ACTIVE MILITIA.

2. The Active Militia shall consist of all the male inhabitants of the Province of the age of eighteen years and under forty five, not exempt or disqualified by law, and being British subjects by birth or naturalization.

3. The Active Militia shall be divided into three Classes, to be called respectively Class A, Class B, and Class C. Class A shall consist of Volunteer Troops of Cavalry, Field Batteries and Foot Companies of Artillery, and Companies of Infantry armed as Riflemen, to be formed at places to be designated by the Commander in Chief. Class B shall consist of unmarried men and widowers without children; and Class C shall consist of married men and widowers with children.

4. Each Volunteer Troop of Cavalry, and Company of Foot Artillery, shall consist of a Captain, a Lieutenant, a Cornet or second Lieutenant, three Sergeants, three Corporals, three Bombardiers, and not less than forty three Privates. Each Field Battery of Artillery shall consist of a Captain, two first Lieutenants, a second Lieutenant, a Sergeant Major, three Sergeants, three Corporals, three Bombardiers, a Trumpeter, a Farrier, fifty nine Gunners and Drivers,—including Wheelers, Collar Maker and Shoeing Smith, and fifty six horses, exclusive of Officers' horses, and of four spare horses when the Battery is called into actual service. Each Company of Infantry shall consist of a Captain, a Lieutenant, one Ensign, three Sergeants, three Corporals, a Bugler, and not less than forty three Privates.

5. The Commander in Chief shall have power to constitute any number of Volunteer Companies of the Active Militia at any locality, or within any District, (not being less than six nor more than ten Companies,) into a Regiment or Battalion; and to assign or appoint thereto a Lieutenant Colonel, two Majors, one Adjutant, one Paymaster, one Quarter Master, one Surgeon, and one Assistant Surgeon; such Regiment or Battalion shall be subject to the Queen's

Regulations for the Army, so far as the same are not inconsistent with the Militia Law of this Province.

6. One or more Volunteer Companies, as Sea Fencibles, may be formed in any County, City, or District, as the Commander in Chief may determine; each Company to consist of a Captain, a Lieutenant, a second Lieutenant, and fifty men; an Officer may be appointed to command the whole, who shall rank as a Lieutenant Colonel of Militia; Captains in the Sea Fencibles shall rank as Majors in the Militia, and first Lieutenants as Captains.

7. The Sea Fencibles shall be armed in such manner as the Commander in Chief may direct, and shall be trained and drilled as well to the use of small arms, as in the management of Gunboats and Vessels, and the working of guns on board of vessels.

8. Volunteer Companies of Engineers may be formed in each Military District; every such Company shall consist of a Captain, a Lieutenant, a second Lieutenant, and such number of men, not exceeding seventy five, as the Commander in Chief may direct; but such Companies shall not be subject to drill or service in time of peace.

9. Every Volunteer Company existing on the twenty second day of April in the present year, shall be held, for the purposes of this Act, to be still existing, and shall be continued as such, subject to all the provisions of this Act, unless its services are dispensed with by the Commander in Chief.

10. The uniforms of the several Troops of Cavalry, Field Batteries, and Volunteer Companies of Infantry, continued or organized under this Act, shall (except when exempted by special order), be of such colour, pattern, and design, as may be ordered by the Commander in Chief; provided that but one, and that a similar colour, pattern, and design, shall be approved for each of them respectively; and such Corps shall conform in all particulars to the orders of the Commander in Chief in reference thereto.

11. Commissioned Officers shall furnish their own arms and accoutrements.

12. The Commander in Chief shall from time to time direct the description of arms and accoutrements to be used by the non-commissioned officers and men of the several

Volunteer Companies. Such arms and accoutrements shall be Provincial property, and shall not be taken out of the Province; and the officer or officers receiving them shall give a Bond to the Queen in such sum and with such sureties as the Commander in Chief may direct, for the safe keeping and good order thereof, and for the re-delivery thereof to such officer as may be appointed to receive them, whenever the Commander in Chief may direct such re-delivery.

13. The Commanding officer of every Volunteer Corps shall receive a sum not exceeding two dollars per head for every effective Member of such Corps, to provide for the proper care of such arms and accoutrements, and to meet the expenses of such Corps; but no person not an enrolled Member of the Corps, and who has not attended drill for the space of six months, and not less than fifteen times during that period, shall be considered an effective Member of such Corps.

14. No Corps of the Active Militia, and no non-commissioned officer or private thereof, shall at any time publicly appear armed or accoutred, except when *bona fide* at drill or target practice, or at reviews or inspections, or by order of the Commanding officer: provided that nothing herein contained shall be construed to prevent any Corps of Class A from assembling or being ordered out for drill or exercise by the Officer commanding it, according to any articles of engagement or regulations of such Corps approved by the Commander in Chief; and any such articles, so far as they are not inconsistent with this Act, shall be enforced, and the penalties thereby imposed may be recovered in the manner hereinafter mentioned, by the person designated for that purpose in such articles.

15. Sufficient ammunition for practice at drill and ball practice shall be supplied to the Volunteer Corps, at the expense of the Province; and proper ranges, with targets and butts for Rifle practice, may be provided at the like expense, in such manner and in such places as the Commander in Chief may direct.

16. The Commander in Chief shall from time to time appoint competent persons to instruct and drill the Active Militia, under such regulations as he may direct; which

persons shall receive such remuneration as the Governor in Council may order.

17. The officers, non-commissioned officers and men of the Volunteer Corps, while they continue such and perform their duty, shall be exempt from the payment of City, County, and Parish Rates and Taxes for the then current year, to the amount of six dollars; and a certificate under the hand of the Commanding officer of any such Corps, shall be sufficient evidence of the service in his Corps of any officer, non-commissioned officer, or man.

18. If any officer, non-commissioned officer, or man, shall be expelled or discharged from a Volunteer Corps, he shall be liable to the payment of his taxes, and to the performance of all other duties imposed by law, and from which he would have been otherwise exempt; and upon such expulsion or discharge, it shall be the duty of the officer in command of the Corps, to which such expelled or discharged person belongs, to make a return in writing of the name of such person to the proper Collector of Taxes within ten days after such expulsion or discharge, under a penalty of four dollars for each neglect; and it shall thereupon be the duty of such Collector forthwith to collect from such person such sum of money as he would have been liable to pay if he had not belonged to a Volunteer Corps, performing drill and exercise as aforesaid.

19. No officer, non-commissioned officer or man of any Company in Class A, shall in any case, unless legally discharged, leave the same without giving two months notice in writing to the Commanding officer thereof, of his intention so to do; nor shall he at any time leave the same contrary to the engagement contained in any articles of engagement signed by him, under a penalty of twenty dollars in the case of an officer, and five dollars in the case of a non-commissioned officer or private. The term of engagement shall not be less than two years; but the Commanding officer of any Volunteer Corps may at any time expel from his Company any non-commissioned officer or man who shall be guilty of improper conduct or inattention to duty; provided that the person expelled may within six days thereafter appeal in writing to the Lieutenant Colonel or Commanding officer of the Battalion or Regiment to which he

belonged at the time of his expulsion; and it shall be the duty of such Lieutenant Colonel, or Commanding officer, without delay, to appoint a Board of three officers, not connected with the Company to which such expelled person belonged, to investigate the matter and report thereon to the Adjutant General; and the decision of such Board shall be final, if approved by the Commander in Chief.

20. The articles of engagement of all Volunteer Corps shall be subject to the approval of the Commander in Chief; and such Volunteer Corps shall be drilled and exercised at such times in each year, not exceeding ten days, and at such places as the Commander in Chief may order; and such Corps shall be subject to inspection, from time to time, by such person or persons as shall be appointed by the Commander in Chief for that purpose.

21. The men of Class B and Class C of the Active Militia shall be carefully enrolled, and shall, when not exempted, assemble for muster upon one day in each year, at such time and place as the Commanding officer of each Battalion may direct with respect to each Company therein, interfering as little as possible with seed time and harvest; but no person shall be required to travel more than twelve miles from his usual place of residence, to attend such muster.

22. The Commander in Chief may, by a General Order, dispense with the annual muster of the Active Militia, or any part thereof, either in any one year or until further order, and may in like manner again direct such muster to be held; and all persons belonging to the Militia shall be bound to obey such orders.

DRILL AND EXERCISE.

23. Companies of the Active Militia, to the number of at least fifteen, shall be annually exercised at such convenient time and place as may be appointed by the Commander in Chief.

24. The Commander in Chief shall, by General Order, designate the Battalions from which the Companies so to be exercised shall be drawn, and shall appoint the time for assembling and dismissal of such Companies; but no Company shall be compelled to serve for a longer period than twenty eight days, and no Battalion shall be obliged to furnish more than one such Company in each year.

25. The Commander in Chief may form such Companies into Battalions, and such Battalions into Brigades, and appoint officers thereto.

26. Any Militiaman of the Active Militia desirous of serving in any Company called out for exercise under the twenty fourth Section of this Act, shall notify the same to the Captain of his Company District, or to the Adjutant of the Battalion to which he belongs, and such Captain or Adjutant shall forthwith report his name to the Commanding officer of the Battalion. If in any Battalion designated as liable to furnish such Company, a sufficient number of men to form such Company should not volunteer to serve, the Company shall be completed by a draft upon the men of Class A and B belonging to the Battalion; such draft to be conducted by ballot, in such manner as may be prescribed by the Commander in Chief; care being taken that the men so to be drawn shall be taken equally from the different Company divisions of the Battalion.

27. Any man drawn under the provisions of the preceding Section may provide a substitute for service in the Company; provided such substitute is a Militiaman of the Active Militia, residing in the same County as the man for whom he serves, and that he is approved as effective and fit for service by the Commanding officer of the Battalion furnishing the Company. Any Militiaman serving in any such Company either voluntarily or by draft, shall be exempt from similar services during the period of seven years.

28. Every Company furnished for exercise by any Battalion under the foregoing provisions, shall be of the following strength, namely,—one Captain, two Subalterns, one Bugler, and sixty rank and file.

1. The officers of such Company shall be selected by the Commanding officer of the Battalion from among the officers thereof, subject to the approval of the Adjutant General.
2. The pay of any officer shall not exceed that of a Captain in Her Majesty's Infantry Regiments, to be determined by the Governor in Council.
3. The non-commissioned officers and privates of such force shall receive, besides rations, such rates of pay as may from time to time be fixed by the Governor in

Council, provided that the same shall not be less than fifty cents per day for each man during the period of service, to be paid in such manner as the Governor in Council may direct.

4. Stoppages from such pay may be made by sentence of any General or Battalion Court Martial, in the case of any officer, non-commissioned officer or private wilfully neglecting to perform his duty, or in cases where stoppages of pay are directed by the Articles of War; and no officer or non-commissioned officer while under arrest, and no private while a prisoner, shall be entitled to pay.
5. The Commanding officer of any Battalion assembled for drill and exercise under the twenty fourth Section of this Act, shall have power to confine to Barracks or Camp for a term not exceeding three days any Militiaman under his command for wilful neglect of duty, and to stop his pay during such confinement.

29. The Commander in Chief may make arrangements for the transport of such Companies to the place of assembly, and for their return thence; and may pay such reasonable expenses of transport as the Governor in Council may direct.

30. Every officer, non-commissioned officer and man belonging to the Companies called out for exercise under the twenty fourth Section of this Act, shall, while proceeding to and from the place of assembly, and during his continuance there, and until his dismissal after the completion of his term of service, be subject to the Articles of War, and to the provisions of the Act for punishing Mutiny and Desertion, so far as the same are not inconsistent with this Act; provided that no Militiaman shall be subject to any corporal punishment except imprisonment, for any violation of such Mutiny Act or Articles; and provided also, that the Commander in Chief may, by General Order, direct that any of the provisions of the said Act or Articles of War shall not apply to the Militia.

31. Every officer, non-commissioned officer and man assembled under the twenty fourth Section of this Act, shall, within three days after arriving at the place of assembly, take the oath of allegiance in the following form:—

“I, A. B., do swear that I will be faithful and bear true allegiance to Her Majesty Queen Victoria, her heirs and successors.—So help me God.”

Such oath may be taken before the officer commanding the Brigade, or the Captain of the Company.

SEDENTARY MILITIA.

32. The Sedentary Militia shall consist of all the male inhabitants of the Province of the age of forty five years, and under the age of sixty years, not exempt or disqualified by law, and being British subjects by birth or naturalization.

33. No actual service or drill shall be required of the Sedentary Militia in time of peace, but they shall be enrolled in the manner hereinafter directed.

DISTRICTS AND DIVISIONS.

34. The Commander in Chief may, from time to time, by any General Order, divide the Province into such number of Militia Districts and Regimental and Battalion Divisions as he thinks proper, and designate the same by names or numbers; and may also, from time to time, alter such Division, and increase or diminish the number of such Districts or Divisions.

35. The Militia resident in each Battalion Division shall form a Battalion of the Regiment of the Regimental Division in which it lies, and all the Battalions in any Regimental Division shall form the Regiment thereof. To each Battalion a Lieutenant Colonel, and such number of Majors and other officers shall be appointed, as may be necessary.

the officer commanding the Company, in writing, of any change of residence or other circumstances affecting such Militiaman, by which the Roll of the Company is affected, whether such Militiaman comes into or leaves the Company Division for which the Roll is made; and if any Assessor, Town Clerk, or other Municipal officer, shall wilfully neglect or refuse on reasonable demand, to give to the Commanding officer, or any officer or non-commissioned officer of the Company, the information required of him under this Act, he shall be liable to a fine of not less than two dollars nor more than five dollars for every offence.

42. The Commander in Chief shall appoint a Regimental Enrolling officer for the Eastern side of the Harbour of the City of Saint John; the said officer, with the approbation of the officer commanding the Militia on said Eastern side, shall appoint a time for taking the enrolment of all persons (not Volunteers) liable to do Militia duty; he shall put up printed notices thereof in the most public places of the City ten days before the time appointed, requiring all such persons liable and not enrolled to attend and enroll themselves, or send a written notice of their names, ages, and places of abode.

43. The said Enrolling officer shall keep a General Muster Roll of all persons so liable to do duty in the said City Militia, in order to which the several Captains or officers commanding Companies in said Militia (not being Volunteers) shall furnish him with lists of the persons belonging to such Companies.

44. The persons so from time to time enrolled and unattached, shall be appointed to such Companies in the said Eastern side as the enrolling officer, with the approval of the Commanding officer, may direct; and such unattached persons, or any of them, may be formed into Companies, as additional Companies of the City Battalions, or to either of them.

45. If any dispute arises as to which Company any man belongs, the officer commanding the Battalion shall determine, and his decision shall be final.

46. Any person on the said Eastern side not enrolled, and liable as aforesaid to do Militia duty, neglecting to enroll or to send a written notice of his name, age and residence to

All sums of money recovered under the last preceding Section, shall be paid over to the Commanding officer of the Battalions on the said Eastern side for the purposes thereof; and such Commanding officer shall allow the Enrolling officer a reasonable sum for his services, and the necessary expenses actually incurred by him.

ACTUAL SERVICE.

48. The Commander in Chief may call out the Militia, or any part thereof, whenever it is in his opinion advisable to do so by reason of war, invasion, or insurrection, or imminent danger of any of them; and when so called out, the Militia may be marched to any part of the Province, or to any place out of the Province but contiguous thereto, from which an attack is apprehended.

49. The officer commanding any Battalion Division may, upon any sudden emergency of invasion, insurrection, or imminent danger of either, call out the whole or any part of the Militia within his command, until the pleasure of the Commander in Chief is known; and the Militia so called out shall march to such place within or beyond the Division as the said commanding officer may direct.

50. When the Militia of any local division are called out in case of war, insurrection, or invasion, or imminent danger thereof, all Companies of Volunteers in such division shall be included in the order, and shall obey the officer issuing it.

51. Each Sedentary Militiaman and men of Class B and C of the Active Militia, called out for actual service, shall attend at such time and place as may be directed by the officer commanding him, with any arms and accoutrements he has received from the Province.

52. The commanding officer of any Regiment, Battalion, Detachment, or party, when the Militia or any part thereof are called into actual service, may impress boats, men, horses, or teams, as the service may require; and where boats are provided, such commanding officer may direct the Militia under his command to proceed to repel the enemy, or to the assistance of any neighbouring district or place, or to be stationed in any place for the defence thereof.

53. The commanding officer of the Militia, when it shall be necessary by any attack made or threatened suddenly in any sea-port town, or any place where merchant vessels may be lying, may compel the persons belonging thereto to do duty on shore, or in any boat or vessel, or with any part of the Militia.

54. When the Commander in Chief calls out the Militia, and the emergency is not such as to require that the whole of the Militiamen in any Division, or of any Class of Militiamen therein, be taken for actual service, he may from time to time direct the number of men to be furnished from the Militia of the whole Province, or of any Militia Division thereof, over and above the Volunteer Companies therein, which shall always be the first taken for actual service.

55. The number of men to be so furnished shall, in the first instance, be taken from Class B of the Active Militiamen in the several Company Divisions in that part of the Province to which the order applies, and in proportion as nearly as may be to the number of such men in each. Volunteers shall be first taken from each Company, but if the number of Volunteers be not sufficient, then such further number as may be required shall be drawn by lot under the superintendence of the commanding officer of the Company, whose certificate that any man has so been drafted, or volunteered, or consented to serve as substitute for a drafted man, shall be evidence of the fact.

56. No Militiaman drafted for actual service shall be exempt from serving, unless he forthwith pays a penalty of forty dollars, which shall be given to any approved man of the same Class who is not drafted himself for service, and will serve in the place of the Militiaman paying such penalty; or such Militiaman may provide an approved substitute of the same Class and not drafted, to serve in his place; and any Volunteer or substitute, by his consent to serve as such, shall become liable in all respects as if drafted.

57. No man drafted and unfit from bodily infirmity to perform his duty, shall be taken for service.

58. If a greater number of men are required than the whole number of men in Class B of the Active Militia, then the requisite number shall be taken from Class C of the Active Militiamen in like manner; if a greater number be

still required than the whole number of Class C, then the requisite number shall be taken from the Sedentary Militia in like manner.

59. The said Militiamen so respectively taken or drafted for actual service shall, by such officers as may be detailed for that purpose by the senior officer of the Battalion from which they are taken, be marched to such place within the Province as the Commander in Chief may appoint, and shall there be embodied into Companies and Battalions, and commanded by such officers as he may direct.

60. The Militiamen so taken or drafted for actual service from Class B and C of the active Militia, shall serve during one year, unless sooner disbanded, and may then be replaced by others taken as aforesaid, and shall not be liable to be again taken until all others of the same class be taken. But the men in Volunteer Militia Corps shall serve for the time for which they have engaged to serve, subject however to be determined on two months' notice as hereinbefore mentioned; provided that no Volunteer shall leave the service either with or without notice, at any time when the Militia are called out, unless he is regularly discharged or has served out the time for which he engaged.

61. Volunteer Companies so called out for actual service, may be embodied into Battalions, if the Commander in Chief thinks fit so to order.

62. The salary of the Inspector residing at Saint John shall not exceed eight hundred dollars per annum, including travelling expenses; and the salary of such other Inspectors shall be fixed by the Lieutenant Governor in Council; such salaries shall be paid quarterly by Warrant on the Provincial Treasurer.

3. The Governor in Council may appoint, from time to time, in any port or place in this Province, three persons acquainted with ship building, qualified and competent to make a reliable estimate of the strength, seaworthiness, and other qualities of the hull of any Steamboat employed in the carriage of passengers, and of her fitness for the route on which she may be placed, without peril to life from any im-

4. The remuneration for such inspection shall be twelve dollars, to be divided between the persons to be appointed under the second Section of this Act, and making such inspection; and shall be paid by the owner or master of such Steamboat before the inspection shall be complete.

7. Every engineer licensed as hereinbefore provided, shall pay for the first certificate eight dollars, and for every renewal, one dollar; such sum to be paid to the Examiners.

8. The license of any engineer may be revoked by the said Board, on proof of negligence, unskilfulness, or drunkenness; and if after notice of such revocation, any person shall act as an engineer without having obtained a new certificate,

12. No Steamboat shall depart by sea from any port or place within the Province, with passengers, without having on board or attached to such boat, good, suitable and sufficient boats, in good condition, properly equipped, as follows:—For every Steamer of the registered tonnage of two hundred tons, and upwards, not less than four boats; and for every Steamer of the registered tonnage of less than two hundred tons, not less than three boats; every such boat to be provided with not less than six oars, and other necessary tackle, and to be of sufficient capacity to carry not less than twelve adult persons, exclusive of the crews, and shall be of not less than seventeen feet length of keel; also one good and sufficient life boat made of metal or of wood, with

15. All such life preservers shall be made of suitable material, and be approved by the Inspector, and shall at all times be kept in convenient and accessible places in such vessels, and in readiness for the use of passengers.

16. Every Steamboat which shall be used in the navigation of Rivers, or Inland navigation only, shall carry not less than two good boats, provided with four oars each, and of sufficient capacity to carry not less than twelve persons with safety, besides the crew, except Steamboats confined to the navigation of the River Saint John above Fredericton, which shall carry one good boat of the like size, and provided as aforesaid.

17. Every Steamboat, whether for Sea or River navigation, shall be provided with and have on board in some convenient place, not less than twenty four sufficient fire buckets of wood or leather, three axes, and six good and sufficient lanterns; also a suitable number of gauge cocks properly inserted in the boilers of the respective Steamboats, and a suitable water gauge and steam gauge indicating the height of the water, and the pressure of the steam therein, as the Inspector may direct; and also one double acting force pump, with chambers of such size as the Inspector may direct, according to the size and route of the Steamer, to be worked by steam, if steam can be employed, otherwise by hand, and to have a suitable well fitted hose of at least the length of the vessel, according to the direction of the Inspector, kept at all times in perfect order and ready for

immediate use, which shall be supplied with water by a pipe connected therewith, and passing through the side of the vessel so low as to be at all times in the water when she is so afloat.

18. Every Steamboat plying within any of the Harbours, Waters, Bays, and Rivers of this Province, and coming to any port or place within the same, shall carry during the night at the mast head of such Steamboat, or upon a staff to be erected over the wheel house, not less than ten feet high above the upper deck, and also under the bow of such boat, a clear and distinct white light; and Steam Tugboats shall carry a red light at the mast head; which lights shall be so kept until alongside of the wharf, on coming into the port or place of destination, under the penalty of one hundred dollars for each and every neglect, to be paid by the owner or master of such boat or vessel.

19. Every Steamboat carrying passengers shall be provided with a good and convenient gangway, not less than two and a half feet wide, with a good hand rail on each side thereof, suitable for embarking and landing of passengers at all times of tide, such gangway to be separate and distinct from that used for landing or loading cargo, and to be firmly secured to the vessel and wharf or landing place; and in all cases when the landing or embarking of the passengers takes place during the night, a good light shall be placed at each end of such gangway, and (in case of landing) kept there for not less than one hour after the arrival at the wharf or place of landing, or until the landing is finished, under the penalty of eight dollars for each and every neglect or breach of duty, to be paid by the owner or master of such Steamboat or vessel.

20. The Inspector of each port or place, appointed under the provisions of this Act, shall regulate and direct the weight to the square inch of the boilers of each Steamer belonging to or steaming from the port or place for which he is such Inspector, subjecting them to a hydrostatic pressure, and shall certify such regulations and directions in writing to the master or owner of such Steamer, who, as also the engineer thereof, shall be governed thereby; and it shall be the duty of such owner or master to cause a printed copy of such directions to be posted up, and kept posted up, in some

conspicuous part of the Steamboat, during the season to which such inspection shall apply.

21. The owner or master of every Steamer shall at the time of each and every inspection or examination of the boilers thereof, state in writing to the Inspector the amount of pressure which he is willing the boilers shall be subjected to; and the Inspector shall not in any case authorize a greater weight to the square inch of any boiler than two thirds of the amount of pressure such boilers shall have sustained during the inspection; provided always, that the working pressure upon any boilers so authorized by the Inspector shall in no case exceed ninety pounds to the square inch.

22. If any such master, owner, or engineer, after the Inspector shall have so certified as in the last preceding Section directed, shall act contrary to the said regulations, by putting a greater weight upon the boilers than allowed thereby, such master or owner and engineer shall respectively be subject and liable to a penalty not exceeding two hundred dollars for each and every breach of such regulations.

23. Every Steamboat plying on the rivers, bays and harbours within this Province, shall have a lock-up safety escape valve, subject to the approval of the Inspector; and it shall be the duty of the Inspector to establish the pressure, lock up the said safety valve and place the key thereof in the hands of the master of such Steamboat, who shall be responsible for the safe keeping of the same.

24. The Inspector at each port or place shall annually between the first day of April and the first day of June, and at such other times as he may judge necessary, go on board any Steamer used for carrying passengers belonging to or steaming from such port or place, and examine the hull, boilers, machinery, boats and other parts and appurtenances of such Steamer, and shall satisfy himself that every such Steamer is safe and suitable for the service in which she is employed, that she has suitable accommodation for her crew and passengers, and that all the requirements of this law in regard to boats, boilers, machinery, protection against fire, life preservers, and other things, are faithfully complied with; and if he deem it expedient, he may direct the vessel to be put in motion, and may adopt any other suitable means

to test her sufficiency and equipments; and if he shall discover any defects, he shall immediately notify the master or owner thereof in writing, stating what repairs, alterations, or additions are required, and directing the same to be made.

25. No license shall be granted to any Steamboat if any combustible material liable to take fire from heated iron, or any other heat generated on board such vessel, in and about the boilers, pipes, and machinery, shall be placed at less than twelve inches distant from such heated metal, or other substance likely to cause ignition, unless a column of air or water intervene between such heated surface and any wood or other combustible material so exposed, sufficient at all times to prevent ignition; and further, when wood is so exposed to ignition, it shall, as an additional preventative, be shielded by some incombustible material in such manner as to allow the air to circulate freely between such material and the wood; provided, however, that when the structure of any steamer is such, or the arrangements of the boilers or machinery is such, that the requirements aforesaid cannot, without serious inconvenience or sacrifice be complied with, the Inspectors may allow deviations therefrom, if in their judgment it can be done with safety.

26. Any Inspector may at all times when inspecting or examining the hull, boiler or machinery of any Steamboat, ask of any of the owners, officers or engineers of such vessel, or the person in charge or appearing to be in charge of the same, or of the machinery thereof, such pertinent questions concerning the same, or concerning any accident that may have happened thereto, as he may think fit, and every such person shall fully and truly answer every such question so put to him, to the best of his knowledge and ability; and every person refusing to answer, or falsely answering any such question, or preventing any such inspection, or obstructing any such Inspector in the same, shall by so doing incur a penalty of twenty dollars.

27. Where an inspection is not made at the port or place where the Inspector resides, the expense of transporting the testing apparatus to and from the place of inspection shall be paid by the owner of the Steamboat inspected.

28. When the inspection is completed, and the Inspector approves of any Steamboat, and her machinery and equip-

ments, he shall grant a Certificate in duplicate, according to the Form (B) in the Schedule hereto; one of which shall be filed by him in the office of the Treasurer or Deputy Treasurer of the port or place where such examination may be made, and the other shall be delivered to the master or owner of such Steamboat, and shall be posted up in some conspicuous part thereof, together with a copy of this Act, and shall be kept so posted up during the season.

29. In case the Inspector refuses a certificate, he shall, if required by the master or owner of the Steamboat, state in writing under his hand the reason for such refusal.

30. Any person who feels himself aggrieved by any order, decision or act of any Inspector, Examiner, or person authorized to make any examination, survey, or report, under the provisions of this Act, may appeal to the Governor in Council, who may confirm, modify or disallow such order, decision, or act, or may direct a further examination, enquiry or survey by competent persons to be appointed for that purpose.

31. If any Inspector shall be guilty of any neglect of duty required of him under the provisions of this Act, or shall wilfully certify falsely touching any such Steamboat, or her boilers, engines, machinery, pumps, boats, or any of her equipments, or any other matter or thing contained in any certificate, he shall on conviction thereof be fined in a sum not exceeding four hundred dollars, or imprisoned for a period not exceeding twelve months, or both, in the discretion of the Court before whom convicted.

32. Every Inspector shall keep a book containing a record of every Steamboat inspection made by him during the year, with the dates thereof, the names of such steamers, and of the masters and owners thereof; the certificates granted and refused, and the grounds of refusal; also the names of all engineers to whom licenses have been granted, and the dates and classes thereof respectively, and the names of any engineers whose licenses have been cancelled, and the dates and cause thereof; together with all his other official acts; and shall, on or before the thirty first day of December in each year, make a report thereof to the Lieutenant Governor, to be laid before the Legislature. If from any cause any Steamboat, or the boiler or machinery thereof, shall be in any material degree weakened or injured in the opinion

of any Inspector, he shall immediately report the same to the Provincial Secretary, and the Governor in Council may direct an investigation thereof to be made, and pay the necessary expenses of such investigation.

33. If the owner of any Steamboat shall permit such boat to navigate in any of the waters of this Province with passengers, or to depart from any port or place in this Province with passengers, without all the provisions and requirements of this Act being fully complied with, he shall forfeit and pay for every breach or dereliction of duty for which a penalty is not hereinbefore imposed, a sum not exceeding eighty dollars.

34. If the master or officer in charge of any such Steamboat shall navigate or depart from any port or place in this Province in such vessel, without all the provisions of this Act being complied with, he shall forfeit and pay a sum not exceeding forty dollars for every offence, in addition to the penalty imposed upon the owner.

35. If any Steamboat intended for the carriage of passengers shall depart from any port or place in this Province, on a voyage to any other port or place in or out of this Province, without having first procured from the Inspector of Steamboats the requisite certificate of such boat being in all respects provided as is required by this Act, the master or owner thereof shall for each and every such neglect forfeit and pay a fine of not less than two hundred dollars in the discretion of the Court before whom prosecuted.

36. The master or owner of any Steamboat used for carrying passengers, or the person in charge thereof, shall within twelve hours after her arrival at any port or place where an Inspector may reside, report to such Inspector the occurrence of any event whereby such Steamer, or the boiler or machinery thereof, or any part of the same is in any material degree injured, strained, or weakened; and in case of omission to give such notice, such master or owner shall be liable to a penalty of twenty dollars for every day during which such omission continues.

37. When the engineer of any Steamer navigating rivers only, shall be of opinion that from any disarrangement of the machinery of the boat, the further navigation of the vessel is unsafe, such vessel shall be brought to anchor or

moored as soon as may prudently be done; and if the person in command, after being so notified by such engineer, shall pursue such voyage, he and the owners of such Steamer shall be answerable for any damages which may arise to the person of any passenger, or his freight or baggage on board of such Steamer, in consequence of pursuing such voyage contrary to such notice; and no degree of care or diligence shall, in such case, be held to justify or excuse the person in command, or the owner or owners.

38. In all cases of an express or implied undertaking to transmit passengers from place to place by Steamboats, and to supply them with food or lodging, if suitable provision be not made for a supply of good and wholesome food and water, and of suitable lodging for such passengers, or if ships, vessels, woodboats, rafts or other craft impeding the progress of such Steamboat, are taken in tow without seasonable notice to the passengers before the voyage is commenced, in all such cases the owner or master of such Steamboat shall be liable to refund all the money paid for the passage, and to pay also the damages sustained by such default or delay; and any passenger may in any such case refuse to pay his or her passage money; but nothing in this Section shall apply where vessels or crafts are found in distress, or to prevent relief being afforded by Steamboats in such cases.

40. For the purposes of this Act, the night shall be deemed to extend from one hour after sunset till one hour before sunrise, at all seasons of the year.

41. All penalties and forfeitures imposed by this Act, not exceeding the sum of forty dollars, may be sued for and

20. The total amount of the debts, (deposits excepted) which the said Corporation shall at any one time owe, whether by bond, bill, or note, or other contract whatsoever, shall not exceed twice the amount of the capital stock actually paid in by the stockholders, and in case of any excess, the Directors under whose administration and management the same shall happen, shall be liable for such excess in their individual and private capacities; provided always, that the lands, tenements, goods and chattels of the said Corporation shall also be liable for such excess.

21. The Directors shall make half yearly dividends of all

any individual or individuals with the said Corporation; and further provided, that the stockholders may at such annual or special meeting, and before proceeding to the election of new Directors, appoint a Committee of three of their number to investigate with the Directors the accounts and state of the Bank, and report thereon at an adjourned meeting, at which adjourned meeting the Directors shall be elected.

27. No loan shall be made by the said Bank on the pledge of its own stock.

28. 30. On any dissolution of the said Corporation, immediate and effectual measures shall be taken by the Directors then in office, for closing all the concerns of the said Corporation, and for dividing the capital and profits which may remain among the stockholders in proportion to their respective interests; and in case any bills issued by the said Corporation shall remain unpaid, the holders of stock in the said Corporation, as well as those who were stockholders at the time of the notice of the said dissolution, which said notice shall take place by a publication of their intention so to do in the Royal Gazette twelve months previous to the said Corporation being allowed to carry the same into effect, shall be chargeable in their private and individual capacity for the payment and redemption thereof, in proportion to the

9. The Commissioners aforesaid shall be entitled to receive

such sums of money for each day's actual employment as the said Justices shall allow, and the same shall be included in the assessment for disbursements incurred under this Act, besides all reasonable expenses for maps, surveys, plans, Clerk hire, and other necessary expenses for disbursements.

20. The Directors shall, at the annual meeting in each year, lay before the shareholders for their information, previously to the election of new Directors, an exact and particular statement of the whole affairs of the Company, shewing its debts, liabilities and assets, the number and kind of vessels owned and building by it, and their value, and the quantity and value of outfit and materials, real estate and other property of the Company; also the annual surplus of profit (if any) remaining after deduction of expenses and losses, and provision for dividend, which statement shall be signed by three at least of the Directors, and attested by the President and Secretary, or Manager.

22. Any surplus of profits after making up the half yearly dividend as aforesaid, amounting to less than a quarter per centum, together with such sums as may be forfeited as aforesaid, shall be placed to the credit of a fund to be called the "Reserve Fund," which shall be kept separate from the general funds of the Company and be applied to the education of such persons as the Directors may from time to time select, in the art of navigation, and such other English branches as may be necessary for seamen and master mariners to be employed by the said Company; such persons first giving a bond to the Company in an amount to be fixed by the Directors, to serve an apprenticeship in the Company's service for such period, and on such terms and conditions as may be agreed upon at the time of his beginning to be educated by the said Company; and for the purpose of affording such education, the Directors shall be at liberty to apply the said Reserve Fund in any way deemed by them best calculated to attain such object.
