Hydro-Electric Bylaw Will Probably Carry In Brantford Friday

Campaign for Cheap Light and Power is Being Carried On With Much Enthusiasm and Opponents of Bylaw Virtually Admit Defeat.

Manufacturers in General Realize That It Means a Solid Economy to Them to Have the Cheaper Rates Which They Will Get By Using Hydro Power.

(By a Staff Reporter.)

BRANTFORD, Oct. 22.—Brantford has waked up to a surprising extent in the last few years. There are few cleaner towns now in Ontario since the new pavements have been put down, and if the market square were looked into shape till it suggested Hamilton's Gore, there would be few cities to rival it in appearance. Its prosperity is most notable and the expansion of its factories, which has been going on for some time, is going on at present, and affords promise of going on for years, affords a solid basis for the thriving appearance of the city generally. One thing only appeared to be lacking in the general program of progress, and the property owners and citizens generally have at last realized that they can no longer afford to ignore one of the most important elements in the progress of this Ontario municipality than they can afford to neglect any factor that will add to the general welfare of the community. As a consequence, and after some years of agitation, discussion and more or less heated debate, the question of the adoption of hydro-electric power has become a direct issue, and is to be voted on by the ratepayers on Friday, in the form of a by-law for the issue of \$115,000 debentures for the installation of a hydro-electric system in the city.

Offers to Arbitrate.

Formerly there was very bitter opposition to the hydro system in Brantford, and a contract was made with the Western Counties Co., a subsidiary organization of the Cataract Power Co., under which Brantford was to get power at rates 10 per cent. below any other municipality having hydro-electric. The Brantford people here of cheap rates on every hand, but the rates got no cheaper in Brantford. Instead of reducing the rates the company offers to arbitrate, and resorts to other means to avoid giving lower rates. The people believe hydro-electric will bring about lower rates, and they are going to vote it on Friday. Even the opponents of the bylaw admit that it will probably be carried.

But there is still a nucleus of opposition, and active and vigorous opposition, and it is just possible that bad weather or some other incident might lead to the abstention from the polls of sufficient sympathizers to make the passage of the bylaw doubtful. It is the object of the supporters of the bylaw to get out the vote as far as possible, and this is the more necessary as the opposition company is sparing no expense to defeat the bylaw, and will endeavor to get every hostile vote to the polls.

The Expositor has been the mouthpiece of the opposition, and this is the more remarkable, as the editor and proprietor, T. H. Preston, formerly representing the

HYDRO FINANCES ON SOUND BASIS

Hon. Adam Beck, Addressing Big Meeting at Brantford, Meets Charge That Earnings Do Not Cover Sinking Fund—Ex-Mayor Geary Shows Surplus in Toronto.

BRANTFORD, Oct. 22.—(Special.)—"No man can be otherwise than unfair who says that hydro-electric has not been a success," declared Hon. Adam Beck here tonight before a crowded house of ratepayers. The minister of power, along with ex-Mayor Geary, Toronto; Gordon Wilson, M.P., Dundas, and Philip Pocock, London, invaded the storm centre of hydro and anti-hydro discussion in this city, which will vote on Friday on a bylaw to install government power at a cost of \$115,000.

Keen opposition has been developed to the bylaw, the Western Counties Electric Company having offered the city arbitration, with A. K. Bunnell and F. W. Frank, two civic officials, as chief arbitrators, as to rates, guaranteeing ten per cent. less than hydro on the findings of the arbitration. The company professes also to be willing to bear all costs of the arbitration, the civic officials in question to name a third arbitrator.

Mayor Hartman presided at the meeting, and the addresses were followed closely. Opposition speakers were not invited to tonight's meeting. Success in Toronto.

Ex-Mayor Geary declared that hydro-electric had reduced Toronto's electric light bills a half million the first year. The deficit incurred during the first months of operation, he said, was due to expenses incidental to securing the business, and the last month's operations showed a surplus of \$4000. He strongly urged Brantford to carry the bylaw as it would result in lower rates all round in the event of this city taking its quota of power.

Gordon Watson, M.P., noted figures to show that hydro-electric was cheaper to the householder, as did Chairman Pocock of London, where better lighting at lower rates had resulted.

Hon. Mr. Beck declared that his mission was to bring about a settlement.

LAURIER'S WORDS IRONIC TOUCHING MONK'S COURSE

"Beginning of End" Predicts Sir Wilfrid in Address at Sorel—Says Ex-Minister Forfeited Sympathy by Accepting a Portfolio From Borden—Sir Rodolphe Forget's Visit.

SOREL, Que., Oct. 22.—(Can. Press).—Before an audience of over 7000 people, gathered from Sorel and all parts of Richelieu County, and with a large contingent of some thousands brought in by excursions from Montreal, Three Rivers, Nicolet, Iberville, Berthier and St. Hyacinthe, Sir Wilfrid Laurier and a goodly number of his chief Liberal helpers today made appeals for the election of A. P. J. Cardin, Liberal candidate in Richelieu County, against E. A. D. Morgan.

He and all the other speakers made constant references to the reported intention of Hon. Mr. Monk to resign on the navy question, Sir Wilfrid speaking hopefully of it as "the beginning of the end." He spoke rather unsympathetically of Mr. Monk and his supposed situation, saying

GIRL ENDS LIFE FOLLOWING OPERATION

Young Scotch Woman Who Took Poison at Woodstock Had Told Doctor of Escape From White Slave Agent in Toronto—Criminal Operation Suspected.

WOODSTOCK, Oct. 22.—(Special.)—A vital containing strychnine lying beside the lifeless body of a young girl named McKiesick, who was found dead in bed at Lakeside yesterday, points to a mysterious case of suicide, and Coroner McKay of this city is investigating.

The victim was a Scotch girl and had been working around St. Mary's and Lakeside for about five months. About a week ago she went to visit a sister in Hamilton and, upon her return, complained of severe pains in the stomach.

A doctor was called and to him the girl told a curious story. She said that while away she had visited Toronto and had met another Scotch girl. While in the vicinity of the Union Station they were accosted by a woman dressed in black and heavily veiled, who offered to show them the city. The stranger called a taxi and the girls were driven to a certain unknown house, where there were several other girls. They were shown a room where they were told they could wash, and while they were so engaged the door was locked from the outside.

Escaped Thru Window.

Believing that they had been taken to a house of ill-repute, the girls escaped by a window and the McKiesick girl returned to Lakeside.

The girl also told the doctor that she had been eating canned fish and the physician, believing that phosphorus poisoning was the cause of her illness, treated her for that illness. The discovery of the strychnine after death did away with the poisoning theory, however. The body of the girl when examined after death, gave rise to the belief that in Toronto a criminal operation was performed upon her.

Crown Attorney Ball of Woodstock has been notified and he has ordered an investigation.

MAGISTRATE M'KICKEN FREES ANOTHER.

FIGHTING IN GENERAL OVER WIDE TERRITORY CASUALTIES ARE HEAVY

Forces Are Reported Engaged All Along the Line From Adrianople to Kirk-Kiliseh, Where Bulgarians Are Rumored to Have Lost 2000 Men—Turks Claim Victories.

LONDON, Oct. 22.—(Can. Press).—All the divisions of the Montenegrin army concentrated south of Scutari are taking part in the attack on Terabosch. A terrific bombardment, says a Podgoritz despatch to The Express, has occurred and the greatest battle yet fought between the Turks and Montenegrins is now in progress.

Crown Prince Danilo is personally commanding the operations. King Nicholas is advancing to Antivari, on the southwestern side of the lake. Roads have been blasted in the mountain-side to allow the passage of heavy artillery, which has been mounted on the heights around Terabosch.

A despatch from Sofia to The Express says that a big battle has been raging around Kirk-Kiliseh for two days. It is reported that the line of Turkish defences between that city and Adrianople has been broken by the Bulgarians.

GIRL DENIES WARNING ELLIS AGAINST PORTER DEFENCE IS HARD HIT

Further Efforts to Prove Ethel Porter to Have Written Note Which is Main Reliance of Accused Man—Crown Asserts Porter Was Shot While Retreating.

(By a Staff Reporter.) LINDSAY, Oct. 22.—(Special).—With the jury put to bed in the courthouse, the trial of Arthur A. better known in his home district as "Eck," Ellis rests until the morning. The plea of defence set up by counsel for Ellis received some stunning blows at the hands of Ethel Porter, niece of the dead man, to whom the defence was looking for strong corroboration at the close of the hearing, but T. C. Robinson, K.C., who is conducting the defence, was still confident that he would be able to establish the girl's authorship of the letter which, Ellis declared, he found on his path a year ago, and which he says the girl, who she first denied, subsequently admitted having written.

Inspector Miller of the provincial police, to whom the letter is said to have been sent, arrived in the city tonight, but firmly refused to discuss the letter or his connection with the case in any way.

At the hearing this afternoon, Mr. Robinson secured from the girl a transcription in her own hand of most of the letter, and if Inspector Miller has the copy of the letter it is likely that the two will be compared.

Was Shot From Behind.

A strong feature of the prosecution was outlined by F. Meredith, K.C., crown prosecutor, in opening the case to the jury, when he declared that the crown would show that the wound in

SWEARS BECKER MEN OF GENIUS IS 'FRAME UP' VICTIM

Judge's Decision to Give Free Rein to Sullivan, "King of Newsboys," Results in Bombshell For State and a Pleasant Surprise For the Defence.

NEW YORK, Oct. 22.—(Can. Press).—The case of the state against Police Lieut. Charles Becker closed abruptly and dramatically this afternoon with the district attorney, at the court's command, reading into the records a flood of testimony from Becker's "star witness," Jack Sullivan, for whose admission Becker's lawyers had fought long and hard when Sullivan testified before.

Amid the vigorous protests of Becker's counsel, who had protested as vigorously when Sullivan's testimony was barred several days ago, the "King of the Newsboys" untied his tongue. He told his story belligerently and excitedly, in his own way, just as he had asked permission to tell it when he was on the stand before Sullivan's testimony, guided by the unwilling hand of the district attorney, was in direct support of the contention of the defence that Rose, Webber, Vallon and Scheppe, informers and state's witnesses, had conspired in jail to send Becker to the electric chair by their own perjury.

Defence Counsel Overruled.

John F. McIntyre, Becker's chief counsel, had declared his case rested when Sullivan was recalled. He said frankly that he did not want Sullivan's testimony. The court ordered the case reopened and instructed an attendant to bring Sullivan over from his cell in the Tombs and put him on the witness stand. Mr. McIntyre refused to question him.

"Rose told me that he and Webber and Vallon and Scheppe were going to frame up Becker," Sullivan declared. "He asked me to corroborate his testimony. They all asked me—kept at me day and night. When one left off the other began. Rose got a letter from the district attorney one day and after he had read it he came to me and said, 'Jack, the district attorney writes me that he wants to know if you are going to corroborate us. He says if you do it will be all right; if you don't, you will be indicted.'"

Another Charge Against Rose.

To all importunities Sullivan said he replied that he would spend six years in jail, if necessary, rather than swear a man's life away.

Louis Pitt, brother of Becker's so-called press agent, was another witness for the defence, who was forced on the stand by Justice Goff after McIntyre had declared his case closed. Mr. McIntyre refused to examine Pitt, and again the district attorney read into the record evidence against the state's case.

"Jack Rose told me," Pitt testified, "that Becker did not have anything to do with the murder. He said, 'I swear to you on my mother's grave that Becker didn't have anything to do with this case. He is innocent, but I've been

NEGLIGENCE AND DIRT AT HAMILTON ASYLUM

Typhoid Outbreak Not Due to Drinking Water, But to Flies Having Access to Utensils Used By Typhoid Patients.

He was entitled to a prompt and frank statement.

The report from the provincial health office was that the typhoid outbreak at the Hamilton Asylum was not due to the drinking water, which was of good quality. This was attested by the reports of two analysts.

The report ascribed the typhoid and its recurrence to flies, the flies having access to the utensils used by the typhoid patients, but which were not effectively cleaned or disinfected.

The report recommends the screening of the infirmary and of all lavatories, dining rooms and kitchens, the removal of manure once a week and the vaccination of all attendants. It is also suggested that in the future drinking fountains should be provided and drinking cups abolished, and that mechanical dish washers be installed to eliminate much of the handling.

Prof. Gilbert Jackson Says They All Are the Result of Degeneration on the Part of Some of Their Ancestors—Deprecates Minimum Wage Rate.

All men of genius and poets are the result of degeneration on the part of some of their ancestors. If we seek by the prevention of indiscriminate marriage to eliminate the imbecile and otherwise unfit we will also prevent the production of these.

"This is one of the remarkable statements made last night by Prof. Gilbert Jackson, lecturer on economics at University College during the course of an address on the subject of "Poverty," delivered to the Social Study Club of the Fied Victor Mission.

Prof. Jackson entirely repudiates the value of the principles of eugenics as applied to the prevention of the propagation of the mentally and physically unfit. He stated that, personally, he preferred to have these latter in the world rather than run a chance of the elimination of men of genius, which would result from the adoption of such methods.

Raise School Age.

He advocated that the age at which children leave school should be raised, and suggested that even for the children of the poor manual or technical training should be abolished from the public schools, and the children allowed rather to feast among the beauties of literature.

Prof. Jackson also deprecated the possibility of the perpetuation of the minimum wage rate for laborers, stating that the laborer who was not worthy of his hire would be dropped into the ranks of the unfit without there being any provision being made for him by employers of labor.

Among the other speakers was Prof. J. F. McLaughlin of Victoria College, who delivered a powerful address on the "Social Teaching of the Hebrew Law." Prof. McLaughlin drew many analogies between the laws of the Hebrews and those of the present day, stating among many other comparisons in favor of the ancients, that the latter in many ways exercised greater care of the widows and orphans than the authorities of the present day.

FEDERALS MOVE TO ATTACK DIAZ

Vera Cruz to Be Scene of Battle—Thousands of Refugees Crowd Ships.

VERA CRUZ, Oct. 22.—Federal forces began their march on Vera Cruz at noon today. The rebels, under General Felix Diaz, who occupy the city, calmly awaited their approach.

Gen. Beltrán, commander of the federals, had previously informed the city council that the battle was about to begin. He declined to allow more time for the removal of non-combatants to the neutral zone.

The boats in the harbor have on board more than 5000 foreign refugees and 10,000 Mexicans. The U. S. cruiser Dec Moines is lying about 500 yards from the American consulate. The space between is neutral and many of the refugee craft have taken up positions there.

Only 32 Americans remain within the town. The foreign consuls have gone aboard the boats. The American consul, William W. Canada, has assumed the leadership of the situation. Rain threatens to drench the refugees and fighters.

Within an hour or two the federals were only seven miles from the city. Gen. Diaz said that the artillery on the heights in the outskirts will fire on the loyal troops. Only if his outposts are driven back will he fight in the city.

PRIZES GIVEN AT ST. ANDREWS

Definite Announcement Made
of Sale of College Site
and Removal to
York Mills.

Judging from the speeches made yesterday afternoon at St. Andrew's College, on the occasion of the annual presentation of prizes, it is certain that the board of governors have definitely decided to sell their property in Rosedale and build a larger and more modern college at York Mills, Toronto's northern suburb. The first announcement came from Dr. D. Bruce Macdonald, head master of the school, while he was reviewing the work of the college had accomplished in the last year. "We have had 289 students enrolled during the year," said Dr. Macdonald, "and for the last two or three years the upper school has been overtaxed by the attendance." He then intimated that the negotiations for the sale of the present site were practically concluded and that the board of governors had secured a new property of 100 acres at York Mills, 15 minutes' ride from the C. & N. crossing on Yonge street. J. K. Macdonald, chairman of the board of governors, in making a further announcement of the board's plans, said that the students of the lower school would spend the latter years of their college days in the new school. This announcement was greeted by the enthusiastic applause of the lower school students. Dr. Macdonald, the principal, spoke in detail of the physical training the students had been given in the past year. By means of a special machine several boys who were short had increased their height from two to four inches during the year. "We have proven beyond a doubt that we can make boys grow," said Dr. Macdonald. Twenty-eight cases of deficient heart were found, and of these eight showed a decided improvement. Sixteen cases of weak lungs were given attention, and of 12 cases of spinal curvature three were brought to normal and nine were improved.

Prizes Presented.
Of the numerous boys who went forward to receive prizes, Mr. M. Montgomery, centre "scrim" of the McGill football team, which defeated Varsity on Saturday, met with the greatest reception on the part of the students; Montgomery won the upper school prize in general proficiency, and at the same time stood high in athletics.

The prizes were presented by Lady Gibson, Lady Mortimer Clark, Mrs. E. S. Wilson, Miss Sullivan, Sir Mortimer Clark, J. K. Macdonald, President Falconer, Prof. Alfred Baker, dean of the faculty of arts of Toronto University; Prof. Galbraith, dean of the faculty of applied science; Prof. Wrong, Archdeacon Cody and Corporation Counsel Geary, all of whom gave short addresses. Rev. Dr. Neil opened the exercises and among those on the platform were: Col. A. E. Gooderham, Dr. Hamilton and Messrs. Frank A. Ralph and D. B. Haas.

Park Commissioner Chambers
Has a Scheme to Make
Beauty Spot of Stag-
nant Pool.

Catfish Pond is to be reclaimed and developed into a miniature Muskoka or Thousand Islands Park. If the plan submitted by Parks Commissioner Chambers to the parks committee yesterday is finally adopted.

At a total expenditure of \$31,075, the 15 acres of stagnant water will be so dredged as to make 10 acres of water and five of land; the latter containing small islands dotted here and there throughout the area.

It is proposed to dredge the pond to a depth of four feet, and create the islands with the dredged material, covering the northern portion into an aquatic garden, making connection with Grenadier Pond by a channel east and west, at the foot of the railway embankment. Boat-houses, etc., would be erected on the point between the two ponds.

It is estimated that the dredging will cost \$12,500; the top dressing of the islands which are to be made, \$887; four rustic bridges, \$500; one road bridge, \$2000; one boat-house, \$1200; aquatic garden, \$1375; total cost of constructing a roadway at the south end of the pond would be \$8800.

LONDON, Ont., Oct. 22. — (Can. Press).—While his wife was attempting to drown herself in a barrel of water in the backyard the husband of an East London family was one of the best to butt out his brains against the brick wall of the house they lived in. The husband was crazy and was taken to the asylum, where he now is. The wife is in Victoria Hospital, suffering from acute hysteria. Both are Londoners and have been here for many years. The woman was one of those upon whom Dr. Barker gave a clinic at the medical convention yesterday. Her husband was later removed to the asylum. The woman will likely recover.

Take Notice, Proverb Contestants

Contestants in The World's Proverb Contest are cautioned not to pay any attention to unscrupulous persons who are advertising and otherwise offering to sell answers to the proverb pictures. These persons have absolutely no connection with The Toronto Daily and Sunday World, and it should be understood that they are merely contestants who are competing for the prizes, and at the same time attempting to make a little money on the side.

HORTICULTURAL SHOWS

Will Be Held in Government Building at the Exhibition.

H. S. Frankland, honorary president of the Ontario Horticultural Association, attended the board of control yesterday and requested the use of the St. Lawrence Market for the association's annual show, commencing Tuesday, Nov. 12.

Property Commissioner Chisholm stated that letting portions of the market is now a physical impossibility on account of a section of it being now rented.

Mr. Frankland suggested that the board recommend that the Exhibition authorities be permitted to let the government building for the exhibition purposes, also that the board increase the civic grant to \$1000 from \$600, as by the use of a building in the Exhibition Park a great deal of advertising is entailed in order to induce the people to go so far out.

The association's request was granted.

Psoriasis All Over Body

Doctors Said Incurable, But Now
There Is No Sign of Disease,
Thanks to Dr. Chase's
Ointment.

Mrs. Nettie Massey, Concession, Ont., writes:—"For five years I suffered with what three doctors called psoriasis. They could not help me, and one of them told me if anyone offered to guarantee a cure for \$50.00 to keep my money, as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used each box of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

The soothing, healing influence of Dr. Chase's Ointment is truly wonderful. Eczema, salt rheum, barber's itch, ringworm and scores of such torturing ailments are relieved at once and as certainly cured if the Ointment is used persistently. Mothers find Dr. Chase's Ointment invaluable in preventing and curing the skin troubles of babies, such as chafing, irritations of the skin and baby eczema.

Rules Governing the Contest

The Toronto World Proverb Contest is a test of skill and diligence, designed to encourage thought and research on the part of the young and provide a pleasant mental diversion for everyone.

Every day, for a period of seventy-five (75) days, there will appear in The Toronto Daily and Sunday World, an illustration, cartoon or other representation of a commonly used and well-known English proverb.

The Toronto Daily World will award PRIZES AGGREGATING OVER \$5000 IN VALUE to readers of The Daily and Sunday World who send in the correct or nearest correct answers to the entire series of illustrations. The first proverb picture was published in The Daily World, Thursday, October 3rd. The last will be published on Dec. 16th.

The correct answers, to serve as a basis of awards, are being selected according to their common use by the Contest Manager and three representatives of The Daily and Sunday World, and will shortly be placed under seal in a Safety Deposit Vault.

This list of correct answers will remain under seal until called for by the Judges, whose names will be announced in due course, and who will have full control of the examination of the answers and awarding of the prizes.

The correct answers are included in The Toronto World's Book of English Proverbs, which is published as a guide and reference for contestants' use in the contest.

To compete for the prizes, contestants need only to supply the proverbs represented by the illustrations that will appear daily, and send in their answers, at the close of the contest, according to the rules. The person sending in the correct or nearest correct list of answers to the entire series of seventy-five (75) illustrations will be awarded the first prize. The person sending in the second nearest correct list of answers will receive the second prize, etc., etc. Entry may be made any time before the contest is entirely closed. Rules follow:

1. The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World in Canada, except employees of The Daily and Sunday World and members of their families. Anyone not excepted as above mentioned may enter the contest by simply becoming a regular reader of The Toronto Daily and Sunday World.
2. Contestants must write the Proverbs represented by the illustrations upon the coupon provided therefor and which will appear on Page 2 of The Daily and Sunday World every day during the Contest. Answers may be written with pen, pencil or typewriter, and arranged in any manner to suit the contestant.
3. Each picture represents only one proverb. Where contestants are not certain as to the correct proverb represented, they will be permitted to send five (5) answers (not more) to each proverb illustration. If the correct answer is given, incorrect answers will not count against a contestant.
4. Only one answer may be written upon a single coupon. Extra coupons must be used for additional answers, and all coupons of the same number must be kept together in making up the set.
5. Different members of a family may compete in the contest, but only one prize will be awarded to any one family or household, and only one set of answers will be accepted from any individual contestant.
6. Answers must not be sent in until the last proverb illustration has been printed. After the last picture has been printed, contestants must arrange their coupons in numerical order, fasten them securely together and deliver or mail them in a neat flat package (not folded or rolled), plainly addressed to the Contest Manager, The Toronto World, Toronto, Canada, within the time specified in the following rule.
7. The time of receiving answers of the prizes with this exception: All answers must be delivered at the Office of The Toronto World or by postmark of mailing of not later than midnight, December 15, 1912, twelve days after the last or 75th picture is published.
8. The prizes will be awarded to the nearest sender in the correct or nearest correct list of answers to the entire series of seventy-five (75) Proverb illustrations.
9. In the event of a tie between two (2) or more persons, the contestant sending in the nearest correct list of answers will be declared the winner. Where two (2) or more contestants submit the same number of correct answers upon the same set of coupons the value of the prize or prizes thus tied for will be equally divided among those tying.
10. In making the awards, the Contest Manager, whose names will be announced in due course, will take into account the similarity and exact wording of the proverb answers as selected by the Contest Manager and three representatives of The Daily and Sunday World, and as contained in The Toronto World's Book of English Proverbs; spelling, wording, punctuation, and the correct reconstruction of the proverbs are the essentials that will be graded.
11. Where a set of answers is securely fastened together the contestant will be permitted to stamp (with rubber stamp) or abbreviate his or her name on the space allotted for same, and omit the full address from the greater majority of the blanks, PROVIDED THAT SUCH FULL NAME AND FULL POST-OFFICE ADDRESS be plainly and distinctly written upon the FIRST SIX and LAST SIX BLANKS of the set of answers.
12. In sending in the answers at the close of the contest it is imperative that contestants seal all packets containing answers, and if mailed, contestants should exercise great care to see that postage is fully prepaid at the rate, one cent per ounce, or fraction thereof, in Toronto, and two (2) cents per ounce, or fraction thereof, outside of Toronto, as The Toronto World is not bound to pay postage due on any set of answers.
13. All communications or letters of enquiry concerning the Proverb Contest must be addressed to the Contest Manager, Toronto World, Toronto, Canada.

WILL ASK GOVERNMENT TO ABOLISH SCHOOL LIBRARIES

York Library Association Condemns Present System of School Reading—Will Also Ask Legislation to Compel Municipal Grant—Eliminating Light Fiction From County Libraries.

York District Library Association, which opened its third annual conference in the public library at Richmond Hill yesterday, will memorialize the government to abolish school libraries from the province. A resolution will be passed at today's session pointing out the disadvantages of having libraries in the public schools and asking the government to take steps at once to have them removed. The influence of a community was dealt with at length in the annual address of the president, Dr. F. A. Dales, Stouffville. He described its tendency as antagonistic to the work of the public library. The school books, he said, not only served as an inadequate substitute for the free institution with a considerable proportion of the reading public, but it also prevented the development of the latter as an educational force.

"The free library, in order to accomplish the purpose for which it is instituted, must be a fountain head for the diffusion of literature over the neighborhood it is intended to serve," said the president. "The little libraries in the public schools, instead of assisting, stand in its way. The system permitting this is wrong and the library boards throughout the district cannot make true progress until it is corrected."

Dr. Dales showed the necessity for abolishing the library habit in children. Where they had a school library, their reading is necessarily confined, and when they quit school, the government to legislate for the abolition of school libraries. These children could be brought to patronize the town or village library and develop the habit of wide reading which should remain with them throughout life. The influence exerted on the adults in the homes would also lead to more extensive reading and tend to raise the standard of education in the community.

The department of education at the present time requires every school to have a certain number of books to provide the pupils with the works prescribed in the curriculum for supplemental reading. In many cases the school libraries are limited to these volumes and the pupils are narrowed down in the quantity and variety of their reading. Dr. Dales proposed that the public libraries carry these books in stock and that the boys and girls of the schools be required to borrow them from there. This is done in Stouffville and is working admirably.

Ward Seven

The presentation of the prizes and trophies won in the recent inter-church athletic meet was made last night by the president of the association in the club rooms at the High Park Avenue Methodist Church. The cup for the all-round individual championship was presented to H. Phillips of the High Park Methodist team, which team also won the inter-church championship.

The choir of St. John's Church were tendered a banquet last night by the congregation. An enjoyable evening was spent, and an excellent program provided, the pastor, Rev. T. B. Smith, acting as toast master. The banquet was provided by the ladies of the church.

WESTON

The following are the officers of the Weston Curling Club elected last night for the approaching season: President, G. W. Verrill; vice-president, T. Moogk; secretary, D. Rountree; chaplain, Rev. F. Vipond; skipper, Messrs. Sims, McEwen, Nattress and Moogk. The meeting was held in the club house, and the club look forward to a successful season.

The death occurred yesterday of Mary Jane Mallory, aged 66 years, of 5 Jerome street, Weston. The funeral will take place this afternoon at St. Philip's Cemetery, Weston.

AGINCOURT

The funeral of the late Simpson Rennie, who died at his residence, 4214 Ontario street, Toronto, on Monday, will take place this afternoon from Knox Church, Scarborough. Mr. Rennie was 73 years old, and was born in Scarborough, where he lived until his retirement. He was well known as a successful and scientific farmer, was a champion cyclist, and an expert skater.

It is expected that the funeral will be very largely attended, especially by the members of the Old Boys' Association, which will be officially represented by E. C. Jackson, president; T. C. Irving, vice-president, and Alex. McCowan, M.A.

FAIRBANK

The trustees of School Section No. 15 have announced that they will erect a large new school at Fairbank. It will be built on the latest plans and should be one of the most modern in the county. To successfully finance the new structure the trustees have decided to issue debentures for \$25,000, which will be placed on the market in the near future. Official notice of this has been served on the York County Council.

Tomorrow evening a harvest home service will be held at St. Hilde's Church, on the Vaughan road. Special music has been arranged.

North Toronto

Yesterday's mail brought in several cheques to pay the first instalments on this year's taxes for the year 1912. Collector Thomas W. Bramant stated last night that about \$3000 out of the possible \$100,000 of taxes has been collected so far. This speaks well for North Toronto property, and it shows the confidence the property owners have in the northern suburb.

The widening of Yonge street is still a bone of contention and those councilors and citizens who would like to see this much-needed improvement consummated, view the situation with alarm, as now and then a new building is being erected on the west side of Yonge street, which will add to the expense of the town whenever the municipality is ready to widen Yonge street.

At the public session held in the Richmond Hill Library last night W. R. Nurey, inspector of libraries, told of the increase of sentiment in favor of free libraries in Ontario. In New York State, which boasts many useful libraries, the government grant is only \$100, and is distributed between 35 library districts. The greater sympathy shown this movement in Ontario is evident from the fact that the annual grant to 14 library districts is \$2000.

It was reported that Bracondale, King, Maple and Thornhill Libraries have been dropped off the list and are not now receiving the provincial grant.

THORNHILL

The opening meeting of the Literary Circle, held at the residence of Mr. James, assured well for the future. The quotations from favorite Canadian poets brought forth some of the best thoughts of our authors, showing much research.

The music of Mr. Hignat and Mr. and Mrs. J. Burton was much appreciated. "Westward Ho," as given by Mr. Burton, showed decided ability. Miss M. Elliott gave some account of her trip last summer to the Province of Quebec, especially of the historic city, the Gibraltar of America, and the peculiarity of the habitants. The address of the Rev. Mr. Ole Hansen, pastor of the Lutheran Church, was instructive and entertaining.

Miss Bryan of the public school staff of Toronto rendered "The Widow Bodot's Letter" and "Papa's Boy," with much skill.

The next meeting will be held in November, when definitions of following subjects are expected: "Thanksgiving," "Girl," "Autumn" and "Music."

STOUFFVILLE

An effort is being put forth to attach several new industries to Stouffville. A condensed milk factory and a cannery are being particularly sought after. Today, at the direction of the local board of trade, Reeve R. P. Coulson left for St. George in Ontario to endeavor to make arrangements for the St. George Condensed Milk Factory to establish a branch in Stouffville.

Correspondence between the secretary and the management of the company has been carried on for a number of weeks, and by Reeve Coulson's visit to St. George today it is hoped a suitable arrangement will be made.

Farmers in Stouffville district have been particularly diligent of late years in taking their milk to Toronto. Dr. F. A. Wailes, president of the board of trade, stated to The World yesterday that while the price paid the farmers for their milk at Toronto was about 10 cents a quart, it was no higher than that paid by city dairies, he believed the new industry, if it comes to Stouffville, will receive the farmer's support for the reason that the company will collect the milk thus saving the farmer a trip to the station each day.

The local tendency agriculturally to get into farming has led the board of trade to commence looking for a company to establish a cannery in the town.

AUCTION SALE

Auction sale of farm stock, implements, a quantity of manure, stone, and 150 gallons of cider vinegar, on lot 10, con. 2, East York, on Thursday, October 24, 1912, the valuable property belonging to Solomon Turner. Sale at one o'clock.

CREDIT AUCTION SALE

The sale of live stock and implements, the property of Wm. Prophet, will take place on Monday, October 28, at lot 26, con. 2, Scarborough (Agincourt). The live stock consists of 8 horses, 30 cattle, pigs, poultry, etc.; also a quantity of hay. Sale at one o'clock. Terms, 10 months' credit, 5 per cent. for cash. Prentice and Ingleton, auctioneers.

Quebec Athletic Union Officers

OTTAWA, Oct. 22.—The annual meeting of the Quebec Athletic Union A. U. C. was held at the M.A.A.A. clubhouse, when the reports of the season's work were adopted and the treasurer's report showed a credit balance. There were more registration cards issued this season than ever before in the history of the association, which shows a boom in athletics. Two athletes were suspended in Pelletier and Leclair for competing in an unsanctioned meet in Quebec. The following are the officers elected:

President—J. C. Bowie, M.A.A.A.

First vice-president—J. N. O. Ledoux, Nationals.

Second vice-president—P. C. Barrett, Montreal Police A.A.A.

Hon. secretary—R. E. Melville.

Hon. treasurer—John Davidson.

NEED NEW TRACK AT EXHIBITION

Horse Racing and Motor Events Then Could Be Held Separately—Exclusive Refreshment Privilege.

Park Commissioner Chambers, yesterday advocated the renting of the Exhibition track for racing purposes on a percentage basis only, with a fixed rate. He stated that as the track, when prepared for trotting horses, etc., is not fit for motor or cycle races, and vice versa, he would suggest that the track should be enlarged and a smaller one laid out within its limits, the larger one to be made suitable for motors and the smaller for horses, but he was not sure whether the revenue from sporting events would be sufficient to warrant such an expenditure.

In order to make a refreshment concession more valuable, he also suggests that it be made exclusive by so doing, the property authorities will be able to charge a higher rental. It is also desirable to restrict the loading of the Exhibition buildings for the purpose of storing flammable material, as the possible loss by fire near Exhibition time would be too great a risk.

The idea of seating the grand stand with park seats is considered a good one, as it will permit of them being distributed throughout the park during the summer.

NEW BRANCH BANKS.

The Canadian Bank of Commerce has secured premises at Fredericton and Moncton, N.B., and will shortly open branches at those points.

Ottawa Golf Champions.

OTTAWA, Oct. 22.—In defeating Mr. Alex. Fraser in the final game, Mr. Gerald Lees won the championship of the Royal Ottawa Golf Club for the third year in succession. Previous winners since the Ottawa Club took over its present links were as follows:

1904—Mr. A. S. Palmer.
1905—Mr. H. H. Hanes.
1906—Mr. H. S. Southam.
1907—Mr. Thomas Mackenzie.
1908—Mr. Levison-Gower.
1909—Mr. Gerald Lees.
1910—Mr. Gerald Lees.
1911—Mr. Gerald Lees.
1912—Mr. Gerald Lees.

Hughy Jennings, manager of the Tigress, has signed a ten weeks' vaudeville contract that will net him \$200 a week. His partner is a prominent blackface comedian and the pair will "try it on the dog" at Patterson, N.J.

WILL RUSH WORK ON EASTERN ENTRANCE

Mayor Hooker Has Given Instructions For Preparation of Plans For Exhibition and New Entrance Will Be Completed Next Year—North Toronto Annexation.

Mayor Hooker is anxious to get the new eastern entrance to Exhibition Park under way as soon as possible, and he has instructed the works commissioner to submit plans and specifications for the necessary bridge, etc., as soon as possible. He also intends to have the work rushed on with the least delay possible, so that its completion early next year will be assured. City Solicitor Johnson has received formal notice of application for the annexation of North Toronto. No special provision will be made in the order with reference to the liabilities, which, as a matter of law, have to be assumed by the city unless specially provided for. The one municipality is merged into the other, and the debts of one become those of the other.

Old Folks' Home.

Property Commissioner Chisholm and Mr. Woolnough of the city architect's department will go to Cleveland for the purpose of obtaining ideas to be used in the preparation of plans for the Old Folks' Home, which is to be situated on the city to erect on Yonge street.

The urgent necessity for the immediate construction of a temporary building for the aged, poor and insane committed to the city jail was insisted upon at the board of control meeting yesterday.

Improved Train Service.

Owing to the increased travel on day trains, Nos. 17 and 18, leaving Toronto 9 a.m. and Montreal 8:05 a.m. and in order to offer every comfort to passengers, the Canadian Pacific Railway has inaugurated a parlor car service in addition to the standard first-class sleeping between Toronto and Montreal, which should prove popular with the traveling public.

Quantity purchases of Packard trucks by concerns like the American Express Company bear a close relation to their worth as an investment.

If we sell you a Packard truck it is because we know we can save you money or increase your business. Unless we can establish one or both of these propositions we don't ask your patronage.

Packard salesmen are equipped to analyze your hauling requirements.

Substantial reasons for the recognition of the Packard as the standard vehicle of heavy traffic:

The ability of the factory to deliver the trucks.

The dealer's ability to deliver the service.

The ability of the trucks to deliver the goods.

With a complete stock of parts at instant command, we provide regular inspection and keep Packard trucks running every hour of every working day.

CANADIAN B. B. RESERVED LIST

Ottawa Suffers Most in Losing Players — London Shy on Pitchers — Jo Jo Keenan After Managerial Job.

Ottawa has suffered the most in losing the players that would go towards making up the team for next season, while nearly all the remaining clubs have practically all the best men on reserve.

The London Club can almost be rated in the same class with Ottawa in regard to the pitching staff, with the two stars removed in Matt Hynes and Sammy Smith.

The list of players who have been reserved by the different clubs in the Canadian League has been announced. Jo Jo Keenan is not on the Hamilton list, as Joe expects to land a management job, and the Hamilton Club gave him the chance to do so. He will report to the Colts in the spring if nothing better turns up in the meantime.

The reserve list is as follows: Hamilton—Frad Fisher, Marty Kilkea, William Rose, William G. Green, Harry Corns, Walter Teed, Jim Murphy, Gunner Walsh, Scotty Cameron, Dennis O'Brien (suspended), Paul Schilling (suspended), George Lee, Raymond Cameron, Canon Welch.

London—Louis Berbauer, Jr., Francis J. Fox, Sam Smith, E. S. Neale, Wm. J. Kelleher, Matthew J. Hynes, Ed. Linne-burn, Ernest Heilman, James T. Green-halgh, James H. Gilhooley, John Fitzpat-rick, Earl E. Powell (suspended), Harry Pursdon.

Ottawa—William Rowe, Von Hopper, Frank Kubat, Harry Draper, Edwin Ren-fer, Fred Herbert, Louis Cook, James Loudon, Frank Dolan, Gus Champagne, Ar-thur Schmidt, Andrew Robertson, Frank Burke, Mike Callahan.

Brantford—Ambrose Kane, M. A. La-mond, Ernest Coose, William Collins, John Miller, C. H. Ives, C. W. Wagner, Ralph Burrill, Harry A. Donovan, Lawrence Delmar, Grant, David Steinn.

Berlin—Cy Rely, Midge Craven, A. Burdett, F. Heesbarger, E. Hartwell, A. Nickell, F. Bramble.

Teams Selected For International Soccer

Final arrangements have been made by the Toronto and District Football Association for staging the big international Association football game between England and Scotland at Rosedale next Saturday, Oct. 26. As both teams are the pick of their respective associations, a great battle for supremacy should be the outcome. The respective captains, on being interviewed, informed the writer that they were taking no chances on the outcome and were insisting that their men train diligently for this game, as it no doubt would prove to be the hardest test game played in Toronto for some time.

W. Brownie, the popular manager of the Barons F.C., will captain the Englishmen. The Rosedale grounds are receiving the final touches in preparation for the game. Accommodation is also being made for those who desire to form motor parties to

Manufacturers' Life Hockey Club. The Manufacturers' Life Hockey Club, thrice champions of the Financial Hockey League, held their annual meeting on Monday, and elected officers for the coming season. The prospects for a successful season are very good, and the team is out to win the fourth successive championship.

Emergencies come unawares

An Automobilist may keep his head and do the right thing at the right moment, but what is the use if his equipment is against him?

MOTORISTS DREAD SKIDDING. A greasy street—a sudden application of the brake—and, without a reliable non-skid tire, a catastrophe may result.

THE GOODYEAR NO-RIM-CUT TIRE CANNOT SKID. The angles and edges of these blocks grip the road with a tenacity which resists all tendency to skid.

The diamond-shaped blocks of pure rubber are broadened at the base, distributing the weight of the car over the whole tread surface. The tread is alive—it is flexible. Resilience is not lost. That is where the Goodyear differs from those with bars,

letters and other projections, which deaden the tire and cause the jolting so fatal to the adjustment of your motor. As the centre blocks become worn the side blocks come into action as perfect skid-preventers, giving non-skid efficiency to the last.

No-Rim-Cutting

Nearly one in four tires is ruined by rim-cutting. NO-RIM-CUT tires are held in place by the round surface of the side ring and cannot rim-cut, actually saving 23%.

10% Oversize

Goodyear tires are made 10% oversize—provide for overloading—extra equipment. This lessens the chance of a blow-out, and reduces vibration. With the average car this adds 25% to the mileage.

WEDNESDAY MORNING, OCT. 23, 1912

ROOSEVELT GAINING.

One of the most remarkable features
of the presidential election contest in
the United States has been the truly
religious fervor that animates many of
the representative figures in the front
rank of the Progressive party. Besides
Colonel Roosevelt stand many men and
women whose names are revered from
the Atlantic to the Pacific, and who,
it is freely recognized, have no other
concern than that of national advan-
tage. Colonel Roosevelt has certainly
the quality of personal magnetism in
no common degree when he can rally
to his standard this body of independ-
ent students and thinkers, and imbue
them with the belief that only there
under can the country be freed
from its load of oppression.
The volume of personal loyalty
elicited by the ex-president is
due, not to a temporary aberration, but
to genuine conviction, that of the three
principal candidates he alone is fight-
ing for the masses of the people.

His running-mate, Governor Johnson
of California, has jeopardized his own
place as chief executive of that
state by taking up the cam-
paign brought to a temporary
close by the attempted assassi-
nation of the colonel. Under the law
of that state, absence on the part of
the governor for sixty days vacates the
office, but leaves it discretionary with
the governor to determine whether it
is "necessary" for him to exceed that
period. The Democrats of California
and the Taft Republicans have agreed
to make an issue of the governor's re-
solution to take Colonel Roosevelt's
place as leader of the Progressive fight.
The statutory term expires on Oct. 25,
but the governor, so far, has shown no
inclination to swerve from what he be-
lieves to be the straight path of duty.
The spirit he has shown is that which
animates the whole Progressive party,
and it must have material effect on the
independent stratum of the electorate
that hold the key to the electoral vote.
Recognized authorities hold that it will
be preponderantly cast for Colonel
Roosevelt, and that he will not need to
go beyond the electoral college for his
election.

MARKETING OF FARM PRODUCTS.

Public opinion crystallizes slowly
and more time is lost before it becomes
effective enough to be accorded recog-
nition. Even after that stage is reach-
ed, the inertia of legislatures largely
under adverse influences constantly ex-
ercised, is even more difficult to over-
come. Of late the high and increas-
ing cost of living has exercised many
minds and various explanations have
been advanced for the admitted fact.
Some of these lay stress on excessive
transportation rates and inadequate
service with, in all probability, more
than a modicum of reason. But now
comes along a United States railroad
executive, in the person of Mr. B. F.
Yokum, a well-known writer on this
branch of economics, with a plea that
the great difference between the prices
received by the farmer and the cost
to the consumer is due not to freight
charges, but to the involved and ex-
pensive system of marketing. And he
proposes as a remedy the establish-
ment in the United States of a national
association for the marketing of farm
products.

In an editorial notice of his proposal,
Financial America quotes an incident,
related by Mr. Yokum, where an Oak-
lahoma farmer shipped 1050 melons to
a northern point yielding him \$25.50,
or five cents each. The ultimate buyer
in Minneapolis or St. Paul paid for
each melon somewhere between 60 and
75 cents each. But the railroad freight
charge was only 47¢ for the 600 mile
haul, so that while the return to the
producer and carrier combined
was \$131, the local dealer re-
ceived \$315 and the last seller
from \$620 to \$750. Now, the individual
farmer can do little or nothing to help
himself—only a co-operative organiza-
tion on business lines can change the
situation. Mr. Yokum holds that only
the federal authority can promote an
efficient co-operative marketing sys-
tem. He advocates the formation of
a national market bureau, under com-
petent management and in touch with
all local organizations and co-operative
establishing a well organized market
system. He holds that only one com-
mission between the sale by the farmer
and the purchase by the consumer
is needed, and on this point there will
be general agreement.

THE EUROPEAN INHERITANCE.
When in the Balkan situation is
sound not the failure of the workers

for peace but the failure of European
militarism, the fact is ignored that
militarism itself is an inheritance. Pre-
cisely the same causes that have made
Europe an armed camp intervene to
prevent combined action for the pur-
pose of removing the anarchy that
has long existed in European Turkey.
Militarism is the result of conflicting
national ambitions, and until these are
reconciled the advocates of universal
peace will make little headway.

However much the European situa-
tion may be regretted, and it is regret-
table, it is there and must be faced by
the nations that are most desirous to
have it changed for the better. Civiliza-
tion is an evolution that history
shows cannot proceed until the fulness
of the time has been reached. Prema-
ture revolutions are followed by peri-
ods of reaction, the way recedes even
to the point of gathering strength for a new
and lasting advance. Impatient and
unwise reformers are often more im-
mediately hurtful to the cause they
have at heart than its open enemies.

LABEL THE LOTS.

Controller Foster, who believes in
labels, would do a world of good if he
could get a civic bylaw passed pro-
viding for the labeling of all real es-
tate with the owner's name. This plan
has been put in operation in New
York and has aroused tremendous op-
position, which seems rather strange at
first sight. It appears, however, that
some highly respectable people own
property that they are not proud of,
and neither are their fellow-citizens
either. But there is nothing like pub-
licity, and no man or woman ought to
be ashamed of what he owns.
Get busy, Mr. Controller, and tag the
property lots, and the buildings, and
let us all know who is responsible for
anything connected therewith.

GIRL DENIES WARNING

ELLIS AGAINST PORTER

Continued From Page 1.

ence. A number of queer little texts
adorned the walls of the little office
where he was interviewed, one of
which read "The Lord bless and keep
thee." Ellis looks much the same as
he did on his farm in the "country
in back," save that his bushy hair is
a trifle more orderly than then and
shows more grayed and less bronzed
than in the open sunlight. He is also
a trifle portly and looks smaller now
when he stood a free man on his little
farm.

Mrs. Anne Jane Tripp, a sister-in-
law of Ellis and the first witness to
appear in Salvation Army uniform.
She saw Ellis on Thursday following
the murder, at the instigation of
Inspector Reburn, and asked him to go
with her to look for the gun. The pri-
soner said that he had seen Porter on
the night of his death, but denied that
he knew of the shooting, altho he said
he believed he would be blamed.
Defense Witness Disappears.
Then came Edith Porter, in whom the
defense had looked for confirmation of
Ellis' story of self-defense. To Mr.
Meredith she told that Porter had come
to his father's house. On Thursday
night, the night of the shooting, Porter
went out, saying he was going to
get a trap. He took his father's rifle
and two cartridges, and left.
To Mr. Robinson, she said he did not

1911.—"For ever twenty years I have
been troubled with Kidney Disease, and
the doctors told me they could do me
no good, and that I would be a sufferer
for the rest of my life."
"I doctored with many advertised medi-
cines, but none of them suited my case."
"Nearly a year ago I tried 'Fruit-a-
lives' I have been using this fruit
medicine nearly all the time since, and
am glad to say that I am cured."

came to the house.
"Did Porter ever object to Mr. Ellis
speaking to you?" asked Mr. Robinson.
"No, sir."
"Did he tell you not to speak to Mr.
Ellis?"
"No, sir."
"Did he threaten to shoot Ellis if he
spoke to you?"
"No, sir."
"You can write, can't you?"
"Yes, sir."

"Please write these words." Here
Mr. Robinson had the girl write the
words of the note which the defense
says was left by the girl a year ago on
the path at Ellis' farm.
Girl's Denial.

The prisoner sat forward in the dock,
leaning upon his arm, with his eyes
under his bushy hair, as point by
point the girl denied these facts upon
which he had counted so much in his
defense.
The judge interrupted to ask why
this statement was being written by
the girl, Mr. Robinson explained that
he hoped later to establish her author-
ship of the letter, but allowed her to
stop writing and went on with his
cross-examination.
"Did you call him Eck?" he asked.
"I called him that when my mother
was around," replied the girl.
"Do you remember Inspector Miller
coming to see you?"
"Yes, sir."

"He showed you a letter, and it was
in your handwriting?"
"It was not in my handwriting," re-
plied the girl in a firm voice.
"You met him on the way to church
one day, and at first denied, but later
admitted writing the letter. Is that not
true?"
"No, sir."

Father of Dead Man Testifies.
Louis Porter, father of the dead man,
was next called. He said that on the
day that the body was found, Ellis
walked over the trail of blood in the
road with him and others. Ellis came
up and said, "Have you found him?"
and the people said "Yes."

He said that the son must have been
coming home when he was shot.
Finding of Body.
Constable John Welch of Minden
told of the lay of the land and the place
where the body was found on the road.
There was a trail of blood for forty feet
on the road, starting 52 feet from the tree
where Ellis had been, and ending in a pool within 12
feet of it. He told of Ellis' confession,
made to himself and Inspector Reburn.
Ellis had said the last time he shot
Porter he was falling. He said he
was "kind of falling forward" when
he shot him in the abdomen.

The constable said that Ellis had
gone with him to find the gun. He
said that Ellis had told of the shooting
on the scene. Then he repeated Ellis'
story of the shooting, which was that
Porter had passed his place. He had
gone to look for cattle first in the op-
posite direction and later in the direc-
tion taken by Porter, getting his gun
as he passed his house. He had met
Porter coming back and asked him if
he had seen his cattle, and Porter asked
whether it was cattle or himself he
wanted. Ellis said if it had been him
he could have shot him. He said that
with that Porter fired one shot at him.

Says Porter Opened.
Ellis did not return the fire and they
went away in opposite directions. Por-
ter going toward Ellis' and his father's
house. A few minutes later, when
Ellis was returning, he saw a man ap-
proaching him and stepped into the
bush. The man passed him and he
called to him, "Is that you, Lou?"
The answer was a shot, which he heard
whistle by and strike a tree. He opened
fire, firing two or perhaps three shots,
the last one, the one in the abdomen,
being fired as Porter was falling for-
ward.

Welch said that under the tree where
Ellis had stood he had found another
cartridge, but one which could not
have been fired from either gun, and
another person had found still an-
other. They would not fit either of
the guns.

of Dynamiting in
Dayton,
Ohio.

INDIANAPOLIS, Oct. 22.—(Can.
Press.)—A battered, ivory handled um-
brella that had survived an explosion
was produced as a government exhibit
at the "dynamite conspiracy" trial to-
day.

Thomas Berger of Pittsburgh, Pa.,
foreman of a bridge construction com-
pany, identified it as having been
found after an explosion on a railroad
office at Dayton, Ohio, May 3, 1908.
"I notice you are examining the
handle. What attracts your attention
to it?" asked District Attorney Miller.
"If you see the handle engraved with
initials 'E. C. J.' replied the witness.
"It was the umbrella which the govern-
ment charges Edward Clark of Cin-
cinnati carried when he attempted to
blow up the bridge and which he held
over the dynamite to protect it from
a heavy rain. The government asserts
Clark, after lighting the fuse, forgot
the umbrella. Clark, at the opening of
the present trial, pleaded guilty. The
indictment alleges that Herbert S. Ho-
kin, acting secretary of the Interna-
tional Association of Bridge and Struc-
ture Engineers, assisted Clark in
preparing for the Dayton explosion.

Told of Many Explosions.
Judge Anderson today ruled that evi-
dence concerning the 100 explosions
referred to by the government, includ-
ing the Los Angeles Times disaster,
might be introduced as showing a mo-
tive. He said the conspiracy was not
had been proven by the piece of guilty
on the part of Clark and Orrie E. Mc-
Manigal, but the jury was to deter-
mine whether the remaining defend-
ants were implicated.

The court stated further that the
government had undertaken to show
that the object of the conspiracy was
much broader than the mere illegal
transportation.
PETERBORO MAN DIED IN WOODS

he had met death while hunting in the
woods near Ketchum Lake were re-
alized when the body of Ernest Thor-

lake by one of a searching party. He
had lost his way and, being of some-
what frail constitution, succumbed to
exposure. He was an accountant in

That is said to have been an eleven hour change of mind on the part of Mr. McIntyre, kept Becker from the witness stand. "I did not put Becker on the stand," Mr. McIntyre said. "Simply because I did not care to dignify the opinion that the charge of murder had been corroborated by credible witnesses."
Becker said: "I wanted to go on the stand, but my counsel advised against it. I do not believe any jury would convict me on the testimony offered in this case."

FELL THRU HOLE

Matthew Harding Badly Injured on West Bloor Street.

Matthew Harding, aged 35, 35 Mount Pleasant street, was seriously injured about 9.15 last night on West Bloor street, by a car driven by a man named "C" and will address the members of the Deutscher Verein, in the new club quarters, 41 Isabella street, to-morrow evening.

Dr. Stressemann will speak in German and will discuss the present trade relations existing between his country and Canada, and the possibilities of increasing Canadian exports. The meeting will be open to all German-speaking citizens interested in the subject.

As an executive officer of a strong organization of German manufacturers and producers, the doctor is making a study of conditions in the United States and Canada, and during his tour has visited the government at Ottawa.

As a member of his recheat, Mr. Stressemann attacked the policy of his government, which resulted in the surtax placed on German goods by the Laurier government, and was a leader in the movement carried on by German trade interests for the abolition of the restrictions.

GROWS FINE POTATOES

Joe Downey Is Becoming a Most Successful Farmer.

Supt. Downey of Orillia Asylum has sent the finest display of Ontario grown potatoes ever received by the department of agriculture.

The asylum devotes 4½ acres to potatoes and each season yields 354 bushels to the acre.

THROWN FROM WAGON.

William Papenick, 314 West Front street, was thrown from his wagon on McCaul street yesterday afternoon, when it was struck by a street car.

Mr. James Harrison of the Canadian Seamless Wire Company, Toronto, street, was presented by the employees and office staff with a handsome silver ten service on the eve of his approaching marriage. The presentation was made by Mr. Hickling. Mr. Harrison made a fitting response.

THE WEATHER

OBSERVATORY, TORONTO, Oct. 22.—(5 p.m.)—Since last night a disturbance of some importance has developed over the lake region and rain is falling tonight over the greater part of Ontario, in Quebec and the maritime provinces, and also in the west, the weather has been fine.

CARLISLE STARS IN ACTION

MEN WHO WILL PLAY HERE THANKSGIVING.

The Carlisle players are credited with being equal to any American team. Four of these men are picked by experts for the All-American team. On the left is Powell, the steam-roller of American football; next is Bergis, the centre; Thorpe, the premier athlete of the world, is next. He is the best kicker and runner in the United States. Behind him is Goeback, a brilliant strapping player. On the extreme right is Welch, the quarterback picked by many as the best man in his position playing the American game.

CAPITAL REGRETS MONK'S LEAVING

Ex-Minister Will Take Rest at Atlantic City—No Successor Yet Appointed.

OTTAWA, Oct. 22.—(Special.)—After being just one year and twelve days a member of the Borden ministry, Hon. P. D. Monk took leave of his colleagues today, and is now just an ordinary member of parliament. Mr. Monk said good-bye to the members and officials of his department at 2 o'clock.

Later Mr. Monk dropped in to say a few words to the correspondents, among whom he has always been a great favorite. "I am sorry to go," he said, "and there was a touch of feeling in his voice."

After a short conference with his royal highness Mr. Monk left on the 2:30 train for Montreal. He intends taking a short vacation in Atlantic City.

Where Paths Diverged.

No official statement has been given as to Mr. Monk's precise reasons for stepping out. He has gone in any event upon the best of terms and with the undiminished respect and esteem of the prime minister and his colleagues. No successor has yet been appointed.

Hon. George H. Preley III administers the department in the meantime.

tion to Brantford was non-political. Replying to the criticism of Mr. Lloyd Harris, that the commission was not providing a sinking fund, Mr. Beck declared that it would have been unfair to burden the system at the start with sinking fund charges, and that it had been decided to leave the debt for all municipalities to come into the power union by 1914.

Mr. Beck stated that the earnings of the commission at present would provide for 2-1/2 per cent. yearly being applied to sinking fund.

Municipal Radicals Coming.

The minister of power further declared that it was not a question of price per kilowatt, but of principle and policy, electricity for all, rich and poor, and the saving of the Niagara heritage for the people of the province. As a private citizen he foresaw the time when the municipalities would have to operate a system of radial roads. He urged Brantford to carry the hylaw on this point, as it would carry a central power station between Brantford and Paris, resulting in a wide agricultural section securing big advantages from the use of cheap power.

along the line from Adrianople to Kirk-Kiliseh, the Turkish troops advancing and the Bulgarians falling back with heavy losses.

The Montenegrins apparently are making slow progress in the direction of Scutari. Podgoritz despatches say that the bombardment of Tarabosch continues, but also the fort has been greatly damaged, there is no sign of yielding.

In naval matters the honors so far are with the Greeks, who have captured Lemnos, thus securing a base from which they can attack the Turkish squadron should it ever emerge from the Dardanelles. Scarcely, however, the Turks are not disposed to leave the Black Sea and risk an encounter with the Greek fleet.

FARM LABORERS ARE IN DEMAND

Good Wages Offered But Men Are Hard to Get—Domestics Needed in Ontario.

ALTHOUGH in previous years the immigration situation closed in Ontario by September, the number now pouring in is almost as great as any time during the season. In spite of this fact farmers in Ontario are offering as much as \$26 a month and board, with steady work all year round, and yet are unable to secure all the men they require. This statement was made to The World yesterday afternoon by an official of the government immigration office at the Toronto Union Station.

It was stated that the chief difficulty to meet from the labor shortage standpoint was the fact that more than fifty per cent. of those now coming out were women and children, who were joining families and friends here. The present demand for agricultural laborers is more than double that of the supply.

Girls in Demand.

"About ten per cent. of those coming over are women and girls suitable for domestic service, but the supply falls very short of the demand. We have five positions as a domestic servant available every applicant," said the head official for Ontario to The World. "And you may state that he has a standing offer to every suitable woman or girl in Toronto or Ontario to obtain for her a position in domestic service is she applies at our office in the Union Station. Not only this, but she will be placed in a position within five minutes after she makes her application." When it is taken into consideration that this is a government department and that those placed in positions by this office are done so absolutely free of cost to themselves, this offer should prove of value to those wishing to enter domestic service.

GREEKS OCCUPY KASTRO.

ATHENS, Oct. 22.—(Can. Press.)—After a short engagement with the Turkish garrison a landing party of 500 Greeks today occupied Kastro, the capital of the island of Lemnos, and hoisted the Greek flag. Three Greek officers and 52 soldiers were made prisoners.

Admiral Countouriotis issued a proclamation to the inhabitants announcing the occupation of the island by Greece.

SOUND ADVICE FOR MEN

Stop the Weakening of Your Vitality Before It Has Destroyed All Your Happiness and Strength

Take my Electric Belt for what it will do for you. Wear it when you sleep at night, or while you are resting after your work. You will find it a man's case, and they think the Belt is a great deal. Use it for any ailment which drugs have failed to cure, and you will never cease praising it.

I claim that I can cure you, weak men; that I can pump new life into worn-out bodies; that I can cure your pain and aches, limber up your joints, and make you feel as frisky and vigorous as you ever did in your life. That's claiming a good deal, but I have a good remedy, and know it well.

No matter what ails you, there is a cure for you in Nature's Remedy—Electricity. The greatest cures on record have been performed by this famous Belt, and it is recognized to-day as the greatest remedial agent known to mankind. It cures every form of weakness, restores the fire and vigor of youth, cures all forms of Nervous Diseases, Kidney and Bladder Troubles, Rheumatism, Sciatica, Lumbago, and many other complaints, after every other known system of medical treatment has failed.

Manor Farm, Danfield, Ont., Feb. 16, 1912.

Dear Sir,—I can safely say that I have not felt better for ten years than I do to-day. The Belt has done all you said it would. I must say you have acted very decent to me. The way you have taken an interest in my case after you got my money shows you a man among men, which a patient should appreciate very much. I have told the people here how honest you have been with my case, and they think the Belt is a great deal. I feel strong and well now, and I have not worn it a great deal either. I have had no back ache since I wore it. I felt a difference the third or fourth time I wore it. I will do all I can by recommending your Belt to others.

Yours faithfully,

DR. McLAUGHLIN'S ELECTRIC BELT

Builds up broken-down men, restores youth and vigor, and makes men look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Back Ache, Sciatica, Varicose Veins, and all ailments of the system. It will not fail. It cannot fail, as it infuses in the weakened parts the force of life and strength.
