HOUSE OF ASSEMBLY

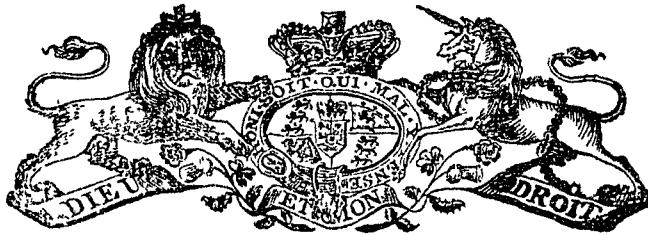

OF HIS MAJESTY'S

ISLAND PRINCE EDWARD.

ANNO QUINTISSIMO

REGIS GEORGII III.

FOURTH SESSION OF THE EIGHTH GENERAL ASSEMBLY.

CHARLOTTE-TOWN, PRINCE EDWARD ISLAND :

PRINTED BY JAMES BAGNALL,

PINTER TO THE KING'S MOST EXCELLENT MAJESTY.

1810.

JOURNAL
OF THE HOUSE OF ASSEMBLY
OF HIS MAJESTY'S
ISLAND PRINCE EDWARD.

FOURTH SESSION OF THE EIGHTH GENERAL ASSEMBLY.

MONDAY, JULY 30, 1810.

“**A** GREEABLE to his Excellency the LIEUTENANT GOVERNOR's Proclamation the House met.

“A Message from the Lieutenant Governor requiring the Attendance of the House immediately in the Council Chamber; the House accordingly attended and having returned, the SPEAKER reported that his Excellency had been pleased to deliver the following Speech to both Houses, viz.

“*Mr. President and Gentlemen of his Majesty's Council,*

“*Mr. Speaker and Gentlemen of the House of Assembly,*

“I Congratulate you most sincerely upon the General Success which since our last meeting continues to attend his Majesty's Fleets and Armies, and which under the Blessing of Divine Providence seems to predict at no very distant period the overthrow of a Despot who seeks to enchain mankind.

“While rapacity and insurrection have spread their desolating flame in every quarter of the Globe, Great Britain enjoys her Religion her Laws and her Liberty under the Government of a revered Monarch, whose reign, during half a century, has been marked by prosperity and success.

“Although this unexampled state of foreign distraction has necessarily created accumulated claims upon the attention of the King's Ministers, yet their goodness has not left us unnoticed; and I have the satisfaction to announce that his Majesty has been pleased to adopt the recommendation of the Lords of the Committee of his Most Honourable Privy Council, and to declare his Royal Allowance of an Act passed by the Legislature of this Colony, at its last Session, intituled “An Act for raising the Sum of Sixteen Hundred Pounds for the purpose of Erecting Buildings for the Meetings of the General Assembly, the Supreme Court, and its Offices, in Charlotte-Town, and for Building Two Gaols, one in Prince County, and one in King's County, in this Island.

“The Act for the Relief of the Loyalists still remain under the consideration of the Lords of the Committee; in the mean time I have every hope that the proofs of the laborious exertions of that most deserving class of Colonists, in the original settlement and improvement of this Island, and of their acknowledged claims, will not fail to operate the just result of adequate redress and compensation.

“The several other acts which passed last Session have been considered by his Majesty's Ministers, and are reported as not being objectionable.

“It would have afforded me infinite pleasure to announce to you that the several objects of your former consideration and provision, had been executed: but from a number of concurrent obstructions, I can report but very little progress towards their completion. The demand for Timber in this Colony having, during the last year, doubled the price of labour and caused not only a decrease in the crops but an increase in the consumption, accompanied by two successive unfavourable seasons, has rendered it impracticable to effect these objects, under the mode of carrying on public works, which has usually been adopted in this country: as an improvement of that mode, I have deemed it necessary to

make a temporary appointment of Two Inspectors of High Ways for the purpose of carrying more effectually into execution the Road Act of 1795; and also of expending, with great advantage, such monies as may be appropriated in aid thereof. Contracts for Road Works have been repeatedly but ineffectually advertised for, I have still hopes of making some progress this season, and can only say, that in the direction of this or any other affair of public concern, my utmost exertions have not been wanting.

"The Commissioners for building a Gaol have, in like manner, been unsuccessful in advertising for contracts.

"The Colonial Statutes have been revised and will soon be printed, and measures have been adopted towards the establishment of a meridional line to regulate Surveyors. In the promotion of this latter object a temporary delay has occurred from the non-performance of a contract entered into for part of the necessary materials in Nova-Scotia.

Gentlemen of the House of Representatives,

"The care which has been lately evinced by your House in providing for the sundry works of public exigency, leaves no doubt with me of your laudable continuance in the exercise of that well-directed public, spirit which has so conspicuously characterised the present General Assembly.

"The roads, the agriculture, the fishery, and commerce of this colony are objects which strongly claim your support. But one great primary establishment, I am persuaded, will not escape your attention—the internal defence of the Colony. Whilst the forces of our august Sovereign protect our shores from the invasion of hostile fleets and armies, it is but reasonable that we should place ourselves in a competent situation effectually to repel all eventual attempts of straggling or desperate marauders, and to protect our lives, our property, our colonial credit.

"The Militia has been organized by the executive authority; proper Officers, as far as practicable, have been appointed, and every man knows his post. It remains with the Legislature to provide the means of affording competent discipline and some exigent aid for the equipment of the officers and men; and probably, upon consideration, some amendment may appear necessary in the Militia Laws.

"It will be found that a further supply will be required to defray the expences of erecting the public buildings alluded to in the Land Assessment Act, for which it is expedient to provide the requisite amount before any contract can, with propriety, be entered into. The buildings for the Courts of Law and Assembly has already occupied my attention, and that of his Majesty's Colonial Council; Plans, Elevations, Descriptions, and Proposals on the subject will be laid before you; and I have no doubt you will provide for these deficiencies in the mode least burthensome and most eligible to be adopted.

"I have directed the public accounts to be laid before you; you will therein observe the great increase which has unavoidably taken place in the expence of various services, and which I believe will be found to bear a proportion adequate at least to the increase of the permanent revenue. I beg leave to suggest, that by a small amendment in the statute, the collection of that revenue might be placed upon more productive, effectual, and equitable footing.

"Permit me to recommend, as highly deserving your consideration, the establishment and regulation of Assizes and Quarter-Sessions throughout the Colony—essential objects—which, at an earlier period, from the want of a sufficient population, could not opportunely be carried into effect, are now anxiously called for, and will afford great accommodation and advantage, prevent much expence, loss of time and fatigue in travelling, particularly in the more remote settlements.

"Mr. President and Gentlemen of his Majesty's Council,

"Mr. Speaker and Gentlemen of the House of Assembly,

"Relying on your discretion, activity, and promptitude, in the discharge of your Legislative duty, I am fully persuaded that you will conduct the public business with harmony, efficacy, and dispatch, and enable me soon to release you from your attendance by closing this session. To you is committed the representation, the care, the advancement of this infant colony, the permanent establishment of its public welfare and of your individual interests. It is an arduous task to perform, and Gentlemen, I anticipate the happiest result from your labours."

On Motion, Ordered, That Mr. Ewen Cameron be appointed Clerk of this House in the stead of Mr. John Lobban, the late Clerk, being absent from the Island, and he accordingly took the usual oaths, and took his place at the table.

MAY IT PLEASE YOUR EXCELLENCY,

WE his Majesty's most dutiful and loyal subjects the Representatives of Prince Edward Island, in General Assembly convened, return your Excellency our sincere thanks for your speech at the opening of this Session of the General Assembly.

The information your Excellency has been pleased to communicate to us of the success which it has pleased Divine Providence to afford his Majesty's Fleets and Armies in the Arduous Contest in which the nation is engaged, calls forth our utmost gratitude; and it affords us great satisfaction and comfort to find that amidst the desolating Tyranny which pervades the Continent of Europe, our Mother Country continues to enjoy a state of Prosperity and Success, under the government of our Most Gracious Sovereign, whose long reign has been uniformly marked by a constant paternal regard for the peace and happiness of all his subjects.

We also return your Excellency our thanks for the communication you have been pleased to make to us on the subject, of the several Acts which passed the Legislature last Session; the Act relating to the Loyalists still remaining under the consideration of the Lords of the Committee of His Majesty's most Honourable Privy Council, we confide in their wisdom and justice that such a report will be made by them to His Majesty as will not fail to operate the just result of adequate redress and compensation to that deserving class of our fellow subjects which they have for many years ineffectually endeavoured to obtain, and we regret the state of the country has been such, as to have prevented the several Public Works provided for at the last Session from being carried into Execution and relying on your Excellency's disposition to promote the welfare and prosperity of the Island, we trust that the same will be carried into full effect with as little delay as possible, as well as the Printing of the Laws, the great injury and inconvenience arising to the Country for want of which, has been much felt.

We beg leave to return our sincere thanks to your Excellency for your care and attention evinced towards this Colony by your Excellency's communication, relative to the high roads, the Meridional line and the Militia of this Island, and also for your recommendation of Assizes and Quarter Sessions.

We agree with your Excellency that the Agriculture, the Fisheries, and Commerce of the Island are objects which deserve our utmost support, and we lament that the season of the year will not enable us to bestow that attention to these, as well as the other objects recommended by your Excellency, which their importance demands; at the same time we beg leave to assure your Excellency that in every measure, tending to promote the Honor of His Majesty's Government, the welfare and Advancement of the Colony, and the ease of your Excellency's Administration, the House of Assembly will always be found disposed cheerfully to concur.

SATURDAY, AUGUST 11, 1810.

THE House met according to adjournment.—PRAYERS.

Ordered, on motion, that the Sum of Ten Pounds be allowed to Cornelius Higgins, Esq. late Sheriff of this Island, for Losses formerly sustained in discharge of the Office of Sheriff, out of the monies in the Treasury, raised by virtue of an Act passed in the 48th year of his Majesty's reign, intituled "An Act for raising a Fund for the purpose of defraying the Expence of Printing the Laws, and for other purposes.—*Ordered*, That the said Resolution be sent up to his Majesty's Council for their concurrence.

The Order of the Day being read, the House again resolved itself into a Committee of the whole House to inquire into and report upon the different Sums of Money paid to the various Persons carrying the Mail and Expresses to and from Halifax, and other matters relative thereto. Mr. Speaker left the Chair, Mr. M'Aulay took the Chair, and after some time spent therein, the Speaker took the Chair, and Mr. M'Aulay, the Chairman of the Committee, reported, that the Committee had agreed to the following Report, "That an humble Address be presented to his Excellency the Lieutenant-Governor, stating, that the annual Expences incurred in sending various persons with the Mail to and from Halifax, amount to a very considerable Sum, and the Public, nevertheless, do not receive any abatement in postage, but that the full charge is paid upon letters, notwithstanding the transmission is uncertain and irregular, and requesting that his Excellency would be pleased to take such measures for the better regulation thereof, as he in his wisdom may think proper, either by application to his Majesty's Secretary of State or otherwise, to the removal of this just cause of dissatisfaction and complaint on the part of the Public.

Thomas Desbrisay, Esq. Clerk of his Majesty's Council, attended the House in consequence of an order to that purpose, and being examined at the Bar informed the House that he never had the Council Books in his possession, that Governor Patterson recommended Mr. Swan, who was appointed Deputy Clerk of the Council, and that during Governor Patterson's Administration examination never had the Books, and during Governor Fanning's Administration the Council Books were kept in an Escrutoire in a parlour

in General Fanning's House, that Mr. Stewart and other persons acted at various times as Clerks of the Council; he had not the Council Books since Governor Des Barres took the command except for a short time, when he took the command the Council Books were sent to examine in a Trunk, who handed them to James Des Barres, Esq.

Then witness withdrew.

Mr. Serani, Deputy Clerk of the Council, then appeared at the Bar, and being examined, informed the House that he had not the Books that are deficient. He got the Books, he has got, from Mr. Palmer—Does not know of any Council Books now in existence but those he has got. Mr. Palmer told him that he saw a Book which the examineant has not got, and to the best of his recollection the book from the year 1784 to the year 1786; thinks Mr. Palmer had it in his own hand at the Supreme Court, does not know of any other Books being deficient, does not know of any thing at all of this to his own knowledge only by hearsay from Mr. Palmer, is not sure that there were ever any such minutes of Council as from the 6th February 1798 to the 9th June 1798. He always wished to make his duty his study, when the Council Books were delivered into his possession that no blame might hereafter be imputed to him, he thought it his duty to take a correct List of the Books, which he accordingly did, also that he should take a List of what he thought was deficient, knows nothing during that period whether there were any Council or not—he never troubled his head about it, received the Council Books from Mr. Palmer and at that time he made the List, Mr. Palmer said he saw several things in that Book concerning the Loyalist's Locations, it appeared to him they were in Mr. Palmer's possession as he had them in his own hands.

Witness was then ordered to withdraw.

Mr. Palmer attended to give information relative to the Deficiencies in the Council Books 14th August, 1810.

Question. Do you know any thing about a Council Book from the year 1784 to 1786?

Answer. I saw the Letter Mr. Serani wrote, and there are not any Minutes of Council forthcoming for the period mentioned in that letter.

The same question proposed.

A. I know something about a Book deficient, and believe it to be that Book.

Q. Pray relate what you know about that Book?

A. I believe that Council Book was put into my hand by the former Governor, General Fanning. It remained with me some hours, during which time a very remarkable circumstance, as minuted and recorded in the Book, attracted my observation: it was a letter written on a delicate occasion, and enables me to say, that Book is not forthcoming, and is not now in my possession, or in that of Governor Des Barres.

Q. In the book deficient were there any of the Locations of the Loyalist's Lands contained?

A. A great many of them.

Q. What Year did you see the Book?

A. In the Year 1803.

Q. On what occasion?

A. It was handed to me by General Fanning, to produce as Evidence in a Court of Law.

Q. Are you enabled to enumerate the Locations?

A. No; but there were a great many Locations in it.

Q. To whom did you return the Book?

A. To General Fanning, or his Servant, I cannot tell which.

Q. Can you specify any particular Individuals referred to in that Book?

A. I believe the Loyalists in Lot 50 some of them were in that Book. The Book was to be given in Evidence in an Action were the Son of General Fanning was Lessor of the Plaintiff, and Mr. Laird and Mr. Young Defendants.

Q. Did you see the Book afterwards?

A. No; I am sure I did not; I made a regular Inventory upon being appointed Deputy Clerk of Council; found out the Deficiencies in the Council Books, and reported the same to Colonel Desbrisay and Governor Des Barres: Colonel Desbrisay said he never did keep the Books; I assisted Colonel Desbrisay in assorting the Books, when I discovered the Deficiency.

Q. Did you apply to any one for the Books?

A. I advised Colonel Desbrisay to apply to Mrs. Fanning, in the absence of General Fanning; he did so, and Mrs. Fanning took time to Examine, and returned for answer, the Books were all given up, she had no such Book in her possession.

Q. How long was that after you had seen the Book?

A. Near Three Years after I had seen it, I made out a List of the Books for Colonel Desbrisay; after then, I applied to Mr. Charles Stewart for the Books, understanding that he had once had them in his possession; Mr. Stewart told me he had not the Books in his possession, and was polite enough to go up Stairs, and bring down some rough Entries, and took a good deal of trouble to look for it, but could not find it.

Q. Were there nothing concerning the Loyalists in these Sheets?

A. There were no Entries concerning them in these rough Sheets.

A. I recollect a circumstance taking place, in which Mr. Townshend applied to me respecting the Time he was called to the Council.

Q. Can you take upon yourself to be exact about the Date?

Q. Were the Books numbered in succession?

A. I cannot tell, I think they were, but the covers of a good many were lost.

Ordered, on motion, That Mr. Palmer be requested to produce the Council Books, who did so, and Mr. Lobban's Examination continued.

In consequence of a call having been made to Inspect several minutes of Council, Governor Des Barres ordered me to call on General Fanning, to enquire of him whether or not General Fanning had in his Possession any of the old minutes of Council; I called on General Fanning who said he had not, that he had delivered up the whole minutes of Council that were in his possession.

Q. Did he say to whom he delivered them?

Mr. Palmer here produced the Council Books.

Q. Are these the identical Books you saw when you was in the Island before?

A. I cannot recollect.

General Fanning then attended, and was examined as follows, viz.

Q. Do you recollect delivering the Book of 1785?

A. Yes.—A Council Book being produced beginning March 1784, and shewn to General Fanning.

Q. Do you think you delivered that Book to Mr. Turner?

A. I am positive I did; there was one Book with a Marble Cover particularly, about the size of a Quire of Paper, that I delivered to Mr. Turner, which is not here.

Q. Did an Inventory accompany the Books?

A. No; Mr. Turner said, I am a man of leisure, I will make an Inventory of the Books.

Q. Is it the same Book which you gave Mr. Palmer on a former occasion which is lost?

Mr. Townshend then attended at the bar, and was examined also, viz.

Q. Please be so good as to relate what you know concerning the Books, reported to be lost? A. I recollect previous to Mr. Lobban's going away, I had occasion to examine the Books, from 1784 to 1787, I think some time in December 1784, to April 1787; this was last year I saw them, I went regularly through the Books, and shewed Mr. Lobban every meeting of Council, and that Col. Desbrisay had never sat in Council from my being appointed a member on the 2d December 1784 to the 10th April 1787. I can swear it as in the handwriting of Mr. Swan, a young man I brought with me to the country; I shewed it also to Col. Howe.

Q. Where did you inspect the Books? A. At the Council Room, at the House of Governor Des Barres.

Q. Do you recollect seeing the Books from December 1784 to April 1787? A. I remember the Books very well, they were then there; in fact Mr. Lobban gave me a note of them.—Mr. Townshend then withdrew.

On Motion, Ordered, That Mr. Palmer, Mr. Townshend, and Mr. Lobban be called together again and examined.

Q. Mr. Townshend, do you recollect if there were any Books from the period 2d December 1784 to April 1787? A. I went through the whole of them, and shewed Mr. Lobban, that it appeared from the Books, that Col. Desbrisay had not been in Council for two years.

Mr. Lobban here observed, that Mr. Townshend applied to him, and told him (turning over some leaves) that Colonel Desbrisay was not in Council from the 2d December, 1784, to the 10th April 1787. Mr. Lobban's examination continued.

Q. Is it in that period you gave the note to Col. Townshend? A. I believe so.

Q. Are all the books there that you saw before? A. I cannot say.

Q. Does it appear that Colonel Desbrisay was not in the Minutes of Council for two years. A. I recollect that Col. Townshend clearly proved to me that Col. Desbrisay did not sit in Council during the space of two years.

Q. Is all the information here which you received from these Books, when the inspection took place at the Governor's, and can you tell now, by these books before you, that the same appears? A. I cannot tell.

Q. Do you recollect seeing any books from 1785 to 1787? A. I do.

Q. Do you recollect at the inspection at the Governor's, any other Book with marble cover, but the one now before you? A. I am confident there were no marble covered books but this one; I think there was a book, I know not of what year, with larger figures on the back of it. Mr. Townshend and Mr. Lobban withdrew.

Q. Mr. Palmer, do you recollect at what period you received the Council Books? It was early in the year 1806.

Q. Are you positive these are the identical books you received then? A. Yes; I am, never received a marble coloured book.

Q. Was it a marble covered book you got from Gen. Fanning at Court? A. It was a marble covered book, consisting of about two quires of paper.

Q. You had this book from Gen. Fanning? A. Yes; I had it for five or six hours.

Q. Did it contain any Locations of Loyalists' Lands? A. Yes; it contained those of half Lot 50.

Q. What year was that you received that Book from General Fanning? A. I received it in the Spring 1803; I think in February; I took an inventory of all the Books, and the same Books are here now every one, except it might be a few odd sheets.

The Committee appointed to present an Address to his Excellency the Lieutenant Governor, on the subject of the Sum of Sixty Pounds, charged in the public accounts, as paid to J. B. Palmer, Esq. Adjutant General of Militia, *Reported*, that they had waited on his Excellency with the same, and that he had been pleased to say, he would send an answer.

On motion, the House came to the following Resolution:—

Resolved, That an Address be presented to his Excellency the Lieutenant-Governor, acquainting him, that the House had taken his Excellency's Message, relative to the Exigencies of the Militia, and the Deficiencies necessary to be provided for completing

the Public Buildings, into their most serious consideration, and had agreed that it is necessary provision should be made for the Exigencies of the Militia, as soon as possible, but the House extremely lament, that they cannot at this time adopt any measure for carrying the same into effect, assuring his Excellency that they will early the next Session resume a subject of so much importance, in full expectation of being able to accomplish the same with satisfaction to his Excellency and their Constituents, and stating that the House further beg leave to assure his Excellency, that with respect to any sum that may be requisite to complete the Public Buildings, he may rely on the disposition of the House to make good the same, when the Buildings shall be in such a state of forwardness, that his Excellency will be enabled to ascertain the sum necessary for completing thereof An Address to that effect being brought in and agreed to, Mr. Solicitor-General, Mr. M'Aulay, and Mr. Holland were appointed a Committee to present the same.

Mr. M'AULAY informed the House that he had seen and heard a gross attack made upon one of the Members of this House, by Mr. Elisha Le Page the elder.

And so it passed in the negative.

On motion, that Elisha Le Page the elder, having insulted, and threatened with arrest Coundouly Rankin, Esq. a Member of this House, and reflected on his conduct as such, is guilty of a breach of the privileges of this House, be committed for his said offence to the custody of the Serjeant at Arms; the question was put, and negatived.

WEDNESDAY, AUGUST 22, 1810.

THE House met according to adjournment.

THE SPEAKER informed the House that he had received the following Letter from his Excellency the Lieutenant-Governor, viz.

"Prince Edward Island, 21st of August, 1810.

" SIR,

" WITH a deep and painful concern, I feel the disappointment of my reliance on the justice and candor of the House of Representatives. I shall, however, pay every attention in my power to the Militia, the Buildings, and all objects of public duty: looking over the past with an indulgent eye, I will not consider the complexion of its late proceedings, as a criterion for estimating the merits of the professions and assurances contained in its address of this day; being inclined to entertain better hopes from the more mature reflection of such as have erred.

" I have the honor to be,

" Sir,

" Your most obedient and most humble Servant,

" J. F. W. DES BARRES

" Robert Hodgson, Esq. Speaker of the House of Assembly, &c. &c."

A Message from his Excellency the Lieutenant-Governor, by the Secretary, requiring the attendance of the House immediately in the Council Chamber.

The House having attended, his Excellency was pleased to give his assent to the following Bills, viz.

I. A Bill intituled "An Act to amend an Act intituled an Act to prevent the Malicious Killing, Wounding, or Maiming of Cattle."

II. A Bill, intituled "An Act to Revive two several Acts of the General Assembly lately expired."

III. A Bill, intituled "An Act to prevent the Harboiring Deserters from his Majesty's Navy or Army, and for giving a Reward for apprehending Deserters, and to prevent Harboiring Deserters from Ships in the Merchant Service."

IV. A Bill, intituled "An Act for continuing an Act, intituled an Act for Defraying Contingent Expences of the General Assembly of this Island;" after which his Excellency was pleased to deliver the following Speech to both Houses, viz.

"*Mr. President and Gentlemen of his Majesty's Council,*

"*Mr. Speaker and Gentlemen of the House of Representatives,*

THE obviously pressing exigency of our Militia, to render its force efficient for the essential purpose of ascertaining the security of his Majesty's Infant Colony, claiming aloud your immediate attention, and your liberal aid, in the necessary procurement of adequate relief, encouragement, and support, was the primary object, which, with other cogent reasons, induced me to convene this Session of the General Assembly of this Island. Confiding in your fidelity, ability, and discretion, having submitted the merits of the important subject to your investigation and serious consideration, with such relative information, and collected remarks as had occurred, and thus dutifully consigned the whole to your good management, I indulged the hopes of a desirable result.

" It were not to be conceived that an object, on which the lives and fortunes of a loyal people, and all the inestimable enjoyments of its Constitutional rights, under the happy Government of the best of Sovereigns on earth, may eventually depend, could possibly have failed to excite the most lively and interesting attention in the breasts of the Responsible Guardians, appointed by that People, for the preservation of these Rights, and the peaceable tenure of their lives and fortunes. And, Gentlemen, in the pursuit of an object so universally interesting, were it reasonable to have entertained a solitary doubt of the ready and unanimous co-operation of responsible Trustees, whose bounden duty it is steadily to follow the pure impulse of innate sentiments of loyalty, candor, and rectitude, and who, placed in elevated and confidential public situations, must be deemed inaccessible to indignified influence or perversion.

" My grateful acknowledgements are due for the pains which some of you, Gentlemen, have laudably taken, and for the solicitude and perseverance you have evinced in the laborious course of this Session, to gratify the Public's just expectation.

" Being perfectly assured that the happiness arising from conscious rectitude can be enjoyed only by those whose conduct is candid, upright, and honourable, I trust, therefore, that in the actual conjuncture of things, I may be allowed kindly and earnestly to recommend cool reflection to those Gentlemen whose weak propensities may, in any degree, have misled their conduct.

" Feeling how essentially requisite your presence must be in the direction of your respective Agricultural, and other domestic pursuits, I will now close the present Session, most cordially wishing you all manner of gratifying success and happiness therein.

" *Prince Edward Island, 22d of August, 1810.*

The President of his Majesty's Council, by his Excellency's command, then said—

" GENTLEMEN—It is his Excellency the Lieutenant-Governor's will and pleasure, That this General Assembly be Prorogued to Monday, the 1st Day of October next, to be then here holden, and this General Assembly is accordingly Prorogued to Monday, the first day of October next."
