actually make new, rich blood and so supply the starved nerves with the vital elements needed to strengthen them. Mr. Wm. S. Jones, Westmead, Man., says: "A few years ago it was my misfortune to suffer from nervous debility, brought about through a severe attack of influenza. When the first effects were felt I determined to seek relief in the middle of sleep, trembling like a leaf, and in a bath of cold perspiration. Later the trouble grew so bad that I scarcely could wink or sleep, and would sit up in bed, growing so weak that I feared for my life. A doctor was called in, and then another, but without avail. I became more and more low spirited, and without any apparent reason would have fits of crying. While in this condition, a nervous wreck, a pamphlet was given me telling me of Dr. Williams' Pink Pills had done for others, and I determined to give them a trial. By the time I had finished a few boxes I began to get some sleep, and this greatly encouraged me. Then my strength began to return, my nerves grew steeper and in a few weeks more I was feeling as well as ever I did in my life, and you may be sure I will always gratefully recommend Dr. Williams' Pink Pills to every one sick or ailing, as they restored me to health and strength after all other medicines had failed."

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

AMNESTY FOR MUTINEERS ALL IS PEACEFUL AGAIN

Revolt of Brazilian Navy Ends in Victory—Safety of British Subjects Was Involved.

RIO DE JANEIRO, Nov. 25.—The government of Brazil to-day yielded to its mutinous navy.

Congress, meeting in extraordinary session, voted to concede every demand of the ultimatum presented yesterday, including general amnesty for the sailors who, after murdering as many of their superior officers as was necessary to place them in complete control, trained the guns of the war ships upon the capital.

What effect the outcome will have eventually on the discipline in the navy, is a matter of some concern. The immediate effect is to give the sailors increased pay, shorter hours of service and less work thru the recruiting of additions to the crews, and to abolish corporal punishment in the fleet.

PILES CURED AT HOME BY New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write to-day to Mrs. M. Summers, Box P65, Windsor, Ont.

Following the action of congress, the mutineers went thru the formality of surrendering and before noon to-day the city had resumed its normal activities and the public excitement had subsided.

During the progress of the revolt, Hon. James Bryce, British ambassador to the United States, was the guest of Baron Rio Branco, the Brazilian foreign minister.

The mutinous battleship, Sao Paulo, had on board several British subjects, who accompanied the vessel on its first trip home after its construction in England. At the outbreak of trouble, Sir Wm. H. D. Haggard, British minister to Brazil, notified the Brazilian government of his attempt of the royal torpedo boats to destroy the revolting warships would be attended with danger to British subjects on board.

In the month of August this year no less than 84 steamers arrived at Prince Rupert, B.C., in September 32 and in October 34. A total of 273 steamers calling at this new port in three months is the measure of the business up to date.

The last reports from Western Canada regarding the progress on the Grand Trunk Pacific Railway announce that the grading, fencing, telegraph lines and track laying has been completed on the Yorkton branch, running north of Melville, the distance being 25 1/2 miles.

Track laying has also been completed into Canora, a distance of four miles from Yorkton, and the end of this extension.

On the Melville to Regina branch, a distance of 25 miles, the track laying, fencing and telegraph line has been completed to Balaclava, and from that point to Regina is now under construction, also 20 miles of the branch from Regina towards the boundary are now under construction.

The grading on the Prince Albert branch now under construction from a point west of Watrous on the main line to 85 per cent. completed, and track laying has been started.

On the Calgary branch the track is laid to mile 47, and fence completed. The grade north of Red Deer is now ready for track laying.

On the Melville-Canora branch, reports show that the soil is very rich with no sloughs in the entire distance. The district is well settled and has every evidence of prosperity.

At Yorkton the town have already appointed a public commissioner, and some rapid development is looked for. Canora has five hotels, two banks and is a busy grain shipping place. It is claimed that 1,000,000 bushels of grain were shipped from this point last year.

An Extra Appropriation.

Property Commissioner Harris asked for and obtained an appropriation of \$19,000 with which to carry on the cleaning and scavenging departments until the end of the year. The shortage of funds is explained by the fact that when Dr. Sheard asked for an appropriation of \$580,000 early in the year, it was cut down to \$549,000.

William Davidson, K.C., on behalf of St. George-street residents, asked that the hydro-electric wires for house lighting be laid underground, and that ornamental pillars instead of cement poles be used for street lighting on that street. The residents, he said, would pay a reasonable share of the extra cost involved. He was advised to confer with the others as to what share they would pay.

A deputation of West Toronto residents, for whom W. C. Chisham, K.C., was spokesman, protested against being taxed on the local improvement system for the sewer being built from Keele and Bloor-streets to Sunnyside. They contended that as it was a trunk sewer, the whole city should bear the cost, which is \$197,000, the local property owners to pay \$55,000. The matter was left over until next meeting.

A special meeting of the city council will be held next Wednesday to consider the bylaws to be submitted to the people.

WOULD KILL COMPETITION

By Underselling the London Electric Company at All Hazards.

LONDON, Ont., Nov. 24.—A stir was caused this afternoon when it became known that a statement of Mayor Beattie that the city should underbid at all hazards the London Electric Company, so as to kill off competition, was made the basis of an appeal to the Ontario Government and the hydro-electric commission at Toronto.

As a result of the appeal, it is stated, the hydro-electric commission will not allow the City of London to increase the discount to Niagara power users from 10 to 25 per cent., as the mayor proposed.

Hon. Adam Beck will say nothing as to the situation. The London Water Commissioners are likely, in order to avoid a long and tedious war with the London Electric Company, to consider the matter of the purchase of the plant.

EATON'S DAILY STORE NEWS

A Day of Carpet Specials

Extraordinary values for Monday. We mention but a few. Come early.

Brussels Seamed Squares—Brussels floor coverings have established an enviable reputation for good wear and wholesome cleanliness. Monday we give the opportunity of buying Brussels squares at one-third reduction. All are taken from our regular stock of one of the most useful sizes, and include green chintz, fawn chintz, and green conventional; size 9x12 feet. The number is limited. Monday special price 12.39

Best Brussels and English Velvet Carpets—A number of dropped patterns from regular stock have been marked low for Monday buyers. Make your home cosy for the winter months; the saving is considerable, while the variety of designs and colorings is large. Some patterns have borders and stairs to match. Monday special price, per yard 89

Heavy Tapestry Carpets—27 inches wide; a floor covering of sterling worth; shows patterns taken from regular stock, together with some specially purchased; all put together for a clearance on Monday. The quality is used in bedrooms, sitting-rooms and dining-rooms. They come in pretty floral designs, in shades of red, fawn, green and brown. Monday very special value, per yard 47

Immense Value in Genuine Oriental Rugs—Our magnificent oriental rug stock and the low prices are seen in this group of rugs, marked at very attractive prices for Monday. They are all gems of eastern weavers' art, and include Gheundjes, Cabistans, Kazaks and Mousous. Extraordinary values for Monday. Average size 3-8x6-9. Special price Monday 17.50

All-Wool 2-ply Carpet—A home-like look comes with wool carpet, endeared to the heart by associations of long ago. But among its more practical recommendations are the ease with which it is kept clean and its being reversible, making it a very useful and economical floor covering. Monday we are giving great price reductions, and the already inexpensive carpet will sell very low indeed. The colorings are green, brown, red and wood shades; in floral and conventional patterns. Price, per yard 67

Aminster Door Mats—12x30 inches; are a lot we bought from the maker at a special price. There is almost every conceivable design and color, and the price is a trifle. Monday special, each 29

THE T. EATON CO. LIMITED

OPENING NEW THOROFARE TO THE NORTH OF U.C.C.

Practically an Extension of Avenue Road, But Will Open Lot of Fine Territory.

A citizen up town on the west side of Deer Park rushed down to the West office yesterday and said the Metropolitan Railway had acquired and opened up a right of way from Eglington-avenue down past Upper Canada College, and that the cars will be into the city in no time. The world went up and viewed the situation, and it seems to be apparent that a very considerable real estate proposition is being developed.

It practically consists of the extension of Avenue-road and making that a continuous thoroughfare by going round the east side of Upper Canada College. The road, therefore, will be Avenue-road from St. Clair-avenue to Upper Canada College main gate, when it will go along to the road on Lonsdale-avenue until the east boundary of the college is reached, when the road will go north on Oriole-road.

Your Danger From Kidney Troubles BEGINS WHEN YOUR BACK ACHES.

Backache is the first and the sure sign of kidney disease.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Next to the heart, the kidneys are, perhaps the most important organs in the body. It is no wonder then that if the kidneys are affected the whole system must be.

On the first sign of backache Doan's Kidney Pills should be taken. They go right to the seat of the trouble, heal the delicate membranes of the kidneys, and make their action regular and natural.

Mr. E. J. Sautier, Lake Arnis, N.S., writes: "I take a great deal of pleasure in telling you the benefit I have received from the use of Doan's Kidney Pills. I was troubled with my kidneys for several years; my back was weak, I had terrible headaches, and was so restless I could not sleep at night. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again."

Doan's Kidney Pills are 50c. per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

TOURISTS KEEP THE ROAD

Only in Summer Time Does Railway Make Money.

NIAGARA FALLS, Ont., Nov. 25.—(Special.)—To-day the Queen Victoria Park Commission held a hearing on the board of trade's application to have the International Railway reduce its ten cents cash fare within the city limits to five. The board held that under present arrangements whereby tourists were charged more than citizens, visitors to the city suffered a real imposition. Citizens' tickets are sold at the rate of five cents each, but the board wants the cash fare cut to five cents also. The railway answered that it could not afford to cut the cash fare to five cents because the road makes money only a few months each year during the summer tourist rush.

The park commission reserved decision, giving the company fifty days to file a tariff with the commission. The tug Onida, stranded on Navy Island yesterday, was burned early today. No one was aboard; cause unknown.

CHOLERA IN ITALY.

ROME, Nov. 25.—Another case of cholera was discovered in Rome to-day. The sick person is a mason who had just arrived from the country. Two hundred persons are being held in quarantine. Through the rest of Italy only six new cases and no deaths were reported during the past twenty-four years.

Sold Liqueur to Minor.

KINGSTON, Ont., Nov. 25.—(Special.)—For selling, thru his bartender, liquor to a minor, J. S. Randolph was fined \$15 and costs. Con. Haag and Edwin Beaupre, liquor dealers, are to be up on a similar charge.

Frederick Aylesworth of Olden is Under Arrest.

While on a train of the Kingston and Pembroke Railway, he attacked a passenger while drunk.

Suing for Divorce.

OTTAWA, Nov. 25.—(Special.)—Mrs. Nellie B. Morrison of Toronto is suing for divorce from her husband, who is now residing at Jacksonville, Florida.

SOCIETY NOTES

The golden wedding of Mr. and Mrs. John M. Bryce of Winnipeg took place on Wednesday night at the home of Mr. George A. Musgrave, 233 Grand-avenue. A large number of relatives and guests were present.

Mr. Bryce came to Canada from the old country in the year 1854 to work in the machine shop of the contractors of the G. T. R., situated at that time at the Don. From 1888 to 1879 Mr. Bryce was engineer on the old Great Western Railroad, afterwards being engineer on the Winnipeg branch of the C.P.R. from 1879 to 1906, when he retired from active railroad life.

The Rev. Mr. Follis of Galley-avenue Methodist Church officiated as chairman. An excellent musical program was furnished by the following prominent Toronto artists: Mr. Charles E. Musgrave, Mr. George A. Musgrave, Mr. Fred Weaver, Mr. Norman Nicholson, Mr. Harvey Lloyd, Mr. George Ross, Mr. Bob Clarke and Mr. J. R. Slack.

The Argonauts will give a ball at the King Edward on Jan. 20.

Trinity Conversazione will take place on Jan. 26.

The Meisterschaft School Celebrates its Twenty-first Anniversary.

\$3.50 RECIPE CURES WEAK MEN—FREE

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly powers should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest and most effective remedy for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what he believes is the quickest-acting restorative ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 3233 Luck Building, Detroit, Mich., and I will send you a copy of this splendid free of charge. A great many doctors would charge \$3.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.

TO CIRCLE WORLD ON STILTS

Two Germans After Wager in a Unique Contest.

NEW YORK, Nov. 25.—For a wager of \$5,000, two Germans will attempt to circle the world on stilts. They obtained a promise of police protection from Commissioner Crosby this afternoon for the first leg of their journey thru the crowded streets from the city hall to the New Jersey City ferry, and from there they will make their way to Philadelphia. The young men are Albert Harder and Hans Hoeldampf, until recently stewards on a trans-Atlantic liner, and the purse they hope to win was raised by the steamship stewards Verein of Hamburg.

"We expect to walk eleven hours a day and we can travel five and a half miles an hour," they say. "We are not allowed to take any money with us and count on making a living by selling picture postcards. We will work our passage on the ocean laps of the journey."

Varsity Rugby Team and Students Will Go Via Grand Trunk to Hamilton to-day. The 400 Highlanders' Band will also travel via this line. Special trains will leave Toronto 10:30 a.m., 12:00 noon, and 1:05 p.m.; also regular trains at 8 a.m., 9 a.m., 11 a.m., 12:15 p.m. This is the official route. Street cars direct from depot to grounds. Tickets valid returning all regular trains until Monday, Nov. 28, inclusive, and special trains at 5:30 p.m., 7:55 p.m., and 10:50 p.m. to-day. All trains stop at South Parkdale. Only \$1.55 for round trip. Secure tickets at city office, northwest corner King and Yonge-streets. Phone Main 4209.

Engineer Dead at His Post.

RACINE, Wis., Nov. 25.—The lives of 300 passengers on train No. 6 on the Chicago, Milwaukee and St. Paul road, bound for Chicago, hung in the balance yesterday, when Michael Crowley, engineer was stricken with apoplexy at his post and died while the train was running forty miles an hour.

QUARTERLY DIVIDEND NOTICE

Notice is hereby given that a dividend at the rate of SIX PER CENT. per Annum has been declared upon the Paid-up Capital Stock of the Home Bank of Canada for the three months ending the 30th day of November, 1910, and the same will be payable at the Head Office or any branches of the Home Bank on and after Thursday, the 1st day of December next.

The Transfer Books will be closed from the 16th to the 30th day of November, 1910, both days inclusive. By Order of the Board. JAMES MASON, General Manager.

ENLISTING SUPPORT

Clergymen to Be Interested in January Religious Campaign.

In connection with the coming Chapman-Alexander simultaneous evangelistic campaign, a circular was sent yesterday to 200 ministers in Toronto, saying:

"A strong and representative executive is working under the direction of the general organizer, E. G. Chapman, thru which the city has been divided

into ten districts. Under the local chairmen are being formed committees of laymen from the churches co-operating in each group, who will attend to the personal work, music, publicity, finance, prayer meeting, etc.

"Dr. Chapman's method of work has commended itself in the cities where similar campaigns have been held and many of them have been attended by marvelous blessing. With earnest prayer and united and hearty interest here we may expect the very best things for Toronto."

Rugby Finals: Varsity or Tigers To-day at Hamilton

Note and Comment

The Tigers' great advantage to-day is not their weight, but the height of their backs. However you can find no ardent supporter to say that they will win away off. On the other hand many of you believe that Varsity will capture the Rugby final anywhere from 25 to 10 to 35 to 5.

The most faithful supporters of Hamilton call for a victory by some thing around five points. The greasy field has loosened up the fungle speculators, and last night at Billy Carro's they were willing to accept 5 to 1, in Toronto there has been very little wagering, as here it is a purely spectacular event, and a purely spectacular Rugby controversy. Well worth talking about and watching without the necessity of a gambling adjunct.

There was a general reception of Rugby players and others in the World office last night, when W. J. Sise was making arrangements for to-day in Hamilton. The callers included Hugh Gall, Ross Binkley, Eddie Dwyer, Walter Dick, Notion Crow, and the various representatives of major and minor prizes. The Varsity captain had a number of happy, happy, and none looked livelier or happier, or more cheerful than the peerless leader.

A group were looking over the weights said to represent the average of some of the best football players in the city. They were used to strike terror into the students. Fatty Marshall, for instance, has 215 pounds and a name and a test on the scales would find him making around the double century mark, and so all along the line.

At the limit the Tigers will outweigh Varsity five pounds per man and anyone who has followed the fighting game knows that this means nothing. The heavy men this means nothing.

Clear, cold weather is promised, and if a pattern for Varsity, so will the chilly atmosphere facilitate fumbling by the erratic Hamilton backs.

At Belmont Park, or some one of the New York race tracks, a wonderful contrivance, that would dry out the wettest course on a few hours' application. The owner, hearing of the best football game in Hamilton and the wet field, wired that he would bring his machinery and guarantee to take out the cricket grounds by noon to-day. The query was promptly answered: "No, we don't want dry ground."

The annual meeting of the Amateur Athletic Union of Canada will take place to-night, at the Hotel Hamilton, when routine business, including accepting the annual reports and electing officers, will be attended to. As things have run smoothly, the old executive will surely be re-elected.

The time for mixing lacrosse and hockey pros, and amateurs in the east having expired, the time for the attempt made for renewal, but the meeting will likely vote it down.

The C.W.A. having applied for affiliation, the proposed starting of a bicycle branch will be abandoned, and the C.W.A. territory limited to Ontario. The records for the year will be discussed and accepted or rejected.

Rugby Gossip.
The chief marshals who will be in charge of the Varsity parade through the streets of Hamilton are: Campbell of the S. S. Caven of the Meds, and Brock of the University College. If there will be 60 marshals keeping the students in line.

A section of the special train which leaves Hamilton to-night at 7:55 has been reserved for the rosters, all of whom are requested to be at the depot five minutes at least before the train leaves. An arriving train from Toronto will be held from the Union Station to the university grounds, whatever the outcome of the game.

The celebrations will conclude with a bonfire on the campus, and, contrary to the usual custom, fuel for the big blaze will be provided at the expense of the students.

W. J. Sise, Vice-President of the Canadian Union, who has charge of the field to-day, will be at the Royal Hotel in Hamilton this morning.
From the numbers of disappointed students leaving Dr. Barton's office in the gym last night it seems that all available seating accommodation has been exhausted. Many of the students had already bought their train tickets, but were unable to secure seats for the game. The thought of losing the fare was dispelled by Dr. Barton, who announced that anybody who had bought a railway ticket in anticipation of going with the rosters club might have the fare refunded, if seating accommodation could not be provided for them at the game.

A Montreal dispatch says local opinion as to the result of the Dominion Rugby final between Tigers of Hamilton and Varsity is pretty well divided. McGill club and its supporters are pulling for the college side, but the Varsity camp can see anything but Tigers.

Baptist Young Men's Union Basketball League will celebrate their formal opening on All Saints' floor, corner Wilton avenue and Sherbourne street, this evening, when a college meet will be held at 8:15. Parliament v. Beverley, 9:15. As all teams have their fighting toes on, two good games are assured for their patrons, all of which are cordially invited to attend. This being the opening night, Mr. J. W. Commerford, the hon. president, has kindly consented to face the ball, after which Referee Chas. Fullerton of All Saints will start the ball rolling, bringing the rosters to their feet. The executive have left no stone unturned to furnish two fast and clean games every Saturday evening.

READY FOR THE BATTLE

Varsity and the Tigers

Hamilton Supporters Are Accepting 8 to 5—Rival Opinions.

HAMILTON, Nov. 25.—The Tigers are ready for the battle to-morrow. The most notable things from the seat of war this evening are the return of Achilles Barron and the discovery that thousands of phony bleacher tickets have been sold in the city. The management is taking every precaution to turn down the holders of them. The imitations are very poor ones and will be easily detected when presented at the grounds. The field is going to be very sloppy, as, in addition to the rain which fell last night, the ground is very muddy. It snowed to-night. The Tiger supporters are taking up any bet that comes along, and the ruling odds are 3 to 5 on Varsity.

Here it is accepted that Varsity's strong points—speed and tackling ability—come from the best coaching and training in Canada, and the assistance of Hugh Gell, the greatest half-back in the country.

Tigers' strong points—the best material in Canada from which to select a team, weight on the line, where it is an important asset, the best-balanced back division in the game to-day, a wonderful kicking half-back in Ben Simpson, the two best running halves in the game in Moore and Burton, two very aggressive outside wings in Glassford and Gatenby, and individual players who can head and back over the Varsity boys.

The team that is ahead at half-time will in all probability win out, although both teams have reputations for strong finishes. The Tigers' special feature is their speed in driving moments of the game, coming from behind for victory.

If the field is wet and slippery, which it is sure to be after the recent showers, it will favor the Tigers, for Varsity's lightning wings will find the soft field decidedly against them, interfering with their speed and their time plays.

After the first fifteen minutes of play, if the game proves as strenuous as expected, the Varsity players will show their inclination to play to try and play, and will confine their efforts to the time-honored straight football.

If the Tiger backs fumble at all, the Varsity wings, with their great speed, are sure to take advantage of every mistake and rush to take advantage to make any errors.

It will be a great game, spectacular and strenuous. The best team is bound to win, for few flukes will be contributed to this struggle, providing the teams play to standard. Both have the reputation of being extremely lucky.

Tigers have lost one game on their home grounds in eight years. The fact that they are playing at home, and that the field will be soft and slippery, apparently gives them a big handicap, which should mean the game.

President Lazier of the Hamilton Club estimates the receipts to-day at \$820. Thus, with about \$2000 expenses, the Tigers can carry off a handsome profit.

The records show that Varsity won all six games in the College Union, scoring 114 points to 30, while Hamilton just scraped thru in the big Four, winning 4 to 2 and scoring 73 points to 42.

While the Varsity team will only take a light money lunch, they expect to fill up heartily on Tiger meat later on this afternoon.

Soccer Notes.
Broadviews and Thistles meet at the Pines at 3 p.m., at Elton and Dundas. The winner will land the championship. Thistle team: Dunbar, Brownlie, Notcutt, Wallace, McRae, Marshall, Parikh, Carter, Smith, Nicol, Rowe, Sinclair, Tucker, Buchanan. Thistle players are requested to be on hand at 2:30.
Moore Park A. C. Club will meet the Royal Hearts to-day in the semi-final of the T. and D. League at Sunlight Park. The Park team will be as follows: T. Gaw, Oskind, Hisset, Darlington, Thomas, Lumb, J. Dickson, Sinton, A. Galbraith, Lumb, J. Gaw, Watson, Wright, Mathieson. A. C. Club members are requested to be at the grounds by 2:30. Game called for 2:45.
The Royal Hearts will play Moore Park at 2:30 p.m. on Sunlight Park, in the semi-final of the championship of Toronto. Both teams have won their respective districts without losing a game. S. P. S. Lift Mulock Cup by Score of 15-11 Vics. Are Outclassed

Junior S.F.S. are the 490 champions of the Mulock Cup Rugby series. At Varsity athletic field yesterday afternoon the school played their final game with Victoria and after an extremely hard fought battle, won out by the score of 15 points to 11. School's victory can be attributed to the excellent work of their wings, which were almost impenetrable. S.F.S. also did some excellent kicking, while Victoria excelled in punting. It was a tough and nail battle all thru, and the result was in doubt till the last moment. School had a lead of six points at half-time, and in spite of the fact that Victoria had the wind in their favor during the third quarter, they failed to overcome the big score of the defence men, but were only two points behind. In the last quarter School increased their lead by two points and had the better of the play when time was called. The score by quarters was:
1st—S.F.S. 13, Vic. 6.
2nd—S.F.S. 13, Vic. 11.
3rd—S.F.S. 13, Vic. 11.
4th—S.F.S. 13, Vic. 11.
The line-up was as follows:
S.F.S. (15): Full back, Carlyle; halves, Weaver, Clarke; quarter, Bennett; scrummen, Marshall, Simpson; inside wings, Coste, Strone; middle wings, Victoria, Wagner; outside wings, Sinclair, Simpson.
Victoria (11): Full back, Rumball; halves, Livingston, McLaren; Gundy; quarter, Burns; scrummen, Van and Guthrie, Morrison; inside wings, Sleeman, Morrison; middle wings, Patterson, Church; outside wings, G. Allan, McDevil.
Referee, Bob Grass. Umpire, Billy Hewitt.

A WORD FROM VARSITY.

Varsity, the college paper, says the general consensus of opinion bases the result of the opposing issue. If Varsity can hold its own, Hamilton can win easily, if it can't, it is just about as good as lost. But about the Varsity line into a modulation in first-class and visitors will be landed within six minutes' walk of the football grounds. This is not only an important consideration going to Hamilton, but a still more important consideration on returning, as it renders unnecessary a long tedious ride on street cars that are certain to be crowded. Leaving Toronto, trains can be taken at 10:30 a.m., 1 p.m., and 1:15 p.m. Returning, trains leave Hamilton at 3:05 p.m., 5 p.m., 5 p.m. and 11 p.m. With accommodation like this the C. P. R. is certain to get the majority of the best class of people who visit Hamilton for the game.

full handling the players, as a result of the uproar over the salary limit dissatisfaction in the ranks of the lacrosse magistrates are said to be the main reason for the split. The arrival of a prominent Montrealeis in Ottawa a couple of days ago and his statement regarding the matter practically confirms the Ottawa story that an eruption is imminent in the big lacrosse body. According to the story the Canadian Athletic Club of Montreal will endeavor to replace the National twelve in the N.L.C., while it is said that the Ottawa Lacrosse Club, a second local professional twelve, has been quietly gathering strength and will be admitted to the N.L.C. next year. The western club and one or two of the Montrealeis have promised to support the latter applicant.

O'Keefe's PILSENER LAGER

"The Light Beer in the Light Bottle"
Is Far Better Than The Government Regulation Requires
The Canadian Government regulation, regarding the brewing of
lager, is probably the most exacting in the world.
It calls for a brew of Hops, Malt and Water only. The American
Government places no such restrictions on her brewers.
O'Keefe's "Pilsener" not only complies with the Canadian
Government regulations—but is brewed of the very finest Hops and Malt,
and pure filtered Water.

ARBITRATORS CAN'T AGREE.
WINNIPEG, Nov. 25.—(Special.)—
Different views are held by each of
three arbitrators sitting in street rail-
way dispute, and after strenuous ef-
forts to come to a unanimous deci-
sion, the board adjourned this after-
noon. The members agreed to each
prepare a report and submit these re-
ports at a final meeting to-morrow.

NOT GOOD POLITICS.

The Conservatives at Ottawa have had two cracks at defining their position in regard to the duty of Canada to herself and to the mother country in connection with naval defence.

This switching of position and this declaration to do nothing but consult the people is an instance of misguided policy. Political parties must keep their faith as individuals must, also if you find yourself wrong there is nothing like confessing it.

But on the other point it is altogether contrary to the ideas of responsible government for a party to say that they can do nothing until the people have been consulted. The party in opposition can always say that they decline to propose any policy, and that they cannot express any opinion other than to negative the government one.

The policy of delay in the building of the viaduct which The Star supports, is one which, of course, increases the cost of land year by year, and by following The Star policy and adopting its line of reasoning the viaduct would never be built, because it is always going to cost more each year.

The Globe will probably correct its error and state the facts that the \$150,000 will be still more than ample, in spite of increasing cost, to cover land damages. We can scarcely expect The Star to be so ingenious, as it is committed, for some special reason, to a campaign to kill the development of the east end by preventing the construction of the Bloor-street viaduct.

The Star is very much better informed according to its views than the city hall authorities, and in all matters of calculation, finance and so forth would have the people follow it rather than their own, as it would say "specious" interests.

The Star's policy is one of delay. Wait for twenty years, it pleads, until we are all dead, and there is a monument to the memory of Deacon Joseph, and then let the east enders build a viaduct if they want one.

Notwithstanding the desperate efforts made by the corporations that have been so long exploiting the people of the United States, the movement for direct legislation thru the initiative and referendum continues to gain headway.

HELPLESS GRIPPLE FROM RHEUMATISM

Five Boxes of "Fruit-a-tives" Cured Her

4 Home Place, Toronto, Dec. 15th, 1909.

"I was a terrible sufferer from Rheumatism for nearly a year, and my right arm was swollen and the pain was fearful. All down the right side the pain was dreadful, and I could hardly move for the agony. I was treated by two physicians, but their medicine did me no good, and I tried numerous other remedies, but received no benefit. I was simply a helpless cripple and suffered from Rheumatism all during last winter.

"I saw 'Fruit-a-tives' advertised in The Telegram, and decided to try this remedy. After I had taken one box, I was much better and the pain less, and I continued the treatment with good hopes. When I had taken three boxes, I was so well that I could use my arm again, and the pain was practically gone. After I had taken five boxes I was entirely well again—no pain—no suffering—and now I am as WELL as I ever was.

"The cure of my case by 'Fruit-a-tives' was indeed splendid, because all the doctors failed to even relieve me of my sufferings. For the sake of others who may suffer from this terrible disease, Rheumatism, I give you permission to publish this statement."

MRS. LIZZIE BAXTER.

"Fruit-a-tives" is the only remedy that actually cures Rheumatism and Sciatica, because "Fruit-a-tives" is the only medicine that actually prevents Uric Acid being formed in any quantity in the body.

"Fruit-a-tives" keeps the stomach clean—the liver active—the bowels regular—the kidneys strong and the skin healthy. These are the organs that rid the body of all waste. When "Fruit-a-tives" so regulates the system that all waste is eliminated, then there can be no waste or "urea" to be changed into uric acid. Thus, there can be no uric acid in the blood, to inflame nerves and cause the pain which we know by the names of Rheumatism, Sciatica, Lumbago, Neuralgia, "Fruit-a-tives" will cure every trace of Rheumatism, Pain in the Back, Swollen Hands and Feet, and other troubles due to the blood being poisoned by uric acid.

If you are subject to Rheumatism, cure yourself now with "Fruit-a-tives" and be free of pain this winter.

50c a box, 6 for \$2.50, trial size 25c. At all dealers, or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa, Ont.

COMMONS COMMITTEES

Few Changes Are Made in the Various Memberships.

OTTAWA, Nov. 25.—Sir Wilfrid Laurier this morning presided over the committee to revise the list of members of the various standing committees. There were few changes. Albert Howard, M.P. for Ottawa, who was not given any committee last session, was made a member of the committees on railways, private bills, standing orders and agriculture.

L. A. Rivet was substituted for Hon. L. P. Brodeur on the private bills committee; P. E. Blondin of Champlain took the place of Gerald White on the standing orders committee.

Hon. Charles Murphy was added to the printing committee, thereby providing that the man who is the head of the printing department shall be a member of the committee which supervises the printing of parliament. Mr. Murphy was also added to the public accounts committee, as was also Mr. Fraser of Prince Edward Island, and Mr. Turbill was made a member of the banking and commerce committee.

Mr. Russell of East Toronto is put on the agriculture committee in place of W. R. Smith of Algoma, and Gerald White is added to the mines committee in the stead of P. E. Blondin.

U. S. POPULATION

WASHINGTON, D. C., Nov. 25.—Preliminary estimates to-day, based on the announcement of the 1910 population of the sixteen states and territories, give continental United States, including Alaska, a population of about 91,851,389.

Twice Borevick in Tragic Way. BELLEVILLE, Nov. 25.—W. G. Brown, a G.T.R. fireman, formerly of Mt. Forest, who was caught between two cars which were being shunted in the yard here this morning, died in an early hour this morning. Mrs. Brown's former husband, Mr. George Dicks, was killed five years ago the day Brown met his death and nearly at the same place.

THE CHRISTMAS GLOBE

Fourteenth Year in Present Form.

The only Canadian holiday number that has persistently and constantly, year after year, steadily raised the standard of its workmanship. It ranks now with the best of its kind in any part of the world.

The Hamilton Herald said, in receipt of the 1909 number: "The Christmas Globe has come to be almost a national institution. It is the best thing of the kind that is annually produced in Canada, and it is a credit to Canadian art, literature, typographical taste and business enterprise."

This year's number, with its fifty-two pages of pictures and stories, including eight full pages in color, and its three supplementary plates, is conceded by those who have seen it in course of publication to be so much ahead of its predecessors as to mark the beginning of a new era in its history.

Make sure of getting a copy. The price is fifty cents each, for your dealer, or sixty cents if mailed direct from The Globe Office, Toronto.

Ask your newsdealer about it.

"THE GUY GOT FRESH"

So Three Boy Bandits "Plugged Him"—Two Arrested.

CHICAGO, Nov. 25.—Jauntily declaring "the guy got fresh, so we plugged him," two 19-year-old boys lounged in a police cell here to-day and between puffs of their cigars detailed to the police who captured them a story of murder and robbery unequalled in Chicago since the days of the notorious "car barn bandits."

The two prisoners, Earl McDonald, of Bird, of Cleveland, Ohio, and Ray Cannon, who claims to hail from Carroll, Iowa, are said by the police to have given full details of how they shot and killed John Otczewsky and wounded E. J. Scert during two old-ups. Three boys took part in the robberies, but one has not yet been rounded up by the police. The three are credited with being responsible for an epidemic of hold-ups which for weeks have kept the northwest side of the city in terror.

MAINLY ABOUT PEOPLE.

Deputy-General Frank Ford of Alberta, formerly of Toronto, will sever his connection with the department next month, when he will leave for Edmonton, where he will join a local law firm.

H. C. Priest, secretary of the Young People's Missionary Movement, returned yesterday from a visit to Montreal and Hamilton, where he has been conducting missionary institutes.

Rev. J. C. Armstrong, secretary of Presbyterian Sunday Schools, and Rev. A. E. Armstrong, assistant secretary of Presbyterian Foreign Missions, have returned to the city after conducting a series of ten institutes thruout Orangeville Presbytery.

175 Horses TUESDAY, Nov. 29th

THE BEST SELECTIONS OF ALL CLASSES: Heavy Draughts, General Purpose, Express, Delivery, Workers, Wagon Horses, Carriage and Saddle Horses.

We will have plenty of horses for the week to come and buyers of any class should visit The Repository. Attend our Tuesday sale, if possible, but if you need horses, or a horse, come any time, as we sell privately as well as by auction, and the knowledge gained in fifty years' business is at your service. We will have next week lots of Heavy Draughts, weighing 1500 lbs. and upwards, sound and right, and there will be a great many mares among the lot.

A city gentleman has consigned to us for Tuesday's sale: COPPER QUEEN, chestnut roan mare, rising 5 years, 16 1/2 hands, thoroughly broken to harness and not afraid of city sights or sounds. This is a mare of splendid conformation, with speed as well as all-round action, and is an excellent prospect for a show horse. She should win anywhere.

50 City Horses

On each and every Tuesday we sell a great number of city horses, most of them warranted serviceable sound, or sound in the wind and good workers every way. On Tuesday next we will have an extra number of city horses, as we have several consignments of small lots and they will all be sold without reserve. Both buyers and sellers should note this sale.

150 Horses FRIDAY, Dec. 2nd

Buyers wanting horses can get some bargains on Friday, as the dealers who have shipped early in the week are anxious to sell out, and we will have also some fresh loads shipped for the Friday sale. We have two carloads of Sleighs sent on consignment, and we will sell these privately any time. They are all new and shipped direct from the manufacturer. You can see these any time now. We will also sell on Friday a number of Second-hand Vehicles, Delivery Wagons, Buggies, Victrolas, etc. There's many a bargain to be had at The Repository in this line.

GOOD NUMBER OF HORSES SOLD AT REPOSITORY.

The attendance at Burns' & Sheppard's Repository yesterday was good and a number of serviceable horses were sold. In the absence of Mr. C. A. Burns, who is at the present time indisposed, Mr. Isaac Watson, his assistant, was in the box and had a really good sale. G. Sandria of North Bay bought quite a number, among them a beautiful black mare, a real good kind, which brought \$200. This mare would weigh between eleven and twelve hundred pounds, splendid action, and could road fast, and certainly looked well worth the money. A bay gelding road horse and one that would step some brought \$155. Another bay gelding road horse was knocked down for \$150. A big bay gelding was sold for \$120, also a team, black mare and bay gelding, a good serviceable kind, for \$100. Another nice bay gelding, good clean legged fellow, with the best of feet, \$185. Another bay gelding, \$135. A bay team, brown gelding and bay mare, weighing 2100 lbs., for \$415. The Dominion Transport Company bought four very choice horses for their work, but the prices were not reported. Mr. Gregor of Dalhousie, N.B., bought a nice lot of heavy horses. A bay gelding, good road horse, for \$150. The Hendrie Carriage Company bought a good heavy brown gelding for \$150. A bay gelding, thoroughbred chestnut filly Princess Cheney, one of the Seagram breeding, with registration papers, she was small, but good quality. Quon Yen-Ho bought a good used bay gelding for delivery purposes. Quite a number of cheap work horses were disposed of, as well as a quantity of harness, blankets and robes. The sale was considered very satisfactory.

Ontario Amateur Gymnastic Association. The Ontario Amateur Gymnastic Association held a meeting in the Central Y. M. C. A. last night, when the final touches were put on an enormous gymnastic program, which is to be given on Wednesday, Dec. 21, at Varsity gym.

All the different gymnastic associations in Ontario are contributing a number to the program, and it is to be without doubt the finest thing in gymnastics proper yet seen in Ontario. All the representatives at last night's meeting reported that their respective clubs are working hard, so that the standard of work at this, the first combined gymnastic meet in Ontario, should be of the highest order.

Hamilton is sending down their crack gymnastical and athletic poers, Varsity are putting on their good ring and mat men, Central and West End All Stars, St. Andrews, St. James, St. Simons and several other association are sending down their best.

The meet is not to be confined to gymnastic men, but the Y.W.C. Guild and Varsity girls are also giving a display. That gymnastics have never before received such an impetus in this country is a fact which can be attributed to the efforts made by the Ontario Amateur Gymnastic Association to raise the standard of gymnastics through the province.

to her fame by turning playwright. The scenes are laid in the forests near to what was then the little settlement of Detroit. Miss Clarke's grandparents were among the first settlers in Michigan. In this way they came into close contact with the Indians—not the hideously painted caricature of wild west show and melodrama, but the genuine and original American...

At Shea's Next Week. Manager Shea has a great show at Shea's Theatre next week, headed by the favorite, Edward Davis, in "The Picture of Dorian Gray," by Oscar Wilde. This is Mr. Davis' own dramatization. He is assisted by beautiful Adele Blood and Tempair Saxe. The special-extra attraction on the bill is Howard and North, and no great clearest assistance from handsome favorites ever appear. Next week, by request they are to revive "Those Were Happy Days," now one of the most refined acts on the vaudeville stage. Jack Wilson and Company, in "An Uplaval in Dartmouth" always means a lot of merry laughs. Jack Wilson is the cleverest burlesquer on the stage and he has clever assistance from handsome Ada Lane and Frank Beatty, whose well trained tenor voice is always a delight. There is not a dull moment in the act of Connelly & Webb. Connelly plays popular and classical compositions on the piano and injects a lot of amusing by-play. Miss Webb is an attractive young woman who sings selections from various operas. The title of the act is "A Stormy Finish." Connelly has devised a mechanical outfit for producing a perfect imitation of a tornado. The act comes to a close in a veritable array of elements so violent that Miss Webb's gown is blown away.

"The White Squaw." There are many facts of interest associated with the romantic drama "The White Squaw" and surrounding the origin of the play. It is from the pen of Della M. Clarke, who became well known as an actress before she added

At the Princess. Again Geo. M. Cohan has given the public a successful musical play, for Raymond Hitchcock in "The Man Who Owns Broadway" has proven to be one of the biggest successes of the past two seasons. It will be presented at

A Coffee That Will Not Hurt You and the Reasons Why

1st—Nature lines the coffee berry with an inner coat, just as she covers grain and nuts. This coat contains tannin and other bitter principles, which, when roasted and ground with the coffee (as is the usual process), makes coffee bitter and causes Indigestion, Biliouness, Headaches, and other injurious effects.

The method of preparing DALTON'S FRENCH DRIP COFFEE removes the inner coat of the coffee berry, which gives most coffee such a bitter taste, leaving nothing but the pure sweet heart of the berry.

2nd—The Dalton way of roasting the coffee is to throw the berry through an intensely hot flame, which roasts the coffee in half the time usually taken, and retains the essential oils. This gives Dalton's French Drip Coffee its delicious aroma.

Any member of the family can drink

Dalton's French Drip Coffee

without any of the harmful after-effects which are so often ascribed to coffee, but which are in reality caused by the foreign substances contained therein.

3rd—Dalton's French Drip Coffee is composed of nothing but the heart of the coffee berry—perfectly roasted—clean and wholesome. The greatest of care is taken in its preparation, so that when you buy Dalton's French Drip Coffee and follow our simple instructions for its preparation for use, you get the taste of the pure coffee and nothing else. What is there so appetizing as the aroma of coffee being prepared for the table? Dalton's French Drip Coffee carries anticipation on to realization. It is delicious and wholesome to the last drop.

Dalton's French Drip Coffee is put up in two blends. For those who prefer a mild coffee, we recommend Dalton's Mild Blend. It is a soft, full-flavored fragrant blend. Dalton's Strong Blend Coffee makes a rich, heavy, aromatic, black coffee, suitable for those who like their coffee full-bodied and strong, without bitterness. Both coffees are absolutely pure and guaranteed free from chicory.

Packed in 10c, 20c, and 40c tins. Never sold in bulk. Coupons in every tin to enable you to get a Dalton's French Drip Coffee Pot Free.

Dalton's French Drip Coffee, even made in the ordinary way, is better than any other coffee you ever tasted. When you get the Dalton's French Drip Coffee Pot it will mean coffee perfection, and the Dalton Pot makes the coffee go almost twice as far.

A further supply of the Dalton Pots are on the way, and will be delivered to redeem coupons as soon as possible.

ROSE SYDELL At the Gayety next week.

all the music. The play has been superbly mounted.

At the Gayety. No announcement is better calculated to please the patrons of the Gayety Theatre next week than the coming of Rose Sydeell and her well-known burlesque organization, "The Famous London Belles." This is one of the most popular attractions on the burlesque circuit, being composed of nearly two score of clever entertainers, exponents of every form of amusement known to variety, including a chorus of 24 pretty girls.

The style of the performance differs entirely from the old style burlesque and presents a two-act musical comedy, "The Girl from Sherry's." It is said to be rich in topical humor and introduces a number of characters new to the burlesque stage. The scenery and wardrobe used in the skit are among the prettiest seen this season, and many new electrical effects are introduced to embellish the many musical numbers.

Between the first and second parts of the burlesque is seen the olio of vaudeville specialties, and among them are some that will be sure to please the most exacting.

Positively the highest salaried act

in vaudeville is that of The Willard Brothers, who create a furor.

At the Majestic Theatre. Several new vaudeville specialties will be offered next week at the Majestic Theatre, prominent among them being the Nevares, a high-class tight-wire act which will top the bill; The Troubadour Trio, vaudeville favorite "Street Singers," offering classic and popular selections; The Simpson Trio, featuring "Baby Helen," a clever five-year-old artist; Abe Goldman, a Hebrew character comedian who comes with new dialect stories, jokes and parodies; The Sternoffs, Russian dancers, and Terry and Frank, a clever team of singers and wooden shoe dancers.

"The Little Damozel."

Seats will go on sale Thursday morning for the engagement at the Royal Alexandra week of December 5, "The Little Damozel," Henry V. Savoy's production of Moncton Hoff's delightful comedy which has just finished its enormously successful engagement in New York. The ennobling power of love is the theme of "The Little Damozel," and the scenes are laid in the Cafe Anglaise in the Soho district of London, and its people

are members of the Behemian colony.

"The Fourth Estate"—At Last. Charles Waldron is the leading man in the great newspaper play, "The Fourth Estate," to be seen here week December 12 at the Royal Alexandra.

Great Tenor Coming. Concerning the pure Italian singing, Bonci, regarded by the entire musical world as the greatest living exponent of the old art, says: "Modern music has done much to eliminate all the vocal art from singing. Lucious, rich, beautiful voices are all right, in fact they are a wonderful gift, and the more beautiful they are the more one must regret that they do not receive the sort of training which would make it possible for them to resist the strain which they must sustain from the sort of singing which is in fashion at the present."

Bonci will give a recital at Massey Hall on Thursday, December 1. Plans opens Monday, Nov. 28. Prices, 50c, \$1.00, \$1.50. Balcony front, \$2.00.

Fred Villiers' Lecture.

There is every indication that Fredric Villiers will have one of the most widely representative audiences at the Massey Hall on Saturday night next, December 3, where he is to give his illustrated war talk under the auspices of the Canadian Defence League. Applications for seats are already being received at the hall from patriotic and military societies. Mr. Villiers will tell of his personal reminiscences of the late King Edward, and will also give a resume of the many campaigns he has participated in during the last part of a century. The talk will be magnificently illustrated by over 100 snapshots and sketches taken on battlefields. The sale of seats opens on Monday at the Massey Hall.

Sinking Spells Every Few Days "At the time I was taking Dr. Miles' Heart Remedy I was having sinking spells every few days. My hands and feet would get cold; I could scarcely breathe, and could feel myself gradually sinking away until I would be unconscious. These about me could not tell there was life in me. After these spells I would be very weak and nervous, sleepless and without appetite; had neuralgia in my head and heart. After taking the remedy a short time all this disappeared and in a few weeks all the heart trouble was gone."

This Man Is Young at 55 Years He is a "Health Belt Man," Therefore Has the Vitality and Hot, Red Blood of Youth in His Veins, He Towers Like a Giant Above the Ordinary Difficulties of Life—So a "Health Belt Man" Yourself — It Gives Manly Strength! It Makes You Young and Keeps You Young All the Days of Your Life; It Takes All the Goads Out of Your Make-Up— Let Me Give You This Abundant Vitality, Then Nothing Can Ever Conquer You But Death Itself—100,000 Men Have Taken My Advice, Why Not You?

The secret of life-long youth may be summed up in one word—Vitality. If you have this great natural power in abundance years count for nothing. I use no drugs, I recommend none. Just the Health Belt. No privations, no dieting and no restrictions, excepting that all dissipation must cease. Put the Health Belt on tonight when you go to bed; let it send its power into your nerves, organs and blood while you are sleeping. It gives you a great flow of soft, gentle, pale, vital electricity during the entire night. One application and you are like a new being; it takes all the pain and weakness out of your back; it makes you answer the morning greeting with "I'm feeling fine." It is a great strength builder; it overcomes the results of earlier mistakes and indiscretions; it gives you a compelling power, so that you are attractive to all women and men with whom you come in contact. Three months' use is sufficient. F. A. Clarke, Port Hope, Ont., writes: "I am a man again, thanks to you. Nothing can discourage me now."

I TAKE ALL THE RISK All I want is a chance to prove to you the truth of my claims. Write to me, or call at my office, and you can arrange to get the Belt and pay for it when cured. If not cured, send it back. If you prefer to pay cash-down you get a discount. Let Me Send You These Two Books FREE They fully describe my Health Belt, and contain much valuable information. One is called "Health in Nature," and deals with various ailments common to both men and women, such as rheumatism, kidney, liver, stomach, bladder disorders, etc. The other, "Strength, the Glory of Man," is a private treatise for men only. Both sent upon application, free, sealed, by mail. If in or near this city, take the time to drop in at my office that you may see, examine and try the Belt. If you cannot call, fill in the coupon and get the free booklets by return mail. They are better than a fortune for any one needing new vigor.

New York Stocks

NEW YORK, Nov. 25.—The neglect of the stock market left it nearly idle today and the price movement was the market drift. There was practically no outside participation in the dealings and the floor traders operated in a languid way, with small hopes of producing any effects that would yield a profit. Announcement was made today of the sale of the \$7,500,000 remainder of 4 1/2 per cent. equipment trust notes of the New York Central lines, which were authorized to the amount of \$40,000,000, the public service commission attaching the condition that they must not be sold for less than 97 per cent. The continued abstention of the railroads from placing orders for material detracts from the effect of the professions of confidence that freight rate advances are practically assured. Incidents in connection with the rate hearings, in fact, serve to keep the subject open to continual uncertainty.

A Christmas Suggestion

We feel the special necessity at this time of emphasizing the desirability of utilizing the earlier hours of the day for Christmas shopping.

We are open and ready for business at 8 o'clock, and from that hour until 11 o'clock the aisles are less crowded and parts of the store more accessible.

Shopping in these early hours will enable customers not only to receive better personal service, but to relieve the great pressure placed upon our staff in the afternoon hours.

Another point--The gifts that are to go to friends in distant lands should be selected now and sent now to avoid any possible mishaps or delays in transportation.
