MISSIONARY REPORT.

THE Board of Managers recognise, and in presenting this their Annual Report, would gratefully acknowledge the goodness of God to this society.

Not only have all its agents been preserved, but success has attended them while engaged in the work of their Divine Master.

Many of our Mission fields have been greatly prospered, and the results, on the whole, are highly satisfactory.

Our boundaries are constantly enlarging, and our numbers steadily increasing. Many new fields are full of encouragement, and promise. Others have become quite vigorous, and require but a diminished estimate for their support ; while a few fields will soon relieve the Society from all expense. The supervision of this work, by the officers of the Church, costs a large amount of time, and extensive travel, but necessary to its efficiency. The increase in membership, during the past year, is not equal to the number of conversions.

This has arisen, we think, from the many removals which have taken place in those settlements, resulting from the unsettled state of the country, and the financial embarrassments, consequent upon the failure of the crops and the troubles in the neighboring nation. The funds of the Society are less than they have been some previous years, but yet, fully proportionate to the support of the Ministry in the several charges of our Circuit work. The success of the year encourages us to trust in God, and is a guarantee that He for whom we labor, and in whom we trust " will give the increase," and stimulate us to renewed effort in the prosecution of our Missionary work, and inspire us with new zeal to " extend into regions beyond." The calls upon us are numerous. To us, it seems to be the duty of the Church to supply those calls, from year to year. Not only, calls from our own Canada, but we should heed the cry from across the water, " come over and help us." This we wish to do ; this we pray to be able to do, and this we will endeavor to do, by all means within our power. Hence, we appeal to our numerous patrons and friends for generous liberality. We would

suggest that the canvass for the collection of funds be more general, and that the Missionary Deputations when engaged annually, at their usual labors, circulate, in addition to the customary Missionary subscriptions, a *special* subscription for the purpose of occupying "Hudson's Bay Territory" and "British Columbia." Yet your Board cannot overlook the existing destitution that meets your agents in their work, and the fact that if your Society fail to supply the means of grace in many places, they must remain unsupplied.

Your Board would hereby acknowledge our deep obligations to the numerous collectors, who, render a gratuitous service, many of them for several years in succession, and respectfully solicit their continued co-operation in collecting all the subscriptions intrusted to them annually.

CONSTITUTION OF THE PARENT MISSIONARY SOCIETY, (As amended by the general Conference held at Cobourg in August, 1862.)

Whereas the M. S. of the M. E. C. in Canada, has had but a nominal existence for the last few years, and it is for the interest of the mission work to give it efficiency.

We therefore recommend, that the Constitution of the Parent Missionary Society be so amended as to provide that the Board shall meet annually, within one month after the session of the *last* Annual Conference,—at which time it shall make the estimates for the mission work for the current year, and disburse the funds of the preceding year at its disposal; that the auxiliaries may expend 75 per cent of the funds collected during the year, in the payment of current estimates, and that 25 per cent be held subject to the order of the Parent Board for disbursement at the Annual Meeting. That the Annual Meeting of the Society shall be held at the time and place of the Annual Meeting of the Board, and the President shall fix the time and place for those meetings.

That the Auxiliary Societies be instructed to regulate their business in agreement with the Constitution of the Parent Society.

The Officers of the Society shall be a President, three Vice-Presidents, Treasurer, Secretary and Corresponding Secretary.

And six Managers, *two* to be appointed by each Annual Conference from year to year.

NIAGARA CONFERENCE.

There are upwards of Twenty Missions and appropriation fields in connection with the Niagara Conference. We give a few extracts from the reports furnished by the Preachers in charge during the past year.

OIL SPRINGS.

This is a new field taken up last year. We commenced with eight members, and have now a fine class, numbering in all twenty-eight members and probationers. Many of our hearers have been transient residents, and the same fact has affected our membership. The discovery of Oil in this region brought many adventurers and visionary characters, who have come and gone without benefiting either themselves or society. Yet, on the whole, a more intelligent, enterprising and deserving community can hardly be found. Men of staunch character are assuming the control of the place, and men of high business reputation are staking their all upon the permanent resources of the same. We have erected a commodious and respectable Church, now nearly completed and paid for. If galleries are put in, it will require about \$600 to complete it. It will then accommodate eight hundred persons. Without a gallery, as at present, it will not contain the congregations which occasionally assemble there. The Missionary has the opportunity of preaching at this place to many who are not accustomed to attend Methodist meetings, but who throw off a little of the old restraint in visiting this new country. Hundreds of visitors from other countries have here obtained their first knowledge of Episcopal Methodism in Canada; and many who have not been in the habit of listening to the sound of the Gospel in any church, have found their way into one of the churches here for the want of other attractions in this new place.

GODERICH.

On this field of labor, God has been pleased to revive his work this year. We held a "Protracted Meeting" in the Town of Goderich, and eighteen united with the M. E. Church. There was only one public prayer meeting in connection with the church when I came to the Circuit, now we have five or six during the week. There have been three conversions amongst the Sabbath-School children. There are only three appointments on the Circuit—the congregations in each of these are good. We have no Local Preachers or Exhorters on the Circuit. There are thirty-five members in full connection, and twelve on "probation," the remaining six who united on trial having removed to other Circuits. There are evidences of increased spirituality amongst the members, especially in town; and considering the strong influence brought to bear against Methodism in the place—all things being considered—we have reason to be thankful for the tokens of success which have been manifested.

BOSANQUET.

This Circuit has appointments in the Townships of Bosanquet, Adelaide and Warwick. There are twelve preaching places, one hundred and eighty-one members, and a full board of officers. This work is in a good state, spiritually.

ST. CLAIR.

This Mission is situated in the Township of Sombra, Co. of Lambton, and has been occupied by our ministers for twelve years, with more or less success. Out of it have grown the Sydenham Circuit, which is now self-sustaining—the Enniskillen and Oil Springs Charges; and at the last Quarterly Conference, a resolution was carried to have two men next year. We have a good Parsonage and a Church in the vilage of Sombra, we also have a Church at Wilkesport upon this Charge. We have six Sabbath appointments, with a membership of sixty-eight.

SANDWICH.

This Mission embraces appointments in four Townships, viz. : Maidstone, Gosfield, Mersea and Romney. There are upon this Charge nine Sabbath appointments, a membership of one hundred and thirty, four Local Preachers, and a full board of Stewards. We have two churches within the bounds of this work, one in Leamington, and another (nearly finished) on Sandwich Street, and between two and three hundred dollars, on subscription, for one on the eighth concession of Mersea. We have a Parsonage in the vilage of Leamington, 32 x 20, a part of it not yet finished. There have been received into society during the present year about thirty persons. The Mission is in a prosperous condition, and we have no doubt will soon be a self-sustaining Circuit.

RAINHAM.

This work is principally in the County of Haldimand, and is composed of parts of the Townships of Dunn, South Cayuga, Rainham and Walpole, and has eight appointments, seventy-one members, three chapels, and one in course of erection. The Circuit has been enlarged this year, and has erected a good Parsonage, and we think with faithful attention it will soon become a self-sustaining field.

WALSINGHAM.

This Circuit lies in the County of Norfolk, and embraces the following Townships, viz : Windham, Charlotteville, and Walsingham. Conference granted last year an appropriation of one hundred and twenty-five dollars towards the support of the Minister. We hope, however, the day is not far distant when this will be a self-sustaining field of labor, which may the great Head of the Church grant for His name sake.

ST. DAVIDS.

This is a small field of labor with four appointments, and a membership of forty persons, with one chapel. It has been said that this Circuit is located in the garden of Canada, still there is great need of a revival of vital religion; and though it was one of the first fields of Methodist labors in this Province, there is yet great need of the labors of Gospel Ministers, and the prayers of Christian people, that the great Head of the Church may pour out His spirit, that this barren soil may yet bud and blossom as the rose.

DOVER.

This field of the vineyard embraces in its western boundary the Dover Settlement, twelve miles north-west of Chatham on the Thames; the travel from thence is through Chatham, (where we have an occasional appointment) up the north side of the Thames through Lewisville, to the Kent Bridge M. E. Chapel ten miles east of Chatham. Here we strike north to the Wabash Settlement, (where we have a chapel in course of erection) distance five miles; thence to the village of Dawn Mills, on the Sydenham River. Here we have a new appointment that promises well. From Dawn Mills we pass down the south side of the Sydenham to the thriving village of Dresden, at the head of ship navigation. Here we have a chapel worth some \$900, and a society of one hundred. From Dresden we cross the river, pass down four miles to the Gillespey appointment; thence three miles down the river to the Duster's appointment; five miles below this we take in the flourishing village of Wallaceburgh, built on the four sides of the north and east branches of the Sydenham river. Wallaceburgh is noted for its extensive shipbuilding, excellent harbor, rapid growth, and general enterprise of its citizens. We are blessed with a flourishing society here, some church property, and contemplate the erection of a brick chapel. We might add, that this entire section of country on the Thames and Sydenham rivers, is as good farming country as we have found in Canada, and has been styled the garden of Upper Canada. We have on this Mission one hundred and twenty-eight full members, one hundred and fifty-six probationers, four Local Preachers, two Exhorters, ten appointments, fourteen classes, and \$1,500 worth of church property. Our missionary money this year amounted to \$141 30. Seminary Subscription, \$200. Bishops', Elder's and Preachers' claims all paid.

BROOKE.

This Mission embraces parts of the Townships of Brooke and Medcalf. There are seven appointments, six Sabbath and one week evening. There are eleven Stewards, one Local Preacher, two Exhorters, six Classes, and a membership of one hundred and twenty-three. There are on the Mission two churches, one a frame building and the other composed of hewed logs, and a parsonage. May God pour out of his spirit on the Brooke work, and save many souls. Amen.

ENNISKILLEN.

This Mission has a membership of twenty-nine, is situated in the County of Lambton, and has three appointments in the Township of Enniskillen, one in the Township of Moore, and four in the Township of Plympton. There is one parsonage nearly completed, and one church in course of erection. At the last Annual Conference this Mission was divided, and the south part of the work is now embraced in the Olecia Charge, which may account for the decrease in membership compared with last year. We have peace in all our borders, and the congregations at most of the appointments have increased during the year, and our influence has proportionally improved. Amongst our members there is an evident increase in the growth of the Christian graces.

VIENNA.

Vienna Circuit embraces the Township of Bayham, and part of Houghton, and has a membership of one hundred and twelve. Vienna is head quarters. We have here a good chapel, now finished and paid for, the result of strenuous and persevering efforts, in which our esteemed friend the late Brother S. E. Ryerson bore a conspicuous part. It was commenced by Brother Curts, under very depressing circumstances, as the chapel in which the Conference was held in 1855 was consumed by fire, while a debt of some \$400 was remaining upon it. We have no parsonage here, but our friends contemplate purchasing a cottage convenient to the chapel for that purpose. There is at Straffordville an excellent frame of a large chapel enclosed, but remains unfinished for want of means, and also another small chapel at Eden in the same condition. We have seven appointments on this Charge, but in consequence of the failure of the lumber business, our members and friends are in straightened circumstances, and this renders it necessary that an appropriation be continued until the chapels are finished, a parsonage secured, and the circuit established upon a more permanent basis. Our finances stand thus: \$250 have been raised towards our support; \$86 Missionary funds; \$50 on Advocate accounts; \$75 conditional subscription for Belleville Seminary.

HARTFORD.

This Mission is in the bounds of the County of Haldimand, it has two chapels, but no parsonage, three appointments, three classes, five Stewards, one Exhorter, one Local Preacher, and raised for the support of the minister, \$80, Missionary money, \$50—they are a kind people and congregations good, peace in all its borders. The Lord has done much for the people, and they feel thankful. May God bless them.

STANLEY.

This field embraces Stanley and Tuckersmith Townships, parts of Hibbard, Usborn, Hay and Goderich. Ten regular appointments, having a membership of one hundred and twenty-four, with, through Divine favor, prospects of an encouraging nature for the future.

BAY QUINTE CONFERENCE.

The Missions in connexion with the Bay of Quinte Conference, are fifteen. A few brief extracts from the reports of the agents on those fields may not be uninteresting.

HUNGERFORD MISSION

Embraces the Townships of Hungerford, Elzever, Koledon, Barrie, Anglesea, Abenger, Denbeigh, Clarendon, and Miller. The labors, on that field have been very severe the past year, and three men have been required. It has 25 appointments, 2 Local preachers, 2 Exhorters, and a membership of 266, 55 of whom have been added during the past year.

TAMWORTH.

The Missionary records a gracious outpouring of the Spirit; an increase of spirituality in the Church, and the conversion of many souls to God. Most of the debt on the Church has been paid; a site secured and preparation made to build another the present year.

KENNEBEC.

On this field there have been hard labor, rough roads and a poor people. The Missionary writes that God has been with him and given success. Also says, "we have some good members here, who, if they had the ability, would do much for the cause of God."

HINCHINBROOK,

Situated in the County of Frontenac, has 11 appointments, 8 classes, 165 members, 1 Local Preacher, 2 Extorters, a parsonage in progress, a site for a Church with part of the timber for building on the ground. Extensive revivals have cheered the hearts of preacher and people during the year.

WOLFE ISLAND.

This Mission is improving. It has a comfortable parsonage, and chapel erected mainly through the instrumentality of two excellent brothers, but on which a small debt of \$300 remains.

PITTSBURG.

Is doing remarkably well. The Missionary thus writes—We have encouraging accounts to render from this promising field of labor. God has prospered us in a remarkable manner. Our membership has increased, our influence is good; our prospects are very bright, and we expect it will soon become a self-sustaining Circuit.

LEEDS.

The Missionary laboring on this charge has, during the past year, been much afflicted with sickness, and much of the time prostrated. This probably accounts for the fact, that from this charge we have no returns. This field is now incorporated with the Elgin Circuit.

NORTH GOWER,

Is a new field, occupied only last year, has 5 appointments, 18 members, and an organized quarterly Board with good prospects.

ROXBORO

Mission embraces parts of the Townships of Osnabruck, Roxboro, Cornwall and Finch. It has one parsonage and one Church, a lot for another Church in the Village of Mille Roche. A Membership of 135, 50 of whom have been received during the past year.

RICEVILLE & LA CHUTE.

This Mission is situated about midway between Ottawa and Montreal Cities, on the banks of the Ottawa River, and embraces parts of six Townships. We have a chapel, a parsonage and 80 members who are warmly attached to our Church.

TEMPLETON,

Because of its proximity to Ottawa City is an important place. A bridge is being built over the Gatineau which will afford an opportunity to enlarge the work. It was once in a very prosperous condition, but their Church being destroyed by fire, and the work neglected, it has greatly run down, but there yet remain those who are warmly attached to our Church, and desire her ordinances. Our cause is now in an improving condition—we have prospects of better days. Measures are being taken for the erection of two Churches soon.

ARNPRIOR.

This field has been occupied but two years. Already we have a neat Chapel 40 x 30 feet, and 25 members. The Missionary says "I have preached 175 sermons, visited 900 families, and held two prayer meetings each week. Our Congregations are increasing, our work is enlarging, our interest deepening. The Missionary speaks of the use of ardent spirits as being *the* great impediment to the success of the gospel, and adds "May the good Lord speed the day when the liquor traffic shall no longer obstruct religious progress.

RENFREW MISSION.

The Lord has prospered our Missionaries during the year. Sinners have been converted to God, and drunkards reclaimed. Our work has extended into Lower Canada, and we have ten appointments, four classes and sixty members. A site for a Church and Parsonage has been secured and part of the material for building on the spot. On the Upper Canada side, we have six appointments and eighty-six members, a Church and Parsonage.

WESTMEATH.

Embraces the Townships of Westmeath, Pembroke, Alice, Stafford and Ross. Much opposition is encountered, but amidst it our own cause has prospered. We have 172 members, a parsonage, and, in course of erection, a Church. This Mission has been blessed with the outpouring of the Holy Spirit upon the people, and many souls have been converted to God during the year.

EGANVILLE,

Embraces parts of the Townships of Gratten and Wilberforce; has six appointments, some spiritual progress and prospects encouraging.

ONTARIO CONFERENCE.

OMEMEE.

The Omemee mission is situated in the Counties of Peterborough and Victoria. This work, in one point of view, would naturally represent two separate fields, as it is at present located. The mission has only been occupied for the last four years; but, notwithstanding the shortness of time that we have devoted to the cultivation of this part of our Masters vineyard, our labors have not been in vain. The vine which has been planted, is being nourished to a considerable extent by the people, and we can safely say, it is cherished by all, if outward demonstrations can be taken as proof. The refreshing showers of grace have caused the buds to burst, the blossoms to appear, and, we trust, that eternity will unfold a fruitful harvest of precious blood-bought gems, to brighten the diadem of our great Redeemer. There have been upward of three hundred dollars raised on the charge for mission purposes. There are some pecuniary embarrassments at present, in consequence of the building of the parsonage, which is now nearly completed. Two chapels have been erected during the past year, one in the township of Minden, valued at \$100, the other in Omemee, over the parsonage. Spiritually, it is enjoying a good degree of prosperity. There are 115 members, which is over double the number reported last year. The work, owing to the extent of territory, has required the assistance of two young men, brothers Massey and Eagen, the former labored seven months, and the latter about five months; they have been favorably received. May God bless his work on the Omemee mission, in the salvation of the people.

OSPREY

Embraces parts of four townships, viz.: Collingwood, Euphrasia, Artimesia and Osprey; it has nine appointments, and a membership of 105, a parsonage, and one chapel. This part of the country is favorably situated for roads, the gravel road from Durham to Collingwood passing through it. The people are enterprising and industrious, though at the present laboring under financial difficulties. We hope much for Osprey.

MUSKOKA.

This new field of labor was taken up last year; it is situated on the north side of the county of Simcoe, and in the west of Victoria; it is a large field. We have now eleven appointments in five townships: Morrison, Muskoka, Macauley, Steveson and Monk, and yet there are calls for preaching. It will require two men to fill this work next year. We have some church property, a house at the great falls on the Muskoka river, with an acre of land; we have another in Morrison in course of erection, with an acre and half. The people are mostly poor, but industrious, and, with the blessing of the Lord, will soon be able to sustain their ministers; but for a few years, require considerable help from the Missionary Society. The country is filling up fast with settlers; it is rough and rocky in some parts, but the soil is generally good, and free from summer frost.

TEESWATER

Has during the past year suffered in some measure from the failure of the crops—and a consequent failure in finances—yet considering all things the brethren have done well; they have paid \$140 to the salary of the Missionary—and \$29 68 cts to the Missionary Society. It has 52 members and many substantial friends. At the Williamson's appointment we have raised a new Church. On the whole, we consider the prospect favorable. May the Head of the Church bless this mission.

ST. VINCENT.

This Mission remains the same in its geographical boundaries as in former years. The year just closing has been one of great toil, anxiety and privation. Owing to the failure of the crops of every kind, and the very low price paid for produce, money has been exceedingly scarce, and the finances of the Mission have greatly fallen off. The mission has also suffered greatly during the year by the removal of a number of the most wealthy, liberal and active members. There have been about 60 members added during the year.

HASTINGS.

This Mission is situated in the northern part of the inhabited portion of the County of Hastings. It embraces a part of the Townships of Zimerick, Tudor, Elziver and Madoc. The country is extremely rough, and the roads are bad, in fact, almost impassable in Spring and Fall. The inhabitants are, as a general thing, very poor and destitute, more especially during the past year, owing to the almost total failure of the crops; yet some of them are intelligent, pious, devoted and consistent members of the M. E. Church. We have had many difficulties of a very serious nature to contend with, but are not discouraged. There are five appointments, and as many classes with a membership of one hundred and twenty.

SEYMOUR AND NORWOOD.

This Mission embraces a part of five Townships, namely, Seymour, Percy, Asphodel, Dummer and Belmont. Within the bounds of this work there are four rising villages; in three of them, we have Sabbath appointments, and have formed classes in two of them, and are exerting a good influence as a church among the people. There are thirteen appointments on this charge, and other ground might be occupied. There are seven classes, one Local Preacher, seven Extorters, and a full board of Stewards, and a membership of one hundred and eleven. There have been some accessions to the Church the past year, but owing to removals and other causes, over which your Missionaries had no control, there will be a decrease of members the present year. Finances are exceedingly low, and preachers as well as people suffered in consequences of the hard times. We have some brethren of the right stamp on this mission, who are willing to do all they can to sustain the institutions of the Church, but they are poor. Notwithstanding they

are building a chapel on the Norwood part of the work, which they expect to complete the present season. Upon the whole, we feel confident that our influence is on the increase, and our position as a church is better understood than formerly, and I have no doubt with proper management, this mission may yet become one of our most interesting fields of labor.

HANOVER MISSION.

This Mission embraces parts of the following townships, namely:—Bentinck and Normanby, in the county of Grey, and Brant in the county of Bruce. We have seven regular appointments, and some occasional ones, a membership of fifty, and an efficient board of stewards, and two exhorters. We have also on this Mission, a parsonage, one chapel, and another church erected, but not finished, two church lots, one of them in the promising village of Hanover, where we hope soon to have a chapel. Our people are very kind on this work, and have done what they could to support the missionary who labored with them the last year, which, indeed, was a very hard one, because of the failure of the crops; but thank God He has brought us safely through, and blessed our labors, so we can now say our labors have not been in vain in the Lord. More might be said in reference to this field of labor, but as we report quarterly, we will refrain at present, thanking God for the blessings of the past, and earnestly praying Him to help us for the time to come. Amen.

are holding a chapel on the New Year's day which they expect to complete the present season. Upon the whole, we feel confident that our influence is on the increase, and our position as a church is better understood than it was, and I have no doubt with proper management, this mission may yet become one of our most important fields of labor.

NAVOYER MISSION

The Navoyer mission, in the following territory, namely: — Bartons and Formosa, in the county of York, and Bross in the county of Kent. We have seven regular preachers, and some occasional ones, a membership of fifty and an altar of twenty and two hundred. We have also on the field a permanent choir and organist. We have also on the field two school teachers in the young man's school, and one in the female school. Our past year's offering of Bibles was \$1000.00. We have also on the field a number of converts, and have done much good to support the mission, the school, and the church, which indeed we have done and intend to do in the future of the year, and thank God we have brought in the offering, and should be glad to see how we may have done more in the future. We might be said to feel that we have done more in the future, we will continue to give our best efforts for the glory of the Lord, and especially pray for him to be for the time to come. Amen.
