THE G. T. R. BILL

Arrangements for its Passage by the Senate.

[Special to The Advertiser per C. P. R.]
Ottawa, July 13.—It is understood that an arrangement has been reached between opposition and government sides in the senate to let the G. T. R. agreement bill pass. In committee the bill will be amended by striking out the 40th clause, regarding the traffic arrangement, so that the G. T. R. will not be bound by a 99-year agreement, any more than the inter-colonial.

KILLED BY LIGHTNING IN CHURCH.
Allentown, Pa., July 13.—While waiting for service to begin in the Mennonite Church at Weiss Port, last night, Miss Florence Oswald, aged 15 years, was struck by lightning and instantly killed. Her two girl companions, the only other occupants of the building, were stunned, but not seriously injured.

FOUL PLAY SUSPECTED.
Brantford, July 13.—The express man, when driving to Brantford on the Paris road, Tuesday night, found a man in a critical condition lying on the roadway. He put him in his wagon and brought him to Brantford, but he had expired before reaching here. The body was that of O'Reilly, a cigar-maker. It is said O'Reilly and another young man were out driving Tuesday evening, and reports of foul play are in circulation. The young man is now in the cells and an investigation will be held.

The leading New England granite quarries are about to combine in a \$12,000,000 trust. None of the stock will be offered to the public.

The Situation to Date.

This forenoon the combined City Council and Citizens' Committee met in secret session. They had previously received a letter from the Company, conceding a partial arbitration.

Today the men's committee sent in a reply, that they were perfectly willing to enter into a full arbitration, but not a partial one.

The City Council and Citizens' Committee today held consultations, first with the representatives of the Company, and second with representatives of the strikers. What the Citizens' Committee are trying to do, is to find a basis upon which to arbitrate.

Let them make the basis for arbitration full and complete. The fuller and completer the better in the long run for all concerned.

The Globe's View.
The Toronto Globe exonerates its regular London correspondent from the charge of having sent the dispatch which stated that labor had organized the limited disturbance of Saturday. It has since become known who wrote the dispatch. The Globe quite properly takes the ground that the interests of workmen cannot be promoted by violence, and then proceeds to remark: "It is to be deplored that so many conflicts are precipitated through the refusal of employers to recognize the unions, which are simply the agencies of the workmen. It is time the unions were recognized as an essential of our present industrial system, and the consensus of independent opinion among economists of note is that their influence is beneficial to employers as well as to employees. It does not compromise an employer's dignity to treat with a representative who is generally the best informed, the most reasonable and the most valuable employee of his class. The privilege of dismissing each employee in turn who ventures to protest may seem valuable, but even without a union it can be exercised only within limits. The influences which cause a surplus of men, even in the best of times, which make it an easy matter to fill the place of every recalcitrant or dissatisfied worker, make the union a necessity of our industrial system, and where it is the strongest and the best disciplined there is the best industrial condition and the minimum of friction."

The Council's Duty Now Clear.
Elsewhere will be found the letter of the street railway employee, declining the Company's offer of a partial or restricted adjudication of the present difference. The employees ask a full, unconditional arbitration, the decision to be binding on both parties. We do not see how anyone can cavil at this position.

The civic committee have gone as far as they can go in trying to bring the parties together on common ground. The duty of the City Council is now clear. That body should be convened at once, and should pass a resolution demanding that the whole case be submitted to a full and unconditional arbitration. Neither party would dare refuse. The City Council have a locus standi in this matter, because the Company hold a public franchise. It is incumbent on the aldermen to exercise their authority without delay, and put an end to this intolerable situation. If they do not, the public will sternly hold them to the consequences.

ADVICE FOR THE MAYOR
—How it Could Be Used.

As to the Disposal of the Maxim Gun—How it Could Be Used.

To the Editor of The Advertiser:
While so many are pitching into the mayor and telling him he "lost his head" or that he should throw away the pants and don petticoats, with your permission, I would like to come to his rescue with a suggestion as to his Maxim gun, for I am sure he must now be very uncomfortable with it on his hands. Let him follow the example of Queensland and cable an offer of his Maxim to the British Government to riddle the Boers with. If accepted this would save our valiant mayor from again trundling his Maxim gun around the workshops. Yours truly,
J. H. McMECHAN.
London, July 13, 1899.

A CASE OF CHILD MURDER.
Winnipeg, Man., July 13.—The body of an infant was found in the Red River yesterday by boys fishing. It was that of a boy, and a stove grate was tied to it to insure it sinking to the bottom, where it was caught by the fishing-line.

WANT FULL ARBITRATION

The Strikers' Committee Refuses the Company's Offer

The Civic Committee Again Meet to Consider the Situation.

Will Not Accept Restricted or Conditional Arbitration—Text of the Reply.

The special strike committee met at the city hall this morning, with Ald. Parnell in the chair.

The committee of the striking street railway employees have presented their reply to the company's offer of partial arbitration. The communication is addressed to Ald. Parnell, chairman of the civic committee, and reads as follows:

"Sir,—The undersigned, on behalf of the members of Division 97, of the Amalgamated Association of Street Railway Employees of America, of London, Ont., beg leave to inform the committee from whom they received a copy of the communication dated the 11th day of July, 1899, offering an arbitration on behalf of the London Street Railway Company under certain conditions and restrictions, that they cannot accept the arbitration under the restrictions named. The men insist that the arbitration shall be full and free, covering all matters in dispute which have caused friction and resulted in their being forced to strike, in order that the settlement to be arrived at by the arbitrators shall be a final one, and put an end to all the existing differences, as already offered by them. (Signed)

"THE COMMITTEE."
The chairman reported that Ald. Rumball, Graham, Carrothers and himself had met last night at the mayor's office by good luck rather than good management, and had discussed the situation. Their conclusion was that the only thing left to be done was to lay down a basis for arbitration that would be fair and equitable to both parties, and there let the labors of the committee close. They had met and met in their efforts to bring the parties together for their own good and effected nothing in the way of a settlement. To continue would evidently be a fruitless task. The only reasonable and decent way would be, they thought, to draw up a fair means of arbitration, and let the responsibility rest upon the side which refused to accept it, if it were refused by either.

At this juncture the reporters were asked to retire, and the discussion continued behind closed doors.

It was subsequently decided to call in the company and the strikers, with a view to arriving at a basis of arbitration.

RAN AGAIN AT NIGHT
Street Cars Were Not Molested in Any Form.

Maxim Gun Not Needed—London's "Sickly Authorities"—Notes on the Situation.

Three cars were run last night by the street railway company until 11:30. There were three policemen on each car. One car made a trip through South London at about 9 o'clock. The two others were run on Dundas and Richmond streets. None of the cars were in any way molested.

Some small boys were reported to have thrown stones at Mr. T. H. Smallman's barn in South London at about 10:30. Five policemen were hurried over in the patrol, but found everything quiet.

LONDON'S "SICKLY AUTHORITIES."

The following from the Stratford Herald hits off the situation so pat that we reproduce it:

"But it is a question if this riot has not been exaggerated by the London press. It is difficult to believe in the necessity for the calling in of militia from such distances as Guelph, Woodstock, Galt and Windsor, to put down disorder. It is much easier to believe that the mayor of London fell into a panic when he called for that ludicrous and costly measure. There is ample military strength in London itself, with the Seventh Battalion and Field Battery, and the Carling's Heights' forces to handle any disorder; in fact, the Free Press accounts tell grandiloquently how the mob melted like snow before some thirty valiant redcoats, and since then there has not been a peep in the way of a riot. The trouble, apparently, has been skillfully magnified by press sympathizers with the railway, the impressionable mayor falling a ready victim and ordaining idiotic measures that make a laughing stock of the Forest City and its sickly authorities."

NOTES.</

The Kaiser Boastful

That, Like His Ancestor, His Will Is Inflexible.

Lebon Endeavors to Justify the Cruelty Shown to Dreyfus.

Alleged Scheme to Depose the Cape Ministry.

The Big Liner Paris Safe in Falmouth Harbor—Severe Storms in England—Bank Rate of Discount Raised.

St. Petersburg, Prussia, July 13.—On the unveiling here of a tablet commemorating Emperor William's speech in 1897, in the course of which he promised protection to national labor, the Kaiser telegraphed his intention of presenting to the city the cost of the statue of the great Elector, intended for Berlin as a memorial of his reception, and a reminder that he, like his great ancestor, has an inflexible will, and in spite of opposition "pursues without deviation a course once recognized as right."

Emperor William's remarks promising protection to national labor made a great sensation in political circles. It was addressed to his former tutor, Dr. Hinzpeter. As it was at Bielefeld that he first announced a measure dealing with labor matters, the telegram is interpreted to mean that he does not intend to acquiesce in the Reichstag rejection of the strikes or penal servitude bill.

THE CRUELTY TO DREYFUS.

Paris, July 13.—M. Lebon, the former minister of the colonies, has addressed a long letter to the government in reply to the charges of M. Louis Havet, member of the French Institute, who accompanied M. Dreyfus to Rennes, who alleges Dreyfus was cruelly treated in his island prison. The former minister says no one in 1896 questioned the justice of the verdict of the Dreyfus court martial, and that in September, 1896, it was reported that an American vessel was about to rescue the prisoner, and there was some talk among the wardens as to the possibility of his escape. Hence M. Lebon became solicitous for the safety of the prisoner, and ordered Dreyfus to be confined in his hut, with double-locked doors, but with a sentinel inside, until the hut was surrounded by a palisade, when the hut might be opened. The building of the palisade occupied longer than expected, but no harm to the health of the prisoner was reported. M. Lebon denies complicity with the correspondence of Dreyfus.

RAISED THE RATE.

London, July 13.—The Bank of England has increased its bank rate from 2 to 3½ per cent.

SEVERE STORMS.

London, July 13.—Severe thunderstorms accompanied by a great down-pour of rain, flooded valleys and interrupted railway traffic, occurred yesterday in many portions of England. In Leeds and other cities total darkness prevailed for several hours. In Westmoreland and Lancashire a number of houses and seven persons, two of whom were fatally hurt, were struck by lightning.

THE FRENCH ROYALISTS.

It is believed that the French police reports regarding the royalist plot are exaggerated. Count Boni de Castellane, M. Paul Loubet, and M. Jules Guerin, the deputy, all deny the statements of the police concerning them. Nothing is known in Paris of a duel between Castellane and Count de Montmorin. The latter's residence in Paris is closed, and the whole household is away.

The national fête day pardons on July 14 will include Madame Charles Bianchini, wife of the famous scenic artist, who was sentenced last March to five years' penal servitude for attempting to poison her husband.

THE PARIS AT FALMOUTH.

Owing to the more favorable weather and the fact that such reports as were left could be easily refuted, the divers changed their plans, and suddenly started towing the liner Paris with five tugs for Falmouth, and shortly after midnight the Paris safely entered the harbor. Preparations are being made to beach her in the tidal harbor.

On entering the tidal harbor today the Paris, under the influence of the wind and tide, became temporarily unmanageable. Her stern swung around and struck the end of a wooden pier, upon which a large crowd of people had assembled. The pier shook from end to end; the spectators became panic-stricken, and many fled in a rush for escape. Ultimately control of the ship was regained, and she was safely anchored.

STEAMER LOST, WITH ALL ON BOARD.

Perth, Western Australia, July 13.—

Prospectors and Miners.

Should Take With Them a Supply of Dr. Fowler's Extract of Wild Strawberry.

It would be a wise precaution for those who are going out prospecting or surveying this summer, or who intend working in a mining camp, to provide themselves with a supply of Dr. Fowler's Extract of Wild Strawberry. Diarrhoea and dysentery are great foes of miners, prospectors and surveyors. Oftentimes they get wet and chilled, have to drink impure water or eat food that is not the best. Far away from drug stores and doctors it is a serious matter to be seized with cramps and colic and prostrated with diarrhoea or dysentery. Many an hour of agony has been endured and many a life sacrificed which could have been saved by Dr. Fowler's Extract of Wild Strawberry. It has a wonderful record of over 40 years of cures to its credit, and has never been known to fail even in the severest cases. There are many worthless and dangerous imitations, some of them even called "Wild Strawberry," being put on the market by unscrupulous manufacturers, so see the full name, Dr. Fowler's Extract of Wild Strawberry, in every bottle you buy.

The British ship Carlisle Castle was lost in a storm yesterday off Rockingham. The crew perished. The Carlisle Castle, Captain Lindsay of 1,344 tons net register, left the Clyde March 21 for Fremantle, near Perth, Western Australia. She was built at London in 1865.

FORCED TO BECOME BRITISH SUBJECTS.

London, July 13.—The Cape Town correspondent of the Daily Mail says: The Transvaal field cornets are refusing to register American citizens unless they take oath to bear arms for the republic in case of war. The Americans, therefore, threaten to become British subjects so as to avoid commencing. The Transvaal Government is making representations to Washington on the subject.

DEWEY IS ALL RIGHT.

Admiral Dewey, on his arrival at Suez on board the Olympia, said he was in good health. He appeared to be in excellent condition, which was also the case with his officers and men. Most of them have suffered from malarial fever, but have now quite recovered. The Olympia has been quarantined, no communication with the shore being allowed.

NEARLY THROUGH.

At the session of the Venezuelan arbitration commission Wednesday, Sir Richard Webster, the British attorney-general, in considering his presentation of the case of Great Britain, brought his chronological review up to 1896.

CONSERVATIVE ELECTED.

London, July 13.—In the parliamentary bye-election held in the eastern division of St. Pancras, London, to fill the vacancy caused by the resignation on July 2 of Mr. Robert Grant, Webster, who had represented the constituency in the Conservative interest since 1886, Mr. Thomas Wrightson, the Unionist candidate, defeated Mr. B. F. Costello, the Liberal and Radical candidate, by 187 votes, as follows: Wrightson, Unionist, 2,610; Costello, Liberal, 2,423.

JOTTINGS FROM NEAR-BY PLACES

GLEN OAK.

Glen Oak, July 11.—Miss Minnie Stephenson, the Glen Oak school teacher, attended the great C. E. convention at Detroit, just closed.

Rev. Mr. Johnson, of North Ekfrid, attended the C. E. convention last week, and on his return gave his people a very interesting account of the proceedings.

STRATHROY.

Advertiser Agent, J. D. Meekison. Strathroy, July 13.—The following officers of Fidelity Encampment, No. 14, I. O. O. F., were installed on Monday evening: P. C. R. H. E. Husband; C. P., Dr. O. L. Berdan; S. W., S. E. Furey; secretary, J. P. Nicholson; E. W. Snell; J. W. J. D. Campbell; treasurer, F. L. Harrison; guide, W. T. Gunn; O. S. A. E. McNeice; J. S. F. W. Orr; first guard, W. Wilkinson; second guard, J. Irvine; first watch, R. Clark; second watch, R. J. Avery; third watch, E. Vokes; fourth watch, W. Fitzpatrick; representative to grand encampment, P. C. R. H. E. Husband.

About 125 Orangemen from Adelaide, Metcalfe and Strathroy took part yesterday in the demonstration at London. An effort is being made to hold the next celebration at London. The prize lists of the West Middlesex Agricultural Society will be ready for distribution in a few days. Mrs. Urquhart and daughter Carrie, of Springfield, Ohio, are the guests of Mrs. C. Grist, Kittredge avenue. Mr. and Mrs. Joseph H. English left yesterday for a trip to the old country. They sail from Montreal on Saturday.

A grand moonlight concert will be held at Mount Zion's Church, 4th line, on Wednesday, July 26. Particulars later.

COURTRIGHT.

Courtright, July 12.—Business in this village is improving. The shipping of railroad ties at this point causes quite a stir, there being 50 to 60 men employed in handling them—off the boats and on the cars.

Charles Pluis has been shipping flour by the carload, showing what can be done when a good man gets hold of the business.

A birthday party was given by one of J. J. Coyles' daughters, at which about 30 persons were present. Rev. Mr. Penhall preached his farewell sermon here on Sunday evening to a congregation that filled the church to its utmost capacity. His hearers being composed of all the different denominations in town. During his stay Mr. Penhall has made many warm friends outside of his own church, who are sorry to see him and his estimable family leave. The whole town will miss his pleasant smiles and kind words. We know we express the wish of the village when we wish them God-speed and that they may return to this charge again. After the close of this charge almost the whole congregation waited till they could shake hands with Mr. Penhall, and it was no

unusual sight to see tears in the eyes of both pastor and people when parting.

A very successful raspberry festival was given under the auspices of the Young Ladies' Guild on Monday evening at Diamond Park. The small grove just east of the Diamond was converted into a veritable fairy bower, with Chinese lanterns, bunting, etc. The different booths were very prettily decorated, and the young ladies in charge did a rushing business. One of the features of the evening was the cake walk, given by a number of gentlemen. The cake was awarded to Mr. Reg. McKenzie and his party.

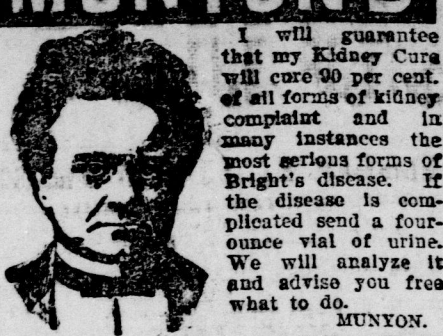

The Evening Star and the Petrolia Orchestra furnished the music. A very severe thunderstorm passed over the town on Tuesday afternoon, accompanied by wind and hailstones. Dan Fraser, son of John Fraser, Mr. B. was unfortunate enough to break his arm on Monday.

The funeral of the late Thomas Thompson took place on Tuesday afternoon at Hillsdale cemetery. The Petrolia and Washington Lodges of Masons attended the funeral. Mr. Thompson's death was a great shock to all, as he was only a few hours ill. He appeared to be in the best of health on Saturday, but died on Sunday. He left a widow and five young children to mourn his untimely end.

The Sunday school picnic of the Baptist Church took place on Tuesday to Stag Island.

SHARP CRITICISM

Mr. Geo. Taylor's Scandalous Attack on the Premier.

Ottawa, July 12.—Concerning Mr. George Taylor's refuted charge that Mr. H. A. Bate presented Sir Wilfrid Laurier with a "damned residence," The Evening Star (Independent Conservative) says editorially tonight: "The premier was not in the house at the time, a fact which, from the rest of the circumstances, only is justified in believing Mr. Taylor took into full account when he launched the slander. No one being there to expose it authoritatively on the spot, the slander would get a considerable start in the press, and what would Mr. Taylor care that the slander smirched the whole Dominion through its chief representative man if at the same time it smirched, or seemed to smirch, the party to which he belonged?"

At the following session of the House of Commons the premier, with dignity and simplicity, contradicted the falsehood, stating that he, through Lady Laurier, had bought and paid for the house.

"Mr. H. A. Bate had already characterized Mr. Taylor's statement as a lie, and had also given facts to prove that a number of Mr. Taylor's assertions were pure falsehoods regarding the contracts of the Bate firm with the government. Mr. Taylor seems to stand convicted of being both a liar and a slanderer. The cowardly character of the business consisting in making statements in a place the privilege of which prevented him being responsible at law, and making them in the absence of the man they were intended to affect, was a cowardly and unbecomingly answer. Such slandering is aggravated lying. Lying is no more respectable in parliament than anywhere else, nor is a member of parliament in uttering lying slanders upon hearsay in the hope of deriving either personal or partisan advantage through some slander hitting near the truth."

Some three years ago Mr. Tamblin was troubled with weak back and severe pain in the kidneys. He used Dodd's Kidney Pills and his trouble was removed. The Toronto inquirer asked if the cure had been satisfactory.

"The cure was quite satisfactory," wrote on the bottom in a firm hand: "T. Tamblin."

Professor Moore Began as Printer in the Signal Service.

Man Who Is Now Chief of the Weather Bureau Came Up From the Bottom—Phenomenal Growth of the Service Under His Administration.

Professor Willis L. Moore, chief of the United States weather bureau, is a native of New York state, having resided for many years in Binghamton, where he is well known. He entered the signal service, now the weather bureau, some 25 years ago and has since devoted his entire time to the study of the service over which he so ably presides.

Mr. Moore entered the service as a printer, but his push, energy, ability and perseverance soon won him promotion. He was promoted from grade to grade until in 1891 he was appointed a local forecaster in charge of the Milwaukee station and the Wisconsin climate and crop service. His administration of that office was so successful as to call forth from the secretary of agriculture, Hon. J. M. Rusk, special commendation.

While Mr. Moore was on duty at Milwaukee there was a vacancy in the grade of professor of meteorology in the weather bureau. By direction of the secretary of agriculture a rigid competitive examination was held to fill this important position. The examination was open to the world. Mr. Moore easily won and was assigned to the new duty in charge of the large forecasting district of which Chicago is headquarters. There he made an excellent record as a forecaster of storms and cold waves.

In 1895 there was a vacancy in the position of chief of the United States weather bureau. The secretary of agriculture desired to place at the head of the bureau the best equipped man in the service. After looking over the important stations in the service Professor Moore, who had administered the affairs of the Chicago office with such marked ability, was selected for appointment as chief of the bureau in which he had served continuously for many years. This appointment was hailed with delight by the men in the service.

The chief of the weather bureau, in addition to being a scientist, has necessarily to be a man of marked executive ability. It is recognized that Professor Moore is the best equipped chief of the weather bureau has ever had. His administration has been able, energetic, efficient and along progressive lines.

The growth and extension of the weather service have been phenomenal. Many new stations have been established, including 16 aerial stations, where observations are made at high

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine, and less than half a bottle cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good."

BASEBALL.

Hamilton, July 12.—London and Hamilton played yellow ball for just one inning today. It was the first inning. London scored four runs on a single by McFadden, a passed ball, a pass to Reed, a two-base hit by Babbitt, a fumble by Phillips, and a throw ten feet over Hagerty's head by Elton. Hamilton got in two runs on hits by Hagerty and Dean, an error by Franck, who played second base, and an error by McFadden. In the second Hamilton landed hard on Seiver's Conwell got a single, leading the ball to first, and made two bases off by Babbitt's poor throw. Baker hit safely, and Hagerty got a pass. Dean also hit safely. With one in and the bases full, Schrahl drove the ball just over McFadden's head and got to second, driving the other three men in. A single by McKevitt, a balk by Seiver, and a three-bagger by Baker added two more runs in the sixth. Baker was put out at the plate trying to make a home run of his drive. London made things interesting in the seventh. Franck hit safely, but slipped in turning a moment later, and was caught napping. Schwartz got a

Pimples
And Boils.

The nasty little pimples that come on the face and mar the beauty, as well as the painful boils which often cause so much suffering, are simply evidences of the bad blood within coming to the surface. When you take a bottle or two of Burdock Blood Bitters these all disappear, because the impurities which caused them are completely removed from the system by the powerful blood purifying properties of B.B.B.

Miss Agnes Bowman, Perry Station, Ont., writes: "I have been a sufferer from boils and pimples on my neck and face for many years. Last December I began taking Burdock Blood Bitters, and after finishing two bottles they all disappeared and have not bothered me since."

THE CANADIANS DOING WELL AT
BISLEY.

Bisley, July 12.—The annual matches of the National Rifle Association are com-
fortably housed in their pretty bungalows, which in decoration and general aspect differs very little from its appearance last year. The wind, however, exceedingly hot, and the wind shift, went into the open competitions, more for the practice than with the idea of capturing leading prizes. Sgt. Major Huggins, of the Thirtieth, made a couple of very good targets in the Golden Penny and Premier. Lieut. Gilchrist and Sgt. Crowe also put in some good bulletseyes at these ranges.

The Golden Penny is an unsquadded competition, which is open to all com-
ers from Wednesday until Monday, seven shots, kneeling, at 200 yards. First prize, a gold medal the size of a penny; five drawings for second and third, valued at 6 guineas, and 245 in money prizes added.

In the Golden Penny, at 200 yards, Sgt. Major Huggins, of the Thirtieth, scored an inner with his first shot, and followed with six successive "bulls"—34 out of a possible 35. Lieut. Gilchrist, First B. F. A., made precisely the same score.

In the Premier, at 600 yards, Sgt. Major Huggins was again in evidence with four bulls, an inner and two bulls, while Sgt. Crowe made his 34 with two bulls, an inner and four bulls following.

In the Burt competition, Lieut. H. C. Blair, of the Seventy-ninth Battalion, put in ten good bulletseyes, and made a top score of 50; Sgt. Bertram, of the Seventy-seventh, followed with 48, and with 47 Pte. J. H. Simpson, of the Tenth Royal Grenadiers, 47; Lieut. A. Robertson, of the Seventy-seventh Battalion, 46; Lieut. R. A. Robertson, Thirtieth Battalion, 46; Sgt. Major Huggins, of the Thirtieth, 45.

Yesterday morning, in the "extra prizes, Capt. Rennie, of the Queen's Own Rifles, Toronto, got within the bull in each of his seven shots, scoring a possible 35. He also gained a similar score in the Premier competition.

He had seven shots, and landed in the center disk each time. In both these events the shooting was at 600 yards. The "extra prize" is an unsquadded competition open to all comers.

In the Premier, Pte. A. R. Fleming (B. T. Co.) made a possible, scoring 35. Sgt. L. T. Bertram, Seventy-seventh Battalion, made a possible in the Ladies' prize, getting within the inner circle in each of his seven shots.

Lieut. John Ogg, First Field Battery, and Lieut. R. A. Robertson, Thirtieth Battalion, made top scores in the Association cup match, at 600 yards. Sgt. A. Gilchrist, Forty-eighth High-
land, followed closely, being only one point behind, his score being 34.

During the progress of the shooting in these events the winds were shift, but the Canadians did remarkably well, never being out of the sim-
ulation. In the Ladies' prize com-
petition the contestants are nomi-
nated by ladies, who must be members of the National Rifle Association.

Money prizes to the amount of £25 are offered, the main prize being £25. Ten and eleven in the Ladies' prize com-
petition can be made by a lady, but a competitor may represent more than one lady.

On every hand the Canadians are being complimented for their splendid bringing some substantial victories to the credit of the Dominion. Every man is in the best of spirits and enjoying good health.

Mr. Wm. Higgins, baker, Wrox-
eter, Ont., states: "I have had Salt Rheum on my foot, right from the toes to the ankle, and while living in Brockville tried every remedy I could hear of, but they all failed and the itching got so intense I could not stand it. I must have spent \$200 in trying to get cured."

"Hearing of Dr. Chase's Ointment, I began to use it, and am now as sound as ever in my life. My foot is perfectly clear of sores and itching. I really can't say enough in favor of Dr. Chase's Ointment, and am ready to answer any correspondence regarding my cure. I am an old settler, well known here, and recommend this remedy to all suffering in the same way."

RADWAY'S READY RELIEF

A Pain Remedy.

For over fifty years this wonderful remedy has proved itself the best, safest and surest antidote for pain in the world.

The True Relief,

Radway's Ready Relief

For Internal and External Use.

In using medicines to stop pain, we should avoid such as inflame the system, as Chloroform, Morphine, Ether, Cocaine, and others, which stop pain by destroying the sense of perception, the patient losing the power of feeling. This is a most destructive practice, as it masks the symptoms, and instead of removing trouble, breaks down the stomach, liver and bowels, and is continued for a length of time, kills the nerves and produces local or general paralysis.

There is no necessity for using these uncertain agents when a positive remedy like RADWAY'S READY RELIEF will stop the most excruciating pain quicker, without entailing the least danger in either infant or adult. It instantly stops the most excruciating pains, always inflammation and cures congestions, whether of the Lungs, Stomach, Bowels or other glands or mucous membranes.

PAIN CURED
IN AN INSTANT

No matter how violent or excruciating the pains the Rheumatic, Bed-ridden, Inflamed, Crippled, Nervous, Neuralgic or prostrated with disease may suffer.

Radway's Ready Relief

Will Afford Instant Ease.

A CURE FOR

Summer Complaints,

Dysentery, Diarrhoea,

Cholera Morbus.

A half to a teaspoonful of Ready Relief in a half tumbler of water, repeated as often as the discharges continue, and a flannel saturated with Ready Relief placed over the stomach and bowels will afford immediate relief and soon effect a cure.

No bad after effects (which are invariably the sequel of dosing with opium, etc.), will follow the use of Radway's Ready Relief, but the bowels will be left in a healthy, normal condition.

A half to a teaspoonful in half a tumbler of water will, in a few minutes, cure Cramps, Spasms, Stomach, Heartburn, Nervousness, Sleeplessness, Sick Headache, Diarrhoea, Dysentery, Colic, Flatulency and all internal pains.

MALARIA,

Chills and Fever, Fever

and Ague Conquered.

Radway's Ready Relief

Not only cures the patient seized with this terrible foe to settlers in newly settled districts, where the Malaria or Ague exists, but people exposed to it will, every morning on getting out of bed, take twenty or thirty drops of the Ready Relief in a glass of water, and in a day, a crackle they will cease attacks. This must be done before going out.

There is not a remedial agent in the world that will cure Fever and Ague and all other malarial, bilious and other fevers, aided by RADWAY'S PILLS, so quickly as RADWAY'S READY RELIEF.

Delighted With Canada.

Last autumn the Dominion Immigration Department invited several editorial associations of the Western States to visit the Canadian Northwest. The invitation met with a cordial acceptance from the newspaper fraternity, and several large excursion parties were taken through Manitoba, the Territories and British Columbia over the C. P. R. The result was a series of glowing accounts in hundreds of the newspapers of the Western States, descriptive of Canada and Canadian resources. These have proved of immense advantage to our immigration agents over the border.

A neat brochure has been issued, in which members of the Minnesota Editorial Association pithily record their impressions of the trip. We quote a few extracts, representative of the whole:

The longest, the best, the most enjoyable, the most valuable from an educational point of view, of any of our excursions. C. A. Bennett, Journal, Granite Falls.

Have seen a country of vast dimensions, of wonderful beauty and natural resources; have met a people of most generous hospitality. All this in a company, every one of whom seems a friend. Mrs. A. T. Anderson, Journal, Minneapolis.

The trip has deepened and strengthened by admiration and respect for the Canadian people, and broadened my ideas of the vast resources of North-western Canada. Martha Scott Anderson, Journal, Minneapolis.

I came, I saw and was conquered by the land of the Britons. May the two flags wave side by side in everlasting peace. H. J. Essler, Herald, St. Peter.

A concentration of more notable scenery and more agricultural lands than any ten days' outing in the world ever offered. H. P. Hall, Trade Journal, St. Paul.

My appreciation of this, the grandest and most satisfactory trip of my life so far, is only exceeded by my inability to crowd my sentiments concerning it into twenty words. W. S. Clay, Independent, Hutchinson.

Interesting and instructive. Railroad service unsurpassed. Scenery beautiful, beyond description. Healthful to all. Excellent country and lands for home-seekers. Canadians desirable associates. Pleasures indescribable. H. Hawley, Advance, Worthington, Minn.

It is beyond the power of mortal man to conceive of the beauty and grandeur of the mountains without first having seen them. M. L. Luby, Ariel, Minneapolis.

Most delightful trip in every way that I have ever taken. The scenery magnificent and the men extremely fine-looking and intelligent. Eva Blanchard, Times, Minneapolis.

The trip was a revelation of the wondrous possibilities of Western Canada. Chas. Vasaly, Herald, Little Falls.

The trip has proven the broadest education yet afforded the Minnesota Editorial Association. Mrs. C. W. Stanton, Press, Appleton.

The trip was a revelation. Every hour revealing some new beauty, grandeur of scenery, proverbial hospitality of the Canadian people. Walter F. Fifield, Minneapolis.

The endless prairies and the huge and rugged mountains beheld on this trip has revealed to the excursionists Canada's possibilities. Mrs. Ole E. Hagen, Fram, Crookston.

Delightful memories of Banff, the glacier, Victoria, Winnipeg, Brandon, Vancouver, Calgary, Seattle, and 500 miles of mountain scenery, will remain with me forever. Mrs. D. C. Lightbourne, Index, Ada, Minn.

The scenery was the grandest, the company formed of agreeable people, the weather perfect, while our reception along the entire route was the most cordial. Hugh S. Munroe, Sun, Morris.

The Canadians and their peerless Canadian Pacific Railroad have given us the grandest and best outing in the history of this association. W. M. James, Telegram, Breckenridge.

A beautiful, charming, delightful, elegant, friendly, glorious, happy, interesting, jolly, kindhearted, long, mountainous, new, orderly, pleasant, quick, restful, sumptuous trip. Mary L. Bolton, Gleaner, Plainview.

The trip has opened the eyes of the press of Minnesota to the extent and resources of Canada. Harry Basford, Register, Austin.

The whole trip has been beyond my greatest expectations, and has been delightful throughout. Daisy Currie, Pioneer, Currie.

The trip has taken us through the grandest country scenery and knit us more closely to the English nation. Mrs. W. W. Holmes, Times, Bellingham.

This trip, as an educator, is worth much more than a year's schooling at one of our best institutions of learning. Mrs. Carlos Avery, Leader, Hutchinson.

No scenery can compare with that

of our neighbors' paradise. One of the grandest sights ever seen by man. Grandeur unsurpassed. All to be seen on the C. P.

Mrs. W. C. Masterman, Stillwater, Minn.

The trip is an important one in that it was through a foreign country and must have a broadening influence on all who took it, and enable them to view life with a broader vision. W. R. Estes, Messenger, Madella.

Supremely enjoyable and educative. Have seen a great country with broad prairies, extensive plains, beautiful cities, magnificent mountains, illustrious resources, whose people have lavished hospitality and good will upon us. George N. Lamphere, News, Moorhead.

The trip was a revelation of the scope and character of a grand domain, as rich in natural resources and in the grandeur of its scenery as great and full of promises. W. J. Munro, Sun, Morris.

The best, the most enjoyable trip ever taken; over the prairies and through mountains, a territory of almost unlimited resources. C. W. Wagner, Review, Litchfield.

A delightful trip, affording much pleasure and knowledge, the mountains and cities being especially interesting. The people were most hospitable. Miss G. Lamphere, News, Moorhead.

This trip has been one of great educational value, for it has taught us much of our Canadian neighbors, the resources of the country. The trip is indescribable. James Ruane, Gazette, Blayton.

Greatest and grandest ever taken; most pleasant and profitable. Best people on earth; Canada and Minnesota. "Rah for Canadian Pacific." W. E. Easton, Gazette, Stillwater.

Grand country, people, scenery and climate. Teaches patriotism and fraternity, makes us glad, broadens our and astonishes even an editor. H. E. Hoard, Leader, Montevideo.

In showing us an empire of rich agricultural country, beautiful and prosperous cities, mountains, canyons, glaciers, torrents and cascades, the great railroad admirably managed, the noble spirit of kinship in our Canadian neighbors—it has been the trip of a lifetime. W. B. Mitchell, St. Cloud.

It is hard to define our pleasant feelings at this moment, but above all, convinced of the superiority of Canadian men, we are ready at the first call to settle on Canadian soil. The Mitchell Twins (Misses), St. Cloud.

Can't be expressed in twenty words. Have written three columns already. Grand! Sublime! A revelation! L. H. McKinstry, Republican, Faribault.

The trip opened our eyes to the vastness of the country to the northward, surprising us with its resources, astounding us with its scenery. H. C. Hotelling, Blue Earth County Enterprise, Mapleton, Minn.

The Toronto Globe, under the heading, "Men of the Day," gives a pen sketch of Mrs. May Wright Sewall. Is this sarcasm or oversight?

The London Morning Post, referring to the street railway disturbance here, and the reading of the riot act, says the best answer to such aggressiveness must always be fixed bayonets. Somebody at this end of the cable has been stuffing the Post. Conciliation and arbitration will do more than fixed bayonets in a peaceable community like this.

The fact that the Marquis of Graham, eldest son of the Duke of Montrose, is serving before the mast on a sailing vessel with a view to qualifying, like Lord Brassey, for a master's certificate, has recalled the fate of the elder brother of the present Earl of Aberdeen, who shipped as a common sailor on a voyage from America to Australia. He went aloft on the night of Jan. 27, 1870, in a terrible storm, and was never seen again.

The Toronto News is much displeased with The Advertiser because it sees nothing vicious in Mr. Preston's hilarious telegram about "hugging the threshing machine." The News before preaching its little sermon should have recollected that no paper condemned the evil in West Elgin more strongly than did The Advertiser. We believe that corruption can be stamped out if the leaders of both parties will resolutely undertake the task. At the same time, we think it unfair to attach sinister meanings to Mr. Preston's slap-dash message, when no one but Mr. Preston understands it, not even Mr. Macnish, who received it. Better wait for Mr. Preston's explanation before maligning him.

NO WONDER. [Cleveland Plaindealer.] "She has a remarkable voice." "In what respect?" "In timbre." "No wonder. She used to call a logging camp to dinner."

A DINNER PILL. — Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healing nutriment, it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion.

BATTLE OF THE BOYNE

Celebrated in London Yesterday With Great Enthusiasm.

Largest Orange Parade Ever Held in This City.

Oratory, Music, Dancing and Sports at Queen's Park—An Orderly Gathering.

Nobody in London forgot for a moment yesterday that it was the Twelfth of July. Little knots of yellow in the buttonhole, a yellow tie, or a bit of yellow ribbon on a parasol, seemed almost universal, while thousands were gorgeously with broad yellow streamers, or rich regalia. Over 6,000 visiting Orangemen thronged the streets. The parade was the largest and finest Orange walk ever held in this city. Between 3,000 and 4,000 people were in line. There were many old men in the parade—some very old. And it was pleasant to watch the old eyes grow bright, the wavering step grow firm, and the bent back straighten as the feet kept time to the stirring music of fife and drum. That music was never still. Nearly every visiting lodge had its band, and from early morning till long after dark some of them were playing. The crowd at Queen's Park during the afternoon made it look like a big fair day. Fully 10,000 people were there.

Montserrat

LIME FRUIT JUICE

No other brand of Lime Juice can compare with "Montserrat" for purity. It has many imitations but no equals. Some other brands have even gone so far as to collect old "Montserrat" bottles and fill them with their inferior article in order to get sale for it.

High class grocers everywhere sell and recommend "Montserrat" Lime Fruit Juice above all other brands. Always ask for "Montserrat."

Mount Brydges; D. J. Patterson, master Royal Black Preceptory, No. 346.

AT THE PARK.
Before the procession reached Queen's Park, a large crowd had assembled at the grand stand, where the speaking was to take place, and on the arrival of those in line the stands were quickly filled. There were in all nearly 8,000 people present, many of whom were unable to get within hearing of the speakers, and were diverted by the whiffles and the gentlemen of the cane-ring persuasion. One did a thriving business on the grounds.

THE SPEECHES.
Mr. S. Clare, county master for East Middlesex, opened the meeting in a few well-chosen words. He referred to the street car trouble, saying the parties to it were getting nearer and nearer to arbitration—something which should have been had months ago. With arbitration, justice would be done our citizens. On Thursday morning a very serious consultation would be held with the company and the men, and it was hoped the trouble would end.

Mr. E. T. Essery was warmly received. He eulogized Mr. Wallace, and said he should be kept in the chief chair, until the next crisis was over, no matter what the country might be. His name was a household word throughout the British Empire, without regard to color, creed or political proclivities. When the Manitoba question was before the people of Canada, Mr. Wallace was a member of the Government, and he had followed to follow. He had one to follow \$5,000 a year, or stand by the Orange Order, and the principles it has always enunciated, and, like the British freeman that he is, he stood by his country, loyal to the order, and ready to sacrifice himself for the right; they should keep him there if they had to do so at the point of the bayonet. They asked no favors; they wanted no favors. They asked nothing but what every British subject was entitled to. They asked their rights; they asked that their children and the children of every person else should grow up side by side, should sit in the same benches in the same

schools, should love the same laws and be judged by the same judges—and there were judges on the bench who did not believe in Orangism, but always acknowledged the law and laid it down as properly as any others. The country had a judiciary of which it was proud, a people the freest in the world, and if all her men in parliament were like Hon. N. C. Wallace, Canada would be king and her statesmen would be the best in the world.

The grand master, on rising, received an ovation. He dwelt with characteristic eloquence upon the historic occasions and characters uppermost in the minds of Orangemen yesterday, the recent struggles of the order, and its prospects. There was a time in Canada, he said, when one was almost compelled to apologize for being an Orangeman. They had, however, gone to the Parliament of Canada with the request for justice, and had demanded and obtained incorporation. Since then they had grown strong; they had no need to apologize now; they had asserted their right to live, in spite of those who misrepresented them. Three years ago, when their own political friends were going away from the paths which Orangemen believed in, the latter had not been afraid to warn them, and today, he claimed, the political party in power at Ottawa, warned, it was true, but only to a certain extent, by the history of the past, was more than content with the Church of Rome. The pope was sending a delegate to Canada on a requisition signed by members of parliament, to assist in regulating our affairs. "If he is coming to attend solely to the affairs of the church," said Mr. Wallace, "we will have nothing to do with it. But I can tell him, and those who sent for him, that if he attempts to interfere with the political affairs of the Dominion of Canada, we will teach him a lesson. We will let him and those who sent for him know that we can govern ourselves, and will not be dictated to."

Rev. Mr. Brown, of Delaware, believed in the great liberty and freedom which Orangism offered everyone. They had brethren of whom they were ashamed, and who made mistakes, they also had brethren of whom they were not ashamed, and who did not make mistakes. (Applause.) The platform upon which they stood was the unadulterated word of God.

Mr. Lowrie, of St. Marys, also spoke briefly, and extended an invitation to the Orange lodges to join in the celebration at St. Marys next year.

GAMES AND SPORTS.
Musical and dancing contests, a baby show and a number of races followed the speeches, and furnished splendid entertainment.

Four bands entered in the fife and drum band competition. Ahoghill, No. 230, London, won first by 18 points; Petrolia, No. 1,095, second, Dexter, No. 880, and Brantford, No. 742, were tied for third place, but the prize was awarded to Dexter, Brantford refusing to play off the tie. The judges were W. E. Hiscott, John Savage and Joseph Murray, all of London.

For best appearance in parade—1 Hackett, No. 805, city; 2, L. O. L. No. 492, Woodham; 3, No. 230, Ahoghill, London.

The most amusing feature of the day was the baby show. First prize was awarded to Dorothy Pinkham, second to Franklin Walker, third to Alfred Martin. Ald. Carrothers and Douglass were the judges. There were over a dozen entries, and the judges had their hands full in trying to explain the decision after the prizes had been awarded.

Orangemen's race, 100 yards—1 Walter Taylor, London; 2 Wm. Miller, Kirkton; 3 Michael Brethour, Woodham.

Pat Orangemen's race—1 G. H. Lott-ridge, Oshwegun; 2 Geo. Mann, Purple Hill; 3 Joseph Murray, London.

Irish jig—1 Ina Riddell, 1. Florence Small, 2. Joseph Grayson, 3. Josephine Grayson, also received a special prize of \$4 for her proficiency.

Highland fling—1 Ina Riddell, 1. Florence Small, 2.

Mr. A. Jamieson, of St. Marys, was adjudged the oldest Orangeman on the grounds. He has passed his 81st birthday and is very robust and hearty. He walked in the procession from the market square to the grounds. Mr. Jamieson has been a member of the Orange Order for 73 years.

The Free Press on Tuesday contained this insulting paragraph: "THE SHERIFF'S EXPERIENCE. 'Sheriff Cameron received a bad scare in the East End late in the afternoon. Mr. Charles H. Ivey drove the sheriff to the scene of the trouble on Dundas street east for the purpose of giving him an idea of what was actually taking place in London. A car was just coming along and a shower of stones greeted it. Several of the stones rattled against the sides of the buggy, and the sheriff asked Mr. Ivey to drive him home. Mr. Ivey did so. The sheriff had seen enough.'"

The sheriff at once wrote to the Free Press refuting the slander. His letter, which The Advertiser reproduced last night reveals some remarkable wire-pulling by the company behind the scenes. The sheriff was waiting on shortly before 8 o'clock on Saturday night by a local street railway director and the company's solicitor, and was requested to read the riot act after the sheriff had declined to do so. The sheriff replied that if necessary he would read the act, but he very properly desired to know the mayor's reasons for refusing. The sheriff said that if the conditions were as represented, and the county crown attorney so advised, he would not hesitate to read the act in any event. We quote from the sheriff's letter to show what followed:

"Mr. C. H. Ivey undertook to drive me to where he represented the county crown attorney to be—the car barns, East London. We drove there, but failed to find Mr. Magee, nor could Mr. Ivey get him by telephone from the barns. Mr. Ivey then asked if I was afraid to go through the crowd apparent at the head of Lyle, on Dundas street. I replied: 'Certainly not. Go ahead.' We did so, turned west on the latter street, and though the crowd on the north side, as far west as Adelaide street, filled the sidewalk from the street line to the curb, we were not disturbed; not a finger was raised to impede our progress, nor an act done that betokened violent intentions towards us. When the corner of Adelaide street was reached, the smashing of the windows in the two cars approaching us from the west, and being taken to the barns by Detective Nickle and a police constable, so disturbed the horse that I suppose Mr. Ivey, who drove, was prompted to turn up Adelaide street. He immediately turned back into the Dundas street crowd, that had less than three minutes before attacked the cars. But no violence was here attempted towards us, and the statement that 'the sheriff asked Mr. Ivey to at once drive him home' is not the fact—is as untrue as the insinuation reference to me was gratuitous and unnecessary."

Everyone who knows Sheriff Cameron must be indignant at the imputation put upon his personal and official honor by the paragraph in the Free Press, which the sheriff evidently believes could have come only from the company's solicitor. The sheriff is a man of courage and promptitude, and while no one is more zealous in the discharge of his duty, he has a coolness of judgment which, unhappily for London, has been lacking in other quarters. It is shameful that he should be traduced by the company and the company's organ because he refused to be the company's tool.

The same mud-batteries have been continually pelting the police magistrate for the same reason. The sheriff and the police magistrate seem to be among the few officials who have shown a sense of proportion and an even balance throughout this whole affair; hence, they are singled out for abuse and misrepresentation by the company and their sympathizers.

The most curious development, however, is the fact that the London Street Railway Company, through its agents, tried to induce the sheriff to read the riot act, even after the mayor had refused. It would seem that the company were instigators of the frantic conduct of certain authorities, who have made London the jest of the whole country. It is probable that the company are primarily responsible for calling in the outside militia. Why should the company not pay for the militia instead of the city?

FROM LONDON'S NEW BISHOP

Circular Letter to the Clergy From Bishop-Elect McEvay.

Hamilton, July 6, 1899.

Rev. and Dear Father: As you have already been informed by the Very Rev. Joseph Bayard, administrator, it has pleased our Holy Father, Pope Leo XIII. by apostolic letters dated May 27, 1899, to appoint me, without any merit on my part, Bishop of London.

The high and holy office of the episcopate, all the clergy know well, brings with it very grave responsibilities, rendered more grave in my case by the knowledge that I am expected, with my humble abilities, to undertake the arduous task of governing the important diocese of London, a diocese which has been so ably and successfully administered in the past by the learned and zealous prelates who have preceded me.

I therefore earnestly request your prayers, and those of the religious communities and faithful laity committed to your charge and direct you as often as the rubrics will permit, until the day of my consecration, to add to the usual prayers at mass the prayer De Spiritu Sancto, and to join with the faithful after mass in reciting the Litany of the Blessed Virgin Mary. In order that by her powerful intercession I may obtain the graces necessary for the faithful discharge of my episcopal duties.

I take this occasion to express my heartfelt thanks to you and to all the reverend clergy and laity of the diocese who have very kindly tendered me congratulations and offered prayers and good wishes on my behalf, and I now most cordially invite you (pro-vided your duties to your congregation permit), to assist at the ceremony of my consecration, which will take place (D.V.) at 10 o'clock, in St. Peter's Cathedral, London, on Sunday, the 8th August next, the Feast of the Transfiguration of Our Blessed Lord. May God Bless you all.

Your faithful servant in Christ,
FERGUS PATRICK McEVAY.
Bishop-Elect of London.

HERE'S A ROAST

The Woodstock Express Thinks Somebody Should Be Court-Martialed.

[Woodstock Express.]

The folly displayed by the mayor and military commander at London since the beginning of the riot last Saturday, now passes all comprehension. The man who ordered or allowed troops under arms and marching batteries to parade the streets of an excited city deserves to be court-martialed. In England, or in any other place where those in command know their business, soldiers are never paraded in the streets or public places when the people are excited, unless a riot is actually in progress. Squadrons of cavalry may be lined up night and day in barrack yards, infantry may be kept in the ranks ready to march at a moment's warning, masked batteries of shotted guns may be trained

TETTERONHANDS

Troubled for years. Sore All Over. Could not use them. Spread over Arms, Neck, and Face. Smarted Like Fire. Physicians no Benefit. Tried CUTICURA. Immediate Relief. Permanent Cure.

I had been troubled with tetter for several years. At times my hands would become all over, so that I could not use them at all, and were so tender that clear water, even, smarted like fire, and it spread over arms, neck, and face. I had been treated by physicians, but without benefit, when I began the CUTICURA remedies. I found relief before I had taken the first bottle. I used three or four bottles of CUTICURA RESOLVENT, one cake of CUTICURA SOAP, and one box of CUTICURA (ointment), and it has never troubled me since.

JULY 12

Orangemen Enthusiastically Celebrate the Memorial Day Throughout the Country.

Toronto, July 12.—The "Glorious Twelfth" was enthusiastically celebrated in this city and many other sections of the Dominion in the customary manner, with parades, speeches and sports.

At Exeter—The Orange procession was formed on the lacrosse grounds at 1:30 p.m., and marched up Main street, which was tastefully decorated with arches, bunting, flags, etc., to the public school grounds, headed by the Exeter Brass Band and ten or twelve pipe and drum bands, where appropriate addresses were delivered by Rev. W. M. Martin, Exeter; Rev. Mr. Salter, Centralist; Rev. Mr. Stout, Kirkton; D. M. Jernyn, grand master of Ontario West, and others.

Lacrosse—St. Marys Juniors vs. Exeter Juniors, resulted in favor of St. Marys—4 to 2.

Baseball—Crediton vs. Exeter, resulted in favor of Crediton.

The weather was fine and there was a very large crowd.

Wingham—The county lodge of North Huron and West Bruce, celebrated the anniversary of the battle of the Boyne by holding a monster demonstration

here. Special trains from Harrison, Goderich, Clinton, Kincardine and Lis-Goderich brought in large numbers. These, added to the number that drove in, swelled the crowd till no fewer than 12,000 persons were in the town. The procession, marshaled by Bros. Morrison, Lucknow; Mulvey, Belmore, and McLean and Gollie, Wingham, was formed in the park and paraded the principal streets of the town. About 50 lodges were in line. A number of brass bands and several excellent pipe and drum bands rendered excellent music. The speaking took place in the park and was presided over by Bro. John Wilford, county master, North Huron. After an address of welcome by Bro. Clegg, mayor of the town, some stirring and enthusiastic addresses were delivered by Rev. W. Lowe, Pastor Freed and R. Hobbs, Wingham; Rev. A. B. Torney, Gollie, Wingham; Rev. A. F. Campbell, ex-M.P.P., Brampton. The whole proceedings were orderly, and nothing happened to mar the pleasure of the day. About 1000 persons were present, and the town was gaily decorated with evergreens and bunting, and the committee in charge spared no pains to render the day a success.

Every time the weather has a cold it takes a drop of mercury for it.
