GOOD THINGS COMING TO THEATRES OF ST. JOHN

IMPERIAL'S PROGRAMME CREATED SENSATION

The splendid story shown at Imperial Theatre yesterday entitled "The Writing on the Wall" will be concluded tonight and will doubtless attract very large crowds. It is a Vitagraph offering of that highly superior type with star players, sumptuous setting and remarkable story-value. In addition the World's Tour pictures will be continued taking the watcher this week through the great St. Gothard Tunnel under the Swiss Alps, one of the finest pieces of educational film yet shown at the Imperial theatre. The Pathe British Gazette is as usual full of patriotic interest. Tomorrow the Imperial's programme will be entirely changed. Ann Pennington, that darling of the screen, is to appear in a five-part circus story entitled "The Rainbow Princess" with all the freaks of the side-shows including the fat woman, the living skeleton and then the funny clowns, the pretty little animals, the big tents and all that atmosphere of circus life. This story will hold particular appeal to old and young and it is claimed will be very popular during its two-day run. The Imperial will also introduce on Wednesday for the first time in Canada those high-class comedy offerings of Mr. and Mrs. Sydney Drew, the opening picture being "His Rival."

SYDNEY DREW AND WIFE COMING HERE

All of a sudden some few months ago Sydney Drew, the inimitable society comedian, and his wife, who had appeared from local picture theatres. There was general regret that these exquisite fun-makers should have left the town as it were. The fact is that Mr. and Mrs. Drew severed their connection with the Vitagraph Co. to accept a tempting proposition from Metro Pictures, Inc., for whom they entered upon a campaign of polite society comedies. For the past year they have created an absolute riot of fun throughout the American union and tomorrow at the Imperial Theatre the first of their Canadian releases will be shown. For reasons of a legal character the Drew productions have been withheld in Canada until a short time ago. Imperial Theatre has had its contracts waiting for signature for a long time and only a few days ago was it possible to close the transaction. The Drew comedies will be delightful fun for people who like pure humor devoid of slap-stick and suggestiveness. This is the kind of comedy Mr. and Mrs. Drew originate and purvey. They are all single-reel subjects and every one is a sure-fire laugh. The first one will be shown tomorrow and Thursday.

SECOND EPISODE "PURPLE MASK" AT UNIQUE TONIGHT

"Suspected," second episode of "The Purple Mask." Interest well sustained. See it tonight or tomorrow at Unique.

LAST CHANCES AT THE GEM, 7:15, 8:45 TONIGHT

If you've not yet seen the banner vaudeville and picture programme at Gem, come tonight, for there will be an entire change tomorrow. It's a rich entertainment. The contortionist act is particularly good.

"JERRY" AT MATINEE

The play for the matinee tomorrow at the Opera House by the Academy Players will be the Billie Burke comedy drama success, Jerry. Performance starts at 2:30.

OUTRAGEOUS CONDUCT.

"I want to apply for a divorce," explained Mrs. Whiffetree. "What has your husband been doing?" inquired the lawyer. "Oh, he's such a hot-tempered, impatient man there's no living with him, and I'm tired of trying to put up with his outrageous conduct. He has a mania for throwing the furniture around and breaking it up."

"Only yesterday he was seated by the kitchen stove reading a newspaper when I went to pour some hot water out of the tea-kettle. By accident I poured some of it on his foot, and I never saw him act so foolish. He picked up his chair he had been sitting on and knocked down the stove, and he was so angry he burst one of the glass doors of the kitchen cabinet. What do you think of that?"

"It depends largely upon how hot the water was," said the lawyer. "If it was red-hot and sizzling as I generally assume you poured out of your tea-kettle, I am surprised at your husband's moderation. Every married man on a jury would sympathize with him, as would the judge on the bench."

"Of course you men always hang together, and never will admit that a wife can be in the right. But that was only one instance I told you of. I had a beautiful oil painting of my mother hanging in our sitting room. It was a work of art, and I prized it more than anything I owned. One day last week I accidentally dropped some teels on the floor of that room. I intended to gather them up right away, but Mrs. Dicknaller came to the back door to tell me about a new dress she is making, and I forgot all about them."

"After eating his supper Mr. Whiffetree took off his shoes and went into the sitting room, where he had left his slippers. Then I heard him roaring in there like a funnel-shaped cloud and when I went to see what was the matter he was just in the act of throwing a fumed oak footstool through my precious oil painting."

"If you will just come out to our house and look at what's left of the picture you would realize how impossible it is for a refined and sensitive woman to live under the same roof with such a man."

"The more you tell me about your husband," said the lawyer, "the more I marvel that the country contains a man of such unfeeling patience, such long suffering docility. I can't consent to make myself ridiculous in court by appearing against a man of his ample disposition."—Pittsburg Gazette Times.

TOO LATE FOR CLASSIFICATION

The young lawyer was consulting in the jail with his unfortunate client charged with stealing a stove.

"No, no," he said, soothingly, "I know of course, you didn't really steal the stove. If I thought for a minute that you were guilty I wouldn't defend you. The cynic says say what they like, but there are some conscientious men among us lawyers. Yes, of course, the real difficulty lies in proving that you didn't steal the stove, but I'll manage it now that you have assured me of your innocence. Leave it all to me, and don't say a word. You can hand over a guinea now, and pay the rest—"

"A guinea, boss?" repeated the accused man, in a hoarse voice. "Why don't yer make it 10,000 guineas? I could pay yer just as easy. I ain't got no money."

"No money?" The lawyer looked indignant.

"Nay—nor know where I kin git any, either."

The young lawyer seemed plunged in gloom. Suddenly he brightened.

"Well," he said, more cheerfully, "I like to help honest men in trouble. I'll tell you what to do. I'll get you out of this scrape, and we'll call it square if you'll send the stove round to my office. I need one."

Some German officers had been billeted here, on the threshold a faint smell of spilt wine called attention to hundreds of empty or broken bottles, which were heaped up in the porch or the staircase and in the court leading into the garden.

Further than that, the picture is true of hundreds of pretty Belgian towns, wherever the Germans have passed, they have stripped and pillaged everything within their reach.

They who once lived in security in these pretty homes, are today to be found on the bread queues, waiting an hour or more to receive plain slices of bread and a bowl of soup per day to keep them from starvation.

A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make Delicate, Nervous, Rundown People 200 Per Cent stronger in Two Weeks' Time in Many Cases.

New York, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine secret nostrum or narcotic drug.

NOTE—Nuxated Iron recommended above by Dr. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose ingredients are widely prescribed by eminent physicians everywhere.

THE NEW ASSESSMENT PLAN

Following the moderately expressed but unmistakably adverse criticism of the proposed new assessment law by the council of the board of trade, the discussion at the Rotary Club last evening was also in the main of an adverse character.

The whole question is to be taken up next week by the city council, and deal with day after day until a decision is reached. Mayor Hayes and Com. Wigmore said last evening that the only desire of the council was to pursue a course likely to be most satisfactory to the citizens.

The assembly halls of Milwaukee schools are fitted for athletic games by screening the windows and lights, and (a) baseball, basket ball, volley ball and other games are played. There are athletic exercises for girls as well as boys. Children of the primary classes are, of course, not admitted in the evening.

Mr. W. F. Burditt entertained the same view, and his paper on the general principles of taxation was both interesting and instructive. Thus the city council has on one hand the measure prepared after long and careful study by an able commission; and on the other the view of practical business men that the best features of the proposed new legislation be incorporated in the existing assessment law.

USE SCHOOL BUILDINGS.

The city of Milwaukee keeps its school buildings open at night for recreational purposes. The American City for January devotes no less than nine pages to the story, with illustrations, of how the citizens of Milwaukee make the wisest possible use of their school property.

"Milwaukee adopted the policy of using its schools for social centres, believing that supervision of recreation is an educational problem, and that civic economy demands a more open use of the public schools. The school house is usually the neighborhood centre from a geographic standpoint. It ought also to be the focal point of the neighborhood from a civic and community standpoint.

If Greece can get a new king without a revolution it will materially assist the cause of the Entente Allies. And the change is bound to come. Constantine has been a heavy load for Greece to carry.

If Armand Lavergne opposes Hon. Mr. Sevigny, the Liberals should put a man to bat at this precious pair of Nationalists.

MAKE ENQUIRIES

before you buy an ointment, as to which gives best results. If you do, you will buy Zam-Buk, for this herbal balm has been proved by thousands to be the most reliable ointment on the market. It not only cures when other ointments fail, but its cures are permanent.

Mr. Isaac L. Phinney, of Lower Five Islands, N.S., writes: "Zam-Buk is, without doubt, the most reliable ointment on the market. For two years I suffered with an ulcer on my leg, which defied all treatments—although I tried many and spent no end of money. Finally I tried Zam-Buk and the results were most encouraging. The ulcer soon showed signs of healing, and perseverance with Zam-Buk worked a complete cure."

Zam-Buk is equally good for eczema, ringworm, abscesses, running sores, blood-poisoning, scald sores, boils, pimples, piles, cuts, burns, scalds, and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25. Send 1c. stamp for free trial box.

No Immediate Benefits

Things looked black for the dramatist. For the fourth time in one season a play had been withdrawn after a week's run.

"Cheer up, old man," said a consoling friend. "Perhaps posterity will recognize the genius displayed in your plays."

"Maybe," said the dramatist bitterly, "but the difficulty is that so far as I am concerned posterity is on the free list."

An Easy Way to Get Fat and be Strong

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomach or stuffing it with greasy foods; rubbing on useless "fish creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh builders.

Sargol aims through its re-generative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transforming agent is taken and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Leading druggists of St. John and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

If you find a druggist who is unable to supply you, send \$1.00 money order or registered letter to the National Laboratories, 74 St. Anthony St., Montreal, be sent you postpaid, in plain wrapper, and a complete ten days treatment will

IF FOOD DISAGREES DRINK HOT WATER

When food lies like lead in the stomach and you have that uncomfortable, distended feeling, it is because of insufficient blood supply to the stomach, combined with acid and food fermentation. In such cases try the plan now followed in many hospitals and advised by many eminent physicians of taking a teaspoonful of pure bicarbonate of soda in half a glass of water, as hot as you can comfortably drink it. The hot water draws the blood to the stomach and the bicarbonate neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate feeling of relief and comfort that always follows the restoration of the normal process of digestion. People who find it inconvenient at times to secure hot water and travelers who are frequently obliged to take hasty meals poorly prepared, should always take two or three five-grain tablets of Fluorated Magnesia after meals to prevent fermentation and neutralize the acid in their stomach.

Said She Was Threatened With Consumption, and Gave Her Three Weeks to Live

Anemia is indicated by thin, watery moods. The gums and eyelids grow pale, there is great weakness and fatigue and digestion fails.

Since Dr. Chase's Nerve Food forms new, rich blood, it is naturally most suitable as a treatment for anemia. This letter proves its efficiency in the most severe cases.

Mrs. J. Adams, Port Hope, Ont., writes: "About six years ago I was taken with very weak spells and though I did every body knew about this remarkable cure."

As a restorative for persons who are in fact, and in fact, continued to grow weaker and run down there is no treatment to be compared to Dr. Chase's Nerve Food. Gradually and naturally my blood, the color is restored to the cheeks and the strength comes back to wasted nerves and muscles. I began the use of this treatment at once and am now well on the way back to health, after having used the Nerve Food for six months. I want my friends to know that my cure was effected by Dr. Chase's Nerve Food alone and after my discouragement from the use of other treatments, I feel it my duty to let everybody know about this remarkable cure."

Canadians in Successful Raid at Loos

London, Jan. 15.—The British official communication from headquarters in France, as made public here this evening, says: "During the night a party of our troops entered the German lines east of Loos. Many casualties were inflicted on the enemy, his dugouts were bombed and some prisoners were secured. [This is the Canadian area.]"

London, Jan. 15.—The war office announced tonight the capture of a town on the Shatt-el-Haijai river, south of Kut-el-Amara, on the Tigris front, and stated that the right bank of the Tigris, east of Shatt-el-Haijai, is now clear of Turkish troops except for a small strip of land in the bend of the Tigris, northeast of Kut-el-Amara.

WILL OF R. H. WHITE

Boston, Jan. 15.—The will of Ralph H. White of the R. H. White Company, leaves the bulk of his property in trust for the widow, Lena Elizabeth White, and his children and remembers some employees. He advises the disposition of his holdings in the R. H. White Company as soon as practicable, but authorizes the executors, Edward W. Hutchins, who are also trustees, to hold for such time as they shall think for the

best advantage of his estate, as part of Chester A. Howe and Elwyn G. Prescott in their hands, any evidence of indebtedness of the company to him and any shares of stock of the company held by him, although its aggregate amount may be large in proportion to the value of the rest of the property in their hands. The will was made Nov. 13, 1915.

SHAKESPEARE WAS THE THEME OF PROGRAM

A programme in honor of the memory of the bard of Avon was held last night by the Young People's Association of St. David's church. It was of a most elaborate character, and the large audience in attendance thoroughly enjoyed the treat which had been prepared. Mrs. Thomas Ledingham was the convener of the evening, and the first number on the programme was a paper entitled "Shakespeare in Song and Story," by Mrs. D. McClelland; vocal solo from Shakespeare by Miss Fernie; Climo; piano duet, Henry VIII dances, Mesdames Barnes and Archibald; vocal duet, Larchard Watch, Abby, Messrs. A. C. Smith and E. C. Girvan. The final number of the programme brought forth much applause, being a descriptive reading of Shakespeare's heroines which were represented in tableaux. The reading was given by Miss Jean Somerville. The various parts were taken as follows: Ophelia, Mrs. Fraser Morrison; Portia, Miss Nora Thompson; Lady Macbeth, Miss Marjorie Milligan; Rosalind, Miss Constance Campbell; Hermione, Miss Willa Stammers; Juliet, Miss Fernie Climo.

The Shakespearean performance presented last week with such great success at the Natural History Society rooms, Union street, was repeated last evening at St. Stephen's church, winning equal plaudits. Mrs. George Matthews gave an more extended discourse on the life of the poet of Avon.

PRINCESS PATRICIA DRAFT IN RECORD TIME TO FRANCE

A draft of fifty men, under Lieut. Kelly, from the Sixth Universities Company, left Bonaventure Station, Montreal, on Wednesday, November 22, 1916. A large number of friends came down to wish them good luck. In less than ten days word arrived that they had reached England and were on their transports. As soon as they arrived at their depot in Sussex they were sent on seven days leave and came back to camp after having a fine old time. Then started a few days strenuous training. Musketry and bayonet training from morning till night made them wonder why they thought they had ever worked in Canada. But word had been received that in a few days they would be in France, where they would join the men of the former universities companies who were with the Patricia, so that they were quite willing to work harder than usual.

On December 16, after a few days of training, they sailed for France, taking just over three weeks from Montreal to Rouen.

The reinforcements for the P. P. C. L. are still recruiting at Melrose Hall, McGill University, Montreal. Another draft will be leaving in the early spring. There are places waiting for the Patricia. Any enquiries will be quickly attended to. Transportation from outside points is supplied. They may not be another chance to get overseas with reinforcements for the Patricia.

GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It Becomes Beautifully Soft, Wavy, Abundant and Glossy At Once

Save Your Hair! All Dandruff Goes and Hair Stops Coming Out

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just take one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful! You will say this was the best 25 cents you ever spent!

A New, Harmless Way to Banish Hairy Growths

(Beauty Topics.)

By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face. With powdered dandruff and water mix enough paste to cover the not wanted hairs; apply and in 2 or 3 minutes it will be gone. This method is unfeeling, harmless and quick in results, but care should be employed to get the genuine danderine.

Baby's Cough

must have attention, otherwise you run grave chances of Consumption, Pneumonia, or Congestion of the Lungs. To avoid these risks, apply PEPs without delay. Unlike ordinary cough mixtures, syrups, etc., PEPs do not contain opiates or harmful drugs, and are therefore best for children. All liquid cough medicines, lozenges, etc., go to the stomach, and every mother knows how easily baby's stomach is deranged. Once put baby's stomach out of order and all sorts of trouble arises.

PEPs heat the lungs, throat and breathing tubes without disordering the stomach. As a PEP dissolves in the mouth, healing, health-giving pine fumes are given off which are breathed down direct to the seat of the trouble, quickly healing the inflamed membranes.

As soon as baby's cough is heard, don't waste time on useless remedies. Try PEPs. PEPs are also the adult's best cure for coughs, colds, bronchitis, asthma, hoarseness, and all throat, chest, and lung ailments. All druggists and stores, or PEPs Co., Toronto, Winnipeg, or Montreal. 50c. box.

ST. STEPHEN'S AND ST. JOHN CHURCHES DISCUSS UNION

Sessions Approve of List of Questions to be Presented at Annual Meetings—Calvin Representatives Withdraw

Substantial progress towards the union of two of the Presbyterian churches of the city was effected last evening at a joint meeting of the sessions of St. Stephen's, St. John and Calvin churches. The sessions of St. Stephen's and St. John churches decided to recommend to the annual meetings of their congregations a list of questions bearing on the proposed union. The representatives of Calvin expressed their willingness to submit the list of questions without recommendation, but later withdrew from the meeting.

The trustees of St. Stephen's and St. John churches then met to discuss some phases of the proposed union. No vote will be taken at the annual meetings of the churches but the matter will be decided later.

Rev. F. S. Dowling, pastor of St. Andrew's church, attorney as moderator of St. Stephen's, that church now being without a pastor and a committee from the St. John presbytery including Rev. Frank Baird, Rev. T. P. Drumm, Rev. William Townshend and Rev. Mr. Cameron were present. This committee submitted the list of questions bearing on the union which, with slight amendments, were accepted by the St. Stephen's and St. John delegates for recommendation to their congregations.

The questions here rest on the fact of union in one church, then as to the building to be chosen and as to the name of the new church with other details. The working out was left with the people, only suggestions being made as to the name, in event of the union going through. Among those suggested were: St. Giles, St. Mark's and Knox.

THE MASSACRE OF A NATION

(Bangor Commercial.) We have recently received a copy of the report made by Viscount Bryce to the British government relative to the atrocities committed against the Armenians in the Turkish dominions. It is a book of nearly 700 pages filled with the testimony of survivors and the opinions of one to the conclusion that not only have the previous reports not been exaggerated but the half has not been told. While all the world has been shocked by the reports of the slaughters of the defenceless Armenians and horrible atrocities committed against them, it is probable that many have considered the reports to be grossly exaggerated. But the evidence collected by Viscount Bryce and his associates cannot be controverted. They have collected evidence from thousands of witnesses and these seen at different places and at different times give corroborative evidence, that is explicit and in detail and could not have been manufactured. From hundreds of villages the Armenians were driven out under Turkish guards and in most instances the same course was followed. First the able-bodied men were taken away and killed and then the unprotected women and children suffered and in many instances were killed, while thousands died of starvation or the hardships of the pilgrimage. The details are too harrowing to dwell upon, but there is one impression that stays with the reader of the report, and that is the absolute conviction that the Turkish government was determined to wipe out a race, and that never have a people been so frightfully and atrociously treated. It has been freely reported that approximately three-quarters of a million of Armenians were thus wickedly done to death by the Turks and the figures that have been advanced by the commission of investigation show that these reports were not far out of the way. In treating of the extent of the catastrophe the American committee reported the number of Armenians in the Turkish empire in January, 1915, to have been between 1,600,000 and 2,000,000. The number of refugees to reach places of comparative safety was found to be 850,000, and to this figure is to be added the unreported Armenian populations in Constantinople, amounting to about 1,100,000. If the estimate of the Armenian population in Turkey in January, 1915, is correct, and if the number of deaths would be computed at between 450,000 and 850,000.

H. L. GANTER ROTARY CLUB PRESIDENT

At the annual meeting of the Rotary Club held last night at Bond's, W. E. Burditt spoke on the fundamental principles of taxation and applied them to some extent to the proposed assessment act. On the whole he did not approve of the new act but was very favorable to certain features of it. Various members also discussed the new act pro and con, the general feeling being that drafting of the improved phases of the new act into the present system would be better than adopting the new proposals as a whole, supporting the stand of the board of trade.

At the Rotary Club business session, H. L. Ganter was elected president of the club for the coming year, succeeding H. G. Marr. T. H. Estabrooks was elected vice-president and George McBeath secretary. A. E. Everett treasurer and the following additional directors: George Warwick, H. G. Marr and H. W. Hising. Most interesting and encouraging reports were presented by the retiring president, secretary and treasurer. R. L. Hunter, the retiring secretary, was presented a valuable testimonial in recognition of his valuable work as secretary during the last year. E. A. Schofield reported that the club had opened a bank account for the war emergency fund, each member to contribute the price of one

FRANCE'S IDEA A LASTING PEACE

Must Crush Germany to Secure it — M. Lauzanne Contrasts Beliegers Views

"France's idea is to establish everlasting peace in Europe and the war will end when Germany is forced to her knees asking pardon of God, of the Allies and the world," was a statement made in Ottawa by Stephen Lauzanne, editor-in-chief of Le Matin, Paris. Mr. Lauzanne's subject was "France at War," and in a masterly manner he told a large audience at the Chateau Laurier what France was doing in the war. M. Lauzanne has seen service at the front and has been awarded the Legion of Honor and was also highly complimented by the French government for the excellent services he rendered. As

a lieutenant he spent twenty months on the firing line. "France did not declare this war, nor was she prepared to go into it," said the Parisian Journalist. "She was drawn into it by an unprincipled enemy. "Neither the tragedy of death nor the joy of life will have any effect on the determination of the French soldier to fight to the end. The peace overtures of the enemy intimated that they are willing to forgive us. Forgive us what—the harm they have done us? If Germany is not crushed for all time she will enter into another war and France is determined to render her worthless as a fighting nation."

M. Lauzanne gave figures to show that Germany was increasing her war expenditures while France and England were making wholesale decreases. Quoting from extracts from German sources he proved that the so-called French aggressions on the frontier, as claimed by the enemy, were Russian lies. From German official documents he read passages proving the Germans were satisfied that assassination, pillage, rape, and ruthless torture of men, women and children, was the proper manner in which to carry on war. The speaker was severe on the Germans for their recent acts of savagery in deporting the civil population of Belgium into slavery.

"SIGN YOUR CARD," IS PATRIOTIC PLEA OF HON. GEO. P. GRAHAM

Every Man Must Show His Willingness to do His Full Duty—Must Not Neglect Canadian Affairs

"No matter what you think of the federal government's national service machinery—I have criticized it myself—let us make the best possible use of it. To sign those cards signifies your willingness for national service. You and I must do our duty towards this great cause. Even if we were not a part of this great empire, we in Canada would never remain neutral, but would throw in our lot with the Allies in their fight for freedom and justice."

This was the message of the Hon. Geo. P. Graham, at a meeting called by the Liberals of Southwest Toronto the other night. He pleaded for a more virile and self-assertive Canadianism, ready to assume its own domestic business and meet outside interference. He urged that Canada is no longer merely a part of the great British empire, but a nation in its own right. He also urged that no imperial conference would be a success if it interfered with the autonomy of the various self-governing dominions.

Mr. Graham reminded his hearers that at this critical time the Canadians were invited to leave Canada and their new allegiance and join with the United States, and they refused. Of course, Toronto is loyal, and from Dawson City to Halifax across the broad dominion, there are men just as loyal as you are in Toronto. Sir Wilfrid Laurier has never deviated from the path of duty, whether it pleased his church friends or not. He took more than his political life in his hands in 1896 when he stood by the rights of Manitoba.

"Yes, Laurier went down in 1911, but he went down on an issue, not on a scandal. He went out proving that he had performed his duty without a blot or stain on his character. Unless the church is misleading it will not be long before he is back into power again."

The Hon. Mr. Graham concluded by urging that the people demand that every cent contributed towards the cost of the war, whether in war taxes or not, should be expended on the war, and because of the leaks that have taken place during the last year the criticism launched at the government was rightly placed.

A Wise Selection

It is highly improbable that any physician could be found who would deny there is a great big legitimate field wherein a good liniment proves a welcome and powerful ally. When need arises, therefore, it is only a question of wise selection on the part of the purchaser. If he obtains a liniment that can be used internally for coughs, colds, sore throat, cramps, chills, etc., and externally for sprains, strains, muscular rheumatism, various aches, pains, and almost any soreness, he is twice fortified against many of the common ailments that all flesh is heir to. For over 100 years Johnson's Anodyne Liniment has proved to be just such a double valued liniment. This prescription of Dr. Abner Johnson, an erstwhile old family physician, has attained its enviable record of more than a century of successful purely on its wonderful merit. As a tribute to its remarkable healing, soothing and penetrating qualities thousands of grateful users speak of Johnson's Anodyne Liniment as "an angel in disguise."

School Board Votes Increases

More Money for Janitors and Officials and for a Few of the Teachers

Ten per cent. increase in practically all the salaries of janitors in the public schools, an increase for the secretary to the board of school trustees, the assistant, the trust officer and some of the teachers were approved last evening at a committee meeting of the board of trustees.

Gordon Levitt, secretary of the board, whose salary has been \$1,250, will be recommended for \$1,500; Miss Ellen T. Reed, assistant secretary of the board, will be recommended for an increase of \$100, making her annual salary \$750. The committee voted in favor of granting increases to janitors, whose annual salaries range from \$450 to \$675. The increases in most instances amount to about ten per cent. J. Boyd McMahon, trust officer, will receive \$50 additional if the committee's action is ratified.

Miss Holder, teacher of manual training, receiving an annual salary of \$625 will be granted a \$50 increase. Miss Robinson, teacher of music in the public schools, was also granted a \$50 increase, making her salary \$750. Transfers of several teachers brought about slight increases in their incomes. Two advances were also given in the high school: Miss Thorne and Miss Parks will be recommended for additions to their salaries, the former \$50 and the latter \$30, giving each the annual stipend of \$725.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

AN APPEAL for the RUSSIAN REFUGEE FUND

In Poland more than 20,000 villages have been leveled to the ground. More than 2,000 towns have completely disappeared. On the road from Warsaw to Pinsk, a distance of 150 miles, the ground was simply littered with civilian garments and cradles; probably 400,000 human beings have died along this road. There was no time for burial. Beasts of prey had cleaned the bones dry of the marrow. So much for Poland. But Poland presents only one angle of the world's drama. Everywhere abroad, winter has set in, and in addition to daily starvation, thousands will freeze to death, as thousands have frozen during the preceding years.

Think of the mothers and children cooped up in Serbian huts without proper clothing. Lend an ear to the bitter cry of the little ones as they ask: "MOTHER, WILL EVER THE TIME COME WHEN I CAN EAT AS MUCH AS I LIKE?"

Children below seven never reached Siberia, and yet there must have been thousands of these babes when our people started for their march out of Lithuania and Poland.

These conditions make it imperative for us to appeal to the generosity of the people for help. The Russian Refugee Fund since inception of war has forwarded \$2,400 to Montreal. We are now going out to collect donations for that cause under the auspices of Mayor Hayes, and trust that everyone will respond generously as they did last year. Collecting will begin next Monday by committee of ladies.

PENNANT FOR HOCKEY

A handsome silk pennant has been donated by T. H. Estabrook to the St. John Army and City Hockey League to be awarded to the team winning the championship. As a result considerable enthusiasm has been aroused among the teams as all are desirous of becoming possessors of the pennant emblematic of the championship. With the additional incentive the series promises to be keenly contested. Last evening the 163th Battalion boys put in an appearance on the ice and judging from ability displayed they should develop a fast sextette. The 9th Siege Battery boys are also said to have several good players in their unit.

NEW FORESTRY BATTALION IS THE EXPECTATION

Would Be Recruited in The Maritime Provinces

Major A. N. Jones Likely Commander — A Matter for the Spring, Says Report—St. John an Assembly Centre

A rumor emanates from a semi-official source to the effect that a new Forestry Battalion is about to be authorized for the maritime provinces and that Major A. N. Jones, general staff officer of the Halifax garrison, is said to be the commander. Major Jones has had a wide experience in military work and has spent several months on the firing line in France, being a member of the 30th Nova Scotia Battalion. He was invalided home and after recovering from his wounds was made the general staff officer for Military Division No. 1, which position he held until recently when he was made G. S. O. of the garrison in Halifax.

The full complement of a Forestry Battalion is about 1,100 men and this number the military men feel sure can be recruited.

It is understood that the unit, if authorized, will be recruited in the spring by military men are of the opinion that at this time of year the class of men desired for a unit of this kind would be busy at work in the lumber woods. Just where the headquarters of the unit will be could not be ascertained, but it is understood that it will be in Halifax with an assembly centre in St. John.

A FINE OF \$20 IN CONNECTION WITH THE NEW ELEVATOR WORK

In the police court this morning a by-law violation of rare occurrence was brought to light when Sergeant Rankine laid complaint against foreman Frank L. Boone for setting off a blast for excavations purposes in Water street on the site of the new elevator last Tuesday afternoon and not taking the proper precautions against accidents and thereby endangering the lives of pedestrians. The defendant was fined \$20.

Sergeant Rankine said that on Tuesday afternoon of last week his attention was attracted by a loud report from the site of the new elevator. A quantity of stone flew across Water street and lodged in the D. A. Richardson's about two hundred feet from where the excavation was being made. Several windows were broken. The sergeant also said that there was a coal cart between the place where the blast went off and the D. A. Richardson's, which was punctured with holes by the flying stone.

Mr. Boone explained to the court the manner in which the blast was set. He said every precaution was taken and the men were sent along both sides of the street to warn pedestrians. The charge was properly covered, and the stone flew that the stone flew and resulted in the pieces of rock getting from under the rope nettings. The company had the latest contrivance for blasting operations.

William Stevens was fined \$10 for leaving a horse unattended in the street.

VON FALKENHAYN IS SAID TO BE IN GREECE

London, Jan. 16.—That General Von Falkenhayn, former German chief of staff and of late in command of part of the forces engaged in the campaign against Roumania, is now in Greece, is reported in French official quarters at Saloniki, according to a Heister despatch from that point. He is said to have embarked on a submarine at the Greek port of Kavala, now in the hands of the Germans, and to have landed at a point on the Greek coast where he made his way to Saloniki. The absence of his name from the official Berlin war reports has been noted for some days.

French newspapers from Saloniki said it was General Baron Von Falkenhayn, a member of the German military commission, which went to Greece in 1915, who made the trip in the submarine.

WAR LURRS RUTH LAW

Aviatrix Sails for Europe to Study the Fighting Aircraft

New York, Jan. 16.—Miss Ruth Law, aviator and holder of the American distance record, 390 miles, for continued flight, made on her recent aeroplane trip from Chicago to this city, has sailed for Liverpool. For some years she has spent her winters in Florida, where she has conducted an aviation school in Miami, but this year, because of her desire to investigate European aeronautics, she decided to spend the next six or eight weeks in England and France.

"I have heard so much about the great progress made in aeronautics over there," she said yesterday, "that I am going to see just what they can teach me. I have heard of their scout machines making from 140 to 150 miles an hour, when the best we have over here only do about 100, and I want to see them do it. Then they claim to have developed their batheplane and other fighting machines in which they fly upside down is quite a novel thing. I want to see them do this also."

"All the time I'm abroad I intend to study their machines, if they will allow me, and I expect to return with some ideas that may be adapted to my work of flying."

WILL OF JAMES T. HURLEY OFFERS SOME PROBLEMS

Entered for Today's Court But Goes Over — Interpretation of Will Involved, Other Cases Before Judge Grimmer

The monthly sitting of the Supreme Court Chancery Division was held this morning, His Honor Judge Grimmer presiding. A suit of interest entered for trial is that of James H. McHugh, executor of James T. Hurley vs. Ellen McGuire et al. This is a suit which involves the interpretation of the will of the late Mr. Hurley who, after making some minor bequests, devised the whole residue of his estate to the Rt. Rev. Timothy Casey, Roman Catholic Bishop of St. John, who was directed to carry out any directions which the testator might give in a document under his hand and seal.

Prior to the testator's death, Archbishop Casey had renounced his executorship and the question now arises as to whether the testator died intestate as to the residue of the estate, which has been bequeathed to Archbishop Casey is a valid one, and if so, whether it was intended that it should not devolve upon the present Roman Catholic Bishop of St. John in his corporate capacity. A question of a policy of life insurance in the C. M. B. A., which was assigned to "Rev. T. Casey, my testamentary executor," also arises.

Archbishop Casey was not the testator's executor, and the court is asked to decide whether or not this should go to the executor or to Archbishop Casey. Hanington & Hanington are the plaintiffs' solicitors, and Dr. R. F. Quigley, K. C., J. McMillan Trueman with M. G. Teed, K. C., as counsel, are solicitors for the next of kin, James T. Hurley, Jr., H. A. Porter moved for foreclosure and sale, claiming about \$10,000 principal and interest. The usual order was made for foreclosure and sale.

In Hayes vs. Hayes, and Hickman vs. Grunberger, J. P. H. Teed moved to confirm the masters' reports. These suits were for partition and sale of land in Fairville and Westmorland county respectively.

Supreme Court.

In the Supreme Court this morning, in the D. A. Richardson case, Judge Giggie presiding, hearing was commenced in the suit of Jardine and Clough vs. Miles. This is an action brought by the plaintiffs on a sale of lands made by the plaintiffs in Restigouche county. H. A. Powell, D. A. R. Richardson, and A. T. LeBlanc for the defendant.

On an application under the Absconding Debtors' Act made by William Ryan on behalf of the creditors of the deceased Elsie, His Honor Judge Armstrong issued a warrant for seizure of the goods and chattels of Elsie. The debtor in this case is a Bulgarian, who formerly resided in Main street.

COMMISSIONS IN THE KILTIES

Lieutenants Budd and Scovil—Several Promotions Are Also Announced

Fredericton, N. B., Jan. 16.—Two more New Brunswick heroes who won high honors in Flanders have been rewarded with appointments to commissions as lieutenants in a local unit.

Lieutenant Budd is a D. C. M. winner, and Lieutenant Scovil wears the ribbon of a winner of a military medal. They arrived here a little before Christmas from the firing line and reported to the 28th Kiltie Battalion, where their overseas ranks until yesterday's orders announced that they had been granted commissions in the 10th.

Lieut. Budd has been posted to D. Company, commanded by Major C. J. Morgan, while Lieut. Scovil is appointed supernumerary, but later will probably be permanently placed with one of the companies. Lieut. Budd was on the firing line for a long period with the 10th Battalion, and his gallantry on the field won him not only the distinguished conduct medal, but also offers of a commission on more than one occasion, all of which he turned down to come back to join the unit being raised by Lieut. Col. Guthrie, who was his commanding officer in the 10th.

Several other promotions were also announced in last night's orders. Corporal P. Clingmans, a former member of the 12th Battalion, who came here from Quebec to join the 28th, after having been invalided home from the firing line, has been promoted to be sergeant. Lance Corporal A. B. Klippert, a South African veteran, has been promoted to be corporal, and Pte. John Allen, who was a lance corporal. All these promotions are made in B. Company, commanded by Major D. Allen Laurie.

FROM GUY CASON

After almost a year of waiting, there has arrived at the home of Mr. and Mrs. Guy Cason a letter from their son, Guy. He is well and sends thanks for a box received from the ladies of Main Street Baptist church. He is to be set to work in a munition plant for the duration of the war. He is in England, not having been able to go back to France since his injuries were received.

NINETY-EIGHT LAST WEEK

The official recording report for the week as published this morning did not credit the province with a recruitment, which were secured there last week. New Brunswick's total for the week is therefore ninety-eight instead of ninety-two.
