## ROUSSEAU'S LAST LINE RUSSIANS AT PORT ARTHUR

Tokio Expects to Hear of Fall of the Fortress at Any Moment

Newchwang, Aug. 4.—THE RUSSIAN TROOPS AT PORT ARTHUR HAVE BEEN DRIVEN BACK TO THE LAST LINE OF THEIR DEFENCES. THE JAPANESE ATTACKING FORCE HAS THREE HUNDRED AND FIFTY GUNS IN ACTION.

FALL EXPECTED ANY DAY.  
Tokio, Aug. 4.—The Japanese are hourly awaiting tidings of a victory at Port Arthur with more intense eagerness than heretofore displayed during the war.

TO BRING UP SUPPLIES.  
St. Petersburg, Aug. 5.—(4.10 a.m.)—The fact that there is no further news from the front beyond Lieut.-Gen. Zassalitch's account of the fighting at Port Arthur on July 31, bears out the Associated Press' explanation that the Japanese are halting to bring up supplies, especially ammunition, of which a modern engagement demands an extravagant expenditure, and without which it would be impossible even for a victorious army to follow up its success.

The official estimate of the loss of over 100,000 men with the figures in a despatch from Liaoyang, referring to the same fighting, and also says that the Russians were fully prepared to hold their positions when ordered to retire, which was carried out in perfect order.

The tropical heat continues, and there have been many deaths from cholera and dysentery among the troops. The Russian forces are being retrained by Lieut.-Gen. Zassalitch's despatch which gives a full account of the fighting around Hailuogang, and several despatches were sent off yesterday, which establish a heavy loss of men on the part of the Japanese.

Gen. Kurokichi with an army of 50,000 men is on the front, while the Japanese are reported to have with his division of 50,000 men.

The foreign military attaches are busy with the second army on the front to witness the battle. The Japanese troops are expected here tomorrow.

KUROPATKI RETICENT.  
St. Petersburg, Aug. 4.—Gen. Kuropatki's official attitude of reticence at Port Arthur is said to be only a division and a half were engaged.

Gen. Alexieff was in command, as stated in the despatch from Tokio yesterday. The Japanese commander, Gen. Nogi, is reported to have established a heavy loss of men on the part of the Japanese.

The failure of the Japanese to follow up their success is evidently due to the great satisfaction to the general staff here. Whether this feeling is due to the fact that the delay in the Japanese breathing space and enable him to arrange his contingents in a more favorable position for battle, or because it will allow him the requisite time to effect his withdrawal northward, is not known.

Lord Roberts said he was glad a comrade of Paardeberg was a winner of the leading shooting prize of the empire.

Pte. Perry says he intends to spend a couple of days in Toronto, the city of his birth.

While The World correspondent was conversing with Perry, he received a telegram from Col. Otter, saying that a demonstration was being prepared for the leading marksman of the British empire in Toronto.

# CROPS IN THE WEST.

Rains Have Produced Better Prospects for This Season.

Winnipeg, Man., Aug. 4.—(Special.)—Fine weather in Manitoba with much needed rain has greatly improved the crop prospects. The Territories are suffering from a prolonged drought, which has been a great disappointment to the farmers.

The farmers at the exhibition are generally optimistic, and look for a good harvest. In the Territories, the prospects are not so bright. The crops are suffering from a lack of water, and the farmers are looking for a heavy rain to save their crops.

From a report of the weather bureau, it is stated that the crops in the Territories are suffering from a lack of water, and the farmers are looking for a heavy rain to save their crops.

The English-speaking world, those who share our views in regard to government and to the uplifting of humanity at large, are growing closer together year by year, not by any mysterious way being manifested into a solidarity of sentiment and political action that cannot but mean good for mankind at large.

Great thoughts like these must come to the humblest of us by the western pilgrimage of the successor of Thomas a'Becket.

# WILD FLIGHT OF A TROLLEY

Runaway From Bloor-Street, Down Bathurst to King With Six Persons on Board, But Wonderful to Relate None Were Hurt.

Crashing along at terrific speed, its crew utterly unable to control it, street car No. 425 raced down Bathurst-street last night shortly after 9 o'clock. East College-street it sped, down the long stretch from College to Queen, down to King, and then becoming derelict it plunged over the boulevard and stopped within six inches of the sidewalk of the Canada Biscuit Company's building.

As it proceeded it gained speed, and when the motorman tried to stop it by pulling up some emergency brakes, the car broke through the street and sped down the long stretch to Queen-street. At Arthur-street the motorman tried to stop the car, but his own safety, he jumped. The car proceeded on its way, and when it reached Queen-street it struck the sidewalk and overturned.

At King-street it struck the sidewalk and overturned. The car broke through the street and sped down the long stretch to Queen-street. At Arthur-street the motorman tried to stop the car, but his own safety, he jumped.

# CORPORATIONS FALL OUT THEN THE PUBLIC SUFFERS

Business in Kent County Demoralized by Row Between Bell Phone Co. and Pere Marquette Ry.

Chatham, Aug. 4.—(Staff Special.)—The grinding space between the upper and the nether millstone is so frequently the portion of the free citizen when great corporations have a dispute to settle, that no surprise mingles with the indignation expressed by the people of Kent County who have been suffering there from the latest squabble. The Bell Telephone Co. and the Pere Marquette Railway set their machinery in motion and much free and independent speaking is the result.

Since the recent amalgamation of the Marquette lines it appears that a new agreement has been in course of negotiation between the railway and the Telephone Co. For many years free telephones have been supplied to the railway in exchange for wire-tapping and traveling privileges, and the corporations in their effort to carry a point each in its own favor, have exerted the pressure that bears, as corporation pressure usually bears, on the devoted public.

In Toronto the local officers of the Telephone Co. assured The World that they knew nothing of the matter whatever. All railway business was conducted from the head office at Montreal. Two weeks ago, even, when a telephone had to be changed at Weston Station it was necessary for the order to pass through Montreal. No information was given to the public as to the matter, even though the Bell Co. offered to let them remain free of charge.

At Chatham The World sought information, nothing definite could be learned. The local officials were as much in the dark as the general public, and except for a rumor that there had been trouble about the exchange of services on routes between the companies, no reason could be assigned for the action taken. A willful indifference was shown at Wallaceton, Dresden, Blenheim, Rensselaer and Filderton, but the Chatham service had not been disturbed.

Where They Dwell Not. The people in Kent County in Wallaceton and Dresden, had made vigorous protests, and held indignation meetings. The public had reported an account of the inconvenience to which they had been subjected.

ring up and find out what was the matter. "Business is very brisk, but I think this year we can keep them going. We have no stock on hand, tho'. Everything goes out at once. The apple barrels are on now and the extra demand for flour barrels begins about Oct. 1. We are using our own wheat, wood, and some maple.

**Free Phone in Blenheim.**  
The railway company don't have to pay for the phone either. There has been a free phone in Blenheim as long as it has been a station. I think the railway abused their franchise. I have known some of them keep it for 15 or 20 minutes when pay customers were waiting.

"I don't know that Ridgeway is out. The Michigan Central comes there, but here they know we can't help ourselves, and they will get our freight anyhow. It's only when the competition there have ordered them out."

James Rutherford, manager of the Canadian Flour Mills Co., had just returned to Blenheim from a business trip. "I knew nothing of it till to-day, but there is a good deal of inconvenience already. If I wanted five cars on the track all I had to do was to ring up the station and have it attended to. The long distance to the station makes it worse. It is a serious inconvenience, too, when we want to enquire about cars of wheat and other things. I hear there are six telephones out since Thursday, and the reason given was that the time of the railway employees was so taken up answering the telephone that they had to stop it. But if people want information they will have to answer anyway, and if it will take as much time across the counter as over the phone, I suppose there is some other reason in the background."

**Railway Cares Not.**  
"It is a serious inconvenience to us, but the railway does not care. They get all the freight here, and the passengers too. I have no occasion for the telephone, except for the railway station, and our head office. It is all very well for the Railway Company to discipline the Bell Co., but where does the public come in?"

When the Bell Telephone Co. first extended their service to Kent County, and the Erie and Huron was the only line running through Blenheim the Telephone Company asked permission to string their wires on the railway poles, undertaking to straighten these up, as they were in rather poor condition; and also to place a telephone free in the stations. The railway in addition

### YORK COUNTY AND SUBURBS BRIDGE INSPECTOR DEAD

E. Q. Bay of Montreal Run Over by C.P.R. Express—Other Local Events.

Toronto Junction, Aug. 4.—The regular meeting of the executive committee of the town council was held last night, Chairman Baird presiding. A request for permission to erect a sign over the street was received from Dr. B. O. Fife, which was granted.

C. J. Herbert, who formerly conducted a liquor store on Dundas-street, wished to remind the committee that he had a store on hand since local option came into force and couldn't be assessed thereon. An appeal for assistance was received from Mrs. Harris on behalf of Mrs. Henderson for the latter's boy, who is unable to work. The committee recommended that the sum of \$50 be placed at the disposal of the boy for his education and other charitable purposes. The reports of the other committees were adopted without amendment.

**Bridge Inspector Killed.**  
A. Frenchman by the name of E. T. Bay was run over by the C.P.R. express, due at Toronto Junction at 11:29 a.m., near Black Bridge yesterday and sustained frightful injuries from which he died four hours later.

Bay, who was a bridge inspector in the employ of the C.P.R., was looking over the new bridge structure built over the Black Creek. The express slowed up at this point, and it is believed that he attempted to board it. In doing so he fell under the wheels, which passed over his two legs about the neck of his neck. He was taken to hospital where both legs were amputated, but he died at 3 o'clock in the afternoon. An inquest will probably be held.

The dead man, who was about 50 years of age, came here from Montreal.

**Customs Show Decrease.**  
The customs receipts at the port of Toronto Junction for July of this year were \$212,045, compared with \$202,210 for the corresponding period of last year. The value of the imports was \$43,651.

On Saturday the Shamrocks will play with the Weston team on the grounds of the latter.

John Barran had one of his legs badly injured by a heavy trolley falling on him at the C.P.R. shops yesterday.

The Toronto license inspectors have been fogged by the license department on account of the hobo element frequenting the vicinity of certain hotels which are said to form a rendezvous for the hobo element.

**Colony License Troubles.**  
John Biggins has led from a new suit in connection with the Sudbury game of allegation. He accuses Constable Gagne of the district of Nipissing of Sunday violations of the Ontario statutes and the commission of crimes not mentioned in the charges made to Crown Attorney Browning, and Attorney-General Hibbert.

**Colony Going Home.**  
R. B. Ganev was in the city yesterday, stopping at the Walker House. He is a Bulgarian, and is somewhat thinner than when last here, but declares himself to be in excellent health.

**A Flattering Comparison.**  
"So you think you are a neglected genius?" "I'm sure of it," said the solemn citizen.

**Body Found in Water.**  
Coroner Pickering has issued a warrant for the body of a child, who was found in Coatesville's Cut yesterday afternoon. It is that of a child about 6 months old. The body when found was clothed in a good dress, which was trimmed with lace. It is thought to be well-to-do parents. The child would be well-to-night at 8.

Ottawa, Aug. 4.—(Special.)—Late tonight Houghton Lennox proceeded to reveal some more of the evil features of the Davis contract. He directed his attack chiefly against the line of showing that the contract made in 1896 was very much better, and in fact in no way inferior to the contract with the Laurier government made with Mr. Davis just before the elections of 1896.

Colonial, rococo and l'art nouveau electric fixtures. Call and see the latest arrivals of high art fixtures.

The cheapest of electric light in Toronto makes it possible to do away with old methods of lighting for the home, and the cheapness of these art fixtures enables you to get the artistic effect you want at small cost.

Don't spoil the look of your home by using obsolete and clumsy looking fixtures. A visit to our art showrooms will repay you.
