CHINESE BRIGANDS BURN DOWN A CITY, KILL MISSIONARY

Lao Ho-Kow Sacked by Force
of About 500, Which Got
in by Treachery.

MISSIONARIES WOUNDED
Raiders Secure Rifles, Guns
and Ammunition—An Im-
portant Town.

[Canadian Press.]
Peking, China, March 11.—Brigands to-
day sacked and burned the city of Lao
Ho-Kow, killed Dr. T. F. Froyland, a Nor-
wegian missionary, and wounded several
others, including Rev. O. M. Sama, an-
other Norwegian.
A force of from 400 to 500 of the
brigands obtained entrance to the city
by means of treachery from within.
The brigands then plied torch and
sword throughout. They burned down
the Asiatic Petroleum and the Slinger
buildings, and looted the British and
American Tobacco Company's premises.
Got Rifles and Guns.
Afterward they proceeded to the ar-
senal, where they secured 700 rifles, sev-
eral field guns and much ammunition.
Two thousand ounces were impressed
by the brigands to carry off the loot.

Lao Ho-Kow, which is a river port
on the Han-Kiang, is an important mis-
sion station in the province of Hu-Peh.
Three Mission Stations.
Three missionary societies have repre-
sentatives there. One of them is the
Norwegian Lutheran China Mission As-
sociation, with headquarters in Norway,
which had a staff of three men, two of
them with their wives, and three other
women. Dr. T. Froyland, who was killed
by the brigands, and Rev. O. M. Sama,
who was wounded, were missionaries of
the society.
Another society is the China Inland
Mission, whose headquarters are in Lon-
don, England, and which has a staff in
Lao Ho-Kow of one missionary and his
wife, with three other women.
The third society is also British.
Christian Missions in Many Lands, which
has a staff in Lao Ho-Kow of two mis-
sionaries with their wives.

INVESTIGATING CAUSE OF FIRE AT ST. LOUIS

Coroner's Jury and Committee
at Work—Many Bodies
Still To Be Found.

[Canadian Press.]
St. Louis, Mo., March 11.—More than
100 men today began digging away the
ruins of the Missouri Athletic Club, un-
der which lie buried twenty to thirty-five
bodies of members who lost their lives in
the fire, which destroyed the seven-story
building Monday morning. Ten bodies
were found yesterday and the day be-
fore.

At the same time investigations into
the causes of the fire were opened by a
coroner's jury, and a joint committee
from both branches of the municipal as-
sembly.

Fire officials and the building com-
missioner declare they have no doubt
management of the building was a fire
trap, but that suggested improvements
were not made.

CANDIDATES CHOSEN.

[Canadian Press.]
Winnipeg, March 11.—Lakeside Lib-
erals have nominated C. D. McPherson,
the sitting member, as their candidate
for the Legislature. Liberals of the
constituency of St. Rose nominated J.
A. Campbell; Emerson Conservatives
chose Dr. D. S. McFadden.

SPECIAL TRAIN TO RUN FROM LONDON FOR OTTAWA MEET

March 26 Decided as Date on
Which Big Deputation Will
Visit Government.

FUNDS ARE REQUIRED
Hydro Radials, Deep Water-
way Route, and More Power,
To Be Asked For.

March 26 having been settled upon as
the date for the reception of the Ontario
radial-waterways deputation at Ottawa,
the organization of the mammoth deputation
is now being proceeded with. The
suggestion at present is, that in order
to secure reduced rates and that all
the delegates should arrive in the capital
together, that a special train should
leave London on the evening of the 25th
inst., carrying the delegates from this
city and the surrounding district. In
order that the representatives of the
various municipalities may get together
to discuss the propositions en route, it
is likely that a special car will be
provided for meetings.

Funds Are Required.
The work of organization naturally
falls on the city of London as the com-
mercial centre of the district, and no
special fund has been provided for the
necessary printing, postage, and other
incidental expenses. Grants from the
London city council, board of trade, in-
dustrial bureau and retailers' associa-
tion made possible the recent radial field
deputation, and a circular letter is now
being sent out from the industrial com-
missioner's office asking local whole-
salers, as vitally interested in the pro-
positions under way, to subscribe small
amounts for the organization work that
the department has in hand.

Strong representations are being made
to the Eastern Canada Passenger As-
sociation, and it is expected that a single
fare will be secured for the round trip
from all points.

To Appear Delegates.
It is desired that all the bodies com-
prising the London Industrial Bureau
shall appoint representatives to go to
Ottawa. With the deputation. These
bodies include the city council, board of
trade, builders' exchange, trades and
labor council, Bankers' Association,
Western Fair board, board of health,
Greater Middlesex Association, Manu-
facturers' Association, board of education,
board of water commissioners, and others.

From all over the province, deputa-
tions will be sent to Ottawa to demand
a subsidy of \$6,400 per mile for electric
radial lines, the adoption of the St. Law-
rence deep waterways route to the head
of the great lakes, and provision for the
development of auxiliary power on the
St. Lawrence River and Welland Canal.

FATE OR FIRE BUGS WHICH IS IT?

Four Mysterious Fires in an
Albert Street Residence
Within Two Weeks.

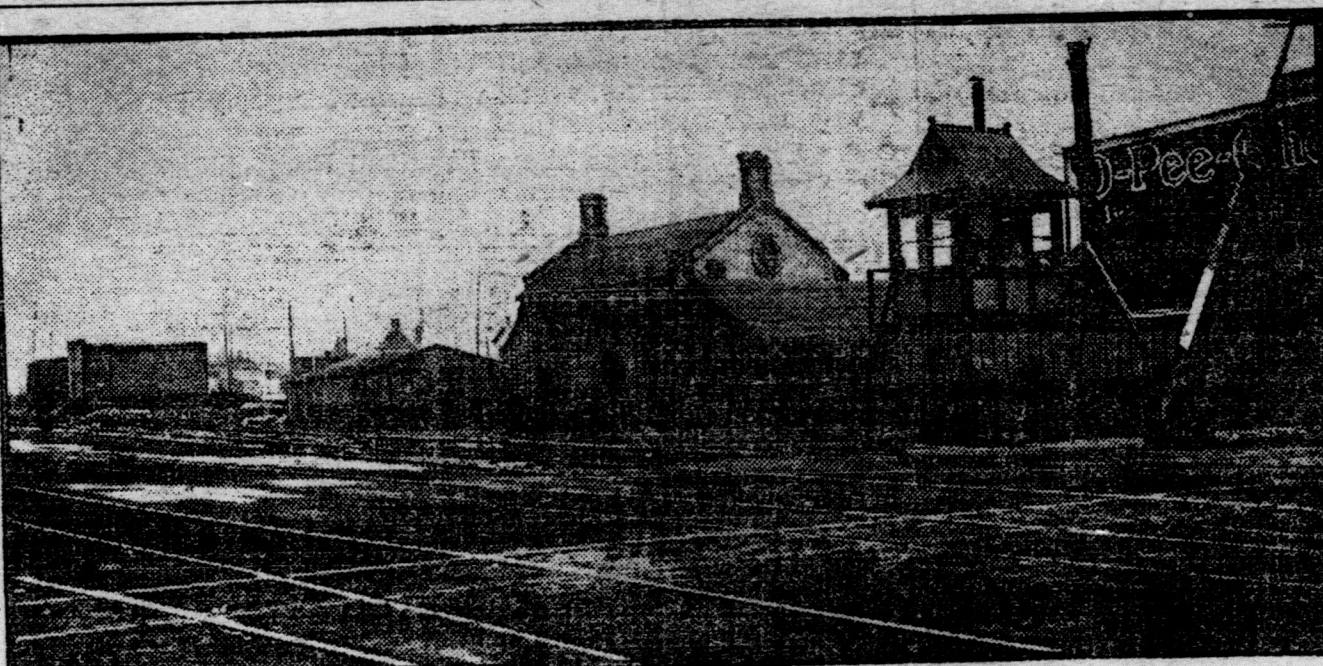

TWO LAST EVENING
Firemen Say "Incendiaries,"
But Owner Knows No
Enemies.

Either fate has been playing strange
pranks, with the assistance of the fire
demon, or else incendiaries have decided
that the home of Charles Adams, 129
Albert street, is a fine location for a
bon-fire. Whatever the agency that has
caused them, there have been four fires
in the house within two weeks and two
of them occurred last evening.

According to the fire department, last
night's fires have every earmark of hav-
ing been caused by incendiaries. The
previous fires have the same appear-
ance also.

Shortly after 8 o'clock Mr. Adams
had occasion to go from the kitchen
into the back shed, where he found in
a portion of the place in flames. With
a few pails of water he succeeded in
quenching the blaze. A few minutes
prior to 11 o'clock members of the
Adams household smelled smoke com-
ing from the vicinity of the garret,
and on investigating, it was discov-
ered that this room was on fire. The
fire brigade was summoned and put
out the blaze with the same result.
Last night's fires make the fourth
that have been put out in the Adams
house during the past two weeks. The
cause has proved a mystery to both
the household and fire department. It
was thought at first that defective
electric wires were responsible, but
these have been examined and found
to be in good condition. Mr. Adams
knows of no one who harbors a grudge
against him that would lead them to
attempt injury to his property.

What Elevated Tracks Would Eliminate

LOOKING EAST FROM RICHMOND STREET ALONG G. T. R. RIGHT-OF-WAY.

Photo by Staff Photographer.
Row of oil houses, tool sheds and storehouses that would pass into memory if elevated tracks for London became an ac-
complished fact. This is another of London's "gateway" pictures that present themselves to visitors or those passing through
the city via the Grand Trunk.

FARMERS' BANK DEPOSITORS TO GET EVERYTHING REPAID

Assurance Brought to Toronto by W. C. Mikel, K. C.—
Sympathizing Country to Help Out Shareholders
in Their Trouble.

[Canadian Press.]
Toronto, March 11.—Depositors with
the Farmers' Bank will hear with joy
the good news from Ottawa that there are
assurances that they will get dollar for
dollar from a sympathizing country. This
was the news which reached here yes-
terday via W. C. Mikel, K. C., of
Belleville, who has been laboring about
the Parliament Buildings at Ottawa on
behalf of those who have suffered loss
by reason of the collapse of the bank.
The news came as somewhat of a sur-
prise to W. Laidlaw, K. C., who has
been very active in the interests of de-
positors and shareholders.

"We did not expect that the matter
would be touched till the budget speech
was off the mind of the minister," he
remarked.

The total deposits with the Farmers'
Bank, when it closed its doors, amount-
ed to \$1,500,000. The capital stock of
\$975,000 was distributed among 805 share-
holders who have faced the prospect of
not only losing their stock, but having
to put up the double liability. The re-
couping of the depositors by the Domin-
ion will mean that the shareholders will
be relieved of a heavy load.

NATIONALIST PARTY CAUSE OF IRELAND BECOMING A FORCE

William Redmond Gives It All
Credit for Part It Has
Played.

[Canadian Press.]
Winnipeg, March 11.—The moment at
which Ireland became a force in the
politics of the Empire was when the
gave up the abortive appeal to the force
of arms and resorted to constitutional
methods by means of the formation of a
strong Nationalist party at W. Redmond's
was the declaration made last night by
William Redmond, Irish Nationalist
leader, John Redmond, speaking
under the auspices of the Winnipeg
branch of the United Service League. He
claimed that every humanitarian mes-
sage which had been placed on the En-
glish statute books had been incorporated
through the assistance of the Nationalist
members.

On Eve of Triumph.
Irish home rule, Mr. Redmond, de-
clared, was on the eve of triumph. The
people of England, Scotland and Wales
had learned that the Irish were not
enemies of any man, but were the
friends of all people who desired liberty,
and were now willing to grant home rule
to Ireland, and he believed that the day
was at hand when a parliament would
be established in Dublin.

Dealing with the home rule measure
now before the British House, Mr. Red-
mond stated that while in certain re-
spects it falls short of the bill which the
Irish people would have framed for them-
selves, it was in general in accordance
with those principles which Irish peo-
ple in convention had adopted, and had
been accepted by the Irish representa-
tives at Westminster.

Mr. Redmond claimed that even
Orange Ulstermen were loyal to Ireland
and would not tolerate separation.

At the conclusion Mr. Redmond was
given an enthusiastic ovation. A large
cheering crowd accompanied the auto-
mobile in which he travelled to the Cana-
dian Pacific Railway. Mr. and Mrs.
Redmond left for Toronto. After leav-
ing Toronto, the Nationalist member will
sail for England from New York.

BODY CUT IN TWO BY GRAND TRUNK FLYER

[Canadian Press.]
St. Catharines, March 11.—John Bel-
ton, 57 years old, a lifelong resident of
St. Kitts, was instantly killed by the
Grand Trunk flyer near Twelve-Mile
Creek last night and his body was cut
in two.

G. T. R. STREET-RAILWAY CONFERENCE ON SUBWAY IS SCHEDULED FOR END OF WEEK

Declaration Made This Morning That Companies Will Get
Together in an Endeavor to Straighten Out Present
Traffic Congestion as Well as Provide
for Elimination of Level Crossings.

Within a week it is expected that
Grand Trunk and London Street Rail-
way authorities will be in conference as
to the elimination of some of the present
level crossings and the construction of
subways to replace them.
The statement that something along
this line would be done immediately was
made at the Grand Trunk station this
morning following the departure of Gen-
eral Superintendent H. R. Whittenberg,
who stopped off here for a short time
and went into the local level crossing
situation thoroughly.

The universal demand on the part of
London citizens for some relief from
the present crossing blockades, has hast-
ened matters, and it is expected its con-
summation will be seen in the negotia-
tions it is said will be opened between
the two transportation companies.

Before he left the city, Superintendent
Whittenberg declared that he would be
back here at the end of the week. This
statement, coupled with assertions that
have been made by the local railway
officials for some time, is regarded as
direct confirmation of the rumor that
subway negotiations will be opened in
earnest at last.

CURIOSITY REVEALS INFANTICIDE CASE BEING CONSIDERED

Supposed Stone Near River
Bank Was Mutilated Corpse
of Infant.

POLICE ARE INVESTIGATING
Absence of Clues and State of
Body Precludes Much Hope
of Finding Perpetrators.

Desire to investigate a fancied sim-
ilarity between a "stone" in the Thames
River, near the York street bridge, and
the body of a naked baby, caused the
discovery yesterday afternoon of what
the police claim is a deliberate case of
infanticide. The supposed stone was the
mutilated body of a 10-months-old in-
fant.

No post-mortem examination has yet
been made on the remains of the child,
whose sex cannot be determined because
of the mutilated state of the body, but
at 4 o'clock this afternoon Dr. Fisher,
of the Institute of Public Health, will
conduct an examination at the morgue
of Griffith & Willis, undertakers.

A coroner's jury empaneled by Coroner
Wheeler, adjourned until March 18,
when the investigation will be con-
tinued in the police station.

Police Without Clues.
In the meantime the police are at work
to locate the person or persons respon-
sible for the child's death and the plac-
ing of its body in the river. The pains
taken by the supposed slayers to ob-
scure the child's identity, rendered the
task almost a hopeless one, the officers
being without a clue as to the identity
of the poor little wretch whose body
was found in the river.

TELEPHONE OPERATOR SAVES THREE LIVES

Blyth Woman, Child and Man
Nearly Asphyxiated When
Found by Neighbors.

[Special to The Advertiser.]
Blyth, March 11.—What might have
been three deaths from asphyxiation were
prevented Wednesday morning by the
common sense of a telephone operator.
It seems Mrs. Bennett, operator at the
central office of the Rural Telephone, re-
ceived a call from Mrs. Mason, East
Wanborough, wishing to speak to her
mother, Mrs. Fenwick. Although Mrs.
Bennett sent in numerous calls she could
not get an answer from the Fenwick
house. So getting alarmed she called up
Alexander Hamm, he being the nearest
neighbor who had a phone, and he and
Mr. Taylor went over. They found the
Fenwick place locked up. They broke
in the door to find the house full
of gas, caused by a leaky coal stove,
and Mrs. Fenwick, her granddaughter,
and Mrs. Fells unconscious. A doctor
was called, who, after some trouble, re-
vived them.

MAY ALDERMEN REFUSE HEALTH BOARD FUNDS?

Board Pares Its Estimates, But It Is Pointed Out
That Almost Any Amount May Be Demanded
If Considered Necessary.

While the board of health applied the
knife to its estimates at a meeting on
Tuesday afternoon, and succeeded in re-
ducing them to the extent of about one
thousand dollars, it has been pointed out
that the city council cannot refuse to
meet the demand of the board for funds,
no matter to what extent those demands
may run.

On this basis the board of health, if it
so desired, and if it could prove that the
expenditures were necessary for the
health of the people, could apparently
put forward any sum that it desired. This
would mean that if the board decided
that a municipal abattoir was required,
the aldermen could do nothing to
pass the expenditure, even if it
might be unreasonably op-
erative, if they refused, it was
board to compel the aldermen
to pass the expenditure, by showing
that the abattoir was really needed.

---and the Worst Is Yet to Come

MAY GIVE SUBSIDY TO ELECTRIC LINES

[Canadian Press.] Ottawa, March 10. — A significant answer was given by Hon. J. D. Reid, acting minister of railways and canals, to a deputation from the St. Lawrence and Ottawa Valleys, which asked him this afternoon for a subsidy for the Morrisburg and Ottawa Electric Light Company, which projects an electric line from the St. Lawrence to the capital.

"I did not know until a few minutes ago," said the Hon. Mr. Reid, "that the proposed line was to go through my county of Grenville. I am in deep sympathy with anything that can be done for the improvement and betterment of Eastern Ontario. The request, if granted, would be a new departure from the established custom. A few years ago it would not have been considered at all, but on account of the ever-increasing use of electricity it may be necessary for the Government to change the policy which has been in force since Confederation, of granting subsidies only to steam railways."

I have been in charge of the department only a few days myself, but I understand that there will be subsidies brought down this year. If there are, I shall be very glad to recommend to my colleagues serious consideration of the request for a subsidy. In any event I will lay before them the great importance of this undertaking, and the great good it will do."

INGERSOLL — Elaborate preparations are being made by the local scout association for the annual concert on April 23. His Honor the Lieut.-Governor Sir John Gibson has accepted an invitation to attend.

ESTEEMED WATFORD COUPLE WHO CELEBRATED THEIR GOLDEN WEDDING

Mr. and Mrs. John Richardson.

COUPLE WED 50 YEARS AGO WERE PLEASANTLY SURPRISED

Relatives and Friends of Mr. and Mrs. John Richardson Kept Arrangements for Big Celebration a Secret Until Anniversary of Wedding Day.

[Special to The Advertiser.] Watford, March 10.—Mr. and Mrs. John Richardson were completely surprised by a number of relatives and friends from the district on the anniversary of their golden wedding recently. Until the guests began to arrive they had intended celebrating quietly but instead were hosts at one of the most enjoyable gatherings ever held in the district.

Mr. Richardson was born in Mossa township in 1837 and in 1855 moved to Adelaide township, near Kerwood. Mrs. Richardson, whose maiden name was Miss Jane Earley, was born near Kerwood in 1847 and fifty years ago they were married and settled on a farm one mile west of Kerwood on the fifth concession of Adelaide township, where they spent forty-nine prosperous and happy years.

Moved to Watford. One year ago they retired from the farm to their beautiful home in Watford, where the celebration took place. They have four sons and four daughters, all of whom are now married.

W. G. Nanton, H. F. Edmonston, and J. J. of Watford are: Mesdames Wm. Nanton, Wm. Waltham, Cor-

DECLINES CENSURE VOTE ON DAVID LLOYD GEORGE

House of Commons Move of Unionist Member by 304 to 240.

[Canadian Press.] London, March 10. — The House of Commons tonight by a vote of 304 to 240 refused to pass what virtually was a vote of censure of David Lloyd George, chancellor of the exchequer. The resolution was proposed by Sir John S. Rankin, Unionist member for Manchester Northwest, who moved that "The House contemplates with regret the attitude of the Chancellor of the Exchequer and his gross and unfounded attacks on individuals."

As brought out in the debate the individuals chiefly concerned in the resolution are titled Conservative landowners with whom Mr. Lloyd George got into controversy in his land campaign speeches.

WILL UNDERGO OPERATION

Duncan Cameron of Tiverton Is Very Dangerously Ill.

[Special to The Advertiser.] Kincardine, March 10. — Mr. Duncan Cameron, of Tiverton, who has been ill for some weeks, has decided to undergo a very critical operation at his home on Thursday. Miss McPhail has been engaged as nurse.

Miss Jane Cameron, daughter of the above, and her aunt, Mrs. Brooks, the sister of Mr. Cameron, arrived on the late train last night from Birmingham, Mich., and immediately left for Tiverton.

Mr. Gibson, baker, who has been in the hospital here, very ill with congestion of the lungs, is now convalescent and at home.

Mr. Thomas Jackson, of Amherley, who underwent an operation at the Kincardine hospital, last week, is progressing favorably.

OVER MILLION FOR GOVERNMENT HOUSE

While Rural Schools Suffer For Lack of Funds—Charge in Legislature.

[Special to The Advertiser.] Toronto, March 10.—Another day of the budget debate in the Legislature passed with a continued Liberal onslaught of governmental extravagance and slipshod bookkeeping.

Thos. Marshall (Monk) declared that the million and a quarter expenditure on Government House was something that no supporter of the administration could easily defend. He thought the people of the Province had been presented with doubtful compliments when eulogies of the education department were given and went on to criticize severely the shortage of grants to rural schools.

Torrance Defends Government. Jas. Torrance (North Perth) took occasion to defend the Government's agricultural policy and proceeded to charge the Liberals with responsibility for the decrease in rural population. To stem the tide the present minister had sought to fill the land with bona fide settlers.

"And where are these people now?" asked Allan Studholme (East Hamilton). "Where were they placed on the land," was Mr. Torrance's answer.

"If the immigrants brought out by the Government had remained on the land Ontario would not show the alarming rural decrease," was Mr. Sinclair's (South Ontario) retort. Most of the money spent in aiding agriculture, he thought, had gone to pay salaries of officials. More money, he thought, could be advantageously spent in assisting the various agricultural societies.

E. A. Donivan (Brockville) took upon his shoulders the burden of defence for the entire administration, and in a lengthy speech, declared that the Conservatives had passed forty amendments increasing the efficiency of the liquor license act. He did not blame the hotel-keepers for supporting the Government.

They were fighting for their lives, and he himself would not support a party that advocated the abolition of the bar if he were in the business.

The debate on the budget continued until 11 o'clock this evening, the late speakers being Z. Mageau, Sturgeon Falls; S. McCrea, Sudbury; Mr. Thompson, Simcoe; and Lieut.-Col. Atkinson, North Norfolk.

BUDGET AMENDMENT

Col. Atkinson introduced the budget amendment protesting against the provincial treasurer's method of presenting the financial statement, charging extravagant and wasteful expenditure of public money, and condemning the vicious system of not earmarking special levies for the particular purposes authorized by the Legislature.

Allan Studholme (East Middlesex) moved the adjournment, and will continue Wednesday. It is expected that Mr. Brownell and W. H. Hearst will conclude the debate on Thursday.

WIFE FINDS HUSBAND HANGING DEAD IN BARN

John Atkinson, of Walsingham, Had Been in Poor Health for Some Time.

[Special to The Advertiser.] Tillsonburg, March 10.—Mr. John Atkinson, about 55 years old, farmer, living on the twelfth concession of Walsingham, two miles from Glenmeyer, hanged himself by tying a rope to a ladder in a barn yesterday. Mr. Atkinson's health has not been good for some time; this is supposed to be his reason for doing the deed. He went to the barn to do some chores, and Mrs. Atkinson followed him in a few minutes and upon going in found him hanging dead. His feet were just merely touching the floor. The funeral and burial will be held at Glenmeyer on Wednesday.

BRITAIN PROTESTS

Against Chicago Drainage Canal Getting More Water From Lake Michigan.

[Canadian Press.] Washington, March 10.—Secretary Garrison, at the instance of the British ambassador, has called upon the army engineers to report on the possible effect upon the level of the Great Lakes of a measure now pending before the House of Representatives, which would permit the diversion of a greater amount of water from Lake Michigan into the Chicago Drainage Canal in connection with the proposed extension of the Chicago park system.

The ambassador, Sir Cecil Spring-Rice, in a note to the state department, said the proposed legislation would encroach on Canada's navigation rights, guaranteed by a treaty between the United States and Great Britain. He urged that in many respects the present petition of the South Park commissioners of Chicago and the Illinois Central Railroad is on the same basis as the previous application of the sanitary district of Chicago, which was disallowed.

Great Britain's position has been brought to the attention of the house committee on interstate and foreign commerce by Secretary Bryan.

SCHOONER PROBABLY LOST. Boston, March 10.—Hope has been practically abandoned for the four-masted schooner Benjamin F. Poole, commanded by Captain F. M. Cole, of Harrington, Me., which left Wilmington, N. C., nearly two months ago for Baltimore. The schooner was built at Bath, Me., in 1886. She carried a crew of eight.

The Double Work of the Blood

The circulation of the blood is one of the most perfect pieces of mechanism in the universe. Besides carrying nourishment to every part of the body, the blood collects the waste products and passes through the kidneys in order that these poisons may be eliminated.

Hence you see the tremendous importance of the kidneys in the healthful working order so that they free the blood from these impurities before they find lodgment in some weak spot and set up serious disease. Aching back and stiff head, troubles with the digestion, deposits in the urine, constipation and biliousness—such are the symptoms which indicate the need of Dr. Chase's Kidney-Liver Pills. The liver is awakened to action, the bowels regulated, and the kidneys made vigorous in their work of purifying the blood. In the great majority of homes Dr. Chase's Kidney-Liver Pills are kept at hand for use in just such cases. They help the digestive and excretory systems in health do much to prolong life and bring comfort in old age. They save many doctor bills, and by keep-

Important Event In Linen Section Thursday

Embroidered Cotton Spreads, Shams and Scarfs

Another of the specially good purchases which are offered from this department from time to time. These have just arrived, with a big shipment of Linens, direct from the mills, and will prove interesting to customers who are ever on the watch for special items.

The designs on these Beautiful Embroidered Spreads, Shams and Pillow Cases are very handsome, selected specially for our trade from a variety of same submitted from the makers, and the prices are exceptionally low for the great amount of embroidery work on each.

SEE WINDOW DISPLAY A showing of all lines will be made in Dundas Street Window today, and we would advise all who are interested in Embroidered Bed Spreads, Scarfs or Shams to see this display and note the prices. Such offerings as these are not given as a lure to induce customers to buy other things. The prices and announcement regarding this line of goods and reason for same concerns this line of goods only, and we invite you to take advantage of same. Every special advantage that comes our way through special purchasing power or knowledge of where to buy, belongs of right to our customers, and we frequently sell for special reasons lots of standard merchandise under price, for the quality of which we are absolutely responsible, whether or not they bear the maker's trade mark. **SEE THESE TOMORROW.**

60 Irish Embroidered Bed Spreads, \$3.50

Large, double bed size, hemstitched all round, and handsomely embroidered on exceptionally fine cloth, the very best of Irish work, well covered, only 5 dozen of these. Get yours early. They will go quickly at this price. Full size for double bed. Special, each **\$3.50**

Also 20, same quality, in single bed size. On sale at **\$2.95**

REACH NO AGREEMENT TO CHANGE LIGHTING

Kincardine Council Discusses Situation With Committee.

[Special to The Advertiser.] Kincardine, March 10.—The water and electric light commission was called together last night at the request of the town council, which had appointed a committee to meet with it and confer regarding the proposition of changing the street lighting.

After some discussion, it was moved by Mayor Mitchell, and seconded by Mr. Patterson, that this commission resolve itself into a committee of the whole. Carried.

Moved by Dr. Armitage, seconded by P. Colwell, that the plan for lighting the streets, as prepared by Mr. Ingram, be adopted. Carried.

Wm. Mitchell gave a review of the standing of the town in connection with the lighting of the streets, cost of the change, and the advisability of lowering the cost of street lighting, which he considered was too high.

Should Be Considered. Mr. Wood thought they should take into consideration the cost of this change before ordering it to be made. An irregular discussion was carried on regarding the cutting of street lights off at a given time. The general impression was that the town should be well lighted the whole night. Mr. Patterson thought the quantity of light on any of the streets should not be lessened.

FIRE CAUSES HEAVY LOSS

[Special to The Advertiser.] Wingham, March 10.—The frame residence of George Orvis, at Zetland, near here, was completely destroyed by fire this afternoon. Mr. Orvis is in Whitchurch business and his wife, after fixing the fire, started over to visit her mother-in-law. About half an hour later the place was found to be a mass of flames and nothing could be saved. There is an insurance of \$600 on the place.

Mr. Orvis lost heavily in the flood two seasons ago.

Wm. Morden, aged 17, son of Palmer Morden, had three fingers terribly lacerated and his thumb split this afternoon when his hand came in contact with a saw at Bell's factory. The attending physicians hope to save the fingers.

Police Constable Phippen paid a visit to Kippin today in search of liquor, but after a diligent search of one place in

those wishing power or heat can use it. It seemed to be the impression that for street lighting the Tungsten lamp is required, as the light could be better distributed at a less cost.

CANADIAN IS AMONG MISSING IN MEXICO

F. T. Cromwell, of Vancouver, Not Heard From Since Last December.

Douglas, Ariz., March 10.—F. T. Cromwell, a mining man from Vancouver, B. C., disappeared in Sonora, Mexico, last December, according to a letter received here today from Mrs. Cromwell, who asks that search be made for her husband.

Cromwell was last seen in Tucson on December 28. He wrote to his wife that he intended to go into Sonora and would return on January 1. She has not heard from him since.

United States officials are reported to have been working on the case for several weeks without success. Cromwell is said to be wealthy.

SEVEN ARMED MEN ROB BRITISH COLUMBIA BANK

[Canadian Press.] Bellinham, Wash., March 10.—Seven armed men robbed a branch of the Royal Bank at Abbotsford, B. C., on the international boundary line, today, and escaped in an automobile with \$2,000.

Three of the men waited outside the bank while four entered. The cashier and a clerk were cowed with revolvers while the robbers seized a tray containing gold and currency.

A posse recovered about \$1,000 dropped by the men in their flight. The posse surrounded the bandits not far from Abbotsford and sent for reinforcements from Vancouver.

GILLETTE'S LYE EATS DIRT

CLEANS DISINFECTS

CHATHAM—It is thought that a tramp set fire to the barns of John Pepper, a Raleigh Township farmer, yesterday. The buildings were destroyed, and much grain and hay lost. Horses and cattle were removed by neighbors only at great risk.

CORNWALL PIONEER DEAD.
Cornwall, March 10.—William Gelling, a pioneer of this section, died today, aged 79 years and 11 months. He was born in Cornwall Township and spent all his life in the district. He is survived by his wife, five sons and two daughters.

Magnifying Misery Into Joy

Dyspeptics, Stomach Sufferers and Appetiteless People May Quickly Find Relief in Stuart's Dyspepsia Tablets.

When a stomach sufferer gets relief he is one of the happiest of human beings and he looks back at his old self with a distinct feeling of horror. Stuart's Dyspepsia Tablets quickly readjust the out-of-proportion stomach and digestive machinery and bring joy and life and love for food to the man or woman who will use them after each meal for a short time.

"Hully gee, I used to feel just like that fellow."

The action of Stuart's Dyspepsia Tablets is a purely natural one. When taken they enter the stomach just like food. They mix with the juices of the stomach. Then they enter into and correctly build up or dilute the juices of the stomach, go into the intestines and there the nourishment from food is taken into the system so follows the ingredients of these wonderful tablets.

They correct the faults of the blood and thus at the next meal the body is better able to produce a stronger and more normal digestive juice.

A short use of these tablets will re-establish your digestion, stop gastritis, heartburn, indigestion, flatulency, gas, and all the troubles that come from a disordered stomach and away with dangerous stomach ulcers and many other unbearable conditions.

Go to your druggist today and begin the Stuart's Dyspepsia Tablet habit. It is the habit of health and appetite. Learn how to yearn for food, not how to spurn it.

Obtain a box from any druggist—price 50 cents. Sold wherever you can find a drug store.

IF HEADACHY, DIZZY, BILIOUS, "CASCARETS"

Clean Your Liver and Waste-Clogged Bowels Tonight! Feel Bulky!

Get a 10-cent box now. You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember, that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean, stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

The Balmacaan Coat

—The designer of this particular style had a very happy inspiration. With its flare back and raglan shoulders, it is thoroughly in accord with the newest style trends, and at the same time it is so handy and serviceable that it's a Coat you'll be "sorry to have wear out." Cut with swing and dash, it is stylish for general wear, and will be jaunty and comfortable for summer outing use. This—just as with all of the season's styles—is amply represented in the Raphael stocks. From \$15 to \$25. Tweeds, coverts and fancy diagonals.

RAPHAEL and Company.
236-238 Dundas St.

CANADA'S GREATEST GAS WELL IS OUTCOME OF "WILD CAT SCHEME," SAYS DR. FAIRBANK

Three Thousand Dollars Worth of Gas Flowing Daily Through Pipes.

EXCITEMENT GROWS AT OIL SPRINGS

Shaft May Be Sunk Still Deeper in Hope That Oil Will Be Found.

[By Staff Reporter.]
Oil Springs, March 10.—With an undiminished flow of eleven million cubic feet per 24 hours, the natural gas well struck on the Fairbank property, about a mile from here, continues to be the centre of much excitement in this district. It is the belief of the drillers who sunk the well that it is by far the largest ever drilled in Canada, and should the flow continue—and there is every indication that it will—the property will be the means of making a large fortune for its owners, the Dr. C. O. Fairbank Company.

Gas Free From Sulphur.
The gas is of the very best quality. It is claimed, and is totally free from sulphur, so that it can be used both for heating and lighting, without being purified. It is similar to the natural gas found in Haldimand County, and which has been used with great success in Bradford and other surrounding municipalities. It is practically odorless, and even at the mouth of the well, where it is escaping free and untrammelled at the rate of nearly eight thousand cubic feet a minute, the odor is extremely faint.

Roar Heard Half a Mile.
The task of harnessing this vast flow was begun this afternoon, and it is expected that the well will be successfully "capped" by Wednesday morning. That the task is attended with some difficulty may be judged from the fact that the pressure at the mouth of the 5½-inch pipe through which the gas is flowing is estimated to be at least 90 pounds to the square inch. The roar of the "gusher" can be heard for a distance of half a mile or more.

May Be Piped to London.
Although the company has not yet had time to formulate any definite plan to where the gas will ultimately be marketed, it is quite possible that some of it will be piped to London within the next year or two. Sarnia is almost certain to be supplied, as well as the town of Petrolia and other outlying towns.

The distance to London is about fifty miles, or just about half the distance from the Tilbury fields, from which pipes have already been laid.

Alexander McQueen, manager of the Fairbank Company, stated to The Advertiser that while it was a little early to formulate definite plans, the gas would be marketed somewhere, and operations to prepare for piping it would be begun as soon as possible.

Might Buy Petrolia Company.
Dr. C. O. Fairbank confirmed this statement, stating that the town of Petrolia and Sarnia, being the nearest, would likely be the first to receive a supply. It is a difficulty in the way of bringing the gas into Petrolia, in the fact that the Petrolia Utilities Company, which at present supplies the town with gas from the Tilbury fields, holds an exclusive franchise, which does not expire for a term of nine or ten years. Dr. Fairbank pointed out, however, that a clause was left in the franchise providing for the buying out of the company at any time.

Was a Mere Experiment.
Dr. Fairbank's account of the discovery of the big well is an interesting one. "It was a great big wildcat scheme, a mere experiment," he said. Last August, it appears, he granted a lease of a portion of his property at Oil Springs, for the purpose of sinking an experimental well. He and a number of other local capitalists assisted in financing the deal.

The drillers met with hard luck. After reaching a depth of about 1,200 feet the cable supporting the drill snapped and the heavy tool sank to the bottom of the shaft. All efforts to bring it up proved unsuccessful, and of course further drilling was impossible.

A small flow of gas resulted, however, and they were encouraged to keep on. Another well sunk a few hundred feet to the west of it proved a dry hole, but going further to the north a third well resulted in a considerable quantity of gas being located, which has since been piped to the street at Oil Springs, where it has been used with great success.

Reached Depth of 1,900 Feet.
Convinced that the gas was there in paying quantities Dr. Fairbank decided to risk sinking a shaft at his own expense. He picked a location about 50 yards from the site of the first shaft, on a bit of

James Whitehead, Who Has Been Named Chairman of Petrolia Board of Health

Lucky Drillers Who Struck the Big Flow

On the left is J. W. Sutherland, foreman; the rest of the group including John Nichol, Edward Hootch, Michael Walsh, Gilbert Esson and Mac McQueen. They are all Oil Springs men.

rising ground. Ground was first broken on New Year's Day, by A. B. Sutherland, one of the oldest and most experienced drillers in the district. His brother, J. W. Sutherland, was foreman of the drillers, who were all Oil Springs men. Cautious work resulted in a depth of 1,908 feet before reaching without the slightest mishap.

Most Phenomenal in Canada.
It was at this depth that gas was struck on Saturday last. It was discovered in a thick layer of porous rock, the depth of which has not yet been determined. A flow of about 2,000,000 cubic feet, believed to be a possibility, that all may be struck further down. If this occurs, an "oil gusher," that will do its own pumping, will result, and the well about doubled in value. As it is the daily flow of gas at present is worth something like \$5,000, so that already \$7,600 worth of gas has passed off into the empty air.

May Go Deeper.
There is no danger of water getting into the well owing to the formation of the ground, and he has hopes of sinking the shaft still deeper, with a possibility that all may be struck further down. If this occurs, an "oil gusher," that will do its own pumping, will result, and the well about doubled in value. As it is the daily flow of gas at present is worth something like \$5,000, so that already \$7,600 worth of gas has passed off into the empty air.

Excitement Is Spreading.
As the news of the discovery spreads, dozens of people visited the scene today, many driving out from Petrolia, a distance of about nine miles, over roads deep in mud. It is practically certain that the next few weeks will see other drillers at work in the field, and several properties are reported to have been leased already.

WILL DRILL FOR GAS IN VICINITY OF SARNIA.
Sarnia, March 10.—A number of real estate men in the town, and several citizens are interested in a deal that is under way to get options on several thousand acres of land in the vicinity of the Tilbury fields. It is the intention of the men, it is understood, to place a drilling rig on the property, and prospect for oil or gas.

Finance Minister White was against any cry of hard times in the iron or any other industry. Depression was general and it was a mistake to say that either protection or free trade was a good thing for a country at all times. Tariffs in the question of expediency and common sense. The question of bounties had been under consideration ever since he took office and he would give the proposals made today fair consideration.

The debate was closed by E. M. McDonald, who declared that Mr. White was a hopeless incompetent and had never showed it more than tonight when he said that he had been considering the proposal for two years without being able to reach a conclusion.

The question was extinguished by the passage of the motion to go into supply.

SHERIFF KILLED IN TRAIN
Welch, W. Va., March 10.—R. L. Taylor, a deputy sheriff, is dead, A. D. Beavers, a former United States deputy marshal, is dying, and D. W. Hickey, a deputy sheriff, and T. E. Hickey, a deputy sheriff, were killed as a result of a pistol battle on a No. 50k and Western train today between Jaeger and Berwind, W. Va.

NEW SENATORS FROM WEST NOW PROPOSED

Government Scheme To Get Senate Majority Needs Imperial Consent.

[Special to The Advertiser.]
Ottawa, March 10.—The Government is not satisfied with the majority in the Senate. It introduced a bill to increase the representation of Manitoba, British Columbia, Saskatchewan and Alberta, and sought today to have the House endorse the increase. It was checked in its mad career by having its attention called to the fact that legislation of the Imperial Parliament would have to be passed to give Premier Borden the sort of a Canadian Parliament he desires. A good deal of law was quoted during the debate, and Sir Wilfrid admitted that the Government had the legal authority to increase the representation in the Upper House from Alberta and Saskatchewan, but not from the rest of the West. Premier Borden would not agree with this opinion, but since it represented the view of Sir Allan

MIDDLESEX TEMPERANCE ALLIANCE INDORSES "ABOLISH THE BAR" POLICY

Declares That Rowell's Temperance Measure Is Best One in Ontario—Unanimous Resolution Asks For Repeal of the Three-fifths Clause—No Vote On Temperance Act.

Indorsing the policy of the Dominion Alliance, and declaring the policy of N. W. Rowell, of the Liberal party, to be the best temperance policy at present before the people of Ontario, and passing an unanimous resolution asking the Ontario Government to repeal the three-fifths majority requirement, the Middlesex County Temperance Alliance, closed its annual convention in the Y. M. C. A. Building yesterday afternoon.

At the afternoon session, Rev. Ben Spence, of Toronto, conducted a round table conference on "Law Enforcement," in reply to questions he explained the working of the license laws and showed how the temperance people could assist in their enforcement.

Rev. J. A. Kolesnikoff, of Toronto, told of the evils of temperance among the foreigners in Canada. They were the greatest supporters of the liquor traffic, he said. The saloonkeeper could readily buy their votes with a glass of beer. A dozen bottles would buy up all the votes in a whole foreign boarding house.

Thomas Baty spoke on "The Duty of the Hour for the Country." He described the growth of local option, beginning with East Williams in 1905, carried largely through the efforts of J. W. Mcintosh; through West Niagara in 1907; Canada in 1909; Westminster, Dorchester, Lobo and Adelaide in 1910; Elfrink in 1912, and Delaware in 1913. Now the only municipalities in the county under license are London township, London city, Ridgely, Glenora, Newbury, Parkhill and Lucan. Mr. Baty was of the opinion that London township should vote again, the sooner the better. Every time a contest was an advantage to temperance, whether it was lost or won. If the Canada temperance act could be voted on in London city, it should be brought on at once. There was some doubt whether the Provincial or the Dominion Government would enforce it.

He urged the temperance workers to "keep an eye open" in local option territory. It would very often deter the liquor interests from asking for an appeal.

In asking for legal restriction of the liquor traffic, the appeal to the individual for total abstinence, should not be neglected. In the United States despite the spread of prohibition, the consumption of liquor was actually increasing. "Immigration is responsible," said some one. Mr. Baty referred to the recent carousals at McConkey's, in Toronto, where Canadians of the "smart set" and men and women alike, indulged in drunken orgies. Mr. Baty lamented the passage of the old Bands of Hope and the Good Templars.

One thing encouraging was that at the last election in East Middlesex both political parties had made bids for the temperance vote.

J. Threlkeld, of Alisa Craig, referred to the Ontario Temperance Act, and said that the Ontario Temperance Act was a "damnable piece of legislation." There was "a terrible lot of drinking there," he said.

Country Before Party.
Rev. G. M. Hazen read a letter from Edgar M. Zavitz, of Coldstream, on "Political Attitude of this Organization." Appreciative reference was made to the

has never had a matter in any shape or form come before this Government in which it was interested to the extent of one cent. Let me say more, that never before a department of this Government, never before an officer of this Government was a matter pertaining to that company submitted for consideration or discussion.

Not a Producing Company.
"I cannot possibly conceive, Mr. Speaker, how any company could be further removed from conflict with the Government than is the company which I refer to. Further, let me say it is not a producing company in the sense of oil or oil wells. Someone has said, 'Do assessment arrangements affect the company?' No, no assessment has been levied, and I have affected them to the extent of one cent, and I think I know. They do not produce a barrel of oil. So far as I know they are refiners and marketers. As refiners and marketers they are interested in the end, and now, having made this statement, if it lies in the mouth of anyone in this House or out of it, or in the columns of any newspaper to suggest how there is in that connection anything that I refer to, I would like, Mr. Speaker, to know where it is and what it consists of."

EVANTUREL IN SILENCE HANDS IN RESIGNATION
Hanna Answers Charge, Denying Any Connection With Standard Oil.

[Special to The Advertiser.]
Toronto, March 10.—Benefit of his friends and isolated from all political influences with either of the two great parties in the province, Evanaturel has resigned his seat in the Legislature as member for Prescott County.

Contrary to expectation, Mr. Evanaturel did not make a further statement to the House this afternoon, although the rules would have permitted him to do so. He visited the Parliament buildings in the morning, completed some correspondence, cleaned out his desk, and then announced to the speaker, which was announced to the House immediately after prayers.

No writ can issue for the election while the House is in session and the seat will remain vacant for some time. Mr. Evanaturel stated to The Advertiser that he had not abandoned his intention to contest the constituency Denial.

Hanna Makes Denial.
Evanaturel's denunciation of members of the Legislature who take retainers from corporations, in which he mentioned Hon. W. J. Hanna particularly, met with a vigorous denial this afternoon. When the words of the day were called Mr. Hanna said:

"I wish as a matter of privilege to refer to something that has appeared in the press in the course of the last three or four days. First it appeared in connection with a report of a meeting in the county of Prescott, and more recently I believe this morning, was repeated in the columns of a newspaper in this city that I am under retainer from the Standard Oil Company."

"Ten years ago this morning, if my memory serves me right, I made in this House a statement similar to the one that I today find it my duty to repeat. And that is this: That never at any time did I or my firm or anyone connected with it receive directly or indirectly one dollar or one cent from the Standard Oil Company or anywhere. (Applause.)"

"Now, then, having said this, let me repeat that I said ten years ago. There is in the town of Sarnia the Imperial Oil Company, a company incorporated in the late seventies or early eighties, a company the shareholders of which are a majority of them Canadian citizens, citizens of this province. A company the majority of whose directors are Canadian citizens, citizens of this province, men in the business life of this province and on both sides of politics; that company has gone on doing business in this province of Ontario since the whole Dominion of Canada. This business is confined to the Dominion of Canada. It is essentially a Canadian company."

Solicitors Since 1897.
"My firm in the town of Sarnia has transacted, as solicitors, the business for that company since 1897, and bear in mind that it is five years before I had anything whatever to do with politics in this province. Ontario, Sir, yet me say that company—I say it with positive knowledge—"

GRAFT INDIA RUBBER ONTO LIVING TISSUE

Parisian Professor Announces a Wonderful Discovery.

Paris, March 10.—Prof. Pierre Delbet, of the surgical clinic of the University of Paris, today communicated to the academy of medicine a report on his discovery of the feasibility of grafting India rubber on living tissue. Prof. Delbet described two cases in which he said experiments he had made had proved successful.

In one of these cases, where the flesh of a finger had adhered to the bone, making the finger useless, the professor said he had interposed a thin sheet of rubber and that the patient was now able to use the finger freely without being aware that there was any foreign substance in it.

The other case was an extensive abdominal cavity, Professor Delbet said, gave absolute permanent relief. The members of the academy were strongly impressed with the report of Professor Delbet and were unanimous in their expressions of their interest in his great possibilities in restorative surgery.

GARRETT EXECUTIVE HEAD OF THE PERE MARQUETTE

Vice-President of the Chicago and Great Western to Rejuvenate Road.

[Special to The Advertiser.]
Detroit, Mich., March 10.—William A. Garrett, of Chicago, who was elected Monday a member of the new board of directors of the Pere Marquette Railroad system, was named as chief executive officer of the system for the receivers, Messrs. Felton, Blair and Waters.

He will take charge of the operating department of the railroad, it is announced. His appointment is effective at once, being dated Tuesday, March 10.

Red Blood For Pale People

A big supply of red blood corpuscles is what helps to make any man or woman have a healthy, pink complexion and cherry lips. Resort to paint and powder are totally unnecessary and besides that, are harmful. Three-grain hypo-nutrient tablets, if used regularly for several months, seem to create a greatly added number of red blood corpuscles, and not only improve the color, but add redness and firmness to the complexion. These tablets promote assimilation, absorption and digestion, and this splendid aid to nature's forces transforms the complexion and figure. They are prescribed by physicians, but being of a perfectly harmless nature, their administration is being followed by many, who obtain them direct from any well-stocked apothecary shop.—Adv.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which is excreted by the kidneys, so they sluggishly filter or strain only part of the waste and poisons from the blood; then you get sick. Nearly all rheumatism, headaches, liver troubles, nervousness, constipation, dizziness, sleeplessness, bladder disorders, come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been constantly used by physicians for many years for the treatment of all urinary troubles, such as gravel, kidney and bladder disorders, and to stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which all regular meat-eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. W. T. Strong, druggist, agent, London.

SMOTHERING OF ASTHMA STOPS QUICK THOUSANDS CURED BY "CATARRHOZONE"

Count Ten—Then Relief Comes From Chronic Asthma.

Nothing yet discovered can compare with Catarrhozone in bad, ugly cases of Asthma. Catarrhozone is the one remedy that can be sent quickly and direct to all parts of the breathing apparatus.

The effect from Catarrhozone is a quick one—you feel better in no time—keep up the good work, use Catarrhozone as directed and you get well.

If your case is curable, if anything on earth can rid you permanently of Asthma, it will be Catarrhozone. It contains that strangely soothing and day is the time to use Catarrhozone.

GIRLS! HAVE BEAUTIFUL, LUSTROUS, FLUFFY HAIR---25-CENT DANDERINE

No More Dandruff or Falling Hair—A Real Surprise Awaits You.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Danderine. It can be sent quickly and direct to all parts of the hair. It is a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

LONDON, WEDNESDAY, MARCH 11.

Villa should be almost ripe for an American vaudeville circuit.

With Marconi's wireless telephone in operation, central will no doubt change her tune to "Eber's busy".

An agitation should be started against writing "John" as "Jno." or "George" as "Geo." What's the idea anyway?

The invasion of Erie by the Canadian League might bring a military subsidy if it were brought to the attention of Sam Hughes.

"Jealous Toronto lover kills sweet stock issue by Toronto Power Co."—Toronto Mail-Empire. Wonder if Adam had a hand in this awful butchery?

"A revived Coxe's Army is not the success it should have been," says a headline. But Coxe's Army is a failure, or a whole column of them, anyway.

Some Conservative newspapers that are crying "graft" have themselves been guilty of "grafting" during the past year, and in the distinguished company of the Calgary Eye-Opener.

It would become England to show the cordial feeling that exists as a result of President Wilson's stand on canal tolls by reconsidering the decision to refrain from exhibiting at the Panama exhibition.

The New York Evening Post, an impartial observer of Canadian affairs, says of the N. T. R. "scandal": "From the beginning the investigation had a partisan color, no Liberals occupying seats on the commission, and the Government has itself to thank that the charges are treated as a campaign document."

The American-Greek newspaper, Atlanta, advises all young Greeks in Canada to join the militia. The editor candidly admits his object is to train the young Greeks to be able to fight for Greece. But not at Canada's expense, Mr. Editor, although Col. Hughes would no doubt be willing to train anyone who will dress up for him.

The University of Wisconsin is becoming noted for its experiments in social matters. It is now sending out a military expert to teach farmers' wives how to make over last year's hat into this year's fashion. We doubt if it will work. The average woman does not want to wear last year's hat, even though there has been an attempt to remodel it. She would never feel sure but what her next door neighbor would detect the fact that it was last year's hat, and not a real new one. Besides, the makers of fashions will take care to devise millinery schemes which cannot be done over satisfactorily. It is no use trying to fool with the fashions, or the people who patronize them.

Mr. Bonar Law, leader of the Unionist party in Britain, has issued a pamphlet on the tariff. When his party gets into power they will place a 10 per cent duty on imports. He does not define the course that will be followed, but we assume the result will be something like this: The British merchant will be able to charge the workman 10 per cent more for what he buys. However, that will be met by the manufacturer raising his wages 10 per cent. Then the landlord will come in and raise the workman's rent 10 per cent, which will be all right for the landlord, but will not help the worker. As to the overseas dominions they are to have a preferential tariff on the manufactures which England does not import; but on food stuffs which we export there will be no duty. A great scheme.

THE GAS GUSHER.
SINCE Thursday when the great "gas gusher" at Oil Springs was struck thousands of dollars have shot into space with a four that may be taken as a signal to draw men from near and far. There is money in the air. And just as money in the air in the form of oil has caused "rushes" to the field of operations, so is the great discovery of gas likely to cause a rush of gas seekers to the Oil Springs location. Petroleum and Oil Springs will be filled with desiring locaters within a short time, once the news has travelled.

For years men have drilled and drilled in the Petrolia district and have never unboxed this great natural storehouse of energy. By the merest chance the discovery of material for fuel and light to serve many cities was made. That is the chance of the game. There are old oil seekers in Petrolia who believe that there are as many rich stores of oil at present in the field as were ever before

tapped. And the discovery of gas in such quantities means that men will be more intent than ever to try for nature's treasures.

From a commercial standpoint the discovery is of the greatest importance to the towns of Lambton County and to the city of London. An unlimited supply of absolutely pure gas has been let loose from the bowels of the earth, and there is every reason to believe the well will have endurance. If the daily output reaches such quantities as 11,000,000 feet there will be more than enough for London and many other municipalities, and the commercial possibilities will be enormous. Statements concerning the discovery are received with credence when the name of the Fairbank property, where the discovery was made, is mentioned. The Fairbanks, father and son, have stood for the sound development of the district, and the fluid will be put to proper uses and with enterprise by the representative of the line who is in charge of the property.

TO THE MEMORY OF SIR GEORGE.
DEAR in the memory of Sir George Ross was his constituency of West Middlesex and his old birthplace at Nairn. Dearest of all to his old constituents and neighbors in West Middlesex will be the memory of Sir George Ross. In a real, living sense he was their clansman through all his long life, though separated from them in his later years. More appropriate to his life and the triumphs of his life than a shaft of marble in some alien square would be a memorial on the birthplace at Nairn. That old willow that he loved will stand for many years as his tree, but something more enduring, something to mark for all time the life and works of the great man of West Middlesex should be erected, and it would be fitting that his old constituents should be the men to pay this tribute to their friend and benefactor.

OLD AGE PENSIONS.
THE proposition in Parliament to provide a system of old age pensions was rather summarily dismissed by the Finance Minister with the statement that not 80 per cent of the people took any interest in it. Our conditions, he thought, were different from those of older countries where pauperism existed to a greater degree. The fact, however, that the average of comfort is greater in Canada than in some other sections of the civilized world does not necessarily prove that we have no old people who have worked all their lives until disabled by age, and are left to be a burden to municipalities, and made the recipients of private as well as public charity. It only proves that some proper system could be inaugurated now at far less expense than it could be when we have grown older as a country, and distress becomes greater.

Some form of state provision for the sick, the unemployed and the aged, is becoming recognized in civilized countries as an absolute duty. Germany has a system of state insurance. England is providing for all classes of people under disabilities by the social legislation of the present Government. In a number of the neighboring States mothers' pensions have been provided. It may be quite true that the need for this sort of legislation is not yet very great in Canada. But the time when it will be necessary; and that time may not be far away. Poverty may not be so pressing in a new country; but the uncertainty of business is as great or greater than in older countries. No man, even though prospering today, can be certain that prosperity will last through his life. Failure in business, or chronic sickness, may leave him bankrupt and helpless. His own death may leave his family destitute. And while every man should make provision for his old age, there are cases not a few where that duty is neglected, or rendered impossible by adverse circumstances. It will be wise for us to keep this matter in mind, discuss it, and prepare ourselves for definite action before the burden on society becomes unduly heavy.

INTERVENTION IN MEXICO.
PRESIDENT Wilson, with a most laudable desire to maintain peace and allow the Mexicans to settle their own troubles, has been trying to curb the impatience of those who look on the Mexican situation as a public nuisance and a public menace. But affairs have reached such a condition that it becomes a question how long he can continue his policy of non-intervention. There is no Government in Mexico which the United States will recognize. Great Britain recognized Huerta as de facto president, because he was the only representative of authority in the country, even though he occupied his place through usurpation and assassination. But the United States would not acknowledge him; and there is no other president, though there are plenty of rebels. There is no one in authority to be responsible for order. And conditions do not promise any speedy improvement.

Under these circumstances it does seem as though the time was drawing near when some outside power, or alliance of powers, should step in. Hitherto, all foreign Governments have left everything in the hands of the United States, and do not seem disposed to interfere. But the murder of a British subject, and the apparent impossibility of holding any one responsible, is an illustration of the dangers incurred by foreign residents which the European powers will not disregard. They will hold off as long as possible; but they cannot be blamed if patience ceases to be a virtue, and if they propose to take matters in their own hands.

There would be nothing contrary to the celebrated Monroe doctrine in the intervention of foreign powers in Mexico. About

ten years ago the Venezuelan ports were blockaded by the combined British and German fleets and the United States made no objection. The Monroe doctrine prohibits the permanent acquisition of territory on this continent, or the establishment of a monarchical form of government. But there is nothing to prevent outside interference to restore order.

And it seems as though it might come to that. The United States might very well invite Britain and other interested powers to join in sending a force to police the country, bring order out of chaos, protect life and property, and give the people free opportunity to arrange a form of government to suit themselves.

"Yes, whenever she is asked to help in the kitchen."

CLOSE FRIENDS.
[National Monthly.]
A stinky chap died, and his chum, also stinky, was bemoaning him.
"We were very close friends," said he.
"Yes, I know you were," said a bystander, who had known them both well.

MENTAL GOLD BRICK.
[Ottawa Citizen.]
When a man gets to the point where he thinks he knows it all he is merely selling himself a mental gold brick.

THE END OF A GREAT CAREER.
[S. E. Kiser.]
He had often been in battle and escaped without a scratch.
He had met stampeded cattle and been much more than their match.
He had roughed it in Alaska, and escaped without a bruise.
When a cyclone in Nebraska blew the laces from his shoes.

He had been a reckless rover and had lived in many lands;
He had driven camels over great Sahara's burning sands;
He had been a deep sea diver—not because he liked it, though—
He had also started five or six revolts in Mexico.

He had been a Texas ranger and a daring army scout.
He had been through every danger you have ever read about;
He had been aviator and a reckless steeplejack;
From the poles to the equator he had travelled and come back.

He could almost freeze one's marrow when he had the wish to try;
His escape was mighty narrow when he was a Russian spy;
But he'll wade no more through slaughter, for he shed his mortal coil.
When he drank a glass of water that his wife forgot to boil.

A FALSE NATION.
[Detroit Free Press.]
"I am ruined," said the restaurant-keeper.
"What's the matter?"
"The 40 piece orchestra that I engaged has gone on strike."
"Well, that's too bad."
"And the cabaret show that I had under contract for three months can't work without music."

"Dear, dear!"
"And now the police have barred dancing from cafes and the two tango experts who were my big drawing cards are idle."
"That does seem hard luck. But you still have your chef and are able to serve splendid meals."
"Meals, what are they? You must think that people come to a first-class restaurant to eat?"

BETTER TEACHERS.

ABE MARTIN

Some days ago I asked in your columns for proof of Dr. Hill's assertion that "immunity to measles can be gained only by having an attack of measles. . . . so exactly in the case of smallpox vaccination." Someone has been courteous enough to send me a copy of Dr. Hill's pamphlet on "German measles, measles proper, and scarlet fever," in which occurs this paragraph: "Measles proper protects against a subsequent attack of measles proper, as a rule. Cases have occurred more than once in the same person, but, undoubtedly, in many of the alleged instances of dual attacks, one of the attacks only has been measles proper, the other German measles. . . . It is noteworthy that Dr. Hill in the above statement rejects the doctrine of immunity by admitting that 'measles proper has occurred more than once in the same person.' Why then does he, in his article in your paper, build his argument for vaccination on the fact that 'measles proper protects against a subsequent attack of measles proper, as a rule.' The crown of the argument that the speaker used inflammatory language.

New Westminster, B. C., March 10.—After a trial lasting all day, John Place, member of the Provincial Assembly, was found guilty of unlawful assembly at the special session of here last night. According to the defence, Mr. Place advised the Nanaimo miners not to give heed to a proposal that a committee be appointed to interview him to bring the trouble to an end. The crown contended that the speaker used inflammatory language.

Chicago, Ill., March 10.—The A. A. Fraser Company, board of trade operators here since 1893, filed a voluntary petition in bankruptcy today. The assets are given as \$420,000, and liabilities as \$180,000. The concern also operates in Minneapolis and Milwaukee.

Montreal, March 10.—Canadian Pacific earnings for the week ended March 7 were \$1,902,000. Decrease, \$475,000.

Boston, Mass., March 10.—Chairman Howard Elliott of the New York, New Haven and Hartford Railroad, said today that the company was preparing a statement, showing where every dollar of the \$175,000,000 of new capital raised in the last ten years had gone.

Concord, N. H., March 10.—Counsel for the state of New York in the case of Harry K. Russell, who is charged with the murder of a woman, appeared in the United States district court today for a preliminary hearing on the hearing on Thaw's habeas corpus petition two weeks ago.

St. John, N. B., March 10.—S. S. DeForest, sheriff of St. John, and one of the best-known men in the province, died this afternoon after a brief illness.

Oklahoma City, Okla., March 10.—Oil and gas leases in Oklahoma, estimated to be worth from \$200,000,000 to \$500,000,000, were rendered subject to assessment and taxation by the decision of the state supreme court here today, upholding the state board of equalizations' valuation of Company's property for the year 1911.

Quebec, March 10.—Miss Constance Bolton, of Toronto, and a number of the executive of the daughters of the Empire, who are visiting Eastern Canada in the interest of the order, delivered an address before a large audience yesterday at the Chateau Frontenac.

Washington, D. C., March 10.—Charges by W. H. Cooper, a local banker, against Justice D. T. Wright, of the district supreme court, asking for his impeachment, were dismissed today by the House judiciary committee as "unsubstantiated."

Toronto, March 10.—Hon. J. J. Foy has received a letter from J. R. Booth, Denis Murphy, W. C. Edwards and C. Berkeley Powell, of Ottawa, respecting the water scheme, proposing that the water scheme be granted for a period of two schemes—the 30-mile lake scheme, which is to cost \$8,000,000, and the McVey-Curtis scheme, which is to cost \$1,200,000. The latter is a filtration scheme.

PRIVATE BILLS PASS THE COMMITTEE STAGE.
[Canadian Press.]
Toronto, March 10.—The private bills committee of the Legislature today organized for business. Hon. I. B. Lucas was re-elected unanimously to the position of chairman.

Two Ottawa bills were passed the committee stage. One of these was to authorize the Ottawa Ladies' College to increase its borrowing powers from \$25,000 to \$100,000.

Welland was given authority to fix the assessment of the Electric Steel and Metals Company, Limited, at \$10,000 for twenty years.

Every Irishman on the committee had some questions about the Sons of Scotland Benevolent Association, which is seeking to have its powers enlarged as a benefit organization, so as to permit it to issue annuities to its members. The association's financial standing is vouchsafed for as the best in the world. The bill was seconded with a few minor changes, to which nobody objected.

The Village of Wheatley was granted incorporation.

LEGAL QUERIES.
INQUIRER—If a man died without making a will, leaving an infant, does the Government send a man down to look into and protect the infant's interests? ANS.—No.

NEWBURY READER—Has the doctor and council of a town any authority to compel the people of a town to be vaccinated against their wishes, when there are no contagious diseases in the town? ANS.—Yes, in case of children, and in all other cases where the provincial or local board of health has notified the council that in its opinion there is a danger of disease breaking out owing to the facility of communication with infected localities.

B. A.—What is the law in Ontario re taxes on income, I mean on money lent on mortgages, notes, etc.? ANS.—The annual income derived from personal earnings or from any pension, gratuity, or retiring allowance in respect of personal services by any person assessable directly in respect of income under this act to the amount of \$1,500, where such person is resident in a city or town or to the amount of \$1,200, where such person is resident in any other municipality if such person is a householder or head of a family and assessed as such, or being the head of a family occupies with his family any portion of a dwelling house, although not assessed therefor, and the annual income derived from personal earnings or from any pension, gratuity, or retiring allowance in respect of personal services or every person not being such householder or head of a family to the amount of \$600 where he is resident in a city or town, and to the amount of \$400 where he is resident in any other municipality, and the income of any person derived from any investment, or from money on deposit in any bank or other financial institution, or loaned upon mortgages, promissory notes or other securities, if such income does not exceed \$400, and the income of such person from all sources does not exceed \$400.

I. W. W. LEADER INDICTED.
[Canadian Press.]
New York, March 10.—Frank Tannebaum, the youthful leader of the army of the unemployed of the Industrial Workers of the World, was indicted by the grand jury for having participated in an unlawful assembly.

Voice of the People

DR. H. W. HILL ON VACCINATION.

To the Editor of The Advertiser:

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letters can be answered privately.]

Some Recipes.

Dear Miss Grey—1. Will you please give me a recipe for maple candy?

2. A recipe for graham bread?

3. Will you also tell me how to make whipped cream?

Thanking you in advance, I remain,
ROSE RED.

A.—1. One cup maple sugar, one cup coffee sugar, two-thirds cup of milk. Boil together until it becomes brittle when dropped into cold water. Remove from fire, beat to a creamy state, and pour into buttered tins.

2. To three cups graham flour add a teaspoon of salt, a tablespoon of lard or butter and a tablespoon sugar; dissolve one teaspoon soda in a little sour milk, and add with sour milk enough to make a batter stiff enough to drop from the stirring spoon. Drop in well-greased gem pan, and bake in a quick oven.

3. It is easy enough to whip cream—what bothers most of us is to get the cream to whip! You will get best results by using a wire beater; have the cream very cold before starting to whip. Sweeten to taste, and flavor, if desired, with lemon or vanilla.

Escalloped Salmon.

Dear Miss Grey—Having read your valuable page very often, I thought I would write you for a little information.

1. Can you please give me the song of "The Old Wooden Rocker"? I would like very much to have it.

2. Please give me a recipe for escalloped salmon.

3. Please tell me the proper way to sew on some fasteners.

Thanking you, I remain,
MAY.

A.—1. Is anyone familiar with the words of this song?

2. Remove all bones from salmon and break into small pieces; put a layer into a pudding dish, then a layer of cracker or breadcrumb, and season with pepper and salt. Continue until you have used all the fish then pour over all a cream sauce made by rubbing together a tablespoon of butter and one of flour with two cups of milk; let the sauce boil before pouring it on the fish. Dot the top with bits of butter and crumbs and bake for about twenty minutes.

3. I know of no other way than to sew through the tiny holes near the edge. Care must be taken to have the reverse side exactly match the socket. If it does not, you will have trouble in fastening.

For Lonely Country Girl.

A.—In the first place, I think you are wrong not to make more of a confidante of your stepmother. No doubt if you had always done so, she would now be able to offer you sympathy and advice much more to the point than a stranger can give.

In such an intimate matter as you write me a question, which every girl has to decide for herself. The marriage would be perfectly legal if he has obtained a divorce. The case seems to resolve itself into this: would you be happy married to a man whom you know

still loved his former wife—or, further still, are you big-hearted enough—is your love of that self-effacing character, that you would not give way to a jealousy of her, and thus make both your lives miserable?

No one can answer these questions but yourself, dear woman. If you feel assured that your love can overcome these obstacles, then you should feel free to accept him.

From a New Subscriber.

Dear Miss Grey: I am sending you the recipe of crumb cake: One-half cup flour, 1 cup butter, 1 cup B. sugar, 1 tablespoon vanilla, pinch of salt. Work this part together with hands till it gets into crumbs. Keep out 1 cup for top; to the rest add 1 cup sour milk, 1 teaspoon soda, 1 cup currants, 1 of raisins; add more flour if it's not stiff enough. Bake in a moderate oven.

1. Can you tell me if "Good Stories" is still published?

2. Would black silk be a suitable spring coat for a little girl of ten?

Yours truly,

MARCH NEW SUBSCRIBER.

Ans.: 1. I do not know of a magazine of this name. "Short Stories" is a magazine published in Garden City, N. Y.

2. If you are going to buy new material for the coat I think a light woolen material such as zibeline cloth, corduroy wool velvet or serge, would be better. Of course the silk would be quite suitable if, for instance, you purpose making the coat from a garment of your own.

Otherwise, I fancy the wool fabric would prove more serviceable for your little girl.

Thanks very much for sending the crumb cake recipe.

Have a Peanut Frolic.

Dear Miss Grey: Would you please answer these questions if at all possible before March 13? We are asking a few young people in for that evening, and as some of them do not play cards or dance, I would like you to name some games that would be suitable.

2. What would be nice for lunch?

3. Would like the words of the following songs, if you would publish them: "Letter Edged in Black," "Two Letters," "Picture From Life's Other Side," "The Miller's Pretty Daughter."

1. If you have not tried it before, a peanut frolic is a very popular form of amusement for an evening's fun. You could begin by having a peanut hunt; wrap a few of the nuts in squares of red, white or blue tissue, and let these count two of the ordinary kind.

A lively race is conducted by providing each player with one peanut which has to be rolled across the room by means of a lead pencil.

A peanut stabbing contest may be arranged.

Old friends and new friends unite in saying

Red Rose
Tea "is good tea"

LAUGH AT 'EM IF YOU LIKE, MR. MAN, BUT WAIT UNTIL THE BILL COMES IN

You must be fair and under forty to wear the eccentricities in hats that are now being put on the millinery counters. The pictures shown are not caricatures, but actual hat fashions drawn from some of the head gear shown in the New York shops. The artist, however, has labeled them as they struck his masculine fancy. Which one, Mr. Man, would you like to see your wife wear?

SPRING OPENING AT R. J. YOUNG'S TOMORROW

Every Woman Should Visit Store and See Beauties for Herself.

Any woman wishing to know what styles and designs are to govern the spring millinery this season should not fail to attend the spring and summer display opening at Messrs. R. J. Young's store tomorrow. For here the visitor will find a most exclusive showing of spring hat styles in many pleasing designs, nicely calculated to meet the demands of the most fastidious buyer.

Features in Straw. It is interesting to note some of the features that typify the spring hat of 1914. All sorts of international straw braids are to be used, including Italian, Belgian, Japanese, British straw, tagai, piot, manila and rice straw. The hand-made hat will be more in vogue than ever this season, and gives opportunity for all sorts of surprising creations and combinations. Used with straw, are tulle, bengaline, Ottoman or moire, sequins, horsehair braids, and jet clasps.

Popular colors are cyanine, raspberry red, apricot, lemon, brass yellow, navy, and many other shades of blue. A noticeable feature of the spring millinery will be the ribbon garlands, in which rich moires and Ottoman silks in wonderful flowered and striped effects, will vie with tulle, satin, piot, and velvet ribbons.

Flowers will again be worn to a considerable extent. Among those promising to be popular, are the tiny fleur de Saxe, mixed flower garlands, fruit, berries, and full-blown roses.

Expert Milliners. The milliners engaged by Messrs. R. J. Young & Co. have shown themselves artists in their clever fashioning of exclusive models of spring and summer headgear, and no woman should miss the opportunity of visiting the display tomorrow.

The showrooms are pleasantly suggestive of flowers and ferns, and the pretty bordering of the large mirrors with garden flowers. An orchestra will dispense sweet music during the day.

PICTORIAL REVIEW FOR MARCH. Several special articles mark the March number of the Pictorial Review—an exceedingly bright issue, and one up to date in its every department. Articles on such subjects as "Clean-Up Day," "The New Kind of Public School" and "The Crime of Silence" make especially interesting reading.

The section devoted to home-making and household interests contains some splendid information on "A Servantless House," "Getting an Early Start in the Garden," "Caring for the Baby in Winter," and so on. Such articles as "Choosing New Wall Coverings" and "Giving Old Floors a New Look" will be especially appreciated by housewives at this season of the year.

The practicability of Pictorial Review fashion is constantly winning for them new laurels among women, and those displayed in the March number in millinery, dress and fancy work are decidedly chic.

As usual the fiction department contains some very attractive reading matter.

BUTTERED APPLES. Pare and core eight tart apples. Put them in a baking dish and fill the hollows with sugar and a dash of cinnamon. As they cook baste them with a tablespoonful of butter in a half a cup of hot water. Cover the apples. Boil a half cupful of sugar and a blade of mace five minutes. When the apples are tender, not broken, pour this over them.

By Bonnie is over the ocean, My Bonnie is over the sea, My Bonnie is over the ocean, O bring back my Bonnie to me.

CHORUS.
Bring back, bring back, Bring back, bring back, O bring back my Bonnie to me.

O blow, ye winds, over the ocean, And blow, ye winds, over the sea, O blow, ye winds, over the ocean, And bring back my Bonnie to me.

Last night as I lay on my pillow, I dreamed that my Bonnie was dead.

The winds have blown over the ocean, The winds have blown over the sea, And brought back my Bonnie to me.

"G. G." asks for "The Narrow Ganges Bay," some of the words of which are "Till, till the bell toll early dawn of day," also a copy of "On the Banks of the Nile."

A Brussels subscriber would like to see in print an old song of which the last two lines are:

"Bitter words once harshly spoken Ne'er can be recalled again."

Other songs requested are "In the Cottage by the Sea" and "Over the Mountains," the first verse of which is:

"One night when the moon illumined the sky, I first took a notion to marry; I picked up my hat and away did I fly, You would think I was in a hurry."

An old Scotch song is reproduced to-day:

By Bonnie is over the ocean, My Bonnie is over the sea, My Bonnie is over the ocean, O bring back my Bonnie to me.

CHORUS.
Bring back, bring back, Bring back, bring back, O bring back my Bonnie to me.

O blow, ye winds, over the ocean, And blow, ye winds, over the sea, O blow, ye winds, over the ocean, And bring back my Bonnie to me.

Last night as I lay on my pillow,

We Announce Our Opening Exhibit of SPRING MILLINERY and LADIES' READY-TO-WEAR GARMENTS on Thursday, March 12, and Following Days.

With a setting worthy of this important fashion event, we introduce for your critical inspection a collection of **Millinery Modes for Spring** fresh from our own workrooms and from master designers who originate and plan hats for women.

IN OUR NEW MILLINERY PARLORS on the fourth floor we offer you the choice of all that Dame Fashion has decreed for women to wear. All the newest ideas are brought here from the leading millinery centres of the world and blended into pretty, practical and becoming styles for you to wear.

Always the Best of Everything for the Least Money

"

ALL THE NEWS
THAT IS NEWSSOME OF LAST YEAR'S
PLAYERS MAY BE
TRADED

Manager Reising Is Dickering With South Michigan Club at Present With Trade in View—League Placed in a Predicament at Present.

BY JINX.

That Manager Reising intends to pull off a couple of trades shortly in which some of last year's London club players will figure is gleaned from casual statements made in some of his recent letters. At the present time he is angling with the Saginaw club for a catcher, and if the deal goes through it is not unlikely that one of the local players will be shipped to the South Michigan club.

The London Club has a large roster at the present time and most of the new players signed up are of the class B variety. If the league fails to get its higher rating and the clubs play under the same salary limit as last season, the local club will have to cut down to twelve or thirteen men. This means that many of the new players will likely be retained, as they are conceded faster than some of the players who were with the team last season and who have been signed up again this year. The decision of the National Association refusing the Canadian League Class B rating has placed the clubs in a peculiar predicament, and it is likely many players who have been signed up already will have to be released or traded off.

There is only one chance to get the

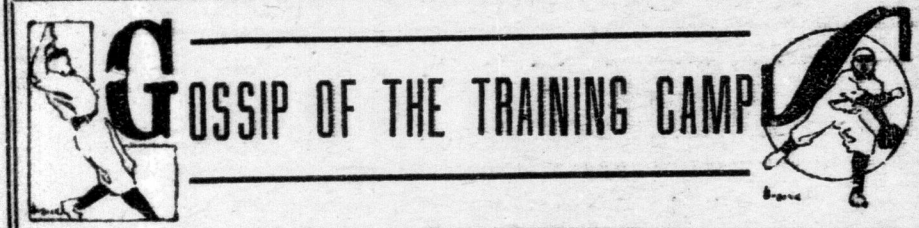

higher classification and that is for the league to get the census department at Ottawa to issue a sworn statement of the present population of the six Canadian cities which are included with Erie in the figures. Toronto does not count. Even with this sworn statement, it is a question whether the total figures will reach the required 400,000 population mark.

WIARTON GAME THURSDAY
NIGHT, NOT THIS EVENING

It was inadvertently stated in last night's Advertiser that the Western University team played in Wiarton tonight. The game will be played on Thursday night. The team will not run a special.

OUTFIELDER KOPP SIGNS
A ST. THOMAS CONTRACT

Marlin Kopp, the St. Thomas outfielder, who was holding out on the Saints' management, claiming he had an offer from the Federal League, returned his signed contract to the Railway City owners this morning. He was given an increase over last year's salary, and this apparently was satisfactory to him.

Marlin, Texas, March 10.—Giants now training here are sprucing up for the coming of Manager McGraw, who is expected tomorrow. He will have a big job filling third base because of Shaffer's decision not to play.

Hot Springs, Ark., March 10.—They took 100 per cent, faster and snappier than any time before. Such was the verdict after the first real practice for the Red Sox.

Macon, Ga., March 10.—"Mitches" led by Frank Mitchell won the opening game of the Boston Braves training season here when the Gowdys, led by the elongated Hank, took the count, 2 to 1.

Tampa, Fla., March 10.—J. Edward Krause, Indianapolis Federal manager, and George Stovall, Kansas City Federal manager, invaded Tampa today. Stovall said he was after players. This invasion of the Cubs' camp caused consternation. Stovall refused to say what players he was after.

Sacramento, Cal., March 10.—Since the signing of a White Sox contract by Ping Bodie, the clouting outfielder, only one member of the regular squad today remains outside the fold. Pitcher Eddie Cicotte.

Augusta, Ga., March 10.—All work and no play is the slogan of Manager Robinson, of the Dodgers. Bobby had his men out early again today and put them through a hard workout.

Dundas Centre Springs Surprise
By Holding Perrins to Tie Game

First Game For Lancaster Trophy Ends 3 to 3—Both Teams Put Up a Good Game—Methodists Lead at Half Time.

Perrins and Dundas Centre clashed in a fast game of hockey last night in the first of a series of two games for the Lancaster trophy and the city hockey championship at Westminster rink, that resulted in a score of 3-3. From the drop of the rubber, play was of the ginger variety, both teams making a showing of skill and speed. The play-off is booked for Thursday night.

Contrary to expectation, the Perrin collection of puck-chasers had little "on" the rubber from start to finish and showed a tendency to stick to their opponents that nipped many a rush in the bud and effectually checked their speedy advances whenever they tried the "get away" stuff.

Game Starts Off Fast.

The game started with a rush into the Dundas Centre end of the rink, but the

CORNS ARE LIKE KNOTS.

Year by year they grow harder and incidentally more painful. Why suffer when you can be cured for 25c, sent on Putnam's Corn Extractor? Fifty years in use and guaranteed to cure. Use Putnam's Extractor, 25c. at all dealers.

TOM L. HAYGARTH SAYS:

"Of course I make suits to order, and of as fine quality cloth as you can buy in Canada.

"This is a quick tailor shop, Semi-ready Suits in stock.

"Or Semi-ready Suits to special order. I take your measure and you select the cloth.

"Patterns range in value from \$18 to \$40 for Suits, and the \$35 and \$40 ones are exclusive."

THE SEMI-READY STORE,
182 DUNDAS STREET.

puck was speedily taken back to centre. Here it saw-sawed back and forth, neither team showing any apparent advantage. Combination work was much in evidence in this half. Dundas Centre parried and deflected some nifty "get together" stuff which resulted in two goals being shot in the net of their adversaries. Perrins returned the compliment by scoring one and from that instant it was nip and tuck to even things before the bell would announce the midway breathing spell.

Half time came, however, without the necessary tally forthcoming, and the period closed to the tune of 2 to 1 with the Centres on the right side of the counters.

Perrins Tie It Up.

When the bell had ushered in the final stanza of the fracas, Perrins came on the ice with a do or die spirit that was good for more than their previous efforts. A lightning rush through the defence, a sharp shot and the puck was into the net to make it 2-1.

Another exhibition of "you take one and then I'll" was pulled off, both teams sharing the honours in goal getting. Alternating scoring brought about a tie of three to three. Perrins made desperate efforts to break ahead, but the Centres, if not as aggressive, were at least on the defence all the time and prevented them from doing so. The bell tinkled with the score a tie.

Centres Played Great Game.

The game was full of features and it would be hard to pick the stellar light from the two crews. Particularly of Dundas Centre might it be said that the team never played so well together, while Perrins also put up a brand of hockey that would be hard to beat for team playing.

Kingswood for Dundas Centre played a nice game, being effective with the body checking. Henry at left wing was especially fast, his rushes proving troublesome to his opponents. For Perrins, Bettbridge at right defence proved a formidable proposition, while Walker at left defence was also of worthy calibre. Murray on the forwards played with his usual spring and vim. He is a stickler and his consistent work aided materially in holding down the score of his opponents.

Sid Rankin handled the bell. The teams were:

Perrins. Position. Dundas C.
Perrins. Goal. Williamson
Bettbridge. R. Defence. Kingswood
Walker. L. Defence. Kingswood
Morrison. Rover. Bettbridge
Carmichael. Centre. G. Sinclair
Murray. L. Wing. Henry

FEDERAL BASEBALL MAGNATE WHO MADE LEAGUE'S
SUCCESS POSSIBLE USED TO BE A WAITER

[BY HUGH S. FULLERTON.]

Charlie Weegman is the man who made the Federal League. He not only is the foremost figure in American sporting life today, but he is a model for all young Americans, and a starting answer to those who declare the day of opportunity for large fortunes is past.

Ten years ago Weegman had nothing but a salary: a hard-earned knowledge of the restaurant business, and ambition. Today he has a palace, a dozen paying restaurants in Chicago, a string of moving picture playhouses, a bakery, a lot of outside investments, two billiard halls, and he is the president and principal owner of the Chicago Federal League Baseball Club.

Weegman is an interesting man. He is young, about 36; enthusiastic, square, clear-headed and he is just starting. Weegman was born in Richmond, Ind., and lived there until 1893, when he decided to see the World's Fair in Chicago. He saw the fair, and broke and happy, he adjourned to Cincinnati, where he secured a job in the old Gibson House as a helper in the dining-room. He never had been waited on. In two weeks he was assistant to the head waiter.

He managed to save enough that fall to get back to Chicago, and again he wanted a job. The only thing he knew how to do was what he had learned at Cincinnati and he found a job at a restaurant.

In his position as night manager he became acquainted with many of the

sporting writers and became a favorite of many. For eight years he remained in the restaurant as night manager and waiter. Then he determined to go into business for himself, with his small capital.

C.H. Weegman

He bought a "dead" restaurant, but Weegman injected life into it and it became a money maker. He was making money rapidly when he saw an opening in the moving picture field and was among the first of the "movie" owners. One of his places yields \$30,000 a year profit.

How Weegman got into baseball is old. He was forced once to take over a billiard hall to save a loss. He made it a winner. Among his patrons was Jim Gilmore, now president of the Federal League. Later, having made money in billiards, Weegman leased Cap. Anson's old billiard hall from Charles Taft, who owned the building.

In this way he met C. W. Murphy. Weegman had been an ardent baseball fan. Murphy desired to get a hold on the St. Louis Cardinals and telephoned Weegman that the Cards were for sale. Weegman hastened to St. Louis, but after looking over the property, cut his bid until he lost the chance. A year ago Gilmore tried to interest him in the Federal League. He refused to touch it. Last winter Gilmore pleaded with him again to back the Feds.

"Show me that the others have money and I'll in," he said. "I don't want any schoolboy game. I want a major league team."

"Gilmore promised he would show me," said Weegman. "He did. We have a solid compact circuit with lots of money back of each club and it looks as if I've given them the best baseball there is and if money will improve the teams they'll keep improving."

WINGHAM CURLERS WIND
UP SEASON WITH A WIN

Defeated Two Rinks From Wroxeter By Four Shots—Oyster Supper Held Afterward.

[Special to The Advertiser.] Wingham, March 11.—The curling season wound up here last evening when President Binkley, of the local club, entertained two rinks from Wroxeter. The visitors won one game, and Wingham the other but Wingham was up 4 shots on the total. Following the games, President Binkley led the way to Miller's Cafe where an oyster supper was served and an enjoyable hour or two spent. The scores were as follows:

Wingham.	Wroxeter.
A. Black.	L. Binkley.
L. Mathers.	J. Currie.
S. Davidson.	T. Hardy.
R. Black.	13 V. Van Norman 11
D. McTavish.	R. Lane.
Dr. Jackson.	W. Brown.
J. Allen.	C. Knechtel.
W. Mathers.	4 A. M. Crawford 10
Total.	11 Total.

SHAHER AGED TEN YEARS
PLAYING FOR NEW YORK

Says His Hair Turned Gray Also as Result of Strain—Has Quit For Good.

[Canadian Press.] Stanford University, Cal., March 11.—"While playing with the Giants in New York I aged ten years, and my hair is turning gray," said "Art" Shafer today, discussing the strain of a baseball season. "Nothing would induce me to return to the game, and that is what I wired McGraw yesterday in reply to a telegram asking if my decision to quit was final. We have a very fine baseball team here with Los Angeles Alumni of the university. He will return to Los Angeles to engage in business."

PITTSBURG FEDS. TO SPEND
\$25,000 ON THEIR PARK

Will Make Many Improvements to Exposition Field for the Coming Season—Are Going After Players.

Pittsburgh, Pa., March 10.—Edward W. Gwynner, a local capitalist, today was elected president of the Pittsburgh Federal League. William McCulloch was made business manager. At a meeting today it was decided to improve Exposition Park, the local Federal ball park, at a cost of \$25,000. The Pittsburgh team will leave for Lynchburg, Va., the training camp, on Thursday. A complete roster of the club will be announced tomorrow. The manager announced that he had signed two National League players, whose names had not appeared as yet, and who were now on their way after other ballplayers we can land," said W. A. Kerr, treasurer of the club. "We are not going to stop at contracts or anything else. We have plenty of money and from now on it is going to be war without end."

GROUP WINNERS TO PLAY
OFF IN INGERSOLL RINK

Putnam and Deraheim Center Teams Will Meet Winner of Ingersoll Town League.

Ingersoll, March 10.—The Knockabouts and the Screw Works, group winners of the Town League, and Deraheim Centre and Putnam, group winners of the County League, recently inaugurated, will play off at the arena tomorrow night for the championship honors, and the games are creating much interest. The town and country leagues have done much to develop hockey material, and it is expected several good players will be available another season from the nearby districts.

THISTLE CLUB HOLDING
ITS WEEKLY BONSPIEL

THISTLE The Thistle Curling Club is holding its weekly bonspiel at the North End Rink this afternoon and evening. The ice is in good shape and a good crowd of the curlers are participating in the games. Mr. S. J. McCreery is donating the prizes to the winning rink.

ALFRED DE ORO EASILY
DEFEATED FRED EAMES

New York, March 10.—Alfred De Oro, of Cuba, a commanding lead tonight in the first block of 50 points of a three nights' match, running out in 22 innings, while Fred Eames, of Denver, scored 29 points. The champion made a run of six and the challenger's best was 4.

Nap Players Box As Training
Stunt During Rainy Weather

Athens, Ga., March 10.—Trainer Charlie Hitt of the Naps, himself a former pugilist of note, has introduced boxing as a good means of exercise on rainy days. Ray Chapman and Jack Gray went four rounds with Jack having a slight edge, and then Johnnie Bassler offered to work out with Hitt.

BRANTFORD WON AT
STRATFORD BONSPIEL

Home Team Was Outcourled by Visitors From Telephone City.

[Special to The Advertiser.] Brantford, March 10.—Four rinks from Stratford invaded Stratford this evening and outcourled the local rinks by 14 shots. With but one exception the games were keenly contested. Results:

W. Brantford.	Stratford.
Rigger.	Cleburn.
Clifton.	Bristow.
W. E. Harris.	Kennedy.

FEDERALS MAKING RAID
ON THE TRAINING CAMPS

Are Making Offers to Players Under Contract With Organized Ball Clubs.

Chicago, Ill., March 10.—The Federal League has already begun its campaign to get players under contract with the Federal League, according to today's special dispatches from southern training camps. Manager George Stovall, of the Kansas City Federals, was reported at Tampa and St. Petersburg, the neighboring training camps of the Chicago Nationals and St. Louis Americans, and admitted that he was after players. From the Chicago Federals' training ground at Shreveport came word that the Federals were making a raid on the St. Louis American League team and has played in Toledo and Cleveland. His home is here.

SHERBROOK WON GAME
FROM MONTREAL VICS.

Sherbrooke, Que., March 10.—Sherbrooke's a gruelling contest with Victors, of Montreal, by a score of 9 to 8 tonight. Sherbrooke took an early lead and scored two goals in one first period, playing seven men a side. When a change was made to N. H. A. rules the score stood 4 to 1 in their favor. In final period Victors scored eight goals, but Sherbrooke scored five more, winning out, 9 to 8.

BRADLEY APPOINTED
BROOKLYN'S MANAGER

New York, N. Y., March 10.—Formal announcement of the appointment of William Bradley as manager of the Brooklyn Federal League club, tonight here this afternoon by officials of the club. Bradley played third base for the Toronto club of the International League last season.

CLEVELAND HOCKEY
TEAM BEAT THE SOO

Sault Ste. Marie, Ont.—The first game for the amateur hockey championship of America was played here tonight, Cleveland defeating Michigan Soo by 4 to 3. The next game will be played in Michigan Soo tomorrow night and two more games are to be played in Cleveland.

NORTH BAY HOCKEY
TEAM IS GOOD ONE

North Bay, March 10.—North Bay hockey team, champions of the New Ontario League, returned today from a trip to the Soo and Sudbury. They defeated the Soo in a two-game series at that place by a majority of one goal. The first game resulted in a win for the Soo by 5 to 3, but the second game was a shut-out in North Bay's favor 3 to 0. At Sudbury they played the combined Sudbury and Copper Cliff players and won out by 5 to 4.

INGERSOLL CURLERS
GET AN EVEN BREAK

Won and Lost in Games With London Club and Thistles.

ASYLUM RINK ALSO WON

Defeated Four Rinks of Visitors in Afternoon Match—Games Were Close for Most Part.

The Ingersoll rinks got an even break in the evening games at the Thistle Rink last evening, the visitors winning by 14 shots from the three London Club rinks and losing by 14 points to the Thistle Club rinks. The games were close for the most part and all the curlers had an enjoyable evening. The Ingersoll rinks only won two out of the six games in the evening, but O. E. Robinson's victory over Jack Treblecock was enough to win for the London Club, the other scores being close.

The rinks and results were:

Ingersoll.	London Club.
Glover.	Coombs.
Beatty.	Griffith.
Elliot.	Cox.
Robinson, skip.	35 Treblecock, skip.
Ellis.	15 Lashbrook.
McDonald.	Currie.
Richardson.	Wanless.
Sumner, skip.	11 Dr. Bell, skip.
McColl.	175 Aspland.
Wallace.	McColl.
Rogers.	Dr. Wright.
Comstakey, skip.	10 McKay, skip.
	12
	46
	32

LOST TO ASYLUM. Four rinks of the Ingersoll curlers visited the Asylum club in East London in the afternoon and were defeated by 11 shots. The scores of these games were as follows:

Ingersoll.	Asylum.
J. Peters.	6 A. Thrower.
Sumner.	19 J. C. Richardson.
P. Meyers.	4 Dr. Ross.
T. Rogers.	11 G. Pearson.
	5
Total.	31
Asylum up 11 shots.	42

CHATHAM LAWN BOWLERS
ORGANIZE FOR SEASON

Dr. C. B. Oliver Was Elected President at Enthusiastic Meeting—Tournament Will Be Held in June.

Chatham, March 10.—Dr. C. B. Oliver was last evening elected president of the Chatham Lawn Bowling Club. The other officers are: Honorary presidents, A. B. McColl, G. W. Sulman, N. H. Stevens; vice-president, C. J. Cummings; secretary, J. A. Harding; treasurer, W. W. Turner; executive committee, Messrs. Mahler, McGuigan, Scott, Benson and Clyde. R. G. Fleming was named auditor and President Oliver as representative to the W. O. B. A. meeting. The reports showed the organization to be progressing nicely. There was an increase of 19 in membership during the year. It is planned to arrange for a series of games by the clubs of the county. The annual tournament will be held early in June.

SENATE FAVORS RACING
AT HAVRE DE GRACE TRACK

By a Vote of 16 to 10, the Motion to Abolish Racing There Was Voted Down.

Annapolis, Md., March 10.—By a vote of 16 to 10 the Senate today voted down a motion to abolish the race track at Havre de Grace.

ART GRIGGS, OF ROYALS,
HAS TAKEN THE JUMP

Topeka, Kas., March 10.—Art Griggs, last year first baseman of the Montreal Club in the International League, tonight announced he had signed with the Brooklyn Federal League team. Griggs formerly played on the St. Louis American League team and has played in Toledo and Cleveland. His home is here.

SHERBROOK WON GAME
FROM MONTREAL VICS.

Sherbrooke, Que., March 10.—Sherbrooke's a gruelling contest with Victors, of Montreal, by a score of 9 to 8 tonight. Sherbrooke took an early lead and scored two goals in one first period, playing seven men a side. When a change was made to N. H. A. rules the score stood 4 to 1 in their favor. In final period Victors scored eight goals, but Sherbrooke scored five more, winning out, 9 to 8.

HAMILTON TEAM WANTS
TO MEET PRESTON AGAIN

Galt, March 10.—In winning group 1, consolation series, O. H. at Hamilton last night, Preston played two juniors, and were handicapped by Elthrington's injury. The Hamilton Centennials want another go, and will be accommodated with home-and-home games after Preston comes back from a trip to the United States.

How I Rubbed Away About 14 Pounds of Fat From My Hips and Abdomen in Two Weeks' Time.

For years I strained my corsets trying to hide the rolls of fat on my hips and abdomen. It seemed as if it had accumulated on just the two places that I tried failed to take off the horrible fat where it showed. But, thanks to a lady friend who had studied herbertism, I learned the secret of a harmless plan which enabled me to rub away with ease about fourteen pounds of useless fat in only two weeks.

This plan is so simple, and some of my friends seem so glad to know it, that I think there may be sister readers of The Advertiser who have perhaps been long for this very advice. First get from any good druggist a drachm of quassa quassa chips in a pan, pour over it the small coffee cups of boiling water. When it has stood for about half a minute, strain through a cloth and add the Armonia. Then pour the mixture and apply it every night and morning with your hands for about ten minutes, using a circular movement. Each time you can almost see some of the fat melt away. At first I thought it was a dream, but when I measured there was no longer any doubt. I soon grew too fat to wear my clothes, and had to have them taken in, but it was a pleasure to do it, and I shall feel eternally grateful to the lady who showed me how easy it was to gain my youthful figure.

E. L. A.

Note.—The above prescription is not a new one by any means, though not so widely known as it should be. E. L. Guillemont, corner Dundas and Richmond streets, Bruce Wallace, 413 Richmond street, and Geo. A. McLaughlin, 290 Richmond street, all state that they fill this prescription very frequently. Some remarkable reductions in weight have been reported from its use, and the mixture is entirely harmless.—Adv.

M. 4, 11

THIN FOLKS WHO WOULD BE FAT

Increase in Weight Ten Pounds or More.

A Physician's Advice.

"I'd certainly give most anything to be able to put a few pounds more on that man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition. A condition which prevents the fatty elements of food from being taken up by the blood as the fatty elements of food are normal. Instead of getting into the blood, all the fat and flesh of the food is excreted. The intestines until they pass from the body as waste. To correct this condition and to produce a healthy, robust amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing, elements known to the medical profession. Taken with meals, it forces the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood, and its rapid effect is remarkable. Reported gains of from 10 to 25 pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains guarantee of weight increase or money back.

Caution.—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable effect in producing effect, be used by those who are not willing to increase their weight 10 pounds or more.—Adv.

ACID STOMACHS ARE DANGEROUS

Common Sense Advice by a Distinguished Specialist.

"Acid stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medical treatments are useless in such cases, for they leave the source of the trouble, the acid, in the stomach as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisulphate of magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid but also prevents the fermentation from which acidity is developed. Food and stomach distress may be eaten with impunity if the meal is followed with a little bisulphate of magnesia, which is carried from any druggist, and should always be kept handy.—Adv.

"LINSSEED COMPOUND" is a reliable old English Home remedy for COUGHS, COLDS, Asthma, Bronchitis, and all Lung & Throat troubles.

INJECTION BROW Gives prompt relief without inconvenience. Particularly in obstinate cases. Preferable to nauseating drugs which are destructive to the stomach. All druggists.

MURPHY DROPPED BY DEMOCRATIC CLUB

Tammany Leader and Followers Ousted "For Best Interest of Club and Party."

[Canadian Press.]

New York, March 11.—The ousting of Charles F. Murphy, leader of Tammany Hall, and several of his followers, from membership in the National Democratic Club, created a stir in political circles today. The ostensible reason given during the heated debate over the matter at the club last night was that Murphy was behind in his dues.

Judge Edward P. O'Dwyer, president of the club, who has been leading the fight against Murphy, introduced a resolution calling for the elimination of the men named would not submit to such humiliation. "The names were picked out for an obvious purpose," he said, "and we will have them restored to the rolls."

Judge O'Dwyer replied that he could give a very good reason for the club's action. "They were dropped," he said, "for the best interests of the club and the Democratic party."

Others Out, Too.

Besides Murphy, James E. Gaffney, Thomas F. Foley, Thomas H. Darlington, and George W. Plunkitt were dropped.

Twenty new members were elected to the club, including Governor Glynn, Dudley Field Malone, collector of the port of New York, and Thomas Tamm, brother of the secretary to President Wilson.

Troubled With Weak Back and Kidneys For 10 Years.

Many people fail to understand the significance of a lame, weak, son or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills will strengthen the weak back, and prevent any form of kidney trouble entering the system.

Mrs. Ed. Boyer, Nokomis, Sask., writes:—"I have been troubled with weak back and kidneys. I had terrible dizzy headaches, and could not sleep at night. In this way I suffered for ten years, until I read about Doan's Kidney Pills. I purchased two boxes, and as they helped me, I sent for two more; they put me on my feet, and I have been able to work ever since."

Doan's Kidney Pills are 50 cents a box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

DUFFERIN RIFLES BEAT LOCAL BATTERY

Indoor Baseball Game at Armories Won by Brantford.

LOTS OF FEATURES IN IT

Jack Farquhar's Home Run and Ernie Dinsmore's Triple Are Two of Them.

An exciting game of indoor baseball with many feature fielding and batting stunts, was witnessed by a crowd of 200 fans in the Armories last evening, Brantford Dufferins and the local Battery team being the attraction.

The visitors won by the score of 15 to 13, and it was one of the best games seen here for some time.

The Brantford team secured a big lead in the first two innings, and although the Battery came strong in the latter stages, it could not overcome the early lead. The visitors scored 3 runs in the second inning by some tall and lusty hitting. Pitcher Harry Tozer was then replaced by Robbie Ray, and the latter's southpaw slants were a pretty hard proposition for the Telephone City aggregation to solve for the remainder of the pastime. Johnny Farquhar's homer, with two on bases, and Ernie Dinsmore's triple with one on, were features.

A Brantford official shared the umpiring duties, with Jimmy Jeffries, of this city, and his knowledge of the fine points of the game was so crude that his decisions caused considerable kicking. He was decidedly partial to his own team. The teams were lined up as follows:

Brantford—Marlatt, 2b; Calhoun, 1. s.; Sheppard, 1b; Hetherington, p.; Kiersey, 3b; Slattery, 1. s. s.; Appell, 2. s.; Doherty, r.s.s.; Ball, 1. f.; Dinsmore, 1. s. s.; Farquhar, 2b; McLeod, 2b; Murray, 1. f.; Perry, 1b; Dutton, c.; Tozer, p. and 1. f.; Ray, p.

Summary: Strike-outs, by Tozer 3 in 2 innings, by Ray 9 in 7 innings, by Hetherington 12.

CATCHER ED. SWEENEY DESERTS THE FEDERALS

New York American Backstop Signs With Yankees for Highest Price Paid Any Catcher.

Chicago, March 10.—Catcher Ed. Sweeney, who has been negotiating with the Federal Leaguers here, signed a new contract with the New York American League club today, it was announced at the office of Sam Johnson, president of the league. Johnson said Sweeney's contract called for the largest salary paid any catcher in the organized ranks of base ball, but would not name the amount.

BALTIMORE CLUB LOSES ANOTHER TO FEDERALS

Baltimore, Md., March 10.—Manager Jack Dunn, of the Baltimore International League club, today admitted that he had heard that Fred Parent, utility man of club, had jumped to the Federal League. Dunn would not divulge the source of his information.

TIE GAME PLAYED IN WOODSTOCK LEAGUE

[Special to The Advertiser.]

Woodstock, March 10.—In the Manufacturers' League tonight the Oxford Knitting Company and Stewarts played a tie game, the score being 2 to 2. It will be played off shortly.

Germany Schaefer says that the Prince of Monaco cut the Monte Carlo limit when he saw Jim Scott leaping into his pocket.

"DAD" McNAUGHTON, NOTED SPORTING WRITER, DEAD

Famous San Francisco Boxing Critic Succumbs to Heart Disease After Short Illness.

San Francisco, Cal., March 10.—W. W. Naughton, president of the San Francisco Press Club, dean of Pacific Coast sporting writers, and known the breadth of the country, died today at his home from heart disease after an illness of a fortnight.

Mr. Naughton was born in Auckland, New Zealand, July 31, 1854, and began his career as an American newspaper writer in 1881 in San Francisco. He learned the newspaper business from the printer's case up, beginning on the New Zealand Herald in 1870. In his youth he was notable as a boxer, oarsman, runner, swimmer and marksman. For many years he was a sportsman, and was a professional match for him to win an athletic or shooting match in the morning, write it up at noon and put his own story into type during the afternoon. For many years Naughton specialized on boxing and was at the ringside at all notable contests.

WOODSTOCK LADIES' TEAM CHALLENGED BY WHITBY

Owing to Lateness of Season and Uncertainty of Weather, Games May Not Be Played, However.

[Canadian Press.]

Woodstock, March 10.—H. E. Douglas, manager of the Woodstock Ladies' Hockey Club, has received a challenge from the Whitby Ladies' team for a series of home and home games for the championship of the district. The Whitby team wants the first game to be played here on Thursday evening. It is unlikely that the series will be started on account of the lateness of the season and the difficulty in securing ice.

FEDERALS TO ORGANIZE TWO MINOR LEAGUES

Latest Plan To Help—Will Take Players From Parent Organization.

[Canadian Press.]

New York, March 11.—Confirmation of reports that the Federal League officials were working on a scheme to organize two minor leagues was given today by players cast off by the parent organization, was made here yesterday by John M. Ward, business manager of the Brooklyn Federal League Club.

The establishment by the new league of recruiting farms is President James A. Gilmore's latest plan in his fight against organized baseball. Mr. Ward said that it met with his approval. While in the south, President Gilmore, it is said, will keep in close touch with the training quarters of National and American League clubs, and will bid for all young players who are dropped at the close of the training season. The best of these men, it is planned to use in filling gaps in Federal League clubs, while the others will be apportioned to teams in the two minor leagues.

NEW LISKEARD RINK WON NORTH BAY SPIEL

North Bay, Ont., March 10.—The district curling bonspiel just finished at North Bay resulted as follows:

A. J. Young Cup Competition—Won by Stevens, New Liskeard rink, with W. A. Martyn's North Bay rink, runners-up.

Senator Gordon Cup Competition—Won by W. J. Wallace's North Bay rink, runners-up. T. Kilpatrick's Sudbury rink.

Grand aggregate won by T. Kilpatrick, Sudbury rink.

Board of trade competition won by A. J. Young, North Bay. Runners-up, J. Parsons, North Bay.

Rinks competing represented New Liskeard, Haliburton, Sturgeon Falls, Sudbury and North Bay.

ZBYSKO THREW JENKINS IN NEW YORK TOURNAMENT

Polish Wrestler Defeated Former American Champion and Wrenched Latter's Shoulder in Throwing Him.

New York, March 10.—The second series of international wrestling bouts to select a challenger to meet Frank Gotch for the championship title was held at Madison Square Garden tonight. The principal match was between Zbyszko, of Poland, and Tom Jenkins, of America, instructor of wrestling at the Military Academy at West Point. Zbyszko threw Jenkins with a back hammerlock and neck hold in 27 minutes 22 seconds. Jenkins' shoulder was wrenched by the hammerlock hold and a physician was called to attend him.

Hjalma Undine, of Sweden, threw Hans Liebler, of Germany, in 17 minutes 46 seconds with a leg hold and flying fall.

In a special match, two out of three falls tomorrow night, Zbyszko and Ivan Mamutoff, of Russia, twice in succession, gaining the first fall in 19 minutes 22 seconds and the second with a three-quarter nelson and arm hold in 19 minutes and 21 seconds.

All bouts were at catch-as-catch-can style.

RITCHIE COMPLETES TRAINING FOR FIGHT

[Canadian Press.]

Chicago, Ill., March 11.—Willie Ritchie, the lightweight champion, who will meet Ad. Wolgast in a ten-round bout at Milwaukee tomorrow night, completed his training here today, and will leave tonight for the scene of the battle. Ritchie weighed in today at 136 pounds, one pound above the figure he has agreed to make at 5 o'clock tomorrow afternoon. He asserted he will have no trouble in making the stipulated weight. Reports from Milwaukee said that Wolgast's weight had been announced at 135 pounds.

Betting in Chicago favored Ritchie, odds at 10 to 8½ being reported. In Milwaukee the betting was said to be at even money.

COULON AND WILLIAMS WILL MEET ON JUNE 9

Chicago, Ill., March 10.—The date of the coming championship fight between Johnny Coulon and Kid Williams in Los Angeles, Cal., was today fixed for June 9, and the agreement was signed.

Why Not Sell Your Old Clothes?

Why don't you turn your old discarded clothing into cash? Dealers of second hand clothes will gladly pay reasonable prices for them. The most reliable of these concerns frequently run a little Want Ad in our Classified Advertising section—turn to it. Then look over your wardrobe, see what clothing you no longer want, and phone or send a postal to these concerns. They will call, take your clothing, and pay you spot cash. This is a simple and easy way of getting money out of something which would otherwise be useless to you.

Use "The Want Ad Way"

PALMERSTON CURLERS DEFEATED HARRISTON

Visiting Rinks Were Seven Shots Down at Conclusion of the Match.

Palmerston, March 10.—Harriston curlers visited Palmerston today with four rinks for the annual friendly game with the following results:

Palmerston.	Harriston.
Root, Scott, McNeill, Coleman	14
Morris, Hansey, Hyndeman, Cunningham	9
Clelland, Wiseman, Graham, Chalmers	16
Perry, Lavery, Burns, Daum	15
Fisher, McCellan, Moore, McKenzie	13
Whitmore, Merriam, Ball, Merriam	13
Walker, Lemon, McCullough, Johnston	12
Montgomery, Lavery, Holton, Brishin	9
Total	54
Majority for Palmerston	7 shots.

NORMAL SCHOOL TEAM LOSES FOR FIRST TIME

The Normal School basketball team met its first defeat of the season last evening at the Normal School gymnasium, when one of the fastest teams from the Y. M. C. A. defeated them by the score of 44 to 18. The winners were picked from a strong bunch of Y. players, and outclassed the Normals in weight. Smith, for the Y., played an exceptionally fast game, he being responsible for nearly every goal shot for them. The game was fast and clean. Ernie Shaw refereed.

Comb Sage Tea
Into Gray Hair

Darkens Beautifully and Restores Its Thickness and Luster at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair, beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not shifty, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. For sale by W. T. Strong, London.

Eat More Bread
It is the most nutritious and most economical of all foods. The best bread is made with Fleischmann's Yeast

Fatality of
Whooping Cough

Many parents think lightly of whooping cough, and treat it as a necessary evil, not giving the child who has it any special attention. The seriousness of whooping cough was emphasized by the Medical Health Officer in Toronto a few months ago, when he reported 14 deaths during the month from whooping cough, and only ten from scarlet fever, typhoid fever and measles combined.

So many people write to us about the relief and cure of whooping cough by the use of Dr. Chase's Syrup of Lincseed and Turpentine that we can recommend it with the greatest confidence. It loosens the cough, aids expectoration, and by its soothing influence prevents the terrible paroxysms of coughing which are so distressing to witness, and which wear away the strength of the child. By using this treatment the disease is held in check, and cured in a few weeks, instead of months. Look for the portrait and signature of A. W. Chase, M.D., on the bottle you buy. There are many imitations.

DENTAL CARDS.

NO DISCRIMINATION IN PRICE

EXETER MAN EXPIRES WHILE FEEDING FOWLS

William Prout, a Well-Known Temperance Worker, Found by His Sister.

[Special to The Advertiser.] Exeter, March 11.—Lying dead in his yard, where he had gone to feed his chickens, William Prout was found by his sister, Mrs. Atkinson, this morning.

After finishing his breakfast Mr. Prout went out as usual to attend to his fowls, but as he was away a long time his sister went to look for him. She found him lying as described, and calling two neighbors, John Hunter and W. A. Bothwell, sent for a doctor. It was found that the dead man had a cut on the side of his head, but it is believed that his death was due to heart failure, not to the wound which he probably received when he fell. He had complained of his heart while in church on Sunday.

Mr. Prout was 69 years of age, and formerly kept one of the first hotels in Vancouver. About five years ago he was converted at the Crossley-Hunter meetings, and after that was one of the best church and temperance workers in the community. He circulated petitions for local option and in the interests of the Canada temperance act, and was a highly respected resident of the town.

In politics he was a Liberal and in denomination a Methodist.

He is survived by three sisters, Mrs. Atkinson, who found him, and Mrs. Thomas Street, of this town, and another sister in British Columbia.

WILL REPORT THESE HINDUS FROM 'FRISCO

Thirty-Five Who Got Passports in Philippines To Return.

[Canadian Press.] San Francisco, March 11.—Thirty-five Hindus, detained on their arrival here recently by immigration authorities, who obtained their freedom on \$500 bonds each, must return to the Philippines, according to a decision by Judge Dooling of the United States district court, yesterday. They obtained passports from Manila, which are not legal, according to the ruling in the United States.

THE HOWLOW OF
HER HAND

By GEORGE BARR McCUTCHEN
Author of "Graustark," "Truxton King," Etc.

"If you mean?"

"I shall not run away, Sara. Nor do I intend to reveal myself to the authorities. I am not morally guilty of crime."

A year ago I feared the consequences of my deed, but I have learned much since then. I was a stranger in a new world. In England we have been led to believe that you lynch women here as readily as you lynch men. I now know better than that. From your account I learned my greatest lesson. You revealed to me the true meaning of human kindness. You shielded me who should not. Even now I believe that your first impulse was a tender one. I shall not forget it, Sara. You will live to regret the basest thought that came later on. I have told you the truth, almost as a good deed loves his master. It is not for me to tell the story of that night and all the horrors that followed. I would not be betraying myself, but you. You would be called upon to explain to the world why you were the one to suffer. When you met me on the road that night I was on my way back to the lodge to give myself into custody. You have made it impossible for me to do so now. My lips are sealed. It rests with you, Sara."

Sara looked on in the broad window. There was a strangely excited look in her face. A glided birdcage hung suspended in the air. The bird, fluttering dicky-bird that had lived in a cage all its life without an hour of freedom. For a few seconds it circled over the tree tops and then alighted on one of the branches. One might well have imagined that he could hear its tiny heart beating with terror. Its wings were half raised and fluttering, its head jerking from side to side in wild perturbation. The birdcage Master Dicky had reached to him with his hands. He sat there with his head cocked to one side.

"Dicky," called Sara again. This time she held out her finger. For some time he regarded it with indifference, but as she drew it back he took one more flight, but much shorter than the first, bringing up again at the shutter-top. A moment later he hopped down and his little talons gripped Sara's finger with a carnestness that left no room for doubt.

She lowered her hand until it was even with the open door of the glided cage. He shot inside with a whir that suggested a scramble. With his wings folded, he sat on his little trapdoor and peeped at the closed and fastened door, and then turned to Hetty.

"My symbol," she said softly. There were tears in Hetty's eyes.

Leslie did not turn up at his father's place in the High street that night until Booth was safely out of the way. He spent a dismal evening at the beach club. His father and mother were in the library when he came in at half-past ten. From a dark corner of the garden he had witnessed Booth's early departure. Vivian had gone down to the gate in the low-lying hedge with her visitor. She came in a moment after Leslie's entrance.

"Hello, Les," she said, bending an inquiring eye upon him. "Isn't this early for you?"

Her brother was standing near the fireplace. "There's a heavy dew falling, Mater," he said gruffly. "Shan't I touch a word to the kindling?"

"Your coat is damp," she said anxiously. "Yes, light the fire, Les."

"It's very warm in this room," said Mr. Wrandsall, looking up from his book. They were always doing something for Leslie's comfort.

No one seemed to notice him. Leslie knelt and struck a match.

"Well what?" he demanded, without looking up.

His sister took a moment for thought. "Is Hetty coming to stay with us in July?"

He stood erect, first rubbing his knee to dislodge the dust, then his palms. "No, she isn't coming," he said. "He drew a long breath—the first in several hours—and then expired at once. "She has refused to marry me."

Mr. Wrandsall turned a leaf in his book; it sounded like the crack of doom, so still had the room become.

Vivian had the forethought to push a chair to the door and her mother. It was a most timely act on her part, for Mrs. Wrandsall sat down very abruptly and very limply.

"She—she must be," cried Mrs. Wrandsall, impatiently. "What did she really say, Leslie?"

"The only thing I remember was 'Good-bye,'" said he, and then blew his nose violently.

"Poor old Les!" said Vivian, with real feeling.

"It's as Sara Gooch's doing!" exclaimed Mrs. Wrandsall, getting her breath at last.

"No wonder," said Mr. Wrandsall, picking up his book once more, and turning to the place where the bookmark lay, after which he proceeded to read four or five pages before discovering his error.

No one spoke for a matter of five minutes or more.

"Up went over to the library table and closed with a snap the bulky blue book with the limp leather cover. It was the privately printed history of the Murgatroyd family."

"It came by post this evening from London. She is merely a fourth cousin, my son."

He looked up with a gleam of interest in his eye.

CHAPTER XVII.
Crossing the Channel.

Booth, restless with a vague uneasiness that had come over him during the night, keeping him awake until nearly dawn, was hard put during the early hours of the forenoon to find occupation for his interest until a seasonable time arrived for appearing at Southlook. He was unable to account for this feeling of uncertainty and irritation.

At nine he set out to walk over to Southlook, realizing that he should have to spend an hour in profitless gossip with

the lodge-keeper before presenting himself at the villa, but somehow relieving the thought that even so he would be nearer to Hetty than if he remained in his own room.

Half-way there he was overtaken by Sara's big French machine returning from the village. The car came to a standstill as he stepped aside to let it pass, and Sara herself leaned over and cordially invited him to get in and ride home with her.

"What an early bird you are," he exclaimed, as he took his seat beside her. She was not in a mood for airy persiflage, as he soon discovered.

"Miss Wrandsall has gone up to town. Mr. Booth," she said rather lifelessly. "I have just taken her to the station. She caught the eight-thirty."

"He was at once solicitous. "No bad news, I hope?" There was no thought in his mind that her absence was other than temporary.

"She is not coming back, Brandon." She had not addressed him as Brandon before.

He stared. "You—you mean—" The words died on his lips.

"She is not coming back," she repeated.

An accusing gleam leaped into his eyes. "What has happened, Mrs. Wrandsall?" he asked.

She was quick to perceive the change in his voice and manner.

"She prefers to live apart from me. That's all."

"Was this decision reached?"

"But yesterday. Soon after she came in from her walk with you."

[To be Continued.]

NO ARMED REVOLUTION FOR DIAZ FOLLOWERS

Party Now in Washington With Leader to Make a Statement.

[Canadian Press.] Washington, March 11.—General Felix Diaz, the man who helped Huerta overthrow Macero and after fled from Mexico under protection of the United States, returned here today with a party of Mexicans and Americans interested in Mexico. They prepared to issue a statement later in the day of their purposes.

Members of the party today accompanying Diaz denied that they wished the help of the United States in an armed revolution. They said they did not know whether they would appear before the senate foreign relations committee again or concentrate their efforts on getting a hearing at the state department.

BURDOCK BLOOD BITTERS

CURED A BAD ATTACK OF ECZEMA.

All skin diseases such as Eczema, Salt Rheum, Tetter, Rash, Boils, Pimples, and Itching Skin Eruptions, are always caused from the blood being in a bad condition, and it is impossible to eradicate them from the system unless you put your blood into good shape. This you can very easily do without the slightest trouble by using Burdock Blood Bitters.

It drives out all the humor from the blood, and makes it pure and rich, and not only are the unsightly diseases removed, but a bright clear complexion produced, but the entire system is renovated and invigorated at the same time.

Mrs. G. A. Day, Somerville, N.B., writes: "Last spring I had a bad attack of Eczema. I tried several patent medicines as well as the medicine of a physician, but they seemed to make the disease worse. I was advised to try Burdock Blood Bitters, and I did so with the result that in two weeks time the sores began to disappear. I continued to take it until I had taken three bottles and they worked a complete cure."

DRUNKENNESS CAN BE CURED

ALCURA WILL DO IT

ALCURA, the widely-known treatment for alcoholism, can now be obtained at all stores. It is guaranteed to cure or benefit, or money refunded. Remedy that has been tried by thousands and found to do just what it claims.

Drunkness is a disease. Those who are afflicted with the craving for liquor have to be helped to throw it off. Alcura No. 1 can be given secretly in coffee or food. Alcura No. 2 is the voluntary treatment.

Help your loved ones to restore themselves to lives of sobriety and usefulness, and to regain the respect of the community in which you live.

Only \$1.00 per box. Ask for free booklet.

Anderson & Nelles, 263 Dundas street. E. L. Guillemont, 404 Richmond street. W. T. Strong, 184 Dundas street. The Taylor Drug Company, 4 stores.

DEALING IN FUTURES IS HELD TO BE VALID

[Canadian Press.] Atlanta, Ga., March 11.—According to information received here by Attorney Randolph, a decision which, in effect, sustains the validity of the futures contract system of the New York Cotton Exchange, was handed down yesterday by the United States Court of Appeals at New Orleans.

The suit originated at Columbus, Ga., about ten years ago, and has been stubbornly contested ever since.

READY THIS SUMMER

Wharfedale Road Bridge Will Be Open For Traffic Then.

All the material for the superstructure of the new Wharfedale road bridge is here, and work was commenced yesterday morning by a gang of men employed by the Hamilton Bridge Works Company, which has the contract. Most of the substructure is completed, and it is expected that the bridge will be ready for traffic toward the end of the summer. The laying of the concrete floor and the building of the approaches will consume considerable time.

LEGAL QUIRES.

SUBSCRIBER.—M indorses a note for N. and N. cashes it. Can M sue N for nonpayment if N is under age?

A.—No.

Sure Way To Regain Robust Bloom of Youth

A smooth, velvety-soft skin, with a delicate peach-like bloom, is one of the Creator's most exquisite works. When the first blush of youth is over, this beautiful tint and satiny lustre are rarely seen. How to preserve them—that's the question. Famous beauty experts abroad long have known that ordinary mercerized wax works wonders in this direction. It actually gives a new surface to the skin, restoring that marvelous girlish color and softness in a remarkable manner. An ounce of this wax, procurable at any drug store, will convert a faded, freckled, worn-out or discolored complexion into one of captivating loveliness in less than two weeks. No special skill is necessary in applying the wax, it being smeared on at night like cold cream and washed off in the morning.

To remove wrinkles, or delay their formation, a face bath made by dissolving 1 oz. powdered sassafras in half pint witch hazel will be found wonderfully efficacious. This tones up relaxed skin, causing it to remain firm and smooth.—Advt.

\$25,000 Reward For Discovery of Radium

Toronto, March 10.—Hon. W. H. Hearst, minister of lands and forests for Ontario, introduced a bill in the Legislature this afternoon providing for a reward of \$25,000 to the person who first discovers radium in this province.

C. T. ACT FOR DURHAM

Port Hope, March 10.—Durham County temperance workers today decided to enter upon a campaign for the Canada temperance act in the counties of Northumberland and Durham, provided similar action is taken by the temperance people of Northumberland, with which Durham is united for municipal government. This decision was reached at the annual meeting of the Durham County Temperance Alliance held today.

SEVEN YEARS' PAIN FROM ACUTE NEURALGIA

Cured Through the Use of Dr. Williams' Pink Pills.

Neuralgia is not a disease—it is only a symptom. It is the surest sign that your blood is weak, watery and impure, and that your nerves are literally starving. Bad blood is the only cause—good, rich blood is the only cure. Dr. Williams' Pink Pills cure neuralgia. They are the only medicine that contains, in correct proportions, the very elements needed to make new, rich, red blood. This alone reaches the root of the trouble, soothes the jangled nerves, and drives away the nagging, stabbing pain, and brace up your health in other ways. Mr. M. Brennan, an ex-sergeant of the 2nd Cheshire Regiment, now a resident of Winnipeg, Man., says: "While serving with my regiment in India, on a hill station, I contracted a severe cold which brought on acute neuralgia, at times lasting for three weeks. I was constantly suffering almost every month in the year for over seven years, the pain began sometimes to sever, and I wished I was dead. On my return to England I seemed to get no better, though I spent large sums of money for medical advice and medicine. Then I came to Canada, and about a year ago saw the advertisement of Dr. Williams' Pink Pills in a Winnipeg paper. Although I had begun to think my complaint was incurable I told my wife that I intended giving the Pills a fair trial. I was suffering from terrible pains when I began taking the Pills, but before the second box was finished the pain began to disappear, and under a further use of the Pills it disappeared entirely, and I have not had a twinge of it during the past year. Only those who have been afflicted with the terrible pains of neuralgia can tell what a blessing Dr. Williams' Pink Pills have been to me, and you may be sure I shall constantly recommend them to other sufferers." These Pink Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

FINANCIAL AND COMMERCIAL

SLOW DEMAND KEEPS HAY PRICES LOWER

Other Prices Firm, With Small Offerings in Nearly All Lines.

The slow demand for hay on the market today kept the price down to \$13.00 and \$13.50 per ton. Several loads, the pick of the hay crop, sold as low as \$13.00 per ton. Straw was slow, but the prices remain about the same. The supply this morning was small, only twenty loads being weighed.

The export demand for wheat will likely keep the price on local markets up. Wheat sold on the square this morning for \$1.00 per bushel. Oats brought from \$1.12 to \$1.15 per cwt. Several loads of the best oats sold yesterday for \$1.17 per cwt.

Very few eggs were offered on the square today, and the price remains the same as Saturday. Butter will take a slight drop, dealers expect, as the milk supply is increasing.

No vegetables were on sale, and the offering in all was rather small.

Hides are firm, and are likely to remain so for some time.

No meats were offered on the square this morning with the exception of a couple of loads of beef. There was no change in prices.

Grain, Per Cwt.

Wheat, per cwt., \$1.12 to \$1.15

Oats, per cwt., \$1.12 to \$1.15

Wheat, per bushel, \$1.00 to \$1.05

THE EXCHANGES.
Paris, March 11.—Trading was quiet on the Bourse today. Three per cent rentes, 88 francs 12 1/2 centimes for the account, exchange on London, 25 francs 21 centimes for checks; private rate of discount, 2 1/2 per cent.

New York, March 11.—Wall Street, noon. Bullish sentiment was chilled by the appearance of large selling orders today, when attempts were made to carry further yesterday's rise. Liquidation was answered in American sugar and the eastern railroad shares, among which the buying to be of poor quality, and widened their selling, so that a large part of the list was forced under yesterday's close. Announcement of the regular New York Central dividend caused that stock to rally over a point, and the whole list became steadier toward noon. Bonds were irregular.

London, March 11.—Money was in good supply and discount rates were easy today. The stock market was quiet, but generally bright and cheerful. Purchases based on belief in the settlement of the Irish question again advanced Consols and gilt-edged securities, and the market closed a fraction off from the best. Gold mines were flat on South African selling. American securities were quiet and featureless during the forenoon. Prices held around parity until the late trading, when the list declined slightly and closed undressed.

London, March 11.—Consols, for money, 100 to 100 1/2; 2 1/2 per cent, 100 1/2; 3 per cent, 100 1/2; 4 per cent, 100 1/2; 5 per cent, 100 1/2; 6 per cent, 100 1/2; 7 per cent, 100 1/2; 8 per cent, 100 1/2; 9 per cent, 100 1/2; 10 per cent, 100 1/2; 11 per cent, 100 1/2; 12 per cent, 100 1/2; 13 per cent, 100 1/2; 14 per cent, 100 1/2; 15 per cent, 100 1/2; 16 per cent, 100 1/2; 17 per cent, 100 1/2; 18 per cent, 100 1/2; 19 per cent, 100 1/2; 20 per cent, 100 1/2; 21 per cent, 100 1/2; 22 per cent, 100 1/2; 23 per cent, 100 1/2; 24 per cent, 100 1/2; 25 per cent, 100 1/2; 26 per cent, 100 1/2; 27 per cent, 100 1/2; 28 per cent, 100 1/2; 29 per cent, 100 1/2; 30 per cent, 100 1/2; 31 per cent, 100 1/2; 32 per cent, 100 1/2; 33 per cent, 100 1/2; 34 per cent, 100 1/2; 35 per cent, 100 1/2; 36 per cent, 100 1/2; 37 per cent, 100 1/2; 38 per cent, 100 1/2; 39 per cent, 100 1/2; 40 per cent, 100 1/2; 41 per cent, 100 1/2; 42 per cent, 100 1/2; 43 per cent, 100 1/2; 44 per cent, 100 1/2; 45 per cent, 100 1/2; 46 per cent, 100 1/2; 47 per cent, 100 1/2; 48 per cent, 100 1/2; 49 per cent, 100 1/2; 50 per cent, 100 1/2; 51 per cent, 100 1/2; 52 per cent, 100 1/2; 53 per cent, 100 1/2; 54 per cent, 100 1/2; 55 per cent, 100 1/2; 56 per cent, 100 1/2; 57 per cent, 100 1/2; 58 per cent, 100 1/2; 59 per cent, 100 1/2; 60 per cent, 100 1/2; 61 per cent, 100 1/2; 62 per cent, 100 1/2; 63 per cent, 100 1/2; 64 per cent, 100 1/2; 65 per cent, 100 1/2; 66 per cent, 100 1/2; 67 per cent, 100 1/2; 68 per cent, 100 1/2; 69 per cent, 100 1/2; 70 per cent, 100 1/2; 71 per cent, 100 1/2; 72 per cent, 100 1/2; 73 per cent, 100 1/2; 74 per cent, 100 1/2; 75 per cent, 100 1/2; 76 per cent, 100 1/2; 77 per cent, 100 1/2; 78 per cent, 100 1/2; 79 per cent, 100 1/2; 80 per cent, 100 1/2; 81 per cent, 100 1/2; 82 per cent, 100 1/2; 83 per cent, 100 1/2; 84 per cent, 100 1/2; 85 per cent, 100 1/2; 86 per cent, 100 1/2; 87 per cent, 100 1/2; 88 per cent, 100 1/2; 89 per cent, 100 1/2; 90 per cent, 100 1/2; 91 per cent, 100 1/2; 92 per cent, 100 1/2; 93 per cent, 100 1/2; 94 per cent, 100 1/2; 95 per cent, 100 1/2; 96 per cent, 100 1/2; 97 per cent, 100 1/2; 98 per cent, 100 1/2; 99 per cent, 100 1/2; 100 per cent, 100 1/2.

TWO BRITISH OFFICERS KILLED DURING FLIGHT
Were at High Altitude When Their Aeroplane Collapsed.

[Canadian Press.]
Ottawa, March 11.—Samples of sausages seized in Hamilton and sent here last week for analysis by the inland revenue department have been found to contain a preservative in the form of sodium sulphide. As there is a possibility of this proving injurious to health, steps will be taken to prevent, or at least regulate, its use. The department is also considering regulations to prevent the sale of horse meat in Canada, in view of the establishment of such a business, ostensibly for export purposes, at Longueville, Quebec.

A Tragic Sequel.
London, March 11.—In recording the three fatalities to British army aviators within two days the London newspapers say they make a tragic sequel to the congratulations expressed to the military secretary by Col. Zelly, secretary for the fact that no deaths of army aviators had occurred within a year. The secretary for war attributed this record to the superior safety of British aeroplanes, and declared that flying was now as safe as, or safer than, voyages in submarines.

Churchill Criticized.
The recent living exploits of Winston Spencer Churchill, first lord of the admiralty, are the subject of much criticism, in that a British cabinet minister has no right to risk his life in foolhardy exploits.

"UNEMPLOYED ARMY" MAY ABANDON MARCH
[Canadian Press.]
Sacramento, Cal., March 11.—"General" Kelley's proposed march to Washington, D. C., with an "army" of unemployed men may be abandoned, according to reports here. Of 1,700 men driven from this city across the Sacramento River into Yuba County by the authorities on Monday many deserted.

A FIREMAN'S PERIL

How Zam-Buk Delivered Him.

At 215 Fraser Ave., Edmonton, Alta., lives W. P. Mahy, a former member of the local fire brigade, who has wonderful cause to be thankful for the curative powers of Zam-Buk. He says: "A serious skin disease broke out on my face, and spread until I was in a terrible state. The spots and little ulcers were frightfully irritating, and yet when scratched or rubbed they bled and smarted. Shaving caused me agony, and sometimes I would have to go two weeks without a shave. I tried home-made remedies, herb salves, and various other preparations, but the sores got no better. When Zam-Buk was mentioned I had little faith that it would be able to do me any good. My case seemed such an obstinate one that I gave it a fair trial, however, and the change for the better that it gave me encouragement to continue. I did so, and to cut a long story short, Zam-Buk, in the end, quite cured me. The face is now clear of all traces of the terrible disease, which troubled me for so long."

Thousands of sufferers from eczema, blood poison, ulcers, chronic sores, piles, ringworm, cold sores, cuts, burns and skin injuries have been relieved and cured, as was Mr. Mahy, by Zam-Buk. As a balm for all skin injuries and diseases it is without equal. All druggists and stores at 50¢ per bottle. Post free from Zam-Buk Co., Toronto, for price. Refuse harmful substitutes.

UNABLE TO FIND WORK

Bricklayer Declares He Has Been Looking for It Since Christmas.

In a letter to The Advertiser, P. Baldry, a bricklayer's laborer, who has been in London for a number of years, asserts that although he has sought work since Christmas, he has been unable to secure any.

"I do not spend any money in the bar-rooms," he says, "and for this reason I had money laid by. Had it not been for this I do not know what I would have done. The statement made by a contractor in The Advertiser that no work was to be had was utterly wrong, because there are still three feet of frost in the ground. If they would get some of the men on the farms instead of sending a man to England for more, they would be doing the country a service."

SAUSAGES FOUND TO CONTAIN PRESERVATIVES

[Canadian Press.]
Ottawa, March 11.—Samples of sausages seized in Hamilton and sent here last week for analysis by the inland revenue department have been found to contain a preservative in the form of sodium sulphide. As there is a possibility of this proving injurious to health, steps will be taken to prevent, or at least regulate, its use. The department is also considering regulations to prevent the sale of horse meat in Canada, in view of the establishment of such a business, ostensibly for export purposes, at Longueville, Quebec.
