

not a war more legitimate as a war measure than were his "war zone" operations in British and Irish waters. And the ferocity underlying this new posture of conducting a blockade consists not with military law is far more brazenly avowed and gloried in. The United States fought one war—the war of 1812—in behalf of the principle of the freedom of the seas. We cannot believe that it has so far lost its manhood as to hesitate now that the challenge has come which may compel it to fight another.

Serious in Extreme.
New York Sun: "The notes closes for the present the chapter of altruistic endeavors and tentative of parley into which President Wilson has written his idealistic hopes. It creates an entire new situation, the most practical sort so far as the United States is concerned, and serious in the extreme in its possibilities of untoward incidents which may put to the test the steadfastness of Washington in its attitude and assertion of the principles which our state department has already enunciated."

Washington Post: "Germany's note will fall upon the American public with stupefying effect. It is a blow to the steady view of this country that President Wilson made such extraordinary efforts to bring about peace. It is impossible for the note to be taken as the new rule which Germany seeks to impose."

Protests Useless Now.
The world knows at least what Germany really means when she speaks of the freedom of the seas. This brutal and insolent pronouncement is only added proof that the besotted and bloodsoaked policy of Prussia does not change. Here is Germany in its full flower, the avowed intention to terrorize and murder, to repeat Belgian infamy, the horror of the Lusitania, the whole gamut of crime against civilization. It is fitting, indeed, that the mouthpiece of the German Government, in the presentation of this latest shameful insult to the American people should be Ambassador Bernstorff, the instigator and plotter of murder and destruction of property in the United States.

At the first attempt to make good this threat of piracy, President Wilson will be forced into the course of action that he himself has outlined to Germany more than once—the immediate severance of diplomatic relations. If we are to retain the respect of our self-respect before the world, there is no other avenue of protest open to us, unless it be the final arbitrament of arms.

Impossible Conditions.
Philadelphia Public Ledger: "This means impossible conditions for the United States. No American can in his senses would consider for a moment acquiescence in Germany's action. It is a grave question whether President Wilson should not hand to the German ambassador his passports immediately."

Boston Post: "We believe this sudden change of policy to be a monumental blunder on Germany's part, a needless and gratuitous message suggesting a state of cooperation that should not be to be willing to reveal to the world and to our enemies. . . . The fuse is near the diplomatic magazine, and it is lighted."

U.S. Duty is Clear.
Philadelphia Public Ledger: "It is impossible to exaggerate the gravity of the situation which the German note, or to ignore the indisputable fact that it brings the United States into a state of emergency. . . . The very verge of war. . . . There is no alternative but to meet this challenge and to die in this grave emergency."

Indianapolis Star: "A ruthless campaign such as indicates in Berlin announcement will embitter the allied nations to such an extent that peace efforts of neutrals are likely to fail on deaf ears. . . . The war rapidly is descending to a touch and a tumble dog rat-dog scramble, in which the rights of neutrals and the laws of humanity count for nothing when the interfere with a belligerent."

Cleveland Leader: "By the plain terms of the note given out by the German Government the United States is brought face

to face with a new peril of war. The note is plainly in direct defiance of the United States. But the orders of submarine commanders may be more restricted than the terms of the note indicate. This possibility may decide the issue between the United States and Germany."
Denver Post: "Germany is rushing to her doom. There is no plan in the universe that permits a nation to succeed by such methods as these, and this final step of Germany, in defiance of the United States, permits President Wilson to have no other choice than the severance of diplomatic relations altogether."

Baltimore Sun: "The government is now facing the most critical situation of the whole war. We cannot temporize. There must be no more illegal killing of American citizens on the high seas. If insistence upon this means a break with the central powers, then the break must be made at once."
Worcester Times: "It is a declaration of war against the United States sent in the form of a note which red-blooded Americans cannot stand for. Also, it is assurance that Germany has almost reached its limit of war enthusiasm and takes this reckless method of making one more big bluff to stop the war before German military might is crushed. It is the most astonishing paper ever issued by a government sustained by a sane people."

BRITISH COMMENT.
London, Thursday, Feb. 1.—The Morning Post's naval correspondent, discussing the submarine menace generally, this morning, says: "Germany knows if she can reach a certain point in commerce destroying, the entente allies must yield, and therefore, she is desperately, yet methodically, striving to reach that point while there is yet time."
"In general terms," says the correspondent, "the situation may be defined as a race against time, both neutral and belligerent, before she is defeated on land, she will win. If the allies can maintain sufficient sea transportation they will win. At this moment it is impossible to predict the issue, but the people of this country would do well to prepare for certain contingencies."

ROOSEVELT URGES ACTION.
New York, Thursday, Feb. 1.—Col. Theodore Roosevelt made the following comment on the German note to the Sun this morning: "We have in this note the explanation of the president's peace moves for the last six weeks. . . . President Wilson means what he has said about the freedom of the seas he will protect non-combatants from murder as the first requisite, and will act instantly against Germany."

SPEEDING UP
The war situation is being speeded up, Germany gives notice that she is to increase her hostile operations at sea and wide areas thereof; more mines, more submarines, more attacks on the ships of commerce, perhaps even of neutrals.
And also there are indications that the allies are getting ready for big drives by land, especially along the western and Russian fronts.

Germany in her note to the States, published this morning, shows that she feels more and more the starvation pinch.
Most significant of all, in a new sense, is that the United States may be forced into some kind of quick action by Germany's announcement of a more ruthless system of warfare at sea.

WILSON GOES TO BED.
Washington, Jan. 31.—President Wilson went to bed at 11 o'clock tonight after spending the evening alone in his study with a copy of the German note. This apparently disposed of suggestions that some action might be taken before morning.

The president saw no callers, but is understood to have used the telephone freely. As far as could be learned, no plans have been laid for him to go before congress as he had announced the sending of the Sussex note threatening to break off diplomatic relations.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

GERMANY notified the United States yesterday that she will wage ruthless submarine warfare. She will begin a blockade to starve the coasts of France and Spain, of Italy and Greece. Any vessel, neutral or belligerent, found in these zones, will be sunk by mine or torpedo. She warns Americans off allied ships, just as she warned them off in her first campaign when the Lusitania was sunk. She will only permit American passenger ships to ply to Folkestone.

In taking this action Germany breaks all her pledges to President Wilson in the Sussex and other cases and she precipitates a crisis in relations between the two countries. Whether President Wilson will instantly dismiss Von Bernstorff, issue another warning to Germany, or will wait until another American dies from submarine attack, has not yet been settled. Many persons at Washington expect war with Germany in the near future. One news agency telegraphed from Washington that the German note is an insult to the United States.

As soon as the notes arrived at the office of Secretary Lansing, German agents began to spread about stories that the plan is to carry starvation to the doors of England. This is a repetition of the starve England campaign of 1915. The German agents assert that Germany counts on the operations of an unheard of number of submarines to deliver blows to bring England to her knees within 60 days. One German official predicted that the war would end in a month.

The notes allege that the allies refused to discuss Germany's offer of peace terms.

The allied navies have had some time to prepare counter-measures against this coming campaign. It is the aim of Germany to establish conditions on the seas comparable to those of the dark ages, when almost every other ship was a pirate. She will do as much damage to British shipping as possible, but whether she will cut it down to below the necessary minimum for existence depends upon the vigilance and efficiency of the British navy.

On the Somme front the British have increased their gains on their new front of Le Transloy and they made in twenty-four hours fighting 25 more prisoners.

General Sir Henry Rawlinson told a Havas correspondent that the German officers are keeping up among their men the hope of forestalling a British in an attack, but that personally he doubted that they have already forgotten the lesson learned at Verdun. If they like to send a few hundred men uselessly to slaughter, the British see no objection, for they have everything ready to receive the foe or to make him receive them when they choose.

In the Carpathians the Russians captured German fortifications on heights a mile and a quarter west of Jacobeni. In the Riga region violent tactical actions are proceeding. The Russians in one exposed sector withdrew their forces about 1200 yards.

BIG FLEET ALL READY TO CHASE SUBMARINES

Britain and Allies With Host of Light Cruisers Will Keep Ports Open at All Costs—May Convoy All Merchantships.

New York, Jan. 31.—Great Britain and her allies are prepared to meet Germany's moves in her submarine campaign. It was authoritatively asserted in shipping circles here tonight. The entente powers were convinced weeks ago that ruthless warfare with under-sea boats would be deemed sooner or later, and have known for ten days that the decision had been reached. The ports of Liverpool and Bordeaux will be kept open at all hazards. British steamship representatives asserted, even if it becomes necessary to close every merchant ship which crosses the Atlantic. The first step to be taken by the British admiralty which virtually controls the merchant fleets of the world, will be to arm every ship with guns and art for defensive purposes. It was predicted.

To meet the emergency, which it was confidently expected would arise eventually, the British Government has been assembling for months, it was said, a large fleet of small, fast cruisers to be used as "submarine chasers." This type of warcraft has proven very effective against under-sea boats, well-informed shipping men declared.

Fleet of 4,000 Vessels.
Agents of British lines declared the admiralty now has a fleet of 4,000 vessels available to keep the sea lanes clear of raiders and submarines, and to act as convoys.

The admiralty has so arranged sailings and destinations it was explained, that they can be changed without delay to meet with circumstances as they may arise. The asserted was made that there would be no interruption in the sailings from American ports of ships flying the flag of the entente allies.

It was considered probable, however, that vessels flying neutral colors will be kept in port until instructions are received from their governments. "This is certain to be true in the case of Dutch steamships."

A marked advance in marine insurance rates was also explained. One way rates today for American vessels were 7 per cent, while those for a 10 per cent were being charged for Mediterranean ports.

ALL VESSELS DETAINED IN PORT OF NEW YORK

Steamships and Tugboats Included in Order, Purpose of Which is Not Disclosed.

New York, Jan. 31.—Orders were issued tonight to the torpedo boat stationed at quarantine to preserve neutrality, not to permit any vessel, either neutral or flying the flag of one of the belligerents, to pass out tonight.

The order applied not only to steamships, but to tugboats. Several tugboats which passed quarantine early in the evening, before the order was issued, were compelled to return to port. The purpose of the order was not disclosed.

BRITAIN ANSWERS GERMANY'S THREAT

Interference With Hospital Ships, Will Be Followed by Reprisals.

Special Cable to The Toronto World.
London, Jan. 31.—Should Germany carry out her threat and sink hospital ships, Great Britain will make reprisals immediately. This was officially announced today in a note to Ambassador Walter Hines Page, German minister in London, by the British Government.

The note stated that the British Government will not permit hospital ships to be used for the transport of munitions and troops. It also stated that the British Government will not permit hospital ships to be used for the transport of munitions and troops in any way contrary to the Hague convention for the adaptation of the principles of the Geneva convention to maritime war.

GERMANY VIOLATES PLEDGE TO WILSON

Submarine Sinks Ship in Gale, Leaving Crew to Famish at Sea.

London, Jan. 31.—The following statement was issued by the admiralty today: "The British steamer Artist, when 45 miles from land, in a heavy easterly gale, was torpedoed by a German submarine last Saturday. In response to her appeal for help, the U.S.S. 'Sinking quickly,' auxiliary patrol craft proceeded to the spot and searched the vicinity, but found no trace of the vessel or her survivors. Three days later the steamer Luchana picked up a boat containing 15 survivors. The boat had originally contained 23, but seven had died of wounds and exposure, and were buried at sea. The surviving 15 were landed, and of these five were suffering from severe frostbite, and one from a broken arm."

"The crew, then, were forced to abandon their ship in open boats in a midwinter gale, utterly without means of reaching land or succor. Those of them who perished during those three days of bitter exposure were murdered, and to pretend that anything was done to ensure their safety would be sheer hypocrisy."

"The question of Germany to the United States not to sink merchant ships without ensuring the safety of passengers and crews has been broken before, but never by circumstances of more cold blooded brutality."

RUSSIANS CAPTURE JACOBENI HEIGHTS

Czar's Troops Make Important Advance in Carpathian Range.

Special Cable to The Toronto World.
London, Jan. 31.—Resuming their offensive, Russian troops in the Carpathians, advancing on the road southwest of Kimpolung, stormed with bayonets the fortifications of the enemy on heights a mile and a quarter east of Jacobeni, taking prisoners and booty not yet enumerated.

The Russian attacking columns penetrated deep zones of barbed wire entanglements in an advance in snow up to their waists, and they were forward under violent artillery fire of the enemy.

The Germans say that after violent artillery fire forestalling a Russian attack on positions south of the Vale Putna road. After a third charge a Russian detachment entered a point of support.

In a violent battle in the Riga region in which German attacks in several sectors failed, the Russians, after being shelled four hours with chemical shells, withdrew on one of the sectors situated close to the Kalmen-Schloek high road, for a distance of two-thirds of a mile.

Borden Refers Wilcox's Bill to Special Committee of House.

EXPEDITE WAR CREDIT
Resolution Adopted Gives Government Business Right of Way.

By a Staff Reporter.
Ottawa, Ont., Jan. 31.—The house of commons today passed a resolution giving the government the right-of-way from now until the adjournment. This will expedite the war credit vote to be passed before the bill that must be passed before the prime minister leaves for Europe. To facilitate the end in view it was also determined that the house should sit on Saturdays.

The major part of the afternoon was taken up with discussion of a bill introduced by Mr. Wilcox of the North East, designed to deal with the effect of race s.d. betting. In Windsor and other places tracks are multiplying so that horse racing is becoming a continuous performance. The Wilcox bill seeks to limit all racing to 14 days a year in any municipality no matter how many tracks may be licensed there. The bill was given a second reading and will later on be sent to a special committee.

Wilcox's Proposal.
Mr. Wilcox (North Essex) in moving the second reading of his bill to amend the Miller Act respecting racing associations, said the Miller Act only permits an association to have two meetings a year. He proposed to increase that to five meetings a year. He said that there were more than one race course in any city, town or county or where there are two or more race courses. He proposed to limit the number of meetings to five in any city, town or county or where there are two or more race courses. Removal of Rails.
Sir Wilfrid Laurier moved for a copy of all correspondence with the imperial government on the subject of sending to France, rails and other railway material taken from existing Canadian railways. He proposed that orders in council and a statement of all action taken in regard to same. Cannot Release Bond.
Replying to a question of Hon. Charles Macell, the prime minister said that the Canadian and British Governments had been unsuccessful in their efforts to secure the release of the German captives more determined to hold him.

Replying to a question Hon. J. Reid, minister of customs, stated that for 1,000 miles, but the question of customs at Toronto had been temporarily transferred to Montreal, and inspector Blair had taken over the Toronto office.

Patriotic Fund Contributions Reach Minister of Finance.

SENATE ELECTIVE BODY UNDER PLAN PROPOSED
Welland Member Has Resolution to Reform Upper Chamber.

By a Staff Reporter.
Ottawa, Jan. 31.—William Gordon, M.P. for Welland, is anxious to reform the senate, and he has given notice of a resolution with that object in view. He proposes to make it an elective body, with the present members of the upper house would be the first members after the reformation, and there would only be elections after vacancies occur.

However, the elected members would only remain for seven years, and not affect their tenure of office. He proposes to divide Canada into 98 senatorial districts. The Speaker is under the proposal, to be elected by the senators and not by the general in council.

By a Staff Reporter.
Ottawa, Jan. 31.—The estimated expenditure of the government during the fiscal year ending March 31, 1918, is \$203,472,765, a decrease of \$67,542,779 as compared with the estimates for the current year. The chief increases are the interest on the public debt, which is estimated at over eight million dollars, and over five million increase for pensions, making the total for pensions over eight and a half millions. The chief decreases are eleven millions in public works and twenty-three millions in railways and canals. However, when the supplementary estimates are brought down the decrease in the expenditure may be materially lessened.

Under the department of agriculture there are several interesting estimates: \$155,000 for the development of the dairying industries, etc.; \$150,000 towards the encouragement of cold storage warehouses; \$225,000 for the administration of the Meat and Canned Foods Act; agricultural instruction, \$250,000.

Public Works.
Railways and canals: Hudson Bay Railway construction terminals and elevator, \$5,000,000; Quebec bridge, \$1,600,000; government railways, \$6,875,000; national transcontinental railways, \$50,000; Welland Canal, \$200,000; Trent Canal, \$600,000; to provide for a report on the railway situation of Canada, \$120,000.

Public works: Welland Canal restoration, \$2,000,000; Toronto harbor improvements, \$1,000,000; Port Arthur and Fort William harbor improvements, \$55,000; Port Burwell improvements, \$86,000; Georgian Bay Canal Commission, \$25,000; \$120,000 for repairs to buildings in Toronto.

Moil subsidies and steamship subventions: Australian service, \$140,000; service to Great Britain, \$1,000,000; Cuban service, \$25,000; Newfoundland service, \$70,000; West Indian service, \$340,000; South African service, \$146,000; Chinese and Japan service, \$252,000; Australian service on the Pacific, \$180,000.

Naval service: Halifax dock yards, naval college, etc., \$1,000,000; radio-telegraphs, \$295,000; northern waters patrol, \$50,000.

The sum of \$452,715 is to be voted for the construction and completion of a dredging plant for the St. Lawrence ship channel, and \$150,000 for the extension and development of Canadian trade.

An increase of \$105,669 is provided for salaries for the Toronto postoffice.

The Second Day of the February Sale of Furniture, Housefurnishings and Silverware

Offers a Splendid Array of Bargains From Each of the Departments Concerned—Many at Half Price and Less

The Furniture Department Excels Itself Both in Values and Assortment

A Noteworthy Feature of This Year's Sale Being That 42 of the Largest, Best Equipped Canadian Factories Have Contributed to Its Success, Which Fact Gives Some Idea of the Variety and Extent of the Collection That Throngs Four Floors of the Furniture Building

DURING the whole 20 years in which this February Sale has been a feature of the Store the Furniture Department—despite the disturbed conditions of the market, which make unusual values more and more difficult to obtain, has never achieved such success as now, because:

1. We have had first choice of most of the reliable Canadian-made furniture at special prices, as, when many of the most important factories have unusually good values to offer, they immediately let us know.
2. No goods are made specially for the Sale, all being ordered from the factories' regular stocks.
3. Our buyer prepares for the Sale by paying cash for the furniture long before it is required. Knowing this, manufacturers are able to keep their factories working full time during what is ordinarily the slack season, and are thus enabled to let us have their products at great price concessions.
4. The better training of designers and cabinetmakers which the Made-in-Canada Campaign has entailed has resulted in an immense improvement in designs, construction and finish, until domestic-made furniture can compare favorably with imported furniture at very much higher prices.

In Draperies a Most Imposing List of Special Values

Many Items at About Half Their Usual Prices, Also Special Purchases That Are Absolutely Fresh and New

ONLY BY MONTHS of preparation for this big Sale of Furnishings, only by taking advantage of the most favorable opportunities for purchasing, was such a collection of bargains amassed at a time when the price of textiles is increasing almost daily.

Every section of the Drapery Department, curtains, chintzes, upholstering fabrics, screens, window shades, scrims and marquisettes, etc., will be featured throughout the month, and for Friday are offered these extraordinary attractions:—

Madras Curtain Muslin, 50 inches wide, at half the usual price, showing a variety of pretty all-over floral and conventional designs, on particularly strong grounds in the popular and very serviceable light ecru shade. The quantity is limited, and the designs so attractive that at such a price it can scarcely last long, so come early. Friday, yard, 20c.

Scrims, with fancy and colored borders, in a number of pretty designs, discontinued lines and mill ends, in some cases limited in quantity to a few curtain lengths. Also fine voile weaves, with neat printed borders, in a combination of colors. Any of them can be used as side or over-curtains, with or without a valance. Regularly 30c and 35c yard. Friday, 18c per yard.

Swiss, Scrim, Fish-net and Fine Nottingham Lace Curtains, 36 to 52 inches wide, 2 1/2 to 3 yards long, in white, ivory or ecru. Not more than six pairs of a kind; all good quality and beautifully finished; offering a variety that comprises styles suitable for any room. A clearing of lines which are not repeated for next season, at a price which in many cases is less than half the usual figure. Regularly \$2.15 per pair.

Chintzes and Cretonnes, 36 inches wide; all of good quality and showing a splendid variety of effective designs, in a host of color combinations. There are quaint little old-fashioned floral designs, big, handsome trailing rose patterns, striking old-world tree and bird patterns, soft harmonious tints in shadowed effects, also several effective striped and checked designs in art nouveau style. Among them, designs suitable for slip covers, curtains, draperies, etc. Regularly 30c and 35c. Friday, 18c yard.

Regularly \$3.00 to \$5.00.

Ice Racing Canadians Win At Mt. Clemens

BLUE SHIRTS DOWN FLYING FRENCHMEN

Show Excellent Team Play and Troupe Canadians in Fast Game.

Toronto opened the second series of the N.H.A. with a clear-cut win over the Canadians at the arena last night.

The Flying Frenchmen were without the services of Newey, Labande and were a much weakened team. They did not perform up to Saturday night's game, and Newey's work in centre ice was really missed.

On the other hand, Toronto played the best game of the season. The work of the forwards was brilliant, and the goal was scored in a most interesting manner.

Each club scored a goal in the first period. Toronto was the first to score, and the goal was scored in a most interesting manner.

The game was a fast and exciting one, and the Canadians were without the services of Newey, Labande and were a much weakened team.

The referees for today's games are as follows: Senior—St. Patrick's v. Dentals, at Arena, R. Hewitson, intermediate—18th Battalion of London at Saranac, F. Sproule.

That the members of the West End V.C. are enthusiastic, was proved last night, when the game was a much better, more interesting one.

WAR AIDS WORLD TO SOCIAL BLISS

Raymond Robins Sees in Service Panacea for Industrial Ills.

THE GREAT AWAKENING

Elevation of Lloyd George Illustrates Dawning of New and Brighter Days.

Two years of war have done more to enlighten the way of social evolution than the previous 50 years, said Raymond Robins, millionaire uplifter, of Chicago, who was the attraction at luncheon yesterday.

Never before had there been such a call made by the industries of Great Britain for the service of the people as today. Because of it the industrial system of the world is being reorganized.

As for the conflict of capital and labor, for the first time in history, production of wealth was sufficient. It was the problem of distribution that remained to be solved.

One of the greatest problems of the times was caused by the fact that capital was now largely impersonal and irresponsible. The holders of stock were scattered in all parts of the world and thought nothing of moral responsibility, but altogether of dividends.

Women had followed industry, not invaded it. The fact that they had been forced to give up regulating their own chores and the quantity of the production in the modern methods had taken many of their industries, and compelled to give regulation working days' labor was a serious menace to the vitality of Anglo-Saxon maternity.

Another factor in the modern problem was the elimination of the western frontier which the oppressor could escape by immigration. The speaker believed that the present immigration problem in Canada could be handled with profit to both countries if the immigrant were not looked upon as so much labor to be counted in the possibility of community service.

"If the bars are put up against the immigrant in this country, you will do a great injury to this country and to civilization," said the speaker. The principle of democracy in industry was vindicated in Lloyd George. The man who had been anathema to the employers of labor was now chosen in a moment of national crisis to lead industry to maximum production.

He was able to do so because he was able to co-operate with Henderson, who led the human army of workers. In line, the aim of responsible citizens should be the service of the many rather than the profit of the few, and co-operation between the forces of the industrial world, which would mean profit-sharing, insurance protection, etc. They must learn to use the head and the heart of labor as well as his hand. Until they had begun to do that they had not begun to develop labor. The result would be that products would be cheap and men dear. The highest paid were the most productive.

"The supreme romance of modern industrial life is the reduction of hours, with the increase of wages and the increase of profits," said he. Expressing his firm belief in the victory of Anglo-Saxon ideals in this war, Mr. Robins said the day would come when we should regard this war, terrible as it is, as the "great awakening."

GOES TO CALGARY. Ald. J. Gibbons, business manager and treasurer of the Street Railwaymen's Union, has accepted the invitation of the street railwaymen of Calgary, to visit that city and assist them in adjusting their differences with the street railway officials.

CHARGE OF THEFT. Leo McLaughlin, 5 Grange avenue, and Harry Riley, 199 George street, were arrested yesterday afternoon in the T. Eaton store, on a charge of stealing two rolls of silk. Detective Young made the arrest.

ANTI-UNIONISTS MEET. A meeting of the central executive of the Presbyterian Church Association was held in Montreal on Monday, presided over by Dr. A. Robertson, vice-president. No field secretary has as yet been appointed, but voluntary assistance is to be obtained from the various provinces to take the place of a field secretary for the time being.

FAVORS TAXING HYDRO PROPERTY

Sir Adam Beck Will Recommend Amendment to Assessment Act.

LAND, NOT BUILDINGS

Present Exemption Works Hardship in Many Municipalities.

Sir Adam Beck announced yesterday that he intended to recommend to the Assessment Act to be amended to allow the hydro-electric commission to pay taxes on lands owned or occupied by them.

The offer came to the parks and exhibition committee yesterday in the form of a letter from W. J. Suckling, president of the athletic association. While it is not made a condition of the transfer, Mr. Suckling suggests that the grounds be dedicated for all time to athletic purposes.

Major Church said in discussing the proposition, "It would be a revenue producer in normal times, and, moreover, the city would be buying the property at half its real value."

Chairman Ald. Gibbons said. "It looks like a generous offer to me."

THE DOMINION BANK

Proceedings of The Forty-Sixth Annual General Meeting of the Dominion Bank

The Forty-Sixth Annual General Meeting of the Dominion Bank was held at the Banking House of the Institution, Toronto, on Wednesday, the 31st of January, 1917.

Among those present were noted: Messrs. Walter E. Barr, A. H. Campbell, Hon. Thomas Crawford, M.P., W. D. Matthews, W. W. Near, J. J. Cook, W. C. Crowther, Capt. R. J. Christie, John T. Small, K.C., Sir Edmund B. Osler, M.P., Edward Galley, A. M. Nanton (Winnipeg), H. W. Hutchinson (Winnipeg), W. H. Cawthra, F. Gordon Oates, W. R. Brock, W. Gibson Cassels, Edward H. Burt, the William Crocker, F. L. Patton (Winnipeg), A. R. Boswell, K.C., E. Roach, A. W. Austin, A. T. Reid, J. Gordon Jones, J. Harry Paterson, H. D. Gamble, K.C.

It was moved by Mr. A. W. Austin, seconded by Mr. C. A. Bogert do act as secretary. Messrs. A. R. Boswell, K.C., and W. Gibson Cassels were appointed scrutineers.

The Secretary read the Report of the Directors to the Shareholders, and submitted the annual statement of the affairs of the Bank, which is as follows: To the Shareholders: The Directors beg to present the following statement of the result of the business of the Bank for the year ending 30th December, 1916:

Table with 2 columns: Description and Amount. Includes Balance of Profit and Loss Account, 31st Dec. 1915: \$344,489.71; Profits for the year, after deducting charges of management and making full provision for bad and doubtful debts: \$99,065.02; Less Dominion Government War Tax (on circulation): \$54,112.34; Taxes paid to Provincial Governments: \$1,450.00.

Which amount has been disposed of as follows: Dividends (quarterly) at Twelve per cent. per annum: \$720,000.00; Contribution to Canadian Patriotic Fund: \$25,000.00; Contribution to British Red Cross Society: 2,500.00; Contribution to British Sailors' Relief Fund: 2,000.00.

Contribution to Officers' Pension Fund: 25,000.00; Written off Bank Premises: \$774,500.00; Balance of Profit and Loss carried forward: \$363,442.39.

C. A. BOGERT, General Manager. The Statement presented shows a further growth in the business of the Bank accompanied by a satisfactory increase in the earnings.

Your Directors have continued the policy adopted at the outbreak of the war, namely—to conduct the Bank's affairs with as little interruption as possible, at the same time bearing a full portion of the responsibilities attendant on war conditions.

In view of the gradual extension of the interests of the Bank, the Board consider it advisable to recommend to the Shareholders an increase in the number of Directors from eleven to thirteen, and the relative necessary by-laws will be submitted at this Meeting for your approval.

Your Directors with regret make reference to the death of the Hon. J. J. Eoy, K.C. who was for many years a member of the Board and always keenly interested in the Bank's welfare. His place was filled by the appointment of Mr. A. T. Reid, a gentleman who possesses wide experience in commercial matters.

No new Branches were opened in 1916; the following were closed: Port Arthur, Ont.; New Westminster, B.C.; Fairview Branch, Vancouver, B.C. The substantial reductions in Bank Premises Account were made during the past twelve months through an appropriation from Profit and Loss Account and the sale of certain property unnecessary for the Bank's purposes—expenditures during the same period were unimportant.

The usual inspections of the Head Office and Branches have been made, and the Auditors appointed by the Shareholders—Messrs. G. T. Clarkson and R. J. Dilworth—whose certificate is appended to the Balance Sheet, have completed their annual investigation of the affairs of the Bank. Toronto, 31st January, 1917. E. B. OSLER, President.

It was moved by Sir Edmund Osler, seconded by Mr. W. D. Matthews, and resolved—that the Report be adopted. A resolution was passed by the Shareholders authorizing an increase in the number of Directors from 11 to 13, the interests of R. J. Christie, Sir John North, were reappointed for the current year.

The thanks of the Shareholders were tendered to the President, Vice-President and Directors for their services during the year, and to the General Manager and Officers of the Bank for the efficient performance of their respective duties.

The following gentlemen were duly elected Directors for the ensuing year: C. E. Stetson, W. R. Brock, James C. Macdonald, R. J. Christie, Sir John North, Sir Edmund B. Osler, M.P., and A. T. Reid.

At a subsequent meeting of the Directors, Sir Edmund B. Osler, M.P., was elected President, and Mr. W. D. Matthews Vice-President, for the ensuing term.

WOMEN OF EARLS COURT FAVOR THRIFT CAMPAIGN

Will Form Sub-Committees to Carry on Work in Northwestern Suburb. Members of the thrift campaign committee held a very enthusiastic meeting in the Earlscourt district yesterday afternoon when a large gathering of women was held in St. David's Presbyterian Church.

Mrs. H. H. Loomer was in the chair and Mrs. Torrington spoke on the conservation of national and other resources, pointing out how greatly the country would be benefited and how it would help to bring the war to an end. Miss Church spoke on the part the children might play. She said that where the penny bank had been in force in the schools thousands of dollars had been amassed. She urged that every child be supplied with a bank book and encouraged to open a bank account. The subject of war loans was gone into by Mrs. H. D. Warren, and Mrs. G. S. Lindsay made a strong appeal for made-in-Canada goods and for the exclusion of imported things that might be produced in this country. Vocal solos were given by Mrs. J. W. Dixon.

SOLDIERS' PARCELS MISSING.

Editor World: Five weeks before Christmas I sent to three of my friends in the trenches two parcels each. Of these six parcels only one has reached its destination. One of the men has written me to the effect that 60 per cent. of the parcels sent from Canada do not reach the men. He also cautions that these parcels are stolen in Canada and never even get to England. Women who send parcels to their husbands regularly and number them consecutively have proven that nearly three out of four parcels are stolen. I am told it is gossip of the trenches that this stealing takes place in Canada because the Tommies would lynch anybody in England caught stealing a soldier's parcel.

SMALL BLAZE IN HOSPITAL.

Special to The Toronto World. Kitchener, Jan. 31.—A gas pipe beneath the floor and ceiling of the third storey caused a fire in the Kitchener and Waterloo Hospital here about 7 o'clock tonight, which, however, was discovered in time, and very little damage done. The fire department responded quickly and the fire was extinguished, extinguishers and extinguishers of any of the patients.

SCURRYING GERMANS HOGS GO HIGHER

Australian Describes Life in Latest Instrument of Destruction.

Life in a tank, from descriptions of soldiers who have survived the experience in battle at the Somme front, must be a combination of the excitement in a boiler factory, a traction engine, and a torpedo boat. There is absolutely no room to spare. There is an incessant rattle and clang of machinery, and of steel echoing on steel within the confined space of the tank's metal walls and armored roof. And when it gets into the fighting zone and goes bumping over rough ground the jolting, pitching and heaving, the climbing and diving, are partly those of a land wagon and partly those of a ship, but intensified. The bumps, however, would imply that the ship was on the rocks.

SCHOOLS NOT AFFECTED.

The threatened coal famine is not likely to affect the public schools, this was the statement made by Superintendent Kerr yesterday afternoon. "I looked ahead," he said, "and gave instructions to order always a month in advance. There are a few schools where the accommodation for storing is not great, but even in those cases I think we can easily satisfy the demands."

WALL STREET IS FEELING GLOOMY

Peace Talk More Than Offsets Effect of U. S. Steel Report.

UTAH COPPER STRONG

Other Coppers Also Rise, But General List Sags Off Sharply.

Special to The Toronto World. New York, Jan. 31.—Those who had looked for a strong market as a result of the wonderful showing of the United States Steel Corporation in its statement for the December quarter were disappointed by the course of prices on the stock exchange. This was due to the fact that the widely advertised hearing opinion concerning the testimony before the congressional investigation committee yesterday had induced heavy selling, and at the same time, newspaper reports predicted an address by the German chancellor to President Wilson's note, and perhaps include the definite terms to be presented for the consideration of the war cabinet. Nothing was spoken of the like trading but peace prospects. U. S. Steel, common, which led the general market, after opening at 113 1/2, dropped to 111 1/2, and did not rally far above that price when other stocks strengthened in the last half hour of the day. There was an exceptional display of strength in Utah Copper, which closed at 111, making a gain for the day of over 3 points. Other copper stocks naturally developed a firmer tone and recovered their early losses.

BETHLEHEM'S BIG DROP

There was a reversed movement in the steel market after mid-day, when many bulls and reports referring to peace prospects caused selling and losses.

MARKET SWINGS CREATE SUSPICION

Weakness on Wall St. on Excellent Steel Statement Has Influence Locally.

The steel statement of the U. S. Steel Trust had not the effect upon the New York market which was generally anticipated. Yesterday's weakness on Wall street was an important factor on local sentiment and admittedly provoked sales of local securities. A market movement which cannot reasonably be accounted for creates suspicion and the present weakness here and a New York is of a variety. Through the entire local market yesterday there was a weak undertone, and pressure of offerings competing on the limited local market.

FLOUR EASES OFF IN OLD COUNTRY

More Liberal Offerings of Wheat Made at Liverpool.

CUT IN CONSUMPTION

Italy and France Continue to Absorb Arrivals—Supplies Moderate.

Special to The Toronto World. New York, Jan. 31.—Liverpool sent the following cable from Liverpool today: "Flour was dull and easier today, with offers of wheat more liberal than assumption reduced. Oats were dull, but steady, affected by the firmness in other cereals. Export offers are light and arrivals moderate. Italy and France continue to absorb, with supplies moderate. Barley and rye continue strong, with offers light and the demand good. Provisions remained strong, with a good general inquiry and arrivals small. Cold weather increased consumption. Offers of lard were scarce and futures were strong, with spot advancing. Shipments from Argentina for the week will be moderate. Light rain occurred in Argentina yesterday, but it was not of particular importance. Freight continued to be restricting purchases. Wheat at Buenos Aires closed quiet and lower. Oats were strong, with arrivals at ports scarce. The surplus of wheat, both old and new, is placed at 48,000,000 bushels, and of oats at 18,000,000 bushels. Practically no oats are being shipped, as holders are reserved. It is generally agreed that shipments of all kinds will be light for the remainder of the season, owing to lack of tonnage. The weather in France is severely cold over a wide area, and snow is lacking. Native offers are moderate and foreign arrivals light. It is wet and cold in Italy. Native offers are moderate and prices firm. Foreign arrivals are moderate and millers supplies light. Corn is in good demand. Dryness is reported over a prominent area in India, with some frost. Holders are firm."

DOMINION STEEL ABSORBED

Heron & Co. had the following at close: Montreal, Jan. 31.—Another big selling order in Dominion Steel was executed today, and it was absorbed wonderfully. When the selling was over there was a rather feeble rally and the market will naturally take some time to digest all this stock.

TORONTO CLEARINGS

Toronto bank clearings for the month of January amounted to \$246,464,674, compared with \$194,964,804 last year and \$170,707,111 in 1915.
