RUSSIANS DRIVE AUSTRIANS TOWARDS KOLOMEA 198,972 PRISONERS TAKEN IN THE BIG RUSSIAN OFFENSIVE United States Prepares To Send Expedition To Rescue Troopers

WILSON PLANS EXPEDITION TO FREE CAPTIVES

Carranza Must Release Troopers Today or Prepare to Fight.

MESSAGE TO CONGRESS

President's Request for Authority to Act Certain to Be Granted.

WASHINGTON, June 27.—Unless Gen. Carranza surrenders the 25 American troopers held at Chihuahua City before tomorrow night, President Wilson probably will go before congress Thursday to ask for authority to rescue them by force. Pending their release, the U. S. Government will not consider any offer of mediation or arbitration.

Prompt compliance by congress with any request the president may make by the calm which prevailed in both houses. Also measures designed to prepare for war were under consideration and the corridors of the capitol hummed with rumors, there was no excitement and discussion of the subject on the floor was avoided.

NURSES AND SOLDIERS MUST NOT "WALK OUT"

Edict at Ottawa Causes Indignation Among Nurses in Training.

By a Staff Reporter.
OTTAWA, Ont., June 27.—Nurses in training at the Protestant General Hospital, Rideau street, are not to be seen on the street with soldiers in the future. This is the effect of an edict which has just been issued in that institution, and it has caused considerable surprise and not a little indignation.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

ALTHO the latest British official communique is silent about the great artillery bombardments, which our gunners are carrying on against the German line, it is now well established that such an operation has been under way for the past four days and even the Germans say that the situation in Flanders is marked by intensive gun fire and the emission of gas clouds. It has generally been concluded by the people behind the lines that this British activity presages the launching of a general offensive, having, of course, as its object, the destruction of a great part of the German army in the western theatre of the war.

In order to judge whether that proposed offensive has any chance of succeeding at the present time, the lessons learned from previous experiences of the war must be rehearsed. Up till the present it has been found, after five great offensives, that a modern defensive line on which sufficient time has been spent for preparation for defence, can be held with a minimum of a trifle less concentration than two men a yard on the average, or a little more than 3000 men to the mile.

Such a defensive line, reposing on a flank that cannot be turned, can be broken by a combination of two offensive factors. The first factor is a prolonged and intense artillery preparation, involving the delivery of a great weight of high explosive shells, together with much shrapnel from the lighter pieces to cut the wire entanglements and other obstructions protecting the opposing trenches. The second factor comprises the launching, immediately after this artillery preparation ceases, of great masses of infantry to occupy the region devastated by artillery, to fall upon the survivors of the enemy,

HURT AT ST. CATHARINES GAVE TORONTO AS HOME

Man Who Said His Name is Storer of Roncesvalles Ave., Severely Injured.
Shortly after one o'clock this morning the Toronto Police Department received a message from the chief of police of St. Catharines, stating that there had been an automobile accident there, and that a man who said his name was Storer, and that he lived on Roncesvalles avenue, in Toronto, had been very badly hurt and was only partly conscious. He was unable to tell more of himself than that. In his pocket was found a note from Mrs. Monck, 398 Bathurst street, asking his wife to go to that address to do some work. The police called the Bathurst street address, but no one there knew anyone named Storer. The man injured may die, so the St. Catharines police say.

HUNS MUST KEEP OUT OF BAVARIA

North Germans, Seeking Food, Warned Away by Munich Government.

TO REDUCE RATIONS

Cabinet Admits Conditions Are Superior to Those in Prussia.

THE HAGUE, via London, June 28.—The widespread impression in North Germany that Bavaria, compared with other German states, is flowing with milk and honey, has led to indications that a big influx of summer guests may be expected there. This prospect has so alarmed the Munich Government that it has been thought necessary to issue a warning to intending visitors, pointing out that altho the Bavarians meat cards entitle the holders to seven hundred grammes weekly, which is considerably more than in North Germany, they include sausage, bacon, preserved meats and fats, which are not included in the north German meat cards. Besides, the Bavarian rations will shortly be reduced about twenty per cent. owing to the shortness of supplies.

COMMENCE BIG CAMPAIGN FOR ARMY RECRUITS

Representative Body Plans to Raise Twenty-Five Hundred in Two Weeks.

AIDED BY GOVERNMENT

City Hall Meeting Decides More Forceful Methods Must Be Adopted.

The net result of Mayor Church's recruiting drive, the council chamber last night was the appointment of a committee to consider ways and means of inaugurating a whirlwind recruiting campaign in Toronto and raising 2500 recruits within a few weeks. And, on behalf of the Ontario Government, Hon. Dr. Poirer donated \$5,000 toward the expenses.

The committee, which is given powers to add to its numbers, is as follows: Arthur Hewitt, T. H. Stevenson, representing district trades and labor unions; R. J. Christie, Lieut.-Colonel Williams, Free Dons, Orange Lodges; J. M. Godfrey, National Service League; Hon. Dr. Poirer, Major W. S. Dinnick, Dr. Norman Allan, Oliver Hezwood, Citizens' Recruiting League, and Mrs. Willoughby Cummings.

The meeting commenced with addresses by Mayor Church, Hon. Dr. Poirer, Arthur Hewitt, T. H. Stevenson and Fred Duns, all of whom voiced the cordial support of their various bodies in the scheme to get recruits. In this stage of the proceedings everything proceeded smoothly. But when it came to laying out a scheme for getting the 2500 men in the specified time suggestion was met by counter-suggestion, statement met by contradiction, and for a short time by the meeting was in an uproar, when Dr. Poirer, president of the Commercial Travellers' Association, interrupted the proceedings and told the gathering he was disgusted with Toronto and its recruiting methods.

"Grabbed by Neck."
"The method used by some recruiting sergeants are disgraceful," he said. "They grab young men by the neck."

LONDON, June 27.—Continuing their offensive against the Austrians in the Tyrol, the Italians yesterday advanced on the front between the Adige and the Brenta, capturing strong strongholds at Matagnone and Anghebeni and all of Monte Menerle. They cleared the enemy out of Posina and Arsiero and started to move up the valley of the Posina river, where they have reached a strong line of defence on the Sette Comuni plateau. They have crossed the mountain range of the Matagnone and Spitz Kessler and the Cima della Saetta, and they have carried the crest of the Caldera and the Campanella.

LONDON, June 27, 11.15 p.m.—Thruout the day the air was charged with rumors of a serious cabinet crisis over the Irish home rule compromise. The fact that there were two prolonged cabinet councils in addition to party meetings, seemed to confirm this view. An evening newspaper announced that the Marquis of Lansdowne, minister without portfolio, and Walter Hume Long, president of the local government board, had actually resigned, but that their resignations had not been accepted. Rumor also connected the name of Lord Robert Cecil, minister of trade, with the ministers likely to resign.

THE DAY'S EVENTS REVIEWED

and to push forward as far as possible towards the second line of defence beyond.

In order to be able to carry thru such an operation there must be a big element of surprise. As aerial observation prevents the concealment of big concentrations of troops, the general knowledge of a coming offensive cannot be kept from the enemy, so this form of surprise can be counted on as eliminated. The surprise may come in the form of the making of a general series of attacks ending with the concentration of efforts on a front of eight to twenty-five miles in breadth for the purpose of trying to break that front. The Germans have preferred making the front chosen for their principal assaults as narrow as is conveniently possible, while the allies have shown a persistent tendency to widen the area of their attacks.

If you closely observe conditions on the British front at the present time you will note that the Germans, suspicious of British designs, have kept pretty constantly on that front a force of about 500,000 bayonets and amounting with artillery and other services to about 900,000 men, or at least 9000 men a mile. That is three times the concentration of troops per mile deemed capable of holding a fortified front. The conclusion is therefore irrefragable that if the British are planning to break that front in the near future they must bring into play not only vastly superior numbers, but the greatest artillery surprise of the war. It is not probable that if the attack is launched in all seriousness of endeavor it will be supported by the massed fire of a number of batteries at present undreamed of. New tactical surprises may also be produced.

Before Verdun yesterday the Germans continued the suspension of offensive operations, for the attack which the French repulsed in Fleury Village was plainly a local action, without any connection with the general plans of the enemy. The artillery action has appreciably diminished. It is evident that the Germans have other matters to absorb their attention just at the present time.

Continuing their counter-offensive against the Austrians in the Trentino the Italians yesterday advanced on a twenty-mile front or more and occupied many strong positions wrested from the Austrians. The progress has been general, although fiercely resisted at many points. The Italians have cleared the enemy out of the Posina Valley as far as the northern slope and have occupied Asiago. They report the finding of considerable evidence of the barbarous methods of the Austrians. These have been burned Asiago, Asiago and if the British are planning to break that front in the near future they must bring into play not only vastly superior numbers, but the greatest artillery surprise of the war. It is not probable that if the attack is launched in all seriousness of endeavor it will be supported by the massed fire of a number of batteries at present undreamed of. New tactical surprises may also be produced.

desire of Mr. Bonar Law and the government, who wished further time for consideration of the Irish proposal. This postponement puts a new complexion on affairs and permits of the hope that a crisis will be avoided.

Earl of Selborne Explains. The Earl of Selborne said in the house of lords that he had resigned as president of the board of agriculture because of dissatisfaction over the proposed settlement of the Irish question.

The earl said his understanding of the basis of the inquiry made by David Lloyd George was that it contemplated an amendment of the Home Rule Act whereby Ulster or a part thereof should be excluded from the operation of the act, and that the bill of exclusion should be passed during the war, but that neither the principal nor the amending act would come into operation until the restoration of peace. In this belief he concurred in the appointment of Mr. Lloyd George to take up the negotiations.

Dangerous at Present. When, at Whitehouse, he learned the basis of the inquiry had been changed, the earl continued, and that it had become part of the proposed settlement that Home Rule, with the qualifications mentioned, should come into operation during the war, he informed Premier Asquith he could take no responsibility for such a policy, and handed in his resignation. He said he was ready to arrange for the exclusion of Ulster now and to give every guarantee that Home Rule would come into operation after the war, but he considered it dangerous to make the

The Thermos Bottle Keeps Hot Drinks Hot and Cold Drinks Cold

And of course it looms up large in holiday-making, for what a boon it is for picnicking, jaunting by motor car, or journeying by train or boat

HOLIDAYS ARE VERITABLE FIELD-DAYS for the Thermos bottle. Whether it's the one-day holiday with a tea party in the woods, or the season-long holiday at the Summer resort, with al fresco meals galore, the magic bottle is out in full force, proving its splendid ability to keep hot drinks hot for 24 hours, and cold drinks cold for 72.

Traveling by train or touring by motor—for this, too, it appears in large numbers. Tea, coffee, lemonade, lime-juice,—all these and other refreshing beverages may be carried along by picnicker, traveler or motorist to be served hours later at the exact degree of heat or cold at which they were poured into the wonder-working bottle.

Those who do not yet possess a Thermos, and those who, possessing merely one bottle, want more, will therefore be interested in the sketch above and the prices and description thereof below. Thus:

- A. Thermos Bottle, quart size, in green Japaned finish, \$3.00; in heavy, plain nickel case, \$4.00.
- B. Thermos Carafe, for ice-water, an immense convenience on the verandah, or in the dining-room of club or private house—plain nickel case, patent base, and metal stopper, \$7.00.
- C. Thermos Jug Carafe, suitable for tea, coffee, etc., full nickel case with handle and metal stopper. Price, \$7.00.
- D. Special Picnic Set consisting of green thermolite case, 10 3/4 x 10 3/4 x 4 1/2 inches, containing pint Thermos bottle in Japaned finish, lunch box, size 9 1/2 x 3 1/2 x 6 inches, and tray with white enameled plates, silver-plated knife, and nickel-plated fork and spoon. Price complete, \$5.00.
- E. Larger size case with double the equipment. Price, \$8.00.
- F. Lunch Kit in convenient size for carrying in the hand, the green thermolite case being 10 1/4 x 7 1/4 x 3 1/2 inches. It contains pint size Thermos bottle and Japaned lunch box. Price complete, \$3.50. Larger size case with double size lunch box, \$4.00.
- G. Thermos Cups, for picnics and traveling—may be compactly fitted one into the other for carrying. Set of 2 cups, 75c; set of 4 cups, \$1.55; set of 6 cups, \$2.75; set of 8 cups, \$4.00.
- H. Thermos Food Jars for carrying salads, butter, creamed meats of any kind, ice-cream, etc., procurable in Japaned case, pint size, \$2.75; quart size, \$4.00; pint size, plain nickel case, \$4.00; quart size in plain nickel case, \$5.00.
- I. Thermos Bottle, pint size, in green Japaned case, \$1.75; corrugated nickel-plated case, \$2.25; in heavy nickel plain case, \$2.75.
- J. Thermos Carrying Cases for motor cars, yachts, motor boats, etc. Cases are made of green imitation leather—pint size for one bottle, \$1.25; quart size for one bottle, \$1.50; 2-pint size, \$1.80; 2-quart size, \$2.00.

There'll Be Flags Flying on Dominion Day

And here's a Union Jack to Attach to Window Frame or Verandah Pillar, Complete With Pole, Cord and Socket, Specially Priced at 98c

POSSIBLY you will be taking part in the big Procession of Women, and will want flags to decorate your motor car. In any event you will be eager to honor the day—Canada's own great holiday—by flying the Union Jack, the flag which enfolds everything that is glorious in Canada's history.

Here, then, are sizes, prices, and other particulars to help you in the practical matter of procuring your flags—beginning with this holiday special—

A Union Jack, size 3 by 5 feet, printed on good heavy cotton, with pole, cord and socket for attaching to window frame or verandah pillar—complete for the special price of 98 cents.

Holidaying in the Hammock at Home

And a Pleasant Prospect it is When the Hammock's a Roomy Couch With a Head-rest for Reading and Ample Space for Comfortably Stretching One's Limbs

A LONG, LAZY DAY with a good book—doesn't it spell bliss to you, who in the busy whirl of business and war-time affairs get so little time to either read or rest?

And how happily the Couch-hammock enters into this kind of holiday. With its mattress-like cushion, its enveloping wind-shield and its shady canopy it is a perfect bower of comfort up on the verandah or out in the garden.

It may be had for \$10.25—the attractive looking model in the sketch—this price being for hammock alone, with steel frame, wire springs, wind-shield and mattress-cover of khaki duck, the chains to be attached to ceiling of porch or verandah. The iron stand for such a hammock is \$4.25, and khaki duck canopy, \$3.50.

A Couch-hammock with wind-shield and mattress cover of awning duck in brown and white, or green and white stripes is complete with canopy in same striped duck scalloped along the edges, also iron stand, and priced \$26.00.

"Young Matron"—That young vandy, the Energetic Baby, would have little chance of wrecking a certain Russian blouse dress in white voile, its only ornamentation being heavy soutache braiding—not a frill or sew-saw on it for his irreverent fingers to clutch. It is really a wonderfully smart little model, the braiding appearing on the square collar, the cuffs and the large patch pockets. The price is \$10.00. Another frock of the same fashionable type shows skirt of white voile, and belted coat of the same striped with coral pink and black. This is \$7.95.

F. H. R.—You're in luck. White Japanese cotton crepe is to be had in the exact weave of your clipping of blue. So on with the making of your coat dress. It is 32 inches wide and 25 cents a yard.

"Country Girl"—Men's sterling silver cigarette cases are many and varied in form. One that is plain and square may be had at \$4.00, or plain with rounded corners at \$4.50; a chased design with rounded corners is \$5.00, or another of the engine-turned type at \$6.00. Heavier cases in similar shapes and styles are featured at \$7.00 and \$8.00. On any of these his initials would be engraved without further charge.

"Martha-by-the-Sea"—Nice, cheerful person, it's glad one is to tell you that all goes happily and well in your quest for a costume. The suit can be had with an absolute plainness of cut and finish—in black or navy blue serge smartly tailored, the coat in semi-fitting style with mannish collar and lapels, and the skirt flaring, with a small hip yoke. Its price has lately been reduced to \$17.50. At the same amount, too—likewise greatly reduced—is an attractive model in navy blue gabardine, with coat in longer Russian style, buttoning up to the neck, where there is a convertible collar. As for the blouse with the high-neckband, it too awaits your choosing, in strictly plain tailored style in white taffeta at \$5.00, in messaline with hemstitching on collar and cuffs at \$2.95, or in Habutai or crepe de Chine with or without hemstitching at \$2.95 and \$5.00.

"Munna-Munna"—Your patience has been sorely tried, but one has been hoping that the queer tactics of the weather would divert your attention from the summery subject. At any rate, a suit fulfilling all requirements of color and price is at last at hand—in crash in artistic mid-blue shade. The coat is semi-fitting with a belt across the sides and back, and a wide, sailor collar, while the skirt exhibits a modish flare, boasts two smart knapsack pockets and confines its fullness at the back under a separate girde. And withal the price is but \$7.95, in black and white. Palm Beach cloth is another low-priced model characterized by a goodly savor of smartness. The coat in this falls into ripples below the belt, and buttons up to the neck, where it flares out into a broad collar. The full skirt has a small hip yoke and one pocket. The price is \$12.50.

6th, 7th and 8th prizes, \$1 each—Gordon Seranton, age 13, 175 St. Catharines street S., Hamilton. Pupil of Cathedral School.

Viola Segley, age 15, 81 St. David street, Toronto. Pupil of Park School.

The following won first prize in class 1:

"Stop, Look and Listen" was the sign that made me think of the many ways auto accidents could be prevented by little children. Stop every time you come to a crossing, listen for any warning signal of approaching car, and look up and down before attempting to cross the street.

When you are playing on the sidewalk, you know there is always the danger of a car coming along, so never leave the curb without looking up the street, and when you see an approaching car don't imagine that the driver is an expert, give him lots of room, as he may, for all you know, be only a beginner, or he may be excited, so don't take chances; better to wait a moment and give the automobile the right of way.

Now, as to playing on the street, you should never allow yourself to be tempted to play on the roadway, as in the excitement and fun, you are sure to forget all about automobiles, so every careful child should keep off the roadway and should play in the nearest playground, which is safe and protected against accidents. NORTH TORONTO STATION

Takes on Four More Services Next Monday and Drops One, or Ten in All.

North Toronto Station makes another big step forward this morning, when the C. P. R. announce that four new trains will leave that point next morning in addition to the ten services now running therefrom—one to and from Guelph and Goderich; a third to and from Camp Borden; a fourth east to and from Ottawa and Trenton. The afternoon service to and from Ottawa is put back to Union Station. Trains

start leaving and arriving from 7 a.m. and keep it up to midnight. Six of the trains go west and four east. The six western ones all stop at West Toronto

and make a morning suburban service there to and a return lot therefrom after noon. The particulars are in the advertising column.

BATTALIONS BROKEN UP AND DRAFTED TO FRONT

Seventy-Fourth and Seventy-Fifth Fill Gaps on Firing Line.

According to word received in Toronto yesterday, the 74th Battalion, commanded by Lieut.-Col. McCausland, and the 75th, commanded by Lt.-Col. S. G. Beckett, which left the Exhibition Camp on March 26, and arrived in England on April 10, have been broken up and sent to the front as reinforcing drafts to the various units at the front.

About half of the 74th have gone to France to reinforce a mounted unit which had suffered heavily in the recent fighting. Thirteen officers and 500 men have been drafted from the 75th to a Montreal battalion with the 3rd division.

The breaking up of the 74th, 75th, 76th, 81st, 83rd and 82nd, in order to fill the gaps in the Canadian divisions at the front, is an indication of the greatness of the losses they have suffered since St. Eloi last April up to the present. It would also indicate that few, if any, of the battalions that go overseas from now on will go to the trenches as units. The 58th Battalion, Lt.-Col. Harry A. Genet, O.C., is the only battalion from this district that has gone to France as a unit since a year ago last May.

It now looks as tho the fifth division of Canadians that was authorized in England will not be organized for some time and Canada will, for the present, be represented by four divisions at the front.

The call for reinforcements must have come very suddenly, as the battalions were only one month in England, and it is known that the 74th and 75th had been put into a brigade that was about to take the field under Major-General Watson of Quebec.

TWO OUT OF THREE FOR MAPLE LEAFS

Herbert Went Route at Baltimore—McKee Hit One Over the Fence.

Special to The Toronto World. BALTIMORE, Md., June 27.—Pitchers Herbert and Tiptop, both of whom lasted only a short while in the game, McKee opened this afternoon with a home run which Tiptop did not in consequence of which Joe Birmingham's crew succeeded out of town tonight with the rubber game of the series depending from their belts. The count this afternoon was 5 to 3. Toronto assumed the lead in the third session, and the Bards evened it up in the fourth. Toronto again went to the front in the fifth and stayed out there to the end. Manager Dunn kept Tiptop to the job until the sixth. McKee opened this round with a terrific drive over the right field fence, his making way for a follow-up with a single. Tiptop was given the gate. Newton relieved him and only pitched a short while, his making way for a pinch hitter and Crowell finishing the game. The Leafs took a 2-1 lead in the seventh. Tiptop was taken out. With Manager Birmingham in left and Thompson in right, the Leafs looked better than at any time this season in this city. They gave Herbert good support this afternoon, also Blackburn's error did permit a runner to score the pin. While the Bards kicked Herbert's shins rather consistently he was tight in the eighth and twice struck much better in the closing rounds than in the opening innings. Graham had a good day with the willow, getting three bingles, while Tiptop, Murray and McKee each got two, McKee including a homer in his time.

Table with columns: Club, Won, Lost, Pct. for Toronto and Baltimore.

Table with columns: A. B. R. H. P. O. A. E. for individual players.

Totals for Toronto and Baltimore. Toronto: 5, 10, 13, 17, 10, 1. Baltimore: 3, 10, 12, 10, 8, 0.

PRETTY PITCHING IN GAME AT NEWARK

At Newark (International)—Newark and Pittsburgh, former shutouts, pitched out the Bards, 2 to 0, and the visitors winning the game. McKee hit one over the fence. McKee's drive was a beautiful pitcher's ball, five hits being the total for the two teams, errors being much better than for the runs. The second game was won by bunched hits. McKee counted most. Score: First game—Newark 2, Pittsburgh 0. Second game—Newark 2, Pittsburgh 0.

FOUR LONG SHOTS SCORE THIRD DAY AT HAMILTON

The World's Selections BY CENTAUR. HAMILTON. FIRST RACE—Sweater than Sugar. SECOND RACE—Lady London, Baby.

At Hamilton—June 27.—Lumsden's Joanna was the favorite to win the third day of the Hamilton Jockey Club meeting. Bradley and Ask were second choices and the other four long shots, two of the beaten favorites, Isabelle H. and All Smiles, finished second. Feakly third, and the Par pair, Joe Finn and Hidonist, outdid the track fast and a good crowd was in attendance.

G. W. Beardmore, M.P.H., repeated his Ottawa success in the steepchase with Tropeus, and the master took the first of the two races. He showed the way the entire distance through the heavy field. Jockey Simpson took the second race, and the Par pair, but did not get too far out and thus had sufficient left in the final drive to play all Smiles in the drive home. The Par pair, however, was taken out in the seventh inning after he had been pitched a short while, his making way for a pinch hitter and Crowell finishing the game.

At St. Louis—Detroit and St. Louis divided a double-header. St. Louis taking the first game, 5 to 3, and Detroit the second, 5 to 3. St. Louis led the attack in the first game with four hits in four times at bat, and two stolen bases. Detroit won the second game in the seventh, when Young scored on Austin's fumble and Baker's double. The first game was stopped in the ninth inning when Cobb attempted to climb into the stands with a fan who, he claimed, had been dozing in the bleachers.

At St. Louis—Detroit and St. Louis divided a double-header. St. Louis taking the first game, 5 to 3, and Detroit the second, 5 to 3. Durability of Concrete For Streets

The best evidence of the durability of concrete for pavements is contained in the statement of those who have had years of experience in building all types of roads.

Here are some quotations from the 9th Annual Report of the County Road Commissioners of Wayne County, Michigan, which has the finest system of Roads in the world.

"We feel that the manner in which our concrete roads have stood the test of time and use during the past seven years, and the small amount spent annually on their upkeep is ample justification for our adherence to the specifications we have evolved and the methods we have followed in their building."

"We have over 120 miles of concrete in Wayne County, some of it in its seventh year of service, all of it in good condition, and we have never taken up and replaced a 35-foot section since we have been building and developing this type of road."

We will be pleased to send you the complete story of Wayne County's road system and our new booklet, "Concrete Roads." Both are free.

PERMANENCE SATISFACTION

WHEAT REACTED ON SMALL SALES

European Demand Did Not Equal Anticipations at Chicago.

CANADIAN GRAIN SOLD FORGET MEXICAN ROW

Half Million Bushels of Manitoba Variety Bought for Export.

CHICAGO, June 27.—Disappointment over the smallness of export sales of U. S. wheat caused a reaction today from an early advance in the wheat market here.

Prices closed nervous at the same level as yesterday's close, with a slight gain and provisions unchanged to a decline of five.

At the outset the bulls in wheat were encouraged by higher cable quotations and by an inference that the European demand would show a notable improvement.

Prospective purchasing here, however, was disposed to ignore better harvest weather in the southwest and to disregard the fact that the country's available stock total was the lowest on record for June.

Instead, emphasis was placed on the fact that the wheat which might result from rains in Nebraska, where the opening of the new crop was expected to begin within a week.

British reactions in the wheat market formed the rule during the last hour, when signs were evident that the hopes of any substantial enlargement of export sales today would be unfulfilled.

The only amount of wheat that was certainly known was disposed of for ocean shipment was 25,000 bushels at Omaha.

After the close, estimates were made that Europe had bought 500,000 bushels, but it was said that the bulk of Europe's supply lately came from Canada.

Corn was comparatively steady, despite the late weakness of wheat. Lumber, on the other hand, was current that Argentine cargoes headed toward the United States were for transshipment to Europe.

Options were strong, owing to reports of splendid crop prospects. Moreover, available stocks at 21,000,000 bushels in excess of last year's.

Attempts at profit-taking by long took the edge from an advance in provisions. Except in the first hour, it seemed that temporarily buying had been mostly from within.

NEWS OF SPECIAL INTEREST TO WOMEN

STRAWBERRIES SLUMPED ON WHOLESALE MARKET

Sudden Increase of Canadian Shipments Caused Price to Decline.

TOMATOES DRAGGED

Gooseberries Beginning to Arrive, But Demand for This Fruit is Slack.

Strawberries slumped! The feature of the market yesterday was the sudden increase in the Canadian strawberry shipments, which caused the price to materially decline. In the early morning a few started off at 14c per box, but they declined so rapidly that parts of the same shipments sold at very much lower prices, the morning prices really averaging 8c to 10c per box, the afternoon being more draggy and ranging from 11c down to 8c per box, closing 7c per box.

Another small shipment of fairly choice Canadian cauliflowers was shipped yesterday from C. A. Eaton, Ruthven, to White & Co., selling at \$1.25 per 11-quart basket, containing nine and ten small heads. Some of the best Canadian hothouse cauliflowers that have been on the market in a long time came in yesterday, an odd basket of extra choice bringing \$1.75 per 11-quart basket, the bulk, however, going at \$1.50. The No. 2's also being of much better quality and bringing \$1.25 per 11-quart basket. Delish Malott, Ruthven, shipped in especially fine ones to both White & Co. and Stronach & Sons, while Gilbert Britton's shipment to Stronach & Sons came a close second. The cauliflowers continue to be rather draggy, the bulk of the No. 1's being a slow sale at 15c per lb., although there are a few extra choice ones going at 18c, and some No. 1's which are over 10c only bringing 12 1/2c per lb.

The gooseberries are a much better size than those at first received, some splendid ones coming in yesterday, but the demand for this class of fruit is very poor, partly caused by the extremely high price of the Delish Malott. Ruthven's sold at 40c to 50c, and a few of the best at 60c, while the 11-quart ranged from 15c to 25c according to quality.

The first California pears for this season came in yesterday, and sold at \$2.75 per case. The Wentworth Orchard Company, who could not secure space in the market, have established an annex in the building just south of the tracks, on the Yonge street formerly used as a fruit auction room.

Stronach & Sons from both H. E. and F. E. Blessinger of Burlington. Chas. S. Simpson had two cars of oranges, selling at \$4 to \$4.50 per case. J. J. Ryan had a car of choice New Brunswick Delaware potatoes, selling at \$2.10 per hundred. Mr. William E. Everitt had splendid shipments of strawberries from the following: Clarkson growers; R. C. Shook, W. C. Oughtred, J. H. Carvin, J. K. McKinnis, W. J. Fletcher.

H. Peters had a car of fancy green and wax beans, selling at \$2 per hundred, also a car of cabbages, at \$3.50 to \$3.75 per case; a car of oranges, at \$4 to \$4.25 per case; also a large shipment of choice hothouse tomatoes from Walter E. Calvert, Brampton, for which he was asking \$1.50 per six-quart basket, containing a little more than eight pounds, but did not look as if they would sell at more than \$1.25.

White & Co. had a shipment of fine-flavored berries from Nell Black of St. David's, and choice green peas from the Garden of Canada Co-operative Association, Kingsville. Wholesale Fruits. Apples—Imported new Red Astrachan, \$2.25 to \$2.50 per box; Wine Saps, \$2.75 per box. Apricots—\$1.75 to \$2.25 per case. Bananas—\$1.75 to \$2 and \$2 to \$2.50 per bunch. Cantaloupes—Standards, 35¢; ponies, \$4.75 per case. Cherries—California, \$3.50 per case; Canadian, \$1 to \$1.50 per six-quart basket, \$2 per 11-quart basket. Gooseberries—40c to 60c per six-quart basket, 70c, \$1 and \$1.25 per 11-quart basket.

Watermelons—60c to 75c each. Apparatius—\$1.50 to \$2 per 11-quart basket. Beans—Green and wax, \$2 to \$2.25 per hamper. Beans—New, 90c per dozen bunches; Canadian, 50c per dozen bunches. Cabbage—Imported, \$3.50 to \$3.75 per case; Canadian, \$1.25 per bushel hamper, \$3.50 to \$4 per case. Carrots—New, \$1.00 to \$1.75 per hamper; Canadian, 50c to 60c per dozen bunches. Cauliflower—Imported, \$4.50 to \$5 per case.

RED CROSS AUXILIARY ENTER-TAINED.
A delightful outing was given by Mrs. Geo. McIntyre yesterday afternoon to the members of the Red Cross Auxiliary of St. Peter's parish. The house and grounds of the hostess, at No. 7 Burlington crescent, Oakwood Park, were opened to the guests. A dainty tea was served, after which the women in the enjoyment of the grounds knitted and listened to a charming musical program also provided by the hostess, who is herself a musician. Mrs. J. H. Carvin, Joseph Murphy, president of the auxiliary, was an able assistant in entertaining the members present.

CASEMENT'S COUNSEL HAS BEGUN ADDRESS

Prosecution Rested Case Against Prisoner With Unexpected Abruptness.

INDICTMENT DEFECTIVE?

Defence Apparently Hopes to Score on Purely Technical Point.

LONDON, June 27. 2.45 p.m.—The prosecution in the trial of Sir Roger Casement on a charge of treason rested its case suddenly shortly after the luncheon recess, and the attorney-general announced that he had no statement to make.

At many points the three justices entered into dissertations on the questions raised. When the court adjourned Mr. Sullivan had not completed his argument, which will be continued tomorrow.

The second day of the trial opened with no change in the apathetic attitude with which the general public regards the case. The principal reason offered for this lack of interest is that the attention of the country is focused upon the continent, where the possibility may prove decisive in the phase of the great war is at a crucial stage on both the eastern and western fronts.

The attitude of Casement himself is far from being one of gravity. He appears neither crushed nor subdued by the seriousness of his position, and looks to be proceeding in a most casual manner.

The prosecution today resumed the introduction of testimony immediately after the case opened. The witnesses were the same as those called at the preliminary hearings at the Bow street police court, and a few new points were brought out during the early proceedings. Witnesses gave accounts of the movement of the prosecution and the defence.

There was a stir in the courtroom as the big great emblem of the rebels was spread out in the centre of the room and all eyes turned to the prisoner. He shifted uneasily in his seat and then leaned back with folded arms, smiling nervously as he gazed at the flag.

Conditions in Ireland. Mr. Sullivan cross-examined the police witnesses at length in regard to the general unrest in Ireland, and brought out the fact that the people of the south were arming themselves against the military and against the soldiers to protect them against Ulster volunteers.

One police witness said that although the carrying of arms and drilling went on unhampered by the authorities, the landing of arms would have had a very grave effect.

During the testimony of Constable Riley, who testified that he arrested Sir Roger, the prosecution introduced as evidence a paper on which was written the oft-repeated story as to how he threw away a shell at his arrest. This paper was picked up and given to Riley. The prosecution has laid great stress on the importance of this code, which it contends was intended for communication with Germans.

Opposite a series of numbers on this paper were sentences such as "Send cannon and ammunition," and "Send more explosives." The prosecution attempted to establish that some of the pencilled figures on this code were German characters.

The testimony was disposed of rapidly.

WOMEN ASK FOR BETTER MARKET ACCOMMODATION

Deputation Calls on Mayor and Council and Suggests More Market Locations.

As a culmination to a good deal of interest taken by women in Toronto in the subject of public markets, a deputation, headed by Mrs. Home Cameron, waited upon the mayor and council to ask for better market equipment for the city.

The spokeswomen explained that the deputation represented many women's organizations as well as also the spenders of a good portion of the earnings of both men and women in the city. It was suggested that decentralizing trade and placing markets in various parts of the city would be beneficial to many locations and that farmers would bring in the areas to which they had brought their products.

Mrs. S. L. Frawley, in supporting Mrs. Cameron, gave an illustration that there were then a million boxes of strawberries at Clarkson, which if sent through the usual modes of distribution would have but one chance in a million of reaching the consumer in good condition. They ought to be available in five hours.

GERMANS APPREHEND ATTACK FROM BRITISH

Such Intensive Preparation as That Going on Never Before Seen.

LONDON, June 27.—Marcel Hutin, a war correspondent for The Echo de Paris, is quoted as saying to the Paris correspondent of The Weekly Despatch: "It will be a surprise for the world when we know that the English have accomplished in silence, what we have never seen such intensive preparation as that going on at present, and it would not surprise me to learn that the Germans are becoming very anxious in consequence."

DISORDERS AT LEIPSIK.

Berne, Switzerland, June 27.—Reports have reached here that serious rioting occurred in Leipzig at the end of last week and that about 1800 shops, chiefly those of bakers, butchers and provision dealers, were pillaged by mobs.

It is said that Czech soldiers, brought from Austria, fired upon the crowd, and that martial law has been proclaimed in Leipzig and in the Duchy of Brunswick.

Foreign-Made Maps. Sidney Wagmore, leading signalman on the British patrol boat Bluebell, told the crew of the ship how the German ship Aud was held up on suspicion by the Bluebell off the coast of the Channel. A diver was called to the stand and identified rifles and ammunition found on the wrecked ship. He claimed the steamship carried 20,000 rifles and a supply of ammunition for the rebels.

The prosecution laid emphasis on maps found in the handbags on the beach. Col. Gordon, a map expert, testified they were foreign reproductions of British ordnance maps.

NO WAGE EQUALITY FOR GERMAN WOMEN

Female Street Sweepers Must Accept Less Than Regular Scale.

SOCIALISTS REBUFFED

Schoeneberg Common Council Overruled the Vigorous Protests Made.

BERLIN, June 27, noon, via London, June 28, 12.05 a.m.—The "equal wages for equal work" slogan, which the Socialists and labor organizations adopted to apply to woman labor, which is so largely replacing men labor under the war conditions, received a setback in the vote of the Schoeneberg common council on the question of the wages of woman street sweepers. The municipality substituted male "white wages" with women, paying them 40 pfennigs an hour instead of the usual male wage of 25 marks weekly.

Socialist alderman demanded equal pay for the women, but the mayor of the town objected, taking the ground that the principle of equal pay once adopted would have to be extended to other branches of the municipality. He also said that as soon as the salaries of woman employees were raised the males would demand more money and refuse to work for the same wage as women. The mayor's argument proved effective and the council reversed its earlier decision for equal wages and approved the municipality scale.

The Socialist and labor attitude was based not only on an argument of justice, but on the feeling that if employers were permitted during the war to reduce the cost of labor by employing women the lower wages would continue after the war.

Nervous and Almost Crazy With Pains in the Head

Clergyman Certifies to This Cure of Nervous Prostration by Use of Dr. Chase's Nerve Food.

No ailment is more discouraging than Nervous Prostration. You may feel better for a day or two, only to find the next day that you have lost ground and are worse than ever. The headaches are worse, languid feelings are terribly depressing. As you lose strength you lose hope and courage and look to the future with fear and trembling.
Dr. Chase's Nerve Food is the greatest blessing that has ever come to the sufferer from nervous exhaustion. It is not narcotic in its influence. It does notadden the trembling, irritated nerves, but through the medium of the blood nourishes them back to health as nothing else can.
Mrs. Alton B. Elmer, Billtown, Kings County, N.S., writes: "I was very low with nervous prostration and was about discouraged, as I could not sleep nights and was almost crazy until cured. \$9 cents a box, all dealers, or Edman & Bates & Company, Limited, Toronto."

Secrets of Health and Happiness

Why You've Never Seen A Person With Red Eyes

By DR. LEONARD KEENE HIRSBERG

A. B. M. A. M. D. (Johns Hopkins University)

Brown eyes have something so soft and alluring about them that even the most unemotional individuals succumb to them. Few persons can resist the endearing young charms of the dark eyes.

Dark orbs usually mean deep, firm, unmovable devotion and reliance. They indicate a sweetness and softness which blue eyes and gray eyes often lack.

Just as in tropical countries dark pigments and variegated colors prevail as evidence of the warmth, as well as nature's attempt to protect the sensitive living structures from the sharp rays of hot sunlight, so the dark iris of the eye is perhaps the outgrowth of an effort to hold back the springs of feeling in their possessor. Blue eyes, on the other hand, betoken usually the supremacy of the intellect and the subjugation of those glands which are intimately associated with profound emotions.

The blue-eyed individual is seldom as sincere or as deep in her feelings as is the black or brown-eyed person. As compared with blue eyes, gray eyes are with effervescent, vivacious, superficial and transient states of exuberance. It is commonly to be noted that their wavers are fickle and not tenacious in their likes and dislikes.

Lack of Pigment. Gray eyes, on the contrary, partake of neither the characteristics of blue eyes nor of the depths of feeling which go with brown eyes. Those who have gray eyes are at times as stately and cold as the color indicates. Emotions are seldom present; hilarity and frequent changes of fleeting vivaciousness are equally rare. It is not said with assurance that gray eyes nearly always point to deliberation and cold calculation, with little, if any, such springs of action as impulsiveness or hysteria.

If all these facts are correct, why is it that mankind is not, like rabbits and flies and some other creatures, occasionally endowed with red or pink eyes?

Red Eyes Defeatless. Obviously, man cannot have red eyes because albinos and others with these red eyes are defenseless in their light. They have no pigment curtain over the pupil as a pin-point to guard the eyes when bright illuminants strike them. In other words, the iris which dilates and contracts what we call the "pupil" is made up of dark or blue pigment in order to safeguard the delicate internal structures of the eyeball and thus protect vision.

THE AMATEUR GARDENER

By RACHEL R. TODD, M.D.

Bordeaux Mixture, and its Uses—A Fungicide.

An insecticide is a medicated spray that is used for the purpose of destroying insects. A fungicide is a spray that will kill the spores of various moulds or fungi.

The one will not take the place of the other, because an insect is an insect and the spores of moulds and the like are really living "seeds," and need quite different treatment.

It is therefore necessary before deciding which to use, to know what is the matter with your sick plants. Of course insects can be seen usually, but rust, mould, and other fungi are not detected at all by the naked eye, but what happens is that the buds appear, blight and die, apparently for no reason whatever.

The potato is one of the plants very subject to this mysterious set of diseases. Ants carry on their feet the fine spores of a destructive mould, and these are deposited upon the buds of the plant, penetrate into the heart and a mould wraps all the inner fibres in its tissues.

The hollyhock, the larkspur, the chrysanthemum, the carnation, the begonia, the gladiolus, the hyacinth and the narcissus are all very susceptible to some one or other of the various moulds so common here in Ontario. And up to the present, the best solution, if used in time, is this Bordeaux mixture.

Preparation of Bordeaux Mixture. Where the garden is small and a small quantity of the solution is needed, the best way is to buy a small package of the preparation with directions as to the use.

But where a large quantity is required, the business is best conducted on a fairly large scale. The ingredients necessary are copper sulphate and unslaked lime.

Instructions for making 50 gallons: Take four pounds of the lime, mix into a smooth paste by adding a little water from time to time as the slaking continues. When completely slaked, add the lime having all crumbled and dissolved, add sufficient water to bring the whole to twenty-five gallons and let it become quite cold.

The copper sulphate must be dissolved separately in a different vessel and one that contains no metal to be attacked by the sulphate. Different authorities give different quantities of the sulphate, but all advise that the material be tied in a loose bag, and immersed into the water, until it is just covered, and no more.

The length of time for complete dissolving depends entirely upon the amount of sulphate tied up in the bag. For ordinary use, twenty pounds of the sulphate is sufficient to give a fairly good Bordeaux, made in a twenty-five gallon solution such as this.

After the twenty-five gallons of sulphate solution is quite clear, it must be added slowly to the lime solution, which latter must be quite cold. Add slowly and stir briskly for ten minutes, and the Bordeaux is complete.

This solution may now be weakened to half strength when used on tender leafage.

Answers to Health Questions

L. R. N., Toronto: Q.—I. Please give me a remedy for enlarged pores.

A.—I. Once the blackheads and pimples are gone, large pores may remain for a time. These are annoying, but not serious troubles. Massage, vibration and the use of some harmless paste such as borax powder or talcum powder will help to fill them.

Q.—I. Such scars very often disappear gradually as time elapses, by themselves. Massage them with oils of yarrow, lavender, chamomile, or cedar butter may help, but as a rule scars gradually shrivel up and disappear.

Rita, Toronto: Q.—Please tell me what causes superficial hair on my upper lip and what will remove it? I have tried electrolysis, but the hair comes back.

A.—This hair is the result of hair roots born in the flesh. Remember there are few, if any, methods to "kill the roots." Most expedients are, use cleansing the teeth or washing the face, to be frequently repeated. The sodium sulphide, 1 dram; powdered quinine, 8 drams, and crushed starch, 8 drams. When you are ready to use this take enough water to make it into a paste. Put this on with a flat stick to the growth of hair. Allow it to remain

minutes, but test it at intervals. As soon as the hair can be easily removed wash it off quickly and massage quinine seed jelly, paraffin, and glycerine, 1 part, into the reddened spot for three minutes, to lessen the irritation.

Toronto: Q.—Please tell me what will whiten my neck? It is very yellow. Could this be from using iodine on my neck?

A.—If the neck has been painted with iodine it would naturally make it tan in color. After a wash or bath, dry the skin lightly with the following: Fine borax, 6 drams; oil of bitter almonds, 3 drops; oil of lilj of the valley, 3 drops; finely powdered orris root, 3 ounces; finely powdered pumice stone, 6 drams.

Do You Aspire to Become a Motion Picture Star?—Or Does Your Son or Daughter?—Then Read These Articles and Learn How to Go About It and What the Chances Are.

Lenore Ulrich, the Morosco star, believes the road is hard and you've got to be strong to win out.

Fame is a fickle goddess, and, to some of the stars, it is a cruel one as well as in the studio, comes as quickly as a bolt of lightning out of the blue.

I think this particularly applies to the motion picture stage, where careers have been made, as it were, overnight; but I don't want to mislead you. The lightning of success usually strikes only where it is due.

But, after all, egotism aside, I believe that acting was born in me. When I was a young girl, in Milwaukee, my irresistible craving was to sit as close to the players as my slender purse would permit, and to study all their movements, their expressions.

On the night of the premiere of "The Heart of Wetona," a reporter asked me how I had come to interpret the role of the Indian maid with so much feeling. Was it personality? I believe it was for I had literally thrown myself into the part, body and soul, and, strange to say, had effaced my own personality in that of the

CATHERINE CALHOUN MAKES SCREEN DEBUT

Famous Southern Beauty Appears With Petrova in "Playing With Fire."

Catherine Calhoun, a member of the famous southern family bearing that illustrious name, has been engaged by Metro, and will make her first appearance under the auspices of that company in "Playing With Fire."

Before going into motion pictures, Miss Calhoun, who is a genuine southern beauty with the novelty of burn hair—so rare in southern types—had a successful career upon the speaking stage. She made her professional debut in "Brown of Harvard," with Henry Miller, playing the little southern girl in the original company.

Mrs. Calhoun had the distinction of being the only American actress to play a role in both Tarkington's "Monsieur Beaucaire," when that highly successful play was produced by an English company of players, headed by Lewis Waller.

Since making her debut in the silent drama "The Daughter of the Sea," and other big feature productions, she has attracted attention both in high school and at college by her remarkable histrionic ability.

"Playing With Fire" is an original story, written by Aaron Hoffman, who is now writing all of Mrs. Petrova's features. Besides Miss Petrova, the cast includes Arthur Hoops, Evelyn Brent and other well known artists of the stage and screen.

CLEO MADISON MOTORS WITH LONELY DOGGIE

Popular Star Has Kind Thoughts for the Waifs of Dog-dom.

The other day while on "Location" Cleo Madison responded to the advances of a stray dog, who seemed to want to attach himself to her, and soon the two were fast friends.

I love cur-cu—poor homeless waifs of dogdom, who have no one to love and carees them. One evening I was starting to Los Angeles from my home in Hollywood and when I went out to my car a poor old hound was sitting on the sidewalk.

As plainly as words that howl said, "O, take me with you." And I couldn't refuse such an appeal. So, Mr. Hound sat proudly on the seat beside me and rode all the way to town and back.

When I reached home again, he got out of the machine and seemed satisfied to go his way, having been to town and had a glimpse of the "bright lights."

A motion picture company has recently completed a producing plant at Coronado, Cal., which, with its immediate environs, offers a large variety of scenery, both natural and artificial.
