A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often a shortened life.

If your work is tiring; if your nerves are excited; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. Try it.

POLITICAL POINTS

The Woodstock Press still labors under the belief that Mr. J. Kidd Fleming will be permitted to contest Carleton for the Federal Parliament of the next election. In its last issue it boasts of the great things which Fleming is going to do to Carvell when he meets him at the polls. The editor of the Press should follow the example of other Tory editors and go to Ottawa occasionally in quest of "inspiration."

The St. John Globe wants the Government to pass an act declaring vacant the seat of Mr. A. J. H. Stewart, member for Gloucester. A simpler method of getting rid of Stewart, is to have him expelled from the Legislature. The only drawback against the execution of this plan is that it is difficult to find a member duly qualified to cast the first stone.

The farmers of New Brunswick ought to go in heavily on potatoes this year. If they should experience any difficulty in finding a profitable market for them they can turn them over to the officials of the Agricultural Department who pulled the province out of a hole in connection with the patriotic potato stunt.

It was J. L. White of Victoria and Geo. B. Jones of Kings who moved and seconded the Fleming whitewash resolution during the closing hours of the last session of the House. It is almost time they were bestowing a similar favor on Stewart of Gloucester.—Mail.

KEEP OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

J. B. Irvine and John Wallace, inspectors for the Bank of Montreal are here today. Mr. Wallace was for a year acting manager of this branch.

PILES Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Dr. Charles Clement will relieve you at once. He is a certain cure you. He is a expert; all cases of hemorrhoids, piles, and other rectal troubles. Sample free if you mention this name and enclose 10c stamp to pay postage.

We have got a lot of Sheet Music, both Instrumental and Vocal, regular standard size, some of the pieces ordinarily selling for 40 to 50 cents, none less than 25 cents. BACK FROM THE FRONT AS RECRUITER

"I wouldn't trade my position for any job in Canada and I can't get back to the firing line too quickly to suit me," declared Emile Violette, not yet 19 years of age and just back from the trenches in Flanders. This young soldier went to the front with the First Canadian Contingent and, as a member of the Signalling Corps, was attached to the 31st Battalion, a western unit, just before he was ordered back to Canada in response to a cabled request from Major General Sir Sam Hughes to take a commission with the 165th New Brunswick French Acadian battalion. Lt. Col. Guthrie requested to have young Violette return to Canada to accept such a position with the intention of having him act as special recruiting officer in the French Acadian districts of the province, and Lieut. Violette is already taking up his work. He spent nine months in the trenches, and just a day or two before being ordered home was slightly wounded on the nose by a splinter from a shell. Today he is here with Charles L. Cyr, ex-M. L. A., of St. Leonards, attending the meeting of the Provincial Recruiting Board—Fredericton Gleaner.

GinPills FOR THE KIDNEYS How They Help

ST. RAPHAEL, ONT.
Four years ago I had such pains in my back that I could not work. The pains extended to my arms, sides and shoulders. I used many kinds of medicine for over a year, none of which did me very much good. I read about Gin Pills and sent for a sample and used them, and found the pains were leaving me and that I was feeling better. So I bought one box and before I used them all, the pains were almost gone and I could keep at work. After I had taken six other boxes of Gin Pills, I felt as well and strong as I did at the age of 30. I am a farmer, now 61 years old.

Pleasant Entertainment by Philathea Class

A patriotic entertainment was held at the home of Scott Sipprell on Friday evening, the affair being promoted and carried to a very successful conclusion by the Philathea class of the United Baptist Sunday school. A nice program consisted of singing by Mrs. P. A. Aiton, Miss Cogswell and the choir, a trio by Messrs. Morgan, Dickinson and Adams, a quartette by Mr. and Mrs. A. Y. Dickinson, Mrs. Aiton and E. C. Morgan, piano solos by Kathleen Kennedy and Mrs. McAdam, piano duet by Kathleen Kennedy and Hilda Boyer and readings by Miss Kierstead, Miss Paget and Frank Hagerman. W. D. Keith gave an interesting and informative catechism on the war. Refreshments were served the assembly and confections were sold. The proceeds, about \$25, go to purchase yarn to be knit into socks for soldiers by the industrious Philatheas.

The song "Off to fight the Germans" was heard at this affair and became very popular.

PERSONAL AUTOMOBILE TALKS

Number 10

Why is the simplicity of the Ford car an advantage?

Because it makes it easier for you to understand and care for it properly. Because, not having any complicated electrical apparatus, it does not become necessary to look up an electrical expert at great trouble and expense.

Because it is not necessary to drag it into a garage once a month for an overhauling.

Many an owner will testify that he has had his "Ford" two or three years and not had to spend a nickel except for gas and oil.

Rene Tracy, Warden of Carleton County, bought a "Ford" car from me in March, 1913. After three full years of service Mr. Tracy has two of the original tires on his car and expects much more service from them.

When you purchase a "Ford" you are not making an EXPERIMENT, but are benefiting by the experience of more than a million happy owners.

MORE ABOUT PATRIOTIC POTATOES

Reference to the auditor-general's report shows that the information asked for is only given in part and that concerning the sales of the potatoes and the prices brought is not given at all. There is no complete statement of transactions. There is a statement that B. Frank Smith, of Carleton county, supplied over 11,000 barrels of "surplus potatoes," and that only 1,766 barrels were purchased outside of him. Not one barrel of these potatoes went to Flanders or Belgium, but notwithstanding this fact, according to the auditor's report, the province paid A. C. Smith and Co., amounts of \$4,244.40 and \$1,955.60 for "barreling, discharging, sorting, rent, light, freight, wharfage, insurance, etc." on the same potatoes. They paid thousands of dollars in freight to the Eastern Steamship Co., the United Fruit Co., the Boston and Havana S. S. Co., and for empty barrels and bags and railway freight. This is on the expense side. Then against this is a credit, rebate on demurrage charges \$602.50 and received from sales of potatoes \$32,861.39, or a total of \$33,463.89, receipts against \$35,418.69 cost of potatoes and expenses in connection therewith.

The opposition asked to whom the potatoes were sold and where they were sold, and the prices and so forth, but Mr. Murray did not reply to these questions. Shippers of potatoes state without hesitation that it was not possible to sell 10,000 or 11,000 barrels of potatoes for nearly \$33,000.

Hon. Mr. Murray says the accounts are at the disposal of the public accounts committee. Will that committee summon witnesses to prove how much more cheaply the potatoes could have been handled, and to show that the whole transaction was nothing more than a game of grab for the money given by the province to "express the loyalty of the people?"

There has been so much evasion and trickery about this patriotic potato business that the truth will never come out until there is an impartial investigation. This is what E. C. Carter, opposition organizer, sought for when he asked W. B. Chandler to inquire into the "loyal expenditure." Mr. Chandler refused because he said he had not time. If there is nothing to hide there is plenty of time yet but a public accounts committee, with no opposition man on it, and independent J. L. Stewart too ill to attend, will never bring out the facts and the graft, particularly when on the committee are members who also sold "patriotic potatoes."

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Sore Throat

"You may not look upon it seriously, but a sore throat indicates a weakness in the bronchial tubes. If neglected it may soon develop into some chronic complaint."

People who are troubled in this way are most susceptible to influenza, contract pneumonia readily, and fall easy victims to consumption.

To remove this irritation, soothe and heal the inflamed membrane, there is nothing equal to

Chamberlain's Cough Remedy

It gives tone to the weakened tissues of the throat, strengthens the bronchial tubes, and at the same time builds up the system. When the throat is healthy, influenza or consumption germs cannot obtain a foothold. Above all things never neglect a child's throat, for it may mean years of suffering for it in after years.

How to Paint for Less Money

We'll tell you how in three words—use less gallons. That's the thing to go by in Paint—not the price per gallon, but the number of gallons required plus the length of time it will wear and look well.

"100% Pure" Paint costs about half as much, counting the surface it covers, and wears two or three times as long as ordinary paint.

You pay by the gallon—both for the paint and for putting it on. The Paint that is cheapest for you is the paint that spreads easiest and covers the most surface.

MARTIN-SENOUR "100% PURE" PAINT

"MADE IN CANADA"

has a covering capacity of 900 square feet of surface per gallon one coat, as against 500 square feet covered by hand-mixed Lead and Oil—or 600 square feet covered by low priced prepared paint.

And as further proof—if you will send us the dimensions of your house, we will tell you the number of gallons of "100% Pure" Paint required to cover it thoroughly. No charge for this service.

Write direct to the Martin-Senour Co., Limited, Montreal, for their 1916 Booklet, "Town and Country Homes", showing many new color schemes and giving valuable paint information.

Operation Decided On As Only Means of Relief

But the Writer of This Letter Resolved to Try Dr. Chase's Ointment First and Was Cured.

This is not an isolated case, for we frequently hear from people who have been cured of piles by using Dr. Chase's Ointment after physicians had told them nothing short of an operation could bring relief and cure.

If you could read these letters, coming as they do, day after day and year after year, you would realize what a wonderful curative agent Dr. Chase's Ointment really is. Few ailments are more annoying or more persistently torturing than piles, and when this suffering is promptly relieved by the application of Dr. Chase's Ointment there can be no

doubt as to where credit is due. Friends and neighbors are told of the results and so the good word spreads, and Dr. Chase's Ointment is becoming known far and wide as the only actual cure for piles or hemorrhoids. Mr. Charles Beauvais, a respected citizen of St. John's, Que., writes: "For 14 years I suffered from chronic piles or hemorrhoids, and considered my case very serious. I was treated by a well-known physician who could not help me, and my doctor decided on an operation as the only means of relief. However, I resolved to try Dr. Chase's Ointment first. The first box brought me great relief, and by the time I had used three boxes I was completely cured. This is why it gives me such great pleasure to recommend Dr. Chase's Ointment to everybody suffering from hemorrhoids as a preparation of the greatest value."
