SATURDAY MORNING, NOVEMBER 18, 1916.

WEATHER—UNSETTLED

PRICE TWO CENTS

BRITISH AND FRENCH AGAIN WIN IMPORTANT VICTORIES

BARAKLI CAPTURED BY BRITISH ARMY

Austro-Hungarians Continuing Advance in West Wallachia Are Within Striking Distance of Campulung, Eighty Miles Northwest of Bucharest, Capturing Liresht, Five Miles Northwest of Town.

FRANCO-SERBIAN OFFENSIVE IN REGION OF CERNA RIVER CONTINUES WITH SUCCESS—LITTLE ACTIVITY ON SOMME—ITALIANS REPULSE THE AUSTRIANS—RUSSIANS CAPTURE HEIGHTS IN BUKOWINA.

In West Wallachia the advance of the Austro-Hungarians continues steadily and Campulung, 90 miles northwest of Bucharest, the Rumanian capital, is almost within the grasp of the invaders. Battles are taking place within a few miles of Campulung, which is at the head of a railway and along a river which penetrates the plains west of Bucharest, and Petrograd says the forces of General Von Falkenhayn have taken Liresht, about five miles northwest of Campulung. An attack against the Rumanian positions at Albecht, less than three miles northwest of Campulung, was repulsed.

More than 2,100 prisoners were taken by the Austro-Hungarians in the latest operations in Wallachia, 1,500 alone being captured in engagements south of the Rotherthurn Pass and toward Rimnik. West of Predeal the invaders, Berlin says, broke the Rumanian positions, Rungul mountain in Moldavia, east of Kedisvasarhely, has been carried by Bavarian troops.

British Take Barakli.

The town of Barakli, on the right bank of the Struma river, and on the eastern end of the Macedonian front, has been occupied by British troops. On the western Macedonian front, in the Monastir region, Berlin reports, all attacks of the Entente forces were repulsed.

The Franco-Serbian offensive in the region of the Corna river, Paris states continues with success. Several positions were occupied by the Entente forces, and Bulgar-German attacks were repulsed. The Franco-Serbian captured 400 prisoners on November 15, Paris adds.

Quiet on Somme.

Little activity is reported on the Somme front. The two latest official communiques from Paris report no infantry activity. London claims the extension of the British front along the Ancre, east of Beaucourt. Berlin records the repulse of British attacks on the northern part of the front.

Except for the capture by the Russians of several heights near Jacobend, west of Kimpolung, Bukowina, neither Petrograd nor Berlin report any great activity on the eastern front. In Dobruja apparently there has been little fighting.

Berlin states that the Rumanian artillery fire in the region of Silistria, on the Danube, below the Tchernia Voda, has increased.

The British Victory.

London, Nov. 17 (6.15 p. m.)—The capture by the British of the town of Barakli on the eastern end of the Macedonian front, is announced officially. Barakli is 1-1/2 miles southeast of Barakli-Juma, which the British captured recently in renewing the offensive along the Struma front.

British Gain on Ancre. London, Nov. 17.—Another attack along the Ancre yesterday netted further gains for the British. The war office announced today that the British front had been extended east from Beaucourt along the north bank of the Ancre.

"During the night there was heavy hostile shelling against Beaucourt and Beaumont-Hamel."

"Yesterday afternoon a strong enemy counter-attack forced us to relinquish part of the ground east of Steeple De Warlecourt, won on Tuesday."

"We carried out successful raids on enemy trenches northeast of Wilverghem, taking prisoners and inflicting considerable losses."

Beaucourt, Beaumont and St. Pierre Division, the British succeeded in quelling the position, which had been destroyed completely by the two days of drum-fire, but near Grandcourt (northwest of Courcolette), the Germans brought the attack to a standstill.

Artillery Fire on Somme.

Paris, Nov. 17.—The war office com-

munications issued tonight says: "Aside from a lively artillery struggle to the north of the Somme, in the region of Saillies, there is nothing to report, on the whole of the front."

"The aviator, Captain Debeauchamp, started this morning at eight o'clock in the direction of Munch, where he arrived at noon. He dropped several bombs on the station in retaliation for the bombarding of the open city of Amiens, a few days ago."

"Further west the Franco-Serbian forces made headway in the direction of Yashok and attacked the monastery hill, which they occupied after fighting which cost the enemy heavy losses."

"In the region northeast of Kenali our cavalry captured Negotari (Negochan)."

Russian Statement.

Petrograd, Nov. 17, via London. "Western (Russian) front: In the region of the heights east of Lipnecadolina (Galicia), the enemy, by his artillery fire, is hindering us from restoring our recaptured trenches. In the wooded Carpathians the enemy took the offensive in the region of Capul mountain. The attack was arrested by our fire. In the region of Jacobend, west of Austrian Kimpolung, we captured several heights."

"Rumanian front: In Transylvania, in the Tirgul Valley, and in the direction of Rumanian Kimpolung (Campulung) the enemy again launched a series of attacks and has taken possession of the village of Liresht (northwest of Campulung). In the Alt and Jul districts the enemy, considerably reinforced by fresh forces, is launching persistent attacks. The village of Tirgululii, in the valley of the River Jul, has been evacuated by the Rumanians."

Austrians Repulsed.

Rome, via London, Nov. 17.—The Italian war office today issued the following statement: "On San Marco, east of Gorizia, heavy fighting continued yesterday. Three determined attacks against the salient of Two Pines House, under the cover of darkness, were repulsed successfully."

PROTEST AGAINST GREEK GOVERNMENT

London, Nov. 17.—The provisional government, says a Reuter despatch from Saloniki, has lodged a protest with the Entente Powers against the alleged violation by the Athens government of its promise to the Entente. The protest alleges, the despatch adds, that the Royalist troops, far from evacuating Thessaly, continue to advance in Southern Macedonia.

ONE HUNDRED THOUSAND TO GET MORE PAY

Many Cotton Mills in Massachusetts and Rhode Island Post Notices of Ten Per Cent. Advance.

Boston, Nov. 17.—The upward sweep in cotton mill wages which began at Fall River, where the 100 or more grinders cloth mills granted a ten per cent. advance to their 35,000 operatives is gradually spreading throughout New England and will probably become general. The cotton mills of the six states employ about 175,000 persons, many of whom are French-Canadians.

The present upward movement is the third advance of the year and places the wage rate on the highest level in the history of the great textile industry of New England. The mills increased wages five per cent. in January and ten per cent. in May.

Many Mills Post Notices.

Notices of a ten per cent. advance have been posted on the gates of the B. B. and R. Knight Company's mills at Providence, Woonsocket, Arctic, Natick, Ponds, Lippitt, Riverpoint, Centerville, Jackson, White Rock, Westley and other points in Rhode Island, and their mills in Hebronville, Dodgeville, Readville and Manchester, Mass. Similar notices were posted by the Goddard Brothers at Lonsdale, Hope, Valley Falls, R. I. and Blackstone, Mass., and by the Lippitt Bros. Company at Woonsocket and elsewhere.

The cotton mills of Rhode Island employ 28,000 hands. The advance will become effective Dec. 4.

The mills of New Bedford, employing 35,000 persons, and big cotton plants elsewhere will also advance wages Dec. 4.

PREMIER TO SPEAK WITH W. H. TAFT

Reciprocity Adversaries Will Address Canadian Club at New York Next Monday.

New York, Nov. 17.—According to the Sun much interest is being shown in the dinner of the Canadian Club to Sir Robert Laird Borden, Prime Minister of Canada, at the Biltmore, on Nov. 20, at which ex-President W. H. Taft will be one of the speakers, it being the first time they will have occupied the same platform since Premier Borden's party gained power in Canada in opposition to the reciprocity pact which Mr. Taft, when president, endeavored to have adopted in both countries.

Mr. Taft also is expected to outline the plan of the league to enforce peace and as Sir Robert undoubtedly will be a large figure in the councils of the Empire after the war, this dinner will have much significance.

United States Officials Investigate Sinking of Tug by Deutschland

Tow Boat T. A. Scott, Jr., Went Down Near New London, Five of Her Crew Losing Lives—German Merchant Submarine Will be Delayed For Several Days.

New London, Conn., Nov. 17.—The collision which caused the merchant submarine Deutschland to abandon her return voyage to Germany almost at its outset early today, when the towing tug T. A. Scott, Jr., was sunk, with a crew of five men, was the subject of federal investigation this afternoon. The United States inspectors of steam vessels, headed by Captain W. E. Withey, heard, through witnesses, of the conditions under which the submarine, slipping out of the harbor in the darkness so that she might submerge in neutral waters before daybreak, ran down the tug which was acting as her protector off Race Point, just outside this port.

This testimony came from Captain Paul Koenig, of the Deutschland; from F. W. Knapel, his chief officer; and from Hans Kleese, his chief engineer. It was given in secret, but it became known, through statements outside the chamber, that the collision was an accident.

Survivors who would discuss the matter were agreed that it was due to a combination of swift currents, which carried the tug off its course and across the bow of the submarine, and to the darkness, which was to be the Deutschland's medium of safety, but which, instead, prevented ready observation of the danger ahead.

Before the inspectors give blame for the loss of the tug and its crew they will hear the testimony of Captain Frederick Hinrich, an official of the Eastern Forwarding Company, who was the only survivor on the tug.

Delayed for Few Days.

The Deutschland's return will be delayed only a few days, estimated variously from two days to a week, by the damages which she sustained, and not at all by the fact that inquiry is being made.

HUNS WOULD FIND FAVOR WITH JEWS

Germans Claim They will Recognize Jewish Church as Religious Body.

Berlin, Nov. 17, via Sayville—General von Bessler, Governor-General of Russian Poland, has issued an order at Warsaw in regard to the organization of a Jewish religious body in Poland, by which self-government is given to the Polish Jews. "Under Russian rule the Jews in Poland, as in all Russia, lived almost without a religious organization," says the Overseas News Agency, in describing the new order. "The hostility of the Russian authorities against the Jews found expression in well known laws. Only the formation of organizations of isolated parishes was allowed, and the union of parishes into a larger organization was forbidden."

Religion Recognized.

"By the present order of the government the members of the Jewish church are recognized as a religious body, according to public right. Local Jewish communities in the countries, according to the new order, are united to county organizations. The heads of these county organizations are administrative councils, which are made up from the boards of the smaller communities and selected according to the principles of proportional representation."

"The Jews in Poland, by this order receive a constitution superior to the majority of the antiquated constitutions of other European countries. There is no doubt that this legislation will prove beneficial to the Jews in Poland."

The Mailed Fist.

London, Nov. 17.—The wireless press today gave out the following under date of Bern: "Before the main committee of the Reichstag on November 9, Chancellor Von Bethmann-Hollweg stated that Germany's promise to create a new kingdom of Poland was only conditional, being dependent on the success of the plan to raise a Polish army which would fight for Germany."

Conference at Paris.

Paris, Nov. 15.—Aristide Briand, French premier; Herbert H. Asquith, prime minister of Great Britain; David Lloyd George, British minister of war, and other representatives of the Entente Allied governments today held a conference. Later the British officials and Paolo Carcano, the Italian minister of the treasury,

NEW MARYLAND MAN KILLED IN ACTION

No Other Names of New Brunswick Men Appear in Night Casualty List.

Ottawa, Nov. 17.—Casualty list: Infantry.

Previously reported believed killed, now officially killed in action—Lt. B. H. Landels, River Hebert, N. S. Killed in action—Donald Shaw, New Maryland, N. B.

Previously reported missing, now unofficially prisoner of war—Malcolm McDonald, Glouce Bay, N. S.

Wounded—J. K. McGowan, Joggins Mines, N. S.

Artillery.

Killed in action—Bombardier T. C. Cairns, Bedford, N. S.

Mounted Rifles.

Previously reported wounded, now killed in action—J. A. McArthur, St. Marton, N. S.

were the guests of President Poincaré.

At the close of the conference M. Briand and Mr. Asquith sent a telegram to Boris V. Sturmer, the Russian prime minister. It follows in part:

"We have learned, with the liveliest satisfaction, of the declaration published November 14 in the Russian press by which the imperial government, taking note of the fresh violation of the law of nations and of international conventions committed by Germany and Austria-Hungary, protests against their pretension of creating a new state out of territory momentarily occupied by them, and of raising an army among the population of those regions."

"We are deeply gratified by the generous initiative taken by the government of His Majesty, the Emperor of Russia, in favor of a people to whom we are bound by ancient sympathies, and who, reuniting, will constitute a primordial element in the future stability of Europe. We are happy to associate ourselves with the views which the imperial government intends to realize for the benefit of the noble Polish people."

Amsterdam, Nov. 17, via London.—A despatch from Beirut, Syria, says that a war tribunal has passed a sentence of death on Hussein Kemal Pasha, Sultan of Egypt, on the ground that he placed under foreign rule constituent parts of the Turkish empire.

WAR MAY LAST TWO OR THREE YEARS LONGER

Great Britain Prepared to Lose One Million Men next Year, if Necessary, Says Frederick Palmer, Associated Press Correspondent.

COMMANDERS OF BRITISH AND FRENCH ARMIES DETERMINED TO FIGHT TO A FINISH—AT LEAST 1,500,000 CASUALTIES IN THE SOMME STRUGGLE—150,000 IN ONE DAY.

New York, Nov. 17.—Frederick Palmer, the war correspondent designated by the British war office to represent the entire press of the United States, returned today on the steamer Nieuw Amsterdam, for a rest before going back to the front.

It is Mr. Palmer's opinion that the Allied offensive against the Germans in the battle of the Somme will end only when the war itself ends, that it will be continued for two, perhaps three years.

He was told by the staff of the Allies that they had no expectation of breaking the German line this year.

He said that aeronautic activity in England is such that he had seen as many as fifty aeroplanes flying across the channel in one day to replace the great losses of air machines at the front.

Every day, he added, at least thirty-five machines cross. He made the journey himself in an official aeroplane, known as the "channel bus," which flies back and forth daily.

Work of Tanks.

Of the work of the "tanks" at the front Mr. Palmer spoke in highest praise, saying that their charges upon the trenches have saved thousands of lives.

"There is only one historical comparison for the Somme battle—Verdun," said Mr. Palmer.

"It has long since passed Verdun in the intensity of the fighting, in numbers engaged, in losses, in killed and wounded and in volume of artillery fire."

"In the Somme sector 6,000 British, French and German guns have been in action on the same day. Within one period of twenty-four hours there have been at least 150,000 casualties, counting those of both sides. So far in this engagement at least 1,500,000 men have been hit. Next summer the British are prepared to lose 1,000,000 men, if necessary, and they will have twice their present gun power."

"When will the war be over? I only know that next year will be bloodier than this. The week before I left France I talked with General Joffre and Sir Douglas Haig, and with such army and corps leaders as Sir Henry Rawlinson, on the Somme, and Generals Neville and Mangin, who planned and executed the brilliant attacks which recaptured for them forts Douaumont and Vaux at Verdun. Their idea was the same that I have found everywhere—a fight to a finish."

Berlin, Nov. 17, via Sayville.—Concerning the recent fighting in France the military critic of the Overseas News Agency writes:

"The attacks on the Ancre and near Pressoire prove that the Entente has decided definitely from the original plan to break through the German front on the Peronne-Bapaume sector. After 136 heavy and bloody days of battle, which caused over 600,000 casualties to the Anglo-French, they are not yet masters of this small sector on the Somme."

SINK SEVEN AMMUNITION STEAMSHIPS

Berlin, Nov. 17, via Sayville.—Seven ammunition steamers recently were blown up in the harbor of Archangel, according to a Russian newspaper published in Archangel, says the Overseas News Agency.

London, Nov. 17.—Lloyd's announces that the Italian steamer San Giovanni and the Greek steamers Stylian Bobis and Ioannis have been sunk by a German submarine.

The agency also announces that the Danish steamer Therese and the British steamer Trevarrack have also been sunk.

Kristiania, via London, Nov. 17.—The Norwegian passenger and mail steamer Vega of Bergen was sunk yesterday by a German submarine.

St. John Folks Win Prizes at New Glasgow.

Special to The Standard.

New Glasgow, N. S., Nov. 17.—The attendance at the poultry and pet stock show tonight was exceptionally good. The judging of poultry was concluded this morning. J. P. Landry of Truro, who judged the poultry, spoke very highly of the exhibit.

Tonight the cups and prizes were presented to the winners by Hon. R. M. McGregor. Following are the St. John winners in the classes in which St. John pets were entered: Pointers, limit 1st, "Betty"; Winnifred Ross, St. John, N. B.; open 1st, "Betty"; Winnifred Ross St. John; sporting spaniels, puppy 1st, "Rowdy"; Owen Troilan, St. John; limit 1st, Rowdy; Owen Troilan, St. John; limit bitch, 2nd, Baby Doll, L. Ritchie, St. John; open bitches, 2nd, Baby Doll, L. Ritchie, St. John.

Vessel Construction.

Gammon & Weir, contractors, New Glasgow, have orders from the Nova Scotia Steel and Coal Company, Ltd. to grade the ground for an extension to their shipbuilding plant. The company is getting ready to start the construction of a second vessel which will be considerably larger than the one now in course of erection.

S. R. Gordon and Captain Rod Powell of Pictou returned from a business trip in the interests of Eastern Transport Limited. While away they were successful in arranging for the construction of a fast twin-screw steamer.

DUKE OF DEVONSHIRE GIVES DINNER PARTY

Ottawa, Nov. 17.—His Excellency the Duke of Devonshire, entertained at a dinner party this evening at government house. Among those present were Sir Cecil and Lady Spring-Rice, Lady Borden, Hon. Robert and Mrs. Rogers, Hon. Frank Cochrane, Miss Cochrane, Vice-Admiral and Mrs. Kingsmill, Major-General Gwatkin and Mr. A. G. Parker, manager of the Bank of Montreal.

BRITAIN ASKS U.S. TO BACK UP BELGIUM

Lord Robert Cecil Says Allies Will Liberate Belgian Territory, but Cannot Stop Slavery.

London, Nov. 17.—In a statement made to the Associated Press today Lord Robert Cecil, Minister of War Trade, uttered a vigorous protest against Germany's deportation of Belgians and declared that the people of France and England, no less than the people of Belgium, "hope that American public opinion will show itself, not only in a few short days or weeks of protests and criticisms, but in steady pressure upon the invaders of Belgium, to conduct the war against the soldiers of the Allies in the trenches, and not against the helpless civilians whom they have in their power."

Lord Robert continued: "They have drained Belgium dry and stripped her bare, and we know all this policy was deliberately calculated to create a maximum amount of unemployment in order that when the proper moment arrived their slave raids might begin."

"Lastly, it must be remembered that the Allies can and will liberate Belgian territory. Meanwhile they can and will bear the burden of keeping the Belgians from starving. But they cannot protect the Belgians from slavery."

ONTARIO MINISTER PLEASSED WITH N. B.

St. John Men Give Evidence in Hotel Case—Prof. Mitchell, Live Stock Expert, Arrives.

Fredericton, Nov. 17.—Hon. C. H. Ferguson, minister of lands and mines in the Ontario cabinet, who arrived here last evening from St. John, left tonight for Lewis, Que., en route to Cochrane, Ontario. Hon. Mr. Ferguson was shown about the city today by Hon. B. Frank Smith, minister of public works.

Commissioner H. R. McLellan and Harry Ervin of St. John, who were here to give evidence in a court case against a local hotel proprietor, returned home tonight.

Professor J. W. Mitchell, the new superintendent of the live stock and dairy divisions of the department of agriculture, arrived from Winnipeg today.

OBITUARY

Colonel George L. Swett, assistant manager of the Traymore Hotel, Atlantic City, is dead. A daughter, Mrs. A. H. Arsten, of Ventnor, N. J., survives.

Many of the older citizens of St. John will remember Mr. Swett. Originally a Pullman car conductor, he became manager of the New Victoria Hotel, the finest hotel in the Maritime Provinces ever possessed, in the '70's. It stood on the northeast corner of Germain and Duke streets, and was destroyed in the fire of 1877. Mr. Swett afterwards ran the Dufferin Hotel for a time, and was a popular and successful manager.

CANADIAN ENLISTMENTS

TO DATE AMOUNT TO 374,507.

Ottawa, Nov. 17.—Canadian recruiting figures of the last fortnight, with Alberta not heard from were 2,976 an increase of ten over the preceding two weeks. Since the start of the war the total has been 374,507.

J. E. McAuley of Lower Millstream was a guest of the Victoria yesterday. N. Rinton of Newcastle was at the Victoria yesterday.

DIED.

FAIRWEATHER—At his residence, Sydney, Cape Breton, on the 16th inst. William A. Fairweather, M. D., lately of Rothesay, N. B. Funeral from Saint Paul's (Valley) Church on Sunday, 19th inst., at 3 p. m.

INVOLUNTARY SERVITUDE NOT WANTED

American Federation of Labor Hears Report on Bill Before Congress to Prevent Strikes.

Baltimore, Nov. 17.—The convention of the American Federation of Labor had before it today that section of the executive council's report dealing with the railroad brotherhoods' threatened strike. Referring to the bill introduced in congress for the purpose of preventing strikes and interruptions of transportation, modeled after the Canadian compulsory investigations act, the report says:

"This effort to again subject wage-earners to involuntary servitude has aroused the determined resistance of wage-earners generally. To their declarations against involuntary servitude the proponents of the legislation would be made illegal under the proposed law, and strikers criminals, yet individual workers were not deprived of the right to quit work."

"It is pure sophistry that only augments the sense of injustice that wage-earners may feel for industrial wrongs to allow them by law the right of individuals to quit work, and to declare that they cannot agree with fellow workers, that conditions are so bad that their only hope of justice and fair dealing lies in agreeing together to quit work, that is, to refuse to perform their usual tasks—to strike."

Problems of industrial justice and redress for industrial wrongs, the report concluded, cannot be worked out by law.

GOVERNOR GENERAL NAMES HIS STAFF

Special to The Standard.

Ottawa, Nov. 17.—The following gentlemen have been appointed members of the Duke of Devonshire's staff in Canada: Lieut.-Col. the Hon. Harold G. Henderson, Governor-General's secretary and military secretary; Arthur P. Sladen, private secretary; Lord Richard Neville, comptroller of the household; Capt. Angus A. MacKintosh, Royal Horse Guards; Capt. R. O. R. Kenyon-Slaney, grenadier guards; Capt. V. F. Bulkeley-Johnson, rifle brigade, aides de camp.

Col. Henderson, Mr. Sladen and James P. Crowley have been appointed deputies of the governor general for the purpose of signing warrants of election, proclamations, writs, etc.

HON. JAMES DUFF DIES SUDDENLY

Toronto, Nov. 17.—Word was received here tonight that Hon. Jas. S. Duff, minister of agriculture in the Ontario government, died suddenly today at the home of Miss Irwin in Alliston. Mr. Duff returned from Toronto to his home in Cookstown today, and drove over to Alliston to bring back Miss Irwin, a life-long friend, for a visit. He became chilled during the drive, and was about to sit down before the fire when he collapsed and died before medical aid could be procured.

Mr. Duff was a sufferer from heart trouble. He suffered a severe shock in the recent death of his son at the front.

Ottawa, Nov. 18.—Liberal leaders from ten counties in Eastern Ontario were in conference here this afternoon. They included the members in the federal and provincial houses of parliament, candidates in the last elections and for the next elections, chairmen of the district ridings and chairmen of the sub-committees of the national Liberal advisory committee. There was no definite programme set out for the conference, but a free and open discussion took place.

Sir Wilfrid Laurier was present.

At 8 o'clock tonight a banquet was held in connection with the conference, at which Sir Wilfrid Laurier, Hon. G. F. Graham and Hon. Charles Murphy spoke.

DISCUSS THE PROTEST OF UNCLE SAM

Austrian-Hungarian Minister to Berlin and Dr. Von Bethmann-Hollweg Talk Things Over.

London, Nov. 17.—The visit of Baron Burián, the Austro-Hungarian foreign minister to Berlin, is stated to have been in connection with a conference with Dr. Von Bethmann-Hollweg, the German imperial chancellor, regarding the relations of the two empires with the United States, according to a despatch under a Berne date given out today by the Wireless Press. The question under discussion, says the despatch, was whether the German submarine policy should be continued in its present form, with the possibility of a rupture of relations with Washington, or whether it should be modified.

"During the past few days," said the despatch, "the German government has received a plain verbal warning that President Wilson's patience was on the verge of exhaustion."

THOMAS W. STONEMAN, OF YARMOUTH, DEAD

Was Widely Known as Leading Business Man and Very Popular Wherever Known.

Special to The Standard. Yarmouth, Nov. 17.—"Tom" Stoneman is dead, the word flashed around town today. The news was heard with regret as Mr. Stoneman was very popular and in his career as a business and public man has made a host of friends.

Thomas William Stoneman was the second son of the late Joseph D. Stoneman and was born in Yarmouth July 17, 1861.

He was twice a member of the town council. He was married on January 1, 1885, to Miss C. Ethel, daughter of the late Chas. E. Brown, who survives him, together with two sons and two daughters, Hubert and Walter, Mrs. Joseph Potts and Miss Gertrude.

LOCAL BOWLING YESTERDAY

In the City League last night the Sweeps swept the Elks to the tune of four points. The score follows:

Sweeps.	
Gambin	83 83 118 294 98
Poshny	88 104 100 292 97 1-3
Harrison	89 95 82 266 88 2-3
Ferguson	94 84 111 289 96 1-3
Sullivan	93 91 96 280 93 1-3
447 467 507 1421	
Elks.	
Flowers	83 83 96 295 78 1-3
Crabbe	86 85 87 258 85
Smiths	84 93 74 251 83 2-3
Walsh	108 90 84 282 94
McBeath	83 77 90 250 83 1-3
442 413 411 1276	

The game tonight is between the Nationals and Whips.

The sale of Ladies' Velvet, Plush and Velour Hats in M. R. A.'s Millinery Department which will be continued this evening, offers an exceptional opportunity to secure a fashionable hat at a decided saving in price.

Heidelberg, Nov. 17.—About a year and a half before its time, the Encke comet, due to appear again in the spring of 1918, has made its appearance dimly, and has been photographed by Prof. Wolf from the observatory at Koenigsstuhl, near here. The comet is at present very far removed from the sun, which it ordinarily encircles in three and a half years. It is just about where it was reckoned it should be, but is unexpectedly visible.

High Blood Pressure

When your case becomes complicated and medicines fail, the doctor makes a test of the blood pressure, fearing that there may be something wrong with the condition of the kidneys and the action of the heart.

He realizes that when the kidneys fail to filter the poisons from the blood that there will be a hardening of the arteries, and when the pressure of blood comes on they will snap like so much deteriorated rubber-tubing—the result is a clot of blood on the brain, hemorrhage in the heart, or wherever the weak point may be.

But why allow this condition to be reached when you can so readily regulate the action of the liver and kidneys by using Dr. Chase's Kidney-Liver Pills.

Troubles of this nature have their beginning when, from over-eating or lack of exercise, the liver goes wrong, and throws an undue burden on the kidneys. Headaches, biliousness, constipation and indigestion give due warning, and by the timely use of Dr. Chase's Kidney-Liver Pills there need be no further trouble.

The liver is awakened to action, the bowels regulated, and the kidneys strengthened in their important work by purifying the blood and thereby preventing pain and serious disease. This is the greatest of family medicines, because of the host of ills that are relieved and prevented by keeping the liver, kidneys and bowels healthy and active.

One pill a dose, 25 cents a box. All dealers, or Edmanson, Bates & Co., Limited, Toronto.

Do not be talked into accepting a substitute. Imitations disappoint. 528

Dr. A. W. Chase's Kidney-Liver Pills

ST. JOHN RIVER IS RAPIDLY SCALING OVER FOR SEASON

Ice Fairly Thick Between Oromocto and Fredericton, Some Ice at Gagetown, but Below The Reach is Clear.

The extremely cold weather of the last few days is fast closing the river to further navigation. The ice has set in its greatest thickness between Oromocto and Fredericton. At Gagetown the coating of ice was quite thick while at Brown's Flat the river was reported clear.

The boats which have managed to make their runs brought excellent cargoes of pork, hay and vegetables, but there were not many potatoes in the lot. The sharp spell caused some small damage among the potatoes which were in the warehouses in Indian town.

Yesterday the Viking went up river, the intention being to proceed to Fredericton, if possible. The Oromocto docked in the morning at 5:30 o'clock and reported a great deal of ice on the river. She leaves this morning for Wickham if the river up to that point is clear of ice. The Champlain came in yesterday and will leave this morning for as far up river as she can get.

The D. J. Purdy arrived at Indian town Thursday night after an unsuccessful attempt to reach Fredericton. She will go up river again this morning but only as far as Gagetown.

The Majestic succeeded in reaching Cole's Island, according to a telephone message to her owner, D. J. Purdy, at noon yesterday. The message was sent from Oak Point and the steamer was then en route for the city. She will go up river again this morning as far as the Narrows.

The Oromocto reported yesterday morning that ice was forming from Public Landing to Brady Point. It is still thin and so far would not interfere to any great extent with traffic in the Reach.

Lobster Season Opened.

Thousands of lobster traps were set in the Bay of Fundy and off Grand Manan, Campobello and Deer Island this week, when the season opened. The fishermen were badly handicapped by a scarcity of herring, invaluable for bait, but nevertheless good catches are being made. The season promises to be a prosperous one as the demand is good and prices in the United States high. The crustaceans are said to be more plentiful along the southern New Brunswick coast than for several years. Several thousand men are engaged in the industry.

SIR ROBERT WILL TALK ON PEACE

Meeting in Interest of Peace of the World After War, to be Held Nov. 24.

New York, Nov. 17.—European nations now at war are expected to send important papers on the subject of maintaining the future peace of the world to be read at an international dinner to be held in this city, November 24, under the auspices of the league to enforce peace, it was announced tonight. The subject to be considered will be "a programme for a permanent league of nations to become effective at the close of the present war."

Premier Borden, of Canada, will deliver an address, as also will William J. Stone, chairman of the Senate Committee on Foreign Relations. William H. Taft, president of the league, will preside.

New York, Nov. 9.—The following letter from Philip O. Mills, serving with the ambulance department of the French army, has been received by Mr. Elliot Norton:—

"My Dear Elliot—I am going to tell you a little of our work here in France.

"In the first place we are a regular Army Division Ambulance Corps, following our division wherever it goes and doing our work in connection with the fighting work of the division, carrying its wounded from the field dressing stations back to the hospital. When our division goes up to the front line trenches we follow with the 'brancardiers'—stretcher bearers. We have no connection with the American ambulance at Neuilly, who are doing good work, but not exactly the same kind as we are doing, as I don't think many of them are regularly attached to any division. We are under the American Red Cross, but subject to the orders of the French government. Richard Norton is our chief, and has been in command since the beginning of the war. He has gained with this ambulance 'section,' so called, a splendid distinction, and I found in Paris that the French authorities treated me in quite a different manner when I said I was joining Norton's section. The French line officers all know us and are extremely companionable; fine fellows, too.

"You know modern large calibre guns and the Boches to make it extremely uncomfortable for many kilometers behind the fighting lines by shelling the roads and villages. Even here once in a while a shell goes over our camp, but it isn't all on one side by a long way. Fritzie often goes

hungry when the French make his roads impassable.

"In hot sections we do all our work at night without lights and at a fair risk. It's all chance, anyway. If the Boches land a shell in the dark on a general theory that something ought to be on that road at that spot at that time and you are there, you're it. That's all. But there are lots of roads and they are loner. Some cross roads get special attention right along, and that brings me to tell you of an incident that happened the other night.

"Before this war we used to think of the Frenchmen as a race that did a lot of talking if an accident happened and very little else. The Anglo-Saxon was the man who in a sudden emergency said little and set about straightening things out. All is changed now. The war has brought out the patient qualities of the French that make them the equal if not the superior of the Anglo-Saxon.

"A few nights ago the section had been ordered to a point out beyond a certain now very famous town to within about three kilometres of the front lines, and they went in convoy with our chief leading, as he always does. Clouds of dust and the flashes of cannon, to show the roads. The job finished, we were coming back when we approached a noted bad corner where orders had been long before issued to us. If anything happens there, ditch the machine and go on! Just then we heard a particularly nasty old Boche whistler go over and saw him light on the road among the trees, just where the road bent to the left. A few moments later we arrived on the spot.

"An artillery caisson partly blocked the road, and three poor horses down, pools of blood and the gurgling gasps of the dying brutes. Three men of the gun team had already dragged one horse out of the road and had a trace around another's neck, slinking him to the side. It was very dark—only a pale moon and a few stars.

"The color of the hot blood was mingled with the peculiar smell of the high explosive.

"The French sergeant flashed a light and pointed it to show us just enough room to squeeze through between the caisson and the ditch, while his men went steadily on without haste, yet with efficient team work and no conversation, clearing the road. And this was no place to linger, as the next one was always due to arrive.

"The extra man on the ambulance had hopped off to guide the driver, and as he swung back on the moving car the sergeant called out in English in a cheery voice:—'Good night!'

"Then we went on at a good pace through the town, dodging trucks and artillery wagons, to our camp.

"We don't have this kind of think all the time, though we did get an ambulance shot up badly the other day on the road. Fortunately no one was hurt.

WERNER HORN HAS LODGINGS CHANGED

Alleged St. Croix Bridge Dynamiter Transferred from Plymouth to Dedham Jail.

Boston, Nov. 17.—Werner Horn, the former German lieutenant, who is held in connection with the attempt to blow up the railroad bridge at Vanceboro, over the St. Croix river, last February, has become tired of his lodgings in the Plymouth jail and today he was removed to the jail at Dedham. The reason assigned for the transfer is the impaired condition of Horn's health. He has been in the Plymouth jail since spring. Before that he was in the jail at East Cambridge.

ST. CROIX TRAMP IS AHEAD OF SCHEDULE

Belfast, Me., Nov. 17.—According to the records of the Waldo county jail William Murdoch, a veteran gentleman of the road, who hails from the vicinity of Calais and St. Stephen, must move as methodically as an eight day clock. Every year about this time, William, who is 77 years of age, puts up an appearance at Belfast and manages to have himself lodged in jail, where he is assured of a fair bed and three meals until the warm weather comes.

The veteran tramp from the St. Croix put in his appearance here rather earlier than usual this year, but so did winter, hence a slight alteration in Murdoch's itinerary. The old man is fairly well dressed, is good natured and has seen better days. He will stay little of his past life, which is more or less shrouded in mystery.

The sale of Ladies' Velvet, Plush and Velour Hats in M. R. A.'s Millinery Department which will be continued this evening, offers an exceptional opportunity to secure a fashionable hat at a decided saving in price.

STILL ANOTHER HUNTING VICTIM

Waterville, Me., Nov. 17.—Clifton Howe, aged 17, is dead as the result of a shooting accident in the town of Sumner. He was mistaken for a deer by his brother, Morton. The boys are sons of Herbert Rowe of Reading.

COMET APPEARS BEFORE ITS TIME IN GERMANY

Heidelberg, Nov. 17.—About a year and a half before its time, the Encke comet, due to appear again in the spring of 1918, has made its appearance dimly, and has been photographed by Prof. Wolf from the observatory at Koenigsstuhl, near here. The comet is at present very far removed from the sun, which is ordinarily enclosed in three and a half years. It is just about where it was reckoned it should be, but is unexpectedly visible.

CANADIAN PATRIOTIC FUND.

Monthly—Mrs. S. D. Crawford, \$5; W. H. White (2 mos.), \$10; W. J. Ambrose, \$5. Single—Dr. A. Caswell, Gageville, Queens Co., \$20; Municipality of Queens Co., \$2,000.

When the Back is Lame IT IS A SIGN OF Kidney Trouble

Backache is the signal sent out by the kidneys the minute they become overtaxed. Those who heed the warning when it first comes, usually have but little trouble. The danger lies in delay. You can cure the lame, aching back by curing the aching kidneys beneath—for it is really the kidneys aching and not the back.

Doan's Kidney Pills are a special remedy in kidney and bladder troubles only, they are not a "cure all." Mrs. Wm. Traverse, Campbellton, N. B., writes: "It is my pleasure to write you in regard to your Doan's Kidney Pills. I have been using them for kidney trouble which used to affect my back so I could hardly bend over, nor could I lift anything. I learned about your pills from your B. B. Almanac, so I began using them, and in no time I was completely cured. I give all the praise in the world to Doan's Kidney Pills and always recommend them to my friends."

When asking for Doan's Pills always see that you get the oblong grey box with the trade mark of a "Maple Leaf."

Price 50c. per box, three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Specify "Doan's" if ordering direct.

THREE MEN WERE LOST ON O'HARA

Capt. Dunn, Mate Lannigan and Albert Stewart Drowned When Old Schooner Capsized.

Shediac, Nov. 17.—It developed that three men were drowned when the old schooner W. Parnell O'Hara, from Point du Chene for a North Shore point, capsized outside Malpeque light, P.E.I., recently. Capt. Dunn of Murray Harbor, Mate Lannigan and Albert Stewart of Grand River, P. E. I., were lost.

WELSFORD

Welsford, Nov. 17.—The many friends of Willard Wilson, Welsford, will be pleased to know that he is slowly but surely convalescing from his present illness. Nurse Gardiner is in attendance.

TALK ON RHEUMATISM

Telling How to Actually Cure This Common and Painful Malady.

This article is for the man or woman who suffers from rheumatism who wants to be cured, not merely relieved—but actually cured. The most the rheumatic sufferer can hope for is rubbing something on the tender, aching joint, is a little relief. No lotion or liniment ever did or can make a cure. The rheumatic poison is rooted in the blood. Therefore rheumatism can only be cured when this poisonous acid is driven out of the blood. Any doctor will tell you this is true. If you want something that will go right to the root of the trouble in the blood take Dr. Williams' Pink Pills. They make new, rich blood which drives out the poisonous acid and cures rheumatism to stay cured. The truth of these statements has been proved in thousands of cases throughout Canada, and the following cure is a striking instance. Mr. Henry Smith, St. Jerome, Que., says: "For upwards of a year I was a victim of rheumatism in a most painful form. The trouble was located in my legs and for a long time I was so bad that I could not walk. The suffering which I endured can only be imagined by those who have been similarly afflicted. Doctors' treatment did not help me and then I began trying other remedies, but with no better results. Finally I was advised to try Dr. Williams' Pink Pills, and although I had begun to lose faith in medicine, I finally decided to give the pills a trial. I am very grateful now that I did so, for after taking eight boxes of the pills the trouble completely disappeared. I was free from pain and could walk as well as ever I did in my life. I have since taken the pills occasionally as a precautionary measure, and I can not speak too highly in their favor."

MONCTON

Moncton, Nov. 15.—The marriage of Miss Dorothy M. W. Shannon, daughter of Mr. and Mrs. S. L. Shannon, to Lieut. William Errol Mitchell, took place on Wednesday evening. The bride was gown in white Georgette crepe over pale pink tulle with satin train, and carried a bouquet of pink and white roses. The bridesmaid was Miss Nora Shannon, who was gown in pink charmeuse trimmed with lace, wore a black and pink tulle, and carried pink roses. The groomsmen were Capt. Leo Richard, of the 165th Battalion. The ushers were Messrs. W. Mitchell, Halifax, and H. Dickson, St. John. Mr. and Mrs. Mitchell left on a trip to Montreal and Ottawa. The bride's travelling suit was of navy blue broadcloth with blue hat and white osprey. They will make their home in Halifax.

60 Years Old Today

Feels as young as ever. People who are able to talk like this can not possibly have impure blood—they just feel fit—no headaches, dizziness or bilious disorders.

These diseases can be cured by Dr. Wilson's Herbine Bitters. A true blood purifier containing the active principles of Dandelion, Mandarin, Burdock and other medicinal herbs.

Special to The Standard. Montreal, Nov. 17.—At a meeting of Tooke Bros' directors yesterday the usual yearly dividend of 1 1/2% p. c. on the preferred stock was declared, payable on December 15, as well as one share of the deferred quarters, making 3 1/4% p. c. paid on the deferred dividends during the last six months, leaving 7 p. c. yet to be paid.

RECALLS DAYS OF EARLY RAILROADING

Meeting of Shareholders of European and North American Railroad Held This Week at Bangor.

The early days of railway building in New Brunswick and Maine were recalled to mind this week when a meeting of the stockholders of the European and North American Railroad was held at Bangor. This company owns part of the Maine Central system which it leases to that road. Originally the European and North American Railroad was constructed in sections, one of which was from St. John to Shediac, the second from St. John to Vanceboro, and the third from Vanceboro to Bangor. The corporate name of the old organization still exists in Maine.

WELSFORD

Welsford, Nov. 17.—The many friends of Willard Wilson, Welsford, will be pleased to know that he is slowly but surely convalescing from his present illness. Nurse Gardiner is in attendance.

Last Friday evening a most successful social came off at the O'Hara's with the result that fully \$50 will be handed over to the Belgian Relief Fund.

The entertainment, proceeds of which were for the Belgian Relief Fund, at Nerepis, was held on Tuesday evening last and despite the bad roads and cold weather there was a good attendance, and the neat sum of \$24 will be handed over to the Belgian Relief Fund.

The schools of Dunn's Corner and Summerville, united in their efforts in the observance of Children's Day by holding an entertainment in No. 4 hall, Headline. The attendance was all that could be desired and \$50 will be added to the Belgian Relief Fund as a result.

King Albert's birthday was celebrated yesterday evening in Welsford by a concert being given at the Orange Hall in aid of the Belgian Relief Fund, under the auspices of the Welsford day school children. The evening was ideal, the hall being filled. Harry Woods, M.L.A., acted as chairman in his usual efficient manner, whilst accompanists were Mrs. Harry Woods and Miss Ada Kirtley. The following programme was given through: Chorus, "Our Own Canadian Boys"; recitation, "Welcome, Helen Johnston"; recitation, "Belgium, Alberta Johnston"; dialogue, "Miss Doris Entertaining the Minister"; Doris and Cedric Woods and Bertha Willis; solo, "In an Old Fashioned Town"; Rev. D. Jenkins; dialogue, "Peter's Parley"; drill, Fan Drill, twelve girls; solo, "Boys of the Allies"; Eileen Johnston; recitation, "Two Kittens"; Ray McKenzie; recitation, "Pussy Cat."

SAYS WE BECOME CHAMPS ON HOT WATER DRINKING

Hopes every man and woman adopts this splendid morning habit.

Why is man and woman, half the time, feeling nervous, dependent, worried, nearly all days of weary, dull and unstrung; some days really incapacitated by illness. If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system, nearly an ounce of waste material must be carried out, else it ferments and forms poisonous-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each day clean the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real champs about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

Roy McKenzie; solo, "It's Up to You"; Rev. D. Jenkins; dialogue, "Help Your Country"; Florence McGinn; Gordon McKenzie; recitation, "Sung Man"; Manfred Scott; song, "Liberty"; eight children; recitation, "A Woman's Part"; Margaret Saunders; dialogue, "A Sudden Discovery"; two boys; recitation, "On to Victory"; school; drill, "Good Night Drill"; God Save the King.

Department of Indian Affairs, Ottawa, Ont., November 6, 1916.

Gifts that are useful and sure to be appreciated:

- Safety Razors (all standard makes).
- Flashlights, Mirrors,
- Sterno Cooking Outfits,
- Canned Heat, Pocket Knives,
- Shaving Brushes, Razor Straps
- Shaving Soap, Safety Razor Blades, Wrist Watches,
- Thermos Bottles.

It will pay you to examine our line before buying.

EMERSON & FISHER, LTD.

SEND PRESENTS TO NURSES.

A letter from a nurse says:

"There is ever so much to do, and the Tommies are ever so grateful. They are so very fine and brave, and they never complain about anything. They are always smiling and seeing the bright side of things, even when wounded. We get the men straight from the trenches. Sometimes they have hardly any clothes on, and socks and boots which have not been off for days, and perhaps weeks. We go with the patients on the train and take them to the ships and return empty. The officers, too, are just as fine. It really does one good to meet so many fine, brave, heroic men. One forgets the sadness in the midst of so much greatness, and our only thought is how to make them more comfortable in the long train journey."

"Ask those who are knitting socks or making shirts to address No. 6 General Hospital, British Expeditionary Force. They are wanted more on the trains than anywhere else. If those who send could only see the poor men's faces when they get their dry socks."

"Think of these women who have given up home life and exposed themselves to the risks of disease and the strain of overwork and even of shell fire in order to do a part in nursing back to health the boys who have fallen on the field of honor. Do you know of a nurse who has fallen in her duty?"

Perhaps a personal gift may be welcomed but these unselfish women would most of them enjoy more the thought that prompted the gift than to be able to share it with the patients. Candy, cigarettes, tobacco, almost any of the long list of "comforts" would be welcome.

Why shouldn't these gallant nurses have some of the joy of Christmas. Next to the soldiers should come those who are ministering to them. Let us not forget the "sister" who nurses the soldier lad.

WHAT TO SEND TO OUR SOLDIERS

"It is really splendid the way the people of Western Canada have thought of and provided for the comfort of our men overseas," said Lieut. H. A. Knott, who has just returned to Winnipeg on furlough, in the Winnipeg Telegram, after two years' active service with the Field Ambulance section of the Army Medical Corps. "Their practical generosity has greatly helped to ease the strenuous work of the soldiers, and cheered them with the thought that they are not forgotten at home, and that their sacrifices for Canada and the Empire are being appreciated."

Soldiers' Tastes Have Changed.

"The men have regularly received abundance of gifts for their material comforts, that have been most acceptable, but many things have been sent that cannot be used, and in sending them have been thrown aside, and in sending special gifts this Christmas this fact should be borne in mind. The soldier overseas is living an altogether different life than he did at home. His habits and tastes have changed in a remarkable manner. He has lost all fastidiousness that he may have had before he joined the army, and his needs are consequently fewer and more healthful. He can easily be satisfied with what we call good things. If he gets too much of one thing he cannot keep it to be used gradually,

and if he cannot give it away it must be wasted.

Send Practical Things.

"It is not advisable, for instance, to send rich fruit cakes. The men don't want them. They make them sick. This is one of the changes in the men's tastes. Rich fancy cakes should also be wiped off the list, but those of the toffee variety, of good quality, are desirable—they can be carried about better, and have a certain warmth giving value. In sending gifts, I would advise, from my own experience, one or two good pairs of socks, a towel not too thick, that can be folded into small compass, and a cake of good soap. Safety razor blades are also acceptable as used ones cannot be resharpened and have to be thrown away. With this would naturally go a shaving brush and tooth paste or powder might also be included. Insoles for rubber boots which are worn in the trenches in winter during the rainy weather would be appreciated. A few cigars, cigarettes and chewing tobacco are some other things that the men like, and which cannot be bought on the other side. They also like the Canadian or American cigarettes in preference to those issued by the military, but a large quantity should not be sent at one time. Playing cards, pocket chess boards or other games that can be conveniently carried are an every-day demand, as they afford a pleasant way of putting in idle life at the front during periods of inaction. Warm underwear and leather gloves (lined) that will turn rain are always in demand and are really serviceable. The gloves need not be expensive ones, but such as automobile drivers wear. Woolen comforts and that sort of thing are not useful for infantrymen who are moving about, as they are too warm. The cold is not the same as it is here, and when men are marching they soon perspire with their regular kit owing to the moisture in the air.

Pocket Lights Handy.

"However, for the cavalrymen, motor drivers, A.S.C. men and other services outside the infantry they are very useful. The men are also glad to get oils for waterproofing their boots and softening the leather. There are certain well-known brands which are in demand and which cannot be got easily. In this connection a few pairs of stout leather boot laces could be included. Another thing that is very handy is a pocket electric light. For officers and N.C.O.'s these are especially useful. The darkness of the night in rainy weather in France is really indescribable, and a small light where it may be used will often keep a man out of a mess or show him where he is at. Little things like pencils, note paper, toothpicks might also be included in a gift package. There are essentials that are always welcome in camp or trench. But I would again advise not to send too much of any one thing at one time."

Mr. Knott says the mails from Canada are always looked for eagerly and letters and packages are opened with great delight. Home papers are read from start to finish and are passed around to all interested. If the people at home knew how the letters, gifts and papers and other remembrances cheered the boys they would feel well rewarded for their thoughtfulness and generosity. All know, he says, that the home fires are kept burning brightly for their return after the war and with this feeling are doing their duty in a splendid spirit.

WESTFIELD

Westfield, Nov. 17.—The hall at Westfield Beach was filled to its capacity on Friday evening when the scholars of Westfield school gave an entertainment, the proceeds of which will be devoted to the relief fund for Belgian children.

The programme, which consisted of readings, dialogues, chorus and solos, was thoroughly enjoyed by all. Much of the credit for the success of the entertainment is due to the untiring efforts of the teacher, Miss Maud Sewell, Mrs. A. M. Woodman and Miss Lois Lingley. The sum of \$50 was realized.

Miss Margaret Finley of St. John was a recent guest of Mrs. E. W. Finley.

Miss Keith is visiting friends in Moncton.

Mrs. M. Smith of Detroit is the guest of Capt. and Mrs. J. A. McBeth.

Mrs. G. J. Rathburn and Miss Sewell spent Sunday with friends in St. John.

For the week-end Miss G. Peer of West St. John was the guest of Mrs. F. H. Gilliland.

Mr. and Mrs. E. R. Machum spent a few days this week at Chatham, N. B., attending the convention of the N. B. and P. E. I. Sunday School Association.

Mr. James Stevenson of Evangeline spent Sunday; guest of Mrs. E. Stevenson.

Mrs. Matthew Armstrong and daughter of South Bay, are the guests of Mrs. Canfield.

G. Parlee of No. 8 Ambulance Corps, St. John, was a recent visitor of Mrs. L. Lingley.

Mr. and Mrs. W. Rathburn and child returned to their home in Queens-town on Monday after a pleasant visit with Mr. and Mrs. G. J. Rathburn.

Mrs. Canfield, who is ill at her home, Lingley, is reported improving.

The ladies of the Methodist Aid were entertained on Wednesday afternoon at Mrs. S. V. Prime's residence.

Mrs. Parker Craig was hostess for the Woman's Auxiliary on Thursday afternoon.

A wedding of much interest took place at the home of the bride on Wednesday evening at 7 o'clock, when Rev. W. Townshend united in marriage Miss Kate Parker, daughter of Mr. and Mrs. H. M. Parker, and Mr. Frank McKenzie of Nerepis.

HOPE TO GET \$1,000,000 ON SUNKEN SHIP

Treasure Hunting Crew Encounters Considerable Difficulty off Coast of Virginia

Searching for a sunken ship on which there is over \$1,000,000 in money and silver bullion, the treasure-hunting crew of 34 men under the command of Capt. George Stillson, a master diver, inventor and expert in submarine engineering, is not proving an easy task, Stillson says.

The treasure-laden ship is, or was, the Ward line steamer Merida. She was sunk in the summer of 1911 about 55 miles off Cape Charles Lightship, Va., when she was rammed by the freight steamer Admiral Farragut. The Merida carried over 300 passengers, all of whom were taken off by the Farragut and transferred to the Old Dominion steamer Hamilton, which landed them in Norfolk.

Among the passengers were a number of Americans fleeing from Mexico. They had with them the savings of their lifetime, and these savings, they say, were locked in the safe in the office of the purser of the Merida. When the steamer was struck the water poured through the hole in her starboard side so fast that they did not have time to carry any of their valuables.

The Merida also carried silver bullion said to have been worth over \$600,000. The purser's safe is filled with money and jewelry. The vessel's cargo was fruit.

The treasure-hunting fleet is composed of the flagship of the fleet, of the opinion that if the Merida is found she will be some miles away from the spot where she went down. The treasure hunters, barring bad weather, have been searching for the sunken ship for nearly a month now. They have been driven to port several times by high seas, and with the coming of fair weather have gone forth again to renew the search.

Divers have explored two miles of the Atlantic Ocean, it is stated, and have found several wrecks, one of them apparently a steamer, but it was not the one they sought. Divers sent up portions of a deckhouse of the steamer. There was nothing of value in the wreck.

Sharks were encountered by the divers on several occasions, but they stood off at a distance, apparently watching with interest every movement of the divers, who were armed with axes, and also carried large knives in their belts.

May Be Miles Away. Capt. Stillson says he has not given up hope of finding the Merida and is not disappointed at not finding the vessel at the point where she went down.

"A vessel seldom goes right straight to the bottom when she sinks," he says, "especially where the water is deep and the currents strong. It is possible that the Merida is ten miles away from the spot where she went down. Under currents sometimes carry a vessel miles away before she settles on the bottom. And after she strikes the bottom, shifting sands sometimes carry a vessel several miles."

"If we find the Merida within ten, or even 20, miles of the spot where she went down it will not be unusual. When we do find her, it will not prove very difficult to bring up the treasure to her, and I believe we are going to be successful. Our greatest difficulty is to locate her."

Capt. Hermanson also is of the opinion that the Merida will be found, and the divers too are confident. The men tell of encountering strange-looking objects under water, of stumbling against a sunken vessel, or meeting a shark face to face.

Search is Thorough. After searching five miles in one direction the treasure hunters will return to the spot where the Merida went down and search five miles in another direction. After they have gone north, south, east and west, for five miles, they will continue the search for five miles further in the same direction. If she is not found before winter comes on it is probable that the search will be abandoned until next spring.

The expedition is a costly one. The divers are paid as high as \$10 a day. It is said that Capt. Stillson will receive a big bonus if the expedition is a success, and "fair" compensation if it fails.

In marine circles it is believed that the Merida will not be found. It is figured that in the five years since she went down she is probably completely covered by sands, and divers might walk over the spot where she lies without knowing it.

The treasure hunters go to Norfolk and Newport News about every two weeks to take on fuel and supplies.

Guest of Boston Canadian Club. Mayor and Mrs. Hayes will leave tonight for Boston and will return about Thursday of next week. The mayor will be a guest at the annual dinner of the Boston Canadian Club which will be held at the Copley Plaza Hotel and will be one of the speakers on that occasion.

The Pink Freshness of Facial Beauty

Pimples, Blemishes, Red Spots and Other Skin Eruptions Banished by Stuart's Calcium Wafers. They Are Wonder Workers.

Send For Free Trial Package. It takes but a few days to clear the skin of pimples, blotches, liver spots, blackheads, muddy complexion and skin eruptions if you use

Stuart's Calcium Wafers. All of these troubles come from the blood and seek the skin as one of the natural outlets of the body. And if you supply your blood with the proper materials it will convert the body poisons into a harmless substance and pass off in perspiration instead of ugly accumulations. These wafers work quick. Their action is constant as they contain the best blood purifier known to science—Calcium Sulphide.

Your skin will become as clear and pure as a rose, you will be delighted to see the wonderful change that so often takes place in just a few days.

FREE TRIAL COUPON. F. A. Stuart Co., 340 Stuart Bldg., Marshall, Mich. Send me at once by return mail, a free trial package of Stuart's Calcium Wafers.

RETURNED SOLDIERS ARRIVE

Another Canadian who has been over in France doing his bit, returned home on the Maritime express yesterday in the person of Gunner Sanson, of Fredericton. Gunner Sanson was attached to the 28th Battery, C. F. A. and was wounded on Good Friday, April 21st, by shrapnel in the right arm at Dickie Bush, St. Etienne, after being four months in France, and was for seven months in the hospital. He will go to the Convalescent Home here and undergo an operation.

Private W. T. Berry, of Hampton, attached to the 15th Battalion, arrived home. Private Berry was taken ill in England the day he was leaving for France. He was sent to Moore Barracks hospital, Shorncliffe. He will enter the convalescent hospital here for further treatment.

Private Ernest Dick, of St. Stephen, arrived home yesterday. He is also a member of the 15th Battalion, but owing to sickness was prevented from going to France. He was for some months in a hospital in England. He will enter the Convalescent Home.

There was also another wounded hero on the Maritime, Private Bourgeois, but he left the train at Moncton.

Charles Robinson, secretary, and members of the returned soldiers' committee were at the depot to greet the boys on their return.

Nothing for Family Use. Can Compare With It.

RUBON NERVILINE

When you have been exposed to wet and cold and your muscles are full of pain, nerves are jumping with neuralgia, then you should have ready at hand a bottle of Nerviline. It robs pain of its terrors, gives relief to all aching, brings ease and comfort wherever used.

No care or expense has been spared to secure for Nerviline the purest and best materials. It is prepared with a single aim: to restore the sick to health. This cannot be said of the pretentious that an unscrupulous dealer may ask you to accept instead of Nerviline, so we warn you it is the extra profit made on inferior goods that tempts the substitutor. Of him beware.

BLOOMFIELD SOLDIER TELLS OF THE DEATH AND BURIAL OF LIEUT. KERR

Popular St. John Officer Killed While on Observation Post.

TRIBUTE OF LOVE PAID BY HIS MEN

Gunner Ashwood Killed at Same Time—Military Funerals.

Mrs. Harry Cochran, Bloomfield, Kings county, whose son, H. C., is a member of No. 4 Siege Battery, has recently received a letter from him in which he speaks of the death of Lieut. Gordon Kerr. Enclosed in the letter was an appreciation of Lieut. Kerr which gives a good insight into the relations existing between the deceased officer and his men, and of the splendid spirit of service which was the mainspring of his life.

Following is the tribute from the men of his section: France, Oct. 26. This has been the saddest day we have had since joining the 4th Siege Battery, as we have just buried our section commander, Mr. Kerr; a man we all liked—liked is not the proper word, loved would be more appropriate—loved as man was made to love men with that clean wholesome love that men find comes natural when they have proven their worth, and if every man did prove it our Mr. Kerr certainly did, as it seemed to be his only aim in life since he was made our section commander, to make things as good as possible for us, as he as he possibly could, and I think we did—I know we tried awfully hard—to make it as pleasant for him. It happened in this manner. He and a telephonist were out to the O. P. (observation post) observing artillery fire, for the 7th Battery—one of the same group we belong to—and the German artillery opened fire on them, and their third round entered the O. P., exploding inside, killing Mr. Kerr and the telephonist instantly—Gr. Chas. Ashwood, from St. John—we could hardly believe it when we had taken charge of our shoots from five o'clock until 6.30 and he was killed shortly before twelve.

We brought the bodies in by auto and had two coffins made and gave them a military funeral this morning, the same as they would have received had they been home, and it certainly was one of the saddest sights you could see, to see those men who knew what they had to face when they enlisted, standing around with tears running down their faces, unshamed as they lowered the body into its last resting place. He is buried in a pretty little rural graveyard, just outside of a small French village.

Then we returned to our guns and duty again, but I do not think that we will ever be able to get about it in the same carefree and happy manner as we did when we were first sent to direct and help. There is no doubt in my mind that he is far better off but it is certainly hard to understand why he should be taken away just as we needed him most, but there is surely some good reason even if we have not discovered it yet.

It is necessary for me to explain that the O. P. where they were killed is five miles in front of our guns, and that is the duty of our officers and telephonist to go out there and watch our shellfire and send in the necessary corrections.

And just while I think of it, I might mention that Mr. Kerr was killed just one year to the exact day from the time we first became associated with him. Gr. H. C. COCHRAN, 303427, 4th Siege Battery.

Presentation To Soldier.

At the home of Mrs. Donaldson, 20 Simonds street, a party of about fifty friends, gathered last evening and surprised her son, Pte. Gunner Morton Donaldson, by presenting to him a beautiful wrist watch. The presentation was made by Harry McCarthy. A delightful evening was spent by all.

DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL

Save your hair! Double its beauty in a few moments. Try this!

Hair stops coming out and every particle of dandruff disappears.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A Little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or to let counter, and prove that your hair is as pretty and not as any—that it has been neglected or injured by careless treatment—that's all.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

WHOOPIING COUGH Vapo-resolene

A simple, safe and effective treatment avoiding drugs. Vapo-resolene stops the paroxysms of Whooping Cough and relieves Spasmodic Croup at once. It is a boon to sufferers from Asthma. The active principle is a powerful antiseptic vapor, inhaled with every breath, makes breathing easy; soothes the sore throat and stops the cough.

How to Keep the Face Young and Attractive

The way to ward off old age is not to fear it, not to allow one's self to be oppressed by the dread of advancing years. Use only legitimate preventives and avoid trying experiments with preparations that have not stood the test of time. An entirely safe and very effective way to keep the complexion young-looking and beautiful is to apply ordinary mercurized wax at bedtime, using it like cream. This gradually absorbs the withered, faded cuticle, which is replaced by the more youthful, pink-tinted under-skin. One ounce of this wax, to be had at any drug store, is enough to completely rejuvenate a worn-out complexion.

BOVRIL FOR THE FRONT. We have made special arrangements on receipt of \$3.50 to despatch from our factory in London, Eng., half a dozen (6) 4 oz. tins of Concentrated Campsolving Bovril post free to any Canadian Soldier in England or with the Expeditionary Forces.

Germany Gets None of Belgian Relief

Conditions of Agreement with Neutral Relief Commission respected by Germany

When the Belgian Relief Commission was organized, Britain insisted that Germany guarantee not to touch a particle of the food imported by the Commission for the Belgians. This guarantee, given to the American business men who are the executive heads of the Commission, has been respected—probably because its violation would be reported at once and would rouse the whole neutral world.

Belgian Relief Fund

NEWS AND COMMENT FROM THE FINANCIAL WORLD

COPPER AND STEEL STRONG IN WALL ST.

Some Quiet Buying of Rails in Evidence - Calumet & Hecla, Richest Mine in World, Increases Dividend.

(McDOUGALL & COWANS.)
New York, Nov. 17.—The market was strong throughout the day, with healthy reactions of moderate proportions which in no way changed the advancing tendency. The copper stocks were the most active and strongest issues, but the steel and other industrial stocks participated to a considerable degree in the upward movement, and good net gains for the day were recorded in most of the industrial issues. Some quiet buying of rails was in evidence, and some of those showed moderate advances. The awakening in Kennecott Copper after a long period of practical immobility, which started yesterday was the feature of today's market. Steel common advanced to within a fraction of its high record price, established early in the month. Branden Copper recorded one of the largest advances in connection with the announcement that its October production was over 4,000,000 pounds, as compared with less than 3,000,000 in September. Calumet and Hecla declared a quarterly dividend of \$23 as compared with \$20 three months ago. General Chemical declared extra dividends amounting to 20 per cent, which the stockholders can get in form of new stock instead of cash. Warren Gwynn, head of the brotherhood of locomotive engineers was quoted as saying that there would be no strike whether the courts declare the eight hour law unconstitutional or not. A large amount of public buying was again evident in the market. Sales, 2,074,250. Bonds \$5,859,500.
E. & C. RANDOLPH.

STOCK MARKET IS FEVERISHLY ACTIVE

High Records Established for Utah, Anaconda and Green Cananea—Scotia Steel Active in Wall St.

K—Stock Market hann all n (n t
New York, Nov. 17.—The almost incredible conditions prevailing in the metal industry found reflection in today's feverishly active market to a degree never before attained. Announcement of additional advances in refined copper, lead, spelter and similar products account for the unparalleled demand for securities of these companies.
High record quotations were established by Utah, Anaconda, Inspiration, Kennecott, Ray, Nevada, Green Cananea and Chile coppers at extreme points, while the price of the seven per cent convertible bonds of the Chile added three points to yesterday's advance of 3 1/2 on a very heavy turnover.
Other maximums of the day included Bethlehem Steel preferred, Lackawanna Steel, Pressed Steel Car, Republic Iron and Utah securities at gross gains of two to almost six points. Related metals and steel shares, such as American Smelting, Granby Mining, Nova Scotia and Gulf States Steels, Virginia Iron, Sloss Sheffield Steel and Colorado Fuel, but for the most part, substantial gains, some of which were materially reduced in the more persistent profit-taking of the later dealings.
Bethlehem Steel, at 68 1/2, was within striking distance of its top figure, and United States Steel repeated its familiar tactics of recent sessions by remaining in the background until the final hour, when it rose spiritedly to 125 1/2, within a fraction of its record and closed at 125 1/4. Oil stocks as represented by Mexican Petroleum and Texas Company, were thrice as high as a year ago, and some of the equipments made perceptible gains, but miscellaneous or unclassified shares were comparatively dull, with rails, in the latter division the only noteworthy features were Norfolk and Western and minor coalers. Reading, the Transcontinentals and Grand Central being little more than steady. Of the total turnover, which approximated two million shares, U. S. Steel, copper and affiliated industrials, contributed almost fifty per cent.
Bonds were strong, mainly on the demand for speculative issues. Total sales, par value, aggregated \$5,875,000.

FOREIGN FINANCIAL AGENTS MAY BE BUSY

Wall St. Hears That Market is Being Manipulated in Interest of European Nations at War—Organization to Combat Unions.

(McDOUGALL & COWANS.)
New York, Nov. 17.—A story is in circulation to the effect that agencies of foreign governments are working in the New York Stock Exchange market in furtherance of certain interests of the Allies. According to this information there has been a clashing at times with German agents engaged in the same occupation. It is declared with what seems to be considerable knowledge that there is more manipulation in the market by foreign than by domestic interests not excepting pools and that it may be found that a great deal of this pool activity is in the interest of the Allies. If there is any truth in the story it may serve to explain a good deal of the mystery which has been found in some quarters at times, and also show why prices have met positive checks during the recent slumps in the industrial department. It is asserted that the interests of the Allies are distinctly to promote a cheerful investment feeling here in order to encourage absorption of their loans, and to this latter end it is pointed out that heavy gold imports from England via Canada have done and will do much in that direction. A great deal of encouragement is being given by local speculative investment interests in the organization of employers to oppose certain legislation on the part of the union labor and we find investors encouraged not only by this but by the concerted movement of the managements to have to constitute law declared unconstitutional on account of its class character.
"There seems to be less U. S. Steel in the street than for a long time past," says a prominent and well informed house which says that the condition may prove to be very significant. The public interest in the copper stocks is increasing daily coincident with pool predictions of "much higher prices through the list based on the steadily advancing metal prices. Inspiration and Kennecott are the most highly recommended at the present time. Local professional investors say some of the big floor traders have been the chief buyers of the railroad issues in the latest improvement notably Reading and Union Pacific. Floor brokers do not credit them with acting for important sources but on their own account.

\$50,000,000 RUSSIAN LOAN TO BE RAISED

Leading Bankers Give Instructions to Five Hundred Bond Salesmen—Bond Issue Unsecured.

New York, Nov. 17.—More than 500 bond salesmen who will market the new \$50,000,000 Russian loan will have the stimulus of personal coaching by some of the most prominent financiers in the country. The salesmen were addressed here last night by Henry P. Davidson of J. P. Morgan and Company, Frank A. Vanderlip, president of the National City Bank, and other leading bankers.
The speakers emphasized the necessity of making new foreign loans to prevent danger of credit inflation through further accumulations of gold from the treasuries of Great Britain and her allies.
The new Russian loan will be the first that country has attempted to float in the United States unsecured by anything save its general credit.
The bonds will bear 5 1/2 per cent interest, but as they will be sold at 94 1/2, the yield will be approximately 6 1/2 per cent.
BANKERS WHO BET ON HUGHES WILL EAT CROW.
Special to The Standard.
Milwaukee, Nov. 17.—Five prominent Wisconsin bankers will eat crow when they sit down to a banquet here next week, because they bet on Hughes. H. A. Hostenep, Clinton,

N. Y. SHIPBUILDING PLANT IN N. J. SOLD

New York Bar King and Commercial Interests Invest More Than \$15,000,000 in Well Known Concern.

Special to The Standard.
New York, Nov. 17.—The American International Corporation, the National City Bank's new foreign trade concern, in conjunction with the International Mercantile Marine Company, the Pacific Mail Steamship Co., and W. R. Grace & Co., for many years prominent in South American trade, yesterday completed negotiations for the purchase of the New York Shipbuilding Co. of Camden, N. J.
The acquisition involves more than \$15,000,000 and marks the furtherance of the aims of American banking and shipping interests to extend the sphere of American commercial interests throughout the world.
The buyers of the shipbuilding company plan to organize a new corporation to take over the assets and property in which the majority interest will be owned by the companies named. The present company will be liquidated, the present stockholders probably receiving all cash for their holdings. It is also probable that part of the stock of the new company will be offered to the public.
The winner of the bet, is now searching for the toughest crowd he can find.

Britain's Generous Handling Of Crude Rubber Situation

Has Held Down Cost of Rubber Footwear While Prices of Other Necessities Soar

When, some twenty years ago, Great Britain began to establish great rubber plantations in her tropical Dominions, the outside world's industrial experts laughed in scorn. Were there not thousands of square miles of wild rubber trees in Brazil and elsewhere simply waiting to be tapped? Were not the marvellous chemists of Germany working diligently to devise a process for making synthetic rubber at a fraction of the cost of the natural article? Britain, they averred, was wasting time and money.

Six years ago the price of crude rubber jumped to \$3.00 a pound, because the 60,000 or 70,000 tons which seemed to be the limit of the forests fell far short of the enormously increasing demand—and the synthetic rubber promised by Germany failed to materialize. The 5,200 tons produced by the British plantations in 1910 was more than welcomed, and the scoffing ceased. By 1914 the plantations were producing nearly 100,000 tons, or 60% of the world's supply, and the price had been reduced to one-third of the 1910 figures. This year the plantations are contributing 150,000 tons—75% of the total production—and Britain holds a monopoly which has been of vital importance in the War.

Controlling the seas as well as the supply, the British Government has effectually cut off the Teutons, while providing an abundance for the Allies. To neutrals, who might easily have been forced to pay any price, the monopoly has been truly a benevolent one, for so long as they resell none to the Germans, they get all the rubber they want at a lower price than before the war.

No nation, neutral or belligerent, benefits more generally from Britain's foresight and generosity in this matter than Canada. Besides the general use of the scores of rubber products, practically every Canadian uses rubber footwear more or less for at least six months of the year. Now that leather has gone up 80%, and shoes are costing two to five dollars a pair more than normal, the advantage of wearing rubbers and overshoes this winter is strongly emphasized. They cost so little compared to the shoes whose term of service they practically double, that it certainly is economy to wear them at every sign of bad weather. And there's another point, even more important:

The need for leather at the Front is so great, and the scarcity so serious, that it is a patriotic duty to save it all we can by wearing rubbers and overshoes.

PROBATE COURT

In the matter of the estate of Abraham J. Estabrook, letters of administration cum testamento annexo de bonis non have been granted to William G. Estabrook, L. P. D., Tilley, K. C., is proctor.

In the matter of the estate of Frank R. Fairweather, the will has been proved in common form, and letters testamentary granted to the widow, Ella Louise Fairweather, the sole executrix named therein. Horace A. Porter is proctor.

Application has been made to pass the accounts, and for an order for distribution in the estates of the late Robert Thomson and Louis Anna Thomson. A citation has been issued returnable on November 29 at 11 a. m. Hon. J. B. M. Baxter, K. C., A. G., is proctor.

In the matter of the estate of Henrietta Vaughan, letters of administration have been granted to John R. Vaughan, W. A. Ross is proctor.

In the matter of Alfred E. Heans, an infant, an application was made by Cecilia Heans and Alfred E. Heans, that letters of guardianship be granted to Cecilia Heans. The application was granted. H. Lester Smith is proctor.

In the matter of the estate of Clara Jane Thornton, late of Scarborough, Maine, letters of administration with will annexed were granted to Mary Otis deForest, Barnhill, Ewing & Sanford are proctors.

In the matter of the estate of Stanley K. L. Macdonald, letters of administration have been granted to Charles A. Macdonald, C. A. Macdonald is proctor.

In the matter of the estate of Christiana Vanwart, letters of administration have been granted to Ella M. Fleetwood, Barnhill, Ewing & Sanford are proctors.

In the matter of the estate of Elizabeth Jane Rowe, the will has been proved and letters testamentary granted to Fanny M. Hay and George R. Ewing, Barnhill, Ewing and Sanford are proctors.

MONTREAL MARKET ERRATIC YESTERDAY.

Montreal, Nov. 17.—Fluctuations today in the market were erratic, but firmness was generally shown in most issues. A buying movement started in Smelters, which carried the stock up to 41½, closing at 40½. There was a big demand for Steel at the opening, the first sale being at \$2, an advance of two points over last night's close. It reacted, the last sale being at 80½. Dom. Iron was in good demand, closed firm at 75½ bid, the highest for the day being 76. Québec was a point better at 48, and Steamships was strong at 37½. In the paper stocks, Hibernia was firm at 149½, Wayagamack strong at 112, Spanish River sold up to 25, closing at 23½, and Price sold at a new high of 131. As has been the case the last few days, fluctuations in Scotia were erratic. It opened at 150, sold up to 154½, the last sale being at 152½. There seems to be some liquidation going on in Dom. Bridge. The stock broke to 200, Civic was steady at 82½.

MORE WATER POWER FOR SHAWINIGAN.

Montreal, Nov. 17.—J. E. Aldred, president of the Shawinigan Water and Power Company, who was in the city made the statement that the demands on the power resources of Shawinigan were so pressing that the chief problem in 1917 would be to take care of the requirements of their customers. Mr. Aldred attended a meeting of both Shawinigan and Laurentide Power boards yesterday at which arrangements were made whereby Shawinigan will take additional power from Laurentide considerably faster than was at first intended. Shawinigan has been taking 25,000 h. p. from Laurentide and in the natural course of the agreement would take an additional 15,000 h. p. on July 1, but this is now to be anticipated by more than half a year.

Cork, Nov. 16.—William O'Brien, leader of the O'Brien faction of the Irish parliamentary party, has met with a severe reverse in his own stronghold of Cork. D. O'Leary, Redmondite, has been elected member of the House of Commons from the west division of Cork County in succession to James P. Gilhooly, O'Brienite, deceased. O'Leary had a plurality of 117 votes over the number cast for Frank Healy, O'Brienite. The vote stood: O'Leary, 1,866; Healy, 1,749 and Dr. Shipsey, Independent, 368.

BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

"Cascarets" regulate women, men and children without injury.

Take when bilious, headachy, for colds, bad breath, sour stomach.

Instead of nasty, harsh pills, salts, castor oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feet of bowels so gently you don't realize you've taken a cathartic, but they act thoroughly and can be depended upon when a good liver and bowel cleansing is necessary—they move the bile and poison from the bowels without griping and sweeten the stomach. You eat one or two at night like candy and you wake up feeling fine, the headache, biliousness, bad breath, coated tongue, sour stomach, constipation, or bad cold disappears. Mothers should give croup, sick, feverish or bilious children a whole Cascaret any time—they are harmless and safe for the little folks.

London, Nov. 16.—The House of Commons, without division, today carried the resolution introduced yesterday by William A. S. Hewins, Unionist member for Hereford, prior to the statement on the question of food supply by Walter Runciman, president of

the board of trade. The resolution follows: "In the opinion of the house it is the duty of the government to adopt further methods of organization to increase and conserve the national food supply, and to diminish the risk of shortage and serious increase of prices in the event of the war being prolonged."

Berne, Switzerland, Nov. 16, via London, 3.25 p. m.—Henri Sienkiewicz, the Polish novelist, is dead. The announcement of his death came from a man named Rabinowitz, who is a member of the Polish committee at Lausanne, Switzerland. The message said the novelist died suddenly

in a hotel at Vevey yesterday. Born of a Lithuanian family at Okryza Podlaska, about 74 years ago, Sienkiewicz removed to Poland because of the Russian war and was educated at the University of Warsaw.

Paris, Nov. 16.—The minister of the interior, Louis Malvy, has instructed the prefects of every department in France to appeal, in co-operation with the mayors of the communes, to the people to reduce as far as possible the lighting of their homes and business establishments. Bills posted throughout Paris signed by the officials, invite every householder to restrict both heating and lighting.

Agents—J. M. Douglas & Co., Montreal, Que.

"The war is not won yet. Victory is within reach, but it is not yet within grasp. It is the last stride that wins the race. It is the last blow that wins the light."

In these words of warning Professor Robert Law, Knox College, the father of three soldier sons, reminds his fellow Canadians that they have not yet done their full duty in defense of the British Empire and the freedom of life and liberty that great Empire represents.

And in the first firing line of the Empire, right from the start of this great war, there is a branch of the service—the British Navy—in which it is hoped that Canadians will take an ever increasing interest and a practical part in filling the ranks.

Recruits are required, and urgently required, for the British Navy; and Canadians are invited to share in this splendid service to their king and country. The response should be prompt and plentiful. It is not necessary to remind the young men of Canada of the fact that the absolute supremacy of the British Navy is at all times essential to the safety and security of the Empire, and that Canada needs the protection of British battleships just as much as any other part of our world-wide Dominions.

The recent activity of German submarines almost within sight of the shores of Nova Scotia should inspire Canadians to take a greater interest in the important work the Navy is doing in keeping the seas clear of the enemy.

 TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

CONCERNING AN ELECTION.

That it is the intention of the Liberal party to refuse any Government request for an extension of the parliamentary life and thus divide the Canadian people on political questions, when all thought should be directed toward the winning of the war, is very evident from the remarks of Sir Wilfrid Laurier at the banquet held in connection with the convention of Liberals of Eastern Ontario at Ottawa on Thursday night. Sir Wilfrid did not openly declare that he would fight the extension proposal; the Liberal leader does not express his opinions so frankly, but he threw out intimations and hints that could hold no other meaning. Add the fact that his whole speech was devoted to criticism of the Government, that he claimed serious mistakes had been made in the management of Canada's participation in the Empire war and that, in fact, the sole purpose of, and excuse for, the convention at which he spoke was party politics and a fair idea of the Grit determination can be formed.

If Sir Wilfrid Laurier is correctly quoted the sentiments he expressed in his speech reveal a change of heart as recent as it is noteworthy. Not more than a few months ago the Liberal leader was pronounced in his opposition to a political contest during the term of the war and said so in no uncertain terms. The Liberal press, without exception, also placed itself on record as opposed to the proposal, yet yesterday the local press representatives of machine Liberalism featured the Laurier utterances under glaring headings and made the most of his suggestions that the party would force the Government to the people.

It might be asked what has caused the change in the attitude of the Liberal leader and his newspapers. The answers given by Sir Wilfrid, himself, is that the Liberals had found their confidence in the administration misplaced. If this be true then the reason for it must exist in something the Government has done, or has failed to do. Yet Sir Wilfrid openly pledged himself and party that no matter what fault might be found with the Government policy or administration there would be no criticism, no fault finding until after the war.

Hansard quotes the Liberal leader as follows: "If in what has been done or in what remains to be done there may be anything which in our judgment should not be done or should be differently done, we raise no question, we take no exception, we offer no criticism, and we shall offer no criticism so long as there is danger at the front."

There is much more similar evidence of the Laurier mind at that time but sufficient has been quoted to show that the Liberal leader then deemed it good politics to make a show of adherence to Government policies. But the show was as far as he got. Ever since the outbreak of war Sir Wilfrid and his lieutenants, while promising support to the administration neglected no opportunity of arousing prejudice against it. Charge after charge, built on the flimsiest sort of hearsay was thrown broadcast through the country always with the one purpose of undermining the administration in the esteem and affection of the electorate.

And now comes the threat of a forced election. If it comes, the responsibility for such will rest on the Liberals. The Government party do not want an election in war time and will do nothing to bring it about. But if forced to divide the country on questions of minor importance, they will not hesitate to face the test and with no fear of the result.

THE BATHURST HARBOR WORK.

When The Standard a few days ago made reference to the good work accomplished through the agency and interest of Hon. J. D. Hazen in the deepening of Bathurst Harbor to such an extent that vessels can now load at the wharves in the harbor proper instead of being compelled to take their cargo outside the bar through the troublesome and expensive method of lightering, this newspaper stated what it knew to be true. An anonymous correspondent of a Campbellton weekly devotes more than a column of space to a labored and futile

effort to prove that the Liberals started the Bathurst harbor work and the Conservative Government are not entitled to credit therefor. The Standard has no intention of engaging in a controversy with the Campbellton publication but it is just as well to keep the record straight. Hon. William Pugsley, when minister of public works, made numerous promises of dredging in Bathurst Harbor but he never got beyond that stage except to have a plan prepared, but no tenders asked, or no contract awarded. At Mr. Hazen's solicitation the work was done and, in fact, since 1911 the Government have spent more money in Bathurst improvements than their predecessors devoted to the whole county during their fifteen years of office.

In connection with the Bathurst work the following letter from Senator Edwards, a pronounced Liberal, to Hon. J. D. Hazen is self-explanatory: Ottawa, Canada, Friday, November Third, 1916. Hon. J. D. Hazen, Minister of Marine & Fisheries, Ottawa, Ont.

SHORTAGE OF LABOR IS AFFECTING INDUSTRIES IN THESE PROVINCES

Coal Mines Badly Hit—Boys Taking Men's Places in Lumber Mills—Woods Crews Scarce.

Male help is very scarce just now in the Maritime Provinces and many industries are short of men. This is especially true of the coal mines, and production has to be curtailed. For instance, at Springhill, the Dominion Coal Co. has only six hundred miners on its pay roll, whereas it formerly employed between 1,200 and 1,600. The various coal centres in Pictou county have suffered severely from recruiting and in Cape Breton thousands of miners and steel workers are at the front. The Dominion Iron and Steel Co. has brought hundreds of West Indian negroes to fill vacancies.

The coal shortage is a severe handicap to other industries. The Canada Car Co. at Amherst has had to stop various departments at different times during the past month because of its inability to get sufficient coal. Other Amherst concerns have also felt the coal shortage.

CAMPOBELLO.

Schr. Gleaner, Capt. Spicer, arrived in port last week with a cargo of apples, also Snow Maiden, Capt. Snow, ditto. Both cargoes met with ready sale, prices ranging from \$1.75 to \$3.00. Mr. Percy Byron of the island, one of the first to render service overseas, and who also was thrice wounded, arrived in Halifax on Sunday last, expects in the near future to visit his brother, George B. Byron, and after will be stationed with the home guards.

Skippy Martin pritty near made some money yestiday, coming around and saying, Hay, fellows, the doctor is coming around to our house to vaccinate me after guppil, who all wants to see him do it? Me, me, I do, everybody sed.

All rite, ill only charge you a sent' apiece, sed Skippy. Wares he going to vaccinate you? sed Sam Crawes. In the parlor, sed Skippy. I mean wat part of you, sed Jam, and Skippy sed, I dont know yet, hes libel to do it any part, it will be worth seeing, all rite, a sents pritty cheap. Wich any 4 of us had sents, being me and Sam and Sid Hunt and Pods Simkins, and we gave them to Skippy and rite after suppur we all went around to his house, and Skippy was waiting for us on the front steps, saying, The doctor didnt come yet, come on in the parlor and wait, and along the wall, and we all sat down on them jest like a theater, and we sat there about 10 minits wispersing, and the bell rang, and it was the doctor, and he came in and Skinnys father called down stairs, Algernon, is that the doctor?

Yes, sir, sed Skippy. And Mr. Martin started to come down, being wro Skippy gets his skinnyness frum, ony warse, and he came into the parlor, saying, Good evening, doctor, wy, wat are all these boys doing asents the well? Thare going to watch me get vaccinated, sed Skippy. Thare going to do nothing of the sawt, I wont have my house made into a side show, you boys go rite out agen immedidly, sed Mr. Martin. Wich us 4 jest sat thare looking at Skippy and Skippy sed, Aw, farther they catch payed me a sent to come in, they wont make any noise. You herd wat I sed, sed Mr. Martin. And he made Skippy give us our sents back, wich Skippy ony had 3 of them left, and his farther gave him another one, and we all went out and peeked throo the parlor window and saw it for nothing.

Mr. Goodwin of Amherst, was a Sunday guest here. Mr. and Mrs. William Keilor of Amherst west last week were guests of Mr. E. M. Lochwood.

ST. JOHN BUSINESS MAN'S PRIZE-WINNERS IN THE CO. ARMSTRONG PLEASED WITH THE SIEGE BATTERY HIGH TEA LAST EVENING NOW ON PARTRIDGE ISLAND

F. A. Dykeman Had Exciting Few Minutes at War Exhibit in Toronto.

Mr. Fred A. Dykeman returned yesterday from a business trip to Upper Canada and the Eastern States. While in Toronto on Saturday last Mr. Dykeman had quite an experience and one which he will not forget for some time. In company with Mr. Hall, a Montreal manufacturer, he went to the Robt. Simpson Company's building where on one of the floors the French government's war exhibit was being shown under the auspices of the Toronto branch of the Red Cross. This is a most interesting exhibit, there being a couple of captured German aeroplanes, French aeroplanes and various weapons of various sorts. Among the guns was a modern French machine gun ready for action with a cartridge belt attached. There were in this cartridge belt a series of loaded cartridges, and a returned soldier who was among those explaining the exhibit started to work the machine. There was a crowd of perhaps four to five hundred people in the room at the time, all lined up in front of the various sections of the exhibit, and when the soldier started the gun he could not get it stopped. It was pointed fair for the crowd and Mr. Dykeman was directly in front of the muzzle. The soldier in his excitement twisted the gun so that he depressed the breech and the muzzle was thus pointed for the ceiling. Naturally the cartridges, the minute they struck the chamber, went off after the manner of machine guns and pierced the heavy "T" beam, coiled on both sides with concrete. A number of rounds were fired before the soldier finally stopped the machine. Had he not accidentally managed to elevate the muzzle there is no question but that many of the spectators would have been seriously if not fatally injured. There was considerable excitement for a few minutes and a great deal of indignation, but as the man was a returned soldier and was only doing his best in a foolish way to exhibit the weapon, no action was taken against him. It was a very nervous few minutes for many of the men and ladies present.

Drawings Held in Different Games of Chance—Names of Fortunate Ones.

At St. Peter's high tea in St. Peter's Hall, North End, the drawings for the different lotteries were held last evening and the following prize winners were announced:
PINK TICKETS—First prize, parlor stove, won by Mrs. Martin, 80 Harrison street, with ticket 413; second prize, suit case, won by Hugh Boyce, Chesley street, with ticket 473; third prize, submarine, won by Mrs. A. O'Neill, 600 Main street, with ticket 916; third prize, pair lady's shoes, won by Mrs. Heegan, Elm street, with ticket 771; fourth prize, gentleman's hat, won by Mary Duffy, Chesley street, with ticket 929; fifth prize, parlor chair, won by Marion Lunney, Millidgeville Avenue.
FANCY TABLE—First prize, grotto, won by James Leach, Dufferin Hotel, with ticket 106; second prize, centre piece, won by holder of ticket 52; third prize, centre piece, won by Nellie Gosnell, Harrison street, with ticket 138; fourth prize, sofa cushion, won by R. H. Warwick, 64 Bentley street, with ticket 81; fifth prize, luncheon set, won by Mrs. T. F. Coughlan, 114 Waterloo street, with ticket 15; sixth prize, hand-painted cabinet, won by Mrs. J. Duffy, 26 Harrison street, with ticket 95; seventh prize, centre piece, won by Rev. F. J. McMuray; eighth prize, won by Miss Alice Morgan, 286 Douglas Avenue, with ticket 5; ninth prize, gown, won by Doris Trainor, 24 Harrison street, with ticket 150.
The "guess the weight" cake on the pink supper table was won by T. J. Buckley, Clarendon street.
The "guess the weight" cake on the green supper table was won by Miss Margaret, won by holder of ticket 52; the lady who guessed the name of the dog was Mrs. Eleanor Mullin, who took "Whitey" the dog home with her. Wm. J. Cotter, 16 Orange street, who guessed the number of beans in a jar, won the first prize of a bird in a cage, and Mrs. Mullin, who came second, won a fishing pole.

After Inspection Yesterday He Said Major Wetmore's Boys were Equal to Pioneers.

"They are on a par with the boys of No. 7 and No. 4 Siege Batteries," said Colonel Beverley Armstrong when asked by The Standard what he thought of the 9th Siege Battery stationed on the island. He expressed himself as highly pleased with the physical fitness and efficiency of the boys, remarking that they were as fine a body of men as he has had the pleasure to inspect. He spoke in the highest terms of Major Wetmore and the staff of officers attached to No. 9. The inspection yesterday on the island covered the quarters, equipment, officers' quarters and messes. The men were first put through the ordinary squad drill and battery drill. Afterwards under the command of Major Wetmore battery manoeuvres were executed. In drilling and gun work the boys of No. 9 showed up to great advantage. The barracks on Partridge Island are equal to any quarters in the Dominion and the condition in which they are kept, according to Colonel Armstrong, is admirable. Next week St. John will have the pleasure of hearing a 6-inch howitzer. One of these mighty guns will arrive in the city from Halifax and will be drawn through the city before taken to the island. Speaking with Major Wetmore after he had received word that the military authorities had consented to allow them the use of a howitzer with equipment, as well as a phone carriage on which is carried 10 miles of wire and no less than 10 phones, he stated that he intends to procure a piece of land near Spruce Lake where the battery will carry on the same style of warfare that is being carried on at the front. "When the citizens see the 9th Siege Battery carrying on manoeuvres at Spruce Lake and hear the pounding of the howitzer, 'the Battle of the Somme,' as seen at the Imperial will not be in it," said Major Wetmore. The total number of men in the battery is 147. There are still required about 16 more men to bring the unit up to full strength. Colonel Armstrong said that the prospects for the stationing of troops in the city were brighter now than ever. Although their stay will not be very long as they are on the way overseas, yet that St. John is to have more troops is a fact. Colonel Armstrong will leave for Halifax on Sunday.

A LITERARY TREAT.

In Waterloo street Baptist church last evening an appreciative audience sat spellbound as Herbert W. Piercy, interpreter of literature, recited Jean Valjean from Victor Hugo's masterpiece, Les Misérables. Not often do St. John audiences have the opportunity of a literary treat such as Mr. Piercy gave. As people left the church many were heard planning to hear Mr. Piercy in other recitals to be given elsewhere. In the story of Jean Valjean, as recited by Mr. Piercy, laughter and tears follow in quick succession. For the time being one seems to be face to face with one after the other of the sixteen characters Mr. Piercy impersonates. Whenever Mr. Piercy recites the story of Jean Valjean there is bound to be many a home where Victor Hugo's masterpiece will be read with a new appreciation. During the intervals last night Frank Hardiman and Robt. Mawhinney rendered special music.

Tea and Sale.

The Red, White and Blue Circle, Soldiers' Comfort Association will hold an afternoon tea, fancy and pantry sale on Saturday, November 25, at the store No. 18 King street. Tea will be served from 3 to 6 and the sale will be on all afternoon. Remember the date.
Crusade Day.
The Women's Missionary Aid of the Main street Baptist church, held their annual crusade day exercises last night in the vestry of the church. Miss Hazel Clark gave an address on missionary work and Miss Mildred Akerley told something of the life of a nurse in one of the Grenfell Mission hospitals. The large number present thoroughly enjoyed these two addresses and a good offering was received for the work of the society.

OBITUARY.

Mrs. James H. Meehan.
The death is announced in Roxbury, Boston, of Mrs. James H. Meehan. Mrs. Meehan was formerly Miss Annie Robinson of St. John. Mrs. Albert H. Murphy of Roxbury is a daughter.
John J. Enneking.
John J. Enneking, one of the world's most famous landscape artists, died yesterday at his home in Hyde Park, Mass. He was 77 years old.

Mrs. Elizabeth Swanton.
In the afternoon of Mrs. Elizabeth Swanton from her late home, 248 Waterloo street, services being conducted by Rev. R. Taylor McKim. Interment was made in Fernhill.
Mrs. John Nixon.
In the afternoon of Mrs. John Nixon from her late residence in Murray street. Rev. R. P. McKim conducted the services. The body was laid to rest in the Church of England burying ground.

From the Maritime Baptist:
The death of Professor Joseph C. Rayworth occurred at St. John on Saturday morning. He was a graduate of Acadia, of the class of 1903, and after studying at Yale became professor of mathematics at Washington University, St. Louis. This untimely end of a promising life will be regretted by many, and especially by those who were his fellow-students at Acadia, where his sterling Christian character and eminent ability won for him the respect of all. Lieut. Walter H. Gordon has been received. He was killed in action during the recent heavy fighting. He was the youngest son of Dr. J. A. Gordon, so well loved in these provinces. A brother, J. P. Gordon, of Charlottetown, is a leader among our laymen on the island. Lieut. Gordon was only twenty-nine years of age when he laid down his life for his country and for the cause of liberty and justice. To Dr. Gordon, and the four brothers who survive, we extend Christian sympathy.

Mrs. M. F. Churchill, our revered missionary, has arrived safely in India. This news was conveyed in a cablegram from Vizagapatam to her daughter, Mrs. H. E. Stillwell, Toronto, which was received November 4th. The message read, "Well and happy." Mrs. Churchill sailed from San Francisco on September 9th, so it will be seen that the long journey by the western route has been only a few days less than two months. Many loving prayers will be offered for her as she again takes up the work among those to whom she has given of her life and strength.

MUSICAL COMEDY COMING NEXT WEEK.

Commencing Monday afternoon of next week the Homan Musical Comedy Company will hold the boards at the Opera House, presenting refined and up to the minute musical comedies, staged with special scenery, novel electrical effects and bright costumes. The company is headed by the king of film makers, Eddie Fivelle, supported by a company of fifteen, all good singers and dancers. The opening musical comedy is titled "Tree Top Inn," a clever conception

HAD BOILS For Six Months. B.B.B. DROVE THEM AWAY

When the blood becomes impure the very first symptoms which manifest themselves are a breaking out of various forms of skin troubles such as boils, pimples, sores, etc., and to get rid of these troubles you must cleanse the blood thoroughly with a good blood remedy. The best blood cleansing remedy on the market today is Burdock Blood Bitters. Thousands of people from one end of Canada to the other have used it during the past forty years, and have nothing but words of praise for its cleansing properties. Mr. Rufus Beers, Upper Main River, N. B., writes: "I want to say a few words about your medicine, Burdock Blood Bitters. I had boils for six months and sometimes was so bad I could not work. I tried lots of cures but nothing would drive them away for good until I took B. B. B. In a short time I was all better. It is a dandy medicine. I keep it in the house all the time." Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont., but so well and favorably is it known that there are many imitations on the market. See that our name appears on the wrapper.

Little Eye Defects

The little defects in eyesight are usually the most annoying. When the defect is great there is no personal knowledge as to what should be seen by the normal eye, there is no worry. Little defects are annoying because they cause pain in the eyes, or headaches, or the eyes are weak. Let us advise you about your eyes.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is a new way of strengthening your eyes. The doctor says they have had their eyes re-strengthened through the principle of the wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady writes: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read the print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and mistletoes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and liquid bathe the eyes two to four times daily. You should notice your eyes clear very perceptibly. The redness and inflammation will quickly disappear. If your eyes are watering, even a little, take steps to save them now. Before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

How? Another prominent physician who writes the above article was consulted. He said: "This is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances who wear glasses. It can be dispensed in any quantity. It should be kept on hand for use very soon by every family." Watson Drug Co. Sole Mfr.

FREDERICTON

Fredericton, Nov. 17.—Mrs. John Black entertained informally for the Misses Odell of Halifax on Thursday afternoon.

Miss Jean Balloch returned from St. John on Friday where she had been visiting her sister, Mrs. Guy FitzRandolph.

Mrs. Baker of Halifax is the guest of Mrs. George A. Taylor.

Mr. and Mrs. John McAdam announce the engagement of their daughter, Gwendoline, to Rev. Roger C. Papp of Winnipeg. The marriage is to take place early in the New Year.

Mrs. Alfred Costley of Halifax is visiting Mrs. L. C. MacNutt, George street.

Lieut.-Col. Paul R. Hanson, formerly manager of the Dunlop Rubber Co., in St. John and well known here, is now officer commanding the Canadian Discharge Depot at Bath, England.

Congratulations from friends here are forwarded to Lieut. and Mrs. Douglas McLeod on the advent of a little daughter on October 31st in Toronto. Lieut. McLeod was formerly accountant in the Bank of New Brunswick here.

Mrs. Ernest Phillips of Halifax is the guest of Mrs. W. S. Carter, St. John street.

Mrs. Guy FitzRandolph returned to her home at Randolph on Thursday, having spent the week-end with her sister, Mrs. F. deLancy Clements, at Springhill.

Miss Greta MacNutt returned last week from New York where she was visiting relatives.

The golfing season in this city closed last week, when quite a number of ladies and gentlemen were out for a final game.

Lieut.-Col. Lightfoot, officer commanding, and a party of officers of the 22nd Battalion, now in St. John, came to Fredericton on Friday last and were guests of Lieut.-Col. Guthrie and officers of the 23rd Battalion. Lieut.-Col. Lightfoot and the officers who accompanied him were all formerly with the old 10th Battalion, the White Gurkhas.

Mr. and Mrs. J. J. Fraser Winslow left on Saturday evening for Montreal.

Mrs. James E. Palmer held her post nuptial reception at her home on Saunders street on Wednesday afternoon. Mrs. Palmer was assisted by her mother, Mrs. H. A. Greene and her sister-in-law, Mrs. W. A. McLellan.

The drawing room was prettily decorated with red and white carnations. Mrs. John Palmer prepared tea and coffee and was assisted by Miss Dorothy Greene, Miss May Kilburn, Miss Gladys Glidden and Miss Hazel Palmer.

Mr. and Mrs. Archie McGinnis of Boston were the guests of Mrs. George Babbit, University Avenue, over the week-end. On Monday they left for St. John.

Miss Clouston of Newfoundland, who has been visiting Mrs. W. G. Montgomery left for Halifax on Thursday morning.

Friends of the Countess of Ashburnham are delighted to see her out again after her recent illness.

Mr. and Mrs. E. Allan Sturdee spent the week-end in St. John with Col. and Mrs. E. T. Sturdee.

Mrs. George W. Allen of this city has been appointed provincial librarian, this position having become vacant on the death of the late Abraham Alward. The appointment was made by the provincial government at their recent session here. Mrs. Allen has excellent qualifications for such a position, and her appointment will give great satisfaction to her many friends in this city as well as throughout the province.

Mr. and Mrs. John Kilburn announce the engagement of their niece, Lucy Lech, to Mr. John Gibson Bliss, of Dorchester, Mass. The wedding will take place early in January.

Lieut.-Col. Percy A. Guthrie, O. C. of the 23rd Battalion, left on Tuesday evening for Boston, where he will speak before the Canadian Club on November 20th. He will also address meetings in Providence and New York before returning home.

A cable received last week announced the safe arrival in India of Mrs. Goodstein, who returned there to join her husband, Major Goodstein, who, fighting with his Indian troops

in Egypt at Gallipoli, in France and Mesopotamia, was three times wounded. Major Goodstein was at one time a member of the U. N. B. faculty.

Mr. G. E. Nell, general manager of the Royal Bank of Canada, left Montreal on Friday last, on a business trip to Havana.

Major and Mrs. Frank A. Good returned to the city on Tuesday evening after a successful hunting trip. Major Good will leave next week for St. Agathe where he will enter the military sanatorium and may later be attached to the teaching staff of that institution.

Fredericton theatre-goers on Friday and Saturday night of last week once more had the pleasure of seeing Albert Brown, the talented English actor, in the "Black Feather," and it goes without saying that the reputation he made in "The White Feather," did not suffer in this performance. The Opera House was crowded and Mr. Brown excelled himself in the difficult role of Dick Kent, a young British secret service man. Only an artist of Mr. Brown's calibre could have portrayed the title role as he did and the audience forced him and the members of his company to respond to several curtain calls at the end of each act. The company Mr. Brown selected was a well balanced and thoroughly efficient one. Too much cannot be said of the work of the other members of the company, all of whom excelled in their various parts.

The annual meeting of the Fredericton St. Andrew's Society met on Monday evening and awarded the St. Andrew's scholarship for 1916 to Miss Florence L. Murray, daughter of Mr. A. S. Murray of this city.

Mrs. W. J. Dunham, who has been the guest of her sisters, Mrs. F. P. Robinson and Mrs. J. S. Armstrong, left for her home in Portland on Saturday on account of the illness of her husband, who was taken seriously ill on Friday. Mrs. Dunham was accompanied by her sister, Mrs. F. P. Robinson.

It is understood that the Rev. L. Ralph Sherman will be leaving Trinity church in St. John in the spring and that he has been appointed rector of Holy Trinity Church in Toronto, in succession to the late Rev. Canon Powell, at one time principal of King's College, Windsor. Mr. Sherman is a Fredericton man, graduating from the U. N. B., with high honors and a Rhodes scholar of great brilliancy.

His coming to Toronto will be felt by the diocese of Fredericton as a great loss.

HARTLAND

Hartland, Nov. 17.—Lee Dyer of Windsor, who some time ago was wounded in battle, writes home to thank Mrs. Jesse Tedford, Mrs. H. L. Dickinson, Mrs. E. A. Britton and Mrs. W. C. Forrest for a box sent him containing cake, socks, gum, tobacco, cigars, candy, nuts and a jar of butter. He said the butter was the first he had seen for over a year. He also says: "I expect to go back to France in a month. Am getting quite all right and hope to help a little bit more, and I wish all good people of Hartland County the best of luck if I never see them again. I believe all you wives and mothers are proud of the boys who are here."

Mrs. Edward Gillin has received word from her former home in Scotland to the effect that her brother, Pte. John Girvan, a member of the 1st Black Watch, had been killed while serving his king and country.

The Baptist church at Florenceville which has been undergoing repairs, is to be reopened on Sunday, Nov. 26. Rev. J. B. Ganong, of St. John, will be one of the speakers.

Mr. and Mrs. Hugh McCain of Florenceville, are enjoying a winter visit from their daughter, Mrs. Long, of Vancouver, she having arrived from the Pacific province a few days ago.

Mrs. Sidney Hagerman, of Hartland, with her daughter-in-law, Mrs. Harry Hagerman, and young son of Centreville, have returned after spending some weeks with relatives in Lewisville and Boston.

Mrs. M. B. McCollum, who has been

Records it breaks are at speeds you can use

A king's ransom would not more handsomely reward persistence than does the new Willys Six. Never before has any six of its size performed in ordinary driving to equal the new Willys Six. High-speed motors may develop greater power at racing speeds. But we sought to develop greater power at driving speeds. And the Willys-Six proves conclusively that it was still possible to further improve six cylinder performance in the usable speeds.

What we have attained in the new Willys Six compared with any other six of its size is—
—higher power at speeds below 25 miles per hour
—faster pick-up at speeds below 25 miles per hour
—smoother climbing at speeds below 25 miles per hour
—slower speed on direct drive with absolute smoothness. And we have attained all this and still have mile-a-minute speed and all the power at speeds above 25 miles per hour that you would ever need or use, and all this

without sacrifice of sturdiness, without increasing fuel consumption. These are motor qualities which you can use in every-day driving. And these are the very qualities which the excessive speed motor sacrifices at low speeds in order to gain them at speeds no ordinary driver ever uses—and with a loss in sturdiness and fuel economy. And if you use the mile-a-minute speed of the Willys-Six you will find that it hugs the road while cars of the excessive r. p. m. type

at the same high speed become unsteady. But epoch making as are these motor improvements there are other ways in which the Willys Six surpasses. In riding comfort the new Willys Six sets a new pace for luxury. It has low, deep-cushioned seats with improved seat springs. It has long cantilever rear springs in exact accord with the weight of the car. And the long wheelbase (125 inches) and large tires (35

x 4 1/2 inches) also contribute to a new luxury of riding comfort. In appearance also, the Willys Six, with its smart, double cowl body design, reaches perfection of beauty. Only a past master of body design could reveal rugged power and speed in lines of such grace and beauty. At the price, \$1855, this big seven-passenger Willys Six is a new smashing value in the luxurious class. Don't waste a minute, but get right in touch with us and let us show you the new Willys Six at once.

quite ill at the home of Mr. J. E. McCollum, is recovering and has gone to the home of her aunt, Mrs. John Nixon, at Lower Brighton.

Miss Edna Jensen, chief operator at the N. B. Telephone exchange here, was this week attending the convention of operators at St. John. Miss Annie Bidout, of East Florenceville attending to her duties here.

Mrs. James Hamilton and young son have arrived from the west to spend the winter with her sister, Mrs. S. T. Sippell.

Mrs. H. A. Carvell of Lakeville is spending a few days at the home of her father, Mr. J. E. McCollum. After having undergone a surgical operation Mrs. W. E. Thornton is progressing favorably towards recovery. The farm of Mr. George Ginson at Peel has been sold to Mr. Coy Tompkins of Mount Pleasant.

Mrs. D. E. Morgan had as guests last week Mrs. M. E. Thornton and daughters, of Calgary. A "country fair" entertainment is on the taps for an early date under the auspices of the Epworth League of the Methodist church.

Tuesday evening Mrs. D. E. Morgan left for a visit with her daughter, Mrs. J. Sterling King at Brownville, Kings Co.

Two new cases of diphtheria have developed since that of Pte. Allan Shaw. They are Harold Goodwin, who slept with Shaw two or three nights, and George Boyer. They are all of a light type. The report that some members of the families quarantined had since been attending the Hartland school is emphatically denied by Principal Dixon.

Dr. MacIntosh operated on Jimmie Sippell the other day for the removal of his tonsil and adenoids. On Thursday Mrs. H. N. Boyer and daughter, Clara, left for several weeks' visit with friends in Boston and Pittsfield, Mass.

On Monday, Nov. 6, at the home of the officiating clergyman, Rev. G. A. Giberson, Mr. Willis Broad was united in marriage to Miss Laura Giberson, second daughter of Mr. and Mrs. Charles R. Giberson of Holmesville.

On Nov. 3 the death took place of Mr. Israel Drost, a well known resident of Wicklow, at the age of 66. Death resulted from pneumonia. Deceased is survived by the widow, two sons and an adopted daughter. The funeral was held from the Baptist church, Rev. G. A. Giberson conducting the services.

At Hartland on Tuesday, Nov. 21, the meeting of the Woodstock district of the Methodist church will be held. There will be a public meeting in the evening in the interests of Sunday school work, when Rev. G. S. Helms will give an address on the Canadian standard efficiency tests for organized boys' classes. A collection will be

taken in aid of the Hartland Epworth League.

The Baptist Red Cross Society have been doing some good work and have sent many comforts to the boys in the trenches. The expenditures for the year were \$102.72, and there is a balance on hand of \$17.05.

In a letter from Capt. Wendell B. Shaw to his mother, Mrs. B. N. Shaw, of Victoria he says he has been in a military hospital for some weeks getting rid of some seventeen pieces of shrapnel which had lodged in different parts of his anatomy. He says he could not have come closer to death and missed it. The hospital, he says, is a purely Canadian one and very up-to-date. In closing he says: "Tell Scott (his brother) I have his blankets, which have performed their duty and are now gory with my best blood."

SHEDIAC

Shediac, Nov. 16.—The pupils of the Central school, Sackville street, held a highly successful sale of fancy work, home-made candy and served afternoon tea from 3 to 5 o'clock on Wednesday afternoon. The amount raised in aid of the Belgian Children's Relief Fund, exceeded \$50. The young ladies who carried the occasion were pupils of the high school, but contributions were received from the other departments. The boys of the school donated \$12, as a result of what they

Wash Away Skin Sores

To the many sufferers of skin disease D. D. D., the liquid wash, has become a household word. They know it is reliable, and they can depend on it, they do not hesitate to recommend it to their neighbors. It has proved itself a remarkable remedy for all forms of Eczema. It is a germicide that is harmless to the most delicate skin, but still is effective and quick in action. If you are a sufferer from skin diseases, including ulcers, pimples, scales, crust or Eczema in any form, this remedy will not disappoint you. It has stood the test and today is the master preparation for all skin diseases.

Come in today and ask about our guarantee on D. D. D. Also about D. D. D. Soap, that keeps the skin healthy.

D. D. D. For 15 Years the Standard Skin Remedy
E. Clinton Brown, Druggist.

earned in various ways. Pupils to serve tea included the Misses Alice Bourque, Lucy Smith, Marie Dolro, Katherine Gallant, Vince Smith, Bessie Gay, Corinne Gautreaux, Caroline Beckwith and Adeline Arsenault. The Misses Rhoda Mitton and Elsie Taylor presided over the fancy work, while Amy Chappell and Dorothy Breaud had charge of the candy table.

A small number were present at the meeting of the Red Cross on Tuesday afternoon, owing to the severe snow storm. The following consignment has recently been sent to St. John: 22 suits of pyjamas, 12 day shirts, 6 pairs socks, 2 pairs bed socks, 6 hot water bottles and 1 pair mittens. The consignment also included a parcel of 12 pairs socks from Shediac Cape. The society expects to hold afternoon teas once a month for some time.

The required amount for the Christmas box fund was recently raised in various ways by ladies of the town and at the Cape, and with the surplus \$25 will be sent to the navy for comforts "for those in peril on the sea."

Mrs. Joseph Moore, of Moncton, is the guest of friends in town. Mrs. L. J. Belliveau left town recently to spend some time in Halifax, N. S.

Gin Pills

FOR THE KIDNEYS

Sooth and Heal Inflamed Kidneys

The great danger with Kidney trouble is that so many people try to cure the symptoms instead of getting at the root of the trouble. In backache, pain in the side, lumbago, swollen joints and ankles, and rheumatism, local applications are of little use—such as plasters, embrocations and liniments. Gin Pills go right to the Kidneys, healing and soothing these organs so that the functions are restored to normal and the pain stops.

So many thousands have been relieved of Kidney and Bladder trouble that you cannot afford to neglect the remedy for your trouble.

All dealers sell Gin Pills, 50c. a box, or 6 boxes for \$2.50. Sample free upon request.

National Drug & Chemical Co. of Canada, Limited, Toronto

MADE IN CANADA

The Chevrolet is an All-Canadian car. Made in Canada, for Canada and by efficient Canadians.

It is probably for these reasons that the Chevrolet is such a popular car in all of the provinces. Many, many thousands are in use.

The Chevrolet has been designed and built to meet Canadian usage and road conditions. It has the necessary ruggedness. And in addition is possessed of good looks and all of the comforts.

That the average Canadian appreciates the qualifications of the Chevrolet is evidenced by the way he purchases this famous car.

Make an appointment for a demonstration today, and have these truths confirmed.

IN PULPIT AND PEW

Church of England

The annual convocations and sale of papers and magazines of the Church of England Institute was held at the rooms on November the 9th. During the afternoon the ladies sold fancy articles and refreshments, and in the evening Mr. John B. Jones auctioned off the various magazines in the reading room. The sales were somewhat better this year than last.

The Church Book Room, 315 Princess street, is now in Christmas attire. It is a pleasing sight to see the display of cards and books on the tables. The cosy and well-lighted room should attract many people during the Christmas season.

The Sunday School Teachers' meeting of the Deanery of St. John was held at St. Jude's church school Tuesday night of this week. There was a large attendance, notwithstanding the roughness of the night. The president, the Rev. G. F. Scovill, gave an excellent devotional address, and was followed by the Rev. A. L. Fleming, who for years has been working among the Eskimos in Baffin Land. Mr. Fleming divided his talk into three parts, viz., the field, the preparation, and the work. For over an hour he held the interested attention of all as he described the difficulties of the work in that far northern land, and the devotion of the earnest missionaries in their efforts to preach the Gospel of Christ to the natives. This was one of the best meetings of the association ever held and the message given by Mr. Fleming made a deep impression upon the hearers.

Christianity After the War was a subject dealt with by the Rev. Canon Gould, general secretary of the M. S. C. C. in his report at the board of management held a short time ago at Montreal. His words will well repay careful reading and consideration. "The ministry of maximums is what the world needs," he said, "and the only ministry which will save it. We can commit no error if we resolve that Canada's ideal in the present struggle, of the maximum of service, shall be the ideal of the Missionary Society of the Church of England in Canada in the great 'Day of the Lord' which is upon us. A Day of the Lord, a day of glory and glory, commencing with which the flame of war is but as the reddening of the horizon for the dawn after a night of darkness."

The Bishop of Montreal has recently appointed the Rev. Allan P. Sutherland, rector of St. James the Apostle, and the Rev. John James Willis, rector of St. Jude's, sons of the Christ Church Cathedral of Montreal. Both of these men are well known in this city, and their many friends will rejoice at their promotion. Canon Willis conducted the mission at St. James' church, St. John, a few years ago, where he made a deep impression.

A hearty welcome is extended to the Rev. A. L. Fleming, who has been appointed acting rector of "St. John's" church for a time. Mr. Fleming is well known in the Canadian church in connection with his work among the Eskimos in Baffin Land.

The Rev. E. P. Brown has been appointed curate of Trinity church of this city. He is a graduate of King's College, Windsor, and for some time has been in charge of Gunnville Cove, Nova Scotia. Mr. Brown is sure of a hearty welcome to St. John.

The Rev. R. L. Sherman has been appointed rector of Holy Trinity church, Toronto. This news was received with sincere regret in St. John, where he has made so many friends during his stay in this city. Yet amidst a feeling of pride that a man from the province has been appointed to such an important position, the good wishes of all will go with Mr. Sherman in his new work. He will take charge of the parish the first Sunday in May.

The Rev. R. T. McKim has been appointed rector of St. Mary's church by the Bishop of the Diocese on the evening of Dec. 18th. Mr. McKim has done excellent work at St. Mary's during the time he has been there, and it is a cause for thankfulness that he is to remain in that important and growing parish.

The Anglican Young People's Society of St. Mary's church recently packed and shipped ninety boxes to the soldiers at the front who have gone from that church. Well done A. Y. P. A.

King's College Law School. The great regret of the faculty and of all concerned, Dr. Alfred Ward has found himself obliged by failing health to retire from the office of Dean of the King's College Law School, St. John, which he has filled most satisfactorily for the past fourteen years. His successor in the office is the Hon. H. A. McKewen, chief justice of New Brunswick, who has been actively interested in the school as a lecturer for a number of years.

It is now twenty-four years since the governors of King's College took steps for the establishing of the law school, the late Dean Partridge taking a leading part, and the results have abundantly justified their action. For the time the governors made an annual grant towards the support of the school, but for some years now it has been self-supporting. It has some eighty students on its roll, who are pursuing their profession, a number of them with distinction in different parts of Canada. Dr. Alfred Ward has been a lecturer at the school since its inception, and to him and Dr. J. Roy Campbell, who has been secretary from the first, much of the credit of the success is due. As a token of appreciation of his services the faculty of the law school have made Dr. Alfred Professor Emeritus.

The consecration of Dean Schofield to be Bishop of Columbia is to take place on St. Andrew's Day, 30th inst. Dr. Schofield will be the fourth King's man to be consecrated to the episcopate. He entered King's College in 1891 and took his degree in 1895, and received the honor of a D. D. in 1910, after he had been Dean of Fredericton.

METHODIST

The Home Mission and Extension Board of the Methodist church of this city has issued a pressing call for funds for this work, especially to aid in the removal of the debt from the Little River church. The appeal will be presented on the 26th in all our churches in this city, and it is believed will meet with a hearty response.

The second meeting of the St. John district is called for Wednesday, 29th inst., in the Portland street church at 10 a. m. All the ministers of the district and a layman for each circuit are present on the 26th in all our churches in this city, and it is believed will meet with a hearty response.

From the message of the General Board of Missions we learn we have now 649 missionaries among English-speaking people in Canada, nine Italian, twelve among other Europeans, fifty missionaries and missionary-teachers engaged in Indian work, and fifteen Chinese and Japanese laboring for the evangelization of their own people in Canada. Our mission in Japan exclusive of wives of missionaries, numbers twenty, and in West China eighty-two, a total missionary force of 847, maintained wholly or in part by the Missionary Society. Seven hospitals in British Columbia and Alberta, to meet the needs of Indians, Orientals and Europeans, one boarding school and four industrial schools under direct and continuous Christian influence. Indian day schools and night schools for Orientals and Europeans, institutional work in rural and urban centres, and one marine mission on the Pacific coast, represent some of the varied activities of your society throughout the homeland. In Japan Christian education supplements evangelical effort, while our West China mission continues its varied work of preaching, teaching, healing and publishing Christian literature, with the single aim of producing a full developed Christian church. It is hoped and expected that the funds will advance in the next year or two so that we may reach the million dollar mark, and thus keep pace with the ever increasing demands and needs of this great work of God, committed to our trust.

Morley Avenue church, Toronto, is a new cause, having just completed its third year. It has none the less an honor roll of 24 names out of a membership of less than seventy-five. Private E. Parkin is the first officially reported killed but Pte. W. Taylor has been missing five months. Pte. G. Haacke, S. S. secretary, is badly wounded. Serg. E. Saunders and Corp. E. Hughes have returned from overseas and news is just to hand of the severe wounds of Pte. Allan Hobbs, son of the late pastor (the late Rev. R. Hobbs); whilst it has the distinction of a representative of His Majesty's navy in Petty Officer W. Rowe, E. M. S. Marzaret. The Rev. A. M. Marshall was killed somewhere in France. He spent a year on a circuit near Cochrane, a year ago; he enlisted when attending Victoria University and now he has finished his course.

Rev. I. W. Hird of Liscomb, N. S., has received word that his brother, Rev. W. M. Hird, of the Sixth Yorks, aged 20 years, was killed when bravely advancing in the late drive. He spent six months in Egypt and the Mediterranean before going to France in May.

A memorial service was held in the Canterbury, N. B., Methodist church for the late Lance Corporal James Allen Gould, who fell at Courcellette. It was deeply impressive.

The Yarmouth Telegram reports that Mrs. Amor Croley of that town, who celebrated her 90th birthday on the 10th inst., was in attendance at the reopening of Providence church.

Rev. Wm. Heartz, D. D., conference evangelist, is assisting Rev. W. I. Wright at Oxford, N. S., in special services with marked success.

Rev. W. Phillips reports the re-opening of Providence church, Yarmouth, after being repaired, and greatly improved.

Rev. Wm. Heartz, D. D., preached in the morning and Rev. C. E. Crowell in the evening and were listened to with profound attention and deep interest.

Providence church, its pastor and people are to be congratulated upon the beautiful and artistic appearance of their church, and the enthusiasm newly created must end in many additions to its membership and contributions. The balance of debt is only \$300.

A handsome conservatory has been erected in Mountain cemetery by Mrs. Law in memory of her husband the late B. B. Law, Esq. M. P. It is constructed of glass, iron and cement, and will prove an attractive addition to this beautiful "City of the Dead," so well cared for by the people of Yarmouth, and a fitting memorial to the late Mr. Law.

The death of George E. Penney, a trusted member of the Methodist Guards, who passed away at the early age of 19 years.

A service was held in the Upper Sackville Methodist church in memory of Harold Sears and Joseph Lamb, killed in action. Last week the second year engineering students of Mt. Allison under the direction of Prof. Crowell, visited the car ferry terminal at Cape Tormentine and Carleton, P. E. I.

Gunner F. Garden Green, of St. John who was a student of Mt. A., and went overseas with artillery last spring, writes home that "the Mt. A. bunch are well."

BAPTIST

What the Gospel gives us, and stands alone in giving us, is not merely the knowledge of the will of God and the clear revelation of what we ought to be, but it is the power to do it. Love does that, and love alone. That strong force brought into action in our hearts will drive out from thence all rivals, all false and low things. The true way to cleanse the Augean stables, as the old myth has it, was to turn the river into them. It would have been endless work to wheel on the filth in wheelbarrows loaded by apes; turn the stream in, and it will sweep away all the foulness. When the Ark comes to the Temple, Dagon lies, a mutilated stump, upon the threshold. When Christ comes into my heart, then all the idols and the twilight-loving shapes that lurked there, and defiled it, will vanish like ghosts at cock-crow before His calm and pure presence. He, and He alone, entering my heart by the portals of my love, will coerce my evil and stimulate my good. And if I love Him, I shall keep His commandments—Alexander MacLaren.

Among Baptist heroes who have laid down their lives in France must be included the name of Major E. J. Brooks, of Nova Scotia. Mr. Brooks was the son of the Rev. W. T. Brooks of West Buckland, Wellington, Somerset. In 1905 he entered the Canadian Baptist ministry and at the outbreak of war was in charge of the important church at Falmouth, Nova Scotia. Having secured leave of absence from his church, he obtained a commission as lieutenant in the 25th Regiment of the Canadian expeditionary force. He was respectively gazetted captain and major. He met his death in the moment of victory, gallantly leading his men at the taking of Courcellette on September 15. Lieutenant-Colonel Hillman, who was wounded on the same day, pays a glowing tribute to his subordinate officer in writing: "I have soldiered for over thirty years, but I can honestly say Major Brooks was the most gallant, loyal and sound man I have ever met." A chaplain said, "His life was an inspiration to us all, and no man in the battalion was so loved and respected as he was."

There will be widespread mourning in Falmouth, Nova Scotia, where Mr. Brooks was eminently successful. He was a preacher of unusual ability, and an untiring worker, especially among the young. The Boy Scouts of the town will long remember him, and the deepest sympathy will be felt for Mrs. Brooks, who is now in England. She has received a gracious message of condolence from the King and Queen.

The Rev. F. J. Miles, a Baptist minister from Melbourne, Australia, who occupies the position of senior chaplain to the Australian military force, is now spending a few days in the country on inspection duty. He has had rather unique experiences. He was privileged to conduct two baptisms beneath the shadow of the pyramids in Egypt. Then at Anzio Cove, that shell-swept stretch of water and beach every day, for months, brave boys gave up their lives for the cause, he immersed two candidates. But even this was eclipsed just before coming across here on duty. There was a motor boat that was available, but it was a fair-sized crater that had been made by a large German shell. Recent rains had nearly filled this with water. It was a little awkward to get into and out of, otherwise it formed an excellent baptistry. The service was held in the well-known stadium, within a few hundred yards of the German trenches. Surely never before had Christian confessions of the Prince of Peace put off their uniform to "put on Christ" in a shell-swept salient in time of war.

At the urgent request of Sir Arthur Pearson, Regent's Park College has been loaned to him to permit the extension of the work carried on for blinded soldiers at St. Dunstan's. The arrangement is for the period of the war and six months afterwards. The committee of the college, in arriving at their decision, has been actuated partly by the fact that the supply of ministerial students is inevitably stopped during the war and as inevitably the number of blinded soldiers is increasing. The nature of the college buildings and their proximity to St. Dunstan's make the arrangement ideal in every respect for the work in question. Arrangements have been made for carrying on the work of the college at Hackney College, all the present students being received into residence there. Dr. Gould, the principal, and the members of the staff of Regent's Park, will carry on the classes in Hackney College. Dr. Forsythe and the committee of Hackney College have shown the utmost kindness and cordiality in making these arrangements possible. It is of interest to note that, during the negotiations, Mr. Lloyd George conveyed to Dr. Gould his own deep interest in the matter and his hope that this extension of the work would be possible. All this necessitates that Dr.

Gould and Miss Gould should give up their home in the college, where they have been in residence for twenty years, and find a home elsewhere. The whole denomination, while rejoicing that the Baptists have been able to render such a conspicuous service, will appreciate the great sacrifice which Dr. Gould is thus making and the generous and noble patriotism by which he has been actuated.

We regret to report the death of Second Lieutenant R. E. Vine, M. A., killed in action October 14. He was a member of the Cemetery Road church, Sheffield, Eng., and the only son of Rev. R. G. Vine, B. Sc. After being several times rejected on account of eyesight, he was given a commission in the Cambridgeshire Regiment, and has only been eight weeks in France. A letter from a chaplain says that upon being mortally wounded he took his Bible from his pocket and asked his servant to read to him. This he did until the young officer became unconscious and passed away. "None," writes the chaplain, "who saw him die, will forget the glorious example he gave them of how the true soldier of Christ lays down his life."

The Retch, the most prominent liberal paper of Petrograd, has in its issue of September 16 the following: "Under supervision of the police, Robert Fetter has been banished to the province of Yakutsk, Siberia." Robert Fetter is a brother of William Fetter, who was banished from Russia two years ago, and who is at present in the United States working with the gospel committee for work among war prisoners, endeavoring to raise funds for gospel and tract distribution in the war prison camps of Europe.

Dr. Clifford was practically "snowed under" by letters and telegrams of congratulation on the attainment of his eightieth birthday. Among them we quote the following:

Mr. Lloyd George: "Warmest congratulations on your attainment with such firm step of the eightieth milestone on such an arduous but honored course."

Mr. Herbert Samuel, Home Secretary: "Heartiest congratulations on eightieth anniversary, and of life-long record of great work for great causes."

Lord Bryce: "Sincere respect to Dr. Clifford's character and career."

Mr. Campbell Murray, M. P.: "Dr. Clifford's has been, and is, a grand life. He has my admiration, affection and best wishes."

Rev. R. J. Campbell: "Warmest congratulations, wishing you many happy years to come."

Mr. Campbell Murray: "May I join in love and best wishes to our veteran saint and crusader today"

Digestive Troubles

cause headache, biliousness, constipation, impure blood and other unpleasant symptoms. If these troubles are neglected they weaken the body and open the way for serious illness. Many chronic diseases may be traced back to indigestion that could have been immediately

relieved by

Beecham's Pills. This well-known home remedy has proven itself dependable, safe and speedy during sixty years' use. The fame of having a larger sale than any other medicine in the world proves the dependable, remedial value of

BEECHAM'S PILLS

Department of the Naval Service. NOTICE OF SALE. C. G. S. "OSTREA". SEALED TENDERS addressed to the undersigned and endorsed "Tender for OSTREA" will be received up to noon of the 4th DAY OF DECEMBER, 1916, for the purchase of the steam vessel "OSTREA".

This vessel is of wood construction, is 53 feet long over all, 13 feet in breadth, and 4 feet 6 inches in depth. She is equipped for sailing and fitted with a vertical boiler and a simple engine, and is capable of a speed of approximately 7 miles per hour under steam. She carries a boat, 2 anchors and cable, side and riding lights, compass and binnacle, a 400-gallon tank, stove, etc.

The vessel will be sold as she lies without guarantee of any kind, and may be inspected at any time upon application to Mr. J. A. Matheson, Inspector of Fisheries, Charlottetown, P. E. I., from whom further particulars may be obtained on request. Each tender must be accompanied by a certified cheque, made payable to the Department of the Naval Service at Ottawa, for a sum equivalent to ten per cent. (10 p. c.) of the full amount of the tender. In case of failure to complete the purchase within the time specified the cheque of the successful tenderer becomes forfeit; all others will be returned promptly. The right is reserved to reject any or all tenders.

The terms of the sale are cash within fifteen (15) days of the acceptance of tender. G. J. DESBARATS, Deputy Minister of Naval Service, Ottawa, November 9, 1916. Unauthorised publication of this advertisement will not be paid for.

Something to Copy

NED AND THE SQUIRREL.
Poor timid little squirrel! He does want the peanut. But yet to him the little boy looks big and dangerous. While Mr. Squirrel is deciding whether or not to venture down the tree, you have a chance to draw his picture. Get

a large sheet of white paper and copy this large square. Now divide it into small spaces, perhaps eight on a side, like this picture. Begin to draw by counting the number of squares down and the number across. Draw first in pencil and finish in ink.

ANSWERS TO LETTERS RECEIVED BY UNCLE DICK

Elsie Dennison, Kentville, N. S.—Glad to have your most interesting letter and to have you as a member, also to hear that your brothers like the stories. You seem to be doing well at school.

Winnie Hamilton, Sea Side—What a nice writer you are Winnie. Glad you have joined.

Lottie Canam, Sticksney—You tried hard but got some words wrong. Welcome to the Corner.

Greta Wetmore, 142 City Rd.—Thanks for your letter Greta, also for good wishes. Shall look for you this morning. Marjorie and you are working.

Winnie Brock, 75 Brussels St.—I was wondering where you had been. Call and see me with Willie some day.

Barbara Vessey, St. Stephen—I am so sorry your essay arrived too late to be judged with the rest, Barbara, but you are a clever little girl.

Muriel Vessey, St. Stephen—Glad to have your letter Muriel and I shall look for your entries in the contests. Write soon again.

James Melick, 67 Sewell St.—Always send in the coupon with your entries James.

Gertrude McQueen, Three Brooks—Thanks for your letter Gertrude. Write me soon again.

Alberta Lillian Larrie, Perth—It would be nice for you if another girl moved near you and went into your grade. You seem to be doing well at school.

Eileen Davies, 264 Prince Wm. St.—You sent in a good motto, Eileen, and later I shall choose the best. The essay was well written.

Marjorie Lindon, Newcastle—You got the correct sentence, Marjorie, and deserve praise for your work.

Lawrence Rioridan, Rioridan—You have sent in a nicely colored picture, Lawrence.

Jeanie and Marion Aird—Thanks for

your letters. You are both doing splendid work in the Allies Aid Society.

Hazel Rachel Cunningham, Waterford—Although you did not manage to get the correct words you tried hard, Hazel. Glad you like the Corner so much.

Nan Coleman, 240 Duke St.—Glad you wrote me, you are doing well at school. Your writing is very neat.

Eva Whipple, Summer St.—Thanks for nice letter and appropriate motto. You did well at the lesson.

Townsend Wilson, West Branch—Why not get your papa to take the Daily Standard, because then you would have a daily Corner as you wish? I was pleased to get your nice letter.

Mildred O'Brien, 177 Rockland Rd.—Very pleased you wrote me, Mildred. Continue to try hard and you will succeed, I am sure.

Keith Russell, Russellville—Very sorry to hear you have been sick. What has been the matter?

Clara Robinson, 84 Sydney St.—Glad you wrote me such a nice letter, Clara, and that you are enjoying the Corner.

Beaie Sutherland, McAdam—Your very nice letter was received and I am sorry you did not get all the words correct in the sentence as you tried hard.

Floesie Fothay, 45 Marsh St.—I am sorry you were disappointed, but you can rest assured, Floesie, that although you certainly tried so hard, the prize winner was just a bit better. Yes I know you draw well. Of course it is true. Call me up on the phone or better still, call this morning at eleven o'clock. I am sorry you missed me.

Shirley Magee, 42 Wellington Row—Very pleased you have joined, Shirley. Write me again soon.

Norman Brennan, 120 Prince St.—Although you got one word wrong in the contest your writing was very good.

Hilda Godwin, 137 St. James St.—See what I said to Norman Brennan, as the same applies to you, Hilda.

Weldon Izzard, city—Glad to have your letter, Weldon, and to see you are enjoying the Corner.

Beatrice Comeau, Little Aldenane—Only one word wrong, Beatrice, and you did try hard.

Phyllis Barber, 42 Broad St.—As I have said before, your writing in the contests is most neat and you deserve great praise.

Marjorie Shannon, 64 Wright St.—Glad to have your letter Marjorie, and to hear how you are progressing with the essay. Yes, the candy sale was splendid.

Florence Puddington, Rothesay—Very pleased to see you are enjoying the contests, Florence.

Gertrude Coram, 192 Canterbury St.—Thanks for nice letter and good motto, Gertrude, I shall choose the best soon.

Mabel Rogers, Hartland—What a clever little girl, only one word was wrong.

HE'LL BE HAPPY WHEN HE GETS ONE

THE ONLY

CHILDREN'S CORNER

CONDUCTED BY UNCLE DICK.

Uncle Dick's Chat With the Children

My Dear Kiddies,
If some of you members who live in the country could have called in at the office last Saturday morning, you would have seen a sight to be remembered. What do you think it was? Over a dozen girls, all members of the Corner, and the Allies Aid Society, busily engaged knitting scarves for the men in the firing line this winter. Before they were chatting over the future methods which might be carried out for the purpose of raising more money with which to purchase a further supply of wool, to carry on their work. This society although small has already done a splendid job, the last being that of holding a tea, at which they raised some \$25, most of which was used for buying good things for the soldiers, six large parcels being sent off, and the balance for the wool, to knit the scarves.

I should like to hear from any of you kiddies in the country, or city, who are busy doing work for the boys in the trenches, and if space permits will from time to time mention about the same in the Corner.

A great number of splendid mottos have already come to hand in answer to my request for you to think of a good one for the Corner, and next week I hope to let you have a list of some and then you will have the opportunity to vote as to which will be used. The sender of the chosen motto receiving a small prize.

I hope you are watching the page closely as some of these weeks I am going to spring a huge surprise. Tell all your school mates to join the Corner, and also get into the habit of looking for The Standard every Saturday, besides reading the daily Corner. By the way, if any of you kiddies are unable to get The Standard in your district please let me know. The reason I am asking is because many of you have told me that all The Standards are sold out if you are not at the store early.

You seem to be enjoying the extra contests which I am now letting you have and as I shall be often including these I don't want you to miss them. This week you will see that I am offering a splendid framer as a prize in the big contest, besides, of course, the other valuable prizes in the coloring contests. Now let me see who will be the lucky winner of these competitions.

You will notice that the list of new members still increases and I am pleased to say that we have passed our four thousand mark. Can you make a special effort to get more to join, and see if we can manage to get up to the five thousand before Christmas? Have a hard try, then as the Corner will be better than ever during the coming year there will be all the more to enjoy same.

I shall have to close my letter this week, but before doing so, wish you all the best of time now that the snow has come. Only please be careful as to where you use your framers and sleds, so that no accidents will happen. Don't use them in places where people are passing as you are likely to collide with them, and both yourselves and them.

Write and tell me all about the times you are having, and even if I have space to answer only briefly, you can depend upon it, that I appreciate them just the same.

With heaps of love and kisses,
From your

Uncle Dick

Children's Editor.

MY NIECE'S WEEKLY RECIPE

Almond Candy.

Blanch a pound of almonds by pouring hot water over them until the brown shells come off.

Dry in a warm towel. Make a taffy which is not to be whipped and cook until a spoonful dropped into a glass of water will crackle. Place the almonds in the bottom of a broad pan and pour over the clear taffy.

When half cold, cut into squares with a single-bladed knife, or chopper which cuts evenly through the candy and nuts.

Peanut candy is made in the same manner, but only a very thin coating is made while almond candy is an inch thick.

BEDTIME STORIES FOR THE KIDDIES

The First Zebra

"Queer looking animal, isn't he?" The question came so suddenly and seemingly from nowhere, that little Donald—who was standing by the zebra's enclosure at the Zoo gazing in at this bright orange and black striped animal—was startled, to say the least. No, it could not have been nurse who had spoken, for there she was sitting comfortably on the bench at the edge of the walk reading a book.

"Ho, ho! Can't you see me, Donald? Look! Look this way—here I am!" Then Donald knew it was his strange little friend the Old Man of the Woods, for there was no mistaking that piping, jolly voice a second time. But, though he looked all around, he could not locate him.

Just then the zebra trotted up closer to the side of the enclosure—directly in front of Donald—and the voice became louder and more distinct.

"Well, well," it was saying, interspersed with many chuckles, "so you can't see me yet, eh, Donald? Goodness me, the Sand Man must have forgotten to sweep all the sand out of your eyes before you woke up this morning! Here—here I am—right on top of him!"

The Queer Little Old Man.

And sure enough, there was the queer little Old Man, no bigger than a minute, perched high on the back of the zebra, with just his funny, bald little head, with its two horns, peering out through his mane.

Suddenly the Old Man gave a mighty spring and came flying through the air, landing squarely on Donald's shoulder. His tiny trousers were fashioned of the fur of the brown and the polar bear; and his cloak was made of the humming bird's wings. In his hand he bore his Magic Wand with which he did so many wonderful things.

"Oh, I'm glad to see you Mr. Old Man!" cried Donald. "I was so afraid you wouldn't show yourself this afternoon—and I do so want you to tell me a story about the zebra. I've been watching him for a long, long time. He's so funny looking—"

"Ha, ha!" laughed the Old Man. "He was even funnier looking once, Donald. But, of course, you—well, I'll tell you about it. He was such a foolish animal, too, oh, so foolish!"

"Once upon a time, Donald, in the long, long ago, when all the animals lived together in the Big Jungle and it ruled over them, the zebra was all

quivering all over with terror. The fine ash was still falling thickly, as Mark struggled gamely on. Slowly but surely his lungs were becoming filled with the dust. He clenched his teeth and ducked his head. Then he heard the voice of Quamba, and felt his arm clutched.

"Quick, dis way, Baas!" said the faithful fellow. And together they reached the canoe.

Little more remains to be told. When the two white men had left him, Quamba had moved the canoes and waited.

When an hour had passed and they had not appeared, he suspected that something had befallen them, and, ascertaining that the savages were following the river, had followed them by water.

When he had reached the spot where the tributary entered, he had found the tracks of the savages and canoed up the tributary, to arrive at the village just before the hut collapsed.

At last, after navigating the tributary, the little party reached the main river and plucked up the other canoes with the stores.

Having got on the main river, it was comparatively easy for them to reach civilization. Quamba accompanied them to the coast, but could not be prevailed upon

THE OKAPI HUNTERS.
(Continued from last week.)

The ground gave a great heave, and the hut collapsed. Mark was half-buried beneath the wreckage.

He struggled to get free, but it was useless. One of his legs was pinned down.

"All right, Baas, you'll soon be free. Quamba's here."

It was these words that made Mark's heart thump gladly, and brought hope back with a bound. Could it be true? Could it be Quamba his guide? Surely that was Quamba's voice.

Quamba it was, and in a very few minutes his master was free.

Mark stood up and felt his aching arms. Suddenly he remembered his chum.

"Where's Baas Huntley?" he asked of the black.

"In Quamba's canoe," answered the guide.

"All right, you wait here, Quamba. I'll be back in a second."

Now that he knew that Bob was safe, Mark had but one idea—to secure an okapi at all costs. Was it not for this that he had travelled all these miles?

When he reached the enclosure, only one of the animals was alive. It was a young one, crouching in fear against the stakes. Mark snatched it up, and felt that the timid little thing was

FOUR THOUSAND MEMBERS ENROLLED

Something to Write About.

A picture of a summer's day. The crow and the sheep seem to be the principal objects. What other things do you see? What kind of a day is it? Write a little story about the picture in your own words.

to come to England as Mark wanted him to, for, as the explorer said to Huntley:

"He saved our lives, did that nigger, and," he added modestly, "if it hadn't been for him Sir Christopher Warren would not be able to boast an okapi!"

(The end.)

INTERESTING CONTESTS

A Coloring Competition

Below will be found a picture which every boy and girl not older than fifteen years of age are invited to color with either water colors or chalks. To the boy or girl who sends in what is considered the best piece of work, allowing for ages, I shall award a splendid Camera Complete with one film. All entries must be in by November 22nd, having a coupon filled in and attached to same. All pictures to be sent to Uncle Dick as usual, whose decision must be considered as final.

Why Do You Like the Corner?

A Splendid Framer will be awarded to the boy or girl who sends in what is considered the most original answer to the following question:

"WHY DO YOU LIKE THE CHILDREN'S CORNER IN THE ST. JOHN STANDARD?"

Each entry must be accompanied with the usual coupon correctly filled in, and reach this office addressed to

UNCLE DICK,
THE STANDARD,
ST. JOHN, N. B.

not later than Wednesday November 23. Remember the framer will go to the kiddie who sends in what is considered as the most original answer.

Here are Related Facts and Fancies Concerning the Activities of Individuals and Organizations, the Home, Fashions and Other Matters.

CANADIAN CLUB.

Executive Meeting. A meeting of the executive of the Canadian Club was held in the Stone church school room yesterday afternoon.

Do Not Go To England! This is the advice given by a woman who spent last year in London to every Canadian girl and soldier's wife.

Women in England are wonderful. They bear their sorrows and do their work with a quiet fortitude above all praise.

What an Englishwoman could not, a Canadian may say. Helpless, lonely women bring with them an added burden which is unnecessary.

Women's Suffrage Society. There is also the Women's Suffrage society who take the deepest interest in matters affecting the good of the community.

The Local Council of Women. This joins all the societies together, and unites them under a head.

Pantry Sale by St. Andrew's Church Ladies' Aid. Today in Pedersen's Flower Store, corner of Princess and Charlotte streets, the Ladies' Aid of St. Andrew's church are holding a pantry sale.

Chocolate Layer Cake. For a chocolate layer cake use the following ingredients: Two cups of dark brown sugar, three-quarters of a cup of grated chocolate, two eggs whites, one half-cup of butter, four egg yolks, one cup of sour milk or cream, one teaspoonful of soda and 2 1/4 cups of flour.

Waffles and Griddle Cakes. I shall never forget while out on "location" during the filming of scenes from "Her Father's Son," the director gave us one hour for lunch.

the scene and as it happened we were far out in the woods with no lunch with us at all. We were quite in a quandary until Herbert Standing, who had left the group, returned announcing the fact that he had discovered habitation.

A terrible squawking coming from the back of the house announced the fact that the "monarch" of the mansion was about to wreak vengeance upon an innocent chicken, after a wait of about fifteen minutes it was announced that dinner was ready.

Sift together one quart of flour, one-third teaspoonful of salt, one teaspoonful of sugar, two teaspoonfuls of baking powder, after which rub in one-third cup of butter.

Griddle Cakes. The old time griddle soaked and sour griddle cake is no more, instead the griddle cake has arisen to its proper sphere and is now leading the popularity contest for breakfast dishes.

Buckwheat Cakes. Buckwheats are really my favorite and when properly made prove very delicious without any of the so-called "after effects."

Cinnamon Crescents. Cut slices of bread in the shape of crescents and spread each piece thickly with butter then dust with sugar and cinnamon.

Drop Cakes. Three table-spoons shortening, 1 cup sugar, 1 1/2 cup milk, 2 eggs, 2 cups flour, 2 table-spoons baking powder, pinch of salt.

Chocolate Layer Cake. For a chocolate layer cake use the following ingredients: Two cups of dark brown sugar, three-quarters of a cup of grated chocolate, two eggs whites, one half-cup of butter, four egg yolks, one cup of sour milk or cream, one teaspoonful of soda and 2 1/4 cups of flour.

Cheese Pasties. As an accompaniment to a salad, try these cheese pasties: Take a piece of dough of whatever size you wish, roll out, dot with lard, dredge lightly with flour and sprinkle thickly with grated cheese.

Devilled Olives. Stone large olives and stuff with anchovy paste. Spread oatmeal crackers with the paste and a little softened butter and place three or four olives on each.

Pickled Beets and Carrots. Boil the beets until tender; remove the skins, slice, cover with hot, cover with vinegar that has been well sweetened.

Mock Angel Cake. One table-spoonful of butter, 2 table-spoonfuls milk. Melt the butter in the milk, then add 1 cup of confectioners' sugar and beat, beat, beat.

Jenny Wren Sale and Tea. The little doll's dressmaker, Jenny Wren, is to be at Trinity church room on Wednesday afternoon, November 22.

Bridge at Manor House. Five Rothesay ladies arranged for a bridge which was held at the Manor House yesterday afternoon.

THE LADY FROM MONTANA. So, according to the traditional prescribed form, will the Hon. Jeanette Rankin be recognized by the Speaker of the national House of Representatives when she rises to a point of order or to address the members of the house.

THE SPIRIT INVINCIBLE. You ask me to believe that he, my friend, So lately full of life, so strong of soul, is dead—extinct—his powers at an end.

Carrot pickles are made in the same

Around the City

One Drunk.
One inebriate reported at police headquarters last night.

Leslie Waters' Condition.
Word reached the city last night from Woodstock that Leslie Waters, who was injured at Phillips Thursday was conscious at times, and was resting as comfortably as can be expected.

The Coal Handlers' Wages.
At the meeting of the Coal Handlers, 810, L. L. A., held last night to consider what action had been taken by the Dominion Coal Company to meet the demand of the men, a communication was read from the company informing the men that they were willing to pay fifty cents per hour providing the men would work on the old schedule of nine hours in case the men were working on coal boats the regular ten hours would be enforced. A committee was appointed to take the matter up with Mr. Starr this morning and report back to a full meeting of the organization, to be held in the Longshoremen's hall tonight.

High School Class Entertained.
The boys and girls of Grade XI of the High School, chaperoned by Miss Wilson, Miss Ward, Miss Lingley and W. J. S. Myles of the High School staff, and Mrs. J. Willard Smith and Mrs. E. Barnes, were entertained at the Y. M. C. A. last night. About seventy of the boys and girls were present and spent the evening in games and music. After playing a number of games upstairs they were taken to the gymnasium where they played a number of group games. Next on the programme was refreshments after which they adjourned again to the gymnasium and wound up the evening with a Sir Roger. Just before breaking up a vote of thanks was presented to the teachers and to the Y. M. C. A. for their kindness in providing the evening's entertainment.

Police Court.
In the police court, yesterday, a fine of \$10 was imposed on Thomas Mallory for allowing his horse to stand on the street without a foot-strap. The fine was allowed to stand. William Goodwin, a lad fifteen years old, reported for having no foot-strap on the horse in his charge on Brunswick street, was fined \$10, the fine being suspended on condition that he enroll himself for tuition in a night school. D. M. Steeves was reported for driving an automobile on Brussels street at 10.30 p. m., on the 13th inst., without lights. Mr. Steeves explained that a defective battery was the cause of the lights being out, and that he was on his way to the garage. The fine of \$10 was stood over.

PERSONALS

Rev. W. M. Field, of Bangor, formerly of Andover, is in the city on his way home from Prince Edward Island, where he attended a meeting of the directors of a fox company.

W. R. Carson of St. Stephen was a guest of the Dufferin yesterday.

Claude Brown of Chatham was at the Dufferin yesterday.

J. A. Freeze of Sussex was at the Dufferin yesterday.

A. J. LeBlanc of Bathurst was at the Victoria last evening.

C. A. Abbott of Yarmouth was a guest of the Royal yesterday.

W. B. Bishop of Moncton was at the Royal yesterday.

Miss Fawcett of Sackville was a guest of the Royal yesterday.

Lieut. G. A. Mowatt of Campbellton was at the Royal yesterday.

E. G. Evans of Moncton was at the Royal yesterday.

H. A. Smith of Fredericton was at the Victoria yesterday.

John S. Nicholson of Moncton was at the Victoria yesterday.

E. R. Cooke of Grandale was at the Victoria yesterday.

Thomas Stapleton of Chatham was at the Victoria yesterday.

SCHOOL CHILDREN DID WELL IN THEIR APPEAL FOR BELGIAN KIDDIES

St. John's Contribution is Likely to Reach \$3,500.

DR. BRIDGES PLEASSED WITH FINE SHOWING

Victoria School Headed List With \$950—Two Others More Than \$500.

The returns from the city schools for the Belgian fund have passed expectations, and in all probability, will reach \$3,500; the sum of \$3,365 has already been reported with five schools yet to hear from.

Dr. Bridges, last night, expressed himself as delighted with the showing, which he said was the result of hard work and self-denial on the part of teachers and scholars. He was particularly pleased with the returns from the nine boxes which especially represented self-denial on the part of the children, many of whom denied themselves of candy, picture shows, etc. to put something in the box. He had expected the city schools might raise about \$2,000, but had no idea that, after all the calls on the public for patriotic purposes, the response would have been so generous.

He was so well pleased with the result that he intended to take the time to visit each school and thank the children and teachers personally for the magnificent work they had accomplished.

The leading school is the Victoria which held a bazaar and realized from the sale of tickets and goods \$950, while St. Joseph's and Albert schools raised about \$500 each. The returns made so far are: Victoria, \$950; St. Joseph's, \$510; King Edward, \$180; St. Malachi's, \$100; Centennial, \$150; Winter street, \$150; St. Peter's (boys), \$65; St. Peter's (girls), \$144; Alexandra, \$210; High School \$311; St. Vincent's, \$85; Albert, \$500. Yet to be heard from: Dufferin, LaTour, Douglas Avenue, St. Patrick's and Newman street.

THEVES FOUND THAT DISHONESTY DIDN'T PAY

Young Man Who Stole Harness Speedily in the Toils—The Theft of a Ring.

Yesterday afternoon about 4.30 o'clock Detectives Barrett and Briggs succeeded in arresting a young man who had stolen a set of harness from John Kelley's stable on Somerset street. The harness, which is valued at \$30, was stolen from the stable and taken to John Conlon on the City Road and sold to him for the small sum of \$3.

The harness was detected on Conlon's horse by the detectives on Pond street and they immediately requested the driver to take the team back to the owner's barn on City Road, where the harness was removed. Conlon was taken to the police station where he is detained as witness. The young man, who is sixteen years old, was shockingly afterwards arrested at the place where he has been working on Union street.

Another theft, which also proved unsuccessful, yesterday, took place in the jewelry store of A. and J. Hay, King street. It appears that, in preparation for the coming cold weather, Mr. Hay had engaged the services of several workmen to make alterations in the heating. When the men came to work yesterday they were accompanied by a lad not over fourteen years old. The work to be done was near the repair bench and several articles of jewelry were lying on the bench among which was a lady's ring set with a sapphire, valued at \$6. The young man, after glancing around the store, to see that no one was looking, picked up the ring and put it in his pocket. He was, however, discovered by Mr. Hay and handed over to the police.

It is probable that the lad will not be prosecuted by Mr. Hay but will be handed over to the Children's Aid Society.

A Military Y. M. C. A.
A military Y. M. C. A. has been opened in connection with the troops at the armory and the exhibition buildings. Opportunity is afforded for reading, writing, playing games, etc. Entertainment and social will be held from time to time. Games and reading material are needed and anyone wishing to aid in this way will please notify or send their parcels to H. H. Titus, secretary in charge of the work. Phone Main 3071.

Manufacturers Samples of Ladies' Moire Underskirts.
One hundred and fifty of the finest quality of English underskirts are to be placed on sale at F. A. Dykeman & Co.'s on Monday at a great discount. They are manufacturers samples and are made from the newest and best wearing materials. The assortment of colors is very large and the range of size is fairly complete. Prices run from \$1.00 to \$2.00 each. They are worth from \$1.50 to \$4.00 each.

Skating on Lily Lake.
Several of the young men in the city took advantage of the cold snap and enjoyed a few hours on Lily Lake yesterday afternoon. Although it is a little early for ice skating in this province, the boys claim that there is about an inch and a half of ice on the lake.

OLD TIME TAR REJOINS NAVY

Henry Meean Dons the Navy Blue of Empire—Yesterday's Recruiting Results.

HONOR ROLL.
Henry Meean, St. John, N. B.
Royal Navy
George C. Durgam, St. John, N. B.
James Geddes, St. John, N. B.
Canadian Engineers
Robert Brown, Pallis, N. B.
236th Battalion

Henry Meean, whose name heads the honor roll, having followed the sea for practically all his life, stepped into the naval recruiting office yesterday and signed on for overseas. For several years he worked in charge of the mechanical department. Since residing in the city, for the past eight years, he has been employed on the cable steamer Duplex.

When asked why he joined the navy the mariner replied that it was the place for any sea-faring man who wished to do his bit for the Empire. He said the money was good and the chances for advancement as good if not better on the sea than on the land. Mr. Meean is a married man with four children.

Mr. Durgam, who enlisted yesterday was for five years employed as pianist at the Unique theatre. Prior to signing the honor roll in the city Mr. Durgam made a trip through the Maritime Provinces playing at the different theatres owned by Mr. Spencer.

There was, in addition to the above recruits, one man who reported for duty on the island.

The 165th.
Notwithstanding the fact that the roads were covered with snow and ice yesterday and the weather not so mild as it might have been, the 165th Battalion held a route march as far as Lorneville. The men carrying their gun and wearing their great coats presented a real winter appearance on the Western front.

There was not the slightest sign of any of the members lagging on the march and every man finished almost as strong as when he started.

Captain Corvelli accompanied the men, and after the return to the barracks complimented them on the splendid way in which they carried themselves.

The members of the 165th are somewhat disappointed on account of the postponement of the trench digging, which has been due to the recent fall of snow. However, Lieut. Pierce stated yesterday that he had drafted plans for the trenches and just as soon as the snow leaves the ground the work will commence. It is the intention not to keep the men in the trenches too long, but to give them considerable practice in entering and leaving them.

About 75 members of the 165th left last night on a short furlough for their respective homes. Besides the party that left last night about thirty of the battalion are at home for recruiting purposes.

Major Legere, the senior major of the battalion, and second in command, left yesterday for Richibucto, where he will enjoy leave of absence until the 20th.

Ernest Weeks.
News has come to Major W. A. Weeks of Charlottetown, now connected with the Inland Revenue Department in St. John, that his son, Ernest, a strapping young fellow of 6 feet 2 inches, in his 21st year, has won the Military Cross and also a bar, for his bravery at the front. The gratifying news comes in a letter from Lieut. R. Stewart of the Flying Corps, to friends in Charlottetown. Ernest Weeks went over to England in October, 1914, with the Divisional Signalling Corps. Lieut. Stewart in his letter declares that the young soldier deserved the honor conferred upon him if any one did, and "he should have had it long ago."

The father of the gallant young soldier, Major W. A. Weeks, went to South Africa as a captain in "G" Company, which was made up of men from this province and Prince Edward Island. He was afterwards promoted to a majority, which rank he still retains.

CHARLIE CHAPLIN HANDKERCHIEFS
For Boys and Girls Attending Matinee at Unique Today.

A dainty kerchief stamped with four different pictures of Charlie Chaplin will be given away to those holding lucky tickets at the matinee in the Unique today. Special feature, "The Heart of a Doll."

A visit may demonstrate this to your satisfaction. IF WILL DO NO HARM. GUNDRY'S CUSTOMERS GET THE BEST MERCHANDISE, AT THE BEST VALUES.

Fireman and Brakeman on Canadian Pacific Fears Head on Collision, but it Didn't Happen.

A railway fireman and a brakeman had a narrow escape yesterday morning from serious injury if not death, when they jumped from their rapidly moving trains.

The National Transcontinental Railway and the C. P. R. tracks run parallel for quite a distance in Madawaska county, and about ten o'clock in the morning trains were coming near Green River. The fireman on the N. T. R. thought the C. P. R. train was on his track, and becoming frightened of a head-on collision, made a leap from the cab, and rolled along the side of the track. The brakeman seeing the fireman jump performed a similar feat. The train was brought to a stop and backed up to the point where the men jumped. They were fortunately uninjured, but both felt rather embarrassed when they learned that the train approaching was on another track.

Glover Seed Hulling.
The Department of Agriculture is operating a clover seed huller. If a group of ten farmers have a reasonable quantity of clover containing seed, the department will be pleased to send the machine to thresh the same. For particulars, write J. E. D. Gold, secretary for agriculture, Fredericton, N. B.

THE COST OF LIVING COMPARED WITH SAME PERIOD OF LAST YEAR

In All Lines of Food Stuff Prices Are Advancing.

COMPARISON OF A FEW STAPLES

Various Reasons Assigned for Increase, but Anyhow Consumer Pays.

It is difficult to find out how prices of the necessities of life at the present day compared with those of pre-war days, but it is, of course, understood that an abnormal condition prevails now. Various reasons have been advanced; manipulation of markets, a general uncertainty the world over with regard to the all-important matter of finance; a thousand and one things are blamed for the conditions prevailing, and it goes without saying that the poorer sort are feeling the effects of these conditions.

It is officially stated that during the past month the house-keeper's bills for necessary food-stuffs had increased by seven per cent., as compared with October last year. The advance, it is stated, was principally in bread-stuffs, grains, and dairy products. The Department of Labor and Commerce estimates that the weekly budget for food for the average working man's family is now \$2.30, as against \$7.82 a year ago.

A few prices of necessities that are required in every family are here quoted. They were obtained in St. John yesterday from various sources. They may be compared with the prices charged in November last year with much interest to the consumer.

It is, of course, to be understood that quality, weight, and conditions generally have to be considered in any attempt to compare prices, whether it be in foodstuffs or in any other commodity. The average prices are shown in the following figures:

Flour, Ontario, per 24 pound bag	1915	1916
Flour, Manitoba, per 24 pound bag	1.50	1.50
Bread, one loaf a half pound, reputed	.9	.10
Sugar, granulated, per pound	.8	.3
Eggs, case	.32	.40
Eggs, fresh or farm eggs	.38	.55
Butter, creamery	.34	.48
Butter, tub	.28	.46
Tea, in small quantities (average per pound)	.30	.45
Coffee, various	.55	.60
Oats, rolled, per pound	.5	.6
Raisins, seeded, per pound	.8	.9
Oil, paraffine, per gal.	.18	.20

The above are but a few items that concern the housewife and the house-husband.

Everybody knows that prices have increased, and there seems no hope of escape. "Pay up," is the word. If you would like to buy a goose you can do it to the tune of from \$2.50 to \$3.00 in the country market this afternoon; turkeys are obtainable at from 35c. to 40c. per pound; chickens 28c. per pound. All these prices are in excess of those charged last year at this time. Vegetables are dearer, too. In all lines, Canadian onions, that sold last year at 4c. per pound now command 5c. to 6c.

HAD UNNECESSARY LEAP FROM TRAIN

Fireman and Brakeman on Canadian Pacific Fears Head on Collision, but it Didn't Happen.

HEADQUARTERS FOR RUGS
