P. E. ISLAND WANTS ALL THAT IS COMING TO IT

Delegation Will Go to Ottawa Looking for Many Millions from Federal Treasury in Settlement of Old Claims.

CHARLOTTETOWN, P. E. I., April 5.—Before the Dominion Parliament closes, there will wait upon the Federal cabinet a delegation from the P. E. Island Government, to submit and press certain claims which this province has upon the Dominion. This delegation will be headed by Premier Haszard, who will be accompanied probably by Hon. Geo. E. Hughes, Mr. John Agnew and others who constitute the committee which was appointed in the house last session to prepare a statement. Just before the house adjourned last week, Premier Haszard submitted a report of the committee. Their work was not completed up to that time the claims so far as considered were as follows:

1. The Island's share in the Halifax Fishery Award, estimated at \$1,250,000 with accrued interest.
2. The Island's share in the Dominion Government claim to hold it as trustee for the province affected, and the sum proposed by the committee which was appointed in the house last session to prepare a statement. Just before the house adjourned last week, Premier Haszard submitted a report of the committee. Their work was not completed up to that time the claims so far as considered were as follows:

1. The Island's share in the Halifax Fishery Award, estimated at \$1,250,000 with accrued interest. The award had arisen before Confederation, the Dominion Government claimed to hold it as trustee for the province affected, and the sum proposed by the committee which was appointed in the house last session to prepare a statement. Just before the house adjourned last week, Premier Haszard submitted a report of the committee. Their work was not completed up to that time the claims so far as considered were as follows:

EMPEROR NICHOLAS WILL GO VISITING

Extensive Jaunt Planned for the Coming Summer—Will Probably Go to England.

ST. PETERSBURG, April 5.—Preliminary preparations are being made for a round of state visits by the Emperor and Empress in the early summer. According to the plans His Majesty will leave in June aboard the Imperial yacht Standard, escorted by a division of the Baltic fleet and torpedo boats, and will go to Stockholm, Christiania and Copenhagen and perhaps then to England to return King Edward's visit during the summer. In any event it is regarded as a certainty that this is the first extensive imperial trip projected since 1901.

ORDERS FOR STEEL RAILS.

MONTREAL, O., April 5.—The G. T. P. has given orders for 23,000 tons of steel rails from the Alaska Steel Company for the Pacific section and 13,000 tons of 60 lb. rails from the Dominion L. & N. for sidings.

YOUNGSTON, O., April 5.—After a rest of 26 hours, Edward Payson Weston, the veteran pedestrian, resumed his journey to the Pacific Coast at 12:35 this morning. He was in good condition and expects to reach Canton tonight.

NAPLES, April 5.—The steamer Hamburg with ex-President Theodore Roosevelt and party on board, arrived at Naples at 1:35 p. m. today.

PLAN MONUMENT FOR PARTRIDGE ISLAND

Where Thousands of Irish Immigrants Lie Buried

Local Society to Perpetuate Memory of Plague Victims—Will Send Big Delegation to Quebec.

It is the intention of the local Order of Hibernians to erect a monument on Partridge Island in memory of the large numbers of Irishmen buried there. The plans are now advancing and several members are actively engaged in the matter. There are said to be between 3,000 and 4,000 Irish immigrants buried at the island. These people came to Canada in small vessels in 1847, the year of the great famine. Fever soon overtook them and they were stricken down by the hundreds. A few years ago a movement was started to erect a monument at the island, but the arrangements were not completed. Plans had been drawn for the structure and are still in the possession of the architect. The provincial secretary of the order is furthering the project, and Partridge Island may soon be graced with a handsome monument.

GRADUATING RECITAL AT MOUNT ALLISON

Miss Nellie Myles, of St. John, and Miss Mary Porter, of Windsor, N. S., Acquit Themselves Well.

SACKVILLE, April 5.—The first of the graduating recitals for this college year was given Friday evening in Beethoven Hall, Mount Allison Conservatory of Music by the Misses Mary Louisa Porter, of Windsor, N. S., and Nellie Albin Myles, of St. John, N. B. The recital was in every respect an unqualified success; the manner in which the young ladies rendered their various selections calling forth the highest commendation. From such a programme it is difficult to select single numbers as deserving special mention, but probably Miss Porter attained her highest success in her interpretation of the Beethoven Sonata, Andante Movement, Op. 26, and in the Hungarian Dance by David-Liszt evidencing in these numbers deep musical feeling. In her rendering of the Impromptu, Op. 90, No. 3 by Schubert and the Schumann Novelties, Op. 21, Miss Myles proved herself a brilliant performer.

FRANCE IS EXCITED OVER REVOLUTIONARY MOVEMENT

Newspapers Add to the Agitation and the Public are Rapidly Approaching a State of Terror.

PARIS, April 5.—The newspapers of Paris show general alarm this morning at the violent character of the speeches delivered at the workers' meeting yesterday under the auspices of the revolutionary labor organizations to formulate a plan of campaign against the Government. They refer particularly to the agreement of a large section of the state employes to make common cause with the trades unions and the appointment of a secret committee empowered to call strikes. Public opinion is rapidly becoming terrified, the papers declare, at the belief that a bloody insurrection is imminent since the statements of the speakers that the proletariat would neither fight nor work in the event of a war is regarded as a particularly alarming prediction.

STREET RY. NOW CONNECTS CHICAGO AND NEW YORK

Last Link in the Line Completed—Trolley Entered Chicago Last Night.

CHICAGO, April 5.—Direct communication between Chicago and New York by trolley became a reality last night when a two car train pulled into Pullman over the tracks of the Kensington and Eastern railroad, completed less than fifteen minutes before. The line spans the last gap in the system in inter-urban railroads which stretch across the continent to Chicago from the eastern seaboard, and a trip over lines operated by electric power is now possible. The route is roundabout, it is true, but it is there and the dreams of electric railroad promoters have been realized.

LUCKY OVERSIGHT

NOTTINGHAM, Eng., April 5.—The Little John Pate of 299 sovereigns for two years old, distance four furlongs, was run here today and won by H. P. Whitney's Oversight, ridden by J. H. Martin. Salvo was second and Dovecot third. Twenty-five horses started. Oversight's victory is the first time an American horse has won in the present season.

SHERBROOKE, La., April 5.—Samuel H. Webb, inventor of the Cotton Compress, died suddenly in Minden, La., last night.

SAYS DEAD GIRL'S GHOST MADE HER TELL OF MURDER

Delorey's Mother Declares Spirit of Annie Mullin Haunted Her Until She Wrote to the Police and Revealed Her Son's Guilt.

BOSTON, April 5.—Mrs. Francis Delorey, mother of the Antigonish, N. S., lad under arrest here for murdering Annie Mullin, told a reporter this afternoon that the spirit of the slain girl prompted her to tell the police about Dionisio Sprolosopoulos even at the risk of implicating one of her husband's people. She said the spirit of the murdered girl haunted her farm and she was certain that there would have been no rest for her until she communicated with the police.

"I had made up my mind not to speak of this but perhaps it is better that I should do so, for I think that you will understand me. For several weeks I have felt at various times a hand upon my shoulder and each time the words have been put into my mind, 'Why don't you write to the police?'"

"I thought the first time that somebody was actually behind me, but nobody was there, though I felt the pressure on my shoulder for some time. Something kept tormenting me until finally I spoke to my husband and told him that I must do something to shake the feeling off. I urged him to see the police but he could not believe that Peter was implicated. As had as he is he could not lower himself to murder," he said and I let the matter drag along though I was growing sick under it.

"Finally I made up my mind to write the letter, but there were so many other things to do that I failed to do it. I was in the barn on the following morning when the mysterious hand suddenly rested on my shoulder and I heard the words, 'Why didn't you write that letter last night?' I went back to the house and wrote it. You know the result; the police came here at once and confirmed what I suspected. From that day I was no longer troubled. The spirit of Annie Mullin no longer came to me to ask for justice."

This statement in itself might be credited to a hysterical woman, but Mrs. Delorey discussed this fact calmly. "I am not a spiritualist and I do not believe in spirits, but there are some things that only God can explain." She continued: "Let me give you an illustration. Mr. Delorey is my second husband. My first husband was killed many years ago in Boston. On the day that he left me I warned him that he was about to meet with an accident and told him that I had seen him the night before being dead on a sidewalk in Boston. He laughed at me, but he was killed that day just as I had seen in my vision."

JUMPED FROM A BURNING BOAT AND WAS DROWNED

Young Woman Lost Her Life, But All Her Companions in Launch Were Saved.

MORILE, Ala., April 5.—Mrs. Carrie Cain, 18 years, last night jumped from a burning launch into Mobile River and drowned. She was in the launch with Jefferson Saxton and family. The vapor of leaking gasoline caught fire and the boat was soon in flames. Mrs. Saxton, her son and daughter and Mrs. Cain jumped into the river. Lieut. Bendam of the Revenue cutter Winona manned two life boats and saved all but Mrs. Cain, after Saxton had saved himself and his daughter by steering the blazing boat into a slip.

FIND THAT DOT'S WATCH BELONGS TO STELLARTON

Sheffield St. Belle Carried a Tramp Stolen in Picou Quay—Tramps Burn Two Shacks.

MONCTON, N. B., April 5.—As a result of allowing tramps to live in shacks near Humphrey's Mills station two buildings were burned to the ground yesterday morning about eight o'clock. Late residents in the vicinity have been bothered by tramps who have been making their abode in shacks which were formerly used by laborers employed on the I. C. R. double tracking, and they were not until Sunday when the discovery was made that two of the buildings were on fire. Only prompt action of the police saved others from suffering also.

HANSON ASSAULT CASE HAS BEEN POSTPONED

Lawyer Is Ill—Escaped Soldiers Remanded for Trial—The Budget Debate.

FREDRICKTON, N. B., April 5.—The Crockett-Hanson assault case was postponed this morning until tomorrow owing to the illness of Mr. Hanson's counsel, Mr. R. W. McLeslie. The three soldiers Woods, Galt and Smith who are charged with assaulting the guard, Gomme at the barracks, and who afterwards made their escape and captured later at Fredericton Jail, were before Major Fiset this morning. They were remanded for court martial. It is expected that Surveyor General McLeod will follow Hon. Mr. McKeown in the debate, the latter will continue the debate this afternoon.

ROOSEVELT AT NAPLES

NAPLES, April 5.—Naples is alive with keen interest today to extend an enthusiastic welcome to Theodore Roosevelt, former president of the United States, who arrived here at five minutes past one this afternoon on board the Hamburg, on his way from New York to Mombassa.

As soon as the Hamburg had come anchor a launch from the U. S. gunboat Scorpion under the command of Lieut. Commander Logan, put out with U. S. Ambassador Gilman and members of his party on board. Arriving at the Hamburg the visitors were at once conducted to Mr. Roosevelt's quarters. Mr. Roosevelt had not come ashore from the Hamburg at half-past two this afternoon. This delay in disembarking is taken to mean that he will not land at all but be transferred directly over to the steamer Admiral. This rumor spread rapidly through the city and caused keen disappointment.

REVISIONISTS TRIED TO ROB TREASURE BOAT

Steamer With \$600,000 on Board Also Carried a Band of Twenty Men Looking for Money.

DAKU, Russia, April 5.—A band of Georgian revolutionists failed by the narrowest margin yesterday to successfully carry out a carefully arranged plan to seize the treasure on board a steamer trading on the Caspian and make their escape therewith into the Caspian. The steamer Caravitch with \$600,000 in specie on board was about to sail from Krasnovodsk yesterday morning when the police appeared on board and searched all the passengers. Among them they discovered and arrested the Georgian band, consisting of twenty armed men under the leadership of Lieut. Mikhailidze, an officer of the reserve. It was the intention of the pirates to overpower the crew at sea, rob the treasure room and with the specie on the sparsely inhabited Caucasian coast.

A meeting will be held this evening at 7 o'clock in the Clipper's club room when an effort will be made to organize a ball team for the coming season. Indications point to the Clipper's having a very strong team this year. There is a feeling in baseball circles that it would be a good thing if both leagues of last year would join forces and make a five or six team league and play on both grounds.

His Lordship the Bishop of Fredericton will administer the apostolic rite of the laying on of hands to a large number of candidates in Trinity Church tonight. The death occurred last night of Bernard McEwan at his late residence, 212 Main street. The deceased is survived by three sons and two daughters. He was formerly of Musquodoboit and has been employed in this city as a surveyor for some years. He was seventy-nine years of age. A. J. S. Copp of Digby has received official notification of his appointment as commercial agent of Canada at Boston for twelve years (1934-1938). Mr. Copp represented Digby in the house of commons at Ottawa. He was defeated in the last general election, his successful candidate being C. Jamieson. There was a lively fight on Charlotte street Saturday evening, which was not seen by the police. Two men from one of the steamships got into a drunken argument and finished their dispute by pounding each other for about five minutes. The scrap took place near the market entrance and finished before the police arrived on the scene. Robert King, who has been terminal agent of the C. P. R. at Carleton since July last year, has been made divisional superintendent of district number two, Atlantic division, and will leave shortly for Woodstock, where his headquarters will be in future. Mr. King will be succeeded by D. W. Newcomb, who is at present superintendent of the northern division. A sh. lazev while walking over some lumber at the Long wharf depot was surprised by a ruccon which nearly upset the startled man in its flight. The ingenuity of man bubbles when least expected. The laborer had a lasso constructed before he was almost aware of it and by a dextrous throw captured the ruccon before he was many feet away. It was an animal of large dimensions and the first that has been caught in that part for many years. HARRY LAUDER. Seven new and latest records by the celebrated Scotch artist, Limited supply. JOHN PRODDHAM, Royal Hotel, 3-4-2.

The trustees of the Victoria street Baptist church have decided to enlarge the church, owing to the rapidly increasing congregation. The idea is to add wings to the building and thus save purchasing more land. It has been announced in the Presbyterian Witness that J. A. Springour of Pine Hill College, Halifax, will in June go to Trinidad to assume principalship of Naparima College. Under the direction of the foreign mission committee, Mr. Springour will speak at points in New Brunswick between April 23 to June 6. He will be in St. John on April 23 and May 2. Mr. Springour is a native of New Brunswick. The death of Mercy T., wife of William T. Shaw of 109 Hazen street occurred at an early hour this morning. Only a fortnight ago the deceased lady's mother died, and the immediate family have been called upon to mourn a double bereavement. Mrs. Shaw was in her forty-fifth year. She is survived by two brothers, William G. B., of this city and J. Harry of New Britain, Conn., and by two sisters, the widow of the late J. Shaw and Ellen at home. The deceased was the daughter of the late James H. Jones.

Carleton lost one of its oldest and most respected residents yesterday, when at the age of 86 years Tertullus T. Ketchum died at his home, 119 Water street. Mr. Ketchum, who was a brother of the late Charles Ketchum, warden of the old penitentiary, is survived by two sons and one daughter. The sons are James of Galveston, Texas, and Isaac W. of the West Side. The daughter is Miss Kate, a trained nurse at Oceanus, Grove, P. I. A funeral service will be held at 119 Water street on Tuesday evening, and the body will be taken to Nashwaakias, York county, for burial on Wednesday.

STAR THEATRE CLOSED UNTIL FRIDAY. The Star Theatre in Union Hall, North End, will be closed until Friday for additional repairs and renovations preparatory to summer.

DEATH REMOVES A BRIGHT YOUNG MAN James McDade, Son of Michael McDade, is Dead—Exceptionally Talented. The death of James McDade, which took place yesterday morning, removes one of the city's most prominent young men. He was well and favorably known throughout the entire community and regret will be widespread. Mr. McDade was taken ill in December last, and though critically ill for some time, his death was in no way expected. He passed away at 10 a. m., remaining conscious until the end. Deceased was the eldest son of Michael McDade. Mr. McDade was born in this city. He received his early education at the High School here and afterwards pursued his studies at the St. Joseph's University. At the latter institution he took ill and was compelled to discontinue his studies. Afterwards he undertook a civil engineering course with the International Corresponding School and had about completed the various branches when taken ill. He was a prominent member of the Young Men's Society of St. Joseph of this city. Besides the father, three brothers, and three sisters are left to mourn. They are: Edward F. McDade, with Whitehead Bros., G. T. P. contractors at Grand Falls; George M., on the Sun writing staff; Robert, at school. The sisters are: Molly E., Nan E. and Frances M., all at home. Mr. McDade at the time of his death was on a business trip to Grand Falls. He will reach the city this evening, accompanied by Edward F. McDade. The funeral will take place on Tuesday afternoon at 2.30 o'clock from his late residence, 19 Cliff street.

A SIMPLE FUNERAL FOR ADMIRAL CERVERA His Wishes That There Should be No Display Were Carried Out. MADRID, April 4.—Vice-Admiral Cervera, who died yesterday, was buried this afternoon. The body was placed in a simple black coffin and borne on the shoulders of soldiers and blackjackets to the grave, where a salute of 24 volleys was fired. In accordance with the admiral's request, there were no flowers. The newspapers, in commenting on the death of Admiral Cervera, recall the warm praise bestowed upon him by the Americans after Santiago. "CAN I GET WELL?" If Your Trouble comes from the Kidneys, or from Kidney Poisons in the Blood, YES! And if you have been ailing a long time don't lose your courage. It takes a little time—takes some constitutions longer than others. But Doan's Kidney Pills will gradually drain the poisons out of your system; the pain in your back will stop; the sediment in the urine will cease; there will be no rheumatic pains; you will feel fresher and brighter, and when the last of the poisons have gone you will be well. There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills. Mr. W. Perkins, South Maitland, N.S., writes: "I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. For six months I could not obtain a good night's rest, had to get up four or five times to urinate, and the urine was very thick and red. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again. I am very thankful to have found so speedy a cure." Price 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct by The T. Milburn Co., Limited, Toronto, Ont. In ordering specify "Doan's."

IN MEMORY OF A FAMOUS LICKING ST. JES CAPTURES MARATHON DERBY, DONALD SECOND

ALBANY, N. Y., April 4.—Acting on behalf of the State of New York, the New York-Lake Champlain tercentenary committee having charge of the preparations for the celebration during the week of July 4 next of the three hundredth anniversary of the discovery by Samuel de Champlain of the beautiful lake which bears his name, has made application to the federal government for the necessary permission to raise from the lake all that remains of the hull of the "Royal Savage" flagship of General Benedict Arnold, commanding the American fleet in the first naval engagement of the revolution. For nearly one hundred and thirty-three years the "Royal Savage" has lain on the lake bottom very close to where, on October 11, 1776, after Arnold had given desperate battle to a British fleet twice the size of his own, she was around and was abandoned, Arnold transferring his flag to the "Congress" and making his escape in the night. Senator Henry W. Hill, of Buffalo, Champlain's tercentenary committee, says that if the permission asked for is granted by the federal authorities, the hull of the "Royal Savage" will be raised and shown on the lake during the week of July 4, which is to be wholly given up to the tercentenary celebration. Divers in the employ of the commission have been sent down where the remains of the "Royal Savage" are supposed to be, and their reports are most encouraging. The superintendent is entirely gone, the hull is practically intact. The commissioners believe that the necessary permission to raise the "Royal Savage" will be forthcoming and plans for the permanent preservation of the historic relic are being considered.

REMARKABLE PERFORMANCE ST. JES, the almost unknown, who figured but little in the forecast of the race, covered the Marathon distance, 26 miles 385 yards, in two hours, forty minutes, fifty and three-tenths seconds, a remarkable performance under the conditions, and finished with a fast spurt in good condition. Donalson, the Frenchman, while Hayes, the third man, followed the Italian across the finish line three minutes and fifty seconds later. No time was taken on Maloney. St. Yves took down \$5,000 of the prize money; Donalson, \$2,500; Hayes, \$1,500; and Maloney, \$1,000. Shrub and Longshot go unrewarded for their brave efforts. This was the result of the greatest Marathon ever run in America, and except in point of number of contestants, the greatest ever run anywhere. The day was not pleasant for an outdoor attraction, but the 20,000 spectators, at least, the number who sat on bleachers, spread protecting umbrellas against the April shower that fell or took the moisture in good spirit without lessening their enthusiasm.

LANGFORD KNOCKS OUT JOHN WILLIE Still on His Knees in the Tenth as Referee Counts Ten. PHILADELPHIA, April 3.—Sam Langford, the negro middleweight of Boston, knocked out John Willie of Chicago in the second round of what was to have been a six round bout at the National Athletic Club. The Boston man had all the better of both rounds, hitting the western fighter about the nose, swinging his right to the ribs and followed this up with a short right to the jaw. Willie fell flat on his face. He tried to get up while the referee was counting, but was still on his knees at 10 and the referee helped him back to his corner.

THE COMPANY'S SIDE OF THE LABOR DISPUTE Goal Company Officials Testify at Glasgow—Showed No Discrimination. GLASGOW, N. S., April 5.—At the opening of Saturday's meeting of the board of conciliation, hearing of the evidence on behalf of the company was commenced. The counsel for the men read the men's statement in reply to Mr. Duggan, stating that they were prepared to accept the propositions made by the companies and asking for recognition of their association. Referring to the matter of the whole being blown at No. 6 yesterday morning for work, he said that over fifty of the men were taken out of the mine when they went out today and new men were taken on in place of the old men. He said this did not look as if Duggan stated that the reason work was started at No. 6 this morning was to show the board that they wished to act in good faith. It was done with the most conciliatory objects in view and if there had been any mistake impression caused was purely accidental. No. 6 coal was no more required today than it was a week ago and he assumed the board and Mr. Campbell stated that there had been absolutely no discrimination against U. M. W. men in giving work. They had placed all the men they possibly could. Others would be placed when the mine was ready for them. Judge Wallace said this should be a satisfactory answer to the counsel for the men and asked that the evidence be proceeded with. The most important evidence given during the day was that of Supt. MacKenzie, of New Aberdeen, who said this should be a satisfactory answer to the counsel for the men and asked that the evidence be proceeded with.

SEVEN MILLION WORDS OF EVIDENCE IN THIS CASE Argument in Suit for Dissolution of Standard Oil Company Commences Today. ST. LOUIS, Mo., April 4.—Commencing tomorrow the full bench of four judges, comprising the United States Circuit Court of this district, will hear arguments in the important case in which the United States seeks the dissolution of the Standard Oil Company of New Jersey, involving an interpretation of many of the phrases of the Sherman act. The arguments in behalf of the government will be made by Frank B. Kellogg of St. Paul and former United States Attorney General of Chicago. The oil corporation will be represented by John G. Milbur of New York; Mort Rosenfield and John S. Miller, of Chicago; David T. Weston of Pittsburgh, and John G. Johnson of Philadelphia. Seldom, ever, has such a mass of evidence been compiled in a single case. The record, including the exhibits, already exceed 7,000,000 words, all taken by one stenographer, Robert S. Taylor, of St. Paul. Printed the evidence is more voluminous by several volumes, than a set of the Encyclopaedia Britannica. The major portion of the testimony was taken in New York City, John D. Rockefeller and John D. Archibald having been among the many notable witnesses called to the stand. So large is the record that even a perusal of its digest by the court is impossible and much will depend upon the summaries presented by the attorneys of the respective sides. It is expected the court will grant each side about five days for final argument which exceeds the usual time allowed.

ST. PETER'S WILL HAVE TEAM IN THE LEAGUE So Decide at Meeting Yesterday—Bowling Prizes Presented

The St. Peter's Y. M. C. held their regular monthly meeting yesterday afternoon. The reports of the committees were read and adopted. Baseball was discussed under new business, and it was decided to enter a team in the Inter-Society League to be known as the St. Peter's Y. M. C. team. Edward Mahoney and Charles McCormick were appointed delegates to represent the society. After the meeting the trophies for the society bowling leagues were presented by President Gallagher. The first prize, a silver cup, went to the Shamrocks, and a rosewood cane, Rambler; 2nd, a box of cigars, Thistles.

LANGFORD KNOCKS OUT JOHN WILLIE Still on His Knees in the Tenth as Referee Counts Ten. PHILADELPHIA, April 3.—Sam Langford, the negro middleweight of Boston, knocked out John Willie of Chicago in the second round of what was to have been a six round bout at the National Athletic Club. The Boston man had all the better of both rounds, hitting the western fighter about the nose, swinging his right to the ribs and followed this up with a short right to the jaw. Willie fell flat on his face. He tried to get up while the referee was counting, but was still on his knees at 10 and the referee helped him back to his corner.

"CAN I GET WELL?" If Your Trouble comes from the Kidneys, or from Kidney Poisons in the Blood, YES! And if you have been ailing a long time don't lose your courage. It takes a little time—takes some constitutions longer than others. But Doan's Kidney Pills will gradually drain the poisons out of your system; the pain in your back will stop; the sediment in the urine will cease; there will be no rheumatic pains; you will feel fresher and brighter, and when the last of the poisons have gone you will be well. There is no way of getting the kidney poisons out of the system except through the kidneys, and no medicine so effective in taking them out as Doan's Kidney Pills. Mr. W. Perkins, South Maitland, N.S., writes: "I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. For six months I could not obtain a good night's rest, had to get up four or five times to urinate, and the urine was very thick and red. I commenced using Doan's Kidney Pills and in a very short time I was right and fit again. I am very thankful to have found so speedy a cure." Price 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct by The T. Milburn Co., Limited, Toronto, Ont. In ordering specify "Doan's."

KEEP YOUR HAIR. Don't let it fall out. Don't let it get dry, dull and gray. Libby's Parisian Hair Renewer restores hair to its natural shade; keeps it glossy and beautiful, and cures Dandruff. At all druggists. 50 cents per bottle. R. J. Devins, Limited, Agents, Montreal.

PRINCE OF WALES TO CHALLENGE FOR CUP? NEW YORK, April 4.—Commodore Arthur Curtis James of the New York Yacht Club and other well known yachtmen read with interest today a report issued from London that inquiries had been made here on behalf of the Prince of Wales as to how a challenge from him for the America's cup would be received. None of those present, however, knew to whom the reported inquiry was made. "We certainly with the prince would challenge," said Commodore James. "It would be the greatest thing for yachting that could happen. You can say positively that every member of the New York Yacht Club would favor it."

AFRAID CANADA WILL GOBBLE UP THE TRADE NOW

PARIS, April 3.—Franco-American trade interests are apprehensive that the ratification of the Franco-Canadian commercial treaty, which was adopted by the senate April 1, will be followed by a complete readjustment of Franco-Canadian trade to the prejudice of American trade in the French market and German trade in the Canadian market. As finally adopted this bill is more inimical to American exporting interests than was the original measure. It gives Canada an average advantage of 33 per cent. on 150 articles in which the United States competes. These include agricultural and other machinery, typewriters, leather, furniture, etc. Canada gives France the minimum rate on wines and on a list of French articles of luxury, on which the Payne bill increases the rates. The government had authorized M. Jusserand, the French ambassador at Washington, to make representations regarding the portion drafted by the federation of industry and commerce in which the French objections to the Payne tariff bill are set forth.

AMUSEMENTS. TODAY AND THURSDAY AT THE PRINCESS.

For today the management have provided a special big programme for the afternoon. The play is to be open until Tuesday's matinee. Today there will be an up-to-date vaudeville specialty by Cardie Lovell and his trained dog, and all who were unable to see this clever acrobat and clown last week should do so today, for it is positively his last appearance in this city. Starting at the matinee Tuesday and continuing for three days, this is the most sensational animal act ever seen in this city. Monignor Cario, who has been training these bears, has had the misfortune to lose both arms while training animals. One arm was bitten off by a lion and the other by one of these bears. Madame Cario, who has the training of the bears, is one of the most reckless lady trainers in the business. The way she makes these animals do her bidding is marvellous. Don't fail to see this act. It is one that you will never forget. First performance Tuesday matinee.

RELIGIOUS FILM-FEATURE AT THE NICKEL.

Telling the sweet simple story of the Babe of Bethlehem with attention to the costume, coloring and scenic surroundings of that period, the Nickel's Magnificent picture today and tomorrow comes very opportunely in his week. It is a faithful reproduction of the primitive which Mary and Joseph underwent, the Nativity, the visit of the wise men, their gifts, the wandering Angel, King Herod and the other details as contained in Holy writ. In fact throughout its length the Nickel programme is warranted to correspond nicely with the spirit of the season. The other pictures are: Paris School Children at Their Summer Vacation Home; The Forgetting-Not; Mr. Bennett will enter upon the final week of his engagement in Harry Lauder's funny Scotch sergeant ditty, "She's a Daisy"; one of the best in his extensive repertoire, "Miss Edwards"; and "The Swallows," and Mr. Courtnalis is to have a new picture, "The Orchestra."

NATURE'S HYGIENE THE BEST SCIENCE CAN OFFER.

To the Editor of the Star— "His—Every effort is made in the city by contributions from the people to sustain the strength and manliness of youth through public gymnasia, and it is not surprising that the people of this city are of immense advantage as a strenuous, they are, from their confidence in the science of Nature, where the open-air resorts of Nature, where mile on mile can be tracked over the mountains and valleys. The beneficial results than any confined playground or gymnasium can ever hope to give. We never hear of over-taxed muscles and strained nerves, and it often occurs in a gymnasium, so much so that we hear of early deaths from that source through excess of effort in confined space. The latest scientific discoveries show that the way to the best manhood is brain and brawn is to get the habit of the woods and wilds, to secure the strongest of constitutions. The vast amount of aroma of the wild flowers and fruits that surround give a tonic that no medicine can ever hope to equal. The people of the people's garden of Nature, who have been void of the knowledge of hygiene and common sense as caretakers of the people's necessities and aims and all that tends to their well-being, the elements of mankind for a future generation. Instead we have cultivated a many early-dying race. The evidence is so plain of what has occurred under such tied-up conditions that consideration should be given to the continuation of these open-air privileges and pastimes have been arrested. From the people through improper legislation that the "bad boy" has crept into our existence, causing the creation of reformatories, sanitariums and an increase in our penitentiaries. Seeing these things are the outcome of a great wrong our present advisers have a chance to see the necessity and utility of true reform, and as they have done some good work already we feel a hope that they will continue and help restore these intangible rights which have been filched from the public in the past, and thus continue to retain the whole of the people's confidence in the future.

We should at least give the bad boy a chance, since his elders were the cause of his condition, by the only possible way open, and that is to allow him to get out of the crowded city haunts and its ever tempting evils, where by past blunders we have compelled him to stay imprisoned. He must have an object (no playground will satisfy a many boy) and there is no better lure from his bad surroundings than fishing for trout and picking berries—no better for hunger of body, and no better for hunger of free air and contemplative betterment of the mind. Laws can easily be made as lessons of good behaviour in the future in all that is given him as a privilege to become a good citizen and free man. We appeal to our present advisers, in all that is given him as a privilege to become a good citizen and free man. We appeal to our present advisers, in all that is given him as a privilege to become a good citizen and free man.

CIGARETTE CAUSES A DISASTROUS FIRE

FORT WORTH, Tex., April 3.—Starting in a barn, presumably from a carelessly thrown cigarette, fire this afternoon destroyed property in the eastern portion of Fort Worth to the extent conservatively estimated at two and a half million dollars, caused the death of one person, J. J. Newton of Krum, Texas, and rendered several thousand persons homeless. The fire originated at Jennings avenue and Pease Smith street, in the centre of a fashionable residence district, and, fanned by a stiff wind, was beyond control within 15 minutes after it was discovered. Spreading to the south it burned its way through 32 blocks and continued until it had swept through the yards of the Texas and Pacific Railway, destroying the railroad buildings, yards, and a large amount of rolling stock. There it practically burned itself out, as nothing further remained in the pathway of the flames. Three churches, the Broadway Baptist and Presbyterian and the Swedish cathedral were among the buildings destroyed as was the Presbyterian sanitarium. The patients of the latter institution were all removed in safety. The Texas and Pacific Railroad suffered the largest individual loss. Fourteen locomotives were reduced to twisted masses of steel and iron and several hundred box cars, besides the roundhouse and other buildings of the road, were destroyed.

BAD FIRE AT DALLAS.

DALLAS, Texas, April 3.—Sixty-four residences and a private sanitarium in Acilia, a suburb of Dallas, were destroyed by fire late today, causing a loss estimated at a quarter of a million dollars. The fire, fanned by a strong southwest wind, swept through fourteen residence blocks. In the burned area, which covers more than a quarter of a mile square of territory, only five buildings remain intact. The patients of the sanitarium were removed in safety.

WILLIAM HOGAN DIES SUDDENLY

The news of the sudden death of Wm. Hogan at Richmond at an early hour yesterday morning was received here with deep regret and was a shock to his family and many friends. The deceased was bookkeeper for the R. O'Leary Company in Richmond and had been applying for only a week, but nothing serious was anticipated. Yesterday morning at 2:45 o'clock Mr. Hogan became worse, and while sitting on the sofa of his bedroom he choked and suddenly fell over dead. Deceased, who was only 32 years of age and a son of the late Michael Hogan, was an extremely popular young man and was highly esteemed both in St. John and Richmond. Deep sympathy is extended to the bereaved mother and other members of the family who reside at 271 Princess street. Besides the mother, the deceased leaves one brother, Dr. F. J. Hogan of Bridgetown, Conn., and three sisters, Misses Marion, Kathleen and Geraldine, at home. The remains will arrive home on the C. F. R. train this afternoon.

TEMPERANCE MEETINGS.

Three special meetings were held last evening at the close of the church services and the compen for that prohibition was formally opened in the city. The Victoria ward meeting was held in the Tabernacle church. Rev. J. W. Keirstead presided and Rev. G. W. Anthony addressed the audience. In Lansdowne ward the meeting was held in St. Matthew's church. W. J. Forbes presided and Rev. A. A. Graham spoke on the subject of the "Prohibition of the Sale of Alcohol." The meeting was held in the Main street church in Lorne ward. Rev. D. Hutchison presided and Rev. E. N. Noble also occupied a seat on the platform. A meeting has been announced for this evening in Douglas avenue Christian church for the purpose of organizing Lansdowne and Lorne wards for the coming year.

GULF OF ST. LAWRENCE SEAL CATCH FAILURE

ST. JOHN'S, N. F., April 4.—The apparent failure of the seal catch in the Gulf of St. Lawrence was reported by the sealing steamer Harlaw, which arrived here empty. The Harlaw reported that the steamer Neptune and Southern Cross were also without fares, and that the Viking, Lakador and Kio, although not spoken, had been sighted and were probably equally unsuccessful. The vessels named represent about a fourth of the entire fleet. Little has been heard from the vessels sealing on the Grand Banks, but the outlook there also is considered doubtful.

INSURANCE BILL IS O. K., SAY DELEGATES

W. M. Jarvis, A. C. Fairweather and G. O. Oddy, who were at Ottawa on behalf of the insurance companies in connection with the new insurance bill, have returned home. The delegates were well received by the committee appointed to give them a hearing. The bill seemed to meet with the approval of the delegation, who considered the measure both good and just.

In Victoria ward plans are being made for special services to be held on each Sunday between now and election day for deeds done whether they come from Liberal or Conservative. In this regard we have just seen the best that could happen in politics—the striving of both Liberal and Conservative in the federal houses to win honor and renown for the people they represent, in the protection of every British branch of the Motherland for the benefit of all. A better lesson to be given to our present governing body than each to strive in like manner to call back to the people those vital interests they have been deprived of the use of for nearly twenty years, and which would be of such potent and pecuniary advantage to the greater majority of tourist interests, as from these we derive our character as a generous and selfish people.

Respectfully, J. S. CLIMO.

THE MISSIONARY MOVEMENT.

What was probably the most significant gathering in the history of the Protestant church in Canada was held last week in Toronto, when the first national congress of the Canadian Laymen's Missionary Movement assembled in Macey Hall. This conference was attended by upwards of four thousand delegates from all parts of the Dominion, and included men from every walk in life, from the wealthy employer and eminent professional to the hard-working laborer and the industrious artisan. All were there, inspired by the one purpose, fixed with the same enthusiasm, the spread of the Christian faith among those now living in ignorance of its sublime teachings. That such an assembly could be called, that such an intensity of interest would be manifested, a few years ago, had seemed highly improbable, but the success of the meeting is the clearest proof that in spite of the demands of modern business life and notwithstanding the many existing claims on public interest, there is in every man that deeply rooted zeal in religious effort which needs only an awakening influence to transform it into an active force.

The Toronto congress included a series of public meetings at which inspiring addresses were given by leaders in the movement, but the programme also permitted many business sessions at which the various phases of the work were discussed in committees of districts. Plans for the future were arranged, and the routine of these meetings was forgotten in the enthusiasm created by the commingling of men all banded together for the same noble purpose.

Looking at a purely business scheme, the promoters should not feel the slightest doubt as to its success. Canada's share in the evangelization of the world is easily within our capabilities, and in a few years our churches will be crying out for a larger division of the work. This country, it is assumed that is regarded as its fair portion, will be expected to bring the gospel within reach of forty million persons in non-Christian lands. To effectively carry out this work means that some sixteen or seventeen hundred missionaries in all will be required, while at present only slightly more than four hundred are in the field. Allowing \$2,000 annually as the total expenditure for each missionary leader and staff of native assistants, the gross sum for foreign evangelization amounts to \$2,800,000. Home mission contributions to the amount of \$1,200,000 at least will be needed annually, so that the grand total of \$4,000,000 must be subscribed if the churches in Canada are to do their share. This represents a contribution of only five dollars per year from each church member, which in itself is an insignificant gift. But no account is taken of the contributions from adherents, or of occasional gifts from those not in any way connected with particular churches.

This is no beging movement on the part of mission boards; it is an undertaking arranged by the men with the pocket books arranged among themselves as the result of a true appreciation of the real meaning of Christianity. The Toronto conference has given fresh impetus to the work, has imparted a new enthusiasm and zeal, and now having taken on a concrete form and with its line of action clearly defined, the movement will progress more rapidly toward that goal to which it is directed.

INTRODUCING POLITICS.

There is an evident desire on the part of a few citizens to introduce party politics in civic affairs. This plan was suggested some months ago by Mr. John Keeffe in an interview printed in The Star, and apparently the strong arguments put forward by that gentleman have borne fruit. It is easy to understand that the introduction of such a principle by exciting political feeling, will in a large measure overcome the existing indifference and will eventually lead to the more active participation in civic affairs. The benefits to be derived from such a move are clear to everyone, but in spite of this it is an unfortunate thing that St. John cannot be governed on civic lines. It is a regrettable admission that taxpayers are more vitally interested in federal politics than they are in the welfare and progress of their own city. It is a sign of weakness that political partisanship must be enlisted for the purpose of creating activity in those purely local affairs with which politics play no part.

For a number of years the Common Council has been largely composed of men of Conservative tendencies. Frequent criticism has been heard regarding the manner in which business has been conducted, but certainly this criticism has never been raised on the ground that Conservatives rule the city. Although the aldermen disagree with each other at almost every meeting, and in spite of the fact that at times an attitude has been adopted which to many voters seems injudicious, there has never been the slightest intimation that the aldermen are prompted or influenced by their political prejudices.

Certainly we need some awakening influence, but it is seriously to be doubted whether this awakening will be of value when purchased by the introduction of partisanship. There are in the council a number of strong Conservatives whose work has been in every sense satisfactory; it would be extremely unwise to endeavor to defeat these aldermen simply because they are Conservatives, for their forced retirement from the council board would mean a distinct loss to the city.

Many a man has been helped by reading the little ads. which tell of the needs of people who can give steady employment.

NERVANA.

What is Nirvana? 'Tis that perfect state, Grand, acmed triumph of the ultimate! That hour in which the countless seems melt.

To end the vast, encircling planet bet That girls creation; to o'erthrow the seas; Thrust from their holds the earthborn energies; Fell the foundations of those templed heights

Where ignorance dwell through un-told, brooding nights; To silence sorrow; raise the monarch's throne. And to a blinded destiny proclaim: Rare, ripened harvests which its hand has sown

In those dim regions ere world chaos came. Such is Nirvana! That great day of days When suns, moons, stars, and earths have gone their ways!

TWIXT FACT AND FANCY.

Outlines as through some forest glade My step hath strayed, And I drink in the beauties of the scene.

The bowers soft and green Where some sifin taint perchance hath played, Or where the wood nymph dwells And weaves her fairy spells.

While here and there a slint of sun shines down And penetrates its leafy crown, And from the upper hills The music of the rills, Entrancing, clear,

Enchanting, clear, I wonder where, deep hid from mortal eyes, The fine spin line 'twixt fact and fancy lies.

BUT YESTERDAY.

But yesterday the hedges showed The purpling promise of the spring; Though bare and brown, the woodlands glowed With hidden wine of comforting.

Today the flush, the charm is gone, How bleak the prospect everywhere! The soul of light has been withdrawn— The miracle of sunlit air.

SOUTH DOES NOT WELCOME DANIEL J. SULLY'S SCHEME

SAVANNAH, Ga., April 4.—Statements of local cotton factors and some reports received from other cities in Georgia, indicate that the plan of Daniel J. Sully to throw a chain of cotton warehouses across the south capable of holding one-third of a year's cotton crop, will be strongly opposed if it ever threatens to become a fact and that it will have very slight, if any, support at all in this section.

A member of the Savannah Cotton Exchange stated today that the plan, in the first place, is impracticable, that had the south wanted it, the plan of the Farmers' Union would long ago have secured support, instead of Mr. Sully's plan and that cotton factors see in it nothing to commend itself to them or to the planters.

'LONGSHOREMEN DECIDE TO DEFER THEIR STRIKE

BOSTON, Mass., April 4.—Following the flat refusal of the steamship agents to accept the new wage schedule for 1909, which called for an increase in wages, the longshoremen who asked for the advance today voted to defer the enforcement of the strike which they called for April 12 in case the demand was not granted.

The report on the various conferences held with the steamship agents will be presented to the Longshoremen's Trade Council at its meeting on April 12. In the meantime the report will be referred back to the assemblies for further action.

DIVORCE FOR BERTHA KRUPP? GOES SLUETHING.

Heiress of Great Iron Works Unhappy With Husband

BERLIN, April 5.—It is reported at Essen that there is probability of divorce proceedings between Herr von Bohlen and his wife, who was Bertha Krupp, elder daughter of the great German gunmaker and ironmaster. It is reported that the couple have been reading an unhappy life together for some time, especially since the death of their infant son, about two months ago.

When Frauslin Krupp married she was only 18 years old, but when her father died, in 1902, she had become the owner of the great steel and gun works at Essen, the shipyards at Magdeburg and a number of coal and iron mines. To her mother and a younger sister she left large fortunes in bonds and stocks.

On October 15, 1906, the marriage took place. The young heiress met the bridegroom when she was visiting Rome and he was secretary of the Prussian Legation, the Vatican. Dr. Gustav von Bohlen, as he is usually called, was then 35 years old. He is the son of Dr. von Bohlen and Halbach, who was once Minister for the Grand Duchy of Baden or Berlin, before the days of the empire.

Both the Bohlen and Halbach families have connections in the United States. The Bohlen family was a grandfater, made a fortune in the United States and returned with it to Baden, his native state.

Before going to Rome, Dr. von Bohlen had studied law and had served in a diplomatic service and was stationed at Washington in 1899. Subsequently to his engagement to Bertha Krupp he served in Berlin, but resigned from the service to be married and take an active part in the management of the Krupp works.

Naturally the marriage of a young woman whose wealth was estimated at \$10,000,000 and whose position as the heiress of the greatest German armament factory brought her into close relations with the Kaiser himself, would like to know on what grounds such a union had been printed as I have not said a single word on the subject to anyone, I have not declined, I have not said that I have declined. Nothing has been decided yet."

ELIOT HAS NOT DECLINED THE AMBASSADORSHIP

BOSTON, April 5.—On his return from his southern trip yesterday Chas. W. Eliot, President of Harvard University, declared that he had not declined the post of United States Ambassador to Great Britain.

Some of the newspapers that it has been seen," he said, "have stated that it is all decided, that I have declined. I would like to know on what grounds such a statement has been printed as I have not said a single word on the subject to anyone, I have not declined, I have not said that I have declined. Nothing has been decided yet."

CHATHAM NEWS

CHATHAM, N. B., April 5.—The funeral of Mrs. Jeremiah Fitzpatrick took place this morning at nine o'clock, the service being in St. Michael's Cathedral. Mrs. Fitzpatrick was formerly Miss Kate Ryan of this town. The body was brought from Calais, Me., Saturday night, and the funeral took place from her mother's residence Water street.

Civic elections take place April 20, but as yet little interest has been shown. With one or two exceptions probably all of the present members of the council board will stand for re-election.

BANGOR, Me., April 3.—Two large fields of ice that jammed at points some two miles below Bangor, passed down to the bay early this afternoon and the port of Bangor is now open to navigation for the first time since December 10. The first fleet of vessels bound to Bangor arrived in Fox Point Cove this afternoon and are expected to arrive up on Saturday together with steamer Bay State from Boston.

SHIPPING PEOPLE REFUSE INCREASE

Demands of Boston Longshoremen Are Turned Down

BOSTON, April 3.—Claiming that Boston is paying altogether too much to longshoremen freight handlers in comparison with other Atlantic ports, the shipping people of Boston late today made a final and flat refusal of the demands of the longshoremen for higher wages.

The agents maintain that they will favor a withdrawal of some of the steamship lines from Boston rather than submit to an increase in wages. The longshoremen will hold another meeting tomorrow night to discuss the situation.

WOODSTOCK, N. B., April 5.—Thomas Strong, one of the first settlers in this country, died last night at the residence of his son, Alexander Strong, in Gratton, aged 89 years. Mrs. Strong died about a year ago and is survived by her children, two boys and one girl survive, Thomas of Lindsay, Alex of Gratton, both in this county, and Mrs. Wm. Jones, of Perth, Victoria County. The funeral will take place at one o'clock tomorrow.

MESSAGE FROM GENERAL BOOTH

Food for Thought for Americans

Tells Them to Seek Righteousness as Strenuously as They Seek Wealth

NEW YORK, April 4.—General Wm. Booth, whose eightieth birthday is to be celebrated throughout the world next Saturday, has replied to the scores of congratulatory cablegrams already from state governments, mayors of leading American cities and other men of prominence with a message to the American host. The message was given out at the American headquarters of the Salvation Army here today, and is as follows:

"After spending eighty years in this world with almost countless opportunities for observing the purpose for which men generally live, and the disappointments they so commonly suffer, it seems reasonable that I should have formed some opinion as to the course they ought to follow if they are to have any real success.

"So on this, my eightieth birthday, I tell the American people this: If they will seek the honor of God, the reign of righteousness, the welfare of the friendless poor and the riches that endure forever, with the same self-sacrificing avidity with which they seek the wealth and pleasures of this world, they will have a good chance of finding that life of satisfaction which now so often eludes them and of building up a pattern nation for the world to imitate.

"Wm. Booth, General."

MONTREAL IS THE SCENE OF DARING THEFT

MONTREAL, April 4.—A daring robbery, in western style, was pulled off on St. Lawrence street on Saturday night while the thoroughfare was crowded. Armed with a revolver a man with a black beard smashed the window of Theodore Grothe's jewelry store and abstracted a tray containing diamonds valued at \$2,000. Eye witnesses are waiting for him, into which he jumped and drove off before the people in the vicinity had time to recover their wits. One man, John Bertrand, manager of a restaurant opposite, who was waiting for a car, was knocked down. The only identification the police have is that the robber wore a black beard, promptly false.

AMENDMENTS WILL FAVOR THE STATES

PARIS, April 4.—The tariff committee, as the result of violent protests from home and foreign interests, especially England, has agreed to certain amendments covering chiefly the metal and textile schedules. Although the amendments have not yet been made public, it is believed that several notable concessions have been made in favor of the United States. The maximum duty on heavy agricultural machinery, practically all of which comes from the United States, which originally was increased from 15 to 16 francs per hundred kilos, has now been reduced to 12 and the minimum to nine and eight. The proposed increase on sewing machines has been abandoned and the present rate will be restored.

GOMEZ MAY HAND OVER PRESIDENCY

CARACAS, April 4. (via Willemstad, April 4.)—It is reported that the new president, J. Vicente Gomez, may turn over the presidency temporarily to J. A. Velutini, the second vice-president of the republic. It was to Gomez that President Castro handed over the reins of office when he left for Europe on November 23rd last. Less than a month later Gomez overthrew the existing government, appointed a new cabinet and himself became president. It is believed that the deposed president would remain abroad, but now that he is actually on board a steamer bound in the direction of Venezuela, the greatest speculation prevails as to his real intentions. It is hardly thought that Castro will proceed beyond Port of Spain, Trinidad, because there is a certainty of imprisonment should he embark here.

COMMANDER OF SPANISH FLEET AT SANTIAGO DEAD

Admiral Cervera Passes Away at Puerto Real, Spain—Not to Blame for Loss of His Squadron Off Santiago—Acquitted by Court Martial

PUERTO REAL, Spain, April 3.—News of the death of Vice Admiral Cervera, who commanded the Spanish fleet in the battle of Santiago, Cuba, died here this afternoon.

RECEIVED WITH REGRET.

PORTSMOUTH, April 3.—News of the death of Vice Admiral Cervera was received here with great regret in Portsmouth. As a fighter his bravery was unquestioned and it was admitted in both Spain and the United States that he was not to blame for the loss of his squadron of Santiago. Upon his return to Spain he was acquitted at the court martial.

Spain, Admiral Cervera thanked the American people for their kindness in the following letter:

"Portsmouth, N. H., Sept. 11, 1898.

"To the President of the Associated Press:

"My Dear Sir:—Tomorrow I sail for Spain and I wish to say to you as the representative of the greatest news association in the United States, that I sail with my heart full of gratitude for the sympathy that has been shown me by the people of this country.

"My farewell then, takes with it every assurance that the memory of this sympathy I shall warmly, actively conserve during the rest of my life.

"I take advantage on this occasion to subscribe myself your obedient servant.

(Sgd.) "ADMIRAL CERVERA."

HALIFAX, April 4.—Thirty-four hours out from St. John, the Allan liner Sardinian arrived tonight. Captain Henry reports very rough weather in the bay. He said that many mishaps might be expected, as it was one of the wildest storms he had ever experienced.

DRIVER AND HORSES PERISHED TOGETHER

MARBLEHEAD, Mass., April 4.—The bodies of Albert McKenna, aged 38 years, of Salem, and of two horses he had been driving were found today on the road leading to Deschamps Point, the man having been crushed under an overturned load of lumber and the horses strangled by becoming entangled in the harness.

FOUND CAN OF BLASTING POWDER IN THE GOAL

TORONTO, April 4.—Noticing a five pound tin of blasting powder in the coal he was shoveling into a locomotive furnace at Brockville, Thomas Magraw promptly removed the explosive and saved the railway from a bad accident.

REFORM ALDERMAN STOLE MILK BOTTLES

Serious Auto Accident—Aged Woman Burned to Death—Suicide at Niagara Falls.

STAMFORD, Conn., April 4.—Charged with stealing milk, Thomas A. Casman, a member of the common council, elected on a reform ticket, was arrested here today. Brennan and four others were caught taking bottles of milk from in front of a local store.

MARLBORO, Mass., April 4.—Three persons were injured tonight by jumping from the tonneau of an automobile when the machine skidded on the Boston and Worcester road near here and one of them Mrs. Abbie Hewitt, of Worcester, is in a serious condition.

NIAGARA FALLS, N. Y., April 4.—An unknown man about 25 years old, this afternoon committed suicide by jumping into the river from Luna Island. A score of people saw him swept over the falls. The authorities hope to establish the man's identity by means of a child's ring found in an overcoat left on the bridge. Luna fall is the smallest of the cataracts, but it has never given up its dead.

WINCHESTER, Va., April 4.—Miss Virginia Carter, the young daughter of Reese B. Carter, was burned to death today in a fire which destroyed her home, "Yellow House" at Rest, this county, one of the most historic structures in the state. Both Mr. and Mrs. Carter were badly burned in a futile effort to save their daughter. They are expected to recover.

DIPLOMATIC RELATIONS MAY BE SEVERED

Nicaraguan Minister to the United States May Be Given His Passports.

WASHINGTON, D. C., April 4.—Indications are that diplomatic relations between this country and Nicaragua are nearing a crisis, resulting from the unwillingness of the Nicaraguan minister to the United States, who is in the city, to adjust the Emery claim. In diplomatic circles it would appear that the minister is not disposed to discuss the present event in connection with the present diplomatic discussion in which every request for passports would logically follow.

BIG G.T.P. CONTRACT FOR DOMINION STEEL COMPANY

E. J. Chamberlain, the new general manager of the Grand Trunk Pacific, announces that the contract for steel rails for the first 100 miles of road east of Prince Rupert has been let to the Dominion Steel Company. These will be laid by August and then the contract for the next 100 miles will probably be let to the same company.

FEED YOU MONKY

"Ever since boyhood I have been especially fond of meat, and I can convince I ate too rapidly, and failed to masticate my food properly.

"The result was that I found myself a few years ago, afflicted with ailments of the stomach and kidneys, which interfered seriously with my business.

"At last I took the advice of friends and began to eat Grape-Nuts instead of the heavy meats, etc., that had constituted my former diet.

"I found that I was at once benefited by the change, that I was soon relieved from the heart-burn and the indigestion that used to follow my meals, that the pains in my back had ceased entirely.

"My nerves which used to be unsteady, and my brain which was slow and lethargic from a heavy diet of meats and greasy foods, had gradually but none the less surely, been restored to normal efficiency.

"Now every nerve is steady and my brain and thinking qualities are quicker and more acute than for years past.

STRUCK BY EXPRESS AND INSTANTLY KILLED

CHATHAM, Ont., April 3.—While driving home from this city last night, John Tompkins, aged fifty, was struck by a Michigan Central express at Charing Cross and instantly killed.

"After my old style breakfasts I used to suffer during the forenoon from a feeling of weakness which hindered me seriously in my work, but since I have begun to use Grape-Nuts food I can work till dinner time with all ease and comfort. 'There's a Reason.'

LAYMEN'S MISSIONARY CONGRESS DECIDES ON A GIGANTIC CAMPAIGN

TORONTO, April 4.—The accompanying policy and declaration were adopted unanimously amid a scene of great enthusiasm at Saturday night's meeting of the Canadian National Laymen's Missionary Congress in Massey Hall. They were drawn up by a special committee, of which A. B. Motive, K.C., was chairman, and in moving its adoption, he spoke briefly but eloquently of the splendid work of the Laymen's Missionary Movement had already done, of the excellent spirit the congress had suggested, and made an appeal to the delegates to do their share of the work before them.

Following was the declaration of policy: "Four committees recommended that the report of the Canadian council of the Laymen's Missionary Movement to this congress be received, approved and printed as part of record of the proceedings of the congress.

"That the council be continued, and its work extended, in the hope of enlisting whole church membership of Canada in active and sympathetic co-operation in carrying on the great missionary enterprise.

"That a permanent secretary be employed by the council and this congress provide for expense of movement for three years.

"That methods of missionary education and finance, found so successful by council, be recommended for general adoption.

"That interdenominational co-operation committees of the Laymen's Missionary Movement be organized in every city, town and community, which shall keep in touch with the general movement, and co-operate with all individual congregations in reaching and maintaining the highest missionary efficiency.

"That the following statement be adopted, as expressing conviction of churches are equally responsible, throughout the world, for the coming of the kingdom of God upon earth.

"We accept the estimate of our missionary leaders, that at least \$1,500,000 annually should be contributed towards our home mission work, and \$2,000,000 annually to foreign mission work represented in the winning of the world.

"We cordially believe that the spirit of unity and co-operation so manifested in this movement will find expression in practical methods of co-operation in both the home and foreign field, so that unnecessary duplication of work may be avoided.

"Assembled in the first national missionary congress of modern times, and deeply persuaded of the power of combined and co-operative Christianity to solve all problems of human society, we desire to unite with churches of our sister countries throughout christendom as loyal servants of the King of Kings, in comprehensive and adequate crusade for the winning of the world to Jesus Christ, 'who is the way, the truth and the life,' 'the desire of nations and the right of the world.'

AMOUNTS RAISED

Following are the amounts raised last year in twenty-four cities with the amount pledged to be raised in future, and the average per member which the council was strongly of opinion that the amount aimed at could be reached by strong, persistent effort.

STRICKEN WHILE ARGUING A CASE

C. A. Peck, K. C., of Albert, Suffers a Stroke of Paralysis

HOPEWELL HILL, A. C., April 3.—C. A. Peck, K. C., of this place suffered a stroke of paralysis while attending Justice Rhodes' court at Albert yesterday, and has been in a quite serious condition since. Though considerable improvement has been noticed today, Mr. Peck was unable to get up from his bed in the afternoon when he was suddenly smitten, falling forward into a chair near him. A doctor was at once called, and after rallying somewhat the stricken man was removed to his home, where he is resting more comfortable tonight and is able to converse with his family.

Mrs. Peck, who has been visiting in St. John, arrived home today on being notified last night of her husband's sudden attack of illness. H. B. Peck of St. John, Mr. Peck's son, also being here. Much sympathy is felt for Mr. Peck, and it is hoped the improvement noticed today may be followed by satisfactory progress towards recovery.

MUST GET BUSY

BOSTON, Mass., April 4.—That the liquor interests must get into action to offset the growing prohibition sentiment throughout the country is the conclusion reached today by the executive board of the New England branch of the Hotel and Restaurant Employees and Bar Tenders International Alliance, which met here to discuss the coming national convention in Minneapolis in May.

DIED AT THE AGE OF 112

NEW YORK, April 4.—The death of Mrs. Fanny Friedman at the age of 112 years was reported to the Board of Health today. The woman, who was born on January 3, 1797, died at the home of her daughter in Harlem, after two days illness. It was her boast that she never had a doctor in her life and one was not called in until Friday. Five children, fifty-four grand-children and eighteen great-grand-children survive her.

POOR DOCUMENT MURDER 34

THE STAR, ST. JOHN N. B. MONDAY, APRIL 5, 1909

THE PEOPLE OF THE NORTH POLE

The neighbors of the North Pole are the Eskimos of Greenland, and Knud Rasmussen writes of them in "The People of the Polar North." He has had unique opportunities of observing these most interesting people.

The people discussed are the most northerly dwelling people in the world, and wander from settlement to settlement between Cape York, north of Melville Bay, and Cape Alexander (between 76 deg. and 78 deg. N. latitude). The House of Lords does not interest them, and their women are not asking for the vote, and their army and navy are of the most modest kind.

Mr. Rasmussen, the writer of the book, is said to have Eskimo blood in his veins. His father was for twenty years a missionary in Southwest Greenland, and the son lived there for fourteen years, hence his familiarity with the language and the habits of the people. This book is based on information gained by the "Danish Literary Expedition" of 1902, which comprised the author and artist and Mr. L. Mylius-Erichsen, who since then, and on another expedition, left his brave bones to bleach in the Polar sun. The attraction for this literary expedition was not the Pole but the Polar people.

POLAR POLKLORE

The editor of the English edition of the book writes that the first man to make thorough and efficient research into the folk-tales of the Eskimo states and their religion, he will probably of necessity be the last. When others come, if they do come, they will be too late. The Polar Eskimos are not a fertile race.

ACROSS SERBIA BY WATERWAY

For upward of a year work has been in progress upon a project which is likely to have an important bearing upon the relations between Austria-Hungary and the Balkan states and Serbia in particular. This project is an inland waterway across Serbia and Macedonia joining the Danube and the Aegean Sea.

The preliminary details of the plan have already been worked out by Prince Lazarovich Hircoblanovich, of Serbia, N. I. Stankovitch, professor of hydrotechnics in the Belgrade University, Professor Cwitlich, of the same university, who is a member of the geographical societies of Vienna, Berlin, Paris and London, and who was special adviser regarding the geological problems of the Turkish section, and V. R. Savitch, who recently became the Assistant Secretary of Foreign Affairs of Serbia.

To avoid possible European political entanglements, the financial arrangements for the construction were undertaken. The American Engineering Company was recently incorporated in New Jersey, and the stock has all been subscribed for. No bonds are to be issued. Among the directors are Charles L. Atterbury and John Potter, of No. 30 Broad street, and Mr. Turner, of the Corporation Trust Company of New Jersey. A Philadelphia capitalist, it is expected, will be the official head of the company, eventually. The Serbian and Turkish governments will have a large share in the financial management. Negotiations with Turkey and Serbia have begun.

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine—"I have been a great sufferer from organic troubles through the use of the Compound and severe female weakness. The doctor said I would have to go to the hospital for an operation, but I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. Williams, B. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

JAMES HATCH REVEALS THE HIDING PLACE OF MURDERED MAN'S MONEY

BERTH, N. B., April 5.—Once again the public is to be taken by surprise in connection with the Green murder case here. The missing money has been found. Two of the three watches that Tony claims were given to James Hatch, yesterday Father Ryan went to the jail to see the condemned man. The two Hatch men, in their usual emotional way, began to protrude themselves on the floor.

Want to Them

Father Ryan at length went to them and James Hatch was taken to Weykitt, and added that he would direct them to the missing money. The conversation was carried on in a whisper, so that Murray is not even yet aware of what passed.

It is deemed advisable not to remove Hatch from the jail. Hatch said that he did not hide the money, but it was somewhere around the camp. He thought perhaps Tony hid it, but "oh, no, he himself didn't."

He told the constable that he must

A SIX YEARS' VOYAGE

There are other Eskimos in the North of Canada, and Mr. Rasmussen is planning a six years' tour along the whole north coast of North America as far as Alaska, with merely the slender Eskimo equipment of kayak and dog sleds for the purpose of "studying at first hand the still surviving remnants of a once numerous race. . . . An unprejudiced Eskimo as a race are an unexplored and unexploited people, and much of their origin and history is still conjecture."

WHEN THE INSECTS LINE OUT

Are humans being dainty? That depends largely upon circumstances. At home a man may turn up his nose at a slightly burnt coffee, but out in an open boat in mid-ocean, and face to face with starvation, he will greedily devour bread two months old.

The truth of the matter is, we are all of us dainty when opportunity offers, and although the public deports itself with indifference to the stink of a tin of food week by week, it does so without knowing it.

Animals are dainty in the same manner, but they have fewer opportunities of exercising their daintiness in matters of food. It is extremely rare to find a dainty animal in a state of nature. In fact, it is really astonishing what some creatures will eat when hunger presses. Take, for instance, the cockroach.

If you put a cockroach into a stinked plunk and serve him with strawberries and cream, take turkey, and beer, he will live like a prince on all of them; in fact, you would have to watch a watch on the bear, for cockroaches are inveterate tipplers.

ETRWIGS REALLY VEGETARIANS

But slip him in a boot-box to starve, and he will nibble the blacking out of either direction. Not only that, but he will devour the crockery glass, or put him in a tin with a piece of newspaper, and he will devour the newspaper piece. Wall-paper, varnish, soap, blue and size are also acceptable to this "undesirable alien."

Then there is the sarwig. Strictly speaking, an earwig is a vegetarian subsisting on flowers and the state of nature. If circumstances permit, falling the usual food, he will devour holes in chrysalides, and he will devour the newspaper, and he will devour the crockery glass, or put him in a tin with a piece of newspaper, and he will devour the newspaper piece. Wall-paper, varnish, soap, blue and size are also acceptable to this "undesirable alien."

CATERPILLARS SPECIALLY DAINTY

Slugs have a most variable appetite. The chief mission of a slug is to nibble down to the roots of garden plants, and he honors the house with a visit, and comes sliding in the evening, and he will devour the newspaper, and he will devour the crockery glass, or put him in a tin with a piece of newspaper, and he will devour the newspaper piece. Wall-paper, varnish, soap, blue and size are also acceptable to this "undesirable alien."

Eczema Salt Rheum.

Eczema or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases. It manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently crust or scale is formed.

The intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable.

The present means which Burdock Blood Purifiers has met with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as this wonderful Burdock Blood Purifier. It is a simple, natural, and safe remedy, and it is the only one that can be taken with confidence.

Mrs. John O'Connor, Burlington, N.S., writes: "For years I suffered with Eczema. I tried a dozen different medicines, but most of them only made it worse. I was advised to try Burdock Blood Purifiers. I got a bottle and before I had taken half a dozen doses I could see a change so I continued its use and now I am completely cured. I cannot say too much for your wonderful medicine to all who suffer from Eczema. For sale by all druggists and dealers."

LANTERN BROKEN.

Unfortunately the lantern was broken and McCrea and Father Ryan were forced to return to Master Rock. McCrea, accompanied by Father Ryan, returned to the camp this morning with the boy Andrew Hatch. The child showed them where the watches had been hidden. They were under the floor wrapper in a paper bag. Evidently some one had been there since the watches were hidden, as only two were found. The opinion of those who are conversant with the case is that the money was first hidden in the barn and transferred afterward to the camp. The camp is 3025 feet and is nearly demolished owing to the sea search.

CAPTAIN KENT DEAD.

HALIFAX, April 4.—Capt. W. H. Kent, commander of the Dominion government cruiser Petrel, died this morning at Liverpool, N. S. He had been in service for many years and was a capable officer.

CONTRACT FOR RAILS

TORONTO, Ont., April 4.—The contract for steel rails for the first hundred miles of Grand Trunk Pacific east from Prince Rupert has been awarded to the Dominion Steel Company, and laying will begin later than August. The contract is for 1,000,000 lbs. of steel rails.

HOW TO AVOID SEA SICKNESS

Take along a box of Mother's Sea and Train Sickness Remedy. It has recently been thoroughly tested by a first-class druggist and found absolutely reliable. Recommended editorially by such papers as London Daily Express, New York Herald, Montreal Herald, and the Press generally in Great Britain. Write for booklet and price notices. For sale at all first-class druggists. Guaranteed perfectly harmless to the most delicate.

ONE KIND OF ADVICE

At a country fair a machine which bore a sign reading "MORNING" occupied a prominent position in the grounds, and attracted much attention.

The countryman who stood gaping before it for one deposited in the slot the machine would dispense its valuable advice.

The countryman dug the required coin from the depths of a deep pocket, and dropped it in the slot.

Instantly the machine delivered a card, on which was written: "Make your coat and waistcoat first."

THE MINISTERIAL DUTY

Ministers, not as chiefs of a party but as trustees for the Empire, are called upon to give further than the conditional clause of the Estimates indicates. They are expected to depart from routine, to anticipate the needs of the country, and to make the most of the narrow seas, and to retain the element on which our life depends.—Daily Telegraph, London.

ANOTHER SEA DISASTER

BOSTON, Mass., April 4.—Timings of disaster to some unknown schooner at sea were put to rest today with the arrival of the Hamilton, Capt. Noel Coombs, Dominion, Captain Norcutt, from Louisbourg, C. B.

About 200 miles to the eastward of Boston light last evening afternoon the steamer passed the lower mast and topmast of some large vessel, apparently attached to a sunken hull. The spars were sticking out of the water and the appearance indicated a recent disaster. It was believed the spars belonged to a good sized schooner.

WHEN THE INSECTS LINE OUT

Some of the most caterpillars, however, adopt a very different line of attack, and the most curious of all is the caterpillar of the tiger moth.

Some books describe this caterpillar as feeding on stinging nettles and other low plants. If you collect a few specimens, however, and take them home to experiment with, the chief difficulty is to find out what they eat. A holiday in a country where they are not so common as in the States, they will nibble the projecting piece right down to the end.

An entomologist once experimented in this fashion, and after trying all the flowers and plants in his garden, together with such of his own hands, he at last got as far as white and brown bread which the caterpillars would not touch. After the meal had been soaked with water.

There is a case on record of a forgetful housewife who left a brood all to themselves without a scrap of food for several weeks. On returning home from a holiday in a country where they are not so common as in the States, they will nibble the projecting piece right down to the end.

MAIGNANT MUMMY OF EGYPTIAN WOMAN

London is greatly excited by the story of a haunted mummy in the British Museum.

It is certainly an astonishing fact that everybody who has handled this mummy or has been closely associated with it in any way has immediately afterward met death or some grave misfortune.

Properly speaking this object is a mummy case and not a mummy. The case, as is customary, is carved with a likeness of the deceased person contained in it, while that part which represents the body is covered with inscriptions of religious significance.

The person represented in this case is the Princess Amen-Ra, who died in Egypt some 3,500 years ago. The number of the case in the Museum Catalogue is 22,452. What had been done to the Princess or to her body after death to cause her to pursue this posthumous vendetta, nobody can tell.

First of all the mummy's case was found by an Arab in the year 1841. The man who purchased it from the Arab lost a handsome fortune within a few weeks and died shortly after.

Upon removal to London the case continued to bring mishaps and misery to those who were connected with it.

Waterloo Street United Baptist Church Celebrates Anniversary

Those who attended the 6th anniversary service of the United Baptist church in Waterloo street, yesterday, were greatly impressed with the splendid sermons delivered by the Rev. Dr. Kierstead, of the University of New Brunswick.

Rev. G. Swin presided over the services and Dr. Kierstead, of Fredericton, preached both morning and evening. The morning's sermon was taken from the second chapter of Hagai, 1st verse. The preacher gave an eloquent address, which was powerful and masterly, and was listened to with marked attention by a large congregation.

During the afternoon Mr. Kierstead spoke to the Sunday School in an encouraging and helpful manner.

At the public service in the afternoon addresses were given by the Revs. B. H. Noble, Dr. Flanders and Gordon Dickie, who brought congratulatory greetings from other denominations.

In the evening Mr. Kierstead took for his text the eighth chapter of Luke, 4th verse, "And Jesus said, some one has touched me." The preacher spoke eloquently upon the subject.

Splendid solos were rendered by Mrs. R. T. Worden and Mr. Courtney, and many beautiful selections were given by the choir.

Today there will be a roll call of the clerk of the church, who will read the history of the church, Deacon William Peters, who has been connected with the church for sixty-two years, will give an address upon the reminiscences of early days. There will be some special music.

A WAIST SENSATION

Have you seen the waiston display in our window that are marked

\$1.00 EACH

It is an actual fact that some of them are worth \$3.50 and every one of them made this spring and are strictly 1909 styles. Even at this low price we make a little money on them, but the manufacturer lost money. We made him an offer for the big lot that he had on hand and we got them. We have told you the story and it is a true one. If you miss this bargain it is your own fault.

The Waists are very handsomely trimmed, are made with the Gibson shoulder effect, most of them with fine Swiss Allover Fronts, with tucked sleeves and tucked backs.

You can have any Waist in the lot for \$1.00

FORMER OFFICER RENEWING OLD FRIENDSHIPS HERE

Capt. Connors, Who Served With Halifax Regiment in '69, in the City.

A gentleman formerly well known in St. John passed through the city today, in the person of Capt. Connors, who was stationed in Halifax in 1869. Capt. Connors visited St. John frequently at that time and had many friends here. He is now retired, and is living in Massachusetts, and is just returning from a visit to the sister city. After leaving Halifax he saw service in many parts of the world in his capacity as army surgeon. Among the most interesting experiences of which he tells one concerns the South African campaign of 1882 to 1884. Although a fairly old man now, Capt. Connors still retains his exact military bearing. On this trip he has met many of his old friends and is looking forward to another trip to the provinces later on.

PROBATE COURT

Estate of Mary Rogers of Musquash, St. John County, wife of Charles Rogers, laborer. Mr. Charles F. Stanford reads the petition of Charles Rogers, the husband, for administration. Mr. Beverley R. Armstrong appears for Alice Woodman, widow, and Ellen Quinn, sisters of deceased, and opposes administration, claiming that the estate of the deceased was transferred by the deceased to the sisters. The court rules that this will be a matter for proof and argument at the passing of the accounts, and that she husband is entitled to administration of what remains of the deceased's real property. Accordingly the husband is sworn in as administrator, a bond being as usual required for the due administration of the estate. No realty. Personal estate under \$1,500.

AN UNBREAKABLE SET OF TEETH

There is a class of patients who do not object to paying a fair price for artificial teeth, if they can really secure comfort, usefulness and naturalness.

I have a set of teeth, such as is unobtainable in any other office in this city, to my knowledge. It is out of the ordinary line and unlike the teeth in general use. Its beauty is at once apparent and it is practically unbreakable.

It will pay those who are desirous of obtaining the best to be had in the dental line to call and inspect this set for themselves. I will gladly demonstrate its superiority over other plates, even if you have no immediate intention of investing.

LIVELY TIMES ARE COMING IN THE CIVIC ELECTIONS

The situation in civic politics promises to become rather lively during the next few days. Following the announcement on Saturday of a number of Liberal tendencies, certain Conservative leaders have chosen to infer that party politics are to be introduced, and these men are anxious to put up a fight along these lines. While there was no thought of such an inference when the new men were making up their minds about running, it is now apparent that politics will play at least some part in the contest. The new candidates all declare that they are not banded together as a ticket, but that each man is running on his own account, though they admit that developments during the next few days may somewhat change the situation. The Conservative executive evidently takes the ground that the contest is to be on party lines and has been called together for tomorrow evening to plan a campaign.

In the list of candidates printed in Saturday's Star three names were omitted, those of Timothy O'Brien, James Millican and George A. Knodel. The latter, however, has not yet made up his mind about running and may possibly not be a candidate.

Mr. J. A. Likely speaking to the Star this morning, said that so far as he knew the announcement of the list of new candidates was genuine. There have been similar predictions from year to year but in the past they have fallen through. This time, however, it is an earnest move. Mr. Likely added that certainly his name will remain on the list. For some years friends have been urging him to become a candidate, but he always refused. This year he feels that he has a little more spare time than usual, and in a moment of weakness he agreed to nominate. Having once so decided he will not turn back but goes into the contest with hope of success. Mr. Likely remarked that so far as he was concerned he was not running as a member of any ticket, nor did he believe that such a thing as a citizens' ticket had been formed. He thought all the new men were out as wholly independent.

The present list of candidates is as follows:—

Present Council.	Citizens Ticket.	Other Candidates.
