OUR PLANES DOWNED IN RAID ON ENGLAND

British Government Springs Surprise and Arrests Sinn Fein Leaders

POLICY OF IRON HAND TO CRUSH IRISH SEDITION

Discovery of German Plot By Sinn Fein Has Led to Arrest of Hundreds in Various Parts of Ireland, Including Leaders of the Movement.

London, May 19.—The government has adopted the policy of the iron hand in dealing with sedition in Ireland. All the leaders of the Sinn Fein Society have been arrested by a swift comprehensive dragnet drawn by the police and soldiers during the night and early hours of the morning.

The dragnet swept all over the country and there was no possibility of resistance. The majority of those arrested were taken from their homes while asleep, and only a few scuffles and a little revolver play took place.

The proclamation by the new viceroy states that the arrests were made because a plot with Germany was being formed. This gives the government ground for justification.

The Nationalists, who figured dramatically in the Easter insurrection of 1916, the small group of Sinn Feiners who recently won the parliamentary election from the Nationalists and refused to take their seats at Westminster, with various leaders of the local branches, a large proportion of those arrested figured in the Easter rising and were afterward pardoned by Premier Asquith's government.

The latest turn of the kaleidoscope of the complicated Irish situation has surprised the whole of Britain as completely as did the Easter rising of a few weeks ago.

The general interpretation of the government's new plan reads from the viceroy's proclamation is that the sedition will be crushed for a time while a scheme for voluntary enlistment is tried.

The latest development places the Nationalists in an embarrassing position. John Dillon and his followers have withdrawn from parliament and joined the Sinn Feiners and the church in a strike for non-recognition.

The Sinn Fein is proved to be in conspiracy with the Germans. The Nationalists must drop their new alliance, because the Nationalists never have been pro-Germans, nor even anti-British, but only home rulers.

American opinion is, as always, in Irish affairs, an important element in the case. All Irishmen want American sympathy and support.

Prof. John MacNeill, president of the Gaelic League, and head of the Sinn Fein volunteers, who is one of the few prominent Sinn Feiners not arrested, declares that the Sinn Fein is not in sympathy with the Germans.

The war cabinet has a free hand for dealing with Ireland for the time being. Parliament has adjourned until the 24th and cannot hinder the cabinet with questions or debates.

A DARING RAID FOR ARMS ON TYRONE COUNTY CASTLE

Masked Men in Autos Drive to Seat of Duke of Abercorn and Cut All Wires.

Dublin, May 19.—A daring raid for arms was carried out by Sinn Feiners at Baroncourt Castle, County Tyrone, the seat of the Duke of Abercorn. The raiders, who were masked, drove to the estate in considerable force by motor cars. They temporarily detained the gatekeeper and proceeded to the castle hall, having previously cut the telephone and telegraph wires, so that help could not be summoned.

Authorities Searched Headquarters in Vain for Incriminating Documents. Prisoners Brought to Dublin and Put on Board Steamer at Kingstown.

Countess Markievicz Insisted on Taking Pet Dog With Republican Colors. Six in One House Fought, and One of Number Wounded by Bullet.

Belfast, May 19.—There is some evidence that the Sinn Fein leaders had preparations made for a long time for any coup that might take place. When the police and soldiers went to the headquarters in Harcourt street, Dublin, Saturday morning, they discovered that, beyond a lot of more or less routine correspondence, there was no document of importance.

The latest development places the Nationalists in an embarrassing position. John Dillon and his followers have withdrawn from parliament and joined the Sinn Feiners and the church in a strike for non-recognition.

VILLAGE TAKEN BY THE ANZACS IN NIGHT RAID

Capture Three Hundred and Sixty Prisoners and Twenty Machine Guns.

CASUALTIES ARE LIGHT

Raid Attempted by Enemy Northeast of Bethune Is Repulsed.

London, May 19.—The Villages of Ville-sur-Ancre, north of Morlancourt, has been recaptured by the British, the Australian troops making a successful raid during the night, in which they took 360 prisoners and 20 machine guns.

The text of the report reads: "A local operation during the night at Ville-sur-Ancre was completely successful. Australian troops carried the German positions in and around the village, which is now in our possession, and captured 360 prisoners and 20 machine guns. Our casualties were light."

"We carried out successfully a raid today on a hostile post southwest of Morlancourt and inflicted casualties on the garrison."

"On the remainder of the front there was only artillery activity on the part of the enemy."

"A minor enterprise was successfully undertaken by us last night in the neighborhood of Villers-Ascq. Our positions in this locality have been improved and a number of prisoners and machine guns have been captured."

"Successful raids in which we captured a few prisoners and four machine guns were carried out by us on the last two days in the neighborhood of Hamel."

"A raid attempted by the enemy northeast of Bethune was repulsed by our fire before reaching our lines."

British Artillery Interferes Materially With Bringing Up Supplies.

With the British Army in France, the British artillery activity the allied front between Flanders and Amiens has been absolutely quiet.

Many more aerial battles have taken place in the last few days and a number of German machines have been driven down. The scouts have been making extended flights over the region between the allied lines, especially along the Somme Valley, west of Amiens, for the purpose of reconnaissance. No infantry movement, however, has been attempted.

The British batteries maintain a steady and harassing fire on all roads and assembly places. This accurate bombardment undoubtedly has destroyed concentrations of troops and interfered materially with the bringing up of ammunition, food and supplies.

Italians completely repulse third Austrian attempt to recapture Monte Asolone.

Another Air Raid Over England

London, May 19.—Hostile aircraft crossed the coasts of Kent and Essex shortly after eleven o'clock this evening and proceeded towards London. At midnight the raid was still in progress.

London, Monday, May 20.—(3 a.m.)—Four enemy airplanes were brought down in last night's raid over eastern England, says an official communication just issued.

The communication says: "Reports show that four of the enemy airplanes which raided London and the southeast last night have been brought down."

"The raid appears to have been on a large scale. A considerable number of bombs were dropped."

"No details of casualty or damage are yet available."

BRITISH AIRMEN CARRY OUT RAID ON COLOGNE

Important Rhine City Sustains Damage From Bombs—Metz and Thionville Stations Made Marks for Tons of Explosives.

London, May 19.—A successful raid was carried out yesterday on railway stations, factories and barracks, at Cologne. Thirty-three bombs were dropped and were seen to explode on railway sheds. The bridge bombing machines were attacked by several hostile scouts, two of which were driven down out of control.

The statement continues: "Hostile aircraft were not as active as on previous days, although large formations of German machines were encountered on the last two days in the neighborhood of Hamel."

"A raid attempted by the enemy northeast of Bethune was repulsed by our fire before reaching our lines."

WILL NOT DROP COLLEGE SITE FOR HOSPITAL

Scheme Will Entail Provision of Better Facilities for All Traffic.

SEMI-PERMANENT STYLE

Ten New Bungalow Structures to Be Initial Work of Building.

The government have not yet disclosed their plans for a soldiers' hospital on the grounds of St. Andrew's College, Rosedale, but apparently they are on a big scale, involving an extension of the Church street car line right up to the new establishment.

As near as The World could gather there is no likelihood of the hospital's construction or the minister of militia abandoning the project because of any protest from the residents of that section of the city. Nor is there any substantial reason why such a protest should be made.

The hospital will be modern in every respect and involve large expenditures. But it must be right in the city and served by cars and first-class street approaches.

Garnett Grant Comes In.

A real estate man said last night that the parties anxious to sell St. Andrew's College to the government for a hospital site and willing to make a reasonable price, are the holders of certain bonds that were floated some years ago by Garnett Grant in a company that he promoted.

The college naturally has a substantial interest in seeing the company of Garnett Grant either carry out its purchase and implement the plan, or follow the other party's lead. A city legal firm represents these bondholders, and is more or less in touch with the military authorities.

The real estate man could not say whether the deal had been closed, but the military representatives had pretty well committed themselves to the purchase, and to an elaborate plan of hospital construction.

A Bridge to St. Andrew's.

The Civic Guild have a plan for the extension of Highland avenue into St. Andrew's grounds and by a subway under the C.P.R. and the new hill by a new road for the new Mount Pleasant civic car line. This plan is harmonized with the plan of Commissioner Harris and the city engineer, J. B. O'Brien, of the Civic Guild is not yet prepared to make a statement. But the Church street car line must be got to the hospital in some way, either by the long Glen road bridge, or a new bridge north or south of the C.P.R. station.

The suggestion is to build a timber bridge or a concrete bridge over the C.P.R. bridge now being taken down.

It was rumored some time ago that Commissioner Harris was getting ready to abandon the plan of a subway under the C.P.R. and going to the hill just east of the ravine; that he would now get to Mount Pleasant road by the extension of the Civic Guild civic car line east.

Yonge street and over a new bridge to Mount Pleasant road. But no such line as this would now serve a soldiers' hospital that would quarter perhaps 4000 patients in new buildings erected in the college grounds in Rosedale.

St. Andrew's View.

A member of the board of St. Andrew's College said that if the government wanted their building they'd take it, notwithstanding any views of the management. As a matter of fact the Civic Guild bought a fine site at York Mills some years ago and have the grounds all ready for the buildings. They'd have to go into temporary quarters if their present building was turned into a hospital. Any benefit they got out of a quick sale of their building and grounds would be more than exhausted by the increased cost of building material.

Rosedale Expulsion.

What about Rosedale and the soldiers' hospital?

To this question a prominent resident of that section said: "The people will accept the hospital, the some of our people will decline against it. But we've got to have hospitals, and we've got to have them where they can be got; and no locality, in war conditions, can interfere with a war necessity. Rosedale will, or should, turn in and take the hospital under its special care; see that it is well administered, that the men are looked after, that things are made as pleasant as possible for them; and that they get their full share of the flowers grown in the Rosedale gardens. EXPRESS AND FREIGHT COLLIDE ON TRESTLE

Brakeman and Fireman Killed, and Three Others Badly Injured, But No Passengers.

Montreal, May 19.—A head-on collision occurred between a freight train going west and passenger train No. 22 from Toronto to Montreal, on the Canadian Pacific Railroad at this morning near Christie Lake, Ont., which resulted in the deaths of Fireman Butland and Brakeman Martin, of the freight train. The engineer of the freight train, who was in their berths, were considerably shaken up, but none was injured sufficiently to require medical care.

Both engines were badly smashed, while the express and baggage cars on the passenger train were broken up, then destroyed by fire, which started from the gas tanks. The passenger train was not damaged. The tracks were badly torn up. The loss will be heavy, tho it is stated that most of the express and baggage cars were removed before they were burned.

It is stated that the collision was due to the freight train overrunning its orders.

Forty Per Cent. More Wheat Has Been Sown in Alberta

Edmonton, May 19.—Forty per cent more acreage in wheat than last year is reported by Hon. Duncan Marshall, whose previous estimate of fifty per cent increase in total farm acreage has been borne out by investigations thru the province. The oat and barley crops are expected to make up the balance of the increase, there being a considerable amount of seeding of these grains still to be done.

FLY TO OTTAWA.

Two Canadian Aviators Make Trip of 116 Miles to Capital.

Ottawa, May 19.—Capt. F. Sedgewick, commander of the 89th R.E.F. squadron, of Toronto, and Lieut. J. E. Schinagh, of the 90th squadron, arrived in Ottawa Saturday evening by airplane to spend the week-end with friends, a journey of 116 miles. The machine made the journey to Ottawa in an hour and a quarter. It is one of the latest model, with dual control.

TURKISH REGULARS ADVANCE IN PERSIA

Enemy Reaches Points South of Lake Urmia—Plans Attack on Mesopotamia.

Moscow, Saturday, May 18.—Turkish regulars and Kurds, advancing in Persia, have occupied Souzbuk and Ushun, south of Lake Urmia, according to newspaper despatches from Tiflis.

A despatch from Tabriz says that the Turkish objective is Enzeli, which will become the central base from which the British will be menaced in Mesopotamia.

Recent despatches from the Mesopotamian front have reported a British advance up the Tigris River to Kirkuk, after considerable fighting with the Turks. The Turkish aim to reach Enzeli, which lies to the eastward of Kirkuk, may indicate an attempt by the Turks to attack the British line of communications along the Tigris River.

ITALIANS CAPTURE CASATASSON RIDGE

Rome, May 19.—The war office communication issued today says: "There has been considerable local fighting along the whole of the front. On the southwest slopes of Monte Mantello, north of Corno Tresegnori, we completely stopped an attempted enemy attack. In the Ademello district, strong hostile detachments attacked our outposts south of Mount Stabile. Our troops resisted bravely and, successfully supported by artillery, repulsed the enemy, who was compelled to retire leaving hundreds of dead and wounded."

"In the Val Giudicaria we attacked and dispersed the garrison of a hostile outpost on the southeastern slope of Mount Nozzolo, capturing prisoners and material."

"North of Monte Grappa our assault troops stormed the Casatasson Ridge, inflicting casualties and taking a few prisoners."

"In the Val Arsa and on the Asiago Plateau there has been increased artillery activity by both sides."

"The aircraft activity has been considerable along the whole of the front. A kite balloon and four enemy machines were downed by two British aviators."

The Government Will Not Withdraw. A senator up from Ottawa said on Sunday that the minister of militia would not be likely to interfere with the location of a soldiers' hospital in St. Andrew's College, Rosedale. He would be guided by the advice of the hospital commission, says Colonel Ryerson, speaking for it, had said in Toronto on Saturday the hospital would go to Rosedale.

Ten Bungalow Buildings. Erection of new buildings providing hospital accommodation for from 1200 to 1500 soldiers is to be the initial work by the Dominion government in the St. Andrew's College property, stated Lieut.-Col. E. S. Ryerson, D.S.O., to The World. For this hospital accommodation for returned wounded soldiers the government will build about ten bungalow type structures, each capable of housing one hundred and fifty men. There will be four wards in each of the buildings. The buildings will be of the semi-permanent type of construction, that is, of gray concrete walls, but without cellar foundations.

The buildings at first put up will be planned in such a way that any number of additional buildings can be added later. This is because the central plant and services will be on a scale to cater to the requirements of any needed number of buildings. It has been found that about 4000 wounded and sick soldiers are still to come back to Toronto district from the war zone. It is also official that all these returned soldiers will receive their hospital treatment in buildings to be erected on the St. Andrew's College property. If the war lasted for a longer period than expected and 10,000 wounded soldiers came back to Toronto district, there would be ample room at the St. Andrew's grounds to provide the hospital accommodation, state the military authorities.

FIFTY-SIX KILLED IN CHEMICAL PLANT

Nine Explosions Wreck Aetna Company's Works Near Pittsburg.

Pittsburg, Pa., May 19.—Fifty-six men are known to be dead, ninety-four injured and in hospitals, and thirty-one employees of the Aetna Chemical Company are missing as a result of the nine explosions yesterday that wrecked this company's explosive manufacturing plant at Oakdale, 16 miles from this city. In most of the men were extinguishing small fires in the debris and were bringing out remnants of human bodies, legs and hands with finger rings on them, and in some instances only the incinerated torsos were found. In some cases identification was possible, but in most of them there was nothing to indicate the identity of the victim.

While earlier explosions wrecked the plant, the last one about 6.30 o'clock, blew the piles of debris clear of the ground and scattered them over more acreage than before and blackening every piece of metal or timber, beyond recognition.

Federal officers, representing the department of justice today ordered the arrest of two men who were photographing the ruins. A special policeman arrested two men early today as they were about to hurry away from the plant on a motorcycle.

COUNT PLUNKETT TAKEN

Dublin, May 19.—Count Plunkett, member of parliament for Roscommon, was arrested here last night. No further arrests are expected immediately. All remains quiet here.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

Australian troops achieved a brilliant local success yesterday when they captured Ville-sur-Ancre. This village, which nestles in a strong position; as its name discloses, lies on the Ancre Brook, southwest of Albert and forms part of the Amiens front. The Australians captured the village by nibbling. They began their siege by improving their positions near this point in the preceding night, and yesterday they captured the surrounding defences and occupied the remaining ruins. They took 22 machine guns and 360 prisoners. The enemy is still hesitating over the renewal of his offensive.

It may be that the recent British naval operations off the Belgian coast and in the ports of Ostend and Zeebrugge have followed the enemy offensive plans more than the outside world believes, for it is not uncertain that the Germans had intended a large raid into southeastern England from these harbors. They could bring flat-bottomed boats down the Bruges Canal to ferry their soldiers across. Every successful war involves invasion of the enemy territory at its most vulnerable point.

General Smuts spoke at Glasgow in a sanguine manner concerning the outcome of the war and was responsible for the assertion that to win the war the British government was to crush the German army absolutely and to occupy Berlin. He said that a successful defence on the western front would achieve victory. As the British army did not have to crush the German army absolutely and to occupy Berlin. He said that a successful defence on the western front would achieve victory. As the British army did not have to crush the German army absolutely and to occupy Berlin. VETERANS TO GET AFTER LANDLORDS

Government May Be Asked to Investigate Rent Troubles.

Hamilton, May 19.—Grasping landlords, who raise the rent while the breadwinner is in the trenches, will be put under a heavy fire at the meeting of the Hamilton branch of the Great War Veterans' Association Monday night. This action will be taken as the result of a letter from a soldier somewhere in France complaining about his landlord raising the rent.

Comrade Albert H. Peart will move a motion of discussion on the subject and will also ask that the government be petitioned to adopt similar laws as are in France and in England, built later. This is because the central plant and services will be on a scale to cater to the requirements of any needed number of buildings. It has been found that about 4000 wounded and sick soldiers are still to come back to Toronto district from the war zone.

ARREST FOLLOWS BACK YARD CHASE

Detective Follows Alleged Motor Car Thief Thru Devious Paths.

Ralph Ostrum, 800 Ossington avenue, was arrested by Detective Crowe, of Pope avenue station, on Saturday night charged with the theft of a motor car belonging to J. W. Home, 45 Dunbar street.

On Saturday evening Detective Crowe and Policeman McCullough were driving on Eastern avenue, when one of the motor cars which they saw a car with four youths in it pass them. The detective thought the license number looked familiar, but by the time he was able to get a look at the car it had disappeared up the street.

The policeman gave chase in their car and three of the boys jumped out and ran when they saw the police car overtaking them. Ostrum, who is said to have been driving, was unable to get free of the car for a few minutes, but the policeman gave chase to the three youths who first jumped from the car, but failed to catch them, and the fourth youth who ran through an alley and jumped over a back fence.

The detective followed, and a merry chase commenced. Crowe, through chase down-up and down alleys, thru front doors and out the back doors of houses on the street. The youth flew with the car, and Crowe, who had his revolver, Crowe fired two shots in the air after the fleeing youth, who, trying to distract the attention of the officer, threw up his hands and fled. The policeman gave chase to the three youths who first jumped from the car, but failed to catch them, and the fourth youth who ran through an alley and jumped over a back fence.

GENERAL SOLDIERS GET LESS BREAD UPON MOUNT CORNO

Capture of British Canteens Only Whetted Appetites for Square Meal.

With the British Army in France, May 19.—The German soldiers have been put on reduced bread rations. They were promised that the offensive which began on March 21 would bring them into a country yielding additional quantities of food. The capture of some British canteens and transport wagons containing supplies tended to confirm this promise and whetted the appetites of the men for a square meal.

The meagre spoils of the first drive, however, were speedily exhausted, and since then the troops have had to subsist on what rations could be brought thru the British barrage. On the whole they have been starved, but there is great discontent owing to the failure to improve their food. During March the bread allowance was reduced from 1,500 to 1,400 grams per man making the daily ration half a loaf of only 700, instead of 750 grammes. Despite repeated protests this has not been increased. The men have been told that they must "economize."

FARMER FATALLY HURT IN MOTOR CAR WRECK

Windsor, May 19.—Joseph Parent, aged 50, a farmer living on Tecumseh road, in Sandwich East Township, a few miles east of Windsor, was killed tonight when his automobile went into a deep ditch two miles west of Tecumseh early in the day.

Laurent Parent, a brother, and also riding in the front seat of the machine, was badly injured in the accident, his jaw being dislocated. His condition is considered precarious. His wife, aged 40, son of Laurent, sustained an injury to his spine. The father and son were both removed to Hotel Dieu. FOUR MORE UNIONS FAVOR A STRIKE

Winnipeg, May 19.—As a result of voting on Saturday by Winnipeg workers, four more unions here have expressed themselves in favor of a strike to support the British employees striking in Winnipeg. The railway men voted 500 for a strike of 155 against. The typographical union voted for a strike, the most unanimous. The C.N.A. machinists voted 100 for a strike to 3 against. The stationary engineers, 250 in number, have given a majority for a strike, although the count is not quite complete. The decision as to whether or not all or any part of these men shall be called out to support the strike movement rests with the strike committee.

HOPEING FOR A BOARD

Ottawa, May 19.—Hon. T. W. Crothers, minister of labor, stated tonight that there had been no new developments in connection with the labor situation at Winnipeg. The government, he said, had asked David Campbell, a Winnipeg lawyer who has had experience in the past in connection with labor troubles, to use his best efforts to induce the concerned, other than members of the Federation of Civil Employees, to agree to the appointment of a board of conciliation. Mr. Campbell will be successful in his efforts.

BIG CROWD GREETED RETURNED SOLDIERS

Cases of Measles Developed on Their Trip Homeward From Overseas.

IN GOOD SPIRITS

Men Are Entertained at Red Triangle Club on Arrival.

Right on the minute of the announced time a contingent of 160 returned wounded soldiers arrived at North Toronto station on Sunday morning and received a warm welcome from the large crowd of their relatives and friends on hand to greet them. These present to extend Toronto's official welcome included Mayor Church, Col. H. C. Bickford, Toronto district commandant; Rev. Canon Dixon, Alderman S. Ryding, James Somers, J. B. Laidlaw, Wm. Banks, Jr., Sergeant Major G. Gough, Capt. Lou Scholer and Dr. Doolittle, of the Citizens' Voluntary Aid Association. The band from Exhibition Camp also took part in the welcoming ceremonies.

The returning soldiers were all in good spirits. Some, however, were not in good health, as a few cases of measles had developed en route from overseas and on arrival in Toronto a dozen of the war veterans were under quarantine orders. The contingent of 160 returned men included 28 "cool" cases. They traveled to Toronto from the coast in two special hospital coaches, and on arrival were conveyed to the military hospitals in ambulances. A number of returned soldiers for Hamilton also arrived in Toronto yesterday morning. After being breakfasted at the Red Triangle Club they left later in the day for the Ambitious City. All the Toronto men well enough to proceed to their homes went direct from the North Toronto station to the number provided by the Citizens' Voluntary Aid Association.

ORDE STREET SCHOOL SOCIAL CENTRE CLOSSES

The formal closing exercises of Orde Street School social centre was held Saturday evening at the school, under the auspices of the Central Neighborhood House, with a large gathering of friends and parents. Mrs. Keene, social centre director, presided, and in a short address spoke of the work of the past year. She stated that it had been the biggest year ever held, over 3000 children having been in attendance every month, and a concert or play being given every Saturday. She thanked all the volunteer workers who had come to her assistance, as well as the playground association, who had financed the social centre recreation work of the boys and girls, and also the board of education, who had kindly given use of the school.

During the evening two little plays were given. The first was "The Little Rich Girl," being put on by the "Sunshine Club," composed of the girls of the afternoon class, in which the leading part was taken by Fanny Wolowitz. These girls were trained by Miss Florence Frazer. The other play was "The Fairy's Child," given by the older girls of the evening club, known as the Canadian Friends Club. The principal part was taken by Cella Glass, and this club was trained by Miss Mae Urquhart of the Margaret Eaton School. A black-faced minstrel show was put on by the younger boys of the evening class, who were trained by L. Tew, the boys' worker at the social centre. An exhibition of embroidery work, manual training, clay modeling and patchwork was also given.

SOCIETY

CONDUCTED BY MRS. EDMUND PHILLIPS

The Duke and Duchess of Devonshire expect to leave shortly for a few weeks' tour in Ontario. The lieutenant-governor and Lady Ardagh have given their patronage to the classical and national dances to be given in Massey Hall in aid of endowing cots for children in the hospital of Toronto by Miss Sternberg. Sir Glenholme Falconbridge and Brigadier-General A. Macdonell, D. S. O., C.M.G., have gone for a few days' fishing near Pembroke. Major-General Fotheringham spent the week-end in town from Ottawa. Miss Church and Mrs. Byfield have returned from Ottawa. Col. R. S. Wilson has returned from Washington.

Colonel Merritt to get in touch with every member of the association in Canada, with a view of their presenting the imperial government with two airplanes. Mrs. J. P. Mackay, Montreal, is visiting her sister, Mrs. C. E. Hooper, in town. Miss Margaret Cook, who has been the guest of the Bishop of Ottawa and Mrs. Roper, returned to Toronto on Saturday. Miss Cook expects to leave for Japan early in August to resume her missionary work.

The annual athletic meeting was held at Upper Canada College on Saturday afternoon. The weather was ideal and the surrounding country beautiful. Lieutenant-governor was present, attended by Colonel Fraser, Lady Hendrie, who presented the prizes and asked for a half-holiday for the boys, was given a bouquet of exquisite Beauty roses, her small nephew, George Hendrie, in the preparatory school, having the honor of doing so. Miss Hendrie was there, commencing her studies at the school. Mrs. Grant entertained at the tea hour, the table being beautiful with a variety of spring flowers. Miss Ardagh, principal of the preparatory school, gave a party for the decoration of rooms and table being composed entirely of wild flowers. Lady Hendrie's prize of a pair of gold cuff links was given to the boy who won the greatest number of open events.

Mr. and Mrs. E. K. Williams, Winnipeg, are in town and will go to Ottawa before returning home. Lieutenant Messurier, son of Mr. and Mrs. Thomas Messurier, Vancouver, is earning considerable success overseas as an artist. His series of portraits of Canada's fighting generals are now appearing as front-pieces in "Canada," the well-known illustrated weekly published in London, England, and which circulates largely among the Canadian troops overseas. Lieutenant le Messurier, who was attending college at the time of his enlistment, is on the instructional staff of the Canadian training school of Beihill-on-Sea, but expects to cross to France shortly. He did not take up pen and ink work in earnest until some time after he joined the army. He thinks that he will take up the work seriously after the war. Portraiture and caricature show him at his best.

Mrs. Henry Cavthra had a small dinner for Miss Carlisle during her few days' stay in town, and Miss Ina Matthews a luncheon party. Mr. Ian Bond returned from Halifax on Saturday.

Mrs. Nixon will come to Toronto next Wednesday, where she will visit her daughter, Mrs. Torrance Beardmore, while attending the annual meeting of the National Chapter, Imperial Order Daughters of the Empire, where she will represent the Municipal Chapter of London.

Miss Marjorie Walsley (Mrs. Sherman's sister), and Mrs. Donald Charles (Mrs. Cameron's sister), United States navy; son of Mr. and Mrs. Kemmerer, New York, were married on Wednesday May 15, in the Little Church Around the Corner. The marriage, owing to the groom leaving for overseas before the end of the month, was hurried, and took place very quietly.

Prof. and Mrs. Major will throw open their lawn, garden and paddocks to the returned men, their wives and children every Wednesday, during the summer, commencing with the first Wednesday in June.

Miss Campbell is in Vancouver staying with Mrs. R. G. Bedlington. Miss M. J. Bonner, D.C.M., who has been home on furlough after serving in France with the Twenty-seventh City of Winnipeg Battalion since the last three years, has transferred to the Royal Air Force. Miss Lillah Fairbairn has returned home on a visit to her brother, the Rev. Rex Fairbairn, of Ottawa.

The marriage took place very quietly at St. Andrew's Church on Saturday afternoon at two o'clock, the Rev. Dr. Grant officiating. Mr. Gordon Taylor Williams, R.N.C.V.R., head quarters staff, Ottawa, only son of Mr. and Mrs. G. B. Williams, Wellfleet street, to Gladys Evelyn, only daughter of Mrs. A. Crawford Macpherson, Jameson avenue. The bride who was given away by her brother looked radiant and lovely in a battleship gray tailor-made with shoes and gloves to match and a Paris hat of gray crepe with pink roses, etc. carried a bouquet of sweetheart roses, and wore the groom's gift, a large square diamond and sapphire set in platinum. Both bride and bridegroom were unattended. After the ceremony Mrs. Macpherson held a reception for the immediate relations, when she wore a handsome black gown with bouquet of orchids. Mr. and Mrs. Williams receiving with her, also the bride and groom. Mrs. Williams, looking as young and pretty as the bride, wore white gorgonite crepe and a black hat with oyster, carried mauve sweet peas. Mr. and Mrs. Williams left for New York and Atlantic City, and on their return will live in Ottawa.

The United Empire Loyalists' Association of Canada held a successful patriotic meeting at the Margaret Eaton Hall on Saturday evening. Miss Ethel Shepherd provided an excellent musical program. Col. Hamilton Merritt gave an address on "Reminiscences and Airplanes." Mr. W. N. P. Jarvis talked of the mechanical transport in France, and Lieut. F. O. Loft of the Canadian Forestry Corps of his experiences. Refreshments were served by the ladies' committee and large contributions of soldiers' comfort socks and money were contributed. At the close of the meeting, Mr. A. T. Bowby, chairman, read a paper embodying a suggestion from

A Smart White Skirt for the Twenty-Fourth May Be Chosen From These at \$1.95 to \$9.00

Ever since the time of our childhood, the "Twenty-fourth" has been looked upon as the turning point from Spring to Summer. And it's a fact that the day usually comes up to our expectations.

Of course we can't promise that it will be "fine and warm" on the coming holiday. We hope it may be; in any case, you'll want to be prepared for the enjoyment of a glorious day of sunshine. And an essential purchase will be that of a smart WHITE WASH SKIRT.

Beginning today, we'll make a special display of the most attractive new models that your fancy could picture. We describe a few of them, and suggest that you make your summer selections as soon as possible. There's a full range of prices now, and since each skirt is fresh from its maker's hands you'll get several "wears" out of any you choose before laundering will be necessary.

- At \$1.95—Wash Skirts of White Repp, made on a very attractive model, with four buttons at the front closing, patch pockets with fancy flaps that are button-trimmed, the skirt gathered in the back, and supplied with a belt.
- At \$2.50—Wash Skirts of White Pique, each smartly made with gathered back, belt and inset pockets which button up in a novel manner.
- At \$3.50—Wash Skirts of Grey Percale or Beach Cloth, very practical models that are admirable for gardening, camping and so on. They'll give endless wear, and don't soil readily. Each has patch pockets and belt.
- At \$4.95—Wash Skirts of White Fancy Cord, a striped fabric which has garbardin weave alternating with pique stripes. The model has the clearest little vest girdle that fastens in front with two buttons.
- At \$6.50—Wash Skirts of White Garbardin, one of the most attractive models we've seen, made with two box pleats in the back instead of gathers, the belt trimmed with embroidered tab at the back, the inset pockets each supplied with embroidered flap.
- At \$9.00—Wash Skirts of White Garbardin, a very beautiful model that buttons all the way down the front with big pearl buttons, the inset-pockets having button-trimmed flaps.

You can't celebrate the "Twenty-fourth" properly without doing a bit of decorating. Wherefore, flags. We have them in our Stationery Section. WILD ORCHIDS.
The Moccasin Flowers, Pink and Yellow Lady's Slippers, and the Showy Orchids.

"You'll never mount the airy steep With all your tripping vagrance." —Faust.

Fortunate, indeed, is the wildflower lover who comes at last upon some one or other of the few specimens of wild orchids that are scattered here and there by no means common, and it needs a keen eye, ever on the alert, and a nice remembrance of former haunts, before the blooming spots of the two lady's slippers are discovered. These wild orchids are peculiar in blossom structure, but the inflorescence formed is so beautiful, so quaint and so entirely out of the ordinary that the plants are readily recognized. Shaped like a blind-toed and sloppy slipper, the flowers rise to a height of one or two feet above the ground, and diffuse a faint sweet fragrance that attracts the bees and other insects in great numbers.

Strange to say, however, the slipper, so easy of access, is quite a trap to

SENATORS IN TWELVE INNINGS WIN SUNDAY

Defeating Cleveland in One of Largest Crowds Ever Seen in Washington.

At Washington (American)—Sunday baseball in the National capital was inaugurated on Sunday with a 12-inning game in which Washington defeated Cleveland, 1 to 0, before one of the largest crowds that ever gathered at the local park. More than 15,000 persons attended. Each team made six errors, with seven of the total divided four and three respectively between Shortstop Levan and Chapman. This was the fourth extra inning contest in which Washington had participated in five days, the total innings played in five games being 62. Score: Washington 000000000000-1 7 6 Batteries—Coveleskie and O'Neill; Ayers and Almshart.

At Cincinnati (National)—The local team made it four out of five from New York, by winning the last game of the series, 5 to 1, the outbatted by the league leaders. Elber kept the hits well scattered and his support was very fast. Barnes was hit hard in the fourth inning, when errors by Holke and McCarty were followed by 5 Magoo's triple and singles by Griffith and Nestle, resulting in four runs. Causey and Demaree were effective in the last two innings. Score: Cincinnati 0000010000-16 4 New York 0000410000-5 6 1 Batteries—Barnes, Terneau, Causey, Demaree and McCarty; Elber and Wingo.

At Chicago (National)—Chicago won the odd game of the series from Philadelphia when they shut out the visitors, 3 to 0, in the final game of the series. The game was a pitching duel between Tyler and Hoag, with the former having the shade because of the ability of the locals to make their hits count. When the easterners threatened to score on three occasions, fast double plays frustrated their chances. Score: Chicago 0000000000-6 0 0 Cincinnati 00000111-3 6 1 Batteries—Hoag and Burns; Tyler and Kilmer.

Newark Cleaned Up Series at Syracuse

At Syracuse (International)—Newark made it a clean sweep of the series with Syracuse, winning the Sunday game, 5 to 1. Barnhardt and Rommel pitched good ball, but the latter received better support. Brusy strained a muscle in his leg in the ninth inning and Pitcher Woodward replaced him in the outfield. Score: Newark 201010010-11 0 0 Syracuse 000001000-6 3 3 Batteries—Newark: Barnhardt and Rommel; Syracuse: Woodward and Madden; Barnhardt and Ringwood.

A league has been organized with three army and one navy teams from the American forces and four Canadian teams from the London headquarters. The attendance was about seven thousand.

CHEERS FOR BUGS HERSCHE

Jack Dunn's Orioles Play the Leafs Today at Hanlan's Point.

By Ida L. Webster. The first time Dan Howley should do this morning is elect a field captain, because the failure to have one directly accounted for two errors on Saturday. Amongst other things, ball players are not supposed to be mindreaders, and unless someone is going to direct those high flies, how does Dan expect the men to get under a game? Not once during the two games did Dan or anyone else let a yelp out of their mouths about the various plays, with Thrasier failing to get a ball, which really belonged to Onslow, he came in for a lot of undesired criticism from the fans. The manager should take great care to guard against this sort of thing, and also to give every man a fair chance to show up in his best colors before the public. Onslow worked well at first, but he certainly would not be a field captain. The manager should take great care to guard against this sort of thing, and also to give every man a fair chance to show up in his best colors before the public.

After the first two innings the Leafs were on their feet, and whatever pep they had in their game was already gone. Dan, on the other hand, the Binghamton Club gathered speed as they went along. The ten minutes of the first inning, and seem to really enjoy playing the game, which is more than can be expected of a pitcher who has already been short. As a shortstop he is a fair pitcher, and not only does he play the position well, but he is a most industrious player, which is an outrage to the already harassed fans. The whole country knows that Dan is a fair pitcher, but he is not content to play like a real infielder, but surely while he is forced to play at that position he should play like a real infielder, and not deliberately lie down on the job. If Jack could only field half as well as he catches, he would be leading the league. There were no errors chalked up against him, but certainly there were a couple which were mighty close to him. When Wagner relieved him in the second game, the fans in a body sent up a prayer of thanksgiving and the playing immediately took on a little more speed, but very little. Leaf played well at second and hit like a regular ballplayer. He will do, and long may he keep his batting eye.

Chick Hartmann has a good ball club, and one can easily understand why they are leading the league. There is not a lazy bone in the whole line-up, and from peppy Chuck on down the line they are full of ginger and ambition. Kay, their outfielder, is a wonder, and if he were in Howley's camp he would be almost worth his weight in gold. He is a regular Class AA aggregation, and it certainly is not a case of luck which keeps him winning games, but a case of knowing how. Their coaches could improve upon their work, as twice on Saturday were held at third when there would have been loads of time to get them home.

Achiele did not disappoint the fans, but came right thru in Fulman style, and when it takes a pitcher to play this out this kid has. He has excellent control, and delivers the ball like a veteran. With any kind of opportunity and luck the youngster should be found all dolled up in a major league uniform next season. He was released for second on Saturday it would have been all off with the old ball game, but fortunately, he stuck with the ship, and was the first man to stop the Bingos. This is somewhat of an honor, particularly as he has no one to thank but himself for the victory.

Hersche is a godsend to the Toronto fans, and his clever impersonations on the coaching line and lively chatter kept the stand in a good humor and provided a chance for cheering during both of the games, also in the last contest he was forced to share applause with Achiele.

"Bugs" was given an ovation on his first appearance which was equal to the one given to Dan, and it was easily seen that this pair are favorites at the stand. As for Dan, he was running a hard luck, as far as his hitting was concerned, but when things become brighter on the club that part of his playing will come back to form. He has been coming in for criticism from some parts of the country for leaving the club back at the Suspension Bridge, but this is merely a matter of opinion, and certainly his resigning at the border was no help. Goals for Bethlehem-Ratican, 3; Pepper, 1. Time of halves—45 minutes each.

West Toronto defeated Broadview. West Toronto defeated Broadview in the C. & M. League on Saturday, 10 to 2. For the winners Lester made 25, Collins 15 and J. Wilson 17. G. Hudson collected 17 of the Broadview total. Sons of England failed to get a team together to meet St. Edmunds, the latter winning by default.

GREAT SOCCER GAME RESULTS IN NO SCORE

Old Country and Dunlop Defences Too Strong for Attack—Results and Records.

One of the merriest battles seen in a long while in soccer circles was the game between Old Country and Dunlop at the Varsity Stadium. After battling for 90 minutes neither team had scored. Erratic shooting and loose work in front of goal lost both teams goals, but brilliant work by the defence of both teams made it a game well worth watching. Both teams still retain their unbeaten records. Base Hospital, another team as yet unbeaten this season, got a scare when the vastly improved Celtic Railway team held them to a goalless draw. R.C.D.'s, who were making their first appearance this season, defeated Baracas after a grueling contest by 2 goals to 1. The other games played were all of an interesting nature. The feature of Saturday's game was the large attendance at all the games, and this, despite the many counter attractions, Saturday's scores: T. & D. League.
