USE BUTTON AS ASSION TO LEARN MEETING

Only Bond Holders Will Be Permitted to Hear Ex-President Roosevelt.

ONTARIO'S RECORD

Only One of Provinces Which Has Complete Report for Week Sent in.

Admit by Button.

A Victory Loan button will be the open sesame to Toronto armories when ex-President Roosevelt speaks here. Various methods of accommodating the crowds who desire to hear the fiery Teddy speak were discussed by the committee in charge, but the button suggestion was the one finally decided upon. Details are not yet arranged, but it is expected that he will speak from the centre gallery of the big building or from a platform to be erected in the middle of the huge auditorium. The button decision means that only people who have subscribed to the Victory Loan will have the honor of hearing the famous hero of San Juan Hill, hunter of big game and winner of the belt of the wild animal of Germany.

Ontario Reports Well.

Ontario in the first week of the Victory Loan campaign has subscribed for approximately \$60,000,000 of the new war issue and it is estimated that the number of individual subscribers reached in the first week in the province alone exceeds the entire number for Canada in the last war loan, when 40,000 subscribers had been obtained. In Toronto alone there are over 45,000 holders now of government securities after six days' canvass, and local workers are expecting that by the time the loan closes on Dec. 1 there will be close to 100,000 registered bond holders in the city, while the number for Canada is variously estimated up to 500,000.

Official returns given out at Dominion headquarters here at midnight last night showed a total over \$95,000,000 subscriptions at the end of the first week of the campaign, but of all the provinces complete returns have been received only from Ontario and the unreported sales would bring the total for the first six days well over the \$100,000,000 mark. The minimum quota aimed at for the Dominion is \$100,000,000, of which Ontario is expected to contribute approximately \$150,000,000, or about one-half.

Up-to-date with one-third of the allotted time gone, Ontario is a shade ahead of the average that must be maintained for the three weeks' campaign. Toronto should average

NAVAL VICTORY WON BY BRITISH

Badly Pounded, Enemy Light Cruisers Are Chased to Heligoland--German Warship Seen in Flames.

London, Nov. 17.—British light forces today engaged German light cruisers off Heligoland, the British admiralty announced today. The German warships retired and the British forces are now chasing them.

The announcement follows: "British light forces operating in Heligoland Bight have been engaged with German light forces this morning. The only information we have received thus far is that our vessels have engaged enemy light cruisers, that the latter have retired at high speed, and that our vessels are in pursuit."

The British were located by the German guard ships on the Horn Reef—Herschelling lins (about 60 miles from Heligoland Island) and the advance German naval forces by a speedy counter thrust easily repulsed them, it is declared, without losses on the German side.

British Occupy Mviti in East Africa Drive

Chiwata Also Falls After Sharp Engagement--German Force Captured.

London, Nov. 17.—An official statement of the campaign in East Africa tonight says: "On the Makonde plateau (German East Africa), Wednesday, we occupied Mviti, with slight opposition, and on Thursday occupied Chiwata, after a sharp engagement. Forty-six German Europeans and 425 Askaris were captured."

"Since Nov. 1 our columns have accounted for on all fronts a total of 473 German Europeans and 1072 Askaris, killed or captured, 2 naval 4.1 and 32 machine guns, as well as a quantity of material."

"The enemy has been driven from the whole of the Makonde area."

EIGHTY PER CENT. PROFIT REALIZED BY PACKERS

Commission on Business of William Davies Company and Matthews-Blackwell Finds Gains of Concerns to Be Exceptionally High.

Ottawa, Nov. 18.—That the profits made by the William Davies Company, Limited, and Matthews-Blackwell, Limited, more particularly the former, were exceptionally high during the war period and yielded "an extraordinary return upon the capital invested" is the most important statement made in the report of the commission appointed to investigate the businesses of these two companies.

The commission, which consisted of G. F. Henderson, K.C., chairman, and A. B. Brodie and G. P. Clarkson, has made an unanimous report to Hon. T. W. Crothers, minister of labor. This report after being under review by the cabinet, was presented to the House of Commons on Saturday.

The report states that the Davies Company, which was organized in 1915, had an investment in packing house plants and retail stores. War taxes, however, are repayable out of these profits.

B. That these exceptionally high profits were due to an extraordinary expansion in the volume of business done, as well as to an increase in the percentage of profits earned upon sales.

C. That the increase in the volume of business done was almost entirely attributable to export sales, principally to the British war office. These sales yielded a high percentage of profit.

D. That in respect of its export business with the British war office, the Davies Company, for a considerable period of time, enjoyed the advantage of a fixed minimum selling price.

GEN. ALLENBY'S FORCES CAPTURE CITY OF JAFFA

Turks Abandon Important Palestine Position to British Without Opposition--Enemy Still Retreats Northwards.

London, Nov. 18.—The City of Jaffa, on the Mediterranean coast, was taken possession of by the British army in Palestine yesterday. The Turks, who apparently are continuing their withdrawal northward, offered no opposition. The text of the official statement making this announcement reads: "Yesterday Jaffa was occupied by Australian and New Zealand mounted troops without opposition. The enemy appears to be continuing his retreat to the north."

HEAVY DAMAGES GIVEN TO SISTER MARY BASIL

Kingston Jury Awards Nun Twenty-four Thousand Dollars.

VERDICT POPULAR ONE

Audience in Court Applauds Finding—Eight Questions Answered by Jurymen.

Kingston, Ont., Nov. 18.—Sister Mary Basil, who sued Archbishop Spratt and others for \$25,000 for assault and abduction, was awarded \$24,000 by the jury. Of this amount the Archbishop, the Roman Catholic Corporation, Mother General Frances Regis and the Sisters of Charity are to pay \$20,000 and Dr. Daniel Phelan \$4000. The other defendant, Policeman Neilson, was assessed \$4000. The jury, after being out for two days and three quarters, brought in their findings at 11.45 Saturday night.

The city hall was unable to hold all who desired to see the final proceedings, and all waited patiently through the long hours in order to hear the jury's decision. When the foreman of the jury, A. E. Weller, announced their finding, the great audience applauded vigorously for several seconds. The audience to a man apparently endorsed the findings of the jury. Immediately after court was adjourned, throngs of well-wishers surrounded the victorious and happy plaintiff and warmly congratulated her. Her lawyers, W. N. Tilley, K.C., Toronto, and T. L. Col. A. B. Cunningham, Kingston, also received many congratulations, and the jury were complimented by scores of the findings.

From the Roman Catholics were among the most pleased. At a conference of the lawyers, eight questions were agreed upon, and with the approval of the court, the following were asked:

FRESH ARMY MARCHES TO ATTACK PETROGRAD

Armored Train Approaches From Moscow, Pulling Up Rails as it Draws Near.

Petrograd, Nov. 18.—Reports of a new army, composed of various elements from the front, and the vanguard of which is said to be close to Gatchina, have sent a new thrill thru the city. If the reports are to be credited, the new force, the aim of which is to release the city from the control of the Bolsheviks, which is commanded by Staff Captain Pavloff of the social democratic workmen's party, already has had brushes with the defending outposts of the Bolshevik army.

According to some versions, M. Kerensky is returning with the army. Still other reports tell of an armored train approaching from the direction of Moscow, pulling up the rails as it proceeds. All these reports are impossible of confirmation.

The committee for the salvation of the revolution has protested against the order of arrest of Premier Kerensky and for the taking into custody of other members of the provisional government on grounds that they are answerable only to the constitutional assembly.

BRITISH HOLD ALL GAINS

TEUTONS DEAL MIGHTY BLOWS ON ITALY'S PAVE RIVER LIES

VIOLENT COUNTER-ATTACKS REPULSE TEUTONS ON PIAVE

Determined Resistance of Italians Fails All Enemy Efforts to Break Thru--General Situation Now Distinctly More Encouraging.

Washington, Nov. 18.—Further details of yesterday's terrific fighting on the Italian front are given in a cable despatch today to the Italian embassy here.

"The enemy offensive is in full development," said the despatch. "Violent enemy infantry attacks follow one another supported by intense artillery fire. The Austrians are constantly bringing up reserves, and with desperate tenacity they are trying to break thru our lines and menace our organizations along the upper Piave. The valiant resistance of the Italian army has repeatedly transformed the military situation to the phase of active reaction in all sectors of the front. Innumerable episodes of heroism on the part of our soldiers are reported. The enemy is repulsed in violent counter-attacks."

"Yesterday afternoon, after a violent artillery bombardment which had lasted since early that morning, an entire enemy regiment attacked our positions at Monte Davanti and Valsilla, in the direction of Monte Fior. This powerful attack was met by inferior units of our 'Regina' brigade, who repeatedly repulsed the enemy, inflicting upon him very severe losses."

"Towards dusk an enemy battalion delivered three furious assaults against our positions on Monte Tardarac, but here also the Austro-Germans were sanguinely repulsed by the Alpini Marmalada after a hand-to-hand fight lasting several hours."

"However, the greatest glory of yesterday's fighting was won by the Como brigade. After terrific bombardment with guns of all calibres, heavy enemy forces attacked the slopes of Monte Coriella at the junction of Quero del Piave. The soldiers of the Como brigade defended stubbornly the positions which they occupied and for six consecutive hours with indomitable valor counter-attacked the enemy until near 10 a.m. in the morning all the attempts of the adversary to cross the Piave were systematically frustrated."

News More Encouraging.

Hardening of the Italian defence and the precision with which British and French reinforcements are being delivered in the Italian war theatre, leads Secretary of War Baker, in his despatch today, to the conclusion that the enemy has no chance of success.

FORCES OF KERENSKY LAY DOWN THEIR ARMS

Hostilities Cease at Moscow With Bolsheviki Triumphant--Composite Coalition Russian Government is Arranged for.

London, Nov. 18.—The Maximalist commissioners have closed the Russo-Swedish frontier at Tornea, according to the Petrograd correspondent of Reuters, who adds that no one is allowed to pass without special authorization from the military revolution committee. In addition the despatch says: "Hostilities have ceased in Moscow, where the Kerensky forces have surrendered their arms. The Maximalist government, including control of the troops in the Petrograd and Moscow districts and the systematic arming of workmen through Russia, has become serious. The minister of war in the Kerensky government, declines to join a cabinet in which the Maximalist are represented."

"The Maximalist have ordered M. Kerensky's arrest. Troops amounting to an army corps under orders of the army committee, have reached Luga en route to Petrograd to end civil war and the dictatorship of the Maximalist. The Ukraine assembly has declared the independence of Ukraine."

"It is stated that the Cosacks supporting Kerensky only numbered 300."

A wireless despatch from Petrograd today says that General Dukhomin of the Kerensky forces issued the following under date of November 14: "In view of my ignorance of the place of residence of the chief commander—I have entered temporarily into the post of chief commander—I have directed the stoppage of the further despatch of troops to Petrograd. At present only transports connected with the necessary military operations are permitted. I make this announcement."

BOLSHEVIKI UPRISING FINANCED BY BERLIN

Lenine Has Plenty of German Money to Spend--Outlook for Kerensky Most Unpromising.

Stockholm, Nov. 18.—Petrograd was quiet up to Wednesday evening, according to advices from what are regarded here as reliable sources. The railway employees were refusing to transport troops for either faction, and the food situation in the capital was becoming serious. There is little definite news from the provinces, but an apparently reliable report said that Gen. Kaledine was assembling a considerable force of Cosacks.

There has been hard fighting at Moscow, where the only resistance to the Leninists came from the military cadets and the university students. It is feared that the Kremlin has been damaged by the bombardment and that the street fighting was more severe than in Petrograd.

It is stated that efforts are still being made, but with what prospects of success is unknown, to form an executive Socialist government. M. Tcherno, who is believed to be with Premier Kerensky, has been suggested among presidential possibilities.

Fighting Above Zenson Assumes Extreme Severity--Outlook Somewhat Grave, The Italians Have Annihilated One Enemy Force Which Crossed the Piave River.

By Associated Press.

Italian Headquarters in Northern Italy, Saturday, Nov. 17.—The battle of the Piave River, as it will be known, has now developed to a stage where the enemy's first attempt to make a breach in the Italian line have failed. This defensive resistance has not only been accomplished by the Italian army, but time has been gained to effect that recovery which will permit the army to resume its offensive power as well as its defensive.

The enemy was taking full advantage of the delicate period after the retreat, knowing that every day counted for the restoration of the solidity of the Italian offensive front. In this knowledge, too, the Italian supreme command is proceeding methodically, giving ground here and there, and holding elsewhere, as all this is part of a systematic plan to bring to the army offensive qualities to deal a blow at a chosen moment.

One hears tonight talk in high quarters that if the Piave line holds another few days the tide will be turned. As its successful defence throughout six fearful days has established that the enemy has its limitations.

Lighter fare, nothing beyond fastidious have crossed the river, and no corps or brigade, much less divisions, has passed the deadline. Only at Zenson and Griesebach are there any serious lodgments on the west bank of the Piave, and today the enemy was forced back to the river at Zenson and elsewhere, with more than a thousand men captured while the flood waters beat him before Griesebach.

Enemy Tactics Change.

It is because the Piave has now turned so well that the enemy is now turning his attention to the north and trying to make a breach there, which he failed to make on the Piave. The line on the north runs along Asiago, Cismon and Quero, and there the Italian position remains virtually un-

GAMBLE ON PEACE BY NEXT SPRING

German Authorities Give Larger Food Allowances Than They Can Afford.

REDUCTION IN MARCH

Laboring Classes Complain of Inadequacy of Present Potato Doles.

Copenhagen, Nov. 18.—The view that the German authorities are pursuing a policy of bluff at the present time, in granting food allowances considerably higher than are justified by the crops of the year, seemingly is confirmed by the recent food debates in the Prussian Diet. It was stated in these debates that it probably would be necessary to reduce both the meat and bread rations March 1, in order to make the stocks last thru.

The bread ration has already been reduced once, and the extent of the wheat and rye crops, it is considered, undoubtedly will necessitate another heavy reduction in the spring. It was stated in the debates that the longer the reduction was postponed the more drastic would be the cut.

The laboring classes generally are complaining that the present potato allowance of a pound a day is inadequate, but it is said there is no prospect of the allowance being increased, as the surplus will be required for the feeding of animals in order to keep alive thru the winter the indispensable minimum of cattle and swine, and also for the production of alcohol required for the army.

The food authorities, according to all information reaching here, appear to be gambling on the chances of peace before spring, and now have set great hopes on the result of the Russian and Italian developments.

Think of the Men Who Make that Living

Shield in Flanders

THE HUN CAME CARVING his unrighteous way through Belgium. Canada called her young manhood to arms. Your husband, your son, your brother, your friend, your neighbor, set aside all that which made life happy, comfortable and promising, and went out valiantly to "do his bit."

Perhaps he has made the supreme sacrifice. Perhaps he lies in some hospital, wounded. Perhaps he is there in the trenches now, living and battling in the awful mud of Flanders—one in that marvellous shield of flesh and blood which stands between you and the Boche.

When he has done so much, can you be content to do little?

Canada has called to you to lend of your means. Money in vast sums is needed to maintain the army we have sent to France. Without efficiency there cannot be victory. Without money there cannot be efficiency. Do you not realize the sacredness of the call—the vital, patriotic duty involved in the appeal to you to subscribe to your uttermost ability to this great Victory War Loan of the Canadian Government.

If you cannot buy a \$1,000 bond, or one for \$500, buy a \$50 or \$100 bond.

EXEMPTIONS NOW HARDER TO GET

Tribunals Are Tightening Up on Claims Coming Before Them.

NONE INDISPENSABLE

Boards Look Carefully Into Circumstances of All Cases.

As the work of the exemption tribunals in Toronto and district proceeds there is a noticeable tightening on the claims. While it is not an established principle, there is a general feeling among the tribunals that no man at this critical period in the country's history is indispensable in the calling or occupying of any post, unless it is shown that the placing of a man in a responsible position in line for the immediate call to the colors would seriously affect the working of any institution there has been disposition to grant temporary exemption in order that he may be replaced. But according to the exigencies of the war the unwritten law of the tribunals "no man is indispensable."

Nor does the fact that an eligible is the sole support of a widow or mother give him any guarantee of relief from service. This has been already demonstrated in the decisions of the tribunals in the last few days, and where it is shown that a mother would be so comfortable financially if her sole support were dropped it has been the rule to refuse the claim. Indeed, in many instances where the claim has been based on the "sole support of a widowed mother" and it has also been shown that one or more members of the family are earning overseas the application for exemption has been refused.

STREET CAR RUNS LOOSE DOWN HILL

Left on St. Clair Avenue, Slides Down Grade and Crashes into Grand Trunk Train.

Several people narrowly escaped death or serious injuries at a clock Saturday afternoon when street car No. 108, which was left standing at the end of the St. Clair avenue, started down the grade and, gathering momentum as it progressed, crashed through the railway gates at the bottom of the grade and struck amidships the tender of a Grand Trunk train of several cars traveling west.

George Graham, 215 Laurier avenue, who was on the car with his young son, received severe injuries, his son escaped with a shaking-up. Graham was taken to the surgery of Dr. Wm. Avery, 29 Spring Grove avenue, and later to the General Hospital.

Frank Blackstone, 59 Bain avenue, escaped injury, but his wife and two children were more or less shaken up by the crash.

UNIVERSITY SERMON. Evangelizing the Gospel Subject of Prof. Shailer Mathews.

Professor Shailer Mathews of Chicago preached the university sermon yesterday morning in Convocation hall. The service was attended by one of the largest congregations of the university, the faculty, troops and university students being well represented.

Professor Mathews addressed his audience on the necessity of "Evangelizing of the Gospel," quoting passages from the Acts of the Apostles and commencing his teachings in the more densely populated centres of the east.

"No one nowadays can face the forces of Christianity without taking account of the great movement which will help build up the future. The labor movement, the moral betterment of the community—all are forces which must be reckoned with in facing the future, and the power which has effected the advancement of all these movements is in the 'evangelizing of the Gospel.'"

Orator: "The time will come when women will get a man's wages." Victim (on rear seat): "Yes, next Saturday night!"

Corner Stone of the New Temple at Yonge and Davenport. Scene of Ceremony. LARGE GATHERING. Many Prominent Men of the Order Present at Notable Function.

The corner stone of the new Masonic Temple at the intersection of Yonge street and Davenport was laid yesterday afternoon in the presence of a large assembly of Masons and their friends.

The Grand Lodge was present at the ceremony and after the traditional services the acting grand officers had a luncheon at the residence of the Grand Master.

The Grand Lodge was formed and organized in 1852 and has since that time been a prominent factor in the life of the city.

The new temple will be a fine example of modern architecture and will be a credit to the city.

The ceremony was presided over by the Grand Master and was attended by many prominent men of the city.

"The 13th Chair"
at the
Royal Alexandra Theatre tonight,
William Harris, jr., is fully conscious
that he is giving to local theatre-
goers the best mystery melodrama
ever presented on any stage. "The
13th Chair" is from the pen of Bay-
nard Vellier, whose well-known "With-
in the Law" created such a thrill in
theatrical circles a few years ago.

HOUSE NEXT WEEK WHEN CUNNING,
MAGNIFICENT ILLUSTRATION AND MENTAL
TELEPATHY WILL GROW UP HIS PROGRAM.

His performance created sensation
throughout the Canadian west and the
entire world, while his act of entertain-
ment this week. Pretty girls and well
trained seals provide interesting and
amusing diversions. Fred De Manby
assisted by Miss Lillian Durkin and
Hector McCarthy, provide a repertoire
of musical specialties that they call
"A Fantasy Melodrama." The intelli-
gible Bert Hanlon, master monologist,
tells new stories in a style that is all
his own, while Lydia Barry, "The An-
cient Comedienne," sings new songs,
gives impersonations and character
bits. Caltes Brothers are two clever
eccentric dancers, while Bertie Ford
has an aerial offering that is de-
scribed as "Fun On the Wire." McCart
and Radford, in a comedy sketch;
Mosher, Hayes and Mosher, comedy
cyclists, and the cinematograph, are fea-
tures worthy of note.

THE HIPPODROME.

Louise Lovely and Carmel Myers
head a cast of over a thousand peo-
ple in the new five-part film release,
"Strens of the Sea," which headlines
the bill at the popular Hippodrome
this week. It is a spectacular produc-
tion with the scenes laid amidst the
picturesque scenery of the South Sea
Islands; tells a story of love and adven-
ture and was so popular in the making,
Jonathan, "The Talking Cartoon-
ist," is a bright feature of the vaude-
ville bill, while Clarke and Francis are
two clever singers and dancers. Nora
Allen and Company present a bright
light comedy sketch entitled, "Just
Landed." Harry Weston and Com-
pany, in the military mix-up, "For-
ward March," provide much laugh-
provoking material, while La France
and Kennedy, acrobats, in their
selections from grand opera, are said
to be particularly good. The Aeroplans
Ghis, singers, dancers and acrobats,
are talented young women.

Here's a Sale of Some of Our Better Blouses
in Georgette, Lace, Etc., \$15.00 to \$19.75 Models, Today \$10.00

Our Blouse Section has an enviable reputation—when you want a really nice
low-priced blouse, you come to us for it. When you want a perfect dream
of a thing for special occasions—the price no object—again, you come to us
for it.

And here's a third instance of the popularity of the department. When you read that
we've reduced some of our high-priced blouses—models whose regular markings were
beyond the limits of your purse—without doubt you rise betimes on the day of the sale
to say that you may be among the lucky ones to share in the good bargain.

Today is to be one of these rare occasions. We've grouped a number of exquisite
models for today's selling, such bits of loveliness as you would never dream of get-
ting at the price. We suggest them for Christmas presents, if you don't feel inclined
to get one for yourself.

- There's a beautiful White Georgette Blouse, prettily tucked, with smart stock of black taffeta and black buttons.
- A Blouse of White Georgette and Silk, charmingly embroidered in color.

You must come and see these pretty frocks soon. In them are exemplified in charming fashion all such new touches as the "bustle" back, the smart tunic, the straight silhouette, or the model that shows a graceful bouffancy at the hips. We describe one dress in each fabric herewith—though these brief paragraphs do them but faint justice.

BROWN VELVET DRESS, a charming model, with the new bustle back, most ingeniously arranged by clever draping. A charming collar of white Georgette finished with band of gold lace gives a lovely finish. Price, \$50.00
NAVY SERGE DRESS, a "Drezwellley" model, fine pleats on bodice and skirt giving a pretty effect, while the dainty motifs of embroidery on the belt and the modish collar of white satin add their quota to the charm of the whole. This model may be had in wistaria and green also. Price, \$27.50
WISTARIA JERSEY CLOTH DRESS, a lovely model with graceful tunic, trimmed with buttons in wistaria shade and finished with corded silk collar in sand color. Price \$35.00

MONDAY MORNING, NOV. 19.

The Price of Butter.

Mr. W. F. O'Connor, commissioner on the cost of living, is exercised over the fact that butter is going up in price, and he is at a loss to understand why it should be so. There should be no difficulty about diagnosing the situation. Mr. O'Connor says that October showed a 24 per cent. increase in the amount of butter in storage, and the November figures showed a 34 per cent. increase. This is going some, as the boys remark.

All that the commissioner can say is that "it is difficult to appreciate either the reason or necessity for this." He is of the opinion that the price of butter should decline, but experience should tell him that with the whole consuming population of Canada indulging in this more or less devout idea, prices do not decline. Nothing happens until we make it happen.

The phenomenal situation in the butter market is developing as we suggested it would in the admission of margarine with the neglect to place a price on that commodity. The same interests that control margarine control the storage and packing houses. There will be vastly greater profits in margarine if the price can be shoved high enough, than ever there could be in butter, the profits of which have to be shared with the producer. In the case of margarine the producer is the distributor, the warehouseman and everything else. There is no one to divide with. The higher the price can go the better for the man who makes it.

It is clear with an unfixed price for margarine and ditto, ditto for butter, that a cornering of the butter market will leave the margarine manufacturer a chance to chase butter up to the sky in prices. If the people cannot get butter except at fabulous prices they will have to pay for it. There is no reason if the butter scarcity continues and the cold storage houses are allowed to assist, that margarine may not sell as high as the present price of butter. We believe that had a reasonable price been placed on margarine when leave was given to place it on the market the price of butter would have maintained a normal and sufficiently elevated attitude.

There is much to be said for the butter producer in regard to the high cost of fodder, of labor, of living in general, and also of the growing scarcity of stock, and the strong demand for milk from the evaporating and powder factories, but it is not the producer who gets the high cost of living out of the consumer. It is the middleman who sets the pace and reaps the major advantage.

The Stake in Italy.

News from Italy is encouraging and hopeful. People do not realize that the situation there is as critical as it was on the Marne when Von Kluck crossed his own front, and Foch jumped into the weak spot in the German front. Nobody knew or heard anything about that till it was all over and the Germans were on the run. In one sense they have been on the run ever since. Their offensives have had defensive aims, and they have been giving ground on the western front ever since Foch and French taught them to retreat. In up-and-down, out and out fighting the Germans have never made good. In tricks and craft and by clever manoeuvring they have been able to get behind or outflank their enemies as they have done in Italy. But the Italians are standing on the Piave and have stood for a week. They are being reinforced and supported as fast as the German advance corps are being strengthened, and with French and British troops to stiffen them and their own morale especially restored by their successful resistance, there seems no reason to doubt that they will be able to stop the German invasion.

Not only this, but if they can recover their strength sufficiently to take the offensive the German adventure may prove to be the most disastrous he has undertaken. All that Germany could scrape together has evidently been staked on this last hazard. Should the Kaiser win the war may be prolonged indefinitely. Should the allies rise to the occasion, realizing that the fate of the whole cause depends upon their effort, and gather sufficient force to drive the Huns back into the Alps, the blow would demoralize the whole enemy force. The western front is in a precarious condition with, as Mr. Lyons says, absolutely no offensive left. If the Kaiser is beaten in Italy he is beaten everywhere. The events in Italy for the next month carry the fate of the war.

Women Win in New York.

Considerable comment is still going on among the United States newspapers over the recent suffrage victory in the State of New York. In 1915 the majority against the women was 104,000. This year they win by 94,000 majority.

One reason why equal suffrage must finally prevail is to be found in the fact that the women, when defeated, can try, try again. Year after year in any state they may call for a plebiscite. If the plebiscite be against them nothing material is lost; they can try again. On the other hand, when they finally win that of course is the end of the matter. Their victory practically places the control of the state in the hands of the enfranchised women who will naturally not disfranchise themselves.

Prohibition succeeds in much the same way. Year after year state-wide prohibition may be defeated, but the cause, like John Brown's body, goes marching on. When at last victory is achieved the state remains dry. Even though the prohibition law may be inadequately administered, the people will not, as a rule, vote to make a dry state wet.

Already the opponents of equal suffrage are crediting their defeat in New York to the socialists the pacifists and radicals. They point out that thousands of voters did not take the trouble to cast a ballot either way, and that the total vote in 1917 was much smaller than in 1915. But no matter what verdict the coroner's jury may bring in the opposition to votes for women New York State is killed for all time to come. The

women, having been enfranchised by the men, will not turn around and disfranchise themselves.

Naturally there is now a cry of "On to Washington." The victorious ladies of New York want the national constitution so amended that no state can deny or abridge the right of suffrage to any citizen of the United States on account of sex. This amendment they persist in demanding, although it would enfranchise several million colored women in the south and add to the terrible race problem of that unhappy section of the country.

But whether they succeed in conquering the federal field at one blow is not essential. Within a few years they will, undoubtedly, have the ballot in every state outside of a few states in the black belt, where, for obvious reasons, it probably should not be granted for many years to come.

Anonymous Letters.

Anonymous letters cannot be published. Every paper gets shoals of these epistles, and when they are not printed the writers allege that editors are afraid to print them. It is simply a rule that is followed. If a writer is afraid to attach his name to a letter (publication of the name not being required) why should he accuse the editor of being afraid to print it?

We have just had a most unreasonable, incorrect and malicious letter, signed "A Reader," saying that the writer thinks it would be only fair to print this letter because so many others giving the other side had appeared. No editor will knowingly give circulation to false statements, if he wishes to retain the respect of the public. "A Reader" may be mistaken in his views, but he surely cannot expect an editor to publish statements not in accordance with fact, by way of giving the other side of truth? Facts are always verified, and a careful writer will always take pains to verify his statements.

Opinions may differ about the action that should be taken with regard to facts, although in practice when facts are known there is very little difference of opinion. Consequently one of the devices resorted to is to misstate facts, suppress them, invent or falsify, so as to confuse and divide the opinion.

This anonymous correspondent, for example, would have us publish the statement that the members of the tribunals are paid large salaries, while the men whom they are sending to the front only get \$1.10 a day. This is the sort of "fact" that is being used by the pro-German, anti-war forces to weaken the common sense of the Canadian people.

Other People's Opinions

Will Not Oppose Gen. Mewburn.

Hamilton Times, Nov. 15: Last evening for the third time the Liberals of East Hamilton met to consider the political situation in that riding in connection with the present election campaign. There was a large attendance. The committee appointed at the previous meeting reconvened and the candidate to be nominated in the Liberal interest in the constituency, and that the Liberals vote as they considered best. A motion was proposed asking the meeting to endorse the candidature of Gen. Mewburn. The vote was a close one, and no clear cut decision was announced. Much sympathy was expressed for Sir Wilfrid Laurier by the meeting, but there was also a strong expression of opinion that it was the duty of the Liberals to support the union government, and its conscription policy.

The Times is pleased to think that the meeting did not put up a candidate in opposition to Gen. Mewburn, and his support. There is a disposition to question the wisdom of the Liberalism. There can be no question as to his fitness to occupy the important position of minister of militia. This was well either he was or last. The electors will have to consider the effect of their ballot. We all want to win the war. Which is the better way? The general believes in conscription as the quickest and fairest way. We would advise our Liberal friends to forget partyism just now. The country is in extremity. The winning of the war is a national issue, and must be decided by the national standpoint. We admit that it is a serious and painful matter to draw away from the political associations of a lifetime. It gives a wrench to most of us. But the war is imperative in its demands. What we may do now may mean the prolongation of the war for months or for years. The Times has no love for the Tories. It would be more than pleased if it could approve of the referendum and give Sir Wilfrid support, but it believes that its duty lies at present in supporting immediate conscription. Be- lieving that, we are anxious to see the Liberal electors of East Hamilton supporting Gen. Mewburn. Little good can come of dissenting among ourselves. Sir Wilfrid would enjoy seeing us divided. Sir Wilfrid has himself expressed the wish that each one be free to act and think as he or she wills. We can do no less. Our belief is that Gen. Mewburn should be elected in the coming election.

Draft the Aliens.

Editor World: Kindly allow me thru the medium of your paper to endorse "Fair Play's" letter which appears in this morning's issue. I trust the public will not close their ears and eyes to the real facts it contains. I think it is disgraceful that respectable citizens should have their names and private affairs dragged into the press like some novel for the public to laugh at and gloat over, even at very pathetic cases. We were led to believe that the support of widowed mothers would have full consideration, and the families that are really represented at the front. In most cases the only consideration has been respect of a few months, which, I think, only prolongs the anxiety of those vitally interested. If they are worthy any exemption why not total exemption? We all know that man power is essential. Then why not round up the fat and prosperous aliens who get their living under the British flag? For instance, the alien fruit vendors. Ask them if they have reported and they will tell you they don't have to—they are not British-born. That is the kind of stuff our men get thrown in their faces, and they think as he or she wills. We can do no less. Our belief is that Gen. Mewburn should be elected in the coming election.

A Godspeed.

By Mary Raymond Shipman Andrews
 in December (Christmas), Scribner.
 God speed Old Glory when she takes the road to France!
 Thru the thundering of the legions where the bugles play
 advance.
 God speak: "The light is mine. Carry you my conquering lance."
 God speed Old Glory on!
 God send Old Glory first and foremost in the fight!
 Fling her far, O God of battles, in the van, for the right.
 Lift our hearts up to our freedom's flag of red-and-blue-and-white.
 God fling Old Glory far!
 God guard Old Glory clean thru battle grime and sweat!
 Consecrate the men who serve her so that none may ever forget.
 How the honor of the colors lies within his keeping yet.
 God guard Old Glory clean!
 God bring Old Glory home in honor, might, and pride!
 Battle-black and bullet-splashed and stripes streaming wide,
 Gorgeous with the memories of men who greatly died.
 God bring Old Glory home!

RUSSIANS ALWAYS HUNGRY, THEY SAY

Mr. and Mrs. Booth-Tucker Tell of Travels Abroad in War Time.

"There are two cries heard in London, England—'take cover' and 'fill the clear,'" said Mr. Booth-Tucker, special commissioner of the Salvation Army for India and Ceylon, who with Mrs. Booth-Tucker spent Saturday in Toronto. The commissioner is returning to India after some months' absence. The journey from India to England took 33 days, and their route selected by the military authorities was the round-about one thru Japan, China, Russia, and across the North Sea.

Two public meetings were conducted by Mr. and Mrs. Booth-Tucker in the Salvation Army Temple, Saturday evening. Speaking of Russia, the commissioner said the Russians are "sheep without a shepherd. Their great need is a leader; simple, earnest people, swept away from their emotions, but with a great longing to reach the higher and better things of life." Speaking of Siberia, Mr. Booth-Tucker grew enthusiastic over the beauty of this country, comparing it to Canada. "Russia is groping for the light," said Mr. Booth-Tucker. "In Petrograd the people are always hungry; they were hungry when we were there; black bread and tea without sugar and milk was our portion. No one ever got enough to eat in Russia now."

Mrs. Booth-Tucker addressing the afternoon meeting in the Temple said she was glad to be going home to India again, where the work of the Salvation Army is 35 years old, and the converts come from the working classes, the freed serfs, of which there are 40 million in India. There are 32 million people in India, and 31 1/4 million are loyal to Great Britain, declared Mrs. Booth-Tucker, and half of India's population are women. No passports are issued to women, so Mrs. Booth-Tucker found it very difficult to leave India for England. The only way they could get to England was to go as couriers carrying despatches to the King. They were forbidden to return the same way, and were sent to Canada. Speaking of conditions in London Mrs. Booth-Tucker declared it was wonderful how England had been kept thru all the air raids. "It was the help of God that saved the great Armada; the Germans mounted too high and were frozen, then dropped into France," declared the commissioner.

KEEP THE HOME FIRES BURNING

VICTORY BOND LETTERS

WHY?
 I buy a Bond because I know
 That money is my humble sword.
 The Kaiser wins his gambler's throw
 From those who meekly spend or hoard.

I buy a Bond because it binds
 Our country to the cause of right.
 Because it helps to hold the lines
 Where freedom dies least freemen fight.

I buy a Bond because who buys
 Forgets not yet the alien skies
 His heart beneath those blood red
 Remains a comrade of the skies
 S. V. Blake,
 Nov. 16th, 1917.

HELP THE SOLDIERS.

Editor World: Having seen your announcement in The Toronto World tonight as to why people should buy Victory bonds, I will endeavor to answer it.

You should buy Victory bonds because it is to help our soldiers who are fighting and many giving up their lives to save us from the cruel hands of the Germans. These bonds are just a lend of money to the government to aid our soldiers with necessities and you are paid for the use of the money. I intend buying one as soon as possible, and I hope every true-hearted Canadian will buy a bond too.
 Doris Andrews,
 Goderich, Ont., Jan. 15, 1917.

PROUD OF HIS BUTTON.

Editor World: You want to know why I buy a Victory bond. Because Canada badly needs money today. If we fail to buy the Victory bonds, this means that we lose everything and let the Germans invade Canada. How do Canadians feel about this? I am proud of wearing a button on my coat.

I hope that everyone has a button in Canada.
 F. Brown.

WHY I BUY 'VICTORY LOAN' BONDS.

1. Because I desire to help in some degree to save my dear native land and loved empire and civilization generally from the supremacy of the Hun whose occupation of this Dominion would cause me to welcome death.
 2. Because I wish to back up the dear men, including those bound to me by ties of blood and friendship who have gone forth from our shores to fight for me and mine.
 3. Because I want to, in my measure, aid in stabilizing the economic situation in Canada.
 4. Because I should despise myself if I did not try to help a little in these dire straits.
- Toronto, 16th Nov., 1917.
 C. J. A.

THE CHRISTADELPHIANS.

Editor World: Will you in justice to me insert the following and greater oblige?
 Had Judge Winchester permitted me to make a statement yesterday I should have said:
 First—That Christadelphians are not cowards, but people who have the courage to stand by their principles against the gibes and sneers of a scornful world. The true courage is not reckless valor or physical daring that dashes itself against its own ruin, but the courage of a man whose foot rests upon the rock of eternal truth, and whose eye gazes at the future and patiently waits on God.
 William Smallwood,
 (Editor of the Christadelphian Standard.)

FOUR CONTESTANTS IN WEST HAMILTON

Only Two Candidates Out So Far in the East Riding.
A LIBERAL MAY RUN
 Three Have Been Named to Face the Barrier in Wentworth.

Special to The Toronto World.
 Hamilton, Monday, Nov. 19.—With the election taking place today for the Mayor of East and West Hamilton, and the County of Wentworth, it is safe to say that campaigning will be commenced in earnest this week by the candidates who will contest the three ridings. Hamilton has always been noted for the bitterness of its political contests, but the coming federal election promises to eclipse any ever held to send representatives to Ottawa.

East Hamilton nominations will take place in the police court room and West Hamilton in the court room of the Municipal Building, respectively. The following candidates are named: East Hamilton—Major-General Mowbray, unionist, and Ald. George Halcrow, Labor.
 West Hamilton—Lieut.-Col. William Hendrie, Conservative-Unionist; Lieut.-Col. John L. McLaren, Liberal-Unionist; T. J. Stewart, Conservative-Unionist, and Walter Hallowell, Labor.

In the county three candidates have been named to face the barrier, with the possibility of a fourth candidate being nominated at the last minute. Those who will be nominated, however, are Gordon C. Wilson, unionist; J. H. Dickerson, Liberal-Unionist; and Fred E. Eisman, a nominee of the Amalgamated Society of Engineers.

Whether or not a straight Liberal will enter the east riding against the new minister of militia and the Labor man is a question that will remain unanswered until after the nominations are made. The East Hamilton Liberal Association, at a recent meeting, endorsed a candidate of the May Party, but owing to the fact that there was only a majority of one vote, it was not a majority. It was reported that a wing of the Liberal Association will run a candidate of the May Party, but this will be a three-cornered contest.

The candidates and the efforts to be made by them will be reported from now on to line up their supporters. Mr. Dickerson has been holding meetings in all the townships, and Mr. Hendrie is holding meetings in the field as soon as his organization is completed.

In the city riding the situation is different, for, with the exception of the Labor man, no other organizations have commenced to form organizations. The first meetings of the kind were held last night, when supporters of Major-General Mowbray met in the Sons of Erin hall and McLaren will meet at the corner of Merrick and MacNab streets.

R. L. BAKER NAMED AS SOUTH YORK CANDIDATE
 Deputed by R. MacNicol on Second Ballot at Convention.
 R. L. Baker, first vice-president of the Liberal-Conservative Association, was nominated Saturday by the convention of the riding held in the Labor Temple to contest the seat of South York in the forthcoming election. Four names were put in nomination, R. L. Baker, J. R. MacNicol, W. F. MacNicol, and R. B. Roberts. Ald. Robbins withdrew, and the first ballot was cast on the remaining three. In all 485 votes were cast, of which J. R. MacNicol received 215, R. L. Baker 179 and W. F. MacNicol 88. On the second ballot 498 votes were cast, R. L. Baker receiving 238, W. F. MacNicol 203, and J. R. MacNicol 67.

After the announcement of the vote Baker called for a cheer from the supporters of the Liberal-Conservative Association. Mr. MacNicol, who moved that the nomination be made unanimous. When the chairman, Dr. Sprule, asked those in favor of abiding by the convention to stand, quite a number kept their seats.

FOSTER, UNIONIST, FOR EAST YORK

Controller Gets Nomination at Win-the-War Gathering at Norway.
STAND BY PREMIER
 Speakers Endorse Borden and His Policy of Selective Conscription.

Out of a field of five candidates Controller Thomas Foster was successful in obtaining the nomination as the union candidate for East York at an enthusiastic win-the-war gathering in St. John's parish house, Norway, Saturday night. The smaller Foster finally accepted the nomination, the hall was packed to capacity, many of the delegates failing to obtain seats, but the convention was overwhelmingly Conservative, very few Liberals being present.

LOOKING FOR MAN TO BEAT GUTHRIE
 Liberals of South Wellington, However, So Far Unsuccessful.
 Guelph, Ont., Nov. 18.—The political situation in South Wellington is unsettled, and not until the actual hour of nomination comes around will there be any solution. The Liberals who are supporting Sir Wilfrid Laurier are making every possible endeavor to secure a candidate to oppose Hon. Hugh Guthrie, but tonight there is no man definitely in the field.

There are strong rumors, however, that J. W. O'Connell, a former inspector for the riding, may be induced to become a candidate, as it is well known he is strong, and is well known to the voters. He was one of those who at the liberal convention on Friday favored the move to adjourn without nominating a candidate, and he expressed himself at the time as being in favor of the opinion that it was not so much men that were needed at the moment as it was food, and that more production should be the watchword.

CALL TO WOMEN TO SUPPORT LABOR PARTY
 Candidates for Toronto Seats Outline Policies They Support.
 The Greater Toronto Labor party's social held Saturday evening at the Canadian Foresters' Hall in the city. The speakers at the meeting were: Mrs. H. Fretter, who presided, Miss Laura Hughes, one of the charter members of the party, and the general secretary, James Richards, president of the party, D. H. Dethman of Calgary, W. Stephenson, organizing secretary for the province, Jas. Ballantyne, candidate for East York, Jas. T. Gunn, candidate for South York, John Vick, candidate for East York, and Arthur Holder of Washington, an official of the International Union of Machinists, who is specially interested in the work of vocational training in the United States.

In the course of their remarks the speakers emphasized the fact that for the first time in the history of the Dominion men and women were collaborating on one platform with but one aim in view, the united consideration of the country's wealth and manhood, more especially the former for the more thorough prosecution of the war, and the general amelioration of the lot of the working men and women of the country. The gist of the speakers' remarks was that the strongest and finest country in the world is that which has the happiest women and most prosperous homes, a state of affairs which could not be maintained in a country where 90 per cent of the voting public were workers.

LABOR EXECUTIVE MEETS.
 The executive of the Greater Toronto Labor party, at a meeting held at the Labor Temple yesterday afternoon, made all arrangements for the nomination contest of the candidates, James T. Gunn, James Ballantyne, John Vick and D. A. Carey for the constituencies respectively of the candidates, James T. Gunn, East York and South York. The meetings in the four ridings will be held from noon till 4 o'clock today.

ACHIEVED ROUND MILLION.
 Brockville, Nov. 18.—The scream of whistles, the ringing of bells, the music of brass bands, and the appearance on the streets of special parades of the military units stationed here in spite of the fact that a small quantity of water, and warm the mixture gently over a moderate fire. When thoroughly melted, apply to the glass.

 Brantford, Nov. 18.—There will be two candidates and two only in Brant, from present prospects, a union government supporter, reported to have been endorsed by Premier Borden and his union cabinet, in the person of John Harold, former Liberal nominee, and Hon. Col. Harry Cockburn, Conservative nominee, who was personally asked by Premier Borden on Oct. 13 to be the union candidate for that riding, despite the fact that the state of affairs is so peculiar, it resulting in one candidate having been endorsed by Premier Borden and his union cabinet as a union government candidate.

T. J. STEWART'S STATEMENT
 Says He Will Run in West Hamilton With Borden's Recognition.
 Hamilton, Monday, Nov. 18.—T. J. Stewart, ex-M.P. for West Hamilton, interviewed by The World on Sunday, said: "As it seems to be an erroneous impression in some quarters respecting the win-the-war convention at the Royal Canoe Club on Friday night, I feel compelled to state the case clearly for the information of the public. The convention as arranged was fair enough, but it was carried out in an unfair way. I was given 100 tickets, as were the other candidates, and a number of tickets also were provided for the women for the Liberal-Conservative and so forth. Some of these tickets, however, were so allotted and distributed as to discriminate against my friends and supporters present. Nevertheless, I felt it my duty to attend and have the delegates I had selected attend the convention. After the meeting, I was informed by Laurier Liberals present that they would support me if I would support the candidate of the Liberal party. I would support the candidate of the Liberal party if I were elected. I would support the candidate of the Liberal party if I were elected. I would support the candidate of the Liberal party if I were elected."

 Brantford, Ont., Nov. 18.—After a thorough investigation by President W. E. Rollins and Secretary Joseph Marks of the Ontario Independent Labor party, the Brantford local of the party has been absolutely absolved of the charges brought against it by the Liberal-Conservative party. The two I.L.P. officers were here on Saturday, and at the close of the investigation found that at no time had the party violated the constitution, and that the nomination of Ald. M. McBride was perfectly in order, and should be supported by every voter who believed in independent political action.

 Cornwall, Nov. 18.—When the electors of the Dominion riding of Glengarry and Stormont met in the church hall, at Westport, on Monday afternoon, to attend the nomination for the coming election, the indications now point to only one name being placed before them, that of John McMartin, Conservative-Unionist, who was nominated by the Liberals many months ago, and recently renominated on going back to the convention as a win-the-war candidate, and later still, on Thursday afternoon, by a meeting of unionists held in Cornwall under the auspices of the Conservative Association. Mr. McMartin having signified his intention to the latter gathering that if elected he would support the union government for the term of the war.

The great natural law is of man's making, and that in fulfillment of the law, God is allowing the conflagration to pursue its course with the definite and perfecting of the national and individual consciousness.

PREMIER SUPPORTS FIELDING'S CAUSE

Sir Robert Borden Hopes to Secure Ex-Minister's Return Unopposed.

Ottawa, Nov. 17.—Sir Robert Borden returned to Ottawa this evening after a very strenuous week spent in the maritime provinces in the interests of union government.

The prime minister induced the Conservative convention in Halifax County to adjourn for 24 hours in the hope of securing an arrangement by which a contest would be avoided.

Supports Fielding. In Queen's-Shelburne Hon. W. S. Fielding was nominated by the Liberal convention and Hon. A. K. Maclean by the Conservative convention.

Mr. Fielding has taken a strong stand in support of union government, and his long and notable connection with public affairs as a member of the Liberal party makes his adherence to the cause of union most important in its influence throughout the Dominion.

Fielding for Union. "Mr. Fielding has taken a strong stand in support of union government, and his long and notable connection with public affairs as a member of the Liberal party makes his adherence to the cause of union most important in its influence throughout the Dominion.

Earnest Hope. "It is therefore my most earnest hope that in this election, which concerns the future of our country and the whole empire, all personal and party antagonisms will be laid aside and that Mr. Fielding will be returned by acclamation for the constituency of Queen's-Shelburne.

"Believe me, yours faithfully, R. L. Borden." The prime minister also used every endeavor in the Nova Scotia constituencies to secure, if possible, a union of all the forces supporting the purposes of the government, and it is hoped that good results will follow.

SOLDIERS AND SAILORS ELIGIBLE FOR ELECTION

Any Members of Naval and Military Forces May Become Candidates.

Ottawa, Nov. 18.—All members of the naval and military forces are eligible as parliamentary candidates. The question of the eligibility of an officer or soldier has apparently been arousing much doubt in many constituencies, as telegrams for a ruling on this and other points have been pouring in on the general returning officer, W. E. O'Connor, K.C.

"Neither officers nor soldiers are disqualified under the Dominion Elections Act. They are preserved from disqualification by sections one and two of chapter seven of the Dominion acts of 1915. Being qualified under the last-mentioned act as members, they become eligible as candidates. Before that act they were disqualified as members and so were ineligible as candidates. All members of the forces are now eligible as candidates and qualified as members."

SQUELCHES OPPOSITION TO FRANK CARVELL

Ottawa, Nov. 18.—While in the east Sir Robert Borden learned that Conservative opposition might be offered to Mr. Carvell in Carleton-Victoria, and he at once addressed a vigorous letter to both the chairman and the secretary of the Conservative Association, with the request that it be read before the Conservative convention, which met on Thursday last. At that convention it was decided that the Conservatives would not oppose Mr. Carvell, and it is believed that Mr. Carvell will secure an election by acclamation.

In several of the New Brunswick constituencies the prime minister is co-operating with Mr. Carvell for the purpose of uniting men of both political parties in support of union candidates.

BORDEN WILL RUN IN KING'S COUNTY

Secures Conservative Nomination—Canada's Destiny Depends on Election.

Kentville, N.S., Nov. 18.—Nomination as Conservative candidate in King's County at the general election was unanimously given Sir Robert Borden the prime minister, at a party convention here on Saturday afternoon.

The premier, in accepting the nomination to run in his home county, which obviously very much moved him, referred to his early associations with this vicinity, which he had left for Halifax over 40 years ago, and said that when he decided to stand aside in Halifax, his old seat, for his cabinet colleague, Hon. A. K. MacLean, the offer of the nomination in King's County decided with the desire of his heart.

Sir Robert, in the course of a reference to the union government, recalled the approving stand taken by Nova Scotian statesmen like Premier Murray and Hon. W. S. Fielding, and announced that Mr. Fielding would be elected by acclamation for Queen's-Shelburne.

The premier touched upon Canada's duty in the war. He uttered a strong warning against war weariness and asserted that the failure to provide the soldiers at the front with reinforcements would be regarded by them as a betrayal. If a referendum was decided upon, the premier pointed out, the Military Service Act, which was to provide the men needed, would be suspended for a year.

After recalling the rapid development of airplanes and submarines the prime minister remarked that one could not tell when this country might be brought within the actual orbit of the war's devastation.

Amidst loud applause Sir Robert said the issue in the election was nothing else but the national destiny. He himself felt a profound confidence that they would remain in the conflict with the undiminished resolution which had animated them for three years.

NATION BETRAYED OR LABOR FOOLED

President Watters of Dominion Trades Council Charges Premier.

London, Ont., Nov. 18.—President J. F. Watters of the Dominion Trades and Labor Congress, addressed a meeting in Hyman Hall tonight. George S. Gibbons the Liberal-Labor candidate for London, also spoke. Mr. Watters spoke strongly against the stand taken by the labor congress at the St. John, Vancouver and Toronto conventions, when unanimous votes against such a plan were taken. He recalled pledges given by Sir Robert Borden that conscription would not be contemplated, and promising to consult the trades congress if he planned such a measure. This was not done.

"I charge the prime minister," he said, "with either deceiving the Trades and Labor Congress because the nation isn't in danger, or betraying the nation."

He held the Labor party was in favor of conscription under right conditions, but wanted to start with the essentials required in conducting the war.

"We want the assurance that the nation is in danger," he said. Mr. Watters attacked "profiteering" and demanded the conscription of wealth.

UNIONIST WOMEN MEET

RECORD RAILWAY RECEIPTS.

Montreal, Nov. 18.—The average daily receipts of the three principal railway systems in Canada, the Canadian Pacific, Grand Trunk and Canadian Northern, in the second week of this month, were \$860,000, a new high record. For the first fortnight of the month the total gross earnings were \$11,916,846, against \$10,325,960 in the corresponding period last year.

CANADIAN AIRMAN WINS DISTINCTION

Commander Fisher Rewarded for Gallantry—Toronto Man Honored.

Canadian Associated Press Cable. London, Nov. 18.—The Distinguished Service Order was gazetted tonight following. Commander Philip Sidney Fisher, naval air service, who belongs to Canada. For conspicuous gallantry and devotion to duty in air fights and bombing raids. On one occasion very heavy fighting took place between eight machines fighting sun-drown and about 20 albatross scouts. He fought at least six combats single-handed, shooting down one of his opponents and driving some down out of control. On another occasion, when acting as leader of a flight of five machines for an offensive patrol, a general action took place with albatross scouts, in the course of which Commander Fisher was wounded whilst fighting with great gallantry. He has shown himself a most efficient and plucky flight leader, and has taken part in numerous night bombing raids in addition to day fighting. Commander Fisher was awarded the Distinguished Service Cross in May.

Flight-Lieutenant Basil Beacon Hobbes, Sault Ste. Marie, and Ellis Vair Reid, of Toronto, are mentioned in the despatches. Lieut. Hobbes holds the Distinguished Service Order and Cross for attacking zeppelins and submarines. Reid has been awarded the cross for several gallant fights with enemy scouts.

Freedom Must be Upheld by Freemen

ITEMS FOR AND ABOUT THE FARMER

"IN A SHELTERED VALE"

Scenes such as this are indeed prophetic of the prosperous times which await the farmers of Ontario "when Europe lays aside the sword to take hold of the plow handles once more," to use the words of a Bowmanville editor. Photograph by courtesy of Ontario Wind Engine and Pump Co., Limited.

CONDENSED INFORMATION FARMERS AND THEIR CLUBS

INSTRUMENT OF EXCHANGE.

"Strange to say, the protectionist of today still talks much of 'keeping our money at home.' He overlooks the fact that money is only an instrument of exchange—that in and of itself it is worth little."—From The Farmers Platform. Drafted by the Canadian Council of Agriculture, the Canadian Council of Agriculture, Campbell Stein of Chinguacousy Township has purchased the 100-acre farm in Erin Township belonging to Ira B. Vannatter. Sale was made by J. A. Houghgoby.

PLOWING IS BACKWARD.

James McLean of Richmond Hill says: "I am now thru with the matches and am glad to get back to my own work, but on the whole the plowing matches came off very well considering the lateness and backwardness of the season, and unless the plowing season keeps open for some time the 1918 crop outlook will not be bright, as I have been over Ontario quite a bit lately and am getting what the farmers say and quoting what I saw."

TRAVERTON.

This is a delightful November weather, and a lot of fall plowing is being done. T. E. Blair has spent the past week on his farm fixing up for winter, re-turining to his railroad duties the first of the week. Rob Peart is doing the fall plowing for him.

OHAWA.

A. L. Smith brought to town on Saturday a load of alskas and took home with him in his place \$1,147.65. The alaska was grown in one summer on one field, threshed in one day, brought to town in one day, on one load with one team, at one trip, and left at one elevator.

CHATSWORTH.

Malcolm Mitchell has purchased the farm of Jas. Godfrey. He will take possession immediately. Could the farmer who grumbles at recent market conditions be trusted to find contentment in heaven?—Watford Guide-Advocate.

Six carloads of potatoes were shipped from Garden Hill to Montreal last week. The price paid was \$1.40 to \$1.50 per bag.

John Gleason has sold his farm, W. 1/2 lot 11, con. 3, Peel Tr. to John Flynn, who is doing the fall plowing on it, and purpose retiring. His many friends will wish him good health to enjoy his freedom.

John A. Campbell, councillor of East Luther, has sold the homestead to his son, Albert, and leased the other farm to George Crewson, of Colbeck district.

William Beattie, of Colbeck district on Monday bought the James King farm, south of the village, from Wm Watson, who purchased it last spring.

WHITEVALE.

Several of our horse-breeders are already making extensive preparations for the winter stock show at Guelph.

BROOKE.

Walter Throver, con. 14, has purchased 20 acres Durham heifers for breeding purposes. This is a good example that others should follow and thus help to increase production during these strenuous times.

GLAMIS.

Messrs. W. J. Graham, T. McIntosh, George Webb and Kirktown Bros. loaded their potatoes, sold to a Brussels buyer, at Bukerton on Saturday. Mr. Arthur Alexander, con. 12, was in charge of the lot. Threshing is about done in the vicinity. The remaining ones to have the machine are J. McKinnit, Kirktown Bros. and J. K. McLennan.

VENTRY.

The improved weather of the past few days is very acceptable change to the farmers. The late harvest was almost immediately followed by cold, wet weather, which has seriously hindered the farmers in the root harvest and fall plowing. It is hoped that the mild weather may continue a while longer and allow the producers to get a good start on next year's campaign. It remains with very few farmers to have their plowing classes among the arts, and Mr. George Porter, one of the few. The sod field east of the church recently plowed is a pleasing sight and it will be worth while for even automobilists while passing to stop and admire its beauty. Mr. Hector McQuarrie, one of Proton's pioneers, has sold his farm to his son John and will spend the rest of his years enjoying the fruit of the labors of many days.

ALLAN PARK.

Mr. Wm. Brigham has rented his farm to Mr. Adam Pizell for a term. The weather for the past week has been very fine and we hope it may continue for a while yet, as the farmers are all behind with their work. The harvest was late, and the threshing was a long and heavy tug, and also the corn cutting, potato digging, and taking up of other roots; with help being scarce, and the weather unfavorable, there is very little plowing done.

SALEM.

George Bennett's sale, which was held last Saturday, was very successful. Everything brought a fair price. Mr. Galaher has put a roof on his new silo. Mr. Hawthorne of Wingham assisted him. The fine weather last week was welcome, as the farmers were able to gather in their turnips.

MORRIS.

Quite a number of farmers have been selling potatoes and turnips for shipment. Both are good crops, generally speaking. The 100-acre farm of the late John Mason, 3rd line, has been purchased by Joseph Hogg, the present tenant, the price being \$5000. We wish him success. Mrs. Hogg is a daughter of the late Mr. and Mrs. Mason.

HOW CAN FARMERS AID THE CONSUMER?

Letters on the Food Problem Are Interesting to Latter.

BUYER WANTS TO KNOW

Farmer and Consumer Both Invited to State Their Case.

In our issue of Oct. 22 readers were reminded of the following plank in the platform of the union government as explained in Premier Borden's manifesto: "The encouragement and co-operation among those engaged in agricultural production with a view to diminishing the cost of production and marketing so that the price paid to the producer may conform more closely to that paid by the consumer." The World is most anxious to help the campaign along these lines, and will welcome letters from both farmers and consumers commenting on this problem. The cause of the farmers will be helped thru wise publicity, because the consumer needs to learn more about the farmer, and the only way in which he can learn is thru the medium of the newspaper. Therefore, the farmer should see to it that his side of the case is presented.

Food is the Need. The consumer's point of view is very simply presented in the following words by Henry Irving Dodge: "Looming so big as to obscure everything else is one little word of four letters—food, and we must go to the farmer for that." Let the farmer remember, therefore, that the consumer looks to him for food, and frequently blames him for the high prices charged for it. Farmers should individually take it upon themselves to bridge the seeming gulf between the consumer and himself by telling the consumer of his own problems and how he really desires to sell his produce at a reasonable price to the consumer. How can the gulf be lessened?

The World will willingly publish letters from farmers on the following problem presented in an editorial in The Colliwater Farmer: "Ontario is reported to have a big surplus of potatoes this season. If this is so, why have potatoes jumped from 80 cents to \$1.00 a bag during the past month? The price has been advanced by outside buyers, who are operating all round Colliwater, purchasing in carload lots. If potatoes are so plentiful thruout the province, why such demand for them in this section? Further north the situation appears to be similar. The Gravenhurst Banner says: 'There is something very peculiar in the situation which we cannot account for. During the past fifteen days over 50 carloads of potatoes have been taken out of the country between North Bay and Orillia. On Saturday last there were eleven buyers in Gravenhurst looking for car lots of potatoes, and they have been combing the country on the potato hunt. Every corner of Ontario reported an abundance of potatoes, and why the buyers are scouring this northern section is a mystery indeed, and the only conclusion we can come to is that the produce men are preparing to make another 'killing' this coming winter.'"

AYLMER.

John Bradley has sold his fifty acre farm on the fifth concession of Malahide to Arthur Treadwell and Ben. Hilliker of this place. The former takes the east 30 acres and the latter the west 20 acres.

J. L. Woolley of this place has sold his farm, one mile east and four miles north of Springfield, to Clifton Charlton. The consideration being practically \$100 per acre.

BLUEVALE.

Albert Jackson of near Teeswater, has purchased Wm. Thornton's farm, Bluevale, and Mr. Thornton has purchased Wm. Haney's residence in the village and will enjoy a well earned rest.

SPECIAL ANNOUNCEMENT.

The management of the Guelph Winter Fair are anxious to encourage the conservation of the breeding stock of swine. The prize money totaling \$250, divided into 13 prizes and offered for the best pair of animals from 150 to 250 lbs. in weight, will be duplicated in event of the winners being barrows.

LINDSAY.

W. J. Glenn of Little Britain arrived in town the other day, via C.P.R., with a load of choice stockers, which he picked up in Toronto. The cattle will be put out with farmers for their winter feed, after which they will be placed on Mr. Glenn's ranch in the north country next summer. He also expects to purchase a choice load of heifers, which will be used for breeding purposes.

ERIN.

Fall plowing is proceeding with vigor these days. November may give us some good October weather.

LIVE STOCK BREEDERS HAVE BRIGHT FUTURE

Buyers From All the World Will Expect Canada to Provide Their Needs.

We do wish we could impress on the farmers of Canada that at the close of this world war the livestock business of this continent will face the greatest era of prosperity it has ever known. No doubt about it. The reason for this is evident for before agricultural activities can be renewed on the devastated farms of war-ridden Europe, those farms must be re-stocked with horses and all kinds of breeding stock which the ravages of the war have so materially reduced in numbers. Where will Europe go to supply this demand for horses, cattle, swine and sheep? Who can supply these unless so necessary for profitable agriculture? Why Canada and the United States, of course, and to meet this unprecedented demand for breeding stock it is up to our Canadian farmers and live stock breeders to begin at once preparations to have stock in shape to stand inspection of foreign buyers who will scour this country when Europe lays aside the sword to take hold of the plow handles once more.—Bowmanville News.

WOODSTOCK.

Eggs touched the 60 cent mark here Saturday. Oh, for some reasonable bid. Farmers in the St. Mary's district are busy harvesting roots. The despatch says many have not yet taken in their potatoes owing to the scarcity of farm help—Neither did we, owing to the scarcity of spuds.—Sentinel Review.

MT. SALEM.

Mr. Frank Margunis' sale, held on Wednesday last, was well attended. The Lightfoot Bros. have been busy in this neighborhood, threshing, for the past week.

HOW TO PRESERVE THRU THE WINTER

Cabbages Can Be Placed in Trench and Retain Freshness.

LITTLE KEEPS TURNIPS

Turnips and Potatoes Can Be Saved From Frost Damage.

Five years ago I hit upon a plan of keeping cabbages over the winter that I have since followed, and I find that many truck gardeners are successfully using the same plan, says Walter Covey in The Country Gentleman. I dig a trench just as wide and as deep as desired. I then pull my cabbages and plant them in the trench, roots down, and pack the earth carefully round the roots. I do not remove any of the leaves. I place the cabbages in the trench close enough to touch, but not to crowd. I then place over the trench an inverted V-shaped covering of boards, which I make watertight. This covering is made of inch boards sixteen feet long, nailed to V-shaped braces made of two-by-four-inch scantling, joined at the top the same as the rafters on a roof. As soon as I have placed this covering over the trench filled with cabbages I cover it with straw deep enough to keep out the frost, and then throw on dirt. The open ends of the trenches should be filled with straw enough to keep out the frost. Thus covered, you may defy the rains or freezing weather. Your cabbages will actually be fresher in the spring than they were when placed in the trench, and not one of them will be touched with decay. Many times I have kept the cabbages to take root in the trenches and grow all winter. The covers should be cared for during the time when not used to shelter the cabbages, and they will last many seasons. Should you wish to take out cabbages for use in the winter, remove the straw from one end and with a strong wire hook pull out as many as you wish.

In connection with this important question of preserving roots and vegetables thru the winter, Joseph Little of Shelburne tells The World that he has had great success in keeping turnips and potatoes by placing them in a trench with at least twelve inches of earth on top. One year he was digging up his turnips early and thought they were all spoiled thru being frozen. He threw most away, but a few which he could not move because they were solidly frozen to the ground. He covered these up again and when the frost was out of the ground later on he again uncovered the trench and was amazed to find the remaining turnips in the best of condition. Mr. Little says that as long as there is a sufficient amount of earth on top the frost will leave the roots and the ground without being hastened by sun or rain. The result will be that the roots will retain their crispness and you will have the finest quality of turnips in the spring.

VASEY.

We were elated over our fine September month, but we cannot say as much for October and we find that there are lots of roots and potatoes yet in the fields and the fall plowing is scarcely touched which is a poor start for 1918 crop.

We noticed some strange freaks of nature this season. For instance, how is it we have such a great crop of beechnuts and no squirrels to harvest them? The red squirrel is a rare sight this season, and also we found him with a thief yet we would miss him sometimes. The farmer seems to always be in trouble.—Last year he was puzzled to know what to do with his cattle for want of feed, and this year he is puzzled to know what to do with his feed for want of cattle.

SHARON.

The farmers are taking advantage of the fine weather, finishing up their plowing and threshing. Beautiful Indian summer days, combined with good prices, have tended to awaken a spirit of friendship among the hitherto warring elements of our burge and now the wild winged dove of peace with nestles in our midst.

The hunters are back from the north, wild and report good luck. Mr. Bellar caught one deer that weighed two hundred pounds. It was the largest one captured in the party.

VANDELEUR.

The beautiful weather of the past week has enabled the farmers to get considerable plowing done. Threshing is about all done in this vicinity, and the yield of grain is very satisfactory.

WHY PRESENT PRICES?

Seventeen carloads of potatoes have been thus far this season shipped out of Markdale. Forty thousand bushels of tomatoes were canned by a factory at Leamington this season.

James Clark has bought the John Lyons farm on the town line, Burroughs and Holland, some four miles north of Markdale.

BEAVERDALE.

Robert Fothergill got the roof on his barn last week, it being quite a comfort to get it on before the wet weather comes.

BELWOOD.

J. McClanahan has sold the front part of his farm to Albert Smith, and intends to procure a sawmill in the near future.

PARKER.

Alex. Borovoy's sale on Nov. 2 was well attended, and the proceeds amounted to \$4470. Mr. Borovoy moved his family to Toronto this week. John Hestry has purchased from Lorne Lewis his 100-acre farm on the 12th line, and Norman French has purchased John Coffey's 50-acre farm on the Elora road.

Jas. Wells of Hullett delivered to John Watt, hog buyer, of Walton, on Saturday, a sow, which threw the sows at 600 lbs., and for which he received the sum of \$25.00. Some porker sure.

Food Controller Assures Protection For Hog Producers

There is a shortage of 32,425,000 hogs in Europe. Britain, France and Italy urgently need all the hog products that the United States and Canada can possibly produce. The Dominion Government and the Provincial Governments are co-operating to greatly increase the production of hogs in Canada. In connection with this undertaking, Hon. W. J. Hanna, the Food Controller for Canada, made the following statement to a representative gathering of packers and produce men:

"The hog producer will want to know at the very outset that there is assured to him as grower his fair share of the price paid by the consumer."
"In the case of flour mills, we have worked out what is practically Government control in the form of license. The only profit the miller will be allowed is 25c. per barrel on the flour. The bran and shorts will be sold to the farmers at actual cost. We are adopting a plan for control in connection with wholesale fruit and vegetable men. In the case of packing houses and cold storage plants it must mean practical and effective Government control."

CONFIDENCE JUSTIFIED

The assurance to the producer of a fair share of the price paid by the consumer, considered in association with the ever increasing demand of the Allies for meat, justifies confidence in the future of the swine industry.

There is a world shortage of meat. In Europe the situation is so critical that it is now one of the vital factors in deciding the outcome of the war. And hogs, on account of their prolificacy and early maturity, provide the only way to relieve the emergency.

Some idea of the enormous increase in the consumption of bacon and hams overseas since the beginning of the war is given by a statement of the British Imports—
In 1913 they were 638,000,000 lbs.
In 1914 they were 664,000,000 lbs.
In 1915 they were 896,000,000 lbs.
In 1916 they were 1,006,000,000 lbs.

SAVE THE YOUNG SOWS

Every soldier in the British Army requires 1/4 pound of bacon per day in order to maintain the highest bodily efficiency. Multiply this 1/4 pound of bacon by the millions in the Allied Armies and some idea is secured of the urgent need of increased hog production for military purposes alone.

FLORIDA Commercial Grape-Fruit Groves

GRAPE-FRUIT is recommended by physicians everywhere owing to its health-giving properties. GRAPE-FRUIT is grown successfully only in parts of Florida and the West Indies. Florida produces the better quality, but only parts of a few countries can grow it to perfection.

GRAPE-FRUIT grown in the warm, sunny hills of Polk County, the finest of all, as shown by the latest report of the Florida Department of Agriculture. Polk County fruit averaged \$3.98 a box (the highest in Florida); the state average was \$3.10 per thousand.

GRAPE-FRUIT is the hardest variety of commercial Citrus fruits; it bears earlier and heavier than oranges and brings a higher price. We can show you a single tree at Lakeland Highlands with over forty boxes of fruit on it.

GRAPE-FRUIT Groves at Lakeland Highlands, Florida, pay the largest price for the smallest investment. There is no risk—our groves have the scientific care of the largest practical co-operative organization of its kind in America, with over 2600 acres now in its charge.

CALL, PHONE OR WRITE for full particulars. If interested try and arrange to join me on December 3rd and investigate this proposition. Return fare only \$5.00. Your expenses paid if you buy.
