

More Amazing Revelations in Pinder Railway Matter

Marked Discrepancies Between Actual Cost and Figures Presented

Telephone Line Construction a Sample, Also Big Difference in Clearing of Right of Way—Snug Sum For Pinders or to be Accounted For Some Other Way

Further discrepancies between the actual cost of the Southampton Railway and the figures reported to the department of railways by the inspecting engineer, E. V. Johnston, were revealed at this morning's session of the Southampton Railway investigation which is being conducted by R. A. Fringale, K. C. of Ottawa.

When the court opened this morning Commissioner Pringle asked counsel for the railway what evidence could be adduced to show the cost of superintending and engineering which is shown in the report of the government engineer at \$14,000, Mr. Teed said they had accounts for the preliminary survey, \$700, the location survey \$1,000 and a statement which shows additional charges of \$4,800, a total of \$6,500. In addition to this the services of Mr. Pinder and his son must be counted.

DISGRACEFUL CONDUCT A BRUTAL HUSBAND

A lady came to the Times' office yesterday to complain of the conduct of a crowd of children on Brunswick street who were teasing and annoying an elderly woman who is not mentally bright. In addition, cat calls and cries of derision by the crowd, one big boy seized quite a large dog, ran over and threw it upon the woman. The lady who complained says that the parents of some of these children must be known, because of the noise, what was going on, but none of them took the trouble to call the tormentors away. From other sources the Times learns that this is an unfortunate woman in a common occurrence when she appears on the street. There is also a man about town who is not only harmless but industrious and self-supporting, who is continually made the victim of children who are worse than mischievous. The lady who called at the Times' office observed that it was not very creditable to St. John that such a condition exists.

IN MEXICO

Washington, July 8.—Mexican territory probably will be chosen for the scene of the proposed conference between Huerta's envoys and Constitutional delegates. Dissensions among the Constitutional leaders apparently is nearing adjustment.

I. O. G. T. CONVENTION

Sydney, N. S., July 8.—The convention of members of the Grand Lodge, I. O. G. T., opened last evening in Fal-mouth street church, with about 150 delegates. Fifty more were expected. His Worship Mayor Richardson tendered a welcome and invited all the members with their hosts and hostesses to an excursion on the harbor on Thursday.

Pass French Budget.

Paris, July 8.—The senate last night unanimously passed the budget of 1914. The senate introduced several modifications in the budget as voted by the chamber of deputies, but the inclusion of the income tax will greatly facilitate the task of reaching an agreement on the outstanding differences between the two houses. It is expected the budget will be definitely voted in time to permit parliament to rise before July 14.

Accidental Death.

London, July 8.—One of the most remarkable accidents in recent years was at Lambeth, today, where the official inquiry into the death of Sir Denis Anson was conducted. He was a young British nobleman who lost his life in the Thames on last Friday during a joy ride on a steam launch. The passing returned a verdict of accidental death.

A Slight Improvement in Condition of Policeman Frank O'Leary Welcomes News From Doctors Today

Dr. W. W. White, who is in attendance on Policeman Frank O'Leary in the hospital, said this afternoon that there was a slight improvement in his condition. The morning's examination had for recovery, Doctor White said that it was almost impossible to say definitely, but there was still hope.

The fact that O'Leary is at least holding his own, has encouraged his friends as the hours go by. Dr. George Armstrong of Montreal, who was consulted in the case said that O'Leary had a fighting chance.

Cambridge, Goldsworthy and John Legget are still being sought by the police and a sharp look out is being kept by the patrolmen and city detectives. Many telephone and telegraph messages are being sent out from the police headquarters and it is hoped that the boys will soon be found. Nothing definite as to what information the police are working on, could be learned at central station this morning, Chief Clerk.

Busy Day For The Doctors

Sections of Canadian Medical Association in Session Today—Some Ideas on Cleanliness and Disease Upset

The medical men had plenty to take up their attention in the assembly this morning. Section meetings were in full swing from 9:30 o'clock until lunch hour and each section had received an adequate share of attention. Papers on a variety of subjects were read by doctors from various parts of the country. The section of medicine were as follows: The diastolic blood pressure and the potential difference, by Dr. J. Kaufmann, Montreal; paroxysmal tachycardia, by Dr. W. F. Hamilton, Montreal; intestinal stasis and chronic rheumatism, by Dr. Percy Brown, Boston, Mass.; the care of intrathoracic purulent collections, by Dr. A. McPherson, Toronto; typhoid, by Dr. W. H. B. Allen, Toronto; syphilis and parasyphilis of the nervous system and the results of treatment with salvarsan, by Dr. C. G. Truett, Montreal; functional neurosis, by Dr. Campbell Myers, Toronto.

MAJOR DOWN TO TWENTY-THREE

Some Excitement Follows Vote in the British Commons

New York, July 8.—A cable to the Tribune from London says: There was dramatic suspense in the House of Commons last night, when the government's majority fell to 23, the lowest that Premier Asquith has yet had except on one or two occasions, when a snap division was called.

ANOTHER UNKNOWN GOLFERS WINS FAME

J. B. Edgar Wins French Open Championship, Defeating The Great Ones

Letoquet, France July 8.—The French open golf championship was won yesterday by a young practically unknown player, J. B. Edgar, of Newcastle-on-Tyne, whose score was 288 for the seventy-two holes. Harry Vardon finished second with 294. Edward Ray, third with 295; John H. Taylor, fourth with 296; and James Braid, 301, fifth.

BATTLE IN COURTS TO HAVE BRILLIANT GIRL ADMITTED TO THE BAR

Montreal, July 8.—The local courts will be called upon to decide whether the legal profession is or is not closed to the fair sex. The board of examiners of the Quebec Bar Association decided that Mrs. Annie McDonald-Langstaff, a brilliant young graduate of the McGill Law Faculty, could not be admitted to the bar.

MRS. PANKHURST IN JAIL AGAIN

Some of Her Ladylike Followers Make Another Scene in Court

London, July 8.—An end was put today to the brief respite in the militant suffragette agitation, when Mrs. Emmeline Pankhurst resumed command of the forces a violent scene was enacted in the central criminal court, where Mrs. H. F. Alice Hall, Miss Grace Roe, Miss Julia Jameson and Miss Ellen Ames were brought up for trial for conspiracy. In their rooms were found new shrapnel made of ingenious manufacture, coils of fuse and plans of houses with instructions how to reach them, and as to the usual movements of the police in the vicinity.

MAY ASK FOR REPEAL OF HIGHWAY ACT

Fredericton, N. B., July 8.—The municipal council this morning decided to appoint collectors for every parish to facilitate the collection of taxes. Withdrawal from the Union of Municipalities is to be discussed this afternoon. The councillors are complaining that the new highway act is giving satisfaction and will probably ask for its repeal.

MAY HAVE RECOURSE TO LAW OVER THE WOOD LAKE FISHING RIGHTS

The members of the Wood Lake Fishing Club are planning on taking action of some course to protect their interests at that place against fishermen many of whom have in the last few days visited the lake and taken from it large catches of trout. For several years the club has enjoyed exclusive fishing rights on the lake, but these, said F. L. O'Regan, secretary of the club today are now being infringed and they are intending to make an effort to stop the alleged infringement.

MR. LOWELL'S WISHES HAVE BEEN CARRIED OUT

When the New Brunswick Historical Society were negotiating with the late James Lowell of Fairville for permission to place on Caton's Island, owned by Mr. Lowell, a memorial or monument to mark the site of the first European settlement in New Brunswick established in 1611, on that island, by Captain Merville and others of St. Malo, France, Mr. Lowell kindly volunteered to convey without consideration the land on which it was proposed to erect the monument and also sufficient land adjoining to permit visitors to approach the monument and also to enable the society to make repairs, etc.

DOCTORS' GREAT CONGRESS NOW IN FULL SWING

A Welcome to the Distinguished Visitors—Dr. White Elected to Executive—Dr. Melvin, Public Health Section Chairman

More than 800 doctors were present at the opening session of the forty-seventh annual meeting of the Canadian Medical Association here yesterday. Everything was in readiness for the reception of the large number of medical men, due to the urgency of the following committees: Committee of Arrangements—J. V. Anglin, chairman, J. S. Bentley, secretary, and chairmen and secretaries of committees and sections. Reception—T. E. Bishop, chairman, W. F. Roberts, W. L. Ellis, A. E. Macaulay and W. E. Rowley, secretary. Registration—T. E. Bishop, chairman, J. V. Anglin, G. O. Baxter, D. E. Berryman, James Christie, W. Daniel, C. H. L. Johnston, J. H. Mcintosh and F. T. Dunlop, secretary. Transportation and Publicity—W. A. Christie, chairman, E. Logan, T. H. Lunney, J. A. McCarthy, W. B. McVey and G. G. Melvin, secretary. Accommodation—W. F. Roberts, chairman, A. F. Emery and A. E. Macaulay, secretary. Exhibits—D. Walker, chairman, A. E. Baxter, L. A. McAlpine, S. H. McDonald, F. H. Neve and D. C. Malcom, secretary. Entertainment—F. L. Kenney, chairman, G. A. B. Addy, J. A. Allingham, M. Cate, L. M. Garra, S. Skinner, J. B. Travers and F. J. Hogan, secretary. The afternoon was taken up with section meetings. In the evening the visitors were formally welcomed to the city at the first general session, in one end of the great armory. Many past presidents of the association were on the platform, together with the speakers of the evening. After an invocation by Rev. J. H. MacVicar, D.D., His Honor Lieut.-Governor Wood spoke a few words of welcome. He mentioned the possible benefit to be derived by so great an aggregation of medical minds, and thought St. John was fortunate in having them meet here. He hoped that much good would result from the meetings, and cordially welcomed the doctors to the province. Hon. J. D. Hazen laid stress on the advantage of the recently instituted public health departments, and the strides that it had made in educating the public in habits of health. He also extended a hearty welcome to the visitors. Mayor Frink said that it was a pleasure to entertain so important a body of men in the city, and he welcomed them warmly. Dr. Murray MacLaren, the incoming president, after bidding all a hearty welcome, complimented the local committee on the success of their cooperation in making arrangements for the meeting. He outlined the history of the profession in the city, from the time of the discovery of the St. John River. He also reviewed the growth of the association and regretted that, although there were 8,000 medical men in the dominion, but one-fifth were identified with the C. M. A. He closed by paying a tribute to the Army Medical Corps. Dr. R. W. Powell, of Ottawa, moved vote of thanks to the president for the address. Dr. Thos. McCree, of the Jefferson Medical College, Philadelphia, delivered an able address on medicine and was accorded great applause. The secretary's report of last year's meeting at London, Ont., was read and adopted. An executive committee of the association was elected as follows: Drs. W. W. White, New Brunswick; H. A. McCullum, Alex. Primrose, F. N. G. G. Macdonald, N. S. Anglin, McPhedran, Kidd and Dornan, Ontario; W. A. Thompson, Saskatchewan; A. T. Hader and John Stuart, Nova Scotia; J. A. Hutchinson, H. S. Birker and W. G. Turner, Quebec. Dr. McKenna, Toronto, moved and Dr. John Stuart seconded a vote of thanks to Dr. McCree for the paper. This was heartily carried and the meeting closed well after 10.30 o'clock. Dr. G. G. Melvin, St. John, was elected chairman of the section of public health of the association at the afternoon session and Dr. Geo. D. Potter, secretary. Dr. Murray MacLaren, the president of the Canadian Medical Association, entertained twenty-two guests to dinner at the Union Club last evening, including Lieut.-Governor Wood and Hon. J. D. Hazen. Dr. Walker also entertained a party at the Union Club. Mrs. E. V. Anglin gave a reception on the hospital grounds at Linchester.

DIVORCES ARE GRANTED IN FOUR CASES

In the suit of Edgar Case vs. Eva Case, P. A. Guthrie, proctor, an absolute divorce was granted, the defendant to pay costs. This suit was from Sunbury county. His honor in giving judgment, referred to the fact that he had stated while the case was being heard that he believed that the two alleged coprosecutors who testified to the wife's infidelity were perjuring themselves. He stated that he granted the decree of divorce entire in the evidence of Mrs. Nicholas Cochrane. State grounds were alleged in all cases. Court adjourned to meet in St. John, Aug. 14. THE PRESBYTERY. Notice of motion to memorialize the General Assembly of the Presbyterian Church of Canada to break off all further movement towards church union was given at yesterday's session of the presbytery here by Rev. J. J. McCaskill. The notice followed a report of the presbytery's committee at the recent meeting of the general assembly. A committee was appointed at the afternoon session of the presbytery to confer with the teaching of the Bible in the common schools. The presbytery's committee to the general assembly was composed of Rev. J. A. Mitchell, Rev. Dr. J. H. MacVicar, Rev. J. J. McCaskill, Rev. M. S. McKay and Rev. F. W. Townsend, ministers, and Dr. Murray MacLaren, Judge Forbes and J. E. Bryant, elders. This committee reported in regard to the question of church union there was a wide divergence of view. Dr. MacLaren and Rev. Mr. McCaskill were of the opinion that the movement was losing force and would come to nothing. Judge Forbes, Rev. Dr. MacVicar and Rev. F. W. Townsend took the opposite view. Rev. Mr. McCaskill gave notice that at the September meeting of the presbytery he would present a motion that the assembly be overruled not to carry out its present programme in regard to this question which calls for another vote of the people. The induction of Rev. T. P. Drumm, whose call to the First Moncton church has been sustained was fixed for Thursday evening, September 8, at 7.30 o'clock. Rev. Gordon Dickie to preside and induct; Rev. T. A. Mitchell to address the minister, and Rev. F. W. Townsend to address the people. A memorial was received from the Anglican synod regarding the use of scripture in public schools. In connection with this matter a committee consisting of Rev. Dr. J. H. MacVicar, Rev. Dr. W. H. Smith, Rev. Gordon Dickie, Rev. Frank Baird, Judge Forbes, and Dr. Murray MacLaren was appointed to confer with the representatives of the synod. It was announced that the annuity to the Rev. Mr. Mullin had been raised by the general assembly to \$200 a year. A bill for \$24.60 due to J. B. Grey for services at Miramichi was received and ordered paid. Rev. George Dewar, of Milltown (N. B.), submitted his resignation which after leaving Mr. Dewar the presbytery accepted with regret. In connection with the congregations at Richmond and Kirkland it was agreed that Rev. Frank Baird, Rev. J. Calhoun and Rev. M. H. Munroe be appointed a committee to confer with the congregations of these two churches in regard to the possibility of a local union.

THE CONGREGATIONAL UNION. Delegates to the annual meeting of the Congregational Union of New Brunswick and Nova Scotia held at Beach Meadows (N. S.), including Rev. R. J. Haughton, Mrs. R. A. Johnston, Mr. and Mrs. J. W. Flewelling and Miss Jennie Holmes returned yesterday and brought news of a most successful gathering. The feature was the honoring of Rev. J. W. Cox, of Sheffield (N. B.), known as the father of congregationalism in New Brunswick and greatly beloved by all the churches of the two provinces. Rev. Mr. Cox has been for twenty-two years secretary of the union and asked this year to be relieved of his duties. He was asked to attend the union again this year and was unanimously elected president. On Friday evening Mr. Cox was made the recipient of a purse of gold, the presentation being made by C. E. MacMichael of St. John. Mr. Cox expressed his gratitude to the union. Mrs. C. E. MacMichael presided at the annual meeting of the Congregational Women's Board of Missions. Officers were elected as follows: President, Mrs. C. C. Claris, Brooklynn, N. S.; secretary, Mrs. Minard, Melton, N. S.; treasurer, Mrs. A. H. Dunlop, Liverpool, N. S. Mrs. MacMichael was made a life member of the mission board in recognition of her services as president.

If you had spare eyes with which to experiment it might be worth while taking chances.

But having only one pair it is wise to give them the best care available.

IN PRAISE OF SETTLEMENT
Mr. Albert J. Macdonald, Manager, Agency Union Mutual Life Ins. Co., St. John, N. B.

I desire to thank you, on behalf of Mrs. Katherine Barry, for the very prompt settlement of claim under policy No. 177462 on the life of her late husband, Michael Barry.

For my own part, I must say I fully appreciate the business methods of your company as being particularly prompt and conducted without any red tape. I believe your company to be one of the oldest and best, and can heartily recommend it.

Yours truly,
(Signed)
W. J. MAHONEY,
Solicitor for Katherine Barry.

86 Pages of Personal Advice Free to Any Man

MY DEAR READER:

In the handsomely printed little book or private pocket compendium for men (containing 8,000 words and 40 half-tone photo-reproductions) which I publish and gladly forward by mail, free, sealed to any man anywhere in the world who sends me the coupon below. I have included certain parts that contain some very important advice or suggestions of a strictly private nature which, I believe, cannot be found in any of the Private Hygienic books for men that are now sold at high prices all over the country. It will thus be seen I have endeavored, through the medium of my free book, to give my readers absolutely free of cost really MORE, in some respects, than others offer, and make a large charge for. All you have to do to get this free book of mine is to use the coupon below, or if in my neighborhood, I extend an invitation to you to call at my office, 245 Waterloo Street, St. John, N. B., and I will be glad to send you a copy absolutely free of cost. I have no obligation on your part, and there is nothing whatever for you to buy in any way, unless you should decide at some time in the future that you would like to try one of my mechanical VITALIZERS (described below), but that rests with yourself. Over a million of these little free books have now been sent to men who wrote for them, as I want you to do, and who live in all quarters of the globe. I publish this free book in English, Swedish, Danish, Finnish, German, French and Polish, but I always send the English edition, of course, unless otherwise instructed. Kindly use the little coupon.

SANDEN, AUTHOR.
In reference to my strength, I believe it is now more generally acknowledged than ever before that the man in the world, a truth which any of us can easily verify if we but look about with impartial eyes.

As a matter of fact, the man who is debilitated, unstrung and enervated cannot, for perfectly obvious reasons, expect to approach these real and unmasterful attainments which seem but so natural and easy accomplishments for him whose nerve force, brain power and manly strength are perfectly normal. Hence, while we acknowledge the debilitated, weakened man to be handicapped in every walk of life where real manhood counts, yet it would indeed be cruel of me to here state the fact in public print were I not of the honest opinion that there is every hope for the unmanly man to restore himself to a state of health and vigor, if he but clear his mind of abnormal fear, and then make a fair, square effort to redeem himself.

There are two specimens of humanity for which I have no earthly use. One is the man who, though now strong and vital, yet plunges into dis-

With special attachments which carry the FORCE of the VITALIZER to any part of the body, it may be used by women as well as men for the treatment of rheumatism, kidney, liver, stomach, bladder disorders, nervousness, lack of energy, etc. Therefore, please send for the book today, or, if you happen to live in or near this city, I should be very happy to see you in person. Office hours 9 to 6.

WHAT THE FREE BOOK TEACHES YOU

The little free illustrated book of special private information referred to above, is meant really to be a self guide for all men through the years before and after marriage and onward to a ripe old age. It is written in perfectly plain language, entirely free from technical terms, so that any one may easily grasp the full power of its good advice from two or three careful readings. It attempts to point out a safe road to new manhood on new manly strength, and as such is dedicated to mankind generally. One part of this book fully describes my little VITALIZER referred to above. I have no earthly use for a plain, sealed envelope, so that it will come to you privately, just as you receive any sealed mail.

A Three Month's Trip Abroad

Suppose you sail a week from today. The first thing you think about—the first thing you discuss with your wife—the first thing you do—is to provide ample funds from which wife and family can meet household expenses while you are away. Other matters might claim your attention, but family affairs would receive special consideration. Sooner or later—maybe suddenly—you will sail out into the unknown—start on that journey from which no traveller returns. Now, man to man, are you satisfied with the provision you have made for the support of your wife and kiddies after you're gone?

Sit down now and write us to explain how an Imperial Accelerative Endowment policy will meet your family's expenses in case anything should happen to you; and how it will provide an income to support yourself in comfort should you live to old age. We'll send the information by return mail.

ANOTHER TORY SCANDAL

Commissioner Pringle, who is investigating the affairs of the Southamptown Railway, has brought out some very interesting facts upon which the people of this province may gravely ponder.

The reports of the government engineers as to the cost of this railway were greatly in excess of the actual cost, and the charges made by Mr. F. B. Carvell in parliament are shown to have been fully justified.

Mr. Pringle—All he owed you was \$2,100. A—Yes. Q—And he did not pay you \$75 for lumber, \$228 for draining the pond or \$288 for a car of cement?

Mr. Pringle—You know that it had never been in your mind and that this was concocted for the purpose of the railway company in this connection.

Mr. Cunningham testified that he received \$2,000, but gave a receipted bill for \$4,000, and the inspecting engineer reported that the work cost \$7,400. It is not surprising that Commissioner Pringle told the witness to sit down.

The evidence shows that there were several contracts, that there was no accurate system of bookkeeping, and that the double subsidy of \$6,400 per mile was paid on incorrect representations of the cost of the work by the government engineers.

CONCERNING MR. GOULD The Standard this morning says that its staff correspondent had an interview with Mr. Gould in Fredericton yesterday and that "Mr. Gould expressed much surprise and no little amusement at the statements in the opposition press that he was dodging the Royal Commission investigating the charges against Premier Fleming."

DIRT AND DISEASE In a paper on The Relation of Sanitation to Death and Disease, by H. W. Hill, M. B., M. D., D. P. H., formerly of London, Ontario, but now executive secretary of the Minnesota Public Health Association, which is printed in today's Times, there are statements which must come with the force of a shock to those who have assumed that there is a very direct and significant relation between dirt and disease.

Dr. Hill is not opposed to sanitary laws and regulations, but he insists that too much emphasis may be placed upon them, and to fortify his position he quotes some remarkable figures compiled by the health officer at Port Hope, Ontario, which show that the death rate was greater among those who obeyed the health and sanitary regulations than among those who were disregarded.

Of course Dr. Hill would not accept a single illustration, and that from a small community like Port Hope, where the health conditions are probably very good, as proof of a theory. There are figures quite as convincing to show that proper attention to housing and sanitation in the slums of great cities, where dirt abounds, has greatly reduced the death rate.

A despatch from Woodstock says that Mr. A. R. Gould was in consultation with Premier Fleming in that town yesterday, and that he also expressed himself very strongly in regard to the subpoena served on him at Detec Junction on Friday, summoning him to appear before the Royal Commission. The despatch says there is a rumor that Mr. Gould has refused to build the railway by the Greenfield route, as decided by the government, when it was his desire to adopt the Royaltown route.

ON THE RIVER

The St. John River has as many moods as a fickle maiden in the garden of romance. Looking down from the hill at Public Landing early on Sunday morning the surface was seen to be so calm toward the further shore that the houses, trees and hills were reflected as in a great mirror.

ADMITTING ACCOUNTS OF THE PINDER RAILWAY

Fredericton, July 7.—That the reports of the government engineer on the cost of the Southamptown railway were greatly in excess of the actual cost of the road, was clearly shown by the evidence presented at the enquiry which opened here today.

A dramatic feature of the investigation occurred when the commissioner forced a witness to admit that his receipted account was made up for \$10,000 more than he received after the investigation had been ordered. With uncontrolled indignation the commissioner showed the witness what he thought of the proceeding and drove him from the stand.

James Cunningham, of Fredericton, sworn, told of contracting verbally with Mr. Pinder for doing the concrete work on two bridges at \$8 per cubic yard for one and \$8.50 for the other. The first was for 196 yards and the other for 151. For this, with necessary excavations, he paid \$1,100.

Mr. Pinder for doing the concrete work on two bridges at \$8 per cubic yard for one and \$8.50 for the other. The first was for 196 yards and the other for 151. For this, with necessary excavations, he paid \$1,100.

Mr. Pinder—All he owed you was \$2,100. A—Yes. Q—And he did not pay you \$75 for lumber, \$228 for draining the pond or \$288 for a car of cement?

Mr. Pinder—You know that it had never been in your mind and that this was concocted for the purpose of the railway company in this investigation. I think we understand this matter fully now. You may sit down.

Wm. McDonald, railway contractor, gave evidence. The commissioner summarised Mr. Brown's progress estimates as showing total earth and rock excavations of 148,195 square yards, as compared with the advance estimate of 135,284 yards, a comparatively small discrepancy, but the government engineer reported and the company was paid subsidy on 164,200 yards, a difference of 41,105 yards. The witness was unable to account for the difference or to say whether there was a quantity of rock excavation unaccounted for. Pinder, mopping his brow, the witness asserted that he believed that he must have done a large amount of excavating for which the engineer had not allowed him credit.

Mr. Pinder—Well, you and Mr. Brown will have to fight this out. Mr. McDonald, son and partner of the previous witness, also testified. The commissioner—This might be a good time for Mr. Pinder to produce his books, or did he have any books?

Mr. Pinder—We are not going to produce our books but we have some accounts in a crude way and lots of vouchers. Mr. Pinder—How did he expect any-

one to find the value of the road for subsidy purposes? Mr. Richards—They could inspect the road. Mr. Pinder—Can you submit any detailed statement? Mr. Pinder—We are preparing a statement but it is not quite completed. Mr. Pinder—If our other engineer gets here tomorrow the evidence of the three of them should be sufficient to establish the cost of the road, as a result of their inspection. We might be able to get through by Thursday.

BIG WINTER RYE. Stands Six Feet Four Inches High and Was Grown on Farm in Douglas as Experiment. (Fredericton Gleaner.) A sheaf of winter rye, six feet four inches high, grown on the Royal George fruit farm, owned by James S. Nell of this city, is on exhibit in the board of trade windows, Queen street. This rye was sown on Mr. Nell's farm last fall for a cover crop and is twenty acres in extent. The farm consists of twenty-five acres, on which are two thousand fruit trees, mostly winter fruit. Mr. Nell planted one thousand trees in 1912, six hundred in 1913 and four hundred have been planted this year under the supervision of A. G. Turney, provincial horticulturist. Mr. Nell is enclosing the soil of his farm through this means of cover crops, and the fact that no fertilizers have been used except starting the first cover crop in 1912 proves the value of cover crop, as is shown by this luxuriant growth of winter rye. The first cover crop, which was of buckwheat, is claimed by Mr. Nell as being as good as twenty loads of barnyard manure to the acre.

RESTORED TO HEALTH BY LYDIA E. PINKHAM'S VEGETABLE COMPOUND. Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong. I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SLAVAY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

— GLEN FALLS NEWS —

Construction of Street Railway Line to Coldbrook Commenced

The preliminary work on the St. John Railway Company's line to Coldbrook and Glen Falls is now well under way and the wooden ties for the roadbed are distributed at intervals the entire distance to Coldbrook. The public want proof. When we stated some time ago in this paper that the line would be built this summer there were some inclined to doubt.

**Buy Good Lots While
Still to be Had at Present
LOW PRICES!**

Now that work has been commenced, however, many have begun to realize the truth of our statements, and the great future of Glen Falls and, as a very natural result, a large demand for lots has been created.

On July 31st, at noon, Prices on all Lots Will be Raised Not Less Than 10 p. c.

Those who would own a home site in this coming Residential and Industrial suburb, would do well to make their selection and purchase while there is still a choice of lots and before the increase in price on July 31st.
Glen Falls is an ideal situation located, as it is, in the triangle between Rothesay Avenue (formerly known as the Marsh Road) and the Golden Grove Road, and on the main line of the Intercolonial Railway. The rails of the Grand Trunk Pacific and the St. John Valley Railways will also pass the property upon completion of these roads.

The Garden Suburb, from many points of view, is the logical solution of the home question of the future. The tendency of the day is towards more beautiful and healthful surroundings in home life, and conditions obtaining in modern city life permit of these to only a limited degree. Where circumstances will permit, the average family will prefer to live in a location where they will have ample room for a garden, a sight for green trees and flowers, and away from the congestion and crowding of the city. Heretofore, it has been difficult to find these within ordinary bounds at a moderate cost, but with the development of Glen Falls, Coldbrook, the opportunity has arrived. Owing to the natural beauty of the property and its splendid location, ample scope has been given for a subdivision into choice building sites, and with the addition of good gravel roads, the installation of water system, electric lights, etc., the purchaser of lots in this property may be assured of a home with the most favorable surroundings.

The Work of Development, As is implied by its name, The Coldbrook Realty & Development Company Limited, is not only a Real Estate Company but a Development Company. It being our policy to develop and improve our property in order that purchasers of lots may enjoy such conveniences as pure running water in the home, good roads and streets, etc. Naturally, as the work of development continues, the value of the lots increase more in proportion. This is where our policy differs from the usual policies of real estate companies who content themselves with the selling of unimproved lots, which, as a result, do not increase very materially in value. By the adoption of our policy of improvements, and the marketing of lots at low prices, we are in a position to gradually raise our prices, thereby greatly benefiting both our customers and ourselves. Another departure is the fitting up of an Apartment House with a large Tea Room, and rooms which may be rented at reasonable cost by purchasers of lots or Dancers and other entertainments, whose homes may not be large enough for that purpose.

Beautiful Lake and Water System which has been created by the erection of a reinforced Concrete Dam on

a clear running stream, fed by cold springs high up the Glen Falls Valley, on the Company's property. From this reservoir water is piped to all parts of the property.

Good Gravel Roads. We have spent large sums of money on the construction of good gravel roads, which will later be widened into broad and well laid out streets and avenues. One of the prettiest drives imaginable is along the Glen Falls Road, winding, as it does, in and out among the hills and following the Glen Falls Stream for a considerable distance, terminating at the Lake, which is about a mile and a half from Rothesay Avenue.

Suburban Trains. All Intercolonial Railway Suburban Trains now stop at Coldbrook Station, which is only a few minutes walk from all parts of the property, and, in addition, a right of way for a street has been purchased by our Company to an even more convenient location on the Intercolonial, where it is the Company's intention to erect an artistic suburban station, designed after the style of those to be found at Banff and Lake Louise in the Rocky Mountains, which resemble Swiss Cottages.

The trains of the **Grand Trunk Pacific Railway** will also pass the property, as will those of the St. John Valley Railway, upon the completion of these roads.

Electric Light. What modern home is complete without it? The wires of the St. John Railway Company now run into the property, and should you have your home wired for electricity, they will supply current at reasonable cost.

Low Rate of Taxation. Glen Falls is outside the city limits, and the improvements have been made at the Company's expense and are included in the first cost of lots.

PRICES

For large 50 by 100 foot lots prices average from \$200, to \$250, which prices as stated above will be increased at least 10 per cent. not later than July 31st.

TERMS

We will give the purchaser of lots as much time as he desires up to ten years in which to pay for them, 10 per cent. cash being payable upon the signing of the contract for lots, and the balance payable in instalments of equal amounts every six months, with interest at the rate of Six per cent. per annum on balance of purchase price remaining unpaid.

A fully illustrated booklet of Glen Falls will be mailed free. If you wish a copy, tear off, sign and mail the coupon below.

SPORT NEWS OF A DAY, HOME AND ABROAD

BASEBALL

Glenwoods Winners. Five innings of baseball on the East End diamond last evening resulted in a victory for the Glenwoods over the Nationals, 12 to 4.

Fairville League. In the Fairville League last evening the Cubs went down to defeat before the Royals by a score of 10 to 1.

Bobby Keenan was on the mound for the Royals and was in good form, while N. Gillis received the choice collection behind the bat.

Bondo Downing supplied curbs and shoals for the vanquished and for the first inning appeared rather wild, but steadied down and from that on pitched good ball, having six strikeouts to his credit.

The game was interesting enough at times; each team put through a double play, but the work of the Royals was more snappy and better organized.

Teddy McMurray made a phenomenal connection with a fly ball in right field, but fell and lost his man in consequence. He is a good runner and his judgment is also commendable.

E. Gillis, short stop for the Royals, played a star game. His pick ups and throwing were in a class by themselves. In fact some fans predict him worthy of company faster than the teams here can supply.

Murphy on first, was there when required and Sexton in left field caught two men out in succession.

Tonight the same teams will compete and no doubt there will be improvements.

On Thursday the Cubs and Athletics will clash. The latter team have made some changes and announce Geo. Riley as their new captain. On Friday the Royals and Athletics promise a stiff battle.

RING

Welsh Beats Ritchie

London, July 7.—Fred Welsh, lightweight champion of England, today beat Willie Ritchie on points in the twenty round fight for the lightweight championship of the world at Olympia.

In the opening rounds Welsh scored more points than Ritchie. In the fifth round, however, Ritchie forced the fighting, and in this and the next two rounds there were some sharp exchanges and heavy fighting, in which Ritchie generally got the upper hand. Several times the American was cautioned for holding in the clinches.

In the eighth round the Welshman recovered his liveliness and in this and the ninth forced the fighting, and had the best of the encounter. When half the match was over Welsh led easily on points.

Ritchie revived somewhat in the eleventh and there were some hot exchanges in this round, Welsh repeatedly by his remarkable quickness scoring and then eluding heavy returns.

In the thirteenth round Ritchie had it all his own way, landing some heavy blows and forcing the fighting all through, while Welsh appeared to be weakening.

The fourteenth was also all Ritchie's, and the fighting was very fast. Then both slowed up, but in the sixteenth round there was a lot of infighting and Welsh was boxing splendidly, Ritchie meantime trying for a knock-out.

In the seventeenth Ritchie got home a number of sharp body blows and forced the fighting throughout, but Welsh was very clever in covering.

Welsh obtained some more points in the eighteenth, which was a very fast round, and left Ritchie with a bleeding lip.

The nineteenth was even, with Ritchie forcing the fighting.

The final round was the swiftest of

the whole fight, and Welsh had the better of it.

Of the twenty rounds, ten were undoubtedly Welsh's, five went to Ritchie and the other five were about even.

Ritchie broke down when the decision was given against him and was in tears when seen in his dressing room. "I have nothing to say," he said, between sobs. His manager and seconds were just as dejected.

The betting was 7 to 4 on Welsh. Geo. Constable placed \$2,000 at these odds.

Pastor Was Referee.

Bombardier Wells knocked out Colin Bell with a stiff right-hand jab on the jaw in the fight in London, June 30, for the heavyweight championship of the British Empire.

Rev. Everard Digby, vicar of St. Agatha's church, Finsbury, London, acted as ringmaster and director of the fight. A preacher who objected to the vicar's acting in this capacity tried to make his way into the ring to express his opinion, but he was ejected.

The vicar says he was impressed by the clean, decent sort of people who attended the fight and by the kindness of the women, who stood on chairs and waved their handkerchiefs, cheering for Wells at the finish. He took exception to the lack of sportsmanship displayed by the seconds for Harry Stone, who fought a preliminary bout with Johnny Summers. Stone is an American. The fight was a draw, Stone's seconds heckled Summers, trying to disconcert him, and the sporting vicar calls the attention of Americans to the "rotten" sportsmanship of the act.

Mr. Digby holds that he is justified in acting as ringmaster because his parish is a slum among many warehouses, and by sharing the sports of his parishioners he can better get a hold on them.

The Olympia, where the championship was won, had a crowd of 10,000, including many prominent Englishmen, Americans and an unusual large group of women. The purse was \$10,000.

Wants Boxing Match

Pat McCarthy, of Boston, a 145-pound amateur boxer is anxious to meet any welterweight in St. John or elsewhere in Eastern Canada.

McCarthy took part in the recent National Amateur Championships in Boston and defeated among others Thomas Barrett of this city. He was stopped in the final by a Cleveland boxer. McCarthy is willing to meet anyone at 145 pounds. His challenge is sent out through William McNulty of 6 Bathurst street, Upham's Corner, Boston.

ATHLETIC

British Championships.

The British championships, held at Stamford Bridge, London, yesterday, resulted as follows:

100 yards, W. R. Applegarth, Polytechnic Harriers, 10 sec.

120 hurdles, G. H. Gray, Halford Harriers, 15 1/2 seconds.

High Jump, W. M. Older, Jr., New York, 6 ft. 3/4 in.

Half Mile, Homer Baker, New York, 1:54 1/2; this time is a record for the championships and only 2.5 seconds slower than the British amateur record.

Broad Jump, J. C. Kingsford, London, A. C., 29 ft. 3/4 in.

They Have the Famous All-Weather Tread

Bicycle riders are rapidly coming to these Goodyear bicycle tires with the famous All-Weather tread.

These tires are made here in Canada by the masters of tire tread at the great Goodyear Bowmanville factory.

The beautiful tread is the same as that of Goodyear automobile tires—only smaller. The sharp edges grip the road. And every tire rides as comfortably as a smooth tread, with this added factor of safety.

Hard Luck (22 1/4) to Fredericton

Hard Luck (22 1/4) the bay stallion which chased Harry Mac out of his win-race record of 2:17 1/4 in the third heat of the 2:19 pace at Houlton on July 4, has a new owner as a result of racing qualities he then showed.

H. J. Morgan, of Fredericton, bought the son of Royal Ethan from Ira Carpenter of Patten, Me., before leaving Houlton for home, and he will probably race him through the Arnostook Short-horn Circuit, where he is already entered. Harold Luck is eligible in the 2:26 pacing race, the National Trotting Association's win-race and eligibility book showing his win-race record to be 2:25 1/4.

GOLDEN WEDDING

Mr. and Mrs. Calnan of Fairville Receive Purse of Gold

A pleasant time was enjoyed last evening at the home of Mr. and Mrs. John Calnan, 18 Ready street, Fairville...

The Man In The Street

Here's giving the glad hand of welcome to the visiting doctor. We're all glad to have them with us--they're good fellows every one, and besides--besides, well it's not going to cost us a two-spot to see them for once.

Through an error an Ontario newspaper published an account of a council meeting under the stock head of "Children's Corner." Perhaps it was a mistake, but we're real accounts of some council meetings that did sound somewhat like a kindergarten outing.

We're still expecting to read about the man who rocked the canoe. Probably he hasn't had his vacation yet.

"The U. S. verdict was that this year, 'Fourth of July' was the sanest in the history of the nation, with only 12 killed and 870 injured." Moving at the same rate it would not take long to wipe out the whole Mexican army.

Speaking of Mexico, Col. the Hon. Sam Hughes, Canada's minister of militia estimates and European trips might get a tip on recruiting from a letter written to a general in that country. It runs: "Dear General, I am sending here with 80 volunteers. Kindly send back the ropes, and oblige, yours, etc."

"Nearly half a million rats in New Orleans" says headline. Well, even at that we wouldn't care for the job of counting them about St. John.

Amongst the things condemned at Beach Camp this week by the Social Reform Committee were cigarette smoking, ultra-fashion in ladies' dress, white slavery and immoral plays. Fanny how the tango seems to have dropped from sight, and there wasn't a word about selling lemonade to the thirsty on Sunday.

According to a press despatch Sir Robert Borden and Premier Mathewson while formally inaugurating the telephone service between Charlottetown and Halifax this week, spoke for ten minutes or more. Despite the fact that we should try to emulate the examples of those in high places, when talking over a long distance wires we always try to say all we want to at the three minute rate.

Conservation Commission to inquire into impurities in milk. Perhaps they might also seek to learn where the old-fashioned milk cans--the kind that used to have cream on it.

The 18th is only seven days away--have your taxes ready.

Lord Brooke says "Col. Hughes is doing his best to make the Canadian militia effective for fighting." Yes, but with whom?

At Auburn, N. Y., prison, the convicts have formed a baseball league. The audience is composed of guards. Presumably they will be armed, to keep the players from stealing bases.

Scene: Times Office. Time, today 10 a. m. General business of looking wise amongst the reporters.

ACROSS CANADA BY C. P. R. The Times has received from the C. P. R. passenger department a copy of the descriptive booklet entitled "Across Canada." The booklet is a neatly arranged one of 108 pages, describing the country along the great railway system from the Atlantic to the Pacific. It is illustrated with many pictures of the places and life along the way.

LORNEVILLE FIRE

The Home of Mrs. Eliza Shanks Burned; Family Escape in Night Attire

The little fishing village of Lorneville was awakened from peaceful slumber a little after one o'clock this morning by the cry of "fire," which rang through the stillness of the early day with its usual note of alarm.

The fire had gained considerable headway before it was seen. The flames were shooting up inside and outside the little cottage, and those living within, who had been sound asleep, escaped from the burning house clad only in their night clothing. Neighbors came to the rescue and worked vigorously to save the house from destruction, but to no avail.

The Goldworthy lad wanted by the St. John police is no relation of Harry Goldworthy, of 55 Military Road. His boys are in school.

ON HOLIDAY TRIP John M. Donahue, inspector of police in Lynn, Mass., is visiting in St. John on his vacation. For the last twelve years, Inspector Donahue has been coming to this city for his summer holidays, and he has made many friends who are again welcoming him. He is registered at the Grand Union.

POTATOES SCARCE The stock of potatoes on the local market at present is rather slim, and in fact some dealers are almost entirely exhausted in supply. The arrival of new stock in better quantities is hopefully awaited, but thus far there have not been many new potatoes brought to market.

BOYS REMANDED Two boys Harry Cook aged seventeen years, and James Malcolm, aged sixteen years, were arrested yesterday afternoon by Police Constable Armstrong when they were found near the premises of David McIntyre in the Millidgeville road. These boys were brought before the magistrate this morning and remanded. They are not thought by the police to be in the gang now under notice.

VISITING ARTISTS A visitor of distinction to the city today was Frederick T. Daws of Beckenham, London, who is the guest of his sister, Mrs. A. J. Weatherly, Fair Vale. Mr. Daws is an artist who has won distinction in England and the States and is now on his return to the old country where he will establish a studio for the painting of some hunting scenes for cattle of an Indian rajah. He has been in Boston, New York and Chicago and has met much success in his paintings there.

M.C.A. SECRETARY IS CALLED TO PICTOU BY DEATH OF WIFE'S MOTHER Sydney O. Watt, secretary of the M. C. A., left for Pictou this morning called by the sudden death of his mother-in-law, Mrs. Annie Hepburn. Mrs. Watt had been with her mother for the last two weeks. Mrs. Hepburn, who was seventy-four years of age, has been ill only four days with pneumonia and her death came as a great shock to many friends. She spent last August and part of September with her daughter here and made many friends during her stay in the city. Besides Mrs. Watt, who leaves for Pictou this morning, at home, and one son, Professor William H. Hepburn, of Perdu University, Lafayette, Ind.

STREET RAILWAY MEN ARE MUCH DISPLEASED Employees of the St. John Railway Company today were indignant at a report in the Standard to the effect that they were contemplating a strike. The possibility they said was most remote. The report of the arbitration board which had dealt with the dispute between the union and the company had not yet been made public but the employees had agreed to abide by the decision arrived at and there was no thought of a strike.

FAMILY RE-UNION The home of Mr. and Mrs. James H. Fowler, 129 Brussels street, was the scene of a family reunion on Friday and Saturday, July 8 and 9. Nearly fifteen years have passed since all were together and many happenings of years ago were recalled. Mr. and Mrs. Fowler were married nearly thirty-eight years ago, and six daughters and two sons are living of a family of ten. They are Percy E. Fowler, South Framingham, Mass.; Mrs. Leonard Pierce, Roxbury; Mrs. John W. Gosman, Simons; Mrs. Herbert Saunders, Portland, Me.; Mrs. Arthur Saunders, Mrs. George Crawford, Mrs. John Murphy, and William C. Fowler, of St. John.

There were also present thirteen or eighteen grandchildren, and pictures of the family groups were taken. The otherwise joyful occasion was saddened by the serious illness of the beloved mother, Mrs. J. H. Fowler, but a slight improvement has taken place. As the family are again separated in their various homes all unite, however, in trusting she will soon be restored to health and strength.

SEALER BACK TO HALIFAX; CATCH GOOD Halifax, N. S., July 8--With a catch estimated to be worth \$17,000, the schooner Ida M. Clark, Capt. Ryan, reached Halifax this morning, thus completing a sealing expedition covering about 40,000 miles and lasting nine months. All the crew except Cyril Smith, cabin boy, are well. He is suffering from tuberculosis and his condition is said to be acute.
