The copy filmed here has been reproduced thanks to the generosity of:

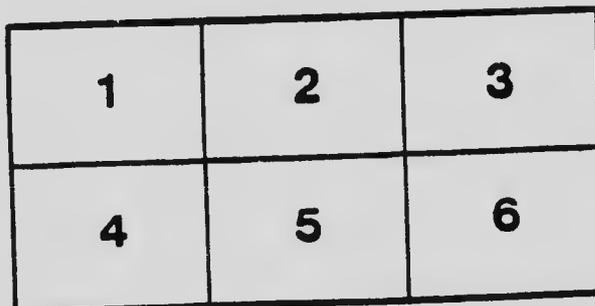

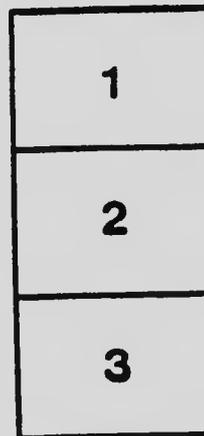

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filage.

Les exemplaires originaux dont le couvreur en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## PREFACE

---

In presenting these sets in book-keeping and business practice to the consideration of his fellow teachers, the author does so feeling that they may help to fill a long-felt want in the teaching of Commercial work in the High School and Collegiate Institute.

They have been prepared with the special object of giving the pupils a practical acquaintance with the general principles of book-keeping, and, at the same time, to instil that feeling of self-reliance and self-confidence so essential to the student when he leaves the classroom and takes up practical office work.

This object is best attained by placing the sets in the hands of the pupils, thereby using the time and energy in class and individual instruction that was formerly spent in dictating similar work to the classes.

## NOTES.

---

In working these and other sets the teacher will find it advisable to use separate blank books, which can be easily made by having heavy manilla covers printed with the name of each book, and having the pupils put in each the necessary amount of ruled paper.

The price lists may be used as the teacher wishes; by using a new one each year or by giving different pupils a separate list.

# SETS IN EVERYDAY BOOK-KEEPING.

## PART I.—SET I.

The first five sets form one complete set, in which the Journal-Day Book and Ledger are to be used. After each set is journalized, it will then be posted, a Trial Balance taken off, the Ledger closed, and the balances and inventories brought below the ruling preparatory to working the next set. The particular purposes of these sets are to—

- (1) Familiarize the pupil with the journalizing rules ;
- (2) Posting from the Journal to the Ledger ;
- (3) Closing the Ledger, leaving it ready for the next month's business without opening new accounts for each set.

## SET II.

## BUSINESS PRACTICE.

The pupils will now commence the use of the following books of original entry:

(1) The **SALES BOOK**—in which will be recorded all the sales of the business. At the end of the month the total of these sales will be posted to the **Credit** side of Mdse. and the separate amounts to the **Debit** side of the personal account affected.

(2) The **CASH BOOK**—in which a record of all cash received and paid out is kept. It will take the place of the Cash account in the Ledger. The **Debit** side will show all cash received and the **Credit** side all paid out. In posting, Cash Credits will be posted to the **Debit** of the corresponding account in the Ledger, while the cash debits will be posted to the **Credit** side in the Ledger. The difference between the two sides will be the Cash on Hand and will be a resource.

(3) **BILL BOOKS**—Bills Payable and Bills Receivable—which will show full particulars with respect to all notes given or received.

(4) All business papers, incoming and outgoing, such as notes, bills, invoices, receipts, and drafts will be made out and entered in the proper books under the supervision of the teacher. The Journal will be continued and used for those items which do not affect the Sales or Cash Books.

## SET III.

## RETAIL BUSINESS.

In this month's business the pupil will keep the books of a Retail Grocery. The first few days will be kept by the Single Entry system, using the Day Book and Ledger, with the Bill Books as auxiliary books. The record of sales to customers will then be transferred from the Day Book to a book known as the "Customer's or Petty Ledger." The books will still be kept by Single Entry. The books will then be changed to Double Entry. The Bank Account will be kept in the Ledger and not in the Cash Book.

NOTE.—If the teacher wishes this Set may be used to teach the reverse change from Double to Single Entry.

## PART II—SET IV.

## WHOLESALE GROCERY AND PROVISION BUSINESS.

In this and the 3 following sets the books of a Wholesale Grocery and Provision firm will be kept by the pupil. The items as given will be as varied as possible and will introduce many of the different points that might arise in actual practice. The teachers and pupils will bear in mind that the transactions are merely representative and are not as numerous as they would actually be. The items given in the price list are only a small fraction of the many handled by a wholesale house. The special object is to familiarize the pupils with the various books used and especially the use of the Special Column Cash Book.

*Price Lists, August to November.*

## SPECIAL INSTRUCTIONS FOR AUGUST.

1. There will be two partners, Wm. Ashdown and Chas. A. Parker, who will share equally in the Losses or Gains. A private account will be kept with each, in which will be recorded all that they receive from the business, such as salary, etc.
2. The Journal-Day Book, Cash Book, Sales Book and Ledger will be continued as in Set II. The Invoice Book will be used for all purchases. The total is posted at the end of the month to the *debit* of Mdse., and the separate amounts to the *credit* of the personal accounts affected.

3. Special columns will be kept in the Cash Book for Bank Account. For this month a special column may be used for Cash Discounts.
4. Special attention should be paid to the payment of Mdse. so as to take advantage of the Cash Discounts.
5. The Expense Account will be broken up into its various parts, as General Expenses, Rent, Insurance, Taxes, Freight and Drayage, Duty, etc. A separate account will be kept with each of these throughout all the sets.
6. The pupil will, from the data given, make out all the *outgoing* and *incoming* papers, and then enter them in the proper books. Particular care must be taken to see that the Bank Balance in the Check Book agrees with the same balance in the Cash Book at the close of each day. The transactions for each day *must* be posted at the close of the day's business, and, in addition, should also be checked back. This will reduce the possibility of a mistake in posting escaping your attention. When the posting is finished take off Trial Balance, make out the Trading Account, Profit and Loss Statement and Balance Sheet. The books will then be closed in the usual way.

NOTE.—360 days will be taken as a year instead of 365 days. Where the rate of interest is not specified 6% will be the rate.

## SPECIAL INSTRUCTIONS FOR SEPTEMBER.

1. A new partner, Herbert C. White, will be admitted as per agreement with the present partners.
2. The two senior partners will be allowed a salary of \$200 per month, and H. C. White \$150 per month. The net gain or loss will then be divided as follows: Ashdown and Parker  $\frac{3}{4}$  equally between them, and White the remaining  $\frac{1}{4}$ .
3. The Bill Book will now be used as a book of original entry and all acceptances or notes received or given out will be posted directly from it to the personal account affected. This will involve a special form of Bill Book in which a special column is provided for the account credited from Bills Receivable or account debited from Bills Payable. The total of each book at the end of the month will be posted to the Bills Receivable and Bills Payable respectively.
4. A Retail Department will be opened in charge of H. C. White. A separate set of books will be kept by this department for its sales and returns will be made each day under the heading of "Cash

- Sales" to the book-keeper. A "Customer's, or Petty Ledger," such as used in July will be kept in the Retail Department by H. C. White.
5. A Branch store will be opened at No. 95 Queen St. in charge of Chas. A. Parker. An account will be kept with it, known as "Branch Store, No. 95 Queen St." This will be kept in the same manner as a personal account. All Mdse. bought for it will be charged to it directly instead of going through Mdse. account. A daily statement of receipts and expenditures will be given. The rent of the store will be \$25 per month.
  6. Follow the same method as in August. Be sure and keep the balance of Cash correct and see that the Bank balance in Check Book agrees with the same balance in the Cash Book. Keep special columns in Cash Book for Retail Department Sales, Branch Store Sales and Bank. Post at the end of each day. At the end of the month proceed as in August.

SPECIAL INSTRUCTIONS FOR OCTOBER.

1. Fred. E. Robinson will now be admitted as a partner. Each partner will receive interest at 6% on his investment and pay interest at 6% on withdrawals. The Net Loss or Gain will be divided equally. The new partner will take charge of the books and act as Office Manager. He will receive a salary of \$200 per month.
2. The firm will act as the agent of Hedley-Shaw Milling Co. For this they will receive a uniform commission of 5% on sales. The firm makes 4 brands of Flour as follows (with price lists):

" Pearl,"	per bbl.,	\$3 65	\$3 70	\$3 75	\$3 80
" Mikado,"	" "	3 90	3 95	4 00	4 05
" Calla,"	" "	4 10	4 15	4 20	4 25
" Bakers',"	" "	4 15	4 20	4 25	4 30

- A special column will be kept in the Sales Book for sales of this Flour.
3. In order to save some work the returns for "Cash Sales" from the retail department will now be made weekly instead of daily. The use of the special column in the Cash Book for these sales will be discontinued, as will also the special column for branch store sales. Special columns for Interest and Discount debits and credits will be used along with the bank columns.
  4. The Mdse. Account as such will be discontinued and broken up into the following: (a) Purchases Account for all Mdse. bought and purchases returned. (b) Sales Account for all sales and sales returned. The Mdse. Discount Account will be continued under the headings of (a) Discount on Purchases and (b) Discount on Sales.
  5. The same books will be used and the same method will be followed as before. The pupils are urged to rely upon themselves and be independent of the teacher. Make out the usual statements, and close the Ledger.

## SPECIAL INSTRUCTIONS FOR NOVEMBER.

1. Chas. A. Parker withdraws from the business. The settlement is given in the Business Memoranda. The remaining partners will then pay and receive from each other such amounts as will make their investments equal. They will then share in the Losses and Gains equally. Their salaries will remain as before.
2. Special attention will be paid this month to the handling of notes and drafts. Special care must be taken in reckoning all interest and discount amounts that the exact number of *days* is taken. Less attention will now be paid to the Sales and Invoice Books. Special care must be taken to properly record *all* notes in the Bill Book when they are disposed of. Special columns will be kept in the Cash Book for Interest, Dr. and Cr.; Exchange, Dr.; Bank, Dr. and Cr.
3. By a special arrangement with the Bank they agree to discount all drafts drawn on our customers and to place the proceeds to our credit. They will charge a uniform rate of Exchange of  $\frac{1}{8}\%$  on all collecting and discounting they do for us. Charge this to Bank Charges or Collection and Exchange. They also charge  $\frac{1}{8}\%$  on all cheques, except from local customers, which are deposited to our account.
4. The same books will be used and the same methods followed as last month. When the posting is complete take off the Trial Balance, make out the usual statements and close the Ledger.

## COMMERCIAL DIPLOMA EXAMINATION.

## REVIEW QUESTIONS.—BOOK-KEEPING.

(1) I owe to-day a note for \$475, and interest due, \$9.50. Not being able to pay in full I settle the note by paying cash, \$250, and renew at 60 days for the balance due on a discount of 8%. Give Journal Entry for both parties.

(2) On Oct. 4 I gave Wm. Jones my note at 3 mos. for \$450, with interest at 7% per annum. On Dec. 7 I prepaid the note, being allowed a discount of 6%. Give Journal Entry for both parties.

(3) June 4. H. Kennedy gave his note at three mos. to J. Beatty for \$850, with interest at 7%, in payment of a bill of Mdse., on which he is entitled to a discount of 4%.

June 29. Beatty transferred the note, less discount at 5%, to Chas. E. Meyer & Co. on acct.

July 29. Chas. E. Meyer & Co. transferred the note, less discount at 6%, to J. Marshall in payment of a note of theirs due the same day for \$1,200. They pay the balance in cash.

Sept. 7. H. Kennedy paid the note, with interest, per cheque. Give the Journal Entries for all parties.

(4) Chas. Martin holds a note against you for \$960, to run 3 mos., and bearing interest at 6%. When the note falls due you send him a cheque for \$500 (Exchange,  $\frac{1}{8}\%$ ), a note that you hold against H. Burke, due in 10 days, for \$200, on which you allow 5% off, and ask him to draw on you at 30 days for the balance, plus interest at 8%. Give your own and Martin's Journal Entries (a) using the personal accounts, and (b) without using the personal accounts.

(5) Journalize the following:

- (a) Left notes, face value \$1,200, at the Bank for collection.
- (b) The Bank reports that \$800 of the above notes have been paid and \$200 dishonored.
- (c) Discounted my own note for \$1,500 at the Bank and gave as collateral security bills receivable notes amounting to \$2,000.
- (d) The Bank reports \$1,200 of the notes mentioned in (c) as paid and \$300 as dishonored.
- (e) Our note of \$500 at 60 days, with interest at 6%, in favor of J. Richards, falls due at the Bank to-morrow. We renew by giving a new note at 30 days for \$250 and a cheque to cover the balance and interest on old and new notes.
- (f) July 17. Gave cheque to Bank of Commerce to retire J. King's note of \$100, due to-day, and which we discounted there on June 28. In settlement King gave us a cheque for \$50 and an interest-bearing note at 30 days (6%) for \$50. Give Journal Entries for both parties.

**NOTE.**—In the three following questions the columnar form of Balance Sheet may be used instead of the English form.

(6) From the following data make out the Trading Account, Profit and Loss Statement and Balance Sheet:

Balance your Cash Book and bring the balance below the ruling.

- (11) (a) Explain the different ways in which the Bank Account may be kept.
- (b) Rule a Cash Book and make (say) 12 entries on each side, showing Bank Columns on each side, and supposing that all receipts are at once deposited and all payments are made by cheque. Close out the Cash Book. Indicate other special columns.
- (12) H. Packard & Co. bought an invoice of goods in England amounting to £372 10s. 6d. The goods are subject to a duty of 35%, which they pay in cash (less 33 $\frac{1}{3}$ % on account of preferential tariff). They sell the goods to Jas. King, London (Ont.), at an advance of 35% over the total cost. In 10 days King remits a cheque for the goods, less 5%. This was deposited, less  $\frac{1}{8}$ % exchange. H. Packard & Co. remit a bank draft, purchased per cheque, for the goods, less a discount of 3%. They pay bank charges,  $\frac{1}{4}$ %. Give all of H. Packard & Co.'s entries as they occur.

(13) Explain clearly the difference between Single and Double Entry. How would you change your books from Single to Double Entry and *vice versa*?

(14) My books have been kept by Single Entry and at the close of the year stand as follows:—Cash on Hand, \$1,890; Bills Receivable, \$3,200; Accounts Receivable, \$895; Mdse. bought during the year, \$7,650; Mdse. on hand at the close of the year, \$12,000; Machinery cost, \$5,990 and is worth 5% less; Notes due others, \$1,565; Accounts Payable, \$635; Interest due on Bills Receivable, \$175; My net investment was \$20,000, and withdrawals \$2,600; allow 10% off Personal Accounts Receivable; Show my Present Net Capital. Give Journal Entry to change to Double Entry

(15) Pratt & Miller have been keeping their books by Double Entry and wish to change them to Single Entry. Make the necessary entry to do so from the following data. Cash in Bank, \$4,602.15; Goods on Hand, \$3,000; Book Debts Receivable, \$1,019.30; Book Debts Payable, \$1,408.46; Bills Payable, \$6,407.13; and each partner has \$1,200 to the Credit of his account. Explain fully how you would make the change.

(16) Enter the following by Single Entry:

- Aug. 3. J. Clark and W. English each invest \$3,000 in business. Gains and losses are to be divided equally. They deposited the amount invested, less \$200.
4. Bought of B. Fowler & Co., 200 lbs. Pork at \$16.50 per bbl. Paid on account cheque, \$1,000, a note at 15 days for \$1,000 and the balance on account.
  6. Bought for Jas. Black & Son 225 lbs. Pork at \$16.40 per bbl. Gave in payment a cheque for \$950 and the balance on account.
  8. Sold Jas. Martin 115 lbs. Pork at \$20 per bbl. Received cash, \$900, a note at 10 days for \$1,000. The balance on account.
  9. Sold Chas. Gray 80 lbs. Pork at \$20.40 per bbl. Received in part payment cash, \$800, a note at 20 days for \$300 and the balance on account.
  10. Discounted all notes on hand at the Bank. Discount, \$9.15. Proceeds deposited.
  12. Sold W. Robertson 25 lbs. Pork at \$22 per bbl. Received \$300 cash on account of same.
  14. Sold C. Donnelly 110 lbs. Pork at \$21 per bbl. Received in payment a note at 30 days.
  15. Make a statement of Assets and Liabilities, valuing the Pork on hand at \$16 per bbl. Close the Partners' Accounts.
  16. Change the books from Single to Double Entry in such a way that the same Ledger may be used. Then make the following entries by Double Entry:
  17. Sold the Pork on hand at \$20 per bbl., cash. Received cash for all accounts owing. Paid per cheque all accounts owing others. Discounted all notes on hand, less \$3.50 discount. Paid per cheque all notes outstanding. Discount, \$1.90. Deposit all cash on hand. Issue cheques to each partner for their share of the business.

(17) A and B entered into partnership on Jan. 1, 1890. A invested \$20,000 and B \$30,000. The gains and losses were to be divided equally. Each partner was to receive 6% interest on his investment and pay the same rate on all withdrawals. A drew as follows: March 3, \$500; Aug. 9, \$400; Sept. 6, \$450; Dec. 10, \$300. B drew as follows: March 9, \$240; Aug. 15, \$300; Nov. 20, \$500. What was each partner's share of the net loss or gain and each one's net capital at the close of the year if the books stand as follows: Cash, \$7,200; Bills Receivable,

\$14,800; Personal Accounts Receivable, \$20,500; Bills Payable, \$4,000; Accounts Payable, \$20,000; Mdse. on Hand, \$63,000.

(18) A and B are partners with respective investment on Jan. 1, 1901, of \$1,250 and \$2,500 under agreement to share losses and gains according to their average net investment. On May 10 A invested \$500 and on Aug. 26 B withdrew \$750. At the end of the year the net gain is \$500. Find the present net worth of each.

(19) X, Y and Z are partners with respective investments of \$3,000, \$2,000 and \$1,000. They share losses and gains equally. At this time they admit A as a partner on his investing \$2,000, for which he is to get a  $\frac{1}{3}$  interest in the net assets of the business, and is to share equally in the losses and gains. Make the necessary Journal Entry and show how each partner's investment now stands.

(20) A, B and C are partners under agreement to share equally in losses and gains and to allow 6% interest on investments and pay 6% on withdrawals. On Jan. 1 A invested \$1,500 and on Aug. 1 withdrew \$200. On Jan. 1 B invested \$800 and on Oct. 1 \$900. He withdrew \$100 on Aug. 1. On Jan. 1 C invested \$1,200 and on June 1 \$600. He withdrew \$600 on Sept. 1. The net gain for the year is \$1,200, after finding which the interest is adjusted. What is the present worth of each partner at the end of the year?

(21) F starts G in a Branch Store with goods, \$2,100; Cash, \$50; Notes Receivable, \$130; Personal Accounts Receivable, \$340; Notes Payable, \$620; Rent of Store is to be \$60 per year; Clerk's Salary, \$300 per year. At the end of the year F examines the business and finds as follows: Goods on hand, \$1,800; Purchases, \$4,500; Sales, \$6,300; Expenses paid, \$72; Rent paid, \$50; Salary paid, \$250; Notes in safe, \$300; Notes Payable Outstanding, \$750; Personal Accounts Receivable, \$840; Personal Accounts Payable, \$120; Interest Received, \$36; for running a Post Office, \$180; for other services, \$24; Cash paid to F, \$300. Find (1) the Cash on Hand, (2) the Loss or Gain, allowing 10% off Bills Receivable and Accounts Receivable for bad debts, and (3) the Present Net Worth.

(22) A starts B in a branch store with goods, \$1,050; Cash, \$50, and others notes on hand, \$65. The Rent is to be \$50 per year and B's salary \$25 per month. At the end of the year the books show the following:— Goods on hand, \$900; Purchases, \$2,250; Sales, \$3,150; Expenses paid, \$40; Rent paid in full; Bills Receivable, on hand, \$150; Bills Payable, out, \$375; Personal Accounts Receivable, \$420; Accounts Payable, \$80. A has received \$150 from the business. There is no record of B's salary having been paid. Supposing it is paid in full how does the business stand? Give complete statements.

(23) A father places his son in charge of a business with the following Resources: Mdse. on Hand, \$1,750; Cash on Hand, \$50, and Accounts Receivable, \$300. The rent of the store is \$7 per month and the son is

allowed a salary of \$60 per month. At the end of 15 months the books stand as follows:— Mdse. bought, \$6,200; Sales, \$7,300; Rent paid for 12 mos.; Salary paid in full; Expenses paid, \$200; Accounts Receivable, \$475; Bills Receivable, \$215; Accounts Payable, \$450; Cash paid to the father, \$300. Find the cash on hand, the profit or loss and the present state of the business. (Mdse. on Hand, \$2,500.)

(24) Explain fully the method of dealing with Inventories when making up the statements and closing the Ledger. Why are they brought below the ruling when closing the Ledger, and why are losses and gains not treated in a similar manner?

(25) Explain fully what items of interest or discount will appear on each side of the Interest and Discount Account. How would you deal with Interest amounts due, either by you or to you, when closing the Ledger? Why is it necessary to consider these amounts at all?

(26) (a) A is admitted as an equal partner with you by paying into the business \$2,000 cash. Your present capital is \$1,800. Give the Journal Entry to adjust.

(b) A and B are equal partners. B was erroneously charged with \$50 that he had spent on the business of the firm. Give the Journal Entry to adjust, using the partner accounts only.

(27) Give cross-entries to correct the following mistakes:—

(a) You paid a note of \$350 and interest due \$18. By mistake you debited Bills Receivable for the whole amount.

(b) By agreement you prepay for Jno. Jones freight on all goods purchased from you. By mistake one item for \$25 was passed through the freight account instead of Jones' account.

(28) Explain how the following mistakes would affect (1) the Profit or Loss and (2) the Balance Sheet:

(a) The mistakes referred to in Question 27.

(b) A cash sale of \$100 was posted to a personal account instead of to the mdse. account.

(c) A sum of \$30 paid for freight was posted to the debit side of a personal account.

(29) How would you provide for the following in making up your yearly statements:

(a) Depreciation of machinery, plant, fixtures, etc.

(b) Wages unpaid.

(c) Interest accrued.

(d) Reserve for bad or doubtful debts.

(e) All other inventories.

(30) Jas. King of Toronto owes you \$500, due in 60 days from the present date. You owe H. P. Eckardt & Co. of Toronto \$350, due in 30 days from date. How can you settle your debt to H. P. Eckardt & Co. by drawing on King? Explain fully and give all the necessary Journal Entries in your own books to adjust the matter.
